#### REPORT OF THE MANAGER TO THE UNITHOLDERS

Bosera STAR 50 Index ETF (the "Sub-Fund"), a sub-fund of Bosera ETFs, was listed on the Stock Exchange of Hong Kong on 9 December 2013 under both RMB and HKD counters.

Prior to 18 February 2021, the Sub-Fund aimed to track the performance of FTSE China A50 Index, before fees and expenses. The FTSE China A50 Index is a price return index which means that its performance is calculated on the basis that any dividends from securities comprising the FTSE China A50 Index are not re-invested. The FTSE China A50 Index is denominated and quoted in RMB.

Effective from 18 February 2021, the underlying index of the Sub-Fund has been changed from FTSE China A50 Index to SSE Science and Technology Innovation Board 50 Index. The Sub-Fund aimed to track the performance of SSE Science and Technology Innovation Board 50 Index (the "Index"), before fees and expenses. The Index is a price return index which means that its performance is calculated on the basis that any dividends from securities comprising the Index are not re-invested. The Index is denominated and quoted in RMB.

For the year ended 31 December 2021, the Sub-Fund employed a full replication strategy. More than 95% of its Net Asset Value ("NAV") was invested in physical A-shares within the constituents of the Index. As of 31 December 2021, the Sub-Fund's number of units outstanding was 4,000,000 with NAV amounted to RMB38,604,928.

During the period from 1 January 2021 to 17 February 2021, (the last trading date before the change of the index), the FTSE China A50 Index increased by 13.71%, while NAV per unit of the Sub-Fund increased by 12.43%. During the period from 18 February 2021 to 31 December 2021, the Index decreased by 2.21%, while NAV per unit of the Sub-Fund decreased by 2.66%.

Bosera Asset Management (International) Co., Limited 27 April 2022

#### REPORT OF THE TRUSTEE TO THE UNITHOLDERS

We hereby confirm that, in our opinion, the Manager of the Bosera STAR 50 Index ETF (the "Sub-Fund"), a sub-fund of Bosera ETFs, has, in all material respects, managed the Sub-Fund in accordance with the provisions of the Trust Deed dated 30 September 2013, as amended, for the year ended 31 December 2021.

HSBC Institutional Trust Services (Asia) Limited 27 April 2022

#### STATEMENT OF RESPONSIBILITIES OF THE MANAGER AND THE TRUSTEE

#### MANAGER'S RESPONSIBILITIES

The Manager of the Bosera STAR 50 Index ETF (the "Sub-Fund"), a sub-fund of Bosera ETFs, is required by the Code on Unit Trusts and Mutual Funds issued by the Securities and Futures Commission of Hong Kong and the Trust Deed dated 30 September 2013, as amended (the "Trust Deed") to prepare financial statements for each annual accounting year which give a true and fair view of the financial position of the Sub-Fund at the end of that year and of the transactions for the year then ended. In preparing these financial statements the Manager is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are prudent and reasonable; and
- prepare the financial statements on the basis that the Sub-Fund will continue in operation unless it is inappropriate to presume this.

The Manager is also required to manage the Sub-Fund in accordance with the Trust Deed and take reasonable steps for the prevention and detection of fraud and other irregularities.

Bosera ETFs (the "Trust") is an umbrella unit trust governed by its Trust Deed. As at 31 December 2021, the Trust has established one Sub-Fund, namely, the Bosera STAR 50 Index ETF.

#### TRUSTEE'S RESPONSIBILITIES

The Trustee of the Sub-Fund is required to:

- ensure that the Sub-Fund in all material respects is managed in accordance with the Trust Deed and that the investment and borrowing powers are complied with;
- satisfy itself that sufficient accounting and other records have been maintained;
- safeguard the property of the Sub-Fund and rights attaching thereto; and
- report to the unitholders for each annual accounting year should the Manager not managing the Sub-Fund in accordance with the Trust Deed.

#### **Opinion**

What we have audited

The financial statements of Bosera STAR 50 Index ETF (a "Sub-Fund" of Bosera ETFs), which are set out on pages 11 to 32, comprise:

- the statement of financial position as at 31 December 2021;
- the statement of comprehensive income for the year then ended;
- the statement of changes in net assets attributable to unitholders for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, which include significant accounting policies and other explanatory information.

#### Our opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Sub-Fund as at 31 December 2021, and of its financial transactions and its cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs").

