DIRECTOR'S STATEMENT

On behalf of the board (the "Board") of directors (the "Directors") of Luxxu Group Limited (the "Company"), I am delighted to present the annual report of the Company and its subsidiaries (collectively the "Group") for the year ended 31 December 2022 ("FY 2022").

BUSINESS REVIEW, OUTLOOK AND FUTURE PROSPECTS

In 2022, the Group continued to focus on its business operations which (i) cooperate with different industry experts to design and sales of prestige and high-end watches and accessories, including but not limited to diamond tourbillon watches and luxury jewellery watches; (ii) design, production and assembly of watches for our OEM customers; and (iii) manufacture and sales of our own brands watches.

Although due to the prolonged Sino-US trade dispute and the recovery from outbreak of coronavirus, the sales for the year ended 31 December 2022 has been decreased comparing from that for the year ended 31 December 2021. According to the statistics from The Census and Statistics Department, retail sales of the jewellery, watches and clocks, and valuable gifts category in Hong Kong has increased approximately 0.3% for year ended 31 December 2022 respectively, when comparing with 2021.

Going forward, the Group aimed to offer premium quality products to customers and will continue to strengthen our core competitiveness by improving our watch and jewellery design and development capabilities by upholding the design and artistic knowledge of the design team and recruitment of additional talents. In view of the recovery from the outbreak of the coronavirus in Hong Kong and the PRC, the Group expects 2023 will still be a challenging year. The Group will closely monitor the market response and remix the business and product portfolio to suit the market needs, including but not limited to design, manufacture and sales of prestige and high-end watches and jewelleryes and stay competitive.

In view of (i) the growing middle-class, (ii) increase of disposal income, in particular among Chinese women; and (iii) the rising women's job participation rate, the Group still believe that there is a strong force behind the consumption of prestige and high-end watches and luxury jewelleryes and accessories in long run. The Group should allocate more resources and effort to strengthen our design team and consider crossover design with some famous designer so that the Group can offer fashionable and affordable watches and jewelleryes suitable for wearing in workplace.

Looking beyond the near-term uncertainties, the Group remains committed to seeking and seizing new opportunities, and is well-prepared to shine in the future.

DIRECTOR'S STATEMENT

APPRECIATION

I would like to take this opportunity to express my gratitude to the Board for its brilliant leadership, to the Company's shareholders for their strong support, and to the community for their enthusiastic help, and last but not least, to our staff for their dedicated efforts.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Revenue

Our revenue decreased by approximately RMB6.2 million or approximately 8.8% from approximately RMB70.7 million for the year ended 31 December 2021 to approximately RMB64.5 million for the year ended 31 December 2022. The decrease in revenue was mainly attributable to the net effect of (i) increase of sales demand watches due to the recovery from outbreak of coronavirus; and (ii) the decrease in average selling price for the year ended 31 December 2022.

Cost of sales

Our cost of sales decreased by approximately RMB2.7 million or approximately 4.3% from approximately RMB62.3 million for the year ended 31 December 2021 to approximately RMB59.6 million for the year ended 31 December 2022. The decrease was in line with the decrease in revenue.

Gross profit and gross profit margin

Our gross profit decreased by approximately RMB3.6 million or approximately 42.9% from approximately RMB8.4 million for the year ended 31 December 2021 to approximately RMB4.8 million for the year ended 31 December 2022 which was in line with the decrease in the average selling price for the year ended 31 December 2022. Our overall gross profit margin decreased from approximately 11.8% for the year ended 31 December 2021 to approximately 7.5% for the year ended 31 December 2022. The decrease was mainly attributable to the decrease in average selling price during the year ended 31 December 2022.

Selling and distribution expenses

Our selling and distribution expenses decreased by approximately RMB5.7 million or approximately 38.9% from approximately RMB14.7 million for the year ended 31 December 2021 to approximately RMB9.0 million for the year ended 31 December 2022. The decrease was mainly attributable to decrease in marketing activities due to the tighten of the social distancing measures.

Administrative expenses

Our administrative expenses increased by approximately RMB2.5 million or approximately 18.0% from approximately RMB13.9 million for the year ended 31 December 2021 to approximately RMB16.4 million for the year ended 31 December 2022.

Loss before taxation

As a result of the foregoing, our loss before taxation increased by approximately RMB4.4 million to approximately RMB48.3 million for the year ended 31 December 2022 as against a loss before taxation of approximately RMB43.9 million for the year ended 31 December 2021.

Taxation

No income tax expense for the year ended 31 December 2022 and 2021.

MANAGEMENT DISCUSSION AND ANALYSIS

Loss for the year

As a result of the foregoing, we recorded a loss for the year of approximately RMB48.3 million for the year ended 31 December 2022 as against a loss for the year of approximately RMB43.9 million for the year ended 31 December 2021.

FINANCIAL POSITION

The Group funded its liquidity and capital requirements primarily through cash inflows from operating activities.

As at 31 December 2022, the Group's total cash and bank balances were approximately RMB9.6 million (31 December 2021: approximately RMB10.1 million), most of which are held in HKD. The current ratio (defined as current assets divided by current liabilities) of the Group decreased from 11.8 times as at 31 December 2021 to 5.0 times as at 31 December 2022. The gearing ratio (defined as total interest-bearing borrowings divided by shareholders' equity) of the Group increased from 15.6% as at 31 December 2021 to approximately 21.3% as at 31 December 2022 as there was issuance of bond note by the Group during the year ended 31 December 2022.

MATERIAL ACQUISITIONS AND DISPOSAL OF SUBSIDIARIES AND ASSOCIATED COMPANIES

The Group did not carry out any material acquisition nor disposal of any subsidiaries for the year ended 31 December 2022.

The Group mainly operates in the PRC and Hong Kong and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to RMB and United States dollars ("USD"). During the years ended 31 December 2022 and 2021, the Group has not entered into any hedging arrangements. However the management will continue to monitor closely its foreign currency exposure and requirements and to arrange for hedging facilities when necessary.

CAPITAL COMMITMENTS

The Group had no capital commitments as at 31 December 2022 and 2021.

CONTINGENT LIABILITIES

The Group did not have any significant contingent liabilities as at 31 December 2022 and 2021.

