# NOTICE OF ANNUAL GENERAL MEETING

**NOTICE IS HEREBY GIVEN** that the Annual General Meeting (“AGM”) of Chinney Kin Wing Holdings Limited (the “Company”, collectively with its subsidiaries, the “Group”) will be held on Friday, 2 June 2023 at 10:30 a.m. at Artyzen Club, 401A, 4/F Shun Tak Centre (near China Merchants Tower), 200 Connaught Road Central, Hong Kong for the following purposes:

1. To receive and consider the audited financial statements of the Company for the year ended 31 December 2022 together with the reports of the directors and the independent auditor thereon.
2. To declare a final dividend and a special dividend for the year ended 31 December 2022.
3. To re-elect directors of the Company (the “Directors”) and to authorise the board of Directors (the “Board”) to fix the directors’ remuneration.
4. To re-appoint auditor and to authorise the Board to fix their remuneration.
5. To consider as special business and, if thought fit, pass with or without amendments the following resolution as an Ordinary Resolution:

## ORDINARY RESOLUTION

**“THAT:**

- (a) subject to paragraph (c) below, a general mandate be and is hereby unconditionally granted to the directors of the Company to exercise during the Relevant Period (as hereinafter defined) of all the powers of the Company to allot, issue and deal with additional shares in the capital of the Company and to make or grant offers, agreements and options which would or might require the exercise of such powers;
- (b) the mandate in paragraph (a) above shall authorise the directors of the Company during the Relevant Period to make or grant offers, agreements and options which would or might require the exercise of such powers after the end of the Relevant Period;
- (c) the aggregate nominal amount of share capital allotted or agreed conditionally or unconditionally to be allotted (whether pursuant to an option or otherwise) and issued by the directors of the Company pursuant to the mandate in paragraph (a) above, otherwise than pursuant to (i) a Rights Issue (as hereinafter defined); or (ii) an issue of shares under any option scheme or similar arrangement for the time being adopted and approved by the shareholders of the Company for the grant or issue to officers and/or employees of the Company and/or any of its subsidiaries of shares or rights to acquire shares of the Company; or (iii) an issue of shares as scrip dividends or similar arrangement providing for the allotment of shares in lieu of the whole or part of a dividend on shares of the Company in accordance with the Bye-laws of the Company; or (iv) a specific authority granted by the shareholders of the Company in general meeting, shall not exceed twenty per cent. of the aggregate nominal amount of the issued share capital of the Company at the date of passing this Resolution, and the said mandate shall be limited accordingly; and

## NOTICE OF ANNUAL GENERAL MEETING

(d) for the purpose of this Resolution,

“Relevant Period” means the period from the passing of this Resolution until whichever is the earlier of:

- (i) the conclusion of the next annual general meeting of the Company;
- (ii) the expiration of the period within which the next annual general meeting of the Company is required by the Bye-laws of the Company or any applicable laws to be held; or
- (iii) the date of the passing of an ordinary resolution by the shareholders of the Company in general meeting revoking or varying the authority given to the directors of the Company by this Resolution.

“Rights Issue” means an offer of shares in the Company, or an offer of warrants, options or other securities giving rights to subscribe for shares, open for a period fixed by the directors of the Company to the holders of shares of the Company on the register of members of the Company on a fixed record date in proportion to their then holdings of such shares as at that date (subject to such exclusions or other arrangements as the directors of the Company, after making enquiry, may deem necessary or expedient in relation to fractional entitlements or having regard to any legal restrictions under the laws of the relevant place, or the requirements of the relevant regulatory body or any stock exchange in that place).”

By Order of the Board  
**Eric Wing-Hung Yuen**  
*Company Secretary*

Hong Kong, 27 April 2023

*Notes:*

- (1) A shareholder entitled to attend and vote at the AGM (and at any adjournment thereof) is entitled to appoint another person as his proxy to attend and vote instead of the shareholder. The proxy need not be a shareholder of the Company.
- (2) In order to be valid, a form of proxy in the prescribed form, together with the power of attorney or other authority (if any) under which it is signed or a certified copy of that power of attorney or other authority must be completed, signed and deposited with the Company’s Hong Kong branch share registrar, Tricor Investor Services Limited at 17/F, Far East Finance Centre, 16 Harcourt Road, Hong Kong, not later than 48 hours before the time appointed for holding the AGM (and at any adjournment thereof).
- (3) Where there are joint registered holders of any shares, any one of such joint holders may vote at the AGM (and at any adjournment thereof), either in person or by proxy, in respect of such shares as if he was solely entitled thereto, but if more than one of such joint holders be present at the meeting, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders, and for this purpose seniority shall be determined by the order in which the names stand in the register of members of the Company in respect of the joint holding.
- (4) Pursuant to Rule 13.39(4) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”), any vote of shareholders at a general meeting must be taken by poll and the Company must announce the results of the poll in the manner prescribed under Rule 13.39(5) of the Listing Rules. The chairman of the meeting will therefore put each of the resolutions to be proposed at the AGM to be voted by way of a poll pursuant to the Company’s Bye-laws. An announcement will be made by the Company following the conclusion of the AGM to inform the results of the AGM.

# CHAIRMAN'S STATEMENT

## TO OUR SHAREHOLDERS

On behalf of the board (the "Board") of directors (the "Directors") of Chinney Kin Wing Holdings Limited (the "Company"), I am pleased to present to our shareholders the annual report of the Company together with its subsidiaries (the "Group") for the year ended 31 December 2022. The Group's revenue decreased by 11.6% to HK\$1,806 million (2021: HK\$2,042 million). The profit attributable to equity holders increased to HK\$96 million (2021: HK\$67 million), representing an increase of 44.0% from the previous year.

The decrease of the Group's revenue was attributable to the completion of certain sizeable foundation contracts in the reporting year while the commencement of those newly awarded contracts was at late 2022 which had hindered their revenue contributions therefrom. However, strong demand for site investigation in the foundation industry had enhanced the continuing revenue contributions from the drilling and down-the-hole contracts. In 2022, the foundation market had a remarkable upswing of tender opportunities in both the public and private sectors. Challenges remained ahead in respect of the volatile direct material costs, shortage of skilled labour, as well as the increasing stringent contract requirement and contract complexities. Nonetheless, our Group's financial position remains sound and debt free and the Board is prudently optimistic for the foundation industry going forward.

## PROPOSED DIVIDENDS

The Board recommends the payment of a final dividend of HK2.0 cents per share and a special dividend of HK1.3 cents per share to celebrate the 25th anniversary of DrillTech for the year ended 31 December 2022 to the shareholders of the Company whose names appear on the Company's register of members on 14 June 2023. Subject to approval by the shareholders on the forthcoming annual general meeting, the dividend cheques are expected to be despatched to the shareholders on or before 5 July 2023.

## CLOSURE OF REGISTER OF MEMBERS FOR ANNUAL GENERAL MEETING

The annual general meeting of the Company is scheduled to be held on 2 June 2023. For determining the entitlement to attend and vote at the annual general meeting, the register of members of the Company will be closed from 30 May 2023 to 2 June 2023 (both days inclusive), during which period no share transfers will be registered. In order to be eligible to attend and vote at the annual general meeting, all transfer forms accompanied by relevant share certificates must be lodged with Tricor Investor Services Limited at 17/F, Far East Finance Centre, 16 Harcourt Road, Hong Kong by no later than 4:30 p.m. on 29 May 2023.

## CLOSURE OF REGISTER OF MEMBERS FOR DIVIDENDS

The proposed final dividend and proposed special dividend for the year ended 31 December 2022 are subject to the approval by the shareholders of the Company at the annual general meeting. For determining the entitlement to the proposed final dividend and proposed special dividend, the register of members of the Company will be closed from 9 June 2023 to 14 June 2023 (both days inclusive), during which period no share transfers will be registered. The last day for dealing in the Company's share cum entitlements to the proposed final dividend and proposed special dividend will be 6 June 2023. In order to qualify for the proposed final dividend and proposed special dividend, all transfer forms accompanied by relevant share certificates must be lodged with Tricor Investor Services Limited at 17/F, Far East Finance Centre, 16 Harcourt Road, Hong Kong by no later than 4:30 p.m. on 8 June 2023.

### PROSPECTS

Hong Kong is steadily embracing normality towards economic recovery as the city scrapped its COVID-19 mask mandate on 1 March 2023. It is anticipated that the pandemic-hit economy will in 2023 get back to its growth path and expand between 3.5% and 5.5%.

The 2022 business environment proved challenging to the construction sector with public projects and private development investments virtually grinding to a halt. Fortunately, the impact was comparatively mild in current economic environment when compared with other industries in Hong Kong. In the first three quarters in 2022, for instance, the gross value of private and public sector construction contracts grew respectively by an average of about 7% and 24% year on year.

In a bid to buoy the employment market, the HKSAR Government has adopted an expansionary fiscal policy which includes continuous investment in construction and infrastructure works across the territory. In light of this, we are cautiously optimistic about the construction market in the medium to the long term.

The number of public construction projects continued to grow as infrastructure works related to the Northern Metropolis Development Strategy commenced. In view of the development of such mega public infrastructure projects as the Northern Metropolis and Kau Yi Chau Artificial Islands outlined in the Budget 2023-24, we expect strong momentum to continue to drive the Hong Kong construction sector in the decade to come.

According to the latest Budgets, an addition of 360,000 public housing units is to be built within the next decade. As a means to boosting the property market, the Government has plans to accelerate land sales by 60%. This will make 75,000 private homes available in the next five years. Aside from this, the 10-year Hospital Development Plan and a series of other hospital development and improvement projects are well underway for the Hospital Authority to pursue continuous modernisation and meet the growing healthcare needs of the community.

As such, we posted healthy growth in the volume of tenders for foundation piling works contracts in both the public and private sectors. With the Group's strong reputation in the foundation market, alongside our continuous investment in machineries and facilities as well as talent development, we will continue to sharpen our competitive edge and look for appropriate opportunities to further extend our presence in both the private and public sectors towards long-term sustainable growth.

### APPRECIATION

On behalf of the Board, I would like to take this opportunity to express my appreciation to the management team and all of the staff members for their contributions and commitment, particularly amid difficult conditions that were exacerbated by the pandemic. Also, my gratitude must certainly be extended to all of the Group's business partners and shareholders for their unwavering support. Going forward, we will make every effort to bolster our fundamentals and strive to safeguard our steady business growth in the long run.

## CORPORATE GOVERNANCE PRACTICES

The Company is committed to achieving the standards of corporate conduct and to place importance on its corporate governance systems so as to ensure greater transparency, accountability and protection of shareholders' interests.

This report describes the Company's corporate governance practices and structures that were in place during the financial year, with specific reference to the principles and guidelines of the Corporate Governance Code (the "CG Code") as set out in Appendix 14 of the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules"). In developing and reviewing its corporate governance policies and practices, the Company has sought to adopt a balanced approach.

Throughout the year ended 31 December 2022, in the opinion of the Directors, the Company has complied with the applicable code provisions of the CG Code as set out in Appendix 14 of the Listing Rules, except C.5.1, which is discussed in this report.

## CORPORATE CULTURE

A positive and progressive corporate culture across the Group is vital for the Company to achieve its purpose towards the sustainable growth. It is the role of the Board to foster the Group's corporate culture with the core principles of integrity and accountability to guide the behaviours of its employees and ensure that the Company's purpose, values and business strategies are aligned to it.

## CORPORATE GOVERNANCE STRUCTURE

The Board believes that a well-balanced corporate governance structure will enable the Company to better manage its business risks and thereby ensure the Company is run in the best interests of its shareholders and other stakeholders. The Board is primarily responsible for setting directions, formulating strategies, monitoring performance and managing risks of the Group. At the same time, it is also charged with the duty to enhance the effectiveness of the corporate governance practices of the Group. Under the Board, there are currently three board committees, namely Audit Committee, Remuneration Committee and Nomination Committee. All the Committees perform their distinct roles in accordance with their respective terms of reference and assist the Board in supervising certain functions of the senior management.

## BOARD OF DIRECTORS

Members of the Board are collectively responsible for overseeing the business and affairs of the Group that aims to enhancing the Company's value for stakeholders. Roles of the Board include reviewing and guiding corporate strategies and policies; monitoring financial and operating performance; ensuring the integrity of the Group's accounting and financial reporting systems; and setting appropriate policies in managing risks of the Group while the day-to-day management is delegated to the executive Directors. The biographical details of the Directors are set out in the "Biographies of Directors and Senior Management" on pages 10 to 14 of this Annual Report.

The Board currently comprises of five executive Directors and three independent non-executive Directors. The Directors during the financial year and up to the date of the report are currently as follows:

### Executive Directors

Yuen-Keung Chan (*Chairman*)  
James Sing-Wai Wong  
Wing-Sang Yu (*Managing Director*)  
Philip Bing-Lun Lam  
Hin-Kwong So

## **BOARD OF DIRECTORS** *(continued)*

### **Independent Non-Executive Directors**

Siu-Chee Kong  
Ivan Ti-Fan Pong  
Robert Che-Kwong Tsui

Independent non-executive Directors serve the relevant function of bringing independent judgment on the development, performance and risk management of the Group through their contributions in board meetings.

The Board considers that each independent non-executive Director is independent in character and judgment. The Company has received from each independent non-executive Director a written confirmation of his independence pursuant to Rule 3.13 of the Listing Rules.

Board meetings of the Company were held twice during the year on a regular basis, which deviated from code provision C.5.1 of the CG Code which stipulates that the Board should meet regularly and board meetings should be held at least four times a year at approximately quarterly intervals.

In view of the simplicity of the Group's businesses, regular board meetings have not been held quarterly during the year. The interim and annual results together with all corporate transactions happened during the year have been reviewed and discussed amongst the Directors at the full board meetings held in the year.

Draft minutes of board meetings shall be circulated to Directors for comments and the signed minutes are kept by the Company Secretary.

In order to safeguard the interest of individual Director, the Company has also arranged directors' and officers' liability insurance for the Directors.

## **CHAIRMAN AND CHIEF EXECUTIVE OFFICER**

The CG Code requires that the roles of Chairman and Chief Executive be separated and not performed by the same individual to ensure there is a clear division of responsibilities between the Chairman and the management executives.

Mr. Yuen-Keung Chan, Chairman of the Company, is responsible for the management of the Board. The Group's business namely Foundation Division and Drilling Division are managed by its divisional managing directors and/or general managers.

Throughout the year, there was a clear division of responsibilities between the Chairman and the management executives.

## **APPOINTMENT AND RE-ELECTION OF DIRECTORS**

A Director appointed by the Board is subject to election by shareholders at the first annual general meeting after his or her appointment, and every executive and non-executive Director is subject to retirement by rotation and re-election at the Company's annual general meeting by shareholders every three years under the provision of the Bye-laws of the Company (the "Bye-laws").

## INDUCTION AND CONTINUOUS PROFESSIONAL DEVELOPMENT

The Company Secretary updates Directors on the latest developments and changes to the Listing Rules and the applicable legal and regulatory requirements regarding subjects necessary in the discharge of their duties.

All Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. Directors are continually updated on developments in the statutory and regulatory regime and the business environment to facilitate the discharge of their responsibilities.

Directors are required to submit to the Company annually details of training sessions undertaken by them in each financial year for the Company to maintain a training record for its Directors. According to the training records maintained by the Company, the training received by each of the Directors during the year ended 31 December 2022 is summarised as follows:

Name of Director	Type of trainings
<b>Executive Directors</b>	
Yuen-Keung Chan	A, B
James Sing-Wai Wong	A, B
Wing-Sang Yu	A, B
Philip Bing-Lun Lam	A, B
Hin-Kwong So	B
<b>Independent Non-Executive Directors</b>	
Siu-Chee Kong	A, B
Ivan Ti-Fan Pong	A, B
Robert Che-Kwong Tsui	A, B

A: attending seminars/conferences/workshops/forums

B: reading newspapers, journals and updates relating to the economy, environmental protection business or director's duties and responsibilities etc.

## CORPORATE GOVERNANCE FUNCTION

The Board is collectively responsible for performing the corporate governance duties including:

- (a) to develop, review and update the Company's policy and practices on corporate governance;
- (b) to review and monitor the training and continuous professional development of Directors and senior management;
- (c) to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- (d) to review the Company's compliance with the CG Code and disclosure in the "Corporate Governance Report"; and
- (e) to perform such other corporate governance duties and functions set out in the CG Code (as amended from time to time) for which the Board is responsible.

## DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 to the Listing Rules.

On specific enquiries made, all Directors have confirmed that they have complied with the required standard set out in the Model Code throughout the year ended 31 December 2022. Securities interests in the Company and its associated corporations held by each of the Directors are set out in the "Report of the Directors" on pages 25 to 34 of this Annual Report.

## REMUNERATION COMMITTEE

The Remuneration Committee was established on 20 October 2015 and it currently comprises two independent non-executive Directors namely Mr. Robert Che-Kwong Tsui (as Chairman) and Mr. Ivan Ti-Fan Pong and an executive Director namely Mr. Yuen-Keung Chan.

The terms of reference of the Remuneration Committee are available on the Stock Exchange's website and the Company's website. The principal functions include, but not limited to:

- reviewing and approving the management's remuneration proposals with reference to the Board's goals and objectives; and
- as the Board shall direct, making recommendations to the Board on the remuneration packages of individual executive Directors and senior management.

The Remuneration Committee consults the chairman of the Board and an executive Director about their remuneration proposals for other executive Directors and senior management.

Details of remuneration packages of the executive Directors during the year are set out under heading "Directors' Remuneration" on pages 82 and 83 in this Annual Report.

In 2022, two meetings of the Remuneration Committee were held during which the remuneration packages of all executive Directors and senior management for the year have been reviewed individually and the proposal for year 2022 remuneration adjustment and bonus distribution were considered.

## NOMINATION COMMITTEE

The Nomination Committee was established on 20 October 2015 and it currently comprises three independent non-executive Directors namely Mr. Ivan Ti-Fan Pong (as Chairman), Mr. Robert Che-Kwong Tsui and Mr. Siu-Chee Kong and two executive Directors namely Mr. Yuen-Keung Chan and Mr. James Sing-Wai Wong.

The terms of reference of the Nomination Committee are available on the Stock Exchange's website and the Company's website.

The roles and functions of the Nomination Committee include reviewing the structure, size and composition of the Board, identifying individuals suitably qualified to become Directors, selecting or making recommendations to the Board on nominations, appointment or re-appointment of Directors and Board succession, and assessing the independence of the independent non-executive Directors.

## **NOMINATION COMMITTEE** *(continued)*

In March 2022, one meeting of the Nomination Committee was held for reviewing the structure, size and composition, and assessing the independence of the independent non-executive Directors of the Board.

In order to maintain a diversity of perspectives among Board members, the Company adopted a board diversity policy which stated that the Company considers a number of factors when deciding on appointments to the Board and the continuation of those appointments. Such factors include gender, age, cultural background, educational background, professional expertise, industry experience, skills and knowledge, in addition to factors based on the Group's business models and specific needs from time to time.

According to Rule 13.92 of the Listing Rules, the Stock Exchange will not consider diversity to be achieved for a single gender board. Henceforth, the Board is planning to improve the gender diversity at board level and across the workforce, and is in the process of seeking one or more suitable candidates of different gender to join the Board as Director(s) on or before 31 December 2024.

The Nomination Committee monitors the implementation of the board diversity policy and report annually, in the Corporate Governance Report, on the Board's composition under diversified perspectives. The Nomination Committee reviews the board diversity policy, as appropriate, to ensure the effectiveness of the board diversity policy. The Nomination Committee also discusses any revisions that may be required, and recommend any such revisions to the Board for consideration and approval.

## **AUDIT COMMITTEE**

The Audit Committee was established on 20 October 2015 and it currently comprises three independent non-executive Directors namely Mr. Siu-Chee Kong (as Chairman), Mr. Ivan Ti-Fan Pong and Mr. Robert Che-Kwong Tsui.

The terms of reference of the Audit Committee are available on the Stock Exchange's website and the Company's website.

The primary duties of the Audit Committee include, but not limited to:

- to discuss with the external auditor the nature and scope of the audit and reporting obligations before the audit commences;
- to review the accounting principles and policies adopted by the Company and discuss with management and the external auditor the financial reporting matters;
- to review the financial statements of the Group before their submission to the Board for approval; and
- to review the effectiveness of the internal control and risk management system of the Group.

The Audit Committee met two times during the year under review. In March 2022, one meeting of Audit Committee was held at which the Audit Committee reviewed final results of the Company and its subsidiaries for the year ended 31 December 2021 as well as the audit report prepared by the external auditor relating to accounting issues and major findings in course of audit. In August 2022, one meeting of Audit Committee was held at which the Audit Committee has reviewed the accounting principles and policies adopted by the Company and discussed with management and the external auditor the financial reporting matters of the Group for the period ended 30 June 2022.

Draft minutes of the Audit Committee meetings were circulated to members of Audit Committee for comments and the signed minutes are kept by the Company Secretary.

## INTERNAL CONTROL AND RISK MANAGEMENT

The Board has overall responsibilities for maintaining the Group's systems of internal control and reviewing their effectiveness. The internal control systems of the Group are designed to provide reasonable assurance to minimise risk of failure in operational systems, and to assist in the achievement of the Group's goals. The systems are also structured to safeguard the Group's assets, to ensure the maintenance of proper accounting records and compliance with applicable laws, rules and regulations. The systems are designed to provide reasonable, but not absolute, assurance against material misstatement or loss, and to manage rather than eliminate risks of failure in the Group's operational systems and in the achievement of the Group's business objectives. The Group has dedicated internal audit function who reviews the effectiveness of the risk management and internal control systems from time to time in order to ensure that they meet with the dynamic and ever changing business environment.

During the year, the Audit Committee has reviewed the Group's internal control system and considered the internal audit report with the executive Directors and financial controller. The review covers all material controls, including financial, operational and compliance controls and risk management of the Group and such systems have been considered reasonably effective and adequate.

The Group regularly reminds the Directors and relevant employees for the compliance of policies regarding the inside information, and provide them with update on the appropriate guidelines or policies to ensure the compliance with regulatory requirements.

## DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Directors are responsible for overseeing the preparation of financial statements for each financial period with a view to ensuring such financial statements give a true and fair view of the state of affairs of the Group and of the results and cash flows for that period. The Company's financial statements are prepared in accordance with all relevant statutory requirements and applicable accounting standards. The Directors are responsible for ensuring that appropriate accounting policies are selected and applied consistently; and that judgments and estimates made are prudent and reasonable. The statement of the independent auditor of the Company, Messrs. Ernst & Young, with regard to their reporting responsibilities on the Company's financial statements is set out in the Independent Auditor's Report on pages 35 to 40.

## DIVIDEND POLICY

The Company has adopted a dividend policy (the "Dividend Policy"). Pursuant to which, in considering the declaration and payment of dividends, the Board shall maintain adequate cash reserves for meeting its working capital requirements and future business growth and take into account the following factors of the Group:

- a. financial results;
- b. cash flow situation;
- c. business conditions and strategies;
- d. future operations and earnings;
- e. capital requirements and expenditure plans;
- f. interests of shareholders;
- g. any restrictions on payment of dividends; and
- h. any other factors that the Board may consider relevant.

The Board has discretion to declare and distribute dividends to the shareholders of the Company, subject to the Bye-laws and all applicable laws and regulations. The Board will review the Dividend Policy from time to time and may exercise its sole and absolute discretion to update, amend and/or modify the Dividend Policy at any time as it deems fit and necessary. There is no assurance that dividends will be paid in any particular amount for any given period.

## COMMUNICATION WITH SHAREHOLDERS

The Company has adopted a Shareholders' Communication Policy on 20 October 2015 reflecting mostly the current practices of the Company for communication with its shareholders. Information will be communicated to shareholders through:

- continuous disclosure to the Stock Exchange of all material information;
- periodic disclosure through the annual and interim reports;
- notices of meetings and explanatory material;
- the annual general meetings and other general meetings; and
- the Company's website.

Full text of the Shareholders' Communication Policy is available at the following link of the Company's website:  
[http://chinneykinwing.etnet.com.hk/cg\\_doc/E-communicationpolicy.pdf](http://chinneykinwing.etnet.com.hk/cg_doc/E-communicationpolicy.pdf).

## SHAREHOLDERS' RIGHTS

### 1. Procedures for shareholders to convene a special general meeting

Pursuant to bye-law 58 of the Bye-laws, shareholders holding at the date of deposit of the requisition in aggregate not less than one-tenth of the voting rights (on a one vote per share basis) in the share capital of the Company may also make a requisition to convene a special general meeting and/or add resolutions to the agenda of a meeting. Such requisition shall be made in writing to the Board or the Company Secretary, to require a special general meeting to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two months after the deposit of such requisition. If within twenty-one days of such deposit, the Board fails to proceed to convene such meeting, the requisitionists themselves may do so in accordance with the provisions of Section 74(3) of the Companies Act 1981, but any meeting so convened shall not be held after the expiration of three months from the said date.

The requisition must be signed by the requisitionists and deposited at the principal place of business of the Company at Room 2308, 23rd Floor, Wing On Centre, 111 Connaught Road Central, Hong Kong (the "Principal Place of Business") for the attention of the Company Secretary.

The requisition will then be verified with the Company's Branch Share Registrar and Transfer Office in Hong Kong and upon its confirmation that the requisition is proper and in order, the Company Secretary will forward the requisition to the Board.

### 2. Procedures for shareholders to propose a person for election as a director of the Company

If a shareholder, who is duly qualified to attend and vote at the general meeting convened to deal with the appointment or election of Director(s), wishes to propose a person for election as a Director at that meeting, he/she shall have to lodge a written notice at the Company's headquarters at Room 2308, 23/F, Wing On Centre, 111 Connaught Road Central, Hong Kong, for the attention of the Company Secretary of the Company.

In order for the Company to inform all shareholders of that proposal, the written notice must state (i) his/her intention to propose such person for election as a Director, and (ii) the biographical details of such nominated candidate as required under Rule 13.51(2) of the Listing Rules for publication by the Company and be signed by the shareholder concerned and the person who has been proposed indicating his/her willingness to be elected.

The period for lodgement of the above notice shall be at least 10 business days commencing on the day after the despatch of the notice of the general meeting appointed for such election of Director(s) and ending on no later than 10 business days prior to the date of such general meeting.

Upon receipt of the above notice from a shareholder which is received after publication of the notice of general meeting, the Company shall, prior to the general meeting, publish an announcement or issue a supplementary circular disclosing the particulars of the proposed Director pursuant to Rule 13.51(2) of the Listing Rules.

Full text of the procedures for shareholders to propose a person for election as a director of the Company is available at the following link of the Company's website:

[http://chinneykinwing.etnet.com.hk/cg\\_doc/E-proceduresforshareholders.pdf](http://chinneykinwing.etnet.com.hk/cg_doc/E-proceduresforshareholders.pdf).

## SHAREHOLDERS' RIGHTS *(continued)*

### 3. The procedures for sending enquiries to the Board

Shareholders and other stakeholders may send their enquiries and concerns in writing to the Board by addressing them to the Company Secretary at the Principal Place of Business and the Company Secretary shall then forward the same to the appropriate executives of the Company or members in the Board for further handling.

### 4. The procedures for putting forward proposals at shareholders' meetings

To put forward proposals at an annual general meeting or a special general meeting, the shareholders shall submit a written notice of those proposals with the detail contact information to the Company Secretary at the Principal Place of Business. The request will be verified with the Company's Branch Share Registrar and Transfer Office in Hong Kong and upon its confirmation that the request is proper and in order, the Company Secretary will ask the Board to include the resolution in the agenda for the general meeting. Moreover, the notice period to be given to all the shareholders for consideration of the proposals submitted by the shareholders concerned varies as follows pursuant to bye-law 59(1) of the Bye-laws:

- (a) for an annual general meeting, it shall be called by notice of not less than twenty-one clear days; and
- (b) for all other general meetings, they must be called by notice of not less than fourteen clear days.

The directors of the Company (the “Directors”) herein present their report of the Company and the audited consolidated financial statements of the Company and its subsidiaries (the “Group”) for the year ended 31 December 2022.

### PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The Company is an investment holding company. Its subsidiaries are principally engaged in foundation construction, and drilling and site investigation projects for both public and private sectors in Hong Kong and overseas. Details of the main subsidiaries and their activities are set out in note 1 to the financial statements. There were no significant changes in the nature of the Group’s principal activities during the year.

Further discussion and analysis of these activities as required by Schedule 5 to the Hong Kong Companies Ordinance, including a description of the principal risks and uncertainties facing the Group and an indication of likely future development in the Group’s business, can be found in the Chairman’s Statement on pages 8 and 9 of this Annual Report and the Management Discussion and Analysis set out on pages 26 to 28 of this Report of the Directors.

In the opinion of the Directors, Chinney Alliance Group Limited (“CAGL”), a company incorporated in Bermuda with limited liability and listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”), is the ultimate holding company of the Company.

CAGL and its subsidiaries, but excluding the Group, are hereafter collectively referred to as the “Remaining Group”.

### RESULTS AND DIVIDENDS

The Group’s profit for the year ended 31 December 2022 and the Group’s financial position as at that date are set out in the financial statements on pages 41 to 110.

The board of Directors (the “Board”) recommends the payment of a final dividend of HK2.0 cents per share and a special dividend of HK1.3 cents per share to celebrate the 25th anniversary of DrilTech for the year ended 31 December 2022 to the shareholders of the Company whose names appear on the Company’s register of members on 14 June 2023. Subject to approval by the shareholders at the forthcoming annual general meeting, the dividend cheques are expected to be despatched to the shareholders on or before 5 July 2023.

## MANAGEMENT DISCUSSION AND ANALYSIS

### BUSINESS AND OPERATION REVIEW

As at 31 December 2022, the Group had 9 and 47 projects in progress with contract sum of approximately HK\$2,976 million and HK\$691 million in the Foundation Division and Drilling Division respectively.

#### Revenue

Set out below is the breakdown of revenue of the Group during the current and previous years:

	<b>2022</b>	2021
	<b>HK\$'000</b>	HK\$'000
Foundation Division	<b>1,453,320</b>	1,718,935
Drilling Division	<b>352,523</b>	323,443
	<b>1,805,843</b>	2,042,378

The Group's revenue for the year under review was HK\$1,805.8 million (2021: HK\$2,042.4 million), representing a decrease of 11.6% from that of previous year. The decrease of revenue was mainly due to the decrease of contribution from the Foundation Division with previous year of HK\$1,718.9 million to reporting year of HK\$1,453.3 million, representing a decrease of HK\$265.6 million or 15.5%. The reduced revenue of the Foundation Division was primarily due to the completion of certain sizeable foundation contracts in the year under review while some of the newly awarded contracts were only commenced in the late half of 2022. In addition, we have been engaged as sub-contractors in several foundation contracts for bored pile construction only in the reporting year, other foundation works such as site formation and pile cap works were excluded from the foundation contracts. The revenue contribution from those foundation contracts was to certain extent being reduced. In respect of our Drilling Division, the revenue contribution increased from previous year of HK\$323.4 million to reporting year of HK\$352.5 million, representing an increase of HK\$29.1 million or 9.0%. The increased revenue of the Drilling Division was mainly due to the strong demand of site investigation in the drilling market.

#### Gross profit and gross profit margin

The Group's total gross profit for the reporting year was HK\$289.4 million (2021: HK\$257.1 million), representing an increase of 12.6% from the previous year. The group's overall gross profit margin was also increased from previous year of 12.6% to current reporting year of 16.0%. The increase of total gross profit and improved gross profit margin was attributed to the increased tender opportunities in the foundation market, especially from that of the public sector, which had allowed the foundation contractors for the inclusion of reasonable profit margin in the tender price by reflecting the complexities and difficulties of the foundation construction. In addition, the adoption of alternative design of the foundation contracts as well as our persistently implementation of stringent project cost control had minimised the overall construction cost. These combined factors, together with enhanced contributions from the Drilling Division, had resulted in the overall improvement in both the gross profit and gross profit margin accordingly.

#### Administrative expenses

The Group's administrative expenses in the reporting year was HK\$179.8 million, representing an increase of HK\$7.4 million or 4.3% as compared with the previous corresponding year of HK\$172.4 million. The increase of administrative expenses was mainly attributed to the increase of staff costs of HK\$9.8 million in the reporting year which was partly set-off by the saving of other administrative expenses due to the closely monitoring of our administrative overhead.

### BUSINESS AND OPERATION REVIEW *(continued)*

#### *Net profit*

The Group's net profit in the reporting year was HK\$96.0 million, representing an increase of 44.0% or HK\$29.3 million, compared to the previous year's amount of HK\$66.7 million. The increase of net profit was mainly due to the increased gross profit of HK\$32.3 million generated from construction projects as well as the Employment Support Scheme subsidies of HK\$15.2 million by the Hong Kong Government in the reporting year. The increased contributions was partly set-off by the allowance for impairment loss of HK\$9.5 million as provided in view of the long overdue trade receivables together with the increased tax expenses of HK\$5.1 million in the year under review.

### FINANCIAL REVIEW

#### *Liquidity and financial resources*

As at 31 December 2022, the Group had unpledged cash and bank balances of HK\$457.8 million as compared with that of HK\$186.0 million at 31 December 2021. The increase of cash and bank balances of HK\$271.8 million, after the payment of 2021 final dividend of HK\$22.5 million, capital payment of HK\$59.6 million in acquisition of new fleet machineries as well as partial consideration of HK\$42.0 million for investment in an associate and the corresponding right-of-use assets, was mainly due to the net cash inflow of certain sizeable foundation contracts in the reporting year. The Group had maintained a sound financial position and remained debt free during the year under review.

#### *Funding and treasury policy*

The Group has a prudent funding and treasury policy. Surplus funds are maintained in the form of cash deposits with licensed banks. To manage liquidity risk, the board of directors closely monitors the Group's position to ensure that the liquidity structure of the Group's assets, liabilities and other commitments can meet its funding requirements from time to time.

#### *Contingent liabilities*

As at 31 December 2022, the Group provided corporate guarantees and counter indemnities to certain banks and an insurance company for an aggregate amount of HK\$270.5 million (2021: HK\$253.7 million) for the issue of performance bonds in its ordinary course of business.

#### *Employees and remuneration policies*

As at 31 December 2022, the Group employed 612 staff in Hong Kong. The Group is proud of the professional foundation and drilling contracting team formed by these colleagues. Remuneration packages are reviewed annually and determined by reference to market pay and individual performance. In addition to salary payments and discretionary bonuses, the Group also provides other employment benefits including medical insurance cover, provident fund and educational subsidies to eligible staff.

## MANAGEMENT DISCUSSION AND ANALYSIS *(continued)*

### OUTLOOK AND FUTURE PLANS

In the past year, the foundation industry has witnessed a remarkable upswing in bidding projects, largely due to the government's efforts to develop the northern New Territories. In addition, the acceleration of construction in public and subsidised housing has played a significant role. Encouragingly, this increase in bidding opportunities has been accompanied by a reduction in the need to resort to price-cutting strategies in order to secure contracts.

In spite of the relatively optimistic outlook, costs will continue to pose headwinds. While global inflationary pressures cause volatility in direct material costs, demand for skilled labour and technical personnel in the construction industry locally is driving production cost pressure which together are cutting into our profit margins. Labour shortage is a constant challenge to the industry at large. Many of the current workers are aging and the younger generations are not keen on developing a career in the industry. In anticipation of future business demands, the Group is making a strategic investment in talent development. At the forefront of this initiative was the Chinney Kin Wing Academy launched by the end of 2022. Chinney Kin Wing Academy serves to bolster staff competence by providing comprehensive training for new hires, sharing technical knowledge, and fostering skill development among existing staff under the guidance of department heads. It also seeks to instil a sense of mission in colleagues, encouraging them to contribute to the construction industry and make positive impact on the larger community in Hong Kong. By sharing knowledge and expertise, the Group hopes to create a culture of achievement that will drive future success.

As we look to the future in 2023, the Group is committed to optimising our warehouse operations and enhancing our Information Technology capabilities. One of our primary goals is to increase productivity by minimising menial tasks and eliminating unnecessary processes. To achieve this, we are stepping up investing in advanced technologies and developing our Information Technology workforce to further streamline our operations and increase project efficiency.

Recognised with the Koden Test accreditation under The Hong Kong Laboratory Accreditation Scheme ("HOKLAS"), our subsidiary DrilTech is set to elevate its field testing services in the drilling industry, bolstered by the application of various categories of testing licenses under the HOKLAS. Moving forward, DrilTech is gearing up to expand its laboratory testing business further under the HOKLAS, which generates added advantage for our business. Additionally, DrilTech is exploring new growth opportunities, with a particular focus on diversifying its service offerings in marine ground investigation, instrumentation and field testing. These strategic moves are expected to result in a diversified income stream for DrilTech and increased returns for our shareholders.

With a focus on improving shareholder returns and maintaining a strong market position, the Group is shifting its focus towards identifying and leveraging diverse opportunities. To achieve sustainable business development and enhance competitiveness, the Group will adopt different tendering strategies and establish long-term relationships with quality customers, while also diversifying their services.

Furthermore, the Group is in the plan of establishing a headquarters, which will serve as a strong foundation for their long-term growth and success. This move underscores our commitment to creating a stable and reliable base from which to pursue new opportunities and achieve greater heights.

The Group supports the government in expediting the implementation of public works projects and remains prudently optimistic about the long-term prospects of the construction market. As one of the most dependable contractors in the foundation segment with an extensive range of specialised machinery and professional team, we are confident that the Group will secure more projects and play an instrumental role in the city's landmark projects.

## NON-COMPETITION UNDERTAKING

To ensure that there is a clear delineation between the business of the Remaining Group and that of the Group, CAGL, Dr. James Sai-Wing Wong and the Company entered into a Deed of Non-competition (the “Deed”) on 20 October 2015. Pursuant to the Deed, CAGL and Dr. James Sai-Wing Wong undertakes that the Remaining Group would not, inter alia, engage in any foundation business that is or is likely to be in competition with that of the Group. For details about the above-mentioned Deed, please refer to section headed “Relationship with Controlling Shareholders” in the Prospectus dated 30 October 2015.

CAGL and Dr. James Sai-Wing Wong had confirmed to the Company of its compliance with the Deed. The independent non-executive Directors have reviewed the status of compliance and confirmed that all the undertakings under the Deed have been complied with by CAGL and Dr. James Sai-Wing Wong and duly enforced for the year ended 31 December 2022.

## ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group is committed to build an environmental-friendly corporation with the aim to conserve natural resources. The Group has taken initiatives to reduce energy consumption and water usage and encourage recycle of office supplies and other materials. The Group will continue to review and promote its environmental policies.

During the year ended 31 December 2022, there were no material breach of or non-compliance with applicable laws and regulations by the Group that have significant impact on the business and operations of the Group.

## RELATIONSHIP WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

The Group’s relationships with its employees are set out in the Management Discussion and Analysis section above.

The Group recognises the importance of maintaining good relationships with business partners, customers, suppliers and sub-contractors to achieve its long-term business growth and development. Accordingly, the Group has kept good communications and shared business updates with them when appropriate.

## To the shareholders of Chinney Kin Wing Holdings Limited

*(Incorporated in Bermuda with limited liability)*

### OPINION

We have audited the consolidated financial statements of Chinney Kin Wing Holdings Limited (the "Company") and its subsidiaries (the "Group") set out on pages 41 to 110, which comprise the consolidated statement of financial position as at 31 December 2022, and the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

# INDEPENDENT AUDITOR'S REPORT

## KEY AUDIT MATTERS (continued)

### Key audit matter

#### **Revenue recognition for construction services**

For the year ended 31 December 2022, the Group recognised revenue from construction contracting businesses amounting to HK\$1,805,843,000.

The Group has recognised revenue from the provision of construction services over time, using an input method to measure progress towards complete satisfaction of the service, because the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.

The input method recognises revenue based on the proportion of the actual costs incurred relative to the estimated total costs for satisfaction of the construction services. This involves the use of management judgements and estimation uncertainty, including estimating the progress towards completion of the services, scope of deliveries and services required, total contract costs incurred, forecasting the costs to complete a contract, valuing contract variations, claims and potential liquidated damages and estimating the provision for onerous contracts.

Relevant disclosures are included in notes 4 and 6 to the financial statements.

### How our audit addressed the key audit matter

We performed the following procedures in relation to revenue recognition for construction services:

- evaluating the significant judgements made by management, through an examination of project documentation, key contracts and variation orders;
- discussing the status of projects under construction, including estimated costs to completion, assessment of potential liquidated damages for major contracts and provision for onerous contract, with management, finance, and technical personnel of the Group;
- testing the controls of the Group over its processes to record/estimate contract revenue, actual cost incurred and the estimated total cost;
- checking, on a sampling basis, the payment certificates issued by the architects employed by contract customers, payment applications from subcontractors and invoices from suppliers; and
- checking the estimated total costs for satisfaction of the construction contract to the subcontractors and suppliers' quotation, and comparing actual costs incurred with the estimated total costs for satisfaction of the construction services to assess the status of the projects on a sampling basis.

## KEY AUDIT MATTERS *(continued)*

### Key audit matter

#### ***Impairment assessment of trade receivables and contract assets***

As at 31 December 2022, the Group recorded trade receivables of HK\$274,974,000 and contract assets of HK\$293,749,000.

The measurement on the Group's trade receivables and contract assets under the expected credit loss ("ECL") approach was estimated by management through the application of management judgements and estimations.

The credit period granted by the Group to the customers is generally one month. Management performs periodic assessment on the recoverability of the trade receivables and contract assets based on information including credit profiles of different customers, ageing of the trade receivables, historical settlement records, subsequent settlement or the billing status, expected timing and the amount of realisation of outstanding balances, and on-going trading relationships with the relevant customers.

Management also considers forward-looking information that may impact the customers' ability to repay the outstanding balances in order to estimate the expected credit losses for the impairment assessment.

Relevant disclosures are included in notes 4, 17 and 18 to the financial statements.

### How our audit addressed the key audit matter

We performed the following procedures in relation to impairment assessment of trade receivables and contract assets:

- assessing and testing the Group's processes and controls relating to the monitoring of trade receivables and contract assets; and
- evaluating the expected credit loss provisioning methodology, key data inputs and assumptions, including both historical and forward-looking information, used to determine the expected credit losses by taking into account factors such as ageing of trade receivables, subsequent settlements of trade receivables and subsequent transfers of contract assets to trade receivables, actual data of the gross domestic product and consumer price index used in forward-looking information, and other relevant information on a sampling basis.

# INDEPENDENT AUDITOR'S REPORT

## OTHER INFORMATION INCLUDED IN THE ANNUAL REPORT

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

*(continued)*

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

# INDEPENDENT AUDITOR'S REPORT

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

*(continued)*

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Wong Sau Pik.

## 2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for leasehold land which has been measured at fair value. These financial statements are presented in Hong Kong dollars (“HK\$”) and all values are rounded to the nearest thousand (HK\$’000) except when otherwise indicated.

### Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the “Group”) for the year ended 31 December 2022. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

# NOTES TO THE FINANCIAL STATEMENTS

31 December 2022

## 2.1 BASIS OF PREPARATION *(continued)*

### **Basis of consolidation** *(continued)*

Generally, there is a presumption that a majority of voting right results in control. When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

## 2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following revised HKFRSs for the first time for the current year's financial statements.

Amendments to HKFRS 3	<i>Reference to the Conceptual Framework</i>
Amendments to HKAS 16	<i>Property, Plant and Equipment: Proceeds before Intended Use</i>
Amendments to HKAS 37	<i>Onerous Contracts - Cost of Fulfilling a Contract</i>
<i>Annual Improvements to HKFRSs 2018-2020</i>	Amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41

The nature and the impact of the revised HKFRSs that are applicable to the Group are described below:

- (a) Amendments to HKFRS 3 replace a reference to the previous *Framework for the Preparation and Presentation of Financial Statements* with a reference to the *Conceptual Framework for Financial Reporting* (the "Conceptual Framework") issued in June 2018 without significantly changing its requirements. The amendments also add to HKFRS 3 an exception to its recognition principle for an entity to refer to the Conceptual Framework to determine what constitutes an asset or a liability. The exception specifies that, for liabilities and contingent liabilities that would be within the scope of HKAS 37 or HK(IFRIC)-Int 21 if they were incurred separately rather than assumed in a business combination, an entity applying HKFRS 3 should refer to HKAS 37 or HK(IFRIC)-Int 21 respectively instead of the Conceptual Framework. Furthermore, the amendments clarify that contingent assets do not qualify for recognition at the acquisition date. The Group has applied the amendments prospectively to business combinations that occurred on or after 1 January 2022. As there were no business combinations during the year, the amendments did not have any impact on the financial position and performance of the Group.
- (b) Amendments to HKAS 16 prohibit an entity from deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling any such items, and the cost of those items as determined by HKAS 2 *Inventories*, in profit or loss. The Group has applied the amendments retrospectively to items of property, plant and equipment made available for use on or after 1 January 2021. Since there was no sale of items produced prior to the property, plant and equipment being available for use, the amendments did not have any impact on the financial position or performance of the Group.

# NOTES TO THE FINANCIAL STATEMENTS

31 December 2022

## 2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

- (c) Amendments to HKAS 37 clarify that for the purpose of assessing whether a contract is onerous under HKAS 37, the cost of fulfilling the contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract include both the incremental costs of fulfilling that contract (e.g., direct labour and materials) and an allocation of other costs that relate directly to fulfilling that contract (e.g., an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract as well as contract management and supervision costs). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract. Prior to the initial application of the amendments, the Group included only incremental costs when determining whether a contract was onerous. In accordance with the transitional provisions, the Group has applied the amendments prospectively to contracts for which it has not yet fulfilled all its obligations at 1 January 2022 and none of them was onerous. Therefore, the amendments did not have any impact on the financial position or performance of the Group.
- (d) *Annual Improvements to HKFRSs 2018-2020* sets out amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41. Details of the amendment that is applicable to the Group are as follows:
- *HKFRS 9 Financial Instruments*: clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. The Group has applied the amendment prospectively from 1 January 2022. As there was no modification or exchange of the Group's financial liabilities during the year, the amendment did not have any impact on the financial position or performance of the Group.

## 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

Amendments to HKFRS 10 and HKAS 28 (2011)	<i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i> <sup>3</sup>
Amendments to HKFRS 16	<i>Lease Liability in a Sale and Leaseback</i> <sup>2</sup>
HKFRS 17	<i>Insurance Contracts</i> <sup>1</sup>
Amendments to HKFRS 17	<i>Insurance Contracts</i> <sup>1,5</sup>
Amendment to HKFRS 17	<i>Initial Application of HKFRS 17 and HKFRS 9 – Comparative Information</i> <sup>6</sup>
Amendments to HKAS 1	<i>Classification of Liabilities as Current or Non-current (the “2020 Amendments”)</i> <sup>2,4</sup>
Amendments to HKAS 1	<i>Non-current Liabilities with Covenants (the “2022 Amendments”)</i> <sup>2</sup>
Amendments to HKAS 1 and HKFRS Practice Statement 2	<i>Disclosure of Accounting Policies</i> <sup>1</sup>
Amendments to HKAS 8	<i>Definition of Accounting Estimates</i> <sup>1</sup>
Amendments to HKAS 12	<i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i> <sup>1</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2023

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2024

<sup>3</sup> No mandatory effective date yet determined but available for adoption

<sup>4</sup> As a consequence of the 2022 Amendments, the effective date of the 2020 Amendments was deferred to annual periods beginning on or after 1 January 2024. In addition, as a consequence of the 2020 Amendments and 2022 Amendments, Hong Kong Interpretation 5 *Presentation of Financial Statements - Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause* was revised to align the corresponding wording with no change in conclusion

<sup>5</sup> As a consequence of the amendments to HKFRS 17 issued in October 2020, HKFRS 4 was amended to extend the temporary exemption that permits insurers to apply HKAS 39 rather than HKFRS 9 for annual periods beginning before 1 January 2023

<sup>6</sup> An entity that chooses to apply the transition option relating to the classification overlay set out in this amendment shall apply it on initial application of HKFRS 17

Further information about those HKFRSs that are expected to be applicable to the Group is described below.

Amendments to HKFRS 10 and HKAS 28 (2011) address an inconsistency between the requirements in HKFRS 10 and in HKAS 28 (2011) in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The amendments require a full recognition of a gain or loss resulting from a downstream transaction when the sale or contribution of assets between an investor and its associate or joint venture constitutes a business. For a transaction involving assets that do not constitute a business, a gain or loss resulting from the transaction is recognised in the investor’s profit or loss only to the extent of the unrelated investor’s interest in that associate or joint venture. The amendments are to be applied prospectively. The previous mandatory effective date of amendments to HKFRS 10 and HKAS 28 (2011) was removed by the HKICPA in January 2016 and a new mandatory effective date will be determined after the completion of a broader review of accounting for associates and joint ventures. However, the amendments are available for adoption now.

# NOTES TO THE FINANCIAL STATEMENTS

31 December 2022

## 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

*(continued)*

Amendments to HKFRS 16 specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains. The amendments are effective for annual periods beginning on or after 1 January 2024 and shall be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of HKFRS 16 (i.e., 1 January 2019). Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.

Amendments to HKAS 1 *Classification of Liabilities as Current or Non-current* clarify the requirements for classifying liabilities as current or non-current, in particular the determination over whether an entity has a right to defer settlement of the liabilities for at least 12 months after the reporting period. Classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement of the liability. The amendments also clarify the situations that are considered a settlement of a liability. In 2022, the HKICPA issued the 2022 Amendments to further clarify that, among covenants of a liability arising from a loan arrangement, only those with which an entity must comply on or before the reporting date affect the classification of that liability as current or non-current. In addition, the 2022 Amendments require additional disclosures by an entity that classifies liabilities arising from loan arrangements as non-current when it has a right to defer settlement of those liabilities that are subject to the entity complying with future covenants within 12 months after the reporting period. The amendments are effective for annual periods beginning on or after 1 January 2024 and shall be applied retrospectively. Earlier application is permitted. An entity that applies the 2020 Amendments early is required to apply simultaneously the 2022 Amendments, and vice versa. The Group is currently assessing the impact of the amendments and whether existing loan agreements may require revision. Based on a preliminary assessment, the amendments are not expected to have any significant impact on the Group's financial statements.

Amendments to HKAS 1 *Disclosure of Accounting Policies* require entities to disclose their material accounting policy information rather than their significant accounting policies. Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. Amendments to HKFRS Practice Statement 2 provide non-mandatory guidance on how to apply the concept of materiality to accounting policy disclosures. Amendments to HKAS 1 are effective for annual periods beginning on or after 1 January 2023 and earlier application is permitted. Since the guidance provided in the amendments to HKFRS Practice Statement 2 is non-mandatory, an effective date for these amendments is not necessary. The Group is currently revisiting the accounting policy disclosures to ensure consistency with the amendments.

Amendments to HKAS 8 clarify the distinction between changes in accounting estimates and changes in accounting policies. Accounting estimates are defined as monetary amounts in financial statements that are subject to measurement uncertainty. The amendments also clarify how entities use measurement techniques and inputs to develop accounting estimates. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.

## 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

*(continued)*

Amendments to HKAS 12 narrow the scope of the initial recognition exception in HKAS 12 so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences, such as leases and decommissioning obligations. Therefore, entities are required to recognise a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability for temporary differences arising from these transactions. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and shall be applied to transactions related to leases and decommissioning obligations at the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to the opening balance of retained profits or other component of equity as appropriate at that date. In addition, the amendments shall be applied prospectively to transactions other than leases and decommissioning obligations. Earlier application is permitted. The amendments are not expected to have any significant impact on the Group's financial statements.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Investment in an associate

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investment in an associate is stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses.

Adjustments are made to bring into line any dissimilar accounting policies that may exist.

The Group's share of the post-acquisition results and other comprehensive income of an associate is included in the consolidated statement of profit or loss and the consolidated statement of other comprehensive income. In addition, when there has been a change recognised directly in the equity of the associate, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associate are eliminated to the extent of the Group's investments in the associate, except where unrealised losses provide evidence of an impairment of the assets transferred. Goodwill arising from the acquisition of an associate is included as part of the Group's investment in an associate.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other cases, upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

31 December 2022

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Fair value measurement

The Group measures its leasehold land at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
- Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### **Impairment of non-financial assets**

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than construction contract assets and financial assets), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. In testing a cash-generating unit for impairment, a portion of the carrying amount of a corporate asset (e.g., a headquarters building) is allocated to an individual cash-generating unit if it can be allocated on a reasonable and consistent basis or, otherwise, to the smallest group of cash-generating units.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to profit or loss in the period in which it arises, unless the asset is carried at a revalued amount, in which case the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to profit or loss in the period in which it arises, unless the asset is carried at a revalued amount, in which case the reversal of the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

### Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a);
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
  - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

#### Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Leasehold improvements	Over the lease terms or 10% - 33 $\frac{1}{3}$ %
Plant and machinery	6% - 25%
Motor vehicles	25%
Furniture, fixtures and equipment	20%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

#### Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Leases (continued)

#### Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### (a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost or valuation, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Where applicable, the cost of a right-of-use asset also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

Leased land	Over the shorter of the lease terms or over the lease term
Leasehold land	Over the shorter of the lease terms or over the lease term

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Valuations are performed frequently enough to ensure that the fair value of a revalued asset does not differ materially from its carrying amount. Changes in the values of leasehold land including in right-of-use assets are dealt with as movements in the asset revaluation reserve. If the total of this reserve is insufficient to cover a deficit, on an individual asset basis, the excess of the deficit is charged to profit or loss. Any subsequent revaluation surplus is credited to profit or loss to the extent of the deficit previously charged. An annual transfer from the asset revaluation reserve to retained profits is made for the difference between the depreciation based on the revalued carrying amount of an asset and the depreciation based on the asset's original cost. On disposal of a revalued asset, the relevant portion of the asset revaluation reserve realised in respect of previous valuations is transferred to retained profits as a movement in reserves.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### **Leases** *(continued)*

##### *Group as a lessee (continued)*

(b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

The Group's lease liabilities are separately presented in the consolidated statement of financial position.

(c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (that is those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the recognition exemption for leases of low-value assets to leases of office equipment that is considered to be of low value.

Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term

### Leases (continued)

#### Group as a lessor

When the Group acts as a lessor, it classifies at lease inception (or when there is a lease modification) each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. Rental income is accounted for on a straight-line basis over the lease terms and is included in revenue in profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases that transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee are accounted for as finance leases.

### Investments and other financial assets

#### Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value, plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows, while financial assets classified and measured at fair value through other comprehensive income are held within a business model with the objective of both holding to collect contractual cash flows and selling. Financial assets which are not held within the aforementioned business models are classified and measured at fair value through profit or loss.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### **Investments and other financial assets** *(continued)*

##### *Initial recognition and measurement (continued)*

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

##### *Subsequent measurement of financial assets at amortised cost (debt instruments)*

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

#### **Derecognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Impairment of financial assets

The Group recognises an allowance for expected credit losses (“ECLs”) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

#### General approach

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information.

The Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables and contract assets which apply the simplified approach as detailed below.

- |         |   |  |
|---------|---|--|
| Stage 1 | – | Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs   |
| Stage 2 | – | Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs |
| Stage 3 | – | Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs                          |

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### **Impairment of financial assets** *(continued)*

##### *Simplified approach*

For trade receivables and contract assets that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

#### **Financial liabilities**

##### *Initial recognition and measurement*

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade payables, retention monies payable, lease liabilities and financial liabilities included in other payables and accruals.

##### *Subsequent measurement*

The subsequent measurement of financial liabilities depends on their classification as follows:

##### *Financial liabilities at amortised cost (loans and borrowings)*

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in profit or loss.

##### *Financial guarantee contracts*

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. A financial guarantee contract is recognised initially as a liability at its fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, the Group measures the financial guarantee contracts at the higher of: (i) the ECL allowance determined in accordance with the policy as set out in "Impairment of financial assets"; and (ii) the amount initially recognised less, when appropriate, the cumulative amount of income recognised.

# NOTES TO THE FINANCIAL STATEMENTS

31 December 2022

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

### **Derecognition of financial liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in profit or loss.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### **Cash and cash equivalents**

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, which are not restricted as to use.

### **Income tax**

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### **Income tax** *(continued)*

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

# NOTES TO THE FINANCIAL STATEMENTS

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, for which it is intended to compensate, are expensed.

### Revenue recognition

#### *Revenue from contracts with customers*

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer with a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. When the contract contains a financing component which provides the Group with a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

#### *Construction services*

Revenue from the provision of construction services is recognised over time, using an input method to measure progress towards complete satisfaction of the service, because the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced. The input method recognises revenue based on the proportion of the actual costs incurred relative to the estimated total costs for satisfaction of the construction services.

Claims to customers are amounts that the Group seeks to collect from the customers as reimbursement of costs and margins for scope of works not included in the original construction contract. Claims are accounted for as variable consideration and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. The Group uses the expected value method to estimate the amounts of claims because this method best predicts the amount of variable consideration to which the Group will be entitled.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### **Revenue recognition** *(continued)*

##### *Revenue from other sources*

Rental income is recognised on a time proportion basis over the lease terms. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are incurred.

##### *Other income*

Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

#### **Contract assets**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets are subject to impairment assessment, details of which are included in the accounting policies for impairment of financial assets.