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We are independent of the Sub-Fund in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

• Existence and valuation of investments

#### **Key Audit Matters (continued)**

Key Audit Matter	How our audit addressed the
	Key Audit Matter
Existence and valuation of investments  The Sub-Fund's investments mainly comprised	1. Our work included an assessment of the key controls over the existence and valuation of the investments, which included the following:

	• We evaluated the tests undertaken by the service auditor, the results of the tests undertaken and the opinions formed by the service auditor on the design and operating effectiveness of the controls, to the extent relevant to our audit of the Sub-Fund.
	2. We tested the existence of investments by obtaining direct confirmations from the custodians and agreeing the Sub-Fund's holdings of investments to the confirmations.
	3. We tested the valuation of the Sub-Fund's investments by comparing the pricing used by the Sub-Fund to external pricing sources as at 31 December 2021.
	Based on the procedures we performed, we found no material exceptions from our testing.

#### **Other Information**

The manager and the trustee (the "Management") of the Sub-Fund are responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

#### Responsibilities of Management for the Financial Statements

The Management of the Sub-Fund is responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as the Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management of the Sub-Fund is responsible for assessing the Sub-Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Sub-Fund or to cease operations, or has no realistic alternative but to do so.

In addition, the Management of the Sub-Fund is required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the Trust Deed dated 30 September 2013, as amended ("Trust Deed") and the relevant disclosure provisions of Appendix E of the Code on Unit Trusts and Mutual Funds issued by the Hong Kong Securities and Futures Commission (the "SFC Code").

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We also provide the Management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Management, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Matters under the Relevant Disclosure Provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code.

The engagement partner on the audit resulting in this independent auditor's report is Li Lien.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 1. GENERAL INFORMATION

Bosera ETFs (the "Trust") is an umbrella unit trust governed by its trust deed dated 30 September 2013, as amended (the "Trust Deed") and authorised by the Securities and Futures Commission of Hong Kong (the "SFC") pursuant to Section 104(1) of the Securities and Futures Ordinance. The terms of the Trust Deed are governed by the laws of Hong Kong. On 30 September 2013, the Trust established one sub-fund namely Bosera STAR 50 Index ETF (formerly known as Bosera FTSE China A50 Index ETF) (the "Sub-Fund"). The Sub-Fund is listed on the Stock Exchange of Hong Kong Limited. The date of inception of the Sub-Fund was 30 September 2013.

The Manager and the Trustee of the Sub-Fund are Bosera Asset Management (International) Co., Limited (the "Manager") and HSBC Institutional Trust Services (Asia) Limited (the "Trustee") respectively.

Prior to 18 February 2021, the investment objective of Bosera FTSE China A50 Index ETF was to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the underlying index, namely FTSE China A50 Index. In order to achieve the investment objective of the Sub-Fund, the Manager adopted a full replication strategy by directly investing all, or substantially all, of the assets of the Sub-Fund in index securities constituting the Index in substantially the same weightings (i.e. proportions) as these index securities have in the Index. The Manager did not use a representative sampling strategy other than in exceptional circumstances such as restrictions, suspensions of trading or limited availability of index securities.

Effective from 18 February 2021, the Trustee and the Manager by execution of another supplemental Trust Deed dated 28 January 2021, changed the name of the Sub-Fund to Bosera STAR 50 Index ETF and the underlying index of the Sub-Fund to SSE Science and Technology Innovation Board 50 Index (the "Index") with effective from 18 February 2021. The investment objective of the Sub-Fund is to provide investment results that, before fees and expenses, closely correspond to the performance of the underlying index namely SSE Science and Technology Innovation Board 50 Index with effective from 18 February 2021. In order to achieve the investment objective of the Sub-Fund, the Manager adopts a full replication strategy by directly investing all, or substantially all, of the assets of the Sub-Fund in index securities constituting the Index in substantially the same weightings (i.e. proportions) as these index securities have in the Index. The Manager does not use a representative sampling strategy other than in exceptional circumstances such as restrictions, suspensions of trading or limited availability of index securities.

The Manager has obtained Renminbi Qualified Foreign Institutional Investor ("RQFII") status from the China Securities Regulatory Commission ("CSRC") and has been granted RQFII quota by the State Administration of Foreign Exchange ("SAFE") of the People's Republic of China ("PRC") pursuant to the RQFII Regulations. The Sub-Fund utilises RQFII quota granted by SAFE to the Manager.

These financial statements which comprise the statement of financial position as at 31 December 2021, and the statement of comprehensive income, statement of changes in net assets attributable to unitholders and statement of cash flows for the year then ended, are prepared for the Sub-Fund only as the reporting entity.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### (a) Basis of preparation

The financial statements of the Sub-Fund have been prepared in accordance with International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB"). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (a) Basis of preparation (Continued)

The preparation of financial statements in conformity with IFRS requires the use of certain accounting estimates. It also requires the Trustee and Manager (the "Management") to exercise its judgement in the process of applying the Sub-Fund's accounting policies.

#### Standards and amendments to existing standards effective 1 January 2021

There are no standards, amendments to standards or interpretations that are effective for the annual period beginning on 1 January 2021 that have a material impact on the financial statements of the Sub-Fund.

