(Incorporated in Bermuda with members' limited liability)

Stock code: 0316.HK

## ANNUAL REPORT 2022

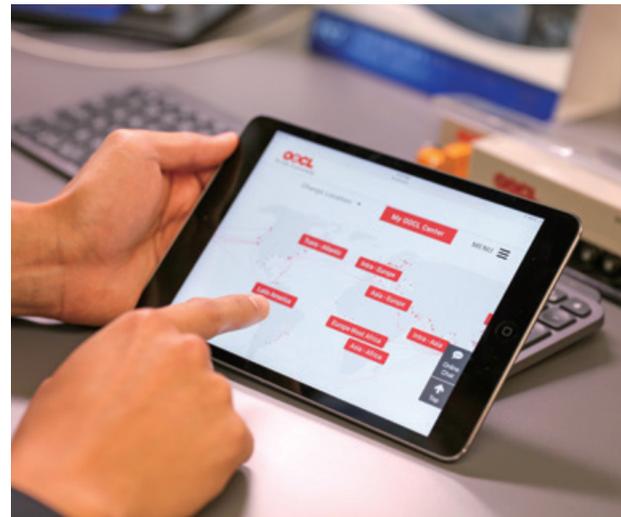

## Corporate Profile

### About Orient Overseas (International) Limited

Orient Overseas (International) Limited (“OOIL”), has principal business activities in container transport and logistics services. Listed on The Stock Exchange of Hong Kong, the OOIL Group has around 440 offices in approximately 90 countries/regions.

Orient Overseas Container Line and OOCL are trade names for transportation provided separately by Orient Overseas Container Line Limited (“OOCL”) and OOCL (Europe) Limited respectively and both are wholly-owned subsidiaries of OOIL. OOCL is one of the world’s largest integrated international transportation and logistics companies and is an industry leader in the use of information technology, digitalisation and e-commerce to manage the entire cargo transport process. OOCL’s modern fleet includes some of the youngest, largest, most fuel-efficient, and most environmentally friendly vessels in the world, carrying cargo on hundreds of trade routes, providing a vital link to world trade.

# Significant Events – 2022

## JANUARY 1 2

IQAX expanded its footprint in mainland China and Asia with the launch of its fully owned subsidiary Shanghai IQAX Information Technology Limited (Shanghai IQAX). Shanghai IQAX will act as the company's new headquarters in mainland China and drive business development, sales, marketing, customer success and corporate functions.

OOCL announced the OCEAN Alliance Day 6 products of 2022, bringing new and upgraded shipping options with higher flexibility, reliability, and capacity to the market.

## FEBRUARY 3

On 17th February, OOCL was presented with Liner Trade Award: Australia-North East Asia at the DCN Australian Shipping & Maritime Industry Awards 2021 to recognise its dedicated work in the region. The company also won the Highly Commended title in the Liner Trade Award: Australia-South East Asia.

## MARCH 4 5

Effective from 7th March, OOIL was included as a constituent stock of the Hang Seng Composite Index (HSCI), one of the benchmark indexes of the Hong Kong Stock Exchange. Established in 2001, the HSCI offers a comprehensive coverage of Hong Kong market and is considered a representative indicator of the market performance by many investors and analysts.

OOCL Logistics became the first freight forwarder partner of Global Shipping Business Network (GSBN) and participated in the piloting of the Cargo Release application in the Netherlands which marked the successful expansion of GSBN's footprint into Europe. GSBN's blockchain-empowered Cargo Release system connected all parties involved at the port of import to offer a paperless, highly efficient and transparent digitalised solution, enabling customers to eliminate manual processes and remove any need for physical exchanges of paper documentation.

On 25th March, OOIL announced a profit attributable to equity holders of US\$7,128.1 million for 2021, compared to a profit of US\$902.7 million in 2020.

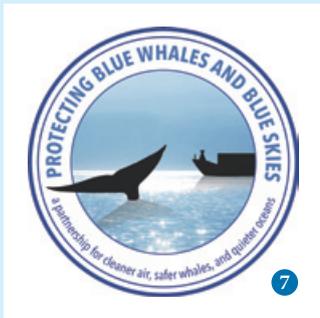

## APRIL 6

OOCL announced a brand-new A3 Express Loop (A3X) to offer express loop between China and Australia. By linking Shanghai, Shekou, Brisbane and Sydney, A3X could provide a comprehensive port coverage to/from North East Asia into Australia's east coast in addition to OOCL's existing A3N, A3C and A3S services.

## MAY 7 8

OOIL was selected as a constituent stock of the newly launched Hang Seng Climate Change 1.5°C Target Index.

OOCL joined the 2022 Protecting Blue Whales and Blue Skies Program, a Vessel Speed Reduction incentive program covering San Francisco Bay and Southern California zones which aims to reduce air pollution, fatal ship strikes on whales, and underwater noise.

OOCL Logistics launched its in-house United States Customs Brokerage Service in its end-to-end process to deliver customers an enhanced and integrated package.

## JUNE 9

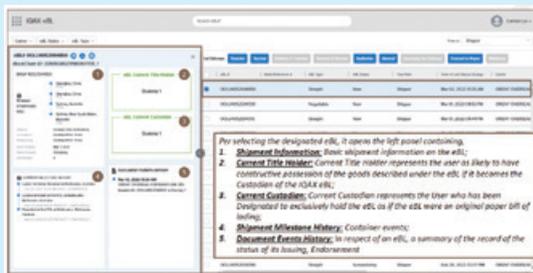

Effective from 13th June, OOIL was listed as a constituent stock of Hang Seng Index. Launched in 1969, the Hang Seng Index, or "HSI", includes the largest and most liquid stocks listed on the Main Board of the Hong Kong Stock Exchange, and is world renowned as being representative of Hong Kong stocks. OOIL was also included in the HSI ESG Enhanced Index and HSI ESG Enhanced Select Index.

OOCL introduced a brand new Transpacific Latin Pacific 6 (TLP6) service in its Asia – Latin America network which would provide a comprehensive port coverage between North East Asia and West Coast South America.

JUNE 10 11

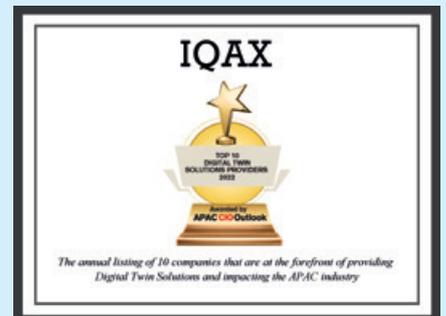

OOCL and PSA Corporation Ltd (PSA) successfully completed a joint pilot project to integrate and enhance the flow of container between two PSA facilities – Keppel Distripark (KD) and the On-Dock Depot (ODD). The enhanced flow of empty containers between KD and ODD can reduce an average of 93% of kgCO<sub>2</sub>e (kilogram of carbon dioxide equivalent) per trip due to the significantly shorter distance. The collaboration between PSA and OOCL aimed to drive sustainability and productivity among stakeholders in Singapore’s logistics and supply chain industry.

IQAX launched IQAX eBL, a blockchain-based, contactless document management digital solution. IQAX eBL was the first electronic bill of lading solution built on GSN’s blockchain network.

JULY 12 13

IQAX was recognised as one of the top 10 digital twin solutions providers in the Asia Pacific region by CIOoutlook magazine.

OOCL announced the adoption of Electronic Bills of Lading (eBL), in order to enhance the efficiency of the global supply chain, reduce the carbon footprint of each shipment, and bring customers the ultimate shipping experience.

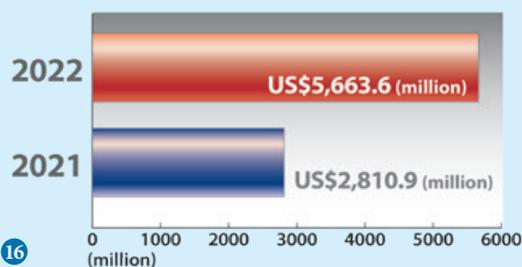

## AUGUST 14 15 16 17

IQAX was named as the ‘2022 Top 30 Cases on Innovation of Shipping and Logistics Industry’ by China Shipping Gazette and the China Communications and Transport Association, Shipping & Logistics Committee.

OOCL received the Gold Award (Services Sector) at the 2021 BOCHK Corporate Environmental Leadership Awards Ceremony held on 17th August in Hong Kong for its continuous commitment to promoting environmental and low-carbon best practices.

On 19th August, OOIL announced a profit attributable to equity holders of US\$5,663.6 million for the six-month period ended 30th June, 2022, compared to a profit of US\$2,810.9 million for the same period in 2021.

OOCL completed the first trial use of marine biofuel in its fleet. The biofuel supplied by Chevron Singapore was blended with ISCC certified Used Cooking Oil Methyl Ester as a 22% component in the VLSFO. The 41-day trial voyage of “OOCL YOKOHAMA” commenced on 26th June and ended on 5th August.

AUGUST 18 19

On 23rd August, OOCL received the “Regional Award” at the “2022 Singapore Environmental Achievement Awards (SEAA)” from Singapore Environment Council. This was the sixth award OOCL has received at the SEAA ceremony for its long-standing commitment and dedication to environmental stewardship.

OOCL Logistics announced the launch of “E-Trucking” solution on OOCL’s FreightSmart platform, providing full process trucking solutions to meet the evolving needs of customers.

SEPTEMBER 20 21

Effective from 5th September, OOIL was listed as a constituent stock on the Hang Seng Corporate Sustainability Index (HSSUS) and the Hang Seng ESG 50 Index.

Hang Seng Corporate Sustainability Index Series Member 2022-2023

20

OOCL was named the “Best Green Shipping Line” at the 2022 Asian Freight, Logistics and Supply Chain (AFLAS) Awards for its efforts and resolute commitment to achieving environmental excellence and sustainability.

21

# Significant Events – 2022

## OCTOBER 22

On 28th October, OOCL signed newbuilding contracts with shipyards Nantong COSCO KHI Ship Engineering Co., Ltd. (NACKS) for seven methanol-compatible 24,000 TEU container vessels. The cost of each vessel will be US\$239.85 million, being a total investment by OOCL of US\$1,678.95 million. The green fuel technologies to be applied on these new vessels, most notably for the methanol dual fuel engines, constitute a significant milestone in OOCL's decarbonisation journey.

## NOVEMBER 23 24 25

OOCL launched a new service East Africa Express 5 (EAX5) in its Asia – Africa network to provide a comprehensive port coverage in the regions.

OOCL was delighted to receive the “Outstanding Performance Award in Port State Control Inspection for the year of 2021” award from the Hong Kong Marine Department on 8th November in recognition of its excellent work in maintaining fleet quality and contribution in upholding the reputation of the Hong Kong flag.

OOCL received the Distinction Award (Large Organization Category) of the Hong Kong Sustainability Award 2022 from The Hong Kong Management Association on 22nd November.

DECEMBER 26 27 28 29

26

On 7th December, OOCL and its partners signed the OCEAN Alliance Day 7 products to offer customers with upgraded shipping options with higher capacity, lower carbon emissions and refined port rotation starting from 1st January, 2023.

IQAX was named as a winner of the 2022 Top Software & Technology Providers award by Food Logistics, a publication dedicated to covering the movement of product through the global cold food supply chain.

27

28

OOIL was selected by Dow Jones Sustainability Indices (DJSI) to become a constituent of Dow Jones Sustainability Asia/Pacific Index, effective from 19th December, 2022.

OOIL was included in the FTSE4Good Developed Index, created by the global index and data provider FTSE Russell, effective from 19th December, 2022.

29

# Chairman's Statement

Be assured, no matter the challenges, OOIL will adapt and be ready to serve its customers. We will continue to work tirelessly and diligently to be at the forefront of our industry, as a Vital Link to World Trade.

**Wan Min** *Chairman*

After yet another truly extraordinary year, indeed the third such year in a row, on behalf of the Board and management of Orient Overseas (International) Limited ("OOIL"), I would like to express my heartfelt thanks to all shareholders, customers, business partners and of course employees at sea and onshore for their continuous support to our Group. The success of OOIL depends not only on its energy, innovation and *we take it personally spirit*, but also on its business relationships, its market reputation and its status as an employer of choice.

I am pleased to report that OOIL recorded a net profit attributable to shareholders for 2022 of US\$9,965.2 million (2021: US\$7,128.1 million).

In last year's annual report, I wrote that our results for 2021, which include the highest ever revenue, liftings and profit figures for our core container shipping and logistics business, surpassed even the outstanding outcome for 2020. At that point, we could not have foreseen that the results for 2022 would once again break new records. The profits and cash flow that were generated by the results of 2022 put us in a very strong position to fund not only our continuing programme of measured and intelligent growth, but also to fund our ongoing investment in information technology and the digitalisation of our industry. Moreover, they further enhance our already robust balance sheet, which is strong enough to enable us both to withstand the challenges of cyclical markets, and to allow us to provide attractive returns to shareholders.

With this in mind, it is proposed that a final dividend of US\$2.61 (HK\$20.358) and a second special dividend of US\$1.95 (HK\$15.210) per share be paid for 2022 (2021: final dividend of US\$2.61 (HK\$20.358) and special dividend of US\$0.69 (HK\$5.382)).

For much of the first half of the year, the container shipping market endured the same conditions through which it had been persevering for the previous 18 months, with effective levels of supply being under immense pressure at the same time as demand continued to grow, albeit moderately. The pressure on levels of effective supply had been caused by severe congestion at multiple locations around the network, and was most obviously visible in long queues of ships lining up to enter the ports of Long Beach and Los Angeles and, at times, in delays of two to three weeks for ships to enter some of the main ports on the East Coast of the USA. The impact of the downwards pressure on effective supply caused by these disruptions far outweighed the effect of the increased nominal supply coming from massive deployment of additional capacity injected into the busiest tradelanes, and from the entry of new smaller competitors into key markets such as the Transpacific tradelanes. However, as the year progressed, it became increasingly evident that market conditions had started to change.

On the supply side, the shift of cargo away from the US West Coast eventually helped to reduce the pressure on the ports and local supply chain, and began to have a significant effect in terms of reducing congestion. Some of this change was driven not by fluctuations in underlying demand, but by deliberate steps on the part of some importers to avoid in 2022 some of the chokepoints that been at the centre of disruption in 2021, especially if there was potential for any additional disruption from possible labour disputes. Initially, this helped to increase congestion on the US East Coast, but after some months, congestion there too, as also in Northern Europe and the major ports of Asia, started to abate. This significant reduction in congestion has already led to an increase in the effective level of supply in the market.

In 2023 and 2024, further supply increase will be created through the delivery of new ships – this could delay any improvement in the container shipping markets, even if the economic situation is more benign than anticipated. While mitigation of this risk from increasing supply most certainly does exist, through increased likelihood of vessel scrapping for example, and much more significantly from new environmental regulations, these will take time to be felt, and as such will not provide much counterbalance until the second half of 2023 at the earliest. In the meantime, during the first half, it may be that shipping companies will look at expected levels of demand, and re-calibrate their services in line with the potentially reduced requirements of their own customer portfolio.

In terms of demand, excess inventory levels started to build up in some key importing economies, most notably the US, partly because of unfulfilled expectations in respect of year-on-year demand growth, and partly because supply chain congestion meant that large quantities of goods were arriving late, including seasonally-sensitive goods. The result of this was that, while consumer spending was not slowing down to any material extent (despite perfectly rational concerns about the impact of inflation and interest rate rises), the demand from importers for containerised transportation was clearly starting to reduce. Freight rates on most major tradelanes started to fall from their tremendous heights, starting a long-predicted trend towards less extreme levels. In the final quarter of the year, rates were starting to approach their pre-pandemic levels on many trade lanes, and load factors were often below optimal levels. That said, we must all be careful not to be so swayed by the scale of the precipitous falls in freight rates that we fail properly to contextualise the current rate levels, which in general are similar to rate levels seen in 2019 and early 2020, and not similar to rate levels seen during the much tougher times of say 2016 or even 2009.

At the time of writing, it appears that this unmistakable downwards trend may have started to stabilise. Even if we may reasonably expect occasional further falls during the seasonally quieter two to three months following the Chinese New Year holidays, weekly movements in spot rates are no longer as dramatic as they were during much of the second half of 2022, and load factors on some routes show clear signs of improvement. However, it seems unlikely that the general environment for the industry will change materially during the first half of 2023. Thereafter, once importers in countries such as the US have made further progress in reducing their inventories, then if the economic outlook has improved, for example if inflation has started to peak and if employment data remains strong, then we may see some improvement during the second half of 2023. There can, however, be no certainty about that outcome, given the extent of perfectly valid concerns about the future impact of inflation, interest rate rises and broader economic and geopolitical instability.

In March 2023, we took delivery of the first vessel built for the Group since 2018. This 24,188 TEU mega vessel, the *OOCL Spain*, and the 28 vessels that are scheduled to follow her over the next 5 years, represent the next stage in our longstanding plan of measured and intelligent growth. Seven of the vessels still under construction will be Dual Fuel Methanol vessels, which puts us at the very cutting edge of environmental advances in shipping, and is clear proof of our commitment to decarbonisation. Our substantial newbuilding programme is clear indication of the intention of the COSCO SHIPPING Group, of which OOIL is an integral part, to be a leading player in the top echelon of the industry, and also of the whole Group's commitment to its very successful Dual Brand Strategy.

Co-operation with fellow members of the COSCO SHIPPING Group continues to drive significant benefits in terms of efficiency, cost savings and the ability to serve our customers with a more sizeable and global reach. We continue to evaluate ways to enhance and deepen our co-operation, with a win-win approach that will bring benefit to customers, employees, business partners and shareholders alike.

The OOIL Group has long been seen as a leader in the field of the development of information technology applicable to container shipping, and in the digitalisation of our industry. Our Freightsmart platform, which provides instant quotation and booking, provides a valuable new channel for our customers and a new means of targeted outreach for us. Freightsmart has made significant progress during 2022, and has been a valuable tool in managing the disruption and the changing trends of the market. We continue to develop IQAX, a wholly-owned subsidiary, which will play a leading role in driving the digital transformation of the container shipping industry.

Our logistics business, OOCL Logistics, performed very well during 2022. Furthermore, co-operation between our logistics business and our liner side will be a key driver in our plans to develop more and more end-to-end business with our customers.

ESG has been at the heart of our business for many years. We have been producing detailed Sustainability and ESG reports for many years, and would encourage interested parties to refer to those reports for details of our considerable efforts in this important arena. Our progress in environmental matters is perhaps reflected most obviously in high profile news such as our orders of Dual Fuel Methanol vessels, or of our successful trial of the use of biofuels as a way to reduce the carbon impact of existing vessels, but also our efforts in extending it across all our business activities.

The business outlook is mixed, and while we do not foresee any material change in the first half, the timing of any improvement depends on a long list of macro-economic factors as well as on the evolution of the relative growth of supply and demand. What is certain is only that there will be challenges ahead.

Be assured, no matter the challenges, OOIL will adapt and be ready to serve its customers. We will continue to work tirelessly and diligently to be at the forefront of our industry, as a Vital Link to World Trade.

**Wan Min**  
*Chairman*

Hong Kong, China, 22nd March 2023

# Operations Review

As the second half of the year progressed, it became clearer that, despite continuing consumer spending, a build-up of inventories would reduce demand, and that alleviation of congestion in some major ports would start to release additional effective capacity.

## CONTAINER TRANSPORT

The year ended 31 December 2022 produced the highest full-year revenue in the Group's history. Compared to 2021, OOCL's total liner liftings decreased by 6.0%, total revenue increased by 19.1%, and revenue per TEU increased by 26.7%.

Market conditions in container shipping during the first half of 2022 were largely unchanged from the extraordinary conditions seen over the previous 18 to 24 months. In the early part of the year, significant supply chain disruption throughout the network, including port and inland congestion, continued shortages of chassis and of truck drivers, as well as difficulties in repositioning boxes to customers continued to put downward pressure on the levels of effective supply in the market. At the same time, consumer demand in key importing economies continued to defy expectations, meaning that, despite the industry being at full deployment, demand continued to outpace the effective levels of supply.

Conflicting signals around the middle of the year accurately reflected both continuing levels of demand but also genuine risks ahead, such as inflation, interest rate rises, and the uncertainty about the consequences of the situation in Ukraine.

As the second half of the year progressed, it became clearer that, despite continuing consumer spending, a build-up of inventories would reduce demand, and that alleviation of congestion in some major ports would start to release additional effective capacity. This altered the dynamics in the market, and created the long, steady decline in freight rates from their extraordinary highs to levels that, by year end, had started to approach the pre-pandemic range on a number of routes.

## Operations Review

OOCL Liner	TEU	Growth in 2022	
		Revenue	Revenue/TEU
1Q22 v 1Q21	(9.2%)	71.0%	88.3%
2Q22 v 2Q21	(5.6%)	52.4%	61.5%
3Q22 v 3Q21	(3.4%)	16.9%	21.1%
4Q22 v 4Q21	(5.6%)	(34.8%)	(30.9%)
<b>Total</b>	<b>(6.0%)</b>	<b>19.1%</b>	<b>26.7%</b>

Trade	LIFTING ('000 TEU)			REVENUE (US\$ million)		
	2022	2021	Variance	2022	2021	Variance
Trans-Pacific	1,773	2,073	(14.5%)	6,873	5,562	23.6%
Asia/Europe	1,577	1,643	(4.0%)	5,007	4,671	7.2%
Trans-Atlantic	450	478	(5.9%)	1,424	987	44.2%
Intra-Asia/Australasia	3,329	3,393	(1.9%)	5,368	4,461	20.3%
<b>Total</b>	<b>7,129</b>	<b>7,587</b>	<b>(6.0%)</b>	<b>18,672</b>	<b>15,681</b>	<b>19.1%</b>

**Trans-Pacific** – In 2022, OOCL saw a decrease in liftings of 14.5% for these tradelanes when compared to the previous year. Despite the drop in liftings, revenue on these routes improved by 23.6% year-on-year. Headhaul Trans-Pacific (Eastbound) revenue for the west coast and the east coast grew by 19.5% and 22.9% respectively. Despite the gradual week-on-week decline in spot rates as from the middle of the year, total revenues were strong on account of both higher spot rates earlier in the year and higher contract rates effective as of 1 May 2022.

Delays and disruption in US West Coast saw improvements over the course of 2022, while the US East Coast ports had noticeably worse congestion, which became increasingly severe until the final weeks of the year. Part of the explanation for

this is the reported shift in volumes by shippers, with volumes being directed more towards the US East Coast in order to avoid the risk of West Coast congestion similar to 2021/22, and perhaps to avoid the risk of potential disruption that might have arisen in the event of labour disputes on the West Coast.

**Asia/Europe** – Overall liftings saw a 4.0% decline year-on-year. European ports and supply chains also suffered from considerable congestion and wider disruption during the year, as a result of shortages in equipment and labour. Our headhaul Asia/Europe (Westbound) saw a 6.0% drop in liftings with revenue remain practically unchanged.

**Trans-Atlantic** – There was a drop in liftings of 5.9%, while revenue improved significantly by 44.2%, and revenue per TEU improved by 53.3%. Liftings fell primarily due to European and US East Coast port congestion that led to loss of effective capacity and liftings. US East Coast congestion was not only driven by pandemic-related restrictions and the subsequent impact on labour availability and equipment flow, but also by the shift in volumes from the US West Coast. Trans-Atlantic Westbound demand was strong, driven by the same underlying consumer spending that supported Trans-Pacific trade. This combination of factors meant that even until the very end of 2022, and for the few weeks of 2023, Trans-Atlantic freight rates have not seen the same degree of reductions as on the US West Coast for the Trans-Pacific trade.

**Intra-Asia and Australasia** – Intra-Asia and Australasia trade routes saw a minor 1.9% decrease in liftings. Revenue improved by 20.3% and revenue per TEU improved by 22.6%. After a strong market in the first half of the year, liftings began to drop between the end of the third and the beginning of the fourth quarter, primarily due to the earlier replenishment of inventories, which weakened importer’s willingness to buy amid the risks of higher interest rates and inflation. Capacity that was initially reduced back in 2021, both in absolute terms because of vessels being transferred to the Trans-Pacific route, and in effective terms because of severe congestion in key ports, was later increased due to lower levels of congestion and by vessels being diverted back to these tradelanes.

## SHIP OPERATIONS

As at 31st December 2022, the OOCL fleet composition was as follows:

Fleet	No. of Vessels	TEU Capacity
Owned/		
Long Term Lease	105	705,404
Short Term Lease	9	110,772
Chartered Out	(8)	(69,454)
Operating Capacity	106	746,722

In 2022, no new building vessels were delivered. In the first half of year 2022, we declared and exercised purchase options for three 15-year-old 5,888 TEU vessels, previously operated by us under long-term charter. These vessels were delivered to us in March, April and June 2022 respectively.

During the year, we have placed order for seven 24,000 TEU methanol compatible container vessels with Nantong COSCO KHI Ship Engineering Co., Ltd. in China. The expected delivery for these seven is between the third quarter of 2026 and the third quarter of 2028.

The order of these seven 24,000 TEU methanol compatible vessels, as well as the enhancement of our network design and strengthening our long-haul routes, is also in line with our long-term development plan. For the green fuel technologies applied for these new vessels, most notably, the methanol dual fuel engines, marks a significant milestone in the Group’s decarbonisation journey towards a greener future.

As of the end of 2022, the average age of vessels owned by the Group, or leased to the Group under contracts including a purchase option, which, as at the balance sheet date, is considered at least reasonably likely to be exercised is 12.88 years, and the average vessel size is 8,773 TEU.

## MAJOR CUSTOMERS AND SUPPLIERS

Approximately 4.4% and 15.1% of the Group’s total expenditure on purchases of goods and services for the year are attributable to the largest supplier and five largest suppliers respectively.

Approximately 1.5% and 5.7% of the Group’s total reported revenues for the year are attributable to the largest customer and five largest customers respectively.

The Group has entered into slot sharing arrangements with other container shipping companies. The receipts and payments from slot sharing arrangements have not been included in determining the major customers and suppliers since it would be misleading to do so as the receipts and payments are in respect of sharing arrangements for the utilisation of vessel space.

No director or any of his associates holds any equity interest in the suppliers or customers included above.

### BUNKER COST/SAVING

Throughout the year, the fuel price was extremely volatile, especially in the first half of 2022, where bunker cost increased by over 50% compared to the beginning of the year. During the second half, the bunker cost declined by over 25% from peak levels, thus the price trend becomes somewhat like a bell-shaped curve.

The fuel price volatility is a result of the interplay between the underlying supply and demand market, such as from the Organization of the Petroleum Exporting Countries (OPEC) production policies, countries' border reopening policy, Russian supply sanctions impact, and the geopolitical tensions, etc.

We maintain the usual practice in focusing intensely on bunker and engine lubricant oil saving programs to achieve cost saving throughout the whole year. These programs include: Optimal routing, continuously optimised speeds, efficient use of shaft generator, minimum ballast and optimal trim etc.

To ensure the bunker saving/cost saving at high oil prices, tremendous amounts of effort, teamwork, and the close coordination and collaboration by all the concerned parties both on-shore and off-shore is vital.

### ENVIRONMENTAL PROTECTION

In addition to compliance with international and local emission control regulations, we also remain very supportive of international efforts to measure and control shipboard emissions. All our vessels comply with the IMO 2020 regulatory requirement by either using cleaner fuel (0.5% sulphur content or less) or scrubber technology.

During the year, we have successfully completed the trial voyage with Biofuel supplied by one of the bunker suppliers. It provides us with certainty as to the feasibility of using sustainable biofuel on our ships, which gives us increased clarity over the next steps in our decarbonisation journey.

Apart from the use of Alternative Maritime Power (AMP) systems that allows shore-based power alternatives, our vessels are also installed with Ballast Water Treatment Systems (BWTS) to comply with the IMO and United States Coast Guard regulations. Both AMP and BWTS are effective green technologies we use to improve air and water quality in the environment.

Vessels installed with BWTS also provides more flexibility in fleet deployment plans.

In addition to regulatory compliance, we have been participating in various environmental initiatives, including the Green Flag Program at the Port of Long Beach, as well as Vessel Speed Reduction Programs at the Port of Los Angeles, and the Protecting Blue Whales and Blue Skies program at the San Francisco Bay, Southern California regions and Gulf of St. Lawrence. Furthermore, we have also been fully compliant with the California and New Zealand Biofouling regulations, meeting the Right Whale Protection requirements in the US East Coast, and voluntarily participated in the Port of Vancouver Echo Program Lateral Displacement Trial and in the Waters of Southern British Columbia, as well as the Swiftsure Bank slowdown trial program, to reduce underwater noise for endangered killer whales.

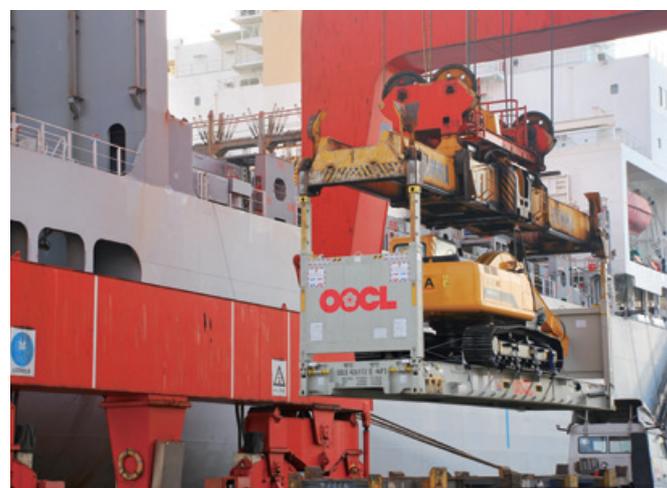

For International Maritime Organization (IMO) action and strategy to reduce Greenhouse Gas (GHG) emissions from international shipping, apart from our ordering of the methanol compatible new buildings with green fuel technology applied, our existing vessels are ready with the required documents approved/verified by Class to comply with the Energy Efficiency Existing Ships Index (EEXI) and Carbon Intensity Indicator (CII) which have become effective as of 1st January, 2023.

## LOGISTICS

In 2022, OOCL Logistics achieved healthy business and revenue growth as well as expanded customer base across the board, including our International Supply Chain Management Service, Freight Forwarding, Depot, Cold-chain Transportation and NVOCC units. We continued with our agenda to strengthen our physical services and network coverage with further investment. Environmental, Sustainability and Governance remained key focuses of our corporate governance, where efforts have been made including the use of environmentally friendly processes, vehicles and equipment. Additional systems, procedures and processes were introduced to ensure strict compliance on sanction matters.

OOCL Logistics commits to innovations. Throughout 2022, we have partnered with various partners such as carriers, depot, Global Shipping Business Network (GSBN) and key clients, on projects involving Blockchain applications for cargo release, cargo preparation for loading and container pickup to boost time and cost efficiency in the supply chain. In September, OOCL Logistics launched our new digital platform – E-Trucking on OOCL's FreightSmart platform – presents a complete suite of trucking solutions that integrate and enhance the connectivity between multiple nodes in the supply chain network. E-Trucking strives to serve both international and domestic customers in the world's fastest-growing markets to secure cargo space digitally and conveniently.

As the pandemic lasted throughout 2022, OOCL Logistics continues to act on our social responsibilities by taking part in numerous initiatives to ensure medical supplies, food and daily necessities were delivered accordingly. In our effort to keeping cargo and supply chains moving amidst the disruptions caused by the pandemic, we received many compliments and recognition from our stakeholders on our outstanding performance and commitment to going the extra mile in meeting the needs of our customers and community.

### INFORMATION TECHNOLOGY

To build up the company's digitalisation culture and have more digital intelligent users enabled to support the enterprise digital transformation, the Digital Intelligent user's community was formed and has continued to grow with around over 600 users, 17 regions and 34 department/business sections involved, and there are around over 2000 business users who benefit from it. The community leverage the Power Platform to build up the user's digital mindset, to facilitate knowledge sharing and transfer, and mutual learning across different regions. The momentum in promoting the Power Strategy will be continued to further build up the company's digital talents and improve productivities.

To secure the OOCL business operations and IT infrastructure, the Multi-layered security measures, and Cyber Security Orchestration Automation and Response (SOAR) has been applied and established. For Data Center protection, IT Zero Trust security policy was applied and extend to multiple data centers, which leads to simpler network infrastructure, and improved cyberthreat defense for all Production systems. The Vessel IT Infrastructure was redesigned to support the new generation of vessel operations technology systems to ensure proper Cyber Defense in the vessel space. Solutions for Enterprise System Application sensitive data protection, Office data protection, and Mobile device threat defense was determined and started adoptions.

To further increase the efficiency, and the reliability of Hybrid and Multi-Cloud technical platform, the Software Define Data Center (SDDC), and the Infrastructure as Code (IaC) framework were further extended and redesigned to support the next generation platform, and to support the enablement of automated provision of System Deployment. To support Preventive/Early Discovery Data Center Operations including event correlation, anomaly detection and causality determination, the Artificial intelligence for IT Operations phase one which combines big data and machine learning was delivered.

To implement the e-Commerce strategy, the FreightSmart online platform was launched globally, and achieved a remarkable growth in customer registrations and orders. The platform was further enhanced to support the end-to-end shipment products with multiple logistic services and offerings, to provide real-time product quotation and enable online customer agreement to accelerate the engagement with customer and improve business relationship. An AI-enabled Smart Pricing engine is also under pilot to empower the business in being able to timely adjust the product pricing according to the latest booking and market situation.

OOCL keeps improving the Digital Customer Service package for customers, such as having a new auto verification and instant confirmation online booking solutions is under pilot in China with plans to implement globally in year 2023, and an auto-issuance of Bill of Lading capabilities was developed which largely shortened the time and improved the efficiency of BL issuance. It was globally implemented in 2022 successfully and achieved an average of 75% automation rate.

Along the Liner digitalisation journey, we continue to advance and strive to improve our competency in utilising and applying a wide spectrum of Big Data & AI technologies to optimise our business operations.

For the sake of upholding our service quality & reliability, and ensuring vessel full utilisation under unstable vessel schedule, we enhanced our abilities with the use of AI capability in coastal space utilisation in short hauls, to provide optimal space utilisation and recovery solution. In order to ensure vessel being full & down under COVID-19 pandemic situation, we leveraged the AI capability for booking confirmation suggestion and customer chasing priority suggestion, together with visibility of global vessel schedules and latest booking situations, facilitating various business stakeholders to collaborate via dynamically swap allocation across platforms with the aim of yield optimisation, together with pricing suggestions as reference.

We further advanced our Empty Repo AI models to support North America Region Rail, China, and Reefer repo plan suggestion, at the same time, empowered regional users to control the Repo plan to achieve the next level of cost optimisation and maximise the operation profit. While we minimise our cost, we keep in mind the importance of environmental protection and decarbonisation, we enhanced our bunker AI models, ETA (Estimated Arrival Date) prediction and introduce a CII (Carbon Intensity Indicator) monitoring dashboard to assist Marine Operation users in better monitoring and controlling our vessel fleet.

