CHAIRMAN'S STATEMENT

Dear shareholders,

On behalf of the board of directors (the "Board") of China Jinmao Holdings Group Limited ("China Jinmao" or the "Company"), I am pleased to present the interim report of the Company and its subsidiaries (the "Group", "we" or "us") for the six months ended 30 June 2022 (the "period under review", "reporting period", "first half of 2022" or "first half of the year") for your review.

In the first half of 2022, the recovery of the world economy was very difficult due to the intertwining effect of the everchanging situations and the pandemic unprecedented in a century. The complexity, severity and uncertainty of China's economic development environment increased, posing new challenges to the stable economic growth. The real estate industry, as a pillar industry of the national economy, has a large scale, long chain and wide coverage, playing a significant role in driving economic growth and stabilising the fundamentals of the macro economy. In the first half of the year, the central government focused on stabilising the real estate market and continued to release positive signals. Despite city-specific policies being introduced in different regions to stimulate the market, it would take time to reap the result of the policies. In the first half of the year, the sales amount of commodity housing across the nation decreased by 28.9% year-on-year, and the overall performance of the industry remained sluggish. Facing a severe economic landscape externally, the Company overcame difficulties and achieved a contracted sales amount of RMB69.9 billion, ranking 11th in terms of contracted sales. During the reporting period, the profit attributable to owners of the parent amounted to RMB2,571 million, representing a year-on-year decrease of 40%. Excluding fair value gains on investment properties (net of deferred tax), the profit attributable to owners of the parent amounted to RMB2,570 million, representing a year-on-year decrease of 26%.

The Board resolved to distribute an interim dividend of HK9 cents per share to the shareholders of the Company. The interim dividend will be distributed to the shareholders on or before Wednesday, 30 November 2022.

The steady development of the Company was attributable to the adherence to its strategies. Upholding the development philosophy of "insisting on city operation and insisting on In Science We Trust", the Company paid close attention to quality and efficiency improvement, thereby consolidating its first-tier team position in the industry in terms of comprehensive strength.

We adhered to the strategic positioning of city operator. Adhering to the logic of "City-People-Industry", the Company gathered people in city, promoted industry with city, and continuously deepened the content of city operation strategies. Firstly, the Company promoted the implementation of the full-cycle city operation and execution system by deeply carrying out the requirements of "Two Supports and Two Synchronisations", continuously increased investment in public supporting facilities such as roads, and introduced supporting resources for core industries such as education, technology and health. In the first half of the year, we completed industrial resources strategic contract signing with 263 companies, facilitating city upgrading and industrial upgrading. Secondly, the Company thoroughly implemented the cooperation system of city operation resources and continued to expand the scale and influence of benchmark projects, bringing up the total number of city operation projects to 34. The city operation model of the Company was widely recognised by the industry and society. At the same time, our city operation projects contributed 25% of contracted sales and nearly half of profits to the Company in the first half of the year. The strategic significance of city operator positioning to the sustainable development of the Company was gradually emerging. **Adhering to the "two-wheel and two-wing driven" business strategy, the Company built a solid business foundation for the implementation of city operation strategies, with development business focusing on profit realisation.** Firstly, adhering to the principle of "prioritising quality over quantity", the Company reserved high-quality resources. In the first half of the year, the Company acquired three high-quality land parcels in the core locations of Chengdu, Hefei and Beijing, and obtained the subsequent batches of land parcels in Tianjin Dongli, Qingdao Jimo and other cities for city operation. The overall premium rate of land acquisition was only 0.6%, and all land parcels were acquired at a minimum price, laying a solid foundation for the Company's subsequent performance and profit growth. Secondly, the Company was committed to lean construction and quality delivery. Taking "project management" as the annual theme, the Company emphasised on project promotion and professional collaboration to ensure that all key nodes of projects were achieved and the quality and service guarantee mechanism was implemented. In the first half of the year, the Company successfully completed the delivery of projects, with customer satisfaction scoring 87, reaching the industry benchmark level. The Company continuously promoted the improvement of management capabilities to support the realisation of project profits. **The holding business continued to focus on asset-light transformation.** In respect of the hotel business, the Company gave full play to its brand and management advantages, adhered to the asset-light development path, and completed the establishment of its own brand system. Up to now, there are four self-operated hotels, 11 apartments opened for business, two self-operated hotels with their contracts secured. The Company also entered into 21 asset-light service contracts, continuously enhancing the brand influence of Jinmao Hotel. In terms of commercial business, while consolidating the management foundation, the Company cumulatively obtained nine Mall of Splendor projects and orderly advanced the preparation and commencement of three projects. In terms of projects in operation, the Company strived to overcome the impact of the pandemic. In the first half of the year, the operating indicators improved against the trend, with the turnover of merchants in our projects increasing by 10% year-on-year, while the operation and management capabilities continued to improve, steadily promoting the implementation of CPI and the 520 strategy.