New standards, amendments and interpretations effective after 1 January 2021 and have not been early adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2021, and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Sub-Fund.

#### (b) Financial assets at fair value through profit or loss

#### (i) Classification

#### Assets

The Sub-Fund classifies its investments based on both the Sub-Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Sub-Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Sub-Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. All investments are measured at fair value through profit or loss.

The Sub-Fund's policy requires the Management to evaluate the information about these financial assets and liabilities on a fair value basis together with other related financial information.

#### (ii) Recognition, derecognition and measurement

Regular purchases and sales of investments are recognised on the trade date – the date on which the Sub-Fund commits to purchase or sell the investment. Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the statement of comprehensive income.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Sub-Fund has transferred substantially all risks and rewards of ownership.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the "financial assets or financial liabilities at fair value through profit or loss" category are presented in the statement of comprehensive income within net gains/(losses) on financial assets at fair value through profit or loss in the period in which they arise.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (b) Financial assets at fair value through profit or loss (Continued)

#### (iii) Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the reporting date. An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The Fund utilises the last traded market price for both financial assets and financial liabilities where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, management will determine the point within the bid-ask spread that is most representative of fair value.

#### (iv) Transfers between levels of the fair value hierarchy

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the reporting year.

#### (c) Amounts due from/to participating dealers and brokers

Amounts due from/to participating dealers represent subscriptions receivable from and redemptions payable to the participating dealers at the end of the reporting period. The amounts are non-interest bearing and repayable on demand.

Amounts due from/to brokers represent receivables from investments sold and payables for investments purchased that have been contracted for but not yet settled or delivered on the statement of financial position date respectively. The due from brokers balance is held for collection.

These amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Sub-Fund shall measure the loss allowance on amounts due from participating dealers and brokers at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Sub-Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the participating dealers and brokers, probability that the participating dealers and brokers will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

#### (d) Dividend income, interest income and rebates

Dividend income is recorded on the ex-dividend date when shareholder's right to receive payment is established with the corresponding foreign withholding taxes recorded as an expense.

Interest income is recognised on a time-proportionate basis using the effective interest method.

Rebates are recognised when the right to receive payment from the Manager is established (refer to note 7(f)).

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (e) Other receivables and payables

Other receivables and payables are recognised initially at fair value, and subsequently stated at amortised costs using the effective interest method.

#### (f) Transaction costs

Transactions costs are costs incurred to acquire financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, brokers and dealers and, transaction handling fees paid to the Trustee. Transaction costs, when incurred, are immediately recognised in profit or loss as an expense.

#### (g) Expenses

Expenses are accounted for on an accrual basis.

#### (h) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts.

#### (i) Foreign currencies translation

#### Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Sub-Fund operates (the "functional currency"). The Sub-Fund invests in A Shares in the PRC and the performance of the Sub-Fund is measured and reported to the unitholders in RMB. The Manager considers RMB as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The financial statements are presented in RMB, which is the Sub-Fund's functional and presentation currency.

#### Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the reporting date.

Foreign exchange gains and losses arising from translation are included in the statement of comprehensive income.

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the statement of comprehensive income within "net foreign currency losses".

Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the statement of comprehensive income within "net gains/(losses) on financial assets at fair value through profit or loss".

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (i) Redeemable units

The Sub-Fund issues redeemable units which are redeemable at the holder's option and are classified as equity.

Redeemable units can be put back to the Sub-Fund at any dealing date for cash equal to a proportionate share of the Sub-Fund's net asset value. Units are redeemable on a daily basis.

Units are issued and redeemed at the holder's option at prices based on the Sub-Fund's net asset value per unit at the time of issue or redemption. The Sub-Fund's net asset value per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units.

#### (k) Taxation

The Sub-Fund incurs withholding taxes imposed by the PRC on investment income. Such income is recorded gross of withholding taxes in the statement of comprehensive income. Withholding taxes are recorded separately and included as taxation in the statement of comprehensive income.

The Sub-Funds does not make tax provisions on the gains arising from China A-shares, these gains are currently exempt from Corporate Income Tax pursuant to Caishui [2014] No.79 ("Circular 79").

Deferred income tax is provided, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the statement of financial position date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

#### (l) Establishment costs

Establishment costs are recognised as an expense in the period in which they are incurred.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## 3. Reconciliation between NAV per statement of financial position and published NAV (due to amortisation of establishment cost)

On 18 February 2021, the underlying index of the Sub-Fund was changed from FTSE China A50 Index to the SSE Science and Technology Innovation Board 50 Index. In accordance with the Prospectus of the Sub-Fund, the establishment costs (the costs associated with the change of underlying index) of the Sub-Fund will be amortised over two accounting periods. As at 31 December 2021, RMB218,827 is unamortised with remaining one year amortization. The accounting policy of the Sub-Fund for the purpose of financial statements presentation in accordance with IFRS is to expense establishment costs in the statement of comprehensive income as incurred. The difference between expensing the establishment costs as incurred in accordance with IFRS and capitalisation and amortization of the establishment costs as indicated in the Prospectus of the Sub-Fund resulted in adjustments in the net assets value.

