## NOTES TO THE UNAUDITED CONDENSED FINANCIAL STATEMENTS

#### 1 General Information

Tracker Fund of Hong Kong (the "Fund") is a unit trust which is governed by its Trust Deed dated 23rd October 1999, as amended, supplemented or restated from time to time (the "Trust Deed"). The Fund is authorized by the Securities and Futures Commission of Hong Kong under Section 104(1) of the Hong Kong Securities and Futures Ordinance. The Fund is also listed on The Stock Exchange of Hong Kong Limited (a subsidiary of the Hong Kong Exchanges and Clearing Limited).

The manager and the trustee of the Fund are State Street Global Advisors Asia Limited (the "Manager") and State Street Bank and Trust Company (the "Trustee") respectively.

On 29th March 2022, the Trustee issued a notice to inform the unitholders that Hang Seng Investment Management Limited, a wholly-owned subsidiary of Hang Seng Bank Limited and an SFC licensed investment manager, has been selected by the Supervisory Committee as the new manager of the Fund. The transition to the new manager is expected to be completed in the third quarter of 2022, subject to regulatory approvals and satisfaction of certain conditions in the Trust Deed.

The Fund's objective is to provide investment results that closely correspond to the performance of the Hang Seng Index (the "Index").

#### 2 Basis of preparation and accounting policies

These unaudited condensed interim financial statements for the six months ended 30th June 2022 have been prepared in accordance with Hong Kong Accounting Standard 34, "Interim financial reporting". The unaudited condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended 31st December 2021, which have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS").

#### 4 Income

#### (a) Transaction fee

Applications to create or redeem units are only made through brokers or dealers (who itself or its agent is a participant in Central Clearing and Settlement System ("CCASS") and to whose or whose agent's account any units are for the time being credited by Hong Kong Securities Clearing Company ("HKSCC")) (the "Participating Dealers") which have executed participation agreements with the Manager, the Trustee, HK Conversion Agency Services Limited (the "Conversion Agent") and HKSCC. The Fund is entitled to receive a transaction fee of HK\$15,000 per total aggregate creation and redemption orders per day per Participating Dealer.

#### (b) Other income

Other income represents registrar charges levied on unitholders (other than HKSCC Nominees) who hold units registered in their own names as at each record date for the relevant distribution. Currently, these charges amount to the lower of HK\$40 per distribution per unitholder and the unitholder's actual distribution entitlement. Such charges are deducted on a half-yearly basis from the half-yearly distributions payable to the relevant unitholders.

## 5 Number of units in issue and net assets attributable to unitholders of redeemable units

The Fund's capital is represented by the net assets attributable to unitholders of redeemable units. Units are issued through an in-kind creation of an Index Basket with the remaining balances in cash, and are redeemed in-kind with the remaining balances in cash. Creations and redemptions of units during the period are shown on the Condensed Statement of Changes in Net Assets Attributable to Unitholders of Redeemable Units. In accordance with the objectives and risk management policies outlined in note 12(a), the Manager endeavors to invest in appropriate investments while maintaining sufficient liquidity to meet redemption, such liquidity being augmented by disposal of listed securities where necessary.

## 5 Number of units in issue and net assets attributable to unitholders of redeemable units (Continued)

In accordance with the provisions of the Trust Deed, listed investments are stated at the last traded price on the valuation day for the purpose of determining net asset value per unit for creations and redemptions and for various fee calculations.

Net assets attributable to unitholders of redeemable units at last traded market prices represent a liability in the Condensed Statement of Net Assets, carried at the redemption amount that would be payable at the period end date if the unitholders exercised the right to redeem the units in the Fund.

#### 6 Taxation

No provision for Hong Kong profits tax has been made as the Fund was authorized as a collective investment scheme under Section 104 of the Hong Kong Securities and Futures Ordinance and is therefore exempted from profits tax under Sections 26A(1A) of the Hong Kong Inland Revenue Ordinance.

The Fund has investments in shares of companies in People's Republic of China ("PRC") listed on the Hong Kong Stock Exchange ("H-shares") and stocks that are based in mainland China and controlled, either directly or indirectly, by the central, provincial or municipal governments of the PRC but listed in Hong Kong to allow overseas investment in ("Red Chips"). Under general taxing provisions of the Corporate Income Tax Law ("CIT Law"), a fund could be technically subject to 10% withholding income tax ("WIT") on the PRC sourced capital gains, unless exempt or reduced under relevant double tax treaties. However, there may be practical difficulty for the PRC tax authorities to impose and collect WIT on such capital gains. The 10% WIT has not been strictly enforced by local tax bureau on capital gains derived by non- tax resident enterprises of the PRC from the trading of H-Shares and Red Chips, Value added tax ("VAT") in general is not imposed as the purchase and disposal are often concluded and completed outside the PRC.