#### **Contract liabilities**

A contract liability is recognised when a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer).

#### **Contract costs**

Other than the costs which are capitalised as inventories, property, plant and equipment and intangible assets, costs incurred to fulfil a contract with a customer are capitalised as an asset if all of the following criteria are met:

- (a) The costs relate directly to a contract or to an anticipated contract that the entity can specifically identify.
- (b) The costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future.
- (c) The costs are expected to be recovered.

The capitalised contract costs are amortised and charged to profit or loss on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates. Other contract costs are expensed as incurred.

# NOTES TO THE FINANCIAL STATEMENTS

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

### Employee benefits

#### *Pension schemes*

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees' basic salaries and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiaries which operate in Macau are required to participate in a central pension scheme operated by the Macau Government. The subsidiaries are required to contribute a fixed amount of their payroll costs to the central pension scheme. The contributions are charged to profit or loss as they become payable in accordance with the rules of the central pension scheme.

### Dividends

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the notes to the financial statements.

Interim dividends are simultaneously proposed and declared, because the Company's memorandum and articles of association grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

### Foreign currencies

These financial statements are presented in Hong Kong dollars, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### **Foreign currencies** *(continued)*

In determining the exchange rate on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to an advance consideration, the date of initial transaction is the date on which the Group initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of the advance consideration.

The functional currencies of certain overseas subsidiaries are currencies other than the Hong Kong dollars. As at the end of the reporting period, the assets and liabilities of these entities are translated into Hong Kong dollars at the exchange rates prevailing at the end of the reporting period and their profits or losses are translated into Hong Kong dollars at the exchange rates that approximate to those prevailing at the dates of the transactions.

The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

### 4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

#### **Judgements**

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

### **Judgements** *(continued)*

#### *Revenue recognition for construction services*

For the year ended 31 December 2022, the Group recognised revenue from construction contracting businesses amounting to HK\$1,805,843,000 (2021: HK\$2,042,378,000). The Group has recognised revenue from the provision of construction services over time, using an input method to measure progress towards complete satisfaction of the service, because the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced. The input method recognises revenue based on the proportion of the actual costs incurred relative to the estimated total costs for satisfaction of the construction services. This involves the use of management judgements and estimation uncertainty, including estimating the progress towards completion of the services, scope of deliveries and services required, total contract costs incurred and forecasts in relation to costs to complete.

### **Estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

#### *Impairment of property, plant and equipment*

The Group assesses at the end of the reporting period whether there is an indication that property, plant and equipment and right-of-use assets may be impaired. If any indication exists, the Group estimates the recoverable amount of the property, plant and equipment and right-of-use assets. The Group measures the recoverable amount of the property, plant and equipment and right-of-use assets with reference to their value-in-use. The value-in-use calculation requires the Group to estimate the future cash flows expected to arise from property, plant and equipment and right-of-use assets and a suitable discount rate in order to calculate the present value. The net carrying amounts of property, plant and equipment and right-of-use assets at 31 December 2022 were approximately HK\$255,591,000 (2021: HK\$261,589,000) and HK\$196,069,000 (2021: HK\$197,804,000), respectively.

#### *Provision for expected credit losses on trade receivables and contract assets*

Management performs periodic assessment on the recoverability of trade receivables and contract assets based on information including credit profile of different customers, ageing of trade receivables, historical settlement records, subsequent settlement or billing status, expected timing and amount of realisation of outstanding balances, and on-going trading relationships with the relevant customers.

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

## 4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES *(continued)*

### Estimation uncertainty *(continued)*

#### *Provision for expected credit losses on trade receivables and contract assets (continued)*

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions are expected to deteriorate over the next year which can lead to an increased number of defaults in the construction sector, the historical default rates are adjusted. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of a customer's actual default in the future. The information about the ECLs on the Group's trade receivables and contract assets is disclosed in note 17 and note 18 to the financial statements, respectively.

## 5. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on their services and has two reportable operating segments as follows:

- Foundation construction and ancillary services; and
- Drilling and site investigation

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on reportable segment profit, which is a measure of adjusted profit before tax. The adjusted profit before tax is measured consistently with the Group's profit before tax except that interest income and finance costs as well as unallocated corporate gains and expenses are excluded from this measurement.

Segment assets exclude other unallocated head office and corporate assets as these assets are managed on a group basis.

Segment liabilities exclude other unallocated head office and corporate liabilities as these liabilities are managed on a group basis.

Intersegment sales and transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

## 15. LEASES

### The Group as a lessee

The Group has a lease contract for land used in its operations. The lease of land generally has a lease term of 13 years. The leasehold land is held on a medium-term lease expiring on 30 June 2047. Other properties generally have lease terms of 12 months or less. Generally, the Group is restricted from assigning and subleasing the leased assets outside the Group.

#### (a) Right-of-use assets

The carrying amounts of the Group's right-of-use assets and the movements during the year are as follows:

	<b>Leased land</b>	<b>Leasehold</b>	<b>Total</b>
	<i>HK\$'000</i>	<i>HK\$'000</i>	<i>HK\$'000</i>
1 January 2021	23,373	161,695	185,068
Depreciation charge	(2,569)	(5,989)	(8,558)
Revaluation surplus	–	21,294	21,294
As at 31 December 2021 and 1 January 2022	<b>20,804</b>	<b>177,000</b>	<b>197,804</b>
Depreciation charge	<b>(1,735)</b>	<b>(6,806)</b>	<b>(8,541)</b>
Revaluation surplus	<b>–</b>	<b>6,806</b>	<b>6,806</b>
As at 31 December 2022	<b>19,069</b>	<b>177,000</b>	<b>196,069</b>

At 31 December 2022, the Group's leasehold land was revalued at HK\$177,000,000 (2021: HK\$177,000,000) by the directors with reference to a valuation performed by A.G. Wilkinson & Associates (Surveyors) Limited, independent professionally qualified valuer, at an aggregate open market value of HK\$177,000,000 based on its existing use basis on 31 December 2022. A revaluation surplus of HK\$6,806,000 (2021: HK\$21,294,000) resulting from the above valuation has been credited to other comprehensive income. Had the leasehold land been carried at historical cost less accumulated depreciation, its carrying amount would have been approximately HK\$149,718,000 (2021: HK\$155,706,000).

## 15. LEASES (continued)

### The Group as a lessee (continued)

#### (a) Right-of-use assets (continued)

#### Fair value hierarchy (continued)

Reconciliation of fair value measurements categorised within Level 3 of the fair value hierarchy:

	<b>Leasehold land</b> HK\$'000
Carrying amount as at 1 January 2021	161,695
Depreciation charge	(5,989)
Level 3 revaluation surplus on revaluation at 31 December 2021	21,294
	<hr/>
Carrying amount as at 31 December 2021 and 1 January 2022	<b>177,000</b>
Depreciation charge	<b>(6,806)</b>
Level 3 revaluation surplus on revaluation at 31 December 2022	<b>6,806</b>
	<hr/>
Carrying amount and fair value at 31 December 2022	<b>177,000</b>

Set out below is a summary of the valuation technique used and the key inputs to the valuation of the Group's leasehold land:

	<b>Valuation technique</b>	<b>Significant unobservable input</b>	<b>2022</b>
Leasehold land	Direct comparison approach	Prevailing market price (per sq. ft.)	<b>HK\$1,231 to HK\$1,701</b>
	Valuation technique	Significant unobservable input	2021
Leasehold land	Direct comparison approach	Prevailing market price (per sq. ft.)	HK\$914 to HK\$1,523

The fair value of leasehold land is determined using the direct comparison approach for valuing leasehold land in their respective existing condition and use on the market basis with reference to comparable market transactions as reported in the market at similar locations. The valuation takes into account the characteristics of the leasehold land which include the location, size, transaction time, zoning, shape, size and accessibility and other factors collectively. A higher prevailing market price for leasehold land with positive characteristics will result in a higher fair value measurement.

## 16. INVESTMENT IN AN ASSOCIATE

On 30 September 2020, Chinney Kin Wing Property Limited, an indirect wholly-owned subsidiary of the Company entered into an agreement with an independent third party, Profit Gainer Holdings Limited (“Profit Gainer”), for the acquisition of a 50% equity interest in Senior Rich Development Limited (the “Acquisition”) and two long term lease agreements for leasehold land pursuant to the Acquisition at a consideration of HK\$190,000,000 to be satisfied by (i) an initial deposit of HK\$2,000,000; (ii) cash payment of HK\$62,000,000 upon completion of the Acquisition; and (iii) payment of the remaining balance of HK\$126,000,000 by thirty-six (36) monthly instalments with 36 post-dated cheques at HK\$3,500,000 each to Profit Gainer upon completion of the Acquisition. Upon completion of the Acquisition, on 28 December 2020, Senior Rich Development Limited became an associate of the Group, with two right-of-use assets of HK\$184,232,000 recognised by the Group for these two long term lease agreements for leasehold land. Details of the transaction are set out in the Company’s circular dated 9 December 2020. At 31 December 2022, HK\$41,325,000 (2021: HK\$81,431,000), being the present value of the unsettled balance of HK\$42,000,000 (2021: HK\$84,000,000), was included in other payables.

	2022 HK\$'000	2021 HK\$'000

## 17. TRADE RECEIVABLES

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Trade receivables	284,432	191,808
Impairment	(9,458)	–
	<b>274,974</b>	191,808

The Group's trading terms with its customers are mainly on credit. The credit period is generally one month. Each customer has a maximum credit limit. The Group seeks to maintain strict control over its outstanding receivables. Overdue balances are reviewed regularly by senior management. The Group does not hold any collateral or other credit enhancements over its trade receivable balances. Trade receivables are non-interest bearing. At 31 December 2022, the Group had a certain concentration of risk that may arise from the exposure to the largest customer and the five largest customers, which accounted for 26% and 80% (2021: 34% and 74%) of the Group's total trade receivable balances, respectively.

An ageing analysis of the trade receivables as at the end of the reporting period, based on the invoice date and net of provision, is as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Current to 30 days	202,436	131,567
31 to 60 days	48,402	51,089
61 to 90 days	4,542	7,553
Over 90 days	19,594	1,599
	<b>274,974</b>	191,808

The movements in the loss allowance for impairment of trade receivables are as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
At beginning of year	–	–
Impairment loss for the year	9,458	–
	<b>9,458</b>	–

# NOTES TO THE FINANCIAL STATEMENTS

## 17. TRADE RECEIVABLES (continued)

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix as at 31 December 2022:

	Current	1 to 6 months	6 months to over 1 year	Total
Expected credit loss rate	0.33%	0.57%	30.2%	3.33%
Gross carrying amount (HK\$'000)	197,030	59,334	28,068	284,432
Expected credit losses (HK\$'000)	644	340	8,474	9,458

At 31 December 2021, the expected credit loss rate and loss allowance for the Group's trade receivables at each ageing category were assessed to be minimal.

## 18. CONTRACT ASSETS

	Notes	31 December 2022 HK\$'000	31 December 2021 HK\$'000	1 January 2021 HK\$'000
Unbilled revenue	(a)	63,282	133,613	142,832
Retention monies receivable	(b)	232,347	200,560	192,049
Impairment of retention monies receivable		(1,880)	(1,880)	(1,880)
		<b>293,749</b>	332,293	333,001

Notes:

- (a) Unbilled revenue is initially recognised for revenue earned from the provision of construction services as the receipt of consideration is conditional on successful completion of construction. Upon completion of construction and acceptance by the customer, the amounts recognised as unbilled revenue are reclassified to trade receivables.
- (b) Retention monies receivable are part of the consideration that the customers retain which is payable on successful completion of the contracts in order to provide the customers with assurance that the Group will complete its obligation satisfactorily under the contracts, rather than to provide financing to the customers.

The decrease in contract assets in 2022 and 2021 was the result of a faster issuance of progress billings to the customers for the construction services at the respective year end.

## 18. CONTRACT ASSETS (continued)

The expected timing of recovery or settlement for contract assets as at 31 December is as follows:

	<b>2022</b> <b>HK\$'000</b>	2021 HK\$'000
Within one year	<b>199,927</b>	282,248
More than one year	<b>93,822</b>	50,045
Total contract assets	<b>293,749</b>	332,293

The Group's trading terms and credit policy with customers are disclosed in note 17 to the financial statements.

The movement in the loss allowance for impairment of retention monies receivable is as follows:

	<b>2022</b> <b>HK\$'000</b>	2021 HK\$'000
At beginning of the year	<b>1,880</b>	1,880
Impairment loss for the year	–	–
At end of year	<b>1,880</b>	1,880

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates for the measurement of the expected credit losses of the contract assets are based on those of the trade receivables as the contract assets and the trade receivables are from the same customer bases. The provision rates of contract assets are based on days past due of trade receivables for groupings of various customer segments with similar loss patterns. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

At 31 December 2022 and 2021, loss allowance for contract assets was assessed to be minimal.

Cash and cash equivalents	<b>457,769</b>	186,028

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short-term time deposit rates. The bank balances are deposited with creditworthy banks with no recent history of default.

Notes:

(a) Details of contract liabilities are as follows:

	31 December 2022 HK\$'000	31 December 2021 HK\$'000	1 January 2021 HK\$'000
Short-term advances received from customers Construction services	291,864	163,607	171,351

Contract liabilities include short-term advances received to deliver construction services. The increase in contract liabilities in 2022 was mainly due to the increase in short-term advances received from customers in relation to the provision of construction services at the end of the year. The decrease in contract liabilities in 2021 was mainly due to the decrease in short-term advances received from customers in relation to the provision of construction services at the end of that year.

(b) Except for other payable of HK\$41,325,000 (2021: HK\$81,431,000) ranging from one month to twelve months (2021: one month to twenty-four months) (note 16), other payables are non-interest-bearing and payable on demand.

## 23. AMOUNT DUE FROM A FELLOW SUBSIDIARY

The amount due from a fellow subsidiary was unsecured, interest-free and repayable on demand.

## 24. DEFERRED TAX

The movements in deferred tax liabilities during the year are as follows:

### Deferred tax liabilities

	<b>Accelerated tax depreciation</b> <i>HK\$'000</i>
At 1 January 2021	37,782
Deferred tax charged to profit or loss during the year ( <i>note 11</i> )	1,775

Deferred tax credited to profit or loss during the year ( <i>note 11</i> )	<b>(4,150)</b>
	<hr/>
Gross deferred tax liabilities as at 31 December 2022	<b>35,407</b>

The following is an analysis of the deferred tax balances for financial reporting purposes:

	<b>2022</b> <b>HK\$'000</b>	2021 <i>HK\$'000</i>
Net deferred tax liabilities recognised in the consolidated statement of financial position	<b>35,407</b>	39,557

As at 31 December 2021, the Group has estimated tax losses arising in Hong Kong of approximately HK\$1,218,000 that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. The Group also has estimated tax losses arising in Macau of approximately HK\$492,000 (2021: HK\$415,000) that can be used to offset against future taxable profits of the companies in which the losses arose for a maximum of three years. As at 31 December 2021, deferred tax assets of approximately HK\$189,000 have not been recognised in respect of these losses as in the opinion of the Company's directors, it is uncertain whether taxable profits will be available against which the tax losses can be utilised.

Purchases from fellow subsidiaries	<i>(ii)</i>	<b>129</b>	1,179
Contracting income from a fellow subsidiary	<i>(iii)</i>	<b>4,368</b>	–

*Notes:*

(i) Rents and license fee paid to fellow subsidiaries and a related company are based on the market prices.

(ii), (iii) In the opinion of the directors, the above transactions were made according to the published prices and conditions similar to those offered to other major customers and suppliers.

The related party transactions in respect of items (i) and (ii) above constitute continuing connected transactions as defined in Chapter 14A of the Listing Rules. Since the amounts in respect of items (i) and (ii) are below the de minimis threshold for the purposes of Rule 14A.76 of the Listing Rules, items (i) and (ii) are fully exempt from shareholders' approval, annual review and all disclosure requirements under the Listing Rules. Furthermore, the related party transaction in respect of item (iii) above constitutes connected transaction but it is one-off transaction entered prior to listing. Such transaction did not constitute continuing connected transaction under Chapter 14A of the Listing Rules, and is not subject to further requirement under the Listing Rules.

(b) Outstanding balances with related parties:

Details of the Group's balances with a fellow subsidiary as at the end of the reporting period are included in note 23 to the financial statements.

(c) Compensation of key management personnel of the Group:

The key management personnel of the Group are the directors of the Company. Details of their remuneration are disclosed in note 9 to the financial statements.

Financial liabilities included in other payables and accruals	99,202	127,294
	<b>275,709</b>	341,838

## 31. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

Management has assessed that the fair values of cash and cash equivalents, trade receivables, trade and retention monies payables, financial assets included in prepayments, deposits and other receivables, lease liabilities, financial liabilities included in other payables and accruals and an amount due from a fellow subsidiary approximate to their carrying amounts largely due to the short term maturities of these instruments.

The fair value of the non-current portion of lease liabilities and other payable has been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities.

### Fair value hierarchy

As at 31 December 2022, the Group did not have any financial assets and liabilities measured at fair value (2021: Nil).

During the year, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 for both financial assets and financial liabilities (2021: Nil).

## 32. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise cash and cash equivalents. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has other financial assets and liabilities such as trade receivables, financial assets included in prepayments, deposits and other receivables, trade and retention monies payables, lease liabilities, financial liabilities included in other payables and accruals and an amount due from a fellow subsidiary, which arise directly from its operations.

The main risks arising from the Group's financial instruments are credit risk and liquidity risk. The directors meet periodically to analyse and formulate measures to manage each of these risks and they are summarised below.

### Credit risk

The Group trades only with recognised and creditworthy third parties and group companies. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis and the Group's exposure to bad debts is not significant.

#### *Maximum exposure and year-end staging*

The tables below show the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 December. The amounts presented are gross carrying amounts for financial assets.

## 32. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

### Liquidity risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank borrowings. The Group's policy is to maintain the Group at a net current asset position.

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

	On demand HK\$'000	Less than 12 months HK\$'000	1 to 5 years HK\$'000	Total HK\$'000

## 32. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

### Foreign currency risk

The Group has transactional currency exposures. These exposures arise from sales or purchases by operating units in currencies other than the units' functional currencies. The Group monitors the currency exposure on an ongoing basis and considers entering into forward currency contracts when the need arises.

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in the Euro dollar ("EUR") and Singapore dollar ("SGD") exchange rates, with all other variables held constant, of the Group's profit before tax (due to changes in the fair value of monetary assets and liabilities).

## 32. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

### Capital management

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 December 2022 and 31 December 2021.

The Group monitors capital using a gearing ratio, which is lease liabilities divided by the total capital. The capital structure of the Group consists of equity attributable to holders of the Company, comprising issued capital and reserves as disclosed in the consolidated financial statements.

The gearing ratios as at the end of the reporting periods were as follows:

	<b>2022</b> <b>HK\$'000</b>	2021 HK\$'000
Lease liabilities	–	–
Equity attributable to holders of the Company	<b>653,160</b>	572,830
Gearing ratio	–	–

The directors of the Company review the capital structure periodically. As part of this review, the directors consider the cost of capital and risk associated with each class of capital. Based on recommendations of the directors, the Group will balance the overall capital structure of the Group through the payment of dividends, issue of new shares as well as the raising of new bank loans.
