BUSINESS REVIEW

During the six months ended 30 June 2022 (the "**Period Under Review**"), the international and domestic markets continued to experience extreme challenging situation. Governments around the world had been continuously implementing measures to fight against the coronavirus disease 2019 (the "**COVID-19**") pandemic, restricting the mobility and implementing various social distancing measures. As such, business activities have been inevitably affected. The Company and its subsidiaries (collectively referred to as, the "**Group**") have adjusted their marketing strategies from time to time in response to the highly unstable environment.

Art and Asset Pawn Loan Business

During the Period Under Review, the revenue derived from the pawn loan segment was approximately RMB19.9 million, representing a decrease of approximately 4.1% from approximately RMB20.7 million for the corresponding period last year. The decrease was the result of the reduction in the amount of art and asset pawn loans as the management continued to adopt a prudent and conservative approach in granting loans amid the COVID-19 pandemic and adverse global financial market and reduced monthly composite administrative fees charged for pawn loans. The profits derived from pawn loan segment was approximately RMB21.2 million, representing an increase of approximately 4.1% from approximately RMB20.4 million for the corresponding period last year.

The Group has implemented a risk management system which the Group believes to be effective in reducing various risks involved in our art and asset pawn loan business. The Group established a multi-level internal approval system and an effective risk management system, and had a professional internal and external authentication team. The Group also hired external authoritative authentication institutions as the Company's independent advisor. The Group's risk management achieved remarkable results, of which the art and asset pawn loan business did not experience any default in the first half of 2022.

Art and Asset Auction Business

Due to the outbreak of COVID-19 pandemic, art museums, galleries and other art institutions were required to close for a long period of time and the public is required to maintain social distance. Business travels and physical meetings have been mostly suspended. We experienced difficulties in soliciting artworks and meetings with the collectors as those activities will expose our staff to health risk. After taking into account the risks and benefits associated with auctions related activities, we decided to cancel most of the auctions so as to protect our staff and business partners and fight against the pandemic.

During the Period Under Review, the revenue from the art auction segment of the Group was approximately RMB61,000, representing a decrease of approximately 64.5% from approximately RMB172,000 for the same period in 2021. Loss of art auction segment was approximately RMB392,000 (2021: profit of approximately RMB8,000). The decrease was mainly due to the decrease in revenue generated from this segment during the period.

Art and Asset Sales Business

There was no revenue and profits derived from the art and asset sales segment for the Period Under Review due to the continuing implementation of social distancing measures in the PRC.

FINANCIAL REVIEW

Revenue

Our revenue decreased by approximately 4.6% to approximately RMB20.0 million for the Period Under Review as compared to the corresponding period last year, primarily due to (i) the reduction in the average loan balance of art and asset pawn loans; and (ii) the decrease in auction service revenue for the first half of 2022.

Other income

Our other income decreased by approximately 7.3% to approximately RMB1.4 million for the Period Under Review as compared to the corresponding period last year, primarily due to decrease in bank interest income during the Period Under Review.

Other gains and losses

Our other losses amounted to approximately RMB0.3 million for the Period Under Review as compared to other gains of approximately RMB1.3 million for the corresponding period last year, primarily due to the exchange losses arising from the depreciation of RMB during the Period Under Review.

Operating expenses

Our operating expenses decreased by approximately 7.9%, to approximately RMB0.8 million for the Period Under Review as compared to the corresponding period last year, primarily due to the decrease in staff cost for operating businesses.

Net impairment losses reversed

For the Period Under Review, the net impairment losses reversed was approximately RMB2.3 million, representing an increase by approximately RMB1.9 million as compared to the corresponding period last year.

Administrative expenses

Our administrative expenses decreased by approximately 39.7% as compared to the corresponding period last year and was approximately RMB2.4 million for the Period Under Review, primarily due to the decrease in staff cost and professional fees incurred for administrative purpose.

Reportable segment profit

As a result of the foregoing, the reportable segment profit increased by approximately RMB0.3 million from approximately RMB20.4 million for the six months ended 30 June 2021 to approximately RMB20.7 million for the six months ended 30 June 2022.

Profit before tax

As a result of the foregoing, our profit before tax for the Period Under Review increased by approximately 4.3% as compared to the corresponding period last year and amounted to approximately RMB20.0 million for the Period Under Review, primarily due to the increase in net impairment losses reversed and decrease in administrative expenses during the Period Under Review.

