Chairman's Statement

On behalf of the board (the "**Board**") of directors (the "**Directors**"), I am pleased to present the audited consolidated financial results of China Overseas Nuoxin International Holdings Limited (the "**Company**") and its subsidiaries (collectively the "**Group**") for the year ended 31 March 2023 (the "**Year**").

BUSINESS OVERVIEW

The COVID-19 pandemic started in late 2019 and was still significantly affecting our operations and global markets during the Year. In addition, facing several challenges such as complicated and changing international situations, high inflation rate and weak global consumer sentiment, the revenue of the Group decreased by approximately 36.5% from approximately HK\$265,758,000 to approximately HK\$168,700,000 for the Year. The decrease in revenue was within our expectation.

Although our Group had recorded a net loss of approximately HK\$44,380,000, increased by approximately 287.1% from a net loss of approximately HK\$11,466,000 for the last financial year, the management had all along monitored the situation closely and had taken into considerations the necessary short-term measures to maintain the normal operations of the business and to retain the business relationships with our important customers.

The Board does not recommend the declaration of payment of a final dividend in respect of the Year.

FUTURE PROSPECTS

As the COVID-19 pandemic has been subsiding in 2023, different countries have been relaxing different restrictions and precautionary measures and the impact of COVID-19 pandemic is expected to be minimised. In response to the post-pandemic business environment, the Group will focus on maintaining the good relationships with our existing customers and suppliers and explore opportunities in developing in new markets to gain more market share. At the same time, the Group will remain cautious in controlling costs and allocation of resources and improve our operational efficiency.

In addition to the haircare appliances business, the Group has been exploring possible investment opportunities, to expand and diversify its business and activities, with a view to create new sources of income and to maximize the return to the Company and its shareholders in the long run.

APPRECIATION

On behalf of the Board, I would like to extend my sincere gratitude to all employees for their diligence and steadfast commitment to their work during the year. I would also like to thank shareholders for their confidence in the Group, our customers worldwide for their trust in our products and services, as well as our bankers and business partners for their ongoing support.

By Order of the Board

Zhang Huijun Chairman

Hong Kong, 25 July 2023

COMPANY PROFILE

The Group was founded in 1984 and has been listed on the Main Board of the Stock Exchange of Hong Kong Limited (the "**Stock Exchange**") since 2005. It is principally engaged in the business of design, manufacture and sales of electrical haircare products. Its headquarters is in Hong Kong and it operates a manufacturing base in Dongguan, the People's Republic of China (the "**PRC**").

The Group's products are mainly sold on Original Design Manufacturing ("**ODM**") and Original Equipment Manufacturing ("**OEM**") bases. Its customers are mainly leading brand owners and importers who then resell the products to beauty supply retailers and wholesalers, chain stores, mass merchandisers, warehouse clubs, catalogues and grocery stores.

Consumers today are increasingly attentive to caring for and styling and grooming their hair. They are looking for hair dryers that promise softer, shinier and healthier hair and hair straighteners that not only leave the hair straight, but also shiny and smooth after treatment. The Group can meet their demands with most of its products boasting the following features: ionisation, ceramic coating, self-heat regulation, convenient cool-shot button (to quickly cool hair and hold a hair style), a diffusing and removable air filter (to prevent overheating and breakdown). Our products are light in weight hence easy to control when in use.

FINANCIAL REVIEW

During the Year, the Group recorded a revenue of approximately HK\$168,700,000 (2022: HK\$265,758,000), a decrease of approximately 36.5% from the last financial year. The decrease in revenue was mainly due to the impact on global economy brought by the prolonged Russia-Ukraine conflict, which adversely affected the demand of the Group's products especially from customers of the European markets. Moreover, 8% of the revenue of the Group for the year ended 31 March 2022 generated from Sky Ocean Group Limited and its subsidiaries (the "**Disposed Group**"), which were disposed on 31 December 2021.

During the Year, the Group reported a gross loss of approximately HK\$18,251,000 (2022: gross profit HK\$15,721,000), representing a gross loss margin of approximately 10.8% (2022: gross profit margin 5.9%). The increase in loss was mainly due to the increase in material costs, especially metal-related components, resulting from the restrictive measures in respect of COVID-19 pandemic in the PRC during the first half of 2022, and overhead costs, such as labour costs as the minimum wage in Guangdong Province of the PRC raised by 10.5% effective from 1 December 2021.

The Group recorded continuous loss for the years ended 31 March 2023 and 2022. The management of the Group concluded there was impairment indication and conducted a review of the recoverable amounts of the property, plant and equipment, right-of-use assets and prepayments and determined the recoverable amounts of these assets. Based on the result of the assessment, the management of the Group determined that the recoverable amount of prepayments (2022: property, plant and equipment, right-of-use assets and prepayments) was lower than its carrying amount. An impairment loss of approximately HK\$641,000 on prepayments (2022: an impairment loss of approximately HK\$19,000 on property, plant and equipment, approximately HK\$2,602,000 on right-of-use assets and approximately HK\$3,994,000 on prepayments) had been recognised.