CHAIRMAN'S STATEMENT

展望未來，全球疫情仍將繼續，外部環境更趨複雜嚴峻和不確定。但我國經濟韌性強，長期向好的基本面並未改變，隨着穩經濟一攬子政策落地見效和疫情影響逐步減弱，中國經濟將有序復蘇重新回歸新常態。對於房地產行業，中央「房住不炒」的主基調不會改變，優勝劣汰仍將繼續，行業發展將趨向平穩。同時在國家新型城鎮化和雙碳戰略下，行業發展及創新轉型將迎來契機，品質房企將迎來更多機會。面對新的歷史機遇，中國金茂具備「科學至上」價值理念、「城市運營」戰略體系、「追求卓越」組織基礎、「品質責任」品牌口碑和「中央企業」體制優勢，未來中國金茂將繼續堅持「城市運營商」定位，堅持「科學至上」理念，狠抓提質增效，實現從常規發展模式向創新驅動模式、從規模導向向市值導向和利潤導向轉型。

艱難方顯勇毅，磨礪始得玉成。無論風雲如何變幻，無論挑戰如何嚴峻，中國金茂全體員工將始終堅定信心，勇往直前，以永不懈怠的精神狀態和捨我其誰的奮鬥姿態砥礪前行，以更大決心、更強力度推動公司高質量發展，為全體股東創造更大價值。在此，本人謹代表董事會，向本公司股東、客戶、業務夥伴及社會各界致以誠摯的謝意！

Climate Change 1.5°C Target Index, while winning the first place in the ESG Star Rating of Real Estate Enterprises for the second quarter of 2022. **In terms of green strategies**, the Company formulated carbon reduction targets and implementation paths during the 14th Five-Year Plan period, becoming one of the first domestic real estate enterprises to formulate and publicly disclose scientific carbon emission reduction targets. The first city operation carbon neutrality demonstration area was launched in the Jinhua Dongmei Future Community Project, with a view to helping the country achieve the carbon emission peak target smoothly. **In terms of HSE management**, the Company continued to promote the orderly implementation of the FORUS system, carried out in-depth study, understanding and performance of the laws, safety management improvement, major investigation and rectification, and special risk investigation in order to play the role of smart HSE management platform, thereby achieving the goals of “zero fatal incident, zero environmental pollution incident, zero new case of occupational disease and zero major HSE negative public opinion”. **In terms of social welfare**, for businesses such as commerce, hotel and office buildings, the Company continued to implement rent reduction or exemption for small and micro enterprises and individual business proprietors in the service industry, distributed multiple rounds of emergency pandemic prevention supplies for property owners, employees and groups in need, and actively carried out pandemic prevention and control as well as social services. Our service time was nearly 80,000 hours and our service provision reached 650,000 times, which received good social response. **In terms of corporate governance**, the Company formulated the plan for improving corporate governance and implementing the powers and responsibilities of the Board, and issued a series of management policies on authorisation management, selection and evaluation management for senior management, remuneration and resource management, liability and guarantee management, etc., in order to promote the stable operation of the Company. Thanks to the continuous improvement of ESG capabilities, the Company set a record high and was ranked 153rd among the Fortune China 500 List in 2022, up 36 places from last year. The brand value has been increasing for 18 consecutive years, exceeding the milestone of RMB50 billion for the first time, and the brand influence has been continuously improved.

Looking forward, the global pandemic will continue, alongside with increasingly complex, severe and uncertain external environment. However, China's economy has strong resilience, and the fundamentals of long-term development remain unchanged. With the effective implementation of a package of policies to stabilise the economy and the gradual weakening of the impact of pandemic, China's economy will recover and return to the new normal in an orderly manner. For the real estate industry, while the central government's key tone that “houses are for living but not for speculation” will remain unchanged, the survival of the fittest will continue and the development of the industry will become stabilised. At the same time, under the national new urbanisation development and the double carbon strategy, the industry development and innovation transformation will usher in opportunities, while quality real estate enterprises will welcome more opportunities. In the face of new historical opportunities, China Jinmao is equipped with the value philosophy of “In Science We Trust”, the strategic system of “city operations”, the organisational foundation of “pursuit of excellence”, the brand reputation of “quality responsibility” and the system advantage of a “central enterprise”. In the future, China Jinmao will continue to adhere to its “city operator” positioning, uphold the philosophy of “In Science We Trust”, pay close attention to quality and efficiency improvement, so as to realise the transformation from conventional development model to innovation-driven model, and from scale-oriented development to market value-oriented and profit-oriented development.

Courage and perseverance are only demonstrated in times of difficulties, and hard work leads to success. Regardless of the changes and challenges, all employees of China Jinmao will, as always, carry forward their firm confidence with courage, and forge ahead with the relentless spirit and the striving attitude of taking up challenges, so as to promote the high-quality development of the Company with greater determination and stronger efforts, maximising value for all shareholders. On behalf of the Board, I would like to express my sincere gratitude to the shareholders, customers, business partners of the Company and various sectors of the community.

MARKET REVIEW

From the macroeconomic perspective, the international environment has become more complex and severe. With the frequent and sporadic outbreak of the pandemic in China, economic development was extremely unusual. In the face of extremely complex and difficult situations, authorities in various regions effectively coordinated the prevention and control of the pandemic and socio-economic development, strengthened the adjustment of macro policies, and effectively implemented a package of policies and measures to stabilise the economy. With the effective control on the resurgence of the pandemic, the national economy has stabilised and rebounded. In particular, the margin of production demand has been improved; the market price was basically stable; the people's livelihood was effectively guaranteed; the trend of high-quality development continued to prevail; and the overall social situation remained stable. In the first half of the year, China's gross domestic product grew by 2.5% as compared with that in the same period of last year. On a quarterly basis, China's economy continued to see positive growth despite pressure in the first half of the year, with a year-on-year growth of 4.8% in the first quarter and 0.4% in the second quarter. Added value of industrial enterprises above designated size from January to June increased by 3.4% as compared with that in the same period of last year. Total fixed asset investment in China increased by 6.1% as compared with that in the same period of last year. Real estate development investment decreased by 5.4% as compared with that in the same period of last year. Real per capita disposable income of the residents in China increased by 3.0%.

From the perspective of the real estate industry, during January to June 2022, area sold of commodity housing decreased by 22.2% as compared with that in the same period of last year; and sales amount of commodity housing decreased by 28.9% as compared with that in the same period of last year. In the first half of 2022, affected by unexpected factors such as COVID-19 resurgence in various places, the cumulative real estate development investment recorded a negative year-on-year growth for the first time. The central government required all regions to make full use of the policy toolbox in light of local situations to support rigidity and improving type of housing demand, consolidate the responsibilities of local governments, ensure property delivery and stabilize people's livelihood. The policy regulation of the industry has entered a new cycle.

市場回顧 (續)

從區域寫字樓市場層面看，疫情多發對寫字樓市場造成一定衝擊。2022年上半年上海寫字樓市場受疫情防控影響，租賃活動開展明顯受阻，淨吸納量環比驟降；北京甲級寫字樓淨吸納量持續走低。同時，上海甲級寫字樓租金指數環比下降0.5%，北京甲級寫字樓租金指數環比下降0.6%。預計下半年隨着疫情影響逐步消退，市場活躍度有望逐步回升，受疫情影響而延期交付的核心區域可租面積的增加將吸引租戶升級或回流。近期各地陸續出台的紓困政策和穩經濟發展實施方案都會助力企業信心和市場情緒的恢復。

從零售商業租賃市場層面，全國多地持續受到疫情影響，部分城市社會生產生活被迫暫停，經濟增速放緩，零售商業租賃市場受到衝擊。上半年全國新開商業項目數量同比下跌明顯，多個主要城市如北京、上海、武漢、杭州等在營購物中心平均空置率上升。二季度末，隨着疫情緩解並進入常態化防控階段，經濟和商業市場出現回暖趨勢；伴隨着國家及各省經濟助推政策和企業紓困政策的落地實施，下半年發展形勢整體向好。

從酒店市場層面來看，自新冠疫情發生以來，酒店行業正在發生劇烈變革。上半年受制於出行防疫政策，旅遊市場活力再次急劇下降，酒店業可持續發展面臨巨大挑戰。從2022年2月開始，各地經歷了不同程度的疫情反覆，商務和休閒旅遊需求減少，導致酒店行業復蘇進程受阻，經營表現逐步疲弱，重點城市關鍵指數均出現不同程度下降。後期隨着國內有序復工復產，人員流動性增強，整體行業情況有所回暖。

MARKET REVIEW (CONTINUED)

From the perspective of the regional office market, the persistent COVID-19 pandemic has had a certain impact on the office market. In the first half of 2022, affected by the pandemic prevention and control measures, leasing activities in the office market in Shanghai were significantly hindered, and the net take-up dropped sharply on a quarter-on-quarter basis. Beijing's Grade A office net take-up continued to decline. Meanwhile, the Shanghai Grade A Office Rental Index decreased by 0.5% quarter-on-quarter, whereas the Beijing Grade A Office Rental Index decreased by 0.6% quarter-on-quarter. In the second half of the year, it is expected that market activities will gradually pick up as the impact of the pandemic gradually subsides. The increase in leasable area in core areas where delivery has been delayed due to the pandemic will attract tenants to upgrade or return. The recent relief policies and the implementation plan for stabilising economic development in various places will help the recovery of corporate confidence and market sentiment.

From the perspective of the retail operations leasing market, many places across the country continued to be affected by the pandemic. In some cities, social production and living were forced to be suspended. The slowdown of economic growth hit hard on the retail operations leasing market. In the first half of the year, the number of newly launched commercial projects in China decreased significantly year-on-year, and the average vacancy rates of shopping malls in operation in several major cities such as Beijing, Shanghai, Wuhan and Hangzhou increased. By the end of the second quarter, with the easing of the pandemic and the normalization of pandemic prevention and control, the economy and the commercial market showed a recovery trend. Looking into the second half of the year, with the implementation of national, provincial and municipal economic promotion policies and relief policies for enterprises, the overall development situation is positive.

From the perspective of the hotel market, the hotel industry has undergone drastic transformation since the outbreak of COVID-19 pandemic. In the first half of the year, due to travel restriction policies, the vitality of the tourism market dropped sharply again, posing huge challenges to the sustainable development of the hospitality industry. Since February 2022, various places have experienced different degrees of resurgence of the pandemic. The declining demand for business and leisure travel hindered the recovery process of the hospitality industry, which recorded sluggish operating performance with a decline in the key indexes of major cities to varying degrees. Later, with the orderly resumption of work and production across the country, as well as the increase in the mobility of people, the overall situation of the industry began to pick up.

未來展望

展望2022下半年，全球疫情仍將繼續，外部環境更趨複雜嚴峻和不確定。但我國經濟韌性強，長期向好的基本面並未改變，隨著穩經濟一攬子政策落地見效和疫情影響逐步減弱，中國經濟將有序復蘇重新回歸新常態。對於房地產行業，中央「房住不炒」的主基調不會改變，優勝劣汰仍將繼續，行業發展將趨向平穩。同時在國家新型城鎮化和雙碳戰略下，行業發展及創新轉型將迎來契機，品質房企將迎來更多機會。

面對新的歷史機遇，本集團具備「科學至上」價值理念、「城市運營」戰略體系、「追求卓越」組織基礎、「品質責任」品牌口碑和「中央企業」體制優勢，未來本集團將繼續堅持「城市運營商」定位，堅持「科學至上」理念，狠抓提質增效，實現從常規發展模式向創新驅動模式、從規模導向向市值導向和利潤導向轉型。

FUTURE OUTLOOK

Looking forward to the second half of 2022, the global pandemic will continue, alongside with increasingly complex, severe and uncertain external environment. However, China's economy has strong resilience, and the fundamentals of long-term development remain unchanged. With the effective implementation of a package of policies to stabilise the economy and the gradual weakening of the impact of pandemic, China's economy will recover and return to the new normal in an orderly manner. For the real estate industry, while the central government's key tone that "houses are for living but not for speculation" will remain unchanged, the survival of the fittest will continue and the development of the industry will become stabilised. At the same time, under the national new urbanisation development and the double carbon strategy, the industry development and innovation transformation will usher in opportunities, while quality real estate enterprises will welcome more opportunities.