	2021 RMB	2020 RMB
Accounting net assets attributable to unitholders as reported in the statement of financial position	38,604,928	13,365,237
Adjustment for different basis adopted by the Sub-Fund in arriving at net assets attributable to unitholders	218,827	-
Net assets attributable to unitholders (in accordance with the Prospectus of the Sub-Fund)	38,823,755	13,365,237
	2021 RMB	2020 RMB
Net assets value per unit (in accordance with the terms of the	0.7050	0.0102
Prospectus of the Sub-Fund)	9.7059	8.9102

#### 4. NUMBER OF UNITS IN ISSUE AND NET ASSETS ATTRIBUTABLE TO UNITHOLDERS PER UNIT

The Sub-Fund's capital is represented by the units in the Sub-Fund, and shown as "net assets attributable to unitholders" in the statement of financial position. Subscriptions and redemptions of units during the year are shown in the statement of changes in net assets attributable to unitholders. In order to achieve the investment objectives, the Sub-Fund endeavors to invest its capital in accordance with the investment policies, whilst maintaining sufficient liquidity to meet redemption requests.

	2021 Units	2020 Units
Number of units in issue at the beginning and at the end of the year	4,000,000	1,500,000
	2021 RMB	2020 RMB
Net assets attributable to unitholders per unit at 31 December	9.6512	8.9102

For the movements of the redeemable units for the years ended 31 December 2021 and 2020, refer to the statement of changes in net assets attributable to unitholders on page 13.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 5. NET GAINS ON FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	2021 RMB	2020 RMB
Net fair value change in unrealised (losses)/gains in value of investments  Net realised gains on sale of investments	(6,613,339) 7,018,645	1,851,353 535,642
	405,306	2,386,995

#### 6. TAXATION

#### Hong Kong profits tax

No provision for Hong Kong profits tax has been made for the Sub-Fund as it is authorised as a collective investment scheme under Section 104 of the Hong Kong Securities and Futures Ordinance and is therefore exempt from profits tax under Section 26A(1A) of the Hong Kong Inland Revenue Ordinance.

#### PRC withholding tax

The Sub-Fund invests in A-Shares listed in the PRC and is subject to 10% withholding tax on dividend income derived from A-Shares.

The taxation of the Sub-Fund for the years ended 31 December 2021 and 2020 represents:

	2021 RMB	2020 RMB
Withholding tax on dividend income Withholding tax on interest income	17,958 237	30,249 128
	18,195	30,377

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 6. TAXATION (Continued)

The movement in provision for taxation during the year is as follows:

	RMB	RMB
At the beginning of the year	-	-
Taxation charged to the statement of comprehensive income for		
the year	18,195	30,377
Tax paid	(18,195)	(30,377)
At the end of the year		
At the end of the year		

## 7. TRANSACTIONS WITH RELATED PARTIES INCLUDING THE TRUSTEE, MANAGER AND CONNECTED PERSONS

The following is a summary of significant related party transactions entered into during the year between the Sub-Fund and the Trustee, the Manager and their connected persons. Connected persons are those as defined in the Code on Unit Trusts and Mutual Funds issued by the Securities and Futures Commission of Hong Kong. All transactions entered into during the years ended 31 December 2021 and 2020 between the Sub-Fund and the Manager and its connected persons were carried out in the normal course of business and on normal commercial terms. To the best of the Manager's knowledge, the Sub-Fund does not have any other significant transactions with connected persons except for those disclosed below.

#### (a) Management fee

The Manager is entitled to receive a management fee, currently at the rate of 0.99% per annum of the net asset value of the Sub-Fund accrued daily and calculated as at each dealing day and payable monthly in arrears. The Manager decided to waive the management fee chargeable to the Sub-Fund for the years ended 31 December 2021 and 2020.

For the year ended 31 December 2021, the Manager did not charge any management fee (2020: Nil). At 31 December 2021 and 2020, no management fee was payable to the Manager.

#### (b) Trustee fee

The Trustee is entitled to receive a trustee fee, which is accrued daily and calculated as at each dealing day and payable monthly in arrears. The trustee fee is calculated as a percentage per annum of the net asset value of the Sub-Fund at the rate as follows, subject to a minimum limit of RMB30,000 effective from 18 February 2021 (RMB40,000 prior to 18 February 2021) per month:

	Prior to 18 February 2021		After 18 February 2021
First RMB200 million	0.16%	First RMB200 million	0.14%
		Portion on top of RMB200	
Next RMB1,000 million	0.14%	million	0.12%
Next RMB1,000 million	0.12%		
Next RMB1,000 million	0.10%		
Thereafter	0.08%		

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## 7. TRANSACTIONS WITH RELATED PARTIES INCLUDING THE TRUSTEE, MANAGER AND ITS CONNECTED PERSONS (Continued)

#### (b) Trustee fee (Continued)

The Trustee's fee is inclusive of fees payable to The Hongkong and Shanghai Banking Corporation Limited (the "Custodian" or "HSBC") and HSBC Bank (China) Company Limited (the "PRC Custodian" or "HSBC China").

The Trustee, acting as the Registrar, is also entitled to a fee of RMB120 per participating dealer per transaction.

The Trustee is also entitled to receive from each participating dealer an administrative transaction fee of RMB8,000 per application effective from 18 February 2021 (RMB12,000 per application prior to 18 February 2021) for handling any cash creation and redemption of units.

For the year ended 31 December 2021, the Trustee was entitled to a total fee of RMB376,071 (2020: RMB480,000). At 31 December 2021, a fee of RMB30,000 (2020: RMB40,000) was payable to the Trustee.

#### (c) Bank balances, interest income and bank charges

As at 31 December 2021, bank balances of RMB47,264 (2020: RMB120,566) and RMB225,016 (2020: RMB179,312) were maintained with the Custodian and the PRC Custodian, group companies of the Trustee, which earned interest income of RMB2,966 (2020: RMB1,418). The Sub-Fund did not incur any bank charges for the year ended 31 December 2021 and 2020.

#### (d) Holding in the Sub-Fund

The Manager held 300,000 units (2020: 300,000 units) in the Sub-Fund, representing 7.5% (2020: 20%) of the Sub-Fund's net asset value as at 31 December 2021. During the years ended 31 December 2021 and 2020, there were no purchase or sales of units of the Sub-Fund by the Manager. The net realised gains/(losses) and the net unrealised gains/(losses) of the Manager amounted to nil (2020: nil) and RMB1,041,964 (2020: RMB689,506) respectively.

#### (e) Other fees

Transaction handling fees on purchases and sales of investments, fees for the preparation of annual and interim reports, SWIFT charges and other expenses were charged by the Trustee, amounting to RMB96,164 for transaction cost on investments (2020: RMB30,687), RMB51,620 for accounting and professional fee (2020: RMB55,240) and RMB12,783 for other expenses (2020: nil), for the year ended 31 December 2021, of which RMB12,052 transaction cost on investments (2020: RMB5,918) and RMB25,508 for accounting and professional fee (2020: RMB26,012) were outstanding at year end.

#### (f) Rebates from the Manager

With effect from 18 February 2021, the ongoing charges in respect of the Sub-Fund would be capped at 0.88% of the average net asset value of the Sub-Fund. Any excess of ongoing expense (excluding the management fee) of the Sub-Fund would be borne by the Manager and paid to the Sub-Fund as rebates. During the year ended 31 December 2021, total rebates from the Manager amounted to RMB489,286 (2020: RMB533,918), of which RMB489,226 (2020: RMB536,162) was outstanding at year end.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

## 7. TRANSACTIONS WITH RELATED PARTIES INCLUDING THE TRUSTEE, MANAGER AND ITS CONNECTED PERSONS (Continued)

#### (g) Holdings in connected persons of the Manager

As at 31 December 2021, the Sub-Fund did not hold shares in fellow subsidiary of the Manager (2020: China Merchants Bank Co. Ltd) which is a fellow subsidiary of the Manager.

The movement of the Sub-Fund's investment is as follows:

#### China Merchants Bank Co., Ltd

China Merchants Bank Co. Ltd is not a security within the SSE Science and Technology Innovation Board 50 Index during the year ended 31 December 2021. It was a security within the FTSE China A50 Index during the year ended 2021 and 2020.

	2021 Shares	2020 Shares
At the beginning of the year	19,384	21,084

#### 8. TRANSACTION COSTS

Transaction costs are costs incurred to acquire/dispose financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisers, brokers and dealers

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 9. FINANCIAL RISK MANAGEMENT

Prior to 18 February 2021, the objective of the Sub-Fund was to provide investment results that, before fees and expenses, closely corresponded to the performance of the FTSE China A50 Index. Effective from 18 February 2021, the objective of the Sub-Fund is to provide investment results that, before fees and expenses, closely correspond to the performance of the SSE Science and Technology Innovation Board 50 Index. The Sub-Fund's activities may expose it to a variety of risks including but not limited to: market risk (including market price risk, interest rate risk and currency risk), credit and counterparty risk and liquidity risk which are associated with the markets in which the Sub-Fund invest.

