管理層討論及分析

業務回顧

本集團主要經營範圍包括：於香港經營物業投資、物業租賃及物業管理業務。

截至二零二二年十二月三十一日止年度，本集團位於港晶中心的商用物業錄得平均租用率約87%，但租金收入表現未如理想。

於二零二二年年初開始在香港的第五波新型冠狀病毒疫情期間，由於政府對指定零售場所實施強制關閉或限制，港晶中心的零售業務受到嚴重影響。因此，本集團於期內視乎行業向部份租戶給予租金寬免，導致港晶中心之租金收入減少。於二零二二年年底，放寬社交距離措施後，上述提及之寬免已很少，而租金收入已逐漸增加。

截至二零二二年止年度，本集團位於億京中心的辦公室及一些分層住宅錄得租用率分別為90%和89%。

Management Discussion and Analysis

Business Review

The Group's core businesses comprise property investment, property leasing and estate management in Hong Kong.

For the year ended 31st December, 2022, the Group's commercial properties situated at Harbour Crystal Centre recorded an average occupancy level of approximately 87%, but the performance of rental income was not so good as expected.

During the fifth wave of COVID-19 in Hong Kong starting in early 2022, retail business in Harbour Crystal Centre was seriously affected due to the mandatory closure or restrictions of designated retail premises adopted by the Government. As a result, the Group has granted rent concession to some tenants depending on the trades during the period resulting a decrease in rental income from Harbour Crystal Centre. Following the relaxation of social distancing measures in late 2022, the said concession granted was minimal and the rental income was getting increased.

The Group's office spaces in Billion Centre and some strata residential apartments recorded 90% and 89% occupancy rate respectively for the year ended 2022.

業務展望

隨著香港取消所有對新冠病毒疫情相關的限制，我們預計本集團位於港晶中心(部分)的零售商舖之客流量將迅速恢復。由於該物業毗鄰過境列車總站，與中國大陸重新全面通關將會顯著增加港晶中心之商業活動。

我們相信香港的零售業已經觸底並將會迅速復甦。本集團透過著力整合零售業務之元素於商用物業上，將會從零售業的復甦中取得優勢。作為這重點策略的一部分，我們計劃分拆位於香港和中國大陸的非核心資產之住宅和辦公室物業。

持續的利率上升是對我們的業務發展造成負面風險的一個因素，這可能阻礙商業活動和對資本價值造成潛在影響。然而，我們認為在中國大陸經濟復甦的支持下，香港長遠的經濟前景依然健康，以及全面通關和取消對新冠病毒疫情之限制措施下，所帶來的經濟反彈是可觀的。我們將繼續尋找極具吸引力的房地產發展機會，以增加我們的投資組合來符合我們對零售業務的重視。

致謝

本人謹此衷心感謝各董事及員工於過去一年值得表揚之努力及對本集團之貢獻，並感謝本公司股東的諒解及支持，以及客戶之信任。

CHAIRMAN'S STATEMENT (continued)

Management Discussion and Analysis (continued)

Business Outlook

With all COVID-19-related restrictions cancelled in Hong Kong, we expect a rapid recovery in customer traffic in the Group's retail space in Harbour Crystal Centre (portion). The re-opening of borders with mainland China will also be a significant boost for business activity in Harbour Crystal Centre because of the property's proximity to the terminus for cross-border trains.

We believe the Hong Kong retail sector has already bottomed and will recover quickly. The Group will take advantage of this recovery for the retail segment by focusing our property portfolio on commercial properties with retail elements. As part of this focused strategy, we plan to diversify away from our non-core assets in residential and office properties in Hong Kong and mainland China.

A factor for negative risk to our business going forward is the impact of rising interest rates, which has the potential effect of dampening business activity as well as capital values. However, we believe the long-term prospects for the Hong Kong economy – backed by the recovering mainland Chinese economy – remain healthy, and that the economic rebound from border openings and removal of COVID-19 restrictions will be substantial. We will continue to search for attractive real estate opportunities to add to our portfolio in line with our focus on the retail segment.

Appreciation

I would like to take this opportunity to thank my fellow Directors and the staff for their diligence and contributions to the Group in the past year, to the shareholders of the Company for their understanding and support, and to the customers for their trust.

The Board (continued)

Board Process (continued)

The Board has reserved for its decision or consideration matters covering mainly the Group's overall strategy, annual operating budget, annual and interim results, approval of Directors' appointment or re-appointment (based on the recommendations made by the Nomination Committee), material contracts and transactions, corporate governance as well as other significant policy and financial matters. The Board has delegated the day-to-day responsibility to the executive management under the instruction/supervision of the Executive Committee which has its specific written terms of reference. The respective functions of the Board and management of the Company have been formalised and set out in writing and will be reviewed and updated by the Board from time to time to ensure that they are consistent with the existing rules and regulations.

Regular Board meetings each year are scheduled in advance to facilitate maximum attendance of Directors. At least 14 days' notice of a Board meeting is normally given to all Directors who are given an opportunity to include matters for discussion in the agenda. The company secretary of the Company ("Company Secretary") assists the Chairman of the Board in preparing the agenda for meetings and ensures that all applicable rules and regulations are complied with. The agenda and the accompanying Board papers are normally sent to all Directors at least 3 days before the intended date of a regular Board meeting (and so far as practicable for such other Board meetings). Draft minutes of each Board meeting are circulated to all Directors for their comment before being tabled at the following Board meeting for approval. All minutes are kept by the Company Secretary and are open for inspection at any reasonable time on reasonable notice by any Director.

According to the current Board practice, if a substantial Shareholder or a Director has a conflict of interest in a matter to be considered by the Board which the Board has determined to be material, the matter will be dealt with by the Board at a duly convened Board meeting. The articles of association of the Company ("Articles of Association") also stipulate that save for the exceptions as provided therein, a Director shall abstain from voting on any Board resolution and not be counted in the quorum at meetings for approving any contract or arrangement in which such Director or any of his/her close associates has a material interest.

甄選人選將按一系列多元化標準為基準，包括但不限於性別、年齡、文化及教育背景、知識、專業經驗及技能。最終決定將按人選的長處及可為董事會提供的貢獻而定。

Diversity

The Company has adopted the Board Diversity Policy in August 2017 which sets out the objectives and principles regarding board diversity for the purpose of achieving the Company's strategic objectives of balanced diversity at the Board as far as practicable. Board appointments will be based on merit and candidates will be considered against measurable objectives, taking into account the Company's business and needs.

Selection of candidates will be based on a range of diversity criteria, including but not limited to gender, age, cultural and educational background, knowledge, professional experience and skills. The ultimate decision will be based on merit and the contribution that the selected candidates may bring to the Board.

The proportion of female Board representation is a measurable objective of the Company in assessing the implementation of the diversity policy. The Board currently has one female Directors out of seven Directors, achieving the gender diversity of the Board at 14.3%. The Board targets to maintain at least the current level of female representation, with the ultimate goal of increasing the proportion of female members over time as and when suitable candidates are identified.

The seven Directors are from diverse and complementary backgrounds, including property development/management, corporate finance, investment and management, legal, accounting and finance management and media and public relations. The valuable experience and expertise they bring to our business are critical for the long-term growth of the Group.

