Chairman's Statement 主席報告

Dear Shareholders, 各位尊敬的股東:

FY23 was a challenging year for our company and the healthcare industry as a whole. The geopolitical tension and inflationary economy dampened consumer sentiment, and the severe fifth wave of COVID-19 in the first quarter of FY23 and absence of Chinese tourists had a negative impact on our business. Although local market sentiment gradually improved as COVID-19 moderated throughout the year and the government's Consumption Voucher Scheme also helped boost spending, the increase of outbound travel of local customers upon reopening of international borders partially offset the local spending's wallet share.

二零二三財年對本公司及整個醫療保健行業而言均是充滿挑戰的一年。地緣政治緊張局勢及通脹的經濟形態抑制消費意欲, 二零二三財年第一季度嚴重的第五波疫情以及無中國遊客到訪已對我們的業務造成負面影響。儘管當地的市場情緒隨著疫情於全年得到緩解而逐步改善及政府的消費券計劃亦有助於刺激消費, 但國際邊境重新開放後,當地消費者的境外旅遊增加部分抵銷了當地消費的錢包份額。

Despite the challenges posed by the current business environment, we are thrilled to report that we have achieved historical high revenue of HK\$3.9 bn, representing a remarkable 32.7% YoY growth. This success can be attributed to our customer-centric approach and targeted marketing campaign, which have proven highly effective in driving sales growth with a customer base of higher levels of loyalty and repeat purchases. Additionally, we have taken advantage of a favourable rental market to expand our footprint and open 21 new service points totalling over 173,000 sq ft in FY23. Whilst some of these new service points required higher initial capital investments due to the nature of the business, we believe the foundation has been set to scale up and deliver growth in the near-term. Moreover, this extensive network allows us to provide a wider range of healthcare services in proximity to our customers, positioning us for long-term success in the highly competitive healthcare market.

Chairman's Statement 主席報告

The inflationary business environment has presented us with significant cost challenges. However, we have taken proactive steps to improve our operational efficiency and reduce costs while maintaining our investments in digital capabilities and talent. We are confident that by optimizing our operations and leveraging technology, we can drive greater efficiency and productivity while enhancing the customer experience. In order to achieve this, we are exploring opportunities to automate and digitize key processes, and investing in data analytics and artificial intelligence to gain deeper insights into customer needs and preferences. By streamlining our operations and enhancing our digital capabilities, we are creating a more agile and competitive organization that is better positioned to succeed in the rapidly evolving healthcare landscape.

In addition to our focus on operational efficiency, we are also committed to investing in our talent and building a strong team of professionals who can help us achieve our goals. Our co-ownership scheme has aligned the interests of our employees and doctor partners with those of our shareholders, and we will continue to explore new ways to incentivize and reward our talented team.

We recognize the importance of investing in and fostering the growth of our healthcare ecosystem. We believe that by partnering with key players in the telecom, technology, insurance, property, and pharmaceutical industries, we can create a more interconnected and efficient healthcare system that benefits everyone. Through these strategic partnerships, we are able to leverage the strengths and expertise of each industry to drive innovation and improve patient outcomes.

As part of our strategy to build a comprehensive health and beauty ecosystem, we will continue to drive external growth through strategic M&A opportunities that can help us expand our healthcare ecosystem and enhance vertical integration. Our focus will be on identifying targets that can leverage our expertise and resources, and that align with our long-term strategic vision. We are confident that our strong financial position, coupled with our track record of successful acquisitions, positions us well to execute on this strategy and create long-term value for our shareholders.

通膨的營商環境使我們面臨重大的成本挑戰。然而,我們已採取積極措施提高我們的營運效率及削減成本,同時保持我們對數字能力及人才的投資。我們相信,通過優化我們的營運及善用技術,我們可在提升客戶體驗的同時促進提高效率及生產力。為實現這一目標,我們正物色實現關鍵流程自動化及數字化的機會,並投資數據分析及人工智慧,以深入瞭解客戶需求及偏好。通過精簡我們的營運及提升我們的數字能力,我們正創建一個更靈活及有競爭力的組織,以便於瞬息萬變的醫療保健行業取得成功。

除專注於提升營運效率外,我們亦致力於人才投資,構建一支強大的專業團隊,助力我們實現目標。我們的持股管理人計劃使我們的僱員及醫生合作夥伴的利益與我們的股東利益保持一致,我們將繼續探索新方式激勵及獎勵我們人才團隊。

我們認識到投資及促進我們的醫療保健生態系統發展的重要性。我們相信,通過與電信、科技、保險、房地產及製藥行業的主要參與者合作,我們可以創建一個可使每個人從中受益的更為互聯互通及更為高效的醫療保健體系。透過該等戰略合作夥伴關係,我們能夠利用各行業的優勢及專業知識來推動創新及改善患者效果。

作為建立全面的健康及美容生態系統策略的一部分,我們將繼續通過策略性的併購機會來推動外部增長,從而有助於我們擴展我們的醫療保健生態系統並增強縱向整合。我們的重點將放在確定能夠利用我們的專業知識及資源並符合我們長期戰略願景的目標上。我們相信,我們穩健的財務狀況,加上我們成功收購的往績紀錄,使我們能夠在執行該策略方面處於有利地位並為我們的股東創造長期價值。

Chairman's Statement 主席報告

Sustainability is a critical component of our business strategy. We are deeply committed to minimizing our environmental impact, promoting social responsibility, managing risks, and ensuring ethical business practices. By prioritizing sustainability across all aspects of our business, we are confident that we can create a positive impact and drive long-term success.

In conclusion, despite the challenges we faced in FY23, we remain dedicated to building a leading one-stop healthcare platform in Asia, with a focus on bringing health, beauty, and wellness to everyone.

A transitionary year of investments with gradual ramp-up activities on the horizon

投資轉型的一年,投資活動將逐漸增多

The operating environment has been challenging in 2022, presenting many obstacles such as tightening financial conditions, inflationary pressures, and further waves of COVID-19 throughout the year. In particular, the high prevalence of COVID-19 in the community led to persistent social distancing restrictions, which resulted in a prolonged period of uncertainty and dampened consumer sentiment until the end of 2022. Nevertheless, the Group demonstrated resilience in navigating these headwinds and continued to move forward with enhancing the offerings of its service network. In FY23, the Group achieved all-time highs in revenue and sales volume of HK\$3,875.4 million and HK\$3,891.4 million, up 32.7% YoY and 24.6% YoY respectively. The Group was able to generate additional sales volume across business segments (except Mainland China) during the second half of FY23, capitalizing on the return of Mainland visitors following the resumption of cross-border travel between Hong Kong and Mainland China in early 2023. The proportion of sales in Hong Kong from Mainland Chinese customers surged to 14.6% in Q4 FY23 from 4.5% in Q3 FY23, as a direct result of the full-border reopening. The Group delivered a strong organic growth of 24.1%, driven by growth in medical segment attributed to strong organic growth and successful cross-brand referrals within our healthcare ecosystem. Revenue from M&A transactions closed during the year was HK\$154.1 million, accounting for 4.0% of the total.

二零二二年的經營環境充滿挑戰,出現諸多障礙,如金融 狀況收緊、通脹壓力,以及全年又一波疫情。特別是,疫 情於社區的高度傳播導致持續的實施社交距離限制,從而 導致二零二二年底之前長時間的形勢不明朗並抑制消費者 意欲。儘管如此,本集團展現出抵禦逆風的應變能力,並 持續推進優化其服務網絡的服務範圍。於二零二三財年, 本集團的收入及銷售額創歷史新高,分別達3,875.4百萬港 元及3,891.4百萬港元,同比分別增長32.7%及24.6%。歸 功於二零二三年初香港及中國內地之間恢復跨境旅遊後吸 引更多內地遊客回流,本集團於二零二三財年下半年於各 業務板塊(中國內地除外)實現額外的銷售額增長。來自 中國內地客戶在香港消費貢獻的收入的比例,於全面通關 後,從二零二三財年第三季的4.5%激增至二零二三財年第 四季的14.6%。本集團實現24.1%的強勁內部增長,這得 益於我們醫療保健生態系統中強勁的內部增長及成功的跨 品牌轉診帶來的醫療分部的增長。年內完成的併購交易的 收入為154.1百萬港元,佔總收入的4.0%。

We have taken advantage of a favourable rental market to expand our footprint, resulting in a net increase of 21 service points totaling approximately 173,000 sq. ft. in FY23. Out of the net increase, approximately 67.8% came from medical business, 4.2% from aesthetic medical and beauty and wellness services business, and 28.0% from other services. This extensive network allows us to provide a wider range of healthcare services in proximity to our customers, positioning us for long-term success in the highly competitive healthcare market. As at 31 March 2023, the Group has a total number of 168 service points comprising 147 in Hong Kong, 4 in Macau and 17 in Mainland China with the total aggregate g.f.a increased by 32.2% to approximately 706,000 sq ft.

Admin and other expenses	行政及其他開支	232,647	162,640	6.0%	5.6%	43.0%

The Group's significant increase in cost was driven by several key factors, including change in business mix, ramp up costs of new service points, cost inflation, and general admin costs to build a scalable healthcare platform.

動,包括業務組合的變化、新服務點成本的上 升、成本通脹以及構建可擴展醫療平台的一般行 政成本。

本集團成本的大幅增加乃由多個關鍵因素所驅

- Cost of inventories and consumables: Change in product mix with higher focus on the medical segment, led to an increase in cost of inventories and consumables.
- 存貨及耗材成本:產品組合的變化更側重 於醫療領域,導致存貨及耗材成本的增加。
- Registered practitioner expenses: The number of full-time and exclusive Registered Practitioners increased from 251 as at 31 March 2022 to 313 as at 31 March 2023. The shortage of registered practitioners in the healthcare industry and staffing up for the new service points also drove up the costs.
- 註冊醫生開支:全職專屬註冊醫生的數目 由二零二二年三月三十一日的251人增至 二零二三年三月三十一日的313人。醫療 行業註冊醫生的短缺及新服務點的人手增 加亦推高了成本。
- Rental and related expenses and depreciation of right-ofuse assets: The increase in rental space of 173,000 sq. ft. for the new service points resulted in an increase in expenses.
- 租金及相關開支以及使用權資產折舊:新服務點的租賃面積增加了173,000平方呎, 導致開支增加。
- Depreciation of owned property, plant and equipment and amortization: Renovation and equipment purchased for new service points contributed to the increase in depreciation and amortization expenses.
- **自有物業、廠房及設備折舊及攤銷**:為新服務點翻新及購置設備導致折舊及攤銷費用增加。

- Employee costs and admin expenses: The Group was in the process of extracting synergies from integration of the acquired business and building up a scalable healthcare platform with new strategic initiatives. Our overall headcount (excluding Registered Practitioners) was 2,579 as at 31 March 2023 (as at 31 March 2022: 2,674).
- **Finance costs:** It rose due to increased borrowings (total debt increased to HK\$719.1 million at 31 March 2023 from HK\$235.7 million as at 31 March 2022), which was used as working capital for pre-opening expenses for the new service points and acquisitions.

As a result, the Group's profit for the year decreased by 60.4% YoY to HK\$107.0 million, and the profit attributable to equity shareholders of the Company decreased by 64.7% from HK\$197.5 million for FY22 to HK\$69.7 million for FY23.

- **員工成本及行政開支**:本集團正通過整合 收購的業務並通過新的戰略舉措建立可擴 展的醫療平台來獲取協同效應。於二零 二三年三月三十一日,我們的總人數(不包 括註冊醫生)為2,579人(於二零二二年三 月三十一日:2,674人)。
- 財務成本:由於借款增加(總債務由二零 二二年三月三十一日的235.7百萬港元增加 至二零二三年三月三十一日的719.1百萬港 元),用作新服務點開業前費用及收購的營 運資金。

因此,本集團於本年度的溢利同比減少60.4%至107.0百萬港元,而本公司權益股東應佔溢利則由二零二二財年的197.5百萬港元減少64.7%至二零二三財年的69.7百萬港元。

二零二三財年可持續發展進展: 我們對積極變革的承諾

In FY23, our Group made significant strides in advancing our sustainability efforts, with a focus on environmental and social sustainability, as well as governance. We installed IoT devices in our locations to achieve energy efficiency and reduce our carbon footprint, while also entering into a lease with Green Pledge to ensure that our operations focus on energy savings and reducing waste. Besides that, we introduced and expanded sustainability-linked facilities as a key part of our financial strategy. This approach not only integrates ESG considerations into all our operations and decision-making processes, but also enables us to invest in long-term projects that promote sustainability while meeting our financial objectives. Additionally, we hosted various events to serve underprivileged communities and sponsored events to focus on teenage development, providing equal access to healthcare and working with the government and charitable organizations for community outreach. We also enhanced our governance by rotating our independent board of directors and establishing a medical advisory board for medical risk management. In order to enhance governance on data privacy, Mr. Stephen Kai-Yi Wong, ex-Privacy Commissioner for Personal Data, Hong Kong was appointed as Chief Advisor, Data Protection. The Group also obtained ISO 9001:2015 Quality Management System certification and adhered to the ISO 31000:2018 Risk Management standard, demonstrating our commitment to strengthening corporate governance and providing high-quality services to our customers while managing risks in a structured and systematic way.

OUTLOOK

long-term.

Cautious optimism amid post-COVID-19 progression and global uncertainty

Management remains cautiously optimistic as it navigates the current challenging global economic conditions post-COVID-19, including potential recession, inflationary environment, and reduced discretionary spending. Although the resumption of normalcy and reopening of the border between Mainland China and Hong Kong has led to a rebound in the number of Mainland tourists, the improvements in local consumer sentiment that are expected to contribute to the stable recovery of the economy remain gradual. Nonetheless, the medical market has remained resilient with public-private partnerships such as the Hong Kong Government's Primary Healthcare Blueprint expected to continue to increase private medical spending in Hong Kong over the long run. The Group's platform is well-positioned to adapt to the improving market conditions.