FINAL DIVIDENDS

The Board did not recommend the payment of any final dividend for the year ended 31 December 2022 (2021: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

AUDIT COMMITTEE

The audit committee (the “Audit Committee”) consists of three members, all being independent non-executive Directors, namely, Mr. Yu Chon Man (Chairman), Ms. Duan Baili and Mr. Zhong Weili. The duties of the Audit Committee include, without limitation, (a) making recommendations to the Board on the appointment, re-appointment and removal of the external auditor, approving the remuneration and terms of engagement of the external auditor, and any questions of its resignation or dismissal; (b) monitoring integrity of the Group’s financial statements, annual report and accounts and half-year report, and reviewing significant financial reporting judgments contained therein; (c) reviewing the Group’s financial control, internal control and risk management systems; and (d) reviewing reports made by the corporate guarantee committee, a committee closely monitoring the Group’s activities for the provision of corporate guarantee and to enforce the prohibition on provision of corporate guarantee to any party other than member of the Group. The Group’s annual results for the year ended 31 December 2022 have been reviewed by the Audit Committee.

EVENT AFTER THE END OF THE REPORTING PERIOD

Since January 2020, the outbreak on Novel Coronavirus (“COVID-19”) has impacted the global business environment. Up to the date of these financial statements, COVID-19 has significant decrease in the Group’s revenue. Pending the development and spread of COVID-19 subsequent to the date of the financial statements, further changes in economic conditions for the Group arising thereof may have impact on the financial results of the Group, the extent of which could not be estimated as at the date of these financial statements. The Group will continue to monitor the development of COVID-19 and react actively to its impact on the financial position and operating results of the Group.

CORPORATE GOVERNANCE REPORT

COMPLIANCE WITH CG CODE

The Board has reviewed the Company's corporate governance practices and is satisfied that it has been adopted and complied with the code provisions (the "Code Provisions") set out in the Corporate Governance Code and Corporate Governance Report in Appendix 14 to the Listing Rules throughout the year ended 31 December 2022.

THE BOARD

The Board is responsible for managing the Company on behalf of shareholders. The Board is of the view that it is the Directors' responsibilities to create value for shareholders and safeguard the best interests of the Company and the shareholders by discharging its duties in a dedicated, diligent and prudent manner on the principle of good faith. The management is delegated by the Board to execute these business strategies and directions and is responsible for the daily operations of the Group.

The Board comprises 5 Directors, including 2 executive Directors, and 3 independent non-executive Directors, in compliance with the requirement of Listing Rules which states that every board of Directors of an issuer must include at least 3 independent non-executive Directors representing one-third of the Board with one of whom possessing appropriate professional qualifications or accounting or related financial management expertise.

Under code provision A.1.3 of the CG Code, notice of at least 14 days should be given of a regular board meeting to all Directors to give all Directors an opportunity to attend. During the year, certain Board meetings were convened with less than 14 days' notice to facilitate the Directors' timely reaction and expeditious decision making process in respect of investment opportunity and internal affairs of the Group. All Board meetings, nevertheless, were duly convened and held in the way prescribed by the Articles of Association of the Company. The Board will use reasonable endeavour to meet the requirement of code provision A.1.3 of the CG Code in future.

There is no relationship, including financial, business, family or other material/relevant relationship(s) between members of the Board.

The primary functions of the Board include:

- deciding on the overall strategies, overseeing operational and financial performance and formulating appropriate policies to manage risk exposure associated with realising the strategies and goals of the Group;
- overseeing the corporate governance functions of the Company and being held accountable for the internal control system of the Company and responsible for reviewing its effectiveness;
- being ultimately responsible for preparing financial accounts and discussing the performance, financial conditions and prospects of the Company in a balanced, clear and comprehensible manner. These responsibilities are applicable to interim and annual reports of the Company, other inside information announcements published according to the Listing Rules and disclosure of other financial information, reports submitted to regulatory bodies and information discloseable under statutory requirements;

CORPORATE GOVERNANCE REPORT

- whilst executive Directors/chief executives, who oversee the overall business of the Company, are responsible for the daily operations of the Company, the Board is responsible for affairs involving the overall policies, finance and shareholders of the Company, namely financial statements, dividend policy, significant changes to accounting policies, annual operating budgets, material contracts, major financing arrangements, principal investment and risk management strategy;
- the management is well informed of its power with clear guidelines and instructions, in particular regarding situations under which reporting to the Board is necessary and matters that require the approval of the Board before any decisions or commitments can be made on behalf of the Company; and
- regularly reviewing its own functions and the powers conferred upon executive Directors/chief executives to ensure appropriate arrangements are in place.

COMMITMENTS

The full Board should meet at least four times a year, at approximately quarterly intervals, to review the financial performance, results of each period, material investments and other matters of the Group that require the resolution of the Board. Simultaneous conference call may be used to improve attendance when individual Director cannot attend the meeting in person. Opinions of independent non-executive Directors are actively sought by the Company if they are unable to attend the meeting in person.

EXPERIENCE

Executive Directors possess administrative leadership, diversified expertise and extensive industrial management experience. Independent non-executive Directors possess extensive expertise, experience and judging capability in various fields, in particular the appropriate accounting qualifications possessed by Mr. Yu Chon Man. During its decision-making process, the Board holds in high regard the views of the independent non-executive Directors, who serve as the effective direction in assisting the Group's operations.

CORPORATE GUARANTEE COMMITTEE

The Company established a corporate guarantee committee (the “Corporate Guarantee Committee”) in July 2014, the members of which comprise the independent non-executive Director, Mr. Zhong Weili, and the finance manager of our Group to closely monitor the Group’s activities for the provision of corporate guarantees and to enforce the prohibition on provision of corporate guarantees to any non-group member. The Corporate Guarantee Committee is to report to the Audit Committee on a half-yearly basis on its work and information relating to the provision of corporate guarantees in such period (if any). The Corporate Guarantee Committee is to review monthly reports from our finance department on the corporate guarantees provided for the preceding month and from the chief executive officer’s office on the use of company stamps to the Corporate Guarantee Committee. If it is discovered that a corporate guarantee was provided to a non-group member, the Corporate Guarantee Committee should immediately report the fact to the Board and the Audit Committee and take appropriate remedial actions. Up to the date of this report, no provision of corporate guarantees to any non-group member was noted by the Corporate Guarantee Committee.

ACCOUNTABILITY AND AUDIT

The Directors acknowledge that it is the responsibility of the Directors for the preparation of accounts for each financial period by the management. Subsequent to each reporting period, interim or annual financial highlights and business review are published as soon as possible (or in accordance with the Listing Rules, as the case may be) to disclose all information that are necessary for shareholders to assess the performance, financial conditions and prospects of the Company. The Directors are not aware of any material uncertainties relating to events or conditions that may cast doubt upon the Group’s ability to continue as a going concern.

The Board has the responsibility to regularly review the internal control and risk management systems of the Company to ensure their effectiveness and efficiency. With the support of the internal audit team, the practices, processes, expenses and internal control of the Company and its subsidiaries are reviewed on a regularly basis. Matters of importance reported by the internal audit team are monitored regularly by the management to ensure remedial measures are implemented as appropriate. The Board and senior management may also require the internal audit team to conduct auditing procedures on special scopes of importance and report significant findings to the Board and the audit committee.

For the year under review, the remuneration payable for audit and non-audit services provided by the auditors is approximately RMB532,000 and RMBNil respectively.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board is responsible for evaluating and determining the nature and extent of the risks it is willing to take in achieving the Company's strategic objectives, and ensuring that the Company establishes and maintains appropriate and effective risk management and internal control systems. The internal control system includes safeguarding of the interest of shareholders and the Group's assets. It has been an important duty of the Board to conduct a review of internal control system to ensure the effectiveness and adequacy of the system of the Group annually or at any time necessary. The review covers all material controls, including financial, operational and compliance controls, as well as risk management functions.

The Group has engaged an independent internal control review advisor (the "Internal Control Advisor") to conduct the annual review on the effectiveness of the internal control system. Review of the Group's internal controls covered major operational, financial and compliance controls, as well as risk management functions of different systems has been performed on a systematic rotational basis on the risk assessments of the operations and controls. During the risk assessment process, the Internal Control Advisor interviewed the relevant personnel and identified the business objectives and significant risks of the Group. A risk management report prepared by the Internal Control Advisor which sets out the risks, issues and recommended action plan was presented to the Board for review and endorsement. The Board considered that significant risks of the Group were managed within the acceptable level and the management will continue to monitor the residual risks and report to the Board on ongoing basis.

For the year ended 31 December 2022, the Board has reviewed the effectiveness of the internal control system and they consider them effective and adequate.

CORPORATE GOVERNANCE FUNCTIONS

The Board has adopted the terms of reference on corporate governance functions. The terms of reference of the Board in respect of corporate governance function are summarised as follows:

The work performed by the Board on corporate governance functions since the Listing Date up to the date of this report included developing and reviewing the Company's policies on corporate governance and review the Company's compliance with the Code Provisions.

CORPORATE GOVERNANCE REPORT

BOARD DIVERSITY POLICY

The Board adopted a board diversity policy which aims to set out the approach to achieve diversity on the Board. The Company aims to build and maintain a Board with a diversity of Directors, in terms of skills, experience, knowledge, expertise, culture, independence, age and gender appropriate for the requirements of the business development of the Group.

INVESTOR RELATIONS

The Company is committed to a policy of open and regular communication and reasonable disclosure of information to its shareholders. Information of the Company is disseminated to the shareholders in the following manner:

- delivery of the interim and annual results and reports to all shareholders;
- publication of announcements on the interim and annual results on the Stock Exchange website, and issue of other announcements and shareholders' circulars in accordance with the continuing disclosure obligations under the Listing Rules; and
- the general meeting of the Company is also an effective communication channel between the Board and shareholders.

The Board has maintained an on-going dialogue with Shareholders and investors, and will regularly review this policy to ensure its effectiveness. Information will be communicated to Shareholders and investors mainly through the Company's financial reports (interim and annual reports), annual general meetings and other general meetings that may be convened, as well as by making available all the information submitted by the Company to the website of the Stock Exchange and its corporate communications on the Company's website. Shareholders can direct their questions about their shareholdings to the Company's branch share registrar in Hong Kong. Shareholders and investors may at any time make a request for the Company's information to the extent such information is publicly available.

TRAINING, INDUCTION AND CONTINUING DEVELOPMENT OF DIRECTORS

The Directors are committed to complying with code provision A.6.5 of the CG Code on Directors' training effective from 1 April 2012. All Directors should participate in continuous professional development to develop and refresh their knowledge and skills. This is to ensure that their contribution to the Board remains informed and relevant.

Up to the date of this report, all Directors have participated in continuous professional development to develop and refresh their knowledge and skills during the year.

COMPANY SECRETARY

Mr. Lai Nga Ming Edmund ("Mr. Lai") was the company secretary of the Company. He is responsible to the Board for ensuring the board procedures are followed and the Board activities are efficiently and effectively conducted. He is also responsible for ensuring that the Board is briefed on relevant legislative, regulatory and corporate governance developments. Mr. Lai has taken no less than 15 hours of relevant professional trainings to update his skills and knowledge during the year ended 31 December 2022.

SHAREHOLDERS' RIGHTS

Any one or more Shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company (the "Requisitionist(s)") shall at all times have the right, by written requisition (the "Requisition") to the Board or the company secretary of the Company, to require an extraordinary general meeting (the "EGM") to be called by the Board for the transaction of any business specified in such requisition. The Requisition shall be made in writing to the Board or the company secretary of the Company at the following:

Principal place of business of the Company in Hong Kong

Address: Unit 2302, 23/F, New World Tower 1, 18 Queen's Road Central, Hong Kong

Email: team@luxxu.hk

Attention: Board of Directors/Company Secretary

The Requisition must state clearly the name of the Requisitionist(s) concerned, his/her/their shareholding in the Company, the reason(s) to convene an EGM, the agenda of the EGM including the details of the business(es) proposed to be transacted at the EGM, signed by the Requisitionist(s) concerned.

The Company will check the Requisition and the identity and the shareholding of the Requisitionist(s) will be verified with the Company's branch share registrar. If the Requisition is found to be proper and in order, the Board will convene the EGM within two months and/or include the proposal or the resolution proposed by the Requisitionist(s) at the EGM after the deposit of the Requisition. On the contrary, if the Requisition has been verified as not in order, the Requisitionist(s) concerned will be advised of this outcome and accordingly, the Board will not convene an EGM and/or include the proposal or the resolution proposed by the Requisitionist(s) at the EGM.

If within 21 days of such deposit, the Board has not advised the Requisitionist(s) of any outcome to the contrary and fails to proceed to convene the EGM, the Requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the Requisitionist(s) as a result of the failure of the Board shall be reimbursed to the Requisitionist(s) by the Company.

Shareholders may at any time send their enquiries and concerns to the Board in writing through the company secretary of the Company to the principal place of business of the Company in Hong Kong.

Shareholders may also make enquiries with the Board at the general meetings of the Company.

CONSTITUTIONAL DOCUMENTS

INDEPENDENT AUDITOR'S REPORT

McM (HK) CPA Limited

TO THE MEMBERS OF LUX XU GROUP LIMITED

(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Luxxu Group Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 34 to 98, which comprise the consolidated statement of financial position as at 31 December 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters we identified are:

1. Allowance for expected credit losses assessment of trade receivables; and
2. Allowance assessment for inventories.

KEY AUDIT MATTERS *(Continued)*

Allowance for expected credit losses assessment of trade receivables

Refer to notes 6(b) and 20 to the consolidated financial statements and the accounting policies in note 4 to the consolidated financial statements.

As at 31 December 2022, the Group had trade receivables with gross carrying amount of RMB87,941,000 and allowance for expected credit losses of RMB36,231,000.

In general, the trade receivables credit terms granted by the Group to the customers ranged between 0-180 days. Management performs periodic assessment on the recoverability of the trade receivables and the sufficiency of allowance for expected credit losses based on information including credit profile of different customers, ageing of the trade receivables, historical settlement records, subsequent settlement status, expected timing and amount of realisation of outstanding balances, and on-going trading relationships with the relevant customers. Management also considers forward-looking information that may impact the customers' ability to repay the outstanding balances in order to estimate the expected credit losses.

We focused on this area because the allowance for expected credit losses assessment of trade receivables under the expected credit losses model involved the use of significant management judgements and estimates.

Our procedures in relation to management's impairment assessment of the trade receivables as at 31 December 2022 included:

- Understanding and evaluating the key controls that the Group has implemented to manage and monitor its credit risk;
- Checking, on a sample basis, the ageing profile of the trade receivables as at 31 December 2022 to the underlying financial records and post year-end settlements to bank receipts;
- Inquiring of management for the status of each of the material trade receivables past due as at year end and corroborating explanations from management with supporting evidence, such as understanding on-going business relationship with the customers based on trade records, checking historical and subsequent settlement records of and other correspondence with the customers; and

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTERS *(Continued)*

Allowance for expected credit losses assessment of trade receivables *(Continued)*

- Assessing the appropriateness of the expected credit losses allowance methodology, examining the key data inputs on a sample basis to assess their accuracy and completeness, and challenging the assumptions, including both historical and forward-looking information, used to determine the expected credit losses.

Allowance assessment for inventories

Refer to note 19 to the consolidated financial statements and the accounting policies in note 4 to the consolidated financial statements.

As at 31 December 2022, the Group had inventories of RMB37,960,000. As a result of the long-aged inventories deriving from the consequences of the most recent pandemic, significant judgement and estimation by management are involved in identifying inventories with net realisable value that are lower than their cost, with reference to the estimated subsequent selling price.

Our procedures in relation to management's assessment on carrying value of inventories included:

- Obtaining an understanding of how the management estimated the net realisable value of inventories and evaluating the historical accuracy of the allowance estimation by management;
- Evaluating management's assessment of allowance for inventories with reference to their ageing, the condition of inventories during our observation of physical inventory count; and
- Selecting sample of inventories and reviewing their net realisable values with reference to their selling prices and expected cost of sales subsequent to the end of the reporting period.

INDEPENDENT AUDITOR'S REPORT

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises all of the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The audit committee assists the directors in discharging their responsibilities for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Wong Ka Bo, Jimmy.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

1. GENERAL INFORMATION

The Company is a public limited company incorporated in the Cayman Islands on 3 December 2012 as an exempted company with limited liability under the Companies Law, Cap. 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands. Its shares are listed on The Stock Exchange of Hong Kong Limited. The Company has been registered as a non-Hong Kong company under Part 16 of the Hong Kong Companies Ordinance (Cap. 622) since 10 June 2013. Its shares were initially listed on Main Board of The Stock Exchange Hong Kong Limited.

The Company's registered office is located at Cricket Square, P.O. Box 2681, Grand Cayman, KY1-1111, Cayman Islands. The principal place of business of the Company is located at Unit 2302, 23/F, New World Tower I, 18 Queen's Road Central, Central, Hong Kong.

Items included in the financial statements of each of the Group's subsidiaries are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The functional currency of the Company is Hong Kong dollars. For the purpose of presenting the consolidated financial statements, the Group adopted Renminbi ("RMB") as its presentation currency. All financial information presented in RMB has been rounded to the nearest thousand.

The Company is an investment company. The Group is principally engaged in the manufacture and sales of own-branded watches and jewellery, including but not limited to diamond watches, tourbillon watches and luxury jewellery accessories, OEM watches and third-party watches.