During the year, the Board conducted an annual review of the implementation and effectiveness of the Board Diversity Policy and is satisfied that the Board Diversity Policy has been properly implemented and is effective.

Nomination Committee (continued)

To ensure changes to the Board composition can be managed without undue disruption, a formal, considered and transparent procedure is in place for selection, appointment and re-appointment of Directors, as well as plans in place for orderly succession (if considered necessary), including periodical review of such plans. The appointment of a new Director (to be an additional Director or fill a casual vacancy as and when it arises) or any re-appointment of Directors is a matter for decision by the Board upon the recommendation of the proposed candidate by the Nomination Committee.

The criteria to be applied in considering whether a candidate is qualified shall be his or her ability to devote sufficient time and attention to the affairs of the Company and contribute to the diversity of the Board (including gender diversity) as well as the effective carrying out of the responsibilities of the Board. By adopting such criteria, it facilitates the Company to develop a pipeline of candidates to the Board to achieve gender diversity. Remuneration Committee

薪酬委員會已於二零零五年九月成立及目前由三名成員組成，包括獨立非執行董事蔡健民先生(薪酬委員會主席)、李澤雄先生及楊麗琛女士。薪酬委員會獲提供充裕資源以履行其職務，並可按本公司之政策在有需要時尋求獨立專業意見。薪酬委員會之主要角色及職能已包含於其職權範圍內，該職權範圍已於聯交所及本公司網站內登載。

The Remuneration Committee has been established since September 2005 and currently consists of three members, including Mr. Choi Kin Man (Chairman of the Remuneration Committee), Mr. Li Chak Hung and Ms. Lisa Yang Lai Sum, all being the INEDs. The Remuneration Committee is provided with sufficient resources to discharge its duties and has access to independent professional advice according to the Company's policy if considered necessary. The major roles and functions of the Remuneration Committee are included in its terms of reference, which are available on the websites of the Stock Exchange and the Company.

薪酬委員會之職權範圍乃遵照企業管治守則之守則條文E.1.2之規定，惟就守則條文之偏離情況而言，薪酬委員會僅會就執行董事(不包括高級管理人員)(而非守則條文所述之執行董事及高級管理人員)之薪酬待遇向董事會提出建議。上述偏離情況之理由概述如下：

The terms of reference of the Remuneration Committee are in compliance with the code provision E.1.2 of the CG Code, but with a deviation from the code provision that the Remuneration Committee shall make recommendations to the Board on the remuneration packages of the Executive Directors only and not senior management (as opposed to executive directors and senior management under the code provision). The reasons for the above deviation are summarised as below:

- | | |
|--|---|
| <p>(i) 董事會認為薪酬委員會並不適宜評估高級管理人員之表現，而有關評估程序由執行董事執行將更為有效；</p> | <p>(i) the Board believes that the Remuneration Committee is not properly in a position to evaluate the performance of senior management and that this evaluation process is more effectively carried out by the Executive Directors;</p> |
| <p>(ii) 執行董事必須負責監管高級管理人員，因而須有權力操控彼等之薪酬；及</p> | <p>(ii) the Executive Directors must be in a position to supervise and control senior management and thus must be able to control their compensation; and</p> |
| <p>(iii) 執行董事並無理由向高級管理人員支付高於業界標準之薪酬，而按此方法釐定薪酬待遇可減省支出，將有利於股東。</p> | <p>(iii) there is no reason for Executive Directors to pay senior management more than industry standards and thus Shareholders will benefit by reducing costs in the fixing of such compensation packages.</p> |

根據其職權範圍，薪酬委員會每年須至少召開一次會議。於二零二二年已舉行一次薪酬委員會會議，而各成員之出席情況載於本報告「董事會」一節內。

審核委員會

Audit Committee

審核委員會自一九九八年九月成立，目前由三名獨立非執行董事組成。為保持獨立性及客觀性，審核委員會由一名具備合適專業資格或會計或相關財務管理專業知識之獨立非執行董事擔任主席。審核委員會之現任成員為李澤雄先生(審核委員會主席)、蔡健民先生及楊麗琛女士。審核委員會獲提供充裕資源以履行其職務，並可按本公司之政策在有需要時尋求獨立專業意見。審核委員會之主要角色及職能已包含於其職權範圍內，該職權範圍已於聯交所及本公司網站內登載。

The Audit Committee has been established since September 1998 and currently consists of three INEDs. To retain independence and objectivity, the Audit Committee is chaired by an INED with appropriate professional qualifications or accounting or related financial management expertise. The current members of the Audit Committee are Mr. Li Chak Hung (Chairman of the Audit Committee), Mr. Choi Kin Man and Ms. Lisa Yang Lai Sum. The Audit Committee is provided with sufficient resources to discharge its duties and has access to independent professional advice according to the Company's policy if considered necessary. The major roles and functions of the Audit Committee are included in its terms of reference, which are available on the websites of the Stock Exchange and the Company.

審核委員會之職權範圍不時作出修訂，以遵守企業管治守則之守則條文D.3.3，惟就該守則條文在審核委員會之職責方面有所偏離：

The terms of reference of the Audit Committee are revised from time to time to comply with the code provision D.3.3 of the CG Code, but with deviations from the code provision of the audit committee's responsibility to:

- | | |
|---|--|
| (i) 執行委聘外聘核數師提供非核數服務之政策； | (i) implement policy on the engagement of the external auditors to supply non-audit services; |
| (ii) 確保管理層已履行其職責建立有效之風險管理及內部監控系統；及 | (ii) ensure the management has performed its duty to have effective risk management and internal control systems; and |
| (iii) 確保內部與外聘核數師之工作得到協調，也須確保內部審計功能獲得足夠資源運作，並且在上市公司中具有適當之地位。 | (iii) ensure co-ordination between the internal and external auditors, and ensure that the internal audit function is adequately resourced and has appropriate standing within the listed company. |

審核委員會(續)

Audit Committee (continued)

董事會認為審核委員會應就委聘外聘核數師提供非核數服務之政策作出建議(而非守則條文所述之執行)，理由如下：

The Board considers that the Audit Committee shall recommend (as opposed to implement under the code provision) the policy on the engagement of the external auditors to supply non-audit services for the following reasons:

- (i) 由董事會及其下設置之委員會制定政策及作出合適之建議乃屬恰當及合適；
- (ii) 由執行董事及管理層執行該政策及建議乃屬恰當及合適之機制；及
- (iii) 獨立非執行董事並不適宜執行日常之政策及跟進工作。

- (i) it is proper and appropriate for the Board and its committees to develop policy and make appropriate recommendations;
- (ii) the proper and appropriate mechanism for implementation of such policy and recommendations is through the Executive Directors and management; and
- (iii) INEDs are not in an effective position to implement policy and follow up the same on a day-to-day basis.

此外，董事會認為審核委員會僅具備有效能力監察(而非守則條文所述之確保)管理層已履行其職責建立有效之風險管理及內部監控系統。由於上述事宜涉及日常監控及僱用全職之專業人員，因此審核委員會並無確保上述事宜得以執行之能力。審核委員會雖無法確保，但可推動內部和外聘核數師之工作得到協調。同樣，審核委員會無法確保，但可檢查內部審計功能是否獲得足夠資源運作。

Further, the Board considers that the Audit Committee only possesses the effective ability to scrutinise (as opposed to ensure under the code provision) whether management has performed its duty to have effective risk management and internal control systems. The Audit Committee is not equipped to ensure that the same is in place as this would involve day-to-day supervision and the employment of permanent experts. The Audit Committee is not in a position either to ensure co-ordination between the internal and external auditors but it can promote the same. Similarly, the Audit Committee is not in a position to ensure that the internal audit function is adequately resourced but it can check whether it is adequately resourced.