Committed to deliver bottom-line growth

We remain focused on delivering bottom-line growth, and

in the coming year, we plan to take several key actions to achieve this objective. Firstly, we will concentrate on driving sales growth for our newly opened stores, which we believe will be a significant driver of revenue growth. We will implement targeted marketing campaigns and promotions to attract new customers and retain existing ones. Secondly, we will implement cost controls across our operations, including supply chain, procurement and administrative costs. We believe these measures will help us manage rising costs and improve our margins. Finally, we will focus on improving productivity by streamlining our operations, optimizing our workforce and leveraging technology. We believe that these measures will enable us to operate more efficiently and effectively, and ultimately drive bottom-line growth. Through these actions, we are confident that we can stabilize our bottom line and position ourselves for sustainable growth over the

Strengthen TTIPP partnerships & robust financial resources to execute M&A roadmap

We will continue to form and strengthen strategic partnerships with key players in TTIPP to expand our integrated one-stop healthcare ecosystem in Hong Kong. In addition, we have identified several attractive acquisition targets that align with our core values and long-term growth objectives, and the successful arrangement of two sustainability-linked loans has put our Group in a strong financial position to execute our M&A roadmap. With this financing, we plan to pursue several strategic acquisitions focusing on businesses that complement our existing operations and allow us to expand our geographical reach. Our commitment to delivering high-quality healthcare services remains unchanged, and we are confident that our M&A strategy will enable us to achieve our strategic objectives and drive long-term sustainable growth.

Sustainability Approach 可持續發展方針

Overview of our Sustainability Goals

The reasons, purposes and objectives of the Co-Ownership Plan are to incentivise skilled and experienced Eligible Participants to remain with the Group and to motivate them to strive for the future development and expansion of the Group in order to create value for the Shareholders, by providing Eligible Participants with an opportunity to acquire equity interests in the Company according to the Co-Ownership Plan, and further aligning their interests with those of the long term Shareholders.

With the unprecedented triumph of the Co-Ownership Plan 1 since its adoption on 16 April 2020, the highly motivated Eligible Participants have played an instrumental role in propelling the Group's remarkable growth and expansion throughout the preceding years.

Against this backdrop of resounding success, the Board is delighted to unveil the Co-Ownership Plan 2 in May 2023, continuing to incentivize our skilled and experienced Eligible Participants to strive for nothing short of excellence in driving the Group's performance to new heights. By aligning efforts and goals, we aim to conquer the challenges ahead and achieve a rewarding revenue target for the Group over the next three years, concluding in the financial year ending 31 March 2026.

Considering the foreseeable circumstances, which render the grant conditions of the Co-Ownership Plan 1 unlikely to be met, the Board has made the prudent decision to terminate the plan early. This will release the investment shares contributed by the Eligible Participants, allowing for their reinvestment in the promising Co-Ownership Plan 2.

APPROVAL

INVESTOR RELATIONS

The year has been daunting for most investor relations professionals. We were highly adaptive in switching to the online environment, ensuring the best deliverance of two-way communication between the Company, shareholders and the whole investment community. We held several reverse roadshows successfully at our Shenzhen headquarters after the border reopening to provide the most up-to-date information to mainland investors. Through various channels, including domestic and international roadshows, investor meetings, annual general meetings, company meetings, teleconferences and emails, we have made transparent, efficient and timely communication with our shareholders, analysts, fund managers and potential investors.

投資者關係

對於大多數投資者關係專業人士而言,本財年內疫情帶來的挑戰仍然存在。我們積極轉向線上環境,確保本公司、股東及整個投資界之間維持良好透明的信息溝通。於通關後,我們在深圳總部成功舉辦多次反向路演活動,為內地投資者展示業務更新。通過本地及海外路演、投資者會議、股東週年大會、公司會面、電話會議及電郵諮詢等多種渠道,我們與股東、分析師、基金經理及潛在投資者作高透明度、有效及及時的交流。

Investor Relations Report 投資者關係報告

This year, our emphasis has been put on ensuring a free flow of information to all interested parties. To achieve the said objectives, we have an ambitious plan to digitalize the whole investor journey, from point of touch to maintaining long-term supportive relationships. The digitalization process begins with attracting sources of the public domain into our closely-managed private pools. To infiltrate investors at multiple levels, we are powered by big data analytics to locate investors with different expectations and concerns. In the meantime, the Group has spared no effort to maintain diversified communication channels with the capital market through virtual roadshow, participating in online roadshows and one-to-one meetings so that investors could keep abreast of the latest developments of the Group.

Apart from proactively engaging with the investment communities, we also treasure the two-way communication with investors through our feedback mechanism. We noticed there were raising interests regarding the additional disclosure of ESG issues, consolidation strategies and corporate governance practices. In particular, several concerns were brought-up including 1) adopting international frameworks such as GRI, UNSDG, CDP and TCFD to strengthen the ESG context: 2) continuing to improve board independence and board diversity, and establishing anti-corruption policy; 3) shedding more light on our long-term M&A strategy; and 4) disclosing long-term operational targets and aligning management's compensation with performance. We discussed the matter with the Board and agreed to work with the concerned investors in providing supplementary disclosure to the public without compromising our internal protocol. Ultimately, the investor relations team is made of the people and for the people, and hence we continue to welcome valuable feedback from investors at all levels.

During the Reporting Period, our management team and IR team attended over 306 one-on-one and Group meetings and actively participated in investor conferences and non-deal roadshows in Hong Kong, Shenzhen, Shanghai, Guangzhou and Beijing meetings with over 1.300 investors.

今年,我們的重點是向所有利益相關方確保信息自由流動。為實現上述目標,我們已制定一項雄心勃勃的計劃,將投資者的整個過程數字化,從接觸點至維持長期的支持關係。數字化進程始於將公共領域的資源吸引至我們嚴密管理的私人資源庫中。為了在多個層面滲透投資者,我們藉助大數據分析以定位具有不同期望及擔憂的投資者。與此同時,本集團通過雲路演、參加在線路演及一對一會議,不遺餘力地與資本市場保持多元化的溝通渠道,以便投資者能夠及時瞭解本集團的最新發展。

除積極參與投資社區外,我們亦珍視通過反饋機制與投資者的雙向溝通。我們注意到,人們對有關ESG問題、整合戰略及公司治理實踐的額外披露越來越感興趣。特別是,提出若干問題,包括1)採用GRI、UNSDG、CDP及TCFD等國際框架以加強ESG背景:2)繼續提高董事會的獨立性及董事會的多樣性,並制定反腐敗政策;3)進一步闡明我們的長期併購戰略;及4)披露長期運營目標,並將管理層的薪酬與績效掛鈎。我們與董事會討論此事宜,並同意與相關投資者合作,在按方論。最終,投資者關係團隊取之於民,用之於民,因此我們繼續歡迎各級投資者的寶貴反饋。

於報告期間,管理團隊及投資者關係團隊出席逾 306場投資者會議,亦積極參與投資者研討會以 及覆蓋香港、深圳、上海、廣州、北京及海外多 地投資者的非交易路演,與逾1,300名投資者會 面。 Investor Relations Report 投資者關係報告

RISK MANAGEMENT AND INTERNAL CONTROL

The Directors acknowledge their responsibilities for the risk management and internal control systems of the Group and reviewing their effectiveness. The risk management and internal control systems are designed and being implemented to manage, rather than eliminate, the risk of failure to achieve the business objectives of the Group, and can only provide reasonable, but not absolute, assurance against material misstatement or loss.

The Directors and the management would identify any risks associated with the businesses of the Group by considering both internal and external factors and events from time to time which include but not limit to political, economic, technology, environmental, social and human resources. Two approaches are used for risk identification and evaluation, which are (1) to identify the root causes of risks, that is, identify the undesirable events or things that could go wrong and then identify the potential impacts of each factor and event on the businesses of the Group; and (2) to identify all the essential functions that the Group are performing or businesses objectives that the Group are achieving and then identify all the possible modes by which such functions might fail to perform. Five strategies are adopted by the Company to manage risks, including (1) to accept the risk, (2) to avoid the risk, (3) to transfer the risk, (4) to mitigate the risk, or (5) to exploit the risk.

The Company has adhered to the ISO 31000:2018 Risk Management standard, showcasing a structured and systematic approach to risk management. Additionally, the Company has engaged an external professional firm to further its internal audit function and to conduct an annual review on the effectiveness of the risk management and internal control systems of the Company in respect of the Group's financial, operational, compliance controls and risk management for the Reporting Period and discussed its findings with the Audit Committee and then reported to the Board. The Board is not aware of any areas of concern that would have a material impact on the financial position or businesses of the Group and considers that the risk management and internal control systems of the Company are generally adequate and effective and that the Company could maintain the adequacy of resources, staff qualifications and experience, training programs and budget of the Company's accounting, internal audit and financial reporting functions during the Reporting Period.

Independent auditor's report to the shareholders of EC Healthcare

(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of EC Healthcare ("the Company") and its subsidiaries ("the Group") set out on pages 109 to 265, which comprise the consolidated statement of financial position as at 31 March 2023, the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2023 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities* for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code") together with any ethical requirements that are relevant to our audit of the consolidated financial statements in the Cayman Islands, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

獨立核數師報告致醫思健康股東

(於開曼群島註冊成立的有限公司)

意見

本核數師(以下簡稱「我們」)已審計列載於第109至265頁的醫思健康(以下簡稱「貴公司」)及其附屬公司(以下統稱「貴集團」)的綜合財務報表,此財務報表包括於二零二三年三月三十一日的綜合財務狀況表與截至該日止年度的綜合損益表、綜合損益及其他全面收益表、綜合權益變動表和綜合現金流量表,以及綜合財務報表附註,包括主要會計政策概要。

我們認為,該等綜合財務報表已根據香港會計師公會(「香港會計師公會」)頒佈的《香港財務報告準則》(「《香港財務報告準則》」)真實而中肯地反映了 貴集團於二零二三年三月三十一日的綜合財務狀況及截至該日止年度的綜合財務表現及綜合現金流量,並已遵照香港《公司條例》的披露要求妥為擬備。

意見的基礎

我們已根據香港會計師公會頒佈的《香港審計準則》進行審計。我們在該等準則下承擔的責任已在本報告「核數師就審計綜合財務報表承擔的責任」部分中作進一步闡述。根據香港會計師公會頒佈的《專業會計師道德守則》(以下簡稱「守則」)以及與我們對開曼群島綜合財務報表的審計相關的道德要求,我們獨立於 貴集團,並已履行這些道德要求以及守則中的其他專業道德責任。我們相信,我們所獲得的審計憑證能充足及適當地為我們的審計意見提供基礎。

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition: Provision of services

Refer to notes 5 and 26 to the consolidated financial statements and the accounting policies in note 3.1.

The Key Audit Matter 關鍵審計事項

Revenue mainly comprises income from the provision of medical, aesthetic medical and beauty and wellness services.

收入主要包括提供醫療、美學醫療、美容及養生服務的收入。

Revenue is recognised when the related services are provided to customers.

收入於相關服務提供予客戶時確認。

Certain services provided by the Group are sold on a prepaid basis. Payments received for prepaid packages are initially recorded as deferred revenue in the consolidated statement of financial position at the time of receipt. The service period for a prepaid package is generally one year.

貴集團提供的若干服務按預付基準出售。已收的預付套票款項於收到 時初步於綜合財務狀況表入賬作遞延收入。預付套票的服務期一般為 一年。

Prepaid packages are non-refundable and customers may not utilise all of their contracted rights within the service period. Such unutilised services are referred to as "breakage". An expected amount of breakage is estimated by management based on historical experience and is recognised as revenue in proportion to the pattern of services provided to customers.

預付套票不可退還及客戶於服務期內可能不使用其全部合約權利。相關未使用的服務被稱為「未使用的權利」。預期未使用的權利金額由管理層根據過往經驗估計及按提供予客戶的服務模式的比例確認為收入。

Any residual deferred revenue at the end of the contractual service period is fully recognised in profit or loss.

於合約服務期末的任何剩餘遞延收入於損益內悉數確認。

關鍵審計事項

關鍵審計事項是根據我們的專業判斷,認為對本期綜合財務報表的審計最為重要的事項。這些事項是在我們審計整體綜合財務報表及出具意見時進行處理的。我們不會對這些事項提供單獨的意見。

收入確認:提供服務

請參閱綜合財務報表附註5及26以及附註3.1的 會計政策。

How the matter was addressed in our audit 我們的審計如何處理該事項

Our audit procedures to assess the recognition of revenue from the provision of services during the year included the following:

我們的審計程序是評估年內來自提供服務的收 入確認,包括如下事項:

- assessing the design, implementation and operating effectiveness of key internal controls over revenue recognition;
- 評估對收入確認的主要內部控制的設計、 實施及營運上的成效;
- inspecting, on a sample basis, sales contracts and evaluating management's accounting treatment for the recognition of revenue with reference to the terms set out in the sales contracts and the requirements of the prevailing accounting standards;
- 參考銷售合約所載的條款及現行會計準則的規定,抽樣查驗銷售合約及評估管理層 對收入確認的會計處理;
- inspecting, on a sample basis, cash receipts from customers during the year and comparing such receipts with relevant details in sales contracts entered into during the year;
- 抽樣查驗年內來自客戶的現金收款,並將 該等收款與年內訂立的銷售合約的相關詳 情作比較;
- comparing, on a sample basis, customers' signed acceptance of services provided with the customers' utilisation records;
- 抽樣比較客戶對所提供服務的簽字接納與 客戶使用記錄;

The Key Audit Matter 關鍵審計事項

We identified recognition of revenue from the provision of services as a key audit matter because (1) revenue is one of the key performance indicators of the Group and therefore there is an inherent risk of manipulation of the timing of recognition of revenue by management to meet specific targets; and (2) the estimation of the utilisation pattern of services is inherently subjective and requires significant judgement and estimation which increase the risk of error or potential management bias.

我們將服務收入認定為一項關鍵審計事項,乃因(1)收入是 貴集團關鍵表現指標之一,因此一項固有風險是管理層編纂收入確認的時間以達到特定目的;及(2)服務使用模式的估計本質上有主觀性及需要進行重大判斷及估計,這增加了錯誤或潛在管理層偏見的風險。

How the matter was addressed in our audit 我們的審計如何處理該事項

- recalculating, on a sample basis, the revenue recognised for services provided during the year with reference to the terms as set out in the sales contracts;
- 參考銷售合約所載的條款,抽樣重算年內 所提供服務的確認收入;
- analysing the Group's historical data for utilisation of prepaid packages and the current year's revenue recognised for services provided to re-perform the calculation of the breakage amount for the current year; comparing our results with the actual figures recorded by the Group and investigating unusual items or trends and assessing whether or not there was an indication of management bias:
- 分析 貴集團就預付套票使用情況的過往 數據及本年度所提供服務確認的收入,以 重新計算本年度未使用的權利金額;將我 們的結果與 貴集團記錄的實際數字作比 較,並調查異常項目或趨勢及評估是否有 管理層偏見的跡象;
- assessing, on a sample basis, whether residual deferred revenue had been recognised in profit or loss at the end of the contractual service period; and
- 抽樣評估剩餘遞延收入是否於合約服務期 末於損益內確認;及
- inspecting underlying documentation for journal entries relating to revenue and deferred revenue which were considered to meet specified risk-based criteria.
- 查驗收入及遞延收入有關且符合特定風險 條件的入賬紀錄的相關文件。

Impairment assessment of non-current assets in cashgenerating units of acquired businesses

Refer to note 13, 14 and 15 to the consolidated financial statements and the accounting policies in note 3.1.