The following is a summary of the main risks and risk management policies.

#### (a) Market risk

#### (i) Market price risk

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market.

Effective from 18 February 2021, the Sub-Fund is designated to track the performance of the SSE Science and Technology Innovation Board 50 Index (prior to 18 February 2021: FTSE China A50 Index), therefore the exposures to market risk in the Sub-Fund will be substantially the same as the tracked index. All investments present a risk of loss of capital. The Manager manages the Sub-Fund's exposures to market risk by ensuring that the key characteristics of the portfolio, such as security weight and industry weight, are closely aligned with the characteristics of the tracked index.

However, the Sub-Fund may not be able to acquire constituent stocks of the Index under exceptional circumstances such as investment restrictions, suspensions of trading, limited availability, or if it is not cost efficient for the Sub-Fund to invest in the constituent stocks. In such circumstances the Manager may use a representative sampling strategy where the Sub-Fund may invest in listed A Shares that are non-constituent of the Index but feature a high correlation with the underlying index.

As at 31 December, the Sub-Fund's investments were concentrated in the following industries:

	2021		2020		
		% of net		% of net	
	Fair value RMB	asset value	Fair value RMB	asset value	
Listed equities – by industry					
Consumer Discretionary	2,454,881	6.36	1,364,134	10.21	
Consumer Staples	-	-	3,220,424	24.10	
Energy	-	-	175,393	1.31	
Financial	-	-	5,178,287	38.74	
Health Care	5,265,671	13.64	824,144	6.17	
Industrial	3,806,477	9.86	425,611	3.18	
Information Technology	23,588,044	61.10	783,150	5.86	
Materials	3,103,420	8.04	373,356	2.79	
Real Estate	-	-	304,220	2.28	
Utilities	-	-	130,288	0.97	
	38,218,493	99.00	12,779,007	95.61	

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 9. FINANCIAL RISK MANAGEMENT (Continued)

#### (a) Market risk (Continued)

#### (i) Market price risk (Continued)

The Sub-Fund held 50 (2020: 50) out of 50 (2020: 50) constituents comprising the SSE Science and Technology Innovation Board 50 Index (2020: FTSE China A50 Index). The Sub-Fund is therefore exposed to substantially the same market price risk as the SSE Science and Technology Innovation Board 50 Index.

Sensitivity analysis in the event of a possible change in the index by 2% (2020:30%) as estimated by the Manager

As at 31 December 2021, if the SSE Science and Technology Innovation Board 50 Index were to increase by 2% (2020 FTSE China A50 Index: 30%), with all other variables held constant, this would increase the pre-tax profit for the year and the net asset value by approximately RMB764,370 (2020: RMB3,833,702). Conversely, if the SSE Science and Technology Innovation Board 50 Index were to decrease by 2% (2020 FTSE China A5 Index: 30%), this would decrease the pre-tax profit for the year and the net asset value by an equal amount.

#### (ii) Interest rate risk

Interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value of financial assets and liabilities and future cash flow.

As at 31 December 2021 and 2020, interest rate risk arises only from bank balances, while the interest rate resets monthly. As these interest bearing assets are short-term in nature, the Manager considers that changes in their fair value and future cash flows in the event of a change in market interest rates will not be material. Therefore, no sensitivity analysis has been disclosed.

#### (iii) Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. The Sub-Fund is exposed to currency risk related to Renminbi against United States Dollars and Hong Kong Dollars. The table below summarised the Sub-Fund's net exposure, monetary and non-monetary, which are denominated in a currency other than Renminbi.

As at 31 December 2021

	RMB equivalent
United States Dollar	
Monetary	(37,560)
Hong Kong Dollar	
Monetary	41,129
A 4 21 D 1 2020

Hong Kong Dollar	
Monetary	23,481

RMB equivalent

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 9. FINANCIAL RISK MANAGEMENT (Continued)

#### (a) Market risk (Continued)

#### (iii) Currency risk (Continued)

The table below summarised the impact of increase or decrease of exchange rate on the exposure table above, to which Sub-Fund is exposed. The analysis is based on the assumption that the exchange rate had increased/decreased by 5% (2020: 5%), with all other variables held constant.

As at 31 December 2021

Impact on net assets and pre-tax profit RMB

United States Dollar Monetary Hong Kong Dollar Monetary

 $\pm 1,878$ 

 $\pm 2,056$ 

As at 31 December 2020

Impact on net assets and pre-tax profit RMB

United States Dollar Monetary Hong Kong Dollar

 $\pm 1,597$ 

Monetary

 $\pm 1,174$ 

The Manager has used their view of what would be a "reasonable possible shift" in the exchange rates to estimate the change for use in the currency risk sensitivity analysis above.