2. BASIS OF PREPARATION

These consolidated financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"). HKFRSs comprise Hong Kong Financial Reporting Standards ("HKFRS"); Hong Kong Accounting Standards ("HKAS"); and Interpretations. These consolidated financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the Stock Exchange and with the disclosure requirements of the Hong Kong Companies Ordinance (Cap. 622). Significant accounting policies adopted by the Group are disclosed below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 3 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for current and prior accounting periods reflected in these consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

3.1 Application of new and revised HKFRSs

The Group has applied the following amendments to HKFRSs issued by the HKICPA for the first time, which are mandatorily effective for the annual period beginning on or after 1 January 2022 for the preparation of the consolidated financial statements:

Amendments to HKAS 16	Property, Plant and Equipment: Proceeds before Intended Use
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract
Amendments to HKFRS 3	Reference to the Conceptual Framework
Amendments to HKFRS 16 (March 2021)	Covid-19 Related Rent Concessions beyond 30 June 2021
Annual Improvements Project	Annual Improvements to HKFRS Standards 2018-2020
Amendments to Accounting Guideline 5	Merger Accounting for Common Control Combinations

The application of the amendment to HKFRSs in the current year has had no material impact on the Group’s financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

3.2 New and revised HKFRSs issued but not yet effective

The Group has not applied any new standard, amendments to standards and interpretation that have been issued but are not yet effective for the financial year beginning 1 January 2022. The new standard, amendments to standards and interpretation include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
Amendments to HKAS 1 – Classification of Liabilities as Current or Non-current	1 January 2024
Amendments to HKAS 1 – Non-current Liabilities with Covenants	1 January 2024
Amendments to HKAS 1 and HKFRS Practice Statement 2 – Disclosure of Accounting Policies	1 January 2023
Amendments to HKAS 8 – Definition of Accounting Estimates	1 January 2023
Amendments to HKAS 12 – Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction	1 January 2023
Amendments to HKFRS 16 – Lease Liability in a Sales and Leaseback	1 January 2024
Amendments to HKFRS 10 and HKAS 28 – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined by the HKICPA
Hong Kong Interpretation 5 (2020) Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause	1 January 2024

The Group is in the process of making an assessment of what the impact of these amendments and new standards is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements

4. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared on the historical cost basis or fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 Share-based Payment, leasing transactions that are accounted for in accordance with HKFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 Inventories or value in use in HKAS 36 Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of consolidation

The consolidated financial statements include the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transaction between members of the Group are eliminated in full on consolidation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see the accounting policy above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination which represent the lowest level at which the goodwill is mentioned for internal management purposes and not larger than an operating segment.

A cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment annually, or more frequently whenever there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the cash-generating unit (or a group of cash-generating units) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount of the cash-generating unit is less than the carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit (or group of cash-generating units). Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal.

Revenue recognition and other income recognition

Under HKFRS 15, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- The customer simultaneously receives and consumes the benefits provided by the Group’s performance as the Group performs;

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue recognition and other income recognition (Continued)

- The Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- The Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance complete to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. A contract asset and a contract liability relating to a contract are accounted for and presented on a net basis.

For contracts that contain more than one performance obligation, the Group allocates the transaction price to each performance obligation on a relative stand-alone selling price basis.

Sale of goods

Revenue from manufacture and sales of own-branded watches and trading of OEM watches, third-party watches are recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the products. The normal credit term is 0 to 180 days upon delivery. Payment in advance is required for some contracts.

Research and development costs

Research and development costs comprise all costs that are directly attributable to research and development activities or that can be allocated on a reasonable basis to such activities. Because of the nature of the Company's or the Group's research and development activities, no development costs satisfy the criteria for the recognition of such costs as an asset. Both research and development costs are therefore recognised as expenses in the period in which they are incurred.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. For contracts entered into or modified or arising from business combinations on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

As a lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group also applies practical expedient not to separate non-lease components from lease component, and instead account for the lease component and any associated non-lease components as a single lease component.

As a practical expedient, leases with similar characteristics are accounted on a portfolio basis when the Group reasonably expects that the effects on the financial statements would not differ materially from individual leases within the portfolio.

Right-of-use assets

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leases (Continued)

As a lessee (Continued)

Right-of-use assets (Continued)

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term is depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets "property, plant and equipment", the same line item within which the corresponding underlying assets would be presented on the consolidated statements of financial position if they were owned.

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

Leases *(Continued)*

As a lessee (Continued)

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate;
- amounts expected to be paid under residual value guarantees;
- the exercise price of a purchase option reasonably certain to be exercised by the Group; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever:

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.
- the lease payments change due to changes in market rental rates following a market rent review/expected payment under a guaranteed residual value, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.

The Group presents lease liabilities a separate line item on the consolidated statement of financial position.

Leases *(Continued)*

As a lessee (Continued)

Lease modifications

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

Foreign currencies

In preparing the Financial Information of each individual group entities, transactions in currencies other than that entity's foreign currency (foreign currencies) are recognised at the rate of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on monetary items are recognised in profit or loss during the financial year in which they arise except for:

- Exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.
- Exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Foreign currencies *(Continued)*

For the purpose of presenting these consolidated Financial Information, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. RMB) using exchange rates prevailing at the end of the reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of foreign currency translation reserve.

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint involving loss of joint control over a jointly controlled entity that includes a foreign operation, or a disposal involving loss of significant influence over an associate that includes a foreign operation), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

In additional, in relation to a partial disposal of a subsidiary that does not result in the Group losing control over a subsidiary that includes a foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposal of associates or jointly controlled entities that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the rate of exchange prevailing at the end of the reporting period. Exchange difference arising are recognised in the foreign currency translation reserve.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Retirement benefit costs

Payments to defined contribution retirement benefit plans are charged as an expense when employees have rendered service entitling them to the contributions.

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the “MPF Scheme”) for its subsidiaries in Hong Kong under the Hong Kong Mandatory Provident Fund Schemes Ordinance, for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees’ basic salaries and are charged to the income statement as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group’s employer contributions vest fully with the employees when contributed into the MPF Scheme.

In accordance with the rules and regulations in the PRC, the PRC based employees of the Group participate in various defined contribution retirement benefit plans organised by the relevant municipal and provincial governments in the PRC under which the Group and the employees are required to make monthly contributions to these plans calculated as a percentage of the employees’ salaries, subject to certain ceiling. The municipal and provincial governments undertake to assume the retirement benefit obligations of all existing and future retired PRC based employees payable under the plans described above. Other than the monthly contributions, the Group has no further obligation for the payment of retirement and other post-retirement benefits of its employees. The assets of these plans are held separately from the subsidiary in an independent fund managed by the PRC government.

Employee benefits

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the end of the reporting period. Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

Termination benefits are recognised at the earlier of the dates when the Group can no longer withdraw the offer of those benefits, and when the Group recognises restructuring costs and involves the payment of termination benefits.

Equity-settled share-based payment transactions

Shares/Share options granted to employees

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value of the equity-settled share-based payments determined at the grant date without taking into consideration all non-market vesting conditions is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (share-option reserve). At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest based on assessment of all relevant non-market vesting conditions. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share-based payments reserve. For shares/share options that vest immediately at the date of grant, the fair value of the shares/share options granted is expensed immediately to profit or loss.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the consolidated statements of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Information and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Taxation (Continued)

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Current and deferred tax is recognised in profit or loss, except when it relates to items that are recognised in other comprehensive income or directly in equity, in which case, the deferred tax is also recognised in other comprehensive income or directly in equity respectively.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 Income Taxes requirements to right-of-use assets and lease liabilities separately. Temporary differences relating to right-of-use assets and lease liabilities are not recognised at initial recognition and over the lease terms due to application of the initial recognition exemption.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment

Property, plant and equipment are stated in the consolidated statements of financial position at cost, less accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of assets, other than construction in progress, less their residual values over their useful lives, using the straight-line method.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The estimated useful lives for the current and comparative periods are as follows:

Leasehold improvements	Over the shorter of the lease terms and 20%
Furniture and office equipment	3-6 years
Plant and machinery	8-10 years

Depreciation methods, useful lives and residual values are reassessed at the end of each reporting period.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is calculated using the weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow is remote.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each reporting date for indications of impairment and where an asset is impaired, it is written down as an expense through the consolidated statement of profit or loss to its estimated recoverable amount. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. If this is the case, recoverable amount is determined for the cash-generating unit to which the asset belongs. Recoverable amount is the higher of value in use and the fair value less costs of disposal of the individual asset or the cash-generating unit.

Value in use is the present value of the estimated future cash flows of the asset/cash-generating unit. Present values are computed using pre-tax discount rates that reflect the time value of money and the risks specific to the asset/cash-generating unit whose impairment is being measured.

Impairment losses for cash-generating units are allocated first against the goodwill of the unit and then pro rata amongst the other assets of the cash-generating unit. Subsequent increases in the recoverable amount caused by changes in estimates are credited to profit or loss to the extent that they reverse the impairment.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

Classification and measurement of financial assets at amortised cost

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial instruments (Continued)

Financial assets (Continued)

Classification and measurement of financial assets at amortised cost (Continued)

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI"):

- the financial asset is held within a business model whose objective is achieved by both selling and collecting contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value through profit or loss ("FVTPL"), that at the date of initial application/initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 Business Combinations applies.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit impaired.

Financial instruments *(Continued)*

Financial assets (Continued)

Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the "other revenue and other income" line item.

Impairment of financial assets

The Group recognises a loss allowance for ECL on financial assets which are subject to impairment under HKFRS 9 (including trade receivables, other receivables and cash and bank balances). The amount of ECL is updated at each reporting period to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting period. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting period as well as the forecast of future conditions.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting period with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Financial assets (Continued)

Significant increase in credit risk (Continued)

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full.

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Financial assets *(Continued)*

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) the disappearance of an active market for that financial asset because of financial difficulties.

Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over 90 days past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Financial assets (Continued)

Measurement and recognition of ECL (Continued)

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments (i.e. the Group's trade and other receivables, are assessed for ECL on an individual basis);
- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset. The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables where the corresponding adjustment is recognised through a loss allowance account.

Financial liabilities and equity instruments

Classification as financial liabilities or equity

Financial liabilities and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities at amortised cost

Financial liabilities (including trade payables, accruals and other payables) are subsequently measured at amortised cost, using the effective interest method.

Derivative financial instruments

Derivatives are initially recognised at fair value at the date when derivative contracts are entered into and are subsequently remeasured to their fair value at the end of the reporting period. The resulting gain or loss is recognised in profit or loss.

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Derecognition (Continued)

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the profit or loss.

Related parties transactions

A party is considered to be related to the Group if:

- (i) A person or a close member of that person's family is related to the Group if that person:
 - (a) has control or joint control over the Group;
 - (b) has significant influence over the Group; or
 - (c) is a member of the key management personnel of the Group or of a parent of the Group.
- (ii) An entity is related to the Group if any of the following conditions applies:
 - (a) the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiaries is related to the others);
 - (b) one entity is an associate or joint venture of the other entity for an associate or joint venture of a member of a group which the other entity is a member);
 - (c) both entities are joint ventures of the same third party;
 - (d) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (e) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employees are also related to the Group;

- (f) the entity is controlled or jointly controlled by a person identified in (i);
- (g) a person identified in (i) (a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
- (h) the entity, or any member of a group of which is a part, provides key management personal services to the Group or to the parent of the Group.

A transaction is considered to be a related party transaction when there is a transfer of resources, or obligations between the Group and a related party, regardless of whether a price is charged.

Segment reporting

Operating segments, and the amounts of each segment item reported in the Financial Information, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

Events after the reporting period

Events after the reporting period that provide additional information about the Group's position at the end of the reporting period or those that indicate the going concern assumption is not appropriate are adjusting events and are reflected in the consolidated financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes to the consolidated financial statements when material.

5. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 4, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(a) Impairment of property, plant and equipment and right-of-use assets

Property, plant and equipment and right-of-use assets are stated at costs less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Group has to exercise judgment and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the net present value used in the impairment test.

As at 31 December 2022, the carrying amounts of property, plant and equipment and right-of-use assets amounted to RMB16,215,000 (2021: RMB21,233,000) and RMB4,739,000 (2021: RMB7,478,000) respectively. No impairment losses were recognised during the year ended 31 December 2022. Details of the property, plant and equipment and right-of-use assets are disclosed in note 17 and note 24(a) respectively.

(b) Impairment on trade receivables

The loss allowances for financial assets are based on assumption about risk of default and expected loss rates. The Group use judgment in making these assumptions and electing the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

As at 31 December 2022, the carrying amount of trade receivables is RMB51,710,000 (net of allowance for doubtful debts of RMB36,231,000) (2021: RMB45,445,000 (net of allowance for doubtful debts of RMB29,200,000)).

5. KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

(c) Estimation of the incremental borrowing rate for leases

The Group cannot readily determine the interest rate implicit in a lease, and therefore, it uses an incremental borrowing rate (“IBR”) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group “would have to pay”, which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when it needs to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary’s functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary’s stand-alone credit rating).

As at 31 December 2022, the carrying amount of lease liabilities was RMB4,797,000 (2021: RMB7,446,000).

(d) Useful lives and residual values of property, plant and equipment

In determining the useful life and residual value of an item of property, plant and equipment, the Group has to consider various factors, such as technical or commercial obsolescence arising from changes or improvements in production, or from a change in the market demand for the product or service output of the asset, expected usage of the asset, expected physical wear and tear, the care and maintenance of the asset, and legal or similar limits on the use of the asset. The estimation of the useful life of the asset is based on the experience of the Group with similar assets that are used in a similar way. Additional depreciation is made if the estimated useful lives and/or the residual values of items of property, plant and equipment are different from the previous estimation. Useful lives and residual values are reviewed at the end of the reporting period based on changes in circumstances.

As at 31 December 2022, the carrying amounts of property, plant and equipment amounted to RMB16,215,000 (2021: RMB21,233,000).

(e) Net realisable value of inventories

The Group makes allowance for inventories based on an assessment of the net realisable value of inventories. Allowances are applied to inventories where events or changes in circumstances indicate that the net realisable value is lower than the cost of inventories. The identification of slow-moving stock and obsolete inventories requires the use of judgement and estimates on the conditions and usefulness of the inventories.

At the end of the reporting period, the carrying amount of the Group’s inventories was approximately RMB37,960,000 (2021: RMB37,895,000). The allowance made for the year ended 31 December 2022 was approximately RMB15,280,000 (2021: RMB31,150,000).

(b) Financial risk management objectives and policies

The directors of the Company monitors and manages the financial risks relating to the operations of the Group through internal risks reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including price risk, currency risk and interest risk), credit risk and liquidity risk.

6. FINANCIAL INSTRUMENTS *(Continued)*

(b) Financial risk management objectives and policies *(Continued)*

The Group's major financial instruments include trade receivables, deposits and other receivables, cash and bank balances, financial asset at fair value through profit or loss, trade payables, bond payables and other payables. Details of these financial instruments and the policies on how to mitigate these risks are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Credit risk

The Group's credit risk is primarily attributable to trade and other receivables. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

The Group applies the simplified approach to provide for expected credit losses prescribed by HKFRS 9, which permits the use of the lifetime expected credit losses provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics. The Group has performed historical analysis and identified the key economic variables impacting credit risk and expected credit losses. It considers available reasonable and supportive forwarding-looking information.

The Group has a concentration of credit risk in certain individual customers. At the end of each reporting period, the five largest receivables balances accounted for 51% as at 31 December 2022 (2021: 47%) of the trade receivables and the largest trade receivable was 12% (2021: 12%) of the Group's total trade receivables.

The Group seeks to minimise its risk by dealing with counterparties which have good credit history. Majority of the trade receivables that are neither past due nor impaired have no default payment history.

Interest rate risk

The Group was exposed to fair value interest rate risk in relation to fixed rate bond payable (see note 26 for details of the bond payable).

The Group is exposed to cash flow interest rate risk in relation to variable-rate bank balances. The Group's cash flow interest rate risk is mainly concentrated on the fluctuation of interest rates arising from the Group's RMB denominated borrowings.

No interest rate sensitivity is presented as the impact of a reasonable possible change interest rate does not significantly affect the profit or loss.

(b) Financial risk management objectives and policies *(Continued)*

Price Risk

The Group is exposed to equity price risk mainly through its investment in listed equity securities. The management manages this exposure by maintaining a portfolio of investments with different risk and return profiles. The Group's equity price risk is mainly concentrated on equity securities listed in Hong Kong industry sector quoted in The Stock Exchange of Hong Kong Limited. The directors of the Company will monitor the risks and consider hedging the risk exposure should the need arise.

Equity price sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to equity price risk at the end of the reporting period.

If the prices had been 15% higher/lower:

Post-tax loss for the year ended 31 December 2022 would decrease/increase by RMB2,105,000 (2021: decrease/increase by RMB1,445,000) as a result of change in fair value of financial assets at fair value through profit or loss.

Currency risk

The Group mainly operates in the PRC and Hong Kong and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to Renminbi ("RMB"), Hong Kong dollars ("HKD") and United States dollars ("USD"). Foreign exchange risk arises from future commercial transactions, recognised assets and liabilities and net investments in foreign operations. The Company's management do not expect the net foreign currency risk from these activities to be significant and hence, the Group and the Company do not presently hedge the foreign exchange risks. The Group and the Company periodically review liquid assets and liabilities held in currencies other than the functional currencies of the respective subsidiaries to evaluate its foreign exchange risk exposure and will consider hedging significant foreign currency exposure should the need arise.

Liquidity risk

The Group is exposed to minimal liquidity risk as a substantial portion of its financial assets and financial liabilities are due within one year and it can finance its operations from existing shareholders' funds and internally generated cash flows.

In the management of the liquidity risk, the Group monitors and maintains a level of cash and bank balances deemed adequate by management to finance the Group's operations and mitigate the effect of fluctuations in cash flows. Management monitors the utilisation of borrowings on a regular basis.

The following tables detail the Group's contractual maturity for its financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest dates on which the Group can be required to pay. The tables include both interest and principal cash flows.

(c) Fair value of financial instruments

The fair values of financial assets and financial liabilities are determined as follows:

- (i) the fair values of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices; and
- (ii) the fair values of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

The carrying amounts of the Group's financial assets and financial liabilities as reflected in the consolidated statements of financial position approximate their fair values.

For financial reporting purpose, fair value measurement are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the input to the fair value measurements in its entirety.

(c) Fair value of financial instruments (Continued)

The table below gives the information about how the fair value of these financial assets and financial liabilities that are measured at fair value on a recurring basis are determined (in particular, the valuation technique(s) and inputs used). The different level are defined as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the assets or liability that are not based on observable market data (unobservable inputs).

Hong Kong

Under the two-tiered profits tax regime, the first HK\$2,000,000 of assessable profits of qualifying corporations subject to Hong Kong profits tax will be taxed at 8.25%, and assessable profits above HK\$2,000,000 will be taxed at 16.5%. The assessable profits of corporations not qualifying for the two-tiered profits rates regime will continue to be taxed at a flat rate of 16.5%.

No Hong Kong profits tax has been provided as there was no assessable profits arising in Hong Kong during the current year (2021: same).

The PRC

The PRC Enterprise Income Tax (“PRC EIT”) is calculated at the applicable tax rates in accordance with the relevant laws and regulations in the PRC.

Under the PRC Enterprise Income Tax Law (the “EIT Law”) and Implementation Regulations of the EIT Law, the tax rate of a PRC subsidiary is 25% from 1 January 2008 onwards. No provision for EIT has been made for the PRC subsidiary as the PRC subsidiary did not have any assessable profits subject to EIT in the PRC during the year (2021: same).

Pursuant to the rules and regulations of the Cayman Islands and the British Virgin Islands (“BVI”), the Group is not subject to any income tax under these jurisdictions for both years.

The Group receives a report from the share registrars monthly on substantial share interests showing the non-public float and it demonstrates continuing compliance with the 25% limit from the date of the Listing. As of 31 December 2022, approximately 100% (2021: 100%) of the shares were in public hands.

Capital risk management

The primary objective of the Group's capital management is to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value. The Group manages the capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes for managing capital in both years.

The Group monitors capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group overall strategy remains unchanged in both years.

The capital structure of the Group consists of borrowings and equity attributable to owners of the Company, comprising issued share capital and reserves.

29. DETAILS OF THE COMPANY *(Continued)*

(b) The reserves of the Company *(Continued)*

(ii) share option reserve

The share option reserve represents the fair value of the actual or estimated number of unexercised share options granted to employees of the Group recognised in accordance with the accounting policy adopted for equity-settled share-based payments in note 4 to the consolidated financial statements.

(iii) Foreign currency translation reserve

The foreign currency translation reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policies set out in note 4 to the consolidated financial statements.

30. RETIREMENT BENEFIT PLANS

The employees in the PRC are members of state-managed retirement benefit scheme operated by the PRC government. The Company's subsidiary operating in the PRC is required to contribute a certain percentage of payroll to the retirement benefit schemes to fund the benefits. The only obligation of the Group with respect to the scheme is to make the required contribution under the scheme.

The Group operates a Mandatory Provident Fund Scheme (the "MPF Scheme") for all qualifying employees in Hong Kong. The MPF Scheme is a registered scheme under the MPF Schemes Ordinance. The assets of the MPF Scheme are held separately from those of the Group in funds under the control of an independent trustee. Under the rules of the MPF Scheme, the employers and their employees are each required to make contributions to the MPF Scheme at a rate specified in the rules. The only obligation of the Group with respect to the MPF Scheme is to make the required contributions under the MPF Scheme. The Group contributes 5% of relevant payroll costs to the scheme, which contribution is matched by employees and capped at HK\$1,500 per month (HK\$1,500 since 1 June 2014). No forfeited contribution is available to reduce the contribution payable in the future years.

The retirement benefit scheme contributions arising from the MPF Scheme charged to profit or loss represent contributions payable to the funds by the Group at rates specified in the rules of the MPF Scheme.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2022

31. SHARE-BASED PAYMENT SCHEMES

On 30 January 2015, the share option scheme (the “Share Option Scheme”) was adopted. The purposes of the Share Option Scheme is to enable the Group to grant options to selected participants as incentives or rewards for their contribution to the Group. The Directors of the Company consider the Share Option Scheme, with its broadened basis of participation, will enable the Group to reward the employees, the Directors of the Company and other selected participants for their contributions to the Group.

The maximum number of shares which may be allotted and issued upon the exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option scheme of the Group must not in aggregate exceed 10% of the shares capital on 30 January 2015 (such 10% limit representing 80,000,000 shares).

The total number of shares issued and which may fall to be issued upon exercise of the options granted under the Share Option Scheme and any other share option scheme of the Group to each participant in any 12-month period shall not exceed 1% of the issued share capital of the Company for the time being, unless the approval of the shareholders is obtained.

Any grant of options under the Share Option Scheme to a Director, Chief Executive or substantial shareholder of the Company must be approved by the independent non-executive Directors. Where any granted to substantial shareholders or independent non-executive directors in excess of 0.1% of the Company’s share capital or with value in excess of HK\$5,000,000 must be approved by the shareholders of the Company in general meeting.

A nominal consideration of HK\$1 is payable on acceptance of the grant of an option. The subscription price per share under the Share Option Scheme shall be determined at the discretion of the Directors of the Company and will not less than the highest of (i) the closing price of the shares as stated in the Stock Exchange’s daily quotations sheet on the date of grant; (ii) the average closing price of the shares as stated in the Stock Exchange’s daily quotations for the five business days immediately preceding the date of grant; and (iii) the nominal value of the share.

Expiration date	22 August 2024	3 May 2023	10 April 2029

The expected life of the options is based on the historical data over the past three years and is not necessarily indicative of the exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome.

No other feature of the options granted was incorporated into the measurement of fair value.

At the end of the reporting period, the Company had 92,944,000 (2021: 108,836,000) share options outstanding and all were exercisable with weighted average remaining contractual life of 2.72 years (2021: 3.48 years) under the Scheme. The exercise in full of the outstanding share options would, under the present capital structure of the Company, result in the issue of 92,944,000 (2021: 108,836,000) additional ordinary shares of the Company, additional share capital of HK\$9,294,400 (2021: HK\$10,884,000) (equivalent to approximately RMB8,206,000 (2021: RMB8,888,000)) and additional funds raised of HK\$22,011,000 (2021: HK\$24,502,000) (equivalent to approximately RMB19,432,000 (2021: RMB20,010,000)) (before issue expenses).

Subsequent to the end of the reporting period and up to the date of this report, no share options were exercised.

At the date of approval of these financial statements, the Company had 92,944,000 share options outstanding under the Scheme, which represented approximately 17.24% of the Company's shares in issue as at that date.