In the face of new historical opportunities, the Group is equipped with the value philosophy of "In Science We Trust", the strategic system of "city operations", the organisational foundation of "pursuit of excellence", the brand reputation of "quality responsibility" and the system advantage of a "central enterprise". In the future, the Group will continue to adhere to its "city operator" positioning, uphold the philosophy of "In Science We Trust", pay close attention to quality and efficiency improvement, so as to realise the transformation from conventional development model to innovation-driven model, and from scale-oriented development to market value-oriented and profit-oriented development.

Courage and perseverance are only demonstrated in times of difficulties, and hard work leads to success. Regardless of the changes and challenges, all employees of the Group will, as always, carry forward their firm confidence with courage, and forge ahead with the relentless spirit and the striving attitude of taking up challenges, so as to promote the high-quality development of the Company with greater determination and stronger efforts, maximising value for all shareholders.

二十七、市場風險

本集團的資產主要為發展中土地、發展中物業、持作出售物業及投資物業。倘國內物業市場嚴重回落，則該等資產未必可實時變現。

二十八、利率風險

本集團面臨因利率波動而產生的利率風險。本集團所面臨的市場利率變動風險主要與本集團的長期債務有關。利率上升會導致本集團尚未償還浮動利率借款的利息支出增加，並增加新增債務的成本。利率的波動還會導致本集團債務欠款公平值的大幅波動。本集團持續利用金融衍生品部分對沖控制利率風險。本集團無法保證任何未來的對沖活動可以使本集團免受利率波動的影響。

XXVII. Market risk

The Group's assets are predominantly in the form of land under development, properties under development, properties held for sale and investment properties. In the event of a severe downturn in the property market in Mainland China, these assets may not be readily realised.

XXVIII. Interest rate risk

The Group is exposed to interest rate risk resulting from fluctuations in interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations. Increase in interest rates will increase the interest expenses relating to the Group's outstanding floating rate borrowings and increase the cost of new debt. Fluctuations in interest rates may also lead to significant fluctuations in the fair value of the Group's debt obligations. The Group has been continuously using the financial derivatives to partially hedge and control interest rate risk. The Group cannot assure that any future hedging activities will protect the Group from fluctuations in interest rates.

財務回顧 (續)

二十九、外匯風險

本集團大部份營業收入和成本均以人民幣結算，本集團中期報告為以人民幣呈報財務業績。由於本集團仍持有美元和港幣借款，因此，本集團面臨匯率波動的風險。本集團持續利用對沖控制貨幣風險，消除了匯率波動給本集團帶來的部份影響。考慮到對沖交易的金額及市場匯率波動的不可預期性，本集團無法保證任何未來的對沖活動可以使本集團免受匯率波動的影響。

三十、網絡風險及安全

隨着計算機系統及互聯網網絡在我們的運營中發揮重要作用，本集團已指定專業人士監控及評估潛在的網絡風險。硬件及軟件均按照適當的公司政策追蹤。潛在的網絡風險及網絡安全是管理層關注的主要問題之一，因此本集團已指定政策及程序來規範互聯網的使用、系統供電的實質維護、定期更新互聯網保安系統及防火牆，以將公司內部網絡與外界網絡隔離。指定的專業人士負責對任何異常的網絡活動進行日常監控。

FINANCIAL REVIEW (CONTINUED)

XXIX. Foreign currency exchange risk

Substantially all of the Group's revenue and costs are denominated in RMB. The interim report of the Group uses RMB as presentation currency of its financial results. The Group still has borrowings denominated in USD and HKD. As a result, the Group is exposed to the risk of fluctuations in foreign exchange rates. The Group has been continuously engaging in hedging to manage its currency exchange risk, which eliminates some of the impacts arising from fluctuations in foreign exchange rates on the Group. Taking into account the amount of hedging transactions and unpredictability of fluctuations in foreign exchange rates, the Group cannot assure that any future hedging activities will protect the Group from fluctuations in exchange rates.

XXX. Network risks and security

As the computer system and the Internet play a key role in our operations, the Group has designated professionals to monitor and assess the potential network risks. SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity* issued by the HKICPA. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with HKAS 34.

2. BASIS OF PREPARATION

The interim condensed consolidated financial information for the six months ended 30 June 2022 has been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 *Interim Financial Reporting*. The interim condensed consolidated financial information does not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2021.

3. 會計政策及披露的變動

編製中期簡明綜合財務資料所採納的會計政策與編製本集團截至2021年12月31日止年度的年度綜合財務報表所應用的一致，惟本集團於本期間的財務資料中首次採納以下經修訂香港財務報告準則（「香港財務報告準則」）除外。

香港財務報告準則第3號(修訂本)	對概念框架的提述
香港會計準則第16號(修訂本)	物業、廠房及設備：作擬定用途前之所得款項
香港會計準則第37號(修訂本)	虧損性合約－履行合約之成本
香港財務報告準則2018年至2020年年度改進	香港財務報告準則第1號、香港財務報告準則第9號、香港財務報告準則第16號隨附說明例子及香港會計準則第41號(修訂本)

經修訂香港財務報告準則的性質及影響載列如下：

(a) 香港財務報告準則第3號(修訂本)以2018年6月頒佈的引用財務報告概念框架取代引用先前財務報表編製及呈列框架，而毋須大幅度改變其規定。該等修訂亦就香港財務報告準則第3號就實體引用概念框架以釐定構成資產或負債之內容之確認原則增設一項例外情況。該例外情況規定，對於可能屬於香港會計準則第37號或香港(國際財務報告詮釋委員會)－詮釋第21號範圍內的負債及或然負債而言，倘該等負債屬單獨產生而非於企業合併中產生，則應用香港財務報告準則第3號的實體應分別參考香港會計準則第37號或香港(國際財務報告詮釋委員會)－詮釋第21號，而非概念框架。此外，該等修訂澄清或然資產於收購日期不符合確認條件。本集團前瞻性地將該等修訂應用於2022年1月1日或之後發生的企業合併。由於期內發生的企業合併中不存在該等修訂範圍內的或然資產、負債及或然負債，因此該等修訂對本集團的財務狀況及業績並無任何影響。

3. CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those applied in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2021, except for the adoption of the following revised Hong Kong Financial Reporting Standards ("HKFRSs") for the first time for the current period's financial information.

Amendments to HKFRS 3	Reference to the Conceptual Framework
Amendment to HKAS 16	Property, Plant and Equipment: Proceeds before Intended Use
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract
Annual Improvements to HKFRSs 2018-2020	Amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41

The nature and impact of the revised HKFRSs are described below:

(a) Amendments to HKFRS 3 replace a reference to the previous *Framework for the Preparation and Presentation of Financial Statements* with a reference to the *Conceptual Framework for Financial Reporting* issued in June 2018 without significantly changing its requirements. The amendments also add to HKFRS 3 an exception to its recognition principle for an entity to refer to the Conceptual Framework to determine what constitutes an asset or a liability. The exception specifies that, for liabilities and contingent liabilities that would be within the scope of HKAS 37 or HK(IFRIC)-Int 21 if they were incurred separately rather than assumed in a business combination, an entity applying HKFRS 3 should refer to HKAS 37 or HK(IFRIC)-Int 21 respectively instead of the Conceptual Framework. Furthermore, the amendments clarify that contingent assets do not qualify for recognition at the acquisition date. The Group has applied the amendments prospectively to business combinations that occurred on or after 1 January 2022. As there were no contingent assets, liabilities and contingent liabilities within the scope of the amendments arising in the business combination that occurred during the period, the amendments did not have any impact on the financial position and performance of the Group.

3. 會計政策及披露的變動 (續)

(b) 香港會計準則第16號(修訂本)禁止實體從物業、廠房及設備項目的成本中扣除資產達到管理層預定的可使用狀態(包括位置與條件)過程中產生的出售項目的所得款項。相反,實體必須將出售該等項目的所得款項及該等項目的成本計入損益。本集團將該等修訂追溯應用於2021年1月1日或之後提供可使用的物業、廠房及設備項目。由於在2021年1月1日或之後提供可使用物業、廠房及設備時並無產生出售項目,故該等修訂對本集團的財務狀況或業績並無任何影響。

(c) 香港會計準則第37號(修訂本)澄清,就根據香港會計準則第37號評估合約是否屬虧損性而言,履行合約的成本包括與合約直接相關的成本。與合約直接相關的成本包括履行該合約的增量成本(例如直接勞工及材料)及與履行合約直接相關的其他成本分配(例如分配履行合約所用物業、廠房及設備項目的折舊開支以及合約管理及監管成本)。一般及行政成本與合約並無直接關連,除非根據合約明確向對手方收取費用,否則不包括在內。本集團前瞻性地將該等修訂應用於截至2022年1月1日尚未履行其所有義務的合約,且尚未識別出虧損合約。因此,該等修訂對本集團的財務狀況或業績並無任何影響。

3. CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (CONTINUED)

(b) Amendments to HKAS 16 prohibit an entity from deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling any such items, and the cost of those items, in profit or loss. The Group has applied the amendments retrospectively to items of property, plant and equipment made available for use on or after 1 January 2021. Since there was no sale of items produced while making property, plant and equipment available for use on or after 1 January 2021, the amendments did not have any impact on the financial position or performance of the Group.

(c) Amendments to HKAS 37 clarify that for the purpose of assessing whether a contract is onerous under HKAS 37, the cost of fulfilling the contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract include both the incremental costs of fulfilling that contract (e.g., direct labour and materials) and an allocation of other costs that relate directly to fulfilling that contract (e.g., an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract as well as contract management and supervision costs). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract. The Group has applied the amendments prospectively to contracts for which it has not yet fulfilled all its obligations at 1 January 2022 and no onerous contracts were identified. Therefore, the amendments did not have any impact on the financial position or performance of the Group.

3. 會計政策及披露的變動 (續)

(d) 香港財務報告準則2018年至2020年年度改進載列香港財務報告準則第1號、香港財務報告準則第9號、香港財務報告準則第16號隨附說明例子及香港會計準則第41號的修訂本。適用於本集團的該等修訂本詳情如下：

- 香港財務報告準則第9號金融工具：澄清於實體評估新訂或經修改金融負債的條款與原金融負債的條款是否存在實質差異時所包含的費用。該等費用僅包括借款人與貸款人之間已支付或收取的費用，包括借款人或貸款人代表其他方支付或收取的費用。本集團前瞻性地將修訂應用於2022年1月1日或之後修改或交換的金融負債。由於期內本集團的金融負債並無任何修改，因此該修訂對本集團的財務狀況或業績並無任何影響。
- 香港財務報告準則第16號租賃：刪除香港財務報告準則第16號隨附說明例子13中有關租賃物業裝修的出租人付款說明。此舉消除於採用香港財務報告準則第16號有關租賃激勵措施處理方面的潛在困惑。

3. CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (CONTINUED)

(d) *Annual Improvements to HKFRSs 2018-2020* sets out amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41. Details of the amendments that are applicable to the Group are as follows:

- HKFRS 9 *Financial Instruments*: clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. The Group has applied the amendment prospectively to financial liabilities that are modified or exchanged on or after 1 January 2022. As there was no modification of the Group's financial liabilities during the period, the amendment did not have any impact on the financial position or performance of the Group.
- HKFRS 16 *Leases*: removes the illustration of payments from the lessor relating to leasehold improvements in Illustrative Example 13 accompanying HKFRS 16. This removes potential confusion regarding the treatment of lease incentives when applying HKFRS 16.

4. 經營分部資料

就管理而言，本集團乃按其所提供的產品及服務劃分業務單位，分為四個可呈報經營分部如下：

- (a) 城市及物業開發分部：從事城市綜合開發、物業開發以及土地開發；
- (b) 商務租賃及零售商業運營分部：提供寫字樓及零售商業物業租賃；
- (c) 酒店經營分部：提供酒店住宿及餐飲服務；及
- (d) 「其他」分部：主要提供物業管理、設計及裝修服務，經營觀光廳。

管理層會就資源分配及表現評估的決策，分開監控本集團經營分部的業績。分部表現乃按可呈報分部利潤進行評估，此乃按照經調整稅前利潤計量。經調整稅前利潤的計量與本集團稅前利潤相符，惟於有關計算中並無計入利息收入、其他投資收入、可換股債券公平值變動及非租賃相關融資成本以及其他未分配總部及企業開支。

分部資產不包括衍生金融工具、遞延稅項資產、預付稅項、受限制銀行結餘、現金和現金等價物、若干其他金融資產及其他未分配總部及企業資產。

分部負債不包括衍生金融工具、計息銀行及其他借款以及相關應付利息、應付稅項、土地增值稅撥備、遞延稅項負債及其他未分配企業及公司負債，由於該等負債乃按集團基準管理。

4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on the products and services they provide and has four reportable operating segments as follows:

- (a) the city and property development segment develops city complexes and properties and develops land;
- (b) the commercial leasing and retail operations segment leases office and retail commercial premises;
- (c) the hotel operations segment provides hotel accommodation services, food and beverage; and
- (d) the “others” segment mainly comprises the provision of property management, design and decoration services, and the operation of an observation deck.

Management monitors the results of the Group’s operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit, which is a measure of adjusted profit before tax. The adjusted profit before tax is measured consistently with the Group’s profit before tax except that interest income, other investment income, fair value changes of a convertible bond and non-lease related finance costs as well as other unallocated head office and corporate expenses are excluded from such measurement.

Segment assets exclude derivative financial instruments, deferred tax assets, prepaid tax, restricted bank balances, cash and cash equivalents, certain other financial assets and other unallocated head office and corporate assets.

Segment liabilities exclude derivative financial instruments, interest-bearing bank and other borrowings and related interest payables, tax payable, provision for land appreciation tax, deferred tax liabilities and other unallocated head office and corporate liabilities as these liabilities are managed on a group basis.

21. BUSINESS COMBINATIONS

本集團就該等收購產生交易成本人民幣1,534,000元。該等交易成本已於綜合損益表支銷並計入管理費用內。

本集團於截至2022年6月30日止期間的綜合損益表中確認議價購買收益約人民幣26,468,000元，董事認為，此主要是由於本集團能夠與獨立第三方洽商交易的協定條款，因為本集團在住宅物業、商用樓宇及酒店物業的物業開發及管理方面知名度高且經驗豐富，且具備充裕的備用資金持續開發項目。

21. BUSINESS COMBINATIONS (CONTINUED)

No impairment loss of goodwill incurred for six months ended 30 June 2022.

The fair values of its other receivables as at the date of acquisition amounted RMB4,921,955,000, which are equal to its gross contractual amounts. There was no estimated uncollectable amount of the contractual cash flows at the date of acquisition.

Included in the goodwill of RMB249,122,000 recognised above are assembled workforce and synergies between the acquirer and acquiree, which are not recognised separately. Because the assembled workforce and synergies are not separable and therefore it does not meet the criteria for recognition as an intangible asset under HKAS 38 Intangible Assets. None of the goodwill recognised is expected to be deductible for income tax purposes.

The Group incurred transaction costs of RMB1,534,000 for these acquisitions. These transaction costs have been expensed and are included in administrative expenses in the consolidated statement of profit or loss.

The Group measured the acquired lease liabilities using the present value of the remaining lease payments at the date of acquisition. The right-of-use assets were measured at an amount equal to the lease liabilities and adjusted to reflect the favourable terms of the leases relative to market terms.

The Group recognised a gain on bargain purchase of approximately RMB26,468,000 in the consolidated statement of profit or loss for the period ended 30 June 2022, which was, in the opinion of the directors, primarily attributable to the Group's ability in negotiating the agreed terms of the transaction with the independent third parties, as the Group has good reputation and rich experience in the property development and management of residential properties, commercial buildings and hotel properties, and has sufficient available funds for the ongoing development of the project.

Management has assessed that the fair values of cash and cash equivalents, restricted bank balances, trade receivables, amounts due from non-controlling shareholders, financial assets included in prepayments, deposits and other receivables, trade and bills payables, financial liabilities included in other payables and accruals, lease liabilities, dividend payable and amounts due from/to related parties approximate to their carrying amounts largely due to the short term maturities of these instruments.

本集團的財務部負責釐定金融工具有關公平值計量的政策及程序。

The Group's finance department is responsible for determining the policies and procedures for the fair value measurement of financial instruments.

26. 金融資產及金融負債 (續)

除被迫或清盤出售外，金融資產及負債的公平值是按自願訂約方之間進行現有交易中可交換的金額列賬。以下方法及假設已用於估計公平值：

計息銀行貸款及其他借款（票據除外）和長期應付款項公平值已透過將按相若條款、信貸風險及剩餘到期期限以現可就工具提供的折現率折現預計未來現金流計算。票據的公平值按所報市價計算。於2022年6月30日及2021年12月31日，本集團本身就計息銀行貸款及其他借款和長期應付款項的不履約風險被評定為不大。

可換股債券的公平值使用二項式期權定價模式進行估算。二項式期權定價模式載入多個輸入數據，包括無風險利率及預期波動性。

本集團與對手方（主要為信貸評級良好的金融機構）訂立衍生金融工具。衍生金融工具利用現有價值計算或類似計算進行計量。該等模型載入市場可觀察輸入數據（包括即期及遠期匯率及相關貨幣的利率曲線）。

本集團投資於非上市投資，即位於中國大陸的銀行發行的財富管理產品。本集團已使用折現現金流估值模型，按條款及風險相似的工具的市場利率，估計該等非上市投資的公平值。

包含於其他金融資產中的股本投資的公平值乃按沒有可觀察市價或市值租金的假設利用貼現現金流量估計模型作出估計。估值需要董事對預期未來現金流量作出估計，包括預期未來股息及其後出售股份的所得款項。董事認為，因估值方法導致的估計公平值（計入合併財務狀況表）及公平值相關變動（計入損益）為合理，且於報告期末為最適當的價值。

26. FINANCIAL ASSETS AND FINANCIAL LIABILITIES*(CONTINUED)*

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair values of interest-bearing bank and other borrowings except for notes, and long-term payables have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities. The fair value of notes is based on quoted market prices. The Group's own non-performance risk for interest-bearing bank and other borrowings and long-term payables as at 30 June 2022 and 31 December 2021 was assessed to be insignificant.

The fair value of a convertible bond is estimated using the binomial option pricing model. The binomial option pricing model incorporates various inputs including risk-free interest rate and expected volatility.

The Group enters into derivative financial instruments with counterparties, principally financial institutions with good credit ratings. Derivative financial instruments are measured using present value calculations or similar calculations. The models incorporate market observable inputs including the foreign exchange spot and forward rates and interest rate curves of the underlying currency.

The Group invests in unlisted investments, which represent wealth management products issued by banks in Mainland China. The Group has estimated the fair value of these unlisted investments by using a discounted cash flow valuation model based on the market interest rates of instruments with similar terms and risks.

The fair values of equity investments included in other financial assets have been estimated using a discounted cash flow valuation model based on assumptions that are not supported by observable market prices or rates. The valuation requires the directors to make estimates about the expected future cash flows including expected future dividends and proceeds on subsequent disposal of the shares. The directors believe that the estimated fair values resulting from the valuation technique, which are recorded in the consolidated statement of financial position, and the related changes in fair values, which are recorded through profit or loss, are reasonable, and that they were the most appropriate values at the end of the reporting period.

分拆金茂服務及於香港聯交所主板獨立上市

誠如本公司於2021年8月31日、2022年1月18日、2022年1月25日、2022年1月28日、2022年2月6日、2022年2月17日、2022年2月18日、2022年2月25日、2022年3月9日、2022年3月10日及2022年4月3日刊發的公告及於2022年1月29日寄發的通函所述，本公司已成功分拆金茂物業服務發展股份有限公司（「金茂服務」）的股份並於香港聯交所主板獨立上市（股份代號：00816，「分拆」）。分拆已於2022年3月10日完成。分拆完成並緊隨部分行使超額配股權後，金茂服務仍為本公司的附屬公司，並由本公司持有其約67.3%的已發行股份。金茂服務及其附屬公司主要於中國從事提供物業管理服務、非業主增值服務及社區增值服務。

為滿足上市規則第15項應用指引中所述之保證配額規定，本公司以實物分派金茂服務股份的方式向合資格股東派發特別股息（以金茂服務的股份獲全球發售為條件並與其同步進行）。就此，於獲得股東授權後，本公司董事會於2022年2月18日宣佈向合資格股東分派191,680,031股金茂服務股份。合資格股東於記錄日期（即2022年2月23日）每持有66.2股本公司股份即獲分派一股金茂服務股份。特別股息已於2022年3月10日分派。

根據上市規則第14章，上述分派並不構成本公司的交易，而根據上市規則第14.29條，全球發售構成一項視作對本公司附屬公司權益的出售。由於根據上市規則第14.07條，分拆的各項適用百分比率均低於5%，故根據上市規則第14章，分拆不構成公司的須予公佈交易。

