### Chairman's Statement

Dear Shareholders.

On behalf of the board (the "Board") of directors (the "Directors") of Ri Ying Holdings Limited (the "Company") and its subsidiaries (collectively the "Group"), I would like to present to our shareholders the annual report of the Group for the year ended 30 September 2022.

#### FINANCIAL RESULTS

For the year ended 30 September 2022, the Group recorded a total revenue of approximately HK\$110.3 million, representing a decrease of approximately 50.6% as compared to approximately HK\$223.1 million for the year ended 30 September 2021. The Group recorded a net loss of approximately HK\$139.0 million for the year ended 30 September 2022, representing a decrease of approximately 482.5% as compared to approximately HK\$23.9 million for the year ended 30 September 2021. Such decrease was primarily due to (i) the disputes on the certification of work performed for the redevelopment project of a school, which resulted in the negative revenue and gross loss for general building works and associated services; and (ii) the increase in administrative and other operating expenses as a result of the increase in staff costs and the increase in operating expenses for the Group's expansion in the PRC during the year ended 30 September 2022.

### **PROSPECTS**

Our Directors are of the view that the general outlook of the construction industry and the business environment in which the Group operates remain challenging in the coming year. Although the economy of Hong Kong is showing signs of gradual recovery with the relaxation of the novel coronavirus (COVID-19) restriction, the number of infected cases remained volatile and the construction industry may continue to be affected by the persistent outbreak of the novel coronavirus (COVID-19) epidemic (the "**Epidemic**"). Besides, the rapid increase in interest rates as induced by the US Fed and the Russo-Ukrainian conflict have also dampened the global economy. Meanwhile, in view of the ageing population in the PRC, the improvement of public health awareness and the recurrent Epidemic, the Group will strive to capture the business opportunity and accommodate the market demand for the health management and consultancy business in the PRC. The Group will continue to adopt prudent financial management and cost control and explore suitable business and investment opportunities to drive our business growth.

#### APPRECIATION

On behalf of the Board, I would like to express my sincerest gratitude to our shareholders, customers, suppliers and subcontractors for their continuous support. I would also like to send my warmest thanks to all our management and staff members for their hard work and dedication throughout the years.

### **BUSINESS REVIEW**

The Group is a construction contractor in Hong Kong principally providing (i) foundation and site formation works, which mainly include piling works, excavation and lateral support (ELS) works, pile cap construction and ground investigation works; (ii) general building works and associated services, which mainly include development of superstructures, alteration and addition works; and (iii) other construction works, which mainly include slope works and demolition works. The Group is able to undertake construction works as either a main contractor or a subcontractor. Apart from construction works, the Group also provides construction related consultancy services including engineering consulting on construction designs and works supervision, and construction contract administration services.

As at 30 September 2022, the Group had 25 construction projects on hand (including projects in progress and projects that are yet to commence) (2021: 37 construction projects on hand) with a total contract value of approximately HK\$798.0 million (2021: approximately HK\$742.1 million), out of which approximately HK\$561.8 million has been recognised as revenue up to 30 September 2022. The details of the Group's projects on hand as at 30 September 2022 are as follows:

		Actual/expected commencement	Actual/expected

Apart from undertaking construction works in Hong Kong, the Group also operates health management and consultancy business in the PRC primarily through the sales of health products on a wholesale basis. In the initial stage of the health management and consultancy business, the Group sourced health products from suppliers under third-party brands, mainly including female hygiene products for female customers in the PRC. In view of the growing ageing population in the PRC, the improvement of public health awareness and the recurrent Epidemic, the Group marketed health products under its own brands for customers in the middle age or older demographic in the PRC, which include Ginseng and related products developed and produced via cooperation with biotechnology and pharmaceutical companies in the PRC. During the year ended 30 September 2022, the Group has also launched and started to sell the health intelligent robots which allow users to conduct certain basic health check-ups and seek medical and health consultation via the internet. The revenue generated from the Group's health management and consultancy business remained relatively stable at approximately HK\$14.4 million and HK\$14.3 million for the years end 30 September 2021 and 2022, respectively.

### OUTLOOK

The Directors are of the view that the general outlook of the construction industry and the business environment in which the Group operates will remain challenging. Although the economy of Hong Kong is showing signs of gradual recovery with the relaxation of COVID-19 restrictions, the Epidemic may continue to affect the construction industry as well as the operation of the Group. Besides, the rapid increase in interest rates as induced by the US Fed and the Russo-Ukrainian conflict have also dampened the global economy. In light of the uncertain business environment, the Group will continue to adopt prudent financial management and cost control. Furthermore, the Group will continue to obtain additional qualifications and strengthen its financial resources to better position itself for tendering suitable projects in the public sector as a main contractor, and invest in the manpower and information system to enhance its operational capacity and efficiency. For the Group's health management and consultancy business, it will strive to capture the growth opportunities in order to meet the market demand brought about by the Epidemic as well as the improvement of health awareness of individuals in the PRC. Meanwhile, the Group will continue to explore suitable business and investment opportunities to drive its business growth.

#### FINANCIAL REVIEW

### Revenue

The Group's revenue decreased by approximately HK\$112.8 million, or 50.6%, from approximately HK\$223.1 million for the year ended 30 September 2021 to approximately HK\$110.3 million for the year ended 30 September 2022. The following table sets out a breakdown of the Group's revenue during the years ended 30 September 2022 and 2021 by segments:

	Year ended 30 September			
	2022		2021	
	HK\$'000	<u>%</u>	HK\$'000	%
Foundation and site formation works	89,189	80.8	70,441	31.6
General building works and associated services	(40,290)	(36.5)	70,578	31.6
Other construction works	39,595	35.9	56,916	25.5
Construction related consultancy services	7,509	6.8	10,750	4.8
Health management and consultancy business	14,306	13.0	14,391	6.5
Total	110,309	100.0	223,076	100.0

The decrease in the Group's revenue was primarily driven by (i) the negative revenue as contributed from general building works and associated services as a result of the deduction of revenue for a redevelopment project of a school which is under disputes over the certification of works performed; and (ii) the decrease in number of projects undertaken by the Group for other construction works and construction related consultancy services during the year ended 30 September 2022. The decrease was partially offset by the increase in revenue contributed from foundation and site formation works as a result of the commencement of new projects during the year.

### Cost of sales

Cost of sales decreased by approximately HK\$4.9 million, or 2.4%, from approximately HK\$202.2 million for the year ended 30 September 2021 to approximately HK\$197.3 million for the year ended 30 September 2022. Such decrease was mainly driven by the decrease in revenue.

### Gross (loss)/profit and gross (loss)/profit margin

The Group incurred gross loss of approximately HK\$87.0 million for the year ended 30 September 2022 as compared with the gross profit of approximately HK\$20.9 million for the year ended 30 September 2021. The Group also recorded a gross loss margin of approximately 78.9% for the year ended 30 September 2022 as compared with the gross profit margin of 9.4% for the year ended 30 September 2021.

The Group recorded a significant gross loss for general building works and associated services during the year ended 30 September 2022 (2021: gross loss margin of approximately 1.6%). Such loss was primarily due to the disputes over the certification of works performed for the redevelopment project of a school. The Group also recorded a decrease in gross margin for construction related consultancy services (2021: gross profit margin of approximately 29.5%; 2022: gross loss margin of approximately 9.0%) and other construction works (2021: approximately 11.1%; 2022: approximately 7.1%), mainly due to (i) the decline in revenue for construction related consultancy services which was unable to cover the fixed operating costs; and (ii) the undertaking of certain lower gross profit margin projects for other construction works during the year. The gross margin was improved by the increase in gross profit margin for foundation and site formation works (2021: approximately 6.4%; 2022: approximately 8.8%) following the commencement of new projects with relatively higher margin during the year ended 30 September 2022. Furthermore, the Group's gross profit margin for health management and consultancy business increased as compared to the same period in 2021 (2021: approximately 55.6%; 2022: approximately 86.4%) which was driven by the launch of the health intelligent robots and lower costs incurred for the Group's sales.

### Other income, gains and losses

The other income, gains and losses increased by approximately HK\$2.9 million, or 113.8% from approximately HK\$2.6 million for the year ended 30 September 2021 to approximately HK\$5.5 million for the year ended 30 September 2022, primarily due to the increase in agency commission income during the year ended 30 September 2022.

### Administrative and other operating expenses

The administrative and other operating expenses increased by approximately HK\$10.8 million, or 25.1%, from approximately HK\$43.2 million for the year ended 30 September 2021 to approximately HK\$54.0 million for the year ended 30 September 2022. Such increase was mainly contributed by the increase in staff costs as a result of the increase in the number of administrative staff and the increase in operating expenses for expansion of the Group's business in the PRC during the year ended 30 September 2022.

#### Income tax credit

The Group's income tax credit decreased from approximately HK\$1.0 million for the year ended 30 September 2021 to approximately HK\$0.1 million for the year ended 30 September 2022 as a result of the decrease in reversal for provision of income tax expense provided in previous years.

#### Loss for the year

As a result of the foregoing, for the year ended 30 September 2022, the net loss increased by approximately HK\$115.1 million from approximately HK\$23.9 million for the year ended 30 September 2021 to approximately HK\$139.0 million for the year ended 30 September 2022.

#### Contract assets

The Group's contract assets mainly included the Group's right to consideration for work performed but not yet billed (the "Unbilled Revenue") as well as the retention receivable as withheld by customers for contract works. The Group's contract assets decreased significantly from approximately HK\$97.2 million as at 30 September 2021 to approximately HK\$23.1 million as at 30 September 2022, The carrying amount of contract assets was significantly reduced primarily due to the cumulative adjustments to revenue for the redevelopment project of a school which is under disputes over the certification of works preformed. The Group have engaged an independent professional valuer to estimate the expected credit losses for contract assets and the simplified approach have been adopted under HKFRS 9. The management of the Group reviews the recoverable amount of each individual debt at the end of each reporting period to ensure that adequate provisions for impairment losses are made for irrecoverable amounts on contract assets. In this regard, the management of the Group considers that the credit risk on contract assets is significantly reduced. The Group considers available reasonable and supportive forward-looking information. Based on such assessment, the Group's management considers the expected credit loss allowance on the contract assets is adequately provided as at 30 September 2022. As at the date of this annual report, approximately 82.0% and 20.3% of the Unbilled Revenue and the retention receivables as included in the Group's contract assets have been subsequently settled, respectively.

### Other receivables, deposits and prepayments

The following table sets forth the breakdown of other receivables, deposits and prepayments as at 30 September 2022 and 2021:

	As at 30 September 2022 HK\$'000	As at 30 September 2021 HK\$'000
Other receivables Deposits	9,940 1,880	39,521 11,041
Prepayments	29,473	60,778
Less: provision for impairment losses	41,293 (140)	111,340 (1,072)
	41,153	110,268

The Group's other receivables, deposits and prepayments decreased from approximately HK\$110.3 million as at 30 September 2021 to approximately HK\$41.2 million as at 30 September 2022. Such decrease was mainly due to (i) the decrease in other receivables as a result of the settlement from customers for goods delivered in relation to the agency commission income; (ii) the decrease in deposit for engagement of the subcontractor for construction projects as a result of the decrease in number of projects undertaken during the year; and (iii) the decrease in prepayment to suppliers upon the delivery of goods to customers in relation to the agency commission income. As at the date of this annual report, approximately 62.5% of the Group's other receivables, deposits and prepayments as at 30 September 2022 have been subsequently settled/utilised.

### Accruals and other payables

The following table sets forth the breakdown of accruals and other payables as at 30 September 2022 and 2021:

	As at	As at
	30 September	30 September
	2022	2021
	HK\$'000	HK\$'000
Accruals	6,548	17,729
Other payables	55,575	102,891
	62,123	120,620

The Group's accruals and other payables decreased from approximately HK\$120.6 million as at 30 September 2021 to approximately HK\$62.1 million as at 30 September 2022. Such decrease was mainly due to (i) the decrease in accrued expenses for construction projects as a result of the decrease in number of projects undertaken during the year; and (ii) the decrease in receipts in advance from customers in relation to the agency commission income upon the delivery of goods.

### PRINCIPAL RISKS AND UNCERTAINTIES

The Directors believe that there are certain risks and uncertainties involved in the operations of the Group, some of which are beyond the Group's control. The Directors believe the more significant risks relating to the business are as follows:

- the Group's revenue mainly relies on successful tenders of or acceptance of its quotations for construction projects which are non-recurring in nature and any failure of the Group to secure projects from its existing customers and/or new customers in the future would affect the Group's business operation and financial results;
- a significant portion of the Group's revenue was generated from contracts awarded by a limited number of customers,
   and any significant decrease in the number of projects with the major customers may materially and adversely affect the
   Group's financial condition and operating results;
- the Group relies substantially on subcontractors to complete the projects;
- the Group depends on key management personnel with relevant knowledge, experience and expertise; and
- the Group determines the price of its quotation or tender based on the estimated time and costs to be involved in a project and the actual time and costs incurred may deviate from its estimate due to unexpected circumstances, thereby leading to cost overruns and adversely affecting the Group's operations and financial results.

#### COMPARISON OF BUSINESS OBJECTIVES WITH ACTUAL BUSINESS PROGRESS

The following is a comparison of the Group's business strategies as set out in the prospectus of the Company dated 28 September 2018 (the "**Prospectus**") with actual business progress up to 30 September 2022.

	<ul> <li>Acquire a piece of land for machinery storage</li> </ul>	The Group was in the course of identifying suitable land for machinery storage. Due to the Group's specific requirements on the land premises and the property market condition of Hong Kong, the Group has taken more time to identify suitable land.
		As the Group is in the course of obtaining sufficient track record in undertaking relevant construction projects as required for the application of relevant licenses, the Group has delayed the expected time for acquiring machinery and the land premises for the storage of machinery. The Group has strived to tender suitable construction projects in order to fulfil the application requirement for

the license.

### USE OF PROCEEDS FROM THE SHARE OFFER

The net proceeds from the listing of the shares of the Company on the Main Board of the Stock Exchange on 16 October 2018 (the "Listing"), after deduction of the underwriting commission and actual expenses paid by the Group in connection thereto, were approximately HK\$86.6 million. After the Listing, a part of these proceeds have been applied for the purposes in accordance with the future plans and use of proceeds as set out in the Prospectus.

The below table sets out the proposed and actual applications of the net proceeds from the date of the Listing to 30 September 2022:

				Net		
		Actual use of		proceeds utilised		
	Planned use of proceeds up to	Listing Date to	Unutilised net proceeds brought	during the year ended	Unutilised net proceeds as at	Expected timeline

During the year ended 30 September 2022, the net proceeds from the Listing were utilised and expected to be utilised in the manners as disclosed in the Prospectus and there has been no change in the use of proceeds.

Up to 30 September 2022, approximately HK\$51.0 million out of net proceeds from the Listing had been used. The remaining unutilised net proceeds of approximately HK\$35.6 million were deposited in licensed banks in Hong Kong. The Company intends to apply the net proceeds in the manner as stated in the Prospectus. However, due to the unstable economic environment under the prolonged outbreak of COVID-19, the Group will utilise the remaining balance in a conservative manner. The Directors will constantly evaluate the Group's business objectives and specific needs from time to time. Further announcement will be made if there are any changes on the use of proceeds as and when appropriate. Such amounts are expected to be fully utilised on or before 30 September 2023.

The business objectives, future plans and planned use of proceeds as stated in the Prospectus were based on the best estimation and assumption of future market conditions made by the Group at the time of preparing the Prospectus while the proceeds were applied based on the actual development of the Group's business and the industry.

### CAPITAL STRUCTURE, LIQUIDITY AND FINANCIAL RESOURCES

The Company's shares were successfully listed on the Main Board of the Stock Exchange on 16 October 2018. There has been no change in the capital structure of the Group since then. The capital of the Group only comprises of ordinary shares.

The Group's operation and investments were financed principally by cash generated from its business operations and equity contribution from the shareholders.

### **CHARGE ON GROUP ASSETS**

As at 30 September 2022, the Group has pledged certain motor vehicles with net book value amounted to approximately HK\$0.7 million (2021: certain motor vehicles with net book value amounted to approximately HK\$0.3 million) under non-cancellable lease agreements.

As at 30 September 2022, the Group paid a cash collateral of approximately HK\$5.1 million (2021: approximately HK\$4.2 million) to the insurance companies for the issuance of surety bonds and are included in other receivables, deposits and prepayments.

### FOREIGN EXCHANGE EXPOSURE

For the Group's operation in Hong Kong, the major revenue and expenses are denominated in Hong Kong dollars, while there are certain monetary assets and monetary liabilities that are denominated in Renminbi, which would expose the Group to foreign exchange risk. The Group currently does not have a foreign currency hedging policy. However, the management of the Company monitors foreign exchange exposure and will consider hedging significant foreign currency exposure when the need arises. For the Group's operation in the PRC, the major revenue and expenses are denominated in Renminbi.

### TREASURY POLICY

The Directors will continue to follow a prudent policy in managing the Group's cash and maintaining a strong and healthy liquidity to ensure that the Group is well placed to take advantage of future growth opportunities.

#### **CONTINGENT LIABILITIES**

As at 30 September 2022, certain customers of construction contracts undertaken by the Group require the Group to issue guarantee for the performance of contract works in the form of surety bonds of approximately HK\$25.3 million (2021: approximately HK\$16.0 million). The Company and the executive Directors have provided guarantee to the insurance companies to secure certain surety bonds. The surety bonds are expected to be released in accordance with the terms of the respective construction contracts.

### REQUEST FOR MEDIATION

As disclosed in the announcement dated 20 January 2023, Fong On Construction Limited ("Fong On"), an indirect wholly-owned subsidiary of the Company, is involved in certain disputes in connection to payments owed to Fong On as main contractor for carrying out certain design and construction works for a school in Hong Kong (the "School"). Fong On contends, among other things, that the School has failed and/or refused to pay Fong On in accordance with the payment terms agreed and has undervalued the works carried out (including variation works) by Fong On pursuant to the relevant contracts (the "Disputes"). On 18 January 2023, Fong On has submitted a written notice to the School requesting the Disputes to be referred to mediation in accordance with and subject to The Government of the Hong Kong Special Administrative Region Construction Mediation Rules (the "Request for Mediation"). Up to the date of this annual report, as Fong On has not received a response from the School in relation to the Request for Mediation and the Disputes has not yet been referred to arbitration proceedings, the effects of the Disputes on the Group cannot be fully assessed at this moment. Further announcement(s) will be made by the Company to keep its shareholders and potential investors informed of any material development regarding the Disputes as and when appropriate.

### **COMMITMENTS**

As at 30 September 2022, the Group did not have any capital commitments (2021: approximately HK\$2.0 million contracted but not provided for the acquisition of property, plant and equipment).

### SEGMENT INFORMATION

The Group's reportable and operating segments are as follows: (i) foundation and site formation works; (ii) general building works and associated services; (iii) other construction works; (iv) construction related consultancy services; and (v) health management and consultancy business. Details of the segmental information of the Group is disclosed in Note 5, to the consolidated financial statements of this annual report.

#### INFORMATION ON EMPLOYEES

As at 30 September 2022, the Group had 158 employees (2021: 135 employees). The increase in the number of employees was mainly attributable to the expansion in the health management and consultancy business in the PRC.

Employees are remunerated based on their qualifications, position and performance. The remuneration offered to employees generally includes salaries, allowances and discretionary bonus. Various types of training were provided to the employees.

For the year ended 30 September 2022, the total staff cost (including Directors' emoluments and mandatory provident funds contributions) amounted to approximately HK\$30.6 million (2021: approximately HK\$30.1 million).

#### **DIVIDENDS**

The Board did not recommend the payment of any final dividend for the year ended 30 September 2022 (2021: Nil).

#### INTRODUCTION

The Company is committed to achieving and maintaining high standards of corporate governance, as the Board believes that good and effective corporate governance practices are key to obtain and maintain the trust of the shareholders of the Company and other stakeholders, and are essential for encouraging accountability and transparency so as to sustain the success of the Group and to create long-term value for the shareholders of the Company.

### CORPORATE GOVERNANCE PRACTICE

The Company has adopted the principles and code provisions set out in the Corporate Governance Code (the "CG Code") as set out in Appendix 14 of the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules"). The Company has fully complied with the CG Code during the year ended 30 September 2022.

In December 2021, the Hong Kong Stock Exchange published the conclusions to its consultation on Review of Corporate Governance Code, Appendix 14 of the Listing Rules and the associated Listing Rules. Most of the amendments are applicable for financial year commencing on or after 1 January 2022. A good part of the new requirements under the amended Corporate Governance Code have long been adopted by the Group as our corporate governance practices over the years. These are highlighted in the following table:

### **New Requirements**

### **Group's practices**

Align the company's culture with its purpose, values and strategy (Code Provision A.1.1)

A healthy corporate culture across the Group is vital for the Group to achieve its vision and mission towards sustainable growth. It is the Board's role to foster a corporate culture with three core principles to guide the behaviours of its employees, and ensure that the Company's vision, values and business strategies are aligned to it.

For details, please refer to "Culture and Values" section of this Corporate Governance Report.

Establish policy(ies) and system(s) that promote and support anti-corruption laws and regulations (Code Provision D.2.7)

The Group's anti-corruption policy was introduced in September 2022. The policy covers activities such as anti-corruption, code of conduct, guidance on gifts, entertainment and gratuities, the Group's expectations and requirements of business ethics, as well as investigation and reporting mechanism of suspected corruption practices. Any convicted cases will be reported to the Board and the Audit Committee.

For details, please refer to "Risk Management and Internal Control – Anti-corruption Policy" section of this Corporate Governance Report.

### **New Requirements**

### **Group's practices**

Establish whistleblowing policy and system (Code Provision D.2.6)

The Group's whistleblowing policy was introduced in September 2022.

Any convicted cases will be reported to the Board and the Audit Committee.

For details, please refer to "Risk Management and Internal Control – Whistleblowing Policy" section of this Corporate Governance Report.

Communications with shareholders and annual review (Paragraph L of the Mandatory Disclosure Requirement)

The Group's shareholders' communication policy (the "Shareholders' Communication Policy") sets out the Group's commitment of maintaining an effective ongoing dialogue with shareholders. The Shareholders' Communication Policy is reviewed by the Audit Committee on a regular basis. The Board is committed to assessing the independence of the independent non-executive Directors annually and ensuring that independent views and input are made available to the Board.

For details, please refer to "Communication with shareholders and investor relations" section of this Corporate Governance Report.

Equity-based remuneration (e.g. share options or grants) with performance related elements should not be granted to independent non-executive directors (Recommended Best Practice E.1.9)

We have a benchmarked approach in determining our non-executive Directors' fees, which does not involve equity-based remuneration with performance-related elements.

The level of fees payable to non-executive Directors (including independent non-executive Directors) is also subject to shareholders' approval.

Annually review the board diversity policy; and disclose the mechanism(s) to ensure independent views and input are available to the board, and annual review of the implementation and effectiveness of such mechanism(s) (Code Provisions B.1.3 and B.1.4)

The Group's Board diversity policy (the "**Diversity Policy**") was adopted by the Board in December 2018 and is subject to annual review by the Nomination Committee.

The Diversity Policy formally recognises the practice of ensuring that independent views and input are made available to the Board; details of which are explained in the section "Independent non-executive Directors" in this Corporate Governance Report.

### **New Requirements**

Gender diversity targets at board level and across workforce

Board level – to set and disclose numerical targets and timelines for achieving gender diversity.

Workforce level – to disclose and explain the gender ratio (including senior management), any plans or measurable objectives the company has set for achieving gender diversity. (Paragraph J of the Mandatory Disclosure Requirement)

Nomination Committee chaired by an independent non-executive director and comprising a majority of independent non-executive directors (Listing Rule 3.27A)

Elaborate the linkage between corporate governance and ESG (Introductory paragraph in the Corporate Governance Code, Principle D.2, Code Provisions D.2.2 and D.2.3)

Publish ESG reports at the same time as publication of annual reports (Listing Rule 13.91(5)(d) and paragraph 4(2)(d) of the ESG Reporting Guide)

### **Group's practices**

The Board currently has no female Director. The Board would continue to take initiatives to identify suitable candidates so as to appoint at least one female Director on the Board no later than 31 December 2024.

Gender diversity at workforce levels (including our senior management) is disclosed in this annual report.

The Nomination Committee, which comprises a majority of independent non-executive Directors, has been chaired by an independent nonexecutive Director since the Listing.

For details, please refer to "Nomination Committee" section of this Corporate Governance Report.

The linkage is shown in "ESG Governance" section of 2022 ESG Report.

The ESG Report has been published at the same time as the annual report for each year since the Listing.

### **CULTURES AND VALUES**

A healthy corporate culture across the Group is integral to attain its vision and strategy. It is the Board's role to foster a corporate culture with the following core principles and to ensure that the Company's vision, values and business strategies are aligned to it.

### 1. Integrity and code of conduct

The Group strives to maintain high standards of business ethics and corporate governance across all our activities and operations. The Directors, management and staff are all required to act lawfully, ethically and responsibly, and the required standards and norms are explicitly set out in the training materials for all new staff and embedded in various policies such as the Group's employee handbook (including therein the Group's code of conduct), the anti-corruption policy and the whistleblowing policy of the Group. Trainings are conducted from time to time to reinforce the required standards in respect of ethics and integrity.

### 2. Commitment

The Group believes that the culture of commitment to workforce development, workplace safety and health, diversity, and sustainability is one where people have a feeling of commitment and emotional engagement with the Group's mission. This sets the tone for a strong, productive workforce that attracts, develops, and retains the best talent and produces the highest quality work. Moreover, the Company's strategy in the business development and management are to achieve long-term, steady and sustainable growth, while having due considerations from environment, social and governance aspects.

#### MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Companies (the "Model Code") set out in Appendix 10 of the Listing Rules as the code of conduct regarding securities transactions by directors. Having made specific enquiry, all Directors have fully complied with the required standards set out in the Model Code during the year ended 30 September 2022.

#### DIRECTORS' RESPONSIBILITIES

The Board takes the responsibility to oversee all major matters of the Company, including but not limited to formulating and approving the overall strategies and business performance of the Company, monitoring the financial performance and internal control as well as overseeing the risk management system of the Company and monitoring the performance of senior executives. The Board is also responsible for performing the corporate governance duties including the development and reviewing the Company's policies and practices on corporate governance.

Liability insurance for the Directors and senior management officers of the Company was maintained by the Company with coverage for any legal liabilities which may arise in the course of performing their duties.

#### DELEGATION BY THE BOARD

Daily operation and managing of the business of the Group, inter alia, the implementation of strategies are delegated to the executive Directors along with other senior executives. They report periodically to the Board their work and business decisions.

### **Board Composition**

The composition of the Board as at the date of this annual report is set out as follows:

### **Executive Directors**

Dr. Lau Chi Wang (Chairman)

Mr. Lau Chi Ming

Dr. Lau Chi Keung (Chief Executive Officer)

Mr. Sun Wei

### Independent non-executive Directors

Mr. Leung Bing Kwong Edward

Mr. Pang Ka Hang Mr. Wong Chun Nam

Biographical details of the Directors are set out in the "Biographical Details of Directors and Senior Management" section on pages 15 to 20 of this annual report.

The proportion of independent non-executive Directors is higher than what is required by Rules 3.10(1) and (2), and 3.10A of the Listing Rules whereby independent non-executive directors of a listed issuer represent at least one-third of the board of directors. The three independent non-executive Directors represent more than one-third of the Board and at least one of whom has appropriate professional qualifications, or accounting or related financial management expertise. With the various experience of both the executive Directors and the independent non-executive Directors and the nature of the Group's business, the Board considered that the Directors have a balance of skills and experience for the business of the Group.

#### INDEPENDENT NON-EXECUTIVE DIRECTORS

The independent non-executive Directors play a significant role in the Board as they bring an impartial view on the Group's strategies, performance and control, as well as ensure that the interests of all shareholders are considered. All independent non-executive Directors possess appropriate academic, professional qualifications or related financial management experience. None of the independent non-executive Directors held any other offices in the Company or any of its subsidiaries or is interested in any shares of the Company.

In order to ensure that independent views and input of the independent non-executive Directors are made available to the Board, the Nomination Committee and the Board are committed to assess the Directors' independence annually with regards to all relevant factors related to the independent non-executive Directors including the following:

- required character, integrity, expertise, experience and stability to fulfill their roles;
- time commitment and attention to the Company's affairs;
- firm commitment to their independent roles and to the Board;
- declaration of conflict of interest in their roles as independent non-executive Directors;
- no involvement in the daily management of the Company nor in any relationship or circumstances which would affect the exercise of their independent judgement; and
- the Chairman meets with the independent non-executive Directors regularly without the presence of the executive Directors.

The Company has received from each independent non-executive Director an annual confirmation of his independence, and the Company considers such Directors to be independent in accordance with the criteria set out in Rule 3.13 of the Listing Rules.

### APPOINTMENT AND RE-ELECTION OF DIRECTORS

Each of Dr. CW Lau, Mr. CM Lau, Dr. CK Lau has renewed his service contract with the Company for an additional term of three years commencing from 16 October 2021 and Mr. Sun has entered into a service contract with the Company and it has been renewed for a term of three years from 25 April 2022. The letters of appointment of each of the independent non-executive Directors were renewed for a term of three years commencing on 16 October 2021. The service contracts and letters of appointment are subject to termination in accordance with their respective terms. The service contracts may be renewed in accordance with the memorandum and articles of association of the Company and the applicable Listing Rules.

According to article 108 of the Company's memorandum and articles of association, one-third of the Directors for the time being shall retire from office by rotation at every annual general meeting of the Company, provided that every Director shall retire from office by rotation and are subject to re-election at annual general meeting at least once every three years. Article 112 of the Company's memorandum and articles of association provides that any Directors who are appointed to fill casual vacancies shall hold office only until the first general meeting of the Company after their appointment, and are subject to re-election by shareholders of the Company.

Pursuant to article 108 of the Company's memorandum and articles of association, each of Mr. CM Lau, Mr. Leung and Mr. Pang will retire from office as Directors at the forthcoming annual general meeting of the Company to be held on 17 March 2023. Mr. CM Lau, Mr. Leung and Mr. Pang, being eligible, will offer themselves for re-election.

At the forthcoming annual general meeting of the Company, separate ordinary resolutions will be put forward to the shareholders of the Company in relation to the proposed re-election of Mr. CM Lau as executive Director, and Mr. Leung and Mr. Pang as independent non-executive Directors.

### CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Code provision C.2.1 of the CG Code stipulates that the roles of Chairman and Chief Executive Officer should be separate and not to be performed by the same individual to avoid power being concentrated in any one individual. Dr. CW Lau is the Chairman and Dr. CK Lau is the Chief Executive Officer.

#### DIRECTORS' TRAINING AND PROFESSIONAL DEVELOPMENT

In compliance with the code provision C.1.4 of the CG Code, all Directors shall participate in continuous professional development to develop and refresh their knowledge and skills to ensure that they keep abreast of the current requirements. All Directors received training materials on disclosure of insider information and responsibilities and liabilities of directors of Hong Kong listing companies.

The participation by individual Directors in the continuous professional development programme during the year ended 30 September 2022 is recorded in the table below:

#### **BOARD COMMITTEES**

The Board has established four Board committees, namely, the Remuneration Committee, the Nomination Committee, the Audit Committee and the Investment Committee, for overseeing particular aspects of the Company's affairs. All Board committees have been established with defined written terms of reference, which are posted on the Company's website at www.riyingholding.com. The terms of reference for Audit Committee, Nomination committee and Remuneration Committee are also posted on the Stock Exchange's website at www.hkexnews.hk. All Board committees should report to the Board on their decisions or recommendations made.

The practices, procedures and arrangements in conducting meetings of Board committees follow in line with, so far as practicable, those of the Board meetings set out above.

All Board committees are provided with sufficient resources to perform their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstance, at the Company's expense.

The Board is responsible for performing the corporate governance duties set out in the CG Code which included developing and reviewing the Company's policies and practices on corporate governance, training and continuous professional development of Directors, and reviewing the Company's compliance with the code provisions in the CG Code and disclosures in this annual report.

### **Remuneration Committee**

The Remuneration Committee was established on 17 September 2018. The chairman of the Remuneration Committee is Mr. Duffy Wong, the independent non-executive Director, and other members include Mr. CM Lau, the executive Director, Mr. Leung and Mr. Pang, the independent non-executive Directors. The written terms of reference of the Remuneration Committee is posted on the Stock Exchange's website and the Company's website.

The Remuneration Committee has been charged with the responsibility of making recommendations to the Board on the appropriated policy and structures for all aspects of the Directors' and senior management's remuneration. The Remuneration Committee considers factors such as salaries paid by comparable companies, time commitment and responsibilities of the Directors, employment conditions elsewhere in the Group and desirability of performance-based remuneration. The Remuneration Committee held one meeting to review the remuneration packages and emoluments of the Directors and senior management and considered that they are fair and reasonable during the year ended 30 September 2022. No Director nor any of his associates is involved in deciding his own remuneration.

#### **Nomination Committee**

The Nomination Committee was established on 17 September 2018. The chairman of the Nomination Committee is Mr. Leung, the independent non-executive Director, and other members include Dr. CK Lau, the Chief Executive Officer and the executive Director, Mr. Pang and Mr. Duffy Wong, the independent non-executive Directors. The written terms of reference of the Nomination Committee is posted on the Stock Exchange's website and on the Company's website.

The primary duties of the Nomination Committee are to review and assess the composition of the Board and the independence of the independent non-executive Directors and make recommendations to the Board on appointment of new Directors. In recommending candidates for appointment to the Board, the Nomination Committee considers candidates on merit against objective criteria and with due regards to the benefits of diversity of the Board.

During the year ended 30 September 2022, the Nomination Committee held one meeting to review and recommend the reelection of Directors.

### Nomination Policy

The Nomination Committee will reference to the nomination policy (the "Nomination Policy") adopted by the Group on 21 December 2018 for selecting and recommending candidates for directorships.

### Selection Criteria

The Nomination Committee will evaluate, select and recommend candidate(s) for directorships to the Board by giving due consideration to criteria, having due regard to the benefits of diversity on the Board, including but not limited to gender, age, experience, cultural and educational background, expertise, skills and know-how, sufficient time to effectively carry out their duties, their services on other listed and non-listed companies should be limited to reasonable numbers, qualifications including accomplishment and experience in the relevant industries the Company's business is involved in, independence, reputation for integrity, potential contributions that the individual(s) can bring to the Board and commitment to enhance and maximise shareholders' value.

#### Nomination Process

The Nomination Committee will recommend to the Board for the appointment of a Director in accordance with the following procedures and process:

- (a) By giving due consideration to the current composition and size of the Board, develop a list of desirable skills, perspectives and experience at the outset to focus the search effort;
- (b) To consult any source it deems appropriate in identifying or selecting suitable candidates, such as referrals from existing Directors, advertising, recommendations from an independent agency firm and proposals from shareholders of the Company with due consideration given to the criteria;
- (c) To adopt any process it deems appropriate in evaluating the suitability of the candidates, such as interviews, background checks, presentations and third-party reference checks;
- (d) Upon considering a candidate suitable for the directorship, the Nomination Committee will hold a meeting and/or by way of written resolutions to, if thought fit, approve the recommendation to the Board for appointment;
- (e) To make the recommendation to the Board in relation to the proposed appointment and the proposed remuneration package; and
- (f) The Board will have the final authority on determining the selection of nominees.

### **Board Diversity Policy**

The Board adopted the Diversity Policy on 21 December 2018.

In designing the Board's composition, Board diversity is considered from a number of perspectives, including but not limited to gender, age, experience, cultural and educational background, expertise, skills and know-how, length of services and time to be devoted as a Director. The Company will also take into account factors relating to its own business model and specific needs from time to time. The ultimate decision is based on merit and contribution that the selected candidates will bring to the Board.

The Nomination Committee will review this Diversity Policy, as appropriate, to ensure its effectiveness.

As at the date of this annual report, the Board comprises seven Directors. Three Directors are independent non-executive Directors, thereby promoting critical review and control of the management process.

### **Audit Committee**

The Audit Committee was established on 17 September 2018. The written terms of reference of the Audit Committee is posted on the Stock Exchange's website and on the Company's website.

The Company has complied with Rule 3.21 of the Listing Rules in that at least one of the members of the Audit Committee (which must comprise a minimum of three members and must be chaired by an independent non-executive Director) is an independent non-executive Director who possesses appropriate professional qualifications or accounting related financial management expertise.

The primary duties of the Audit Committee are mainly to review the financial information and reporting process, internal control procedures and risk management system, audit plan and relationship with external auditors and arrangements to enable employees of the Company to raise, in confidence, concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

During the year ended 30 September 2022, the Audit Committee held three meetings to review and comment on the Company's 2021 annual results and 2022 interim results as well as the Company's internal control procedures and risk management systems and audit planning for the annual audit for the year ended 30 September 2022.

The Group's consolidated financial statements for the year ended 30 September 2022 have been reviewed by the Audit Committee. The Audit Committee is of the opinion that the consolidated financial statements of the Group for the year ended 30 September 2022 comply with applicable accounting standards and the Listing Rules and that adequate disclosures have been made.

#### **Investment Committee**

The Investment Committee was established on 21 January 2021. The chairman of the Investment Committee is Mr. CM Lau, the executive Director, and other members include Dr. CW Lau and Dr. CK Lau, the executive Directors; and Mr. Leung, Mr. Pang and Mr. Duffy Wong, the independent non-executive Directors. The written terms of reference of the Investment Committee is posted on the Company's website.

During the year ended 30 September 2022, the Investment Committee held one meeting to discuss the investment strategy and capital usage of the Group.

The duties of the Investment Committee are as follows:

- (a) Act in good faith and with due skill, care and diligence at all times;
- (b) Operate in accordance with these terms of reference at all times;
- (c) Assess the viability and the terms for any major investment project or financing arrangements of the Company;
- (d) Evaluate the feasibility, forecast, profits and loss calculations of the investment projects of the Company;
- (e) Analyse, consider, and determine whether any proposed investment project is in the best interests of the Company and its shareholders as a whole:

- (f) Consider all relationships, developments and new investment opportunities between the Company and external business and/or parties;
- (g) Oversee the credit ratings and liquidity risk management of the Company;
- (h) Review the Company's investing capital and financing strategy from time to time;
- (i) Discuss the Company's position in respect of investment risk, including but not limited to foreign exchange risk, interest rate risk and investment products risk;
- (j) Review and evaluate the Company's liquidity and funding arrangements from time to time;
- (k) Monitor significant transactions and/or investment plans which might cause significant impact to the Company's treasury position;
- (1) Consider and recommend the Board to implement appropriate policies in relation to the areas of treasury and investment (and any revision, as appropriate) from time to time;
- (m) Review, evaluate, and approve any reports in relation to the Company's investment or treasury position from time to time;
- (n) Ensure all records in relation to the Company's investments are kept properly; and
- (o) Report to the Company any matters that should be brought to the Company's attention when discharging its duties and when any specific area for improvement could be identified or recommended.

### ATTENDANCE RECORDS OF MEETINGS

The Board meets regularly for considering, reviewing and/or approving matters relating to, among others, the financial and operating performance, as well as, the overall strategies and policies of the Company. Additional meetings are held when significant events or important issues are required to be discussed and resolved.

During the year, the Chairman held a meeting with the independent non-executive Directors without the presence of other Directors.

### **COMPANY SECRETARY**

The Company Secretary assists the Board by ensuring the Board policy and procedures are followed. The Company Secretary is also responsible for advising the Board on corporate governance matters.

The Company engages an external service provider, which assigned Ms. Yim as the Company Secretary. Ms. Yim possesses the necessary qualifications and experience, and is capable of performing the functions of the Company Secretary. Pursuant to Code C.6.1 of the CG Code, an issuer can engage an external service provider to provide company secretarial services, provided that the issuer should disclose the identity of a person with sufficient seniority at the issuer whom the external provider can contact. In this respect, the Company has nominated Mr. CM Lau, the executive Director as its contact point for Ms. Yim.

For the year ended 30 September 2022, Ms. Yim undertook no less than 15 hours of relevant professional training to update her skill and knowledge. The biographical details of Ms. Yim are set out in the section headed "Biographical Details of Directors and Senior Management" of this annual report.

### INDEPENDENT AUDITORS' REMUNERATION

During the year ended 30 September 2022, the remuneration paid or payable to the external auditors of the Company, HLB Hodgson Impey Cheng Limited and HLB Hodgson Impey Cheng Taxation Services Limited, in respect of the audit and non-audit services, respectively, were as follows:

Services rendered	Remuneration paid/payable HK\$'000
Audit services  – Annual audit services	1,100
Non-audit services  – Tax compliance services for the Group in relation to the Hong Kong profits tax	40
	1,140

### SHAREHOLDERS' RIGHTS

As one of the measures to safeguard shareholders' interest and rights, separate resolutions are proposed at shareholders' meetings on each substantial issue, including the election of individual directors, for shareholders' consideration and voting. All resolutions put forward at shareholders' meeting will be voted by poll pursuant to the Listing Rules and the poll voting results will be posted on the Stock Exchange's website and the Company's website after the relevant shareholders' meeting.

Extraordinary general meeting may be convened by the Board on requisition of shareholders holding not less than one-tenth of the paid-up capital of the Company or by such shareholders who made the requisition (the "Requisitionists") (as the case may be) pursuant to article 64 of the memorandum and articles of association of the Company. Such requisition must state the object of business to be transacted at the meeting and must be signed by the Requisitionists and deposited at the registered office of the Company or the Company's principal place of business in Hong Kong. Shareholders should follow the requirements and procedures as set out in such article for convening an extraordinary general meeting. Shareholders may put forward proposals with general meeting of the Company by sending the same to the Company at the principal place of business in Hong Kong.

Shareholders may send written enquiries or requests in respect of their rights to the Company's principal business address in Hong Kong.

### RISK MANAGEMENT AND INTERNAL CONTROL

The Group maintains an effective internal control and risk management system. It consists, in part, of organisational arrangements with defined lines of responsibility and delegation of authority, and comprehensive systems and control procedures in order to safeguard the investment of the Company's shareholders and the Group's assets at all times.

The Directors acknowledge that they have overall responsibility for overseeing the Company's internal control, financial control and risk management system and shall monitor its effectiveness on an ongoing basis. A review of the effectiveness of the risk management and internal control systems has been conducted by the Board at least annually.

Aimed at providing reasonable assurance against material errors, losses or fraud, the Company has established risk management procedures which comprised the following steps:

- Identify risks: Identify major and significant risks that could affect the achievement of goals of the Group;
- Risk assessment: Assess and evaluate the identified risk according to its likely impact and the likelihood of occurrence;
- Risk mitigation: Develop effective control activities to mitigate the risks.

Risk identification and assessment are performed or updated annually, and the results of risk assessment, evaluation and mitigation of each function or operation are documented in the Risk Registry to communicate to the Board and management for reviews.

The Group's risk management and internal control systems are, however, designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

A review on the internal control systems of the Company, including financial, operational and compliance controls and risk management functions has been carried out by an independent consultancy company with staff in possession of relevant expertise to conduct an independent review.

The Audit Committee reviewed the internal control review report issued by the independent consultancy company and the Company's risk management and internal control systems in respect of the year ended 30 September 2022 and considered that they are effective and adequate. The Board assessed the effectiveness of internal control systems by considering the internal control review report and reviews were performed by the Audit Committee and concurred the same.

The Group has yet to establish its internal audit function during the year ended 30 September 2022 as required under code provision D.2.5 of the CG Code. The Audit Committee and the Board have considered the internal control review report prepared by an independent consultancy company and communications with the Company's external auditors in respect of any material control deficiencies identified during the course of the financial statement audit to form the basis to review the adequacy and effectiveness of the Group's risk management and internal control systems. The Audit Committee and the Board will continue to review the need for an internal audit function on an annual basis.

### Whistleblowing Policy

The Board adopted a whistleblowing policy (the "Whistleblowing Policy") in September 2022. The purpose of the Whistleblowing Policy is to (i) foster a culture of compliance, ethical behaviour and good corporate governance across the Group; and (ii) promote the importance of ethical behaviour and encourages the reporting of misconduct, unlawful and unethical behavior.

The nature, status and the results of the complaints received under the Whistleblowing Policy are reported to the chairman of the Audit Committee or the human resource director of the Group. No incident of fraud or misconduct that have material effect on the Group's financial statements or overall operations for the year ended 30 September 2022 has been discovered. The Whistleblowing Policy is reviewed annually by the Audit Committee to ensure its effectiveness.

### **Anti-corruption Policy**

The Board adopted an anti-corruption policy (the "Anti-corruption Policy") in September 2022. The Group is committed to achieving the highest standards of integrity and ethical behaviour in conducting business. The Anti-corruption Policy forms an integral part of the Group's corporate governance framework. The Anti-corruption Policy sets out the specific behavioural guidelines that the Group's personnel and business partners must follow to combat corruption. It demonstrates the Group's commitment to the practice of ethical business conduct and the compliance of the anti-corruption laws and regulations that apply to its local and foreign operations. In line with this commitment and to ensure transparency in the Group's practices, the Anti-corruption Policy has been prepared as a guide to all Group employees and third parties dealing with the Group.

The Anti-corruption Policy is reviewed and updated periodically to align with the applicable laws and regulations as well as the industry best practice.

#### DISCLOSURE OF INSIDE INFORMATION

The Group has in place a policy on disclosure of inside information which sets out the procedures and internal controls for handling and dissemination of inside information.

The policy provides guidelines to the Directors, officers and all relevant employees of the Group to ensure proper safeguards exist to prevent the Company from breaching the statutory disclosure requirements. It also includes appropriate internal control and reporting systems to identify and assess potential inside information.

Key procedures in place include:

- define the requirements of periodic financial and operational reporting to the Board and Company Secretary to enable them to assess inside information and make timely disclosures, if necessary;
- controls the access to inside information by employees on a need-to-know basis, and safeguarding the confidentiality of the inside information before it is properly disclosed to public;
- procedures of communicating with the Group's stakeholders, including shareholders, investors, analysts, etc. in ways
  which are in compliance with the Listing Rules.

# **Corporate Governance Report**

The Group has also established and implemented procedures to handle enquiries from external parties related to the market rumours and other Group's affairs.

To avoid uneven dissemination of inside information, the dissemination of inside information of the Company shall be conducted by publishing the relevant information on the Stock Exchange's website and on the Company's website.

#### COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Company has adopted the Shareholders Communication Policy with the objective of ensuring that the shareholders and potential investors are provided with ready, equal and timely access to balanced and understandable information about the Company.

The Company has established several channels to communicate with the shareholders as follows:

- (i) Corporate communications such as annual reports, interim reports and circulars are issued in printed form and are available on the Stock Exchange's website at www.hkexnews.hk and the Company's website at www.riyingholding.com;
- (ii) Periodic announcements are made through the Stock Exchange and published on the respective websites of the Stock Exchange and the Company;
- (iii) Corporate information is made available on the Company's website;
- (iv) Annual and extraordinary general meetings provide a forum for the shareholders to make comments and exchange views with the Directors and senior management; and
- (v) The Hong Kong branch share registrar of the Company serves the shareholders in respect of share registration, dividend payment and related matters.

The Company continues to promote investor relations and enhance communication with the existing shareholders and potential investors. The Company welcomes suggestions from investors, stakeholders and the public. Enquiries to the Board or the Company may be sent by post to the Company's principal place of business in Hong Kong.

During the year, there was no change to the Company's memorandum and articles of association.

#### ABOUT THE REPORT

This report is the "Environmental, Social and Governance Report" (collectively the "ESG Report") published by the Group, which discloses the Group's measures and performance on sustainable development topics in a transparent and open manner, in order to increase stakeholders' confidence and understanding on the Group.

### REPORTING STANDARDS

The ESG Report is prepared in accordance with the "Environmental, Social and Governance Reporting Guide" (the "ESG Guide") of the Stock Exchange set out in Appendix 27 of the Listing Rules. The ESG Report provides a simplified overview on the environmental, social and governance (the "ESG") performance of the Group. The information in the ESG Report is derived from the Group's official documents and statistics, as well as the integration and summary of monitoring, management and operational information provided by subsidiaries of the Group.

#### REPORTING YEAR

All the information in the ESG Report reflects the performance of the Group in environmental management and social responsibility from 1 October 2021 to 30 September 2022 (the "**Reporting Period**" or "**2022**"). This ESG Report is released annually by the Group for public review in order to improve the transparency and responsibility of information disclosure.

#### REPORTING SCOPE

The Group is a construction contractor in Hong Kong principally engaged in providing (i) foundation and site formation works; (ii) general building works and associated services; (iii) other construction works; and (iv) construction related consultancy services in Hong Kong. Also, the Group engages in health management and consultancy business in the PRC. The ESG Report covers mainly the ESG performance within the operational boundaries of the Group including data and activities of the headquarters in Hong Kong and several construction projects engaged in Hong Kong. For the section of employment related to social aspect, it also covers the health management business in the PRC, unless otherwise stated.

Operations that had no significant environmental and social impacts contributed were excluded from the reporting scope.

After the comprehensive completion of data collection system and the Group's deepening in its environmental, social and governance work, the Group has identified certain ESG issues relevant to the Group, which have been assessed by considering their materiality and importance to the Group's principle activities, stakeholders as well as the Group. Those identified ESG issues and key performance indicators ("**KPIs**") have been disclosed in the ESG Report.

# ESG GOVERNANCE

The Group has developed its internal strategies and policies with aims to create sustainable values to its stakeholders, thereby to large extent minimising the Group's undue impact on the environment. In order to carry out the Group's sustainability strategy from top to bottom, the Board has ultimate responsibilities for ensuring the effectiveness of the Group's ESG policies.

The Group has established dedicated teams to manage ESG issues within each business division of the Group and kept monitoring and overseeing the progress against corporate goals and targets for addressing climate change. Dedicated teams with designated staff for management of ESG issues has been assigned to enforce and supervise the implementation of the relevant ESG policies cascading through the Group.

With the forward-looking guidance and well-designed plans of action to address underlying ESG matters, the management and responsible teams keep reviewing and adjusting the Group's sustainability policies to satisfy the ever-changing needs of its stakeholders on a regular basis. For instance, through the assignment of the responsibility of progress tracking to different management-level positions, the Group is committed to achieving an excellent performance in ESG management while also remaining competitive compared with its peers. Details of the Group's management approaches in both the environmental and social aspects are elaborated in different sections of this ESG report.

#### STAKEHOLDER ENGAGEMENT

The Stock Exchange has set forth four principles for reporting in the ESG Guide: materiality, quantitative, balance and consistency, which should form the basis for preparing the ESG Report. As the Stock Exchange emphasises, stakeholder engagement is the method by which materiality is assessed. Through stakeholder engagement, companies can understand wide-ranging views and identify material environmental and social issues.

The Group believes that effective feedback from stakeholders not only contributes to comprehensive and impartial evaluation of its ESG performance, but also enables it to improve its performance based on the feedback. Therefore, the Group has engaged in open and regular communication with its stakeholder groups including shareholders, employees, customers, suppliers, subcontractors and government. Over the years, the Group has continued to fine-tune its sustainability focus, addressing pressing issues. The table below shows how the Group communicates with key stakeholder groups and their respective concerns.

# **Stakeholders and Engagement Methods**

The business of the Group affects different stakeholders, and stakeholders have different expectations on the Group. The Group will maintain communication with stakeholders continuously, collect opinions from stakeholders through different forms and more extensively, and make substantive analysis more comprehensively. At the same time, the Group will enhance the reporting principles of quantification, balance and consistency, in order to define the content of the ESG Report and presentation of the information that is more in line with the expectations of stakeholders.

### MATERIALITY ASSESSMENT

By reviewing the Group's operations and identifying relevant ESG issues, the Group assesses the importance of related matters to the Group's businesses and stakeholders. Based on the material ESG issues identified, feedback is collected from the relevant internal and external stakeholders of the Group. The result of the assessment is as below.

# Materiality analysis outcomes

The Group will continuously monitor the business operations and its ESG performances.

### **CLIMATE CHANGE**

Climate change is one of the most complicated challenges faced by mankind in the new century. Global warming gives rise to more frequent extreme weather conditions including changes in precipitation mode, droughts, floods and bushfires. Rise in sea level will make tens of thousands of people in densely populated coastal areas and island countries homeless. Faced with all sorts of problems, individuals, corporations and governments must take immediate actions to tackle climate change.

Over-emission of greenhouse gases is the main factor in causing global climate change. To achieving a low carbon economy, the Group is committed to reducing its greenhouse gas emissions through the approaches of mitigation and adaptation. For example, the Group has strived to mitigate the risks brought by climate change through the adoption of various environmental policies and measures; and promoting energy saving measures and habits in workplace.

The Group are focused on reducing emissions in its operations, engaging suppliers to reduce emissions in supply chains, strengthening the resilience of its business and using its voice to advocate for collective action.

The Group has identified the following significant climate related issues which have impacted and/or may impact on our operations:

40

# **Physical Risks**

Extreme weather events such as storms, floods, fires or heatwaves that cause damage to construction site facilities and operations, which exposes the Group to risks associated with non-performance and delayed performance. The Group's productivity and revenue would be reduced. The Group has formulated emergency plans, including flexible working arrangements and precautionary measures to reduce the damage of our assets and construction sites under extreme weather events.

#### **Transition Risks**

The Group expected the government may introduce stricter policies and regulations to mitigate climate change, which would increase our compliance workload or subject us to litigation or claims.

In response to the policy and legal risks as well as the reputation risks, the Group would closely monitor changes in environmental laws, regulations and policies, and respond to them in a timely manner.

#### **ENVIRONMENTAL**

#### **Emissions**

### Emissions from vehicle usage

During the Group's operation in Hong Kong, the usage of private cars generate the emissions of nitrogen oxides ("NOx"), sulphur oxides ("SOx") and Particulate Matter ("PM"). The approximate amount of NOx, SOx and PM produced from the Group's operation in Hong Kong are shown in the following table:

## Air emissions from vehicle usage

Types of air emissions	2022	2021
NO <sub>x</sub> emissions (tonnes)	0.004	0.007
SO <sub>x</sub> emissions (tonnes)	0.0001	0.0002
PM emissions (tonnes)	0.0003	0.0005

Compared to the last financial year, three types of emissions  $(NO_x, SO_x \text{ and PM})$  have decreased slightly and maintain at a reasonably low level.

Although the Group does not generate a significant amount of air emissions, the Group has still formulated and educated employees about the following measures so as to achieve the environmental friendly approach; including (i) avoid peak hour traffic and (ii) encourage the use of public transport instead of private car.

## GREENHOUSE GAS ("GHG") EMISSIONS

During the course of operations in Hong Kong, there are GHGs emissions principally resulting from vehicle usage, electricity consumed and the use of electricity for processing fresh water and sewage water at head office and construction projects.

# Scope 1 - Combustion of fuels in mobile sources controlled by the Group

During the operations of the Group in Hong Kong, due to the intense usage of private cars to travel between construction sites, a certain amount of GHG are produced.

The Group strictly controls the emissions of GHG through the establishment of a comprehensive data collection system. This system helps the Group to monitor the monthly usage of all private cars to maintain the efficiency at a prominent level. The Group has adopted various measures, which are described in the section headed "Emissions" to reduce emissions.

### Scope 2 - Electricity purchased from power companies

Apart from the direct emissions of PM and fumes, the Group has also incurred indirect GHG, principally resulting from electricity consumed at the Hong Kong's head office and the construction sites. Energy conservation measures are described in the section headed "Energy consumption".

# **Scope 3 – Other indirect emissions**

In the Hong Kong's office, there are other indirect GHG emissions due to electricity used for processing fresh water and sewage by government departments and paper waste disposed at landfills.

Compared to the last financial year, the total amount of GHG emissions has decrease slightly due to reduction of operation activities results from decrease in number of construction sites.

The summary of GHGs emissions from the operations are shown in the following table:

# **Summary of GHG emissions**

	2022 CO <sub>2</sub> equivalent	2021 CO, equivalent
Types of GHG	emission	emission
Scope 1 – Direct emissions (tonnes)	17.97	31.09
Scope 2 – Energy indirect emissions (tonnes)	72.40	72.02
Scope 3 – Other indirect emissions (tonnes)	13.25	7.89
Total	103.62	111.00
Intensity of GHG per number of employee (tonnes)	2.96	3.26

The Group has initiated a target of 3% emission reduction in term of intensity in 5 years, using 2021 as a baseline.

### HAZARDOUS WASTE EMISSIONS

Due to the business nature, the Group's operation does not directly generate any hazardous waste.

#### NON-HAZARDOUS SOLID WASTE EMISSIONS

For the provision of foundation and site formation services, the Group has produced some non-hazardous solid waste during the operation. The emissions figures are as followings:

Non-hazardous solid waste produced	2022 Volume	2021 Volume
Inert construction waste disposal at Government Waste Disposal Facilities (tonnes)	17,711.30	7,751.10
Mixed construction waste disposal at Government Waste Disposal Facilities (tonnes)	484.30	867.90
<u>Total</u>	18,195.60	8,619.00
Intensity of non-hazardous solid waste emissions per number of employees		
(tonnes)	519.87	253.50

According to the figures above, inert Construction and Demolition ("C&D") waste produced have increased significantly when comparing with last financial year's figure. The reason is that a major excavation project has reached peak season during the Reporting Period and therefore incurred higher quantity of C&D waste.

The Group is dedicated to proper management of the non-hazardous solid waste. Specific area at the site is assigned for the temporary storage of non-hazardous waste. The waste is then gathered by logistic service provider which is authorised by the Environmental Protection Department of the Hong Kong Government and delivered to the public landfills.

#### **USE OF RESOURCES**

The Group adheres to the concept of energy conservation and emission reduction for green production. The major resources used by the Group are principally electricity and water consumed in the Group's headquarter and various project sites in Hong Kong. The Group aims to improve its energy utilisation efficiency to achieve low-carbon practices and emission reduction throughout the operation, and strive to save the resources.

# **Water Consumption**

The Group records and analyses the water consumption regularly. After identifying the causes of high rates of water consumption, the Group will take remedial action to minimise water use. Throughout the years, the Group put forth a strong emphasis on minimising the usage of electricity and water during the Group's daily operations.

The total water consumption in cubic metres and intensity during the Reporting Period are shown in the following table:

Water Consumption	2022	2021
Total water consumption (cubic metres)	21,235	12,647
Intensity of total water consumption per number of employees (cubic metres)	606.71	371.97

Compared to the last financial year, the intensity of water consumption per number of employees has increased by approximately 61.0%. It was due to a scale project in which site water metres borne by the Group has reached peak season and contributed a higher water consumption. The Group has initiated a target of 3% emission reduction in term of intensity in 5 years, using 2021 as a baseline. The Group will keep on performing the current monitoring mechanism to ensure the water would be used properly and efficiently. Due to the geographical location of the Group's office and construction sites, the Group does not have any issues in sourcing for water that is fit for purpose.

# **Energy Consumption**

The major energy consumed by the Group are non-renewable fuel ("NRF") (direct) including diesel and petrol and purchase of energy in the form of electricity.

The Group determines to maximise energy conservation in its office by promoting efficient use of power and adopting green technologies. For instance, the Group continues to upgrade its equipment by purchasing electrical appliances with highly efficient energy label in order to increase energy efficiency. The Group also encourages staff to switch off equipments or make use of standby mode for electrical appliances upon idle. Air-conditioning systems can be adjusted to a specific temperature, which allows the users to set at a comfortable temperature and avoid power waste.

To identify energy saving opportunities, the Group measures and records the energy consumption level from time to time. The total energy consumption in kWh in Hong Kong is shown in the following table:

<b>Energy Consumption</b>	2022	2021
Purchase of energy (kWh)	95,193	111,273
NRF consumed (kWh)	72,694	92,339
Total energy consumption (kWh)	167,887	203,612
Intensity of total energy per number of employees in Hong Kong (kWh)	4,797	5,989

Compared to the last financial year, the intensity of total energy consumption per number of employees has decrease by approximately 19.9%, which is due to reduction of operational activities and vehicle usage. During the Reporting Period, the Group strictly implements the energy conservation guideline. The Group has initiated a target of 3% emission reduction in term of intensity in 5 years, using 2021 as a baseline.

### THE ENVIRONMENT AND NATURAL RESOURCES

To develop a green approach at the project sites and office, the Group has set up various environmental system management practices as part of its effort to develop an environmental management system that supports sustainable development.

By the implementation of ISO9001 Quality Management System, the Group has given a careful consideration to minimise all significant impact on the environment resources. Environmental performance is monitored regularly.

# **Implemented practices**

- Switch off computers, printers, machines and other electronic devices after office hours or when leaving the workplace to reduce power consumption
- Used toner cartridges return to respective suppliers for recycling
- All windows and doors must be closed when the air-conditioners turn on
- Affix save energy posters near the main switches in order to remind our employees of energy saving
- The last-man-out is dedicated to check and turn off all machines and equipment

As a socially responsible enterprise, protecting the nature and the environment has become an integral part of the Group's corporate culture/important value. The Group constantly looks for ways to maximise benefits with minimal resource consumption and environmental impact, and continue to strive for sustainable development.

### **Packaging materials**

Due to the business nature, the Group does not produce any finished products during the Reporting Period. Therefore, the Group does not consume significant amounts of package materials for product packaging.

#### **PEOPLE**

### **Employment**

The Group reckons that employees are the most valuable assets of an enterprise and also the cornerstone for sustaining corporate development. It is always the Group's initiative to provide a fair and competitive compensation package to attract and retain quality talents, in the form of basic salary, incentives bonus, mandatory provident fund, and other fringe benefits. Remuneration packages are reviewed periodically. The Group also has a set of comprehensive human resources management policy to support human resources function. The policies include compensation and benefits, working hours and holidays, recruitment and selection, performance management, promotion, employment termination, training and development.

As the Group is principally engaged in construction related works in Hong Kong and most engineer applicants are male. Hence, the ratio of the number of male to female employees is approximately 1.2 to 1 (2021: 1.3 to 1). However, the Group aims to refrain from any form of harassment and discrimination with respect to age, gender, race, nationality, religion, marital status or disability in the workplace via implementation of human resources management policy. The above measures have helped ensuring that every employee is treated equally and fairly.

The Group has always strictly observed the relevant legislations in Hong Kong and the PRC regarding equal employment opportunities, child labour and forced labour. The Group abides by the employment regulations, relevant policies and guidance of the relevant jurisdictions where it operates, including the Employment Ordinance (Chapter 57 of the Laws of Hong Kong), the Employees' Compensation Ordinance (Chapter 282 of the Laws of Hong Kong), Occupational Safety and Health Ordinance (Chapter 509 of the Laws of Hong Kong), the Factories and Industrial Undertakings (Safety Officers and Safety Supervisors) Regulations (Chapter 59Z of the Laws of Hong Kong) and etc. in Hong Kong; the "Labour Law of the People's Republic of China" and the "Labour Contract Law of the People's Republic of China" in the PRC.

The Group has its internal procedures to record employees' information in order to review employment practices regularly so as to avoid any non-compliance. Furthermore, the Group strictly complies with the internal recruitment process during recruitment to ensure there is no employment of child labour or forced labour in any form.

The Group also strives to establish harmonious labour relationships and create a happy working environment, promote a positive and healthy lifestyle, and lift the spirit of local workforce, encourage and strengthen internal communication through organising diversified employee activities.

During the Reporting Period, all staffs of the Group are full-time employee.

# HEALTH AND SAFETY

The Company is an investment holding company incorporated in Cayman Islands whilst its headquarter is located in Hong Kong. The nature of its daily operation is mainly office-based where the safety risk is limited. The Hong Kong headquarters has been equipped with fire-fighting facilities including fire extinguishers and participates in the fire drill organised by the building regularly.

The Group requires employees to strictly comply with the company safety policy and guidelines which clearly specify workflows, all kinds of safety measures and guidance as well as employees' responsibilities for their health and safety at our workplace.

The Group has established a risk assessment program that consists of a number of sequential steps such as risk identification, analysis, evaluation, treatment, monitoring and reviewing based on the existing controls and recommendations to reduce those risks which are not deemed to be under acceptable limits.

For employees whose work station is mainly project site, the Group provides "site specific induction training" to the employees before they commence their work at the project site in accordance with the Factories and Industrial Undertakings Ordinance (Chapter 59 of the Laws of Hong Kong) and the Construction Sites (Safety) Regulations (Chapter 59I of the Laws of Hong Kong). Thereafter, they are given refresher talks regularly depending on the amount of changes to the site condition. The Group also provides tool-box talks, aiming to heighten employees' awareness of workplace hazards and the Occupational Safety and Health Ordinance (Chapter 509 of the Laws of Hong Kong).

In order to deal with the outbreak of the COVID-19, the Group has implemented several measures including but not limited to requiring daily health declaration to prevent the spread of virus and all people to take body temperature before entering the office area. In order to encourage employees to receive vaccination of COVID-19, the Group offered HK\$2,000 for those Hong Kong office employees who took the vaccination of COVID-19.

Every case of injury (if any) is required to be reported to the Group and be assessed individually under the internal guideline procedures set. Subsequently, the Group follows the procedures in accordance with the "Employees' Compensation Ordinance" (Chapter 282 of the Laws of Hong Kong). The Group is pleased to report that the rate of accidents and injuries during the Reporting Period was extremely low with zero fatal accident, similar to last financial year.

Note 1: Some loss days due to work injuries is due to work injuries happened in previous years.

### TRAININGS AND DEVELOPMENT

The Group recognises the importance of skilled and professionally trained employees to its business growth and future success. Therefore, the Group encourages them to participate in personal development and job-related training courses. During the Reporting Period, the Group formulates quality management training programs to update its staff with the most updated standard of ISO9001, in order to maintain the highest standard of professionalism by its employees. This program includes quality assurance training in operation process and inspection assurance of materials received from supplier.

In daily operation, the Group provides induction training for new employees, experienced employees act as mentors to guide newcomers. The Group believes such arrangement can be the best practice to facilitate communication and team spirit, as well as to improve technical skills and managerial capability and encourage learning and further development of employees at all levels.

The Group will continue to intensify its efforts to promote staff training programs which the Group believes that by means of offering comprehensive training opportunities, it could help providing the necessary protection for talent reserves for corporate development. The Group evaluates the training needs of its employees annually to ensure that employees are offered suitable and appropriate training according to their job nature and position.

# LABOUR STANDARDS

The Group always respects and strictly complies with all applicable national laws and local regulations as well as relevant labour laws and regulations in the place where it operates, including the Policy of Employment of Children under the Employment Ordinance (Chapter 57 of the Laws of Hong Kong), the Provision on the Prohibition of Using Child Labour of the PRC and the Labour Law of the PRC. The Group has also developed rigorous and systematic measures for recruitment and selection, to prevent itself from illegally hiring child labour and ensure that the employment is in compliance with relevant laws and regulations.

The Group arranges for the employees' working hours based on the statutory working hour standards and entitles them to paid leaves and sick leaves in accordance with the relevant labour laws in Hong Kong.

During the Reporting Period, the Group has not identified any material non-compliance with relevant laws and regulations in respect of the prevention of child labour and forced labour that would result in material impact to the Group.

# SUPPLY CHAIN MANAGEMENT

The Group implements supplier management in accordance with internal guidance which governs the engagement of suppliers in Hong Kong. Suppliers are chosen subjecting to screening and evaluation procedures among the suppliers, based on the quality and price. Also, to ensure suppliers' capability in quality assurance, safety and environmental responsibility, field visit and investigation is conducted, which included a comprehensive quality management system accredited with the ISO9001 standard. The investigation reviews the production capacity, technology level, quality assurance capabilities, supply capacity, safety and environment management qualifications if needed. Only the highly qualified suppliers complied with regulatory requirements are eligible for the supplier selection by the Group. The Group also carries out regular assessment on suppliers' overall capabilities, assets position, nature of business, reputation in the industry, quality of products, goods delivery and compliance with law and regulations.

As customers are becoming more concerned about environmental issues and stress the importance of using environmentally friendly materials, the Group will continue to act as a corporate citizen in communicating and stressing those environmental issues to our suppliers. Supplier's service or product with minimal adverse environmental impacts would be one of the significant considerations for the Group to select new supplier.

Each subcontractor and supplier are reviewed after completion of their contracts. In case of major non-performance of approved subcontractor or supplier, the Group will review their suitability to remain on the approved list.

#### PRODUCT AND SERVICE RESPONSIBILITY

The Group is committed to providing high-quality services and guarantees that the quality of the Group's projects in Hong Kong is in line with industry standards and sustainability requirements. The Group also pursues to meet higher criteria all the time.

The Group has always been focusing on quality control in construction projects since its incorporation in Hong Kong. In respect of human resources, the Group has a team of project managers with rich experience in undertaking various construction projects. In respect of systems, the Group owns a quality management system in accordance with the ISO9001 standard, which establishes the procedure to manage the non-conformity detected during construction process. When nonconforming work is identified, the Group will review the situation and stop these substandard works from continuing or re-occurring. If the defect is likely to recur, the Group will require remedial action by the subcontractor and shall more closely supervise these works whenever practicable. The Group also carries out trainings and has established a management system covering various aspects including management of quality of construction staff, quality control on raw material, site management and quality management system, so as to ensure the timely and efficient completion of our projects.

During the Reporting Period, due to the business nature of the Group, there were no recalls concerning the provision and use of products for safety and health reasons within the Group. Besides, there were no substantiated complaints received relating to the provision and use of products and services that have a significant impact on the Group's operations.

#### PROTECTION OF INTELLECTUAL PROPERTY RIGHT AND CONSUMER PRIVACY

The Group recognises the importance of the protection over intellectual property right and consumer privacy. Proper licences for software and information are obtained by the Group to use in its business operation.

Meanwhile, the Group handles all information provided by its clients, employees and business partner in accordance with Personal Data (Privacy) Ordinance (Chapter 486 of the Laws of Hong Kong) and related laws and regulations to ensure those information is under proper protection.

### **ANTI-CORRUPTION**

The Group is committed to maintaining the integrity of its corporate culture. Staff members are not allowed to solicit or accept any advantages. The Group sets out the relevant policies in the employee handbook and guides the employees to abide by the code of conduct. The code of conduct provides a clear definition of the provision and acceptance of interests, such as gifts and souvenirs, and ways to avoid conflicts of interest.

Directors and employees are required to make a declaration to the management through the reporting channels when actual or potential conflict of interest arises. Employees cannot receive any gifts from any external parties (i.e. customers, suppliers, contractors, etc.) unless approval is obtained from the management.

The Group has whistle-blowing procedures in effect, encouraging the employees to report directly to the chairman of the Audit Committee for any misconduct and dishonest behaviour, such as bribery, fraud and other offences. Furthermore, the Group has specified in the employee handbook that the Group is entitled to terminate the employment contract with any employee who is bribed with money, gifts or commission, etc., and reserves the right to take further actions against such person.

The Group plans to host regular trainings delivered by representatives from regulators and professionals to all Directors and employees in regards to anti-corruption policies and procedures so to maintain employees' awareness on anti-corruption best practices.

During the Reporting Period, the Group complied with the relevant laws and regulations regarding anti-corruption and money laundering and had no concluded legal case regarding corrupt practices brought against the issuer or its employees (2021: Nil).

#### COMMUNITY INVESTMENT

The Group understands well of the importance for making positive contribution to the community where it operates and considers community benefits as one of its social responsibility. The Group considers that enterprises and communities are inseparable as a whole. Enterprise development has played a leading role in the economic and social development of the community, such as providing employment opportunities and increasing taxes. At the same time, enterprise development is also inseparable from community's support and help. In order to better fulfil its social responsibilities, the Group is very concerned about environmental and health issues and sponsors relevant activities or organisations when necessary.

To strength the connection with society, the Group has made donations to The Community Chest of Hong Kong. The Group will continue to explore other means to contribute more to the community and strive to facilitate the building of a healthy and sustainable society.

# PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES OF THE COMPANY

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company's listed securities during the year ended 30 September 2022.

# COMPETING BUSINESS

During the year ended 30 September 2022, none of the Directors or the Controlling Shareholders and their respective associates had any interests in a business, apart from the business of the Group, which competes or may compete with the business of the Group or has any other conflict of interest with the Group which would be required to be disclosed under Rule 8.10 of the Listing Rules.

### **Non-Competition Undertakings**

In order to avoid any possible future competition arising between the Group and the Controlling Shareholders, Dr. CW Lau, Mr. CM Lau, Dr. CK Lau and Elite Bright (each a "Covenantor" and collectively the "Covenantors") have entered into the deed of non-competition with the Company (for itself and for and on behalf of its subsidiaries) on 17 September 2018 (the "Deed of Non-competition"). Pursuant to the Deed of Non-competition, each of the Covenantors has irrevocably and unconditionally undertaken to the Company (for itself and for and on behalf of its subsidiaries) that, during the period that the Deed of Non-competition remains effective, he/it shall not, and shall procure that his/its associates (other than any member of the Group) not to develop, acquire, invest in, participate in, carry on or be engaged, concerned or interested or otherwise be involved, whether directly or indirectly, in any business in competition with or likely to be in competition with the existing business activity of any member of the Group.

Each of the Covenantors further undertakes that if any of he/it or his/its close associates other than any member of the Group is offered or becomes aware of any business opportunity which may compete with the business of the Group, he/it shall (and he/it shall procure his/its associates to) notify the Group in writing and the Group shall have a right of first refusal to take up such business opportunity. The Group shall, within 6 months after receipt of the written notice (or such longer period if the Group is required to complete any approval procedures as set out under the Listing Rules from time to time), notify the Covenantor(s) whether the Group will exercise the right of first refusal or not.

The Group shall only exercise the right of first refusal upon the approval of all the independent non-executive Directors (who do not have any interest in such opportunity). The relevant Covenantor(s) and the other conflicting Directors (if any) shall abstain from participating in and voting at and shall not be counted as quorum at all meetings of the Board where there is a conflict of interest or potential conflict of interest including but not limited to the relevant meeting of the independent non-executive Directors for considering whether or not to exercise the right of first refusal.

Each of the Covenantors also gave certain non-competition undertakings under the Deed of Non-Competition as set out in the section headed "Relationship with our Controlling Shareholders – Non-Competition Undertakings" in the Prospectus.

During the year ended 30 September 2022, the Company had not received any information in writing from any of the Controlling Shareholders in respect of any new business opportunity which competed or might compete with the existing and future business of the Group which were offered to or came to be the knowledge of the Controlling Shareholders or their associates (other than any member of the Group), and the Company has received an annual written confirmation from each Controlling Shareholder in respect of him/it and his/its associates in compliance with the Deed of Non-competition. The independent non-executive Directors have also reviewed and were satisfied that each of the Controlling Shareholders had complied with the Deed of Non-competition.

#### CORPORATE GOVERNANCE

Details of the Company's corporate governance practices are set out in the section headed "Corporate Governance Report" of this annual report.

## **EQUITY-LINKED AGREEMENTS**

Save as disclosed in Note 23 to the consolidated financial statements of this annual report, no equity-linked agreement was entered into by the Company at any time during the year ended 30 September 2022.

#### SUFFICIENCY OF PUBLIC FLOAT

To the best knowledge of the Directors and based on information publicly available to the Company, at least 25% of the Company's issued share capital as required under the Listing Rules is held by the public during the year ended 30 September 2022 and up to the latest practicable date prior to the issue of this annual report.

### INDEPENDENCE OF INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has received from each of the independent non-executive Director an annual written confirmation of his independence pursuant to Rule 3.13 of the Listing Rules and the Company considers all the independent non-executive Directors to be independent.

#### INDEPENDENT AUDITORS

The consolidated financial statements of the Group for the year ended 30 September 2022 were audited by HLB Hodgson Impey Cheng Limited. A resolution will be proposed at the forthcoming annual general meeting of the Company to re-appoint HLB Hodgson Impey Cheng Limited as the auditors of the Company. The Company has not changed its external auditors in any of the preceding three years.

# COMPLIANCE WITH THE RELEVANT LAWS AND REGULATIONS

As far as the Board is aware, the Group has complied with the relevant laws and regulations that may cause a significant impact on the business and operation of the Group in the event of a material breach or non-compliance. During the year ended 30 September 2022, there was no material breach nor non-compliance with the applicable laws and regulations by the Group.

## ENVIRONMENTAL POLICIES AND PERFORMANCE

The Board has overall responsibility for the Group's environmental, social and governance (the "ESG") strategy and reporting, and is responsible for the Group's ESG risk management and internal control systems to ensure that the ESG strategies and reporting requirements are met. The details of ESG performance of the Group are set out in the "Environmental, Social and Governance Report" section of this annual report.

# RELATIONSHIP WITH CUSTOMERS, SUPPLIERS, SUBCONTRACTORS AND EMPLOYEES

The Group maintains good relationships with its employees and certain policies have been implemented to ensure that its employees are provided with competitive remuneration, good welfare benefits and continuous professional training. The Group also maintains good relationships with its customers, suppliers and subcontractors, without whom the success in the Group's operation would be at risk. During the year ended 30 September 2022, save as disclosed in this annual report, there were no material disputes between the Group and its customers, suppliers, subcontractors and employees.

# EVENTS AFTER THE REPORTING PERIOD

Saved as disclosed in this annual report, there is no other important event affecting the Group since 30 September 2022 and up to the date of this annual report.

(Incorporated in the Cayman Islands with limited liability)

#### **Opinion**

We have audited the consolidated financial statements of Ri Ying Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 73 to 141, which comprise the consolidated statement of financial position as at 30 September 2022, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 September 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### **Basis for Opinion**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter**

We draw attention to Notes 3.1, 5, 7, 19 and 33 of the consolidated financial statements, which describe the effects in the consolidated financial statements of the disputes of the Group in relation to a construction contract entered into with a customer. Our opinion is not modified in respect of this matter.

# **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**Key Audit Matters (Continued)** 

**Key audit matter** 

How our audit addressed the key audit matter

# Recognition of revenue and costs from construction contracts and contract assets

Refer to details in Notes 4 and 5 and the accounting policies in Note 2 to the consolidated financial statements

We identified recognition of revenue and costs from construction contracts and contract assets as a key audit matter as significant management's estimations and judgements are involved in the determination of the outcome of construction contracts and the progress towards completion of construction works.

Our audit procedures in relation to recognition of revenue and costs from construction contracts and contract assets mainly included:

- Reviewing the contract sum and budgeted costs to respective signed contracts and budgets prepared by management;
- Understanding from management about how the budgets were prepared and the respective progress towards completion of construction works were determined;
- Evaluating the reasonableness of progress towards completion of construction works by obtaining the certificates issued by customers or payment application confirmed by internal surveyor or reviewing valuation report issued by external surveyor;
- Testing the actual costs incurred on construction works;
- Assessing the reasonableness of the budgets by comparing the actual outcome against management's estimation of similar contracts; and
- Assessing the appropriateness and accuracy of the disclosures made in the consolidated financial statements.

**Key Audit Matters (Continued)** 

Key audit matter

How our audit addressed the key audit matter

# Expected credit loss of trade receivables and contract assets

Refer to details in Notes 3.1, 4, 18 and 19 and the accounting policies in Note 2 to the consolidated financial statements

The balances of trade receivables and contract assets as at 30 September 2022 were approximately HK\$10,377,000 and approximately HK\$23,090,000, respectively, which were material to the consolidated financial statements. The Group has applied the simplified approach in calculating the expected credit loss for trade receivables and contract assets.

The Group applied simplified approach on trade receivables and contract assets to provide for expected credit loss. To measure the expected credit loss of trade receivables and contract assets, other than significant balances which are assessed individually, the remaining balances have been grouped based on shared credit risk characteristics. The assessment of the expected credit loss allowance requires significant judgements and estimation by management.

Our audit procedures included, among others, discussing with management on the estimation involved in determining the amount of expected credit loss allowance regarding the trade receivables and contract assets:

- We have discussed with management on the estimation involved in determining the amount of expected credit loss allowance regarding the trade receivables and contract assets;
- We tested the working paper files prepared by management's expert to calculate the expected credit loss and checked the information included in the working paper files;
- We evaluated the competence, capabilities and objectivity of the valuation expert engaged by the management;
- We also engaged an independent valuation expert to assist us to assess the appropriateness of the expected credit loss provisioning methodology, examining the key data inputs on a sample basis to assess their accuracy and completeness, and challenging the assumptions, including both historical and forwardlooking information, used to determine the expected credit losses by the management.

We also assessed the adequacy of the Group's disclosures about the expected credit loss allowance regarding trade receivables and contract assets in the consolidated financial statements.

### Other Information

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Directors for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

# Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. This report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

# Auditors' Responsibilities for the Audit of the Consolidated Financial Statements (Continued)

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate
  in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal
  control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

# **Independent Auditors' Report**

#### Auditors' Responsibilities for the Audit of the Consolidated Financial Statements (Continued)

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement director on the audit resulting in this independent auditors' report is Lo Kin Kei.

For the year ended 30 September 2022

#### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### 2.1 Basis of presentation

The consolidated financial statements of the Company and its subsidiaries (the "Group") have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs") issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules") and by the Hong Kong Companies Ordinance. The consolidated financial statements have been prepared under the historical cost convention, except for the financial instruments that are measured at fair values.

The preparation of consolidated financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in Note 4.

#### 2.1.1 Changes in accounting policies

Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group applied the "Amendments to References to the Conceptual Framework in HKFRSs" and the following amendments to HKFRSs issued by the HKICPA for the first time, which are mandatorily effective for the annual period beginning on or after 1 October 2021 for the preparation of the consolidated financial statements:

Amendments to HKFRS 9, HKAS 39, HKFRS 7, HKFRS 4 and HKFRS 16 Amendments to HKFRS 16 Interest Rate Benchmark Reform – Phase 2

COVID-19-Related Rent Concessions beyond 30 June 2021

The application of "Amendments to References to the Conceptual Framework in HKFRSs" and the amendments to HKFRSs in the current year has had no material impact on the Group's consolidated financial positions and consolidated financial performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

#### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.2 Subsidiaries

#### 2.2.1 Consolidation

A subsidiary is an entity (including a structured entity) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

The Group treats transactions with non-controlling interests as transactions with equity owners of the Group. For purchase of non-controlling interests, the difference between any consideration paid and the relevant share acquired of the carrying amount of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

When the Group ceases to have control or significant influence, any retained interest in the entity is remeasured to its fair value, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.2 Subsidiaries (Continued)

#### 2.2.2 Business combination

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

Acquisitions that fail to meet the definition of business combination are treated as acquisitions of assets and liabilities instead of business combination.

Acquisition-related costs are expensed as incurred.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the profit or loss.

#### 2.2.3 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.3 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the steering committee that makes strategic decisions.

#### 2.4 Foreign currency translation

#### (a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in HK\$, which is the Company's functional and the Group's presentation currency.

#### (b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Foreign exchange gains and losses are presented in the consolidated statement of profit or loss and other comprehensive income.

#### (c) Group companies

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities for each statement of financial position presented are translated at the closing rate at the end of that reporting period;
- (ii) income and expenses for each statement of profit or loss and other comprehensive income are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised in other comprehensive income.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Currency transaction differences arising are recognised in other comprehensive income.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.5 Property, plant and equipment

The property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate assets is derecognised. All other repairs and maintenance costs are charged to profit or loss during the financial period in which they are incurred.

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives or lease term, where applicable, as follows:

Furniture and fixturesOffice equipment20%

Leasehold improvements
 Shorter of lease term or 20%

– Motor vehicles– Machinery20%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the consolidated statement of profit or loss.

#### 2.6 Goodwill

Goodwill arises on the acquisition of subsidiaries represents the excess of the consideration transferred, the amount of any non-controlling interest in the acquirees and the acquisition date fair value of any previous equity interest in the acquirees over the fair value of the identified net assets acquired.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units ("CGUs"), or groups of CGUs, that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. The Group's goodwill is monitored at the operating segment level.

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of the CGU containing the goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately as an expense and is not subsequently reversed.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.7 Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

#### 2.8 Leases

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group.

Contracts may contain both lease and non-lease components. The Group allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentive receivable;
- the exercise price of a purchase option if the Group is reasonably certain to exercise that option; and
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Group:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received;
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Group, which does not have recent third party financing; and
- makes adjustments specific to the lease, e.g. term, country, currency and security.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.8 Leases (Continued)

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs; and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

#### 2.9 Financial assets

#### Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income ("OCI") or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual items of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income ("FVOCI").

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.9 Financial assets (Continued)

#### Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

#### Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent
  solely payments of principal and interest are measured at amortised cost. Interest income from these financial
  assets is included in finance income using the effective interest rate method. Any gain or loss arising on
  derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with
  foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of
  profit or loss.
- FVOCI: Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in the statement of profit or loss.
- FVPL: Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVPL. A gain or
  loss on a debt investment that is subsequently measured at FVPL is recognised in profit or loss and presented
  net within other gains/(losses) in the period in which it arises.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.9 Financial assets (Continued)

#### Measurement (Continued)

Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at FVPL are recognised in other gains/(losses) in the statement of profit or loss as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

#### **Impairment**

The Group assesses on a forward looking basis the expected credit losses ("ECL") associated with its debt instruments carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by HKFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### 2.10 Inventories

Finished goods are stated at the lower of cost and net realisable value. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### 2.11 Trade and other receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Group holds the trade and other receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.12 Cash and cash equivalents

In the consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts (if any).

#### 2.13 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### 2.14 Trade and other payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade and other payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

#### 2.15 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period.

#### 2.16 Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.17 Current and deferred income tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of each reporting period in the countries where the Group operates and generates taxable income. Management periodically evaluate positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised, using the liability method, on temporary differences, arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, the deferred tax liabilities are not recognised if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of each reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred taxation liability is settled.

Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.18 Employee benefits

#### (i) Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of each reporting period.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

#### (ii) Retirement benefits obligations

The Group operates a defined contribution plan and pays contributions to a privately administered pension insurance plan on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expenses when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

#### (iii) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits when it is demonstrably committed to a termination when the entity has a detailed formal plan to terminate the employment of current employees without possibility of withdrawal. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of each reporting period are discounted to present value.

#### (iv) Bonus plans

The Group recognises a liability and an expense for bonuses when the Group has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of such obligation can be made.

#### 2.19 Provisions

Provisions are recognised when: the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amounts have been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligations. The increase in the provision due to passage of time is recognised as interest expense.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.20 Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resource will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the consolidated financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Group.

Contingent assets are not recognised but are disclosed in the notes to the consolidated financial statements when an inflow of economic benefits is probable. When inflow is virtually certain, an asset is recognised.

#### 2.21 Revenue recognition

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.21 Revenue recognition (Continued)

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

A contract asset and a contract liability relating to a contract are accounted for and presented on a net basis.

# Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation

#### Output method

The progress towards complete satisfaction of a performance obligation is measured based on output method, which is to recognise revenue on the basis of direct measurements of the value of the goods or services transferred to the customer to date relative to the remaining goods or services promised under the contract, that best depict the Group's performance in transferring control of goods or services.

#### Variable consideration

For contracts that contain variable consideration, the Group estimates the amount of consideration to which it will be entitled using either (a) the expected value method or (b) the most likely amount, depending on which method better predicts the amount of consideration to which the Group will be entitled.

The estimated amount of variable consideration is included in the transaction price only to the extent that it is highly probable that such an inclusion will not result in a significant revenue reversal in the future when the uncertainty associated with the variable consideration is subsequently resolved.

At the end of each reporting period, the Group updates the estimated transaction price (including updating its assessment of whether an estimate of variable consideration is constrained) to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period.

For the year ended 30 September 2022

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.21 Revenue recognition (Continued)

#### Refund liabilities

The Group recognises a refund liability if the Group expects to refund some or all of the consideration received from customers.

#### Costs to fulfil a contract

The Group incurs costs to fulfil a contract in its construction contracts. The Group first assesses whether these costs qualify for recognition as an asset in terms of other relevant standards, failing which it recognises an asset for these costs only if they meet all of the following criteria:

- the costs relate directly to a contract or to an anticipated contract that the Group can specifically identify;
- the costs generate or enhance resources of the Group that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and
- the costs are expected to be recovered.

The asset so recognised is subsequently amortised to profit or loss on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the assets relate. The asset is subject to impairment review.

#### 2.22 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the group will comply with all attached conditions.

Government grants relating to costs are deferred and recognised as other income in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

#### 2.23 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's and the Company's consolidated financial statements in the period in which the dividends are declared by the directors in case of interim dividends or approved by the Company's shareholders in case of final dividends.

#### 2.24 Related Parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person:
  - (i) has control or joint control of the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group.

or;

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a);
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity); and
  - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

#### 3 FINANCIAL RISK MANAGEMENT

#### 3.1 Financial risk factors

The Group's activities exposed it to a variety of financial risks: market risk (foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk.

The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

#### Market risk

#### (i) Foreign exchange risk

The Group operates in Hong Kong and the PRC and is exposed to foreign exchange risk arising mainly from transactions in Renminbi ("RMB"). Foreign exchange risk arises from future commercial transactions, recognised assets and liabilities and net investments in operations in the PRC. The appreciation or devaluation of the RMB against the HK\$ may also have an impact on the operating results of the Group.

As the assets and liabilities of the Group are mainly denominated in the respective group entities' functional currency, the management does not expect significant foreign currency exposure in relation to the exchange rate fluctuation between the respective group entities' functional currency and other currencies and the Group's income and operating cash flows are substantially independent of changes in foreign currency exchange.

In addition, the Group's foreign exchange position is monitored on an ongoing basis in order to minimise the impact from the fluctuation of foreign currency rate. The Group currently does not maintain a foreign currency hedging policy. However, management monitors the foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

#### (ii) Interest rate risk

Other than bank balances with variable interest rate, the Group has no other significant interest-bearing assets and liabilities. Management does not anticipate significant impact to interest-bearing assets and liabilities resulted from the changes in interest rates, because the interest rates of bank balances are not expected to change significantly.

For the year ended 30 September 2022

#### 3 FINANCIAL RISK MANAGEMENT (CONTINUED)

#### 3.1 Financial risk factors (Continued)

#### Market risk (Continued)

(iii) Price risk

The Group is exposed to price risk arising from certain investments held by the Group are classified in the consolidated statement of financial position as financial assets at fair value through profit or loss.

For listed securities and fund, if the quoted price of the financial assets at fair value through profit or loss had appreciated/depreciated by 10% with all other variables held constant, the Group's loss (2021: loss) before income tax for the year would have been approximately HK\$415,000 (2021: approximately HK\$477,000) lower/higher (2021: lower/higher) as a result of gains/losses on change in fair value of the financial assets at fair value through profit or loss.

#### Credit risk and impairment assessment

Credit risk arises mainly from trade and other receivables, contract assets, amounts due from related parties and bank deposits and balances. The Group's maximum exposure to credit risk in the event of the counterparties' failure to perform their obligations as at the reporting dates in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the consolidated statement of financial position.

The credit risk of bank balances is limited because the counterparties are banks with sound credit ratings assigned by international credit-rating agencies.

In order to minimise the credit risk on trade receivables and contract assets, the management of the Group has delegated a team responsible for monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the management of the Group reviews the recoverable amount of each individual debt at the end of each reporting period to ensure that adequate provisions for impairment losses are made for irrecoverable amounts on trade receivable and contract assets. In this regard, the management of the Group considers that the credit risk on trade receivables and contract assets is significantly reduced. The Group considers available reasonable and supportive forward-looking information. The Group applies simplified approach on trade receivables and contract assets to provide for ECL. To measure the ECL of trade receivables and contract assets, other than significant balances which are assessed individually, the remaining balances have been grouped based on shared credit risk characteristics. As at 30 September 2022, the impairment loss allowance for trade receivable and contract assets were determined as follows:

#### 3 FINANCIAL RISK MANAGEMENT (CONTINUED)

#### 3.1 Financial risk factors (Continued)

#### Credit risk and impairment assessment (Continued)

As at 30 September 2022, the Group has concentration of credit risk as approximately 52.9% (2021: approximately 75.0%) of the Group's trade receivables and contract assets were due from the Group's five largest trade debtors.

For deposits and other receivables, as at 30 September 2022 and 2021, the credit rating of deposits and other receivables was performing. The management considered that the credit risk of these financial assets have no significant increase since initial recognition. The Group has assessed and concluded that the expected credit loss rate for these receivables is immaterial under 12-month ECL method after taken into account the historical default experience, historical settlement records as well as the loss upon default in each case and are adjusted with forward-looking information.

For amounts due from related parties, the Directors continuously monitor the credit quality and financial positions of the counterparty and the level of exposure to ensure that the follow-up action is taken to recover the debts. The Group has assessed that the expected credit loss rate for this receivable is not material under 12-month ECL. Therefore, no loss allowance for the amount due from related parties was recognised.

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Trade receivables/ contract assets	Other financial assets
Low risk	The counterparty has a low risk of default and does not have any past due amounts	Lifetime ECL – not credit impaired	12-month ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL – not credit impaired	Lifetime ECL – not credit impaired
Loss	There is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows	Lifetime ECL – credit impaired	Lifetime ECL – credit impaired

Note:

The expected credit losses on trade receivables and contract assets are estimated by reference to past due status of the individual debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtor, future economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

The Group writes off a trade receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or when the trade receivables are over two years past due, whichever occurs earlier.

#### Note:

(a) Impairment loss recognised on contract assets for the year ended 30 September 2022 include impairment loss of approximately HK\$5,282,000 which were recognised to fully write down the carrying amounts of the trade receivable and retention receivables due from the customer with whom the Group is having the Disputes (details of which are disclosed in Notes 5 and 33 to the consolidated financial statements). In view of the fact that the eventual outcome of the Disputes for the Group cannot be fully assessed as at the date of approval of the consolidated financial statements, the directors of the Company have determined to fully write down these receivables until such time that the eventual outcome of the Disputes can be reliably estimated for the Group.

#### Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements and its compliance with debt covenants, to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from banks and other financial institutions to meet their liquidity requirements in the short and long term. Management believes there is no significant liquidity risk as the Group has sufficient committed facilities to fund their operations.

The following table details the remaining contractual maturities at the end of each reporting period of the Group's financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current rates at the end of each reporting period) and the earliest date the Group may be required to pay:

#### 3 FINANCIAL RISK MANAGEMENT (CONTINUED)

#### 3.2 Capital management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders, to support the Group's stability and growth; to earn a margin commensurate with the level of business and market risks in the Group's operations and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, obtain new borrowings or sell assets to reduce debt.

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as the total interest-bearing liabilities divided by the total equity.

The gearing ratios of the Group are as follows:

	2022 HK\$'000	2021 HK\$'000
Total borrowings	6,123	4,031
Total equity	41,733	179,468
Gearing ratio	14.67%	2.25%

#### 3.3 Fair value estimation

The below analyses the Group's financial instruments carried at fair value as at 30 September 2022 and 2021 by level of the inputs to valuation techniques used to measure fair value. Such inputs are categorised into three levels within a fair value hierarchy as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The fair value of financial instruments traded in active markets is based on quoted market prices at the end of reporting period. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1. Instruments included in level 1 represent investments listed in Hong Kong stock market.

#### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements used in preparing the consolidated financial statements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

#### **Construction contracts**

The Group recognises its contract over time by reference to the progress towards complete satisfaction of a performance obligation of the end of the reporting period, measured based on the surveys of work performed to date of the individual contract of construction works relative to total contract value. Because of the nature of the activity undertaken in construction contracts, the date at which the contract activity is entered into and the date when the activity is completed usually fall into different accounting period. The Group reviews and revises the estimates of contract revenue, contract costs and variation orders prepared for each construction contract as the contract progresses. Management regularly reviews the progress of the contracts and the corresponding costs of the contract revenue.

#### Provision of expected credit loss for trade receivables and contract assets

The Directors estimate the amount of loss allowance for ECL on trade receivables and contract assets based on the credit risk and past due status of trade receivables and contract assets. The loss allowance amount is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows with the consideration of expected future credit loss. The assessment of the credit risk involves high degree of estimation and uncertainty as the Directors estimate the loss rates for debtors by using past history, existing market conditions as well as forward-looking information. When the actual future cash flows are less than expected or more than expected, a material impairment loss or a material reversal of impairment loss may arise accordingly.

#### 5 REVENUE, OTHER INCOME, GAINS AND LOSSES AND SEGMENT INFORMATION (CONTINUED)

As disclosed in Note 33, the Group has by a letter dated 18 January 2023 referred the disputes under the Contracts (as defined in Note 33) to mediation. The Group has recognised revenue from the Contracts in accordance with its revenue recognition accounting policies which amounted to approximately HK\$357,061,000 up until 30 September 2021, including revenue of approximately HK\$54,503,000 recognised in the financial year ended 30 September 2021. As the eventual outcome of the disputes for the Group cannot be fully assessed as at the date of approval of the consolidated financial statements, the Group has updated its measure of progress as at 30 September 2022 towards complete satisfaction of its performance obligations satisfied over time under the Contracts to reflect the matters of the disputes which arose during the current reporting period. Consequently, included in arriving at revenue of the Group for the year ended 30 September 2022 is a deduction of an amount of approximately HK\$59,221,000 to reflect the reduced amount of value of work done to-date under the Contracts of approximately HK\$297,840,000 certified by the School under the interim payment certificate with valuation date 9 December 2022 whereby the School had significantly reduced the amount certified by the School in previous interim payment certificates, despite the fact that the Group disputes such reduction in the certified amount. In accordance with the requirements of HKFRS 15, the change to the Group's measure of progress as at 30 September 2022 towards complete satisfaction of its performance obligations under the Contracts is accounted for as a change in accounting estimate.

#### Performance obligations for contracts with customers

The Group provides foundation and site formation works, general building works and associated services, other construction works and construction related consultancy services to customers. Such services are recognised as a performance obligation satisfied over time as the Group creates or enhances an asset that the customer controls. Revenue for these works is therefore recognised over time. The Group measures progress using an output method. Specifically, progress for foundation and site formation works, general building works and associated services and other construction works is based on surveys of the relevant works and services completed by the Group to the end of the current reporting period with reference to certificates issued by customers or payment applications confirmed by internal surveyor. Construction related consultancy services transfer to customers over time and use the same method to measure progress, i.e. a time-based measure of progress. The directors of the Company consider that this method faithfully depicts the Group's performance towards complete satisfaction of these performance obligations in these contracts.

Sales of health products are recognised at a point in time when control of the goods is transferred to customers.

#### Transaction price allocated to the remaining performance obligations from contracts with customers

The transaction price allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) as at the end of each reporting period and the expected timing of recognising revenue are as follows:

The Group has applied the practical expedient in paragraph 121 of HKFRS 15 to its construction related consultancy services such that the above information does not include information about revenue that the Group will be entitled to when it satisfies the remaining performance obligations under the contracts for construction related consultancy services that had an original expected duration of one year or less.

#### **Segment information**

Operating segments are identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker (the "CODM"), being the executive directors of the Company, in order for the CODM to allocate resources and to assess performance. No operating segments identified by the CODM have been aggregated in arriving at the reportable segments of the Group.

Specifically, the Group's reportable and operating segments are as follows:

- Foundation and site formation works;
- General building works and associated services;
- Other construction works;
- Construction related consultancy services; and
- Health management and consultancy business (including sales of health products and health management software development).

The CODM makes decisions according to the operating results of each segment. No analysis of segment asset and segment liability is presented as the CODM does not regularly review such information for the purposes of resources allocation and performance assessment. Therefore, only segment revenue and segment results are presented.

The Group operates a defined contribution scheme in Hong Kong which complies with the requirements under the Mandatory Provident Fund ("MPF") Schemes Ordinance. All assets under the scheme are held separately from the Group under independently administered funds. Contributions to the MPF scheme follow the MPF Schemes Ordinance. No forfeited contribution under the MPF scheme is available to reduce the contribution payable in future years.

The employees of the Group's subsidiaries established in the PRC are required to participate in a state-managed retirement benefit scheme operated by the PRC government. The Group is required to contribute a certain percentage of basic payroll costs to the retirement benefit scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefit scheme is to make the required contributions under the scheme. No forfeited contribution under the state-managed retirement benefit scheme is available to reduce the contribution payable in future years. The contributions are charged to profit or loss as they become payable in accordance with the rules of the state-managed retirement benefit scheme.

## 10 INCOME TAX CREDIT (CONTINUED)

Hong Kong profits tax has been provided at the rate of 16.5% (2021: 16.5%) on the estimated assessable profit arising in or derived from Hong Kong for the year.

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the "Bill") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day.

Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of qualifying corporations are taxed at 8.25%, and profits above HK\$2 million are taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime are taxed at a flat rate of 16.5%.

The two-tiered profits tax rates regime is applicable to one entity within the Group for the years ended 30 September 2022 and 2021.

Under the Law of the PRC on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25%.

According to the provisions of Caishui [2022] No. 13 and Guoshui [2022] No. 5, certain PRC subsidiaries of the Group, enjoy preferential income tax policies for the small and low profit enterprises during the years ended 30 September 2022 and 2021.

The taxation on the Group's loss before tax differs from the theoretical amount that would arise using the Hong Kong profits tax rate as follows:

	2022 HK\$'000	2021 HK\$'000
Loss before tax	(139,092)	(24,853)
Calculated at a tax rate of 16.5%	(22,950)	(4,101)

Effect of different tax rates of subsidiaries operating in other jurisdiction	(766)	(729)
Effect of tax exemption and preferential rates granted to certain PRC subsidiaries	(115)	(59)
Income tax credit	(138)	(1,000)

For the year ended 30 September 2022

#### 11 LOSS PER SHARE

	2022	2021
Loss attributable to owners of the Company (HK\$'000)	(135,787)	(21,274)
Weighted average number of ordinary shares for the purpose of calculating basic loss per share (in thousand)	800,000	800,000
Basic loss per share (HK cents)	(16.97)	(2.66)

For the years ended 30 September 2022 and 2021, the calculation of the basic loss per share attributable to owners of the Company was based on (i) the loss for the year attributable to owners of the Company; and (ii) the weighted average number of ordinary shares in issue during the year.

The diluted loss per share is equal to the basic loss per share as there were no potential ordinary share in issue during the years ended 30 September 2022 and 2021.

During the year ended 30 September 2022, additions to the right-of-use assets were approximately HK\$7,062,000 (2021: approximately HK\$6,858,000).

The Group leases various motor vehicles, office equipment and premises. Rental contracts are typically made for fixed periods of 1 to 3 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor.

#### (b) Amounts recognised in the consolidated statement of profit or loss and other comprehensive income

During the year ended 30 September 2022, the total cash outflow for leases was approximately HK\$5,181,000 (2021: approximately HK\$8,449,000).

For the year ended 30 September 2022

#### 15 RIGHT-OF-USE ASSETS AND LEASE LIABILITIES (CONTINUED)

#### (c) Termination options

Termination options are included in a number of property leases across the Group. These are used to maximise operational flexibility in terms of managing the assets used in the Group's operations. The Group assesses at lease commencement date whether it is reasonably certain to be not exercised the termination options. Periods after termination options are only included in the lease term if the lease is reasonably certain to be not terminated.

#### 16 GOODWILL

For the purpose of impairment testing, goodwill has been allocated to a cash-generating unit ("CGU"), representing Shanghai Guanzhong acquired by the Group during the year ended 30 September 2022.

During the year ended 30 September 2022, the management performed impairment review for the goodwill. The recoverable amount of the CGU has been determined by a value-in-use calculation based on the cash flow forecast derived from the most recent financial budgets and estimated future cash flows covering a 5-year period as approved by management and using a pre-tax discount rate of 23.6%, that reflect the risks specific to the CGU. The cash flow forecast beyond the 5-year period are extrapolated using steady 2.5% growth rate. The key assumptions for the value-in-use calculation are those regarding the discount rates, the budgeted revenue and budgeted expenses during the forecasting periods, which are determined by the management based on the past performance and management's expectations for the market development. If the pre-tax discount rate increase 100 basis point, and/or the terminal growth rate decreases 100 basis point, the recoverable amount exceeds its carrying amount and no impairment is required.

No impairment loss was recognised in respect of goodwill allocated to this CGU for the year ended 30 September 2022 as the recoverable amount to this CGU exceeded its carrying amount.

	41,153	110,268
	51,530	127,800

#### Notes:

(b) The ageing analysis of the trade receivables (net of impairment losses) based on payment certificate date or invoice date is as follows:

	2022 HK\$'000	2021 HK\$'000
0–30 days	4,947	10,052
31–60 days	2,318	3,534
61–90 days	1,420	714
Over 90 days	1,692	3,232
	10,377	17,532

As at 30 September 2022, included in the Group's trade receivables balance are debtors with aggregate carrying amount of approximately HK\$8,335,000 (2021: approximately HK\$10,651,000) which are past due as at the reporting date. Out of the past due balances, nil (2021: approximately HK\$2,283,000) has been past due 90 days or more and is not considered as in default. The Group does not hold any collateral over these balances.

<sup>(</sup>a) The Group does not have a standardised and universal credit period granted to its customers, and the credit period of individual customer is considered on 30 days and stipulated in the contract, as appropriate.

<sup>(</sup>c) The other classes within trade and other receivables do not contain impaired assets. The Group does not hold any collateral as security.

<sup>(</sup>d) The prepayments were mainly the payments to the suppliers for the procurement of goods in relation to the agency commission income.

For the year ended 30 September 2022

#### 19 CONTRACT ASSETS AND CONTRACT LIABILITIES

	2022	2021
	HK\$'000	HK\$'000
Contract assets		
Provision for construction services	30,307	100,008
Less: provision for impairment losses	(7,217)	(2,774)
	23,090	97,234
Contract liabilities		
Sales of health products and health management software development (Note (a))	2,526	6,559

The contract assets primarily relate to the Group's right to consideration for work completed and not billed because the rights are conditioned on factors other than passage of time. The contract assets are transferred to trade receivables when the rights become unconditional.

During the current financial year ended 30 September 2022, the carrying amount of contract assets was reduced by an amount of approximately HK\$59,221,000 due to the cumulative catch-up adjustments to revenue arising from the change in the Group's measure of progress as at 30 September 2022 towards complete satisfaction of its performance obligations under the Contracts (as defined in Note 33), details of which are disclosed in Note 5 to the consolidated financial statements.

Included in contract assets are retention receivables of approximately HK\$24,068,000 as at 30 September 2022 (2021: approximately HK\$34,024,000), which after recognition of impairment loss of approximately HK\$5,835,000 (2021: approximately HK\$1,109,000), the carrying amount of retention receivables as at 30 September 2022 was approximately HK\$18,233,000 (2021: approximately HK\$32,915,000).

Retention receivables represent the monies withheld by customers of contract works which are fully recoverable within 1 to 2 years from the date of completion of construction contracts, in accordance with the terms specified in the relevant contracts. Generally, upon satisfactory completion of contract work as set out in the contract, partial of the retention money of such contract work will be released to the Group, while the remaining will be released to the Group upon the expiration of the defects liability period.

The retention receivables, before recognition of impairment loss, would be settled, based on the expiry of the defect liability period, at the end of the reporting period as follow:

	2022	2021
	HK\$'000	HK\$'000
Within one year	2,596	9,877
After one year	21,472	24,147
	24,068	34,024

For the year ended 30 September 2022

## 19 CONTRACT ASSETS AND CONTRACT LIABILITIES (CONTINUED)

The following table shows how much of the revenue recognised in the current year relates to carried-forward contract liabilities and how much relates to performance obligations that were satisfied in prior periods.

	2022 HK\$'000	2021 HK\$'000
Revenue recognised that was included in the contract liability balance at the beginning of the year:		
- Sales of health products	6,559	1,637

Typical payment terms which impact on the amount of contract liabilities recognised are as follows:

#### Sales of health products and health management software development

The Group receives deposits from customers when they sign the sale and purchase agreement, this will give rise to contract liabilities at the start of a contract.

Notes:

(a) The decrease in contract liabilities in the current year was mainly due to the decrease in deposits received from customers in relation to sales of health products.

#### 23 SHARE OPTION SCHEME

The Company's share option scheme (the "Scheme") was adopted pursuant to a resolution passed on 17 September 2018 as to attract and retain the best available personnel and to provide additional incentive to employees (full-time and part-time), directors, consultants, advisers, distributors, contractors, suppliers, agents, customers, business partners or service providers of the Group and to promote the success of the business of the Group.

Under the Scheme, the board of directors may, at their absolute discretion and subject to the terms of the Scheme, grant any employee (full-time or part-time), director, consultant or adviser of the Group, or any substantial shareholder of the Group, or any distributor, contractor, supplier, agent, customer, business partner or service provider of the Group, options to subscribe for shares of the Company. The basis of eligibility of any participant to the grant of any option shall be determined by the board of directors from time to time on the basis of his contribution or potential contribution to the development and growth of the Group.

The maximum number of shares issuable upon exercise of all options to be granted under the Scheme and any other share schemes of the Company as from the adoption date must not in aggregate exceed 10% of all the shares in issue as at the date of approval of the Scheme and any other Share Schemes of the Company (the "Scheme Mandate Limit"). The Scheme Mandate Limit may be refreshed once every three years by obtaining approval of the Company's shareholders in general meeting provided that the total number of Company's shares which may be issued upon exercise of all options to be granted under the Scheme and any other share options schemes of the Company must not exceed 10% of the Company's shares in issue as at the date of approval of the refreshed limit. No options may be granted under the Scheme or any other share options schemes of the Company if this will result in the Scheme Mandate Limit being exceeded.

For the year ended 30 September 2022

#### 23 SHARE OPTION SCHEME (CONTINUED)

The total number of shares issued and to be issued upon exercise of the options granted to each participant (including both exercised and outstanding options) under the Scheme or any other share option schemes of the Company in any 12-month period up to date of grant shall not exceed 1% of the shares of the Company in issue. Where any further grant of options in excess of such limit, such further grant must be separately approved by shareholders of the Company in general meeting with such grantee and his/her close associates abstaining from voting.

Share options granted to a director, chief executive or substantial shareholder of the Company, or any of their respective associates must be approval by the independent non-executive directors of the Company (excluding any independent non-executive director who is the grantee). Where any share options granted to a substantial shareholder or an independent non-executive director of the Company, or any of their respective close associates would result in the total number of shares issued and to be issued upon exercise of all options already granted and to be granted to such person under the Scheme and any other share option schemes of the Company (including options exercised, cancelled and outstanding) in any 12-month period up to and including the date of such grant representing in aggregate over 0.1% of the shares of the Company in issue and having an aggregate value in excess of HK\$5 million must be approved by the Company's shareholders at the general meeting of the Company, with voting to be taken by way of poll.

An offer for the grant of options must be accepted in writing within 7 days inclusive of the day on which such offer was made. The amount payable by the grantee of an option to the Company on acceptance of the offer for the grant of an option is HK\$1. An option may be exercised in accordance with the terms of the Scheme at any time during a period as the board of directors of the Company may determine which shall not exceed ten years from the date of grant subject to the provisions of early termination thereof.

The subscription price shall be a price solely determined by the board of directors of the Company and notified to a participant and shall be at least the highest of: (i) the closing price of the Company's shares as stated in the Stock Exchange's daily quotations sheet on the date of grant of the option, which must be a business day; (ii) the average of the closing prices of the Company's shares as stated in the Stock Exchange's daily quotations sheets for the 5 business days immediately preceding the date of grant of the option; and (iii) the nominal value of the Company's share on the offer date of grant of the option.

The Scheme will remain in force for a period of ten years commencing on 17 September 2018 and shall expire at the close of business on the business day immediately preceding the tenth anniversary thereof unless terminated earlier by the shareholders at a general meeting of the Company.

No share options were granted since the adoption of the Scheme and there were no share option outstanding as at 30 September 2022 and 2021.

For the year ended 30 September 2022

#### 31 SURETY BONDS AND CONTINGENT LIABILITIES

As at 30 September 2022, certain customers of construction contracts undertaken by the Group require the Group to issue guarantee for the performance of contract works in the form of surety bonds of approximately HK\$25,298,000 (2021: approximately HK\$16,018,000). Dr. CW Lau, Mr. CM Lau and Dr. CK Lau have provided guarantee to the insurance companies to secure certain surety bonds. The surety bonds are expected to be released in accordance with the terms of the respective construction contracts.

As at 30 September 2022, the Group paid a cash collateral of approximately HK\$5,140,500 (2021: approximately HK\$4,203,000) to the insurance companies for the issuance of surety bonds and are included in other receivables, deposits and prepayments.

The Group, in the ordinary course of its business, is involved in various claims, suits, investigations, and legal proceedings that arise from time to time. Although the Group does not expect that the outcome in any of these legal proceedings, individually or collectively, will have a material adverse effect on its financial position or results of operations, litigation is inherently unpredictable. Therefore, the Group could incur judgements or enter into settlements of claims that could adversely affect its operating results or cash flows in a particular period.

#### 32 ACQUISITION OF A SUBSIDIARY

In July 2022, the Group entered into a sale and purchase agreement with certain third parties to acquire 100% of equity interests of Shanghai Guanzhong at consideration of approximately RMB2,508,000 (equivalent to approximately HK\$2,935,000). Shanghai Guanzhong is principally engaged in provision of health management and consultancy. The acquisition has been accounted for as acquisition of business using the acquisition method.

Acquisition-related costs amounting to approximately RMB92,000 (equivalent to approximately HK\$107,000) have been excluded from the consideration transferred and have been recognised as an expense in the current year, within the administrative expenses line item in the consolidated statement of profit or loss and other comprehensive income.

Assets acquired and liabilities recognised at the date of acquisition	HK\$'000
Trade and other receivables	500
Bank balances and cash	103
Trade and other payables	(2,173)
Contract liabilities	(585)
Amount due to a related party	(1,638)
Net liabilities	(3,793)
Goodwill arising on acquisition	HK\$'000
Consideration transferred	2,935
Plus: recognised amounts of net liabilities acquired	3,793
Goodwill arising on acquisition	6,728

For the year ended 30 September 2022

#### 32 ACQUISITION OF A SUBSIDIARY (CONTINUED)

The receivables acquired (which principally comprised trade receivables) with a fair value of approximately HK\$399,000 at the date of acquisition had gross contractual amounts of approximately HK\$399,000.

Goodwill arose in the acquisition of Shanghai Guanzhong because the consideration paid for the combination effectively included amounts in relation to the benefit of expected synergies, revenue growth, future market development and the assembled workforce of Shanghai Guanzhong. These benefits are not recognised separately from goodwill because they do not meet the recognition criteria for identifiable intangible assets.

None of the goodwill arising on this acquisition is expected to be deductible for tax purposes.

Net cash outflow on acquisition of Shanghai Guanzhong	HK\$'000
Cash consideration paid	2,935
Less: cash and cash equivalents acquired	(103)
Net cash outflow	2,832

#### Impact of acquisition on the results of the Group

Included in the loss for the year was loss of approximately HK\$942,000 attributable to the additional business generated by Shanghai Guanzhong. No revenue for the year generated from Shanghai Guanzhong. Had the acquisition been completed on 1 October 2021, revenue for the year of the Group would have been recognised approximately HK\$112,702,000, and loss for the year of the Group would have been recognised approximately HK\$139,639,000. The pro forma information is for illustrative purposes only and is not necessarily an indication of revenue and results of operations of the Group that actually would have been achieved had the acquisition been completed on 1 October 2021, nor is it intended to be a projection of future results.

#### 33 MEDIATION

As disclosed in the announcement dated 20 January 2023, Fong On Construction Limited ("Fong On"), an indirect wholly-owned subsidiary of the Company, is involved in certain disputes (the "Disputes") in connection to payments owed to Fong On as main contractor for carrying out certain design and construction works for a school in Hong Kong (the "School"). Fong On contends, among other things, that the School has failed and/or refused to pay Fong On in accordance with the payment terms agreed and has undervalued the works carried out (including variation works) by Fong On pursuant to the relevant contracts (the "Contracts"). The Group has recognised revenue from the Contracts in accordance with its revenue recognition accounting policies which amounted to approximately HK\$357,061,000 up until 30 September 2021, including revenue of approximately HK\$54,503,000 recognised in the financial year ended 30 September 2021. During the current financial year ended 30 September 2022, the School failed to make payment for an interim payment certificate issued by the School during the year and subsequent to the end of the financial year, the School issued a further interim payment certificate with valuation date 9 December 2022 whereby the School significantly reduced the amount already certified by the School in previous interim payment certificates. Fong On by a letter dated 18 January 2023 requested the Disputes to be referred to mediation in accordance with the terms agreed pursuant to the Contracts.

Up to the date of approval for issuance of the consolidated financial statements, the Group has not received a response from the School in relation to the aforementioned mediation request and the Disputes have not been referred to arbitration proceedings. The directors of the Company have fully considered all the relevant facts and circumstances, including the nature of the claims, costs of mediation and potential impact on the consolidated financial statements and engaged an external lawyer to consider and assess the strategies and defenses. The eventual outcome of the Disputes for the Group cannot be fully assessed at this stage.

Further announcement(s) will be made by the Company to keep its shareholders and potential investors informed of any material development regarding the Disputes as and when appropriate.