Income tax expenses

Our income tax expenses for the Period Under Review increased by approximately 10.2% as compared to the corresponding period last year and amounted to approximately RMB5.9 million, primarily due to the underprovision of income tax amounting to RMB356,000 in prior years.

Profit for the period

As a result of the foregoing, our profit for the Period Under Review increased by approximately 1.9% as compared to the corresponding period last year and amounted to approximately RMB14.1 million for the six months ended 30 June 2022.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

Net Cash Flow

The Group maintains a strong and healthy financial position. The Group's principal sources of funds to finance the working capital, capital expenditure and other capital requirements were internally generated by cash flows.

The following table summarises the condensed consolidated statement of cash flows of the Group for the six months ended 30 June 2022 and 2021:

	2022 RMB'000 (unaudited)	2021 RMB'000 (unaudited)
Net cash generated from operating activities	139,178	80,227
Net cash generated from/(used in) investing activities	3,135	(700) 6,080
0 1 0	· · ·	

As at 30 June 2022, the Group's total bank balances and cash increased by 19.8% to approximately RMB859.1 million from approximately RMB717.1 million as at 31 December 2021, which was mainly due to the reduction in loan receivables. As at 30 June 2022 and 31 December 2021, the Group did not have any bank borrowings and no significant assets were charged.

During the Period Under Review, the Group did not engage in any derivative activities or use any financial instruments to hedge its balance sheet exposures.

The Group principally focused on the operations in the PRC. Except for certain monetary assets and liabilities which were denominated in foreign currencies, the Group was not subject to any other material risk directly relating to the foreign exchange fluctuation. For the six months ended 30 June 2022, despite the exchange rates of RMB fluctuated against USD and HKD, the Directors expected any fluctuation of the RMB exchange rate would not materially and adversely affect the operations of the Group. The management will continue to monitor foreign currency exchange exposure and will take prudent measures to minimize the currency translation risk if and when necessary.

Gearing Ratio

The gearing ratio, calculated on the basis of total interest bearing borrowings (including loan from a former director) to equity (including all capital and reserves), was 0.2% (31 December 2021: 0.6%).

Contingent Liabilities

As at 30 June 2022 and 31 December 2021, the Group did not have any material contingent liabilities nor any other off-balance sheet commitments and arrangements.

Capital Expenditures

Our capital expenditures primarily comprised expenditures on property, plant and equipment, which amounted to RMB110,000, for the six months ended 30 June 2021 (six months ended 30 June 2022: Nil).

Capital Commitments

As at 30 June 2022 and 31 December 2021, the Group did not have material capital commitments.

Subsequent Event

Except as disclosed elsewhere in this report, there was no significant event taken place subsequent to 30 June 2022 and up to the date of this report.

Human Resources and Training

As at 30 June 2022, the Group had a total of 27 employees (as at 31 December 2021: 31 employees). The Group's employee remuneration policy is determined on the basis of their performance, qualifications, experience and prevailing market practice. Remuneration packages comprise salary, medical insurance, mandatory provident fund and year-end discretionary bonus.

FOREIGN EXCHANGE RISKS

As most of the Group's monetary assets and liabilities are denominated in Renminbi and the Group conducts its business transactions principally in Renminbi and Hong Kong dollars, the exchange rate risk of the Group is not significant. The Group did not enter into any foreign exchange hedging arrangements during the six months ended 30 June 2022. The Group reviews its foreign exchange risks periodically and will consider using derivatives financial instruments to hedge against such risks if and when necessary.

USE OF PROCEEDS

On 8 November 2016 (the "**Listing Date**"), the Company issued 400,000,000 new shares of nominal value of HK\$0.01 each in connection with the listing of its shares on the Stock Exchange (the "**IPO**"). The net proceeds, after deducting the underwriting commission and issuing expenses arising from the IPO, amounted to HK\$237.7 million (equivalent to RMB212.6 million).

Change of use of proceeds

The Group recently provides art finance services under three business segments, namely (i) art and asset pawn loan business; (ii) art and asset auction business and (iii) art and asset sales business. The Group has established good and stable relationship with artwork artists, agents, merchants, collectors and art galleries (collectively, the "**Artwork Sellers**") which enables the Group to source high-value artworks. The Group also has a professional authentication and appraisal team (the "**Appraisal Team**") to check the authenticity and assess the value of the artworks.

Due to the outbreak of COVID-19 pandemic and the adverse market conditions, some of the Artwork Sellers have not been able to sell their artworks and were willing to sell them at a significant discount. Leveraging on the Group's relationships with the Artwork Sellers and the expertise of the Appraisal Team, the Group believes that it will be able to identify suitable artworks for trading. The Group intends to sell the artworks acquired at its future auctions and/or private sales and expects that it will be able to generate profits for the Group through (i) gain on the difference between their acquisition price and sale price; and (ii) auction commissions when selling the artworks through its future auctions.

The Company observed that the outcomes of investment made in strengthening of online platform is below expectation and the high net worth buyers prefer viewing and inspecting the artworks in person instead of viewing the photos of the artworks online. The Board therefore considers that further investment in strengthening online auction platform and developing online loan financing platform may not enable the Group to make a breakthrough in its business and generate satisfactory financial results and return for the Group.

Having considered the above, the Board is of the view that the unutilised net proceeds originally allocated for strengthening online auction platform and developing online loan financing platform can be better utilised for business development of the Group by reallocating to trading of artworks.

On 29 July 2020 (the "**Date of Reallocation**"), the Board has resolved to reallocate the unutilised net proceeds, which were originally allocated for strengthening online auction platform and developing online loan financing platform, for trading of artworks.

The unutilised net proceeds as at 30 June 2022 and revised allocation of the net proceeds from the IPO on the Date of Reallocation and the unutilised net proceeds as at 30 June 2022 are set out as follows:

	Planned use of proceeds as disclosed in the prospectus of the Company dated 27 October 2016 % of net		disclosed in the prospectus of the Company dated 27 October 2016		Utilisation as at the Date of Reallocation	Unutilised net proceeds as at the Date of Reallocation	Revised allocation of the net proceeds % of revised		Unutilised net proceeds as at 30 June 2021 d

The unutilised net proceeds is intended to be fully utilised for trading of artworks by December 2022.

OUTLOOK AND PROSPECTS

As a result of the outbreak of COVID-19 in early 2022 in major cities of the PRC, the Chinese economy will inevitably face more challenges and further slow down. In addition, due to the Sino-American tension and the Russo-Ukrainian War, the Group expects that the business environment would remain challenging in the year of 2022. Meanwhile, the Group will cautiously monitor market change and risk management in order to provide a sustainable growth in the future.

We conduct our art and asset pawn business and art and asset auction business through our PRC Operating Entities (as defined below): (i) Hexin Pawn is engaged in the provision of pawn loan services secured by artworks and assets as collaterals which are regulated under the Pawning Measures; and (ii) Hexin Auction focuses on auction of artworks. In addition to our traditional principal on-site art auctions, we commenced online auctions of artworks since 2015.

The operation of the pawn loan business of Hexin Pawn and online art auction operation of Hexin Auction are, to certain extent, subject to foreign investment prohibition or restriction in the PRC and there are practical difficulties in obtaining governmental approval for foreign investment (including but not limited to the requirement for a foreign investor intending to acquire any equity interest in a value-added telecommunication business (including our online auction operations) in the PRC to demonstrate a "good track record and operating experience" in providing value-added telecommunication services overseas ("Qualification Requirements") in these businesses. For such reasons, we do not hold controlling equity interest in Hexin Pawn and Hexin Auction (collectively the "PRC Operating Entities"), and our Company, through our three whollyowned subsidiaries established in the PRC, namely Yixing Han Xin Information Technology Service Co., Ltd (the "WFOE-Pawn"), Yixing Zi Yu Information Technology Service Co., Ltd (the "WFOE-Auction") and Yixing Changxiang Materials Trading Company Limited ("YCMT"), control the PRC Operating Entities through two sets of agreements and direct shareholding. The first set of agreement was entered into between WFOE-Pawn, Hexin Pawn as well as Mr. Fan Zhijun, Wuxi Hexin Culture and Art Company Limited (the "Wuxi Culture"), Ms. Fan Qinzhi, Zisha Hotel, Mr. Fan Yajun and Ms. Wu Jian (collectively the "HP Equity-holders") (the "HP Structured Contracts") and the other set of agreement was entered into between WFOE-Auction, Hexin Auction as well as Mr. Fan Zhijun, Ms. Wu Jian and Ms. Xu Min (collectively the "HA Equityholders") (the "HA Structured Contracts"), which constitute the contractual arrangements (the "Contractual Arrangements"). The Contractual Arrangements are narrowly tailored to achieve our business purpose and minimise the potential conflict with the relevant PRC laws and regulations. The Contractual Arrangements are designed to provide the Group with effective control over the financial and operational policies of the PRC Operating Entities and, to the extent permitted by the PRC laws and regulations, the right to acquire the equity interests in and/or the assets of the PRC Operating Entities. Further, pursuant to the Contractual Arrangements, all economic benefits derived from the operation of the PRC Operating Entities are enjoyed by the Group and the financial results of the PRC Operating Entities are consolidated into the Group as if it was a wholly-owned subsidiary.

The Company engaged our PRC legal counsel to review the Contractual Arrangements. Based on the legal opinion of our PRC legal counsel, the Contractual Arrangements are valid, legally binding and enforceable under the current PRC laws.

APPRECIATION

Finally, I wish to take this opportunity to express my sincere gratitude to the Directors, management and staff for their contributions and good performance during the Period Under Review.

By Order of the Board China Art Financial Holdings Limited Fan Zhijun Chairman

Hong Kong, 26 August 2022

1. GENERAL AND BASIS OF PREPARATION

(a) General

The condensed consolidated financial statements of China Art Financial Holdings Limited (the "**Company**") and its subsidiaries (collectively referred to as the "**Group**") have been prepared in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "**HKICPA**") as well as with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

The Group's condensed consolidated financial statements are presented in Renminbi ("**RMB**"), which is the same as the functional currency of the Company.

(b) Basis of preparation

("Hexin Pawn") and 江蘇和信拍賣有限公司 Jiangsu Hexin Auction Co., Ltd. ("Hexin Auction"), respectively, which constitute the contractual arrangements (the "Contractual Arrangements") for art and asset pawn business, art and asset auction business, and art and asset sales business. The Contractual Arrangements effectively transfer the controls over economic benefits and pass the risks associated therewith of Hexin Pawn and Hexin Auction to WFOE-Pawn and WFOE-Auction respectively. The Contractual Arrangements with Hexin Pawn include: (i) Hexin Pawn composite services agreement, (ii) Hexin Pawn option agreement, (iii) Hexin Auction include: (i) Hexin Auction composite services agreement, (ii) Hexin Auction option agreement, (iii) Hexin Auction proxy agreement, and (iv) Hexin Auction equity pledge agreement, (ii) Hexin Auction option agreement, (iii) Hexin Auction proxy agreement, and (iv) Hexin Auction equity pledge agreement, of the Contractual Arrangements are set out in the section headed "Contractual Arrangements" of the prospectus of the Company dated 27 October 2016.

The Contractual Arrangements are irrevocable and enable the Group to:

Accordingly, Hexin Pawn and Hexin Auction are considered as indirect wholly-owned subsidiaries of the Company.

For the six months ended 30 June 2022

Segment information

The art and asset pawn loans to customers are arising from the Group's art and asset pawn business. The loan periods granted to customers are normally within three months and the maximum tenure of each loan is six months from the date of the loan initially granted. At the maturity of the loan period, a borrower has the obligation to repay the principal amount of the loan or, alternatively, a borrower may make an application for a renewal of the loan prior to or within five days after, the maturity date of the loan period. The loans granted to customers carried effective interest rate of 18% (For the year ended 31 December 2021: effective interest rates ranging from 18% to 24%) per annum during the six months ended 30 June 2022. Art and asset pawn loans to customers were all denominated in RMB.

All art and asset pawn loans granted are backed by collateral as security. The principal collateral types for loans to customers are the artwork and other assets, mainly Zisha artworks, paintings and calligraphies. The Group is not permitted to sell or repledge the pawn assets in the absence of default by the customers. There have not been any significant changes in the quality of the collateral held.

The ageing analysis of art and asset pawn loans to customers (net of impairment allowances) by issue date of initial pawn tickets upon granting of the pawn loans is set out below:
