MANAGEMENT DISCUSSION AND ANALYSIS

I am pleased to present to our shareholders, the annual report of Tongguan Gold Group Limited (the “Company”) together with its subsidiaries (the “Group”) for the year ended 31 December 2022.

FINANCIAL REVIEW

Revenue

During the year ended 31 December 2022, the Group’s revenue was approximately HK\$1,244,864,000, representing an increase of approximately 83% as compared to revenue of approximately HK\$681,721,000 for the corresponding year in 2021. The increase in revenue was mainly attributable to the new gold recycling business segment, which involves the sale of physical gold bullion by purchasing gold related materials from other supply chain players, and refining by subcontractors. This new business segment contributed approximately HK\$838,422,000 in revenue to year 2022. It was partially offset against a decrease in the revenue of gold mining operation. Detailed analysis is set out in below “Review of Operations” section.

Cost of Sales

During the year ended 31 December 2022, the Group’s cost of sales was approximately HK\$1,105,369,000, representing an increase of approximately 148% as compared to cost of sales of approximately HK\$444,857,000 for the corresponding year in 2021. The increase in cost of sales was mainly attributable to new gold recycling business. This new business segment contributed approximately HK\$837,312,000 in cost of sales to year 2022. It was partially offset against a decrease in the cost of sales of gold mining operation. Detailed analysis is set out in below “Review of Operations” section.

Gross Profit

During the year ended 31 December 2022, the Group’s gross profit was approximately HK\$139,495,000, representing a decrease of approximately 41% as compared to gross profit of approximately HK\$236,864,000 for the corresponding year in year 2021. Even though the Group’s expansion of new business segment in year 2022, the gross profit of new gold recycling business is thin. Thus, the decrease in gross profit was mainly resulting from gold mining operation. The decrease in gross profit of gold mining operation was mainly attributable to the decrease in production and sale volumes of gold concentrates and related products. Detailed analysis is set out in below “Review of Operations” section.

Other Income

During the year ended 31 December 2022, the Group’s other income was increased by approximately HK\$1,807,000 as compared to other income of approximately HK\$1,308,000 for the corresponding year in 2021. The increase was mainly due to an increase in rental income.

Other Net Gains and Losses

During the year ended 31 December 2022, the Group’s other net losses was approximately HK\$1,161,000 whilst there was other net gain of approximately HK\$6,980,000 in year 2021. The change was attributable from a one-off gain, which was gain on modification of financial liabilities, was recognised in year 2021.

Administrative and other Expenses

During the year ended 31 December 2022, the Group’s administrative and other expenses was increased by approximately HK\$1,567,000 as compared to administrative and other expenses of approximately HK\$60,032,000 for the corresponding year in 2021. The increase was primarily due to an increase in one-off expenses, such as invalid exploration costs.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW (CONTINUED)

Finance Costs

During the year ended 31 December 2022, the Group's finance costs was increased by approximately HK\$2,684,000 as compared to finance costs of approximately HK\$6,669,000 for the corresponding year in 2021. The increase was mainly due to increase in interest on promissory note payable.

Income Tax Charge

During the year ended 31 December 2022, the Group's income tax charge was decreased by approximately HK\$9,660,000 as compared to income tax charge of approximately HK\$23,151,000 for the corresponding year in 2021. The decrease was in line with the decrease in the gross profit.

Profit for the Year Attributable to Owners of the Company

During the year ended 31 December 2022, the Group's profit for the year attributable to owners of the Company was approximately HK\$50,340,000, representing a decrease of approximately 64% from approximately HK\$138,677,000 in year 2021.

Net Asset Value Per Share*

The Group's net asset value per share decreased from HK\$64.0 cents in year 2021 to HK\$59.9 cents in year 2022 as resulted from depreciation of the exchange rate of Renminbi against Hong Kong dollars.

* Using the number of issued ordinary shares of the Company as at the relevant financial year end date.

REVIEW OF OPERATIONS

A. Gold Mining Operation

The activity of the Group's gold mining operation is the production and sale of gold concentrates and related products. For the financial year ended 31 December 2022, the Group's revenue from gold mining operation amounted to approximately HK\$406,442,000, representing a decrease of approximately 40% from approximately HK\$681,721,000 for the year 2021 and was primarily contributed by a decrease in production and sales volumes following strict COVID-19 prevention and control measures and other policies implemented in the People's Republic of China, which had to suspension of production for various periods.

The cost of sales amounted to approximately HK\$268,057,000, representing a decrease of approximately 40% from approximately HK\$444,857,000 for the year 2021 and was in line with the decrease in revenue. Gross profit from this operation amounted to approximately HK\$138,385,000 (gross profit margin 34.0%), representing a decrease in approximately 42% as compared with gross profit of approximately HK\$236,864,000 (gross profit margin 34.7%) for the year 2021. The decrease in gross profit was in line with the decrease in revenue as a result of lower production volume and sale volume during the reporting period.

Details of the exploration, development and mining production activities and a summary of expenditure incurred on these activities during the year ended 31 December 2022 are as below:

MANAGEMENT DISCUSSION AND ANALYSIS

REVIEW OF OPERATIONS *(CONTINUED)*

A. Gold Mining Operation *(CONTINUED)*

I Exploration

Tongguan County Xiangshun Mining Development Co., Ltd. (“Xiangshun Mining”)

During the year ended 31 December 2022, combination of pit drilling and tunnel exploration methods are used to carry out exploration activities.

Luonan Jinhui Mining Co., Ltd. (“Jinhui Mining”) and Shaanxi Tongxin Mining Co., Ltd. (“Tongxin Mining”)

During the year ended 31 December 2022, Jinhui Mining did not carry out any exploration activities. Tongxin Mining applied for the conversion of exploration right into mining right during the year ended 31 December 2022 and successfully converted into mining right in March 2023 and is currently applying for a safety production license before carrying out exploration activities.

Tongguan County De Xing Mining L.L.C. (“De Xing Mining”)

During the year ended 31 December 2022, combination of tunnel exploration and pit drilling methods are used to carry out deep exploration activities.

Tongguan Tongjin Mining Company Limited (“Tongjin Mining”)

During the year ended 31 December 2022, drilling engineering is used to control the peripheral veins.

A. Gold Mining Operation (CONTINUED)

II Development

Xiangshun Mining, Tongxin Mining, De Xing Mining and Tongjin Mining

During the year ended 31 December 2022, Xiangshun Mining, Tongxin Mining, De Xing Mining and Tongjin Mining have appointed several engineering and technical companies and have completed (i) the pit exploration project of approximately 7,970 meters; (ii) the pit drilling project of approximately 11,619 meters and (iii) the surface drilling project of approximately 800 meters.

Jinhui Mining

During the year ended 31 December 2022, Jinhui Mining did not carry out any development activities.

III Mining Production Activities

Xiangshun Mining and De Xing Mining

(1) Mining operation

	Year ended 31 December 2022
Underground mining	
Mine production (thousand tonnes)	192.71
<hr/>	
Total mine production (thousand tonnes)	192.71
<hr/>	
Average gold grade (gram/tonne)	5.15

(2) Ore processing operation – Concentrating

	Year ended 31 December 2022
Concentrate production – Gold (thousand tonnes)	14.78
Average gold grade (gram/tonne)	61.85
Metal in the concentrate (Kilogram)	913.92

MANAGEMENT DISCUSSION AND ANALYSIS

REVIEW OF OPERATIONS (CONTINUED)

A. Gold Mining Operation (CONTINUED)

III Mining Production Activities (CONTINUED)

Jinhui Mining, Tongxin Mining and Tongjin Mining

During the year ended 31 December 2022, there was no mining production.

IV Exploration, development and mining production cost of the Group

Expenses of exploration, development and mining production activities of the Group for the year ended 31 December 2022 are set out as below:

	Mine produced Gold (HK\$'000)
Exploration and Mining activities	
Exploration and development construction	44,913
Mining ore	162,313
<hr/>	
Total	207,226

(Concentrating not included)

Information of the mineral resources and reserves of the gold for the gold mines of the Group as at 31 December 2022 are as below:

JORC Mineral Resources Category	Inventory (kt)	Grade (g/t Au)	Contained Metal (t)	Contained Metal (koz)
Indicated	3,962.1	7.42	29.4	1,036.5
Inferred	1,019.7	6.96	7.1	250.2

MANAGEMENT DISCUSSION AND ANALYSIS

REVIEW OF OPERATIONS (CONTINUED)

A. Gold Mining Operation (CONTINUED)

Notes:

1. The resources and reserves stated as above are adjusted by internal geological department based on the consumption deducted from the JORC resources and reserves previously disclosed for respective projects.
2. Mineral reserves were estimated using the following mining and economic factors:
 - i. The mining loss rates of 13.8%.
 - ii. The dilution rates of 5.5%.
 - iii. A 3.5 g/t Au cut-off grade has been applied for mineral reserves and 1.0 g/t Au cut-off grade has been applied for mineral resources.
 - iv. Mineral reserves are inclusive of mineral resources.
 - v. Gold price of USD1,307.8/oz.
 - vi. Rounding might cause some computational discrepancies in totals.

B. Gold Recycling Business

The activity of the Group's gold recycling business is involving sale of physical gold bullion by purchasing gold related materials from other supply chain players, and refining by subcontractors. For the year ended 31 December 2022, the volume of sale of gold bullion was approximately 2.05 tonnes. Approximately HK\$838,422,000 of revenue and approximately HK\$837,312,000 of cost of sales were contributed from this operation in 2022. Gross profit from this operation was thin and amounted to approximately HK\$1,110,000.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

As at 31 December 2022, the Group had total assets and net assets amounted of approximately HK\$3,650,157,000 (2021: HK\$3,897,027,000) and approximately HK\$2,033,356,000 (2021: HK\$2,172,375,000), respectively. The current ratio was 0.28 as compared to 0.31 as of last year end date.

As at 31 December 2022, the Group had bank balances and cash of approximately HK\$143,105,000 (2021: HK\$157,700,000), and most of which were denominated in Renminbi and Hong Kong dollars.

As at 31 December 2022, the Group had bank and other loans of approximately HK\$160,905,000 (2021: HK\$177,019,000) which were denominated in Renminbi. For the bank and other borrowings under fixed rates of approximately HK\$90,377,000 (2021: approximately HK\$98,741,000) carried at fixed rates at 12% (2021: fixed rate at 12%) per annum. For the bank and other borrowings under variable rates of approximately HK\$70,528,000 (2021: approximately HK\$78,278,000), the interest rates are loan prime rate ("LPR") +2.025%, LPR +2.60% and LPR+2.95% per annum (2021: LPR+2.025%, LPR+2.088% and LPR+2.95% per annum). The decrease in total borrowings is mainly resulting from the depreciation of the exchange rate of Renminbi against Hong Kong dollars. The gearing ratio, as a ratio of total borrowings to shareholders' fund was 8.5% (2021: 8.8%).

As at 31 December 2022, the Group had promissory note of approximately HK\$63,181,000 (2021: HK\$57,716,000). The promissory note with principal amount of HK\$80,000,000 carries zero interest and to be due on 9 October 2025.

MANAGEMENT DISCUSSION AND ANALYSIS

FOREIGN EXCHANGE RISK MANAGEMENT

As part of the Group's assets and liabilities are denominated in Hong Kong dollars and Canadian dollars, in order to minimise the foreign currency risk, the Group aims to utilise the fund for transactions that are denominated in the same currency.

SHARE CAPITAL

As at 31 December 2022, the Company had 3,392,272,221 ordinary shares in issue with total shareholders' fund of the Group amounting to approximately HK\$339,227,000.

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATED COMPANIES AND JOINT VENTURES

There were no material acquisitions or disposals of subsidiaries, associated companies or joint ventures during the year ended 31 December 2022.

CONTINGENT LIABILITIES

As at 31 December 2022, the Group had a contingent liability and detail is set out in Note 44 to the consolidated financial statements (2021: detail is set out in Note 45 to the consolidated financial statements).

EMPLOYEES AND REMUNERATION POLICIES

As at 31 December 2022, the Group had approximately 5 and 201 employees in Hong Kong and Mainland China respectively.

The staff cost of the Group (including directors' emoluments in form of salary and other benefits, share-based payments, performance related incentive payments and retirement benefit contributions) was approximately HK\$23,873,000 for the year ended 31 December 2022 (2021: HK\$24,351,000).

Directors' emoluments were fixed with reference to their duties and responsibilities with the Company as well as the Company's remuneration policy.

Employees of the Group are remunerated at a competitive level and are rewarded according to their performance. Our Group's remuneration packages include medical scheme, group insurance, mandatory provident fund for Hong Kong employees, social insurance packages for Mainland China employees, performance bonus and share option scheme. The Group is also dedicated to providing training programs for new employees and regular trainings to employees to enhance their skills and know-how.

According to the share option schemes adopted by the Company on 13 June 2022, share options may be granted to directors, employees and other eligible participants of the Group to subscribe for shares in the Company in accordance with the terms and conditions stipulated therein.

MANAGEMENT DISCUSSION AND ANALYSIS

PRINCIPAL RISKS AND UNCERTAINTIES

The Group's financial conditions, results of operations, businesses and prospects may be affected by a number of risks and uncertainties. Key risks and uncertainties affecting the Group are set out as below.

Global Economic and Macro-Economic Conditions

The Group is engaged in exploration, mining, processing, and sale of gold and related products in China. The Group is facing the fluctuation in the gold price for gold mining business. The affecting factors including but not limited to the stability of the international economic situation and the fluctuation of the global political and social condition and the global gold reserves, all of which are beyond the control of the Group. Decline in gold price may cause pressure on the Company's production and operation. To ensure a stable production, the Company would fully leverage on its technological and managerial strength to raise efficiency and control costs strictly, monitor closely the commodity market and align its production plan and growth strategy.

Investment Risk

Balancing risk and return across investment types and geographic location are key considerations of investment framework. Risk assessment is an important aspect of the investment decision process. Management would regularly review and monitor the progress of the investments of the Group and submit to the board of directors of the Company.

Financial Risk

The Group's major financial instruments include financial assets measured at fair value through other comprehensive income, other receivables, bank balances and cash, other payables, lease liabilities, bank and other borrowings and contingent consideration payable. The risks associated with these financial instruments include market risk (currency risk, interest rate risk and other price risk), credit risk and liquidity risk. Particulars of financial risk management of the Group for the year ended 31 December 2022 and the policies on how to mitigate these risks are set out in Note 37 to the consolidated financial statements. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

ENVIRONMENTAL POLICY AND PERFORMANCE

The Group encourages environmental protection and complies with environmental legislation and promote awareness towards environmental protection to the employees.

Further information on environmental policy and performance of the Group is set out under the section headed "Environmental, Social and Governance Report" of this annual report.

COMPLIANCE WITH THE RELEVANT LAWS AND REGULATIONS

During the year ended 31 December 2022, there has been no claim that the Group has breached any law or regulation, or indeed has exceeded its authority.

KEY RELATIONSHIP WITH CUSTOMERS AND SUPPLIERS

The Group understands that it is important to maintain good relationship with its customers and suppliers to fulfil its immediate and long-term goals. During the year ended 31 December 2022, there was no material and significant dispute between the Group and its customers. The Group maintains good relationships with its customers and suppliers during the year ended 31 December 2022. The Group never stops perfecting its procurement process and mechanism. It also insists on the business principles of integrity and trustworthiness to enhance communications with suppliers by all available means, with the goal of seeking mutual benefit and prosperity for all.

MANAGEMENT DISCUSSION AND ANALYSIS

PROSPECTS

Stepping into year of 2022, due to the combined impact from the recurring COVID-19 pandemic (the “Pandemic”), the international geopolitical crises and persistent inflationary pressure have hit the global economy hard. To control the Pandemic continuing spreading, the government of Mainland China has implemented a series of preventive measures throughout the year, such as mobility restrictions and quarantines, which led to suspension of gold concentrate production for varying periods, as a result, a decline in our production volume and sale volume. With the gradual easing of the Pandemic and the optimization of the anti-pandemic policies announced by the government of Mainland China, the Group strives to gradually resume to its normal production and expand the exploration and mining activities in 2023.

In addition, in the face of the above challenges, the Group continues to pursue long-term business growth and sustainable profit growth, and successfully extended its gold related business in Mainland China in second half of year 2022, which is sale of physical gold bullion by purchasing gold related materials from other supply chain players, and refining by subcontractors (the “Gold Recycling”). Despite the margin of Gold Recycling is relatively lower, it could broaden our income stream, explore our market share and enhance our reputation in the gold industry in the Mainland China.

The profitability of the Group is highly dependent on the gold price in domestic and international markets. The market prices of gold (and other precious metals) are correlated to the global economic environment and stability. Gold price has held steady despite strong headwinds from rising interest rates and a strong US dollar through most of the year in 2022. According to World Gold Council, 2022 is the strongest year for gold demand in over a decade. It proved that gold still serves its solid role as a safe-haven asset. Looking ahead, inflation continues to fall with the weakness of US dollar, increasing recession risk and geopolitical risk will serve as support points for gold price in 2023. The above factors have stimulated the interest of investors and global central banks in purchasing of gold, and we expect that the demand and price of the gold will likely to rise. The Group will closely monitor the market trends in commodity prices and take necessary actions to control any potential risks.

The Group is committed to being a responsible corporate citizen and to fulfilling its corporate social responsibility while remaining competitive and sustainable in its business development. Environmental sustainability, safety production and supporting local communities would continue to be the priority tasks of the Group. In response to safety production, the Group adhered to provide safe and healthy working environment, and carried out trainings to all workers and employees to enhance their safety management and technical knowledge skills. To ensure environmental sustainability, the Group continues to monitor and review waste and pollution reduction measures at all of the operating plants to comply with the relevant regulations and requirements. To support the local community, the Group continues to participate in various community activities and donate to charities.

To conclude, under the global market uncertainties, the Group would remain vigilant and responsive in a timely manner and strive to achieve stable performance. In addition, the Group will proactively explore other investment opportunities to expand the existing gold mining portfolio, thereby maximizing the value for the shareholders of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

APPRECIATION

On behalf of the board of directors of the Company (the “Board”), I would like to take this opportunity to express my appreciation to the continuous support of our shareholders and hard work and dedication of all our staff over the past year.

By Order of the Board
Tongguan Gold Group Limited

Yeung Kwok Kuen
Executive Director and Chief Financial Officer

Hong Kong, 27 March 2023

BIOGRAPHICAL DETAILS OF DIRECTORS AND SENIOR MANAGEMENT

EXECUTIVE DIRECTORS

YEUNG Kwok Kuen

Mr. Yeung Kwok Kuen (“Mr. Yeung”), aged 49, was appointed as an executive director of the Company on 1 December 2014. Mr. Yeung is also the chief financial officer of the Company and a director of several subsidiaries of the Company.

Mr. Yeung graduated from The Chinese University of Hong Kong with a bachelor degree in Professional Accountancy and obtained a master degree in Corporate Finance from The Hong Kong Polytechnic University. He is a fellow member of the Hong Kong Institute of Certified Public Accountants and a fellow member of The Association of Chartered Certified Accountants. Mr. Yeung has over 20 years of experience in handling accounting and finance matters. Mr. Yeung was previously an executive director of the Company for the period from 17 January 2007 to 28 February 2014, and also held the position as the qualified accountant and chief financial officer of the Company during that period. From 2004 to 2006, Mr. Yeung was the chief financial officer of a trading and manufacturing group and prior to this, Mr. Yeung was the manager of an international accounting firm.

SHI Xing Zhi

Mr. Shi Xing Zhi (“Mr. Shi”), aged 67, was appointed as an executive director of the Company on 21 February 2017. Mr Shi is also a senior technical consultant of a subsidiary of the Company.

Mr. Shi graduated from the Chang An University (長安大學) in 1979. Mr. Shi is a senior geological engineer certified by the State Land and Resources Bureau. From 1980 to 2004, Mr. Shi has held various positions including geological technician, project team leader, project manager, deputy manager of technical department, head engineer, in Shaanxi Province and Guangzhou, the People’s Republic of China. From 2005 to 2015, Mr. Shi held various positions at an exploration company in Shaanxi Province including the deputy manager and deputy general manager (technical). From June 2015 to September 2016, Mr. Shi was the head geological engineer of a gold mining company in Gansu Province. Immediately before his appointment as executive director of the Company, Mr. Shi was the senior technical consultant of Tongguan County Xiangshun Mining Development Co., Ltd. (潼關縣祥順礦業發展有限公司), a company which became a subsidiary of the Company since 27 January 2017.

SHI Sheng Li

Mr. Shi Sheng Li (“Mr. Shi SL”), aged 59, was appointed as an executive director of the Company on 14 June 2017. Mr. Shi SL is also a head engineer of a subsidiary of the Company.

Mr. Shi SL graduated from the China University of Geosciences (Beijing) (中國地質大學(北京)). Mr. Shi SL is a senior geological engineer certified by the Senior Professional Qualification of Shaanxi Provincial People’s Government (陝西省人民政府高級專業技術任職資格). From 1985 to 2011, Mr. Shi SL has held various positions including geological technician, project team leader and project manager in Northwest Nonferrous Geological Bureau Team 712 in the PRC. From November 2011 to November 2013, Mr. Shi SL was the head engineer of a gold mining company in Tongguan County of Shaanxi Province. Immediately before his appointment as the executive director of the Company, Mr. Shi SL was the senior geological engineer of Tongguan County Xiangshun Mining Development Co., Ltd. (潼關縣祥順礦業發展有限公司), a company which became a subsidiary of the Company since 27 January 2017.

BIOGRAPHICAL DETAILS OF DIRECTORS AND SENIOR MANAGEMENT

INDEPENDENT NON-EXECUTIVE DIRECTORS

CHU Kang Nam

Mr. Chu Kang Nam (“Mr. Chu”), aged 66, was appointed as an independent non-executive director of the Company on 16 May 2007.

Mr. Chu graduated from Xiamen University with a Bachelor of Arts degree, and thereafter, has lectured at the Xiamen University. Mr. Chu has worked in government departments of the Fujian Province of the PRC for the period from June 1984 to November 1989, responsible for research and management positions in economics and foreign trade areas. Mr. Chu has also assumed senior management positions at various trading and retail companies since December 1989. In September 1995, he was employed as a research analyst at the Fujian Provincial Government Development Research Centre. Mr. Chu has over 20 years of management and operation experience in the areas of economics and trading.

LIANG Xu Shu

Mr. Liang Xu Shu (“Mr. Liang”), aged 56, was appointed as an independent non-executive director of the Company on 14 June 2017.

Mr. Liang graduated from University of Science and Technology Beijing (北京科技大學). Mr. Liang has also obtained a master’s degree and a doctorate degree in Engineering from University of Science and Technology Beijing (北京科技大學). Mr. Liang has over 20 years of management and operation experience in the gold mining industry. From 1993 to 2000, Mr. Liang held various positions at China National Gold Group Corporation (中國黃金集團公司) including the supervisor, deputy manager and senior engineer. From 2001 to 2007, Mr. Liang was a deputy head engineer and production technology manager in Zhongjin Gold Corporation Limited (中金黃金股份有限公司). From 2007 to 2014, Mr. Liang was a general manager of two mining investment companies in the PRC. From 2015 to 2016, Mr Liang was a general manager of Zhongjin Golden Valley Fund Management Co., Ltd. (中金金谷基金管理有限公司). Currently, he is a vice secretary of China Occupational Safety and Health Association (中國職業安全健康協會) and the chairman of China Occupation Safety and Health (Beijing) Technology Development Co., Ltd. (中職安健(北京)科技發展有限公司).

LEUNG Ka Wo

Mr. Leung Ka Wo (“Mr. Leung”), aged 49, was appointed as an independent non-executive director of the Company on 25 August 2017.

Mr. Leung is currently a director and chief financial officer of China TX IIOT Group (Hong Kong) Limited. He holds a Bachelor of Business Administration degree from Seattle University. Mr. Leung is a certified public accountant of the Hong Kong Institute of Certified Public Accountants, certified public accountant of the American Institute of Certified Public Accountants and certified public accountant in the State of California in the United States of America. Mr. Leung has over 20 years of experience in handling accounting, taxation and corporate finance matters. Mr. Leung is also an independent non-executive director of Ye Xing Group Holdings Limited (Stock Code: 1941), a company listed on the main board of The Stock Exchange of Hong Kong Limited.

BIOGRAPHICAL DETAILS OF DIRECTORS AND SENIOR MANAGEMENT

SENIOR MANAGEMENT

LEUNG Lai Ming

Ms. Leung Lai Ming (“Ms. Leung”), aged 46, is the company secretary and senior accounting manager of the Company. Ms. Leung graduated from The Hong Kong Polytechnic University with a bachelor degree in Accountancy. Ms. Leung is an associate member of the Hong Kong Institute of Certified Public Accountants, a fellow member of The Association of Chartered Certified Accountants and an associate member of The Hong Kong Chartered Governance Institute (formerly known as The Hong Kong Institute of Chartered Secretaries). Ms. Leung has 20 years of experience in handling accounting matters and extensive experience in company secretarial practice. Ms. Leung joined the Company in July 2007. Ms. Leung is also a director of several subsidiaries of the Company.

CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE PRACTICES

The Company has a policy of seeking to comply with the established best practice in corporate governance. The Board believes that good corporate governance is crucial to improve the efficiency and performance of the Group and to safeguard the interests of its shareholders. This corporate governance report presents the corporate governance matters of the Group during the period covering the financial year ended 31 December 2022 and significant subsequent events (if any) for the period up to the date of publication of this annual report. For the year ended 31 December 2022, the Company has applied the principles and code provisions of the Corporate Governance Code as set out in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) (the “Listing Rules”) (the “Code”), and the associated Listing Rules. During the year ended 31 December 2022, the Company has complied with the code provisions of the Code (“Code Provision(s)”), except for certain deviations as specified and explained below with considered reasons and explanation for such deviations.

1. Under Code Provision C.2.1 of the Code, the roles of chairman and chief executive officer should be separated and should not be performed by the same individual. Since the resignation of Dr. You Xian Sheng as the chairman and the executive director of the Company on 31 January 2014, the Company has not appointed a new chairman of the Board (the “Chairman”). Until the appointment of the new Chairman, the Board collectively focuses on the overall strategic planning and development of the Group and effective functioning of the Board. The Board considers that the principle of balance of power and authority is achieved by the check and balance between the executive directors and the independent non-executive directors of the Company. Since the resignation of Mr. Wang Hui as the chief executive officer of the Company (the “CEO”) on 1 June 2016, the Company has not appointed a new CEO. Until the appointment of the new CEO, the executive directors of the Company, possessing extensive relevant industry knowledge, collectively oversee the day-to-day management of the business and operations of the Group.

The Board believes that this arrangement still enables the Company to make and implement decisions promptly, and thus achieve the Company’s objectives efficiently and effectively in response to the changing environment. The Board will review the current structure from time to time and as and when appropriate if candidate with suitable leadership, knowledge, skills and experience is identified, the Company may make the necessary modification to the management structure.

2. Under Code Provision C.2.7 of the Code, the chairman should at least annually hold meetings with the independent non-executive directors without the presence of other directors.

Since the resignation of Dr. You Xian Sheng as the chairman and the executive director of the Company on 31 January 2014, the Company has not appointed a new Chairman, no meeting was held between the Chairman and the independent non-executive directors of the Company without the presence of other directors of the Company during the year ended 31 December 2022. Although such meeting was not held during the year, the executive directors of the Company have delegated the company secretary of the Company to gather any concerns and/or questions that the independent non-executive directors of the Company might have and report to them for setting up follow-up meetings, whenever necessary.

3. Under Code Provision F.2.2 of the Code, the Chairman should attend the annual general meeting. Since the Company currently does not have any officer with the title of the Chairman, Mr. Yeung Kwok Kuen, the executive director of the Company, has been elected by other directors of the Company present to act as the chairman of the annual general meeting of the Company held on 10 June 2022 in accordance with the Bye-laws of the Company. Mr. Yeung Kwok Kuen has sufficient calibre and knowledge for communication with the shareholders of the Company at the annual general meeting of the Company.

CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE PRACTICES *(CONTINUED)*

- Under Code Provision C.6.3 of the Code, the company secretary should report to the board chairman and/or the chief executive officer. Since the Company currently does not have any officer with the title of the Chairman or CEO, the company secretary of the Company reported to the executive directors of the Company since 1 June 2016.

The Board will continue to regularly review and monitor the Company's corporate governance practices to ensure compliance with the relevant provisions under the Listing Rules and to maintain a high standard of corporate governance practices of the Company.

CORPORATE GOVERNANCE AND ENVIRONMENTAL, SOCIAL AND GOVERNANCE (“ESG”)

The Board has the overall responsibility for the ESG strategy, reporting and determining the management approach taken in this area. The Board believes that corporate governance and ESG are complementary, with corporate governance linked to good governance of environmental and social issues, which touch on all aspects of the Group's businesses. The Board should take into consideration the environmental and social risks or impacts, and embed these ESG factors including environmental protection culture into its business operation, and should consider how the Group is to interact with its own people and the communities in which it operates and how they are governed.

Further information on ESG matter of the Group is set out under the section headed “Environmental, Social and Governance Report” of this annual report.

BOARD OF DIRECTORS

Composition

Directors of the Company during the year and up to the date of this annual report are as follows:

Executive Directors:

Yeung Kwok Kuen, *Chief Financial Officer*
Shi Xing Zhi
Shi Sheng Li

Independent Non-executive Directors:

Chu Kang Nam
Liang Xu Shu
Leung Ka Wo

The biographical details of the directors of the Company are set out under the section headed “Biographical Details of Directors and Senior Management” of this annual report.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS *(CONTINUED)*

Composition *(CONTINUED)*

The composition of the Board is well balanced with the directors having sound industry knowledge, extensive corporate and strategic planning experience and/or expertise relevant to the business of the Group.

There is no relationship among the members of the Board.

Independent Non-executive Directors

During the year ended 31 December 2022, the Board had at all times at least three independent non-executive directors of the Company and at least one independent non-executive director of the Company who has appropriate professional qualifications or accounting or related financial management expertise.

The Company has received from each of the independent non-executive directors of the Company an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules and considers all the independent non-executive directors of the Company to be independent.

Independent views

The Board believes that the independent non-executive directors constituting more than one-third of the Board provides adequate checks and balances that safeguard the interests of the shareholders of the Company. The independent non-executive directors are from various different backgrounds with a diverse range of business, financial services and professional experience possess diversified expertise, skills and experience. Their views and participation in the Board meetings and committees' meetings bring independent judgment and advice on issues relating to the Group's strategies, prospects, internal control and conflicts of interest, and ensure that the interests of the shareholders are well taken into account.

Directors have sufficient access to information relating to the Group and management or other relevant staff can be asked to join the Board meetings, where appropriate, to provide information to the directors so that the Board will be able to make informed decisions. The Board and the Board committees are provided with sufficient resources to discharge their duties and are able to seek independent professional advice in appropriate circumstances, at the Company's expenses.

The Board will review the implementation and effectiveness of the abovementioned mechanism on an annual basis to ensure that independent views and input are available to the Board.

Board Responsibilities and Delegation

The principal roles of the Board are to oversee the strategic development, to determine the objectives, strategies and policies of the Group, to monitor and control the financial performance and to ensure effective internal controls and risk management. Implementation of strategies and day-to-day operations are delegated to the management. In order to better understand the respective accountabilities and contributions of the Board and management, the Company has adopted written terms of reference specifying a schedule of matters which should be reserved to the Board and which should be delegated to management.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS (CONTINUED)

Board Meetings and General Meetings

During the year, a total of seven Board meetings (including four regular meetings) were held and the attendance records are as follows:

Name of Directors	Number of Board Meetings Attended/Held
Yeung Kwok Kuen	7/7
Shi Xing Zhi	7/7
Shi Sheng Li	7/7
Chu Kang Nam	7/7
Liang Xu Shu	7/7
Leung Ka Wo	7/7

During the year, two general meetings of the Company were held and the attendance records are as follows:

Name of Directors	Number of General Meetings Attended/Held
Yeung Kwok Kuen	2/2
Shi Xing Zhi	2/2
Shi Sheng Li	2/2
Chu Kang Nam	2/2
Liang Xu Shu	2/2
Leung Ka Wo	2/2

Induction and Continuous Professional Development

Upon appointment to the Board, each director of the Company is provided with guideline and reference materials to enable them to be familiarised with the Group's business operations and Board's policies, as well as the general and specific duties of directors under general law (the common law and legislation) and the Listing Rules.

The directors of the Company have participated in continuous professional development to develop and refresh their knowledge and skills to ensure that their contribution to the Board remains informed and relevant. The continuous professional development programme comprised training seminars provided by professional bodies and reading regulatory updated materials. The costs for such trainings are borne by the Company. The Company will continue to provide and fund the continuing professional development training in accordance with Code Provision C.1.4 of the Code.

During the year, all directors of the Company have participated in continuous professional development by reading regulatory updated materials and materials relevant to the Company's business, director's duties and responsibilities (including the director training webcasts and the directors' e-training launched by the Stock Exchange) and provided a record of training they received to the Company.

CHAIRMAN AND CEO

Since the resignation of Dr. You Xian Sheng as the Chairman on 31 January 2014, the Company has not appointed a new Chairman. Since the resignation of Mr. Wang Hui as the CEO on 1 June 2016, the Company has not appointed a new CEO. As explained above, the Board will review the current structure from time to time and as and when appropriate if candidate with suitable leadership, knowledge, skills and experience is identified to be the Chairman or CEO, the Company may make the necessary modification to the management structure.

NON-EXECUTIVE DIRECTORS

All the independent non-executive directors of the Company were appointed for an initial term of one year. All directors of the Company appointed during the year are subject to re-election by shareholders of the Company at the next annual general meeting after their appointment and every director of the Company (including those appointed for a specific term) is subject to retirement by rotation at least once every three years in accordance with the Bye-laws of the Company.

BOARD COMMITTEES

For the year ended 31 December 2022, the Board had four standing Board committees, namely, Executive Committee, Audit Committee, Remuneration Committee and Nomination Committee to oversee particular aspects of the Company's affairs. All Board committees were established with defined terms of reference which clearly define the role, authority and functions of each committee.

EXECUTIVE COMMITTEE

The Executive Committee is composed of two executive directors, namely, Mr. Yeung Kwok Kuen and Mr. Shi Xing Zhi. The Executive Committee operates as a general management committee under the direct authority of the Board to increase the efficiency for the business decisions. It monitors the execution of the Company's strategic plans and operations by all business units and decides on matters relating to the management and day-to-day operations of the Group. During the year ended 31 December 2022, a total of six meetings held and all members of Executive Committee attended the meetings.

CORPORATE GOVERNANCE REPORT

AUDIT COMMITTEE

The Company established the Audit Committee in 1998. The current members of the Audit Committee are:

Leung Ka Wo, *Independent Non-executive Director, Chairman of the Audit Committee*

Chu Kang Nam, *Independent Non-executive Director*

Liang Xu Shu, *Independent Non-executive Director*

The Audit Committee has adopted terms of reference which are in line with the Code. A copy of the terms of reference is posted on the Company's website.

The Audit Committee is primarily responsible for the following duties:

1. to be primarily responsible for making recommendation to the Board on the appointment, reappointment and removal of the external auditor, and to approve the remuneration and terms of engagement of the external auditor, and any questions of its resignation or dismissal;
2. to review and monitor the external auditor's independence and objectively and the effectiveness of the audit process in accordance with applicable standard, to discuss with the external auditor the nature and scope of the audit and reporting obligations before the audit commences;
3. to develop and implement policy on the engagement of an external auditor to supply non-audit services, to report to the Board, identifying and making recommendations on any matters where action or improvement is needed;
4. to monitor integrity of the Company's financial statements and annual report and accounts, half-year report and, if prepared for publication, quarterly reports, and to review significant financial reporting judgments contained in them;
5. regarding No. (4) above:
 - i. to liaise with the Board and senior management of the Company and to meet, at least twice a year, with the Company's external auditors; and
 - ii. to consider any significant or unusual items that are, or may need to be, reflected in the report and accounts, to give due consideration to any matters that have been raised by the Company's staff responsible for the accounting and financial reporting function, compliance officer or auditors;
6. to review the Company's financial control, and unless expressly addressed by a separate board risk committee, or by the Board itself, to review the Company's risk management and internal control systems;
7. to discuss the risk management and internal control systems with management to ensure that management has performed its duty to have effective systems including the adequacy of resources, staff qualifications and experience, training programmes and budget of the Company's accounting and financial reporting function;
8. to consider major investigations findings on risk management and internal control matters as delegated by the Board or on its own initiative and management's response to these findings;
9. where an internal audit function exists, to ensure co-ordination between the internal and external auditors, and to ensure that the internal audit function is adequately resourced and has appropriate standing within the Company, and to review and monitor its effectiveness;

CORPORATE GOVERNANCE REPORT

AUDIT COMMITTEE (CONTINUED)

10. to review the Group's financial and accounting policies and practices;
11. to review the external auditor's management letter, any material queries raised by the auditor to management about accounting records, financial accounts or systems of control and management's response;
12. to ensure that the Board will provide a timely response to the issues raised in the external auditor's management letter;
13. to report to the Board on the matters set out in the Code;
14. to consider the major findings of internal investigations and management's response;
15. to consider other topics, as defined by the Board or handle the job assigned by the Board;
16. to review arrangements employees of the Company can use, in confidence, to raise concerns about possible improprieties in financial reporting, internal control or other matters and to ensure that proper arrangements are in place for fair and independent investigation of these matters and for appropriate follow-up action; and
17. to act as the key representative body for overseeing the Company's relations with the external auditor.

The Audit Committee met five times during the year to (i) review the Group's annual and interim financial statements; (ii) review the external auditor's plan for the audit of the Group's accounts; (iii) make recommendations with respect to the reappointment of the external auditors of the Company, the remuneration and terms of engagement of the external auditors for provision of audit services; (iv) make recommendations with respect to the engagement of the external auditors to supply non-audit services; (v) review the internal control procedures and the financial reporting systems of the Group; (vi) review the risk management and internal control review plan and reports; and (vii) review the whistleblowing policy.

Individual attendance of each member of the Audit Committee during the year ended 31 December 2022 is set out below:

Name of Members	Number of Audit Committee Meetings Attended/Held
Leung Ka Wo	5/5
Chu Kang Nam	5/5
Liang Xu Shu	5/5

The financial statements for the year ended 31 December 2022 have been reviewed by the Audit Committee.

CORPORATE GOVERNANCE REPORT

REMUNERATION COMMITTEE

The Company established the Remuneration Committee in 2005. The current members of the Remuneration Committee are:

Chu Kang Nam, *Independent Non-executive Director, Chairman of the Remuneration Committee*

Liang Xu Shu, *Independent Non-executive Director*

Leung Ka Wo, *Independent Non-executive Director*

Yeung Kwok Kuen, *Executive Director*

The Remuneration Committee has adopted terms of reference which are in line with the Code. A copy of the terms of reference is posted on the Company's website.

The Remuneration Committee is primarily responsible for the following duties:

1. to make recommendations to the Board on the Company's policy and structure for all remuneration of directors and senior management of the Company and on the establishment of a formal and transparent procedure for developing remuneration policy;
2. to review and approve the management's remuneration proposals with reference to the Board's corporate goals and objectives;
3. to consult the Chairman and/or the CEO about their remuneration proposals for other executive directors of the Company;
4. to make recommendations to the Board on the remuneration packages of individual executive directors and senior management of the Company, which should include benefits in kind, pension rights and compensation payments, including any compensation payable for loss or termination of their office or appointment;
5. to make recommendations to the Board on the remuneration of non-executive directors of the Company;
6. to consider salaries paid by comparable companies, time commitment and responsibilities and employment conditions elsewhere in the group;
7. to review and approve the compensation payable to executive directors and senior management of the Company for any loss or termination of office or appointment to ensure that it is consistent with relevant contractual terms and is otherwise fair and not excessive;
8. to review and approve compensation arrangements relating to dismissal or removal of directors of the Company for misconduct to ensure that they are consistent with contractual terms and are otherwise reasonable and appropriate;
9. to ensure that no director of the Company or any of their associates is involved in deciding that director's own remuneration;
10. to review and/or approve matters relating to share schemes under Chapter 17 of the Listing Rules; and
11. to deal with any other matters delegated by the Board or otherwise required by the Listing Rules, from time to time.

CORPORATE GOVERNANCE REPORT

REMUNERATION COMMITTEE (CONTINUED)

The Remuneration Committee met one time during the year to (i) approve discretionary bonus payment to the executive directors and member of the senior management of the Company and review the remuneration package of the member of the senior management of the Company; (ii) review the special discretionary payments to the independent non-executive directors of the Company; and (iii) review the remuneration policy and structure of the directors of the Company.

Individual attendance of each member of the Remuneration Committee during the year ended 31 December 2022 is set out below:

Name of Members	Number of Remuneration Committee Meeting Attended/Held
Chu Kang Nam	1/1
Liang Xu Shu	1/1
Leung Ka Wo	1/1
Yeung Kwok Kuen	1/1

Details of the emoluments of the directors of the Company for the year ended 31 December 2022 are set out in note 12 to the consolidated financial statements.

Senior Management Remuneration By Band

The emolument of the member of the senior management of the Group for the year ended 31 December 2022 fell within the following band:

Emolument band	Number of individual
HK\$0 – HK\$1,000,000	1

NOMINATION COMMITTEE

The Company established the Nomination Committee in March 2012. The current members of the Nomination Committee are:

Chu Kang Nam, *Independent Non-executive Director, Chairman of the Nomination Committee*
Liang Xu Shu, *Independent Non-executive Director*
Leung Ka Wo, *Independent Non-executive Director*

The Nomination Committee has adopted terms of reference which are in line with the Code. A copy of the terms of reference is posted on the Company's website.

CORPORATE GOVERNANCE REPORT

NOMINATION COMMITTEE (CONTINUED)

The Nomination Committee is primarily responsible for the following duties:

1. to review the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and make recommendations to the Board on any proposed changes to the Board to complement the Company's corporate strategy;
2. to identify individuals suitably qualified to become Board members and select or make recommendations to the Board on the selection of individuals nominated for directorships;
3. to assess the independence of independent non-executive directors of the Company;
4. to make recommendations to the Board on the appointment or re-appointment of directors and succession planning for directors in particular the Chairman and the CEO;
5. to make recommendations to the Board on the membership of Board committees e.g. audit committee and remuneration committee, in consultation with the Chairman and the chairmen of such committees, as appropriate;
6. before recommending an appointment of the Board, to evaluate the existing balance of skills, knowledge and experience on the Board, and, in light of this evaluation, prepare a description of the role and capabilities required for a particular appointment; and
7. to deal with any other matters delegated by the Board.

The Nomination Committee met two times during the year to (i) review the size, composition and structure of the Board; (ii) review the board diversity policy; (iii) assess the independence of the independent non-executive directors of the Company; and (iv) review the suitability of the directors of the Company proposed for re-election at the annual general meeting.

Individual attendance of each member of the Nomination Committee during the year ended 31 December 2022 is set out below:

Name of Members	Number of Nomination Committee Meetings Attended/Held
Chu Kang Nam	2/2
Liang Xu Shu	2/2
Leung Ka Wo	2/2

Each director of the Company appointed during the year is subject to re-election by shareholders of the Company at the next annual general meeting of the Company after his appointment and every director of the Company (including those appointed for a specific term) is subject to retirement by rotation at least once every three years in accordance with the Bye-laws of the Company.

No director of the Company is involved in fixing his own terms of appointment and nominations and no independent non-executive director of the Company is involved in assessing his own independence.

CORPORATE GOVERNANCE REPORT

NOMINATION COMMITTEE *(CONTINUED)*

Nomination Policy

The Board has adopted the Nomination Policy which sets out the approach and procedures for the Board to nominate and select directors. The Nomination Committee shall consider a number of factors in making nominations, including but not limited to his/her skills and experience; commitment; independence; and reputation for integrity. The policy also lays down the following nomination procedures: the Nomination Committee (a) will take appropriate measures to identify and evaluate a candidate; (b) may consider a candidate recommended or offered for nomination by a shareholder of the Company; and (c) will, on making the recommendation, submit the candidate's personal profile to the Board for consideration.

The appointment of any proposed candidate to the Board or re-appointment of any existing member(s) of the Board shall be made in accordance with the Bye-laws of the Company and other applicable rules and regulations.

DIVERSITY

Summary of the Board Diversity Policy

The Company recognises and embraces the benefits of diversity in the members of the Board to enhance the quality of its performance and hence the purpose of the Board Diversity Policy aims to build and maintain a Board with a diversity of directors, in terms of skills, regional and industry experience, background, gender and other qualities of the members of the Board. These differences will be taken into account in determining the optimum composition of the Board. The Nomination Committee will discuss the measurable objectives for implementing diversity on the Board from time to time and recommend them to the Board for adoption.

The Nomination Committee will report annually on the composition of the Board under diversified perspectives and monitor the implementation of this policy to ensure the effectiveness of this policy.

The Board has an appropriate mix of skills, experience and diversity which are relevant to the Company's business and governance and supports its efficiency and effectiveness. The Board's composition as at the date of this report under diversified perspectives is summarized as follows:

Category	:	Executive Directors: 3
	:	Independent Non-executive Directors: 3
Gender	:	Male: 6
Age	:	40-60: 4
	:	Over 60: 2
Number of year as Board members	:	3-6 years: 3
	:	Over 6 years: 3

Having reviewed the Board diversity profile, the Board will continue to take initiative to identify female candidates to achieve gender diversity at the Board level. The Board will take opportunity to invite female members over time to join the Board when selecting and making recommendation on suitable candidates for Board appointments. The Board would ensure that appropriate balance of gender diversity is achieved with reference to stakeholders' expectation and international and local recommended best practices, with the ultimate goal of bringing the Board to gender diversity. The Group will also ensure that there is gender diversity when recruiting staff at mid to senior level and are committed to provide career development opportunities for female staff so that the Group will have a pipeline of female senior management and potential successor to the Board in the near future. Target has been set for appointing at least one female Board member by the end of year 2024.

CORPORATE GOVERNANCE REPORT

DIVERSITY *(CONTINUED)*

As at 31 December 2022, the ratio of male and female in the Group's workforce (including the executive directors and senior management) is approximately 80% and 20%, respectively. Due to the business nature and job duties, the Group may not be able to achieve half to half gender diversity between males and females at workforce level. At present, the Group has not set any measurable objectives for implementation of the diversity policies in relation to the workforce of the Group. However, the Group will consider and review from time to time such diversity policies and setting of any measurable objectives where necessary. The Group would also continue to take into account of diversity perspectives including gender diversity in its hiring.

CORPORATE GOVERNANCE FUNCTIONS

No corporate governance committee has been established and the Board is responsible for performing the corporate governance functions including, but not limited to, developing and reviewing the Company's policies, practices on corporate governance, training and continuous professional development of directors, the Company's policies and practices in compliance with legal and regulatory requirements.

The Board has adopted terms of reference of the Board on corporate governance in line with the Code in March 2012.

Summary of the terms of reference on corporate governance are as follows:

1. to develop and review the Company's policies and practices on corporate governance and make recommendations to the Board;
2. to review and monitor the training and continuous professional development of directors and senior management of the Company;
3. to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
4. to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and directors; and
5. to review the Company's compliance with the Code and disclosures in the corporate governance report of its annual reports.

During the year, the Board reviewed and discussed the corporate governance policy and practices of the Company and the Board discharged the abovesaid responsibilities or through delegation to the Audit Committee, Remuneration Committee and Nomination Committee during the year.

COMPANY SECRETARY

Ms. Leung Lai Ming ("Ms. Leung") was appointed as the company secretary of the Company on 16 July 2007. The biographical detail of Ms. Leung is set out under the section headed "Biographical Details of Directors and Senior Management" of this annual report.

For purpose of the Rule 3.29 of the Listing Rules, Ms. Leung has taken not less than 15 hours of relevant professional training for the year ended 31 December 2022.

CORPORATE GOVERNANCE REPORT

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 to the Listing Rules. The Company has made specific enquiry of all directors of the Company regarding any non-compliance with the Model Code and its code of conduct regarding directors' securities transaction during the year ended 31 December 2022, and they all confirmed that they had fully complied with the required standards set out in the Model Code.

RISK MANAGEMENT AND INTERNAL CONTROL

It is the policy of the Company to maintain a sound and effective risk management and internal control systems to safeguard the shareholders' investment and the Group's assets. No risk committee has been established and the Board is responsible for the risk management and internal control systems of the Group and reviewing their effectiveness and overseeing the management of the Group in the design, implementation and monitoring of the risk management and internal control systems of the Group. The risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board continuously monitors the Group's risk management framework, reviews the Group significant risks and conducts an annual review of the effectiveness of the risk management and internal control systems. The Board determines the nature and extent of significant risks it is willing to take in achieving the strategic objectives of the Group. The Group's risk management and internal control systems include, among others, the relevant financial, operational and compliance control and risk management procedures or policies, a well-established organizational structure with clearly defined lines of responsibilities and authorities. Each department is accountable for its daily operations and is required to implement the policies adopted from the Board from time to time.

The Board have reviewed the effectiveness of the risk management and internal control systems of the Group for the year ended 31 December 2022, which covered all material controls, including financial, operational and compliance controls and risk management of the Group and considered that they are effective and adequate. The Board is also of the opinion that the resources, staff qualifications and experience, training programmes and budget of the Company's accounting, internal audit, financial reporting functions, as well as those relating to the Company's ESG performance and reporting are adequate and sufficient.

The Company does not have internal audit department and the company secretary of the Company is responsible to perform the internal audit function during the year ended 31 December 2022 according to an annual plan and routine checking. The Company would review the arrangement of the internal audit function from time to time. The Audit Committee have reviewed the Company's internal audit function and the risk management and the internal control systems for the year ended 31 December 2022 and considered that they are effective and adequate.

The Board approved and adopted an inside information policy and procedures for the handling and dissemination of inside information. The inside information policy provide the guidelines to the directors, management and relevant staff (likely possessing the unpublished inside information) of the Group to ensure that the inside information of the Group is to be disseminated to the public in equal and timely manner in accordance with the applicable laws and regulations. The procedures include, among others, regularly remind the directors, management and relevant staff about the compliance with the securities dealing restrictions as set out in the Model Code (Appendix 10 of the Listing Rules) and the notification of the regular "Blackout Period".

The Company has established whistleblowing policy and system that facilitate employees of the Group and those deal with the Group (e.g. customers, suppliers, etc) to raise concerns, in confidence, about possible improprieties in any matters related to the Group.

The Company has also established anti-corruption policies and system that promote and support anti-corruption laws and regulations.

CORPORATE GOVERNANCE REPORT

AUDITOR'S REMUNERATION AND AUDITOR RELATED MATTERS

During the year ended 31 December 2022, the Group engaged CCTH CPA Limited, auditors of the Company, to perform audit and non-audit services. The fees were as follows:

Nature of services	Amount <i>HK\$'000</i>
Audit services in relation to annual results	1,380
Review of interim results	420
Others – outlays	9
	<hr/>
	1,809

DIRECTORS' AND AUDITOR'S RESPONSIBILITIES ON THE FINANCIAL STATEMENTS

The directors of the Company acknowledge that it is their responsibility to prepare the accounts for each financial period which give a true and fair view of the state of affairs of the Group and to present a balanced, clear and understandable assessment of the financial results and disclosures of the Group under the Listing Rules and any other rules and statutory requirements. The directors of the Company are responsible for ensuring that appropriate accounting policies are selected and applied consistently; judgments and estimates made are prudent and reasonable; and the accounts are prepared on a going concern basis.

The responsibility of the external auditor of the Company is to form an independent opinion, based on their audit, on those consolidated financial statements prepared by the Board and to report their opinion to the shareholders of the Company. A statement by the external auditors of the Company about their reporting responsibility is set out under the section headed "Independent Auditor's Report" of this annual report.

SHAREHOLDERS' RIGHTS

Convening an extraordinary general meeting

Pursuant to the Bye-laws of the Company, a special general meeting of the Company ("SGM") can be convened by a written requisition signed by the shareholder(s) of the Company holding not less than one-tenth of the paid-up share capital of the Company carrying the right of voting at general meetings of the Company, stating the objects of the meeting, and deposited at the head office and principal place of business of the Company in Hong Kong at Room 1306, 13/F., Bank of America Tower, 12 Harcourt Road, Admiralty, Hong Kong for the attention of the Board or the company secretary of the Board. Such meeting to be called by the Board for the transaction of any business specified in such requisition; and such meeting should be held within two (2) months after the deposit of such requisition. If within twenty-one (21) days of such deposit, the Board fails to proceed to convene such meeting, the requisitionist(s) himself (themselves) may do so in the same manner, but any meeting so convened shall not be held after the expiration of three (3) months from the said date.

Putting forward proposals at shareholders' meetings

The procedures for shareholder(s) to put forward proposals at SGM include a written notice of those proposals being submitted by the shareholder(s) of the Company, addressed to the Board or the company secretary of the Board at the head office and principal place of business of the Company in Hong Kong at Room 1306, 13/F., Bank of America Tower, 12 Harcourt Road, Admiralty, Hong Kong.

The procedures for shareholders of the Company to propose a person for election as a director of the Company are available on the Company's website.

CORPORATE GOVERNANCE REPORT

SHAREHOLDERS' RIGHTS *(CONTINUED)*

Enquiries to the Board

Shareholders of the Company may at any time send their enquiries and concerns to the Board in writing to the head office and principal place of business of the Company in Hong Kong at Room 1306, 13/F., Bank of America Tower, 12 Harcourt Road, Admiralty, Hong Kong.

INVESTOR RELATIONS

Constitutional Document

During the year ended 31 December 2022, there were significant changes in the Company's constitutional document, namely, the Company has amended the Bye-laws to reflect certain amendments to the Listing Rules and the Companies Act 1981 of Bermuda (as amended), and made other consequential and housekeeping amendments. The amendment was approved by the shareholders of the Company in the annual general meeting of the Company held on 10 June 2022. Details of the amendment are set out in the circular of the Company dated 26 April 2022. An up-to-date version of the Bye-laws is available on both the websites of the Company and the Stock Exchange.

Shareholders' Communication Policy

To foster effective communication with the shareholders and potential investors of the Company, the Company has developed and maintained a shareholders' communication policy.

Information of the Group is delivered to the shareholders of the Company through a number of channels, which include annual reports, interim reports, announcements and circulars published at the Stock Exchange's website. The latest information of the Group together with the published documents are also available on the Company's website.

The general meeting of the Company provides a forum for communication between the Board and the shareholders of the Company. The Board members or their delegates are available to answer questions at the general meeting.

Shareholders of the Company should direct their questions about their shareholdings to the Company's branch share registrar in Hong Kong, Union Registrars Limited, at Suites 3301-04, 33/F, Two Chinachem Exchange Square, 338 King's Road, North Point, Hong Kong.

Shareholders of the Company and the stakeholders (e.g. the investment community) can mail their enquiries or comments to the head office and principal place of business of the Company in Hong Kong at Room 1306, 13/F., Bank of America Tower, 12 Harcourt Road, Admiralty, Hong Kong or sent through email to enquiry@tongguangold.com.

The Board has reviewed the implementation and effectiveness of the shareholders' communication policy including the steps taken at the general meetings and the handling of enquires received (if any) which were conducted during the year ended 31 December 2022, the shareholders' communication policy was found to be effective and adequate.

CORPORATE GOVERNANCE REPORT

INVESTOR RELATIONS *(CONTINUED)*

Dividend Policy

The Company has adopted a dividend policy (“Dividend Policy”), pursuant to which the Company may declare and distribute dividends to the shareholders of the Company (the “Shareholders”), provided that the Group records a profit after tax and that the declaration and distribution of dividends does not affect the normal operations of the Group.

The Dividend Policy which aims to provide the Shareholders with a target annual dividend payout of approximately 20% of the net profit attributable to the Shareholders in any financial year, whether as interim and/or final dividends, the declaration and payment of dividends being determined at the sole discretion of the Board. The total dividend recommended, declared or paid in any financial year shall not exceed 30% of the total net profit attributable to the Shareholders, unless otherwise approved by the Board.

In proposing any dividend payout and/or determining the form, frequency and/or the amount of such dividend payout, the Board shall also take into account, inter alia:—

- (i) the actual and expected financial performance and financial conditions of the Group;
- (ii) retained earnings and distributable reserves;
- (iii) results of operation and cash flow;
- (iv) the level of the Company’s debts to equity ratio and return on equity;
- (v) the ability of the Company’s subsidiaries to make dividend payments to the Company;
- (vi) restrictions on payment of dividends that may be imposed on the Company by any of its financing arrangements;
- (vii) the Group’s expected working capital requirements, the Group’s expected capital expenditure, future expansion, other investment plans and other funding requirements;
- (viii) general economic conditions and other internal or external factors that may have an impact on the business or financial performance and position of the Group, including such legal or contractual restrictions as may apply from time to time or which the Directors may consider appropriate in the interest of the Company; and
- (ix) such other factors that the Directors deem appropriate.

The Dividend Policy will be reviewed from time to time and there is no assurance that a dividend will be proposed or declared in any specific periods.

On behalf of the Board
Tongguan Gold Group Limited

Yeung Kwok Kuen
Executive Director and Chief Financial Officer

Hong Kong, 27 March 2023

DIRECTORS' REPORT

The directors of the Company submit herewith their annual report together with the audited consolidated financial statements for the year ended 31 December 2022.

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the Company is investment holding. The principal activities and other particulars of the principal subsidiaries are set out in note 39 to the consolidated financial statements.

Further discussion and analysis of business review of the Group as required by Schedule 5 to the Company Ordinance (Chapter 622 of the laws of Hong Kong), including a discussion of the principal risks and uncertainties facing the Group and an indication of likely future developments in the Group's business, is set out under the section headed "Management Discussion and Analysis" of this annual report. Details of major financial key performance indicators can be found in the "Management Discussion and Analysis" in this annual report. These discussion form part of this Directors' Report.

The analysis of the principal activities and geographical locations of the operations of the Company and its subsidiaries (the "Group") during the financial year are set out in note 6 to the consolidated financial statements.

RESULTS AND DIVIDENDS

The results of the Group for the year ended 31 December 2022 and the Group's affairs as at that date are set out in the consolidated financial statements on pages 100 to 175.

The directors of the Company do not recommend the payment of a dividend in respect of the year ended 31 December 2022.

RESERVES

Movement in the reserves of the Group during the year are set out in the consolidated statement of changes in equity on page 104 of this annual report.

DONATION

Donations made for charitable purposes by the Group during the year amounted to HK\$467,000 (2021: HK\$361,000).

SHARE CAPITAL

Details of the movements in share capital of the Company during the year are set out in note 29 to the consolidated financial statements.

DISTRIBUTABLE RESERVES

As at 31 December 2022, the Company's reserves available for distribution to shareholders, comprising contributed surplus and retained earnings, amounted to approximately HK\$309,141,000 (2021: HK\$320,239,000).

The Company's contributed surplus represents the special reserve arising upon the reorganisation of the Company. Under the Companies Act 1981 of Bermuda (as amended), the contributed surplus is available for distribution to shareholders. However, the Company cannot declare or pay a dividend, or make a distribution out of contributed surplus if (a) it is, or would after the payment be, unable to pay its liabilities as they become due; or (b) the realisable value of its assets would thereby be less than its liabilities.

PROPERTY, PLANT AND EQUIPMENT

Movements in the property, plant and equipment of the Group for the year ended 31 December 2022 are set out in note 15 to the consolidated financial statements.

DIRECTORS' REPORT

DIRECTORS

The directors of the Company who were in office during the financial year and up to the date of this report were:

Executive Directors

Yeung Kwok Kuen (*Chief Financial Officer*)
Shi Xing Zhi
Shi Sheng Li

Independent Non-executive Directors

Chu Kang Nam
Liang Xu Shu
Leung Ka Wo

Pursuant to Bye-law 84(1) of the Bye-laws of the Company, at each annual general meeting one-third of the directors of the Company for the time being (or, if their number is not a multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation provided that every director of the Company shall be subject to retirement at least once every three years. Accordingly, Mr. Shi Sheng Li and Mr. Leung Ka Wo will retire by rotation at the forthcoming annual general meeting of the Company. Mr. Shi Sheng Li and Mr. Leung Ka Wo, being eligible, have offered themselves for re-election.

DIRECTORS' SERVICE CONTRACTS

None of the directors of the Company has an unexpired service contract which is not determinable by the Company or any of its subsidiaries within one year without payment of compensation, other than statutory compensation.

DIRECTORS' AND CHIEF EXECUTIVES' INTERESTS AND SHORT POSITIONS IN SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY OR ANY ASSOCIATED CORPORATION

As at 31 December 2022, the interests or short positions of the directors and chief executives of the Company or their respective associates in the shares, underlying shares or debentures of the Company or any of its associated corporations (within the meaning of Part XV of the Securities and Future Ordinance (Chapter 571 of the laws of Hong Kong) (the "SFO")) as recorded in the register required to be kept under Section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code adopted by the Company were as follow:

Interests in underlying shares of the Company – share options

Name of Directors	Number of share options	% of total issued ordinary shares of the Company
Yeung Kwok Kuen	10,000,000	0.29%
Shi Xing Zhi	12,000,000	0.35%
Shi Sheng Li	12,000,000	0.35%
Chu Kang Nam	1,000,000	0.03%
Liang Xu Shu	1,000,000	0.03%
Leung Ka Wo	1,000,000	0.03%

Save as disclosed above, as at 31 December 2022, none of the directors and chief executives of the Company or their respective associates had any other interests or short positions in the shares, underlying shares or debentures of the Company or any of its associated corporations (within the meaning of Part XV of the SFO) as recorded in the register required to be kept under Section 352 of the SFO or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code.

DIRECTORS' REPORT

INTERESTS AND SHORT POSITIONS OF SUBSTANTIAL SHAREHOLDERS

So far as is known to any director or chief executive of the Company, as at 31 December 2022, persons (other than directors or chief executives of the Company as disclosed above) who had interests or short positions in the shares and underlying shares of equity derivatives of the Company as recorded in the register required to be kept under Section 336 of the SFO were as follows:

Long position in shares of the Company

Name of Shareholders	Capacity	Class of shares of the Company	Number of shares held	% of total issued share capital of the relevant class of shares (Note 1)
Huang Aidong	Interest in controlled corporation	Ordinary	508,334,000 (Note 2)	14.99%
Hu Jianzhong	Interest in controlled corporation	Ordinary	470,000,000 (Note 3)	13.86%
Lin Eddie Chang	Interest in controlled corporation	Ordinary	330,000,000 (Note 4)	9.73%
Lin Yuhua	Interest in controlled corporation	Ordinary	185,250,000 (Note 5)	5.46%
Ho Ping Tanya	Beneficial owner	Ordinary	330,000,000	9.73%

Notes:

1. The percentages are calculated based on the total number of ordinary shares of the Company in issue as at 31 December 2022, which was 3,392,272,221.
2. These ordinary shares are held by Profit Linkage Enterprises Limited which is 100% beneficially owned by Ms. Huang Aidong.
3. These ordinary shares are held by Golden Blossom Investment Limited which is 100% beneficially owned by Mr. Hu Jianzhong.
4. These ordinary shares are held by Fung Wai Enterprises Ltd. which is 100% beneficially owned by Mr. Lin Eddie Chang.
5. These ordinary shares are held by Supreme Success Group Limited which is 100% beneficially owned by Ms. Lin Yuhua.

DIRECTORS' REPORT

SHARE SCHEME – SHARE OPTION SCHEME

Pursuant to ordinary resolutions of the shareholders of the Company passed on 25 May 2012, the Company adopted a share option scheme (the “Old Share Option Scheme”). The Old Share Option Scheme was expired on 24 May 2022 such that no further options shall be granted under the Old Share Option Scheme but the options granted shall continue to be valid and exercisable in accordance with their terms of issue and, in all other respects, its provisions shall remain in full force and effect.

Pursuant to an ordinary resolution of the shareholders of the Company passed on 10 June 2022 and the Listing Committee of the Stock Exchange granted the approval for the listing of, and permission to deal in, the shares (as defined in the New Share Option Scheme (as defined below)) which may fall to be issued upon the exercise of subscription rights attaching to the options (as defined in the New Share Option Scheme (as defined below)) to be granted under the New Share Option Scheme (as defined below) on 13 June 2022, the Company adopted a new share option scheme on 13 June 2022 (the “New Share Option Scheme”).

Particulars of the New Share Option Scheme are set out in note 32 to the consolidated financial statements.

Summary of main terms of the New Share Option Scheme are as follows:

1. The purpose of the New Share Option Scheme is to enable the Company to grant options to selected participants as incentives or rewards for their contributions to the Group.
2. The participants of the New Share Option Scheme are: (i) any director (whether executive or non-executive or independent non-executive), employee (whether full time or part time), officer, consultant, customer, supplier, agent, partner or adviser of or contractor to the Group or an entity in which any member of the Group holds any interest from time to time (“Invested Entity”); (ii) any discretionary trust who discretionary objects include any director (whether executive or non-executive or independent non-executive), employee (whether full time or part time), officer, consultant, customer, supplier, agent, partner or adviser of or contractor to the Group or any Invested Entity; and (iii) the option may be granted to any corporation wholly-owned by any person mentioned in (i).
3. As at 27 March 2023, the total number of ordinary shares of HK\$0.1 each in the capital of the Company (“Shares”) available for issue under the New Share Option Scheme was 339,227,222 representing approximately 10% of the issued ordinary share capital of the Company.
4. Unless otherwise approved by shareholders of the Company in general meeting, the total number of Shares issued and which may fall to be issued upon exercise of the options granted under the New Share Option Scheme to each participant in any 12-month period must not exceed 1% (except for substantial shareholders, as defined in the Listing Rules, or independent non-executive director of the Company, or any of their respective associates, as defined in the Listing Rules, must not exceed 0.1%) of the issued ordinary share capital of the Company from time to time.
5. An option shall be exercised in whole or in part in accordance with the terms of the New Share Option Scheme at any time during a period to be notified by the Board to each grantee, provided that no option shall be exercisable later than 10 years after its date of grant.
6. Though there is no specified minimum period under the New Share Option Scheme for which an option must be held or the performance target which must be achieved before an option can be exercised under the terms and conditions of the New Share Option Scheme, the Board may at its discretion when offering the grant of any option impose any performance targets which must be met before the option shall vest and become exercisable and/or impose any minimum period for which an option must be held.
7. An option shall be accepted by a participant together with a remittance in favour of the Company of HK\$1.00 by way of consideration for the grant thereof within 30 days from the date of the offer of grant of the option.

DIRECTORS' REPORT

SHARE SCHEME – SHARE OPTION SCHEME (CONTINUED)

8. The subscription price for Shares under the New Share Option Scheme, subject to any adjustment stipulated therein, shall be a price determined by the Board, but shall be at least the highest of (i) the closing price of a Share as stated in the Stock Exchange's daily quotations on the date of grant which must be a business day, (ii) the average closing price of a Share as stated in the Stock Exchange's daily quotations for the five business days immediately preceding the date of grant and (iii) the nominal value of a Share.
9. The New Share Option Scheme shall be valid and effective for a period of 10 years commencing on 13 June 2022. As at 31 December 2022, the remaining life of the New Share Option Scheme was approximately 9 years and 6 months.

No share options was granted for the year ended 31 December 2022 under the New Share Option Scheme.

Details of movements in the share options held by directors, chief executives, employees and other parties of the Company under the Old Share Option Scheme for the year ended 31 December 2022 are as follows:

Name	Date granted	Period during which options are exercisable	No. of options outstanding at the beginning of the year	No. of options granted during the year	No. of options cancelled during the year	No. of shares acquired on exercise of options during the year	No. of options outstanding at the year end	Exercise price per share	* Market value per share at date of grant of options	* Market value per share on exercise of options
Share options granted in 2018										
Directors										
Yeung Kwok Kuen	7 December 2018	(Note 1)	10,000,000	–	–	–	10,000,000	HK\$0.52	HK\$0.51	–
Shi Xing Zhi	7 December 2018	(Note 1)	12,000,000	–	–	–	12,000,000	HK\$0.52	HK\$0.51	–
Shi Sheng Li	7 December 2018	(Note 1)	12,000,000	–	–	–	12,000,000	HK\$0.52	HK\$0.51	–
Chu Kang Nam	7 December 2018	(Note 1)	1,000,000	–	–	–	1,000,000	HK\$0.52	HK\$0.51	–
Liang Xu Shu	7 December 2018	(Note 1)	1,000,000	–	–	–	1,000,000	HK\$0.52	HK\$0.51	–
Leung Ka Wo	7 December 2018	(Note 1)	1,000,000	–	–	–	1,000,000	HK\$0.52	HK\$0.51	–
			37,000,000	–	–	–	37,000,000			
Former directors										
(Note 2)	7 December 2018	(Note 1)	4,000,000	–	–	–	4,000,000	HK\$0.52	HK\$0.51	–
Employees in aggregate										
	7 December 2018	(Note 1)	9,000,000	–	–	–	9,000,000	HK\$0.52	HK\$0.51	–
			50,000,000	–	–	–	50,000,000			

The options granted to the directors of the Company are registered under the names of the directors of the Company who are also the beneficial owners.

* Being the weighted average closing price of the Company's ordinary shares immediately before the dates on which the options were granted or exercised, as applicable.

DIRECTORS' REPORT

SHARE SCHEME – SHARE OPTION SCHEME (CONTINUED)

Notes:

1. Exercisable from 7 December 2018 to 6 December 2023.
2. (a) 3,000,000 share options was granted to Mr. Fang Yi Quan on 7 December 2018 and Mr. Fang Yi Quan was resigned as a director of the Company on 22 November 2019.
(b) 1,000,000 share options was granted to Mr. Ngai Sai Chuen on 7 December 2018 and Mr. Ngai Sai Chuen was retired and resigned as a director of the Company on 29 May 2020 (Annual general meeting of the Company).
3. The share options granted are vested upon granted.

As at 1 January 2022 and 31 December 2022, the total number of options available for grant under the current scheme mandate limit was 339,227,222 Shares and 339,227,222 Shares, respectively, representing approximately 10% of the issued ordinary share capital of the Company.

The number of Shares that may be issued in respect of options granted under all schemes of the Company during the year ended 31 December 2022 divided by weighted average number of Shares in issue for the year ended 31 December 2022 is 1.47%.

Information on the accounting policy for share options granted and the weighted average value per option is provided in notes 4 and 32 to the consolidated financial statements respectively.

Apart from the foregoing, at no time during the year was the Company, or any of its subsidiaries a party to any arrangement to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

DIRECTORS' INTERESTS IN TRANSACTION, ARRANGEMENT OR CONTRACT

No transaction, arrangement or contract of significance to which the Company, or any of its holding company, subsidiaries or fellow subsidiaries was a party, and in which a director of the Company had a material interest directly or indirectly, subsisted at the end of the year or at any time during the year.

MANAGEMENT CONTRACTS

No contracts concerning the management and/or administration of the whole or any substantial part of the business of the Company were entered into or existed during the year.

PERMITTED INDEMNITY PROVISION

Pursuant to the Bye-laws of the Company, every director of the Company shall be entitled to be indemnified out of the assets of the Company against all losses or liabilities which he/she may sustain or incur in or about the execution of the duties of his/her office or otherwise in relation thereto. The permitted indemnity provision is in force for the benefit of the directors of the Company as required by section 470 of the Companies Ordinance (Chapter 622 of the laws of Hong Kong) when the Directors' report is approved in accordance with section 391(1) (a) of the Companies Ordinance.

The Company has arranged appropriate directors' and officers' liability insurance coverage for the directors of the Company and officers of the Group throughout the year ended 31 December 2022.

EQUITY-LINKED AGREEMENTS

Save as disclosed under the section headed "Share Scheme – Share Option Scheme" above, no equity-linked agreements were entered into by the Group, or existed during the year.

PURCHASE, SALES OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

The Company has not redeemed any of its listed securities during the year ended 31 December 2022. Neither the Company nor any of its subsidiaries has purchased or sold any of the Company's listed securities during the year.

DIRECTORS' REPORT

CONNECTED TRANSACTION

None of the “Related party transactions” as disclosed in note 42 to the consolidated financial statements for the year ended 31 December 2022 constituted discloseable non-exempted connected transaction or non-exempted continuing connected transaction under the Listing Rules.

To the extent of the above “Related party transactions” constituted connected transaction as defined in the Listing Rules, the Company had complied with the relevant requirements under Chapter 14A of the Listing Rules during the year.

MAJOR CUSTOMERS AND SUPPLIERS

The information in respect of the Group’s sales and purchases attributable to the major customers and suppliers respectively during the financial year is as follows:

	Percentage of the Group’s total Sales	Purchases
The largest customer	64%	
Five largest customers in aggregate	100%	
The largest supplier		54%
Five largest suppliers in aggregate		86%

Sales to the five largest customers of the Company accounted for 100% of the Company’s sales and related to the sale of gold concentrates and gold bullion. Due to the fact that pricing for the Company’s gold concentrates and gold bullion products is based on prevailing market prices in accordance with the contract with the customers, the Company does not consider there to be any risks associated with reliance on major customers. The Company considers that its pricing structure based on prevailing gold prices mitigates against any adverse effects from concentration to few customers. The Company would continue explore business opportunities with other potential customers.

At no time during the year have the directors of the Company, their close associates or any shareholders of the Company (which to the knowledge of the directors of the Company owns more than 5% of the Company’s issued share capital) had any interest in these major customers and suppliers.

COMPETING INTEREST

None of the directors of the Company or their respective close associates had any interest in a business which competes with or may compete with the business of the Group.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Bye-laws of the Company or the laws of Bermuda requiring the Company to offer new shares to the existing shareholders of the Company in proportion to their respective shareholdings in the Company if new shares of the Company are issued.

TAX RELIEF

The Company is not aware of any relief on taxation available to the shareholders by reason of their holding of the Company’s securities.

SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the directors of the Company as at the date of this annual report, the Company has maintained the prescribed public float under the Listing Rules.

DIRECTORS' REPORT

BANK LOANS AND OTHER BORROWINGS

Particulars of bank loans and other borrowings of the Group as at 31 December 2022 are set out in note 26 to the consolidated financial statements.

FIVE YEARS SUMMARY

A summary of the results and of the assets and liabilities of the Group for the last five financial years is set out on page 176 of this annual report.

RETIREMENT SCHEMES

Details of the retirement benefit schemes operated by the Group are set out in note 41 to the consolidated financial statements.

CONFIRMATION OF INDEPENDENCE

The Company has received from each of the independent non-executive directors of the Company an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules and considers all the independent non-executive directors of the Company to be independent.

CORPORATE GOVERNANCE

Information on the corporate governance practices adopted by the Company is set out under the section headed "Corporate Governance Report" of this annual report.

AUDITORS

The consolidated financial statements of the Company for the year ended 31 December 2022 have been audited by CCTH CPA Limited ("CCTH"). CCTH were appointed as auditors of the Company on 21 January 2022 for the financial year ended 31 December 2021 upon the resignation of BDO Limited, who have acted as auditors of the Company for the financial year ended 31 December 2020.

CCTH will retire and, being eligible, offer themselves for re-appointment at the forthcoming annual general meeting. A resolution for the re-appointment of CCTH as auditors of the Company is to be proposed at the forthcoming annual general meeting of the Company.

On behalf of the Board
Tongguan Gold Group Limited

Yeung Kwok Kuen
Executive Director and Chief Financial Officer

Hong Kong, 27 March 2023

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

I. PREAMBLE

Tongguan Gold Group Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) are principally engaged in (i) the gold exploration, development and mining production activities, and (ii) gold recycling, which is purchasing the gold related materials, refining and sale of gold bullion.

In March 2021, China rolled out its 14th Five-Year Plan (2021–2025) for National Economic and Social Development and the Long-Range Objectives Through the Year 2035, which reaffirmed its determination and ambition to implement a sustainable development strategy, improve the mechanism for improving ecological civilisation, establish an ecological civilisation system, accelerate the prosperity of green economy and society, and move towards the goal of building a Beautiful China (美麗中國). As environmental, social and governance (“ESG”) concept is increasingly important on the stage of global business development, the Group has long been committed to implementing its sustainability strategies and fulfilling its environmental and social responsibilities in its business operations.

To maintain and further strengthen the trust as a responsible gold mining enterprise, the Group upholds the Responsible Gold Mining Principles related to ESG. The Group has been endeavouring to stand out in all three areas and will continue its efforts to make its operations more sustainable and resilient.

The Group is aware that the pursuit of responsible gold mining practices is not without the consideration of environmental protection and social wellbeing of our employees as well as our partners and communities associated with its business activities. The comprehensive and ongoing effort have been made to span various functions and to involve a high level of external collaboration, robust governance and efficient project management to improve ESG performance.

II. ABOUT THIS REPORT

In strict compliance with the requirement under Appendix 27 – Environmental, Social and Governance Reporting Guide (“ESG Guide”) of Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (“Stock Exchange”), the Group is pleased to present its ESG Report to further demonstrate the Group’s initiatives, programmes and performance in terms of sustainable development for the year ended on 31 December 2022 (“FY2022”).

Reporting scope and boundary setting

Under the Operational Control Approach, the Group defines its reporting boundary by first considering its full spectrum of operating entities during the year under review and the ESG report primarily covers the Group’s major business activities and management policies of its gold mining operations, office operations and gold recycling business, which is the new gold related business in the second half of 2022, in the People’s Republic of China (the “PRC”) and Hong Kong. The reporting period of this ESG report is for the financial year 2022, from 1 January 2022 to 31 December 2022, unless specifically stated otherwise. For the corporate governance section, please refer to the Group’s Annual Report 2022 (Pages 16 to 31).

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

II. ABOUT THIS REPORT *(CONTINUED)*

Reporting Principles

The ESG Report has been prepared with reference to the Reporting Principles set forth in the ESG Guide of the Stock Exchange. The content of the ESG Report was determined, organised and presented under the principles of Materiality, Quantitative, Balance and Consistency, which were applied throughout the entire reporting process.

Materiality:

The Group adopted the principle of Materiality in defining its reporting boundary as well as determining the ESG issues and associated risks and opportunities that are significant and relevant to the Group's long-term value creation. In FY2022, the Group engaged with its key stakeholder representatives in an annual survey, soliciting their feedback about the Group's ESG management and material ESG risks and opportunities with reference to the procedures and principles recommended by the GRI Standards in choosing materials topics. To be valuable, credible and useful, the content of the ESG report and its reporting process have been based on a holistic approach that takes Materiality into considerations.

Quantitative:

The Group gathered and disclosed its ESG performance in accordance with the quantitative Key Performance Indicators ("KPIs") set forth in the ESG Guide. Specifically, the Group generated a comprehensive picture of its environmental and social performance by quantifying its performance and progress, including Greenhouse Gas (GHG) emissions, use of resources, number of employees, training time etc., which have been laid out in different sections of the ESG Report.

Balance:

To delineate a balanced sustainability profile, the Group has unveiled its achievements in sustainable development and potential ESG-related risks including climate risks that the Group is or will possibly be facing in the long run in a transparent and impartial manner.

Consistency:

Over these years, the Group has adopted a coherent set of methodologies, frameworks and process for the reporting work on its ESG performance with gradual improvements that enable readers to have a clearer picture of the Group's sustainable development. The Group has referred to the framework and requirements of the ESG Guide in structuring information disclosure, made an assessment of its GHG profile in accordance with well-recognised standards including the recommendations in "How to Prepare an ESG Report? – Appendix 2: Reporting Guidance on Environmental KPIs" issued by the Stock Exchange and the 2006 IPCC Guidelines for National Greenhouse Gas Inventories.

Information disclosure

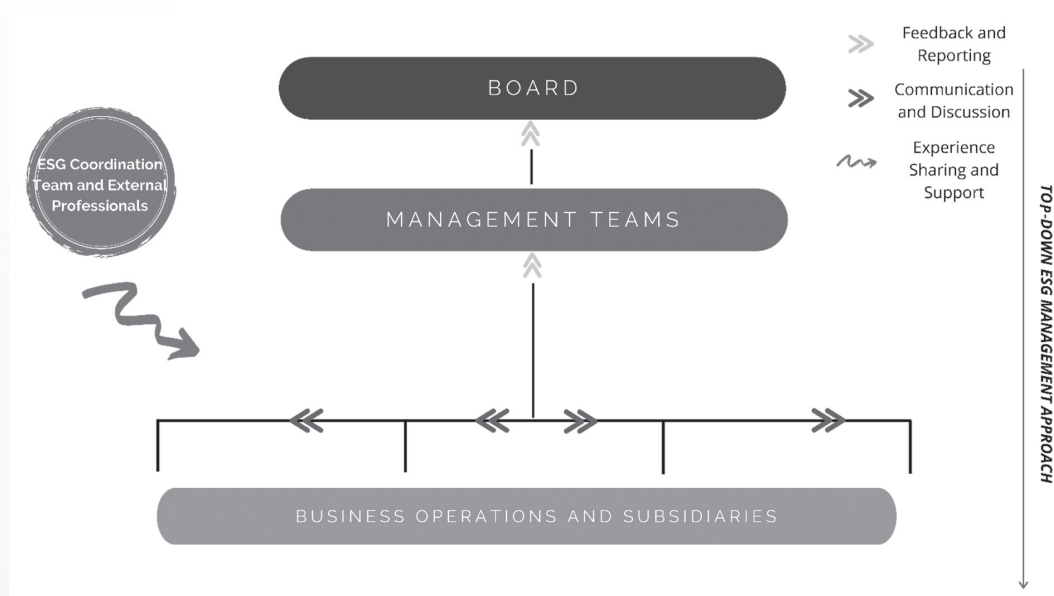

The information in the ESG Report was gathered through numerous channels, including official documents and statistics of the Group, the integrated information of supervision, management and operation in accordance with the relevant policy, the internal quantitative and qualitative questionnaires based on the reporting framework, and sustainability practices provided by different subsidiaries of the Group. A complete content index is available at the end of the ESG report for readers' convenience to check its integrity. This ESG report was written in both English and Chinese. If there is any conflict or inconsistency, the English version shall prevail.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

III. ESG MANAGEMENT STRATEGY

The Group's sustainability vision has been led by its objective to create long-term value for all stakeholders, and practised by embedding environmental, social and economic considerations into all its business operations and decisions. Adhering to the sustainability principle, namely "promoting environmental education, improving environmental management system, strengthening assessment and supervision, optimising governance framework, implementing accountability mechanism in delivering environmental target, exploring the application of clean energy, building a "green" corporate culture, accelerating technological transformation and innovation, and transforming into intensive pollution control mode".

As part of its governance framework, an ESG management approach has been built and implemented from the top to bottom within the Group as follow:

The Board of Directors (the "Board") of the Company takes the lead on and is responsible for overseeing the execution of relevant ESG issues, including ESG reporting. The Board assumes the ultimate responsibility for ensuring the effectiveness of the implementation of the Group's ESG policies and ESG report.

The responsibilities of the Board are mainly reflected from the aspects below:

- Overseeing the assessment of the Group's environmental and social risks, with the support of internal teams and expertise of external professionals;
- Analyse and prioritise the potential impacts of certain material ESG issues based on materiality assessment outcome on the Group's capability to create value for all in the long term; and
- Promote an ESG-oriented corporate culture from the top-down to facilitate all employees and operations to incorporate ESG considerations into business decision-making process.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

III. ESG MANAGEMENT STRATEGY *(CONTINUED)*

By leveraging the tools including materiality assessment and the regular reports from the Management teams that are mainly responsible for identifying, evaluating, consolidating and addressing ESG-related risks from operations, the Board has continuously supervised and monitored the effectiveness of the implementation of ESG risk management through well-defined metrics including GHG emissions and use of various types of group-wise energy resources, which are believed to be highly relevant to the Group's business nature, and proposed appropriate objectives such as quantitative environmental targets and policies that guide the entire organisation to march towards sustainability.

The Management team also plays an important role in maintaining the efficient communication between the Board and frontline workers, and in supervising all employees to execute the Group's policies effectively. Given the significance and value of ESG approaches, the Group's sustainability strategies have gradually become a running thread through its operations, under the leadership of the Board and guidance of corresponding Management teams.

The Board regularly reviews the Group's progress towards the goals through Board meetings and oral presentation from the Management teams.

The Group has partnered with external ESG professionals that have been assisting the Board and the Management team to understand those material physical and transition risks, which might cause significant repercussions on the Group's financial performance and position in the long run.

The Group prides itself on the commitment to robust corporate governance that champions the ESG management from the top and has been working on integrating ESG risks and opportunities into its enterprise risk management system. Facing a wide variety of ESG risks, the Group has adopted different approaches. Climate-related risk, for example, is an inherent risk element of ESG. The Group keeps reviewing and adjusting its sustainability policies on multiple fronts to meet the updated regulatory requirements, satisfy stakeholders' expectations as well as align its practices with what the transition towards sustainability demands. For instance, the Group has been formulating its Climate Policy that oversees and regulates the Group's mining operations, in order to minimise its impacts on climate change and exposure to climate-related risks (for more information, please refer to Section A.4. Climate Change). Details of the Group's management approach in both the environmental and social aspects can be found throughout different sections of the ESG Report.

IV. MESSAGES FROM THE BOARD

Dear valued stakeholders,

As a growing gold mining operator, the Group has long been looking to drive long-term strategic value by incorporating ESG mindsets, principles and best practices in daily operations. ESG, to the Group, has been more than compliance. The Group works on making sustainability engrained into the core of its business strategy and purpose, and importantly, a catalyst of driving resilience and sustainability. To this end, the Group has set targets regularly, reviewed and reported its progress transparently, and refined its management approach continually. The Group is deeply aware that mining industry causes dramatic impacts on the natural environment and human health, should no attention be paid, or no solid actions be taken to regulate business operations from the perspective of sustainability. Therefore, we are committed to making every step with innovative solutions to optimise our business model and to lower our potential negative social and environmental impacts.

We fulfil our environmental responsibilities

In 2020, China established a national target to reach its carbon peak by 2030 and carbon neutrality by 2060. To achieve these goals, China aims to increase the share of non-fossil energy consumption to approximately 20% by 2025, approximately 25% by 2030, and over 80% by 2060. Additionally, the country is facilitating its mining industry for transition to a low-carbon operation plan.

In November 2022, China released a plan to advance the low-carbon development of its nonferrous metal industry, which is a key producer of industrial carbon emissions. This plan will assist China to achieve its aforementioned goals. The plan includes significant progress in the research and development of low-carbon-emissions technologies, with recycled metals accounting for over 24 percent of the total supply of nonferrous metals in the country. By 2025, there will be significant improvements made to the sector's industrial and energy consumption structure. As green metals are increasingly in high demand and the country encourages the low-carbon development of the industry, the Group has actively responded to the decarbonization trend. The Group has made an effort to stay ahead of the curve by developing its carbon goals and setting up its Climate Policy, which administers the Group's management approach and operations to mitigate and adapt to climate change.

Aiming to realise the integration of Production, Life and Ecosystem (生產、生活、生態), the Group keeps building and improving its environmental management system, and fully studying and implementing the latest regulatory requirements of governments, including the "Classification of Solid Mineral Tailings"《固體礦產尾礦分類》, "Specifications for sample proportioning of mineral processing"《固體礦產選冶試驗樣品配製規範》, "Codes for utilization of solid mine waste"《礦山固體廢棄物資源化利用指標及計算方法》. The Group has built internal teams that are in charge of regularly inspecting and controlling potential environment-related risks. The Group has set up environmental protection and performance monitoring taskforces, established a corporate environmental protection network that is composed of corporate leaders and other personnel, and held relevant meetings for internal discussion. The internal taskforces have been equipped with necessary expertise and knowledge. A factory-level leader is required to be responsible for the overall environmental protection work, supported by well-selected technicians to assist the leadership.

Under the robust government structure and leadership, all departments and employees have conscientiously implemented the relevant policies and regulations, organised internal environmental monitoring, mastered the original records, established the operating account of environmental protection facilities, fulfilled their responsibilities for archiving environmental protection data and timely reporting to the management.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

IV. MESSAGES FROM THE BOARD *(CONTINUED)*

We care about our people's wellbeing

Guided by our core value of “Putting People’s Health & Safety In The First Place” (以人為本、生命第一), the Group has prioritised the health and safety of its employees, developing internal mechanism and teams responsible for coordinating operational responses and launching protective protocols for both the workforce and communities.

Over years, the Group has been in strict compliance with safety regulations in the jurisdictions where it operates, including the newly revised Safe Production Law of the People’s Republic of China 《中華人民共和國安全生產法》. The Group has been committed to building and promoting a culture of safety from within, where all workers can be provided with a secure workplace, quality equipment and comprehensive training in relation to occupational health and safety. With safety at the heart, the Group has proactively carried out risk management and incorporated hazard identification in all its operational processes.

Rather than viewing ESG as a box-ticking exercise, we see it as a modern and sustainable way to drive value creation. Looking ahead, we will unlock more opportunities for sustainable growth, decarbonising our value chain while enlarging our positive contributions to the entire society.

Last but not least, I would like to take this opportunity to thank all of our employees for their continued dedication to delivering on our values and principles, and our stakeholder communities for their partnership and support. On behalf of the Board, I am pleased to present you the ESG report of FY2022, demonstrating the progress of the Group’s sustainability journey and unwavering efforts in leading the whole industry towards responsible mining.

On behalf of the Board
Tongguan Gold Group Limited

Yeung Kwok Kuen
Executive Director and Chief Financial Officer

27 March 2023

V. STAKEHOLDER ENGAGEMENT

As an integral part of the Group’s sustainability, stakeholder communication is vital for the Group to understand the concerns and expectations of its key stakeholders. The Group has put tremendous efforts in connecting with its stakeholders through a wide variety of channels as shown below, striving to actively communicate its sustainability approach and progress to all and adjusting its business operations based on the valuable feedback from its stakeholders.

In FY2022, the Group continuously engaged with its stakeholders and timely responded to their significant concerns. The Group highly values the feedback from its stakeholders and takes an initiative to utilise different platforms to maintain a barrier-free communication with different stakeholder groups.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

V. STAKEHOLDER ENGAGEMENT *(CONTINUED)*

Communication with Stakeholders

Stakeholders	Expectations and Concerns	Communication Channels
Government and regulatory authorities	<ul style="list-style-type: none"> – Compliance with laws and regulations – Anti-corruption policies – Occupational health and safety 	<ul style="list-style-type: none"> – Supervision on the compliance with local laws and regulations – Routine reports and tax payments

V. STAKEHOLDER ENGAGEMENT (CONTINUED)

Materiality Assessment

As ESG risks and opportunities for companies vary across industries and depend on factors including corporate culture, business models and operational characteristics, the Group undertook an annual materiality assessment based on dialogues with external stakeholders and internal impact analysis in FY2022, the outcome of which was approved by the Board.

In FY2022, the Group selected a range of its key stakeholders to participate in a materiality assessment survey initiated by an independent professional party. The key internal and external stakeholder representatives including suppliers, general employees and senior management were invited to prioritise the relevant ESG issues from a list of 41 topics from five pillars including environmental impacts, operating practices, leadership & governance, employment and labour practices, and community investment. The Group mapped the results into the matrix below, showing the rank of ESG topics in terms of their significance and relevance to the Group.

Stakeholder Engagement Materiality Matrix

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

V. STAKEHOLDER ENGAGEMENT (CONTINUED)

Materiality Assessment (CONTINUED)

1	GHG Emissions	15	Preventing Child and Forced Labour	29	Product Design & Lifecycle Management
2	Air Pollution	16	Labour Practices	30	Access & Affordability
3	Energy Management	17	Green Procurement	31	Business Ethics & Anti-corruption
4	Water & Wastewater Management	18	Communication and Engagement with Suppliers	32	Internal Communication & Grievance Mechanism
5	Solid Waste Stewardship	19	Environmental Risk (e.g. pollution) Management of Supply Chain	33	Community Engagement
6	Materials Management	20	Social Risk (e.g. human rights or corruption) Management of Supply Chain	34	Participation in Philanthropy
7	Land Use, Ecosystem and Biodiversity	21	Supply Chain Materials Sourcing & Efficiency	35	Cultivation of Local Employment
8	Climate Change Mitigation & Adaptation	22	Health and Safety Relating to Products/ Services	36	Local Environmental Protection
9	Packaging Material Management	23	Customers Welfare	37	Support of Local Economic Development
10	Renewable and Clean Energy	24	Marketing and Promotion	38	Business Model Adaptation and Resilience to Environmental, Social, Political and Economic Risks and Opportunities
11	Diversity & Equal Opportunity	25	Intellectual Property Rights	39	Management of the Legal & Regulatory Environment (regulation-compliance management)
12	Employee Remuneration and Benefits	26	Product Quality	40	Critical Incident Risk Responsiveness
13	Occupational Health and Safety	27	Customer Privacy and Data Security	41	Systemic Risk Management (e.g. Financial Crisis)
14	Employee Development and Training	28	Labelling Relating to Products/Services		

The Group identified “Preventing Child and Forced Labour” as the ESG topic that is of the most importance to the Group and its stakeholders. The results from the evidence-based materiality matrix are conducive to enhancing sustainability decision-making and have been used to inform the content of this report.

Stakeholders Feedback

The Group welcomes stakeholders’ feedback and advice on the improvement of corporate ESG approach and performance, especially related to topics listed as highly important to the Group and its stakeholders in the materiality assessment. Readers are also welcomed to share their views with the Group and send in writing to the head office and principal place of business of the Company in Hong Kong at Room 1306, 13/F., Bank of America Tower, 12 Harcourt Road, Admiralty, Hong Kong.

VI. ENVIRONMENTAL SUSTAINABILITY

Management Approach

As part of its overall effort in meeting the environmental requirements and balancing its business development with considerations into ecological protection, the Group seeks the long-term sustainability of the environment and the community where it operates, and has been prudent in controlling its emissions and consumption of resources in compliance with relevant environmental laws and regulations in Hong Kong and the PRC during its daily operations, including but not limited to the:

- Environmental Protection Law of the People's Republic of China (中華人民共和國環境保護法);
- Environmental Impact Assessment Law of the People's Republic of China (中華人民共和國環境影響評價法);
- Environmental Protection Tax Law of the People's Republic of China (中華人民共和國環境保護稅法);
- Law of the People's Republic of China on the Prevention and Control of Atmospheric Pollution (中華人民共和國大氣污染防治法);
- Law of the People's Republic of China on Prevention and Control of Water Pollution (中華人民共和國水污染防治法);
- Law of the People's Republic of China on the Prevention and Control of Environmental Pollution by Solid Wastes (中華人民共和國固體廢物污染環境防治法);
- Law of the People's Republic of China on the Prevention and Control of Pollution from Environmental Noise (中華人民共和國環境噪聲污染防治法);
- Law of the People's Republic of China on Conserving Energy (中華人民共和國節約能源法);
- Mineral Resources Law of the People's Republic of China (中華人民共和國礦產資源法);
- Regulations of the Management of Economical Use of Urban Water (城市節約用水管理規定);
- Regulation on the Administration of Permitting of Pollutant Discharges (排污許可管理條例);
- Emission standards for industrial enterprises noise at boundary (GB12348-2008) (工業企業廠界環境噪聲排放標準);
- Standards for pollution control on the storage and disposal site for general industrial solid wastes (GB18599-2001) (一般工業固體廢物貯存、處置場污染控制標準);
- Technical Policy of Gold Industrial Pollution Control (黃金工業污染防治技術政策);
- Guiding Opinions on Comprehensive Utilisation of Bulk Solid Waste During the 14th Five-Year Plan (關於“十四五”大宗固體廢棄物綜合利用的指導意見); and
- List of Administrative Penalties of the Ministry of Natural Resources (自然資源部行政處罰事項清單)

The dedicated Environmental Protection Department that is comprised of professional management staff is responsible for identifying and addressing environment-related issues in business operations of the Group according to internal policies.

This section mainly discloses the Group's policies, practices, and quantitative data on emissions, use of resources, the environment and natural resources in FY2022.

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.1. Emissions

The Group has been in compliance with relevant national and local environmental laws in terms of industrial emissions set out in the operating regions during mining operations. In FY2022, the Group found no disregard to influential laws relevant to air and GHG emissions, discharges into water and land, generation of hazardous and non-hazardous waste, and noise. Adhering to the concept of “lucid waters and lush mountains are invaluable assets” (綠水青山就是金山銀山) and following the principles of “Reduce at source, Control in the process, Remedy at the end, Reuse the waste” (源頭減量、過程控制、末端治理、資源化利用), the Group insists on implementing the principles of scientific and green development, conforming to industry regulations and norms and vigorously developing circular economy. Thus, various effective measures to mitigate its negative impacts on the environment have been taken in accordance with the technical approaches to pollution control as recommended in the Technical Policy of Gold Industrial Pollution Control over years. In particular, the Group has focused its efforts on improving the energy efficiency during mining operations and exploring the practicality of installing environmentally friendly facilities and energy resources to transition from fossil fuel-based model to low-carbon development.

The key air pollutants from the mining process were sulphur oxides (“SO_x”), nitrogen oxides (“NO_x”) and particulate matter (“PM”) which mainly came from fuel combustion for machinery operations, vehicle transportation and other operational processes. In FY2022, the Group and its staff have acquired electric vehicles to replace gasoline cars. More than that, the Group also encourages employees to carpool together so that the air emissions can be further reduced. The air emissions of SO_x, NO_x and PM amounted to 0.4, 31.8 and 2.3 kg respectively.

In the Group, GHG emissions were primarily due to the combustion of fossil fuels and electricity consumption during industrial operations. During FY2022, the Group’s mining operations in the PRC were restricted due to the lockdowns in response to the national Zero-COVID policy, the usage of electricity was obviously decreased, resulting in the decrease of total GHG emissions to 11,576.8 tonnes CO₂e, with an intensity of 56.2 tonnes CO₂e/employee during the year under review.

The Group generated certain amounts of solid waste and wastewater from its mining sites and offices, including but not limited to waste by-products in the form of tailings and sludge during gold mining and processing. In FY2022, a total of 24.0 tonnes of non-hazardous general were generated. As the phase one of new processing plant has been fully operated in 2021, the wastewater generated can be repeatedly reused into the processing operations. In FY 2022, the gold mining business has not released wastewater on site. During the year under review, the Group did not discharge significant amounts of hazardous waste to the environment during its operations. The Group’s total emissions in FY2022 are summarised in Table 1 below, with a comparison with the figures in FY2021 (for the year ended 31 December 2021).

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.1. Emissions (CONTINUED)

Table 1 The Group's Total Emissions by Category in FY2022 and FY2021³

Emission Category	Key Performance Indicator (KPI)	Unit	Amount in FY2022	Intensity ¹ (Unit/employee) in FY2022	Amount in FY2021	Intensity ¹ (Unit/employee) In FY2021
Air Emissions ²	SO _x	Kg	0.4	–	0.6	–
	NO _x	Kg	31.8	–	65.4	–
	PM	Kg	2.3	–	2.7	–
GHG Emissions	Scope 1 (Direct Emissions)	Tonnes of CO ₂ e	108.4	–	164.8	–
	Scope 2 (Energy Indirect Emissions)	Tonnes of CO ₂	11,468.4	–	13,980.0	–
	Total (Scope 1 & 2)	Tonnes of CO ₂	11,576.8	56.2	14,144.8	69.0
Non-hazardous Waste	Solid Wates	Tonnes	24.0	0.12	29.8	0.15
	Wastewater	M ³	0 ⁴	– ⁴	68.1	0.33

¹ Intensities in FY2022 and FY2021 were calculated by dividing the amount of air, GHG and other emissions by the total workforce of the Group in FY2022 and FY2021, which was 206 and 205, respectively;

² Air emissions included only the air pollutants in the exhaust gas from vehicles for transportation;

³ The methodology adopted for reporting on GHG emissions set out above was based on “How to Prepare an ESG Report? – Appendix 2: Reporting Guidance on Environmental KPIs” issued by the Stock Exchange, GHG Protocol Corporate Standards, EMEP/EEA air pollutant emission inventory guidebook 2019 – Update Mar. 2022 and the 2006 IPCC Guidelines for National Greenhouse Gas Inventories;

⁴ The phase one of new processing plant can practically 100% recycle the wastewater into mining operation so no release of wastewater is recorded in 2022.

Hong Kong Office

The principal types of emissions from the Hong Kong office were municipal solid waste, wastewater and indirect GHG emissions from the purchase and consumption of electricity. During the year under review, no hazardous waste was generated from the Group's Hong Kong office.

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.1. Emissions (CONTINUED)

Solid Wastes

The solid waste generated from the Group's Hong Kong Office was mainly commercial solid waste. Under proposed amendments to the Waste Disposal Ordinance for municipal solid waste, the Group has remained staunch champions of scheme and been committed to encouraging its employees in making behavioural changes that reduce, reuse and recycle the commercial waste from the office. For example, the Hong Kong office has put a centralised rubbish bin for the collection of waste. With the effective training and implementation of Waste Classification System, for instance, the Group collected the packaging materials of takeaway food from employees in the office for other uses. The non-recyclable municipal solid waste from offices was handled by the property management of the building and ultimately disposed of at landfills by the government department.

Wastewater

Wastewater generated from Hong Kong Office was mainly commercial wastewater. The wastewater was directly discharged into the building sewerage network and handled by the property management. Since the amount of wastewater highly depends on the amount of wastewater released on site, the Group has adopted specific measures, further described in the next subsection under **Water**, to reduce its water consumption in the office.

GHG emissions

In 2022, the 27th UN Climate Change Conference concluded on November 18th, reiterating the urgency of actions to reduce GHG emissions by 43% by 2030 to limit global warming to around 1.5°C. Despite not being a carbon-intensive business, the Group's Hong Kong Office has energetically aligned its practices with Hong Kong Climate Action Plan 2030+ and supported the goal of Hong Kong to achieve carbon neutrality before 2050. To this end, the Group has implemented a series of measures to lower its electricity consumption in the office. For example, the Group has encouraged the use of multi-media systems and the internet so as to minimise the frequency of and dependence on business travels. The Group encourages its employees to use public transportation or carpool when possible, and to take an initiative through actions, including avoid unnecessary printing, to make positive changes to the environment and planet. The details of actions taken by the Group in saving electricity and improving energy efficiency are further introduced in the next subsection under **Electricity** and **Other energy resources**.

Gold Recycling and Gold Mining Businesses

As the gold recycling operations solely involve the sale of physical gold bullion by purchasing gold related materials from other supply chain players and refining by the subcontractors, the office of the gold mining business in the PRC also involves the gold recycling operations as well and this segment has minimum emissions.

VI. ENVIRONMENTAL SUSTAINABILITY *(CONTINUED)*

A.1. Emissions *(CONTINUED)*

Gold Recycling and Gold Mining Businesses *(CONTINUED)*

In FY2022, the principal emissions in the gold mining business of the Group included GHG emissions from the electricity consumption and combustion of fossil fuels for machinery operations, SO_x, NO_x, smoke, slag, noise, wastewater, tailings, mine waste, rock waste and domestic waste from workers during the mining process. To ensure that all emissions from the mining sites could be effectively monitored and managed, the Group normally performs comprehensive environmental impact assessments for facility expansion and mining operations according to the government's requirements. An Environmental Monitoring Team comprised of professional inspectors has been commissioned to continuously monitor the emissions and evaluate the potential environmental impacts of operations. Further, the Group has mainly been working on the following aspects to minimise its environmental impacts:

- Purchasing the operational facilities including the dust removal equipment in accordance with national standards, and strengthening internal training and examination of personnel in construction operations to enhance internal awareness of environmental protection;
- Deploying automatic technologies and processes in production workshops to reduce the discharge of waste and introducing comprehensive recycling and reuse of water resources; and
- Continuously making innovations to optimise the production process that realises the improvement of recycling rate.

Air & GHG Emissions

Air and GHG emissions from this business segment mainly came from the use of electricity, consumption of gasoline and dust during mining operations such as blasting, hauling, crushing and stockpiling rock. For instance, a fleet of heavy machinery for mining and transporting ore and other solid waste may produce certain amounts of exhaust fumes, while the transportation of light vehicles for workers commuting back and forth between dormitories and mining sites is another main contributor to air emissions.

In strict compliance with national and local requirements, the Group has implemented internal policies and effective measures to abate the negative impacts on the surrounding areas. For dust suppression and control, professional equipment and facilities that conform with the national standards including bag-house dust collectors and closed hoods have been adopted to ensure that the air quality onsite meets the requirements. To further reduce the generation of dust, the Group has strictly adopted the Six Major System for field operations, including the use of wet drilling and blasting, installing sprinkler systems on vehicles to minimise the dust on the mining sites and ore transportation routes.

With a commitment to decarbonise its operations that mitigate and adapt to the consequences of climate change, the Group understands that it has a natural role to play in embracing a zero-carbon energy and operation revolution, thus adopting multiple measures to lower its GHG emissions. For instance, the Group seeks the opportunities associated with low-carbon and energy-efficient technologies, including fuel-switching, exploration of the use of renewable energy sources, and considering energy efficiency as an important criterion in the procurement process.

To further lower the air & GHG emissions from mining operations, the Group has set up internal policies, which are further described in the **A.2. Use of Resources**, to reduce energy use through advanced energy management systems and energy efficiency initiatives.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.1. Emissions (CONTINUED)

Wastewater

The wastewater from mining activities of the Group was mainly the industrial sewage during mining operations and the domestic wastewater from workers. Based on the principle of “Circular Economy”, the Group has set a target of “Zero Water Discharge” for its mining business and achieved that the sewage has fully been recycled on site for planting or irrigation. As the phase one of new processing plant has been fully operated in 2021, the onsite wastewater of the Group was practically 100% recycled in FY2022.

As part of its environmental assessment and policies, the Group has been focusing on the internal treatment of wastewater according to national standards and based on its comprehensive water management plans. The sedimentation tanks, automatic valveless filters and drainage ditches have been set on the periphery of the mining area, with a catch basin set in the mining pit. Automation equipment, such as drainage pump stations, has been installed on site to recycle the industrial wastewater. All industrial wastewater must be processed in the sedimentation tank, in which the floating mud should be collected and transported to the certified external environmental organisations, while effluents are used for agricultural irrigation or being discharged. With the effective implementation of internal policies and practices, the domestic and industrial wastewater from the Group’s mining operations meets the standard of “Integrated waste discharge standard (GB 8978-1996) (污水綜合排放標準)”. Various types of wastewater should be collected, stored and treated in special containers given their different characteristics and properties. The site-level environment teams of the Group take the responsibility for water management, including the supervision and coordination of sustainable water usage and sewage treatment.

Solid Wastes

The solid waste in this business segment mainly consisted of industrial solid waste including tailings, waste rock, mineral processing waste, as well as other hazardous and non-hazardous materials. For the domestic solid waste generated by its employees, mainly comprised of paper, glass and plastic-made products, was well-sorted, recycled and handled by the certified municipal department during the year under review.

Tailings and mineral processing waste were the two key materials that came from the gold mining and processing. The Group has benchmarked the Global Industry Standard on Tailings Management and strictly implemented the Work Plan for Preventing and Resolving Tailings Pond Safety Risks (防範化解尾礦庫安全風險工作方案), aiming to move towards the ambition of zero harm to people and the environment from tailings facilities. In FY2022, the Group’s tailings were piled up in its internal tailing warehouses, where facilities for processing fine-grained water-containing tailings that consisted of three main systems: Plunger pump tailings transportation, Tailings ponds and Return pumping station facilities (including return water which is all reused), were established. Upholding the mindset of “zero waste”, the Group strives to maximise the recycling rate of tailings. After passing through its processing facilities, the tailings are normally delivered to the tailing ponds.

- Achieve reduction at source
- Strengthen process control
- Standardise the disposal of bulk solid waste

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY *(CONTINUED)*

A.1. Emissions *(CONTINUED)*

Solid Wastes *(CONTINUED)*

In FY2022, the hazardous wastes were carefully stored by the Group in special containers and warehouses under strict surveillance in accordance with the requirements of Guiding Opinions on Comprehensive Utilisation of Bulk Solid Waste During the 14th Five-Year Plan (關於「十四五」大宗固體廢棄物綜合利用的指導意見) and the Regulations on the Safety Management of Hazardous Chemicals (危險化學品安全管理條例). The Group has been in partnership with certified companies that are responsible for the recycling and handling of wasted hazardous materials. The Group regulates that all hazardous waste be strictly separated from the general waste and stored at special warehouse installed with stringent monitoring procedures and systems.

To keep a sound management of tailings, waste rock and other valuable solid waste, the Group has established the Solid Waste Stewardship Strategy to promote the good practices in construction, operation, maintenance, monitoring and the disposal of waste.

Noise

The Group has built professional teams inspecting the perceived impacts of operations including the noise from operations, and run participatory monitoring sessions for the surrounding area on noise levels. In FY2022, noise emissions of the Group mainly came from heavy machinery and drills. The Group has been committed to keeping its vehicles and machines below the noise limit and taking necessary measures to ensure the correct use of hearing protection equipment among workers. In strict compliance with national and local regulations in terms of noise emissions such as Emission standards for industrial enterprises noise at boundary (GB12348-2008), the Group has adopted various noise-reducing facilities and measures to lower the impact of noise on the surroundings. Low-noise equipment and pumps with better performance in noise control have been selected by the Group, while shock pads, air compressors and mufflers were installed on site. Advanced mining technology such as Millisecond deep-hole blasting has also been applied for better noise control.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.1. Emissions (CONTINUED)

Trend Analysis and Goals

Areas	Trend Analysis	Targets	Proposed Steps
GHG emissions	As compared with FY2021, the Group's GHG emissions in FY2022 declined by approximately 18.2%, primarily due to the decrease in energy resources consumption.	<p>In line with the global trend of decarbonisation and national carbon neutrality goal by 2060, the Group has been focusing on the control of its GHG emissions.</p> <p>Taking FY2020 as the baseline year, the Group targets to lower its GHG emissions (scope 1 + scope 2) to 10,939 tonnes CO₂e, by 12.5% by 2025, with reference to Science-Based Targets initiative.</p>	The Group commits to improve its energy efficiency by applying innovative technologies, optimising production process and strengthening internal monitoring and management on energy consumption. Meanwhile, the Group will seek opportunities to offset its carbon emissions through investment and planting activities.
Solid wastes	As compared with FY2021, the Group's solid waste amount in FY2022 went down by 19.5%.	<p>Gold mining and its multiple processes including extraction, processing and refining, create waste including tailings.</p> <p>Based on an in-depth analysis, the Group believes that an indefinite target that aims to ensure no catastrophic or major environmental incidents in relation to its tailings management is appropriate at the current stage. In the long run, the Group commits to achieve "Zero Discharge of Solid Waste" by fully integrating Circular Economy into practices.</p>	The Group commits to allocate more resources to implement its Sustainable Waste Management that steadily intensifies efficient extraction and overall utilisation of valuable components of tailings through external partnerships and internal growth.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.2. Use of Resources

In FY2022, the main resources consumed by the Group were electricity, gasoline, diesel, water and paper. Since the final products of the Group are gold concentrate and gold bullion that are sold by pour-out, the gold mining and gold recycling businesses do not require or consume any packaging materials. Table 2 illustrates the amount of different resources used by the Group in FY2022 and FY2021.

Table 2 Group's Total Use of Resources by Category in FY2022 and FY2021

Use of Resources	Key Performance Indicator (KPI)	Unit	Amount in FY2022	Intensity ¹ (Unit/employee) in FY2022	Amount in FY2021	Intensity ¹ (Unit/employee) in FY2021
Energy ²	Electricity	kWh'000	18,795	91.2	22,912	111.8
	Diesel	L (kWh'000)	15,000 (151.2)	72.8	18,462 (186.1)	90.1
	Gasoline	L (kWh'000)	25,429 (241.6)	123.4	44,125 (402.2)	215.2
	LPG	L (kWh'000)	- ⁴	- ⁴	3,493 (25.2)	17.0
	TOTAL	kWh'000	19,187.8	93.1	23,526	114.8
Water	Water	M ³	59,322	288.0	22,248	108.5
Paper ³	Paper	Kg	291	1.4	332	1.6
Raw Materials	Metal	Tonnes	715	3.5	856	4.2
	Concrete	Tonnes	502	2.4	777	3.8
	Wood	Tonnes	113	0.5	386	1.9
	Paper	Tonnes	3.7	-	3.9	-
	Gold related materials	Tonnes	2.05	-	-	-

¹ Intensity for FY2022 and FY2021 was calculated by dividing the amount of resources the Group consumed in FY2022 and FY2021 by the total workforce in FY2022 and FY2021 respectively, which was 206 in FY2022 and 205 in FY2021;

² The methodology adopted for energy conversion of the energy resources of the Group was based on the IPCC Default Net Calorific Values Database; and

³ Paper consumption = paper inventory at the beginning of reporting period + paper added to inventory during reporting period – paper collected for recycling purposes – paper inventory at end of the reporting period.

⁴ In FY2022, LPG has been replaced by the use of Methanol which is more environment-friendly and costs less.

Management Approach

The Group has built Environmental Protection Departments for formulating implementation plans and monitoring the progress in energy efficiency improvement and resource conservation. Based on the accountability system of the Group, the specialists from Environmental Protection Departments are responsible for performing regular assessments on the energy performance of various operating sites and processes.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY *(CONTINUED)*

A.2. Use of Resources *(CONTINUED)*

Electricity

Electricity was purchased from the utility company by the Group and consumed in the offices and during mining and gold recycling operations. During FY2022, in response to the national Zero-COVID policy to lockdowns, the Group stopped the mining operations on site for several times, resulting in the decrease of electrical usage. Both offices and mining sites of the Group have still stringently complied with relevant regulations and the Group's policy of electricity conservation. The Group has set up the policy of "Cut off electricity during operation shutdown and re-operate after returning to work" (停轉停工·復轉復工) and established a reward and punishment system for electricity management. In FY2022, the Group implemented the following practices to control its electricity usage:

- Switch off all idle lights and air conditioners (e.g. most electrical equipment will be turned off during lunch time);
- Place "Save electricity and turn off the light when you leave please" posters to encourage workers and employees to conserve energy;
- Advocate energy conservation through seminars and training courses among employees;
- Purchase and install new electric generators and transformers with high energy efficiency on site;
- Use more efficient LED bulbs for office lighting instead of energy-intensive lamps;
- Monitor equipment operation by carrying out energy audit continuously; and
- Adopt natural ventilation or ventilation fans for areas not requiring air-conditioning.

Other energy resources

Gasoline and diesel were the primary energy resources used by the Group for digging, loading and transportation of ore and waste rock, comminution process, and heating. As energy is essential for mining businesses, optimising the mining operations and ensuring the access to secure and reliable energy sources are key to the long-term stability of the Group's business. In FY 2022, the weight of total gold concentration was reduced by 7,452.6 tons so the use of diesel for forklifts decreased in FY 2022. Additionally, the Group has encouraged its employees to replace with electric vehicles and to carpool so that the use of gasoline was further reduced for the year.

Over years, China has made notable progress in its clean energy transition and in 2022, the National Development and Reform Commission set 2025 efficiency goals for energy-intensive industries, envisaging tougher energy efficiency standards by 2030. In response to China's commitment to achieving carbon neutrality by 2060, the Group has been endeavouring to ratchet up its ambitions on improving energy efficiency and transitioning to scale up its application of clean and renewable energy resources. Specifically, the Group has set up internal energy-related policies that quantify and track the amount of different energy resources consumed during mining operations. The Group performs energy consumption audits on its vehicle performance regularly. In the cases where the Group outsources the transportation work, the Group undertakes thorough background check on the outsourcers in advance to assess their performance in energy efficiency. During procurement, the Group prioritises environmentally friendly vehicles for transportation and operations, in order to make a smooth transition towards a "low-carbon and low-consumption" business model.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY *(CONTINUED)*

A.2. Use of Resources *(CONTINUED)*

Water

The Group recognises the value of water as a shared resource and has long been committed to responsible water stewardship, in order to minimise the potentially detrimental impact on water resources during operations.

The Group is committed to taking effective measures that prioritise water conservation based on the “3R rules – Reduce, Reuse and Recycle” in its daily operations. With the implementation of robust water resource protection and monitoring measures, such as the installation of flow metres on the control of the withdrawal of water resources, the Group did not face any problem in sourcing water during the year under review.

The Group’s mining sites, where water could be largely consumed, have been encouraged to reuse the wastewater properly. In FY2022, in order to reduce the operation loss due to the lockdown, part of its processing plant area was contracted for a period while the party could use the facilities contracted and undertook relative business and benefit with the Group. The contracted party was principally engaged in processing mineral surface which involves cleaning so the consumption of water increased significantly in FY2022. In spite of contracting facility area, the Group still held and supported multiple water recycling initiatives to reach the goal of “Zero Water Discharge” on site. The Group has also put its focus on the education of water conservation among its employees, who are expected to efficiently practise the Group’s water conservation and security strategy, as well as accumulate practical experience for future improvement. To further enhance the utilisation efficiency of water resources, the Group has adopted the following practices:

- Fix dripping taps timely to avoid further leakage of the water supply system;
- Monitor and ensure the compliance with industry standards by optimising chemical dosage and management procedures in the wastewater treatment processes;
- Strengthen the inspection and maintenance on water taps, water pipelines and water storage; and
- Run regular leakage test on water taps, joint rings and other components in the water supply system.

Paper

The Group has implemented its Quantification Management Policy as an efficient tool to control the paper usage in the organisation. A variety of Office Automation (“OA”) solutions have been put into practice from document transfer, information communication, all the way to the review, approval and signing of relevant decisions within the Group. To further reduce the use of paper, the Group has implemented the following policies in order to promote a paperless office:

- Promote the procurement and use of recycled paper;
- Set duplex printing as the default mode for most network printers when printouts are needed;
- Spread the idea of “Think before print” by using posters and stickers in offices to remind the staff of avoiding unnecessary printings;
- Put boxes and trays as containers beside photocopiers to collect single-sided paper for reuse;
- Use the back of old single-sided documents for printing or draft paper; and
- Recycle used stationery whenever possible.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.2. Use of Resources (CONTINUED)

Trend Analysis and Goals

Areas	Trend Analysis	Targets	Proposed Steps
Energy Efficiency	As compared with FY2021, due to lockdown and national Zero-COVID policy, the Group's electricity consumption in FY2022 decreased by approximately 18.0%. The usage of gasoline in FY2022 dropped significantly by 42.4% whilst diesel consumption and intensity decreased moderately when compared with FY2021. In FY2022, the Group did not consume LPG but alternatively used Methanol as substitute.	In line with the goals of GHG emissions reductions, the Group targets to lower the GHG emissions in the purchase of electricity for operations, which is the largest contributor to the Group's GHG profile, by 13% by 2025.	On top of electricity conservation, the Group commits to focus its efforts on improving energy efficiency of its equipment through upgrades and procurement.
Water	As compared with FY2021, the Group's water consumption in FY2022 went up by 166.6% mainly due to contracting its facility area as described in the above subsection under Water .	The Group targets to maintain its water recycling rate at 100% and pursues an effort to lower its consumption of freshwater in operations.	The Group plans to improve water recirculating system and employ advanced water recycling facilities to enhance water efficiency.

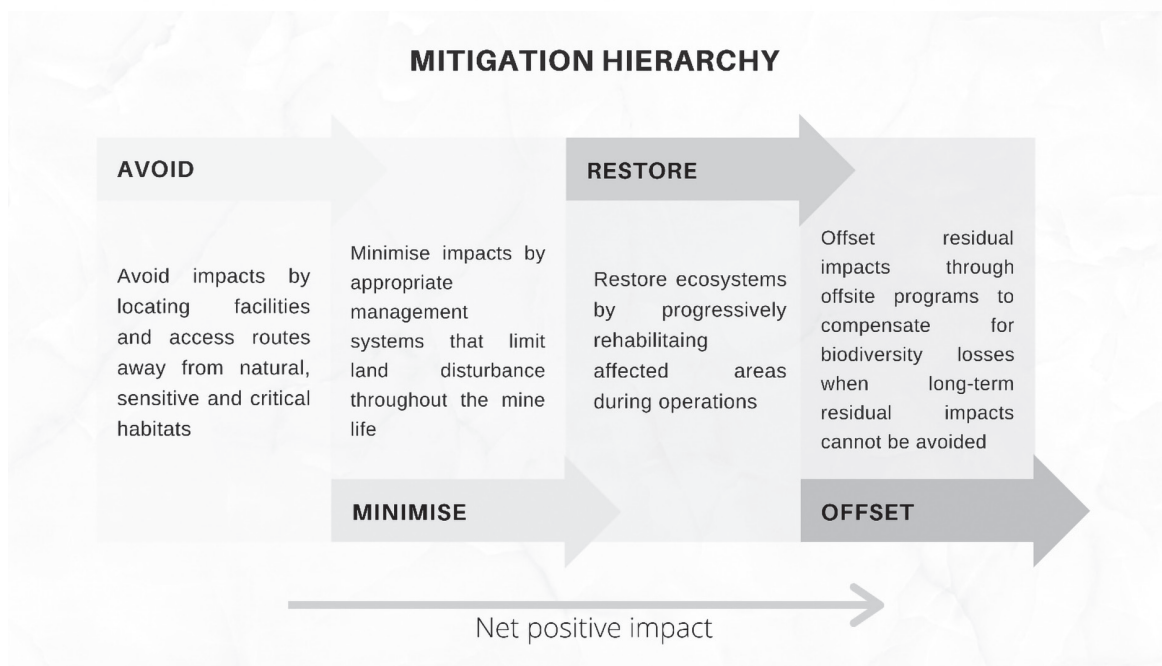

A.3. The Environment and Natural Resources

Gold mining operation is an intensive type of land use and energy consumption with the potential for environmental impact. The Group has been highly conscious of the detrimental effects caused by its mining and any associated operations, and made tremendous efforts to address the underlying environmental impacts and risks with a coordinated and sustainable longer-term vision.

Over years, the Group has been focusing on the identification, evaluation and monitoring of its significant environmental impacts, as well as the development of feasible and effective solutions to mitigate and control the risks. The Group has integrated the Mitigation Hierarchy concept into its environmental management and risk control system, in order to pursue efforts to achieve net positive impact of its operations. In FY2021, mining waste management (e.g. tailings management) and GHG emission control, among other environmental topics, were two types of environmental impacts that were considered material to the Group. The Group's approach to waste management, especially the treatment of tailings and onsite sewage has been guided and strictly based on the requirements of national and local regulations. The Group has deeply been aware that its mining processes may produce large amounts of waste, with mine tailings being generated in mineral processing plants after separation, and tailings can pose a threat to the ecosystems and water resources should no proper management be in place. As such, the Group has implemented or planned for sustainable mine tailings management. For instance, the Group is committed to minimising the impacts of tailing facilities on water resources by monitoring and preventing acid mine drainage and the release of hazardous chemicals. Further, the Group has built professional taskforces that are responsible for performing environmental impact assessment of tailing facilities and dams regularly. In line with regulations and standards including the Provisions on the Protection of the Geologic Environment of Mines (礦山地質環境保護規定) and Technical Policy of Gold Industrial Pollution Control (黃金工業污染防治技術政策), the Group continues to formulate and implement its internal policies for more effective waste stewardship onsite.

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.3. The Environment and Natural Resources (CONTINUED)

GHG emission control is another material topic under the Group’s environmental management system. As China’s 2060 carbon neutrality commitment plays a pivotal role in accelerating its low-carbon energy transition to rapidly reduce economy-wide emissions towards net-zero, diminishing the reliance on fossil fuel consumption and transitioning towards cleaner energy sources including “green” electricity have been the top priorities of the Group in accelerating its transformation. To lower its GHG footprint, the Group’s initiatives touch upon three aspects, namely innovative R&D investment and technology deployment, opportunities through partnerships and collaboration, education to facilitation behaviour change. The Group has been devising and formulating its climate strategy, and has put forward its carbon reduction target with reference to Science-Based Targets initiative that corresponds with the ambition of Paris Agreement in driving climate actions.

While the Group has focused its efforts on addressing its material impacts on the environment and natural resources, a multitude of actions have been taken by the Group to protect local biodiversity through ecological restoration. For example, the Group has been backfilling the mined-out areas, which props up the surrounding rock mass, reduces wasteful dilution and further lowers the potential risk of surface subsidence.

A.4. Climate Change

It is universally acknowledged that climate change amplifies operating risks, causing a significant increase in the intensity and frequency of extreme weather events with far-reaching consequences. In COP 27 held in 2022, adaptation, mitigation and financing tools were reiterated and will be jointly strengthened in a balance supported by all parties. The Group understands that mining is a sector that is particularly vulnerable to climate change, thereby developing and formulating a group-wide climate policy, outlining its strategic management approach and being taken as a starting point for defining the practices that the Group should do in facing climate-related risks.

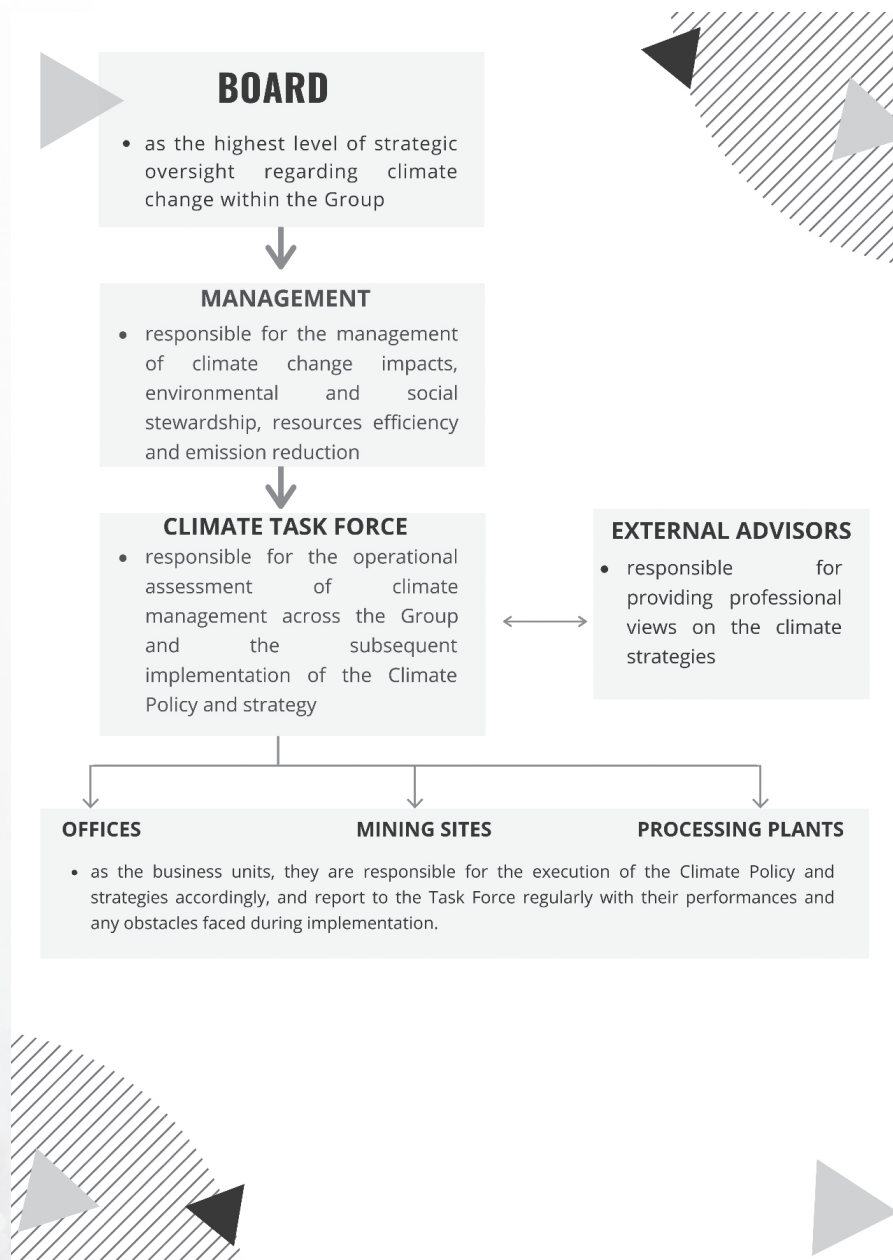

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.4. Climate Change (CONTINUED)

As a supporter of Task Force on Climate-related Financial Disclosure (TCFD) framework, the Group is committed to closing the gaps of climate-proof policies and security strategies, improving its environmental standards and augmenting the resilience, and supporting national and regional economic growth and development through responsible mining. The Group's preliminary analysis of climate-related risks and planning for climate actions can be found in the following sub-sections which highlights the Group's climate policy under development.

Governance

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.4. Climate Change (CONTINUED)

Strategy

The Group has assessed its business operations against key elements under different climate projections, and prioritised the implications of both physical and transition climate-related risks on its financial planning and development strategy through a preliminary climate scenario analysis. Specifically, two IPCC emissions scenarios (RCP 2.6 and RCP 8.5) and two IEA scenarios (ETP 2DS and WEO Current Policies) were adopted. Set out below are a highlight of the identified climate-related risks that impact the Group's business.

Key	
Material risks	
Less material risks	
Not significant risks	

Physical risks	Potential impact on the Group	Significance
Acute risks	<ul style="list-style-type: none"> - Reduced revenue from decreased production capacity (e.g. transport difficulties, supply chain interruptions) - Reduced revenue and higher costs from negative impacts on workforce (e.g. health, safety, absenteeism) - Write-offs and early retirement of existing assets (e.g. damage to property and assets in "high-risk" locations) - Increased capital costs due to physical damage to facilities - Increased insurance premiums and potential for reduced availability of insurance on assets in locations vulnerable to the impact of extreme climate events 	
Increased severity of extreme weather events such as cyclones and floods		
Chronic risks		
Changes in precipitation patterns and extreme variability in weather patterns		
Rising mean temperatures		
Rising sea levels		

Transition risks	Potential impact on the Group	Significance
Compliance risks		
Increased pricing of GHG emissions	<ul style="list-style-type: none"> - Increase operating costs including compliance costs (e.g. Chinese national carbon trading scheme) - Write-offs, asset impairment, and early retirement of existing carbon-intensive assets due to policy requirements - Increased costs and/or reduced demand for products and services resulting from fines and judgements 	
Enhanced emissions-reporting obligations		
Technological risks		
Substitution of existing products and services with lower emissions options	<ul style="list-style-type: none"> - Reduced demand for existing products and services that rely on carbon-intensive operations - Research and development (R&D) expenditures in new and alternative technologies (e.g. renewable energy resources) - Costs to benchmark and integrate new practices and processes into operations 	
Costs to transition to lower emissions technology		

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VI. ENVIRONMENTAL SUSTAINABILITY (CONTINUED)

A.4. Climate Change (CONTINUED)

Risk Management

The Group is committed to integrating climate risk management into its enterprise risk management approach and mechanism, and performs climate risk analysis by following three steps, namely evaluating implications of relevant climate-related risks on business through internal discussions and by the support from external advisers, undertaking materiality assessment to prioritise the risks that need immediate attention, performing feasibility analysis of its response actions for implementation.

Climate risk is planned to be a part of the agenda at the Board's Audit and Risk Committee meetings. A quarterly meeting is planned to be held between the Board and the Management to discuss the identification of potential climate risks, in which mitigation measures and tracking plans are raised.

Metrics and Targets

With reference to the seven cross-industry, climate-related metric categories recommended by TCFD, the Group has built both directional and quantitative metrics and targets to assess and manage relevant climate-related risks and opportunities. Below are the highlight of the climate-related metrics and targets established by the Group:

Metrics

- Annual GHG emissions – Scope 1
- Annual GHG emissions – Scope 2
- Annual Water consumption/Revenue
- Resources allocated to climate-related measures and campaigns

Goals

Target Type	Base Year	Target Year	Target Methodology	Scope	Targeted Reduction from Base Year
Total GHG Emissions (Scope 1 + Scope 2)	FY2020	FY2025	SBTi Absolute Contraction Approach	<ul style="list-style-type: none"> • Tongguan County Xiangshun Mining Development Co., Ltd. (潼關縣祥順礦業發展有限公司) • Luonan Jinhui Mining Co. Ltd. (洛南縣金輝礦業有限公司) • Shaanxi Tongxin Mining Co. Ltd. (陝西潼鑫礦業有限公司) • Tongguan County De Xing Mining LLC (潼關縣德興礦業有限責任公司) • Tongguan Tongjin Mining Company Limited (潼關縣潼金礦業有限責任公司) • Hong Kong Office 	12.5%

VII. SOCIAL SUSTAINABILITY

Employment and Labour Practices

B.1. Employment

In pursuit of creating and maintaining an appealing workplace and great career development opportunities for all employees, the Group treasures its employee's talent and commits to provide all employees with a suitable platform, compensate them equally and fairly and respect their fundamental labour rights. The Group's human resources management approach prioritises talent, learning, diversity and culture of its people. As at the end of FY2022, the Group had a total of 206 full-time employees.

Table 3 Number of Employees by Age Group, Gender, Employment Type, Position Type, Geographic Locations of The Group in FY2022 and FY2021'

- 1 The turnover data in headcount was obtained from the Group's Human Resources Department based on the employment contracts entered into between the Group and its employees. Turnover rate was calculated by dividing the number of employees who resigned in FY2022 and FY2021 by the number of employees in FY2022 and FY2021. The methodology adopted for reporting on turnover data set out above was based on "How to Prepare an ESG Report – Appendix 3: Reporting Guidance on Social KPIs" issued by the Stock Exchange.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Employment and Labour Practices (CONTINUED)

B.1. Employment (CONTINUED)

Law compliance

In FY2022, the Group abided by applicable employment laws and regulations in Hong Kong and the PRC that were material to the Group's businesses, including but not limited to the:

- Employment Ordinance (Cap. 57 of the Laws of Hong Kong);
- Employees' Compensation Ordinance (Cap. 282 of the Laws of Hong Kong);
- Mandatory Provident Fund Schemes Ordinance (Cap. 485 of the Laws of Hong Kong);
- Minimum Wage Ordinance (Cap. 608 of the Laws of Hong Kong);
- Labour Law of the People's Republic of China (中華人民共和國勞動法);
- Insurance Law of the People's Republic of China (中華人民共和國社會保險法);
- Labour Contract Law of the People's Republic of China (中華人民共和國勞動合同法);
- Minimum Wage Regulations (最低工資規定); and
- Regulations on the Supervision of Labour Security (勞動保障監察條例).

The Human Resource Department of the Group is responsible for monitoring the implementation of relevant company policies, including Measures of Employee Recruitment (員工招聘), Employment Management (錄用管理), Employee Training Management (員工培訓管理), Employee Transfer Management (員工調動管理), Employee Leave and Attendance Management (員工休假及考勤管理), Performance Management (績效管理), Compensation Management (薪酬管理) and Human Resources Management System (人力資源管理制度), as well as reviewing and updating internal procedures on a regular basis in accordance with the latest laws and regulations.

Recruitment and promotion

Following a set of transparent and clear procedures in annual recruitment, the Group ensures that its recruitment practice conforms to the principles of "Openness, Fairness, Transparency, Standardisation" (公開、公平、透明、規範). For instance, the General Office formulates the recruitment plan according to internal procedures with considerations of the vacancy status of positions in various departments, and performs the recruitment through identifying recruitment sources and selecting the eligible candidates, in which CV screening, interviews, internal discussion and approval, and entry health examination are normally carried out step by step.

The Group offers fair, competitive remuneration and benefits with due considerations of applicants' past performance, personal attributes, job experiences and career aspirations. The Group refers to market benchmarks in relation to staff promotion and provides equal promotion opportunities to eligible employees who have exhibited outstanding performance and potential. The promotion within the Group is strictly based on clear and legitimate procedures.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Employment and Labour Practices (CONTINUED)

B.1. Employment (CONTINUED)

Compensation and dismissal

The Group benchmarks the standard of local markets, company performance, economic circumstances, individual development and position type, in order to review and adjust the compensation policy for employees annually after evaluation and approval. The termination of employment contract is implemented in accordance with reasonable, lawful grounds and internal policies such as the Staff Handbook (員工手冊) of the Group. The Group strictly prohibits any kind of unfair or illegitimate dismissals. For those who have violated the Group's employment policies, the Group would warn verbally before issuing a warning letter. The employees who remain untamed despite making the same mistakes repeatedly would be dismissed by the Group following the standard procedures set out in the laws of Hong Kong and the PRC. For employee falling under of the circumstances defined to be serious by the Group, the Group may consider terminating the labour contract according to laws and regulations:

- (1) Employees who fail to meet the employment conditions during the probationary period;
- (2) Serious violation of labour discipline or internal rules and regulations; and
- (3) Serious dereliction of duty, malpractice and cause damage to the interests of the Group etc.

Working hours and rest periods

The Staff Handbook (員工手冊) specifies the terms and policies in the Group's management of working hours and rest periods, which are based on local employment laws including Provisions of the State Council on Employees' Working Hours (國務院關於職工工作時間的規定). The attendance management system enables the Group to monitor its employee's working hours and compensate those who work overtime with extra pay or additional days off.

The Group's employees are entitled to the leave benefits including statutory holidays, marriage leave, bereavement leave, maternity leave, breastfeeding leave, sick leave, personal leave, family visit leave, annual leave etc.

Equal opportunity and anti-discrimination

As an equal opportunity employer, the Group is committed to creating a fair, respectful and diverse working environment by promoting anti-discrimination and equal opportunity in all its human resources and employment decisions. Training and promotion opportunities, dismissals and retirement policies of the Group are all on the basis of factors irrespective of the employees' age, sex, marital status, pregnancy, family status, disability, race, colour, descent, national or ethnic origins, nationality, religion or any other non-job related elements in all business units of the Group. Meanwhile, the equal opportunity policy of the Group allows zero tolerance in relation to any workplace discrimination, harassment or vilification according to local ordinances and regulations. Employees can report any incidents involving discrimination to the Human Resource Department of the Group that is responsible for making investigations and taking any necessary disciplinary actions on the responsible individuals.

VII. SOCIAL SUSTAINABILITY *(CONTINUED)*

Employment and Labour Practices *(CONTINUED)*

B.1. Employment *(CONTINUED)*

Equal opportunity and anti-discrimination (CONTINUED)

The Group upholds the value of equality in the workplace and encourages barrier-free internal communication through various channels. The Human Resource Departments and Staff committees at all levels of the Group, as the main units responsible for managing employee relations and communication within the organisation, provide assistance to employees in improving job satisfaction, labour security, occupational psychological counselling and listening to their suggestions. All staff can equally give feedback to the Group without any concerns. The Group regularly informs its employees of the Group's recent operation and management information through emails, bulletin boards, meetings and other channels, in order to create a corporate culture that respects all.

Other benefits and welfare

To bring employees a sense of belonging, the Group has provided a wide variety of corporate benefits to its employees according to internal policies. The Group purchases various social insurance items stipulated by relevant laws and regulations such as endowment insurance, work-related injury insurance, medical insurance and housing provident fund for employees. To protect the physical and mental health of employees, the Group provides routine physical examinations and organises regular physical exercises and recreational activities. In FY2021, the Group's employees participated in the sports meeting organised by the country seat where it operated. None of any sports meeting was organised in that country seat in FY2022 in compliance with the social distancing restriction of the Pandemic in the PRC.

During the year under review, the Group was in compliance with relevant laws and regulations in relation to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, welfare and other benefits that have a significant impact on the Group.

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Employment and Labour Practices (CONTINUED)

B.2. Health and Safety

Law compliance

It has long been one of the top priorities of the Group to minimise and eliminate its employees' exposure to occupational health and safety, and promote the wellbeing of its staff by creating a secure work environment supported by systematic safety management strategy, approach and regulations. In FY2022, the Group was in strict compliance with national and local regulations in relation to applicable occupational health and safety in Hong Kong and the PRC, namely:

- Occupational Safety and Health Ordinance (Cap. 509 of the Laws of Hong Kong);
- Law of the People's Republic of China on the Protection of Production Safety (中華人民共和國安全生產法);
- Law of the People's Republic of China on Prevention and Control of Occupational Diseases (中華人民共和國職業病防治法);
- Mine Safety Law of the People's Republic of China (中華人民共和國礦山安全法);
- Regulations for the Implementation of the Mine Safety Law of the People's Republic of China (中華人民共和國礦山安全法實施條例);
- Regulation on Work Safety Licenses (安全生產許可證條例);
- Regulation on Work-Related Injury Insurance (工傷保險條例);
- Notice of the State Administration of Work Safety on the strengthening of dust hazard control work in the gold mining enterprises (國家安全監管總局關於加強金礦開採企業粉塵危害治理工作的通知);
- Warning Signs for Occupational Hazards in the Workplace (工作場所職業病危害警示標識); and
- Notice on Issuing the Work Plan for Preventing and Resolving the Safety Risks of Tailings Pond (關於印發防範化解尾礦庫安全風險工作方案的通知).

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Employment and Labour Practices (CONTINUED)

B.2. Health and Safety (CONTINUED)

Management approach

“Safety first, Prevention Crucial, Integrated Management” (安全第一·預防為主·綜合治理)

The Group has incorporated safety into its corporate values, and set up a comprehensive mechanism and a list of effective policies managing safety and labour practices in line with applicable health and safety standards, in order to minimise the risks of accidents on mine sites and enhance employees' health and safety awareness. The internal policies and guidelines, including Work Safety Manual (工作安全手冊), Internal Control Manual (內部控制手冊) and Management Manual of Safe Production Standardisation (安全生產標準化管理手冊), have been set up to facilitate and maintain a safe working environment. In accordance with the Interim Provisions on the Installation, Use, Supervision and Inspection of the “Six Major Systems” for Safety Risk Avoidance in Metal and Non-metallic Underground Mines issued by the State Administration of Work Safety, the Group has formulated a detailed construction plan for the “Six Major Systems”, comprehensively improving the level of safety management.

The Human Resource Department and the Administrative Department are responsible for monitoring and ensuring that all the safety policies are in place and enforced properly in the office. The Group has built a full-time Safety, Environmental Protection, Production and Technology Department that is equipped with full-time safety officers to facilitate the Group's safety management onsite. The Group has established Safety Production Management Committees, which are responsible for organising educational workshops under the topic of safe production, formulating safety measures and supervising the implementation of internal policies.

Striving for the elimination of fatalities and life-altering injuries from its operations, and to continuously reduce potential injury and health hazards onsite, the Group has focused on the effective implementation of the following measures:

Emergency preparedness programs

- Train and build mine rescue team
- Improve its real-time monitoring and alerting system

Management of hazardous materials

- Promote the lifecycle management of purchase, use, storage, transportation and disposal

Technical safety training

- Machine safeguarding training
- Simulator training

B.2. Health and Safety (CONTINUED)

Management approach (CONTINUED)

Equipment operation training

Suitable protective gears and rescue plans for emergency have been provided to the mining rescue team. Professional emergency facilities and sufficient supplies are all in reserve for unpredicted circumstances, which are guarded and managed by designated staff to make sure that the contingency plan could be perfectly carried out during the outbreak of unwanted environmental and operational incidents that might threaten the health and safety of workers. The Group is committed to optimising its countermeasures to emergency according to the National Emergency Plans in Response to the Outbreak of Environmental Incidents (國家突發環境事件應急預案) and to intensify emergency drills in both frequency and quality in the near future. The Group has also set up policies to guide the correct handling of hazardous materials, to align the procurement practice, operations in the mining sites, storage in warehouses, transportation to another place, and disposal measures with industry standards. The Group has also been working on improving the awareness and knowledge of employees in occupational health and safety through training programmes.

The Group has continuously assessed the safety risks that are material to the Group's operations and committed to timely and effectively addressing the underlying threats by taking a precautionary approach. Specifically, the potential safety risks include the inadequate implementation of safety and environmental protection education and training, "three violations" (三違行為) that have caused casualties and property losses etc. To address the relevant safety risks, the Group has strictly implemented its aforementioned internal policies under the accountability system. All units and mining areas of the Group are required to regularly check the achievement of safety-related goals and report to the Safety, Environmental Protection, Production and Technology Department.

Table 6 Number of work-related fatalities and lost days due to work injury of the Group in past three financial years ¹

Year	FY2022	FY2021	FY2020
Number of work-related fatalities	0	0	0
Lost days due to work injury	100	90	–

¹ The information about injury and fatality was obtained from the Group's Human Resources Department. The methodology adopted for reporting the number and rate of work-related fatalities set out above was based on "How to Prepare an ESG Report? – Appendix 3: Reporting Guidance on Social KPIs" issued by the Stock Exchange.

In FY2022, the health and safety policies or initiatives of the Group covered all business units. The Group was in compliance with relevant laws and regulations in relation to providing a safe working environment and protecting the employees from occupational hazards that may have a significant impact on the Group.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Employment and Labour Practices (CONTINUED)

B.2. Health and Safety (CONTINUED)

Resilience in Post-Pandemic Era

Since the Pandemic began in early 2020, the impetus to set the world on a more secure and sustainable footing has taken on new urgency. The promotion of employee's wellbeing, in particular, has become one of many corporate priorities in pursuing sustainability. In the post-pandemic era, the Group has resolutely adhered to the national and local requirements of epidemic prevention and control measures, and established and implemented internal policies and contingency plans, including Epidemic Prevention and Control Emergency System (疫情防控應急制度) and Hygiene and Epidemic Prevention System (衛生防疫制度). The Group has developed empathy with its employees, aiming to build trust and strengthen unity within the organisation to tide over the crisis. The Group also provided staff in difficulty caused by the Pandemic with the living support.

B.3. Development and Training

The goal of corporate training to the Group is to improve its employees' capabilities and make the workforce more productive and efficient. Over years, the Group has organised a great many training programmes for employees in different positions, and highly encouraged its employees to take advantage of spare time to study more work-related knowledge.

The Group has allocated sufficient resources to training development and provision, aiming to create more opportunities for its employees to improve themselves. A complete training package is normally designed and arranged to all new hires, which covers the History of Company, Corporate Governance Structure, Corporate Culture, Business Processes, and Management System. For experienced employees, courses that match the corporate demands and employees' interest are offered regularly. To further enhance the professional skills of its employees and meet the Group's development goals, signing up for professional qualification examinations and external training is highly encouraged. Employees who have taken external qualification examinations and obtained vocational qualification certificates could receive a reimbursement from the Group.

Given the business nature, the Group's training can mainly be split into safety management and technical knowledge.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Employment and Labour Practices (CONTINUED)

B.3. Development and Training (CONTINUED)

Safety Management Training

The Safety, Environmental Protection, Production and Technology Department assists the General Office in formulating an annual safety training plan. The Safety, Environmental Protection, Production and Technology Department is responsible for organising relevant business departments and production units to carry out group-wide and company-level safety educational courses and workshops. Each production unit launches workshop-level safety training on a regular basis according to the annual safety training plan. Personnel from relevant business departments and production units need to participate in the Three-Level Safety Training (三級安全培訓) and fills in the “Training Attendance Form”. The General Office, Safety, Environmental Protection, Production and Technology Department and the production unit regularly perform the assessment of the Three-Level Safety Training.

Technical Knowledge Training

The Safety, Environmental Protection, Production and Technology Department, mining sites and mineral processing workshops are collectively responsible for the technical knowledge training. The Group organises its employees to keep learning the latest production processes, familiarising themselves with the characteristics of main facilities of the workshop, and mastering the performance of the machines, equipment and tools. When introducing a new process, technology, equipment and material, the operator shall be trained by the technical personnel of the supplier, and strictly follow the technological processes and requirements to operate equipment. The Group provides training of business skills and knowledge for employees in key positions every six months with assessments, and archives all training plans, teaching documents, curriculums and other relevant information in the corporate training files.

In FY2022, a multitude of training opportunities were provided to employees by the Group, including but not limited to Mineral Processing Technology and Control (選礦技術及控制), the latest Law of the People’s Republic of China on Work Safety (安全生產法), Factors affecting Floatation Process Learning and Training (影響浮選工藝的因素學習培訓), Budget Quota for Shaft Engineering Learning (井巷工程預算定額), Safety Regulations for Metal and Nonmetal Mines (2021 edition) (金屬非金屬礦山安全規程(2021版)), Pump Starter Cabinet Control Principle Learning and Training (水泵啟動櫃控制原理學習培訓).

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Employment and Labour Practices (CONTINUED)

B.4. Labour Standards

Respecting for and protecting labour rights is a central part of the Group's sustainability vision. In FY2022, the Group abided by the Employment Ordinance (Cap. 57 of the Laws of Hong Kong), the Labour Law of the People's Republic of China (中華人民共和國勞動法) and other related labour laws and regulations in Hong Kong and the PRC to prohibit any child and forced labour employment. To combat illegal employment of child labour, underage workers and forced labour, the Group's Human Resource Department requires all job applicants to provide valid identity documents to ensure that they are lawfully employable prior to the confirmation of any employment. The Group's Human Resource Department is responsible for the performance of corporate policies and practices with the relevant laws and regulations that prohibit child labour and forced labour. The subsidiaries of the Group report on its new hires and the Group reviews all employment information on a monthly basis. Once any case that fails to comply with the relevant labour laws, regulations or standards is found, the relevant employment contract will be immediately terminated and the individuals responsible for the management of human resources will be disciplined accordingly.

In FY2022, the Group was in compliance with the relevant laws and regulations, in relation to the prevention of child and forced labour that have a significant impact on the Group.

Operating Practices

B.5. Supply Chain Management

As a socially responsible enterprise, the Group has invariably been committed to maintaining a sustainable and reliable value chain by considering the environmental and social risks. With the effective implementation of supply chain management policies of the Group, all operating subsidiaries of the Group effectively managed its suppliers in FY2022.

As a gold mining operator, the Group's main suppliers include partners providing machinery and equipment, raw materials and labour and transportation services for the Group. Regarding the gold recycling business, the main suppliers include partners providing gold related materials and subcontractors providing the gold refining services. In the selection of eligible suppliers that meet corporate requirements and comply with relevant laws and regulations, the Group has established a supply chain management ledger system, which enables the Group to effectively classify and register suppliers according to supply categories, corporate strengths and other factors. The Group prioritises the suppliers with good credibility and reputation, industry qualifications, best product quality, fair quotation and experience, and assesses the candidates through inquiries, onsite investigation, benchmarking, bidding and other channels. Normally, the department submits the plan of procurement for the approval of the management. The Procurement Department is responsible for the submission of procurement application and purchasing relevant materials.

The Group keeps monitoring the performance of its suppliers and its supply chain practice on a continuous basis through engagement. The Group requires that all its suppliers and contractors follow the policy that has been agreed upon in the contract during the business partnership with Group. The Group regularly evaluates its supplier chain to avoid major risks. An emergency plan will be timely activated by which the Group organises professionals and allocates emergency fund to minimise the risk and prevent subsequent losses. The Group has formulated "Supplier Management Procedures" (供應商管理辦法) and other internal policies, to manage its suppliers who are required to consistently conform to the Group's policies.

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Operating Practices (CONTINUED)

B.5. Supply Chain Management (CONTINUED)

Social and Environmental Risk Control

To identify and minimise the underlying social and environmental risks that might arise from its supply chain, the Group's Procurement Department is responsible for preventing any potential threats and monitoring the process in collaboration with its suppliers. The Group ensures that each business division has specific employee(s) in charge of the communication with its suppliers. To effectively control the risks, the Group has implemented the following practices:

- Perform interviews with suppliers, through which the Group assesses its suppliers' environmental performance and compliance, in particular their significant environmental hazards in operations;
- Evaluate the candidate suppliers' legality, technical level, production capacity, quality assurance and industry certificates regularly;
- Maintain close contact with suppliers to adapt to any potential changes that might affect the stability of supply chain;
- Pay attention to the suppliers' progress in improving the performance of abiding by labour standards, human rights, code of conduct, anti-corruption policies, and health and safety-related standards;
- Strengthen internal collaboration and participation in supplier selection and management;
- Promote the integration of Green Procurement into operations, by taking into considerations energy efficiency, geographic locations, environmental management related certificates and other criteria, such as whether the dust collector and water purification system have been installed in accordance with relevant national requirements, in supplier selection and collaboration, and aim to enlarge its influence to more partners in the value chain to make changes towards environmentally friendly business models.

In the future, the Group will continue to strengthen the scientific management of supplier's online platform system, and automatically and more accurately classify and evaluate its suppliers' performance. During the year under review, the Group had a total of 29 major suppliers located in the PRC with whom the Group did not experience any material delays, conflict or other significant accidents. The Group's supply chain management policy applies to all its major suppliers and approximately 97% of its suppliers are covered by the Group's Green Procurement principle in collaborations.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Operating Practices (CONTINUED)

B.6. Product Responsibility

In pursuit of a high level of reliability, quality and robustness of products and services, the Group has adhered to its business operation philosophy of “Steady operation, Pioneering and innovative, Upholding integrity, and Enhancing social responsibility (穩健經營、開拓創新、篤守誠信、增強社會責任感), aiming to fulfil its product responsibility, namely “People-Oriented, Quality Assurance, Environmental Protection and Scientific Management” (以人為本、保證質量、保護環境、科學管理).

With regard to the Group’s health and safety, advertising, labelling and privacy matters of its products and services, the Group was in compliance with the relevant rules, regulations and standards in the PRC and Hong Kong in FY2022, including:

- Product Quality Law of the People’s Republic of China (中華人民共和國產品質量法);
- Mineral Resources Law of the People’s Republic of China (中華人民共和國礦產資源法);
- The Notice of Gold Tax Policy (關於黃金稅收政策問題的通知); and
- Ambient air quality standards (環境空氣質量標準).

Product quality and operation safety

The major products of the Group are gold concentrate and gold bullion. To produce consistently top-notch products that satisfy customers’ needs, the Group insists on the production of high quality gold concentrate and gold bullion, which is “No Impurity and Uniform Colour”. In particular, the Group has formulated a series of strict rules and brought in effective measures in an effort to standardise the production and sale process, including the requirements of the laboratory report (檢驗結果報告單), water content test report (水分檢測報告單), gold concentrate delivery measurement order (金精礦出庫計量單), gold concentrate mental concentration confirmation slip (金精礦金屬含量確認單) and gold concentrate advice of settlement (金精礦銷售結算單).

Regarding the gold bullion, the Group also formulated a series of strict rules and effective measures in an effort to standardise the supplying and refining process and ensuring the product quality, including but not limited to using the spectroscopic gold detector to test the gold related materials. The Group also choose the refining subcontractors from the nationally recognised list to ensure the quality of the refining subcontractors.

VII. SOCIAL SUSTAINABILITY *(CONTINUED)*

Operating Practices *(CONTINUED)*

B.6. Product Responsibility *(CONTINUED)*

Product quality and operation safety (CONTINUED)

The Group's products quality must strictly meet certain requirements under different indicators. To support the quality assurance, the relevant personnel responsible for quality control is assessed on a regular basis. The production process is monitored and regulated by a series of parameters. An automated management process has been applied through the entire production process. To control product quality, the Group has formulated and implemented internal policies, including the Product Plan Management, Production Process Management, Engineering Management, Equipment Management and Production Compliance Management. In compliance with relevant international and national standards in the mining industry, the Group has acted in accordance with YS/T 3004-2011 Gold Concentrate (金精礦行業標準) in quality classification in order to deliver reliable and trustworthy products to its clients. The key production aspects such as the ore dressing test and quality measurement of the flotation-enriched gold concentrate, are supervised and monitored strictly by the Group's functional units, including mineral processing workshops and Internal Quality and Technique Control Station. Specifically, the Internal Quality and Technique Control Station is responsible for the sampling, testing and issuing certification on the quality of gold. Before the delivery of gold concentrate, the sample extraction is conducted by the person designated by the buyer under the supervision of the sales team. The sample must be put in clean and dry vessels, and transferred to the laboratory of the Quality and Technique Control Station for testing. The experimenter performs chemical examinations and the final test report should be signed by relevant staff on the test report. In FY2022, the Group did not encounter any products subject to recalls.

As part of its environmental stewardship and safety protection policies, tailing management has been vital to the Group. The Group has set up comprehensive tailing dam management plans and performed safety inspections regularly to ensure that its operations do not jeopardise the wellbeing of surrounding residents:

- Project geological surveys and stability analysis of the tailing dam are carried out when the pond accumulation is up to two-thirds of the designed height;
- To ensure the good permeability and stability of the tailing dam, upstream tailing ores are dispersed evenly so that both the coarse and fine particulates can be deposited in the correct place;
- The length and slope of the sedimentation beach are verified to meet the requirement in design, preventing the slurry from brushing the dam body;
- In later stage, the internal and external slopes of the dam are built strictly based on the requirements in terms of factors including the stacking quality and the uniform rise of the dam to avoid significant height difference between the two ends of the dam axis;
- The inner water edge line is maintained parallel to the dam axis; and
- Seepage prevention and drainage of the dam are maintained through practices including building the flood interception ditch at the dam abutment, reducing the dam body's infiltration line and preventing mountain torrents from scouring the dam body.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Operating Practices (CONTINUED)

B.6. Product Responsibility (CONTINUED)

Complaint handling, Privacy matters & Advertising

The general office (綜合辦公室) of the PRC subsidiaries is responsible for dealing with customers' complaints. As the Group values clients' feedback, a follow-up mechanism is initiated and set up timely once any complaint is received. After investigation, the Group makes corresponding rectifications based on the results and notifies the result to the complainant in a timely manner.

The Group abided by the laws in relation to customer privacy and ensures that its customers' rights are strictly protected, including Law of the People's Republic of China on the Protection of Consumer Rights and Interests (中華人民共和國消費者權益保護法); and Personal Data (Privacy) Ordinance (Cap. 486 of the Laws of Hong Kong) in FY2022. According to the confidentiality terms in the contract, employees are not allowed to disclose any information of the Group and its customers to any third party. Information collected by the Group from its customers would be used only for the purpose for which it has been collected. In FY2022, the Group did not receive any complaint or was involved in any legal case concerning breaches of customer privacy and losses of customer data.

In compliance with the Advertising Law of the People's Republic of China (中華人民共和國廣告法), the Group's Marketing Department is responsible for verifying and providing accurate marketing materials in line with applicable laws and regulations to the public and its clients, supported by multiple departments.

Given the business nature of the Group, the labelling, intellectual property rights and recall-related matters are relatively insignificant or not applicable to the Group. In FY2022, the Group was in compliance with the relevant laws and regulations regarding health and safety, advertising, labelling and privacy matters of its products and services that have a significant impact on the Group. Looking ahead, the Group will keep adjusting its thinking towards value-oriented mindset and commits to forge a business that manufactures unique and leading products and services. To this end, the Group continues to solidify its absolute leading uniqueness, precision and authority in the business field, and establish a multi-dimensional and systematic competitive advantage in the high-precision field.

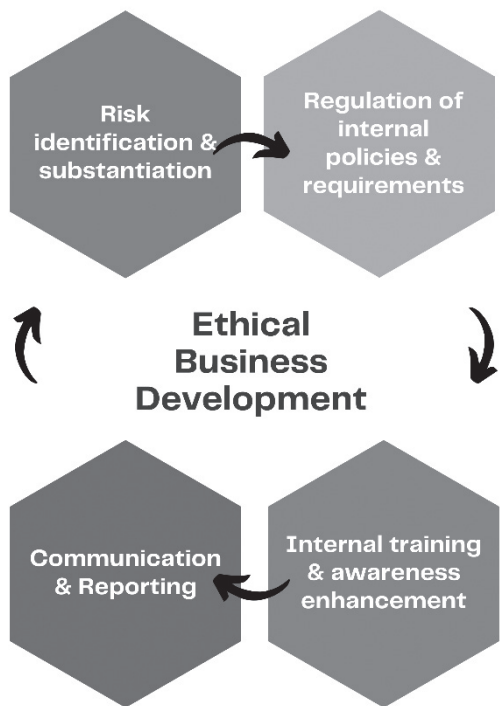

B.7. Anti-corruption

The Group is deeply aware that maintaining a sound anti-corruption culture and system throughout the organisation protects the Group against the risk of the reputation being stained and a decline in the value of business. The Group has committed to maintaining a workplace free from corruption and requires that all employees behave in compliance with the requirements set forth in the code of conduct and internationally recognised standards for ethical behaviour. In FY2022, the Group abided by the laws and regulations relating to anti-corruption and bribery in the PRC and Hong Kong, including the Anticorruption Law of the People's Republic of China (中華人民共和國反腐敗法), the Law of the People's Republic of China on Anti-money Laundering (中華人民共和國反洗錢法), Interim Provisions on Banning Commercial Bribery (關於禁止商業賄賂行為的暫行規定), the Anti-Money Laundering and Counter-Terrorist Financing Ordinance (Cap. 615 of the Laws of Hong Kong), and the Prevention of Bribery Ordinance (Cap. 201 of the Laws of Hong Kong).

VII. SOCIAL SUSTAINABILITY (CONTINUED)

Operating Practices (CONTINUED)

B.7. Anti-corruption (CONTINUED)

The Group has zero tolerance for any practice in relation to bribery and corruption, and has strictly enforced its anti-corruption internal policies, such as its Staff Handbook (員工手冊), to manage any fraudulent practices. The Group advocates the conformance to professional ethics of law-abiding, honesty, integrity and dedication. All employees should safeguard the interests of the Group and be responsible for the wellbeing of society. For those who have violated professional ethics and caused significant economic losses to the Group, the Group will take immediate actions in accordance with the laws and regulations. In the recruitment or appointment of employees, the Group upholds the principle of addressing nepotism. The Group promotes mutual supervision between superiors and subordinates in the organisation to prevent bribery, extortion, fraud and money-laundering. The Group has formulated a draconian Group-level internal control management system that supervises its business departments to prevent corruption. During the year under review, no concluded legal cases regarding corrupt practices were brought against the Group or its employees.

As part of its anti-corruption strategy, the Group’s latest anti-corruption policy was sent to all staff in Hong Kong office for their review and compliance. All staff with party membership signed the Member’s Personal Integrity and Self-Discipline Commitment Letter (黨員個人廉潔自律承諾書) to promise their compliance with the Group’s anti-corruption policy. In FY2022, the Group had around 2-hour internal training related to anti-corruption with its employees.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

VII. SOCIAL SUSTAINABILITY *(CONTINUED)*

Operating Practices *(CONTINUED)*

B.7. Anti-corruption *(CONTINUED)*

Whistle-blowers can report verbally or in writing to the Human Resource Department of the Group for any suspected misconduct with full details of the incident and supporting evidence. The Human Resource Department of the Group is responsible for carrying out investigations against any suspected or illegal behaviour to protect the Group's interests. The Group has set up an effective grievance mechanism to protect whistle-blowers from unfair dismissal or victimisation. Where any crime is substantiated by the Group, a report will be submitted promptly to relevant regulators or law enforcement authorities when the management of the Group considers it necessary.

In FY2022, the Group was in compliance with relevant laws and regulations in relation to bribery, extortion, fraud and money laundering that have a significant impact on the Group.

Community

B.8. Community Investment

The Group has been fully aware of its corporate citizenship and committed to volunteering and providing financial support to the disadvantaged community groups over these years. The Group is dedicated to encouraging and engaging its employees on a variety of different levels to drive sustainability and welfare of communities where it operates, in response to the national Common Prosperity initiative, and has focused its community investment and efforts mainly on supporting community education, green development of infrastructure as well as cultural and sports activities.

In FY2022, the Group organised and participated in a number of community events. For instance, the Group continued to financially support the education of students in the high school and made donations to nearby villages, counties and units that were in close contact with the Group, as well as provided support to the distribution point of anti-epidemic service. Specifically, the Group sponsored RMB200,000 to Tongguan County Financial Service Bureau (潼關縣財政局) as anti-epidemic donation and donated RMB200,000 to Tongguan County Charitable Association (潼關縣慈善協會) for charitable purpose.

Looking forward, the Group will unswervingly fulfil its social responsibility by being a trailblazer in strengthening its bond with local communities and exploring more opportunities to create value for society.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF TONGGUAN GOLD GROUP LIMITED (潼關黃金集團有限公司)
(incorporated in Bermuda with limited liability)

OPINION

We have audited the consolidated financial statements of Tongguan Gold Group Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 100 to 175, which comprise the consolidated statement of financial position as at 31 December 2022, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSA”) issued by the HKICPA. Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the HKICPA’s “Code of Ethics for Professional Accountants” (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITOR'S REPORT

Impairment assessment of exploration and evaluation assets, property, plant and equipment and goodwill

As at 31 December 2022, the carrying amounts of the Group's exploration and evaluation assets and property, plant and equipment relating to the gold mining operation amounted to approximately HK\$1,305,913,000 and HK\$1,391,712,000, respectively, details of which are disclosed in notes 16 and 15 to the consolidated financial statements. Based on the impairment assessments, the management concluded that no impairment loss is required to be made against the Group's exploration and evaluation assets and property, plant and equipment for the year ended 31 December 2022.

As disclosed in note 17 to the consolidated financial statements, the carrying amount of goodwill of the Group relating to the gold mining operation is approximately HK\$599,352,000 at 31 December 2022 and no impairment loss is required to be recognised on goodwill in the Group's profit or loss in respect of the year ended 31 December 2022.

We identified the impairment assessment of exploration and evaluation assets, property, plant and equipment and goodwill relating to the gold mining operation as a key audit matter due to significant judgements and estimations are required by the management in assessing the impairment of these assets and the significance of their carrying amounts recognised in the consolidated financial statements.

The management assessed the impairment of these assets by comparing its recoverable amount with the carrying amount at the end of the reporting period. The recoverable amount was determined with reference to the value in use of the cash-generating unit ("CGU"), by applying a suitable discount rate, growth rates and expected changes in selling prices of gold and direct costs in order to calculate the value in use.

How our audit addressed the key audit matter:

Our procedures in relation to evaluating the impairment assessment of exploration and evaluation assets, property, plant and equipment and goodwill relating to the gold mining operation included:

- Understanding the key controls relating to the impairment assessment process used by the management including the value in use calculation;
- Evaluating the competence, capabilities and objectivity of the valuer;
- Evaluating the reasonableness of the assumptions made by the management in determining the value in use of these assets relating to the gold mining operation, including the suitable discount rate, growth rates and expected changes in selling prices of gold and direct costs; and
- Evaluating management's assessment of the potential impact on the value in use calculations due to reasonably possible changes on growth rates and discount rate.

INDEPENDENT AUDITOR'S REPORT

Assessment of the Group's ability to continue as a going concern

Refer to note 3 to the consolidated financial statements.

At 31 December 2022, the Group had net current liabilities of approximately HK\$531,687,000, total borrowings of approximately HK\$160,905,000 and capital commitments of approximately HK\$11,060,000.

The Group finances its operating and exploration and development activities using a combination of cash on hand and operating and financing cash flows, which are generated mainly from the sales of gold and borrowings.

Based on the cash flow forecast of the Group, the management has concluded that the Group has adequate resources to remain in operation, and that the Directors intend it to do so, for at least one year from the date of the consolidated financial statements.

We identified the assessment of the Group's ability to continue as a going concern as a key audit matter because the assessment is dependent upon certain management assumptions and judgements, in particular in relation to the availability of the future revenue from sales of gold and the ability of the Group to renew or obtain new financing facilities upon expiry of the existing financing facilities, which may be inherently uncertain and could be subject to management bias.

How our audit addressed the key audit matter:

Our audit procedures in relation to the assessment of the Group's ability to continue as a going concern included:

- Walking through the business planning process and assessing the design, implementation and operating effectiveness of management's key internal controls over the assessment of the Group's ability to continue as a going concern, including the preparation of cash flow forecast;
- Evaluating the key assumptions adopted by management in the preparation of the cash flow forecast including, comparing future gold prices with gold futures contracts in the market; comparing forecast production quantities and future cost projections with historical information for the past two years;
- Comparing future expected cash flows with historical data and assessing whether any variations were consistent with our expectations based on our understanding of the Group's business;
- Considering the accuracy and reliability of past cash flow forecasts made by management by comparing them with the current year's results;
- Comparing the available financing facilities and arrangements to underlying documentation and assessing the impact of any covenants and other restrictive terms attached thereto;
- Assessing the sensitivities of the key assumptions adopted by management in the going concern assessment and considering whether management had incorporated any bias in the selection of such assumptions; and
- Evaluating the disclosures in the consolidated financial statements in respect of the going concern assumption with reference to the requirements of the prevailing accounting standards.

INDEPENDENT AUDITOR'S REPORT

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGE WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

1. GENERAL INFORMATION

Tongguan Gold Group Limited (the “Company”) is incorporated in Bermuda as an exempted company with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). Its registered office is at Clarendon House, 2 Church Street, Hamilton HM11, Bermuda and its principal place of business is at Room 1306, 13th Floor, Bank of America Tower, 12 Harcourt Road, Admiralty, Hong Kong. The information of shareholders are disclosed in the directors’ report to the annual report. The Company is an investment holding company.

The Company and its subsidiaries (hereinafter collectively referred to as the “Group”) are principally engaged in (i) gold mining operation, which includes exploration, mining, processing and sale of gold concentrates and related products, and (ii) gold recycling, which is purchasing the gold related materials, refining and sale of gold bullion. The Group’s gold mining operation and gold recycling are mainly carried out in the People’s Republic of China (the “PRC”).

The functional currency of the Group’s operating subsidiaries is Renminbi (“RMB”), while the consolidated financial statements are presented in Hong Kong dollars (“HK\$”) which is also the Company’s functional currency, for the convenience of the investors as its shares are listed on the Stock Exchange. All values are rounded to the nearest thousand except when otherwise indicated.

2. APPLICATION OF AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) that are relevant to the Group for the first time, which are mandatorily effective for the annual periods beginning on or after 1 January 2022 for the preparation of the consolidated financial statements:

Amendments to HKFRS 3	Reference to the Conceptual Framework
Amendment to HKFRS 16	Covid-19-Related Rent Concessions beyond 30 June 2021
Amendments to HKAS 16	Property, Plant and Equipment: Proceeds before Intended Use
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract
Amendments to HKFRSs	Annual Improvements to HKFRSs 2018 – 2020

The application of the amendments to HKFRSs in the current year had no material impact on the Group’s consolidated financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

Impacts on application of Amendments to HKFRS 3 Reference to the Conceptual Framework

The Group has applied the amendments to business combinations for which the acquisition date was on or after January 1, 2022. The amendments update a reference in HKFRS 3 Business Combinations so that it refers to the Conceptual Framework for Financial Reporting 2018 issued in June 2018 (the “Conceptual Framework”) instead of Framework for the Preparation and Presentation of Financial Statements (replaced by the Conceptual Framework for Financial Reporting 2010 issued in October 2010), add a requirement that, for transactions and events within the scope of HKAS 37 Provisions, Contingent Liabilities and Contingent Assets or HK(IFRIC)-Int 21 Levies, an acquirer applies HKAS 37 or HK(IFRIC)-Int 21 instead of the Conceptual Framework to identify the liabilities it has assumed in a business combination and add an explicit statement that an acquirer does not recognize contingent assets acquired in a business combination.

The application of the amendments in the current year has had no impact on the Group’s consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

2. APPLICATION OF AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17)	Insurance Contracts ¹
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ²
Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback ³
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) ¹
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies ¹
Amendments to HKAS 8	Definition of Accounting Estimates ¹
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current ³
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction ¹

¹ Effective for annual periods beginning on or after 1 January 2023.

² Effective for annual periods beginning on or after a date to be determined.

³ Effective for annual periods beginning on or 1 January 2024.

The directors of the Company anticipate that the application of all other new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

Amendments to HKAS 1 and HKFRS Practice Statement 2 Disclosure of Accounting Policies

HKAS 1 is amended to replace all instances of the term “significant accounting policies” with “material accounting policy information”. Accounting policy information is material if, when considered together with other information included in an entity’s financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The amendments also clarify that accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material. If an entity chooses to disclose immaterial accounting policy information, such information must not obscure material accounting policy information.

HKFRS Practice Statement 2 Making Materiality Judgements (the “Practice Statement”) is also amended to illustrate how an entity applies the “four-step materiality process” to accounting policy disclosures and to judge whether information about an accounting policy is material to its financial statements. Guidance and examples are added to the Practice Statement.

The application of the amendments is not expected to have significant impact on the financial position or performance of the Group but may affect the disclosures of the Group’s significant accounting policies. The impacts of application, if any, will be disclosed in the Group’s future consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

2. APPLICATION OF AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

New and amendments to HKFRSs in issue but not yet effective (CONTINUED)

Amendments to HKAS 8 Definition of Accounting Estimates

The amendments define accounting estimates as “monetary amounts in financial statements that are subject to measurement uncertainty”. An accounting policy may require items in financial statements to be measured in a way that involves measurement uncertainty – that is, the accounting policy may require such items to be measured at monetary amounts that cannot be observed directly and must instead be estimated. In such a case, an entity develops an accounting estimate to achieve the objective set out by the accounting policy. Developing accounting estimates involves the use of judgements or assumptions based on the latest available, reliable information.

In addition, the concept of changes in accounting estimates in HKAS 8 is retained with additional clarifications.

The application of the amendments is not expected to have significant impact on the Group’s consolidated financial statements.

3. BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with all Hong Kong Financial Reporting Standards (“HKFRSs”), Hong Kong Accounting Standards (“HKASs”) and Interpretations (hereinafter collectively referred to as the “HKFRSs”) and the disclosure requirements of the Hong Kong Companies Ordinance. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange (the “Listing Rules”).

The consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 “Share-based Payment”, leasing transactions that are accounted for in accordance with HKFRS 16 “Leases”, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 “Inventories” or value in use in HKAS 36 “Impairment of Assets”.

For financial instruments which are transacted at fair value and a valuation technique that unobservable inputs is to be used to measure fair value in subsequent periods, the valuation technique is calibrated so that at initial recognition the results of the valuation technique equals the transaction price.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

3. BASIS OF PREPARATION *(CONTINUED)*

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Basis of measurement and going concern assumption

The Group had net current liabilities of approximately HK\$531,687,000 at 31 December 2022.

Notwithstanding the above, the consolidated financial statements have been prepared on a going concern basis as the Directors have given careful consideration to the current and anticipated future liquidity needs of the Group and is satisfied that the loan facilities from the Group's financial institutions for its working capital requirement for the next twelve months will be available as and when required, having regard to the following: (i) renewal of financing facilities and (ii) enhancing the Group's operational efficiency and implementing cost control measures. The Group will actively negotiate with the financial institution for the renewal of the Group's borrowings when they fall due in order to secure necessary funds to meet the Group's working capital and financial requirements in the foreseeable future. In the opinion of the Directors, the Group will be able to roll over or refinance the borrowings upon their maturity.

Having taken into account the above, the Directors consider that the Group will have sufficient financial resources to meet in full its working capital requirements and financial obligations as and when they fall due in the foreseeable future. Accordingly, the consolidated financial statements have been prepared on a going concern basis.

Should the Group be unable to continue as a going concern, adjustments would have to be made to restate the values of the assets to their recoverable amounts, to provide for any further liabilities which might arise and to classify non-current assets and liabilities as current assets and liabilities respectively. The effects of these potential adjustments have not been reflected in these consolidated financial statements.

4. SIGNIFICANT ACCOUNTING POLICIES

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Group. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Basis of consolidation *(CONTINUED)*

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity, which represent present ownership interests entitling their holders to a proportionate share of the net assets of the relevant subsidiaries upon liquidation.

Goodwill

Goodwill arising from an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination, which represents the lowest level at which goodwill is monitored for internal management purposes and not larger than an operating segment.

A cash-generating unit (or groups of cash-generating units) to which goodwill has been allocated is tested for impairment annually or more frequently when there is an indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the cash-generating unit (or groups of cash-generating units) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro-rata basis based on the carrying amount of each asset in the unit (or groups of cash-generating units).

On the disposal of the relevant cash-generating unit or any of the cash-generating unit within the group of cash-generating units, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal. When the Group disposes of an operation within the cash-generating unit (or a cash-generating unit within a group of cash-generating units), the amount of goodwill disposed of is measured on the basis of the relative values of the operation (or the cash-generating unit) disposed of and the portion of the cash-generating unit (or the group of cash-generating units) retained.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: power over the investee; exposure, or rights, to variable returns from the investee; and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment losses, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Interest in an associate

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor a joint arrangement. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

The results of associates are accounted for in the consolidated financial statements using the equity method whereby they are initially recognised at cost and thereafter, their carrying amount are adjusted for the Group's share of the post-acquisition change in the associates' net assets except that losses in excess of the Group's interest in the associate are not recognised unless there is an obligation to make payments for those excess losses.

The financial statements of associates used for equity accounting purposes are prepared using uniform accounting policies as those of the Group for like transactions and events in similar circumstances.

The Group assesses whether there is an objective evidence that the interest in an associate may be impaired. When an objective evidence exists, the entire carrying amount of the investment is tested for impairment in accordance with HKAS 36 as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount.

Profits and losses arising on transactions between the Group and its associates are recognised only to the extent of unrelated investors' interests in the associate. The investor's share in the associate's profits and losses resulting from these transactions is eliminated against the carrying value of the associate. Where unrealised losses provide evidence of impairment of the asset transferred they are recognised immediately in profit or loss.

Any premium paid for an associate above the fair value of the Group's share of the identifiable assets, liabilities and contingent liabilities acquired is capitalised and included in the carrying amount of the associate. Where there is objective evidence that the investment in an associate has been impaired, the carrying amount of the investment is tested for impairment in the same way as other non-financial assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, that is, when “control” of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a goods or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group’s performance as the Group performs;
- the Group’s performance creates or enhances an asset that the customer controls as the Group performs; or
- the Group’s performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct goods or service.

The Group recognises revenue on sale of gold concentrates and related products and gold bullion at a point in time when control of the goods has transferred, being when the goods are delivered to the customer at the designated point. Transportation and other related activities that occur before customers obtain control of the related goods are considered as fulfilment activities.

A contract liability represents the Group’s obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

Existence of significant financing component

In determining the transaction price, the Group adjusts the promised amount of consideration for the effects of the time value of money if the timing of payments agreed (either explicitly or implicitly) provides the customer or the Group with a significant benefit of financing the transfer of goods or services to the customer. In those circumstances, the contract contains a significant financing component. A significant financing component may exist regardless of whether the promise of financing is explicitly stated in the contract or implied by the payment terms agreed to by the parties to the contract.

For contracts where the period between payment and transfer of the associated goods or services is less than one year, the Group applies the practical expedient of not adjusting the transaction price for any significant financing component.

Other income

Interest income is accrued on a time basis on the principal outstanding at the applicable interest rate.

Rental income is recognised on a time proportion basis over the lease terms.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of property, plant and equipment includes its purchase price and the costs directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised as an expense in profit or loss during the period in which they are incurred.

Property, plant and equipment, except for mining structures, are depreciated so as to write off their costs net of expected residual values over their estimated useful lives on a straight-line basis. The useful lives, residual values and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period. The estimated useful lives are as follows:

Buildings	Shorter of lease term of land or 10-40 years
Plant and machinery	3-10 years
Furniture, fixtures and equipment	5-10 years
Motor vehicles	4-10 years

Mining structures located in the mining site are depreciated using the Unit-of-Production ("UOP") method to write-off cost of the assets proportionately to the extraction of the proven and probable mineral reserves. A stripping activity asset is accounted for as an addition to, or as an enhancement of, an existing asset and classified as tangible or intangible assets in according to the nature of the existing asset of which it forms part.

Construction in progress represents mining structures, buildings and machinery in the course of construction for production or for its own use purposes. Construction in progress is stated at cost less impairment losses. Cost comprises direct costs of construction as well as borrowing costs capitalised during the periods of construction and installation. Capitalisation of these costs ceases and the construction in progress is transferred to the appropriate class of property, plant and equipment when substantially all the activities necessary to prepare the assets for their intended use are completed. No depreciation is provided for in respect of construction in progress until it is completed and ready for its intended use.

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount or if any indication of impairment is identified.

The gain or loss on disposal of an item of property, plant and equipment is the difference between the net disposal proceeds and its carrying amount, and is recognised in profit or loss on disposal.

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases (CONTINUED)

The Group as a lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group applies the practical expedient not to separate non-lease components from lease components, and instead accounts for the lease components and any associated non-lease components as a single lease component.

Short-term lease

The Group applies the short-term lease recognition exemption to lease that have a lease term of 12-months or less from the commencement date and do not contain purchase option.

Right-of-use assets

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received; and
- any initial direct costs incurred by the Group.

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments represent fixed payments (including in-substance fixed payment) less any lease incentives receivable.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group presents lease liabilities as a separate line item in the consolidated statement of financial position.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Leases *(CONTINUED)*

The Group as a lessor

Allocation of consideration to components of a contract

When a contract includes both leases and non-lease components, the Group applies HKFRS 15 to allocate consideration in a contract to lease and non-lease components. Non-lease components are separated from lease component on the basis of their relative stand-alone selling prices.

Exploration and evaluation assets

All costs directly associated with exploration and evaluation are initially capitalised. Subsequent to initial recognition, exploration and evaluation assets are stated at cost less any accumulated impairment loss. Exploration and evaluation assets are those expenditures for an area where technical feasibility and commercial viability has not been determined. Exploration and evaluation assets include acquisition of rights to explore, topographical, geological, geochemical and geophysical studies, exploratory drilling, sampling and trenching and activities in relation to evaluating the technical feasibility and commercial viability of extracting a mineral resource. Expenditure incurred prior to acquiring legal rights to explore an area is written off as incurred. Exploration and evaluation assets are written off to profit or loss if the exploration property is abandoned.

Exploration and evaluation assets which became demonstrable and reached the development phase are transferred to mining rights and property, plant and equipment. Exploration and evaluation assets are assessed for impairment annually and before reclassification.

Intangible assets (other than goodwill)

Intangible assets acquired separately with finite useful lives are initially recognised at cost. The cost of intangible assets acquired in a business combination is the fair value at the date of acquisition. Subsequently, intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Except for mining rights, amortisation is provided on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives are carried at cost less any accumulated impairment losses. The amortisation expense is recognised in profit or loss and included in administrative and other expenses.

Mining rights with finite useful lives are carried at cost less accumulated amortisation and any accumulated impairment loss. Amortisation is provided using the UOP method over the estimated total proven and probable mineral reserves within the terms of the mining license.

Impairment of intangible assets (other than goodwill)

Intangible assets with finite useful lives are tested for impairment when there is an indication that an asset may be impaired. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, irrespective of whether there is any indication that they may be impaired. Intangible assets are tested for impairment by comparing their carrying amounts with their recoverable amounts.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount.

An impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is accounted for in accordance with relevant accounting policy for the relevant asset.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of assets (other than financial assets)

At the end of each reporting period, the Group reviews the carrying amounts of the following assets to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- right-of-use assets;
- exploration and evaluation assets;
- other intangible assets;
- investments in subsidiaries in the Company's statement of financial position; and
- interest in an associate

Value in use is based on the estimated future cash flows expected to be derived from the asset or a cash-generating unit ("CGU"), discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

The recoverable amount of property, plant and equipment, right-of-use assets, exploration and evaluation assets, and other intangible assets are estimated individually. Where it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

If the recoverable amount (that is, the greater of the fair value less costs of disposal and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at a revalued amount under another HKFRS, in which case the impairment loss is treated as a revaluation decrease under that HKFRS.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised in profit or loss immediately, unless the relevant asset is carried at a revalued amount under another HKFRS, in which case the reversal of the impairment loss is treated as a revaluation increase under that HKFRS.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets at fair value through profit or loss (“FVTPL”)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets at FVTPL are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL, except that at the date of initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 “Business Combinations” applies.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial assets (CONTINUED)

Classification and subsequent measurement of financial assets (CONTINUED)

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or fair value through other comprehensive income as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

(i) *Amortised cost and interest income*

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

(ii) *Equity instruments designated as at fair value through other comprehensive income (“FVTOCI”)*

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the investment revaluation reserve; and are not subject to impairment assessment. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, and will be transferred to retained earnings.

Dividends from these investments in equity instruments are recognised in profit or loss when the Group’s right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment. Dividends are included in the other income line item in profit or loss.

Impairment of financial assets

The Group performs impairment assessment under expected credit loss (“ECL”) model on financial assets (including other receivables, amount due from an associate and bank balances) which are subject to impairment assessment under HKFRS 9 “Financial Instruments”. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL (“12m ECL”) represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessments are done based on the Group’s historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial assets (CONTINUED)

Impairment of financial assets (CONTINUED)

The Group always recognises lifetime ECL for trade receivables using HKFRS 9 simplified approach. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) *Significant increase in credit risk*

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial assets (CONTINUED)

Impairment of financial assets (CONTINUED)

(i) Significant increase in credit risk (CONTINUED)

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if (i) it has a low risk of default, (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when it has an internal or external credit rating of “investment grade” as per globally understood definitions.

For financial guarantee contracts, the date the Group becomes a party to the irrevocable commitment is considered to be the date of initial recognition for the purpose of assessing impairment. In assessing whether there has been a significant increase in credit risk since initial recognition, the Group considers the changes in risk that the specified debtor will default on the contract.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full.

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial assets (CONTINUED)

Impairment of financial assets (CONTINUED)

(iii) Credit-impaired financial assets (CONTINUED)

- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider; or
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

For a financial guarantee contract, the Group is required to make payments only in the event of a default by the debtor in accordance with the terms of the instrument that is guaranteed. Accordingly, the ECL is the present value of the expected payments to reimburse the holder for a credit loss that it incurs less any amounts that the Group expects to receive from the holder. If the effective interest cannot be determined, the Group will apply discount rate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial assets (CONTINUED)

Impairment of financial assets (CONTINUED)

(v) *Measurement and recognition of ECL (CONTINUED)*

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment loss or reversal of impairment loss in profit or loss for all financial instruments by adjusting their carrying amount.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit and loss.

On derecognition of an investment in equity instrument which the Group has elected on initial recognition to measure at FVTOCI upon application of HKFRS 9, the cumulative gain or loss previously accumulated in the investment revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings.

Financial liabilities and equity

Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Purchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities at amortised cost

Financial liabilities including other payables, and bank and other borrowings are subsequently measured at amortised cost, using the effective interest method.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Financial liabilities and equity *(CONTINUED)*

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Financial guarantee contract

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. A financial guarantee contract issued by the Group and not designated as at FVTPL is recognised initially at its fair value less transaction costs that are directly attributable to the issue of the financial guarantee contract. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount of the loss allowance, being the ECL provision measured; and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised over the guarantee period.

Inventories

The Group's inventories include raw materials, work in progress, finished goods and consumable materials.

Inventories are initially recognised at cost, and subsequently at the lower of cost and net realisable value. Cost of inventories comprises all costs of purchase, costs of processing and other expenditures incurred in bringing the inventories to their present location and condition. Cost is calculated using the weighted average method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

Income taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before taxation because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Income taxes *(CONTINUED)*

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary differences arise from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purpose of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 “Income Taxes” requirements to right-of-use assets and lease liabilities separately. Temporary differences relating to right-of-use assets and lease liabilities are not recognised at initial recognition and over the lease terms due to application of the initial recognition exemption. Temporary differences arising from subsequent revision to the carrying amounts of right-of-use assets and lease liabilities, resulting from remeasurement of lease liabilities and lease modifications, that are not subject to initial recognition exemption are recognised on the date of remeasurement or modification.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Foreign currency

Transactions entered into by group entities in currencies other than the currency of the primary economic environment in which they operate (the “functional currency”) are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the end of reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised in other comprehensive income, in which case, the exchange differences are also recognised in other comprehensive income.

On consolidation, income and expense items of foreign operations are translated into the presentation currency of the Group (that is, HK\$) at the average exchange rates for the period, unless exchange rates fluctuate significantly during the period, in which case, the rates approximating to those ruling when the transactions took place are used. All assets and liabilities of foreign operations are translated at the rate ruling at the end of reporting period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity as translation reserve (attributed to minority interests as appropriate). Exchange differences recognised in profit or loss of group entities’ separate financial statements on the translation of long-term monetary items forming part of the Group’s net investment in the foreign operation concerned are reclassified to other comprehensive income and accumulated in equity as translation reserve.

On the disposal of a foreign operation, the cumulative exchange differences recognised in the translation reserve relating to that operation up to the date of disposal are reclassified to profit or loss as part of the profit or loss on disposal.

Goodwill and fair value adjustments on identifiable assets acquired arising on an acquisition of a foreign operation on or after 1 January 2005 are treated as assets and liabilities of that foreign operation and translated at the rate of exchange prevailing at the end of each reporting period. Exchange differences arising are recognised in the translation reserve.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Employee benefits

(i) Short term employee benefits

Short term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. Short term employee benefits are recognised in the period when the employees render the related service.

(ii) Defined contribution retirement plan

Contributions to defined contribution retirement plans are recognised as an expense in profit or loss when the services are rendered by the employees.

(iii) Termination benefits

Termination benefits are recognised on the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs involving the payment of termination benefits.

Share-based payments

Where share options are awarded to employees and others providing similar services, the fair value of the services received is measured by reference to the fair value of the options at the date of grant, using a binomial option pricing model. Such fair value is recognised in profit or loss over the vesting period with a corresponding increase in the share option reserve within equity. Non-market vesting conditions are taken into account by adjusting the number of equity instruments expected to vest at the end of each reporting period so that, ultimately, the cumulative amount recognised over the vesting period is based on the number of options that eventually vest. Market vesting conditions are factored into the fair value of the options granted. As long as all non-market vesting conditions are satisfied, a charge is made irrespective of whether the market vesting conditions are satisfied. The cumulative expense is not adjusted for failure to achieve a market vesting condition.

Where the terms and conditions of options are modified before they vest, the increase in the fair value of the options, measured immediately before and after the modification, is also recognised in profit or loss over the remaining vesting period.

Borrowing costs

Borrowing costs attributable directly to the acquisition, construction or production of qualifying assets which require a substantial period of time to be ready for their intended use or sale, are capitalised as part of the cost of those assets. Income earned on temporary investments of specific borrowings pending their expenditure on those assets is deducted from borrowing costs capitalised.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Provisions and contingent liabilities

Provisions are recognised for liabilities due to uncertainty in timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which it is probable will result in an outflow of economic benefits that can be reliably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Provisions for land reclamation and cavity refill costs and environmental rehabilitation are based on estimates of required expenditure on the mines in accordance with the relevant rules and regulations in the PRC. The Group estimates its liabilities for land reclamation and cavity refill, and environmental rehabilitation based upon detailed calculations of the amount and timing of the future cash expenditure to perform the required work, escalated for inflation, then discounted at a discount rate that reflects current market assessments of the time value of money and the risks specific to the liability such that the amount of provision reflects the present value of the expenditures expected to be required to settle the obligation. Provisions for land reclamation and cavity refill cost, and environmental rehabilitation are recognised in profit or loss in the period when the obligation is identified.

Government grant

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Related parties

- (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of key management personnel of the Group or the Company's parent.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Related parties (CONTINUED)

- (b) An entity is related to the Group if any of the following conditions apply:
- (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of the employees of the Group or an entity related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the group or to the group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, the directors of the Company (the "Directors") are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

In addition to information disclosed elsewhere in these financial statements, other key sources of estimation uncertainty that have significant risk of resulting a material adjustment to the carrying amounts of assets and liabilities within next financial year are as follows:

(i) *Mine reserves*

Engineering estimates of the Group's mine reserves are inherently imprecise and represent only approximate amounts because of the subjective judgements involved in developing such information. There are authoritative guidelines regarding the engineering criteria that have to be met before estimated mine reserves can be designated as "proved" and "probable". Proved and probable mine reserve estimates are updated on regular intervals taking into account recent production and technical information about each mine. In addition, as prices and cost levels change from year to year, the estimate of proved and probable mine reserves also changes. This change is considered a change in estimate for accounting purposes and is reflected on a prospective basis in related depreciation rates.

Despite the inherent imprecision in these engineering estimates, these estimates are used in determining depreciation expenses and impairment losses.

(ii) *Impairment of goodwill*

Determining whether goodwill is impaired requires an estimation of the recoverable amount of the CGU to which goodwill has been allocated. The recoverable amount is the higher of its fair value less costs of disposal and its value in use. In the absence of active market of the CGU, the Group determines fair values using valuation techniques which include discounted cash flow models, as well as other types of valuation models. Assumptions and inputs used in valuation techniques vary and depend on the nature of business of the CGU. Where discounted cash flow techniques are used, estimated cash flows are based on management's best estimates and a suitable discount rate. Where other pricing models are used, inputs are based on observable market data at the end of each reporting period. However, where market data are not available, management needs to make estimates on such unobservable market inputs based on assumptions. Changes in assumptions about these factors could affect the estimated fair value of the CGU. The value in use calculation requires the Directors to estimate the future cash flows expected to arise from the CGU and a suitable discount rate in order to calculate the present value.

As at 31 December 2022, the carrying amount of goodwill is approximately HK\$599,352,000 (2021: HK\$654,817,000). No impairment is recognised on the goodwill during both years and the information relating to the detail of the key assumptions used in assessing the recoverable amount of the CGUs which the goodwill has been allocated to is set out in Note 17.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(CONTINUED)*

Key sources of estimation uncertainty *(CONTINUED)*

(iii) Impairment of non-financial assets

The Group assesses at the end of each reporting period whether non-financial assets suffered any impairment in accordance with accounting policy stated in Note 4. The non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset exceeds its recoverable amount. The determination of recoverable amount requires an estimation of future cash flows and the selection of appropriate discount rates. Changes in these estimates could have a significant impact on the carrying value of the assets and could result in additional impairment charge or reversal of impairment in future periods, where applicable.

As at 31 December 2022, the carrying amounts of property, plant and equipment, right-of-use assets and other intangible assets of the Group are approximately HK\$1,391,712,000 (2021: HK\$1,396,068,000), HK\$29,097,000 (2021: HK\$34,813,000) and HK\$104,347,000 (2021: HK\$119,355,000), respectively.

(iv) Impairment of exploration and evaluation assets

Exploration and evaluation assets are assessed for impairment when circumstances suggest that the carrying amount may exceed its recoverable amount. The assessment of the recoverable amount involves judgment as to (i) the likely future commercial viability of the asset and when such commercial viability should be determined; (ii) future revenues based on forecasted gold prices; (iii) future development costs and production expenses; (iv) the discount rate to be applied to such revenues and costs for the purpose of deriving a recoverable amount; and (v) potential value to future exploration and evaluation activities of any geological and geographical data acquired. Any material adverse changes of these factors may cause impairment of the carrying value of the exploration and evaluation assets.

As at 31 December 2022, the carrying amount of exploration and evaluation assets of the Group is approximately HK\$1,305,913,000 (2021: HK\$1,467,151,000).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(CONTINUED)*

Key sources of estimation uncertainty *(CONTINUED)*

(v) Fair value measurement

A number of assets and liabilities included in the Group's consolidated financial statements require measurement at, and/or disclosure of, fair value.

The fair value measurement of the Group's financial and non-financial assets and liabilities utilises market observable inputs and data as far as possible. Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the 'fair value hierarchy'):

- Level 1: Quoted prices in active markets for identical items (unadjusted);
- Level 2: Observable direct or indirect inputs other than Level 1 inputs;
- Level 3: Unobservable inputs (that is, not derived from market data).

The classification of an item into the above levels is based on the lowest level of the inputs used that has a significant effect on the fair value measurement of the item. Transfers of items between levels are recognised in the period they occur.

Certain of the Group's financial assets measured at FVTOCI are disclosed in Note 36 and are measured at fair value.

(vi) Going concern and liquidity

As explained in Note 3 to the financial statements, the Group had net current liabilities of approximately HK\$531,687,000. The Directors consider that the Company has ability to continue as a going concern and details of which are set out in Note 3 to the consolidated financial statements.

6. REVENUE AND SEGMENT REPORTING

Segment revenue and results

Information is reported internally to the board of directors of the Company (the "Board"), being the chief operating decision maker, for the purposes of resource allocation and assessment of segment performance focuses on the types of goods delivered or services provided. This is also the basis upon which the Group is organised and specifically focuses on the Group's operating divisions.

During the second half of the current year, the Group commenced the business engaging in gold recycling in the PRC, and it is considered as a new reportable and operating segment by the Board. Accordingly, the Board reviews the business with the following reportable segments:

1. Gold mining operation – Exploration, mining, processing and sale of gold concentrate and related products in the PRC
2. Gold recycling – purchasing of gold related materials, refining and sale of gold bullion in the PRC

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

6. REVENUE AND SEGMENT REPORTING (CONTINUED)

The above segments have been identified on the basis of internal management reports prepared and regularly reviewed by the Board when making decisions about allocating resources and assessing performing of the Group.

The segment results represent the gross profit earned by each segment (segment revenue less segment cost of sales). Other income, other net gains and losses, administrative and other expenses, finance costs and income tax charge are not allocated to each reportable segment. This is the measure reported to the Board for the purpose of resource allocation and assessment of segment performance.

The information of segment results is as follows:

For the year ended 31 December 2022

	Gold mining operation HK\$'000	Gold recycling HK\$'000	Total HK\$'000
Revenue	406,442	838,422	1,244,864
Cost of sales	(268,057)	(837,312)	(1,105,369)
Segment results	138,385	1,110	139,495

For the year ended 31 December 2021

	Gold mining operation HK\$'000	Gold recycling HK\$'000	Total HK\$'000
Revenue	681,721	–	681,721
Cost of sales	(444,857)	–	(444,857)
Segment results	236,864	–	236,864

The reportable segment results are reconciled to profit after tax of the Group as follows:

	2022 HK\$'000	2021 HK\$'000
Reportable segment results	139,495	236,864
Unallocated income and expenses:		
Other income	3,115	1,308
Other net gains and losses	(1,161)	6,980
Administrative and other expenses	(61,599)	(60,032)
Finance costs	(9,353)	(6,669)
Profit before tax	70,497	178,451
Income tax charge	(13,491)	(23,151)
Profit for the year	57,006	155,300

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

6. REVENUE AND SEGMENT REPORTING (CONTINUED)

The Group's revenue are derived from contracts with customers recognised at a point in time during the year as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Revenue from contracts with customers within the scope of HKFRS 15:		
Exploration, mining, processing and sale of gold concentrates and related products	406,442	681,721
Sale of gold bullion	838,422	–
	1,244,864	681,721

The Group recognises revenue on sale of gold concentrates and related products and gold bullion at a point in time when control of the goods has transferred, being when the goods are delivered to the customer. Transportation and other related activities that occur before customers obtain control of the related goods are considered as fulfilment activities. There is no unsatisfied performance obligation at the end of each of the reporting periods.

As no discrete information in respect of segment assets, segment liabilities and other information is used for the assessment of performance and allocation of resources, thus no analysis of segment assets and segment liabilities is presented.

No geographical analysis is presented as the Group's revenue and profit from operations were primarily derived from operating activities in the PRC.

Information about major customers

Revenues from customers of the corresponding years contributing over 10% of the total revenue of the Group is as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Customer A – gold mining operation segment	319,276	660,728
Customer B (<i>Note (a)</i>) – gold recycling segment	792,140	–

Note:

(a) The corresponding revenue in the year ended 31 December 2021 for Customer B was Nil.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

7. OTHER INCOME

	2022 HK\$'000	2021 HK\$'000
Government grants (<i>Note (a)</i>)	290	121
Interest on bank deposits	1,195	959
Rental income	1,506	–
Others	124	228
	3,115	1,308

Note:

- (a) Included in profit or loss is approximately HK\$168,000 (2021: Nil) of government grants obtained from Employment Support Scheme (“ESS”) under the Anti-epidemic Fund launched by the Hong Kong SAR Government supporting the payroll of the Group’s employees. Under the ESS, the Group had to commit to spend these grants on payroll expenses, and not reduce employee head count below prescribed levels for a specified period of time. There are no unfulfilled obligations relating to this program.

8. OTHER NET GAINS AND LOSSES

	2022 HK\$'000	2021 HK\$'000
Net foreign exchange (loss) gains	(510)	186
Gain on modification of financial liabilities (<i>Note (a)</i>)	–	9,124
Written off in respect of other receivables (<i>Note 22</i>)	(608)	(1,802)
Impairment loss of other receivables (<i>Note 22</i>)	–	(222)
Loss on disposal of property, plant and equipment	–	(60)
Others	(43)	(246)
	(1,161)	6,980

Note:

- (a) During the year ended 31 December 2021, the maturity date of the promissory note was extended from 36 months to 60 months. The original promissory note payable was derecognised and a new financial liability with the modified maturity date was recognised at fair value at the date of such modification. As a result, a gain on modification of financial liabilities of approximately HK\$9,124,000 was recognised in the year ended 31 December 2021 (2022: Nil).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

9. FINANCE COSTS

	2022 HK\$'000	2021 HK\$'000
Interest on unsecured bank and other borrowings	20,018	18,790
Interest on secured other borrowing	–	1,211
Interest on promissory note payable at amortised cost	5,464	2,552
Interest expenses on lease liabilities (<i>Note 31</i>)	59	101
	25,541	22,654
<i>Less: Amount capitalised (Note (a))</i>	(16,188)	(15,985)
	9,353	6,669

Note:

- (a) Borrowing costs capitalised during the year arose on the Group's general borrowing pool calculated by applying a capitalisation rate of Nil (2021: 8.06%) to expenditure on qualifying assets. Interest expenses capitalised in the current year are arising from specific borrowings.

10. PROFIT BEFORE TAX

Profit before tax is arrived at after charging:

	2022 HK\$'000	2021 HK\$'000
Director's emoluments (<i>Note 12</i>)	3,110	3,098
Staff's salaries, bonus and allowances	18,600	18,951
Contributions to staff's retirement benefits schemes	2,163	2,302
Total staff costs	23,873	24,351
Amortisation of other intangible assets	4,859	47,218
Auditor's remuneration	1,380	1,441
Cost of sales comprise of:		
– Cost of inventories recognised as an expense (<i>Note (a)</i>)	1,077,784	405,758
– Documentation transferring fee	14,402	19,013
Depreciation charges		
– property, plant and equipment	37,702	33,612
– right-of-use assets		
– office premise and factories	2,187	2,660
– motor vehicle	–	469
– office equipment	–	17
– prepaid lease payments	846	876

Note:

- (a) Costs of inventories recognised as an expense mainly include mining extraction costs and mining ore processing costs of approximately HK\$184,523,000 (2021: HK\$311,756,000); transportation cost of approximately HK\$2,172,000 (2021: HK\$3,521,000); amortisations and depreciation charges of approximately HK\$37,303,000 (2021: HK\$73,756,000) and purchase cost of gold related materials of approximately HK\$837,220,000 (2021: Nil).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

11. INCOME TAX CHARGE

No provision for Hong Kong Profits Tax has been made as the Group did not generate any assessable profits arising in Hong Kong during the years ended 31 December 2022 and 2021.

Under the Law of the PRC on Enterprise Income Tax (the “EIT Law”) and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25%.

Pursuant to the Notice of the Ministry of Finance, 財政部國家稅務總局海關總署關於深入實施西部大開發戰略有關稅收政策問題的通知(財稅〔2011〕58號)(transliterated as General Administration of Customs and the State Administration of Taxation on the Issues of Preferential Taxation Policies for Further Implementing the Western Development Strategy (Cai Shui 2011 No. 58)*), from 1 January 2011, the enterprises in the western region, which engaged in encouraged industries as indicated in the 西部地區鼓勵類產業目錄(transliterated as Catalogue of Encouraged Industries of Western Region*) and 產業結構調整指導目錄(2011年本)(修正)(transliterated as Catalogue of Industrial Structure Adjustment Guidance (2011 Revised)*) (國家發改委令2013年第21號)(transliterated as National Development and Reform Commission Order 2013 No. 21*) and which derive 70% of their operating income from the encouraged industries could apply for a tax incentive. After getting in-charge tax bureau’s approval, those enterprises could enjoy a reduced EIT rate of 15% from the statutory EIT rate of 25%.

For the years ended 31 December 2022 and 2021, 潼關縣祥順礦業發展有限公司 and 潼關縣德興礦業有限責任公司 (transliterated as Tongguan County Xiangshun Mining Development Co., Ltd.*) (“Xiangshun”) and Tongguan County De Xing Mining LLC (“De Xing”), the operating subsidiaries of One Champion International Limited and its subsidiaries (“One Champion Group”) and Pride Success Investment Limited and its subsidiaries (“Pride Success Group”) respectively, obtained the in-charge tax bureau’s approval and were granted a reduced EIT rate of 15%.

The amount of taxation in the consolidated statement of profit or loss and other comprehensive income represents:

	2022	2021
	HK\$’000	HK\$’000
Current tax – PRC Enterprise Income Tax	12,111	24,652
Deferred tax (<i>Note 27</i>)	1,380	(1,501)
	13,491	23,151

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

11. INCOME TAX CHARGE (CONTINUED)

The income tax charge for the year can be reconciled to the profit before tax in the consolidated statement of profit or loss and other comprehensive income as follows:

	2022 HK\$'000	2021 HK\$'000
Profit before tax	70,497	178,451
Notional tax on profit before tax, calculated at 25% (2021: 25%)	17,624	44,613
Differential tax rates	(11,859)	(16,027)
Tax effect of expenses not deductible for tax purposes	6,176	4,574
Tax effect of income not taxable for tax purposes	(2,747)	(2,415)
Tax losses and temporary differences not recognised	4,297	(7,594)
Income tax charge	13,491	23,151

12. DIRECTORS' AND CHIEF EXECUTIVES' EMOLUMENTS

Directors' and chief executives' emoluments, disclosed pursuant to the Listing Rules, section 383(1) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation, is as follows:

	2022 HK\$'000	2021 HK\$'000
Fees	848	540
Other emoluments		
Salaries and other benefits	1,862	2,198
Performance related incentive payments (Note (a))	330	290
Contributions to retirement benefits schemes	70	70
	3,110	3,098

Directors' and chief executives' emoluments are disclosed as follows:

For the year ended 31 December 2022

	Fees HK\$'000	Salaries and other benefits HK\$'000	Performance related incentive payments HK\$'000	Contributions to retirement benefits schemes HK\$'000	Total HK\$'000
Executive directors					
Yeung Kwok Kuen	–	1,200	200	70	1,470
Shi Xing Zhi	154	366	–	–	520
Shi Sheng Li	154	296	40	–	490
Independent non-executive directors					
Chu Kang Nam	180	–	30	–	210
Liang Xu Shu	180	–	30	–	210
Leung Ka Wo	180	–	30	–	210
	848	1,862	330	70	3,110

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

12. DIRECTORS' AND CHIEF EXECUTIVES' EMOLUMENTS (CONTINUED)

For the year ended 31 December 2021

	Fees HK\$'000	Salaries and other benefits HK\$'000	Performance related incentive payments HK\$'000	Contributions to retirement benefits schemes HK\$'000	Total HK\$'000
Executive directors					
Yeung Kwok Kuen	—	1,200	200	70	1,470
Shi Xing Zhi	—	497	—	—	497
Shi Sheng Li	—	501	—	—	501
Independent non-executive directors					
Chu Kang Nam	180	—	30	—	210
Liang Xu Shu	180	—	30	—	210
Leung Ka Wo	180	—	30	—	210
	540	2,198	290	70	3,098

Note:

- (a) The performance related incentive payments are determined by reference to the financial performance of certain subsidiaries of the Group and the market environment during the year.

The executive directors' and chief executives' emoluments shown above were mainly for their services in connection with the management of the affairs of the Company and the Group.

The independent non-executive directors' emoluments shown above were mainly for their services as the Directors.

There was no arrangement under which a director waived or agreed to waive any remuneration during the years ended 31 December 2022 and 2021.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

12. DIRECTORS' AND CHIEF EXECUTIVES' EMOLUMENTS (CONTINUED)

Five highest paid employees

The five highest paid employees of the Group during the year included three directors (2021: two directors), details of whose remuneration are set out above. Details of the remuneration for the year of the remaining two (2021: three) highest paid employees who are not a director of the Group are as follows:

	2022 HK\$'000	2021 HK\$'000
Salaries and other benefits	1,324	1,996
Performance related incentive payments (Note (a))	221	333
Contributions to retirement benefits schemes	35	74
	1,580	2,403

The remaining highest paid employees' remuneration was each within Nil to HK\$1,000,000 (2021: within Nil to HK\$1,000,000).

During the years ended 31 December 2022 and 2021, no emoluments were paid by the Group to the directors or employees as an inducement to join, or upon joining the Group, or as compensation for loss of office.

13. DIVIDEND

No dividend was paid or proposed during the year ended 31 December 2022 or since the end of the reporting period (2021: Nil).

14. EARNINGS PER SHARE

The calculation of the basic and diluted earnings per share attributable to the owners of the Company is based on the following data:

	2022	2021
Earnings figures are calculated as follows:		
Profit for the year attributable to owners of the Company for the purpose of basic and diluted earnings per share (HK\$'000)	50,340	138,677
Number of shares:		
Weighted average number of ordinary shares for the purpose of basic earnings per share	3,392,272,221	3,392,272,221
Effect of dilutive potential ordinary shares in respect of outstanding share options	4,322,442	–
Weighted average number of ordinary shares for the purpose of diluted earnings per share	3,396,594,663	3,392,272,221

17. GOODWILL (CONTINUED)

Impairment testing

For the purpose of impairment testing, goodwill arising from business combinations has been allocated to the following CGUs under gold mining operation segment. The CGUs were identified as follows:

	Segment	2022 HK\$'000	2021 HK\$'000
One Champion Group	Gold mining operation	363,414	397,045
Perfect Major Holdings Limited and its subsidiaries ("Perfect Major Group")	Gold mining operation	78,374	85,627
Pride Success Group	Gold mining operation	74,943	81,878
Best Income Limited and its subsidiaries and Max Paramount Holdings Limited and its subsidiaries ("Best Income and Max Paramount Group")	Gold mining operation	82,621	90,267
Carrying amount		599,352	654,817

One Champion Group primarily operates in Tongguan County, Shaanxi Province of the PRC and engages in the operation of exploration, mining, processing and sale of gold concentrates and related products through its indirect equity interests in Xiangshun.

Perfect Major Group primarily operates in Tongguan and Luonan Counties, Shaanxi Province of the PRC and engages in the exploration of gold and related minerals through its indirect equity interests in Luonan Jinhui Mining Co. Ltd. and Shaanxi Tongxin Mining Co. Ltd. ("Tongxin Mining"), which have a portfolio of mineral tenements comprising two exploration licences.

Pride Success Group primarily operates in Tongguan County, Shaanxi Province of the PRC and engages in the exploration and mining of gold and related minerals through its indirect equity interests in De Xing, which has a portfolio of mineral tenements comprising one exploration licence and one mining licence.

Best Income and Max Paramount Group primarily operates in Tongguan County, Shaanxi Province of the PRC and engages in the exploration and mining of gold and related minerals through its indirect equity interests in Tongguan Tongjin Mining Company Limited. ("Tongjin"), which has a portfolio of mineral tenements comprising three exploration licences and one mining licence.

Impairment testing:

Valuations were carried out by an independent valuer, Valtech Valuation Advisory Limited ("Valtech") to assess the recoverable amount of the goodwill arising from business combinations. During the year ended 31 December 2021, for the purpose of impairment testing, the goodwill generated from each business combinations is allocated to corresponding CGUs. During the year ended 31 December 2022, management considered that there were synergies expected to arise from the combination of these CGUs as one CGU ("Gold Mining Operation"), which represents the lowest level at which goodwill is monitored for internal management purposes and not larger than an operating segment.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

17. GOODWILL (CONTINUED)

Impairment testing (CONTINUED)

For the year ended 31 December 2022

(a) Gold Mining Operation

As at 31 December 2022, the recoverable amounts of the CGU has been determined from value in use calculations based on cash flow projections which are based on long term mining plans covering the expected life of the operation and are in line with normal practice in the mining industry. Therefore, the projections cover periods will be in excess of five years. Management determined the budgeted gross margin based on past performance and the future gold price outlook. The discount rate reflects the specific risks relating to the CGUs. Gold price and exchange rate used are with reference to current market information available at the time of impairment assessment.

	2022
Pre-tax discount rate	15.89%
Spot price of Gold	USD1,824/Oz
Exchange rate (RMB: US\$)	RMB6.8986: US\$1
Growth rate	2%

No impairment is recognised as a result of the annual impairment testing of goodwill for the year ended 31 December 2022. The Directors believe that any reasonably possible further change in key assumptions on which the recoverable amount is based would not cause the carrying amount to exceed its recoverable amount for the year ended 31 December 2022.

For the year ended 31 December 2021

(a) One Champion Group

As at 31 December 2021, the recoverable amounts of the CGU has been determined from value in use calculations based on cash flow projections which are based on long term mining plans covering the expected life of 10 years of the operation and are in line with normal practice in the mining industry. Therefore, the projections cover periods will be in excess of five years. Management determined the budgeted gross margin based on past performance and the future gold price outlook. The discount rate reflects the specific risks relating to the CGUs. Gold price and exchange rate used are with reference to current market information available at the time of impairment assessment.

	2021
Pre-tax discount rate	16.26%
Spot price of Gold	USD1,829/Oz
Exchange rate (RMB:US\$)	RMB6.3561: US\$1
Growth rate	2%

No impairment is recognised as a result of the annual impairment testing of goodwill for the year ended 31 December 2021. The Directors believe that any reasonably possible further change in key assumptions on which the recoverable amount is based would not cause the carrying amount to exceed its recoverable amount for the year ended 31 December 2021.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

17. GOODWILL (CONTINUED)

Impairment testing (CONTINUED)

For the year ended 31 December 2021 (CONTINUED)

(b) *Perfect Major Group, Pride Success Group and Best Income and Max Paramount Group*

As at 31 December 2021, the Group assessed the recoverable amounts of these CGUs based on their estimated fair value less costs of disposal, using market approach based on available market information essentially for business in engaging in holding exploration licenses of gold mine. The fair value on the recoverable amounts is categorized as a level 3 measurement. Data of several companies with business operations of holding gold mining licenses or exploration licenses were referenced to be comparable businesses. The application of the Comparable Transaction Method is subject to the following requirements:

- Existence of historical (and recent) comparable transactions;
- Quoted selling price of the Gold Mine with similar characteristics to the CGUs;
- Availability of public information on comparable transactions of relevant or similar assets; and
- Arm's length transactions between the independent uncontrolled parties.

No impairment is recognised as a result of the annual impairment testing of goodwill for the year ended 31 December 2021.

Any reasonably possible further change in key assumptions on which the recoverable amounts of the CGUs are based would not cause their carrying amounts to exceed their recoverable amounts for the year ended 31 December 2021.

Deposits and prepayments		38,156	36,614
Value added tax recoverable		252	1,629
		40,785	40,748

Notes:

- (a) As at 31 December 2022, included in the Group's other receivables balances are debtors with aggregate carrying amount of approximately HK\$608,000 (2021: HK\$1,802,000) which are past due over 90 days or more and is considered as credit-impaired. The Group writes off these other receivables in full as there is no realize prospect of recovery.
- (b) Movement in impairment loss on other receivables:

	2022 HK\$'000	2021 HK\$'000
At 1 January	490	268
Impairment loss recognised	–	222
At 31 December	490	490

The Group does not hold any collateral over these balances.

23. BANK BALANCES AND CASH

Bank balances carry interest at prevailing market rates ranging from 0.001% to 5.25% per annum (2021: 0.001% to 0.29% per annum) at 31 December 2022.

Included in bank balances and cash are the following amounts which are subject to foreign exchange control regulations or not freely transferrable:

	2022 HK\$'000	2021 HK\$'000
Amounts denominated in:		
RMB	121,553	123,483

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

24. OTHER PAYABLES

	2022 HK\$'000	2021 HK\$'000
Other payables and accruals (<i>Note (a)</i>)	445,391	446,924
Amounts due to related parties (<i>Note (b)</i>)	426,137	497,296
Promissory note payable (<i>Note (c)</i>)	63,181	57,716
	934,709	1,001,936
Analysed for reporting purposes as:		
– Current portion	419,163	412,233
– Non-current portion	515,546	589,703
	934,709	1,001,936

Notes:

- (a) Included in other payables were mainly payable to subcontractors of approximately HK\$304,069,000 (2021: HK\$314,709,000) for mining extraction and construction; and unsecured borrowing from an independent third party of approximately HK\$16,792,000 (2021: Nil) carried at fixed interest rate of 12% per annum and repayable on 14 January 2023.
- (b) The amounts are due to certain beneficial owners of the shareholders of the Company and are non-trade in nature, unsecured, interest-free and repayable one year after the end of the reporting period.
- (c) Promissory note payable carried at zero interest rate, unsecured and repayable on 9 October 2025 (2021: repayable on 9 October 2025). It is measured at amortised cost at effective interest rate of 9.08% per annum.

25. CONTRACT LIABILITIES

The Group has recognised the following revenue – related contract liabilities:

	2022 HK\$'000	2021 HK\$'000
<i>Contract liabilities arising from:</i>		
Sale of goods	32,655	3,302

The deposit of the Group received on sales of gold concentrate remains as a contract liability until the date the goods are delivered to customer. The increase in contract liabilities in the current year was mainly due to the increase in deposit received from customers in relation to the sale of gold concentrate.

Movements in contract liabilities:

	2022 HK\$'000	2021 HK\$'000
Balance as at 1 January	3,302	68,700
Decrease in contract liabilities as a result of recognising revenue during the year that was included in the contract liabilities at the beginning of the year	(3,302)	(68,700)
Increase in contract liabilities as a result of receipt in advance of sale of gold concentrate not yet delivered at year end	32,655	3,302
Balance at 31 December	32,655	3,302

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

26. BANK AND OTHER BORROWINGS

	2022 HK\$'000	2021 HK\$'000
Current		
Unsecured other borrowings (Note (a))	90,377	–
Unsecured bank borrowings (Notes (b) and (c))	1,679	11,008
Bill payables (Note (c))	44,780	62,378
Less: Cash deposit (Note (d))	(6,717)	(12,231)
	130,119	61,155
Non-current		
Unsecured other borrowing (Note (a))	–	98,741
Unsecured bank borrowings (Notes (b) and (c))	30,786	17,123
	30,786	115,864
Bank and other borrowings repayable:		
Within one year	130,119	61,155
More than one year but not more than two years*	17,352	115,864
More than two years but not more than five years*	13,434	–
	160,905	177,019

* The amounts due are based on scheduled repayment dates set out in the loan agreements.

Notes:

- (a) The effective interest rate (which also equal to contracted interest rate) on the Group's other borrowing represented the fixed rate at 12% per annum (2021: 12% per annum).
- (b) The effective interest rates on the Group's bank borrowings included the variable market rates which are loan prime rate ("LPR"), LPR+2.025%, LPR+2.60% and LPR+2.95% per annum (2021: LPR+2.025%, LPR+2.088% and LPR+2.95% per annum).
- (c) Personal and corporate guarantees were given to banks for the bank borrowings and bill payables by subsidiaries and/or certain independent third parties.
- (d) Xiangshun is required to maintain cash on deposit of approximately HK\$6,717,000 (2021: HK\$12,231,000) in respect of bill payables. The cash cannot be withdrawn or used by the company whilst the bill payables are outstanding. Upon maturity of the borrowing, the company and the lender intend to settle net. As a result, Xiangshun's borrowings have been presented net of the cash on deposit.

31 DECEMBER 2022

27. DEFERRED TAX LIABILITIES

The followings are the deferred tax liabilities recognised and movements thereon during current and prior years:

	Accelerated tax depreciation <i>HK\$'000</i>	Exploration and evaluation assets <i>HK\$'000</i>	Other intangible assets <i>HK\$'000</i>	Right-of-use assets <i>HK\$'000</i>	Lease liabilities <i>HK\$'000</i>	Others <i>HK\$'000</i>	Total <i>HK\$'000</i>
At 1 January 2021	17,290	283,751	33,902	295	(267)	432	335,403
Exchange adjustments	46	7,826	972	6	(1)	11	8,860
(Credit) charge to profit or loss (<i>Note 11</i>)	(1,488)	-	15	(447)	430	(11)	(1,501)
At 31 December 2021 and 1 January 2022	15,848	291,577	34,889	(146)	162	432	342,762
Exchange adjustments	(533)	(19,010)	(9,851)	(12)	12	(36)	(29,430)
Transfer	6,273	(6,273)	-	-	-	-	-
Charge (credit) to profit or loss (<i>Note 11</i>)	4,065	1,573	(4,230)	260	(276)	(12)	1,380
At 31 December 2022	25,653	267,867	20,808	102	(102)	384	314,712

At the end of the reporting period, the Group has unused tax losses of approximately HK\$543,163,000 (2021: approximately HK\$568,774,000) available for offset against future profits. No deferred tax asset has been recognised in relation to such tax losses due to the unpredictability of future profit streams available in the relevant tax jurisdictions and entities. The tax losses arising from the PRC operations expire five years after the relevant accounting year end. The tax losses arising from other operations do not expire under current tax legislation in the relevant tax jurisdiction.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

27. DEFERRED TAX LIABILITIES (CONTINUED)

Below tax losses arising from the PRC operations will be expired as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Year 2022	—	10,251
Year 2023	388,731	424,709
Year 2024	35,529	38,827
Year 2025	31,187	34,036
Year 2026	28,659	31,310
Year 2027	30,615	—

Under the EIT Law of the PRC, withholding tax is imposed on dividends declared in respect of profits earned by PRC subsidiaries from 1 January 2008 onwards. Deferred taxation has not been provided for in the consolidated financial statements in respect of temporary differences amounting to approximately HK\$338,290,000 (2021: HK\$281,731,000) representing the accumulated profits of the PRC subsidiaries as the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

28. PROVISION FOR RESTORATION AND ENVIRONMENT COSTS

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
At 1 January	13,358	12,973
Exchange adjustments	(1,177)	385
Additions to site reclamation	1,109	1,303
Payment during the year	—	(1,303)
At 31 December	13,290	13,358

In accordance with relevant PRC rules and regulations, if any damage is caused to cultivated land, grassland or forest as a result of exploration or mining activities, a mining enterprise must restore the land to a state appropriate for use by reclamation, re-planting trees or grasses or to take such other measures, as appropriate, after the mining has been completed. The Group provides for the present obligations of the cost of the restoration.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

29. SHARE CAPITAL

	Number of ordinary shares at HK\$0.1 each '000	HK\$'000
Authorised:		
At 1 January 2021, 31 December 2021, 1 January 2022 and 31 December 2022	46,223,810	4,622,381

	Number of ordinary shares at HK\$0.1 each '000	HK\$'000
Issued and fully paid:		
At 1 January 2021, 31 December 2021, 1 January 2022 and 31 December 2022	3,392,272	339,227

All the shares rank pari passu with the other shares in all respects.

30. RESERVES

The amounts of the Group's reserves and movements therein are presented in the consolidated statement of changes in equity.

(a) Share premium

Share premium represents the amount subscribed for shares issued in excess of their nominal value.

(b) Statutory surplus reserve

According to the relevant rules and regulations in the PRC, subsidiaries established in the PRC are required to transfer 10% of their net profit, as determined in accordance with the PRC accounting standards and regulations, to the statutory surplus reserve until the balance of the reserve reaches 50% of their respective registered capital. The transfer to this reserve must be made before distribution of dividends to owners of these subsidiaries. Statutory surplus reserve can be used to set-off previous years' losses, if any, and may be converted into capital in proportion to existing equity owners' equity percentage, provided that the balance after such issuance is not less than 25% of their registered capital.

(c) Contributed surplus

The contributed surplus represents the excess amount of capital reduction and share premium cancellation over the accumulated losses of the Company pursuant to the capital reorganisation on 29 February 2016.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

30. RESERVES (CONTINUED)

(d) Share option reserve

Share option reserve recognised is based on the fair value of equity-settled share options granted to key management personnel and employees as at the date of grant.

(e) Investment revaluation reserve

Investment revaluation reserve represents the gains or losses arising on recognising financial assets classified as FVTOCI at fair value.

(f) Translation reserve

Translation reserve represents the gains or losses arising on retranslating the net assets of foreign operations into the presentation currency.

(g) Retained earnings

Retained earnings represents the cumulative net gains and losses recognised in profit or loss.

31. RIGHT-OF-USE ASSETS AND LEASE LIABILITIES

(i) Amounts recognised in the consolidated statement of financial position

The consolidated statement of financial position shows the following amounts relating to leases:

	2022 HK\$'000	2021 HK\$'000
Right-of-use-assets		
Office premise and factories	631	2,823
Prepaid lease payments	28,466	31,990
	29,097	34,813
Lease liabilities		
Current liabilities	537	2,110
Non-current liabilities	94	639
	631	2,749

Addition to the right-of-use assets during the year ended 31 December 2022 were Nil (2021: HK\$4,363,000).

The prepaid lease payments represented land in the PRC under a lease term of 50 years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

31. RIGHT-OF-USE ASSETS AND LEASE LIABILITIES (CONTINUED)

(ii) Amounts recognised in the consolidated statement of profit or loss

The consolidated statement of profit or loss shows the following amounts relating to leases:

	2022 HK\$'000	2021 HK\$'000
Depreciation of right-of-use-assets		
Office premise and factories	2,187	2,660
Motor vehicles, carried at depreciated cost	–	469
Office equipment, carried at depreciated cost	–	17
Prepaid lease payments	846	876
	3,033	4,022
Interest expenses (included in finance costs) (Note 9)	59	101

The total cash outflow for leases in 2022 was approximately HK\$2,169,000 (2021: HK\$3,142,000).

32. SHARE OPTIONS SCHEME

2012 Option Scheme

The Company has a share option scheme which was adopted on 25 May 2012 (the “2012 Option Scheme”) whereby the directors might, at their discretion, invite directors and employees of the Company or its subsidiaries to subscribe for shares in the Company subject to terms and conditions stipulated therein. The options granted were vested immediately at the date of grant and were exercisable within a period of five years. Each option gave the holder the right to subscribe for one ordinary share in the Company. The Scheme is deemed to be an equity-settled share based remuneration scheme for employees. All Hong Kong employees are eligible to participate in the scheme. All unexpired share options granted under the 2012 Option Scheme had been cancelled during the year ended 31 December 2014.

Option granted

On 7 December 2018, the Company has granted, subject to acceptance of the grantees, 50,000,000 share options to certain eligible persons under the 2012 Option Scheme of the Company adopted on 25 May 2012, to subscribe for a total of 50,000,000 ordinary shares of HK\$0.1 each in the Company. The validity period and exercisable period of the Share Options are within 5 years from the date of grant.

The exercise price of the options granted is set as the highest of (i) the closing price of HK\$0.51 per Share as stated in the daily quotations sheets issued by the Stock Exchange on the Date of Grant; (ii) the average closing price of HK\$0.519 per Share as stated in the daily quotation sheets issued by the Stock Exchange for the five business days immediately preceding the Date of Grant; and (iii) HK\$0.1, being the nominal value of a Share on the date of the offer.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

32. SHARE OPTIONS SCHEME (CONTINUED)

The following share options were outstanding under the scheme during the year:

	Weighted average exercise price 2022 HK\$	Number of shares issuable under options 2022 '000	Weighted average exercise price 2021 HK\$	Number of shares issuable under options 2021 '000
Outstanding at beginning of the year	0.52	50,000	0.52	50,000
Granted during the year	—	—	—	—
Forfeited during the year	—	—	—	—
Exercised during the year	—	—	—	—
Outstanding at the end of the year	0.52	50,000	0.52	50,000

All options granted were at an exercise price of HK\$0.52 per share (2021: HK\$0.52) and the remaining contractual life was 1 year (2021: 2 years).

The fair value of the equity-settled share options granted in 2018 was HK\$10,235,000, which was estimated as at the date of grant, using a binomial option pricing model, taking into account the terms and conditions upon which the options were granted. The following table lists the inputs to the model used:

	2018
Underlying stock price (HK\$)	0.51
Exercise price (HK\$)	0.52
Expected life of option (years)	5
Expected volatility (%)	51.84
Expected dividend yield (%)	—
Risk-free interest rate (%)	1.98

The risk-free rate was based on market yield rate of Hong Kong Sovereign Government Bond Curve with maturity on 7 December 2018 as of the date of valuation. Expected volatility was based on the share prices of Company's historical 5-year weekly volatility that is equal to the expected life before the grant date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

32. SHARE OPTIONS SCHEME (CONTINUED)

Details of movements in the share options held by directors, chief executives, employees and other parties of the Company under the scheme for the years ended 31 December 2022 and 2021 are as follows:

Name	Date granted	Period during which options are exercisable	No. of options outstanding at the beginning of the year	No. of options granted during the year	No. of options cancelled during the year	No. of shares acquired on exercise of options during the year	No. of options outstanding at the year end	Exercise price per share	* Market value per share at date of grant of options	* Market value per share on exercise of options

34. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of debt, which includes bank and other borrowings disclosed in Note 26 to the consolidated financial statements and equity attributable to owners of the Company, comprising issued share capital and reserves.

The Directors review the capital structure on a regular basis. As part of this review, the Directors consider the cost of capital and risks associates with each class of capital. Based on the recommendations of the Directors, the Group will balance its overall capital structure through new share issues as well as the issue of new debt or the redemption of the existing debt.

The gearing ratio at the end of reporting period was as follows:

	2022 HK\$'000	2021 HK\$'000
Bank and other borrowings	160,905	177,019
Bank balances and cash	(143,105)	(157,700)
Net debt	17,800	19,319
Equity	2,033,356	2,172,375
Net debt to equity ratio	0.88%	0.89%

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

36. SUMMARY OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES BY CATEGORY (CONTINUED)

	Fair value hierarchy			Total
	Level 1	Level 2	Level 3	
	HK\$'000	HK\$'000	HK\$'000	
At 31 December 2021				
Financial assets measured at FVTOCI				
– Listed equity investments	13,636	–	–	13,636

The listed equity securities were measured at fair value determined based on their quoted bid prices in active markets at the end of each reporting period.

There were no transfers between Level 1, 2 and 3 in current and prior year.

37. FINANCIAL RISK MANAGEMENT

The Group's major financial instruments include financial assets measured at FVTOCI, other receivables and deposits, amount due from an associate, bank balances and cash, other payables, lease liabilities and bank and other borrowings. Details of the financial instruments are disclosed in the respective notes to the consolidated financial statements. The risks associated with these financial instruments include market risk (currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk

(i) Currency risk

Certain financial assets measured at FVTOCI, other receivables and deposits, bank balances and cash are denominated in foreign currencies, which expose the Group to foreign currency risk. The foreign currency exposure does not pose a significant risk for the Group as most of the Group's assets, operations and borrowings are mainly denominated in its functional currency. Therefore, the management considered currency risk as minimum and no sensitivity analysis is presented for financial assets at amortised cost and financial liabilities at amortised cost denominated in foreign currencies.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

37. FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk (CONTINUED)

(i) Currency risk (CONTINUED)

The Group is mainly expose to currency risk in regard of financial assets at FVTOCI of approximately HK\$5,737,000 (2021: HK\$13,636,000) which denominated in Canadian Dollar (“CAD”).

As at 31 December 2022, if there is 5% increase/(decrease) in HK\$ against CAD, with all other variable held constant, HK\$287,000 (2021: HK\$682,000) would be debited (credited) to consolidated statement of profit or loss for the year.

(ii) Interest rate risk

The Group is exposed to fair value interest rate risk in relation to fixed-rate bank and other borrowings, leases liabilities, other payables (see Note 24) and promissory note payable (see Note 24). The Group is also exposed to cash flow interest rate risk relates primarily to variable rate interest bearing bank balances, and bank and other borrowings. The Group’s cash flow interest rate risk is mainly concentrated on the fluctuation of interest rates on bank balances and LPR on bank borrowings denominated in RMB. The Group’s exposures to interest rates on financial liabilities are detailed in the liquidity risk management section of this note.

The Group currently does not have an interest rate hedging policy. However, the Directors monitor interest rate exposure and will consider hedging significant interest rate risk should the need arise. The Directors considered the Group’s exposure to interest rate risk is not material. Hence, no interest rate sensitivity analysis is presented.

(iii) Other price risk

The Group is exposed to equity price risk through its investments in listed equity securities. The Group’s equity price risk is mainly concentrated on equity instruments issued by one entity (2021: one entity) listed in Toronto Stock Exchange for the year ended 31 December 2022. In addition, the Group will monitor the price risk and will consider hedging the risk exposure should the need arise.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to equity price risks at the end of the reporting period.

If the prices of the respective equity instruments had been 10% (2021: 10%) higher/lower, investment valuation reserve would increase/decrease by approximately HK\$574,000 (2021: HK\$1,364,000) as a result of the changes in fair value of other financial assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

37. FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk (CONTINUED)

(iv) Credit risk

As at 31 December 2022 and 2021, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position. In order to minimise the credit risk, the Directors review the recoverable amount of each individual debt at the end of the reporting period to ensure that follow-up action is taken timely and assigned a dedicated team to monitor the credit risk and adequate impairment losses are made for irrecoverable amounts. In this regard, the Directors consider that the Group's credit risk is significantly reduced.

Other than concentration of credit risk on liquid funds which are deposited with several banks with high credit ratings, the Group does not have any other significant concentration of credit risk.

The Group regularly monitors the business performance of its associate. The Group's credit risks in the amount due from an associate are mitigated through the value of the assets held by these entities and the power to participate the relevant activities of these entities. The Directors believe that there are no significant increase in credit risk of these amounts since initial recognition and the Group provided impairment based on 12m ECL.

For other receivables and deposits, the Directors make periodic individual assessment on the recoverability of other receivables and deposits based on historical settlement records, past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information. The Directors believe that there are no significant increase in credit risk of these amounts since initial recognition and the Group provided impairment based on 12m ECL.

ECLs rates are based on actual loss experience. These rates are adjusted to reflect differences between economic conditions during the year over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables.

Further quantitative disclosures in respect of the Group's exposure to credit risk arising from other receivables and deposits are set out in Note 22.

The credit risk on bank balances is limited because the counterparties are banks with high credit-rating or with good reputation.

Financial guarantee contract

For financial guarantee contracts, the maximum amount that the Group has guaranteed under the respective contracts was RMB200,000,000 (equivalent to HK\$237,640,000) as at 31 December 2022. At the end of the reporting period, the Directors have performed impairment assessment, and concluded that there has been no significant increase in credit risk since initial recognition of the financial guarantee contracts. Accordingly, the loss allowance for financial guarantee contracts issued by the Group is measured at an amount equal to 12m ECL. No loss allowance was recognised in the profit or loss. Details of the financial guarantee contracts are set out in Note 44.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

37. FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk (CONTINUED)

(v) Liquidity risk

In the management of its liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management monitors the utilisation of bank and other borrowings and ensures compliance with loan covenants.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The maturity dates for non-derivative financial liabilities are based on the agreed repayment dates. The table includes both interest and principal cash flows.

	Weighted average interest rate %	Repayable on demand or within 1 year HK\$'000	1-2 years HK\$'000	2-5 years HK\$'000	Over 5 years HK\$'000	Carrying amount HK\$'000	Total undiscounted cash flows HK\$'000

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

39. PARTICULARS OF SUBSIDIARIES OF THE GROUP (CONTINUED)

Notes:

- (a) These companies are limited liability companies established in the PRC. The English translation of the company names is for reference only.
- (b) The Group holds 70% of controlling interest in this subsidiary through special arrangements. China iTV Network Co., Ltd. held a network video platform, representing the design and application of the network video platform for providing online video services. The network video platform has been fully impaired in prior years.

40. CAPITAL COMMITMENTS

	2022 HK\$'000	2021 HK\$'000
Capital expenditure contracted for but not provided in respect of the acquisition of:		
Property, plant and equipment	5,614	5,972
Mining right	5,446	28,621
Exploration right	–	8,197
	11,060	42,790

41. RETIREMENT BENEFIT PLANS

The Group operates a Mandatory Provident Fund Scheme (the “Scheme”) for all qualifying Hong Kong employees. The assets of the Scheme are held separately from those of the Group, in funds under the control of trustees. The Group contributes 5% of relevant payroll costs to the Scheme, which contribution is matched by employees but subject to a maximum amount of HK\$1,500 per month for each employee.

The PRC employees of the Group are members of state-managed retirement benefit scheme operated by the local government. The Group is required to contribute a specified percentage of their payroll costs to the retirement benefit scheme to fund the benefits.

The contributions paid/payable to the scheme by the Group at rates specified in the rules of the schemes are included in staff costs and disclosed in Notes 10 and 12 to the consolidated financial statements for employees and the directors respectively.

For the year ended 31 December 2022, contribution amounted to approximately HK\$45,000 was forfeited (by employers on behalf of employees who leave the scheme prior to vesting fully in such contributions) under the retirement benefit schemes which may be used by the Group to reduce the contribution payable in the future years (2021: Nil).

42. RELATED PARTY TRANSACTIONS

Compensation of key management personnel

The key management of the Group comprises all the directors, details of their remuneration is determined by the Remuneration Committee having regard to the financial performance of the Group, performance of individuals and market trends. Details of their remuneration are disclosed in Note 12 to the consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 DECEMBER 2022

43. MATERIAL INTERESTS OF DIRECTORS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS

Except as disclosed in Notes 24 and 42 to the consolidated financial statements, no contracts of significance to which the Company's subsidiary or joint venture was a party and in which a director of the Company or an entity connected with a director had a material interest, whether directly or indirectly, subsisted during or at the end of the financial year.

44. CONTINGENT LIABILITIES

During the year ended 31 December 2020, a subsidiary of the Group has provided a corporate guarantee in respect of a banking facility of RMB200,000,000 (equivalent to HK\$237,640,000) granted by a bank to a company established in the PRC, an independent third party (the "Borrower"). Pursuant to the terms of the guarantee arrangement, in case of default on payments by the Borrower, the Group is responsible for repaying the outstanding loans together with any accrued interest and penalty owed by the Borrower to the bank. The Group's guarantee period has commenced from the date of grant of the relevant banking facility for 3 years.

As at 31 December 2022, the banking facility guaranteed by the Group to the Borrower was utilised to the extent of RMB80,000,000 (equivalent to HK\$89,560,000) (31 December 2021: RMB40,000,000 (equivalent to HK\$48,924,000)) by pledging the Borrower's properties and machineries of approximately RMB25,000,000 and RMB55,600,000 respectively to the bank. The Directors considered the fair value of the financial guarantee contract at initial recognition was insignificant taking into account the fair value of the pledged properties of the Borrower.

45. MAJOR NON-CASH TRANSACTIONS

During the year ended 31 December 2021, the Group entered into certain lease contracts in which additions to right-of-use assets and lease liabilities amounting to RMB4,363,000 (2022: Nil) and RMB4,363,000 (2022: Nil) was recognised at the lease commencement date respectively.

46. APPROVAL OF FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the Board on 27 March 2023.