In order to elevate the capability of OOCL in managing the operation risk of Dangerous Goods cargo handling, a new application is being implemented globally to centralise and standardise the Dangerous Goods rule maintenance, to strengthen the integration with business partners through Global Shipment Business Network (GSBN), to provide full

visibility for approval decision making and ultimately achieve the auto-approval of dangerous goods cargo request from internal or external.

Customer Sanction is continuously an operation risk in global vessel business, an intelligent AI detection engine is being developed for effective potential sanction customers identification.

To support the Liner Digitalisation strategy, apart from continuously supporting the data governance and data sensitive protection framework, under the large demand on data analytics initiatives, a new enterprise data platform architecture has been established which aligned with the new digital home hybrid home software-defined infrastructure, which increase the elasticity and cost efficiency of resource management.

IQAX continued to support GSBN, ensuring reliable operation, passing annual ISO27001 audit but also certification on “Information security technology – Baseline for classified protection of cybersecurity” in China. Pilots on Electronic Bills-of-Lading with GSBN platform was extended to banks for more sophisticated use cases. IQAX also further the investment in IoT solution in the transportation realm, leveraging AI and modular building blocks to ease the composition of solution – not only carriers but also terminals and cargo owners.

### PROPERTY

Based on an independent valuation as at 31st December 2022, Wall Street Plaza was valued downwards by US\$15.0 million, reflecting an assessed market value of US\$270.0 million. Taking into consideration of US\$2.0 million capital expenditures on the building in 2022, the fair value loss for 2022 has come to US\$17.0 million. As at 31st December 2021, Wall Street Plaza was valued at US\$285.0 million.

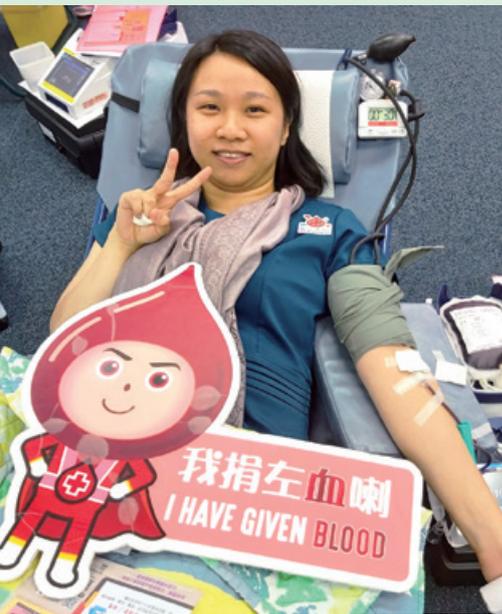

# Corporate Responsibility

The Group places the utmost importance on environmental care and community support. We continue to address the long-term threat of climate change.

The Group prides itself upon being a responsible corporate citizen and it employs the highest standards of business ethics in all that it does. Headed by a senior management Steering Committee and a Global Security, Safety and Environment Care Officer, the Group embraces the core values of Corporate Social Responsibility at all levels.

The Group places the utmost importance on environmental care and community support. We continue to address the long-term threat of climate change. We strive to play our part in tackling this global problem through engagement with organisations such as the Business Environment Council, Clean Cargo and the Maritime Anti-Corruption Network. Throughout the year, the Group has won awards and accolades for its environmental performance, and OOIL Group employees around the world have been actively supporting their local communities through various environmental initiatives.

The Group is dedicated to promoting sustainable business practices in the supply chain. Our Corporate Sustainable Procurement Policy has been implemented in every aspect of our business and at every stage of the supply chain. For example, under our vendor and supplier selection mechanism, a self-assessment of the potential contractor must be completed to confirm their compliance to our Safety, Security, Environmental and Social Guidelines, where on-site verification of their facilities may be conducted if deemed necessary. Once compliance is confirmed we would review and work with our vendors to ensure compliance levels are maintained.

In addition, the OOCL Carbon Calculator is designed to assist OOCL customers measure CO<sub>2</sub> emissions in their supply chains. The scope of the calculator spans across vessels, trucks, feeders, and rail with over 70,000 port pairs recorded. OOCL partnered with the Department of Logistics and Maritime Studies of the Hong Kong Polytechnic University. The Calculator has been checked and verified for its methodology, accuracy and carbon footprint calculations by The American Bureau of Shipping (ABS) Consulting.

### OUR ENVIRONMENTAL INITIATIVES

The Group recognises that businesses must take responsibility for their industry's effects on the environment. Our company is dedicated to meeting the needs of the present without compromising those of the future. We encourage sustainable economic development through innovative environmental care measures and believe that by taking a proactive role in caring for the environment, we can help minimise our carbon footprint, improve air quality and make the world a better place to live for ourselves and future generations.

We actively participate in green programmes and have received recognition for our achievements and best practices, including:

**The Safety, Quality and Environmental (SQE) Management System Certificate** – OOCL was the first container shipping line in the world to have achieved the SQE certification which consolidates the ISM-Code, ISO 9001 and ISO 14001 requirements.

**Vessel Speed Reduction Programs** – Each year, OOCL has been fully compliant to reducing vessel speed when entering the Port of Long Beach and Port of Los Angeles harbours, also in the San Francisco Bay Area and the Southern California Regions. Our efforts have effectively contributed to improving the air quality by reducing emissions such as smog forming nitrogen oxides NO<sub>x</sub>, diesel particulate matter and greenhouse gases. Port officials estimate that if all vessels comply with the Program, the amount of NO<sub>x</sub> produced by container ships would be reduced by nearly 550 tons a year.

**Ballast Water Management Programme** – All container ships discharge ballast water, which can contain organisms that may be harmful to other environments. We have a policy of exchanging ballast water only in the open sea (200 nautical miles away from the nearest coastline) to achieve zero ballast water exchange when berthed at the port. OOCL's new buildings are already equipped with an IMO approved Ballast Water Treatment System to effectively treat ballast water before discharging.

**Hong Kong Green Organisation Certification (HKGOC)** – The HKGOC aims to benchmark the performance of “green” organisations to encourage them to sustain their various environmental best practices. It also presents organisations with the opportunity to demonstrate their commitment to improve different aspects of their environmental performance. In appreciation of our efforts towards environmental protection, OOCL was given the status of “Hong Kong Green Organisation” (HKGO) by the Environmental Campaign Committee (ECC) from being a Gold Winner in the Hong Kong Awards for Environmental Excellence (HKAEE).

**“Excellence Level” Wastewise Certificate** – OOCL also received environmental recognition for our participation and performance in the Wastewise Certificate under the Hong Kong Green Organisation Certification (HKGOC). In order to be granted with the “Excellence Level” Wastewise Certificate, participants must successfully implement all applicable Mandatory Measures and at least 80% of all non-Mandatory Measures of the four categories. The four categories of measures include Guidelines/Action Plan/Training, Waste Avoidance, Recycling and Green Procurement.

**Stop Shipping Shark, Whale, Dolphin, Their Related Products and Hunting Trophies** – OOCL is committed to our policy that bookings for whale, shark, dolphin, and their related products will not be accepted. OOCL has also ceased to ship hunting trophies. These policies show our commitment in supporting the global effort to curb the trade of at-risk, endangered and protected species.

**Qualship 21** – Offered by the US Coast Guard, the Qualship 21 programme recognises high-quality ships for their excellent safety and antipollution standards and encourages quality operations. Most of OOCL's vessels calling the US have already been Qualship 21 certified since 2004, and some vessels also received the E-Zero designation on their Qualship 21 certificate which is an additional programme to recognise those exemplary vessels that have consistently adhered to environmental compliance.

**Environmental Data Verification** – OOCL has been taking a leadership role in building our Environmental, Social and Governance (ESG) profile to tackle a wider spectrum of environmental challenges we face across the industry. Verified by Lloyd's Register Quality Assurance (LRQA), OOCL adopted the internationally recognised and accepted Clean Cargo Working Group (CCWG) verification standard to check for the carbon dioxide and sulphur oxides emissions of OOCL vessels with high accuracy and transparency. In addition to our work related to vessel emissions, OOCL achieved a limited level of assurance by LRQA for the data published in the Sustainability Report using the Global Reporting Initiative (GRI) principles. Upon verification, no material issue regarding the stakeholder inclusivity, materiality, responsiveness and reliability was identified in the environmental, social responsibility and health & safety data for the Sustainability Report.

**FTSE4Good Index Series** – OOIL has been included in the FTSE4Good Index Series. Created by the global index and data provider FTSE Russell, the FTSE4Good Index Series is designed to measure the performance of companies demonstrating strong Environmental, Social and Governance (ESG) practices. The FTSE4Good indexes are used by a wide variety of market participants to create and assess responsible investment funds and other products. FTSE Russell evaluations are based on performance in areas such as Corporate Governance, Health & Safety, Anti-Corruption and Climate Change. Businesses included in the FTSE4Good Index Series meet a variety of environmental, social and governance criteria.

**Dow Jones Sustainability Indices** – OOIL was selected by Dow Jones Sustainability Indices (DJSI) to become a constituent of Dow Jones Sustainability Asia/Pacific Index (DJSI Asia/Pacific) in December 2022. DJSI Asia/Pacific was designed to measure the performance of Asia-Pacific sustainability leaders and consists of 156 companies which are the top performers in their regions. As one of the world’s largest integrated container transportation and logistics services providers, OOIL has consistently taken a leadership role in advancing sustainability, through implementing numerous initiatives to address environmental and business challenges.

**OOCL Received HKMA Hong Kong Sustainability Award 2022** – On 22nd November, 2022, OOCL was honoured to receive the Distinction Award (Large-sized Organizations Category) of the Hong Kong Sustainability Award 2022 organised by the Hong Kong Management Association (HKMA), a leading professional organisation in the city. The Hong Kong Sustainability Award aims to promote the importance of sustainability and to provide a platform for organisations to benchmark best practices of sustainability. By recognising organisations which have demonstrated outstanding sustainability practices in economic, social and environmental aspects, while achieving good business and organisational performance, the award programme also advocates cross-sector sharing of best practices and inspires organisations to entrench sustainability within their operations and culture.

**OOCL Received 2022 Asian Freight, Logistics and Supply Chain Award** – On 7th September, 2022, OOCL was delighted to be named the “Best Green Shipping Line” at the 2022 Asian Freight, Logistics and Supply Chain (AFLAS) Awards, which is one of the most anticipated industry events in the Asia Pacific region. The Best Green Shipping Line award pays tribute to the liner company with excellent achievements in several areas, such as compliance with regulations and environmental standards, investment in green initiatives, strategic planning, ongoing staff training and policy setting, in order to advocate emission reductions in industry operations.

**Hang Seng Corporate Sustainability Index** – On 5th September, 2022, OOIL was pleased to announce that it has been listed as a constituent stock on the Hang Seng Corporate Sustainability Index (“HSSUS”) and the Hang Seng ESG 50 Index. The HSSUS consists of the 30 Hong Kong-listed companies which have the best performance in corporate sustainability, and is an index listed under the Hang Seng Corporate Sustainability Index Series. The Hang Seng ESG 50 Index includes the top 50 mid- and large-cap Hong Kong-listed companies that perform best in ESG. As early as mid-2022, OOIL has also been included in three climate-related Hang Seng Index (HSI) indexes: HSI ESG Enhanced Index, HSI ESG Enhanced Select Index and Hang Seng Climate Change 1.5°C Target Index. These inclusions recognise the company’s consistent commitments to enhance the integration of international principles into its corporate operations and business activities.

**OOCL Won 2022 Singapore Environmental Achievement Award** – On 23rd August, 2022, OOCL received the 2022 Singapore Environmental Achievement Award (Regional) organised by Singapore Environment Council for the fourth time. The award recognised top green businesses in Asia Pacific for their endeavors in adopting sustainable business practices and a total of 11 organisations across the region were honoured this year. This award scheme encourages industries to integrate ESG policies within their businesses in yielding real environment impact while actively advocating the ESG vision to their employees and the broader community.

**OOCL Received 2021 BOCHK Corporate Environmental Leadership Gold Award** – OOCL was honoured to receive the Gold Award (Services Sector) at the 2021 BOCHK Corporate Environmental Leadership Awards Ceremony held on 17th August, 2022. The BOCHK Corporate Environmental Leadership Awards aim to promote active participation in environmentally conscious practices among regional manufacturing and services enterprises to further reduce environmental footprints in their communities. The award recognises the company’s continuous commitment to promoting environmental and low-carbon best practices in Hong Kong and the Pan-Pearl River Delta region.

**Enhancing Cetacean Habitat and Observation (ECHO) Program** – OOCL participated in the Enhancing Cetacean Habitat and Observation (ECHO) Program between 1st June, 2022 and 30th November, 2022 to study how to reduce the cumulative effects of shipping on at-risk whales throughout the southern coast of British Columbia in Canada. During the 26 weeks period of this Program, 100% of our vessels voluntarily sailed at slower speeds in the research region. OOCL’s commitment and contribution to this Program was an important part of our sustainability work in addressing the “SDG 14: Life Below Water” component of marine life protection and conservation.

**Our Vessels** – The best way to reduce harmful emissions in the shipping industry is to reduce the consumption of fuel. For well over a decade OOCL implemented a fuel saving programme including weather routing systems, slow steaming (addition of extra vessels on service loops and travelling at slower speeds), minimising ballast water to help achieve a lighter vessel load, and achieving better trim of ship draughts by good stowage, thereby burning less fuel. By taking these measures, we have reduced our CO<sub>2</sub> emissions by over 45% since 2008. In addition to reducing our emissions, we are able to help our customers achieve a lower carbon footprint in their supply chains.

All our vessels have been installed with environment-friendly NO<sub>x</sub>-controlled propulsive engines while advanced slide fuel injection valves are adopted to help reduce NO<sub>x</sub> emissions by 30%. All our new buildings are also equipped with Alternative Maritime Power (AMP) Systems, also known as “Cold Ironing”, which allows the vessel to use shore supplied electricity instead of burning fuel when at berth. OOCL is fully compliant to the EU, North America and IMO mandated requirements of using 0.1% or lower sulphur content fuel in all SO<sub>x</sub> Emission Control Areas (SECA). We are also compliant to the requirements of using 0.1% sulphur content fuel when our vessels are berthed at designated EU ports. We also ensure that the sulphur content of our fuel is well below the IMO prescribed standard of 0.5% when our vessels sail in the high seas with the adoption of both cleaner fuel and scrubber technology.

**Our Offices** – Our focus is to create and maintain a “paperless office” environment by eliminating the use of faxes and unnecessary paper documents. As a business which has traditionally relied on paper documentation with customers, such as bills of lading and invoices, we have successfully taken innovative measures to effectively reduce our paper consumption.

We have implemented a “reduce, re-use and recycle” campaign in all our offices around the world, encouraging employees to switch off computers after work, powering off copiers and lights after use, and to install energy saving office equipment, such as energy efficient light bulbs. We also have mandatory training for all staff in safety, security and environmental issues, and organise OOCL Green Week every July in offices around the world.

**Our Containers** – Today, OOCL only uses CFC-free refrigerants for all our refrigerated (reefer) containers. OOCL’s newest reefer containers have one of the lowest power consumption in the industry, and we install ThermoKing “EcoPower” gensets for better energy efficiency. All our containers have been applied with waterborne paint and introduced the use of eco-friendly bamboo floorboards instead of using traditional hardwood ones.

The Group’s sustainability and environmentally conscious best practices often exceeds legal requirements and general industry standards in the countries where it operates. As a responsible and committed member of the international community, the Group will continually strive for further improvements in all aspects of its business.

## SECURITY

In a world where global cargo security threats always increase the complexities of the international trade community, OOCL is strongly committed to the security of our operations against possible compromise and to the maintenance of the highest level of compliance in security related areas. From our offices to ports, warehouses, shore facilities and onboard our vessels, we work with the responsible authorities to ensure that every measure is in place to maintain the highest commercial and operational security standards possible at all times, while all employees are educated and regularly updated through security training.

The Group's Corporate Security Policy and internal guidelines comply with the US Customs-Trade Partnership Against Terrorism (C-TPAT) initiative, EU Authorised Economic Operator (AEO) programme, and we actively work with various governments and authorities around the world to counter any act that would impinge upon maritime or cargo security. Under our policy, we have internal security checks to all of its holdings and our security profile has been validated by the US Customs and Border Protection agency through physical checks of the offices and facilities of the Group including terminals, warehouses, depots and vessels.

Our company meets the International Ship and Port Facility Security Code (ISPS Code), which ensures that security threats are detected and assessed while preventive measures are in place on our vessels and at our port facilities. A designated officer on each ship and at each port facility reports to the Company Security Officer who oversees the security plans, drills and training. With this in place, all our vessels continue to have an exemplary record containing zero breaches of security and clean detention records. In addition, to provide world-class quality and secure information to customers and partners, our Global Data Centre has also achieved and maintained ISO 27001 certification.

OOCL has been certified as a "Partners in Protection" (PIP) carrier by the Canada Border Services Agency (CBSA) Partners in Protection. It is a voluntary programme established by the CBSA to enhance border security, combat organised crime and terrorism, detect and prevent contraband smuggling, and increase awareness of issues to secure the flow of legitimate goods and travellers across the US-Canadian border. OOCL applies anti-piracy measures before our vessels transit through High Risk Areas (HRA). One of the key measures is to maintain a 24-hour, 360-degree anti-piracy visual and radar watch and to deploy additional watch-keepers at the bridge and on deck while transiting the HRA to watch out for suspected pirate vessels. Physical measures are also utilised onboard, such as barbed wires, spikes, and night vision binoculars. Close communication is always maintained between ships and our Fleet Management Department (FMD) office. FMD's 24-hour emergency hotline is always on standby mode in the case of any emergency.

The Cybersecurity Framework implemented in OOCL is based on recognised industry standard, National Institute of Standards and Technology (NIST). The Framework sets forth the activities, processes and security measures to protect IT systems, applications, network infrastructure and safeguards the customers, employees and partners data. To boost our employees' knowledge and awareness of cyber security, new initiatives and programmes have been developed to ensure everyone takes part in protecting our assets and become more resilient against such threats. These include an annual cyber security training and mandatory test for all employees, phishing email testing, monthly knowledge and trend updates, sophisticated monitoring and protective systems.

## COMMUNITY AND EDUCATION

As a responsible corporate citizen, the Group recognises that the societies in which its employees live and work contribute greatly to the Group's overall success. Care for these communities in which it operates is therefore a major corporate focus. The Group concentrates its community efforts on charity programmes designed to provide well-rounded youth education, charity relief to the needy, and cultural entertainment to the whole community.

OOCL employees across the world are encouraged to give something back to the communities in which they live through charitable activities such as fundraising and volunteering by dedicating their time and efforts to help others in need. Some of the areas of charitable contributions made by the Group and its employees include: education, social services, orphanages, elderly homes, schools, children's hospitals, cancer research, multiple sclerosis, and diabetes research.

Up to 31st December, 2022, a total of fifty-two OOCL vessels participated in the Hong Kong Voluntary Observing Ship (HKVOS) programme organised by the Hong Kong Observatory (HKO). The programme aims to gather important marine climatology data to identify prevailing weather conditions for preparing forecasts and warnings to the maritime community.

To recognise our outstanding efforts to help improve maritime safety in 2021, the HKO presented "Gold Award" to vessels *OOCL Chicago* at the HKO annual meeting on 16th November, 2022. In addition, two OOCL vessels, namely *OOCL Busan* and *OOCL Australia* had been presented the certificate of appreciation for their assistance in deploying drifting buoys in the western North Pacific and the South China Sea in 2021 to enhance ocean observation during the tropical cyclone season.

## KEY RELATIONSHIPS WITH CUSTOMERS AND SUPPLIERS

"Customer focus" is one of the core values of the Group. We believe in long-term, mutually beneficial relationships with our customers and strive to help create value for our customers through collaboration to enhance customer competitiveness. This is achieved by seeing things from the customer's perspective, trying to understand their business and anticipate their requirements. All employees are trained to be proactive in meeting customers' expectations and responding with a sense of urgency.

"We Take It Personally" is not just a slogan at OOCL, but also an attitude that all employees are encouraged to adopt in dealing with our customers. Each year we recognise hundreds of employees around the world for displaying initiative and going beyond the call of duty to meet our customers' needs.

It is the Group's policy to maintain a diversified customer base across all geographical regions and trade lanes. A Key Risk Indicator (KRI) of customer concentration was developed and is included in the functional risk dashboards for the Group's liner and logistics businesses which are being monitored on a quarterly basis. Different tolerance limits for the KRI are set for regions, trades and the organisation as a whole. As at the end of 2022, OOCL had approximately 29,543 active customers and the customer concentration was at an acceptable level.

In the Group's relationship with suppliers, we put special emphasis on the supplier selection process in which both quantitative and qualitative factors are considered objectively, independently and openly, according to the Group's highest ethical standards. Pricing is not the Group's primary consideration; instead, the Group focuses its attention on the suppliers' quality service, safety and ethical standards. "Excellence through quality" is another core value of the Group. While we endeavour to provide the best quality service to our customers by setting high standards for ourselves, we demand the same high standards from our suppliers. It is also the Group's policy to maintain a diversified supplier base across all geographical regions.

The Group developed supplier management KRIs to monitor supplier concentration in different regions and poor supplier services. Cases of supplier service failure were shared among employees to alert them to the importance of communicating our expectations to the suppliers and taking the right remedial mitigating actions. As at the end of 2022, OOCL had 19,183 active suppliers and the supplier concentration was at an acceptable level.

## EMPLOYEE INFORMATION

As a responsible corporate citizen employing the highest standards of business ethics in all that it does, the Group understands that the process begins with the well treatment of its employees. As a successful corporation, the Group appreciates that its success, growth and performance are attributable to the skills, dedication and teamwork of its employees. It regards people as its greatest asset and takes good care of them.

In the spirit of mutual respect, the Group is an equal opportunity employer with a clearly defined policy, covering areas such as treating all employees with fairness and dignity, promoting the corporate culture of encouraging open and frank communication throughout the organisation, investing in its employees and caring for their hopes and aspirations through people development programmes and education, as well as recognising their efforts and achievements.

People development remains a cornerstone of the corporate culture and enables the effective operation of the Group's career development policy through recruitment and internal promotion. The Group has channelled a great deal of time and effort into its various people development programmes in practical and experiential environments through job rotation, local and overseas job assignments, formal and informal learning and development opportunities and sponsorships for performance enhancement building capacities of employees in support of their growth with the Group. To further enhance practical training and better HQ/Regional cooperation, efforts have been made to initiate more short term cross regional job rotations.

The Group employs an innovative approach to internal communications, employee learning and people development. The Group provides support to its employees to help them deliver what customers need and unleash their potential. The Group has utilised its intranet, called "InfoNet", as a one-stop shop platform for dissemination of company news and business updates while providing its employees with a tool to share knowledge, exchange views and formulate ideas. The Group adopted a wide range of enterprise level collaboration tools. In addition to conventional methods of communication such as email, other tools such as OOCL Wiki, have become very effective in the global sharing of information and knowledge as well as facilitating collaboration amongst colleagues around the world. They also helped support accelerated learning by providing us with the means to leverage resources, ideas and hence solutions. We have also implemented the use of the Microsoft Office 365 cloud-based information platform to further our internal communication.

As at 31st December, 2022, the Group had 11,188 employees (full-time equivalent). Women and men accounted for 55.14% and 44.86% of our onshore workforce respectively. The female representation at senior management level was 36.36%. We strive for maintaining such gender balance within our workforce. Their salary and benefit levels are maintained at competitive levels. Employees are rewarded on a performance related basis within the general policy and framework of the Group's salary and bonus schemes which are regularly reviewed. Other benefits including medical insurance and pension funds are also provided, and social and recreational activities are organised around the world.

In the interest of adhering to the highest ethical standards on an ongoing basis, the Group has formulated a Code of Conduct which serves as a guideline to ensure compliance with all local, national and international legal standards. It helps to preclude any offences under local, national and international laws, breaches of confidentiality and non-disclosure requirements, intellectual property rights infringement, as well as conflicts of interest, acts of bribery, corruption or political contribution, and any other corporate misconduct. The Group has set up procedures to identify, manage and control risks that may have an impact on the business of the Group. The Group's "Whistle Blower Policy" is one of the Group's formalised procedures through which employees can anonymously file reports or register concerns and governs the reporting and investigation of allegations to suspected improper activities.

The Group is an equal opportunity employer with policies not to discriminate against any employee or applicant for employment on the grounds of race, colour, religion, creed, age, sex, disability, pregnancy, childbirth and related medical condition, marital status, sexual orientation, veteran status and any other category as guided by local laws and legal regulations.

# Financial Review

Revenue for 2022 was US\$2,988.0 million better than that of 2021, representing an increase of 18%.

## Analysis of Consolidated Profit and Loss Account

## Summary of Group Results

US\$'000	2022	2021	Change	Favourable/ (unfavourable) %
<b>Operating revenue by activity:</b>				
Container Transport and Logistics	19,796,285	16,807,325	2,988,960	18%
Other Activities	23,903	24,860	(957)	(4%)
<b>Group operating revenue</b>	<b>19,820,188</b>	16,832,185	2,988,003	18%
<b>Operating profit/(loss) by activity:</b>				
Container Transport and Logistics	10,090,263	7,369,807	2,720,456	37%
Other Activities	(11,162)	10,464	(21,626)	N/M
<b>Group operating profit</b>	<b>10,079,101</b>	7,380,271	2,698,830	37%
Finance costs	(61,138)	(60,255)	(883)	(1%)
Share of profits of joint ventures and associated companies	9,780	17,240	(7,460)	(43%)
<b>Profit before taxation</b>	<b>10,027,743</b>	7,337,256	2,690,487	37%
Taxation	(61,505)	(208,847)	147,342	71%
<b>Profit for the year</b>	<b>9,966,238</b>	7,128,409	2,837,829	40%

Revenue for 2022 was US\$2,988.0 million better than that of 2021, representing an increase of 18%. This increase in revenue is attributed to an increase in higher freight rates for the core Container Transport and Logistics business. Other revenue, amounting to less than 1% of the Group's revenue for both 2022 and 2021, represented rental income from the Group's investment property, Wall Street Plaza, in New York.

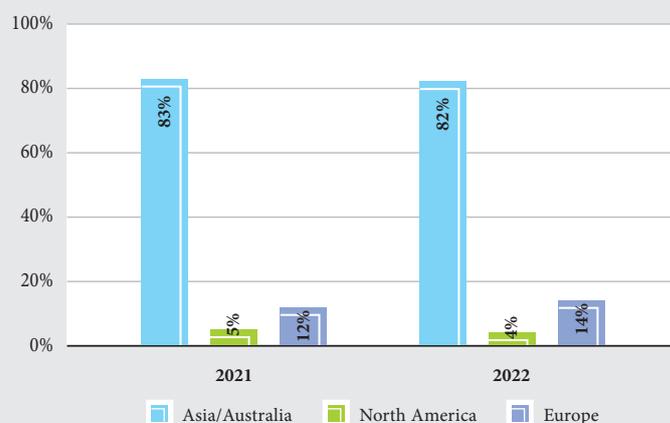

## Container Transport and Logistics

### Summary of Operating Results

US\$'000	2022	2021	Change	Favourable/ (unfavourable) %

The Container Transport and Logistics business trades under the “OOCL” name and represents the principal revenue contributor to the Group, accounting for over 99% of the Group’s revenue in 2022. Container Transport and Logistics will continue to be the core business of the Group in which the majority of the Group’s operating assets will be deployed.

### Operating Revenue of Container Transport and Logistics

### Asia/Australia

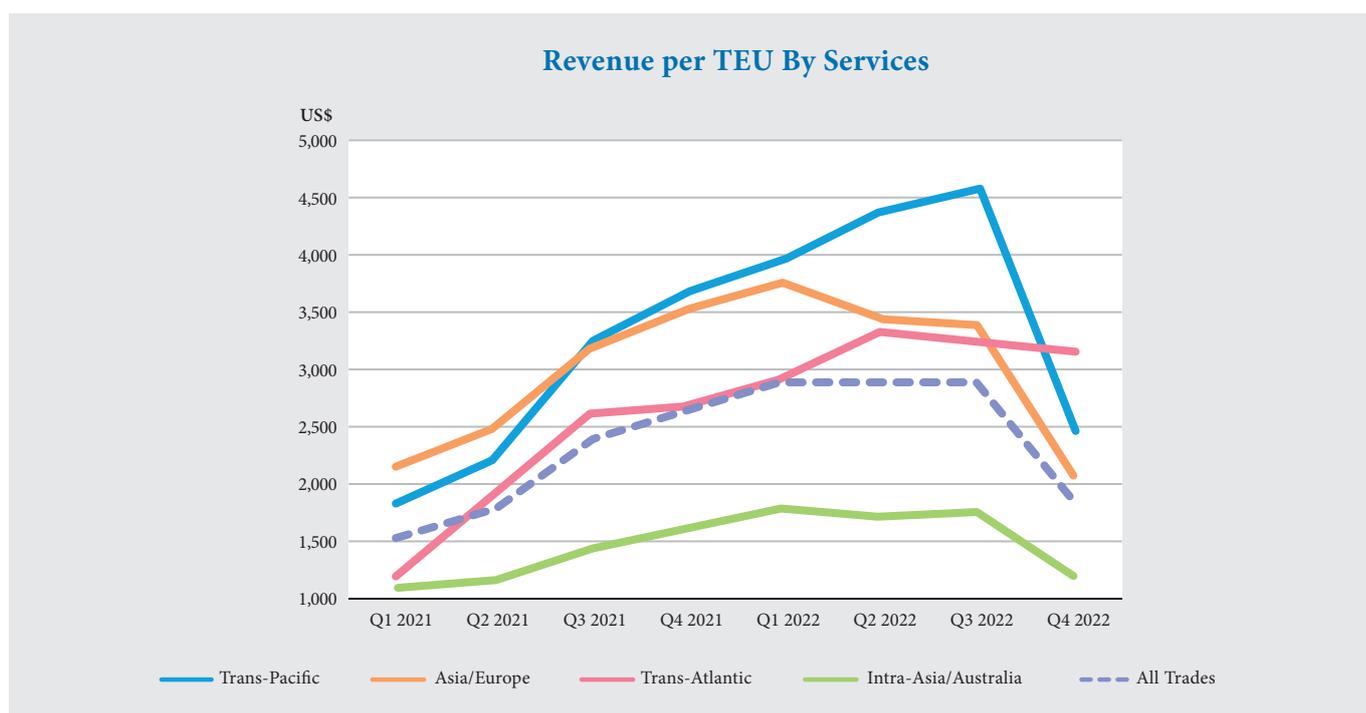

Overall revenue in 2022 from the Asia/Australia area rose by 16% when compared to the previous year. The revenue of Trans-Pacific eastbound services increased by 18% this year, with liftings decreasing by 14% and revenue per TEU increasing by 38%. Westbound services relating to the Asia/Northern Europe area achieved revenue growth of 1%, with liftings falling by 4%, causing an increase of 6% in revenue per TEU. Intra-Asia services recorded 9% growth in revenue with 1% growth in liftings, which resulted in an 8% increase in revenue per TEU. As for Australia and New Zealand services, despite a drop in liftings of 11%, revenue and revenue per TEU increased by 39% and 57% respectively.

### North America

Overall revenue in 2022 from the North America area increased by 11% when compared to the previous year. Westbound liftings of North America West Coast/Asia services and of US East Coast/Asia services via the Panama Canal decreased by 16% compared with last year. Revenue and revenue per TEU grew by 3% and 23% respectively. Eastbound Canada/Northern Europe and US East Coast/Northern Europe services recorded a 14% drop in volumes, but revenue and revenue per TEU increased by 10% and 28% respectively.

### Europe

Overall revenue for Europe area was up by 32%. Northern Europe/Asia eastbound services recorded a 1% increase in revenue compared to 2021, with liftings increasing by 4% and revenue per TEU decreasing by 3%. Westbound Trans-Atlantic routes showed a 49% increase in revenue, despite liftings dropping by 3%. Intra-Europe liftings dropped by 5%, while managing to achieve 20% growth in revenue.

## Financial Review

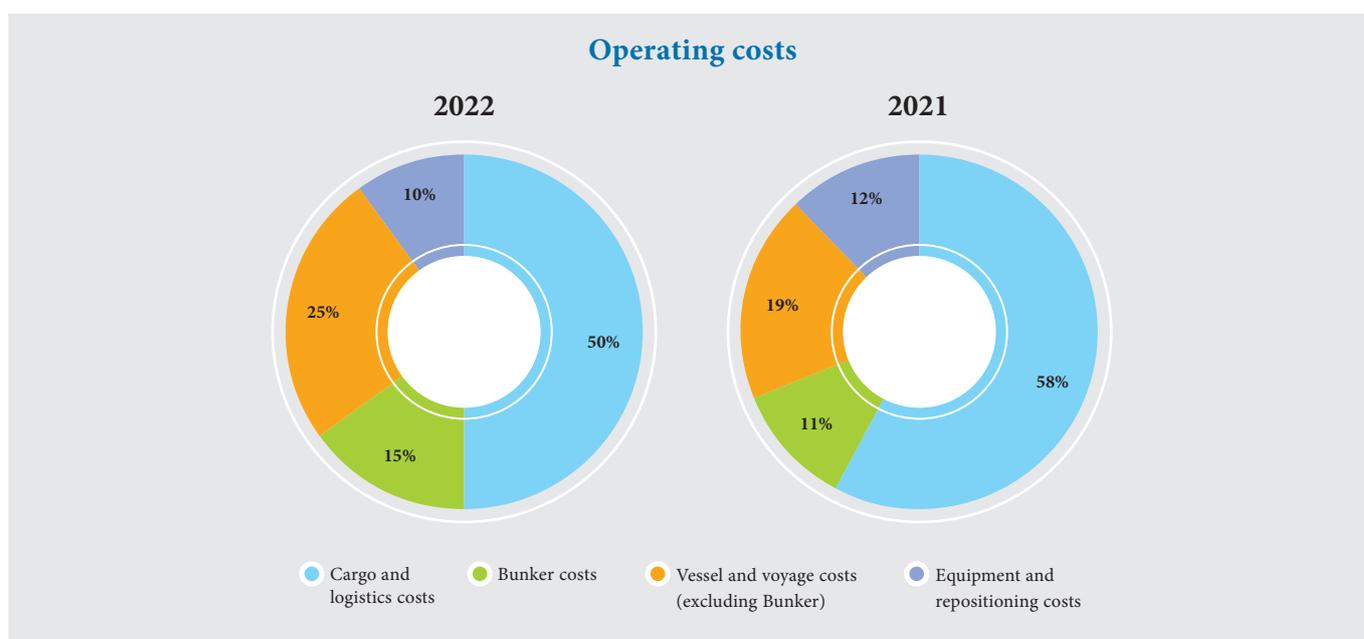

### Operating Costs

The principal operating costs of the container transport business, including cargo and logistics costs, vessel costs, voyage costs, equipment and repositioning costs, increased from 2021 mainly as a result of the surge in bunker cost and vessel and voyage costs.

Cargo and logistics costs mainly consist of terminal charges, inland transportation costs, commission and brokerage, cargo assessment and freight tax, all of which are largely paid in the local currencies of the areas in which the activities take place. Cargo cost decreased by 6% against 2021 level.

Voyage costs comprise mainly bunker cost, port charges, canal dues, cargo claims and insurance. Bunker cost increased from an average of US\$495 per ton in 2021 to an average of US\$767 per ton in 2022, resulting in an increase in bunker costs by 43% for the year. Vessel costs include the operating costs and depreciation charges relating to the OOCL fleet as well as the charter hire and slot hire expenses incurred in order to maintain the scheduled service levels. During 2022, the increase in vessel and voyage costs was mainly due to the increase in charter hire and slot hire expenses as a result of the increase in prevailing market rates. As a result, total vessel and voyage costs, other than bunker cost, for 2022 increased by 38% as compared with 2021.

Equipment costs mainly represent maintenance and repair costs, rental payments, depot expenses and depreciation charges relating to the fleet of containers equipment, while repositioning costs arise mainly from the relocation of empty containers from areas of low activity to high demand regions. The total equipment and repositioning costs decreased by 3%, mainly due to the decrease in additional costs incurred as a result of the reduction in operation disruptions and terminal congestion problem.

### Business and Administrative Expenses

Business and administrative expenses largely comprise staff costs, office expenses, selling and marketing costs, professional fee and information system expenses. Business and administrative expenses decreased by US\$174.6 million, or 21% when compared with 2021 which was mainly due to the decrease in staff cost.

### Others

Others comprising principally interest income from banks, net foreign exchange differences, net gain on the disposal of assets, net impairment losses on financial assets and other non-operating gains/losses. Net income for 2022 increased by US\$296 million when compared with 2021 mainly due to increase in interest income from banks and increase in gain on disposal of property, plant and equipment.

**Other Activities**
**Summary of Operating Results**

US\$'000	2022	2021	Change	Favourable/ (unfavourable) %
Rental income	23,903	24,860	(957)	(4%)
Operating costs	(14,931)	(15,172)	241	2%
<b>Gross profit</b>	<b>8,972</b>	9,688	(716)	(7%)
Investment income	3,979	4,595	(616)	(13%)
Interest income	26	4,257	(4,231)	(99%)
(Loss)/income from investment in Hui Xian	(1,691)	5,582	(7,273)	N/M
Fair value (loss)/gain on investment property	(16,964)	296	(17,260)	N/M
Others	(5,484)	(13,954)	8,470	61%
<b>Operating (loss)/profit</b>	<b>(11,162)</b>	10,464	(21,626)	N/M

The Group owns an approximately 600,000 sq ft office and commercial property, Wall Street Plaza, located at 88 Pine Street, New York, USA, an area popularly referred to as the “Wall Street area”. The building was constructed in 1972 and is operated as a multi-tenanted building. Approximately 9,058 sq ft is occupied by Group companies. The Group also invests funds surplus to operations in cash and bank deposit and, on a longer term basis, in equity and bond portfolios.

Operating loss of Other Activities was US\$11.2 million in 2022 as compared to an operating profit of US\$10.5 million in 2021, mainly due to the fair value loss of US\$17.0 million on investment property.

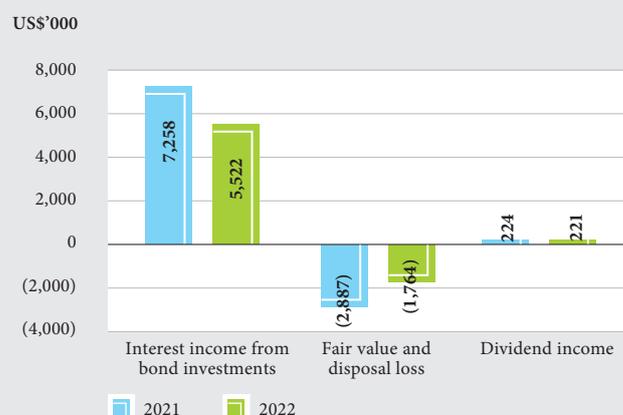

**Rental Income**

Rental income from Wall Street Plaza was US\$1.0 million lower than that of last year, with an occupancy rate of 80% as at the end of 2022.

**Investment Income**

Investment activities recorded a profit of US\$4.0 million for the year compared with US\$4.6 million in 2021. Interest income from bond investments amounted to US\$5.5 million for 2022 which was US\$1.7 million lower than last year. Fair value loss reduced by US\$1.1 million to US\$1.8 million in 2022.

### Investment Income By Activities

### Interest Income

Interest income in 2022 was US\$4.2 million less than that of 2021 as a result of decreasing bank balances keep in Other Activities.

### (Loss)/income from Investment in Hui Xian

Hui Xian Holdings Ltd has already distributed all its assets in 2021 and dissolved in 2022. As a result, the dividend income of US\$6.7 million received from Hui Xian Holdings Ltd in 2021 did not recur in 2022. Due to the reduction in dividend income from Hui Xian Holdings Ltd and the increase in fair value loss on investment in Hui Xian REIT, the Group's investment in Hui Xian recorded a loss in 2022.

### Fair Value (Loss)/Gain on Investment Property

As at 31st December 2022, the Group's investment property, Wall Street Plaza, was valued at US\$270.0 million by an independent valuer, down from the US\$285.0 million as at 31 December 2021. Taking into consideration of the US\$2.0 million capital outlays, the net fair value loss for 2022 was therefore US\$17.0 million. In 2021, the property recorded the net fair value gain of US\$0.3 million.

### Others

Other items include business and administration expenses for property management, exchange differences and other miscellaneous items. The decrease in other items in 2022 is mainly because an exchange gain was recorded in 2022 as compared with exchange loss in 2021.

### Finance Costs

The Group incurs interest expenses on bank loans and lease liabilities. These long-term borrowings are mostly secured against vessels and containers owned by the Group. Finance costs also include fees on lease administration. Finance costs in 2022 was comparable with 2021.

## Share of Profits of Joint Ventures and Associated Companies

Share of profits of joint ventures and associated companies mainly represents the Group's investments in a 20% stake in a terminal in Ningbo and a 49% stake in a liner agency. Other investments include depot and supply chain management company. The share of US\$9.8 million profits from joint ventures and associated companies in 2022 was US\$7.5 million less than that of 2021 mainly due to decrease in share of profits of joint ventures and the disposal of two associated companies, including one classified as assets held for sale in 2021.

## Profit before Taxation

Pre-tax profit for the year was US\$10,027.7 million compared with last year of US\$7,337.3 million. There was US\$2,720.5 million increase in operating profit by the Container Transport and Logistics segment and its robust performance led to the significant increase in the Group's earnings in 2022.

## Earnings before Interest and Tax

EBIT increased from US\$7,397.5 million in 2021 to US\$10,088.9 million in 2022 and EBIT margin improved from 43.9% in 2021 to 50.9% in 2022. The high market freight rates prevailing in majority part of the year overcame the negative impact from rising bunker cost and vessel and voyage costs, leading to the increased profitability for the Group in 2022.

## Capital Expenditure

US\$'000	2022	2021	Change	Increase/ (decrease) %
Container vessels and capitalised dry-docking costs	406,827	836,665	(429,838)	(51%)
Assets under construction	720,097	208,592	511,505	245%
Containers and chassis	92,291	275,330	(183,039)	(66%)
Land and buildings	16,763	28,003	(11,240)	(40%)
Computer software	10,021	4,507	5,514	122%
Investment property	1,964	4,704	(2,740)	(58%)
Others	63,228	24,798	38,430	155%
	<b>1,311,191</b>	1,382,599	(71,408)	(5%)

Capital expenditure decreased from US\$1,382.6 million in 2021 to US\$1,311.2 million in 2022, mainly due to the decrease in capitalisation of long term chartered vessels and purchases of containers; the decrease was partly offset by increase in payment for assets under construction for the newbuilding projects.

## Vessels

Apart from the twenty-two units container vessels ordered in 2021 and 2020, the Group entered into contracts to construct seven units of 24,000 TEU methanol compatible container vessels at an aggregate consideration of US\$1,679.0 million on 29th October 2022. The expected delivery for these 29 vessels is between 2023 and 2028.

## Review of Consolidated Balance Sheet

### Summary of Consolidated Balance Sheet

US\$'000	2022	2021	Change	Increase/ (decrease) %
Property, plant and equipment	4,696,239	4,047,629	648,610	16%

Accounts receivable as a % of revenue	4.41	5.80		
% return on average ordinary shareholders' equity	86.26	93.11		
Net asset value attributable to equity holders of the Company per ordinary share (US\$)	20.35	14.64		
Cash and bank balances per ordinary share (US\$)	16.98	10.90		
Share price at 31st December (US\$)	18.08	24.53		
Price to book ratio based on share price at 31st December	0.89	1.67		

**Property, Plant and Equipment and Right-of-Use Assets**

US\$'000	2022	2021	Change	Increase/ (decrease) %
Container vessels and capitalised dry-docking costs	4,147,989	4,382,608	(234,619)	(5%)
Containers and chassis	1,702,703	1,800,336	(97,633)	(5%)
Terminal equipment and improvement	10,293	14,342	(4,049)	(28%)
Terminal leases	7,347	11,219	(3,872)	(35%)
Land and buildings	115,113	147,490	(32,377)	(22%)
Assets under construction	1,117,986	397,889	720,097	181%
Others	104,503	95,603	8,900	9%
	<b>7,205,934</b>	<b>6,849,487</b>	<b>356,447</b>	<b>5%</b>

Container Transport and Logistics remains the core business of the Group and the one in which majority of property, plant and equipment and right-of-use assets are deployed. These assets largely comprise container vessels, containers and assets under construction.

The increase in balance in 2022 was mainly due to the additions of assets under construction for the newbuilding projects.

**Investment Property**

Investment property represents the Group's commercial building, Wall Street Plaza, in New York. The building was valued at US\$270.0 million as at the end of 2022 by an independent valuer (2021: US\$285.0 million).

**Joint Ventures and Associated Companies**

US\$'000	2022	2021	Change	Increase/ (decrease) %
Joint ventures	9,916	11,894	(1,978)	(17%)
Associated companies	96,332	105,270	(8,938)	(8%)
	<b>106,248</b>	<b>117,164</b>	<b>(10,916)</b>	<b>(9%)</b>

The decrease in the investment in joint ventures and associated companies was due to a decrease in share of profits of joint ventures and the disposal of 2 associated companies.

**Cash and Bank Balances**

US\$'000	2022	2021	Change	Increase/ (decrease) %
Container Transport and Logistics	11,197,916	7,180,536	4,017,380	56%
Other Activities	15,986	16,565	(579)	(3%)
	<b>11,213,902</b>	<b>7,197,101</b>	<b>4,016,801</b>	<b>56%</b>

Cash and bank balances for Container Transport and Logistics increased by US\$4,017.4 million to US\$11,197.9 million at the end of 2022, mainly due to operating cash inflow in 2022.

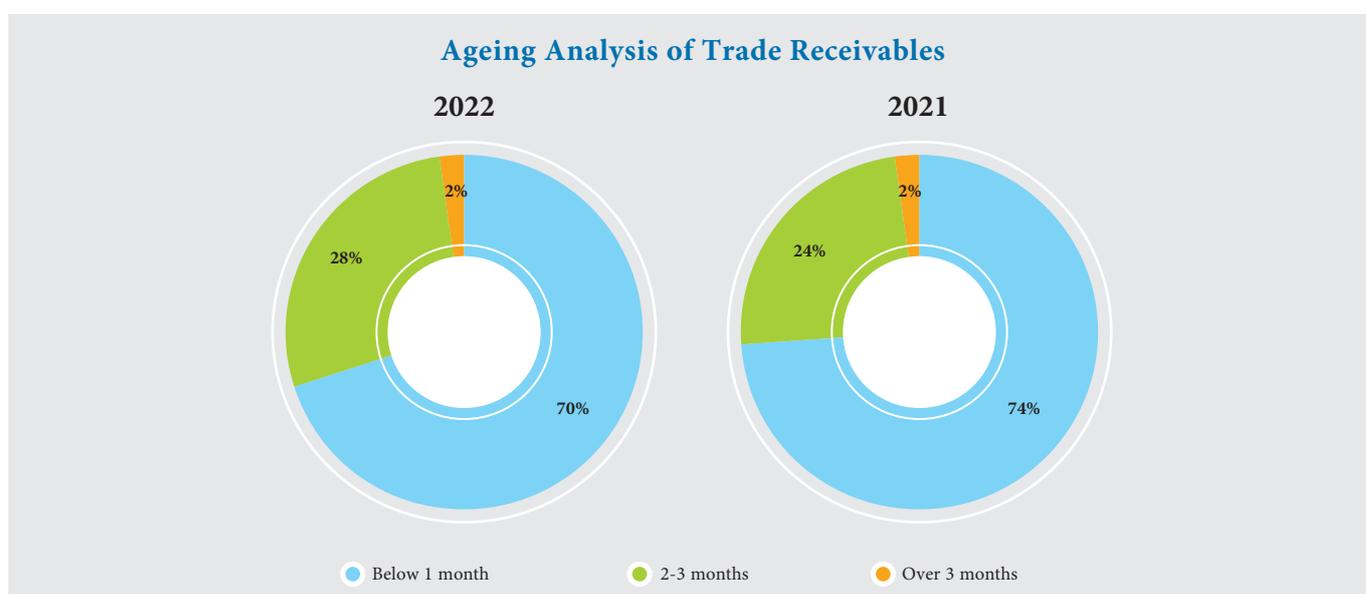

## Financial Review

### Accounts Receivable and Other Assets

US\$'000	2022	2021	Change	Increase/ (decrease) %
Container Transport and Logistics	1,048,479	1,113,821	(65,342)	(6%)
Other Activities	16,305	20,797	(4,492)	(22%)
	1,064,784	1,134,618	(69,834)	(6%)

Accounts receivable and other assets for Container Transport and Logistics decreased by US\$69.8 million to US\$1,064.8 million at the end of 2022, mainly due to decrease in debtor balance as a result of the lower freight rates in the last quarter of 2022.

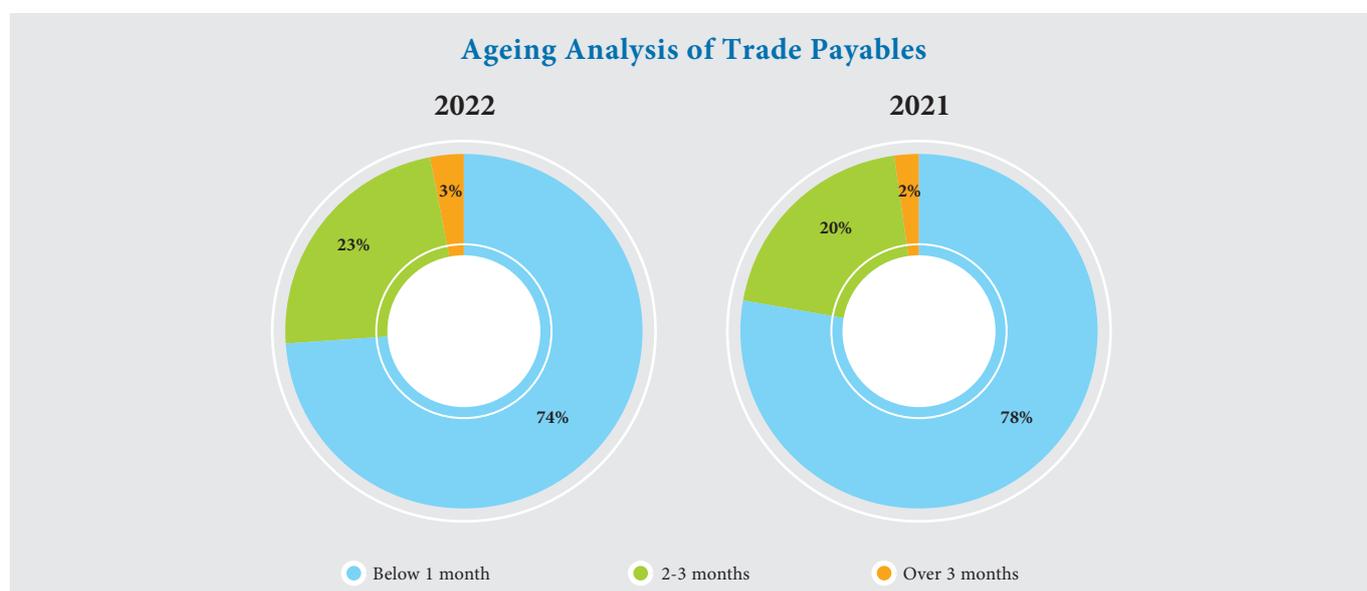

### Ageing Analysis of Trade Receivables

### Accounts Payable and Other Liabilities

US\$'000	2022	2021	Change	Increase/ (decrease) %
Container Transport and Logistics	3,276,593	2,468,993	807,600	33%
Others Activities	6,381	10,520	(4,139)	(39%)
	3,282,974	2,479,513	803,461	32%

Accounts payable and other liabilities at the end of 2022 were US\$803.5 million higher than that of 2021, mainly due to increase in operating costs.

## Total Debt

US\$'000	2022	2021	Change	Increase/ (decrease) %
Bank loans	–	250,657	(250,657)	N/M
Lease liabilities	2,080,120	2,439,983	(359,863)	(15%)
	<b>2,080,120</b>	<b>2,690,640</b>	<b>(610,520)</b>	<b>(23%)</b>

Total debt decreased by US\$610.5 million compared with 2021, as a result of repayment of bank loans and lease liabilities during the year.

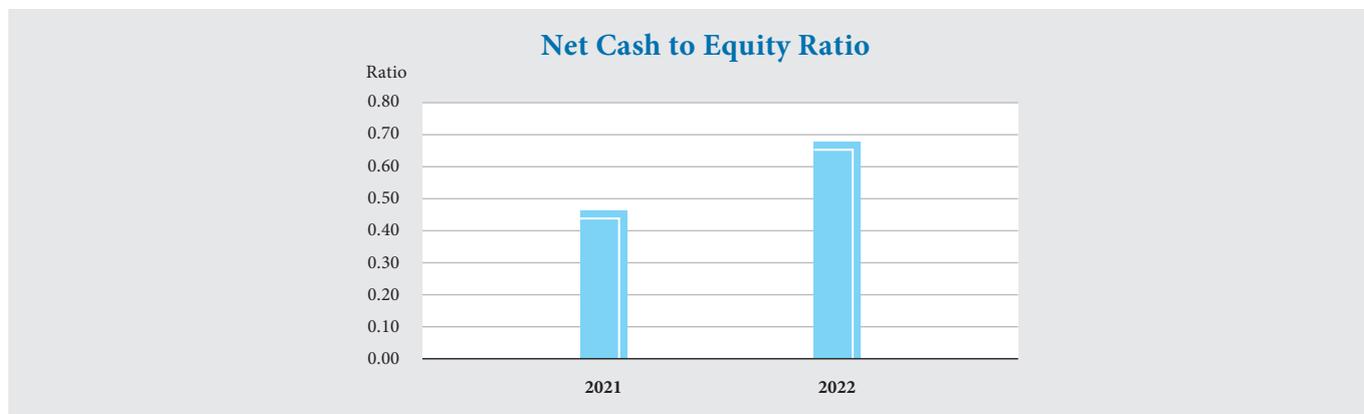

Total scheduled debt repayment between 2023 and 2027 is US\$1,936.7 million, being equivalent to 93% of the total outstanding debt as at 31st December 2022. Details of the repayment profile of the Group's borrowings and lease liabilities are set out in Notes 36 and 37 to the Consolidated Financial Statements respectively.

## Debt Profile

Of the total US\$2,080.1 million debt outstanding at the end of 2022, US\$1,401.5 million was fixed-rate debt and the remaining US\$678.6 million was subject to floating interest rates at various competitive spreads over three-month to six-month LIBOR (or equivalent) and mainly related to the financing of vessels and container equipment. The Group's average cost of debt at 31st December 2022 was 3.9% (2021: 2.1%).

### Net Cash to Equity Ratio

This ratio increased from 0.47 in 2021 to 0.68 in 2022 mainly because of the cash inflow from operations. This ratio will be closely monitored in the light of business forecasts.

### Shareholders' Equity

As at 31st December 2022, the Company had 660,373,297 shares in issue, consisting entirely of ordinary shares. With profit recorded for the year, the Group's consolidated shareholders' equity increased by US\$3,766.3 million to US\$13,436.0 million as at the end of 2022 with a net asset value attributable to equity holders of the Company per ordinary share of US\$20.35 (2021: US\$14.64). Return on average ordinary shareholders' equity is a key measure for the Group's objective to continuously enhance shareholders' value. In 2022, this ratio remained at a high level of 86.26% (2021: 93.11%).

### Operating Leases and Commitments

In addition to the owned operating assets and long-term leases, the Group employs assets through short-term operating lease arrangements as detailed in Note 40(b) to the Consolidated Financial Statements. Assets under short-term operating lease arrangements consist primarily of containers.

As at the end of 2022, the Group had outstanding capital commitments amounting to US\$4,093.2 million, representing mostly the commitments for the newbuilding projects.

## Analysis of Change in Cash and Cash Equivalents

US\$'000	2022	2021	Change	Favourable/ (unfavourable) %
Net cash from operating activities	<b>11,253,014</b>	8,898,841	2,354,173	26%
Net cash from/(used in) investing activities	<b>1,420,073</b>	(1,981,758)	3,401,831	N/M
Net cash used in financing activities	<b>(7,115,228)</b>	(4,366,697)	(2,748,531)	(63%)
Net increase in cash and cash equivalents	<b>5,557,859</b>	2,550,386	3,007,473	118%
Cash and cash equivalents at beginning of year	<b>3,940,809</b>	1,398,109	2,542,700	182%
Currency translation adjustments	<b>(34,766)</b>	(7,686)	(27,080)	(352%)
Cash and cash equivalents at end of year	<b>9,463,902</b>	3,940,809	5,523,093	140%

A net inflow of US\$5,557.9 million was recorded in 2022 compared with a net inflow of US\$2,550.4 million in 2021. Operating inflow of US\$11,253.0 million for the year was US\$2,354.2 million higher than that of 2021 with significant improvement in operating results. The net increase in financing cash outflow was mainly due to the increase in dividends paid to shareholders during the year. Total cash and bank balances increased to US\$9,463.9 million at the end of 2022, against US\$3,940.8 million in 2021. Details of the consolidated cash flow statement is set out on page 109 of the Consolidated Financial Statements.

## Liquidity

As at 31st December 2022, the Group had cash and bank balances of US\$11,213.9 million compared with debt obligations of US\$712.2 million repayable in 2023. Total current assets at the end of 2022 amounted to US\$12,330.5 million against total current liabilities of US\$4,140.7 million. The Group's shareholders' equity contains no loan capital. The Group from time to time prepares and updates cashflow forecasts for asset acquisitions, to serve project development requirements, as well as working capital needs, from time to time with the objective of maintaining a proper balance between a conservative liquidity level and an effective investment of surplus funds.

# Board of Directors

**Wan Min**

**Mr. Wan Min**, aged 54, has been the Chairman of the Board and an Executive Director of the Company, and the chairman of the Executive Committee and the Nomination Committee of the Company since 6th December 2021. Mr. Wan graduated from Shanghai Maritime University (formerly Shanghai Maritime College) majoring in Transportation Management and Engineering. He also holds a master degree in Business Administration from Shanghai Jiao Tong University and is an engineer. Mr. Wan is currently the chairman of the board and the Party Secretary of China COSCO SHIPPING Corporation Limited (“COSCO SHIPPING”), and the chairman of the board and an executive director of COSCO SHIPPING Holdings Co., Ltd. (“COSCO SHIPPING Holdings”, a company listed in both Shanghai and Hong Kong).

Mr. Wan had been the managing director and Deputy Party Secretary of COSCO SHIPPING Lines Co., Ltd. (“COSCO SHIPPING Lines”, formerly COSCO Container Lines Co., Ltd.), executive vice president and Party Committee Member of China Ocean Shipping Company Limited (“China Ocean Shipping”, formerly China Ocean Shipping (Group) Company), director of the board, president and Deputy Party Secretary of COSCO SHIPPING, chairman of the board and a non-executive director of COSCO SHIPPING Holdings, and chairman of the board of China Tourism Group Co., Ltd. Mr. Wan has over 30 years of experience in corporate management, and has extensive expertise in shipping and tourism business management.

**Huang Xiaowen**

**Mr. Huang Xiaowen**, aged 60, has been an Executive Director and the Chief Executive Officer of the Company, a member of the Executive Committee and the chairman of the Inside Information Committee and the Risk Committee of the Company since 10th August 2020. # Corporate Governance Report

## CORPORATE GOVERNANCE CODE

The Board of Directors of the Company (the “Board”) and the management of the Company are committed to maintaining high standards of corporate governance. The Company considers that effective corporate governance makes an important contribution to corporate success and to the enhancement of shareholder value.

The Company has adopted its own corporate governance code (the “CG Code”), which in addition to applying the principles as set out in the Corporate Governance Code (the “SEHK Code”) contained in Appendix 14 to the Rules Governing the Listing of Securities (the “Listing Rules”) on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”), also incorporates and conforms to local and international best practices. The CG Code sets out the corporate governance principles applied by the Company and its subsidiaries (the “Group”) and is constantly reviewed to ensure transparency, accountability and independence.

Throughout the year 2022, the Company complied with the SEHK Code, save for two recommended best practices, as described below:

- the remuneration of senior management of the Group was disclosed in bands, not on an individual basis
- quarterly operational results, instead of quarterly financial results, were announced and published

We have set out in this report our guiding principles and rationale for implementation of the CG Code as well as the status of the Company’s compliance with Appendix 14 to the Listing Rules during the year 2022:

## A. BOARD OF DIRECTORS

### 1. Board Composition

Mr. So Gregory Kam Leung

The Directors have extensive corporate and strategic planning experience and industry knowledge. Their biographical details are set out on the Company’s website at <https://www.ooilgroup.com> and on pages 44 to 49 of this annual report.

The Directors have formal letters of appointment setting out the key terms and conditions of their appointments including expected level of their time commitment, for a fixed term of 3 years and subject to re-election by rotation at least once every 3 years.

## Independence

Effective mechanism is in place to ensure independent views and input are available to the Board and the mechanism is subject to annual review for its effectiveness by the Nomination Committee of the Company. All Independent Non-Executive Directors of the Company are financially independent from the Group bringing independent and diversified experience, competencies, skills and judgment to the Group's strategy and policies through their informed contributions. During the year 2022, the composition of the Board complied with the Listing Rules' requirements in having at least 3 Independent Non-Executive Directors representing at least one-third of the Board, including at least one with appropriate professional qualification or accounting or related financial management expertise. All members of the Audit Committee, the Remuneration Committee and the Share Committee, and the majority of the members of the Nomination Committee, the Finance Committee and the Strategic Development Committee, are Independent Non-Executive Directors. All Directors, including Independent Non-Executive Directors, are encouraged to express their views and voice their concerns for constructive discussions and debates, and they are requested to declare interests, if any, in proposals or transactions to be considered by the Board at Board meetings and the Director who has material interest shall abstain from voting to avoid conflicts of interests in accordance with the CG Code. The Board considers that there is a reasonable balance between the Executive Directors and the Non-Executive Directors and it has provided adequate checks and balances for safeguarding the interests of the shareholders of the Company and the Group.

The Company has received from each Independent Non-Executive Director a written annual confirmation of his/her independence and considers that all the Independent Non-Executive Directors have satisfied their independence to the Group up to the date of this annual report. Among the Independent Non-Executive Directors, Mr. Yang Liang Yee Philip, who will retire and be re-elected at the Company's annual general meeting in 2023, holds cross-directorship with Mr. Yang Zhijian, an Executive Director of the Company, in both serving the boards of the Company and COSCO SHIPPING Ports Limited ("COSCO SHIPPING Ports"), which is engaged in competing business with the Group. Given that Mr. Yang Liang Yee Philip is an independent non-executive director of COSCO SHIPPING Ports and does not hold any share in the Company and COSCO SHIPPING Ports, the Board considers that such cross-directorship and Mr. Yang Liang Yee Philip's interest in competing business solely due to his directorship would not undermine his independence with respect to his directorship of the Company.

## Directors' and Officers' Liabilities Insurance

Since 1992, the Company has arranged insurance cover for the directors' and officers' liabilities including cover for the Directors of the Company, and the directors, officers and senior management of the Group arising out of corporate activities of the Group.

## 2. Board and Management Responsibilities

The Board leads and shapes the corporate culture of the Company, which is anchored against the Company's mission, strategy, values, competencies and underpinned by the principle of acting lawfully, ethically and responsibly across all levels of the Group. The Board sets the tones and continuously promotes the Company's 4 core values of people-oriented, customer focus, excellence through quality and community responsibility to support the Company's pursuit to be the best and most innovative international container transport and logistics service provider by providing a vital link to world trade and creating value for our customers, employees, shareholders and partners. The Board should ensure that the desired culture is implemented and developed in management operating practices of the Group, policies and guidelines, engagements with employees and stakeholders to keep alignment and adaptation.

The Board is responsible for the overall strategic direction and management of the business and affairs of the Group with the objective of enhancing shareholder value and presenting a balanced, clear and understandable assessment of the Company's performance, position and prospects in the annual and interim reports, and announcements and other financial disclosures as required under the Listing Rules, and reports to regulators any information required to be disclosed pursuant to statutory requirements.

The Board has a fiduciary duty and statutory responsibility towards the Company and the Group. Other responsibilities include formulation of the Group's overall strategies and policies, setting of corporate and management targets and key operational initiatives, setting of policies on risk management and internal control systems pursuant to the Group's strategic objectives, monitoring and control of operational and financial performance, and approval of budgets and major capital expenditures, major investments, material acquisitions and disposals of assets, corporate or financial restructuring, significant operational, financial and management matters.

The Board delegates day-to-day management of the business of the Group to the management of the Group under the leadership and supervision of the Chief Executive Officer of the Company, who will organise, execute, implement and report to the Board on the adoption of the Company's strategies, policies and objectives by the Group as approved by the Board.

The Board also delegates certain specific responsibilities to 10 committees of the Company (Executive Committee, Audit Committee, Remuneration Committee, Nomination Committee, Risk Committee, Compliance Committee, Finance Committee, Share Committee, Inside Information Committee and Strategic Development Committee). The composition, functions and authority of each committee are described below. For the efficient management and operation of the Group's principal subsidiary, the Board also delegates and confers certain powers, authorities and discretions on such terms as it thinks fit to the board of directors, the executive committee and certain sub-committees of the Group's principal subsidiary for them to act and operate within the delegated frameworks.

Effective communication with open dialogues and proactive engagement is also maintained between the Board and the senior management of the Group. The Chief Financial Officer of the Company and the Chief Operating Officer of the Group's principal subsidiary attended the Board meetings as senior management of the Group.

The Company Secretary of the Company provides the Directors with updates on developments regarding the Listing Rules and other applicable regulatory requirements. Any Director of the Company may request the Company Secretary to organise independent professional advice at the expense of the Company to assist them to effectively discharge their duties to the Company.

### 3. Chairman and Chief Executive Officer

As at the date of this annual report, Mr. Wan Min is the Chairman of the Company and Mr. Huang Xiaowen is the Chief Executive Officer of the Company with their respective roles set out in writing.

- a. The primary role of the Chairman is to provide leadership to the Board and to ensure that the Board functions effectively in the discharge of its responsibilities. His duties include to:
  - ensure that Directors are briefed and have received timely, accurate, complete and clear information on issues to be discussed at Board meetings;
  - ensure that the Board works effectively and performs its responsibilities, and that all key and appropriate issues are discussed in a timely manner and that good corporate governance practices and procedures are established, implemented and maintained;
  - approve the agenda drawn up by the Company Secretary for each Board meeting taking into account any matter proposed by the other Directors of the Company for inclusion in the agenda;
  - promote a culture of openness and debate by facilitating the effective contribution of the Non-Executive Directors (including Independent Non-Executive Directors) in particular and ensuring constructive relations between the Executive Directors and the Non-Executive Directors; and encourage Directors with different views to voice their concerns, allow sufficient time for discussion of issues and ensure that Board decisions fairly reflect Board consensus;
  - hold meetings at least annually with the Independent Non-Executive Directors without the presence of the other Directors;

- ensure effective communication with the shareholders of the Company and that their views are communicated to the Board; and to
- attend the annual general meetings of the Company and invite the chairmen of the Audit Committee, the Remuneration Committee, the Nomination Committee and the other Board committees, or in the absence of the chairman of the respective Board committees, other members of the related Board committees to be available to answer questions at the annual general meetings.

In case of an equality of votes at any Board meeting, the Chairman shall be entitled to a second or a casting vote.

- b. The primary role of the Chief Executive Officer of the Company is to be responsible for the day-to-day management and operation of the business of the Group. His duties include to:
- provide leadership and supervise the effective management of the Group and to establish and review from time to time the management system of the Group;
  - set up programs for management development and succession plans for the Group;
  - monitor and control the operational and financial performance of the Group;
  - organise, execute, implement and report to the Board on the adoption of the Company's strategies, policies and objectives by the Group pursuant to the Board's decisions;
  - provide information to the Board (as necessary) to enable the Board to monitor the performance of management and operation of the Group; and to
  - organise the implementation of the Board's decision and implement such duties as directed or delegated by the Board.

#### 4. Board Meetings

Regular Board meetings are scheduled at the end of each preceding year to maximise the attendance of Directors. The Board meets at least 4 times each year and has a formal schedule of matters referred to it for consideration and decision. Additional meetings may be convened as and when necessary. Notice of at least 14 days is served for regular Board meetings and reasonable notice is given for all other Board meetings. Directors are consulted and provided with an opportunity to include matters to the agenda for discussion at the Board meetings. The Company Secretary assists the Chairman in preparing the agenda for each Board meeting and to ensure that the procedures and applicable rules and regulations regarding the meetings are observed. The final agenda together with the Board papers are distributed to the Directors at least 3 days before the Board meetings.

If a Director or a substantial shareholder of the Company has a conflict of interest in any matter to be considered by the Board, the Company Secretary shall ensure that such matter is dealt with by a physical Board meeting rather than a written resolution. If considered appropriate, the Board meeting shall be attended by the Independent Non-Executive Directors who have no material interests in the matter. The affected Director shall abstain from voting on any such resolution in which they or any of their associates have a material interest and shall not be counted in the quorum present at that Board meeting.

## 5. Directors' Induction and Continuous Professional Development

Newly appointed Director of the Company will receive a comprehensive induction pack at the time of his/her appointment to ensure understanding of his/her responsibilities and obligations as a director under the Listing Rules and the relevant regulatory requirements.

In addition to Directors' attendance at meetings and review of papers and circulars provided by the Company, the Directors are committed to participating in continuous professional development program to develop and refresh their knowledge and skills to help ensure that their contribution to the Board remains informed and relevant.

The Company's program for continuous professional development of Directors may take various forms, including:

- the Company briefing Directors on important issues which have a material impact on the Group's business, financial and operational matters, including major investments, corporate governance practices and funding strategy;
- Directors meeting senior management of the Group on issues specific to the Group's business;
- Directors reading materials and updates on the regulatory changes followed by briefings by the Company Secretary of the Company, if requested; and
- Directors attending external seminars on business, financial, governance, regulatory and other issues relevant to the Group's activities.

Below is the record of participation in continuous professional development program by the Directors of the Company in year 2022 relevant to the directors' duties and responsibilities, regulatory updates and business, financial and operational matters of the Group.

Note: Mr. Feng Boming resigned as an Executive Director of the Company on 28th April 2022.

Mr. Xiao Junguang, the Company Secretary of the Company, undertook no less than 15 hours of professional training in year 2022 to update his professional skills and knowledge.

## 6. Supply of and Access to Information

All Directors have access to the Board's and the Committees' papers and other materials either from the Company Secretary or the Chairman or the Chief Executive Officer so that they are able to make informed decisions on matters placed before them. They are provided with a tablet to access meeting materials and the signed minutes of the Board and the Committees' meetings, training materials provided by the Company and reference documents through an electronic platform.

## 7. Nomination of Directors

The Company follows a formal, considered and transparent procedure for the appointment of new Directors based on a nomination policy (the "Nomination Policy") formally adopted in 2018 providing the selection criteria of potential candidates for directorship of the Company, and the procedures for appointment of Directors of the Company and certain significant positions of the Group, for the Board to achieve a balance of skills, experience and diversity of perspectives appropriate to the requirements of the Company's strategic focus and specific business needs. Recognising the vitality of diversity for the Board, the Company has also adopted a board diversity policy (the "Board Diversity Policy") in 2013.

The Nomination Policy is summarised as follows:

- the Board is responsible for the selection and appointment of the Directors of the Company and for the nomination of the Directors of the Company for election by the shareholders of the Company thereafter at regular intervals by rotation so as to achieve a balance of skills, experience and diversity of perspectives appropriate to the requirements of the Company's strategic focus and specific business needs. The Nomination Committee is responsible for evaluating and nominating candidates for approval by the Board.
- the Nomination Committee will assess if the potential candidate meets the selection criteria, which shall be based on the Nomination Policy and the Board Diversity Policy appropriate for the Company's strategic focus and specific business needs under the formalised procedure for the selection and appointment of the Directors of the Company and key management of the principal subsidiary of the Group. Contribution by the potential candidate shall bring to the Board reflecting the following:
  - structure, size and composition of the current Board;
  - time commitment to the Board;
  - diversity of the Board in all its aspects as set out in the Board Diversity Policy;
  - reputation and integrity;
  - Board succession plan;
  - requirements as provided in the Listing Rules; and
  - other factors that the Board may consider appropriate.
- the Nomination Committee will monitor and review the Nomination Policy periodically to ensure that it remains relevant to the Company's strategic focus and business needs and reflects both current regulatory requirements and good corporate governance.

The Board Diversity Policy is summarised as follows:

- the Company ensures that its Board has the appropriate balance of skills, breadth of experience, independence and objectivity, engagement and credibility, rigour and structure and diversity of perspectives of the Board required to support the execution of its strategic focus and specific business needs in order for the Board to be effective;
- the diversity of the Board and selection of candidates will be based on a range of perspectives, including gender, age, cultural and educational background, ethnicity, industry experience, skills, knowledge and length of service. The Board's appointment should be based on meritocracy and diversity of perspectives appropriate for the Company's strategic focus and specific business needs and the contribution that the selected candidates will bring to the Board; and

- the Nomination Committee will take into consideration of the Board Diversity Policy in identifying and nominating suitable qualified candidates to become members of the Board, and shall ensure that the selected candidates shall have the breadth of experience, independence and objectivity, engagement and credibility, rigour and structure.

As at 31st December 2022, the Board achieved all the measurable objectives as set in the Board Diversity Policy and the female representation at Board level was about 16.67% (i.e. 2 females out of 12 Directors). The Board will endeavour to ensure gender diversity at Board level to avoid single gender board. Gender diversity at workforce level (including senior management of the Group) is disclosed on page 29 of this annual report.

The Nomination Committee of the Company reviews the structure, size and composition of the Board regularly and makes recommendation to the Board to complement the corporate strategy of the Company. The appointment of a new Director is a collective decision of the Board, taking into consideration both the Nomination Policy and the Board Diversity Policy. The Board believes that changes to the Board composition shall be managed without undue disruption, and shall continue to provide a balanced composition of the Executive Directors and the Non-Executive Directors (including Independent Non-Executive Directors) so that there is a strong independent element in the Board, which can effectively exercise independent judgement.

All Directors are provided with periodic financial reports to enable them to keep abreast of the latest business affairs of the Group. Each Director shall, after his/her appointment and semi-annually thereafter, disclose to the Board the number and nature of offices held by such Director in other public companies and organisations and any other significant commitments, together with the identity of the public companies and organisations and an indication of time involved. In 2022, all Directors demonstrated strong commitment to the Company and they have confirmed that they have given sufficient time and attention to the affairs of the Company.

At the annual general meeting of the Company held on 20th May 2022 (the “Last AGM”), Mr. Wan Min, Mr. Yang Zhijian, Mr. Ip Sing Chi, Dr. Chung Shui Ming Timpson and Mr. So Gregory Kam Leung retired and were re-elected as Directors of the Company in accordance with the Bye-laws of the Company (the “Bye-laws”).

## 8. Board Committees

In addition to the Audit Committee, the Remuneration Committee and the Nomination Committee established in compliance with the Listing Rules, the other committees of the Company are the Executive Committee, the Finance Committee, the Share Committee, the Compliance Committee, the Inside Information Committee, the Risk Committee and the Strategic Development Committee. Each committee has its own well defined scope of duties and terms of reference, and is empowered to make decisions on matters within its terms of reference of such committee. The terms of reference of the Audit Committee, the Remuneration Committee and the Nomination Committee are posted on the websites of the Company and the Stock Exchange. The Company Secretary shall also make available the terms of reference of all the committees to the shareholders of the Company upon their written request. Members of the respective committees and the Directors of the Company can have access to the minutes of the relevant committees.

### a. Executive Committee

The Executive Committee was established in 1996 and its members are the Executive Directors of the Company. As at the date of this annual report, the Executive Committee is comprised of Mr. Wan Min (chairman of the Executive Committee), Mr. Huang Xiaowen and Mr. Yang Zhijian, and Mr. Xiao Junguang is the secretary.

The Executive Committee operates as an executive management committee under the direct authority of the Board. Its primary duties include to:

- formulate strategies and policies and to set corporate and management targets and operational initiatives and policies on risk management, and plans and operational directions for the Group;
- monitor, control and manage operational and financial performance and business affairs of the Group;

- review, discuss and recommend to the Board for consideration and approval (if appropriate) (i) announcements, circulars and other documents (including price sensitive and financial information) required to be disclosed pursuant to the Listing Rules, regulatory or statutory requirements; and (ii) submissions from the Compliance Committee, the Finance Committee and the Share Committee;
- approve capital expenditure of a specified amount;
- review, discuss and approve (if appropriate) major or unbudgeted asset acquisitions or disposals; major or unbudgeted mergers and/or acquisitions by the business units of the Group's principal subsidiary; setting up of major joint-ventures and partnerships with a company not currently controlled and managed by the Group;
- liaise and consult with, advise and make recommendations to its subsidiaries and make such decisions with regard thereto as the Executive Committee shall in its absolute discretion think fit, and refer such matters as it thinks fit to the Board for consideration, approval and/or ratification, if necessary; and to
- report to the Board on its decisions, and any matter in respect of which it considers that action is needed, and its recommendations as to the steps to be taken.

### **b. Audit Committee**

The Audit Committee was established in 1992 and its members are the Independent Non-Executive Directors of the Company. As at the date of this annual report, the Audit Committee is comprised of Mr. Chow Philip Yiu Wah (chairman of the Audit Committee), Dr. Chung Shui Ming Timpson, Mr. Yang Liang Yee Philip, Ms. Chen Ying and Mr. So Gregory Kam Leung. Ms. Lai Yuen Ying Vivian, the Head of Internal Audit Department, is the secretary of the Audit Committee, and Mr. Xiao Junguang is the assistant secretary.

The Audit Committee is delegated by the Board with the responsibility to provide an independent review and supervision of financial reporting and to ensure the effectiveness of the Group's risk management and internal control systems and the adequacy of the external and internal audit. To perform its duties, the Audit Committee is provided with sufficient resources and is supported by the Internal Audit Department to examine all matters relating to the Group's adopted accounting principles and practices and to review all material financial, operational and compliance controls.

The primary duties of the Audit Committee include to:

- recommend to the Board the appointment, re-appointment and removal of the external auditor, and to approve the remuneration and the terms of engagement of the external auditor, and any question of its resignation or dismissal;
- act as the key representative body overseeing the Company's relation with the external auditor;
- seek from the external auditor, on an annual basis, information about policies and processes for maintaining independence and monitoring compliance with the relevant requirements, including provision of non-audit services and requirements regarding rotation of audit partners and staff;
- discuss with the external auditor any recommendation arising from the audit, and to review the external auditor's management letter, any material query raised by the external auditor to management about accounting records, financial statements or systems of control and management's response, and to ensure that the Board will provide timely response to the issues raised in the external auditor's management letter;
- establish and review from time to time the procedure to review and monitor the external auditor's independence and objectivity, and the effectiveness of the audit process in accordance with the applicable standards and the scope of the external auditor, and to discuss and understand the factors considered by the external auditor in determining the nature and scope of the audit and reporting obligations before the audit commences;

- establish and review from time to time the policy relating to hiring of employees or former employees of the external auditor and monitor the application of such policy; and to consider whether as a result of such hiring there has been any impairment of the auditor’s judgment or independence in respect of the audit;
- establish and review from time to time the policy on engaging external auditor to supply non-audit services and to review such services do not impair the external auditor’s independence or objectivity in relation to non-audit services including whether the skills and experience of the external auditor make it a suitable supplier of non-audit services; whether there are safeguards in place to ensure that there is no threat to the objectivity and independence of the audit because the external auditor provides non-audit services; and the nature of non-audit services, the related fee levels and fee levels individually and in total relative to the external auditor;
- review the Group’s financial and accounting policies and practices;
- monitor the integrity of the Company’s financial statements, annual, quarterly (if prepared for publication) and interim financial reports and to review any significant financial reporting judgment and estimation contained in them, with particular focus on changes in accounting policies and practices, major judgmental areas, any significant audit adjustment, the going concern assumption and any qualification, compliance with any applicable legal requirement and accounting standard, and compliance with the requirements of the Listing Rules and other legal requirements in relation to financial reporting;
- consider any significant or unusual item that is, or may need to be, reflected in the report and financial statements and to give due consideration to any matter that has been raised by the Financial Compliance Officer of the Company, the external auditor, the Head of Internal Audit Department or the staff responsible for the accounting and financial reporting function;
- review with the Group’s management, the external auditor and the internal auditor, the adequacy of the Group’s policies and procedures regarding internal control system (including financial, operational and compliance controls) to ensure that such system is effective with audit trails to protect the accuracy and integrity of financial data and to pursue relevant enquiries into matters having, or likely to have, a material effect on the business and financial conditions of the Group. The result of the review is to be reported in the Corporate Governance Report of the Company, including a Directors’ statement that they have conducted a review of its internal control system;
- provide an independent review on the effectiveness of the risk management system including the risk management framework, policies and processes;
- discuss with management the scope and quality of the risk management and internal control systems and to ensure that management has performed its duty to have effective systems including the adequacy of resources, staff qualifications and experience, training programs and budget and experience of staff of the accounting, internal audit and financial reporting functions;
- review findings of internal investigation and management’s response of any suspected fraud or irregularity or failure of risk management and internal control or infringement of laws, rules and regulations;
- review the scope and effectiveness of the internal audit functions and to review the results of the internal audit functions regularly with the internal auditor matters including planning of the Audit Committee meetings and, if required by the internal auditor, the internal audit program; and to ensure co-ordination between the internal and external auditors and that the internal audit function is adequately resourced and has appropriate standing within the Company and to review and monitor its effectiveness;
- review the effectiveness and monitor the use of the whistleblowing policy and procedures for employees to raise concerns, in confidence, to the Audit Committee about improprieties in financial reporting, internal control and other matters; and to ensure that proper arrangements are in place for fair and independent investigation of these improprieties and for appropriate follow-up action;

- report to the Board on the matters raised in the SEHK Code; and to
- report to the Board, identifying and making recommendations on any matter where action or improvement is needed and to consider other topics identified and referred to the Audit Committee by the Board.

Under the Group's whistleblowing policy, employees may report any concern regarding accounting, internal accounting controls and auditing matters to the Audit Committee without fear of dismissal or retaliation, in order to ensure that the Group complies with all the applicable laws and regulations, accounting standards, accounting controls and audit practices. The Audit Committee will review each complaint, the investigations and the follow-up actions, including disciplinary actions, by management on substantiated cases.

The Audit Committee passed resolutions by way of meeting and written resolution during the year 2022. The following is a summary of work performed by the Audit Committee during the year 2022:

- (i) reviewed and discussed the annual financial statements for 2021 and the interim financial statements for 2022 with the external auditor and management of the Company, with recommendations to the Board for approval;
- (ii) reviewed the significant audit and accounting issues arising from the external auditor's statutory audit of the 2021 annual financial statements and issues arising from the review of the 2022 interim financial statements;
- (iii) reviewed the impact of the new and revised accounting standards and any significant changes in accounting judgement and estimation on the Company;
- (iv) reviewed the external auditor's audit strategy and approach;
- (v) reviewed the non-audit services provided by the external auditor in 2021 and approved their 2022 audit fees;
- (vi) met with the external auditor without the presence of management to discuss issues from the audits and any other matters the external auditor might raise;
- (vii) reviewed the Internal Audit Department's audit objectives and approval of the annual internal audit plan;
- (viii) reviewed the findings and recommendations of the Internal Audit Department on the audits carried out on the principal activities of the Group and their internal control implementation status by management;
- (ix) reviewed the effectiveness of the risk management and internal control systems;
- (x) reviewed the relevant sections in the Corporate Governance Report for the year ended 31st December 2021 concerning the Audit Committee;
- (xi) reviewed the adequacy of the resources, staff qualifications and experience, training programs and budget and experience of staff of the Company's accounting, internal audit and financial reporting functions;
- (xii) reviewed the continuing connected transactions and their annual caps; and
- (xiii) reviewed the continuous implementation of the whistleblowing policy.

The minutes of the Audit Committee meetings are prepared by the secretary of the Audit Committee with details of all matters considered by the attendees and of decisions reached, including any concern raised by the attendees and dissenting views expressed. The final version of the minutes is sent to the attendees for their records. The minutes are open for inspection by the Audit Committee members and the Board members.

### c. Remuneration Committee

The Remuneration Committee was established in 2005. As at the date of this annual report, the Remuneration Committee is comprised of Mr. Chow Philip Yiu Wah (chairman of the Remuneration Committee) and Mr. Yang Liang Yee Philip, both are the Independent Non-Executive Directors of the Company, and Mr. Xiao Junguang is the secretary.

The primary duties of the Remuneration Committee include to:

- review and recommend to the Board the Company’s policy and structure of the remuneration of the Directors of the Company, senior management (including the chief executive officer of the principal subsidiary of the Group) and employees of the Group including performance-based bonus scheme on the basis that they are fairly but reasonably rewarded for their individual contribution to the overall performance of the Company;
- establish and review a formal and transparent procedure for developing the remuneration policy;
- (i) review and approve the management’s remuneration proposals with reference to the Board’s corporate goals and objectives; and determine the remuneration packages of individual Executive Directors of the Company and senior management (including the chief executive officer of the principal subsidiary of the Group); and (ii) recommend to the Board the remuneration of the Non-Executive Directors of the Company;
- consult the Chairman of the Board and/or Chief Executive Officer of the Company about their remuneration proposals for the other Executive Directors of the Company and senior management (including the chief executive officer of the principal subsidiary of the Group);
- review and approve compensation payable to the Executive Directors of the Company and senior management (including the chief executive officer of the principal subsidiary of the Group) for any loss or termination of office to ensure that it is consistent with the contractual terms and is otherwise fair and not excessive;
- review and approve compensation arrangements relating to the dismissal and removal of the Directors for their misconduct to ensure that they are consistent with the contractual terms and are otherwise reasonable and appropriate;
- ensure that no Director or any of his/her associates or senior management (including the chief executive officer of the principal subsidiary of the Group) is involved in deciding his/her own remuneration; and to
- advise the Board any matter relating to the remuneration and reward of the Executive Directors of the Company or senior management (including the chief executive officer of the principal subsidiary of the Group) or employees of the Group.

The Remuneration Committee passed resolutions by way of meeting and written resolution during the year 2022. The following is a summary of work performed by the Remuneration Committee during the year 2022:

- (i) reviewed the Company's remuneration policy and structure for the Directors of the Company, and the senior management and employees of the Group, and ensured compliance with the Listing Rules and in line with best practices;
- (ii) reviewed the procedure for developing the Company's remuneration policy;
- (iii) recommended to authorise the Board to fix the Directors' remuneration at the Last AGM;
- (iv) reviewed the discretionary management bonus of the Executive Directors of the Company, and the senior management and employees of the Group for year 2021; and
- (v) reviewed and recommended to the Board or determined with delegated responsibilities, as the case may be, in accordance with the terms of reference of the Remuneration Committee, the remuneration packages of the Directors of the Company, and the senior management of the Group for year 2022.

The Company has established a combined time-based and benchmarked approach in determining the remuneration levels of the Directors of the Company, which should remain sufficient to attract, motivate and retain the Directors. The fees payable to the Non-Executive Directors (including Independent Non-Executive Directors) do not involve equity-based remuneration with performance-related elements and they are subject to annual review of the Board and the Remuneration Committee and shareholders' authorisation to the Board to fix the Directors' remuneration. No Directors were involved in determining their own remuneration in 2022.

#### **d. Nomination Committee**

The Nomination Committee was established in 2012. As at the date of this annual report, the Nomination Committee is comprised of Mr. Wan Min (chairman of the Nomination Committee), Mr. Yan Jun, Mr. Chow Philip Yiu Wah, Dr. Chung Shui Ming Timpson and Mr. Yang Liang Yee Philip, majority of whom are the Independent Non-Executive Directors of the Company, and Mr. Xiao Junguang is the secretary.

The primary duties of the Nomination Committee include to:

- review the Nomination Policy and recommend to the Board on the selection criteria of the potential candidates for the directorship of the Company;
- review and report annually to the Board the implementation and effectiveness of mechanism to ensure independent views and input are available to the Board;
- review and recommend to the Board the succession plan to ensure the stability of the Board to complement the Company's corporate strategy;
- review and report annually against any measurable objectives set for the implementation of the Board Diversity Policy and the Nomination Policy, and progress (if relevant);
- review and report to the Board annually the implementation and effectiveness of the Board Diversity Policy, including review of the structure, size and composition (including gender, age, cultural and education background, ethnicity, skills, knowledge, industry experience and length of service) of the Board and making recommendations on any proposed change to the Board to complement the Company's corporate strategy;

- receive from the Board referral of suitable qualified candidate for it to assess if the potential candidate meets the selection criteria, which shall be based on the Nomination Policy and the Board Diversity Policy appropriate for the Group's strategic focus and specific business needs; assess and recommend to the Board for approval the nomination of a selected candidate as a director of the Company either to fill a casual vacancy or as an addition to the existing Board and/or a member of any Board committee of the Company;
- review and recommend to the Board the appointment or re-appointment/re-election of Directors and succession plan for the Directors to maintain a balance of skills, knowledge, experience and diversity of perspectives of the Board;
- assess and report to the Board the qualifications of any person proposed by a shareholder of the Company for election as a director of the Company to ensure compliance with the Nomination Policy and the requirements as provided in the Listing Rules are satisfied;
- assess the independence of the Independent Non-Executive Directors of the Company;
- regularly review and report to the Board the contribution required by a Director to perform his/her responsibilities and whether he/she is spending sufficient time in performing them;
- assess the performance of the Executive Directors of the Company and conduct a regular evaluation of the Board's performance by members of the Nomination Committee, who are the Independent Non-Executive Directors of the Company, and report results of the evaluation to the Board; and to
- review the appointment of the chairman of the board and the chief executive officer of the principal subsidiary of the Group and report result of the review to the Board of the Company for consideration and approval.

The Nomination Committee passed resolutions by way of written resolution during the year 2022. The following is a summary of work performed by the Nomination Committee during the year 2022:

- (i) reviewed the Nomination Policy and its implementation;
- (ii) reviewed the procedures for appointment of new Directors of the Company and plans for orderly succession;
- (iii) reviewed the implementation and effectiveness of the Board Diversity Policy;
- (iv) reviewed the structure, size and composition of the Board of the Company;
- (v) assessed the independence of the Independent Non-Executive Directors of the Company;
- (vi) reviewed the implementation and effectiveness of the Company's mechanism to ensure independent views and input to the Board;
- (vii) recommended re-election of the retiring Directors at the Last AGM;
- (viii) reviewed and recommended to the Board the amendments to the terms of reference of the Nomination Committee to align with the Listing Rules;
- (ix) reviewed the contribution of the Directors of the Company for year 2021; and
- (x) evaluated performance of the Board and assessed performance of the Executive Directors of the Company by members of the Nomination Committee, who are the Independent Non-Executive Directors of the Company, in accordance with the terms of reference of the Nomination Committee.

## e. Risk Committee

The Risk Committee was established in 2015. As at the date of this annual report, the Risk Committee is comprised of Mr. Huang Xiaowen (chairman of the Risk Committee), Mr. Yang Zhijian, Mr. Tung Lieh Cheung Andrew, Mr. Yan Jun, Ms. Wang Dan, Mr. Ip Sing Chi, Mr. Chow Philip Yiu Wah, Mr. Ye Jianping Kenny, Ms. Zheng Qi (appointed as a member of the Risk Committee on 16th June 2022) and Mr. Xiao Junguang, who is also the secretary.

The primary duties of the Risk Committee include to:

- establish risk appetite, risk management strategy, and a strong and independent internal control and review systems;
- align strategic direction and business objectives of the Group with risk appetite;
- oversight on adequacy of the Group’s risk management policies, process and system. In pursuing the Group’s strategic direction and business objectives, aims to optimise risk and return;
- identify, assess and manage principal risks to pursue the Group’s strategic and business objective;
- provide direction on the importance of risk management and risk management culture;
- formulate, implement and review environmental, social and governance (“ESG”) strategy of the Group; and to
- identify, assess and manage ESG-related risks and ensure appropriate and effective ESG risk management systems are in place.

The Risk Committee held two meetings during the year 2022. The following is a summary of work performed by the Risk Committee during the year 2022:

- (i) reviewed and recommended to the Board the Group’s risk appetite, risk management strategy, risk management policies, process and system in pursuit of the Group’s strategic direction and business objectives;
- (ii) identified, reviewed, assessed and managed principal risks of the Group to pursue the Group’s strategic and business objectives;
- (iii) reviewed and reported to the Board the Company’s compliance with the SEHK Code in relation to risk management; and
- (iv) reviewed and reported to the Board the Company’s compliance with the Listing Rules in relation to the ESG related compliance.

### f. Compliance Committee

The Compliance Committee was established in 2004. As at the date of this annual report, the Compliance Committee is comprised of Mr. Ye Jianping Kenny, Ms. Zheng Qi (appointed as a member of the Compliance Committee on 16th June 2022), Mr. Xiao Junguang (chairman of the Compliance Committee), Mr. Michael Fitzgerald, Ms. Lau Siu Ping Karen and Ms. Lai Yuen Ying Vivian. The Board has delegated the responsibility for monitoring the corporate governance compliance to the Compliance Committee.

The primary duties of the Compliance Committee include to:

- review, monitor and provide administrative support on the compliance control of the Group and compliance of the following corporate governance functions of the Company:
  - (a) on the Company's policies and practices on corporate governance and make recommendations to the Board;
  - (b) on the training and continuous professional development of Directors of the Company and senior management of the Group;
  - (c) on the Company's policies and practices on compliance with legal and regulatory requirements;
  - (d) on the development of the code of conduct and compliance manuals (if any) applicable to employees of the Group and Directors of the Company;
  - (e) on the Company's compliance with the CG Code and the SEHK Code;
  - (f) to report the above items (a) to (e) to the Board regularly; and
  - (g) to prepare (i) the Corporate Governance Report covering all mandatory disclosure requirements as set out in the Listing Rules; and/or (ii) information required to be disclosed by the Compliance Committee in the Company's results announcements, the annual reports, the interim reports and any other documents, pursuant to the Listing Rules;
- review and report to the Board regularly the shareholders' communication policy to ensure its effectiveness; and to
- ensure the Company is in compliance with the Listing Rules including disclosure and compliance obligations for matters including notifiable transactions, connected transactions, continuing connected transactions, advance to an entity, financial assistance and guarantees to affiliated companies of the Company, loan agreements with covenants relating to specific performance of the controlling shareholder of the Company, breach of a loan agreement by the Company, disclosure of financial information pursuant to Appendix 16 to the Listing Rules, and general obligations of disclosure under rule 13.09 of the Listing Rules.

The Compliance Committee passed resolutions by way of written resolution during the year 2022. The following is a summary of work performed by the Compliance Committee during the year 2022:

- (i) reviewed the Company's policies and practices on corporate governance, risk management, and made recommendations to the Board;
- (ii) reviewed and monitored the training and continuous professional development of Directors of the Company;
- (iii) reviewed and monitored the Company's policies and practices on compliance with legal and regulatory requirements, particularly on legal, financial and accounting, internal control and audit, risk management and ESG related compliance;
- (iv) reviewed and monitored the code of conduct and compliance manuals (if any) applicable to employees of the Group and Directors of the Company;
- (v) reviewed the Company's compliance with the CG Code and the SEHK Code and the disclosure requirements in the Corporate Governance Report;
- (vi) reviewed the Company's compliance with the disclosure requirements in the Sustainability Report;
- (vii) reviewed and reported to the Board on the implementation and effectiveness of the shareholders' communication policy;
- (viii) reviewed and reported to the Board on the notifiable transactions, connected transactions, continuing connected transactions and the significant contracts of the Group;
- (ix) reviewed and recommended to the Board the revision of the CG Code to align with the up-to-date SEHK Code; and
- (x) reviewed and recommended to the Board the adoption of new Bye-laws of the Company to align with the latest laws and regulations, and to provide greater flexibility for the Company in relation to the conduct of meetings and communication.

## **g. Finance Committee**

The Finance Committee was established in 1993. As at the date of this annual report, the Finance Committee is comprised of Dr. Chung Shui Ming Timpson (chairman of the Finance Committee), Mr. Yang Zhijian, Mr. Tung Lieh Cheung Andrew, Mr. Chow Philip Yiu Wah, Ms. Chen Ying and Ms. Zheng Qi (appointed as a member of the Finance Committee on 16th June 2022), and Mr. Xiao Junguang is the secretary.

The primary duties of the Finance Committee include to:

- assist in the financial requirements of the Group including financing, refinancing, leasing, purchase and sale of vessels, properties and equipment and the financing of the business operations of the Group;
- report to the Board on its decisions, and any matter in respect of which it considers that action is needed, and its recommendation as to the steps to be taken; and to
- discuss and review the disclosure obligations of the Company on financial, accounting or related issues on compliance with the Listing Rules and refer transactions with their recommendations to the Executive Committee of the Company for its endorsement and/or approval.

## **h. Share Committee**

The Share Committee was established in 1992. As at the date of this annual report, the Share Committee is comprised of Mr. Yang Liang Yee Philip (chairman of the Share Committee), Mr. Chow Philip Yiu Wah and Ms. Chen Ying, and Mr. Xiao Junguang is the secretary.

The primary duties of the Share Committee include to:

- deal with and grant approval on the removal of the ordinary shares of the Company from the principal register in Bermuda to the branch register in Hong Kong, China or vice versa;
- deal with the share transactions, including but not limited to share repurchases, issue of bonus shares, scrip dividend schemes, top-up placings, share subscriptions and placement of the Company's shares;
- give authorisation to the Company's principal registrar and branch share registrar (the "Registrar") to issue share certificates to the shareholders of the Company who have reported loss of the share certificates of the Company and in connection with the above share transactions; and to
- discuss and review the disclosure obligations of the Company on share transactions in compliance with the Listing Rules.

## **i. Inside Information Committee**

The Inside Information Committee was established in 2013. As at the date of this annual report, the Inside Information Committee is comprised of Mr. Huang Xiaowen (chairman of the Inside Information Committee), Mr. Yang Zhijian, Mr. Tung Lieh Cheung Andrew and Mr. Xiao Junguang, who is also the secretary.

The primary duties of the Inside Information Committee include to:

- ensure proper systems and control are in place to collect, review and verify potential inside information;
- identify, assess and escalate potential inside information to the attention of the Board; report to the Board on the recommendation of the Inside Information Committee, and any matter in respect of which it considers that action is needed, and its recommendation as to the actions to be taken and what information to be disclosed;
- vet and clear announcements or other public disclosures; and to
- supervise the Company's compliance with continuing disclosure obligations.

## **j. Strategic Development Committee**

The Strategic Development Committee was established in 2021. As at the date of this annual report, the Strategic Development Committee is comprised of Mr. Huang Xiaowen (chairman of the Strategic Development Committee), Mr. Yang Zhijian, Dr. Chung Shui Ming Timpson, Mr. Yang Liang Yee Philip and Mr. So Gregory Kam Leung, and Mr. Xiao Junguang is the secretary.

The primary duties of the Strategic Development Committee include to:

- review and advise on the mid to long development strategies and business plans of the Group, including overall-strategic positioning and vision plan, operation strategies and investment strategies;
- study and make recommendations on the operation plan and annual budget plan of the Group;
- review and make recommendations on new business development of the Group (including expansion to new markets, launch of new businesses and research and development of new products);
- study and advise on the relevant issues influencing the Group's development;
- review the strategic direction of the Group's business and consider responsibilities of the Company towards the shareholders and the other stakeholders; and to
- monitor and review the implementation, and report and/or make relevant recommendations to executive committee of the Group's principal subsidiary, the Executive Committee and/or the Board of the Company on the above-mentioned matters.

## 9. Attendance Records of Board Meetings, Board Committees Meetings and General Meetings

<b>Total</b>	<b>12</b> <i>(Note)</i>

*Note:* Inclusive of one senior management who ceased as senior management during the year 2022.

## B. ACCOUNTABILITY AND AUDIT

### 1. External Auditor

PricewaterhouseCoopers attended the Last AGM and was re-appointed as the Company's external auditor by the shareholders of the Company until conclusion of the next annual general meeting of the Company.

The Company has established a policy on the appointment of external auditor in providing non-audit services to the Group, setting out the principles by which an external auditor may be appointed to provide non-audit services, with a view to ensuring the independence of the external auditor.

The fee in respect of audit and non-audit services provided by the external auditor to the Company for the year ended 31st December 2022 is set out on page 144 note 11 to the consolidated financial statements of this annual report.

### 2. Directors' and Auditor's Acknowledgement

All Directors of the Company have acknowledged their responsibilities for preparing the consolidated financial statements for the year ended 31st December 2022.

PricewaterhouseCoopers, the external auditor of the Company, has acknowledged the reporting responsibilities in the auditor's report on the consolidated financial statements for the year ended 31st December 2022.

## 3. Internal Controls

The Board is responsible for establishing and maintaining appropriate and effective internal control systems for the Group, and through the Audit Committee, conducts reviews of the effectiveness of such systems at least annually, covering all material controls including financial, operational and compliance controls and risk management functions. The process used in reviewing the effectiveness of these internal control systems includes discussion with management on risk areas identified by management of the Company and principal subsidiary of the Group and review of significant issues arising from internal and external audits. The Company's internal control systems comprise a well established organisational structure and comprehensive policies and standards. Procedures have been designed to safeguard assets against unauthorised use or disposition, to maintain proper accounting records, for assurance of the reliability of financial information for internal use or publication, and to ensure compliance with applicable laws and regulations. The purpose of the Company's internal control is to provide reasonable, but not absolute, assurance against material misstatement or loss and to manage rather than eliminate risks of failure in operational systems and achievement of the Company's objectives.

The Board has established the following measures to provide effective internal controls:

- a distinct organisational structure for the principal subsidiary with defined authority responsibilities and control/measures;
- an annual budget for the principal subsidiary allocating resources in accordance with identified and prioritised business opportunities. The annual budget for the principal subsidiary is approved by the Board on an annual basis;
- a comprehensive management accounting system for the principal subsidiary to provide financial and operational performance indicators to the relevant management, and financial information for reporting and disclosure purposes. Actual operational results are measured against budget each month. Detailed forecasts for the year and long-term forecasts of profit and loss, cash flow and balance sheets are regularly reviewed and updated. Variances to budget are analysed and explained and appropriate action taken, if necessary;
- systems and procedures are in place to identify, measure, manage and control risks including business, compliance, operational, financial and information services risks that may have an impact on the Group and the principal subsidiary. Exposure to these risks is monitored by the Executive Committee of the Company and the board of directors, the executive committee and the management of the principal subsidiary;
- clearly defined procedures are in place for the control of capital and major expenditure commitments, off-balance sheet financial instruments and the supervision, control and review of the investment portfolio; and
- the Internal Audit Department performs independent reviews of the risks and controls identified to provide reasonable assurance to management of the Company and principal subsidiary and the Audit Committee that controls have been set in place and adequately addressed.

The internal audit function, which is centrally controlled, monitors compliance with policies and standards as well as the effectiveness of internal control structures across the Company and the Group. To preserve the independence of the internal audit function, the Head of Internal Audit Department reports functionally to the Audit Committee whose chairman is an Independent Non-Executive Director of the Company who has direct access to the Board. Using a risk-based approach, the Internal Audit Department plans its internal audit schedules annually in consultation with, but independent of, management of the Company and the principal subsidiary. The Internal Audit Department has unrestricted access to information that allows it to review all aspects of the Group's risk management, control and governance processes. Independent reviews of different financial, business and functional operations and activities are conducted with audit resources being focused on high risk areas. Ad hoc reviews are also conducted on areas of concern identified by the Audit Committee and management of the Company and the principal subsidiary. The management of the Company and the principal subsidiary including the affected subsidiary are notified of the deficiencies noted for rectification, and the Internal Audit Department follows up with the implementation of audit recommendations.

The Audit Committee on behalf of the Board assesses the effectiveness of the internal control system including detecting fraud and other irregularities by reviewing the Internal Audit Department's work and findings. On a half-yearly basis, the Internal Audit Department summarises the major audit findings and other relevant information that have come to the Internal Audit Department's attention during the course of the audits and reports to the Audit Committee.

According to the 2022 Internal Audit report, the Group's internal control system was functioning effectively, there was no significant weakness found in the course of the audits carried out during the year 2022, and there was no change in the nature and extent of significant risks as well as the scope and quality of management's ongoing monitoring of the risks and the internal control system. The Audit Committee has concluded that the Group has maintained sound and effective internal controls to safeguard the Group's assets, and there is an ongoing process in place for identifying, evaluating and managing the significant risks faced by the Group. The Board, therefore, is of the view that there are no significant frauds, irregularities, internal control deficiencies or suspected infringement of laws, rules and regulations that cause the Board to believe that the systems of internal control are ineffective or inadequate, and there are no significant areas of concern which may affect the shareholders of the Company. The Board is satisfied that the Company and the Group have fully complied with the code provisions on internal control as set forth in the SEHK Code for the year ended 31st December 2022.

To ensure on-going compliance with the SEHK Code, the Audit Committee reviewed the adequacy of staffing of the accounting, internal audit and financial reporting functions on behalf of the Board and was satisfied with the adequacy of resources, staff qualifications and experience, training programs and budget of the Company's accounting, internal audit and financial reporting functions.

The Company has implemented the following procedures and internal controls for the handling and dissemination of inside information:

- a) it monitors any inside information and makes appropriate announcement as required by the Listing Rules;
- b) it conducts its affairs by reference to the "Guidelines on Disclosure of Inside Information" issued by the Securities and Futures Commission;
- c) it has established procedures for handling external affairs about the Group; and
- d) it has established guidelines to be followed by senior management and employees in dealing with confidential and inside information.

## 4. Risk Management

The Board acknowledges that risks are inherent in our business and the market in which we operate, and we undertake and monitor risks in pursuit of our strategic and business objectives. Our approach is if risks are effectively managed, it can be a value driver for competitive advantage and the exercising of risk management abilities can become an advantage to differentiate the Group from its competitors.

The Group has built and maintained sound and effective risk management and internal control systems to safeguard the Group's assets, but not absolute assurance against material misstatement or loss and to manage rather than eliminate risks of failure in operational systems and achievement of the Group's strategic business objectives. In the context of the Group's capital structure and business models; it would re-assess the risk appetite on a regular basis, taking into consideration the Group's business strategy and return targets. The risk strategy of the Group, adopting a proactive approach, would be determined upon analysis results for a specific risk through the risk management process; and once risk is identified based on the risk strategy, it will be managed so that it can be understood, minimised, transferred or contained, through a group-wide risk management framework.

The Risk Committee delegates to the management, the design and setting of risk management parameters, who would work with relevant stakeholders of its business and operation units to identify key risk areas to be assessed and risk control measures formulated to mitigate and guide each local and regional office. The key risk management areas would be regularly reviewed to identify areas for improvement, from which where necessary, the development of policies and procedures for the Group to manage and control risks that might have an impact on the Group and the principal subsidiary including potential risks in critical business areas that are both strategic and operational levels, to ensure business continuity, to optimise business result, and to ensure compliance with the relevant rules and regulations.

The Risk Committee reviews the adequacy and effectiveness of the risk management and internal control systems and internal audits are conducted as part of ongoing review on the effectiveness of the risk management and internal control systems. Emerging risks that may have an impact on the Group are also discussed in the Risk Committee meetings and shared with the Audit Committee.

The Group's risk management organisation structure has a "top-down" approach on oversight, risk identification and assessment, and mitigation of risk at corporate level; and a "bottom-up" approach on risk identification and assessment, and mitigation of risk at business unit level and cross functional areas for its risk management.

Based on the Group risk management principles and culture in taking justifiable calculated risk in business decision after identifying the inherent risks, exploring possible mitigation and assessing all relevant costs and benefits as a result of the decision; and promoting a risk-intelligent culture in the organisation, in which a risk-averse, risk-seeking or risk-neutral attitude might be adopted as and when the circumstances justified; risk management policy is set up to ensure common understanding of risk principles and encouraging a risk intelligent culture on a group-wide level. Our policies and guidelines are periodically reviewed and amended when considered necessary in line with the dynamic changes in our business environment and operations.

The Group has (i) a formalised enterprise risk management ("ERM") process, taking into consideration of the Group's organisation structure and nature of business; and (ii) developed a risk register with a principal risk dashboard that summarises major risks whose potential consequences are significant at group level and may trigger risk events that in aggregate, become significant to the Group as at a given time, and a functional risk dashboard. This provides a point-in-time assessment of the risk profile of the Group for the Risk Committee and the Board on the nature and extent of the risks faced by the Group.

The Group has adopted an activity-based "three lines of defence" risk governance model to delegate and coordinate essential risk management and control duties in a clear and cohesive manner:

- a) First line of defence – Functional units establish risk and control environments in the Group's day-to-day business operations, and as risk owners, are responsible for risk identification, formulation of risk mitigation strategy and upward reporting of risk monitoring progress;
- b) Second line of defence – The Legal and Risk Management Department monitors the risk management system and internal control systems to ensure its effectiveness and facilitates the development and setting of policies and guidelines and its effective implementation of the risk management and internal control systems. It also provides advice and guidance to the first-line functional units on implementation of the risk management and internal control systems; and
- c) Third line of defence – The Internal Audit Department provides independent review on the effectiveness of the risk management and internal control systems.

The Group's ERM process is underpinned by its risk culture, which is aligned to the overall ethics and culture of the Group. The ERM process consists of eight components: internal environment, objective setting, event identification, risk assessment, risk response, control activities, information and communication, and monitoring; and is used to identify, evaluate and manage the significant risks to the Group. The functional units translate the risk events and incorporate the Group risk appetite into quantitative tolerance limits to monitor and manage the identified material risks in line with the Board's strategy; before communicating their recommended mitigation plans to the Legal and Risk Management Department. The Group risk register allows categorisation and prioritisation of risks, risk documentation and reporting, and the monitoring of the ongoing development of risks.

For the year ended 31st December 2022, following management confirmation to the Risk Committee on its scope and quality of its ongoing risks monitoring and internal control systems; and satisfaction on the effectiveness of the risk management and internal control systems with no significant control failings or weaknesses and no significant areas of concern identified which might affect the shareholders of the Company, the Risk Committee has reported twice to the Board on their review and confirmation of its satisfaction on the adequacy and effectiveness of the risk management and internal control systems, including the scope and quality of the Group's ongoing monitoring of risks.

The Board confirmed that the Group's risk management and internal control systems are functioning adequately and effectively. The Board is satisfied that the Company and the Group have fully complied with the code provisions on risk management as set forth in the SEHK Code for the year ended 31st December 2022.

### C. COMMUNICATION WITH SHAREHOLDERS

The Company attaches great importance to communications with the shareholders of the Company. Extensive information on the Group's activities, business strategy and developments is provided in the Company's annual reports and interim reports. Shareholders of the Company are encouraged to attend the general meetings of the Company which offer a valuable forum for dialogue and interaction with management of the Company. The Chairman of the Board and the chairpersons of the Audit Committee, the Remuneration Committee, the Nomination Committee and other Board committees, or in their absence, other members of the relevant committees, are available at the annual general meetings to answer questions from shareholders on the business of the Group. A separate resolution would be proposed by the chairman of the general meetings in respect of each agenda item at the general meetings.

In view of the COVID-19 pandemic in 2022, the Last AGM was a hybrid meeting, at which shareholders of the Company could attend in person or through an online platform with live video broadcast where they could cast vote and submit questions in real-time. It provided an opportunity for shareholders to express their views and exercise their voting rights amid the special circumstances.

The Company has a shareholders' communication policy, which is available on written request to the Company Secretary of the Company, to ensure shareholders are provided with ready, equal and timely access to balanced and understandable information about the Company. Communication channels, including the Company's website, general meetings, periodic investors and analysts conferences, and direct contact with the Company's Investor Relations and Public Relations Team, enable shareholders to communicate with and provide feedback to the Company from time to time. The Compliance Committee is responsible for regular review of the implementation and effectiveness of the shareholders' communication policy and considers that the shareholders' communication policy was properly implemented during the year 2022 and is effective with these multiple channels in place to promote two-way communication and active engagement with shareholders.

Since the publication of the Company's 2010 interim report, the Company has offered to the shareholders of the Company the following options to choose the language and means of receipt of the corporate communications of the Company in support of environment protection and for the purpose of saving printing and mailing costs:

- (1) to read the corporate communication posted on the Company's website at <https://www.ooilgroup.com> in place of receiving printed copies, and to receive an e-mail notification or a printed notification letter (as the case may be) of the publication of the corporate communication on website; or
- (2) to receive either the printed English version, the printed Chinese version or both the printed English and Chinese versions of the Company's corporate communication.

## D. SHAREHOLDERS' RIGHTS

### 1. Convening a special general meeting

Pursuant to the Bermuda Companies Act and the Company's Bye-law, the shareholder(s) of the Company holding not less than one-tenth of the paid up capital of the Company having the right to vote at general meetings of the Company shall have the right, by written requisition sent to the Company's registered office at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda and to the Company's principal office at 31st Floor, Harbour Centre, 25 Harbour Road, Wanchai, Hong Kong, China, for the attention of the Company Secretary of the Company, to require a special general meeting to be called by the Board for the transaction of any business or resolution specified in such requisition.

The written requisition must state the purpose of the general meeting, signed by the shareholder(s) concerned and may consist of several documents in like form, each signed by one or more of those shareholders.

Upon receipt of confirmation from the Company's Registrar that the shareholder(s) submitting the requisition is/are qualified to attend and vote at a general meeting, the Company will convene a special general meeting by serving sufficient notice in accordance with the statutory requirements to all the registered shareholders of the Company.

### 2. Putting forward proposals at general meetings

The shareholder(s) of the Company holding not less than one-twentieth of the total voting rights of all shareholders having the right to vote at the general meeting of the Company; or not less than 100 shareholders of the Company, can submit:

- (i) a written request stating the resolution intended to be moved at an annual general meeting; or
- (ii) a statement of not more than 1,000 words with respect to the matter referred to in any proposed resolution or the business to be dealt with at a particular general meeting.

The written request/statement must be signed by the shareholder(s) concerned and deposited at the Company's registered office at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda and to the Company's principal office at 31st Floor, Harbour Centre, 25 Harbour Road, Wanchai, Hong Kong, China, for the attention of the Company Secretary of the Company, not less than 6 weeks before the general meeting in the case of a requisition requiring notice of a resolution, and not less than 1 week before the general meeting in the case of any other requisition.

Upon receipt of confirmation from the Registrar of the Company that the shareholder(s) making the proposal is/are qualified to attend and vote at the general meeting, the Company will:

- (i) include the resolution in the agenda for the general meeting; or
- (ii) circulate the statement for the general meeting,

provided that the shareholder(s) concerned has deposited a sum of money sufficient to meet the Company's expenses in serving the notice of the resolution and/or circulating the statement to all the registered shareholders.

### 3. Putting enquiries to the Board

Shareholders who have enquiries to put to the Board of the Company may write to the Company Secretary of the Company at 31st Floor, Harbour Centre, 25 Harbour Road, Wanchai, Hong Kong, China.

#### 4. Dividend Policy

Shareholders of the same class of shares shall have equal rights to dividends and distributions. In 2018, the Company formally adopted a dividend policy (the “Dividend Policy”) (as revised in March 2021) that balances the objectives of appropriately rewarding the shareholders for their investment and retaining reserves for long-term development and future expansion of the Company, and enhances transparency facilitating shareholders and investors to make informed investment decisions.

The Dividend Policy has a target annual dividend payout of 40% of the consolidated net profit attributed to the shareholders of the Company in the financial years of 2021, 2022 and 2023, and the Company’s annual dividend payment shall not be less than US\$400 million in the aforesaid financial years, whether as interim and/or final dividends, subject to, inter alia, the financial performance, liquidity position, future plans and working capital requirements of the Company and the prevailing economic, financial, business and regulatory circumstances. The Company may also declare special dividends from time to time in addition to the semi-annual dividends.

The declaration of dividends is subject to the sole discretion of the Board. There can be no assurance that dividends will be paid in any particular amount of any given period. The Dividend Policy shall not constitute a legally binding document in respect of future dividend declaration of the Company and/or in no way oblige the Company to declare a dividend at any time or from time to time. The distribution and payment of dividends of the Company will be subject to compliance with the Company’s Bye-laws and applicable laws and regulations.

Details of the dividend paid by the Company during the year 2022 are set out on page 145 of this annual report.

### E. INVESTOR RELATIONS

The Company continues to promote and enhance investor relations and communication with its investors. The Company’s Investor Relations and Public Relations Team maintains regular dialogue with institutional investors, analysts and fund managers to keep them abreast of the Group’s development.

Shareholders, investors and members of the public are able to access up-to-date corporate information and events related to the Group on the Company’s website.

<b>Total</b>	<b>521</b>	<b>100%</b>	<b>660,373,297</b>

- Details of the shareholding of the ordinary shares of the Company by range as at 31st December 2022 are as follows:

<b>Size of shareholdings</b>	<b>Number of shareholders</b>	<b>Shareholders % of total</b>
1 – 10,000	502	96.3531%
10,001 – 100,000	15	2.8791%
100,001 – 1,000,000	2	0.3839%
1,000,001 or above	2	0.3839%
Total	521	100%

## 2. Public Float

Based on information that is publicly available to the Company and within the knowledge of the Directors of the Company, the Company maintained at least 25% of public float as at 31st December 2022 and the date of this annual report.

## 3. Financial Calendar

Important dates for the financial year 2023 are set out on page 53 of this annual report.

## 4. Memorandum of Association and Bye-Laws

During the year 2022, the Bye-laws was amended to (i) conform to the core shareholder protection standards set out in Appendix 3 to the Listing Rules; (ii) provide flexibility to the Company to hold general meetings as hybrid meetings or electronic meetings where the shareholders may attend by means of electronic facilities; (iii) bring the Bye-laws in line with the Listing Rules and the applicable laws of Bermuda; and (iv) make other consequential and housekeeping improvements. The new Bye-laws was approved and adopted by the shareholders at the special general meeting held on 24th November 2022. The consolidated version of the memorandum and association and the Bye-laws of the Company is available on the websites of the Company and the Stock Exchange.

# Report of the Directors

The Board of Directors of the Company (the “Board”) presents this report together with the audited consolidated financial statements for the year ended 31st December 2022.

## PRINCIPAL ACTIVITIES

The principal activity of the Company is investment holding, and the activities of its principal subsidiaries, associated companies and joint ventures are set out on pages 176 to 187 of this annual report.

## GROUP RESULTS

The consolidated results of the Company and its subsidiaries (collectively referred to as the “Group”) are set out on page 105 of this annual report.

## DIVIDENDS

An interim dividend of US\$3.43 (HK\$26.754 at the exchange rate of US\$1: HK\$7.8) per ordinary share and a special dividend of US\$2.57 (HK\$20.046 at the exchange rate of US\$1: HK\$7.8) per ordinary share were paid on 11th October 2022.

The Board has recommended the payment of a final dividend of US\$2.61 (HK\$20.358 at the exchange rate of US\$1: HK\$7.8) per ordinary share and a special dividend of US\$1.95 (HK\$15.210 at the exchange rate of US\$1: HK\$7.8) per ordinary share for the year ended 31st December 2022 to be paid on 29th June 2023 to the shareholders of the Company whose names appear on the register of members of the Company on 31st May 2023. Shareholders should complete the dividend election form (if applicable) and return it to the Company’s Hong Kong branch share registrar, Computershare Hong Kong Investor Services Limited, at 17M Floor, Hopewell Centre, 183 Queen’s Road East, Wanchai, Hong Kong, not later than 4:30 p.m. on 19th June 2023.

## BUSINESS REVIEW

- A review of the business of the Group and an analysis of the Group’s performance during the year are provided in Chairman’s Statement on pages 10 to 13, Operations Review on pages 14 to 21 and Financial Review sections on pages 30 to 43 of this annual report.
- The principal risks and uncertainties that the Group is facing are in Chairman’s Statement on pages 10 to 13 and Operations Review on pages 14 to 21 of this annual report.
- The financial risk management objectives and policies of the Group can be found in note 3 to the consolidated financial statements on pages 127 to 131 of this annual report.
- The Group’s future business development is provided in Chairman’s Statement on pages 10 to 13 and Operations Review on pages 14 to 21 of this annual report.
- Discussions on the Group’s environmental policies and performance and compliance with the relevant laws and regulations and an account of the Group’s key relationships with its employees, customers and suppliers and stakeholders, that have a significant impact on the Group are contained in the Corporate Responsibility section on pages 22 to 29 of this annual report and in the Company’s 2022 Sustainability Report.

# Report of the Directors

## DIRECTORS

The Directors of the Company during the year 2022 and up to the date of this annual report were:

### Executive Directors

Mr. Wan Min (*Chairman*)  
Mr. Huang Xiaowen (*Chief Executive Officer*)  
Mr. Yang Zhijian  
Mr. Feng Boming (*Note*)

### Non-Executive Directors

Mr. Tung Lieh Cheung Andrew  
Mr. Yan Jun  
Ms. Wang Dan  
Mr. Ip Sing Chi

### Independent Non-Executive Directors

Mr. Chow Philip Yiu Wah  
Dr. Chung Shui Ming Timpson  
Mr. Yang Liang Yee Philip  
Ms. Chen Ying  
Mr. So Gregory Kam Leung

*Note:*

Mr. Feng resigned as an Executive Director of the Company on 28th April 2022.

In accordance with bye-laws 87(2) and 87(3) of the Bye-laws of the Company, Mr. Huang Xiaowen, Mr. Tung Lieh Cheung Andrew, Mr. Chow Philip Yiu Wah and Mr. Yang Liang Yee Philip, will retire by rotation and, being eligible, will offer themselves for re-election at the annual general meeting of the Company to be held on 19th May 2023 (the “Annual General Meeting”).

None of the Directors, including the Directors who are proposed for re-election at the Annual General Meeting, has a service contract with the Company or any of its subsidiaries which is not determinable by the employing company within one year without payment of compensation, other than statutory compensation.

The Company has received from each Independent Non-Executive Director of the Company confirmation of his/her independence pursuant to rule 3.13 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”), and the Company considers all of them are independent.

## DIRECTORS’ RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Neither the Company nor any of its subsidiaries was a party to any arrangement enabling the Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate at any time during the year or at the end of the year 2022.

## DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS

### 1. Significant Contracts

No transactions, contracts or arrangements of significance (other than contracts amongst Group companies) in relation to the Group's business to which the Company or any of its subsidiaries was a party, and in which a Director of the Company or an entity connected with a Director of the Company had a material interest, either directly or indirectly, subsisted during or at the end of the year 2022.

### 2. Shares

As at 31st December 2022, the issued share capital of the Company consisted of 660,373,297 ordinary shares (the "Shares"). The interests and short positions of the Directors and the Chief Executive of the Company in the Shares, the underlying Shares and the debentures of the Company or any of its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance ("SFO")) as recorded in the register kept by the Company pursuant to Section 352 of the SFO or otherwise notified to the Company and The Stock Exchange of Hong Kong Limited (the "Stock Exchange") pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") contained in the Listing Rules, were as follows as at 31st December 2022:

(a) Interests and short positions in the Shares, the underlying Shares and the debentures of the Company:

Nil.

(b) Interests and short positions in the shares of the associated corporations of the Company:

Name of associated corporation	Name of director	Capacity	Number of ordinary shares held as personal interest	Total number of shares interested	Approximate percentage of total issued share capital of relevant class of shares of associated corporation
COSCO SHIPPING Development Co., Ltd.	Wan Min	Beneficial owner	200,000 (H Shares)	200,000 (H Shares)	0.00544% (Note 1)
		Interest of spouse	–	2,000 (A Shares)	0.00002% (Note 1)
COSCO SHIPPING Energy Transportation Co., Ltd.	Wan Min	Beneficial owner	400,000 (H Shares)	400,000 (H Shares)	0.01088% (Note 1)
		Interest of spouse	–	16,000 (A Shares)	0.00046% (Note 2)
COSCO SHIPPING Holdings Co., Ltd.	Yang Zhijian	Beneficial owner	130,000 (H Shares)	130,000 (H Shares)	0.00387% (Note 3)
		Beneficial owner	401,544 (A Shares)	401,544 (A Shares)	0.00315% (Note 3)
COSCO SHIPPING Ports Limited	Wan Min	Beneficial owner	312,854	312,854	0.00909% (Note 4)

## Report of the Directors

(c) Interests and short positions in the underlying shares and the debentures of the associated corporation of the Company:

Name of associated corporation	Name of director	Capacity	Date of grant	Exercise price per A share	Number of outstanding share options granted (Note 5)	Total number of shares interested	Approximate percentage of total issued share capital of relevant class of shares of associated corporation (Note 3)
COSCO SHIPPING Holdings Co., Ltd. (A Shares)	Yang Zhijian	Beneficial owner	29th May 2020	RMB1	815,256	815,256	0.00639%
	Tung Lih Cheung Andrew	Beneficial owner	3rd June 2019	RMB1	413,712	413,712	0.00324%

Notes:

- (1) The shareholding percentage in COSCO SHIPPING Development Co., Ltd. ("COSCO SHIPPING Development") was calculated on the basis of 3,676,000,000 H shares and 9,910,477,301 A shares of COSCO SHIPPING Development in issue as at 31st December 2022 (as the case may be).
- (2) The shareholding percentage in COSCO SHIPPING Energy Transportation Co., Ltd. ("COSCO SHIPPING Energy") was calculated on the basis of 3,474,776,395 A shares of COSCO SHIPPING Energy in issue as at 31st December 2022.
- (3) The shareholding percentage in COSCO SHIPPING Holdings Co., Ltd. ("COSCO SHIPPING Holdings") was calculated on the basis of 3,354,780,000 H shares and 12,740,081,636 A shares of COSCO SHIPPING Holdings in issue as at 31st December 2022 (as the case may be).
- (4) The shareholding percentage in COSCO SHIPPING Ports Limited ("COSCO SHIPPING Ports") was calculated on the basis of 3,440,657,627 shares of COSCO SHIPPING Ports in issue as at 31st December 2022.
- (5) According to the terms of the Share Option Incentive Scheme of COSCO SHIPPING Holdings (the "Scheme") and its amendments approved on 18th May 2020, the Scheme is valid for 10 years from 30th May 2019 and the share options shall be vested 24 months after the date of grant (the "Vesting Period"). Subject to the fulfilment of the relevant conditions of exercise, these share options shall be exercisable in three batches after the expiry of the Vesting Period, i.e. (a) the exercise period of 33% of the share options will commence on the first trading day after expiration of the 24-month period from the date of grant and ending on the last trading day of the 36-month period from the date of grant; (b) the exercise period of 33% of the share options will commence on the first trading day after expiration of the 36-month period from the date of grant and ending on the last trading day of the 48-month period from the date of grant; and (c) the exercise period of 34% of the share options will commence on the first trading day after expiration of the 48-month period from the date of grant and ending on the last trading day of the 84-month period from the date of grant. Details of the Scheme are set out in the announcements dated 3rd June 2019 and 30th March 2020 of COSCO SHIPPING Holdings (A shares). No consideration was paid by the grantees for acceptance of the share options.

Save as disclosed above, as at 31st December 2022, none of the Directors or the Chief Executive of the Company had any interest or short position in the Shares, the underlying Shares and the debentures of the Company or any of its associated corporation (within the meaning of the SFO) which were required to be: (a) notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which they are taken or deemed to have under such provisions of the SFO); or (b) entered in the register kept by the Company pursuant to Section 352 of the SFO; or (c) notified to the Company and the Stock Exchange pursuant to the Model Code.

### 3. Directors' Interests in Competing Business

China COSCO SHIPPING Corporation Limited (“COSCO SHIPPING”), an indirect controlling shareholder of the Company, its subsidiaries and/or its associates are engaged in the same business of container shipping, management and operation of container terminals and/or logistics services (the “Competing Companies”) as the Group. During the year 2022, Mr. Wan Min, Mr. Huang Xiaowen and Mr. Yang Zhijian, the Executive Directors of the Company, and Mr. Feng Boming, the then Executive Director of the Company (resigned on 28th April 2022), were holding directorships and/or senior management positions in COSCO SHIPPING, its subsidiaries and/or its associates; Mr. Tung Lieh Cheung Andrew, a Non-Executive Director of the Company, had interests in the shares and the underlying shares of COSCO SHIPPING Holdings; Mr. Ip Sing Chi, a Non-Executive Director of the Company, was a non-executive director of COSCO SHIPPING Development; Dr. Chung Shui Ming Timpson, an Independent Non-Executive Director of the Company, was an external director of COSCO SHIPPING (ceased in May 2022); Mr. Yang Liang Yee Philip, an Independent Non-Executive Director of the Company, was an independent non-executive director of COSCO SHIPPING Ports; and Ms. Chen Ying, an Independent Non-Executive Director of the Company, was an external director of COSCO SHIPPING Lines Co., Ltd. and COSCO SHIPPING (Guangzhou) Co., Ltd.

As the Board of the Company is independent of the board of directors of the Competing Companies, the Directors of the Company are of the view that the Group is capable of carrying on its business independently of, and at arm's length from the businesses of the Competing Companies.

Save as disclosed above, so far as the Directors of the Company were aware, none of the Directors of the Company or their respective close associates (as defined in the Listing Rules) had any interest in a business which competed or was likely to compete, either directly or indirectly, with the business of the Group during the year 2022.

### MANAGEMENT CONTRACTS

No contracts concerning the management and the administration of the whole or any substantial part of the business of the Company were entered into during the year or subsisted at the end of the year.

## SUBSTANTIAL SHAREHOLDERS' INTERESTS

As at 31st December 2022, the following persons (other than the Directors or the Chief Executive of the Company) had an interest or short position in the Shares and the underlying Shares which would fall to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO as recorded in the register required to be kept by the Company under Section 336 of the SFO:

Name	Nature of interest	Number of shares interested (Long position)	Percentage
Faulkner Global Holdings Limited	Beneficial owner	469,344,972	71.07%
COSCO SHIPPING Holdings (Hong Kong) Limited	Interest of controlled corporation	469,344,972 (Note 1)	71.07%
COSCO SHIPPING Holdings Co., Ltd.	Interest of controlled corporation	469,344,972 (Note 2)	71.07%
China Ocean Shipping Company Limited	Interest of controlled corporation	469,344,972 (Note 3)	71.07%
China COSCO SHIPPING Corporation Limited	Interest of controlled corporation	469,344,972 (Notes 3 & 4)	71.07%
Shanghai Port Group (BVI) Development Co., Limited	Beneficial owner	59,880,536	9.06%
Shanghai International Port Group (HK) Co., Ltd.	Interest of controlled corporation	59,880,536 (Note 5)	9.06%
Shanghai International Port (Group) Co., Ltd.	Interest of controlled corporation	59,880,536 (Note 6)	9.06%

*Notes:*

1. COSCO SHIPPING Holdings (Hong Kong) Limited ("COSCO SHIPPING HK") held 100% of the shares of Faulkner Global Holdings Limited ("Faulkner") and, accordingly, had an indirect interest in the same Shares in which Faulkner had an interest.
2. COSCO SHIPPING Holdings held 100% of the shares of COSCO SHIPPING HK and, accordingly, had an indirect interest in the same Shares in which COSCO SHIPPING HK had an interest.
3. China Ocean Shipping Company Limited ("China Ocean Shipping") held 36.81% of the shares of COSCO SHIPPING Holdings and, accordingly, had an indirect interest in the same Shares in which COSCO SHIPPING Holdings had an interest. COSCO SHIPPING held 41.94% of the shares of COSCO SHIPPING Holdings by itself and its subsidiaries. Both China Ocean Shipping and COSCO SHIPPING are state-owned enterprises established in the People's Republic of China ("PRC").
4. COSCO SHIPPING held 100% of the shares of China Ocean Shipping and, accordingly, had an indirect interest in the same Shares in which China Ocean Shipping had an interest.
5. Shanghai International Port Group (HK) Co., Ltd. ("SIPG HK") held 100% of the shares of Shanghai Port Group (BVI) Development Co., Limited ("SIPG BVI") and, accordingly, had an indirect interest in the same Shares in which SIPG BVI had an interest.
6. Shanghai International Port (Group) Co., Ltd. ("SIPG") held 100% of the shares of SIPG HK and, accordingly, had an indirect interest in the same Shares in which SIPG HK had an interest.

The directorships and positions held by the Directors of the Company in the companies disclosed above as at the date of this annual report are set out below:

- (1) Mr. Wan Min is the chairman of the board and the Party Secretary of COSCO SHIPPING, and the chairman of the board and an executive director of China Ocean Shipping and COSCO SHIPPING Holdings.
- (2) Mr. Huang Xiaowen is the executive vice president and a Party Committee member of COSCO SHIPPING and an executive director and the vice chairman of the board of COSCO SHIPPING Holdings.
- (3) Mr. Yang Zhijian is the employee representative director of COSCO SHIPPING, the general manager, an executive director and the Party Secretary of COSCO SHIPPING Holdings, and a director of COSCO SHIPPING HK and Faulkner.
- (4) Mr. Yan Jun is the Deputy Party Secretary, a director and the president of SIPG.

Save as disclosed above, as at 31st December 2022, the Company had not been notified by any person (other than the Directors or the Chief Executive of the Company) who had an interest or short position in the Shares or the underlying Shares which were required to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO, or which were recorded in the register required to be kept by the Company under Section 336 of the SFO.

### CONNECTED TRANSACTIONS

Pursuant to Chapter 14A of the Listing Rules, details of the Company's continuing connected transactions and connected transactions during the year 2022 are as follows:

#### 1. Continuing Connected Transactions

COSCO SHIPPING indirectly controls more than 50% of the issued share capital of the Company. Accordingly, COSCO SHIPPING and its subsidiaries and associates as defined under the Listing Rules (collectively the "COSCO SHIPPING Group") are connected persons of the Company. Transactions contemplated under each of the following master agreements constitute continuing connected transactions (the "Continuing Connected Transactions") of the Company.

##### a) Business Master Agreement

Pursuant to the master agreement dated 30th October 2019 entered into between the Company (for itself and on behalf of its subsidiaries and associates) and COSCO SHIPPING (for itself and on behalf of its subsidiaries and associates), both parties agreed to provide and to procure members of its group to provide to each other services related to containerised liner, logistics, information technology and other contractual arrangements (the "Business Master Agreement"). The Business Master Agreement expired on 31st December 2022 and the term was renewed for 3 years commencing from 1st January 2023. Details of the terms and the annual caps for the financial years of 2023, 2024 and 2025 are set out in the announcement of the Company dated 30th August 2022.

## Report of the Directors

The following table is a summary of the transaction amounts and the annual caps for the financial year ended 31st December 2022 for the transactions contemplated under the Business Master Agreement.

Types of services under the Business Master Agreement	Transaction amounts for year 2022 (US\$'000)	Annual caps for year 2022 (US\$'000)
<b>Provision of services by COSCO SHIPPING Group to the Group</b>		
(A) Liner services		
(i) network services	399,432	497,000 <i>(Note)</i>
(ii) operation services	109,821	196,000
(iii) vessel operating common carrier services	–	2,400
(iv) other services, including information technology service	662	15,000
(B) Logistics services, including non-vessel operating common carrier services, international supply chain services and domestic logistics services	68,222	232,000
(C) Other contractual arrangements, including office leases and insurance service	3,234	20,000
(D) Other services, including use of common facilities, ad hoc use of business facilities and crew manning service/manning agency service	2,284	12,000
<b>Provision of services by the Group to COSCO SHIPPING Group</b>		
(A) Liner services		
(i) network services	10,539	109,000
(ii) operation services	4,243	6,000
(iii) vessel operating common carrier services	327,473	683,000 <i>(Note)</i>
(iv) other services, including information technology service	31,105	75,000
(B) Logistics services, including non-vessel operating common carrier services, international supply chain services and domestic logistics services	7,592	39,000
(C) Other contractual arrangements, including office leases and insurance service	–	6,000

Note: During the year 2022, the annual caps for the following transactions contemplated under liner services of the Business Master Agreement for the year ended 31st December 2022 were revised as follows and disclosed in the announcement of the Company dated 19th August 2022:

*A. Provision of network services by COSCO SHIPPING Group to the Group:*

	Original annual cap	Revised annual cap
2022:	US\$343,000,000	US\$497,000,000

*B. Provision of vessel operating common carrier services by the Group to COSCO SHIPPING Group:*

	Original annual cap	Revised annual cap
2022:	US\$405,000,000	US\$683,000,000

**b) Bunker Master Agreement**

Pursuant to the master agreement dated 30th October 2019 entered into between the Company (for itself and on behalf of its subsidiaries and associates) and COSCO SHIPPING (for itself and on behalf of its subsidiaries and associates), COSCO SHIPPING agreed to sell and to procure members of its group to sell bunker, fuel and oil to the Group (the “Bunker Master Agreement”). The Bunker Master Agreement expired on 31st December 2022 and the term was renewed for 3 years commencing from 1st January 2023. Details of the terms and the annual caps for the financial years of 2023, 2024 and 2025 are set out in the announcement of the Company dated 30th August 2022 and the circular of the Company dated 21st October 2022.

The following table is a summary of the transaction amount and the annual cap for the year ended 31st December 2022 for the transactions contemplated under the Bunker Master Agreement.

	<b>Transaction amount for year 2022 (US\$'000)</b>	<b>Annual cap for year 2022 (US\$'000)</b>
Purchase of bunker, fuel and oil by the Group from COSCO SHIPPING Group	324,635	410,000

**c) Terminal Master Agreement**

Pursuant to the master agreement dated 30th October 2019 entered into between the Company (for itself and on behalf of its subsidiaries and associates) and COSCO SHIPPING (for itself and on behalf of its subsidiaries and associates), both parties agreed to provide and to procure members of its group to provide to each other terminal services and related services (the “Terminal Master Agreement”). The Terminal Master Agreement expired on 31st December 2022 and the term was renewed for 3 years commencing from 1st January 2023. Details of the terms and the annual caps for the financial years of 2023, 2024 and 2025 are set out in the announcement of the Company dated 30th August 2022.

The following table is a summary of the transaction amounts and the annual caps for the year ended 31st December 2022 for the transactions contemplated under the Terminal Master Agreement.

	<b>Transaction amounts for year 2022 (US\$'000)</b>	<b>Annual caps for year 2022 (US\$'000)</b>
Provision of services by COSCO SHIPPING Group to the Group	253,193	390,000
Provision of services by the Group to COSCO SHIPPING Group	5,197	25,000

### d) Equipment Procurement Master Agreement

Pursuant to the master agreement dated 30th October 2019 entered into between the Company (for itself and on behalf of its subsidiaries and associates) and COSCO SHIPPING (for itself and on behalf of its subsidiaries and associates), both parties agreed to provide and to procure members of its group to provide to each other services relating to equipment procurement, including container acquisition, and pooling and related services (the “Equipment Procurement Master Agreement”). The Equipment Procurement Master Agreement expired on 31st December 2022 and the term was renewed for 3 years commencing from 1st January 2023. Details of the terms and the annual caps for the financial years of 2023, 2024 and 2025 are set out in the announcement of the Company dated 30th August 2022 and the circular of the Company dated 21st October 2022.

The following table is a summary of the transaction amounts and the annual caps for the year ended 31st December 2022 for the transactions contemplated under the Equipment Procurement Master Agreement.

	<b>Transaction amounts for year 2022 (US\$'000)</b>	<b>Annual caps for year 2022 (US\$'000)</b>
Provision of services by COSCO SHIPPING Group to the Group	48,225	590,000
Provision of services by the Group to COSCO SHIPPING Group	22,244	101,000

### e) Vessel Services Master Agreement

Pursuant to the master agreement dated 30th October 2019 entered into between the Company (for itself and on behalf of its subsidiaries and associates) and COSCO SHIPPING (for itself and on behalf of its subsidiaries and associates), both parties agreed to provide and to procure members of its group to provide to each other vessel services, including vessel chartering, vessel supervision, and other vessel-related services (the “Vessel Services Master Agreement”). The Vessel Services Master Agreement expired on 31st December 2022 and the term was renewed for 3 years commencing from 1st January 2023. Details of the terms and the annual caps for the financial years of 2023, 2024 and 2025 are set out in the announcement of the Company dated 30th August 2022.

The following table is a summary of the transaction amounts and the annual caps for the year ended 31st December 2022 for the transactions contemplated under the Vessel Services Master Agreement.

	<b>Transaction amounts for year 2022 (US\$'000)</b>	<b>Annual caps for year 2022 (US\$'000)</b>
Provision of services by COSCO SHIPPING Group to the Group	102,937	230,000
Provision of services by the Group to COSCO SHIPPING Group	55,255	103,000

### f) Financial Services Master Agreement

Pursuant to the master agreement dated 30th October 2019 entered into between the Company (for itself and on behalf of its subsidiaries and associates) and COSCO SHIPPING (for itself and on behalf of its subsidiaries and associates), COSCO SHIPPING agreed to provide and to procure members of its group to provide deposit service, loan service and other financial services to the Group (the “2020-2022 Financial Services Master Agreement”). The 2020-2022 Financial Services Master Agreement expired on 31st December 2022. On 30th August 2022, the Company (for itself and on behalf of its subsidiaries and associates) and COSCO SHIPPING Finance Co., Ltd. (“COSCO SHIPPING Finance”) entered into a master agreement in relation to the provision of deposit service, loan service and other financial services by COSCO SHIPPING Finance to the Group for a term of 3 years commencing from 1st January 2023 to 31st December 2025. Details of the terms and the annual caps for the financial years of 2023, 2024 and 2025 are set out in the announcement of the Company dated 30th August 2022 and the circular of the Company dated 21st October 2022.

The following table is a summary of the transaction amounts and the annual caps for the year ended 31st December 2022 for the transactions contemplated under the 2020-2022 Financial Services Master Agreement.

	<b>Highest daily balance* for year 2022 (US\$'000)</b>	<b>Maximum daily balance* for year 2022 (US\$'000)</b>
Provision of deposit service by COSCO SHIPPING Group to the Group	315,545	385,000

	<b>Highest daily outstanding balance* for year 2022 (US\$'000)</b>	<b>Maximum daily outstanding balance* for year 2022 (US\$'000)</b>
Provision of loan service by COSCO SHIPPING Group to the Group	–	250,000

	<b>Transaction amount for year 2022 (US\$'000)</b>	<b>Annual cap for year 2022 (US\$'000)</b>
Provision of other financial services <sup>#</sup> by COSCO SHIPPING Group to the Group	–	6,000

\* The daily balance of deposits and/or the daily outstanding balance of loans includes accrued interest and handling fee.

<sup>#</sup> Other financial services include (but not limited to) clearing services and foreign exchange services.

Pursuant to rule 14A.55 of the Listing Rules, the Independent Non-Executive Directors of the Company, namely Mr. Chow Philip Yiu Wah, Dr. Chung Shui Ming Timpson, Mr. Yang Liang Yee Philip, Ms. Chen Ying and Mr. So Gregory Kam Leung, had reviewed the Continuing Connected Transactions and confirmed that the Continuing Connected Transactions have been entered into (a) in the ordinary and usual course of business of the Group; (b) on normal commercial terms or better; and (c) according to the relevant agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

The Company's auditor was engaged to report on the Group's Continuing Connected Transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 (Revised) "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The auditor has issued their unqualified letter containing the findings and conclusions in respect of the Continuing Connected Transactions as disclosed above in accordance with rule 14A.56 of the Listing Rules. A copy of aforesaid auditor's letter has been provided by the Company to the Stock Exchange.

## 2. Connected Transactions

During the year 2022, the indirect wholly-owned subsidiaries of the Company entered into the following agreements:

### (a) Equity transfer agreement for the disposal of equity interest in a joint venture

On 16th February 2022, Gold Talent (HK) Limited (“Gold Talent”), an indirect wholly-owned subsidiary of the Company, and Suqian Jingdong Xinsheng Enterprise Management Co., Ltd. (“JD Logistics”) entered into an equity transfer agreement, pursuant to which Gold Talent agreed to sell and JD Logistics agreed to purchase 25.9% equity interest (“Disposal Interest”) in Zhongjing Supply Chain Technology Co., Ltd (“Joint Venture”) at a consideration of RMB19,902,661. Upon completion of the disposal of the Disposal Interest (the “Disposal”), among other things, Gold Talent ceased to hold any interest in the Joint Venture.

The Joint Venture, a sino-foreign joint venture established in the PRC on 18th June 2019, was owned as to 52.9%, 21.2% and 25.9% by JD Logistics, COSCO SHIPPING Logistics Co., Ltd. (“COSCO SHIPPING Logistics”) and Gold Talent respectively before the Disposal. As at 16th February 2022, COSCO SHIPPING Logistics was a wholly-owned subsidiary of COSCO SHIPPING and therefore a connected person of the Company under Chapter 14A of the Listing Rules.

Details of the Disposal are set out in the announcement of the Company dated 16th February 2022.

### (b) Shipbuilding contracts for 7 vessels

On 28th October 2022, 7 indirect wholly-owned subsidiaries of the Company each entered into a shipbuilding contract on substantially the same terms with Nantong COSCO KHI Ship Engineering Co., Ltd. (“Nantong”) for the construction of a total of 7 vessels for an aggregate consideration of US\$1,678.95 million.

Details of this discloseable and connected transaction in relation to the construction of 7 vessels are set out in the announcement dated 28th October 2022 and the supplemental circular of the Company dated 8th November 2022.

As at 28th October 2022 and 8th November 2022, Nantong was an associate of COSCO SHIPPING which indirectly held 50% equity interest in Nantong. Accordingly, Nantong was a connected person of the Company under Chapter 14A of the Listing Rules and therefore the transactions contemplated under the 7 shipbuilding contracts constituted connected transactions of the Company.

During the year 2022, the Group conducted certain related party transactions as disclosed in note 42 to the consolidated financial statements on pages 172 and 173 of this annual report. Some of these transactions also constituted connected transactions of the Group (exempted or non-exempted) which the Company has complied with the relevant applicable requirements under Chapter 14A of the Listing Rules.

## PERMITTED INDEMNITY

Pursuant to the Bye-laws of the Company and subject to the provisions of the statutes, every Director of the Company shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which he may incur or sustain in or about the execution of his duty; provided that the indemnity shall not extend to any matter in respect of any wilful negligence, wilful default, fraud or dishonesty which may attach to any of the Directors of the Company.

Since 1992, the Company has arranged insurance cover for the directors’ and officers’ liabilities including cover for the Directors of the Company, and the directors, the officers and senior management of the Group arising out of the corporate activities of the Group.

## PURCHASE, SALE OR REDEMPTION OF SHARES

During the year ended 31st December 2022, neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the Company’s Shares.

## PRE-EMPTIVE RIGHTS

No pre-emptive rights exist under Bermuda law in relation to the issue of new shares by the Company.

## SHARE CAPITAL

Details of the shares of the Company issued during the year 2022 are set out in note 33 to the consolidated financial statements on page 163 of this annual report.

## TOP-UP PLACING OF EXISTING SHARES AND SUBSCRIPTION OF NEW SHARES UNDER GENERAL MANDATE

The Company entered into a placing and subscription agreement (the “Placing and Subscription Agreement”) with Faulkner and J.P. Morgan Securities (Asia Pacific) Limited (the “Placing Agent”) on 9th September 2021, pursuant to which (a) the Placing Agent agreed, as agent of Faulkner, to procure purchasers to purchase or, failing which itself to purchase 23,180,000 ordinary shares of the Company (the “Placing Shares”) then beneficially owned by Faulkner at the price of HK\$151.00 per share (the “Placing”); and (b) Faulkner conditionally agreed to subscribe for 23,180,000 new ordinary shares of the Company (the “Subscription Shares”) at the price of HK\$151.00 per share (the “Subscription”). On 9th September 2021, being the date of the signing of the Placing and Subscription Agreement, the closing price for each Share was HK\$165.50.

On 14th September 2021, the Placing Shares were successfully placed by the Placing Agent to not less than 6 placees. Each of the placees (and their respective ultimate beneficial owners) was independent of the Company and its connected persons. As all conditions of the Subscription had been fulfilled, completion of the Subscription took place on 17th September 2021 and the Subscription Shares were subscribed by Faulkner. The aggregate nominal value of the Subscription Shares was US\$2,318,000. The Company received total net proceeds of approximately HK\$3,477.66 million from issuing the Subscription Shares and the net price per Subscription Share was approximately HK\$150.03.

The Subscription Shares were allotted and issued pursuant to the general mandate granted to the Directors of the Company by a resolution of the shareholders passed at the annual general meeting of the Company held on 21st May 2021. Accordingly, the allotment and issuance of the Subscription Shares were not subject to the approval of the shareholders of the Company.

The Board was of the view that issuing the Subscription Shares provided a good opportunity for the Company to finance the Group’s expansion, and to further broaden its shareholder base with a view to further improving the trading liquidity of the Shares.

The table below sets out the intended use of the net proceeds from the Placing and Subscription and the status of utilisation as at 31st December 2022. The proceeds were used and are intended to be used according to the intentions previously disclosed by the Company.

Intended use of net proceeds	Planned allocation of net proceeds (HK\$ million)	As at 1st January 2022		Up to 31st December 2022		Expected timeline for utilising the unutilised net proceeds
		Utilised amount (HK\$ million)	Unutilised balance (HK\$ million)	Utilised amount (HK\$ million)	Unutilised balance (HK\$ million)	
Milestone payments for the 12 newbuilds ordered in 2020 (due before 31st December 2022)	Approximately 1,950	365.87	1,584.13	1,950	0	Fully utilised as at 31st December 2022
Milestone payments for the 10 newbuilds ordered in 2021 (due before 31st December 2021)	Approximately 1,248	1,229.12 (Note)	18.88 (Note)	1,229.12 (Note)	18.88 (Note)	By 30th June 2023 (Note)
Purchase of container boxes and general corporate purposes	Approximately 279.66	0	279.66	279.66	0	Fully utilised as at 31st December 2022

*Note:*

The payments for the 10 newbuilds ordered in 2021 due before 31st December 2021 amounted to approximately HK\$1,229.12 million and were settled by the allocated net proceeds before 31st December 2021. No payment for the said 10 newbuilds was due in 2022. The remaining unutilised net proceeds of approximately HK\$18.88 million will be allocated to settle the payment for the said 10 newbuilds expected to be due before 30th June 2023.

Details of the Placing and the Subscription are set out in the announcements of the Company dated 10th September 2021 and 17th September 2021.

# Report of the Directors

## RESERVES

Movements during the year 2022 in the reserves of the Group and the Company are set out in notes 34 and 43 to the consolidated financial statements on pages 164 and 174 to 175 of this annual report.

## EQUITY-LINKED AGREEMENTS

The Company had not entered into any equity-linked agreement for the year ended 31st December 2022.

## CORPORATE GOVERNANCE

The Board and the management of the Company are committed to maintaining high standards of corporate governance, and the Company considers that effective corporate governance makes an important contribution to corporate success and to the enhancement of shareholder value.

The Company has adopted its own corporate governance code (the “CG Code”), which in addition to applying the principles as set out in the Corporate Governance Code (the “SEHK Code”) contained in Appendix 14 to the Listing Rules, also incorporates and conforms to local and international best practices. The CG Code sets out the corporate governance principles applied by the Group and is constantly reviewed to ensure transparency, accountability and independence. Further information on the CG Code is set out in the corporate governance report (the “Corporate Governance Report”) on pages 56 to 82 of this annual report

Throughout the year of 2022, the Company complied with the SEHK Code, except as set out in the Corporate Governance Report.

## PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors of the Company, there was sufficient public float of at least 25% of the Company’s issued Shares as required under the Listing Rules as at the date of this annual report.

## ANNUAL GENERAL MEETING

The Annual General Meeting will be held on 19th May 2023.

A circular containing, inter alia, (i) a notice convening the Annual General Meeting; (ii) details of the retiring Directors to be re-elected at the Annual General Meeting; (iii) the general mandate to authorise the allotment of and otherwise dealing with the shares of all classes in the capital of the Company and securities convertible into shares and options, warrants or similar rights to subscribe for shares or such convertible securities; and (iv) the general mandate to authorise the repurchase of the Company’s securities, together with a proxy form, will be despatched to the shareholders of the Company on or around 24th April 2023.

## COMPANY SECRETARY

The Company Secretary of the Company is Mr. Xiao Janguang.

## AUDITOR

The Group’s consolidated financial statements have been audited by PricewaterhouseCoopers who will retire at the Annual General Meeting and, being eligible, offer themselves for re-appointment.

On behalf of the Board  
**Orient Overseas (International) Limited**  
**Wan Min**

# Independent Auditor's Report

To the Shareholders of Orient Overseas (International) Limited  
(incorporated in Bermuda with limited liability)

## OPINION

### What we have audited

The consolidated financial statements of Orient Overseas (International) Limited (the "Company") and its subsidiaries (the "Group"), which are set out on pages 105 to 187, comprise:

- the consolidated balance sheet as at 31st December 2022;
- the consolidated profit and loss account for the year then ended;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated cash flow statement for the year then ended; and
- the notes to the consolidated financial statements, which include significant accounting policies and other explanatory information.

### Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31st December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Independence

We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

- Accrual for operating costs
- Recognition of freight revenue of vessel voyages in progress at the year end
- Provision for onerous contract for the Terminal Service Agreement ("TSA") for Long Beach Container Terminal ("LBCT")
- Impairment assessment of property, plant and equipment, right-of-use assets and intangible assets

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><b>Accrual for operating costs</b></p> <p><i>Refer to notes 4(c) and 39 to the consolidated financial statements.</i></p> <p>As at 31st December 2022, included in the accrued expenses was an accrual for operating costs for container transport operation which mainly comprise cargo, vessel and voyage costs, equipment and repositioning costs and terminal operating costs.</p> <p>As generally, it would take management several months to finalise certain costs with suppliers subsequent to the receipt of such services, management makes an accrual at the period end for operating costs that are not yet billed by the suppliers based on known services received, pattern of historical cost and estimated vendor tariffs etc.</p> <p>We focus on the estimation of accrual for operating costs because it involved significant management's judgement which are subjective taking into account a number of factors, such as pattern of historical cost and the estimated vendor tariff.</p>	<p>Our procedures to address accrual for operating costs included:</p> <ul style="list-style-type: none"> <li>• Obtained an understanding of management's internal control and process over accrual for operating costs and assessed the level of inherent risk by considering the degree of estimation uncertainty and factors such as subjectivity.</li> <li>• Understood, evaluated and tested the information technology general control environment of the operation and accounting systems used to record the operating costs and cost accrual.</li> <li>• Evaluated and tested the key controls over the operating costs, cost accrual and accounts payable cycle, in particular the management review and approval of the vendor tariffs in the operation system.</li> <li>• Understood the extraction logic in operation system and tested the accuracy and completeness of the reports generated from the operation system for making the accrual for operating costs, on a sample basis.</li> <li>• Assessed the effectiveness of management's estimation process by evaluating the outcome of accrual made in the prior year and reviewing the monthly accrual analysis prepared by management.</li> <li>• Evaluated the sufficiency of year end accrual made by management by reviewing the utilisation of accrual subsequent to the year end.</li> <li>• Checked paid and unpaid invoices after the year end, on a sample basis, and evaluated whether the operating costs have been recorded and provided for in the proper period.</li> </ul> <p>We found that the judgement involved in making the accrual for operating costs was supportable by the available evidence.</p>

# Independent Auditor's Report

Key Audit Matter	How our audit addressed the Key Audit Matter
<b>Recognition of freight revenue of vessel voyages in progress at the year end</b>	Our procedures to address freight revenue of vessel voyages in progress at the year end included:
<i>Refer to notes 2.22, 4(a) and 5 to the consolidated financial statements.</i>	<ul style="list-style-type: none"><li>• Obtained an understanding of management's internal control and estimation process and assessed the level of inherent risk by considering the degree of estimation uncertainty and factors such as complexity.</li><li>• Understood, evaluated and tested the information technology general control environment of the operation and accounting systems used to record the freight revenue transactions.</li><li>• Evaluated and tested the key controls, on a sample basis, over the recognition of freight revenue in progress at the year end.</li><li>• Selected vessel voyages in progress at the year end in the estimation schedule, on a sample basis, and agreed the contracted revenue to the data recorded in the operation system.</li><li>• Assessed the percentage of completion estimated by management in respect of the vessel voyages in progress at year end, by agreeing the estimated departure dates and arrival dates of vessel voyages in progress in the operation system to the sailing schedules, on a sample basis.</li><li>• Tested, subsequent to the year end, the actual departure dates and arrival dates of vessel voyages in progress at year end, on a sample basis.</li><li>• Checked the calculation, on a sample basis, of the estimated freight revenue of vessel voyages in progress at year end.</li></ul>
For the year ended 31st December 2022, majority of the Group's revenue of US\$19,820.2 million was derived from the freight revenue from container transport operation.	We found that management's estimation of freight revenue for vessel voyages in progress at year end are supportable by available evidence.
The Group recognises freight revenue based on the sailing schedules and the respective freight rates in accordance with agreements or contracts.	
For voyages in progress at the year end, the Group applies a percentage of completion to the contracted freight revenue of each voyage and the percentage is determined based on the days of vessel voyage completed to date relative to the total estimated days required for the completion of the entire voyage. We focus on the freight revenue in progress at the year end because the transaction volume of the voyages which were in progress at year end is significant and complex calculations are involved in the estimation of freight revenue on a percentage of completion basis.	

## Key Audit Matter

### Provision for onerous contract for the TSA for LBCT

Refer to notes 2.18, 4(d) and 38 to the consolidated financial statements.

In October 2019, the Group entered into a terminal service agreement for procuring the placement of an annual minimum number of vessel lifts ("MVC") at Long Beach Container Terminal ("LBCT") for each of the 20 years commencing on 1st November 2019 ("TSA"). According to the TSA, the Group is entitled to an excess rebate or obliged to pay a deficiency payment when there is surplus or shortfall over the respective MVC for each year during the contract period.

A provision should be made for the present obligation under the TSA where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. Management performed an assessment to determine if any onerous provision for the TSA is required.

As at 31st December 2022, the Group recognised a provision for onerous contract of US\$894.7 million for the TSA, which is calculated using an expected value approach involving probability weighted possible scenarios taking into considerations of respective economic benefits to be received and associated fulfilment costs during the remaining contract period.

The estimation of the fulfilment costs and economic benefits over the remaining contract period involves significant judgements and assumptions including, a) the projected vessel lifts to be placed at LBCT, b) the expected amount of deficiency payment/excess rebates as stipulated in the TSA when the volume is below/in excess of the MVC, c) the amount of expected bunker costs and other operating costs and d) the expected freight rate from operating the service routes to/from LBCT.

We focused on this area because of the significance of the onerous provision as well as the estimation of it involved a high degree of uncertainty. The inherent risk in relation to the onerous contract assessment is significant due to the complexity of the calculation methodology and model and high level of subjectivity of management's judgements and assumptions made.

## How our audit addressed the Key Audit Matter

Our procedures in relation to the assessment of the provision for onerous contract for the TSA included:

- Obtained an understanding of management's assessment process of the onerous provision for the TSA and assessed the inherent risk of material misstatement by considering the degree of estimation uncertainty and factors such as complexity and subjectivity.
- Evaluated the appropriateness of the identification of expected economic benefits and fulfilment cost element included in management's assessment through discussion with management and corroborated with our review of the key terms of the TSA and our understanding of the applicable accounting standard requirements.
- Assessed the calculation methodology and model for onerous contract provision with the involvement of our in house specialists.
- Evaluated management's projected vessel lifts for the remaining contract period under the TSA through discussion with management, referencing to market data and comparing to historical vessel lifts and trends of LBCT.
- Checked management's calculation of the excess rebate or deficiency payment according to the terms in the TSA and the projected vessel lifts at LBCT.
- Assessed the reasonableness of expected bunker costs with reference to market forecast and other expected operating costs and freight rate based on the approved budget, market data, and our knowledge of the business and industry.
- Evaluated the probability weighting applied to the possible scenarios prepared by management based on our understanding of the Group's business and industry as well as discussion with management and corroborated with management's sensitivity analysis on the probability weighting applied to possible scenarios.
- Evaluated the appropriateness and adequacy of the relevant disclosures made in the Group's consolidated financial statements.

Based on the procedures performed, we found the calculation methodology and model, judgements and assumptions used in the estimation of the provision of onerous contract were supportable based on available evidence.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p data-bbox="67 324 758 392"><b>Impairment assessment of property, plant and equipment, right-of-use assets and intangible assets</b></p> <p data-bbox="67 414 758 481"><i>Refer to notes 2.7 and 4(f) to the consolidated financial statements.</i></p> <p data-bbox="67 504 758 638">As at 31st December 2022, the Group had property, plant and equipment, right-of-use assets and intangible assets of US\$4,696.2 million, US\$2,509.7 million, and US\$10.8 million, respectively.</p> <p data-bbox="67 660 758 840">Management performed assessment at the end of each reporting period whether there is any indication that the assets may be impaired. Based on the assessment, it was considered there was an indicator of possible impairment for its liner operation.</p> <p data-bbox="67 862 758 1041">For the purposes of the impairment assessment, management has engaged an independent external valuer to assist in assessing any impairment required using value-in-use model for its liner operation, which is the cash-generating unit (“CGU”) of the Group.</p> <p data-bbox="67 1064 758 1377">The value-in-use calculations use cash flow projections based on financial budgets which involve judgements made by management such as forecast freight rates, load factors, bunker costs, and discount rate. Based on the result of the impairment assessment, the Group determined that no impairment provision was required for the year ended 31st December 2022. This conclusion was based on recoverable amounts, calculated under the value-in-use models, which exceeded the carrying values of CGU as at 31st December 2022.</p> <p data-bbox="67 1400 758 1646">We focused on this area because of the significance of the carrying amounts of these assets, and the estimation of the recoverable amount involved a high degree of uncertainty. The inherent risk in relation to the impairment assessment is significant due to the complexity of the calculation model and high level of subjectivity of management’s judgements and assumptions made.</p>	<p data-bbox="758 324 1439 392">Our procedures in relation to the impairment assessment included:</p> <ul data-bbox="758 414 1439 1601" style="list-style-type: none"><li data-bbox="758 414 1439 683">• Obtained an understanding of the management’s assessment process of identification of any indicator of asset impairment and the corresponding impairment assessment, and assessed the inherent risk of material misstatement by considering the degree of estimation uncertainty and level of other inherent risk factors, such as complexity, subjectivity, changes and susceptibility to management bias or fraud.</li><li data-bbox="758 705 1439 817">• Assessed management’s identification of the CGU and the allocation of assets to the CGU for the purpose of impairment assessment.</li><li data-bbox="758 840 1439 907">• Assessed the competence, capabilities and objectivity of the external valuer.</li><li data-bbox="758 929 1439 1108">• Involved our in house specialist to assess the appropriateness of the valuation methodology used, mathematical accuracy of the model and the discount rate applied by benchmarking with comparable companies in the same industry.</li><li data-bbox="758 1131 1439 1355">• Agreed the input data used by the management/ valuer to supporting evidence such as the approved financial budget and assessed the reasonableness of key assumptions applied in the cash flow forecasts such as freight rates, load factors, bunker costs applied by management/valuer by comparing to historical performance and available market data, where applicable.</li><li data-bbox="758 1377 1439 1489">• Assessed management’s sensitivity analyses over the possible changes on discount rates, to evaluate the potential impacts on the recoverable amounts.</li><li data-bbox="758 1512 1439 1601">• Evaluated the appropriateness and adequacy of the relevant disclosures made in the Group’s consolidated financial statements.</li></ul> <p data-bbox="758 1624 1439 1758">Based on the procedures performed, we found the calculation methodology and model, judgements and assumptions used in the impairment assessment were supportable based on available evidence.</p>

## OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## RESPONSIBILITIES OF DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

## Independent Auditor's Report

---

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Liao Weining.

# Notes to the Consolidated Financial Statements

## 1. GENERAL INFORMATION

Orient Overseas (International) Limited (the “Company”) is a members’ limited liability company incorporated in Bermuda. The address of its registered office is Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda and the principal office is 31st Floor, Harbour Centre, 25 Harbour Road, Wanchai, Hong Kong, China.

The principal activity of the Company is investment holding and the activities of its principal subsidiaries, associated companies and joint ventures are set out on pages 176 to 187 of the consolidated financial statements.

The Company has its shares listed on the Main Board of The Stock Exchange of Hong Kong Limited.

The ultimate parent company of the Group is China COSCO SHIPPING Corporation Limited (“COSCO SHIPPING”), a state-owned enterprise established in the People’s Republic of China (the “PRC”).

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to both years presented, unless otherwise stated.

### 2.1 Basis of preparation

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”) issued by the Hong Kong Institute of Certified Public Accountants and the applicable disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, as modified by the revaluation of investment property, investments at fair value through other comprehensive income and portfolio investments at fair value through profit or loss which are carried at fair value.

The preparation of consolidated financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in note 4.

#### The adoption of revised standards

In 2022, the Group adopted the following amendments and improvement to existing standards, which are relevant to its operations.

---

#### Amendments and improvement to existing standards

---

HKAS 16 (Amendment)	Property, Plant and Equipment – Proceeds before Intended Use
HKAS 37 (Amendment)	Onerous Contracts – Cost of Fulfilling a Contract
HKFRSs	Annual Improvements 2018 – 2020 Reporting Cycle
HKFRS 3 (Amendment)	Business Combinations
HKFRS 16 (Amendment)	COVID-19 Related Rent Concessions beyond 30th June 2021

The adoption of the above amendments and improvement to existing standards does not have a material impact to the results and financial position of the Group.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.1 Basis of preparation (Continued)

**New standard, amendments and interpretation to existing standards that are relevant to the Group but not yet effective**

New standard, amendments and interpretation to existing standards		Effective for accounting periods beginning on or after
HKAS 1 and HKFRS Practice Statement 2 (Amendments)	Disclosure of Accounting Policies	1st January 2023
HKAS 8 (Amendment)	Definition of Accounting Estimates	1st January 2023
HKAS 12 (Amendment)	Deferred Tax related to Assets and Liabilities arising from a Single Transaction	1st January 2023
HKFRS 17 and HKFRS 17 (Amendment)	Insurance Contracts	1st January 2023
HK Int 5 (Revised)	Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause	1st January 2024
HKAS 1 (Amendment)	Classification of Liabilities as Current or Non-current	1st January 2024
HKAS 1 (Amendment)	Non-current Liabilities with Covenants	1st January 2024
HKFRS 16 (Amendment)	Lease Liability in a Sale and Leaseback	1st January 2024
HKFRS 10 and HKAS 28 (Amendments)	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be announced

The adoption of the above new standard, amendments and interpretation to existing standards is not expected to have a significant effect on the consolidated financial statements of the Group.

### 2.2 Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 31st December.

The consolidated financial statements also include the Group's attributable share of post-acquisition results and reserves of its joint ventures and associated companies.

#### (a) Subsidiaries

A subsidiary is an entity (including a structured entity) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.2 Consolidation (Continued)

#### (a) Subsidiaries (Continued)

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis. Non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at either fair value or the present ownership interests' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at their acquisition-date fair value, unless another measurement basis is required by HKFRS.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the consolidated profit and loss account.

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

#### (b) Transactions with non-controlling interests

Transactions with non-controlling interests that do not result in a loss of control are accounted for as equity transactions – that is, as transactions with the owners of the subsidiary in their capacity as owners. The difference between any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

#### (c) Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the entity is remeasured to its fair value, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequent accounting for the retained interest as an associated company, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.2 Consolidation (Continued)

##### (d) Joint arrangements

Joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations of each investor. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures. Joint ventures are accounted for using the equity method.

Under the equity method of accounting, interests in joint ventures are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses and movements in other comprehensive income. When the Group's share of losses in a joint venture equals or exceeds its interests in the joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the joint venture), the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint venture.

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

##### (e) Associated companies

Associated companies are all entities over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associated companies are accounted for by the equity method of accounting and are initially recognised at cost. The Group's investments in associated companies includes goodwill (net of any accumulated impairment loss) identified on acquisition, which represents any excess of the cost of acquisition over the fair value of the Group's share of the net identifiable assets of the acquired associated company.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

The Group's share of its associated companies' post-acquisition profits or losses is recognised in the consolidated profit and loss account, and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the Group's share of losses in an associated company equals or exceeds its interest in the associated company, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associated company.

Profits and losses resulting from upstream and downstream transactions between the Group and its associated companies are recognised in the Group's financial statements only to the extent of unrelated investor's interests in the associated companies. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associated companies have been changed where necessary to ensure consistency with the policies adopted by the Group.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.3 Property, plant and equipment

All property, plant and equipment are stated at historical cost less depreciation and impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the consolidated profit and loss account during the financial period in which they are incurred.

No depreciation is provided for assets under construction and freehold land.

Depreciation of property, plant and equipment is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Container vessels	25 years
Containers and chassis	10 to 15 years
Terminal equipment and improvement	3 to 15 years
Freehold buildings	Not exceeding 75 years
Buildings outside Hong Kong	Over period of the lease
Leasehold improvement	Over period of the lease or 5 years whichever is lower
Furniture, vehicles, scrubbers and other vessel equipment, computer and other equipment	3 to 10 years

The residual values of the assets and their useful lives are reviewed and adjusted if appropriate, at each balance sheet date.

The carrying amount of an asset is written down immediately to its recoverable amount if the carrying amount of the asset is greater than its estimated recoverable amount.

Gains and losses on disposals are determined as the difference between the net disposal proceeds and the carrying amounts of the assets and are dealt with in the consolidated profit and loss account.

### 2.4 Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the companies in the Group, is classified as investment property.

Investment property is initially measured at cost, including related transaction costs and where applicable borrowing costs. After initial recognition, investment property is carried at fair value. Fair value is based on valuation carried out semi-annually by an independent external valuer. Changes in fair values are recognised in the consolidated profit and loss account.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.5 Vessel repairs and surveys

Upon acquisition of a vessel, the components of the vessel which are required to be replaced at the next dry-docking are identified and their costs are depreciated over five years to the next estimated dry-docking date. Costs incurred on subsequent dry-docking of vessels are capitalised and depreciated over the period to the next estimated dry-docking date. When significant dry-docking costs are incurred prior to the expiry of the depreciation period, the remaining costs of the previous dry-docking are written off immediately.

#### 2.6 Intangible assets

##### Computer software

Costs associated with maintaining computer software programs are recognised as an expense as incurred. Costs that are directly associated with the production of identifiable and unique software products controlled by the Group, and that will probably generate economic benefits exceeding costs beyond one year, are recognised as intangible assets. Direct costs include the software development employee costs and an appropriate portion of relevant overheads.

Computer software costs mainly comprise internally generated capitalised software development costs.

Computer software costs recognised as assets are stated at cost less accumulated amortisation. Amortisation is calculated on the straight-line basis over their estimated useful life, with a maximum of five years.

#### 2.7 Impairment of investments in subsidiaries and non-financial assets

Assets that have an indefinite useful life are not subject to amortisation, and are at least tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of the fair value of an asset less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows (cash generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

Impairment testing of the investments in subsidiaries is required upon receiving dividends from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate account exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.8 Non-current assets (or disposal groups) held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and investment property that are carried at fair value and contractual rights under insurance contracts, which are specifically exempt from this requirement.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the consolidated balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the consolidated balance sheet.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the consolidated profit and loss account.

### 2.9 Investments and other financial assets

#### (a) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss); and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

#### (b) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.9 Investments and other financial assets (Continued)

##### (c) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

##### *Debt instruments*

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in "other operating income" using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in "other gains/(losses)" together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the consolidated profit and loss account.
- **Fair value through other comprehensive income:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and recognised in "other gains/(losses)". Interest income from these financial assets is included in "other operating income" using the effective interest rate method. Foreign exchange gains and losses are presented in "other gains/(losses)". Impairment losses are presented as separate line item in the consolidated profit and loss account.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net within "other gains/(losses)" in the period in which it arises.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.9 Investments and other financial assets (Continued)

#### (c) Measurement (Continued)

##### *Equity instruments*

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as "other operating income" when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in "other gains/ (losses)" in profit or loss as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at fair value through other comprehensive income are not reported separately from other changes in fair value.

#### (d) Impairment

The Group assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by HKFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### (e) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the consolidated balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

### 2.10 Inventories

Inventories mainly comprise bunkers and consumable stores. Cost is calculated on weighted average basis. Inventories are stated at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the costs of completion and selling expenses.

### 2.11 Debtors

Debtors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of debtors is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables and is also based on expected credit losses rather than only incurred credit losses. The amount of the provision is recognised in the consolidated profit and loss account. More information about the impairment policies of debtors is disclosed in note 3.1(c).

If collection of debtors is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.12 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks with original maturities of three months or less.

#### 2.13 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

#### 2.14 Creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Creditors are classified as current liabilities if payment is due within one year or less or in the normal operating cycle of the business if longer. If not, they are presented as non-current liabilities.

Trade creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

#### 2.15 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds net of transaction costs and the redemption value is recognised in the consolidated profit and loss account over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

#### 2.16 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the consolidated profit and loss account, except to the extent that it relates to item recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company's subsidiaries, joint ventures and associated companies operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred taxation is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, if the deferred taxation arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss, it is not accounted for. Deferred taxation is determined using tax rates that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred taxation asset is realised or the deferred taxation liability is settled.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.16 Current and deferred taxation (Continued)

Deferred taxation assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred taxation is provided on temporary differences arising on investments in subsidiaries, associated companies and joint ventures, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities related to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

### 2.17 Employee benefits

#### (a) Pension obligations

The Group operates a number of defined benefit and defined contribution pension and retirement benefit schemes in the main countries in which the Group operates. These schemes are generally funded by payments from employees and by relevant group companies, taking into account of the recommendations of independent qualified actuaries where required.

A defined benefit plan is a pension plan that is not a defined contribution plan. Typically defined benefit plans define an amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

The liability recognised in the consolidated balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using the projected expected benefit payments. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used.

The current service cost of the defined benefit plan, recognised in the consolidated profit and loss account in employee benefit expense, except where included in the cost of an asset, reflects the increase in the defined benefit obligation results from employee service in the current year, benefit changes, curtailments and settlements.

Past-service costs are recognised immediately in the consolidated profit and loss account.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the consolidated profit and loss account.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Contributions under the defined contribution schemes are recognised as employee benefit expense when they are due and are reduced by contributions forfeited by those employees who leave the scheme prior to vesting fully in the contributions. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.17 Employee benefits (Continued)

##### (b) Bonus plans

The Group recognises a liability and an expense for bonuses, based on a formula that takes into consideration the profit attributable to the Company's shareholders after certain adjustments. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

##### (c) Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date. Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

##### (d) Share-based payments

###### *Employee services settled in equity instruments*

An intermediate holding company of the Group operates an equity-settled, share-based compensation plan. The fair value of the employee services received in exchange for the grant of the share options of the intermediate holding company is recognised as an expense. The total amount to be expensed over the vesting period is determined by reference to the fair value of the options granted, excluding the impact of any non-market vesting conditions. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. At each balance sheet date, the Group revises its estimates of the number of options that are expected to become exercisable. It recognises the impact of the revision of original estimates, if any, in the consolidated profit and loss account, and a corresponding adjustment to equity over the remaining vesting period.