根據其職權範圍，審核委員會每年須至少召開兩次會議。於二零二二年已舉行兩次審核委員會會議，而各成員之出席情況載於本報告「董事會」一節內。

The Audit Committee shall meet at least twice a year in accordance with its terms of reference. Two Audit Committee meetings were held in 2022 and the attendance of each member is set out in the section headed "The Board" of this report.

附註：

Notes:

- 有關權益由Advance Growth Investments Limited (「Advance Growth」)之全資附屬公司Autobest Holdings Limited(「Autobest」)持有，Advance Growth為天安之全資附屬公司，故天安被視作擁有Autobest所持有之股份之權益。
- 該權益指天安持有之同一批930,376,898股股份。
- 聯合集團(透過其全資附屬公司)間接擁有天安已發行股份總數約51.74%之權益，故被視作擁有天安所持有之股份之權益。

- The interest was held by Autobest Holdings Limited ("Autobest"), a wholly-owned subsidiary of Advance Growth Investments Limited ("Advance Growth"). As Advance Growth is a wholly-owned subsidiary of TACI, TACI was therefore deemed to have an interest in the shares in which Autobest was interested.
- This represents the same interests of TACI in 930,376,898 shares.
- AGL, through its wholly-owned subsidiaries, indirectly owned approximately 51.74% of the total number of issued shares of TACI and was therefore deemed to have an interest in the shares in which TACI was interested.
- Mr. Lee Seng Hui, Ms. Lee Su Hwei and Mr. Lee Seng Huang are the trustees of Lee and Lee Trust, being a discretionary trust. The Lee and Lee Trust controlled approximately 74.99% of the total number of issued shares of AGL (inclusive of Mr. Lee Seng Hui's personal interests) and was therefore deemed to have an interest in the shares in which AGL was interested through TACI.
- All interests stated above represent long positions.

我們對綜合財務報表的意見並不涵蓋其他資料，我們亦不對其他資料發表任何形式的鑑證結論。

就我們審計綜合財務報表而言，我們的責任為閱讀其他資料，從而考慮其他資料是否與綜合財務報表或我們在審計過程中獲悉的資料存在重大不符，或是否存在重大錯誤陳述。倘我們基於已進行的工作認為其他資料出現重大錯誤陳述，我們須報告有關事實。就此，我們毋須作出報告。

於編製綜合財務報表時，董事負責評估 貴集團持續經營的能力，並在適當情況下披露與持續經營能力有關的事宜，除非董事有意將 貴集團清盤或停止經營，或除此之外並無其他實際可行的方法，否則須採用以持續經營為基礎會計法。

Other Information

The directors of the Company ("Directors") are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The Directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

核數師就審核綜合財務報表須承擔的責任

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

我們的目標是根據香港公司條例第405條對綜合財務報表整體是否不存在由於欺詐或錯誤而導致的重大錯誤陳述取得合理保證，並出具載有我們意見的核數師報告。我們不會就本報告的內容向任何其他人士負上或承擔任何責任。合理保證是高水平的保證，但不能保證按照香港審計準則進行的審計，在某一重大錯誤陳述存在時總能發現。錯誤陳述可以由欺詐或錯誤引起，如果合理預期它們單獨或滙總起來可能影響該等綜合財務報表使用者依賴財務報表所作出的經濟決定，則有關的錯誤陳述可被視作重大。

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

在根據香港審計準則進行審計的過程中，我們運用了專業判斷，保持專業懷疑態度。我們亦：

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 識別及評估由於欺詐或錯誤而導致綜合財務報表存在重大錯誤陳述的風險、設計及執行審計程序以應對該等風險，以及獲取充足和適當的審計憑證，作為我們意見的基礎。由於欺詐可能涉及串謀、偽造、蓄意遺漏、虛假陳述或凌駕內部控制的情況，因此未能發現因欺詐而導致的重大錯誤陳述的風險高於未能發現因錯誤而導致的重大錯誤陳述的風險。
- 了解與審計相關的內部控制，以設計適當的審核程序，惟並非旨在對貴集團內部控制的有效性發表意見。
- 評估董事所採用會計政策的恰當性及作出會計估計和相關披露的合理性。
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT (continued)

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (continued)

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Sze On Tat.

本綜合財務報表已按照香港會計師公會及香港公司條例所頒佈之香港財務報告準則而編製。為編製本綜合財務報表，信息會被視為重大如該信息有合理期望地影響其主要用戶。此外，本綜合財務報表也包括適用於聯交所證券上市規則(「上市規則」)披露規定。

管理層在批准本綜合財務報表時，對本集團在可預見的將來擁有足夠資源來繼續經營有合理的期望。因此，他們在編製本綜合財務報表時繼續採用持續經營會計基礎。

本綜合財務報表乃根據歷史成本基準編製，誠如以下會計政策所闡釋，惟若干物業及金融工具於各報告期末乃按公允價值計量。

歷史成本一般按交換貨物及服務所付代價之公允價值。

公允價值為於計量日的有序交易中，市場參與者間出售資產之應收價值或轉移負債之應付價格，而不論該價格是否直接可觀察，或以其他估值方法估計。在估計資產或負債的公允價值時，本集團會考慮資產或負債的特徵，即市場參與者於計算日所考慮對資產或負債定價的特徵。除香港財務報告準則第2號「以股份為基礎的付款」中的股份付款交易外，根據香港財務報告準則第16號「租賃」(「香港財務報告準則第16號」)計算的租賃交易和公允價值相似但並非公允價值的計算，例如香港會計準則第2號「存貨」中的可變現淨值或香港會計準則第36號「資產減值」(「香港會計準則第36號」)中的使用價值外，綜合財務報表的公允價值之計量和／或披露均以該基準確定。

3. Basis of Preparation of Consolidated Financial Statements and Significant Accounting Policies

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on Stock Exchange ("Listing Rules").

The management has, at the time of approving the consolidated financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the consolidated financial statements.

The consolidated financial statements have been prepared on the historical cost basis except for certain properties and financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 "Share-based Payment", leasing transactions that are accounted for in accordance with HKFRS 16 "Leases" ("HKFRS 16"), and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 "Inventories" or value in use in HKAS 36 "Impairment of Assets" ("HKAS 36").

3. 編製綜合財務報表的基準及重要會計政策(續)

非金融資產的公允價值計量乃經計及一名市場參與者透過使用其資產的最高及最佳用途或透過將資產出售予將使用其最高及最佳用途的另一名市場參與者而能夠產生經濟利益的能力。

就按公平值交易的金融工具及投資物業以及於隨後期間計量公平值時使用不可觀察得到的參數之估值方法而言，估值方法會予以校準以使首次確認之估值方法結果與交易價相等。

此外，就財務報告目的而言，公允價值計量根據公允價值計量的參數可觀察得到的程度以及有關參數對公允價值計量整體的重要性，分類為第一級、第二級或第三級，現描述如下：

- 第一級參數為同等資產或負債在活躍市場上所報(不經調整)而實體在計量當日可以取得的價格；
- 第二級參數為可以直接或間接觀察得到，但不包括於第一級的報價內的資產或負債變數；及
- 第三級參數為資產或負債中屬不可觀察得到的參數。

重要會計政策載列如下。

本綜合財務報表包括本公司及由本公司控制之實體及其附屬公司之財務報表。本公司於下列情況下可取得控制權：

- 對被投資方行使權力；
- 自參與被投資方的業務獲得或有權獲得可變回報；及
- 有能力使用其權力影響其回報金額。

3. Basis of Preparation of Consolidated Financial Statements and Significant Accounting Policies (continued)

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial instruments and investment properties which are transacted at fair value and a valuation technique that unobservable inputs is to be used to measure fair value in subsequent periods, the valuation technique is calibrated so that at initial recognition the results of the valuation technique equals the transaction price.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The significant accounting policies are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

綜合賬目編製基準(續)

倘有事實及情況顯示上述三項控制因素中之一項或多項出現變化，本集團將重新評估其是否對被投資方擁有控制權。

對一間附屬公司的合併，乃由本集團對該附屬公司擁有控制權開始，並於本集團失去對該附屬公司的控制權時終止。尤其是對於年內所收購或出售的一間附屬公司，其收入及開支將由本集團獲得控制權日期起直至本集團終止控制權當日止計入綜合損益表。

如有需要，附屬公司之財務報表會作出調整，以使其會計政策與本集團會計政策一致。

有關本集團成員之間的所有集團內資產及負債、權益、收入、費用及現金流均於綜合賬目時全面對銷。

於聯營公司之權益

聯營公司乃指本集團對其有重大影響力之實體。重大影響力是指有權參與被投資方的財務及營運政策決定，但並不是控制或共同控制該等政策。

聯營公司之業績及資產及負債以權益法計入綜合財務報表，以用作權益會計法之用途。聯營公司的財務報表就於類似情況下的類似交易及事件，採用與本集團一致的會計政策編製。根據權益法，於聯營公司之投資最初按成本於綜合財務狀況表確認，並於其後就確認本集團應佔該聯營公司之損益及其他全面收益而作出調整。聯營公司的淨資產變化不計入除損益及其他全面收益以外，除非該變化導致本集團擁有權有變化。當本集團應佔聯營公司之虧損超出本集團於該聯營公司之權益時(包括實質上成為本集團於該聯營公司的淨投資一部分之任何長期權益)，本集團停止確認其所佔之進一步虧損。僅於本集團已產生法律或推定責任，或已代表該聯營公司支付款項之情況下，方會進一步確認虧損。

3. Basis of Preparation of Consolidated Financial Statements and Significant Accounting Policies (continued)

Basis of consolidation (continued)

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Interests in associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting. The financial statements of associates used for equity accounting purposes are prepared using uniform accounting policies as those of the Group for like transactions and events in similar circumstances. Under the equity method, an investment in an associate is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate. Changes in net assets of the associate other than profit or loss and other comprehensive income are not accounted for unless such changes resulted in changes in ownership interest held by the Group. When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

於聯營公司之投資由被投資方成為聯營公司當日起利用權益法入賬。收購於聯營公司之投資時，投資成本若超出本集團應佔被投資方的可識別資產及負債公允價值淨額，一切餘額確認為商譽而列入投資的賬面值中。本集團應佔的可識別資產及負債公允價值淨額經重估後若超出投資成本，會在收購投資當期內即時於損益中確認。

本集團評估是否有客觀證據顯示本集團於聯營公司之權益可能有減值。倘有客觀證據出現，該項投資之全部賬面值(包括商譽)會根據香港會計準則第36號以單一資產形式進行減值測試，方法是比較其可收回金額(即使用價值與公允價值減出售成本兩者中之較高者)與賬面值。任何已確認減值虧損不會分配到任何資產(包括商譽)，而是構成該項投資之賬面值其中一部分，有關減值虧損之任何撥回乃根據香港會計準則第36號確認，惟以於該項投資之可收回金額隨後增加之範圍為限。

3. Basis of Preparation of Consolidated Financial Statements and Significant Accounting Policies (continued)

Interests in associates (continued)

An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

The Group assesses whether there is an objective evidence that the interest in an associate may be impaired. When any objective evidence exists, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with HKAS 36 as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised is not allocated to any asset, including goodwill that forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with HKAS 36 to the extent that the recoverable amount of the investment subsequently increases.

於聯營公司之權益(續)

當本集團對一間聯營公司不再具有重大影響時，會將其作為投資方出售全部權益入賬，並將由此產生之收益或虧損計入損益。當本集團保留前聯營公司之權益，且保留權益為香港財務報告準則第9號範圍內的金融資產時，本集團在該日期以公允價值計算保留權益，而公允價值在初始確認時視為其公允價值。聯營公司之賬面價值與任何保留權益之公允價值以及出售聯營公司相關權益的任何收益之間的差額，已包括在確定出售聯營公司之損益。此外，本集團按照與該聯營公司直接出售相關資產或負債的相同基礎，對之前在該聯營公司的其他全面收益中確認的所有金額進行確認。因此，如果該聯營公司之前在其他全面收益中確認之損益將在出售相關資產或負債時重新分類為損益，則本集團在出售／部分出售相關聯營公司時將來自權益的損益重新分類為損益(作為重新分類調整)。

當一集團實體與本集團之一間聯營公司進行交易時，所產生之溢利或虧損只在有關聯營公司之權益與本集團無關的情況下，方會於本集團之綜合財務報表確認。

Interests in associates (continued)

When the Group ceases to have significant influence over an associate, it is accounted for as a disposal of the entire interest in the investee with a resulting gain or loss being recognised in profit or loss. When the Group retains an interest in the former associate and the retained interest is a financial asset within the scope of HKFRS 9, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition. The difference between the carrying amount of the associate and the fair value of any retained interest and any proceeds from disposing of the relevant interest in the associate is included in the determination of the gain or loss on disposal of the associate. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate on the same basis as would be required if that associate had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) upon disposal/partial disposal of the relevant associate.

When a group entity transacts with an associate of the Group, profits and losses resulting from the transactions with the associate are recognised in the consolidated financial statements only to the extent of interests in the associate that are not related to the Group.

Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group’s performance as the Group performs;
- the Group’s performance creates or enhances an asset that the customer controls as the Group performs; or

Revenue from contracts with customers (continued)

- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation

Output method

The progress towards complete satisfaction of a performance obligation is measured based on output method, which is to recognise revenue on the basis of direct measurements of the value of the goods or services transferred to the customer to date relative to the remaining goods or services promised under the contract, that best depict the Group's performance in transferring control of goods or services.

As a practical expedient, if the Group has a right to consideration in an amount that corresponds directly with the value of the Group's performance completed to date, the Group recognises revenue in the amount to which the Group has the right to invoice.