The Key Audit Matter 關鍵審計事項

As at 31 March 2023, the carrying values of the Group's goodwill, intangible assets and other property, plant and equipment of the acquired businesses amounted to HK\$743,544,000, HK\$609,859,000 and HK\$364,090,000, respectively, which in total represented 33% of the Group's total assets.

於二零二三年三月三十一日,本集團的商譽、無形資產以及被收購業務的其他物業、廠房及設備的賬面值分別為743,544,000港元、609,859,000港元及364,090,000港元,合計佔本集團資產總值的33%。

Management performs impairment assessments annually for cashgenerating units ("CGUs") of the acquired businesses to which goodwill has been allocated. In addition, impairment assessments are performed for CGUs of the acquired businesses to which intangible assets with finite useful lives and other property, plant and equipment have been allocated if there is any indication of impairment.

管理層每年對已獲分配商譽的被收購業務現金產生單位(「現金產生單位」)進行減值評估。此外,如有任何減值跡象,對已獲分配具有有限使用年限的無形資產及其他物業、廠房及設備的被收購業務現金產生單位,亦會進行減值評估。

In performing impairment assessments, management determines the recoverable amounts of the smallest CGUs of acquired business to which the goodwill has been allocated; and compares the carrying amount of each of the identifiable CGU with its value in use based on discounted cash flow forecasts to determine if any impairment loss should be recognised. Based on the impairment assessments, impairment loss of HK\$7,481,000 on goodwill was recognised for the year.

於進行減值評估時,管理層釐定已分配商譽的被收購業務最小現金產生單位的可收回金額;以及將各項可識別現金產生單位的賬面值與其按貼現現金流預測的使用價值進行比較,以釐定是否應確認任何減值虧損。根據減值評估,年內確認商譽減值虧損7,481,000港元。

被收購業務現金產生單位的非流動資產的減值 評估

請參閱綜合財務報表附註13、14及15以及附註3.1的會計政策。

How the matter was addressed in our audit 我們的審計如何處理該事項

Our audit procedures to assess impairment of non-current assets in CGUs of acquired businesses included the following:

我們的審計程序是評估被收購業務現金產生單位的非流動資產減值,包括如下事項:

- evaluating the management's assessment of impairment indicators, appropriateness of identification of CGUs of the acquired businesses and the allocation of goodwill, intangible assets and other property, plant and equipment to each CGU;
- 評估管理層的評估減值跡象、釐定被收購業務現金產生單位以及商譽、無形資產及其他物業、廠房及設備分配至各現金產生單位是否適當;
- with the assistance of our internal valuation specialists, assessing the valuation methodology and discount rates applied in the discounted cash flow forecasts on a sample basis;
- 在我們內部估值專家協助下按抽樣基準評估貼現現金流預測所應用的估值法及貼現率;
- challenging and evaluating the assumptions adopted in the preparation of discounted cash flow forecasts on which the value in use calculations were based, including future growth rates for revenue and operating costs, with reference to our understanding of the businesses, historical trends and future business plans;
- 参照我們對業務、過往趨勢及未來業務規劃的了解,查證及評估編製使用價值計算所依據的貼現現金流預測時所採用的假設,包括收入的未來增長率及營運成本;

The Key Audit Matter 關鍵審計事項

The preparation of discounted cash flow forecasts involves estimating future cash flows, particularly the underlying assumptions relating to growth rates of revenue and operating costs; and discount rates which are inherently uncertain.

編製貼現現金流預測涉及估計未來現金流,尤其是涉及收入的增長率及營運成本的相關假設以及本質上具有不明確性的貼現率。

We identified the assessment of impairment of non-current assets in CGUs of the acquired businesses as a key audit matter because the impairment assessments prepared by management are complex and involve significant degree of management judgement in forecasting future cash flows and estimating value in use of the relevant CGUs of the acquired businesses which are inherently uncertain and may be subject to management bias.

我們將被收購業務現金產生單位的非流動資產的減值評估釐定作關鍵審計事項,乃因管理層編製減值評估誠屬複雜,並在預測未來現金流及估計被收購業務相關現金產生單位的使用價值時涉及大量管理層判斷,且本質上具有不明確性並面臨管理層偏差。

How the matter was addressed in our audit 我們的審計如何處理該事項

- comparing the revenue and operating costs included in prior year's discounted cash flow forecasts with the current year's performance in order to assess the reasonableness of prior year's forecasts and making enquiries of management as to the reasons for any significant variation identified;
- 將過往年度貼現現金流預測所載列的收入及營運成本與本年度表現進行比較, 以評估過往年度預測的合理性並就識別的任何重大修訂的理由向管理層作出查詢;
- performing sensitivity analyses of key assumptions adopted in the discounted cash flow forecasts and assessing the impact of changes in these assumptions on the conclusions reached in the impairment assessments and whether there were any indicators of management bias; and
- 對貼現現金流預測所採納主要假設進行 敏感度分析,並評估該等假設變動對減 值評估得出的結論存在的影響以及是否 存在管理層偏差的任何跡象;及
- assessing the disclosures in the consolidated financial statements in respect of the impairment assessments with reference to the requirements of the prevailing accounting standards.
- 參照現有會計準則規定評估綜合財務報表涉及減值評估的披露事項。

Information other than the consolidated financial statements and auditor's report thereon

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

綜合財務報表及其核數師報告以外的信 息

董事需對其他信息負責。其他信息包括刊載於年報內的全部信息,但不包括綜合財務報表及我們的核數師報告。

我們對綜合財務報表的意見並不涵蓋其他信息, 我們亦不對該等其他信息發表任何形式的鑒證結 論。

結合我們對綜合財務報表的審計,我們的責任是 閱讀其他信息,在此過程中,考慮其他信息是否 與綜合財務報表或我們在審計過程中所了解的情 況存在重大抵觸或者似乎存在重大錯誤陳述的情 況。

基於我們已執行的工作,如果我們認為其他信息 存在重大錯誤陳述,我們需要報告該事實。在這 方面,我們沒有任何報告。

董事就綜合財務報表須承擔的責任

董事須負責根據香港會計師公會頒佈的《香港財務報告準則》及香港《公司條例》的披露要求擬備 真實而中肯的綜合財務報表,並對其認為為使綜 合財務報表的擬備不存在由於欺詐或錯誤而導致 的重大錯誤陳述所需的內部控制負責。

在擬備綜合財務報表時,董事負責評估 貴集團 持續經營的能力,並在適用情況下披露與持續經 營有關的事項,以及使用持續經營為會計基礎, 除非董事有意將 貴集團清盤或停止經營,或別 無其他實際的替代方案。

審核委員會協助董事履行監督 貴集團的財務報告過程的責任。

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

我們的目標,是對綜合財務報表整體是否不存在 由於欺詐或錯誤而導致的重大錯誤陳述取得合理 保證,並出具包括我們意見的核數師報告。我們 僅向整體股東報告。除此以外,我們的報告不可 用作其他用途。我們概不就本報告的內容,對任 何其他人士負責或承擔法律責任。

合理保證是高水平的保證,但不能保證按照《香港審計準則》進行的審計,在某一重大錯誤陳述 存在時總能發現。錯誤陳述可以由欺詐或錯誤引起,如果合理預期它們單獨或滙總起來可能影響 綜合財務報表使用者依賴財務報表所作出的經濟 決定,則有關的錯誤陳述可被視作重大。

- 識別和評估由於欺詐或錯誤而導致綜合財務報表存在重大錯誤陳述的風險,設計及執行審計程序以應對這些風險,以及獲取充足和適當的審計憑證,作為我們意見的基礎。由於欺詐可能涉及串謀、偽造、蓄意遺漏、虛假陳述,或凌駕於內部控制之上,因此未能發現因欺詐而導致的重大錯誤陳述的風險高於未能發現因錯誤而導致的重大錯誤陳述的風險。
- 了解與審計相關的內部控制,以設計適當 的審計程序,但目的並非對 貴集團內部 控制的有效性發表意見。
- 評價董事所採用會計政策的恰當性及作出 會計估計和相關披露的合理性。

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. 2.2 BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The consolidated financial statements for the year ended 31 March 2023 comprise the Company and its subsidiaries and the Group's interest in joint ventures and associates.

The measurement basis used in the preparation of the financial statements is the historical cost basis except as otherwise stated in the accounting policies.

Notwithstanding the net current liabilities of HK\$250,982,000 as at 31 March 2023, the Group's consolidated financial statements have been prepared on a going concern basis because the directors are of the opinion that the Group would have adequate funds to meet its obligations, as and when they fall due, having regard to the following:

- (a) the Group is expected to generate positive operating cash flows in connection with its principal activities; and
- (b) deferred revenue of approximately HK\$596 million as at 31 March 2023 mainly relates to non-refundable prepaid packages for which settlement (i.e. recognised as revenue) is expected within one year without material cash outflow.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the consolidated financial statements and major sources of estimation uncertainty are discussed in note 3.2.

2.2 財務報表編製基準

截至二零二三年三月三十一日止年度的綜 合財務報表包括本公司及其附屬公司以及 本集團於合營企業及聯營公司的權益。

除會計政策另有指明外,編製本財務報表 時以歷史成本作為計量基礎。

儘管於二零二三年三月三十一日的流動負債淨額為250,982,000港元,但本集團的綜合財務報表按持續經營基準編製,因為董事認為,本集團將有足夠資金於到期時履行其責任,並已考慮以下事項:

- (a) 預期本集團將就其主要業務產生正數 的經營現金流量;及
- (b) 於二零二三年三月三十一日,遞延收 入約596百萬港元主要與不可退還的 預付套票有關,預期有關預付套票於 一年內結算(即確認為收入),不會出 現重大現金流出。

管理層需於編製符合香港財務報告準則的 財務報表時作出對政策的應用以及對資產、 負債、收入及支出的列報金額造成影響的 判斷、估計及假設。該等估計及相關假設 乃根據以往經驗及因應當時情況認為合理 的各項其他因素而作出,其結果構成於無 法從其他途徑下得知資產與負債的賬面值 時所作出判斷的基礎。實際結果可能有別 於估計金額。

管理層會持續審閱各項估計和相關假設。 倘會計估計的修訂僅影響某一期間,其影 響便會在該期間內確認;如果該項修訂對 當前及未來期間均有影響,則在作出修訂 的期間及未來期間確認。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

3.1 重大會計政策概要

附屬公司及非控股權益

附屬公司指本集團控制的實體。當本集團 通過參與該實體業務從而享有或有權獲取 不同回報,及有能力運用其對該實體的權 力而影響該等回報時,即對該實體實現控 制。當評估本集團是否擁有權力時,僅考 慮實質權利(本集團及其他方持有)。

於附屬公司之投資會自控制開始日期起綜合入賬綜合財務報表內,直至控制結束日期為止。集團內公司間之結餘、交易及現金流量以及集團內公司間之交易所產生之任何未變現溢利於編製綜合財務報表時悉數抵銷。倘並無出現減值跡象,集團內公司間之交易所產生之未變現虧損則按照未變現收益之相同方式抵銷。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsidiaries and non-controlling interests (Continued)

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset or where appropriate, the cost on initial recognition of an investment in an associate or joint venture.

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses.

3.1 重大會計政策概要(續)

附屬公司及非控股權益(續)

非控股權益指並非由本公司直接或間接擁有附屬公司的權益,而本集團並沒有同意 與該等權益的持有人訂立任何可導致本集 團整體就該等權益而承擔符合金融負債定 義的合同義務的額外條款。就每項業務合 併而言,本集團可選擇以公平值或非控股 權益於附屬公司的可予識別資產淨值的比 例份額計量非控股權益。

非控股權益與本公司權益股東應佔權益於 綜合財務狀況表的權益項目中分別列示。 於本集團業績內的非控股權益在綜合損益 表以及綜合損益及其他全面收益表內呈列 為於非控股權益與本公司權益股東之間分 配年度總利潤或虧損及全面收益總額。

倘本集團於一間附屬公司的權益變動不會 導致喪失控制權,則作為股權交易入賬, 而於綜合權益的控股權益及非控股權益將 會被調整,以反映其有關權益轉變,惟不 會調整商譽及確認盈虧。

當本集團喪失對一間附屬公司之控股權, 將按出售該附屬公司之所有權益入賬,而 所產生的盈虧於損益中確認。任何在喪失 控股權日仍保留該前附屬公司之權益按公 平值確認,而此金額被視為初始確認一項 金融資產的公平值或(倘適用)於一間聯營 公司或合營企業的投資的初步確認成本。

於本公司財務狀況表內,於一間附屬公司 之投資按成本減減值虧損列賬。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Associates and joint ventures

An associate is an entity in which the Group or Company has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

A joint venture is an arrangement whereby the Group or Company and other parties contractually agree to share control of the arrangement, and have rights to the net assets of the arrangement.

Interest in an associate or a joint venture is accounted for in the consolidated financial statements under the equity method, unless it is classified as held for sale (or included in a disposal group that is classified as held for sale). Under the equity method. the investment is initially recorded at cost, adjusted for any excess of the Group's share of the acquisition-date fair values of the investee's identifiable net assets over the cost of the investment (if any). The cost of the investment includes purchase price, other costs directly attributable to the acquisition of the investment and any direct investment into the associate or joint venture that forms part of the Group's equity investment. Thereafter, the investment is adjusted for the post acquisition change in the Group's share of the investee's net assets and any impairment loss relating to the investment. At each reporting date, the Group assesses whether there is any objective evidence that the investment is impaired. Any acquisition-date excess over cost, the Group's share of the post-acquisition, post-tax results of the investees and any impairment losses for the year are recognised in the consolidated statement of profit or loss, whereas the Group's share of the post-acquisition post-tax items of the investees' other comprehensive income is recognised in the consolidated statement of profit or loss and other comprehensive income.

3.1 重大會計政策概要(續)

聯營公司及合營企業

聯營公司是指本集團或本公司可以對其發揮重大影響力但並非控制或共同控制其管理(包括參與財務及經營決策)之實體。

合營企業是一項安排,據此,本集團或本公司與其他方簽署合同,同意分享此項安排的控制權,並有權擁有其淨資產。

於一間聯營公司或一間合營企業的權益是 按權益法於綜合財務報表入賬,分類為持 作待售(或被列入分類為持作待售的出售組 別)除外。根據權益法,投資初始以成本入 賬,並經本集團在收購當日應佔被投資方 可識別資產淨值的公平值超出投資成本的 金額作出調整(如有)。投資成本包括購買 價、直接歸屬於購入投資的其他成本,以 及構成本集團股本投資一部分的於聯營公 司或合營企業的任何直接投資。其後,該 投資經本集團在收購後應佔被投資方的資 產淨值及與該投資有關的任何減值虧損變 動作出調整。於各報告日期,本集團評估 是否有任何客觀證據顯示投資已減值。收 購當日超出成本的任何金額、本集團年內 應佔被投資方的收購後稅後業績及任何減 值虧損會在綜合損益表確認,而本集團應 佔被投資方其他綜合收益的收購後稅後項 目則會在綜合損益及其他全面收益表確認。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Associates and joint ventures (Continued)

When the Group's share of losses exceeds its interest in the associate or the joint venture, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method together with the Group's long-term interests that in substance form part of the Group's net investment in the associate or the joint venture (after applying the ECL (as defined below) model to such long term interests where applicable).

Unrealised profits and losses resulting from transactions between the Group and its associate and joint venture are eliminated to the extent of the Group's interest in that investee, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method.

In all other cases, when the Group ceases to have significant influence over an associate or joint control over a joint venture, it is accounted for as a disposal of the entire interest in that investee, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former investee at the date when significant influence or joint control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset.

In the Company's statement of financial position, investments in associates and joint ventures are stated at cost less impairment losses.

3.1 重大會計政策概要(續)

聯營公司及合營企業(續)

當本集團需分擔聯營公司或合營企業的虧損額超過其所佔權益時,本集團所佔權益 應減少至零,且不再確認進一步虧損,惟本集團須履行法定或推定責任,或須代表被投資方付款則除外。就此而言,本集團的權益為根據權益法計算的投資賬面值實外及本集團的長期權益,該等長期權益實的一部分(於適用情況下對該等長期權益應用預期信貸虧損(定義見下文)模式後)。

本集團與其聯營公司及合營企業之間交易 所產生的未變現損益均以本集團於該被投 資公司的權益為限抵銷,除非未變現虧損 證明轉讓資產出現減值,則在此情況下即 時確認為損益。

倘於一間聯營公司投資轉為於一間合營企 業投資,保留盈利不作重新計量,反之亦 然。相反,該投資繼續按權益法入賬。

在所有其他情況中,當本集團不再於一間聯營公司擁有重大影響力或於一間合營企業擁有共同控股權,則按出售該被投資方的全部權益入賬,而所產生的盈虧將於損益內確認。於喪失重大影響力或共同控股權當日仍保留於前被投資方的任何權益乃按公平值確認,而該金額將被視為一項金融資產於初始確認時的公平值。

對聯營公司及合營企業的投資乃按成本減 去減值虧損於本公司財務狀況表列賬。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred (except those segregated from business combinations) is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the sellers of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are expensed as incurred.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business acquisition is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

Any contingent consideration to be transferred or received by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of HKFRS 9 is measured at fair value with changes in fair value recognised in profit or loss. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

3.1 重大會計政策概要(續)

業務合併及商譽

業務合併按收購法列賬。轉讓代價(從業務合併分離者則除外)乃按收購日期的公平值計量,該公平值為本集團轉讓的資產於收購日期的公平值、本集團對被收購方的賣方承擔的負債及本集團發行以換取被收購方控股權的股本權益的總和。收購相關成本於產生時列為開支。

本集團收購一項業務時會根據合同條款、 收購日的經濟狀況及有關條件評估取得的 金融資產及承擔的金融負債,以進行適當 分類及指定。

倘業務收購為分階段實現,先前持有的股本權益應按收購日的公平值重新計算,產 生的任何盈虧在損益中確認。

收購方轉讓或收取的任何或然代價將以收 購日的公平值確認。倘或然代價被分類為 香港財務報告準則第9號範圍內並屬於金 融工具的資產或負債,則按公平值計量, 其公平值的變動將於損益確認。或然代價 如被分類為權益項目,則不再對其重新計 量,後續的結算會計入權益中。

商譽初始按成本計量,即轉讓代價、確認為非控股權益的金額及本集團此前持有的被收購方股權的公平值之和超出本集團所收購可識別資產淨值及所承擔負債的部分。 倘該代價及其他項目之和低於所收購資產淨值的公平值,有關差額在重估後於損益確認為議價購買收益。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Business acquisitions and goodwill (Continued)

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill at the end of each financial year. For the purpose of impairment testing, goodwill acquired in a business acquisition is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (or group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the operation disposed of and the portion of the cash-generating unit retained.

Other investments in debt and equity securities and unlisted funds

The Group's policies for investments in debt securities and unlisted equity securities and unlisted funds, other than investments in subsidiaries, joint ventures and an associate, are set out below.

3.1 重大會計政策概要(續)

業務收購及商譽(續)

初始確認後,商譽按成本減任何累計減值 虧損計量。如有任何事件或情況變動表明 賬面值可能減值,每年或更頻繁地對商譽 進行減值測試。本集團每年於各財政年度 的年結日進行商譽減值測試。就減值測試 而言,於業務收購的商譽自收購 起分配至預期將從合併的協同效應受益 起分配至預期將從合併的協同效應受益 本集團各現金產生單位或現金產生單位 別,而不論本集團的其他資產或負債是否 已被分配至該等單位或單位組別。

減值數額通過評估商譽所屬的現金產生單位(或現金產生單位組別)的可收回金額而釐定。倘現金產生單位(或現金產生單位組別)的可收回金額低於賬面值,則確認減值虧損。就商譽所確認的減值虧損不會於其後期間撥回。

倘商譽被分配至某現金產生單位(或現金產生單位組別),而該單位內的部分業務被出售,與被出售業務有關的商譽將於釐定出售該業務的收入或虧損時計入該業務賬面值。在此情況下被出售的商譽按被出售業務的相對價值及保留的現金產生單位部分計量。

於債務及股本證券以及非上市基金 的其他投資

本集團對債務證券及非上市股本證券以及 非上市基金(對附屬公司、合營企業及一間 聯營公司的投資除外)的投資政策載列如下。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other investments in debt and equity securities and unlisted funds (Continued)

Investments in debt securities, unlisted equity securities and unlisted funds are recognised/derecognised on the date the Group commits to purchase/sell the investment. The investments are initially stated at fair value plus directly attributable transaction costs, except for those investments measured at fair value through profit or loss ("FVTPL") for which transaction costs are recognised directly in profit or loss. These investments are subsequently accounted for as follows, depending on their classifications.

Investments other than equity investments

Non-equity investments held by the Group are classified into one of the following measurement categories:

- amortised cost, if the investment is held for the collection of contractual cash flows which represent solely payments of principal and interest. Interest income from the investment is calculated using the effective interest method.
- fair value through other comprehensive income ("FVOCI") (recycling), if the contractual cash flows of the investment comprise solely payments of principal and interest and the investment is held within a business model whose objective is achieved by both the collection of contractual cash flows and sale. Changes in fair value are recognised in other comprehensive income, except for the recognition in profit or loss of expected credit losses, interest income (calculated using the effective interest method) and foreign exchange gains and losses. When the investment is derecognised, the amount accumulated in other comprehensive income is recycled from equity to profit or loss.
- FVTPL if the investment does not meet the criteria for being measured at amortised cost or FVOCI (recycling). Changes in the fair value of the investment (including interest) are recognised in profit or loss.

於債務及股本證券以及非上市基金的其他投資(續)

於債務證券、非上市股本證券及非上市基金的投資於本集團承諾購買/出售該投資當日確認/終止確認。投資初步按公平值加直接應佔交易成本呈列,惟按公平值計入損益(「按公平值計入損益」)計量的投資除外,該等投資之交易成本直接於損益內確認。該等投資隨後根據其分類按以下方法入賬。

於股本投資以外的投資

本集團所持有之非股本投資分類為以下計量類別之一:

- 攤銷成本,倘所持投資用作收回合約 現金流(僅代表本金及利息付款)。投 資之利息收入按實際利率法計算。
- 一 按公平值計入其他全面收益(「按公平值計入其他全面收益」)(轉入損益),倘投資之合約現金流僅包括本金及利息付款,並且持有投資的目的為同時收回合約現金流及出售的業務模式。公平值之變動於其他全面收益內確認,惟預期信貸虧損、利息收入(按實際利率法計算)及匯兑收益及虧損於損益內確認。當終止確認該投資時,於其他全面收益內累計之金額由權益轉入損益。
- 按公平值計入損益,倘該投資不符合 按攤銷成本或按公平值計入其他全面 收益(轉入損益)計量之標準。該投資 之公平值變動(包括利息)於損益內 確認。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other investments in debt and equity securities and unlisted funds (Continued)

Equity investments

An investment in equity securities is classified as FVTPL unless the equity investment is not held for trading purposes and on initial recognition of the investment the Group makes an irrevocable election to designate the investment at FVOCI (nonrecycling) such that subsequent changes in fair value are recognised in other comprehensive income. Such elections are made on an instrument-by-instrument basis, but may only be made if the investment meets the definition of equity from the issuer's perspective. Where such an election is made, the amount accumulated in other comprehensive income remains in the fair value reserve (non-recycling) until the investment is disposed of. At the time of disposal, the amount accumulated in the fair value reserve (non-recycling) is transferred to retained profits. It is not recycled through profit or loss. Dividends from an equity investment, irrespective of whether classified as at FVTPL or FVOCI, are recognised in profit or loss.

Property, plant and equipment and depreciation

Property, plant and equipment, including right-of-use assets arising from leases of underlying property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

股本投資

於股本證券的投資被分類為按公平值計入 損益,除非該等股本投資並非以交易為目 的持有且於初步確認投資時,本集團不可 撤銷地選擇指定投資為按公平值計入其他 全面收益的金融資產(不轉入損益),由此, 隨後公平值的變動於其他全面收益內確認。 該等選擇以工具為基礎作出,但僅會在發 行人認為投資滿足股本之定義的情況下作 出。作出該選擇後,於其他全面收益內累 計之金額仍將保留在公平值儲備(不轉入損 益)內直至完成投資出售。於出售時,於公 平值儲備(不轉入損益)內累計之金額轉入 保留溢利,且不會轉入損益。於股本投資 產生的股息(不論分類為按公平值計入損益 或按公平值計入其他全面收益之金融資產) 於損益內確認。

物業、廠房及設備以及折舊

物業、廠房及設備(包括租賃相關物業、廠 房及設備而產生的使用權資產)按成本減累 計折舊及任何減值虧損列賬。物業、廠房 及設備項目的成本包括其購買價以及使該 資產達至營運狀況及擬定用途地點的任何 直接應佔成本。

物業、廠房及設備項目投入運作後產生的 支出,如維修保養等,一般於產生期間的 損益中扣除。於符合確認標準後,則主要 檢查開支於資產賬面值資本化為重置。當 物業、廠房及設備的重大部分需不時更換, 本集團會確認該等部分為有明確可使用年 期的個別資產,並作出相應折舊。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment and depreciation (Continued)

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment (including right-of-use assets) to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Properties leased for own use Over the lease term Building held for own use Over the shorter of the lease situated on leasehold land term and their estimated useful lives Leasehold improvements Over the shorter of the lease terms and 25% Furniture and fixtures 10-25% Operation equipment 10-20% Office equipment 15-20% Computers 20%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

Motor vehicles

20%

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

物業、廠房及設備以及折舊(續)

折舊乃按其估計可使用年期以直線法計算, 將物業、廠房及設備(包括使用權資產)各項目的成本撇銷至其剩餘價值。就此所使 用的主要年比率如下:

租賃作自用的物業 租賃年期

持作自用位於 租賃年期及其估計 租賃土地的樓宇 可使用年期

(以較短者為準)

租賃物業裝修 租賃年期或25%

(以較短者為準)

傢具及裝置10-25%營運設備10-20%辦公設備15-20%計算機20%汽車20%

倘物業、廠房及設備項目的不同部分的可使用年期有別,該項目的成本乃按合理基準分配至不同部分且個別進行折舊。剩餘價值、可使用年期及折舊方法最少須於各財政年度末進行審查及調整(如適用)。

一項物業、廠房及設備項目(包括已作初始確認的任何重要部分)於出售或對其使用或出售後估計不會產生經濟利益時,將終止其確認。於資產終止確認的年度因出售或報廢而於損益確認的任何收益或虧損,乃有關資產的出售所得款項淨額與賬面值之間的差額。

Investment properties

Investment properties are land and/or buildings which are owned or held under a leasehold interest to earn rental income and/or for capital appreciation. These include land held for a currently undetermined future use and property that is being constructed or developed for future use as investment property.

Investment properties are stated at fair value, unless they are still in the course of construction or development at the end of the reporting period and their fair value cannot be reliably measured at that time. Any gain or loss arising from a change in fair value or from the retirement or disposal of an investment property is recognised in profit or loss. Rental income from investment properties is accounted for as described in note 3.1 section "Revenue recognition".

Intangible assets (other than goodwill)

Expenditure on research activities is recognised as an expense in the period in which it is incurred. Expenditure on development activities is capitalised if the product or process is technically and commercially feasible and the Group has sufficient resources and the intention to complete development. The expenditure capitalised includes the costs of materials, direct labour, and an appropriate proportion of overheads and borrowing costs, where applicable. Capitalised development costs are stated at cost less accumulated amortisation and impairment losses. Other development expenditure is recognised as an expense in the period in which it is incurred.