#### 2.18 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

A provision for onerous contracts is recognised where the unavoidable costs of meeting the obligations under the contracts exceed the economic benefits expected to be received under them.

The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it.

The cost of fulfilling a contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract consist of both:

- the incremental costs of fulfilling that contract – for example, cargo cost; and
- an allocation of other costs that relate directly to fulfilling contracts – for example, an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling that contract among others.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.19 Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of:

- the amount determined in accordance with the expected credit loss model under HKFRS 9 “Financial Instruments”; and
- the amount initially recognised less, where appropriate, the cumulative amount of income recognised in accordance with the principles of HKFRS 15 “Revenue from Contracts with Customers”.

The fair value of financial guarantees is determined based on the present value of the difference in cash flows between the contractual payments required under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

Where guarantees in relation to loans or other payables of associated companies and joint ventures are provided for no compensation, the fair values are accounted for as contributions and recognised as part of the cost of the investment.

### 2.20 Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-makers. The chief operating decision-makers, who are responsible for allocating resources and assessing performance of the operating segments and making strategic decisions, have been identified as the Executive Directors.

### 2.21 Foreign currency translation

#### (a) Functional and presentation currency

Items included in the financial statements of each of the Group’s entities are measured using the currency of the primary economic environment in which the entity operates (the “functional currency”). The consolidated financial statements are presented in US dollar, which is the Company’s functional currency and the Group’s presentation currency.

#### (b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated profit and loss account.

Changes in the fair value of debt securities denominated in foreign currency classified as investments at fair value through other comprehensive income are analysed between translation differences resulting from changes in the amortised cost of the security and other changes in the carrying amount of the security. Translation differences related to changes in amortised cost are recognised in profit or loss, and other changes in carrying amount are recognised in other comprehensive income.

Translation differences on non-monetary items, such as equities held at fair value through profit or loss, are reported as part of the fair value gain or loss. Translation differences on non-monetary items, such as equities classified as investments at fair value through other comprehensive income, are included in the investments revaluation reserve in other comprehensive income.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.21 Foreign currency translation (Continued)

##### (c) Group companies

The results and financial position of all the group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- (ii) income and expenses for each profit and loss account are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rates prevailing on the dates of the transactions); and
- (iii) all resulting exchange differences are recognised in other comprehensive income.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities, and of borrowings and other currency instruments designated as hedges of such investments, are taken to other comprehensive income. When a foreign operation is sold, such exchange differences are recognised in the consolidated profit and loss account as part of the gain or loss on sale.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

#### 2.22 Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of services, net of value-added tax, rebates and discounts and after eliminating sales within the Group. Revenue is recognised as follows:

- (a) Freight revenues from the operation of the container transport are recognised over time which is determined on the percentage of completion basis of each individual vessel voyage.
- (b) Revenues from logistics business are recognised when services are rendered or over time which is determined on the percentage of completion basis of the progress of the transportation.
- (c) Revenues from the operation of container terminals and provision of other services are recognised when services are rendered.
- (d) Rental income under operating leases is recognised over the periods of the respective leases on a straight-line basis.

#### 2.23 Interest income

Interest income is recognised on a time-proportion basis using the effective interest method.

#### 2.24 Dividend income

Dividend income is recognised when the right to receive payment is established.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.25 Contract assets and contract liabilities

Upon entering into a contract with a customer, the Group obtains rights to receive consideration from the customer and assumes performance obligations to transfer goods or provide services to the customer. The combination of those rights and performance obligations gives rise to a net asset or a net liability depending on the relationship between the remaining rights and the performance obligations. The contract is an asset and recognised as contract assets if the measure of the remaining rights exceeds the measure of the remaining performance obligations. Conversely, the contract is a liability and recognised as contract liabilities if the measure of the remaining performance obligations exceeds the measure of the remaining rights.

### 2.26 Leases

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group.

Contracts may contain both lease and non-lease components. The Group allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Group is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option if the Group is reasonably certain to exercise that option; and
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

The Group is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.26 Leases (Continued)

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs; and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases and leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of twelve months or less. Low-value assets comprise containers and small items of office furniture.

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term (note 18). Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the consolidated balance sheet based on their nature.

HKFRS 16 requires sale and leaseback transactions to be determined based on the requirement of HKFRS 15 as to whether the transfer of the relevant asset should be accounted as a sale.

#### 2.27 Borrowing costs

Borrowing costs are expensed in the consolidated profit and loss account in the period in which they are incurred, except to the extent that they are capitalised as being directly attributable to the acquisition, construction or production of a qualifying asset which necessarily takes a substantial period of time to get ready for its intended use or sale.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

#### 2.28 Dividend distribution

Dividend distribution to the Company's equity holders is recognised as a liability in the Group's consolidated financial statements in the period in which the dividends are approved by the Company's Directors/equity holders.

#### 2.29 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are recognised as a deduction from the carrying amount of the related assets in the consolidated balance sheet and are credited to profit or loss on a straight-line basis over the expected lives of the related assets.

### 3. FINANCIAL RISK MANAGEMENT

#### 3.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: foreign exchange risk, price risk, credit risk, liquidity risk and cash flow interest rate risk. The Group's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

The Group has regularly monitored current and expected liquidity requirements against the cash on hand, expected net operating cash flow, committed facilities and its compliance with loan covenants, to ensure the Group's liquidity requirements can be met in the short and longer term.

The Group has paid ongoing attention on credit quality of counterparties, in particular major customers and financial institutions with relationship in terms of debt securities and cash transactions. Credit qualities of respective counterparties are disclosed in respective notes to the consolidated financial statements.

##### (a) Foreign exchange risk

The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to fluctuation in the exchange rates of foreign currencies to the US dollar.

Income and expenses from container transport and logistics activities are mainly denominated in US dollar and in various currencies, mainly including Australian dollar, Canadian dollar, Euro, Japanese yen and Renminbi.

To limit currency exposure, the US dollar based activities are financed primarily by loans in US dollar. With all other variables held constant, an average change in the US dollar exchange rate of 1%, compared with all other non-US dollar related currencies, has a positive/negative effect on the results for 2022 of approximately US\$5.0 million (2021: US\$6.1 million).

##### (b) Price risk

The container transport and logistics activities are sensitive to economic fluctuations. The Group is exposed to freight rate risk. The Group's revenue will increase/decrease by US\$181.1 million (2021: US\$152.8 million) for 1% increase/decrease of the average container freight rates with all other variables held constant.

The Group is exposed to bunker price risk for its container transport and logistics activities. Bunker cost is one of the major cost components of container transport and logistics activities. An increase in bunker price can only be partially compensated through freight surcharge bunker price adjustment. With all other variables held constant, the operating costs will be increased by approximately US\$1.8 million (2021: US\$2.0 million) for one US dollar increase in bunker price per ton.

The Group is also exposed to equity/debt securities price risk because of investments held by the Group include investments at fair value through other comprehensive income or portfolio investments at fair value through profit or loss which are accounted at fair value. To manage its price risk arising from investments in equity/debt securities, the Group diversifies its portfolio. If the prices of the respective quoted equity/debt securities of the Group had been increased/decreased by 1% and all other variables held constant, the profit after taxation of the Group for the year ended 31st December 2022 would increase/decrease by US\$0.1 million (2021: US\$0.6 million) as a result of the changes in fair value of equity/debt securities under portfolio investments at fair value through profit or loss.

### 3. FINANCIAL RISK MANAGEMENT (CONTINUED)

#### 3.1 Financial risk factors (Continued)

##### (c) Credit risk

The Group has no significant concentrations of credit risk. It has policies in place to ensure that services are provided to customers with an appropriate credit history.

The extent of the Group's credit exposure is mainly represented by the aggregate balance of cash and bank balances, portfolio investments at fair value through profit or loss, investments at amortised cost, restricted bank balances, trade receivables and other receivables. The credit quality of these exposures is disclosed in relevant notes to the consolidated financial statements.

For the instalments paid to a fellow subsidiary and a related company for the vessels under construction, the Group obtained guarantee from banks. The banks are major financial institutions which management believes are of high credit quality without significant credit risk.

##### (d) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and cash equivalents, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. The Group aims to maintain flexibility in funding by keeping sufficient cash and cash equivalents and readily realisable liquid assets.

Surplus cash held by the operating entities over and above balance required for working capital management is transferred to the Group Treasury. Group Treasury invests surplus cash in interest bearing current accounts, time deposits, money market deposits and marketable securities, choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient head-room. At the reporting date, the Group held liquid assets of US\$11,227.3 million (2021: US\$7,253.4 million) that are expected to readily generate cash inflows for managing liquidity risk.

### 3. FINANCIAL RISK MANAGEMENT (CONTINUED)

#### 3.1 Financial risk factors (Continued)

##### (d) Liquidity risk (Continued)

The table below analyses the Group's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within twelve months equal their carrying balances as the impact of discounting is not significant.

US\$'000	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Over 5 years
<b>At 31st December 2022</b>				
Lease liabilities	764,328	522,927	776,648	146,842
Creditors and accruals	3,248,325	-	-	-
<b>At 31st December 2021</b>				
Borrowings	41,785	41,270	129,104	49,098
Lease liabilities	656,967	599,312	954,337	320,686
Creditors and accruals	2,453,800	-	-	-

##### (e) Cash flow interest rate risk

The Group's income and operating cash flows are substantially independent of changes in market interest rates. The Group has a policy to place surplus funds with creditable financial institutions which offer the best return for the Group on a short-term basis.

The Group is exposed to cash flow interest rate risk through the impact of rate changes on interest bearing bank balances, borrowings and lease liabilities.

At 31st December 2022, if interest rates had been 0.1% higher/lower with all other variables held constant, post-tax profit for the year would have been US\$10.4 million higher/lower (2021: US\$5.9 million higher/lower), mainly as a result of higher/lower net interest income on the net floating rate bank balances.

#### 3.2 Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to equity holders, return capital to equity holders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net cash divided by total equity. Net cash is calculated as total borrowings and lease liabilities (including "current and non-current borrowings and lease liabilities" as shown in the consolidated balance sheet) less restricted bank balances, cash and bank balances and portfolio investments at fair value through profit or loss.

### 3. FINANCIAL RISK MANAGEMENT (CONTINUED)

#### 3.2 Capital risk management (Continued)

The gearing ratios at 31st December 2022 and 2021 are as follows:

US\$'000	2022	2021
Total borrowings (note 36)	–	(250,657)
Total lease liabilities (note 37)	(2,080,120)	(2,439,983)
	(2,080,120)	(2,690,640)
Less: Restricted bank balances (note 24)	3,426	2,876
Cash and bank balances (note 31)	11,213,902	7,197,101
Portfolio investments at fair value through profit or loss (note 30)	13,369	56,256
Net cash	9,150,577	4,565,593
Total equity	13,438,898	9,671,736
<b>Gearing ratio</b>	<b>N/A</b>	<b>N/A</b>

The change in net cash position results primarily from the profit generated during the year.

#### 3.3 Fair value estimation

The financial instruments that are measured in the consolidated balance sheet at fair value, require disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table presents the Group's financial assets that are measured at fair value at 31st December 2022 and 2021:

US\$'000	2022		
	Level 1	Level 3	Total
<b>Assets</b>			
Portfolio investments at fair value through profit or loss			
Equity securities	13,369	–	13,369
Investments at fair value through other comprehensive income			
Unlisted equity securities	–	34	34
<b>Total</b>	<b>13,369</b>	<b>34</b>	<b>13,403</b>

## 3. FINANCIAL RISK MANAGEMENT (CONTINUED)

## 3.3 Fair value estimation (Continued)

US\$'000	2021		Total
	Level 1	Level 3	
<b>Assets</b>			
Portfolio investments at fair value through profit or loss			
Equity securities	16,874	–	16,874
Debt securities	39,382	–	39,382
Investments at fair value through other comprehensive income			
Unlisted equity securities	–	42	42
<b>Total</b>	<b>56,256</b>	<b>42</b>	<b>56,298</b>

There were no transfers among levels 1, 2 and 3 during the year.

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1. Instruments included in level 1 comprise portfolio investments at fair value through profit or loss.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Specific valuation techniques used to value levels 2 and 3 financial instruments include:

- Dealer quotes.
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date, with the resulting value discounted back to present value.

There were no changes in valuation techniques during the year.

Instruments included in level 3 comprise unlisted equity securities classified as investments at fair value through other comprehensive income.

The following table presents the changes in level 3 instruments:

US\$'000	2022	2021
Opening balance	42	7,895
Currency translation adjustments	–	(2)
Disposals	(8)	(1,163)
Fair value change recognised in other comprehensive income	–	(6,688)
Closing balance	34	42

### 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements used in preparing the consolidated financial statements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

#### (a) Recognition of freight revenue of vessel voyages in progress at year end

The Group recognises freight revenue from container transport operation based on the sailing schedules and the respective freight rates. For vessel voyages in progress at the year end, the Group applies a percentage of completion to the freight revenue under each vessel voyage and the percentage is determined based on the days of vessel voyage completed to date relative to total estimated days required for the completion of the entire voyage. If the total estimated vessel voyage days were different from the estimate, this would have an impact on the freight revenue in the following reporting period.

Had the percentage of completion to freight revenue from vessel voyages in progress at year end been decreased or increased by 10% from management's estimate for the year ended 31st December 2022, the revenue would have been US\$20.4 million (2021: US\$59.7 million) lower or higher in the current period.

Changes in management's estimate of freight revenue for vessel voyages in progress at year end could cause a material change in freight revenue recognised in the current period.

#### (b) Property, plant and equipment, right-of-use assets and intangible assets

Management determines the estimated useful lives and residual values for the Group's property, plant and equipment, right-of-use assets and intangible assets. Management will revise the depreciation and amortisation charges where useful lives and residual values are different from previously estimated.

Management determines the estimated useful lives and related depreciation expenses for the vessels and containers. Management estimates useful lives of its vessels and containers by reference to expected usage of the vessels and containers, expected repair and maintenance, and technical or commercial obsolescence arising from changes or improvements in the market. It could change significantly as a result of the changes of these factors.

Were the useful lives of vessels and containers to differ by 10% from management estimates with all other variables held constant, it is estimated that depreciation expense would increase or decrease by approximately US\$94.8 million or US\$61.4 million respectively for the year ended 31st December 2022 (2021: US\$71.6 million or US\$48.7 million respectively).

Management determines the residual values for its vessels and containers. This estimate is based on the current scrap values of steels in an active market at each measurement date since management decides to dispose of the fully depreciated vessels and containers as scrap steels. Depreciation expense would increase where the residual values are less than previously estimated values, or vice versa.

Were the residual values of vessels and containers to differ by 10% from management estimates with all other variables held constant, it is estimated that depreciation expense would increase or decrease by approximately US\$22.8 million or US\$19.4 million respectively for the year ended 31st December 2022 (2021: US\$16.0 million or US\$14.9 million respectively).

#### 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

##### (c) Accrual for operating costs

Operating costs, which mainly comprise cargo and logistics costs, vessel and voyage costs, equipment and repositioning costs and terminal operating cost. Invoices in relation to these expenses are received several months after the expenses have been incurred. Consequently, recognition of accrued operating costs is based on the known services entered, pattern of historical costs as well as the estimated vendor tariffs.

If the actual expenses of a voyage differ from the estimated expenses, this will have an impact on operating costs in future periods.

##### (d) Commitment to long-term service agreement

The Group entered into a Terminal Service Agreement (“TSA”) in October 2019 following the completion of the disposal of Long Beach Container Terminal (“LBCT”). According to the TSA, the Group committed to place, or procure the placement of an annual minimum number of vessel lifts (“MVC”) for 20 years. Failure to meet the committed volume for each of the contract year would require certain level of deficiency payment as stipulated in the TSA.

As at 31st December 2022, the Group reassessed the expected number of vessel lifts in LBCT for each of the remaining contract years with reference to future prospects of the market and its expected load factor. The overall economic environment in the USA is still highly uncertain, in particular, dropping cargo demand and freight rates became more evident from the fourth quarter of 2022. It is expected that high inflation and interest rate environment would further slow down the USA economy growth and would adversely affect the demand/import of the USA for some time, it is expected the economy in the USA would take years to recover. The operational results for the LBCT routes were strong in the first half of 2022, which were primarily due to the high freight rates, driven by the terminal congestion and shortage in supply of container vessels. However, the high freight rates began to drop in the second half of 2022. As at 31st December 2022, with these uncertainties over such a long-term contract period, management reassessed that the projected vessel lifts in LBCT would result in a shortfall on minimum volume commitment over the remaining contract period.

As such, the Group further estimated the present value of the unavoidable costs of meeting the obligations under the remaining term of the TSA (till October 2039) and the corresponding associated economic benefits in relation to the Group with reference to a) the expected number of vessel lifts; b) the expected amount of deficiency payment/excess rebates as stipulated in the TSA when the volume is below/in excess of the MVC; c) the expected operating costs (including cargo and logistics costs, vessel and voyage costs and equipment and repositioning costs); and d) the associated income expected to be earned from operating the service routes to/from LBCT. Based on the assessment performed by management, an onerous provision of US\$894.7 million (2021: US\$651.7 million) was recognised as at 31st December 2022.

The Group applied the expected value approach considering several probability-weighted possible scenarios which included adjusting key assumptions such as volume, freight rate, bunker cost and probability applied on the scenarios. The onerous contract assessment involves a significant level of management estimates and judgement, including the future profitability generated from routes using LBCT and the expected number of vessel lifts handled in LBCT during the remaining contract term. To the extent that the actual results differ from these estimates, the amount of provision will be differed and will affect the consolidated profit and loss account. The provision, including the estimates and assumptions contained therein, are reviewed regularly by management. The key assumptions used by management as at 31st December 2022 and 2021 are as follows:

## 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

### (d) Commitment to long-term service agreement (Continued)

Key assumptions	Range of possible scenarios	
	2022	2021
Volume growth rate	-6% to +10%	-5% to +16%
Freight rate growth rate	-20% to +10%	-30% to +17%
Bunker cost	-4% to 0%	-5% to +5%
Probability applied	<b>on fuel oil futures</b> 2% to 60%	on fuel oil futures 2% to 60%

The major changes in key assumptions from previous year are as follows:

- adjusted bunker price based on the latest 10-year futures in the market as compared to previous year's forecast; and
- increased the discount rate based on the latest rate for the US Treasury Bills.

For illustration purpose, management has performed sensitivity analysis by adjusting the probability applied to the possible scenarios. The effects for the respective sensitivity analysis, holding other factors constant, are set out below:

Sensitivity cases	Change of onerous provision as at 31st December 2022
Changing the most probable scenario from 60% to 100%	Decrease by approximately US\$20 million
Changing the most probable scenario from 60% to 40% and the most probable pessimistic scenario from 15% to 35%	Increase by approximately US\$65 million
Changing the most probable scenario from 60% to 40% and the most probable optimistic scenario from 15% to 35%	Decrease by approximately US\$45 million

Sensitivity cases	Change of onerous provision as at 31st December 2021
Changing the most probable scenario from 60% to 100%	Decrease by approximately US\$3 million
Changing the most probable scenario from 60% to 40% and the most probable pessimistic scenario from 15% to 35%	Increase by approximately US\$66 million
Changing the most probable scenario from 60% to 40% and the most probable optimistic scenario from 15% to 35%	Decrease by approximately US\$61 million

### (e) Income taxes

The Group is subject to income tax in numerous jurisdictions. Significant judgement is required in determining the worldwide provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Deferred tax liabilities have been established for income tax and withholding tax that would be payable on profits of overseas subsidiaries to be repatriated and distributed by way of dividends as the Directors consider that distribution from subsidiaries would be made in the foreseeable future (note 22).

Recognition of deferred tax assets, which principally relate to tax losses, depends on management's expectation of future taxable profit that will be available against which tax losses can be utilised. The outcome of their actual utilisation may be different.

#### 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

##### (f) Impairment of non-financial assets

The Group's major operating assets represent vessels and containers in property, plant and equipment and right-of-use assets (collectively the "Operating Assets"). In assessing the indications of potential impairment of the Operating Assets, management considered both internal and external sources of information. Management tests whether the carrying amount of the Operating Assets has suffered any impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

As the net asset value of the Group as at 31st December 2022 is higher than its market capitalisation, and due to the introduction of environmental protection regulations to shipping companies in 2023, management identified indications that the vessels/containers might be impaired, and performed an impairment assessment.

The Operating Assets are considered as a single cash-generating unit ("CGU") and should be assessed on a portfolio basis given the operations of each trade route are dependent upon each other and are interchangeable.

The value in use method is used to determine the recoverable amount of the Operating Assets. Value in use calculations require the use of estimates on the projected cash inflows from continuing use of the Operating Assets and discount rate which require significant judgement. The pre-tax discount rate used in the management's assessment is based on the weighted average cost of capital of the CGU and the applicable discount rate used in the impairment assessment in 2022 is 10.3%.

Based on management's best estimates, there was no impairment for the Operating Assets as at 31st December 2022.

##### Sensitivity analysis

With all other variables held constant, increasing the discount rate by 100 basis points from the original estimate would not give rise to any impairment.

#### 5. REVENUE AND SEGMENT INFORMATION

##### (a) Revenue

US\$'000	2022	2021
Container transport and logistics	19,796,285	16,807,325
Others	23,903	24,860
	<b>19,820,188</b>	16,832,185

The principal activities of the Group are container transport and logistics.

Revenue comprises gross freight income, service and other income from the operation of the container transport and logistics and rental income from the investment property.

## 5. REVENUE AND SEGMENT INFORMATION (CONTINUED)

### (b) Segment information

The principal activities of the Group are container transport and logistics. Container transport and logistics include global containerised shipping services in major trade lanes, covering Trans-Pacific, Trans-Atlantic, Asia/Europe, Asia/Australia and Intra-Asia trades, and integrated services over the management and control of effective storage and flow of goods. In accordance with the Group's internal financial reporting provided to the chief operating decision-makers, who are responsible for allocating resources, assessing performance of the operating segments and making strategic decisions, the reportable operating segments are container transport and logistics and others. The Executive Directors are the Group's chief operating decision-makers.

#### Operating segments

The segment results for the year ended 31st December 2022 are as follows:

US\$'000	Container transport and logistics	Others	Total
Revenue from contracts with customers:			
Over time	19,796,285	-	19,796,285
Revenue from other source:			
Rental income	-	23,903	23,903
	19,796,285	23,903	19,820,188
Other operating income	245,927	6,117	252,044
	20,042,212	30,020	20,072,232
Operating profit/(loss)	10,090,263	(11,162)	10,079,101
Finance costs	(61,138)	-	(61,138)
Share of profits of joint ventures	2,689	-	2,689
Share of profits of associated companies	7,091	-	7,091
<b>Profit/(loss) before taxation</b>	<b>10,038,905</b>	<b>(11,162)</b>	<b>10,027,743</b>
Taxation	(66,302)	4,797	(61,505)
<b>Profit/(loss) for the year</b>	<b>9,972,603</b>	<b>(6,365)</b>	<b>9,966,238</b>
Fair value loss from an investment property	-	16,964	16,964
Additions to non-current assets*	1,309,167	2,024	1,311,191
Depreciation of property, plant and equipment	339,696	22	339,718
Depreciation of right-of-use assets	514,419	-	514,419
Amortisation of intangible assets	6,839	-	6,839

## 5. REVENUE AND SEGMENT INFORMATION (CONTINUED)

## (b) Segment information (Continued)

## Operating segments (Continued)

The segment results for the year ended 31st December 2021 are as follows:

US\$'000	Container transport and logistics	Others	Total
Revenue from contracts with customers:			
Over time	16,807,325	–	16,807,325
Revenue from other source:			
Rental income	–	24,860	24,860
	16,807,325	24,860	16,832,185
Other operating income	31,943	19,034	50,977
	16,839,268	43,894	16,883,162
Operating profit	7,369,807	10,464	7,380,271
Finance costs	(60,255)	–	(60,255)
Share of profits of joint ventures	4,985	–	4,985
Share of profits of associated companies	12,255	–	12,255
<b>Profit before taxation</b>	7,326,792	10,464	7,337,256
Taxation	(205,607)	(3,240)	(208,847)
<b>Profit for the year</b>	7,121,185	7,224	7,128,409
Fair value gain from an investment property	–	296	296
Additions to non-current assets*	1,377,895	4,704	1,382,599
Depreciation of property, plant and equipment	277,642	12	277,654
Depreciation of right-of-use assets	276,313	–	276,313
Amortisation of intangible assets	15,765	–	15,765

\* Additions to non-current assets comprise additions to property, plant and equipment, right-of-use assets, investment property and intangible assets.

## 5. REVENUE AND SEGMENT INFORMATION (CONTINUED)

### (b) Segment information (Continued)

#### Operating segments (Continued)

The segment assets and liabilities at 31st December 2022 and 2021 are as follows:

US\$'000	2022		
	Container transport and logistics	Others	Group
Segment assets	19,513,595	415,318	19,928,913
Joint ventures	9,916	–	9,916
Associated companies	96,332	–	96,332
<b>Total assets</b>	<b>19,619,843</b>	<b>415,318</b>	<b>20,035,161</b>
<b>Segment liabilities</b>	<b>(6,456,306)</b>	<b>(139,957)</b>	<b>(6,596,263)</b>

US\$'000	2021		
	Container transport and logistics	Others	Group
Segment assets	15,179,062	504,390	15,683,452
Joint ventures	11,894	–	11,894
Associated companies	105,270	–	105,270
	15,296,226	504,390	15,800,616
Assets held for sale (note 32)	46,361	–	46,361
<b>Total assets</b>	<b>15,342,587</b>	<b>504,390</b>	<b>15,846,977</b>
<b>Segment liabilities</b>	<b>(6,025,462)</b>	<b>(149,779)</b>	<b>(6,175,241)</b>

The segment of “Others” primarily includes assets and liabilities of property investment and corporate level activities. Assets under the segment of “Others” consist primarily of investment property, investments at amortised cost and portfolio investments at fair value through profit or loss. Liabilities under the segment of “Others” primarily include creditors and accruals and deferred taxation liabilities related to property investment and corporate level activities.

## 5. REVENUE AND SEGMENT INFORMATION (CONTINUED)

## (b) Segment information (Continued)

**Geographical information**

The Group's two reportable operating segments operate in four main geographical areas, even though they are managed on a worldwide basis. Freight revenues from container transport and logistics are analysed based on the outbound cargoes of each geographical territory.

The Group's total assets mainly include container vessels and containers which are primarily utilised across geographical markets for shipment of cargoes throughout the world. Accordingly, non-current assets by geographical areas are not presented.

US\$'000	Revenue	Additions to non-current assets <sup>#</sup>
<b>Year ended 31st December 2022</b>		
Asia	15,788,208	36,101
Europe	2,729,105	1,764
North America	926,043	5,099
Australia	376,832	73
Unallocated*	–	1,268,154
	<b>19,820,188</b>	<b>1,311,191</b>
<b>Year ended 31st December 2021</b>		
Asia	13,692,285	46,958
Europe	2,066,489	2,044
North America	833,975	4,969
Australia	239,436	45
Unallocated*	–	1,328,583
	<b>16,832,185</b>	<b>1,382,599</b>

<sup>#</sup> Additions to non-current assets comprise additions to property, plant and equipment, right-of-use assets, investment property and intangible assets.

\* Unallocated additions to non-current assets comprise additions to container vessels and capitalised dry-docking costs, containers and computer software costs.

## Notes to the Consolidated Financial Statements

### 6. OPERATING COSTS

US\$'000	2022	2021
Cargo and logistics	4,696,350	4,995,245
Vessel and voyage	2,303,446	1,664,859
Bunker cost	1,405,161	980,289
Equipment and repositioning	975,720	1,000,972
	9,380,677	8,641,365
Direct operating expenses from property that generated rental income	14,931	15,172
	9,395,608	8,656,537

For the year ended 31st December 2022, cargo and logistics costs included an onerous provision (note 38) of US\$243.0 million (2021: US\$303.2 million).

### 7. OTHER OPERATING INCOME

US\$'000	2022	2021
Dividend income from investments at fair value through other comprehensive income	133	6,812
Interest income from banks	240,251	31,497
Interest income from deposits in a fellow subsidiary	1,546	354
Interest income from investments at amortised cost	4,347	5,031
Income from portfolio investments at fair value through profit or loss		
Interest income	1,175	2,227
Distribution	348	602
Dividend income	221	224
Government grants	3,344	3,347
Others	679	883
	252,044	50,977

**8. OTHER GAINS, NET**

US\$'000	2022	2021
Fair value (loss)/gain from an investment property	(16,964)	296
Fair value loss on portfolio investments at fair value through profit or loss (realised and unrealised)	(3,862)	(4,600)
Gain on disposal of a subsidiary	14,064	–
Gain on disposal of an associated company	1,667	–
Gain on disposal of property, plant and equipment	99,837	42,988
Gain on disposal of investments at amortised cost	59	–
Loss on written-off of right-of-use assets	(841)	(137)
Loss on written-off of intangible assets	–	(16)
Gain on derecognition of lease liabilities	–	765
Exchange loss	(36,291)	(25,370)
	<b>57,669</b>	<b>13,926</b>

**9. EMPLOYEE BENEFIT EXPENSES**

US\$'000	2022	2021
Wages, salaries and bonuses (including share-based compensation)	1,040,788	1,298,645
Pension and retirement benefits		
Defined contribution plans (note 23)	48,441	32,450
Defined benefit plan (note 23)	999	1,656
	<b>1,090,228</b>	<b>1,332,751</b>

Employee benefit expenses of US\$582.2 million (2021: US\$657.9 million) are included in “operating costs” in the consolidated profit and loss account.

## 10. DIRECTORS' AND MANAGEMENT'S EMOLUMENTS

### (a) Directors' emoluments

The remuneration of each Director is set out below:

Name of Director US\$'000	Fees	Salaries and benefits	Discretionary bonuses	Share-based compensation	Employer's contribution to provident fund scheme	Total
<b>For the year ended 31st December 2022</b>						
Mr. Wan Min	-	-	-	-	-	-
Mr. Huang Xiaowen	-	-	-	-	-	-
Mr. Yang Zhijian	-	704	281	-	37	1,022
Mr. Feng Boming <sup>*1</sup>	-	-	-	-	-	-
Mr. Tung Lieh Cheung Andrew	365	-	-	36	-	401
Mr. Yan Jun	71	-	-	-	-	71
Ms. Wang Dan	58	-	-	-	-	58
Mr. Ip Sing Chi	58	-	-	-	-	58
Mr. Chow Philip Yiu Wah	145	-	-	-	-	145
Dr. Chung Shui Ming Timpson	122	-	-	-	-	122
Mr. Yang Liang Yee Philip	122	-	-	-	-	122
Ms. Chen Ying	83	-	-	-	-	83
Mr. So Gregory Kam Leung	103	-	-	-	-	103

Name of Director US\$'000	Fees	Salaries and benefits	Discretionary bonuses	Share-based compensation	Employer's contribution to provident fund scheme	Total
<b>For the year ended 31st December 2021</b>						
Mr. Wan Min <sup>*2</sup>	-	-	-	-	-	-

Ms. Chen Ying	83	-	-	-	-	83
Mr. So Gregory Kam Leung	90	-	-	-	-	90

<sup>\*1</sup> Resigned on 28th April 2022.

<sup>\*2</sup> Appointed on 6th December 2021.

<sup>\*3</sup> Resigned on 6th December 2021.

<sup>\*4</sup> Resigned on 24th May 2021.

During the year, no emoluments were paid by the Group to any of the Directors as an inducement to join or upon joining the Group or as compensation for loss of office. No Directors of the Company waived or agreed to waive any emoluments during the year.

## 10. DIRECTORS' AND MANAGEMENT'S EMOLUMENTS (CONTINUED)

## (b) Five highest paid individuals

The five individuals whose emoluments were the highest in the Group for the year do not include any Director (2021: did not include any Director) whose emoluments are reflected in the analysis presented above. The emoluments payable to the five (2021: five) individuals are as follows:

US\$'000	2022	2021
Basic salaries, housing allowances, other allowances and benefits in kind	2,856	2,642
Discretionary bonuses	5,342	4,436
Estimated money value of other benefits	19	72
Pension costs – defined contribution plans	671	674
Share-based compensation	138	308
	<b>9,026</b>	<b>8,132</b>

The emoluments of the five individuals fell within the following bands:

Emolument bands (US\$)	Number of individuals	
	2022	2021
961,501 ~ 1,025,600 (HK\$7,500,001 ~ HK\$8,000,000)	–	1
1,089,701 ~ 1,153,800 (HK\$8,500,001 ~ HK\$9,000,000)	1	–
1,153,801 ~ 1,217,900 (HK\$9,000,001 ~ HK\$9,500,000)	1	–
1,282,001 ~ 1,346,100 (HK\$10,000,001 ~ HK\$10,500,000)	–	1
1,474,301 ~ 1,538,400 (HK\$11,500,001 ~ HK\$12,000,000)	1	–
1,538,401 ~ 1,602,500 (HK\$12,000,001 ~ HK\$12,500,000)	–	1
1,666,601 ~ 1,730,700 (HK\$13,000,001 ~ HK\$13,500,000)	–	1
1,923,001 ~ 1,987,100 (HK\$15,000,001 ~ HK\$15,500,000)	1	–
2,564,101 ~ 2,628,200 (HK\$20,000,001 ~ HK\$20,500,000)	–	1
3,205,101 ~ 3,269,200 (HK\$25,000,001 ~ HK\$25,500,000)	1	–
	<b>5</b>	<b>5</b>

## (c) Key management compensation

US\$'000	2022	2021
Salaries, discretionary bonuses and other employee benefits	13,639	10,787
Estimated money value of other benefits	19	80
Pension costs – defined contribution plans	895	882
Share-based compensation	138	352
	<b>14,691</b>	<b>12,101</b>

The Group usually determines and pays discretionary bonuses to employees (including Directors) around May each year based on the actual financial results of the Group for the preceding year. The discretionary bonuses shown above represent actual payments to the Directors and individuals during the current financial year in relation to performance for the preceding year.

## Notes to the Consolidated Financial Statements

### 11. OPERATING PROFIT

US\$'000	2022	2021
Operating profit is arrived at after crediting:		
Operating lease rental income		
Land and buildings	23,903	24,860
and after charging:		
Depreciation of property, plant and equipment (note 16)	339,718	277,654
Depreciation of right-of-use assets (note 17)	514,419	276,313
Expenses relating to short-term leases and leases with low-value assets		
Vessels and equipment	333,829	384,460
Land and buildings	3,302	3,001
Direct operating expenses from property that generated rental income	14,931	15,172
Amortisation of intangible assets	6,839	15,765
Auditors' remuneration		
Audit	2,917	2,784
Non-audit	1,569	1,476

Expenses relating to short-term leases and leases with low-value assets of US\$333.9 million and US\$3.2 million (2021: US\$384.5 million and US\$3.0 million) respectively are included in "operating costs" and "business and administrative expenses" in the consolidated profit and loss account.

### 12. FINANCE COSTS

US\$'000	2022	2021
Interest expense		
Bank loans	6,341	14,716
Lease liabilities	68,016	49,644
	74,357	64,360
Amount capitalised under assets under construction (note 16(b))	(13,219)	(4,105)
Net interest expense	61,138	60,255

The borrowing costs of the loans to finance the assets under construction (note 16) represented an average capitalisation rate of approximately 2.8% (2021: 1.8%) per annum.

### 13. TAXATION

US\$'000	2022	2021
Current taxation		
HKSAR profits tax	5,534	5,511
Non HKSAR taxation	84,996	149,038
	90,530	154,549
Deferred taxation		
HKSAR profits tax	337	(139)
Non HKSAR taxation	(29,362)	54,437
	(29,025)	54,298
	61,505	208,847

### 13. TAXATION (CONTINUED)

Taxation has been provided at the appropriate tax rates prevailing in the countries/regions in which the Group operates on the estimated assessable profits for the year. These rates range from 2.5% to 34.2% (2021: 2.5% to 35%) and the rates applicable to the withholding tax for undistributed earnings of subsidiaries range from 5% to 30% (2021: 5% to 30%). The HKSAR profits tax for ocean freight transportation business is charged based on the relevant entity's Hong Kong-sourced income (i.e. at a percentage of the total worldwide ocean freight transportation business profit) under the HKSAR tax incentive regime for international shipping businesses and at the applicable tax rate of 16.5% (2021: 16.5%).

The tax of the Group's profit before taxation differs from the theoretical amount that would arise using the applicable tax rates, being the weighted average of rates prevailing in the territories in which the Group operates, as follows:

US\$'000	2022	2021
Profit before taxation	10,027,743	7,337,256
Less: Share of profits of joint ventures	(2,689)	(4,985)
Share of profits of associated companies	(7,091)	(12,255)
	<b>10,017,963</b>	7,320,016
Tax calculated at applicable tax rates	1,662,747	1,237,868
Income not subject to tax	(1,916,109)	(1,344,669)
Expenses not deductible for tax purposes	300,095	259,881
Tax losses not recognised	13,538	4,122
Temporary differences not recognised	2,546	4,262
Utilisation of previously unrecognised tax losses	(2,561)	(6,786)
Utilisation of previously unrecognised temporary differences	(3,482)	(1,980)
Withholding tax	4,330	57,312
Change in tax rates	77	(1,383)
Other items	324	220
	<b>61,505</b>	208,847

### 14. EARNINGS PER ORDINARY SHARE

The calculation of basic and diluted earnings per ordinary share is based on the Group's profit attributable to equity holders of the Company divided by the weighted average number of ordinary shares in issue during the year.

The basic and diluted earnings per ordinary share are the same since there are no potential dilutive shares.

	2022	2021
Weighted average number of ordinary shares in issue (thousands)	660,373	643,051
Group's profit attributable to equity holders of the Company (US\$'000)	9,965,245	7,128,127
Earnings per share attributable to equity holders of the Company (US\$)	15.09	11.08

### 15. DIVIDENDS

The final and second special dividends for 2021 of US\$1,723.6 million and US\$455.7 million respectively, and the interim and first special dividends for 2022 of US\$2,265.1 million and US\$1,697.2 million respectively have been accounted for as an appropriation of retained profit in the year ended 31st December 2022.

The Board of Directors proposes a final dividend in respect of 2022 of US\$2.61 (HK\$20.358 at the exchange rate of US\$1: HK\$7.8) (2021: US\$2.61 (HK\$20.358 at the exchange rate of US\$1: HK\$7.8)) per ordinary share. In addition, the Board of Directors proposes a second special dividend in respect of 2022 of US\$1.95 (HK\$15.210 at the exchange rate of US\$1: HK\$7.8) (2021: US\$0.69 (HK\$5.382 at the exchange rate of US\$1: HK\$7.8)) per ordinary share. The proposed dividends will be accounted for as an appropriation of retained profit in the year ending 31st December 2023.

**16. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)**

- (a) The aggregate net book amount of assets pledged as security for bank loans amounts to US\$nil (2021: US\$440.6 million). As at 31st December 2021, specific charges on vessels of the Group included legal mortgages and assignments of insurance claims and charter hire income relating to these vessels.
- (b) Interest costs of US\$13.2 million (2021: US\$4.1 million) during the year were capitalised as part of assets under construction.
- (c) Depreciation charge of US\$316.8 million (2021: US\$256.2 million) for the year has been expensed in “operating costs” and US\$22.9 million (2021: US\$21.5 million) in “business and administrative expenses”.
- (d) As at 31st December 2022 and 2021, the buildings outside Hong Kong are held under medium-term leasehold land.
- (e) Included in the container vessels and capitalised dry-docking costs, the net book value of capitalised dry-docking costs amounts to US\$52.9 million (2021: US\$42.6 million).

### 18. INVESTMENT PROPERTY

US\$'000	2022	2021
Balance at beginning of year	285,000	280,000
Additions	1,964	4,704
	286,964	284,704
Fair value (loss)/gain	(16,964)	296
Balance at end of year	270,000	285,000

#### Background

The investment property, "Wall Street Plaza", is a commercial property located at 88, Pine Street, New York, USA. The property is situated on three parcels of freehold land, all of which are wholly owned by the Group.

#### Valuation processes of the Group

The Group's investment property was valued at 31st December 2022 and 2021 by an independent professionally qualified valuer who holds a recognised relevant professional qualification. The Group's finance department reviews the valuation performed by the independent valuer for financial reporting purposes. This team reports directly to the Chief Financial Officer ("CFO"). Discussions of valuation processes and results are held between the CFO, the finance team and the valuer. As at 31st December 2022 and 2021, the fair value of the property has been determined by Cushman & Wakefield, Inc..

**18. INVESTMENT PROPERTY (CONTINUED)****Valuation techniques**

Fair value of the investment property is derived by using the discounted cash flow method with significant unobservable inputs (level 3). The net present value of the income stream is estimated by applying an appropriate discount rate which reflects the risk profile.

There were no changes to the valuation techniques during the year.

**Information about fair value measurement using significant unobservable inputs**

Discount rate is estimated by Cushman & Wakefield, Inc. based on the risk profile of the property being valued. If the discount rate is higher, the fair value would be lower. At 31st December 2022, discount rate of 7.5% per annum (2021: 7.3% per annum) is used in the valuation.

Net operating income growth rates of 0% per annum (2021: 0% per annum) for the first and second years and 3% per annum (2021: 3% per annum) for the remaining years are used in the valuation. If the growth rate is higher, the fair value would be higher.

Prevailing market rents are estimated based on recent lettings of US\$48 per sq ft to US\$52 per sq ft (2021: US\$49 per sq ft to US\$53 per sq ft), within the subject property. If the rents are higher, the fair value would be higher.

**19. INVESTMENTS IN JOINT VENTURES**

US\$'000	2022	2021
Share of net assets	9,916	11,894

The Group's share of assets, liabilities and results of the joint ventures are summarised below:

US\$'000	2022	2021
Non-current assets	1,323	2,438
Current assets	12,904	13,171
Non-current liabilities	–	(683)
Current liabilities	(4,311)	(3,032)
Share of net assets	9,916	11,894
Income	15,964	14,979
Expenses	(13,275)	(9,994)
Share of profits of joint ventures	2,689	4,985
Share of total comprehensive income of joint ventures	2,034	5,195

Particulars of the joint ventures at 31st December 2022 are shown on page 187.

### 20. INVESTMENTS IN ASSOCIATED COMPANIES

US\$'000	2022	2021
Share of net assets	93,344	102,282
Goodwill	2,988	2,988
Carrying amount	96,332	105,270

The Group's share of assets, liabilities and results of the associated companies are summarised as follows:

US\$'000	2022	2021
Non-current assets	79,433	89,245
Current assets	43,803	49,837
Non-current liabilities	(1,694)	(1,697)
Current liabilities	(28,198)	(35,103)
Share of net assets	93,344	102,282
Income	154,586	213,565
Expenses	(147,495)	(201,310)
Share of profits of associated companies	7,091	12,255
Share of total comprehensive (loss)/income of associated companies	(1,085)	15,480

Particulars of the associated companies at 31st December 2022 are shown on page 187.

## 21. INTANGIBLE ASSETS

US\$'000	Computer software costs
<b>Year ended 31st December 2022</b>	
Opening net book amount	7,656
Currency translation adjustments	(33)
Additions	10,021
Amortisation	(6,839)
Closing net book amount	10,805
<b>At 31st December 2022</b>	
Cost	163,611
Accumulated amortisation	(152,806)
Net book amount	10,805
<b>Year ended 31st December 2021</b>	
Opening net book amount	18,856
Currency translation adjustments	74
Additions	4,507
Disposals/written off	(16)
Amortisation	(15,765)
Closing net book amount	7,656
<b>At 31st December 2021</b>	
Cost	163,338
Accumulated amortisation	(155,682)
Net book amount	7,656

Amortisation of US\$6.8 million (2021: US\$15.8 million) is included in “business and administrative expenses” in the consolidated profit and loss account.

### 22. DEFERRED TAXATION ASSETS/(LIABILITIES)

US\$'000	2022	2021
Deferred taxation assets	30,349	7,570
Deferred taxation liabilities	(192,868)	(198,529)
	(162,519)	(190,959)

Deferred taxation assets and liabilities are offset when there is a legal right to set off current taxation assets with current taxation liabilities and when the deferred taxation relates to the same taxation authority. The above assets/(liabilities) shown in the consolidated balance sheet are determined after appropriate offsetting of the relevant amounts and include the following:

US\$'000	2022	2021
Deferred taxation assets to be recovered after more than twelve months	2,561	3,720
Deferred taxation liabilities to be settled after more than twelve months	(192,770)	(198,380)

Deferred taxation is calculated in full on temporary differences under the liability method using applicable tax rates prevailing in the countries in which the Group operates. The movements in deferred taxation assets and liabilities (prior to offsetting of balances within the same taxation jurisdiction) during the year were as follows:

US\$'000	Accelerated accounting depreciation	Deferred deductible expenses	Tax losses	Total
<b>Deferred taxation assets</b>				
At 1st January 2021	1,384	3,894	1,645	6,923
Currency translation adjustments	150	177	2	329
Credited/(charged) to consolidated profit and loss account	170	749	(351)	568
At 31st December 2021 and 1st January 2022	1,704	4,820	1,296	7,820
Currency translation adjustments	(511)	(156)	(72)	(739)
Credited to consolidated profit and loss account	1,802	18,108	4,402	24,312
<b>At 31st December 2022</b>	<b>2,995</b>	<b>22,772</b>	<b>5,626</b>	<b>31,393</b>

## 22. DEFERRED TAXATION ASSETS/(LIABILITIES) (CONTINUED)

US\$'000	Accelerated tax depreciation	Revaluation of investment property	Revenue expenditure	Undistributed earnings of subsidiaries and affiliates	Total
<b>Deferred taxation liabilities</b>					
At 1st January 2021	1,663	76,665	1,954	63,507	143,789
Currency translation adjustments	36	-	88	-	124
Charged/(credited) to consolidated profit and loss account	(275)	1,842	(1,126)	54,425	54,866
At 31st December 2021 and 1st January 2022	1,424	78,507	916	117,932	198,779
Currency translation adjustments (Credited)/charged to consolidated profit and loss account	(118)	-	(36)	-	(154)
	129	(6,160)	1,124	194	(4,713)
<b>At 31st December 2022</b>	<b>1,435</b>	<b>72,347</b>	<b>2,004</b>	<b>118,126</b>	<b>193,912</b>

Deferred taxation assets of US\$38.4 million (2021: US\$26.6 million) arising from unused tax losses of US\$194.6 million (2021: US\$138.6 million) have not been recognised in the consolidated financial statements. Unused tax losses of US\$168.8 million (2021: US\$119.7 million) have no expiry date and the remaining balance will expire at various dates up to and including 2042.

Deferred taxation liabilities of US\$118.1 million (2021: US\$117.9 million) were recognised as at 31st December 2022 for current intention to remit retained earnings of subsidiaries of US\$597.6 million (2021: US\$615.5 million) and retained earnings of affiliates of US\$6.3 million (2021: US\$7.9 million).

## 23. PENSION AND RETIREMENT ASSETS

The Group operates a number of defined benefit and defined contribution pension and retirement schemes in the main countries in which the Group operates. The total charges to the consolidated profit and loss account for the year were US\$49.4 million (2021: US\$34.1 million).

**Defined contribution schemes**

The principal defined contribution schemes are operated in the PRC and the USA. These schemes cover approximately 78% of the Group's employees. Contributions to the defined contribution schemes, all the assets of which are held in trust funds separate from the Group, are based on a percentage of an employee's salary, depending upon the length of service of the employee, but the Group's contributions to certain schemes may be reduced by contributions forfeited by those employees who leave the schemes prior to vesting fully in those contributions.

In 2008, the Group terminated the defined benefit scheme and post-retirement medical plans in the USA at the request of the labour unions. All the pension assets and obligations were transferred to a defined benefit multi-employer pension plan and a defined benefit multi-employer post-retirement medical plan (the "Plans") together with other industry players. Since the Group is not able to identify its share of the underlying financial position and performance of the Plans with sufficient reliability for accounting purposes, accordingly the Plans are accounted for by the Group as defined contribution plans.

### 23. PENSION AND RETIREMENT ASSETS (CONTINUED)

#### Defined contribution schemes (Continued)

The charges for the defined contribution schemes to the consolidated profit and loss account during the year are as follows:

US\$'000	2022	2021
Contributions to the schemes	48,902	32,802
Forfeitures utilised	(461)	(352)
	48,441	32,450

#### Defined benefit scheme

The amounts recognised in the consolidated balance sheet are as follows:

US\$'000	2022	2021
Net scheme assets	10,093	12,248

#### Net funded scheme assets

The defined benefit scheme is operated in the United Kingdom which was valued by Barnett Waddingham LLP. The defined benefit scheme (the "Scheme") covers less than 1% of the Group's employees and is funded. The assets of the Scheme are held in trust funds separate from the Group. Contributions to the Scheme are assessed in accordance with the advice of qualified actuaries in compliance with local practice and regulations. The actuarial assumptions used to calculate the projected benefit obligations of the Group's pension schemes vary according to the economic conditions of the countries in which they are situated.

The net scheme assets of the Scheme recognised in the consolidated balance sheet are determined as follows:

US\$'000	2022	2021
Fair value of plan assets	141,059	225,161
Present value of funded obligations	(130,966)	(212,913)
Surplus of funded plan	10,093	12,248

**23. PENSION AND RETIREMENT ASSETS (CONTINUED)****Defined benefit scheme (Continued)****Net funded scheme assets (Continued)**

Movements in the fair value of the plan assets of the Scheme during the year are as follows:

US\$'000	2022	2021
Balance at beginning of year	225,161	225,825
Currency translation adjustments	(24,237)	(2,149)
Interest income on plan assets	3,684	2,699
Remeasurement (loss)/gain on assets	(58,044)	5,448
Contributions from the Group	4,178	4,631
Contributions from the plan members	99	101
Benefits paid	(9,782)	(11,394)
Balance at end of year	141,059	225,161

Movements in the present value of obligations of the Scheme during the year are as follows:

US\$'000	2022	2021
Balance at beginning of year	212,913	241,272
Currency translation adjustments	(22,957)	(2,327)
Current service cost	1,231	1,487
Interest expense	3,452	2,868
Experience losses/(gains) on liabilities	4,197	(2,552)
Gains from changes to demographic assumptions	(2,580)	(5,258)
Gains from changes to financial assumptions	(55,607)	(11,284)
Contributions from the plan members	99	101
Benefits paid	(9,782)	(11,394)
Balance at end of year	130,966	212,913

The charges of the Scheme recognised in the consolidated profit and loss account are as follows:

US\$'000	2022	2021
Current service cost	1,231	1,487
Interest expense	3,452	2,868
Interest income on plan assets	(3,684)	(2,699)
Net expense recognised for the year	999	1,656

Charges of US\$0.3 million (2021: US\$0.4 million) and US\$0.7 million (2021: US\$1.3 million) respectively are included in "operating costs" and "business and administrative expenses" in the consolidated profit and loss account.

### 23. PENSION AND RETIREMENT ASSETS (CONTINUED)

#### Defined benefit scheme (Continued)

##### Net funded scheme assets (Continued)

The main actuarial assumptions made for the Scheme are as follows:

	2022	2021
Discount rate	4.8%	1.8%
Inflation rate	3.5%	3.7%
Expected future salary increases	2.6%	2.8%
Expected future pension increases	2.6%	2.6%
Actual return on plan assets (US\$'000)	(54,360)	8,147

At 31st December 2022, if discount rate had been 0.5% higher/lower, with all other variables held constant, the fair value of the funded obligations would have been US\$6.2 million lower/US\$6.8 million higher. At 31st December 2022, if inflation rate had been 0.2% higher/lower, with all other variables held constant, the fair value of the funded obligations would have been US\$1.1 million higher/lower. The sensitivities show the likely effect of a single assumption being adjusted while holding all other assumptions constant.

Plan assets of the Scheme comprise the following:

US\$'000	2022		2021	
Equity	15,020	11%	34,450	15%
Debt	110,144	78%	186,208	83%
Others	15,895	11%	4,503	2%
	141,059	100%	225,161	100%

Expected normal and deficit reduction contributions to the Scheme for the year ending 31st December 2023 are US\$4.2 million.

Through its defined benefit pension plan, the Group is exposed to a number of risks as follows:

- Investment risk. The Scheme holds investments in asset classes, such as equities, which have volatile market values and while these assets are expected to provide real returns over the long-term, the short-term volatility can cause additional funding to be required if deficit emerges.
- Interest rate and market risk. The Scheme's liabilities are assessed using market yields on high quality corporate bonds to discount the liabilities. As the Scheme holds assets such as equities, the value of the assets and liabilities may not move in the same way.
- Inflation risk. A significant proportion of the benefits under the Scheme are linked to inflation. Although the Scheme's assets are expected to provide a good hedge against inflation over the long term, movements over the short-term could lead to deficits emerging.
- Longevity and other demographic risk. If members live longer than assumed, a deficit will emerge in the Scheme.

**24. RESTRICTED BANK BALANCES**

US\$'000	2022	2021
Non-current	300	326
Current	3,126	2,550
	3,426	2,876

As at 31st December 2022, the restricted bank balances of US\$3.4 million (2021: US\$2.9 million) are funds pledged or required to be utilised for specific purposes.

The carrying amounts of the Group's restricted bank balances are mainly denominated in US dollar (2021: US dollar).

The credit quality of restricted bank balances by reference to Standard & Poor's and/or Moody's credit ratings is as follows:

US\$'000	2022	2021
AA	3,124	2,528
A	298	344
BBB	4	4
	3,426	2,876

**25. INVESTMENTS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME**

US\$'000	2022	2021
Balance at beginning of year	42	7,895
Currency translation adjustments	-	(2)
Disposals	(8)	(1,163)
Change in fair value recognised in other comprehensive income	-	(6,688)
Balance at end of year	34	42

Investments at fair value through other comprehensive income include the following:

US\$'000	2022	2021
Unlisted equity securities	34	42

The carrying amounts of the Group's investments at fair value through other comprehensive income are denominated in the following currencies:

US\$'000	2022	2021
Renminbi	-	8
Other currencies	34	34
	34	42

### 26. INVESTMENTS AT AMORTISED COST

US\$'000	2022	2021
Listed debt securities		
Hong Kong	10,001	19,000
Overseas	78,305	94,338
	88,306	113,338
Less: Current portion included in current assets	(35,340)	(15,003)
	52,966	98,335
Market value	86,158	120,601

Movements in investments at amortised cost are as follows:

US\$'000	2022	2021
Balance at beginning of year	113,338	147,412
Disposals	(10,118)	–
Redemptions on maturity	(15,000)	(34,100)
Amortisation	86	26
Balance at end of year	88,306	113,338

The carrying amounts of investments at amortised cost are denominated in US dollar (2021: US dollar).

The credit quality of investments at amortised cost by reference to Standard & Poor's and/or Moody's credit ratings is as follows:

US\$'000	2022	2021
A	25,339	36,189
BBB	62,967	77,149
	88,306	113,338

The maximum exposure to credit risk at the balance sheet date is the carrying amount of investments at amortised cost.

**27. OTHER NON-CURRENT ASSETS**

<b>US\$'000</b>	<b>2022</b>	<b>2021</b>
Deposit for vessel equipment	8,695	7,438
Others	9,250	9,864
	<b>17,945</b>	<b>17,302</b>

**28. INVENTORIES**

<b>US\$'000</b>	<b>2022</b>	<b>2021</b>
Bunker	165,099	140,549
Consumable stores	14,462	12,515
	<b>179,561</b>	<b>153,064</b>

**29. DEBTORS AND PREPAYMENTS**

<b>US\$'000</b>	<b>2022</b>	<b>2021</b>
Trade receivables		
Third parties	487,673	642,286
Fellow subsidiaries	12,123	12,044
Related companies	644	8,973
Less: Provision for impairment	(62,164)	(73,133)
Trade receivables – net	438,276	590,170
Other debtors	221,235	132,566
Other prepayments	171,509	215,579
Utility and other deposits	16,065	17,467
Amounts due from related parties		
Fellow subsidiaries	13,911	19,719
Related companies	12,264	156
	<b>873,260</b>	<b>975,657</b>

## Notes to the Consolidated Financial Statements

### 29. DEBTORS AND PREPAYMENTS (CONTINUED)

The credit quality of trade receivables net of provision for impairment, by reference to Standard & Poor's and/or Moody's credit ratings (if available) or to historical information about counterparty default rates is as follows:

US\$'000	2022	2021
Counterparties with external credit rating		
A	48,980	41,292
BBB	9,757	11,513
BB	6,255	10
	<b>64,992</b>	52,815
Counterparties without external credit rating		
Group 1	31,578	47,913
Group 2	339,879	485,663
Group 3	1,827	3,779
	<b>373,284</b>	537,355
	<b>438,276</b>	590,170

Note:

Group 1 – new customers (less than 6 months).

Group 2 – existing customers (more than 6 months) with no defaults in the past.

Group 3 – existing customers (more than 6 months) with some defaults in the past.

Trade receivables are normally due for payment on presentation of invoices or granted with an approved credit period ranging mainly from 10 to 30 days. Debtors with overdue balances are requested to settle all outstanding balances before any further credit is granted.

The ageing analysis of the Group's trade receivables, net of provision for impairment, prepared in accordance with the dates of invoices, is as follows:

US\$'000	2022	2021
Below 1 month	307,781	438,170
2 to 3 months	122,301	142,476
4 to 6 months	8,051	8,640
Over 6 months	143	884
	<b>438,276</b>	590,170

There is no concentration of credit risk with respect to trade receivables, as the Group has a large number of internationally dispersed customers. Other debtors and amounts due from related parties are fully performing.

**29. DEBTORS AND PREPAYMENTS (CONTINUED)**

The carrying amounts of the Group's trade receivables are denominated in the following currencies:

US\$'000	2022	2021
Euro	122,866	134,079
US dollar	79,856	141,996
Renminbi	45,182	93,004
Australian dollar	43,172	39,426
Japanese yen	34,129	20,849
Pound sterling	12,347	18,648
Canadian dollar	10,889	13,340
Hong Kong dollar	4,675	12,637
Other currencies	85,160	116,191
	<b>438,276</b>	<b>590,170</b>

Movements in the provision for impairment of trade receivables are as follows:

US\$'000	2022	2021
Balance at beginning of year	73,133	47,566
Currency translation adjustments	(72)	124
Provision	11,908	34,153
Written off	(3,388)	(3,087)
Reversal	(19,417)	(5,623)
Balance at end of year	<b>62,164</b>	<b>73,133</b>

To measure the expected credit losses which are included in the balance of provision for impairment of trade receivables, trade receivables have been grouped based on shared credit risk characteristics and due dates of invoices.

The expected loss rates are based on the payment profiles over a period of 36 months before 31st December 2022 or 31st December 2021 respectively and the corresponding historical credit losses experienced within the year. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables.

### 30. PORTFOLIO INVESTMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS

US\$'000	2022	2021
Listed equity securities		
Hong Kong	11,321	14,580
Overseas	2,048	2,294
Market value of listed equity securities	13,369	16,874
Listed debt securities		
Hong Kong	–	33,287
Overseas	–	6,095
	13,369	56,256

The carrying amounts of the Group's portfolio investments at fair value through profit or loss are mainly denominated in US dollar (2021: US dollar).

The credit quality of listed debt securities by reference to Standard & Poor's and/or Moody's credit ratings is as follows:

US\$'000	2022	2021
BBB	–	26,371
Non-ranking	–	13,011
	–	39,382

The fair values of all listed equity securities and debt securities are based on their current bid prices in active markets.

### 31. CASH AND BANK BALANCES

US\$'000	2022	2021
Short-term bank deposits		
Maturing within three months from the date of placement	8,862,083	1,624,580
Deposits placed with a fellow subsidiary*	113,581	140,150

### 35. SHARE-BASED PAYMENTS

An intermediate holding company of the Group, COSCO SHIPPING Holdings operates share option schemes whereby options are granted to eligible employees of the Group to subscribe for its shares. COSCO SHIPPING Holdings has no legal or constructive obligation to repurchase or settle the options in cash.

At a special general meeting of COSCO SHIPPING Holdings held on 30th May 2019, the shareholders of COSCO SHIPPING Holdings approved the adoption of a share option scheme (the “2019 Share Option Scheme”). No consideration was paid by the grantees for the acceptance of share options.

At a special general meeting of COSCO SHIPPING Holdings held on 29th May 2020, the shareholders of COSCO SHIPPING Holdings approved the adoption of a share option scheme (the “2020 Share Option Scheme”). No consideration was paid by the grantees for the acceptance of share options.

Under the 2019 Share Option Scheme and 2020 Share Option Scheme, the exercises of the options of three batches are subject to two-year, three-year and four-year vesting periods respectively during which a participant is not allowed to exercise any option granted. After the expiration of each vesting period, the participant may exercise the options in three batches in the one year, one year and three years after the expiration of each vesting period respectively. Within the exercise period of the share options, and subject to the fulfilment of the vesting conditions and the exercise arrangement of the share options, grant of each share option entitles the grantee to subscribe for one A share of COSCO SHIPPING Holdings at relevant exercise price in three batches evenly after the expiry of each vesting period.

Movements of the share options granted by COSCO SHIPPING Holdings to the employees of the Group during the years ended 31st December 2022 and 2021 are set out below:

			Year ended 31st December 2022					
			Number of share options					
Date of grant	Exercisable period	Exercise price (note iii)	Outstanding as at 1st January 2022	Transferred from a fellow subsidiary	Exercised during the period	Forfeited during the period	Outstanding as at 31st December 2022	
3rd June 2019	Note i	RMB3.15	36,258,199	695,890	(14,686,011)	(4,552,256)	17,715,822	
29th May 2020	Note ii	RMB2.69	5,453,760	-	(1,345,004)	(689,000)	3,419,756	
			41,711,959	695,890	(16,031,015)	(5,241,256)	21,135,578	

			Year ended 31st December 2021					
			Number of share options					
Date of grant	Exercisable period	Exercise price (note iii)	Outstanding as at 1st January 2021	Transferred from a fellow subsidiary	Exercised during the period	Forfeited during the period	Adjustment for capitalisation issue (note iii)	Outstanding as at 31st December 2021
3rd June 2019	Note i	RMB3.15	45,085,000	425,000	(12,230,874)	(5,927,200)	8,906,273	36,258,199
29th May 2020	Note ii	RMB2.69	4,195,200	-	-	-	1,258,560	5,453,760
			49,280,200	425,000	(12,230,874)	(5,927,200)	10,164,833	41,711,959

## Notes to the Consolidated Financial Statements

### 35. SHARE-BASED PAYMENTS (CONTINUED)

Notes:

- (i) The share options were granted on 3rd June 2019 under the 2019 Share Option Scheme at an exercise price of RMB4.10. According to the provisions of the 2019 Share Option Scheme, share options under each grant have a validity period of ten years from 30th May 2019 and cannot be exercised evenly during the two-year, three-year and four-year period commencing from the date of grant (the "Restriction Period"). Besides, subject to the fulfilment of the relevant vesting conditions, share options will be exercised in three batches evenly over a period of one year, one year and three years after the expiry of each Restriction Period, i.e. 33%, 33% and 34%.
- (ii) The share options were granted on 29th May 2020 under the 2020 Share Option Scheme at an exercise price of RMB3.50. According to the provisions of the 2020 Share Option Scheme, share options under each grant have a validity period of ten years from 29th May 2020 and cannot be exercised evenly during the Restriction Period. Besides, subject to the fulfilment of the relevant vesting conditions, share options will be exercised in three batches evenly over a period of one year, one year and three years after the expiry of each Restriction Period, i.e. 33%, 33% and 34%.
- (iii) Upon the completion of the capitalisation issue of 3 shares for every 10 shares by converting capital reserve to share capital of COSCO SHIPPING Holdings in July 2021, the exercise price of the outstanding share options under the 2019 Share Option Scheme was adjusted from RMB4.10 per share to RMB3.15 per share and the outstanding number of share options under the 2019 Share Option Scheme was adjusted from 29,687,577 to 38,593,850; the exercise price of the outstanding share options under the 2020 Share Option Scheme was adjusted from RMB3.50 per share to RMB2.69 per share and the outstanding number of share options under the 2020 Share Option Scheme was adjusted from 4,195,200 to 5,453,760.

### 36. BORROWINGS

US\$'000	2022	2021
<b>Non-current</b>		
Bank loans		
Secured	-	211,941
<b>Current</b>		
Bank loans		
Secured	-	38,716
<b>Total borrowings</b>	<b>-</b>	<b>250,657</b>

As at 31st December 2021, the maturity of borrowings was as follows:

US\$'000	Bank loans
As at 31st December 2021	
2022	38,716
2023	38,716
2024	38,716
2025	32,738
2026	53,192
2027 onwards	48,579
	<b>250,657</b>

As at 31st December 2021, borrowings were secured by property, plant and equipment of the Group (note 16(a)).

As at 31st December 2021, the effective interest rate on the Group's borrowings was 1.3%.

As at 31st December 2021, the carrying amounts of non-current and current borrowings approximated their fair values.

**36. BORROWINGS (CONTINUED)**

As at 31st December 2021, the carrying amounts of the Group's borrowings were denominated in US dollar.

As at 31st December 2021, the Group's borrowings were subject to floating interest rates.

**37. LEASE LIABILITIES**

2027 onwards	313,230	320,686
	<b>2,439,983</b>	<b>2,531,302</b>

**38. PROVISION**

The Group entered into the TSA in October 2019 to which the Group committed to place, or procure the placement of an annual minimum number of vessel lifts in LBCT for 20 years. Failure to meet the committed volume for each contract year would require certain level of deficiency payment as stipulated in the TSA.

As at 31st December 2022, the Group reassessed the expected number of vessel lifts in LBCT for each of the remaining contract years with reference to future prospects of the market and its expected load factor. The overall economic environment in the USA is still highly uncertain, in particular, dropping cargo demand and freight rates became more evident from the fourth quarter of 2022. It is expected that high inflation and interest rate environment would further slow down the USA economy growth and would adversely affect the demand/import of the USA for some time, it is expected the economy in the USA would take years to recover. The operational results for the LBCT routes were strong in the first half of 2022, which were primarily due to the high freight rates, driven by the terminal congestion and shortage in supply of container vessels. However, the high freight rates began to drop in the second half of 2022. As at 31st December 2022, with these uncertainties over such a long-term contract period, management reassessed that the projected vessel lifts in LBCT would result in a shortfall on minimum volume commitment over the remaining contract period. The Group estimated an onerous contract provision of US\$894.7 million as at 31st December 2022 (2021: US\$651.7 million).

## Notes to the Consolidated Financial Statements

### 38. PROVISION (CONTINUED)

Movements in the onerous provision are as follows:

US\$'000	2022	2021
Balance at beginning of year	651,745	348,545
Charged to consolidated profit and loss account	243,000	303,200
Balance at end of year	894,745	651,745

Refer to note 4(d) for more details of the calculation methodology adopted and key assumptions used by management in estimating the onerous provision.

### 39. CREDITORS AND ACCRUALS

US\$'000	2022	2021
Trade payables		
Third parties	156,028	196,391
Joint ventures	1,214	180

## (c) Disposal of a subsidiary

US\$'000	2022
Net assets disposed	
Investment in an associated company	46,361
Release of reserve upon disposal	(7,983)
Gain on disposal	14,064
Cash consideration, net	52,442

## (d) Major non-cash transactions

During the year, major non-cash transactions included the inception of leases of US\$381.6 million (2021: US\$853.6 million).

## (e) Analysis of cash and cash equivalents

US\$'000	2022	2021
Bank balances and deposits maturing within three months from the date of placement	9,463,902	3,940,809

## (f) Cash outflow for leases

In addition to the cash flows arising from lease liabilities as stated in note 41(b) above, the total cash outflow for short-term and low-value leases and interest expense on lease liabilities for the year ended 31st December 2022 was US\$385.2 million (2021: US\$420.3 million).

### 42. SIGNIFICANT RELATED PARTY TRANSACTIONS

The Company is controlled by COSCO SHIPPING, the ultimate parent company of the Group and a state-owned enterprise established in the PRC.

COSCO SHIPPING itself is controlled by the PRC government, which also owns a significant portion of the productive assets in the PRC. Government-related entities and their subsidiaries directly or indirectly controlled, jointly controlled or significantly influenced by the PRC government are defined as related parties of the Group. On that basis, related parties include COSCO SHIPPING and its subsidiaries (other than the Group) (collectively referred to as “COSCO SHIPPING Group”) and related entities of COSCO SHIPPING (including joint ventures and associated companies), other government-related entities and their subsidiaries, entities in which the Company is able to exercise joint control or significant influence, and key management personnel of the Company and COSCO SHIPPING as well as their close family members.

For the purpose of related party transaction disclosures, the Directors believe that it is meaningful to disclose the related party transactions with COSCO SHIPPING Group companies and related entities of COSCO SHIPPING (including joint ventures and associated companies) for the interests of financial statements users, although certain of those transactions which are individually or collectively not significant are exempted from disclosure. The Directors believe that the information of related party transactions has been adequately disclosed in the consolidated financial statements.

In addition to the related party information and transactions disclosed elsewhere in the consolidated financial statements, the following is a summary of significant related party transactions conducted in the ordinary course of business between the Group and its related parties during the year.

#### (a) Transactions with COSCO SHIPPING Group and related entities of COSCO SHIPPING (including joint ventures and associated companies)

US\$'000	2022	2021
Income		
Container transport income (note ii)	342,255	402,513
Freight forwarding income	7,592	7,877
Terminal handling and storage income	5,197	5,722
Service income		
Vessels	55,255	53,427
Containers	22,244	13,124
IT service income	31,105	41,516
Interest income	1,546	354