租賃

租賃的定義

當合約傳達以控制使用一項已識別資產一段期間的權利來換取代價，則該合約乃(或包含)一項租賃。

於首次應用日期或之後訂立或修改或由業務合併引起之合約，本集團根據香港財務報告準則第16號之定義於訂立或修訂日或收購日(如適用)，作為評估一份合約是否或包含一項租賃。除非合約之條款及條件隨後改變，此合約將不會再評估。

本集團為出租方

租賃之分類及計量

本集團作為出租方的租賃分類為融資租賃或經營租賃。倘租賃條款將與相關資產之擁有權相關的絕大部份風險及回報轉移給承租人時，該項合約被歸類為融資租賃。所有其他租賃則分類為經營租賃。

來自經營租賃之租金收入按直線法於有關租賃期內於損益確認。商討及安排經營租賃產生的初始直接費用計入該租賃資產的賬面值中，而該等費用按直線法於租賃期內確認為費用，以公允價值模式計量的投資物業除外。非取決於指數或比率的浮動租賃款項於產生時確認為收入。

本集團一般業務過程中產生的租金收入乃呈列為收入。

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as a lessor

Classification and measurement of leases

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset, and such costs are recognised as an expense on a straight-line basis over the lease term except for investment properties measured under fair value model.

Rental income which are derived from the Group's ordinary course of business are presented as revenue.

租賃修訂

非原本條款及條件部份的租賃合同代價的變動作為租賃修訂入賬，包括透過租金寬免或減免提供的租賃獎勵。

由租賃修訂生效日期起，本集團將經營租賃修訂列作為新租賃入賬，即與原有租賃相關的任何預付或應計租賃款項視作新租賃的部分租賃款項。

可退回租金按金

收回可退回租金按金根據香港財務報告準則第9號「金融工具」(「香港財務報告準則第9號」)按公允價值最初計量。對最初確認之公允價值的調整乃視為來自承租方的額外租賃款項。

Allocation of consideration to components of a contract

When a contract includes both leases and non-lease components, the Group applies HKFRS 15 "Revenue from Contracts with Customers" ("HKFRS 15") to allocate consideration in a contract to lease and non-lease components. Non-lease components are separated from lease component on the basis of their relative stand-alone selling prices.

Lease modification

Changes in considerations of lease contracts that were not part of the original terms and conditions are accounted for as lease modifications, including lease incentives provided through forgiveness or reduction of rentals.

The Group accounts for a modification to an operating lease as a new lease from the effective date of the modification, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

Refundable rental deposits

Refundable rental deposits received are accounted for under HKFRS 9 "Financial Instruments" ("HKFRS 9") and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments from lessees.

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components, including contract for acquisition of ownership interest of a property which includes both leasehold land and non-lease buildings components, unless allocation cannot be made reliably.

Right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option if the Group is reasonably certain to exercise the option; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising an option to terminate the lease.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.
- the lease payments change due to changes in market rental rates following a market rent review, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.

Property, plant and equipment

Property, plant and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purpose. Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

When the Group makes payments for ownership interests of properties which includes both leasehold land and building elements, the entire consideration is allocated between the leasehold land and the building elements in proportion to the relative fair values at initial recognition. When the consideration cannot be allocated reliably between non-lease building element and undivided interest in the underlying leasehold land, the entire properties are classified as property, plant and equipment.

投資物業指為獲得租金收益及／或資本增值。

投資物業首次確認時按成本(包括所有有關的直接支出)計量。於首次確認後，投資物業按公允價值計量調整為不包括任何預付或應計的經營租賃收入。

Property, plant and equipment (continued)

If a property becomes an investment property because its use has changed as evidenced by end of owner-occupation, any difference between the carrying amount and the fair value of that item at the date of transfer is recognised in other comprehensive income and accumulated in property revaluation reserve. On the subsequent sale or retirement of the property, the relevant property revaluation reserve will be transferred directly to retained profits.

Depreciation is recognised so as to write off the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation.

Investment properties are initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at fair value, adjusted to exclude any prepaid or accrued operating lease income.

Gains or losses arising from changes in the fair value of investment properties are included in profit or loss for the period in which they arise.

物業、廠房及設備減值

於報告期末，本集團審閱其有限使用年期之物業、廠房及設備的賬面值，以釐定是否有任何跡象顯示該等資產出現減值虧損。倘出現任何有關跡象，則估計相關資產之可收回金額，以釐定減值虧損的幅度(如有)。

物業、廠房及設備之可收回金額會個別估計。倘不能個別估計可收回金額，則本集團會估計其資產所屬現金產生單位之可收回金額。

在測試現金產生單位之減值時，公司資產在可以建立合理及一致的分配基礎時分配給相關現金產生單位，或將其分配給合理的最小現金產生單位組合，並建立一致的分配基礎。確定公司資產所屬的現金產生單元或現金產生單元組之可收回金額，並將其與相關現金產生單元或現金產生單元組之賬面值進行比較。

Investment properties (continued)

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Club memberships

Club memberships with indefinite useful lives that are acquired separately are carried at cost less any subsequent accumulated impairment losses.

Impairment on property, plant and equipment

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount of property, plant and equipment are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash-generating unit or group of cash-generating units.

可收回金額為公允值減出售成本或使用價值之較高者。評估使用價值時，估計未來現金流乃使用稅前貼現率折現至其貼現值，該貼現率反映目前市場對資金時間值之評估以及估計未來現金流未經調整之資產(或現金產生單位)的特定風險。

倘某項資產(或現金產生單位)之可收回金額估計低於其賬面值，則該項資產(或現金產生單位)之賬面值須削減至其可收回金額。對於無法合理地及一致分配給現金產生單位的公司資產或公司資產的一部分，本集團比較一組現金產生單位的賬面值，包括公司資產或部分的賬面價值分配給該組現金產生單位的公司資產，以及該組現金產生單位的可收回金額。在分配減值虧損時，首先將減值虧損分配為減少商譽的賬面值(如適用)，然後根據單位或集團中每項資產的賬面值按比例分配給其他資產或集團的現金產生單位。資產的賬面值不得低於其公允價值減去出售成本(如可測量)，使用價值(如可確定)和零的最高值。原本應分配至資產的減值虧損金額按比例分配至該單位或現金產生單位組的其他資產。減值虧損即時在損益中確認。

倘日後撥回減值虧損，有關資產(或現金產生單位或一個集團的現金產生單位)之賬面值須增加至其經重新估計之可收回金額，惟增加之賬面值不得超出倘有關資產(或現金產生單位或一個小組的現金產生單位)並無於過往年度確認任何減值虧損所應釐定之賬面值。撥回之減值虧損即時在損益中確認。

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit or a group of cash-generating units) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit or a group of cash-generating units) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Dividend income which are derived from the Group's ordinary course of business are presented as revenue.

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI"):

- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL, except that at initial application of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 "Business Combinations" applies.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designed and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

(i) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

(ii) Equity instrument designated as at FVTOCI

Investment in equity instrument at FVTOCI is subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the investment revaluation reserve; and are not subject to impairment assessment. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investment, and will continue to be held in the investment revaluation reserve.

Dividends from the investment in equity instrument recognised in profit or loss when the Group's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment. Dividends are included in the "revenue" line item in profit or loss.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-months ECL ("12m ECL") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if (i) it has a low risk of default, (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when it has an internal or external credit rating of "investment grade" as per globally understood definitions.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) 違約定義

就內部信貸風險管理而言，本集團認為，當內部制訂機制或得自外界來源的資料顯示債務人不大可能悉數向債權人(包括本集團)還款(未計及本集團所持任何抵押品)時，違約事件隨即發生。

無論上述情況如何，本集團認為，當金融資產逾期超過90天，則發生違約，除非本集團有合理且可靠的資料證明更滯後的違約標準更為合適。

(iii) 信貸減值之金融資產

當一個或多個事件對該金融資產的預計未來現金流產生不利影響時，該金融資產即為信貸減值。證明該金融資產信貸減值包括以下事件的可觀察數據：

- (a) 發行人或借款人的重大財務困難；
- (b) 違約，如違約或逾期事件；
- (c) 借款人的貸款人因有關借款人財務困難的經濟或合約理由而向借款人批出貸款人不會另行考慮的優惠；或
- (d) 借款人將可能陷入破產或其他財務重組。

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider; or
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.

(iv) 註銷政策

當有資料顯示對方處於嚴重財務困難及無實際償還可能時，如對方已被清算，或已進行破產程序，或交易應收款項逾期2年以上，以較早發生者為準，則本集團註銷該金融資產。經考慮適當的法律意見後，遭註銷的金融資產可能仍須按本集團追討程序強制執行。該註銷便構成取消確認事項。任何隨後收回款項會於損益中確認。

(v) 預期信貸虧損的計量及確認

預期信貸虧損的計量為違約概率、違約損失率(即違約損失幅度)及違約風險的函數。違約概率及違約損失率乃基於根據前瞻性資料調整的歷史數據評估。預期信貸虧損的估算乃反映一個無偏頗和概率加權的金額，即根據各個發生違約風險加權而確定的。

一般而言，預期信貸虧損按本集團根據合約應付的所有合約現金流與本集團預計應收的所有現金流之間的差額估計，並按首次確認時釐定的實際利率貼現。

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over two years past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

(v) Measurement and recognition of ECL (continued)

Lifetime ECL for trade receivables are considered on an individual basis taking into consideration past due information and relevant credit information such as forward looking macroeconomic information.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables where the corresponding adjustment is recognised through a loss allowance account.

Derecognition/modification of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of an investment in equity instrument which the Group has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investment revaluation reserve is not reclassified to profit or loss, but is transferred to retained profits.

A modification of a financial asset occurs if the contractual cash flows are renegotiated or otherwise modified.

對於不導致取消確認的金融資產的非重大修訂，相關金融資產的賬面價值將以該金融資產的原始實際利率折現後的經修訂合同現金流的現值計算。產生的交易成本或費用調整為修改後的金融資產的賬面價值，並在剩餘期間內攤銷。對金融資產賬面價值的任何調整均於修訂日在損益中確認。

Derecognition/modification of financial assets (continued)

When the contractual terms of a financial asset are modified, the Group assesses whether the revised terms result in a substantial modification from original terms taking into account all relevant facts and circumstances including qualitative factors. If qualitative assessment is not conclusive, the Group considers the terms are substantially different if the discounted present value of the cash flows under the new terms, including any fees paid net of any fees received, and discounted using the original effective interest rate, is at least 10 per cent different from the discounted present value of the remaining cash flows of the original financial asset.

For non-substantial modifications of financial assets that do not result in derecognition, the carrying amount of the relevant financial assets will be calculated at the present value of the modified contractual cash flows discounted at the financial assets' original effective interest rate. Transaction costs or fees incurred are adjusted to the carrying amount of the modified financial assets and are amortised over the remaining term. Any adjustment to the carrying amount of the financial asset is recognised in profit or loss at the date of modification.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities at amortised cost

Financial liabilities including creditors and tenant deposits are subsequently measured at amortised cost, using the effective interest method.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's operations are translated into the presentation currency of the Group (i.e. HK\$) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the date of transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of exchange reserve.

On the disposal of a foreign operation (that is, a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred income in the consolidated statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants related to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under "other income".

遞延稅項按綜合財務報表中資產及負債賬面值與計算應課稅溢利所用相應稅基間之臨時差額確認。所有暫時應課稅差額一般都會確認為遞延稅項負債。遞延稅項資產則於應課稅溢利有可能抵銷可扣稅暫時差額予以確認。但倘若有關暫時差額是由首次確認(非業務合併)既不影響應課稅溢利亦不影響會計溢利的交易的其他資產和負債所引起，則不會確認該等遞延資產和負債。

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from loss before taxation because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

稅項(續)

遞延稅項資產之賬面值會於報告期末審核，並調低至再無可能有足夠應課稅溢利足以撥回全部或部分資產。

遞延稅項資產及負債乃以預期於償付負債或變現資產之期間應用之稅率，根據於報告期末已頒佈或實質上已頒佈之稅率(及稅法)計算。

遞延稅項負債及資產之計量反映本集團預期於報告期末將出現的稅務後果，以收回或清償資產及負債之賬面值。

就計量以公允價值模式計量的投資物業之遞延稅項負債或遞延稅項資產目的而言，除非假定被推翻，否則有關物業的賬面值被假定為可通過出售全數收回。倘有關投資物業為可折舊而其相關業務模式的目的乃隨著時間實質地消耗，通過使用而非出售消耗該投資物業內所包含的絕大部分經濟利益，則有關假定被駁回。

遞延稅項資產及負債在法律上具有強制性的權利，可以將流動稅項資產與流動稅項負債抵銷，並且與由同一稅務機關向同一應納稅實體徵收之所得稅有關時，則予以抵消。

即期及遞延稅項於損益確認，惟當其與於其他全面收益確認或直接於權益確認之項目有關時，在此情況下，即期及遞延稅項亦會分別於其他全面收益或直接於權益確認。

3. Basis of Preparation of Consolidated Financial Statements and Significant Accounting Policies (continued)

Taxation (continued)

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale, which is always presumed to be recovered entirely through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

4. 重要會計判斷及不確定性估計之主要來源

於應用本集團之會計政策(如附註3所述)時，董事須對未能透過其他來源確定之資產及負債之賬面值作出判斷、估計及假設。所作出之估計及相關假設乃以過往經驗及其他被視為相關之因素為基準。實際結果可能與該等估計有異。

估計及相關假設乃以持續基準被審閱。倘對會計估計之修訂僅影響進行修訂之期間，則於該期間確認，或倘修訂會影響目前及未來期間，則會於審閱及未來期間確認。

應用本集團會計政策之重要判斷

以下為董事於應用本集團會計政策過程中所作出而對於綜合財務報表確認之金額具有最重大影響之重要判斷(涉及估計者除外(見下文))。

投資物業遞延稅項

為計量使用公允價值模型計量的若干投資物業產生的遞延稅項，董事已審閱本集團的投資物業組合，並得出結論，本集團的投資物業並非以時間消耗該投資物業所包含之大部份經濟利益之商業模式而持有。因此，於釐定投資物業的遞延稅項時，董事已確定不推定使用公允價值模型計量的投資物業的賬面值全部通過出售來收回的假設。本集團已就投資物業的公允價值變動確認遞延稅項，因為本集團須就出售投資物業的公允價值變動繳納所得稅。

於二零二二年十二月三十一日，投資物業遞延稅項的賬面值為144,273,000港元(二零二一年：146,774,000港元)。

4. Critical Accounting Judgments and Key Sources of Estimation Uncertainty

In the application of the Group's accounting policies, which are described in note 3, the Directors are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgments in applying accounting policies

The following are the critical judgments, apart from those involving estimations (see below), that the Directors have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

Deferred taxation on investment properties

For the purposes of measuring deferred tax arising from certain investment properties that are measured using the fair value model, the Directors have reviewed the Group's investment property portfolios and concluded that the Group's investment properties are not held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment properties over time. Therefore, in determining the deferred taxation on investment properties, the Directors have determined that the presumption that the carrying amounts of investment properties measured using the fair value model are recovered entirely through sale is not rebutted. The Group has recognised deferred tax on changes in fair value of investment properties as the Group is subject to income taxes on the fair value changes of the investment properties on disposal.

As at 31st December, 2022, the carrying amount of deferred tax on investment properties is amounted to HK\$144,273,000 (2021: HK\$146,774,000).

不確定性估計之主要來源

以下是有關未來的主要假設，以及報告期末估計不確定性的其他主要來源，並可能會在下一財政年度內對資產及負債的賬面值進行重大調整的重大風險。

投資物業之公允價值

投資物業根據獨立專業評估師進行的估值以公允價值列賬。公允價值的釐定涉及市場條件的若干假設(載於附註16)。

管理層依靠評估報告行使了判斷，並對評估方法能夠反映當前的市場狀況感到滿意。儘管本集團認為本集團投資物業的估值為最佳估計，但持續進行的新型冠狀病毒疫情導致市場波動性更大，這取決於新型冠狀病毒疫情的發展和演變情況，從而導致了本年度的估值更大程度的不確定性。對這些假設的更改，包括由於宏觀經濟環境變化，許多國家實施的旅行限制，國際貿易緊張局勢地緣政治的複雜性，政策方向和/或抵押要求的變化，或其他意外情況而導致的潛在意外事件的潛在風險這些事件將導致本集團投資物業的公允價值發生變化，並對綜合損益及其他全面收益表中報告的收益或虧損金額作出相應的調整。

4. Critical Accounting Judgments and Key Sources of Estimation Uncertainty (continued)

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Fair values of investment properties

Investment properties are stated at fair value based on the valuation performed by independent professional valuers. The determination of the fair value involves certain assumptions of market conditions which are set out in note 16.

In relying on the valuation report, the management have exercised their judgment and are satisfied that the method of valuation is reflective of the current market conditions. Whilst the Group considers valuations of the Group's investment properties are the best estimates, the ongoing COVID-19 pandemic has resulted in greater market volatility depending on how the COVID-19 pandemic may progress and evolve which have led to higher degree of uncertainties in respect of the valuations in the current year. Changes to these assumptions, including the potential risk of any unexpected incidents as a result of change in macroeconomic environment, travel restrictions implemented by many countries, increased complexity in international trade tensions geopolitics, changes in policy direction and/or mortgage requirements, or other unexpected incidents would result in changes in the fair values of the Group's investment properties and the corresponding adjustments to the amount of gain or loss reported in the consolidated statement of profit or loss and other comprehensive income.

應收貸款及相關利息及其他應收款項的預期信 貸虧損之撥備

本集團根據每筆貸款的違約概率和給定的違約虧損來確定應收貸款和相關利息及其他應收款項的預期信貸虧損，因為它們各自具有不同的虧損模式。

在釐定預期信貸虧損時，本集團委聘評估師考慮各借款人及其擔保人的背景、貸款的還款歷史以及合理且可支持的前瞻性信息(無需花費過多成本或精力)而進行預期信貸虧損的計算。本公司管理層與評估師緊密合作，確定適當的違約率和給定違約率的虧損。在每個報告日期，將重新評估違約概率和給定的違約虧損，並考慮前瞻性信息的變化。

預期信貸虧損之撥備對估計變動敏感。由於新型冠狀病毒疫情引發的更大的財務不確定性，本集團提高了本年度的預期虧損率，因為長期疫情可能導致信用違約率上升的風險更高。於二零二二年十二月三十一日，應收貸款及相關利息及其他應收款項的賬面值為155,359,000港元(二零二一年：178,519,000港元)，扣除預期信貸虧損為103,138,000港元(二零二一年：79,843,000港元)。有關預期信貸虧損及本集團之應收貸款及其他應收款項之資料於附註30(b)中披露。

Provision of ECL for loan receivables and related interest and other receivables

The Group determines the ECL for loan receivables and related interest and other receivables based on probability of default and loss given default for each individual loan as each of them have different loss patterns.

In determining the ECL, the Group engages the Valuer to perform the calculation of ECL taking into account on each of the borrowers and their guarantor's background, repayment history of their loans and forward-looking information that is reasonable and supportable available without undue costs or effort. The management of the Company works closely with the Valuer to determine the appropriate default rate and loss given default rate. At every reporting date, the probability of default and loss given default are reassessed and changes in the forward-looking information are considered.

The provision of ECL is sensitive to changes in estimates. Due to greater financial uncertainty triggered by the COVID-19 pandemic, the Group has increased the expected loss rates in the current year as there is higher risk that a prolonged pandemic could led to increased credit default rates. As at 31st December, 2022, the carrying amount of loan receivables and related interest and other receivables is HK\$155,359,000 (2021: HK\$178,519,000), net of ECL of HK\$103,138,000 (2021: HK\$79,843,000). Information about the ECL and the Group's loan receivables and other receivables is disclosed in note 30(b).

外幣敏感度

本集團之主要附屬公司在香港經營，其交易主要以港元、美元及人民幣計值及結算。由於港元與美元掛鈎，因此董事認為本集團之外匯風險並不重大。倘本集團之收入及開支並無以相同貨幣自然匹配且收款與付款之間存在時間差異，除了它的功能貨幣外，本集團將面臨以非貨幣交易所產生之外匯匯兌收益及虧損。

本集團主要承受人民幣之風險。

經考慮後，本集團之外幣風險因應人民幣對本集團而言並無重大影響，故敏感性分析不作呈列。

Foreign currency sensitivity

The Group's principal subsidiaries are operating in Hong Kong and their transactions are mostly denominated and settled in HK\$, USD and RMB. As HK\$ is pegged to USD, the Directors thus consider the Group's foreign currency exposure is not significant. The Group mainly exposes to the currency of RMB.

However, the Group closely monitors interest rate movements and will enter into new banking facilities when favourable pricing opportunities arise. The management monitors the Group's interest exposure and will consider hedging interest rate exposure should the need arise.

透過損益按公允價值處理之金融資產

信貸風險及減值評估

本集團的信貸風險由潛在虧損來自於交易對家之違約。本集團已於綜合財務狀況表中披露其最大金融資產之賬面金額。

交易應收款項包括應收租客之租金及應收租客之物業管理費。租賃開始前會進行信貸檢查及持續的信貸評估，以確保按要求的提供呆壞賬撥備。有關信貸風險是有限的，因為交易應收款項已由租戶之按金作擔保。在此方面，董事認為本集團的信貸風險已大大降低，因此未有確認虧損撥備。

Equity instrument at FVTOCI

If the business enterprise value of the underlying equity securities has been 5% (2021: 5%) higher/lower while all other variables were held constant, investment revaluation reserve at 31st December, 2022 would have increased/decreased by HK\$1,480,000 (2021: HK\$1,633,000) as a result of changes in fair value of equity instrument at FVTOCI.