Other intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business acquisition is the fair value at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite useful lives are subsequently amortised over the assets' estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

投資物業按公平值列賬,惟於報告期末該 等物業仍處於在建或開發過程中且當時無 法準確計量其公平值除外。投資物業的公 平值增減或報廢或出售所產生的任何收益 或虧損均於損益中確認。投資物業的租金 收入根據附註3.1「收入確認」一節所述方 式計算。

單獨取得的其他無形資產於初始確認時按 成本計量。通過業務收購取得的無形資產 的成本為收購日期的公平值。無形資產的 可使用年期評定為有限期或無限期。具有 有限可使用年期的無形資產隨後按資產的 估計可使用年期攤銷,於有跡象顯示無形 資產可能出現減值時須進行減值評估。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Intangible assets (other than goodwill) (Continued)

Intangible assets are not amortised while their useful lives are assessed to be indefinite. Any conclusion that the useful life of an intangible asset is indefinite is reviewed annually to determine whether events and circumstances continue to support the indefinite useful life assessment for that asset. If they do not, the change in the useful life assessment from indefinite to finite is accounted for prospectively from the date of change and in accordance with the policy for amortisation of intangible assets with finite useful lives as set out below.

The principal annual rates used for this purpose are as follows:

Customer lists and relationships	10 to 50%
Licence	20%
Club memberships and school debentures	Indefinite
Trademark	5 to 10%
IT applications platform	14.3%
Others	12.5%

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end. For an intangible asset with an indefinite useful life, the recoverable amount is estimated annually, whether or not there is any indication of impairment.

Leased assets

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

無形資產(商譽除外)(續)

無形資產於其被評為具有無限可使用年期 時不予攤銷。無形資產是否具有無限可使 用年期之結論會每年檢討,以確定事件及 情況是否持續支持該項資產具有無限可使 用年期之評估。倘有關情況及事件並不持 續,則可使用年期評估由無限轉為有限之 變動,會自變動當日起按下文所載適用於 具有有限可使用年期之無形資產之攤銷政 策追溯入賬。

就此採用的主要年率如下:

客戶名單及關係	10至50%
牌照	20%
會所會籍及學校債券	無限
商標	5至10%
IT應用平台	14.3%
其他	12.5%

具有有限可使用年期的無形資產的攤銷期 及攤銷方法至少於各財政年度結算日檢討 一次。就具有無限可使用年期的無形資產 而言,每年估計可收回金額(不論是否出現 減值跡象)。

和賃資產

本集團於合約開始生效時評估該合約是否屬租賃或包含租賃。倘合約為換取代價而給予在一段時間內控制已識別資產使用的權利,則該合約屬租賃或包含租賃。倘客戶既有權指示已識別資產的使用,亦有權自該使用中獲得絕大部分經濟利益,則控制權已轉移。

Leased assets (Continued)

(i) As a lessee

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months or less and leases of low-value assets. When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method. Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and hence are charged to profit or loss in the accounting period in which they are incurred.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. Where applicable, the cost of the right-of-use assets also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, discounted to their present value, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses, except for right-of-use assets that meet the definition of investment property are carried at fair value.

租賃資產(續)

(i) 作為承租人

於租賃開始日期,本集團確認使用權資產及租賃負債,惟租期為12個月或更短的短期租賃及低價值資產的租賃除外。倘本集團就低價值資產訂立租賃,則本集團決定是否按個別租赁基準將有關租賃撥充資本。與該等並無撥充資本的租賃相關的租賃付款於租期內按系統基準確認為開支。

倘有關租賃撥充資本,則有關租賃負債於租期內按應付租賃付款現值初步確認,並使用租賃內含利率或(如該利率無法輕易釐定)使用相關增量借款利率貼現。初步確認後,租賃負債按攤銷成本計量,利息開支則使用實際利率法計算。計量租賃負債時並不計及不會依賴指數或利率的可變租賃付款,故有關付款在產生的會計期間於損益中扣除。

租賃撥充資本時確認的使用權資產初步按成本計量,其中包括租賃負債的初步金額加於開始日期或之前作出直接成本。倘適用,使用權資產成本。倘適用,使用權資產成本。相關資產或其所在地盤產生的估計成本相關資產或其所在地盤產生的估計成本,並將其貼現至現值(扣除任何起成本和實激勵)。使用權資產其後按成本和實物業定義的使用權資產按公平值列賬除外。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leased assets (Continued)

(i) As a lessee (Continued)

The initial fair value of refundable rental deposits is accounted for separately from the right-of-use assets in accordance with the accounting policy applicable to investments in debt securities carried at amortised cost (see note 3.1 section "Other investments in debt and equity securities and unlisted funds"). Any difference between the initial fair value and the nominal value of the deposits is accounted for as additional lease payments made and is included in the cost of right-of-use assets.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Group will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The lease liability is also remeasured when there is a change in the scope of a lease or the consideration for a lease that is not originally provided for in the lease contract ("lease modification") that is not accounted for as a separate lease. In this case the lease liability is remeasured based on the revised lease payments and lease term using a revised discount rate at the effective date of the modification. The only exceptions are rent concessions that occurred as a direct consequence of the COVID-19 pandemic and met the conditions set out in paragraph 46B of HKFRS 16, Leases. In such cases, the Group has taken advantage of the practical expedient not to assess whether the rent concessions are lease modifications, and recognised the change in consideration as negative variable lease payment in profit or loss in the period in which the event or condition that triggers the rent concessions occurred.

租賃資產(續)

(i) 作為承租人(續)

根據適用於按攤銷成本列賬的債務證券投資的會計政策(見附註3.1「於債務及股本證券以及非上市基金的其他投資」一節),可退還租金按金的初始公平值與使用權資產分開入賬。初始公平值與按金面值之間的任何差額,列為已付額外租金入賬,並計入使用權資產成本中。

倘指數或利率變動導致未來租賃付款 變動,或本集團所估計根據餘值擔保 預期應付的金額變動,或因重新評估 本集團將否合理確定行使購買、續期 或終止選擇權而導致變動,則租賃負 債予以重新計量。倘以此方式重新計 量租賃負債,則會相應調整使用權資 產賬面值,或倘使用權資產賬面值減 至零,則將有關調整計入損益。

Leased assets (Continued)

(i) As a lessee (Continued)

In the consolidated statement of financial position, the current portion of long-term lease liabilities is determined as the present value of contractual payments that are due to be settled within twelve months after the reporting period.

For sale and leaseback transactions, the Group considers whether the initial transfer of the underlying asset to the buyer-lessor is a sale. The Group applies HKFRS 15 to determine whether a sale has taken place.

When the transfer to buyer-lessor is a sale, the Group derecognises the underlying asset and applies the lessee accounting model to the leaseback — the Group measures the right-of-use asset at the retained portion of the previous carrying amount (i.e. at cost), and recognises only the amount of any gain or loss related to the rights transferred to the lessor.

When the transfer to buyer-lessor is not a sale, the Group continues to recognise the underlying asset, and recognises a financial liability for any amount received from the buyer-lessor.

(ii) As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying assets to the lessee. If this is not the case, the lease is classified as an operating lease.

When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. The rental income from operating leases is recognised in accordance with accounting policy as described in note 3.1 section "Revenue recognition".

(i) 作為承租人(續)

於綜合財務狀況表中,長期租賃負債 中的流動部分是按須於報告期間後 十二個月內到期支付的合約付款現值 釐定。

就售後租回交易而言,本集團考慮向 買方一出租人首次轉讓相關資產是否 為出售。本集團應用香港財務報告準 則第15號釐定出售是否已落實。

如向買方一出租人的轉讓屬出售,本 集團終止確認相關資產並於租回應用 承租人會計模式 一 本集團按過往賬 面值的保留部分(即按成本)計量使 用權資產並僅確認與向出租人轉讓的 權利有關的任何收益或虧損金額。

如向買方一出租人轉讓並非屬出售, 本集團繼續確認相關資產並就自買 方一出租人收取的任何款項確認金融 負債。

(ii) 作為出租人

倘本集團為出租人,其於租賃開始時 釐定各租賃是否為融資租賃或經營租 賃。倘租賃轉移相關資產的所有權附 帶的絕大部分風險及回報予承租人, 該租賃分類為融資租賃。倘不屬於該 情況,該租賃被分類為經營租賃。

倘合約包含租賃及非租賃部分,本集團根據相對獨立的售價基準將合約代價分配予各部分。經營租賃產生的租金收入根據附註3.1「收入確認」一節所述的會計政策確認。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Credit loss and impairment of financial assets

The Group recognises a loss allowance for expected credit loss ("ECLs") on the financial assets measured at amortised cost, including time deposits, cash and cash equivalents and trade and other receivables.

Financial assets measured at fair value are not subject to the ECL assessment.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

The expected cash shortfalls are discounted using the following discount rates where the effect of discounting is material:

- trade and other receivables: effective interest rate determined at initial recognition or an approximation thereof:
- variable-rate financial assets: current effective interest rate; and
- lease receivables: discount rate used in the measurement of the lease receivable.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

金融資產信貸虧損及減值

本集團就按攤銷成本計量的金融資產(包括 定期存款、現金及現金等價物及貿易及其 他應收款項)的預期信貸虧損(「預期信貸虧 損」)確認虧損撥備。

按公平值計量的金融資產不受限於預期信 貸虧損評估。

預期信貸虧損計量

預期信貸虧損乃以概率加權估計的信貸虧損。信貸虧損以所有預期現金短缺(即根據合約應付予本集團的現金流量及本集團預期收取的現金流量之間的差額)的現值計量。

倘貼現影響屬重大,預期現金短缺將使用 以下貼現率貼現:

- 一 貿易及其他應收款項:初始確認時釐 定的實際利率或其近似值;
- 一 浮動利率金融資產:當前實際利率; B
- 租賃應收款項:計量租賃應收款項所 使用的貼現率。

於估計預期信貸虧損時考慮的最長期間為本集團承受信貸風險的最長合約期間。

在計量預期信貸虧損時,本集團考慮合理 及有理據而毋須付出不必要的成本或努力 獲得的資料。這包括過去事件、當前狀況 和未來經濟狀況預測等資料。

Credit loss and impairment of financial assets (Continued)

Measurement of ECLs (Continued)

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

Loss allowances for trade receivables and lease receivables are always measured at an amount equal to lifetime ECLs. ECLs on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience adjusted for factors that are specific to the debtors or based on the probabilities of default with reference to available market information. The estimation also includes an assessment of both the current and forecast general economic conditions at the reporting date.

For all other financial instruments, the Group recognises a loss allowance equal to 12-month ECLs unless there has been a significant increase in credit risk of the financial instrument since initial recognition, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

金融資產信貸虧損及減值(續)

預期信貸虧損計量(續)

預期信貸虧損基於下列其中一個基準計量:

- 12個月預期信貸虧損:預期於報告 日期後12個月內可能發生的違約事 件而導致的虧損;及
- 整個存續期的預期信貸虧損:預期於 採用預期信貸虧損模式的項目在預期 年限內所有可能發生的違約事件而導 致的虧損。

貿易應收款項及租賃應收款項的虧損撥備一般乃按等同於整個存續期的預期信貸虧損的金額計量。這些金融資產的預期信貸虧損是利用基於本集團過往信貸虧損經驗的撥備矩陣進行估算,並按債務人的特定因素或經參考市場可得資料按違約可能性進行調整。有關估計亦包括於報告日期對當前及預測整體經濟狀況的評估。

對於所有其他金融工具,本集團確認相當於12個月預期信貸虧損的虧損撥備,除非自初始確認以來金融工具的信貸風險顯著增加,在這種情況下,虧損撥備計量等於整個存續期的預期信貸虧損的金額。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Credit loss and impairment of financial assets (Continued)

Significant increases in credit risk

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is 90 days past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

3.1 重大會計政策概要(續)

金融資產信貸虧損及減值(續)

信貸風險大幅上升

評估金融工具的信貸風險自初始確認以來有否大幅上升時,本集團會比較於報告日期及於初始確認日期評估的金融工具發生違約的風險。作出該重新評估時,集團認為,(i)倘借款人不大可能在本集團無損犯不大可能在本集團無損犯不大可能在本集團悉數支付其信貸義務;或(ii)金融資產逾期90天,即構成違約事件。本與會考慮合理及有理據的定量及定性資料,包括過往經驗及在無需付出過多成本或努力下即可獲得的前瞻性資料。

具體而言,評估信貸風險自初始確認以來 有否大幅上升時會考慮以下資料:

- 未能按合約到期日期支付本金或利息;
- 一 金融工具外部或內部信貸評級的實際 或預期顯著惡化(如有);
- 一 債務人經營業績的實際或預期顯著惡化;及
- 科技、市場、經濟或法律環境的目前 或預期變動對債務人履行其對本集團 責任的能力有重大不利影響。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Credit loss and impairment of financial assets (Continued)

Significant increases in credit risk (Continued)

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Basis of calculation of interest income

Interest income recognised in accordance with the accounting policies set out in note 3.1 section "Revenue recognition" is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset.

At each reporting date, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

金融資產信貸虧損及減值(續)

信貸風險大幅上升(續)

取決於金融工具的性質,信貸風險大幅上升的評估乃按個別基準或共同基準進行。 倘評估為按共同基準進行,金融工具則按 共同的信貸風險特徵(如逾期狀況及信貸風 險評級)進行分組。

預期信貸虧損於各報告日期進行重新計量以反映金融工具自初始確認以來的信貸風險變動。預期信貸虧損金額的任何變動均於損益中確認為減值收益或虧損。本集團就所有金融工具確認減值收益或虧損,並通過虧損撥備賬對彼等之賬面值作出相應調整。

利息收入的計算基準

利息收入根據附註3.1「收入確認」一節的會計政策按金融資產的總賬面值計算,除非該金融資產出現信貸減值,在此情況下,利息收入按金融資產的攤銷成本(即總賬面值減虧損撥備)計算。

於各報告日期,本集團評估金融資產是否 出現信貸減值。當發生一項或多項對金融 資產預計未來現金流量有不利影響的事件 時,金融資產出現信貸減值。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Credit loss and impairment of financial assets (Continued)

Basis of calculation of interest income (Continued)

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or past due event;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

Write-off policy

The gross carrying amount of a financial asset or lease receivable is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the asset becomes 90 days past due or when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

金融資產信貸虧損及減值(續)

利息收入的計算基準(續)

金融資產出現信貸減值的證據包括以下可 觀察事件:

- 一 債務人出現嚴重財務困難;
- 一 違反合約,如欠繳或逾期事件;
- 一 借款人很有可能將告破產或進行其他 財務重組;
- 科技、市場、經濟或法律環境出現重 大變動,對債務人有不利影響;或
- 由於發行人出現財務困難,證券活躍 市場消失。

撇銷政策

倘實際上並無收回的可能,金融資產或租 賃應收款項的總賬面值會被撇銷(不論部分 或全部)。該情況通常出現在資產逾期90 天或本集團確定債務人沒有資產或收入來 源可產生足夠現金流量以償還應撇銷的金 額。

隨後收回先前撇銷的資產於收回期間在損 益內確認為減值撥回。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required, the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to profit or loss in the period in which it arises and is included in "other net income and gains".

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to profit or loss in the period in which it arises.

An impairment loss in respect of goodwill is not reversed.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

非金融資產減值

倘若出現任何減值跡象,或當有需要為資產進行每年減值測試,則會估計資產的可收回金額按資產或現 金產生單位的使用價值與其公平值減出售 成本之較高者計算,並按個別資產釐定,惟倘有關資產產生的現金流入不能大致獨立於其他資產或組別資產,其可收回金額則按資產所屬的現金產生單位釐定。

僅當資產的賬面值超過可收回金額時,減值虧損方予確認。評估使用價值時會以稅前貼現率將預計未來現金流量貼現至其現值,而該貼現率反映市場現時對貨幣時間價值的評估及該項資產的特有風險。減值虧損於所產生期間在損益中扣除,並列入「其他收入及收益淨額」。

於各報告期間末會評定是否有任何跡象顯示之前已確認的減值虧損可能不再存在或已減少。倘出現此跡象,則會估計可收回金額。僅當用以釐定資產可收回金額的估計出現變動,之前確認的資產(商譽除外)減值虧損方可撥回,而撥回金額不得超過假設過往年度並無就資產確認減值虧損而釐定的賬面值(已扣除任何折舊/攤銷)。該減值虧損的撥回於其產生期間計入損益內。

有關商譽的減值虧損不予撥回。

抵銷金融工具

倘有現行可強制執行的法定權利抵銷確認 金額及有意按淨額基準結算或同時變現資 產與結算負債,則會抵銷金融資產及金融 負債及於綜合財務狀況報表內呈報淨額。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Inventories

Inventories are assets which are held for sale in the ordinary course of business.

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

Provisions and contingent liabilities

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation. When the effect of discounting is material, the amount recognised for a provision is the present value at the end of each reporting period of the future expenditure expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in profit or loss.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, a separate asset is recognised for any expected reimbursement that would be virtually certain. The amount recognised for the reimbursement is limited to the carrying amount of the provision.

存貨

存貨為於日常業務過程中持作待售的資產。

存貨按成本與可變現淨值兩者中的較低者 列賬。成本按先進先出基準釐定。可變現 淨值乃根據估計售價減完成及出售將會產 生的任何估計成本計算。

撥備及或然負債

倘由於過往發生的事件引致現有法律或推 定責任,而日後可能需要資源流出以履行 該責任,則確認撥備,但必須能可靠估計 有關責任涉及的金額。倘貼現的影響重大, 就撥備而確認的金額為預期清償債務所需 的未來開支於各報告期末的現值。因時間 推移而引致的貼現現值金額增加會計入損 益內。

在未能肯定是否會導致經濟利益流出,或 有關款額未能可靠地估計之情況下,有關 責任則作為或然負債予以披露,除非導致 經濟利益流出之可能性極低,則作別論。 可能承擔之責任(其存在與否只能藉一項或 多項未來事件之發生與否而確定)亦作為或 然負債予以披露,除非導致經濟利益流出 之可能性極低,則作別論。

預期部分或所有清償撥備所需的開支將由 另一方償還而本集團會就基本確定能夠收 到的任何預期償還金額單獨確認一項資產。 所確認的償還金額不超過撥備的賬面值。

Trade and other receivables

A receivable is recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due.

Trade receivable that do not contain a significant financing component are initially measured at their transaction price. All receivables are subsequently stated at amortised cost using the effective interest method and including allowance for credit losses as set out in note 3.1 section "Credit loss and impairment of financial assets".

Cash and cash equivalents

For the purpose of the consolidated cash flow statement, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management. Cash and cash equivalents are assessed for ECLs in accordance with the Group's accounting policy as set out in note 3.1 section "Credit loss and impairment of financial assets".

Trade and other payables

Trade and other payables are initially recognised at fair value. Subsequent to initial recognition, trade and other payables are stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at invoice amounts.

Interest-bearing borrowings

Interest-bearing borrowings are measured initially at fair value less transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method. Interest expense is recognised in accordance with the Group's accounting policy as set out in note 3.1 section "Borrowing costs".

貿易及其他應付款項

貿易及其他應付款項初期按公平值確認。 初步確認後貿易及其他應付款項按攤銷成 本列賬,除非折現的影響將是微不足道的, 在此情況下,其以發票金額列示。

計息借款

計息借款初步按公平值減交易成本計量。 初始確認後,計息借款採用實際利率法按 攤銷成本列賬。利息開支乃根據附註3.1「借 款成本」一節所載的本集團會計政策確認。

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Convertible bonds

Convertible bonds that can be converted into ordinary shares at the option of the holder, where a fixed number of shares are issued for a fixed amount of cash or other financial assets, are accounted for as compound financial instruments, i.e. they contain both a liability component and an equity component.

At initial recognition the liability component of the convertible bonds is measured at fair value based on the future interest and principal payments, discounted at the prevailing market rate of interest for similar non-convertible instruments. The equity component is the difference between the initial fair value of the convertible bonds as a whole and the initial fair value of the liability component.

The liability component is subsequently carried at amortised cost. Interest expense recognised in profit or loss on the liability component is calculated using the effective interest method. The equity component is not remeasured and is recognised in the capital reserve until the bonds are converted.

If the bonds are converted, the capital reserve, together with the carrying amount of the liability component at the time of conversion, is transferred to share capital and share premium as consideration for the shares issued.

可換股債券

可按持有人選擇轉換為普通股的可換股債券,倘發行固定數目股份是為換取現金或其他金融資產固定數額,則作為複合金融工具入賬,即同時含有負債部分及權益部分。

於初步確認時,可換股債券之負債部分乃 基於未來利息及本金付款按公平值計量, 並按類似不可轉換工具的現行市場利率貼 現。權益部分為可換股債券整體的初始公 平值與負債部分的初始公平值之間的差額。

負債部分隨後按攤銷成本計量。負債部分 於損益確認的利息開支使用實際利率法確 認。權益部分不予重新計量並於股本儲備 確認,直至債券被轉換為止。

倘兑換債券,則兑換時之股本儲備及負債 部分賬面值轉撥至股本及股份溢價,作為 發行股份的代價。

Employee benefits

Short term employee benefits

Salaries, annual bonuses, paid annual leave and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Retirement benefit scheme

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Hong Kong Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees' basic salaries and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme, except for the Group's employer voluntary contributions, which are refunded to the Group when the employee leaves employment prior to the contributions vesting fully, in accordance with the rules of the MPF Scheme.

These subsidiaries are required to contribute a certain percentage of its payroll costs to the central pension schemes. Share-based payment

Share option scheme

The fair value of share options granted to employees is recognised as employee expenses with a corresponding increase in share-based compensation reserve within equity. The fair value is measured at grant date using the binomial lattice model, taking into account the terms and conditions upon which the options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the options, the total estimated fair value of the options is spread over the vesting period, taking into account the probability that the options will vest.

During the vesting period, the number of share options that is expected to vest is reviewed. Any resulting adjustment to the cumulative fair value recognised in prior years is charged/credited to the profit or loss for the year of the revision, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the share-based compensation reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of options that vest (with a corresponding adjustment to the share-based compensation reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company's shares. The equity amount is recognised in the share-based compensation reserve until either the option is exercised (when it is included in the amount recognised in share capital or share premium for the shares issued) or the option expires (when it is released directly to retained profits).

Share Award Scheme

The Group operates an equity-settled, share-based compensation plan (the "Share Award Scheme"), under which the Group receives services from employees as consideration for equity instruments (shares) of the Group. The fair value of the employee services received in exchange for the grant of the shares is recognised as an expense. The total amount to be expensed is determined by reference to the fair value of the shares granted:

- including any market performance conditions;
- excluding the impact of any service and non-market performance vesting conditions; and
- excluding the impact of any non-vesting conditions.

Non-market vesting conditions are included in assumptions about the number of shares that are expected to vest. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

At the end of each reporting period, the Group revises its estimates of the number of shares that are expected to vest based on the non-market vesting conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

Share-based payment (Continued)

Share awards given by the Group's subsidiaries

Shares in subsidiaries of the Group are awarded to certain registered practitioners in respect of their future services for the Group. The fair value of such shares is recognised as registered practitioner expenses with a corresponding increase in either the share-based compensation reserve or non-controlling interests within equity, depending on such shares awarded are attributable to the Group or the non-controlling shareholders of the subsidiaries.

The fair value of such share awards is spread over the expected vesting period, which is consistent with the expected service period of these registered practitioners. The expected service period is reviewed annually and the expense charged to profit or loss is adjusted prospectively from the date of change of the expected service period.

Co-ownership scheme

The Group operates an equity-settled, share-based compensation plan under which the invited employees who accepted the scheme offer are required to purchase shares through an independent trust or transfer the shares previously owned by the employees to the trust ("Co-ownership scheme"), and such purchased and transferred shares would be kept in the independent trust until the end of the vesting period. Upon the end of the vesting period, the Group would grant shares to the invited employees based on the rules as stated in the Co-ownership scheme.

The fair value of shares granted to employees ("Award Shares") is recognised as employee expenses with a corresponding increase in share-based compensation reserve within equity. The fair value is measured at grant date using the Black-Scholes Option Pricing model, taking into account the terms and conditions upon which the Award Shares were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the Award Shares, the total estimated fair value of the Award Shares is spread over the vesting period, taking into account the probability that the Award Shares will vest.

Deferred tax is provided on all temporary differences at the end of each of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business acquisition and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

Income tax (Continued)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Revenue recognition

Income is classified by the Group as revenue when it arises from the sale of goods, the provision of services or the use by others of the Group's assets under leases in the ordinary course of the Group's business.

Revenue is recognised when control over a product or service is transferred to the customer, or the lessee has the right to use the asset, at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue recognition (Continued)

Further details of the Group's revenue and other income recognition policies are as follows:

(a) Most of the services are sold on a prepaid basis. The service period of a prepaid package is generally one year.

Generally there are multiple components within the package, the deferred revenue of each component is an appropriate proportion of the total transaction price under the contract, allocated between all the goods and services promised under the contract on a relative stand-alone selling price basis.

Deferred revenue is recognised when the customer pays consideration before the Group recognises the related revenue, such deferred revenue is regarded as contract liability in accordance with HKFRS 15.

A contract liability is recognised when the customer pays consideration before the Group recognises the related revenue. A contract liability would also be recognised if the Group has an unconditional right to receive consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised.

Revenue from the rendering of services is recognised when the services have been rendered to customers.

The Group's customers may not utilise all of their contracted rights within the service period. Such unutilised services are referred to as breakage. An expected breakage amount is determined by historical experience and is recognised as revenue in proportion to the pattern of services utilised by the customers.

3.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Foreign currencies

The consolidated financial statements are presented in Hong Kong dollar ("HK\$"), which is the Company's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of each reporting period. Differences arising on settlement or translation of monetary items are recognised in profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

The functional currencies of certain subsidiaries outside Hong Kong are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into the presentation currency of the Company at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss are translated into Hong Kong dollars at the average exchange rates for the year.

The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

Any goodwill arising on the acquisition of an operation outside Hong Kong and any fair value adjustments to the carrying amounts of assets and liabilities arising on acquisition are treated as assets and liabilities of that operation and translated at the closing rate.

Deferred costs

The incremental costs of obtaining a contract with a customer, which represent sales commissions and bonuses paid or payable to the staff or third party agents, are capitalised as deferred costs in the consolidated statement of financial position. Such costs are recognised in profit or loss in the period in which the deferred revenue to which they relate is recognised as revenue.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

3.2 SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

Estimation uncertainty

Notes 30 and 31 contain information about the assumptions and their risk factors relating to fair value of share awards and share options granted. Other key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

3.1 重大會計政策概要(續)

分部報告

經營分部及綜合財務報表所呈列各分部項 目的金額,乃從為向本集團多條業務線及 地理位置分配資源及評估其表現而定期向 本集團最高行政管理層提供的財務資料中 識別出來。

就財務申報而言,個別重要的經營分部不會合併計算,除非有關分部具有類似經濟特徵且在產品和服務性質、生產工序性質、客戶類別或階層、分銷產品或提供服務的方法以及監管環境本質等方面均屬類似,則作別論。個別不重要的經營分部如符合以上大部分條件,則可合併計算。

3.2 重大會計判斷及估計

估計不確定因素

附註30及31載有有關所授出股份獎勵及購股權公平值的假設及其風險因素之資料。下文描述與報告期末的未來及其他估計不確定因素的主要來源有關的其他主要假設,該等假設具有對下一個財政年度內的資產及負債賬面值造成重大調整的重大風險。

3.2 SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

Estimation uncertainty (Continued)

Business acquisitions

For the business acquisitions undertaken by the Group, the Group first segregates the amount related to transactions other than business acquisition and then allocates the costs of the acquisition to the assets acquired and the liabilities assumed based on their estimated fair value on the date of acquisition. This process is commonly referred to as the purchase price allocation. As part of the purchase price allocation, the Group is required to determine the fair value of any identifiable intangible assets acquired. The determination of the fair value of the intangible assets acquired involves certain judgement and estimates. These judgements can include, but are not limited to, the cash flows that the intangible assets is expected to generate in the future.

The fair values of the identifiable intangible assets were determined by the Group with inputs from the independent valuers using mainly the discounted cash flow method of the income approach. Future cash flows are predominantly based on the historical pricing and expense levels, taking into consideration the relevant market size and growth factors, and involves making a number of assumptions including growth rates. The resulting cash flows are then discounted at a rate reflecting specific risks related to the relevant operation.

A change in the amount allocated to identifiable intangible assets would have an offsetting effect on the amount of goodwill recognised from the acquisition and would change the amount of amortisation expense recognised related to those identifiable intangible assets.

3.2 重大會計判斷及估計(續)

估計不確定因素(續)

業務收購

就本集團所進行的業務收購而言,本集團首先將與交易(業務收購以外)有關的金額分離,然後根據收購的成本於收購當日的估計公平值,將該等成本轉撥至所收購當百的在計公平值,將該等成本轉撥至所收購買價分配。在購買價分配過程中,本集團須釐定所收購的任何可識別無形資產的公平值涉及若干判斷及估計。該等判斷可包括(但不限於)預期無形資產未來可產生的現金流量。

本集團主要以收入法的貼現現金流量法, 使用來自獨立估值師的輸入數據而釐定可 識別無形資產的公平值。未來現金流量主 要基於過往定價及開支水平,經考慮有關 市場規模及增長因素而計算,並涉及多項 假設,包括增長率。然後,所得現金流量 按反映相關營運的特定風險的比率折現。

分配至可識別無形資產的金額有所變動, 會對從收購確認的商譽金額產生抵銷效應, 並會改變有關該等可識別無形資產的已確 認攤銷開支金額。

Estimation uncertainty (Continued)

Revenue

Revenue recognition on provision of certain services is dependent on the estimation of the utilisation pattern of each type of services. Based on the Group's historical experience, the Group makes estimates of an expected amount of breakage. Actual utilisation may be higher or lower than those estimated at the end of each reporting period, which would affect the revenue and profit recognised in future years.

Impairment of assets

The Group performs annual impairment test on goodwill and intangible assets with indefinite useful lives, and also performs impairment assessment on the carrying amounts of other assets when indication of impairment is identified to determine whether there is objective evidence of impairment. Management assesses the differences between the carrying amount and recoverable amount and makes provision for impairment loss. Any change in the assumptions adopted in calculating the recoverable amount would increase or decrease the provision for impairment loss and affect the Group's profit or loss and financial position.

4. OPERATING SEGMENT INFORMATION

For management purpose, the Group is organised into business units based on their services and products. Accordingly, the Group has three reporting segments as follows:

- (a) Medical;
- (b) Aesthetic medical and beauty and wellness; and
- (c) Veterinary and other.

3.2 重大會計判斷及估計(續)

估計不確定因素(續)

收入

提供若干服務的收入確認取決於對各種服務使用模式的估計。根據本集團過往的經驗,本集團對預期未使用的權利金額作出估計。於各報告期間結束時的實際使用情況可能高於或低於該等估計,並將影響未來年度確認的收入及溢利。

資產減值

本集團對具有無限可使用年期的商譽及無 形資產進行年度減值測試,亦於發現減值 跡象時對其他資產的賬面值進行減值測試 以確定是否存在客觀減值證據。管理層評 估賬面值與可收回金額之間的差額,就減 值虧損計提撥備。計算可收回金額所採用 的假設之任何變化將會增加或減少減值虧 損的撥備,並影響本集團的損益及財務狀 況。

4. 經營分部資料

就管理而言,本集團按其服務及產品將業 務單位分類。因此,本集團的三個報告分 部如下:

- (a) 醫療服務;
- (b) 美學醫療以及美容及養生服務;及
- (c) 獸醫及其他。

4. OPERATING SEGMENT INFORMATION (Continued)

Segment results, assets and liabilities

Medical segment represents all medical services (excluding aesthetic medical services) and dental services. Aesthetic medical and beauty and wellness segment represents aesthetic medical, traditional beauty, haircare and ancillary wellness services and sale of skincare, healthcare and beauty products. Veterinary and other mainly represents multi-channel networking and related services and veterinary services.

For the purposes of assessing segment performance and allocating resources between segments, the Group's management monitors the results attributable to each reportable segment on the following bases:

Segment assets include all tangible, intangible assets and current assets with the exception of investment properties, interest in associates and joint ventures, financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income. Segment liabilities include trade payables, other payables and accruals, provision for reinstatement costs, lease liabilities relating to properties leased for own use, deferred revenue, current tax payable and deferred tax liabilities.

The segment revenue of the Group is based on the type of services provided to the customers. Revenue and expenses are allocated to the reportable segments with reference to sales generated by those segments and the expenses incurred by those segments or which otherwise arise from the depreciation or amortisation of assets attributable to those segments.

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/loss, which is a measure of adjusted profit/loss before tax. The adjusted profit/loss before tax is measured consistently with the Group's profit before tax except that bank interest income, other interest income, dividend income from unlisted investment funds, unrealised and realised gains/losses on financial assets at fair value through profit or loss, net, fair value gain/loss on investment properties, rental income from investment properties, share of profits less losses of joint ventures and associates and head office and other corporate expenses are excluded from such measurement.

4. 經營分部資料(續)

分部業績、資產及負債

就評估分部表現及分配分部間資源而言,本集團的管理層按以下基準監察各可報告分部的應佔業績:

管理層會單獨監察本集團經營分部業績以作出有關資源分配及表現評估的決定。分部表現根據可報告分部溢利/虧損(即以處調整除稅前溢利/虧損計量)予以評估。稅前溢利/虧損以與本集團除稅前溢利/虧損以與本集團內利。稅稅人、其他利息收入、非上市投資盈齡預數人,其他利息收入、非上市投資融資金的人,其他利息收入人,非上市投資融資金的人,其他利息收益/虧損淨額、投資物業和金收益/虧損淨額、金收入。對非處及其他企業用支均不計入該計量內。

(i) Fair value hierarchy

The following table presents the fair value of the Group's investment properties measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

下表呈列本集團投資物業於報告期末按經常性基準計量之公平值,並按照香港財務報告準則第13號公平值計量的定義分為三個公平值等級。公平值計量的層級乃參照估值技術所用輸入數據的可觀察性和重要性分類如下:

- 第一層級估值:僅使用 第一層級輸入數據計量 的公平值,即於計量日 期在活躍市場對相同資 產或負債未經調整的報 價
- 第二層級估值:使用第 二層級輸入數據計量的 公平值,即不符合第一層級的可觀察輸入數據 及未有採用不可觀察的 重要輸入數據。不可觀 察輸入數據乃指無法取 得市場資料的輸入數據
- 第三層級估值:使用不可觀察的重要輸入數據 計量的公平值

(i) Fair value hierarchy (Continued)

During the years ended 31 March 2023 and 2022, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

The valuations of investment properties were carried out by an independent firm of surveyors, AP Appraisal Limited, who have among their staff fellows of the Royal Institution of Chartered Surveyors with recent experience in the location and category of property being valued. The Group's finance director and the chief financial officer have discussions with the surveyors on the valuation assumptions and valuation results when the valuation is performed at annual reporting date.

投資物業的估值由獨立測量師 行AP Appraisal Limited進行。 其員工為皇家特許測量師學會 會員及對上述估值物業所在地 和類別有近期估值經驗。本集 團之主要財務總監及首席財務 官已與測量師討論在年度報告 日進行估值的假設和結果。

(ii) Information about Level 3 fair value measurement

The fair value of properties is determined using market comparison approach by reference to recent sales price of comparable properties on a price per square foot basis, adjusted for a premium or a discount specific to the quality of the Group's properties compared to the recent sales. Higher premium for higher quality properties will result in a higher fair value measurement.

The movements during the year in the balance of these Level 3 fair value measurements are as follows:

(b) 投資物業的公平值計量(續)

(ii) 第三層級公平值計量資料

物業之公平值乃使用市場比較 法釐定,其經參考可供比較物 業按每平方呎價格基準計算之 近期售價,且已就本集團物業 質量之特定溢價或折讓(與胡 轉交易比較所得)作出調 整。倘物業質量較佳溢價亦會 較高,將導致計量所得之公平 值亦較高。

第三層級公平值計量之結餘在 年內之變動如下:

At 31 March	於三月三十一日	199,300	197,100

Fair value adjustment of investment properties is recognised in the line item "Other net income and gains" on the face of the consolidated statement of profit or loss.

All the gains/losses recognised in profit or loss for the year arise from the properties held at the end of the reporting period.

投資物業的公平值調整於綜合 損益表的「其他收入及收益淨 額」項目中確認。

本年度於損益內確認的所有收益/虧損均來自於報告期末持 有的物業。

Impairment testing of goodwill (Continued)

The recoverable amounts of these CGUs have been determined based on value-in-use calculations. The value-in-use calculations use cash flow projections from financial budgets approved by senior management covering a five-year period (2022: 5 years). The discount rates applied to the cash flow projections are ranged from 13.1% to 17.5% (2022: 10.5% to 15.6%) and the growth rates used to extrapolate the cash flows of the CGU beyond the five-year period are ranged from 2% to 2.5% (2022: 2% to 2.5%).

Based on the assessment of the recoverable amount of the CGUs, no impairment loss was recognised for the year ended 31 March 2023 (2022: \$nil).

Assumptions were adopted in the value-in-use calculations of all CGUs, which include discount rate, long term growth rate and revenue growth rate, on which management has based its cash flow projections to perform impairment testing of goodwill. Management determined the cash flow projections and growth rates based on past performance and its expectations for the market development. The values assigned to the key assumptions are consistent with external information sources.

該等現金產生單位的可收回金額乃根據使用價值法而釐定。使用價值法乃使用根據高級管理層批准的財務預算所推算的五年期間內現金流量(二零二二年:五年)。適用於現金流量推算的貼現率介乎13.1%至17.5%(二零二二年:10.5%至15.6%),而現金產生單位五年期間後的現金流量採用介乎2%至2.5%(二零二二年:2%至2.5%)的增長率推算。

根據對現金產生單位可收回金額的評估, 截至二零二三年三月三十一日止年度並無 確認減值虧損(二零二二年:零)。

於計算所有現金產生單位的使用價值時採 用假設,包括貼現率、長期增長率及收益 增長率,管理層根據其現金流量推算進行 商譽減值測試。管理層根據過去的業績及 其對市場發展的預期確定現金流預測及增 長率。分配予主要假設的價值與外部資料 來源一致。

14. GOODWILL (Continued)

Impairment testing of goodwill (Continued)

Management has assessed whether a reasonably possible change in key assumptions, discount rate, growth rate beyond the five-year period or revenue growth rate during the forecast period, could cause the carrying amounts of certain CGUs to exceed the respective recoverable amounts.

As at 31 March 2023, the carrying amounts of Conya CGU and Excellent Power CGU exceeded their estimated recoverable amounts. As a result, impairment losses of HK\$1,166,000 and HK\$6,315,000 were recognised in the statement of profit or loss on the respective goodwill of Conya CGU and Excellent Power CGU.

As at 31 March 2023, the estimated recoverable amounts of Prime Kids CGU, Pathlab CGU, Zenith CGU and B&J CGU exceeded their carrying amounts by approximately HK\$3 million, HK\$21 million, HK\$4 million and HK\$14 million, respectively. The discount rate would need to increase by 0.5%, 0.7%, 0.3% and 1% or the growth rate beyond the five-year period would need to decrease by 0.8%, 0.3%, 0.5% and 0.8% or the growth rate during the forecast period would need to decrease by 0.4%, 0.4%, 0.7% and 0.6%, respectively, with all other variables remain constant, for the estimated recoverable amounts to be equal to the carrying amounts of Prime Kids CGU, Pathlab CGU, Zenith CGU and B&J CGU, respectively.

As at 31 March 2022, the estimated recoverable amounts of Pathlab CGU, Zenith CGU and B&J CGU exceeded their carrying amounts by approximately HK\$37 million, HK\$8 million, and HK\$3 million, respectively. The discount rate would need to increase by 1.1%, 0.5% and 0.3% or the growth rate beyond the five-year period would need to decrease by 1.8%, 0.7% and 0.3% or the growth rate during the forecast period would need to decrease by 0.9%, 0.6% and 0.1%, respectively, with all other variables remain constant, for the estimated recoverable amount to be equal to the carrying amount of Pathlab CGU, Zenith CGU and B&J CGU, respectively.

For all other CGUs, management believes that any reasonably possible change in any of the key assumptions of cash flow projections would not cause the respective carrying amounts of these CGUs to exceed their recoverable amounts.

14. 商譽(續)

商譽減值測試(續)

管理層已評估關鍵假設、貼現率、五年期 後增長率或預測期內收入增長率的合理可 能變動是否會導致若干現金產生單位的賬 面值超過其可收回金額。

於二零二三年三月三十一日,Conya現金產生單位及Excellent Power現金產生單位的賬面值分別超過其估計可收回金額。因此,分別就Conya現金產生單位及Excellent Power現金產生單位的商譽於損益表確認減值虧損1,166,000港元及6,315,000港元。

於二零二三年三月三十一日,Prime Kids現金產生單位、栢立現金產生單位、卓越現金產生單位及庇利積臣現金產生單位的估計可收回金額分別超過其賬面值約3百萬港元、21百萬港元、4百萬港元及14百萬港元。在所有其他變量保持不變的情況下,貼現率分別需要提高0.5%、0.7%、0.3%及1%,或五年期後增長率分別需要下降0.8%、0.3%、0.5%及0.8%,或預測期內增長率分別需要下降0.4%、0.4%、0.7%及0.6%,以使估計可收回金額分別相等於Prime Kids現金產生單位、栢立現金產生單位、卓越現金產生單位及庇利積臣現金產生單位的賬面值。

於二零二二年三月三十一日,栢立現金產生單位、卓越現金產生單位及庇利積臣現金產生單位的估計可收回金額分別超過其 賬面值約37百萬港元、8百萬港元及3百萬港元。在所有其他變量保持不變的情况下,貼現率分別需要提高1.1%、0.5%及0.3%,或五年期後增長率分別需要下降1.8%、0.7%及0.3%,或預測期內增長率分別需要下降0.9%、0.6%及0.1%,以使估計可收回金額分別相等於栢立現金產生單位、卓越現金產生單位及庇利積臣現金產生單位的賬面值。

就所有其他現金產生單位而言,管理層相信,現金流量推算的任何關鍵假設的任何合理可能變動均不會導致該等現金產生單位的賬面值超過其可收回金額。

31. SHARE OPTION SCHEME (Continued)

(d) Share options granted other than those under Share Option Scheme

In addition to the share options granted in accordance with the Share Option Scheme, during the year ended 31 March 2019, the Group granted share options by specific mandate to GCP, which entitle GCP to subscribe for 4,349,000 shares in the Company at an exercise price of HK\$5.53 per share with a contractual life of three years, as part of the consideration to acquire an unlisted equity investment. The share options vested immediately following the completion of the acquisition of the unlisted equity investment. The Group measured the fair value of such grant by reference to the fair value of the share options granted instead of the fair value of the investment as it could not be estimated reliably on the date of acquisition.

The options were exercised during the year ended 31 March 2022 (see note 29(c)(i)).

(ii) Pursuant to the sale and purchase agreement in connection with the acquisition of additional 24% equity interest in Hong Kong Pain and Wellness Solution Limited, a non-wholly owned subsidiary of the Company, during the year ended 31 March 2021, the Group issued warrants which allow the sellers to subscribe an aggregate number of 10,000,000 shares of the Company within 1–5 years at an exercise price of HK\$4.20. The warrants vested in stages in 5 years following the completion of the acquisition. The Group measured the fair value of such warrants by reference to their fair value based on a binomial option pricing model.

During the year ended 31 March 2023, 2,000,000 (2022: 2,000,000) shares were allotted and issued at an exercise price of HK\$4.20.

As at 31 March 2023, the warrants granted to the sellers had a remaining contractual life of 2.4 years (2022: 3.4 years).

The main risks arising from the Group's financial instruments are credit risk, liquidity risk, interest rate risk and equity price and investment risks. The directors review and agree policies for managing each of these risks and they are summarised below.

Credit risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in a financial loss to the Group.

The Group was involved in the provision of medical, aesthetic medical, beauty and wellness and multi-channel networking and related services and the sale of skincare, healthcare and beauty products and receivable balances are mainly from financial institutions in respect of credit card receivables and other institutional customers arising from medical and multi-channel networking and related services. Receivable balances are monitored on an ongoing basis by senior management and the Group's exposure to bad debts is not significant. In addition, the Group's bank balances are deposited with creditworthy banks with no recent history of default.

The credit risk of the Group's other financial assets arises from the default of the counterparties, with a maximum exposure equal to the carrying amounts of these financial assets.

The Group measures loss allowances for trade receivables at an amount equal to lifetime ECLs, which is calculated using a provision matrix or based on the probabilities of default with reference to available market information. As the Group's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the loss allowance based on past due status is not further distinguished between the Group's different customer bases.

No allowance in respect of expected credit loss have been recognised as the management assessed the risk of default based on historical experience and forward looking element is not significant.

37. 金融風險管理及金融工具的公 平值

本集團金融工具所產生的主要風險為信貸 風險、流動資金風險、利率風險及權益價 格與投資風險。董事審閱及同意管理各項 此等風險的政策,而此等風險概述如下。

信貸風險

信貸風險指對手方違反其合約責任導致本 集團出現財務虧損的風險。

本集團從事提供醫療、美學醫療、美容及養生及多渠道聯動營銷及相關服務以及銷售護膚、保健及美容產品,而應收款項結餘主要來自金融機構的信用卡應收款項為醫療及多渠道營銷及相關服務的其他機構客戶。應收款項結餘由高級管理層持續監控,而本集團面對的壞賬風險並不重大。此外,本集團的銀行結餘存於近期並無違約歷史且信用良好的銀行。

本集團自對手方違約產生的其他金融資產 的信貸風險最大值相等於此等金融資產的 賬面值。

本集團按相當於整個存續期的預期信貸虧 損的金額計量貿易應收款項虧損撥備,該 金額使用撥備矩陣或經參考市場可得資料 按違約可能性計算。由於本集團的過往信 貸虧損經驗沒有顯示不同客戶分部有重大 差異的虧損模式,故按逾期狀態計算的虧 損撥備並無於本集團不同客戶群間進一步 區分。

概無就預期信貸虧損確認撥備,原因是管 理層根據過往經驗評估違約風險且前瞻性 因素微不足道。

(Continued)

Interest rate risk

The Group's interest rate risk arises primarily from bank borrowings, convertible bonds and lease liabilities. Bank borrowings, convertible bonds and lease liabilities issued at variable rates and at fixed rates expose the Group to cash flow interest rate risk and fair value interest rate risk respectively.

The Group monitors the level of its variable rate borrowings and fixed rate borrowings and manages the contractual terms of the interest-bearing financial liabilities. The Group's interest rate profile as monitored by management is set out in (i) below.

(i) Interest rate profile

利率風險

本集團的利率風險主要來自銀行借款、可 換股債券及租賃負債。按浮動利率及固定 利率發出之銀行借款、可換股債券及租賃 負債分別令本集團承受現金流量利率風險 及公平值利率風險。

本集團監察浮動利率借款及固定利率借款的水平及管理計息金融負債的合約條款。本集團由管理層監察的利率概況載於下文第(1)項。

(ii) Sensitivity analysis

At 31 March 2023, it was estimated that a general increase/decrease of 100 basis points in interest rates, with all other variables held constant, would have decreased/increased the Group's profit after taxation and retained profits by approximately HK\$3,990,000 (2022: HK\$nil). Other components of consolidated equity would not be affected in response to a general increase/decrease in interest rates.

The sensitivity analysis above indicates the annualised impact on the Group's interest expense that would arise assuming that the change in interest rates had occurred at the end of the reporting period arising from floating rate non-derivative instruments held by the Group as at that date which expose the Group to cash flow interest rate risk.

Equity price and investment risks

The Group is exposed to equity price risk arising from individual equity investments classified as financial assets at fair value through profit or loss or fair value through other comprehensive income. The valuation of the unlisted investments are determined by reference to the financial forecast of the investees, the recent transaction price of the same class of instrument or price/earnings ratio of comparable companies. Investment fund risk is the risk that the fair value or future cash flows of investment funds will fluctuate due to changes in the prices of underlying securities or the financial performance of the funds. All of the Group's unquoted investments are held for strategic purpose. Their performance is assessed regularly based on the information available to the Group.

In addition, the Group has taken out two life insurance policies covering a non-controlling shareholder of a subsidiary which include investment elements, which the price risk is similar to the above investment fund risk.

(ii) 敏感度分析

於二零二三年三月三十一日,估計利率整體上升/下降100個基點,在所有其他變量保持不變的情況下,本集團的除稅後溢利及保留溢利將減少/增加約3,990,000港元(二零二二年:零港元)。其他綜合權益部分將不會因利率整體上升/下降而受到影響。

上述敏感度分析顯示本集團的利息開支將會產生的年化影響,當中假設本 集團於報告期末持有導致本集團面臨 現金流量利率風險的非衍生工具,而 有關工具的浮動利率導致於該日的利率有所變動。

權益價格及投資風險

本集團面臨來自分類為按公平值計入損益 或按公平值計入其他全面收益之金融資產 的個別股本投資的權益價格風險。非上市 投資的估值乃經參考被投資方的財務預測、 同類工具的近期交易價格或可資比較公司 市盈率釐定。投資基金風險為投資基金的 公平值或未來現金流量將因相關證券的價 格變動或基金的財務表現而波動的風險。 所有本集團的無報價投資乃持作策略目的, 其表現根據本集團的可用資料定期評估。

此外,本集團已為一家附屬公司的一名非 控股股東投購兩份人壽保單,該等保單包 含投資因素,其價格風險與上述投資基金 風險相若。

The following table demonstrates the sensitivity to every 5% change in the fair values of the investments to which the Group has significant exposure at the end of the reporting period, with all other variables held constant and before any impact on tax. There is no impact on the Group's equity except on the retained profits and fair value reserve (non-recycling).

The maximum risk resulting from these investments equals their fair value.

Capital management

The Group's main objectives with respect to capital management include maintaining a solid and stable financing structure to support its ongoing business growth so that it can continue to maximise shareholders' return, and providing an adequate return to the shareholders by pricing products and services commensurate with the level of risk.

The Group regularly reviews and manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to the shareholders, return capital to the shareholders or issue new shares. The Group is not subject to any externally imposed capital requirements. No changes were made to the objectives, policies or processes for managing capital during the year.

Fair value measurement

Financial assets and liabilities measured at fair value

Fair value hierarchy

The following table presents the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs
 i.e. observable inputs which fail to meet Level 1, and not
 using significant unobservable inputs. Unobservable inputs
 are inputs for which market data are not available.
- Level 3 valuations: Fair value measured using significant unobservable inputs

資本管理

本集團有關資本管理的主要目標包括維持 穩固的融資架構,以支持其持續的業務增 長以讓其可持續將股東回報最大化,以及 透過將產品及服務的價格設定為與風險水 平相稱來為股東提供充足回報。

本集團定期審閱及管理其資本架構並就經濟狀況的變動及相關資產的風險特性對之作出調整。為維持或調整資本架構,本集團可能調整向股東作出的股息付款、向股東退還資本或發行新股。本集團並無面對任何外部施加的資本需求。年內並無對管理資本的目標、政策或流程作出任何變動。

公平值計量

公平值層級

下表呈列本集團金融工具於報告期末按經常性基準計量的公平值,並按照香港財務報告準則第13號公平值計量的定義分為三個公平值層級。公平值計量的層級乃參照估值技術所用數據的可觀察性和重要性分類如下:

- 第一層級估值:僅使用第一層級輸入 數據計量的公平值,即於計量日期在 活躍市場對相同資產或負債未經調整 的報價
- 第二層級估值:使用第二層級輸入數據計量的公平值,即不符合第一層級的可觀察輸入數據及未有採用重大不可觀察輸入數據。不可觀察輸入數據乃指無法取得市場資料的數據
- 第三層級估值:使用重大不可觀察輸入數據計量的公平值

During the year ended 31 March 2023, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 for both financial assets and financial liabilities, except for certain unlisted equity investments of HK\$nil (2022: HK\$22,414,000) were transferred from level 2 to level 3 due to the absence of recent transaction price of same class of instruments.

The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

截至二零二三年三月三十一日止年度,第一層級與第二層級之間並無公平值計量轉撥,以及並無就金融資產及金融負債進行第三層級轉入或轉出,惟若干非上市股本投資零港元(二零二二年:22,414,000港元)由於缺乏同類工具近期交易價而由第二層級轉撥至第三層級除外。

本集團的政策為於轉撥發生的報告期間末 確認公平值層級之間的轉撥。

37. FINANCIAL RISK MANAGEMENT AND FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Valuation techniques and inputs used in Level 2 fair value measurements

The unlisted fund investments are not quoted in an active market and may be subject to restrictions on redemptions. Management considers the valuation techniques and inputs used in valuing these investment funds as part of its due diligence prior to investing to ensure they are reasonable and appropriate and therefore the net assets value of these funds may be used as an input into measuring their fair values.

In respect of the unlisted equity investment categorised into Level 2, the valuation of such is estimated by reference to the transaction price at arm's length for a same class of equity instrument.

Valuation technique and inputs used in Level 3 fair value measurements

The fair value of an unlisted equity investment amounting to HK\$14,120,000 (2022: HK\$22,740,000) is determined by referencing to the fair value of underlying properties held by the investee using the residual approach by taking into account the redevelopment potential of such properties. The fair value measurement is positively correlated to the estimated profit margin of 5% (2022: 10%) on redevelopment. As at 31 March 2023, it is estimated that with all other variables held constant, a decrease/increase in estimated profit margin by 1% (2022: 1%) would have decreased/increased the Group's profit for the year by approximately HK\$440,000 (2022: HK\$500,000).

The fair value of the unlisted fund investment relating to a coliving project amounting to HK\$29,418,000 (2022: HK\$39,418,000) is determined by the income approach based on the forecast of future cash flows. The fair value measurement is positively correlated to the average occupancy rate for the next five years (2023: 91%; 2022: 88%) and negatively correlated to the discount rate (2023: 14.5%; 2022: 11.4%).

As at 31 March 2023, it is estimated that with all other variables held constant, a decrease/increase in average occupancy rate for the next five years by 5% would have decreased/increased the Group's profit for the year by approximately HK\$9,678,000 and HK\$9,074,000 (2022: HK\$13,019,000 and HK\$13,357,000) respectively, while a decrease/increase in discount rate by 1% would have increased and decreased the Group's profit for the year by approximately HK\$1,815,000 and HK\$1,815,000 (2022: HK\$2,835,000 and HK\$3,399,000) respectively.

37. 金融風險管理及金融工具的公平值(續)

第二層級公平值計量所用的估值技 術及輸入數據

非上市基金投資在活躍市場並無報價,可能受到贖回限制。管理層將對該等投資基金進行估值時所使用的估值技術及輸入數據視為其於投資前的盡職審查的一部分,以確保其合理及合適,因此該等基金的資產淨值可能用作計量其公平值的輸入數據。

就分類為第二層級的非上市股本投資而言, 則透過參考同類股本工具的公平交易價後 的估計進行估值。

第三層級公平值計量所用的估值技 術及輸入數據

非上市股本投資的公平值14,120,000港元(二零二二年:22,740,000港元)乃參考被投資方所持相關物業的公平值後採用剩餘價值法釐定,並計及有關物業進行重新發展的可能性。公平值計量與重新發展的估計溢利率5%(二零二二年:10%)呈正相關。於二零二三年三月三十一日,在所有其他變量保持不變的情況下,估計溢利率致少/增加1%(二零二二年:1%)將導致本集團年內溢利減少/增加約440,000港元(二零二二年:500,000港元)。

與共同生活項目有關的非上市基金投資的公平值29,418,000港元(二零二二年:39,418,000港元)乃根據對未來現金流量的預測,採用收入法釐定。公平值計量與未來五年的平均入住率(二零二三年:91%;二零二二年:88%)呈正相關,與貼現率(二零二三年:14.5%;二零二二年:11.4%)呈負相關。

於二零二三年三月三十一日,估計於所有其他變量不變的情況下,未來五年的平均入住率下跌/增加5%,本集團的年內溢利會分別減少/增加約9,678,000港元及9,074,000港元(二零二二年:13,019,000港元及13,357,000港元),而貼現率下跌/增加1%將導致本集團的年內溢利分別增加及減少約1,815,000港元及1,815,000港元(二零二二年:2,835,000港元及3,399,000港元)。

37. FINANCIAL RISK MANAGEMENT AND FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Valuation technique and inputs used in Level 3 fair value measurements (Continued)

The returns of the life insurance policies are at the discretion of the insurers. Accordingly, management assesses that the redemption values of such policies approximate their fair values.

The Group's other investments categorised in Level 3 were managed by unrelated asset managers who applied various investment strategies to accomplish their respective investment objectives. The fair value of these investments is recorded based on valuations supplied by the fund managers. These valuations are measured by the percentage of ownership of the private equity's net asset value, which is an unobservable input. The fund managers apply appropriate valuation techniques such as latest transaction price, discounted cash flow, or a forward price/earnings multiple arrived at by comparison with publicly-traded comparable companies and after applying a liquidity discount. The models are calibrated regularly and tested for validity using prices from any observable current market transactions in the same instruments or based on any available observable market data.

The movements during the year in the balance of the Level 3 measurements are as follows:
