# CHAIRMAN'S STATEMENT

On behalf of the board of directors (the "Board") of Winfair Investment Company Limited (the "Company", together with its subsidiaries, the "Group"), I am delighted to report the Group's financial results and activities for the year ended 31 March 2022.

## RESULTS AND DIVIDENDS

For the year under review, the revenue of the Group decreased by approximately HK\$1,937,000 (or 9.3%), to approximately HK\$18,911,000, as compared to the preceding year. The Group recorded a profit of approximately HK\$13,485,000, which was a substantial improvement by approximately HK\$17,156,000, as compared to the loss of approximately HK\$3,671,000 in the preceding year.

In January 2022, an interim dividend of HK\$0.02 per share was paid. The Board now recommends a final dividend of HK\$0.12 per share, totaling HK\$4,800,000. Subject to approval by the shareholders of the Company at the forthcoming annual general meeting, such dividend will be payable on or about 29 September 2022.

During the year, the Group recorded a profit of approximately HK\$13,485,000 as compared to the loss of approximately HK\$3,671,000 in the preceding year. Such improvement was mainly due to fair value gain on investment properties during the year ended 31 March 2022.

## BUSINESS REVIEW *(Continued)*

### PROPERTY LEASING

The rental income of the Group was approximately HK\$12,948,000, representing a decrease of approximately HK\$391,000 (or 2.9%), as compared to the preceding year. The decrease was mainly due to continuous rental concessions granted to certain tenants in the COVID-19 pandemic since March 2020 and the increase in the vacancy rate of investment properties.

Excluding a one-off stamp duty refund of HK\$17,407,000, which was recorded as sundry income in the preceding year, and recurring valuation gain or loss of investment properties, the leasing segment recorded a profit of approximately HK\$9,020,000, representing a decrease of approximately HK\$905,000 (or 9.1%), as compared to approximately HK\$9,925,000 in the preceding year.

Regarding the redevelopment project on No. 31 Fuk Tsun Street ("FTS Project"), site investigation was completed during the year under review. During the year under review, the spread of COVID-19 has brought many logistical barriers, resulting in the delay in delivery and a substantial increase in cost of construction material in general. After taking into account the unstable geopolitical factors, the current economic environment, logistical barriers and possible lockdown as a result of future variants of coronavirus etc., the management has suspended the consultancy service on other foundation work. The management will closely monitor the changes in the economic environment and geopolitics and will recommence the FTS Project when the management considers it is in the best interest of the Group as a whole.

The Group recorded a fair value gain on investment properties of approximately HK\$25,700,000 (2021: loss of HK\$28,100,000) during the year under review. As at 31 March 2022, the Group's investment properties portfolio amounted to HK\$944,200,000 (2021: HK\$918,500,000).

### PROPERTY DEVELOPMENT

For the year ended 31 March 2022, the Group recorded a fair value gain of HK\$440,000 (2021: HK\$30,000) on property held for or under development.

As at the date of this report, there was no significant progress on the development.

### **SHARE INVESTMENTS AND DIVIDEND INCOME**

Dividend income increased by approximately HK\$1,493,000 (or 30.6%) to HK\$6,370,000, as compared to the preceding year.

During the year under review, the Group recorded a realised loss on disposal of equity instruments at FVTPL of approximately HK\$408,000 (2021: gain of approximately HK\$2,630,000). The Group also realised a gain of disposal on equity instruments at fair value through other comprehensive income ("equity instruments at FVTOCI") of approximately HK\$8,220,000 (2021: loss of approximately HK\$4,062,000), which was directly transferred from fair value reserve to retained profits. The gain was mainly derived from the disposal of New World Development Company Limited (Stock code: 17) and The Hong Kong Exchanges and Clearing Limited (Stock code: 388).

During the year under review, the Group recorded an unrealised loss on equity instruments at FVTPL of approximately HK\$23,122,000 (2021: HK\$6,092,000) and unrealised loss on equity instruments at FVTOCI of HK\$7,053,000 (2021: unrealised gain of approximately HK\$15,002,000) which were recorded in the consolidated statement of profit or loss and other comprehensive income respectively. As at 31 March 2022, the Group's listed share investment portfolios had an aggregate fair value of approximately HK\$142,862,000 (2021: HK\$183,692,000).

## BUSINESS REVIEW *(Continued)*

### LIQUIDITY AND FINANCIAL RESOURCES

As at 31 March 2022, the Group's total bank borrowings were approximately HK\$17,916,000, all of which were wholly repayable within five years (2021: HK\$18,727,000). All of the Group's bank borrowings are at floating interest rates. The Group's gearing ratio, which was taken as bank borrowings to total shareholders' equity, remained at 1.5%. The Group's banking facilities are subject to review at any time, and also subject to the Bank's overriding right of repayment on demand.

Cash held by the Group as at 31 March 2022 amounted to approximately HK\$120,634,000 (2021: HK\$108,291,000). The Group's outstanding capital commitments for property redevelopment projects, which were contracted but not provided for, were HK\$13,050,000. The capital expenditures for redevelopment projects are expected to be partly funded by internal resources and partly funded by construction loans. The management of the Company continues to operate under a prudent financial policy and will implement all necessary measures to ensure that the Group maintains adequate cash and appropriate credit facilities to meet its future operating, project development expenditure and loan repayment obligations. The Group will arrange new credit facilities for the Group's property development, when necessary. In the long run, the Group will continue to adopt an optimal financial structure for the best interests of its shareholders in light of changes in economic conditions.

The Group did not use any financial instruments for hedging purposes during the years ended 31 March 2022 and 2021.

### ASSETS PLEDGED

As at 31 March 2022, the Group's investment properties with an aggregate carrying value of HK\$65,500,000 (2021: HK\$67,500,000) were pledged to a bank to secure general banking facilities granted to the Group.

### CONTINGENT LIABILITIES

The Group did not have any contingent liabilities as at 31 March 2022 and 2021.

### RISK AND UNCERTAINTY

The Group is generally operating in an ever-changing business and economic environment. The Group's business, financial condition and results of operation are subject to various business risks and uncertainties.

The outbreak of COVID-19 since the first quarter of 2020 has presented an unprecedented inherent risk to the world economy. The precautionary measures such as lockdown and quarantine policy implemented by the Government will adversely affect the business environment. The consumption pattern has changed and digital/online consumption is now more common. Many retail shops, catering, tourism and other businesses shut down amid the COVID-19 pandemic. Consequently, the Group's property leasing, property development and share investments were inevitably adversely affected. The value of properties and rental yield of the Group's properties have been adversely affected.

COVID-19 also indirectly affects the supply chain of property development to a certain degree due to continuous precautionary measures implemented by the Hong Kong Government, leading to shortage and unpredictable delays in the supply of construction materials in the local property development market. As a result, the costs of construction materials have substantially increased and are expected to remain high until the coronavirus or its variants weaken or disappear. As the development cost is one of the main factors when deciding whether the Group will proceed with or put a halt to the development project, the Group faces this project risk which will affect the Group's performance in the future.

The COVID-19 vaccination program has been available to the public in Hong Kong since March 2021. Although the vaccination appears to be unlikely to stop the transmission of COVID-19, it has reduced the number of deaths and the number of seriously ill cases. As the recent COVID-19 variant, such as Omicron, transmits the disease rapidly, the number of confirmed cases has increased drastically, substantially affecting our living and economic environment. Since it is likely that other new virus variants will appear in the near future, speedy recovery of the local economy seems unlikely.

## BUSINESS REVIEW *(Continued)*

### **RISK AND UNCERTAINTY** *(Continued)*

In addition, it is expected that the recent pace of net population movement will affect the local economic recovery and the rental yield and value of the properties in Hong Kong.

The value of properties may fluctuate according to property market trends and policies implemented by the Hong Kong Government, which may change from time to time. Although a cooling measure on the Hong Kong non-residential market has been withdrawn since late December 2020, the cooling measures on the residential market are still in force and potentially have a dampening effect on the number of transactions and the value of the residential market in the short run. Besides, the Hong Kong Government may introduce further regulatory measures on the Hong Kong property market, which may adversely affect the local business environment. The Group would take the above into consideration when considering potential investment opportunities. Such regulatory measures may or may not slow down the pace for the acquisition of property for redevelopment purposes. The Group expects that the property market will be exposed to these risks.

In these respects, the Group regularly assesses the overall economic, political, regulatory measures for the real estate market in Hong Kong and new/revised laws or regulations implemented in Hong Kong, and particularly when deciding on buying and selling strategies. In addition, the Group regularly strengthens the quality of its property portfolio so as to help the Group to improve its performance. For each potential material investment, a feasibility study will be carried out before the proposed acquisition, and focus will be placed on long-term prospect instead of short-term prospect.

The Group would invest in capital expenditure and raise long-term borrowings based on periodic feasibility studies in line with the market. The strategic risk regarding capital expenditure and financial arrangement is of significance nowadays and the Group will remain cautious and prudent in its investment and borrowing to minimize such risk.

The actual and expected global and mainland China economic growth and global/local political factors affect the value and performance of listed shares in Hong Kong. Due to the unpredictable ever-changing economic and geopolitical environment, the securities market is expected to be more volatile. Volatility in the securities market may affect the value and composition of shares in the Group's investment portfolio, resulting in timely buy/sell decisions in response to rapid changing market conditions. The commercial risk in the equity market is only safeguarded to a certain extent by the long-established expertise and experience of the Group in securities investment. Details of the Group's price risk management are set out in note 37(d) to the Group's consolidated financial statements.

The Group may face risks associated with climate change in the long run. Possible rise in sea level resulting from ice melting, severe and frequent typhoon or extreme weather such as flooding or drought, and tsunami resulting from earthquake may arise due to climate change. These possible outcomes may not only be detrimental to physical properties or buildings but also affect the living standards of the global population. Particulars of climate change risk management are set out in the section headed "Climate Change" of the Environmental, Social and Governance Report ("ESG Report") on page 28 of this annual report.

The Group is also subject to credit risk, liquidity risk, and interest rate risk in the normal course of the Group's business. Particulars of financial risk management of the Group are set out in note 37 to the Group's consolidated financial statements.

The Group has no significant exposure to foreign currency risk or fluctuations in exchange rates as the Group's business activities are solely operated in Hong Kong and mainly dominated in Hong Kong Dollars.

# CHAIRMAN'S STATEMENT

## BUSINESS MODEL AND STRATEGY

The core business of the Group focuses on property investment and development in Hong Kong. The Group's strategy for generating and preserving shareholder value is to invest in properties that offer attractive returns. The Group continues to pursue growth opportunities and make appropriate adjustments to its property investment portfolio.

The Group also focuses on securities investment. The Group's strategy for generating and preserving shareholder value is to adopt a prudent investment policy on securities which have long-term potential growth. The Group continues to exercise prudent and disciplined financial management to ensure sustainable growth.

## EMPLOYEE AND EMOLUMENT POLICY

As at 31 March 2022, the Group had four (2021: four) employees (excluding two executive directors). The Company's emolument policy is to ensure that the remuneration offered to employees, including executive directors and senior management, is based on their skills, knowledge, responsibilities and involvement in the Company's affairs. The remuneration packages of the Group's employees are periodically reviewed objectively and determined based on each individual's performance. During the year ended 31 March 2022, the total staff costs (including directors' emoluments) were approximately HK\$4,313,000 (2021: HK\$4,090,000).

## ENVIRONMENTAL POLICY

The principal activities of the Group are property and shares investment, property development and securities dealings. As the Group has not directly engaged in the construction of property during the year, it considers that it has not operated in any environmentally sensitive business during the year. The "Environmental Policy" was formulated by the Group as a guide for the environmental protection practices in the Group's operations during the year.

During its daily operations, the Group continues to implement feasible measures to reduce paper and electricity consumption in the office. Also, the Group is inclined to let out its properties to eligible tenants with tendencies to carry out environmentally sustainable business practices. The Group believes that the existing laws and regulations do not have any significant adverse effect on the Group's principal activities during the year ended 31 March 2022. Disclosure relating to the Group's environment policy and performance is set out in the section headed "Environment" of the ESG Report on pages 26 to 34 of this annual report.

## COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

The Group continues to commit to compliance with relevant laws and regulations in Hong Kong, such as the Companies Ordinance, the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"), and other local laws and regulations implemented by the Hong Kong Government. The Group believes the existing laws and regulations do not have any significant effect on the Group's activities. There was no confirmed non-compliance incident resulting in fines or prosecution during the year ended 31 March 2022.

## STAKEHOLDERS OTHER THAN MEMBERS

The success of the Group hinges on the knowledge, skill, drive, passion, and enthusiasm of its employees. To enhance the value for shareholders of the Company, the Group engages its employees in its recruitment plan to ensure that the right individuals are in place, combining the right mix of skill and experience.

The Group recognises the importance of health and safety, and is committed to providing a safe and healthy environment for its employees and tenants. Also, the Group recognises the importance of maintaining a good long-term relationship with its core business stakeholders such as employees, tenants, agents, repairs sub-contractors, other professional bodies, who are all important to the development of the Group's business. The Group has established at least 10 years of good relationship with its largest tenant, with good creditability. Also, half the number of employees has worked with the Group for at least 10 years.

## PROSPECTS

The COVID-19 pandemic continues to dominate the global economic outlook. The tightening anti-epidemic measures such as lockdown, social distancing and Vaccine Pass arrangement have been adopted by the Hong Kong Government, which have limited local economic activities and brought many challenges to our business. Temporary rental concessions have been granted to certain tenants by the Group, based on their business nature, since the outbreak of the COVID-19. The Group will closely monitor the business environment, market sentiment and precautionary measures in order to make appropriate adjustments to its rental policy. The Group expects the rental income will remain under downward pressure due to possible new waves of COVID-19 cases in the future.

The recent increase in interest rate has led to strong US dollars and an outflow of Hong Kong Dollars, which is unfavourable to the securities market in Hong Kong. In addition, the political tension between mainland China and the United States has brought a barrier to the global economic recovery. The Group will closely monitor any market and political changes and make appropriate strategic adjustments to assets portfolios in order to safeguard the assets of the Group and consequential return to its shareholders.

Looking ahead, as the COVID-19 epidemic shows signs of stabilizing, it is expected the Hong Kong Government will gradually relax epidemic prevention measures (including those applicable on a domestic level and to inbound travellers), provided that daily local infection rate continues to subside without any sign of rebound. Thus, the Company remains optimistic that both domestic and foreign economic activities would resume to normal in the medium term.

## APPRECIATION

I appreciate the support and co-operation of my fellow directors and staff of the Group and thank them for their dedicated services and contribution.

# CORPORATE GOVERNANCE REPORT

The Company is committed to maintaining the highest standards of corporate governance practice emphasising transparency, independence and accountability. The Board believes that good corporate governance practices better safeguard the assets and protect the interests of the shareholders of the Company.

The Company has devised and adopted its own code of practice which essentially follows all Code Provisions and some of the Recommended Best Practices under the Corporate Governance Code (“the Code”) contained in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”), except for the deviations described below.

## CORPORATE GOVERNANCE PRACTICE

Save for the exceptions set out below, the Company has complied with all Code Provisions of the Code throughout the year ended 31 March 2022 and up to the latest practicable date prior to the publication of this annual report:

1. The Group has not designated any chief executive. Generally, prior approvals by all executive directors are required for all strategic decisions and are confirmed in formal board meeting or under written resolutions subsequently. The Group believes that the existing organisation and decision making procedures are adequate for the Group to cope with the ever-changing economic environment;
2. The non-executive and independent non-executive directors of the Company are not appointed for a specific term as they are subject to retirement by rotation and re-election at the annual general meeting of the Company;
3. Directors appointed to fill casual vacancy are not subject to re-election by shareholders at the first general meeting after their appointment. They will hold office until the next annual general meeting at which they are eligible for re-election; and
4. The Group has not arranged insurance cover in respect of legal action against its directors as the Board considers that there is prudent management policy currently in place. However, the need for insurance policy will be reviewed from time to time.

## DIRECTORS’ SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (“Model Code”) set out in Appendix 10 to the Listing Rules as its own code of conduct regarding directors’ securities transactions. Specific enquiries were made of all directors and the directors have confirmed that they have complied with the required standard set out in the Model Code throughout the year ended 31 March 2022.

## BOARD OF DIRECTORS

The Board comprises two executive directors (one of whom is the Chairman of the Board), three non-executive directors and three independent non-executive directors. Biographical details of the directors and the familial relationship between the directors are set out in the section headed “Directors and Senior Management” on pages 41 to 42 of this annual report.

# CORPORATE GOVERNANCE REPORT

## BOARD OF DIRECTORS *(Continued)*

The Board is responsible for formulation of the Group's strategy, overseeing the management of the business and affairs of the Company. The Board has delegated the following responsibilities to the management which is under the leadership of the two executive directors. These responsibilities include implementation of the decisions of the Board; supervision and monitoring of daily operations; monitoring and safeguarding the Group's assets, and making recommendations for the Group's development. As per the Company's general practice, prior approvals by all executive directors are required for all strategic decisions such as acquisitions and disposals of the Group's assets. The major decisions are then confirmed in formal board meetings or under written resolutions. The management reports to the Board on their work and business decisions in regular meetings. The key and important decisions including approval of interim and annual results, directors' report, corporate governance report, environmental, social and governance report, dividend policy and nomination of directors are fully discussed at board meetings. Other issues reserved to the full board for decision include any matters involving a conflict of interest for a substantial shareholder or director, major transactions involving acquisition or disposals of assets, investment and capital projects, treasury policies, risk management policies and key human resources issues.

More than one-third of the Board members are independent non-executive directors and at least one of them has appropriate professional qualifications, or accounting or related financial management expertise.

Regarding the full board meetings held during the year, the directors received at least 14 days prior written notice of the relevant meeting and an agenda with supporting paper(s) no less than three days prior to the meeting. With respect to other ad hoc meetings, the directors will be given as much notice as is reasonable and practicable in the circumstances.

During the year ended 31 March 2022, four full board meetings were held with 100% attendance rate. Individual attendance of directors is shown in the following table:

Table – Number of board meetings, committee meetings and AGM attended by each director during the year ended 31 March 2022

## CHAIRMAN AND CHIEF EXECUTIVE

Mr. Ng Tai Wai is the Chairman of the Board and none of the directors has been designated as chief executive during the year ended 31 March 2022.

During the year ended 31 March 2022, the Chairman directed the company secretary to draw up the agenda for each board meeting. With the assistance of the directors and the company secretary, the Chairman ensured that all directors were properly briefed on the issues discussed at the Board meetings and all directors received adequate, complete and reliable information in a timely manner.

The role of chief executive was jointly performed by the two executive directors. The responsibilities include: leading the management; implementing and reporting to the Board on the Company's strategy; monitoring the performance of day-to-day management; establishing, maintaining and periodically reviewing proper internal controls, disclosures and procedures; and discharging the duties delegated by the Board.

## NON-EXECUTIVE DIRECTORS

The non-executive and independent non-executive directors of the Company are not appointed for a specific term as they are subject to retirement by rotation and re-election at the annual general meeting of the Company.

## REMUNERATION COMMITTEE

The remuneration committee, consisting of three independent non-executive directors and one executive director, has been established since 15 December 2004. The terms of reference of the remuneration committee align with the code provisions of the Code and are available on the Exchange's and the Company's websites. The committee reviews the existing remuneration package of the executive directors, non-executive directors and senior management, and makes appropriate recommendations to the Board. Staff remuneration is determined by the Group's management by reference to their qualification, work experience, performance and prevailing market conditions.

The chairman of the remuneration committee is Dr. Ng Chi Yeung, Simon and the committee members are Ms. Chan Suit Fei, Esther, Mr. Heng Pei Neng, Roy and Mr. Ng Tai Wai.

During the year ended 31 March 2022, one committee meeting was held at which there was a 100% attendance rate. Individual attendance of each committee member is shown on page 13 of this annual report under the section headed "Board of directors".

The work performed by the remuneration committee during the year ended 31 March 2022 included the following:

- reviewing the policy for the remuneration of executive directors;
- reviewing the terms of the directors' appointment letters;
- assessing performance of executive directors;
- making recommendation on the salary for all executive directors and senior management of the Group; and
- making recommendation on the increment of directors' fees.

## EMOLUMENT POLICY

The Company's emolument policy is to ensure that the remuneration offered to employees including executive directors and senior management is based on each individual's skill, knowledge, responsibilities and involvement in the Company's affairs. The remuneration packages of executive directors are also determined by reference to the Company's performance and profitability, remuneration level in the industry, the prevailing market conditions and the performance and contribution from each director. The emolument policy for non-executive directors is to ensure that the non-executive directors are adequately compensated for their efforts and the time dedicated to the Company's affairs, including their participation in the Board committees. Individual directors and senior management are not involved in the determination of their own remuneration.

## NOMINATION COMMITTEE

The nomination committee, consisting of three independent non-executive directors and one executive director, has been established since 13 March 2012. The terms of reference of the nomination committee align with the code provisions of the Code and is available on the Exchange's and the Company's website.

The chairman of the nomination committee is Ms. Chan Suit Fei, Esther and the committee members are Dr. Ng Chi Yeung, Simon, Mr. Heng Pei Neng, Roy and Mr. Ng Tai Yin, Victor.

During the year ended 31 March 2022, one meeting of the committee was held with 100% attendance rate. Individual attendance of each committee member is shown on page 13 of this annual report under the section headed "Board of directors".

The work performed by the nomination committee during the year ended 31 March 2022 included the following:

- review of the structure, size and composition of the Board;
- assessment of the independence of the independent non-executive directors and review of their annual confirmations on their independence; and
- recommendation to the Board for re-election of the retiring directors at the annual general meeting for the year ended 31 March 2021.

Taking into account the measurable objectives under the Board's diversity policy, the Board and the nomination committee are of the view that the current mix of our Board members is balanced and diverse (including with respect to gender diversity).

## NOMINATION POLICY

The Company's Nomination Policy was formally written and adopted in March 2019. The Nomination Committee makes recommendation to the Board on appointment or re-appointment of directors and succession planning for directors. The policy sets out process and procedures which govern the nomination of directors of the Board applicable to both new appointments and re-appointments.

In accordance with the Article 115 of Company's Articles of Association, all newly appointed directors are subject to election by shareholders at the next following annual general meeting ("AGM") after appointment.

In accordance with the Article 110 of Company's Articles of Association, at each AGM, one-third of the directors (if the number is not multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation and are eligible for re-election.

## NOMINATION POLICY *(Continued)*

### **SELECTION CRITERIA AND BOARD DIVERSITY**

In considering the new appointment or re-appointment of directors, the Board will base its decision on criteria such as integrity, independence, experience, skill and the ability to commit time and effort to carry out his/her duties and responsibilities, etc. On 1 September 2013, the Company adopted its own “Board Diversity Policy”. This policy has been implemented since June 2014. The Company considers that maintaining or increasing diversity at the Board level will benefit the Company’s overall sustainable development. In designing the Board’s composition, board diversity has been considered from a number of aspects, including but not limited to gender, age, cultural and educational background, professional skills, knowledge or length of service. All board appointments will be based on merits, and candidates will be considered against objective criteria, with due regard to the benefits of diversity on the Board.

The measurable objectives are as follows:

- Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, professional skills, knowledge or length of service;
- The Board should ensure the balance of skills and experience to ensure an optimum Board and efficient stewardship;
- The Board should ensure that it comprises Directors who are sufficiently experienced and independent in character and judgement; and
- The final decision will be based on merits and their potential contribution that the selected candidates will bring to the Board.

The current composition of the Board is six male directors and two female directors, which is a mixed gender board. The Board believes that gender diversity in the Board would introduce viewpoints from different but complementary perspectives of the two genders. The Board further believes gender diversity will promote effective decision making and enhance corporate governance. To achieve gender diversity at Board level, the Board aims to maintain the level of the female representation on the Board at “at least one female director” or “female director ratio of 25%”, whichever is lower. In considering the Board’s succession, the Nomination Committee would first identify and consider potential candidates from senior management and employees of the Group, which currently has a gender ratio of 1:1. In considering the hiring of new employees of the Group (including senior management), the Company evaluates the candidates based on their experience, skill and their duties and responsibilities, etc. Consideration of “gender diversity” is relatively unimportant. The current gender ratio in the workforce (including senior management) will provide the overall view of gender diversity achieved by the Company. This would be a pathway for better succession planning for the Company.

### **NOMINATION PROCEDURES FOR APPOINTMENT AND RE-APPOINTMENT**

#### ***APPOINTMENTS BY THE BOARD***

The Nomination Committee has been delegated authority to identify potential candidates for appointment to the Board through different means, including recommendations from existing directors or any other means that it deems appropriate.

Once a candidate has been identified, the Company Secretary, on behalf of the Nomination Committee, will request the candidate to provide his/her biographical information and other additional information and documents deemed necessary, including but not limited to (i) information on his/her interests in the securities of the Company (if any); (ii) his/her consent to act as a Member and disclosure of information relating to his/her proposed appointment; and (iii) for an independent non-executive director candidate, his/her declaration of independence in accordance with the criteria under the Listing Rules.

The Nomination Committee will review and take reasonable steps to verify the information obtained from the candidate and seek clarification, where required. The Nomination Committee may, at its discretion, invite the candidate to meet with the Committee members in order to assist them in their consideration of the proposed nomination or recommendation. The Nomination Committee will then make recommendations for the Board's consideration and approval.

#### ***APPOINTMENTS BY THE SHAREHOLDERS AT A GENERAL MEETING***

For the procedures of shareholders' nomination of any proposed candidate for election as a director, please refer to the "Procedure for Nomination of Directors by Shareholders", which is available on the Company's website.

#### ***RE-APPOINTMENT AT A GENERAL MEETING***

The Nomination Committee will review the profile of the existing directors who have offered themselves for re-appointment to consider their suitability in the light of the Group's corporate strategy, the structure, size and composition of the Board at that time. The Nomination Committee will then make recommendations for the Board's consideration and the Board will, at its discretion, make recommendations to the Shareholders.

For those existing independent non-executive directors, who have offered themselves for re-appointment and serve the Company more than 9 years, the Nomination Committee shall consider the reason why they are still independent and therefore eligible for re-election. The Nomination Committee will then make recommendations for the Board's consideration and the Board will make recommendations to the Shareholders.

## RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges that it has the overall responsibility for the Group's risk management and internal control systems, including evaluating and determining the nature and extent of the risks it is willing to take in achieving the Group's strategic objectives, ensuring the Company establishes and maintains appropriate and effective risk management and internal control systems and reviewing the effectiveness of such systems.

### RISK GOVERNANCE STRUCTURE

- 1st line defence
  - The risk management team comprises one executive director and one accountant. The team identifies, analyses, evaluates, and manage the Group's financial risk and non-financial risk on an ongoing process.
  - The qualified accountant monitors internal control measures on an ongoing basis and provides oversight of the risk management. The qualified accountant annually submits the in-house report on risk management and internal control issue for the Audit Committee's review and assists the independent professional advisor (the "IPA") to conduct independent risk management and internal control review.
- 2nd line defence
  - The IPA provides independent and objective assurance on the overall effectiveness of the risk management and internal control system using risk-based approach.
- 3rd line defence
  - The board, through the Audit Committee, reviews the effectiveness of the Group's risk management and internal control system. The Audit Committee oversees financial reporting and review the in-house and independent report on risk management and internal control system.

### REVIEW OF RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM

The Group has engaged an IPA to assist the Board and the Audit Committee in ongoing monitoring of the risk management and internal control systems of the Group and in performing the internal audit functions for the Group. The scope of the annual internal audit review by IPA is based on the Group's key business process or risky areas as recommended by the Audit Committee. Deficiencies in the design and implementation of internal controls are identified and recommendations are proposed for improvement. Any significant internal control deficiencies are reported to the Audit Committee and the Board on a timely basis to ensure prompt remediation actions are taken. The independent report on risk management and internal control review are submitted to the Audit Committee and the Board at least once a year. The Board, through the Audit Committee, had performed an annual review on the effectiveness of the Group's risk management and internal control systems for the year ended 31 March 2022, including capability to respond to changes in business and external environment; the scope and quality of management's review on risk management and internal control systems; result of internal audit work by the IPA; the extent and frequency of communication with the Board in relation to result of risk and internal control review; significant failures or weaknesses identified and their related implications; and status of compliance with the Listing Rules. The independent report on risk management and internal control review, with no material weakness was being found, was submitted to the Audit Committee for review. No significant area of concern has been identified. The Board considers the Group's risk management and internal control systems were effective and adequate during the year. The risk management and internal control systems of the Group are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

## RISK MANAGEMENT AND INTERNAL CONTROL *(Continued)*

### **PROCEDURE AND INTERNAL CONTROL FOR HANDLING AND DISSEMINATION OF INSIDE INFORMATION**

The Company complies with requirements of the Securities and Futures Ordinance (“SFO”) and the Listing Rules in disclosing inside information. The Company discloses inside information to the public as soon as reasonably practicable unless the information falls within any of the safe harbours as provided in the SFO. Before the information is fully disclosed to the public, the Company ensures the information is kept strictly confidential. If the Company believes that the necessary degree of confidentiality cannot be maintained or that confidentiality may have been breached, the Company would immediately disclose the information to the public. The Group is committed to ensuring that information contained in announcements is not false or misleading as to a material fact, or false or misleading through the omission of a material fact. The information presented shall be in a clear and balanced way, which requires equal disclosure of both positive and negative facts.

### **ACCOUNTABILITY**

The directors acknowledge their responsibility for preparing the financial statements of the Company which give a true and fair view in accordance with Hong Kong Financial Reporting Standards. The directors consider that the financial statements have been prepared in conformity with the generally accepted accounting standards in Hong Kong, and reflect amounts that are based on the best estimates and reasonable, informed and prudent judgement of the Board and management with an appropriate consideration of materiality.

The directors, having made appropriate enquires, are not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Company’s ability to continue as going concern. Accordingly, the directors have prepared the financial statements of the Company on a going concern basis.

The board has conducted a review of the effectiveness of the system of internal controls, including financial, operational and compliance controls and risk management functions.

### **COMPANY SECRETARY**

All directors have access to the advice and services of the company secretary, Ms. Mimoona Ma. She is an employee of the Company and is appointed by the Board. The company secretary supports the chairman, the Board and the Board committees by ensuring good information flow within the Board and that the Board policy and procedures are followed. She reports to the Chairman on board governance matters and facilitates the induction and professional development of directors. The company secretary is also responsible for facilitating communications among directors as well as shareholders and management. Biographical details of the company secretary are set out in the section headed “Directors and Senior Management” on page 42 of this annual report. During the year ended 31 March 2022, the company secretary undertook over 15 hours of professional training to update her skills and knowledge.

## SHAREHOLDERS' RIGHT

### THE PROCEDURE FOR SHAREHOLDERS TO CONVENE AND PUT FORWARD PROPOSALS AT MEETING

The procedures for shareholders to convene and put forward proposals at meeting are subject to the provision under the Companies Ordinance.

### CONVENING AN ANNUAL GENERAL MEETING (AGM)

Pursuant to section 610(1) of the Companies Ordinance, a company must, in respect of each financial year of the company, hold a general meeting as its AGM within 6 months after the end of its accounting reference period by reference to which the financial year is to be determined. If the company fails to hold an AGM under section 610(1) of the Companies Ordinance, any shareholder can pursuant to section 610(7) of the Companies Ordinance apply to the court in Hong Kong, and the court may then call or direct the calling of an AGM and give such ancillary or consequential direction. Usually, the Company holds AGM in every August or September.

Pursuant to section 615(2) of the Companies Ordinance, shareholders holding at least 2.5% of the total voting rights of all shareholders who have a right to vote on resolution at the AGM to which the requests relate; or at least 50 shareholders who have a right to vote on the resolution at the AGM to which the requests relate, can submit a written request to move a resolution at the AGM.

The request shall state the resolution of which notice is to be given. The request shall be signed by the said shareholder(s) (or 2 or more copies which between them contain the signatures of all the said shareholders) and shall be deposited at the Company's registered office at 501-2, 5/F, Lee Kiu Building, 51 Jordan Road, Kowloon, for the attention of the company secretary not less than 6 weeks before the AGM to which the requests relate; or if later, the time at which notice is given of that meeting. The request will be verified with the Company's Share Registrar. Once the request is verified as proper and in order, the company secretary will ask the Board of Directors to include the resolution in the agenda for the AGM. On the contrary, if the request has been verified as not in order, the said shareholders will be advised of this outcome and accordingly, the proposed resolution will not be included in the agenda for the AGM.

Pursuant to section 616 of the Companies Ordinance, the company that is required under section 615 to give notice of a resolution must send a copy of it at the company's own expense to each shareholder of the company entitled to receive notice of the AGM in the same manner as the notice of the meeting; and at the same time as, or as soon as reasonably practicable after, it gives notice of the meeting.

If the proposal relates to the election of a person other than a director of the company retiring at the AGM, at least 7 days' notice commencing no earlier than the day after the dispatch of the notice and ending no later than 7 days prior to the date of the meeting shall be given. "Procedure for Nomination of Directors by Shareholders" is published in the Company's corporate website.

### CIRCULATION OF STATEMENT AT AGM/GENERAL MEETING (GM)

Pursuant to section 580 of the Companies Ordinance, shareholders representing at least 2.5% of the total voting rights of all shareholders who have a relevant right to vote at the meeting; or at least 50 shareholders who have a relevant right to vote at the meeting may request the company to circulate, to shareholders of the company entitled to receive notice of a general meeting, a statement of not more than 1,000 words with respect to the matter mentioned in a proposed resolution to be dealt with at that meeting or other business to be dealt with at that meeting.

# CORPORATE GOVERNANCE REPORT

## SHAREHOLDERS' RIGHT *(Continued)*

### **CIRCULATION OF STATEMENT AT AGM/GENERAL MEETING (GM)** *(Continued)*

The proposed statement must be signed by the said shareholder(s) (or 2 or more copies which between them contain the signatures of all the said shareholders) and shall be deposited at the company's registered office at 501-2, 5/F, Lee Kiu Building, 51 Jordan Road, Kowloon, for the attention of the company secretary at least 7 days before the meeting to which the request relates. The request will be verified with the company's Share Registrar. Once the request is verified as proper and in order, the company will circulate the statement to each shareholder of the company entitled to receive notice of the meeting provided that:

- (1) if the request relates to an AGM, the proposed statement is received in time to enable the company to send a copy of the statement when the notice of AGM is dispatched. Otherwise, the said shareholder(s) have to deposit a sum reasonably sufficient to meet the company's expenses in circulating the statement submitted by the said shareholders not later than 7 days before the AGM.
- (2) if the request relates to a GM, the said shareholders have to deposit a sum reasonably sufficient to meet the company's expenses in circulating the statement submitted by the said shareholders not later than 7 days before the GM.

On the contrary, if the request has been verified as not in order, not received in time for the company to include a copy of the proposed statement in the notice of AGM or the said shareholders have failed to deposit sufficient money to meet the company's expenses for the said purposes, the said shareholders will be advised of this outcome and accordingly, the proposed statement will not be circulated to shareholders who entitle to receive notice of the meeting.

### **CONVENING A GENERAL MEETING ("GM")**

Pursuant to section 566 of the Companies Ordinance, the directors are required to call a general meeting if the company has received requests to do so from shareholders of the company representing at least 5% of the total voting rights of all the shareholders having a right to vote at general meetings.

Subject to the Companies Ordinance, the written request shall state the objects of the meeting, shall be signed by the said shareholder(s) (which may be contained in one document or in several documents in like form) and shall be deposited at the company's registered office at 501-2, 5/F, Lee Kiu Building, 51 Jordan Road, Kowloon, for the attention of the company secretary. The request will be verified with the company's Share Registrar. Once the request is verified as proper and in order, the company secretary will ask the Board of Directors to convene an extraordinary general meeting ("EGM")/GM by serving sufficient notice in accordance with the statutory requirement. On the contrary, if the request has been verified as not in order, the said shareholder(s) will be advised of this outcome and accordingly, the EGM/GM will not be convened as requested.

If the directors do not within 21 days from the date of the deposit of the request proceed duly to convene a meeting on a day not more than 28 days after the date on which the notice convening the meeting is given, the said shareholder(s) or any of them representing more than one-half of the total voting rights of all of them, may themselves convene a meeting, but any meeting so convened shall not be held after the expiration of 3 months from the said date.

### **ENQUIRIES TO THE BOARD**

The Company convenes its AGM every year. Shareholders are encouraged to participate in general meetings or to appoint proxies to attend and vote at meetings for and on their behalf if they are unable to attend the meetings. Shareholders may also direct enquires to the Board via email at [ir@winfairinvestment.com](mailto:ir@winfairinvestment.com).

# CORPORATE GOVERNANCE REPORT

## INVESTOR RELATIONS

There were no changes to the Company's constitutional documents during the year ended 31 March 2022.

## DIVIDEND POLICY

The Company considers stable and sustainable returns to the shareholders of the Company to be our goal.

The Company continues to adopt a stable dividend policy. It is our intention that the Company follows a policy of paying a fixed amount of dividend per Ordinary Share and dividends will be declared and paid twice per year. Subject to consideration being given to the matters described in paragraph 4 in this section, which is extracted from the Company's dividend policy, the Company intends to pay 2 HK cents per Ordinary Share for interim dividend and pay 12 HK cents per Ordinary Share for final dividend, and provided that there is sufficient distributable reserve pursuant to the relevant provisions of the Companies Ordinance.

The Board may evaluate "special dividend" on a case by case basis especially generating substantial capital gain on disposal of the Company's or the Group's assets.

When determining the amount of dividend to be paid to Shareholders, the Board shall take into account the following:

- the financial results of the Company and its subsidiaries (collectively known as "the Group");
- the general financial position of the Group;
- the actual and future operations and liquidity position of the Group;
- the earnings trend and potential growth;
- the future capital commitments;
- the future investment plans;
- the future loan repayment and other obligations;
- the shareholders' and investors' expectation and industry's norm;
- the retained profits and distributable reserves of the Company and the Group;
- the general market conditions; and
- any other factors that the Board deems appropriate.

A decision to declare and pay any dividend requires the approval of the Board at its discretion, subject to the Companies Ordinance and the Articles of Association of the Company. Any final dividends declared by the Company must be approved by an ordinary resolution of the Shareholders at an AGM and must not exceed the amount recommended by the Board.

The Board may from time to time review the dividend policy and may exercise at its sole and absolute discretion to update, amend and/or modify the policy at any time as it deems fit and necessary. There is no assurance that dividends will be paid in any particular amount for any given period.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Winfair Investment Company Limited and its subsidiaries (collectively known as “the Group”) believe that sound environmental, social and governance (“ESG”) performance is important to the sustainable development of its business. The Group is committed, not only to minimize the environmental impact of our business activities and operations, but also to promote social responsibility and effective corporate governance.

The board of directors of the Company (the “Board”) is responsible for the Group’s ESG strategy and reporting. The Group has established an ESG working team to identify relevant ESG issue and to assess their materiality to the Group’s business as well as the Company’s stakeholders, through reviewing the Group’s operations and internal discussion.

The Board monitors the Group’s ESG performance and progress annually to ensure the Group’s development direction is in line with its stakeholders’ expectations through reports from the ESG working team. In addition, risk management of ESG-related issues is essential to the Board. Any material ESG-related risk is integrated to the risk management and internal control system of the Group, which is subject to the independent professional advisor’s annual review based on high risk assessment, when necessary. The management has provided a confirmation to the Board on the effectiveness of our ESG risk management.

Pursuant to the general disclosure requirements set forth in the Environment, Social and Governance Reporting Guide in Appendix 27 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “ESG Guide”), disclosures relating to the material ESG issues identified have been included in the ESG Report which aims to provide a balanced representation of the Group’s ESG performance in the environmental and social area, and covers the Group’s operations.

## ENVIRONMENTAL

The principal activities of the Group are property investment, securities investment, property development and securities dealings. As the Group has not directly engaged in construction of property during the year and considers that it has not operated in environmentally sensitive business during the year. The environmental impact arising from the course of business activities and operation is considered to be low. During the year, the Group did not generate any material direct or indirect air emissions, hazardous and non-hazardous waste, discharges into water or land, and there were no substantial amounts of packaging materials used. Therefore, disclosures relating to these aspects, as set forth in the ESG Guide, are not applicable to the Group.

In order to be a responsible corporation, the Group’s “Environmental Policy” was formally written and adopted in March 2017. The Group continuously encourages its staff to follow the general guidelines under the “Environmental Policy”.

During the year, the Group did not experience any cases of non-compliance relating to environmental laws and regulations in Hong Kong. Also, there were no confirmed environmental non-compliance incidents resulting in fines or prosecution during the year.

## EMISSION

Indirect greenhouse-gas (“GHG”) emission from our electricity consumption is our biggest contributor to our emission during the course of our daily operations. The Group continues to commit to reduce electricity consumption in office as much as possible through various measures as described in the section headed “Use of Resources” below.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## ENVIRONMENTAL *(Continued)*

### USE OF RESOURCES

The Group is committed to using our resources efficiently in order to reduce our operating costs as well as our carbon footprint during the course of business. During the year, the two major types of resources consumed by the Group were indirect energy (i.e. electricity) and paper. The Group primarily reduces (1) electricity consumption and (2) paper consumption in the office through implementation of the following measures:

Reduction of electricity consumption	Reduction of paper consumption
– Switching off the lights and air-conditioners when the conference/other rooms are not occupied.	– Increasing use of email instead of traditional fax machine when receiving incoming document/message.
– Buying energy-saving air-conditioners, copiers and other office appliances.	– Using recycled paper for internal use.
– Setting “sleeping mode” for the unused copiers, faxing machine, computers and other office appliances.	– Using both sides of paper for printing and copying.
– Turning off the office appliances at the end of office hours.	– Using “Think before you print” approach before printing.
– Raising environmental awareness among staff.	

The electricity and paper usage for the year was within the Group’s emission target which ranged from 8.59 tonnes of carbon dioxide equivalent (CO<sub>2</sub>-e) to 9.64 tonnes of CO<sub>2</sub>-e. The Group’s energy use efficiency target for the year ranged from 14,500 kWh to 16,400 kWh. There was no material change in the electricity and paper usage as compared to the previous year. The Group continues to closely monitor the use of resources and reports to the senior management. If necessary, appropriate action will be taken place to improve the efficiency for the use of resources.

### HAZARDOUS AND NON-HAZARDOUS WASTE

The operations of the Group do not involve any generation of material hazardous wastes or non-hazardous wastes. The non-hazardous wastes generated by the Group are mainly paper waste and waste generated from the daily operating activities in the office, which are handled by waste contractors employed by building management where the Group’s office is situated.

### THE ENVIRONMENT AND NATURAL RESOURCES

Although the core business activities and operations of the Group had no significant impact on the environment and natural resources during the year, the Group believes that every corporation has its responsibility to protect our planet, including but not limited to our woodlands, forests, trees, wild animals, fresh air, fresh water, etc. The Group’s “Environmental Policy” was formally written to minimize adverse effect on environment during the course of our business. The Group annually reviews and updates the Environmental Policy, if necessary. Also, the Group regularly assesses the environmental risk of our business and adopts preventive measures in order to minimize the risks and ensure compliance with relevant laws and regulations.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## ENVIRONMENTAL *(Continued)*

### CLIMATE CHANGE

The Group has conducted a risk assessment and reviewed the potential impact of climate change on our business. Possible rise in sea level resulting from ice melting, severe and frequent typhoon or extreme weather such as flooding or drought, and tsunamis resulting from earthquake may arise due to climate change. These possible outcomes may damage facilities, equipment and physical properties, leading to an increase in expenditure for repairs and maintenance. The Group commits to ensure the potential impact to its business will be kept at a minimal by adopting various preventative measures such as placing sandbags in low-lying areas in the event of typhoon or flooding. To reduce the risks associated with climate change, the Group continues to commit to reduce emission by adopting various measures as described in the section headed “Use of Resources” of this ESG report. The Group believes that if every corporation and every employee or individual takes part in protecting the environment by reducing emission in its daily operations or their daily lives, the potential damages arising from climate change will be mitigated.

### ENVIRONMENTAL DATA SUMMARY

The performance summary of the environmental data covers the Group’s operations in Hong Kong is as follows:

#### (a) EMISSION

Indicators	Notes	2022 (CO <sub>2</sub> -e)	(%)	2021 (CO <sub>2</sub> -e)	(%)	Changes (CO <sub>2</sub> -e)	(%)
Total GHG emissions (Scope 1, 2 & 3) (tonnes)	(i)	8.64		8.31		0.33	4.0
Direct emissions (Scope 1)		–	–	–	–	–	–
Indirect emissions (Scope 2) (tonnes)							
– Electricity purchased from the power company	(ii)	5.75	66.5	5.37	64.6	0.38	7.1
Indirect emissions (Scope 3) (tonnes)							
– Local travel	(iii)	–	–	0.01	0.1	(0.01)	(100.0)
– Disposal of paper waste to landfill							
– office paper	(iv)	0.30	3.5	0.36	4.4	(0.06)	(16.7)
– paper for printing publications	(v)	2.59	30.0	2.57	30.9	0.02	0.8

#### Notes

- (i) The classification of scope of GHG Emissions follows the “Guidelines to Account for and Report on Greenhouse Gas Emissions and Removals for Building (Commercial, Residential or Institutional Purposes) in Hong Kong (2010 Edition)” issued by Electrical and Mechanical Services Department and Environmental Protection Department.
- (ii) GHG emissions were mainly derived from the electricity purchased in Hong Kong and used in office. The GHG emissions of the Group were quantified based on emission factors (i.e. 0.39 kg CO<sub>2</sub>-e per 1 kWh) (2021: 0.37 kg CO<sub>2</sub>-e per 1 kWh) from CLP Power Hong Kong Limited. Such emission factor is extracted from the information in the Sustainability Report of CLP Holdings Limited (2021).
- (iii) Emission data relating to local travel by employees is based on the amount of money (Hong Kong Dollars) spent on the fare. Emission factor of fare of different public transport is referenced by Carbon Footprint Management Toolkit for Sustainable Low-Carbon Living published by City University of Hong Kong in June 2013 (website: [www6.cityu.edu.hk/aerc/cft](http://www6.cityu.edu.hk/aerc/cft)). As emission relating to local travel by employees for the year ended 31 March 2022 was too minimal, no disclosure is made.

### ENVIRONMENTAL DATA SUMMARY *(Continued)*

#### (a) **EMISSION** *(Continued)*

Notes *(Continued)*

- (iv) GHG emissions due to disposal of paper waste. The amount of paper in storage at the beginning, at the end of reporting period and paper recycling are assumed to be zero as no such data is available. The annual paper waste disposed to landfill is assumed to be amount of paper purchased during the year.

For simplifying the accounting process, the default emission factor assumes that the total raw amount of CH<sub>4</sub> emitted throughout the whole decomposition process of the paper waste disposed at landfills will be emitted into the atmosphere within the same reporting period as paper waste collected. In addition, the default value does not take into account the reduction in emission due to collection, recovery and utilization of landfill gas due to the management practices at landfills.

- (v) Includes paper used for printing corporate financial statements. The annual paper waste disposed to landfill is assumed to be amount of printed publications during the year.

#### (b) **ELECTRICITY CONSUMPTION**

Indicators	Notes	2022	2021	Changes	(%)
Indirect energy consumption (kWh)					
– Electricity	(i)	14,740	14,500	240	1.7
Expenses on energy consumption (HK\$)	(ii)	19,810	7,565	12,245	161.9

Notes

- (i) Energy consumption data was based on the amount of purchased electricity and the relevant conversion factors provided by the International Energy Agency.
- (ii) No government subsidies were deducted for the year ended 31 March 2022 (2021: approximately HK\$11,000).

#### (c) **PAPER CONSUMPTION**

Indicators	Notes	2022	2021	Changes	(%)
Total paper consumption (kg)					
– Office paper	(i)	62.4	74.8	(12.4)	(16.6)
– Paper for printing publications	(ii)	539.0	536.0	3.0	0.6

Notes

- (i) As no data is available for account for the total number of new paper consumed, either one-side or both-side, or the number of recycled paper used, or envelope used during the operation. The annual office paper consumed is assumed to be the amount of paper purchased during the year.
- (ii) Includes paper used for printing corporate financial statements.

#### (d) WATER CONSUMPTION

Indicators	Note	2022	2021	Changes	(%)
Total water consumption (m <sup>3</sup> )	(i)	N/A	N/A	N/A	N/A

#### Notes

- (i) The Group operated in self-owned office premises in Hong Kong of which both water supply and discharge were solely controlled by the relevant building management which did not provide water withdrawal and discharge data or sub-meter for individual occupants. No data is available.
- (ii) While water consumption is not material to the Group in view of its business nature and operations, the Group did not encounter any issues in sourcing water that is fit for purpose.

### EMPLOYMENT AND LABOUR PRACTICE

The Company's employment policy aims to uphold a fair and equal treatment in areas of recruitment and promotion, compensation and dismissal working hours, diversity and other benefits and welfare. The Company's emolument policy is to ensure that the remuneration offered to employees is based on each individual's skill, knowledge, responsibilities and involvement in the Company's affairs. The promotion and remuneration of the employees are subject to annual review. Each employee's remuneration package includes public holidays, annual leave, mandatory provident fund contributions, year-end bonus, maternity leave, study and examination leave, sick leave, family leave due to seriously health conditions of close relatives, and bereavement leave. The Group adheres to the Employment Ordinance and guidelines issued by the Labour Departments in relation to dismissal of employees.

The Group promotes equal opportunity of employment. The Group aims to maintain diversity of workforce, including in terms of age, gender, personality, cultural and religious backgrounds. The Group prohibits discrimination or harassment based on religion, sex, age, disability, marital status or any other status protected by applicable laws.

The Group also strictly prohibits the employment of children or forced labour. The Group has a strict recruitment procedure including checking identity documents and ensuring the employment candidates are lawfully employable. Only candidates meeting the legal age requirement are considered for employment. No employment is allowed before this process is successfully completed. Separately, all kinds of forced or compulsory labour under any conditions, such as by means of physical punishment, abuse, involuntary servitude, peonage or trafficking, are strictly forbidden. It is unlikely that children and forced labour will be hired. The Group is not aware of non-compliance with child and forced labour-related laws and regulations (including but not limited to the Employment of Children Regulations under the Employment Ordinance and the Employment Ordinance). To comply with the laws and regulations related to child and force labour, any employment will be terminated immediately in case of any non-compliance discovered.

To maintain work-life balance, the Company holds lunch gatherings to celebrate traditional Chinese festivals such as Mid-Autumn Festival and Winter Solstice Festival, etc. The Group also encourages its employees to work and rest in accordance with the working hours and rest periods stipulated by the relevant Hong Kong laws and regulations.

During the year, the Group was not aware of any violations of laws and regulations relating to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, other benefits and welfare and other relevant employment laws and regulations.

### WORKPLACE HEALTH AND SAFETY

The Group is committed to providing a safe and healthy working environment as the Group believes that its employees are valuable assets of the Group. As the Group does not engage in business in a high-risk industry, the management considers there are relatively fewer occupational hazards as compared to other high-risk industries such as the construction industry.

The Group has adopted relevant provisions of the “Occupational Safety Health Regulation” under the Occupational Safety and Health Ordinance (Cap 509) as a general guideline and practice for the Group to maintain a healthy and safe working environment for its employees.

Since the COVID-19 outbreak in January 2020, the Group has committed to control the incidence or transmission of the disease and combat the COVID-19. The Group has encouraged its staff to take every precautionary measure to ensure good personal hygiene and social distancing in the workplace. The Group has recommended its staff to avoid unnecessary social contact or physical meeting with tenants and other working partners during this difficult period. The Group encouraged its staff and directors to change the means of meeting (if necessary) in place of physical meetings. Flexible working arrangements are permissible at the executive directors’ discretion. Also, the Group has encouraged its staff to maintain good health and well-being and strengthen their immune system by eating a balanced diet and/or taking dietary supplements.

### WORKPLACE HEALTH AND SAFETY (Continued)

During the year, the Group did not find any violations of laws and regulations relating to providing a safe working environment and protecting employees from occupational hazards. The Group was not prosecuted in relation to any occupational health and safety violations or matters. The Group had neither any work-related fatalities nor reportable work injuries/occupational disease during the past three years.

### DEVELOPMENT AND TRAINING

The Group encourages employees to self-improve through supplementary training courses or programs (not limited to job-related courses or degrees in approved recognized educational institutions). The Group believes continuous professional training helps employees to develop knowledge and skills for discharging duties at work. For this purpose, the Group grants study and exam leave for employees. In addition, the Group encourages employees to join external courses, seminars or webinar which are related to our business, or laws and regulations updates.

## OPERATIONAL PRACTICE

### SUPPLY CHAIN MANAGEMENT

The Group understands the importance of supply chain management for sustainable growth. The supply chain of the Group mainly consists of contractors (all of which are based in Hong Kong and mainly comprises repairs sub-contractors and development contractors). The Group encourages our contractors to maintain a high standard on business ethics and conducts, with satisfactory environmental and social performance. For example, contractors are encouraged not to conduct noisy work on public holidays. For the environmental and health and safety aspect, hazardous materials are prohibited to be used for repairs or construction (if any) under all relevant local laws and regulations. Contractors are also required to follow waste handling guidelines. The Group monitors and evaluates the performance of contractors through internal assessments with reference to related building management office's complaints, tenants' feedback or site visits.

During the selection and evaluation processes of repairs workers/companies and development contractors, the Group considers various factors, including but not limited to price, relevant project experience and record of completion on time. The Group also requires them to comply with all relevant local laws and standards in terms of quality control, occupational health and safety, and environmental regulations especially handling materials waste. The Group ensures that all parties involved in the procurement process participate fairly, honestly and in good faith.

### PRODUCT RESPONSIBILITY

The Group is committed to providing safe structural conditions of commercial shops and residential flats for the tenants. As we are not a manufacturing company, disclosure relating to product responsibility, as set forth in the ESG Guide, is not applicable to the Group.

### ANTI-BRIBERY AND ANTI-CORRUPTION

The Group aims to maintain the highest standards of transparency, uprightness and accountability. The code of conduct on anti-corruption has been formulated. It provides guidelines to all of the staff in order to prevent and detect any kinds of bribery and corruption prohibited by local laws and regulations. All of our employees are informed and expected to conduct themselves with integrity, impartiality and honesty. The Group does not tolerate any corruption, bribery, extortion, fraud or money laundering during the course of our business activities. The Group has provided reading materials relating to anti-corruption to the Directors as part of the Directors' training. The Group has also provided reading materials relating to anti-corruption, bribery and money-laundering, and code of conduct on anti-corruption of the Company to the Directors and staff in order to refresh their knowledge and/or keep them abreast of development on these issues.

In addition, the Group has adopted a whistle-blowing program to encourage disclosure of any misconduct or irregularities to designated persons. If the person or case concerned relates to any executive director, a report should be addressed directly to the chairman of the Audit Committee of the Company. If the person or case concerned does not relate to any executive director, a report should be addressed directly to the designated executive director under Whistleblowing Reporting Section of the Company. All reported cases are handled with care by the Group and investigated in a fair and proper manner.

During the year, the Group was not aware of any violations of the relevant laws and regulations. There were no confirmed incidents or legal cases regarding corruption in relation to the Group or its employees.

## COMMUNITY

### **COMMUNITY INVESTMENT**

Throughout the year, the Group continued encouraging its employees and directors to participate in volunteer services or activities held by the charities in their communities. Volunteer work is not limited to participating in the flag days, raffle days or other community events which help persons in need, but there is no particular focus area of contribution by the Company. Due the COVID-19 pandemic, volunteer services during the year decreased substantially. The Group's employees and directors contributed about 16 hours of volunteer services in aggregate during the year.

# DIRECTORS' REPORT

The directors have pleasure in submitting their report and the audited financial statements of the Company and of the Group for the year ended 31 March 2022.

## PRINCIPAL ACTIVITIES

## RESERVES

As at 31 March 2022, the Company's distributable reserves, calculated under Part 6 of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong), amount to HK\$648,974,439 (2021: HK\$664,028,546).

# DIRECTORS' REPORT

## RESERVES *(Continued)*

The movements in reserves of the Company and the Group during the year are set out in note 29 to the Group's consolidated financial statements and the consolidated statement of changes in equity on page 49 to the Group's consolidated financial statements, respectively.

## DIRECTORS

The directors of the Company who held office during the year and up to the date of this report were:

### **Executive directors\*:**

Ng Tai Wai  
Ng Tai Yin, Victor

### **Non-executive directors\*:**

So Kwok Leung  
So Kwok Wai, Benjamin  
Ng Kwok Fun

### **Independent non-executive directors:**

Ng Chi Yeung, Simon  
Chan Suit Fei, Esther  
Heng Pei Neng, Roy

\* All executive and non-executive directors are also directors of all the subsidiaries of the Company.

In accordance with articles 110 and 111 of the Company's articles of association, Mr. Ng Tai Yin, Victor, So Kwok Wai, Benjamin and Dr. Ng Chi Yeung, Simon will retire by rotation and, being eligible, offer themselves for re-election.

The Company has received a confirmation from each of the independent non-executive directors as regards their independence with respect to the Company for the year and considers that each of the independent non-executive directors is independent from the Company.

The Board has also assessed the independence of Dr. Ng Chi Yeung, Simon, who has served the Board for more than nine years and is due for re-election at the forthcoming annual general meeting. Dr. Ng was appointed as an independent non-executive director in 1995. Save for his role as an independent non-executive director, Dr. Ng does not hold any executive or management role and is not involved in the daily management of the Company and the Group, nor does he have any relationship or are there any circumstances which would interfere with the exercise of his independent judgement. Dr. Ng has provided a written confirmation of his independence to the Company. The Board is satisfied that Dr. Ng meets the independence requirements of the Listing Rules notwithstanding the length of his service with the Company and believes that Dr. Ng is still independent and should be re-elected as independent non-executive director at the forthcoming annual general meeting.

# DIRECTORS' REPORT

## SUBSTANTIAL SHAREHOLDERS

As at 31 March 2022, no person, other than Mr. Ng Tai Wai, Mr. Ng Tai Yin, Victor, Mr. So Kwok Leung and Mr. So Kwok Wai, Benjamin, all of whom are directors of the Company, and Rheingold Holdings Limited (jointly owned by Mr. Ng Tai Wai and Ng Tai Yin, Victor as an administrator of the estate of Mr. Ng See Wah), had any notifiable interest or short position in the shares or underlying shares of the Company which would fall to be disclosed to the Company under provisions of Divisions 2 and 3 of Part XV of the SFO, or which were recorded in the register required to be kept by the Company pursuant to section 336 of the SFO.

Saved as disclosed above, none of the Directors is also a director or employee of a company which has an interest or short position in shares or underlying shares of the Company which would fall to be disclosed under the provisions of Division 2 and 3 of Part XV of the SFO.

## CONNECTED TRANSACTIONS

None of the "Related Party Transactions" as disclosed in note 39 to Group's consolidated financial statements constituted "Connected Transactions" or "Continuing Connected Transactions" as defined under Chapter 14A of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"). Where applicable, the Company has complied with the disclosure requirements in accordance with Chapter 14A of the Listing Rules.

## CONTRACTS WITH CONTROLLING SHAREHOLDERS

No contract of significance was entered into between the Company or any of its subsidiaries, and the controlling shareholders or any of its subsidiaries during the year ended 31 March 2022 or subsisted as at the end of the financial year, and no contract of significance for the provision of services to the Company or any of its subsidiaries by a controlling shareholder or any of its subsidiaries was entered into during the year ended 31 March 2022 or subsisted as at the end of the financial year.

## DIRECTORS' INTERESTS IN CONTRACTS, TRANSACTIONS AND ARRANGEMENTS

None of the directors had any direct or indirect interest in any subsisting contract, transaction or arrangement of significance with the Company or its subsidiaries during and as at the end of the year.

## DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

None of the directors had any arrangement with the Company or its subsidiaries to enable them to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate during or at the end of the year.

## MANAGEMENT CONTRACTS

None of the directors proposed for re-election at the forthcoming annual general meeting has any unexpired service contract which is not determinable by the Company or any of its subsidiaries within one year without payment of compensation, other than statutory compensation.

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during or at the end of the year.

## SHARE PURCHASE, SALE OR REDEMPTION

Neither the Company nor any of its subsidiaries purchased, sold or redeemed any listed securities of the Company or any of its subsidiaries during the year under review.

## MAJOR CUSTOMERS AND SUPPLIERS

In relation to the Group's property leasing business, the percentages of gross rental income for the year ended 31 March 2022 attributable to the largest tenant and the five largest tenants in aggregate were 38% and 75% respectively.

None of the directors, their close associates or any shareholders (who to the knowledge of the directors own more than 5% of the Company's issued capital) had any beneficial interest in the Group's five largest tenants.

The Group had no significant purchases of goods and services during the year ended 31 March 2022.

## RETIREMENT SCHEME

The group operates a mandatory provident fund scheme ("MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for all eligible employees. The scheme is a defined contribution scheme administered by independent trustees. Under the scheme, employer and employees are required to make contributions to the scheme at 5% of the employees' relevant income, subject to a maximum of monthly contribution of HK\$1,500. Contributions to the MPF Scheme vest immediately. Under the MPF Scheme, the employer's existing level of contributions can be reduced by contributions forfeited by the employers on behalf of those employees who leave the Group's MPF Scheme prior to their entitlements vesting fully. Notwithstanding the above, during the year ended 31 March 2022, there were neither any forfeited contributions nor had there been any utilisation of such forfeited contributions to reduce future contributions.

## PUBLIC FLOAT

Based on the information that is publicly available and to the best of the knowledge of the directors, as at the date of this report, there is sufficient public float of not less than 25% of the Company's issued shares as required under the Listing Rules.

## AUDITORS

## Independent Auditor's Report to the Members of

### **WINFAIR INVESTMENT COMPANY LIMITED**

*(incorporated in Hong Kong with limited liability)*

## OPINION

We have audited the consolidated financial statements of Winfair Investment Company Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 47 to 100, which comprise the consolidated statement of financial position as at 31 March 2022, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

## BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## KEY AUDIT MATTER

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## VALUATION OF INVESTMENT PROPERTIES

*(refer to notes 4.4 and 5(b)(iii) for the significant accounting policies and disclosure for the estimation of fair value of investment properties, respectively, and note 16 to the consolidated financial statements)*

Management estimated the fair value of the Group's investment properties to be approximately HK\$944,200,000 as at 31 March 2022, with fair value gain of approximately HK\$25,700,000 recognised in the consolidated statement of profit or loss and other comprehensive income for the year ended 31 March 2022.

# INDEPENDENT AUDITOR'S REPORT

## KEY AUDIT MATTER *(Continued)*

### **VALUATION OF INVESTMENT PROPERTIES** *(Continued)*

Management has engaged an independent professional valuer (the "Management Expert") to assist the management in performing the valuation of the Group's investment properties as at 31 March 2022. The valuations of the Group's investment properties are dependent on certain key assumptions and estimations that require significant management judgement. Favourable or unfavourable changes to these assumptions may result in changes in the fair value of the Group's investment properties and corresponding adjustments to the changes in fair value reported in the consolidated statement of profit or loss and other comprehensive income and the carrying amount of these properties included in the consolidated statement of financial position.

We identified the valuation of the investment properties as a key audit matter because the valuation was inherently subjective and requires significant management judgement and estimation and significant changes in these estimates could result in material changes to the valuation of the investment properties.

### **OUR RESPONSES:**

Our key procedures in relation to this key audit matter included:

- Involving an auditor's expert to assist our assessment on the appropriateness of the valuation methodologies and the reasonableness of the key assumptions and estimates used in the valuation of the fair value of the major investment properties;
- Evaluating the reliability and relevance of the sources of key inputs used in the valuation; and
- Evaluating the capabilities, competence and objectivity of the Management Expert and the auditor's expert.

## OTHER INFORMATION IN THE ANNUAL REPORT

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## DIRECTORS' RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

# INDEPENDENT AUDITOR'S REPORT

## DIRECTORS' RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

*(Continued)*

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibility in this regard.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with Section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

# INDEPENDENT AUDITOR'S REPORT

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and whether applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 1. GENERAL

Winfair Investment Company Limited (the “Company”) is a public limited liability company incorporated in Hong Kong. Its shares are listed and traded on the Main Board of the Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The Company and its subsidiaries are together referred to as a Group. The address of its registered office is 501-2, 5/F, Lee Kiu Building, 51 Jordan Road, Kowloon, Hong Kong, which is also its principal place of business.

The principal activities of the Company and its subsidiaries are property and share investments, property development and securities dealings.

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

### 2.1 ADOPTION OF NEW OR REVISED HKFRSs

In the current year, the Group has applied for the first time the following new standards, amendments and interpretations (“the new HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), which are relevant to and effective for the Group’s consolidated financial statements for the annual period beginning on 1 April 2021:

Amendment to HKFRS 16	COVID-19-Related Rent Concessions
Amendment to HKFRS 16	COVID-19-Related Rent Concessions Beyond 30 June 2021
Amendments to HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2

The impact of the adoption of amendments to HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 and HKFRS 16 Interest Rate Benchmark Reform – Phase 2 have been summarised in below. The other new or amended HKFRSs that are effective from 1 April 2021 did not have any significant impact on the Group’s accounting policies, results and financial position.

### **AMENDMENTS TO HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 AND HKFRS 16 – INTEREST RATE BENCHMARK REFORM – PHASE 2**

The amendments provide targeted reliefs from (i) accounting for changes in the basis for determining contractual cash flows of financial assets, financial liabilities and lease liabilities as modifications, and (ii) discontinuing hedge accounting when an interest rate benchmark is replaced by an alternative benchmark rate as a result of the reform of interbank offered rates (the “IBOR reform”). The amendments do not have an impact on the Group’s consolidated financial statements as none of the relevant contracts has been transitioned to the relevant replacement rates during the year. The Group will apply the practical expedient in relation to the changes in contractual cash flows resulting from the interest rate benchmark reform for bank borrowings measured at amortised cost.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

### 2.2 NEW OR REVISED HKFRSs THAT HAVE BEEN ISSUED BUT ARE NOT YET EFFECTIVE

The following new or revised HKFRSs, potentially relevant to the Group’s consolidated financial statements, have been issued, but are not yet effective and have not been early adopted by the Group. The Group’s current intention is to apply these changes on the date they become effective.

HKFRS 17	Insurance Contracts <sup>3</sup>
Amendments to HKFRS 3	Reference to the Conceptual Framework <sup>2</sup>
Amendments to HKFRS 1, HKFRS 9 and HKFRS 16 & HKAS 41	Annual Improvements to HKFRSs 2018-2020 Cycle <sup>1</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>4</sup>
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current <sup>3</sup>
Amendments to HKAS 1	Disclosure of Accounting Policies <sup>3</sup>
Amendments to HKAS 8	Definition of Accounting Estimates <sup>3</sup>
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction <sup>3</sup>
Amendments to HKAS 16	Property, Plant and Equipment – Proceeds before Intended Use <sup>1</sup>
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract <sup>1</sup>
HK Interpretation 5 (2020)	Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause <sup>3</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2022

<sup>2</sup> Effective for business combinations for which the date of acquisition is on or after the beginning of the first annual period beginning on or after 1 January 2022

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2023

<sup>4</sup> The amendments shall be applied prospectively to the sale or contribution of assets occurring in annual periods beginning on or after a date to be determined.

The directors of the Company anticipate that the application of these new standards, amendments and improvement to HKFRSs and interpretations will have no material impact on the Group’s accounting policies.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

### 2.2 NEW OR REVISED HKFRSs THAT HAVE BEEN ISSUED BUT ARE NOT YET EFFECTIVE (Continued)

#### **AMENDMENTS TO HKAS 1 CLASSIFICATION OF LIABILITIES AS CURRENT OR NON-CURRENT AND HK INTERPRETATION 5 (2020)**

The amendments provide clarification and additional guidance on the assessment of right to defer settlement for at least twelve months from reporting date for classification of liabilities as current or non-current, which:

- Specify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of reporting period. Specifically, the amendments clarify that:
  - (i) The classification should not be affected by management intentions or expectations to settle the liability within 12 months; and
  - (ii) If the right is conditional on the compliance with covenants, the right exists if the conditions are met at the end of the reporting period, even if the lender does not test compliance until a later date; and
- Clarify that if a liability has terms that could, at the option of the counterparty, result in its settlement by the transfer of the entity’s own equity instruments, these terms do not affect its classification as current or non-current only if the entity recognises the option separately as an equity instrument applying HKAS 32 Financial Instruments: Presentation.

In addition, Hong Kong Interpretation was revised as a consequence of the Amendments to HKAS 1 to align the corresponding wordings with no change in conclusion.

Based on the Group’s outstanding liabilities as at 31 March 2022, the application of the amendments will not result in reclassification of the Group’s liabilities.

## 3. BASIS OF PREPARATION

### (a) STATEMENT OF COMPLIANCE

The consolidated financial statements have been prepared in accordance with all HKFRSs, Hong Kong Accounting Standards (“HKASs”) and Interpretations (hereinafter collectively referred to as the “HKFRS”) issued by HKICPA and the provisions of the Hong Kong Companies Ordinance which concern the preparation of financial statements. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange.

### (b) BASIS OF MEASUREMENT

The consolidated financial statements have been prepared under the historical cost basis except for certain properties and financial instruments, which are measured at fair values as explained in the accounting policies set out in note 4 below.

### (c) FUNCTIONAL AND PRESENTATION CURRENCY

The consolidated financial statements are presented in Hong Kong dollars (“HK\$”), which is the same as the functional currency of the Company.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 4.1 BASIS OF CONSOLIDATION

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries (the "Group"). Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the dates of acquisition or up to the dates of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by other members of the Group.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interest. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

### 4.2 SUBSIDIARIES

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: power over the investee, exposure, or rights, to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

### 4.3 PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. The cost of property, plant and equipment includes its purchase price and the costs directly attributable to the acquisition of bringing the asset to its present working condition and location for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised as an expense in profit or loss during the financial period in which they are incurred.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.3 PROPERTY, PLANT AND EQUIPMENT *(Continued)*

Property, plant and equipment are depreciated so as to write off their cost net of expected residual value over their estimated useful lives on a straight-line basis. The useful lives, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period. The useful lives are as follows:

Leasehold land and building	over the shorter of lease term or 40 years on a straight-line basis
Leasehold improvement	10% reducing balance method
Furniture, fixtures and equipment	10% reducing balance method

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount. The gain or loss on disposal of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in profit or loss on disposal.

### 4.4 INVESTMENT PROPERTIES

Investment properties are properties held to earn rentals and/or for capital appreciation (including properties under construction and redevelopment for such purposes). Investment properties are initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at their fair values. Gains or losses arising from changes in the fair value of investment properties are included in profit or loss for the period in which they arise.

Investment properties under construction and redevelopment are measured at fair value at the end of the reporting period. Construction costs incurred for investment properties under construction and redevelopment are capitalised as part of the carrying amount of the investment properties. Any difference between the fair value of the investment properties under construction and redevelopment and their carrying amounts is recognised in profit or loss for the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss in the period in which the item is derecognised.

### 4.5 PROPERTIES HELD FOR OR UNDER DEVELOPMENT

Properties held for or under development include land held for undetermined future use, which is regarded as held for capital appreciation purpose. Such properties held for or under development are initially measured at cost, including any directly attributable expenditure, and stated at fair value, subsequent to initial recognition, at each reporting date when fair value can be determined reliably. Gains or losses arising from the changes in the fair values are taken to profit or loss.

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.6 FINANCIAL INSTRUMENTS

#### *(i)* **FINANCIAL ASSETS**

A financial asset (unless it is a trade receivable without a significant financing component) is initially measured at fair value plus, for an item not at fair value through profit or loss (“FVTPL”), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the market place.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### *Debt instruments*

Subsequent measurement of debt instruments depends on the Group’s business model for managing the asset and the cash flow characteristics of the asset. The Group classifies its debt instruments as follows:

**Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest method. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain on derecognition is recognised in profit or loss.

#### *Equity instruments*

On initial recognition of an equity investment that is not held for trading, the Group could irrevocably elect to present subsequent changes in the investment’s fair value in other comprehensive income. This election is made on an investment-by-investment basis. Equity instruments at fair value through other comprehensive income (“FVTOCI”) are measured at fair value. Dividend income are recognised in profit or loss unless the dividend income clearly represents a recovery of part of the cost of the investments. Other net gains and losses are recognised in other comprehensive income and are not reclassified to profit or loss. All other equity instruments are classified as FVTPL, whereby changes in fair value, dividends and interest income are recognised in profit or loss.

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.6 FINANCIAL INSTRUMENTS *(Continued)*

#### **(ii) IMPAIRMENT LOSS ON FINANCIAL ASSETS**

The Group recognises loss allowances for expected credit loss (“ECL”) on trade receivables and financial assets measured at amortised cost. The ECLs are measured on either of the following bases: (1) 12 months ECLs: these are the ECLs that result from possible default events within the 12 months after the reporting date; and (2) lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the assets’ original effective interest rate.

The Group has elected to measure loss allowances for trade receivables using HKFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group’s historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other debt financial assets, the ECLs are based on the 12-month ECLs. However, when there has been a significant increase in credit risk since initial recognition, the allowance will be based on the lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information analysis, based on the Group’s historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Group considers a financial asset to be credit-impaired when: (1) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (2) the financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Interest income on credit-impaired financial assets is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset. For non credit-impaired financial assets, interest income is calculated based on the gross carrying amount.

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.6 FINANCIAL INSTRUMENTS *(Continued)*

#### **(ii) IMPAIRMENT LOSS ON FINANCIAL ASSETS *(Continued)***

##### *Write-off policy*

The gross carrying amount of a financial asset or contract asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

#### **(iii) FINANCIAL LIABILITIES**

The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

##### *Financial liabilities at amortised cost*

Financial liabilities at amortised cost including other payables and borrowings, are subsequently measured at amortised cost, using the effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

#### **(iv) EFFECTIVE INTEREST METHOD**

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

#### **(v) EQUITY INSTRUMENTS**

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

#### **(vi) FINANCIAL GUARANTEE CONTRACTS**

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. A financial guarantee contract issued by the Group and not designated as at FVTPL is recognised initially at its fair value less transaction costs that are directly attributable to the issue of the financial guarantee contract. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount of the loss allowance, being the ECL provision measured in accordance with principles of the accounting policy set out in 4.6(ii); and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with the principles of HKFRS 15.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.6 FINANCIAL INSTRUMENTS *(Continued)*

#### *(vii)* **DERECOGNITION**

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKFRS 9.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

Where the Group issues its own equity instruments to a creditor to settle a financial liability in whole or in part as a result of renegotiating the terms of that liability, the equity instruments issued are the consideration paid and are recognised initially and measured at their fair value on the date the financial liability or part thereof is extinguished. If the fair value of the equity instruments issued cannot be reliably measured, the equity instruments are measured to reflect the fair value of the financial liability extinguished. The difference between the carrying amount of the financial liability or part thereof extinguished and the consideration paid is recognised in profit or loss for the year.

### 4.7 IMPAIRMENT OF ASSETS (OTHER THAN FINANCIAL ASSETS)

At the end of each reporting period, the Group reviews the carrying amounts of the property, plant and equipment and investments in subsidiaries to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased.

If the recoverable amount (i.e. the greater of the fair value less costs of disposal and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

Value in use is based on the estimated future cash flows expected to be derived from the asset, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit.

### 4.8 LEASING

#### **ACCOUNTING AS A LESSEE**

All leases are required to be capitalised in the consolidated statement of financial position as right-of-use assets and lease liabilities, but accounting policy choices exist for an entity to choose not to capitalise (i) leases which are short-term leases and/or (ii) leases for which the underlying asset is of low-value. The Group has elected not to recognise right-of-use assets and lease liabilities for low-value assets and leases for which at the commencement date have a lease term less than 12 months. The lease payments associated with those leases have been expensed on straight-line basis over the lease term.

FOR THE YEAR ENDED 31 MARCH 2022

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.8 LEASING *(Continued)*

#### **ACCOUNTING AS A LESSEE** *(Continued)*

##### *Right-of-use asset*

The right-of-use asset is initially recognised at cost and would comprise: (i) the amount of the initial measurement of the lease liability (see below for the accounting policy to account for lease liability); (ii) any lease payments made at or before the commencement date, less any lease incentives received; (iii) any initial direct costs incurred by the lessee; and (iv) an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories. Except for right-of-use asset that meets the definition of an investment property, the Group measures the right-of-use assets applying a cost model. Under the cost model, the Group measures the right-to-use at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liability.

The Group accounts for leasehold land and buildings that are held for rental or capital appreciation purpose under HKAS 40 and are carried at fair value. The Group accounts for leasehold land and buildings which is held for own use under HKAS 16 and are carried at cost less accumulated depreciation and any accumulated losses.

##### *Lease liability*

The lease liability is recognised at the present value of the lease payments that are not paid at the date of commencement of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses the Group's incremental borrowing rate.

The following payments for the right-to-use the underlying asset during the lease term that are not paid at the commencement date of the lease are considered to be the lease payments included in the measurement of the lease liability: (i) fixed payments less any lease incentives receivable; (ii) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at commencement date; (iii) amounts expected to be payable by the lessee under residual value guarantees; (iv) the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and (v) payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

Subsequent to the commencement date, the Group measures the lease liability by: (i) increasing the carrying amount to reflect interest on the lease liability; (ii) reducing the carrying amount to reflect the lease payments made; and (iii) remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in substance fixed lease.

#### **ACCOUNTING AS A LESSOR**

The Group has leased out its investment properties to a number of tenants. Rental income from operating leases is recognised in profit or loss (presented as revenue) on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense on the straight-line basis over the lease term.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.9 EMPLOYEE BENEFITS

#### (a) **SHORT TERM EMPLOYEE BENEFITS**

Short term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. Short term employee benefits are recognised in the year when the employees render the related service.

#### (b) **DEFINED CONTRIBUTION RETIREMENT PLAN**

Contributions to defined contribution retirement plans are recognised as an expense in profit or loss when the services are rendered by the employees.

#### (c) **TERMINATION BENEFITS**

Termination benefits are recognised on the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs involving the payment of termination benefits.

### 4.10 PROVISIONS AND CONTINGENT LIABILITIES

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which it is probable will result in an outflow of economic benefits that can be reliably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

### 4.11 INCOME TAXES

Income taxes for the year comprise current tax and deferred tax.

Current tax is based on the profit or loss from ordinary activities adjusted for items that are non-assessable or disallowable for income tax purposes and is calculated using tax rates that have been enacted or substantively enacted at the end of reporting period. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects any uncertainty related to income tax.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.11 INCOME TAXES *(Continued)*

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Except for goodwill not deductible for tax purposes and initial recognition of assets and liabilities that are not part of the business combination which affect neither accounting nor taxable profits, taxable temporary differences arising on investments in subsidiaries, where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised, provided that the deductible temporary differences are not arises from initial recognition of assets and liabilities in a transaction other than in a business combination that affects neither taxable profit nor the accounting profit. Deferred tax is measured at the tax rates appropriate to the expected manner in which the carrying amount of the asset or liability is realised or settled and that have been enacted or substantively enacted at the end of reporting period, and reflects any uncertainty related to income taxes.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income tax levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

An exception to the general requirement on determining the appropriate tax rate used in measuring deferred tax amount is when an investment property is carried at fair value under HKAS 40 "Investment Property". Unless the presumption is rebutted, the deferred tax amounts on these investment properties are measured using the tax rates that would apply on sale of these investment properties at their carrying amounts at the reporting date. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all the economic benefits embodied in the property over time, rather than through sale.

Income taxes are recognised in profit or loss except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income or when they relate to items recognised directly in equity in which case the taxes are also recognised directly in equity.

### 4.12 REVENUE RECOGNITION

Rental income under operating leases is recognised on a straight-line basis over the term of the relevant lease.

Dividend income is recognised when the right to receive the dividend is established.

Interest income is accrued on a time basis on the principal outstanding at the applicable interest rate.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

### 4.13 CASH AND CASH EQUIVALENTS

In the consolidated statement of cash flows, cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

### 4.14 SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors of the Company that make strategic decisions.

### 4.15 INTEREST-BEARING BANK BORROWINGS

Interest-bearing bank borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing bank borrowings are stated at amortised cost with any difference between the cost and the redemption value being recognised in profit or loss over the period of the bank borrowings using the effective interest method, unless the effect is insignificant.

Interest-bearing bank borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liabilities for at least 12 months after the end of reporting period.

### 4.16 CAPITALISATION OF BORROWING COSTS

Borrowing costs attributable directly to the acquisition, construction or production of qualifying assets which require a substantial period of time to be ready for their intended use or sale, are capitalised as part of the cost of those assets. Income earned on temporary investments of specific borrowings pending their expenditure on those assets is deducted from borrowing costs capitalised. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

### 4.17 GOVERNMENT GRANTS

Government grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under other income, rather than reducing the related expense.

### 4.18 RELATED PARTIES

- (a) A person, or a close member of that person's family, is related to the Group if that person:
  - (i) has control or joint control of the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions applies:
  - (i) the entity and the Group are members of the same Group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
  - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - (iii) both entities are joint ventures of the same third party.
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
  - (vi) the entity is controlled or jointly controlled by a person identified in (a).
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
  - (viii) The entity, or any member of the Group of which it is a part, provides key management personnel services to the Group.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

## 5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENT

The preparation of consolidated financial statements in the application of the Group's accounting policies requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. These judgements, estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

### (a) CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

#### (i) **DEFERRED TAXATION ON INVESTMENT PROPERTIES AND PROPERTIES HELD FOR OR UNDER DEVELOPMENT**

For the purposes of measuring deferred tax liabilities or deferred tax assets arising from investment properties and properties held for or under development (collectively referred to as the "Properties") that are using the fair value model, the directors of the Company have reviewed the Properties portfolios and concluded that the Properties situated in Hong Kong are not held under a business model whose objective is to consume substantially all of the economic benefits embodied in the Properties over time rather than through sale. Therefore, the presumption that the carrying amounts of the Properties are recovered entirely through sale is not rebutted for properties situated in Hong Kong. As a result, the Group has not recognised any deferred taxes on changes in fair value of these Properties located in Hong Kong as the Group is not subject to any income tax on disposal of these Properties.

### (b) KEY SOURCES OF ESTIMATION UNCERTAINTY

In addition to information disclosed elsewhere in these consolidated financial statements, other key sources of estimation uncertainty that have a significant risk of resulting a material adjustment to the carrying amounts of assets and liabilities within next financial year are as follows:

#### (i) **INCOME TAXES**

Significant judgement is required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for anticipated tax based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences, of course, will impact upon the income tax and deferred tax provision in the period in which such determination is made.

#### (ii) **IMPAIRMENT OF NON-FINANCIAL ASSETS**

The Group assesses whether there are any indicators of impairment for all non-financial assets at the end of the reporting period in accordance with accounting policy stated in note 4.7 to the consolidated financial statements. They are tested for impairment when there are indicators that the carrying amounts may not be recoverable. When value in use calculations are undertaken, management estimates the expected future cash flows from the asset or cash-generating unit and determines a suitable discount rate in order to calculate the present value of those cash flows.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## 5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENT *(Continued)*

### (b) KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

#### (iii) FAIR VALUE OF INVESTMENT PROPERTIES AND PROPERTIES HELD FOR OR UNDER DEVELOPMENT

The investment properties and properties held for or under development are carried in the consolidated statement of financial position at 31 March 2022 at their fair values, details of which are disclosed in notes 16 and 17 to the consolidated financial statements respectively. The fair values of the Properties are determined by reference to valuations conducted on these Properties by an independent qualified external valuer using property valuation techniques which involve certain assumptions of prevailing market conditions. Favourable or unfavourable changes to these assumptions may result in changes in the fair value of the Group's Properties and corresponding adjustments to the changes in fair value reported in the consolidated statement of profit or loss and other comprehensive income and the carrying amount of these properties included in the consolidated statement of financial position. The carrying amount of investment properties at 31 March 2022 is approximately HK\$944,200,000 (2021: HK\$918,500,000).

#### (iv) FAIR VALUE MEASUREMENT

A number of assets and liabilities included in the Group's financial statements require measurement at, and/or disclosure of, fair value. The fair value measurement of the Group's financial and non-financial assets and liabilities utilises market observable inputs and data as far as possible. Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the "fair value hierarchy"):

- Level 1: Quoted prices in active markets for identical items (unadjusted);
- Level 2: Observable direct or indirect inputs other than Level 1 inputs; and
- Level 3: Unobservable inputs (i.e. not derived from market data).

The classification of an item into the above levels is based on the lowest level of the inputs used that has a significant effect on the fair value measurement of the item. Transfers of items between levels are recognised in the period they occur.

For more detailed information in relation to the fair value measurement of investment properties (note 16), properties held for or under development (note 17), equity instruments at FVTOCI (note 18) and equity instruments at FVTPL (note 19), please refer to the applicable notes.

#### (v) **IMPAIRMENT OF TRADE AND OTHER RECEIVABLES**

The Group's management determines the provision for impairment of receivables on a forward-looking basis. In making the judgement, management considers available reasonable and supportive forward-looking information such as expected significant changes in the operating results of debtors and expected significant adverse changes in business and debtors' financial position.

At each reporting date, the historical observed default rates would be reassessed and changes in the forward-looking estimates are analysed. The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the Group's trade and other receivables and credit policy are disclosed in notes 20 and 37(a) to the consolidated financial statements respectively.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

## 23. BANK BORROWINGS – SECURED (Continued)

Notes:

- (a) As at 31 March 2022, secured bank loans of approximately HK\$17,916,000 (2021: HK\$18,727,000) are classified as current liabilities as the related loan agreements contain a clause that provides the lenders with an unconditional right to demand repayment at any time at its own discretion.
- (b) The Group's secured bank loans bear interest at 1.55% above Hong Kong Interbank Offered Rate ("HIBOR"), or 1.8% per annum below Hong Kong Dollars Best Lending Rate ("BLR") of a commercial bank in Hong Kong (2021: 1.55% above HIBOR, or 1.8% below BLR). During the year, the finance costs on bank borrowings were HK\$304,977 (2021: HK\$428,236).
- (c) As at 31 March 2022 and 2021, the Group's bank borrowings were secured by (i) investment properties amounting to approximately HK\$65,500,000 (2021: HK\$67,500,000) (note 16) and (ii) a corporate guarantee amounting to HK\$32,900,000 (2021: HK\$32,900,000) (note 34) given by the Company in favour of the bank for securing the aforesaid loans.
- (d) The Group needs to fulfill certain covenants on loan-to-security value ratio. If the Group were to breach the covenants, the drawn down facilities would become payable on demand and the rent of the pledged properties would be collected by the bank. The Group regularly monitors its compliance with these covenants. As at 31 March 2022 and 2021, the Group has not breached any of the covenants of the banking facilities.
- (e) The directors of the Company consider that the carrying amount of the bank borrowings approximates their fair value.

## 34. FINANCIAL GUARANTEES

Corporate guarantees given by the Company in favour of a bank for bank loans granted to the Company's subsidiaries:

	2022	2021
	HK\$	HK\$
Guaranteed amount (Maximum exposure to credit risk)	32,900,000	32,900,000

The Company provided guarantees in respect of facilities granted by the bank relating to bank loans arranged for subsidiaries with covenant as set out in note 23 to the consolidated financial statements. Pursuant to the terms of the guarantees, upon default in payments by the subsidiaries, the Company will be responsible for repaying the outstanding principals together with accrued interest and penalty owed by the defaulted subsidiaries to the bank. The directors of the Company consider that the likelihood of default in payments by purchasers is minimal.

## 35. CAPITAL RISK MANAGEMENT

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Group monitors capital structure on the basis of a net debt-to-adjusted capital ratio. For this purpose the Group defines net debt as total debt (which includes interest-bearing borrowings and other payables) plus proposed dividends, less cash and cash equivalents. Adjusted capital comprises all components of equity less proposed dividends.

The Group aims to maintain a manageable net debt-to-adjusted capital ratio. In order to maintain the capital structure, the Group may adjust the amount of dividends to be paid to shareholders, issue new shares, or sell assets to reduce debts, or raise borrowings for acquisition of assets in the light of changes in the Group's business portfolio and economic conditions.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## 37. FINANCIAL RISK MANAGEMENT

Exposure to credit, liquidity, and market (including interest rate and price) risks arises in the normal course of the Group's business. Exposures to these risks are controlled by the Group's financial management policies and practices described below. No derivative financial instruments are used to hedge any exposure to these risks.

### (a) CREDIT RISK

The Group's credit risk is primarily attributable to its financial assets at amortised cost.

In respect of trade receivables, the Group holds rental deposits from tenants to address potential exposure to credit risk. Further, evaluation is made for the tenants with reference to their credit history and financial strength, as well as the economic environment in which the tenant operates. There is no significant concentration of credit risk with respect to rental receivables. The exposure of credit risk on rental receivables is limited due to deposits received from tenants. Full allowance will be made on the balance overdue for 90 days after setting off the relevant tenant's deposit.

Other receivables mainly represented dividend receivable from listed investments, interest receivables from financial institutions and sale proceeds from disposal of listed investments. Investments and deposits are only made to the listed companies and financial institutions, which have obtained high credit rating with good credit standing. The Group has considered the consistently low historical default rate in connection with payments, and concluded that the credit risk inherent in the Group's outstanding other receivables is insignificant.

Cash is deposited and placed at reputable financial institutions to minimise exposure to credit risk. The counterparties of cash and bank balances are located in Hong Kong. As the Group's bank balances are deposited with a number of reputable banks with sound credit ratings, in the opinion of the directors of the Company, the credit risk of the Group's bank balances is insignificant.

### (a) CREDIT RISK *(Continued)*

#### **IMPAIRMENT AND PROVISION POLICIES**

The Group's impairment requirements under HKFRS 9 are based on an expected credit loss model. The Group applies simplified approach to measure ECL on trade receivables; and general approach to measure ECL on other financial assets accounted for at amortised cost. Under the simplified approach, the Group measures the loss allowance at an amount equal to lifetime ECL. Under the general approach, financial assets migrate through the following three stages based on the change in credit risk since initial recognition: Stage 1: 12-months ECL, Stage 2: Lifetime ECL — not credit-impaired and Stage 3: Lifetime ECL — credit-impaired.

The following table provides information about the Group's exposure to credit risk and ECLs for trade receivables at the reporting period:

	Expected loss rate	Gross carrying amount	Loss allowance
	(%)	(HK\$)	(HK\$)
<b>31 March 2022</b>			
1-30 days past due	9.6	104,371	10,000
31-60 days past due	60.5	88,500	53,500
61-90 days past due	88.4	69,000	61,000
91-120 days past due	100.0	55,500	55,500
		<b>317,371</b>	<b>180,000</b>
<b>31 March 2021</b>			
1-30 days past due	9.6	119,500	11,500
31-60 days past due	59.2	94,532	56,000
61-90 days past due	86.0	43,000	37,000
		257,032	104,500

Expected loss rates are based on actual loss experience over the past 2 years. These rates are adjusted to reflect differences between economic conditions during the period over which the historic data has been collected, current conditions, forward looking information and the Group's view of economic conditions over the expected lives of the receivables.

### (b) LIQUIDITY RISK

The Group regularly and closely monitors its current and expected liquidity position to ensure adequate funds are available for its short-term and long-term requirements. Also, the Group regularly monitors its compliance with lending covenants of bank loans as set out in note 23 to the consolidated financial statements. Management believes that the Group has sound liquidity position and has sufficient cash reserve for its operations and capital commitment obligation.

The following table details the remaining contractual maturities at the end of the reporting period of the Group's non-derivative financial liabilities, which is based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current at the end of the reporting period) and the earliest date the Group can be required to pay.

Specifically, for bank loans which contain a repayment on demand clause which can be exercised at the bank's sole discretion, the analysis shows the cash outflow based on the earliest period in which the entity can be required to pay, that is if the lenders were to invoke their unconditional rights to call the loans with immediate effect.

### (b) LIQUIDITY RISK (Continued)

The table that follows summarises the maturity analysis of bank loans with a repayment on demand clause based on agreed scheduled repayments set out in the loan agreements. The amounts include interest payments computed using contractual rates. As a result, these amounts were greater than the amounts disclosed in the “on demand” time band in the maturity analysis. Taking into account the consolidated financial position, the directors do not consider that it is probable that the bank will exercise its discretion to demand immediate repayment. The directors believe that such bank loans will be repaid in accordance with the scheduled repayment dates set out in the loan agreements.

### (c) INTEREST RATE RISK

The Group’s interest rate risk arises primarily from bank borrowings. Bank borrowings issued at variable rates expose the Group to cash flow interest rate risk. The Group periodically reviews the market interest rates and manages the risk on an ongoing basis.

The following table details the interest rate profile of the Group’s borrowings at the end of the reporting period:

	2022		2021	
	Effective interest rate		Effective interest rate	
	%	HK\$	%	HK\$
<b>Variable rate borrowings:</b>				
Bank borrowings, secured	1.61% to 1.86%	17,916,315	1.66% to 3.20%	18,726,903

As listed in note 23, several of the Group’s HIBOR bank borrowings may be subject to the interest rate benchmark reform. The Group is closely monitoring the market and managing the transition to new benchmark interest rates, including announcements made by the relevant IBOR regulators.

While the Hong Kong Dollar Overnight Index Average (HONIA) has been identified as an alternative to HIBOR, there is no plan to discontinue HIBOR. The multi-rate approach has been adopted in Hong Kong, whereby HIBOR and HONIA will co-exist.

## 37. FINANCIAL RISK MANAGEMENT *(Continued)*

### (c) INTEREST RATE RISK *(Continued)*

#### **SENSITIVITY ANALYSIS**

At 31 March 2022, it is estimated that a general increase/decrease of 50 basis points in interest rates, with all other variables held constant, would decrease/increase the Group's post-tax profit for the year by approximately HK\$72,000 (2021: HK\$76,000), mainly as a result of higher/lower interest expense on floating rate borrowing.

The sensitivity analysis above had been determined assuming that the change in interest rates had occurred at the end of reporting period and had been applied to the exposure to interest rate risk for the Group's floating rate borrowing in existence at that date. The 50 basis point increase or decrease represents management's assessment of a reasonably possible change in interest rates over the period until the next annual financial year end.

The analysis is performed on the same basis for 2021.

### (d) PRICE RISK

The Group is exposed to equity price changes arising from equity instruments measured at FVTPL and equity instruments measured at FVTOCI.

The Group's listed investments are listed on the Stock Exchange of Hong Kong. Decisions to buy and sell listed investments at FVTPL are based on daily monitoring of the performance of individual securities compared to that of the index and other industry indicators, as well as the Group's liquidity needs. Listed investments measured at FVTOCI have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations. The portfolio is diversified in terms of industry distribution, in accordance with the limits set by the Group.

Management monitors the market conditions and securities price fluctuations and responds so as to minimise adverse effects on the Group's financial performance.

#### **SENSITIVITY ANALYSIS**

The sensitivity analysis on equity price risk includes the Group's financial instruments, which fair value or future cash flows will fluctuate because of changes in their corresponding or underlying asset's equity price. If the prices of the equity instruments at FVTPL and FVTOCI had been 10% higher/lower (2021: 10% higher/lower):

- Profit after tax for the year ended 31 March 2022 would increase/decrease by approximately HK\$7.3 million (2021: HK\$8.8 million) due to change in fair value of financial assets at FVTPL; and
- other comprehensive income for the year ended 31 March 2022 would increase/decrease by approximately HK\$7.0 million (2021: HK\$9.5 million) as a result of changes in fair value of financial assets at FVTOCI.

The sensitivity analysis has been determined assuming that the reasonably possible changes in listed shares prices had increased/decreased by 10% with all other variables held constant at the end of reporting period. The changes represent the management's assessment of reasonably possible changes in the relevant share prices over the period until the next financial year end.

The analysis is performed on the same basis for 2021.

## 37. FINANCIAL RISK MANAGEMENT *(Continued)*

### (e) FAIR VALUE ESTIMATION

The carrying amounts of receivables and payables are assumed to approximate their fair value.

The fair values of the Group's listed investments traded in active market are stated at quoted market price at the end of the reporting period. Unlisted investments in subsidiaries of which fair values cannot be reliably measured are stated at cost less impairment losses.

### **FAIR VALUE HIERARCHY**

The table below analyses recurring fair value measurements for financial assets and financial liabilities. These fair value measurements are categorised into different levels in the fair value hierarchy based on the inputs to valuation techniques used. The different levels are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than quoted prices included with Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level in the fair value hierarchy within which the financial asset is categorised in its entirety is based on the lowest level of input that is significant to the fair value measurement.

## 38. FAIR VALUE MEASUREMENT ON PROPERTIES

The following table presents the fair value of the Group's Properties measured at fair value at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13 Fair Value Measurement (note 37(e)). The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

	Fair value measurements at 31 March 2022			
	Level 1	Level 2	Level 3	Total
	HK\$	HK\$	HK\$	HK\$
Recurring fair value measurements				
Investment properties	-	-	944,200,000	944,200,000
Properties held for or under development	-	-	5,550,000	5,550,000
	-	-	949,750,000	949,750,000

	Fair value measurements at 31 March 2021			
	Level 1	Level 2	Level 3	Total
	HK\$	HK\$	HK\$	HK\$
Recurring fair value measurements				
Investment properties	-	-	918,500,000	918,500,000
Properties held for or under development	-	-	5,110,000	5,110,000
	-	-	923,610,000	923,610,000

During the year, there was no transfer of between different levels of fair value hierarchy. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

The directors of the Company had on-going discussions with RHL Appraisal Limited, the independent firm of professional surveyors, upon producing the valuation reports in respect of valuation assumptions use and other inputs relevant for the valuations of the Group's Properties.

The fair values of all Properties are classified as level 3. The movements of the investment properties and properties held for or under development during the year were set out in notes 16 and 17 to the consolidated financial statements respectively. The fair value of the Properties is determined by the independent firm of professional surveyors using direct comparison approach by reference to recent sales price of comparable properties on a price per square foot basis. The valuations are taking into account of the characteristic of the properties in terms of the time, size, building age, floor, location, frontage, layout, quality, view, accessibility (including transportation and convenience), site configuration, development scale and other factors collectively. Judgement was exercised, based on factors available and on holistic approach, on the adjustment onto the comparables by comparing the difference of comparables and subject property. Higher premium for the properties reflects in a higher value measurement.

- (10) **Precautionary measures for the Annual General Meeting**

In light of the pandemic situation of COVID-19, the following precautionary measures will be taken by the Company at the forthcoming Annual General Meeting to protect the shareholders from the risk of infection:

- (i) compulsory body temperature check will be conducted for every shareholder or proxy at the entrance of the venue of the Annual General Meeting (the “**AGM venue**”). Any person with a body temperature above 37.3 degrees Celsius or is exhibiting flu-like symptoms may be denied entry into the AGM venue and requested to leave the AGM venue;
- (ii) every shareholder or proxy will have to submit a completed health declaration form prior to entry into the AGM venue;
- (iii) every shareholder or proxy is required to wear a surgical face mask throughout the meeting. **Please note that no surgical face masks will be provided at the AGM venue and attendees should bring and wear their own masks;**
- (iv) no refreshment will be served;
- (v) any other additional precautionary measures in accordance with the prevailing regulations or guidelines of the Hong Kong Government and/or regulatory authorities, or which the Company considers appropriate in light of the development of the COVID-19 pandemic.

Any person who does not comply with the precautionary measures may be denied entry into the AGM venue. Shareholders are encouraged to appoint the chairman of the Annual General Meeting as their proxy to vote on the relevant resolutions at the meeting, instead of attending the meeting in persons.