Financial assets at FVTPL

If equity prices were 5% (2021: 5%) higher/lower while all other variables were held constant, loss before taxation would decrease/increase by HK\$3,911,000 (2021: HK\$4,297,000) for the Group as a result of the changes in fair value of financial assets at FVTPL.

Credit risk and impairment assessment

The Group's exposure to credit risk arises from potential losses result from default on obligations by counterparties. The maximum exposure to the Group is represented by the carrying amount of its financial assets as stated in the consolidated statement of financial position.

Trade receivables consists of rental and estate management fees receivable from tenants. Credit checks are carried out before commencement of tenancies and on-going credit evaluation ensures any doubtful receivables are provided for as required. The exposure to credit risk is limited because the trade receivables are secured by tenant deposits. In this regard, the Directors consider that the Group's credit risk is significantly reduced and thus no loss allowance was recognised.

關於應收票據的信用風險管理政策，本集團會根據公開認購文件及其上市擔保人公佈的公開信息進行評估。關於其他應收貸款的信用風險管理政策，本集團會根據每位借款人之背景、財政實力和貸款抵押品進行個別評估，以協商應收貸款之信用限額及新之授予和續期條款。應收貸款的信用限額及新的授予或續期條款乃由貸款人附屬公司的董事根據個別個案逐一核。截至二零二二年十二月三十一日，共有2個(二零二一年：2個)未清償由香港上市實體發行的應收票據和2名(二零二一年：2名)未清償其他應收貸款的債務人，包括在香港的私人公司和一名在中國的關聯方。

本集團的應收票據存放在證券經紀人賬戶中及當到期時償還應收票據之利息和本金是直接存入證券經紀人賬戶。關於其他應收貸款，本集團向借款人提前發出付款通知單。本集團正持續監察應收票據及應收貸款之償還情況及本集團財務部負責向董事報告任何發行人或借款人(視乎情況)延遲或未能在到期時償還應收票據及應收貸款之違約情況，以進一步評估貸款可收回性及制定追回貸款計劃。

本集團之內部審計部門定期對信貸流程的各個方面進行內部控制審查和合規檢查，以確保遵守信貸程序並有足夠控制措施降低信貸風險。

(b) Financial risk management objectives and policies (continued)

Credit risk and impairment assessment (continued)

Regarding the credit risk management policy on note receivables, the Group assessments are based on the public subscription documents and the public information published by its listed guarantors. For the credit risk management policy on other loan receivables, the Group negotiates the credit limits and terms of new grants and renewals of loans receivable based on individual assessments of the background, financial strength and collateral provided on the loans of each of the borrowers. The credit limits and terms of the new grants or renewals of loans receivables are approved by the directors of the lender subsidiaries on case-by-case basis. As at 31st December, 2022, there are in total 2 (2021: 2) outstanding note receivables issued by listed entities in Hong Kong and 2 debtors (2021: 2 debtors) of outstanding other loan receivables, comprising private companies in Hong Kong and a related party in the PRC.

The Group performs a credit quality review to provide early identification of possible changes in the creditworthiness of counterparties regularly, including financial information analysis, collateral revisions and interviews with borrowers to update the credit risk of borrowers. The credit quality review enables the Group to assess the potential loss as a result of the risk to which it is exposed and take appropriate corrective actions.

The Group's note receivables are kept in the security broker account and the repayment of interests and principals of note receivables are directly debited in the security broker account when due. For the other loan receivables, the Group billed in advance by the debit notes to the borrowers. The Group performs ongoing monitoring on the note receivables and loan receivables repayment and the finance department of the Group is responsible for reporting to the Directors for any delay or default in repayment of the note receivables and loan receivables by the issuer or the borrower (as the case may be) upon maturity for further assessment of the loan recoverability and formulation of plans for loan collection.

The internal audit department within the Group periodically conducts internal control reviews and compliance checking over all aspects of credit processes to ensure that the credit procedures are complied with and sufficient controls are in place to mitigate credit risk.

The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies.

本集團的信貸風險集中，因應收貸款借予數名獨立第三方及關聯方。於二零二二年十二月三十一日，應收貸款將於二零二三年十一月至二零二四年十一月到期(二零二一年：二零二二年十一月至二零二四年十一月)。管理層曾已對借款人有抵押和無抵押之應收貸款154,729,000港元(二零二一年：176,329,000港元)進行信貸評級之評估。於截至二零二二年十二月三十一日止年度，一個應收票據因未能償還而違約，該本金為97,640,000港元(二零二一年：96,890,000)及應收利息為3,417,000港元(二零二一年：3,391,000)，其餘貸款利息已按協議條款還款。

本集團以12個月的預期信貸虧損為基礎，評估了賬面總額為14,056,000港元(二零二一年：21,558,000港元)之其他應收款項之虧損撥備。其他應收款項之預期虧損為個別評估，並酌情考慮債務人過往之違約經驗及內部信用評級以及前瞻性資訊(如適用)。自首次確認以來，信用風險沒有顯著增加。

本集團沒有其他重大集中之信貸風險，風險亦分散在眾多交易對手和客戶身上。

此外，本集團針對交易應收款項重新評估全期預期信貸虧損及其他金融資產於報告期末之12個月預期信貸虧損，確保對首次確認之風險有顯著增加趨勢提供足夠的減值虧損。就此而言，本集團之管理層認為本集團之信貸風險已大大降低。

為了減低信貸風險，本集團已制定按不同類別按違約程度計算之信貸風險評級。本集團利用公開的財務資訊及其過往之還款記錄，或在適當情況下聘請外部評估師對主要客戶及債務人進行評級。本集團於此方面及交易對手的信貸品質進行持續監察及按所屬單位審批每個交易。

Credit risk and impairment assessment (continued)

The Group had a concentration of credit risk as the loan receivables are advanced to a few independent third parties and related parties. As at 31st December, 2022, the loan receivables will be matured ranging from November 2023 to November 2024 (2021: November 2022 to November 2024). Management had assessed the credit rating of the borrowers for the secured and unsecured loan receivables of HK\$154,729,000 (2021: HK\$176,329,000). During the year ended 31st December, 2022, there is a default in repayment of note receivable with a principal amount of HK\$97,640,000 (2021: HK\$96,890,000) and the interest receivable of HK\$3,417,000 (2021: HK\$3,391,000), all other loans interest have been settled in accordance with agreement terms.

The Group assessed the loss allowances for other receivables with gross carrying amounts of HK\$14,056,000 (2021: HK\$21,558,000) on 12m ECL basis. The expected loss of other receivables are assessed individually, taking into account the historical default experience and internal credit rating of the debtors as well as forward-looking information, as appropriate. There had been no significant increase in credit risk since initial recognition.

The Group has no other significant concentrations of credit risk, with exposure spread over a number of counterparties and customers.

In addition, the Group reassesses the lifetime ECL for trade receivables and the 12m ECL for other financial assets at the end of the reporting period to ensure that adequate impairment losses are made for significant increases in the likelihood or risk of a default occurring since initial recognition. In this regard, management of the Group considers that the Group's credit risk is significantly reduced.

In order to minimise credit risk, the Group has developed credit risk grading to categorise exposures according to the degree of risk of default. The Group uses publicly available financial information and its own historical repayment records, or, where appropriate, engages the Valuer to rate its major customers and debtors. The Group's exposure and the credit quality of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.