No provision was made for taxation from such gains in the financial statements as the Manager believes that the taxation on capital gains derived from H-Shares and Red Chips is not probable under the current enforcement environment.

WIT of 10% was charged on dividend income received from H-shares and Red Chips (which had applied to be treated as PRC tax resident enterprises) during the periods ended 30th June 2022 and 2021.

#### 7 Transactions with the related parties/Manager, Trustee and their Connected Persons

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. During the period ended 30th June 2022, the Fund issued 4,357,000,000 units (for the period ended 30th June 2021: 1,741,000,000 units), totaling HK\$93,868,094,100 (for the period ended 30th June 2021: HK\$50,772,719,062) in exchange for Index Baskets consisting of investments valued at HK\$93,539,576,393 (for the period ended 30th June 2021: HK\$50,641,438,611) plus the relevant cash component of HK\$328,517,707 (for the period ended 30th June 2021: HK\$131,280,451).

#### 10 Soft dollar practices

The Manager may effect transactions, provided that any such transaction is consistent with standards of "best execution", by or through the agency of another person for the account of the Fund with whom the Manager or any of its Connected Persons have an arrangement under which that party will from time to time provide to or procure for the Manager or any of its Connected Persons goods, services or other benefits (such as research and advisory services, computer hardware associated with specialized software or research services and performance measures) the nature of which is such that their provision can reasonably be expected to benefit the Fund as a whole and may contribute to an improvement in the performance of the Fund. For the avoidance of doubt, such goods and services may not include travel, accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employees' salaries or direct money payments.

Since the inception of the Fund, the Manager had not participated in any soft dollar arrangements in respect of any transactions for the account of the Fund.

#### 11 Investment limitations and prohibitions under the SFC Code

The SFC Code allows the Fund to invest in constituent securities issued by a single issuer for more than 10% of the Fund's net asset value provided that the investment is limited to any constituent securities that each accounts for more than 10% of the weighting of the Index and the Fund's holding of any such constituent securities may not exceed their respective weightings in the Index (except as a result of changes in the composition of the Index and the excess is transitional and temporary in nature).

As at 30th June 2022 and 31st December 2021, there were no securities that individually accounted for more than 10% of the net asset value of the Fund.

During the period ended 30th June 2022, the Hang Seng Index decreased by 6.57% (for the period ended 30th June 2021: increased by 5.86%), while the net asset value per unit of the Fund decreased by 5.34% (for the period ended 30th June 2021: increased by 6.78%).

## Financial risk management

(a) Fair value estimation

> The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on guoted market prices at the close of trading on the period end date.

> A financial instrument is regarded as guoted in an active market if guoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

> The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Fund for similar financial instruments

> HKFRS 13 requires the Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Fund can access at the measurement date (level 1).
- Inputs other than guoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorized in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

### 12 Financial risk management (Continued)

#### (a) Fair value estimation (Continued)

The determination of what constitutes "observable" requires significant judgment by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Fund's investments (by class) measured at fair value as at 30th June 2022 and 31st December 2021.

All fair value measurements disclosed are recurring fair value measurements.

	Level 1 <i>HK\$</i>	Level 2 <i>HK\$</i>	Level 3 <i>HK\$</i>	Total <i>HK\$</i>
As at 30.06.2022 Assets Financial assets at fair value through profit or loss:				
– Equity securities	112,563,914,862	_	_	112,563,914,862
	Level 1 <i>HK\$</i>	Level 2 <i>HK\$</i>	Level 3 <i>HK\$</i>	Total <i>HK\$</i>
As at 31.12.2021 Assets Financial assets at fair value through profit or loss:				
– Equity securities	99,905,342,712			99,905,342,712

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed equities. The Fund does not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. As at 30th June 2022 and 31st December 2021, the Fund did not hold any investments classified in level 2.

### 12 Financial risk management (Continued)

(a) Fair value estimation (Continued)

Investments classified within level 3 have significant unobservable inputs, as they trade infrequently. As at 30th June 2022 and 31st December 2021, the Fund did not hold any investments classified in level 3.

For the period ended 30th June 2022 and the year ended 31st December 2021, there were no transfers of financial instruments between levels.

The assets and liabilities included in the Condensed Statement of Net Assets except investments are carried at amortized cost; their carrying values are a reasonable approximation of fair value.