Spin-off and separate listing of Jinmao Services on the Main Board of the Hong Kong Stock Exchange

As stated in the announcements of the Company dated 31 August 2021, 18 January 2022, 25 January 2022, 28 January 2022, 6 February 2022, 17 February 2022, 18 February 2022, 25 February 2022, 9 March 2022, 10 March 2022 and 3 April 2022 and the circular dated 29 January 2022, the Company has successfully spun off and separately listed the shares of Jinmao Property Services Co., Limited (“Jinmao Services”) on the Main Board of the Hong Kong Stock Exchange (stock code: 00816, the “Spin-off”). The Spin-off was completed on 10 March 2022. Upon completion of the Spin-off and immediately after the partial exercise of the over-allotment option, Jinmao Services remains as a subsidiary of the Company and the Company holds approximately 67.3% of its issued shares. Jinmao Services and its subsidiaries are principally engaged in the provision of property management services, value-added services to non-property owners and community value-added services in the PRC.

In order to satisfy the assured entitlement requirement under Practice Note 15 of the Listing Rules, the Company distributed a special dividend to the qualifying shareholders by way of a distribution in specie of shares of Jinmao Services, conditional upon and contemporaneously with the global offering of the shares of Jinmao Services. In this connection, upon obtaining the shareholders’ authorisation, the Board of the Company announced on 18 February 2022 the distribution of 191,680,031 shares of Jinmao Services to the qualifying shareholders. Qualifying shareholders were entitled to one share of Jinmao Services for every 66.2 shares of the Company held on the record date (i.e. 23 February 2022). The special dividend was distributed on 10 March 2022.

The above distribution does not constitute a transaction for the Company under Chapter 14 of the Listing Rules and the global offering constitutes a deemed disposal of interest in a subsidiary of the Company under Rule 14.29 of the Listing Rules. As each of the applicable percentage ratios under Rule 14.07 of the Listing Rules in respect of the Spin-off is less than 5%, the Spin-off does not constitute a notifiable transaction for the Company under Chapter 14 of the Listing Rules.

獨立董事委員會關於世貿投資選擇權之檢討

由本公司全體獨立非執行董事組成的獨立董事委員會於2022年8月25日通過書面決議，對其於2022年3月28日做出的暫不行使選擇權藉以收購中化集團於中國世貿投資有限公司（「世貿投資」）15%的權益的決定進行檢討。

獨立董事委員會仔細審閱世貿投資的相關資料，並考慮中化集團現時為世貿投資的財務投資者，僅佔少數及被動性權益，且本公司一貫以加快資產周轉率、實現資金快速回流為抓手，目前整體總債務規模維持穩健。公司資金主要用於已獲取開發項目支出及擴大開發板塊的土地儲備。本公司近期獲取的位於北京、寧波、天津及上海等地的項目均處於投入階段，加之位於湖州、南昌、長沙及上海的城市運營項目開發週期長、資金需求量大，且產業資源導入與拓展需要長期經營投入和不懈努力，如此時再收購世貿投資，將對公司的人力財力等各方面提出更大挑戰。因此，獨立非執行董事一致認為，現時行使對世貿投資的選擇權並不符合本公司穩健投資的政策、不符合本公司及股東的整體最佳利益。

獨立董事委員會一致決定，目前仍暫不行使選擇權藉以收購中化集團於世貿投資15%的權益。誠如招股書及本公司2010年4月9日發佈的公告所述，獨立董事委員會將繼續不時檢討對世貿投資的選擇權，並於本公司中期及年度報告中做出相關披露。

REVIEW OF THE OPTION OVER SHIMAO INVESTMENT BY THE INDEPENDENT BOARD COMMITTEE

A written resolution was entered into by the Independent Board Committee comprising all independent non-executive directors of the Company on 25 August 2022 to review its decision made on 28 March 2022 not to exercise, for the time being, the option to acquire Sinochem Group's 15% interest in China Shimao Investment Company Limited ("Shimao Investment").

The Independent Board Committee has carefully reviewed the relevant information of Shimao Investment, taking into account the facts that Sinochem Group is a financial investor of Shimao Investment and owns only a minority and passive interest in it, and that the Company has always adhered to accelerating the asset turnover ratio and achieving rapid return of funds, and currently the overall total debt position maintains healthy. The funds of the Company are mainly used for the expenditure of acquired development projects and the expansion of land reserve for development segments. The projects recently acquired by the Company, including the projects in Beijing, Ningbo, Tianjin and Shanghai etc., are all at a stage that requires capital investment. In addition, the city operations projects in Huzhou, Nanchang, Changsha and Shanghai are projects with long development cycles and huge demand for funds, and the injection and expansion of industrial resources require long-term commitment in operation and relentless effort. The Company considers that the acquisition of Shimao Investment at the moment would pose greater challenges to the Company in various aspects, including manpower and financial capacity. As such, the independent non-executive directors unanimously agreed that the exercise of the option over Shimao Investment at this moment is not in line with the Company's prudent investment policy, and is not in the best interests of the Company and the shareholders as a whole.

The Independent Board Committee unanimously resolved not to exercise the option to acquire Sinochem Group's 15% interest in Shimao Investment at this moment. As disclosed in the prospectus and the announcement dated 9 April 2010 of the Company, the Independent Board Committee would continue to review the option over Shimao Investment and make relevant disclosure in the interim and annual reports of the Company.