Disclosure above are shown in absolute terms, changes and impacts could be positive or negative. Changes in exchange rate % are revised annually depending on the Manager's current view of exchange rates volatility and other relevant factors.

#### (b) Credit and counterparty risk

Credit and counterparty risk is the risk that an issuer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Sub-Fund.

The Sub-Fund's financial assets which are potentially subject to concentrations of credit risk consist principally of bank deposits and assets held with the custodian.

The Sub-Fund limits its exposure to credit and counterparty risk by carrying out the majority of its investment transactions and contractual commitment activities with well-established broker-dealers, banks and regulated exchanges with high credit ratings.

All transactions in listed securities are settled or paid for upon delivery using approved and reputable brokers, and the Sub-Fund places bank balances with reputable financial institutions. As such, the Manager does not consider the Sub-Fund to be exposed to significant credit and counterparty risk.

As at 31 December 2021, the Sub-Fund placed bank balances of RMB47,264 (2020: RMB120,566) with HSBC, which is the custodian of the Sub-Fund. The S&P credit rating of HSBC is AA- (2020: AA-).

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 9. FINANCIAL RISK MANAGEMENT (Continued)

#### (b) Credit and counterparty risk (Continued)

As at 31 December 2021, the Sub-Fund placed bank balances of RMB225,016 (2020: RMB179,312) and investments of RMB38,218,493 (2020: RMB12,779,007) with HSBC China, which is the PRC custodian of the Sub-Fund. The Moody's long term credit rating of HSBC China is A1 (2020: A1).

The Sub-Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Sub-Fund.

The maximum exposure to credit risk as at 31 December 2021 and 2020 is the carrying amount of the financial assets as shown on the statement of financial position.

#### (c) Liquidity risk

Liquidity risk is the risk that the Sub-Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Sub-Fund is exposed to daily redemptions of units in the Sub-Fund. The Sub-Fund invests the majority of its assets in securities that are traded in an active market which can be readily disposed of.

The table below analyses the Sub-Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Less than 1 month RMB	1 month to 3 months RMB	Over 3 months and within 1 year RMB	Total RMB
As at 31 December 2021				
Establishment cost payable	-	-	107,862	107,862
Other accounts payable	54,319	-	212,890	267,209
Contractual cash outflow	54,319	-	320,752	375,071
	Less than 1 month RMB	1 month to 3 months RMB	Over 3 months and within 1 year RMB	Total RMB
As at 31 December 2020				
Other accounts payable	62,694	-	243,117	305,811
Contractual cash outflow	62,694	-	243,117	305,811

Units are redeemed on demand at the unitholder's option. As at 31 December 2021, there was 1 unitholder (2020: 3) holding more than 10% of the Sub-Fund's units, in aggregate, representing 62.50% (2020: 63.56%) of the Sub-Fund's net assets.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 9. FINANCIAL RISK MANAGEMENT (Continued)

#### (c) Liquidity risk (Continued)

The Sub-Fund manages its liquidity risk by investing in securities that it expects to be able to liquidate within 7 days or less. The following table illustrates the expected liquidity of assets held:

	Less than 7 days RMB	More than 12 months RMB	Total RMB
As at 31 December 2021			
Total assets	38,979,999	-	38,979,999
	Less than 7 days RMB	More than 12 months RMB	Total RMB
As at 31 December 2020			
Total assets	13,615,048	56,000	13,671,048

#### (d) Fair value estimation

The fair value of financial assets and liabilities traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the year end date. The Sub-Fund used the last traded market price as its fair valuation inputs for both financial assets and financial liabilities.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The Sub-Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2).
- Inputs for the asset or liability that are unobservable inputs (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 9. FINANCIAL RISK MANAGEMENT (Continued)

#### (d) Fair value estimation (Continued)

The determination of what constitutes "observable" requires significant judgement by the Manager. The Manager considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The following table analyses within the fair value hierarchy the Sub-Fund's financial assets (by class) measured at fair value at 31 December 2021 and 2020:

	Level 1 RMB	Level 2 RMB	Level 3 RMB	Total RMB
As at 31 December 2021				
Financial assets at fair value through profit or loss				
- Equity securities	38,218,493	-	-	38,218,493
Total assets	38,218,493		-	38,218,493
	Level 1 RMB	Level 2 RMB	Level 3 RMB	Total RMB
As at 31 December 2020				
Financial assets at fair value through profit or loss				
- Equity securities	12,779,007	-	-	12,779,007
Total assets	12,779,007		-	12,779,007

Investments, whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equities. The Sub-Fund does not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. Management has used best estimation and considers the last traded price is the best estimation of the fair value. As at 31 December 2021 and 2020, there was no level 2 securities in the Sub-Fund.

Investments classified within level 3 have significant unobservable inputs, as they trade infrequently. As at 31 December 2021 and 2020, the Sub-Fund did not hold any investments classified in level 3.

Assets and liabilities included in the statement of financial position, except for financial assets at fair value through profit or loss, are carried at amortised cost; their carrying values are a reasonable approximation of fair value.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 9. FINANCIAL RISK MANAGEMENT (Continued)

#### (e) Capital risk management

The Sub-Fund's capital is represented by the redeemable units outstanding. The Sub-Fund's objective is to provide investment results that correspond generally to the performance of the respective index. The Manager may:

- Redeem and issue new units on a daily basis in accordance with the constitutive documents of the Sub-Fund;
- Exercise discretion when determining the amount of distributions of the Sub-Fund to the unitholders; and
- Suspend the creation and redemption of units under certain circumstances stipulated in the prospectuses of the Sub-Fund.

#### 10. FINANCIAL INSTRUMENTS BY CATEGORY

Apart from financial assets at fair value through profit or loss as disclosed in the statement of financial position, all other financial assets as disclosed in the statement of financial position are categorised as "financial assets at amortised cost".

#### 11. INVESTMENT LIMITATION AND PROHIBITIONS UNDER THE SFC CODE

Pursuant to the SFC's Guidelines for Regulating Index Tracking Exchange Trade Funds (the "ETF Guidelines"), the Manager is permitted to overweight the holdings of the Sub-Fund relative to their respective weightings in the underlying index, on the condition that the maximum extra weighting in any constituent securities will not exceed the maximum limit reasonably determined by the Manager and after consultation with the SFC. The maximum limit for the Sub-Fund is 4% as disclosed in the Sub-Fund's prospectus.

The Manager and the Trustee have confirmed that the Sub-Fund has complied with this limit during the years ended 31 December 2021 and 2020.

The SFC Code allows the Sub-Fund to invest in constituent securities issued by a single issuer for more than 10% of the Sub-Fund's net asset value provided that the investment is limited to any constituent securities that each accounts for more than 10% of the weighting of the Index and the Sub-Fund's holding of any such constituent securities may not exceed their respective weightings in the Index (except as a result of changes in the composition of the Index and the excess is transitional and temporary in nature).

There were no constituent securities that individually accounted for more than 10% of the net asset value of the Sub-Fund (2020: 1 constituent security). The respective weighting of this security in the FTSE China A50 Index as at 31 December 2020 was as follows:

	% of net asset value 2020	Respective weighting in the index (%) 2020
Securities Kweichow Moutai Co Ltd	10.27	11.37
Ping An Insurance (Group)	10.27	11.5 /
Company of China, Ltd	9.76	10.31

During the period from 1 January 2021 to 17 February 2021, (the last trading date before the change of the index), the FTSE China A50 Index increased by 13.71%, while NAV per unit of the Sub-Fund increased by 12.43%. During the period from 18 February 2021 to 31 December 2021, the SSE Science and Technology Innovation Board 50 Index decreased by 2.21%, while NAV per unit of the Sub-Fund decreased by 2.66%. For the year ended 31 December 2020, the FTSE China A50 Index increased by 23.10% while the net asset value per unit of the Sub-Fund increased by 20.87%.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### 12. SOFT COMMISSION ARRANGEMENT

The Manager confirms that there were no soft commission arrangements existing during the year ended 31 December 2021 (2020: Nil) in relation to directing transactions of the Sub-Fund through a broker or dealer.

#### 13. DISTRIBUTIONS

The Sub-Fund did not make any distributions during the years ended 31 December 2021 and 2020.

#### 14. SEGMENT INFORMATION

The Manager makes the strategic resource allocations on behalf of the Sub-Fund and has determined the operating segments based on the reports reviewed which are used to make strategic decisions.

The Manager considers that the Sub-Fund has a single operating segment which is investing in securities. There were no changes in the reportable segment during the years ended 31 December 2021 and 2020. The objectives of the Sub-Fund are to track the performance of the SSE Science and Technology Innovation Board 50 Index (2020: FTSE China A50 Index) and invest in substantially all the index constituents with security weight and industry weight that are closely aligned with the characteristics of the tracked index.

The internal financial information used by the Manager for the Sub-Fund's assets, liabilities and performance is the same as that disclosed in the statement of financial position and statement of comprehensive income.

The Sub-Fund is domiciled in Hong Kong. The Sub-Fund's income is derived from investments in PRC securities which constitute SSE Science and Technology Innovation Board 50 Index effective from 18 February 2021 (prior to 18 February 2021: FTSE China A50 Index), the tracked index.

The Sub-Fund has a diversified portfolio of investments and no investment accounts for more than 10% of the Sub-Fund's net asset value as at 31 December 2021 (2020: 1 investment).

#### 15 Approval of financial statements

The financial statements were approved by the Trustee and the Manager on 27 April 2022.