The Group has assessed the net realisable value of the inventories and recognised a provision of approximately of HK\$5,221,000 (2022: reversal of provision HK\$2,573,000) for the inventories. It included slow-moving inventories of approximately HK\$4,945,000 aged over 1 year mainly due to customers' discontinued projects.

Management Discussion and Analysis

As a result of the above factors, loss before taxation for the Year was approximately HK\$46,336,000 (2022: HK\$11,466,000), representing an increase of 304.1% against the last financial year. The significant increase was mainly due to the gain on disposal of Disposed Group of approximately HK\$15,904,000 in the last financial year. When compared with the revenue, distribution costs and administrative expenses were approximately 1.5% and 19.1% of the revenue respectively, for the Year as compared to approximately 1.1% and 16.9% in the last financial year. In dollar term, administrative expenses was approximately HK\$32,173,000, representing a decrease of 28.3% when compared to that in the last financial year. Such decrease was mainly due to exclusion of the expenses of the Disposed Group in the Year.

Loss for the Year was approximately HK\$44,380,000, representing an increase of approximately 287.1% when compared to loss of approximately HK\$11,466,000 in the last financial year.

Basic loss per share for the Year amounted to HK9.96 cents, representing an increase of approximately 287.5% when compared to loss of HK2.57 cents in the last financial year.

During the Year, no dividend was declared and paid (2022: Nil).

BUSINESS REVIEW

Market Review

In the first half of 2022, the widespread COVID-19 pandemic outbreak in multiple cities across the world and in the PRC resulted in stringent lockdown and temporary suspension of import and export economic activities from February to May 2022, which led to decrease of inventory turnover of the worldwide customers from June to August 2022; disruption of product delivery and raw material supply, and the increase in the production cost and logistics cost.

Although the revenue contribution from the North and South American and Australian markets increased by 6.6% and 41.0% respectively comparing to the last financial year, energy crises and international political dynamic hampered the pace of the recovery of the world economy and the Group recorded a significant decrease in revenue for the Year. The revenue from European and Asian markets decreased by 37.2% and 41.5% comparing to the last financial year, respectively.

Most of the Group's customers are famous global brands. Our five major customers accounted for approximately 68.0% and 72.1% of the Group's total revenue in the Year and the last financial year, respectively.

Operation Review

The Group's major production center remains in the PRC. During the Year, similar to other manufacturers in the PRC, the Group has faced a series of operating challenges, such as slow recovery in export markets, difficulties in recruiting skilled production line operators, the increasing raw material costs and other operational expenses, such as logistic costs. In addition, the factory in Dongguan was voluntarily closed down from late 2022 to early 2023 due to the COVID-19 pandemic infection by some workers. It affected the traditional production peak season before the Lunar New Year holiday and thus affected the shipment.

As always, the Group has put efforts on improving the competitiveness of its high quality products together with bolstering its research and development capabilities with an aim to enhancing its market share and achieving the long term relationship with its customers.

LIQUIDITY AND FINANCIAL RESOURCES

As at 31 March 2023, the Group had approximately HK\$8,878,000 bank and cash balances (2022: HK\$12,362,000). The decrease in bank and cash balances was mainly attributable to the repayment of bank borrowings. The net current assets as at 31 March 2023 amounted to approximately HK\$16,684,000 (2022: HK\$59,343,000). Current ratio of the Group as at 31 March 2023 was approximately 1.4 (2022: 1.6).

As at 31 March 2023, the Group had aggregate banking facilities of HK\$53,400,000 (2022: HK\$53,400,000), of which approximately HK\$7,352,000 (2022: HK\$26,349,000) had been used. The borrowings comprised of trade finance facilities of approximately HK\$3,763,000 (2022: HK\$25,564,000) and bank overdrafts of approximately HK\$3,589,000 (2022: HK\$785,000). The borrowings and overdrafts due within one year amounted to approximately HK\$7,352,000 (2022: HK\$26,349,000). The borrowings and overdrafts carried interest rates ranging from HIBOR/LIBOR plus 1.8% to 2.0% (2022: 1.8% to 2.0%) or 1% (2022: 1%) below Prime Rate and 8% (2022: 8%) over Prime Rate, respectively.

As at 31 March 2023, the Group's net cash to equity ratio was approximately 5.9% (2022: net gearing ratio 19.9%). This was calculated by dividing the net amount of cash (including cash and cash equivalents after deduction of bank borrowings and overdrafts) by total equity attributable to owners of the Company as at 31 March 2023. The increase was mainly due to the decrease in bank borrowings and overdrafts during the Year.

The Group has adopted a prudent financial and surplus funds management approach towards its treasury policies and thus maintained a healthy liquidity position throughout the Year. To manage liquidity risk, the Board closely monitors the Group's liquidity position to ensure that the sufficient financial resources are available in order to meet its funding requirements and commitment timely.

CHARGES ON ASSETS

The Group had no charges on assets as at 31 March 2023 (2022: Nil).

FOREIGN EXCHANGE EXPOSURE

The Group's consolidated financial statements are presented in Hong Kong dollars. The Group conducts business transactions mainly in Hong Kong dollars, United States dollars and Renminbi. As the Hong Kong dollar remains pegged to the United States dollar, there was no material exchange risk in this respect. To manage fluctuation of the Renminbi, the Group was able to hedge Renminbi receipts and Renminbi payments on an ongoing basis with revenue generated in Mainland China. All of the Group's bank loan facilities are denominated in Hong Kong dollars and carry interest at floating rates.

CONTRACTUAL AND CAPITAL COMMITMENTS

As at 31 March 2023, the Group had capital commitments of approximately HK\$1,142,000 (2022: HK\$1,089,000).

CONTINGENT LIABILITIES

As at 31 March 2023, the Group had no material contingent liabilities (2022: Nil).

Management Discussion and Analysis

EMPLOYMENT AND REMUNERATION POLICIES

As at 31 March 2023, the Group had a total workforce of 560 (2022: 776) including 16 employees (2022: 24) in Hong Kong. Employee costs, including directors' emoluments, amounted to approximately HK\$62,475,000 for the Year (2022: HK\$86,290,000). The Group's remuneration policy is underscored by the principle of awarding equitable packages to employees, incentive-based where applicable, with remunerations being performance-oriented and market-competitive. Remuneration packages are normally reviewed on a regular basis. Apart from salary payments, the Group offers other staff benefits including share option schemes, performance-based bonuses, provident fund contributions and medical insurance coverage.

DIVIDENDS

The Directors do not recommend the declaration of the payment of a final dividend for the Year.

SIGNIFICANT INVESTMENTS HELD

Except for investments in its subsidiaries, during the Year, the Group did not hold any significant investment in equity interest in any other company.

SIGNIFICANT INVESTMENT, MATERIAL ACQUISITIONS AND DISPOSALS

The Group did not have any significant investment, material acquisitions and disposals of subsidiaries, associates and joint ventures during the Year.

PROSPECTS

Post-pandemic economy recovery in the world is challenging. The global markets remain uncertain with high inflation rate, weak consumer sentiment and the international political dynamic. The Group is cautiously optimistic as China has relieved the pandemic restrictive measure and the impacts of the COVID-19 pandemic towards our operations are going to be minimised. Given that the high inflation rate in western markets, the Group has been actively capturing the opportunities arising from the recovery of new customers beyond Europe, including South America and Asia.

Recently, several customers plan to revisit our office and production site which shows their eagerness to move forward with their new projects and to embrace the booming opportunities arising in the post-pandemic era. The Group also resumes frequent visits and on-site communications with suppliers to maintain good relationships to secure a sufficient supply and cost reduction.

The Group will continue to explore opportunities, expand and diversify its business and activities, with a view to create new sources of income and to maximise the return to the Company and its shareholders in the long run.

This purchasing agreement is subject to reporting, annual review and announcement requirement but is exempt from the circular, independent financial advice and independent shareholders' approval requirements pursuant to Chapter 14A of the Listing Rules.

Pursuant to Rule 14A.55 of the Listing Rules, the Directors, including the independent non-executive Directors of the Company have reviewed the continuing connected transactions set out above and in note 35 to the Financial Statements, and have confirmed that the purchasing agreement was approved by the Board and:

- (a) was entered into in the ordinary and usual course of business of the Group;
- (b) was conducted on normal commercial terms;
- (c) was entered into in accordance with the agreements governing such transactions, on terms that are fair and reasonable and in the interests of the Company's shareholders as a whole; and
- (d) did not exceed HK\$70.25 million for the reporting year.

ZHONGHUI ANDA CPA Limited, the Company's auditors, were engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 (Revised) "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants.

The auditors of the Company have reviewed the above mentioned continuing connected transactions and confirmed to the Board that:

- (1) nothing has come to their attention that may cause it to believe that these transactions have not been approved by the Board;
- (2) for the transactions involved the provision of goods or services by the Group, nothing has come to their attention that may cause them to believe that these transactions were not, in all material respects, in accordance with the pricing policy of the Group;

- (3) nothing has come to their attention that may cause them to believe that these transactions were not entered into, in all material respects, in accordance with the relevant agreements governing these transactions; and
- (4) nothing has come to their attention that may cause them to believe that these transactions have exceeded their respective annual caps for such transactions.

ZHONGHUI ANDA CPA Limited have issued their unqualified letter containing their findings and conclusions in respect of the Group's continuing connected transactions and a copy of the auditor's letter has been provided by the Company to the Stock Exchange.

The Company had complied with the disclosure requirements under Chapter 14A of the Listing Rules throughout the Reporting Period.

Save as disclosed above, the Group has not entered into any connected transaction during the reporting year that is not fully exempted under Chapter 14A of the Listing Rules. The material related party transactions entered into by the Group during the reporting year, as disclosed in note 35 to the Financial Statements (except for the remuneration of the Directors) did not constitute connected transactions (as defined under the Listing Rules).

Save as disclosed above, the Company did not enter into any transactions which constitute non-exempt connected transactions within the meaning of the Listing Rules during the Year.

RESULTS AND APPROPRIATIONS

The results of the Group for the Year are set out in the Consolidated Statement of Profit or Loss and Other Comprehensive Income on page 42 of this annual report.

The following is the summary of the principal terms of the Share Option Scheme:

(a) Purpose

The purpose of the Share Option Scheme is to enable the Company to grant Options to Eligible Participants as incentives or rewards for their contribution to the growth of the Group and to provide the Group with a more flexible means to reward, remunerate, compensate and/or provide benefits to the Eligible Participants.

(b) Who may join

Any person belonging to any of the following classes who, in the sole discretion of the Board, have contributed or will contribute to the growth and development of the Company is defined as Eligible Persons:

- (i) any full-time or part-time employee of the Company and/or any subsidiary of the Company;
- (ii) any director (including executive, non-executive and independent non-executive director) of the Company and/or any subsidiary of the Company; and
- (iii) any consultant or adviser (whether professional or otherwise and whether on an employment or contractual or honorary basis or otherwise and whether paid or unpaid), distributor, contractor, supplier, service provider, agent, customer and business partner of the Company and/or any subsidiary of the Company who, at the sole determination of the Board, have contributed or will contribute to the Company and/or any subsidiary of the Company.

The Board may invite any eligible person ("**Eligible Person**") as the Board may in its absolute discretion select, having regard to each person's qualifications, skills, background, experience, service records and/or contribution or potential value to the relevant member(s) of the Company, to take up a right granted to subscribe for Shares pursuant to the Share Option Scheme at a price calculated in accordance with paragraph (c) below and "Options" shall be construed accordingly (the "**Options**").

(c) Subscription price and acceptance period

The Subscription Price in respect of any Option shall, subject to any adjustments made pursuant to the terms of the Share Option Scheme, be a price determined by the Board and notified to each Grantee and shall be at least the highest of:

- (i) the closing price per Share as stated in the Stock Exchange's daily quotations sheet on the Offer Date (and if such Offer Date is not a business day, the business day immediately preceding such Offer Date);
- (ii) the average closing price per Share as stated in the Stock Exchange's daily quotations sheets for the five (5) business days immediately preceding the Offer Date; and
- (iii) the nominal value of a Share.

The Eligible Person must accept any such Offer notified to him or her within fourteen (14) days from the Offer Date, failing which it shall be deemed to have been rejected. Upon acceptance of the Offer, any Eligible Person who accepts an Offer in accordance with the terms of the Share Option Scheme (the "**Grantee**") shall pay HK\$1.00 to the Company as consideration for the grant.

(d) Maximum number of Shares available for subscription

- (1) The maximum aggregate number of Shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option schemes adopted by the Group which provide for the grant of options to acquire or subscribe for Shares must not exceed such number of Shares as shall represent 30% of the issued share capital of the Company from time to time. No Options may be granted under the Share Option Scheme if this will result in such limit being exceeded;
- (2) Subject to Paragraph d (1) above, the total number of Shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Group must not, in aggregate, exceed 10% of the issued share capital of the Company as at the Adoption Date (the "Scheme Mandate Limit") unless Shareholders' approval has been obtained pursuant to Paragraphs d (3) or d (4) below. Any options lapsed in accordance with the terms of the Share Option Scheme or any other share option schemes of the Group shall not be counted for the purpose of calculating the Scheme Mandate Limit;
- (3) Subject to Paragraph d (1) above, the Board may seek approval by Shareholders in general meeting to renew the Scheme Mandate Limit and the Company must send a circular to the Shareholders containing the information required under Rule 17.02(2)(d) and the disclaimer required under Rule 17.02(4) of the Listing Rules. However, the total number of Shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Group in these circumstances must not exceed 10% of the issued share capital of the Company at the date of approval of the renewed limit (the "renewed Scheme Mandate Limit"). Options previously granted under the Share Option Scheme and any other share option schemes of the Group in accordance with the Share Option Scheme or any other share option schemes of the Group and exercised options) will not be counted for the purpose of calculating the renewed Scheme Mandate Limit;

- (4) Subject to Paragraph d (1) above, the Board may seek separate Shareholders' approval in general meeting to grant options beyond the Scheme Mandate Limit or the renewed Scheme Mandate Limit as referred to in Paragraphs d (2) or d (3) above (as the case may be) provided that the options in excess of the Scheme Mandate Limit or the renewed Scheme Mandate Limit are granted only to the Eligible Participants specifically identified by the Company before such approval is sought and the Company must issue a circular to the Shareholders containing a generic description of the specified Eligible Participants who may be granted such options, the number and terms of the options to be granted, the purpose of granting options to such Eligible Participants with an explanation as to how the terms of the options serve such purpose, the information required under Rule 17.02(2)(d) and the disclaimer required under Rule 17.02(4) of the Listing Rules; and
- (5) if the Company conducts a share consolidation or subdivision after the Scheme Mandate Limit or renewed Scheme Mandate Limit has been approved in general meeting, the maximum number of Shares that may be issued upon exercise of all Options to be granted under the Share Option Scheme and any other share option schemes of the Group under the Scheme Mandate Limit or renewed Scheme Mandate Limit as a percentage of the total number of Shares at the date immediately before and after such consolidation or subdivision shall be the same.

(e) Maximum entitlement of each eligible participant

- (1) The total number of Shares issued and to be issued upon exercise of the Options granted to each Eligible Participant (including both exercised and outstanding Options under the Share Option Scheme) in any 12-month period must not exceed 1% of the issued share capital of the Company. Where any further grant of Options to an Eligible Participant would result in the total number of Shares issued and to be issued upon exercise of all Options granted and to be granted to such Eligible Participant (including exercised, cancelled and outstanding Options) in the 12-month period up to and including the date of such further grant representing in aggregate over 1% of the issued share capital of the Company as at the date of such further grant, such further grant shall be subject to the approval of the Shareholders at a general meeting with such Eligible Participant and his close associates (or his associates if the Eligible Participant is a connected person) abstaining from voting.
- (2) Any grant of Options to a director, chief executive or substantial shareholder of the Company or any of their respective associates must be approved by all of the independent non-executive Directors (excluding any independent non-executive Director who is the Grantee).
- (3) Where Options are proposed to be granted to a Substantial Shareholder or an independent non-executive Director or any of their respective associates, and the proposed grant of Options will result in the total number of Shares issued and to be issued upon exercise of all Options already granted and to be granted (including Options exercised, cancelled and outstanding) to such person in the 12-month period up to and including the date of such grant representing in aggregate over 0.1% of the issued share capital of the Company and having an aggregate value, based on the closing price of the Shares at the date of each grant, in excess of HK\$5,000,000, such grant of Options must be subject to the approval of the Shareholders taken on a poll at general meeting. In addition, the date of the Board meeting for proposing such grant should be taken as the date of grant for the purpose of calculating the Subscription Price only under paragraph c. The Grantee, his associates and all core connected persons of the Company must abstain from voting in such general meeting (except that any Grantee, his associate or core connected person may vote against the proposed grant provided that his intention to do so has been stated in the relevant circular to the Shareholders).

(f) Term of the Share Option Scheme

The Share Option Scheme will remain in force for a period of ten (10) years commencing from 6 August 2015 (being the date of approval of the Share Option Scheme by the Shareholders), after which no further Options shall be granted but the Options which are granted during the life of the Share Option Scheme may continue to be exercisable in accordance with their terms of issue and the provisions of the Share Option Scheme shall in all other respects remain in full force and effect in respect thereof.

(g) Grant of Share Option

Particulars of the Share Option Scheme are set out in Note 30 to the Financial Statements.

There was no option granted under the new Share Option Scheme for the year ended 2023 and 2022.

ARRANGEMENTS TO PURCHASE SHARES OR DEBENTURES

Save as disclosed above, at no time during the year were there any rights to acquire benefits by means of the acquisition of securities of the Company granted to any Director or their respective spouse or children under 18 years of age, or were there any such rights exercised by them; or was the Company, its holding company, or any of its subsidiaries or fellow subsidiaries a party to any arrangement to enable the Directors to acquire such rights in any other body corporate.

SUFFICIENCY OF PUBLIC FLOAT

Based on information that is publicly available to the Company and within the knowledge of its Directors, as at the latest practicable date prior to the printing of this report, the Company has maintained sufficient public float of its issued shares as required under the Listing Rules.

Corporate Governance Report

BOARD OF DIRECTORS

Board functions

The Board oversees the strategic development and determines objectives, strategy, policy and business plan of the Company. It monitors and controls the risk management operation and financial performance, reviews the corporate governance standard of the Company and sets appropriate policies pursuant to the Company's objectives.

Board composition

The Board of Directors of the Company comprised eight Directors, of which four were executive Directors, namely, Mr. Zhang Huijun (Chairman), Ms. Cai Dongyan (Chief Executive Officer), Ms. Pauline Lam and Mr. Lin Liangyong; and four were independent non-executive Directors, namely, Mr. Lam Yick Man, Mr. Hu Zhigang, Mr. Zhang Jiayou and Mr. Ma Yu-heng. The biographical details of the existing Directors of the Company and the relationships among them as at the date of this report are set out in the "Directors' and Senior Management's Profile" section on pages 20 to 22 of this annual report. Save as disclosed in this annual report, none of the Directors has any business, financial, family or material relationship with each other and the Company.

The Board believes it is a balanced composition as each of the Directors has his own skills, expertise, professional qualifications and appropriate experiences to effectively oversee the business of the Group and the Directors give sufficient time and attention to the Group's affairs. It can effectively exercise independent judgment for the business activities of the Group to safeguard the interests of the shareholders and to improve standard in corporate governance to fulfill the demands of the shareholders and stakeholders of the Group.

During the financial year ended 31 March 2023, the Board complied at all times with the requirements of the Listing Rules including: (i) the number of independent non-executive Directors representing at least one-third of the Board; and (ii) one of the independent non-executive Directors being a professional accountant. Each of the independent non-executive Directors has presented an annual confirmation of independence to the Company pursuant to rule 3.13 of the Listing Rules. The Company considered all of the independent non-executive Directors to be independent.

Board delegation

The Board delegates the authorities to the board committees and the senior management of the Company to provide professional advice and monitor the daily operation of the Group on issues which require discussion, expertise knowledge and experience to make the decision. The three committees of the Board, namely, Remuneration Committee, Nomination Committee and Audit Committee are responsible for making recommendation on the specified matters in line with the terms of reference adopted by the Board set out separately. The senior management is responsible for supervision on the daily operation of the Group by functions.

Corporate Governance Report

BOARD OF DIRECTORS (Continued)

Board, Board committees and general meetings (Continued)

CG Code A.1.1 stipulates that the Board should meet regularly and board meetings should be held at least four times a year at approximately quarterly intervals. In compliance with the CG code, there were in total 6 board meetings held during the financial year ended 31 March 2023. The Board believes that the fairness and effectiveness for the decision making on the business needs are adequately ensured. The relevant Directors' attendance is shown on page 25 of this corporate governance report.

Notices were given at least 14 days in advance for each of the regular Board meetings to all the Directors so that they could have an opportunity to attend the same in person during the Year. On ad hoc basis, the executive Directors met together upon reasonable notices or by agreement of the executive Directors to waive the notice of the meetings to discuss the matters as required by business needs. In respect of regular board meetings, and so far as practicable, an agenda and accompanying board papers were sent in full to all Directors in a timely manner at least 3 days before the intended dates of board meetings.

The company secretary of the Company attended all regular board meetings to advise on corporate governance and statutory compliance when necessary. In addition, the Company has maintained a procedure for Directors to seek independent professional advice in appropriate circumstances. Minutes of board meetings and meetings of Board committees are kept by a duly appointed secretary of the meetings and such minutes would be inspected at any reasonable time on reasonable notice by any Director.

Minutes of board meetings and Board committees meetings had recorded in sufficient details the matters considered by the Board and decisions reached, including any concerns raised by Directors or the representatives of the relevant parties or dissenting views expressed. Draft and final versions of minutes of Board meetings had been sent to all Directors and the representatives of the relevant parties involved in the meetings through electronic means for their comments and records respectively, in both cases within a reasonable time after the meetings held.

Corporate Governance Functions

The Board is responsible for performing the corporate governance duties including:

- 1. to develop and review the Company's policies and practices on corporate governance;
- 2. to review and monitor the training and continuous professional development of directors and senior management;
- 3. to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- 4. to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and directors; and
- 5. to review the Company's compliance with the code and disclosure in this corporate governance report.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

CG Code A.2.1 requires that the roles of chairman and chief executive officer should be separated and should not be performed by the same individual. Mr. Zhang Huijun served as the chairman of the Board and is responsible for formulating the strategies and policies of the business development of the Group, providing leadership and overseeing the functioning of the Board. During the Year, Ms. Cai Dongyan served as the chief executive officer attending to the Group's overall business development and implementation of the Group's policies. The functions and responsibilities between the chairman and the chief executive are clearly segregated. This segregation of roles ensures reinforcement of their independence, responsibility and accountability.

INDEPENDENT NON-EXECUTIVE DIRECTORS

Each of the independent non-executive Directors was appointed for an initial term of three years commencing from the date of their respective appointment subject to retirement by rotation pursuant to the Articles.

DIRECTORS' TRAINING

Every newly appointed Director of the Company will receive a comprehensive, formal and tailored induction package to ensure that the Director has a proper understanding of the Company's operation and business and the relevant statues, common laws, the Listing Rules, legal and regulatory requirements and governance policies. The company secretary also provides updates on the latest development and changes in the Listing Rules and other relevant legal and regulatory requirements to the Directors from time to time.

All Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. A summary of trainings received by Directors from 1 April 2022 to 31 March 2023 according to the records provided by the Directors is as follows:

DIRECTORS' RESPONSIBILITY ON THE FINANCIAL STATEMENTS

The Directors acknowledge their responsibility for preparing the financial statements for the year ended 31 March 2023, and confirm that the financial statements give a true view of the financial positions and results of the Group as at the date and for the year of the date ended, and are prepared in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance. The statement of the external auditors of the Company, ZHONGHUI ANDA CPA Limited, about their reporting responsibilities on the financial statements of the Group is set out in the Independent Auditor's Report on pages 39 to 41 of this annual report.

INTERNAL AUDIT

The Company has set up an internal audit department since February 2008. The Audit Committee has met with the internal auditor and discussed with the Board about the internal control report. The Board also through the Audit Committee conducted reviews of the effectiveness of the systems of internal control and risk management of the Group twice for the financial year ended 31 March 2023, which cover all material controls, including strategic, financial, operational and compliance controls. The Audit Committee considers the systems effective and adequate.

The Company has engaged an accountant with appropriate working experiences in the Finance & Accounting Department of the Group. The Board was also satisfied with the adequacy of resources, staff qualifications and experiences, training programmes and budget of the Company's accounting, internal audit and financial reporting functions.

The internal audit department's primary responsibilities include:

- 1. Strategic audit includes assessing the threats and opportunities that influence the Company's development. The Company's business environment is affected by economic and political conditions globally.
- 2. Financial audit includes ensuring the maintenance of proper accounting records for the provision of reliable financial information for internal use as well as for publication, ensuring compliance with relevant legislation and regulations, and implementing credit risk management. The Directors are responsible for overseeing the preparation of accounts for the financial year to ensure such accounts give a true and fair view of the state of affairs of the Group. The Company's accounts are prepared in accordance with all relevant statutory requirements and applicable accounting standards. As at the date of this corporate governance report, the Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern required to be disclosed.
- 3. Operational audit includes: (i) maintaining and ensuring compliance with ISO9001 under the family of ISO9000, a series of international standards on quality management and quality assurance developed by the International Organization for Standardization, for the quality control of the Group's production; (ii) maintaining and implementing a sound network system to avoid computer viruses or other system malfunctions; and (iii) maintaining a team of staff for product development. The Group has been maintaining product liability insurance for most types of the Group's products against possible claims relating to personal injury or property damage arising from the use of the products manufactured by the Group.

Corporate Governance Report

INTERNAL AUDIT (Continued)

The internal audit department's other responsibilities include:

- 1. reviewing the work-flow and the implementation status of the Group's policies and procedures of all functional departments;
- 2. reviewing the compliance status on rules and regulations that are applicable to the Group;
- 3. reviewing those areas of concern identified by the Audit Committee or the management of the Company;
- reporting significant issues related to the processes for controlling the activities of the Group, including potential improvements to those processes and providing information concerning such issues to the Audit Committee of the Company;
- 5. issuing periodic reports to the Audit Committee and the Board summarising the results of audit activities and substantive follow-up of audit recommendations; and
- 6. investigating suspected fraudulent activities within the Group.

The internal audit department carries out annual risk assessment on each identified audit area and devises an annual audit plan according to the nature of business and risk exposures of the Group, and the scope of work includes strategic, financial, operational and compliance reviews. The audit plan is reviewed and approved by the Audit Committee.

RISK MANAGEMENT

The Board recognises risk management as one of the key elements to the success of the Company. The Group takes a pragmatic approach to manage different risks to align with its business development strategically. The management identifies potential risks, assesses their impact and likelihood and develops appropriate action plans to mitigate risks to a level that the Company is willing to take in achieving the Company's objectives on a regular basis. The Group will continue to enhance the risk management practices and internal control system and adopt a stringent governance framework with reference to the best practices in the market.

The Group's business, financial position and results may be affected by certain risks and uncertainties. Foreign currency risk, interest rate risk, liquidity risk and credit risk are the main inherent risks which may cause the Group's financial condition or results differing materially from expected or historical results.

Foreign currency risk

The Group's reporting currency is Hong Kong dollars but most of the business transactions are denominated in other currencies including United States dollars and Renminbi. The Group may enter into forward currency contracts to hedge against the currency risks arising from the Group's operations and its funding sources, with reference to cash flow forecasts, capital expenditure commitments and business budget. The Group does not speculate on foreign currencies.

Interest rate risk

The Group's exposure to the risk of changes in interest rates is mainly attributable to the bank loan obligations with floating interest rates. The Group has adequate internal control procedures to monitor the financial position exposures arising from fluctuation in the market interest rate for funding sources denominated in Hong Kong dollars and United States dollars.

RISK MANAGEMENT (Continued)

Liquidity risk

The objective of liquidity risk management is to ensure the adequacy of the Group's funds to meet the daily business operations, capital commitments and bank loans repayment. The Group monitors its liquidity position on a daily basis as the Group's treasurer reviews the cashflow positions in different geographical areas and adjusts financing requirements.

Credit risk

Credit risk arises from the possibility that the customers are unwilling or unable to fulfill their obligations which then incurs financial losses to the Group. The Group's credit control function manages the credit risks by assessing the credit limits and credit terms to be granted to customers and setting up the internal control system of credit approvals and other monitoring procedures to recover overdue debts, if any.

INTERNAL CONTROL

The Board has overall responsibility for maintaining sound and effective internal control and risk management systems within the Group and reviewing their effectiveness, particularly in respect of financial, operational, and compliance controls, and setting appropriate policies so that the objectives of the Group can be effectively and efficiently achieved and the associated risks can be identified, managed and mitigated at an acceptable level.

Appropriate policies and procedures are provided to the staff to take all measures that can (i) safeguard assets against unauthorised use or disposition; (ii) keep proper and accurate accounting records and enhance the reliability of financial reporting; and (iii) ensure efficiency and effectiveness of operations and compliance with applicable laws and regulations. The design of the internal control and risk management systems is to provide reasonable, but not absolute, assurance against material misstatement or loss, and to manage and minimise the risk of failure in the Group's operational systems.

The Group's internal control and risk management frameworks include the following major components:

- 1. an organisation structure with defined responsibility, proper segregation of duties and appropriately delegated authority;
- 2. policies and procedures relating to financial control, internal control and risk management that can identify, assess, measure and control risks effectively and efficiently;
- 3. operational and financial budgeting and forecasting systems which facilitate performance measurement, including regular budgeting analysis;
- 4. clear rules and guidelines which empower the review and approval of major capital and current expenditures;
- 5. strict internal procedures and controls enabling the handling and dissemination of inside information; and
- 6. developing a whistleblowing policy that encourages employees to report any incidents of fraud, corruption, theft or misconduct in confidence and a fearless working environment.

INTERNAL CONTROL (Continued)

Procedures and Internal Controls for the Handling and Dissemination of Inside Information

The Group complies with requirements of SFO and the Listing Rules. The Group discloses inside information to the public as soon as reasonably practicable unless the information falls within any of the Safe Harbours as provided in the SFO. Before the information is fully disclosed to the public, the Group ensures the information is kept strictly confidential. If the Group believes that the necessary degree of confidentiality cannot be maintained or that confidentiality may have been breached, the Group would immediately disclose the information to the public. The Group is committed to ensure that information or taken or misleading as to a material fact, or false or misleading through the omission of a material fact in view of presenting information in a clear and balanced way, which requires equal disclosure of both positive and negative facts.

The internal audit department evaluates the overall adequacy and effectiveness of the Group's internal control and risk management systems. Identified deficiencies are from time to time reported to the Audit Committee and recommendations are made to the Board and the management of the Company.

The Group has also engaged external independent professionals to review its risk management and internal control systems and further enhance its risk management and internal control systems as appropriate.

MANAGEMENT FUNCTIONS

The Board has delegated aspects of its management and administration functions to the management. The management should report back and obtain prior approval from the Board before making decisions or entering into any agreements or arrangements to discharge its functions. The Directors clearly understand the Group's delegation arrangements in place. The key terms and conditions relative to the Directors' appointments have been set out in their service agreements and/or letters of appointments.

COMPANY SECRETARY

Mr. Shiu Wing Yan ("Mr. Shiu") was resigned as the Company Secretary on 30 April 2023.

Mr. Ong Kam Chit Vincent ("**Mr. Ong**") was appointed as the Company Secretary on 1 May 2023. The biographical details of Mr. Ong are set out under the section headed "Directors' and Senior Management's Profile" section on pages 20 to 22 of this annual report.

Mr. Shiu took not less than 15 hours of relevant professional training during the year ended 31 March 2023 and had complied with Listing Rules 3.29.

Corporate Governance Report

DIVIDEND POLICY

The declaration, payment and amount of dividends will be subject to the discretion of the Board and the approval of the shareholders of the Company, and will depend on the following factors:

- our earnings and financial condition;
- operating requirements;
- capital requirements; and
- other factors that our Directors may consider relevant.

The payment of dividends by the Company is also subject to all applicable laws and regulations and the articles of association of the Company.

BOARD DIVERSITY POLICY

The Board adopted a board diversity policy (the "**Board Diversity Policy**") on 31 December 2018. The Company recognises and embraces the benefits of diversity of Board members. While all Board appointments will continue to be made on a merit basis, the Company will ensure that the Board has a balance of skills, experience and diversity of perspectives appropriate to the needs of the Company's business. Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, experience (professional or otherwise), skills and knowledge, which have been adopted by the Company as measurable objectives for the purpose of implementation of the Board Diversity Policy. The Board has achieved all of the measurable objectives under the Board Diversity Policy.

NOMINATION POLICY

Pursuant to the CG Code relating to nomination policy which has come into effect since 1 January 2019, the Board adopted a nomination policy (the "**Nomination Policy**") on 31 December 2018. The Nomination Committee shall consider a number of factors in making nominations, including but not limited to reputation; skill, experience and professional expertise; diversity in all its aspects; commitment in respect of available time; and the independence criteria applicable to the candidate to be nominated as an independent non-executive director. The Nomination Policy also sets out some nomination procedures:

- The Company Secretary shall call a meeting of the Nomination Committee, and invite nominations of candidates from Board members if any, for consideration by the Nomination Committee prior to its meeting. The Nomination Committee may also put forward candidates who are not nominated by Board members;
- For filling a casual vacancy, the Nomination Committee shall make recommendations for the Board's consideration and approval. For proposing candidates to stand for election or re-election at a general meeting, the Nomination Committee shall make nominations to the Board for its consideration and recommendation;
- In order to provide information of the candidates nominated by the Board to stand for election or re-election at a general meeting, a circular will be sent to the shareholders. The name, brief biographies (including qualifications and relevant experience), independence, proposed remuneration and any other information, as required pursuant to the applicable laws, rules and regulations, of the proposed candidates will be included in the circular to shareholders; and
- The Board shall have the final decision on all matters relating to its recommendation of candidates to stand for election or re-election at any general meeting.

ENVIRONMENTAL PROTECTION

The Group is fully committed to environmental sustainability both for its products and its operations. The implementation of the European Union's Directives on Restriction of the use of the certain Hazardous Substances in Electrical and Electronic Equipment ("**RoHS**") in August 2005 in European Union members' states has impacted on the electrical and electronic Industry. Accordingly, the Group installed new equipment and established a comprehensive set of policies and procedures to ensure the Group's products completely satisfy RoHS requirements for the European Community and equivalent requirement for the rest of the world. The Group had also made it mandatory for all vendors and business partners to comply with the RoHS requirements.

In addition, the Group's production process has conformed to local environmental regulations. The Group is actively pursuing opportunities to directly contribute to environmental protection, and remains steadfast in its support of environmental protection, consistent with its commitment to be a good corporate citizen.

The environment, social and governance report in compliance with appendix 27 of the Listing Rules will be issued in due course.

LOOKING FORWARD

The Company will continue to review its corporate governance practices in order to enhance its corporate governance standard, to comply with the increasingly tightened regulatory requirements and to meet the rising expectations of the shareholders and investors.

TO THE SHAREHOLDERS OF CHINA OVERSEAS NUOXIN INTERNATIONAL HOLDINGS LIMITED 中國海外諾信國際控股有限公司

(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of China Overseas Nuoxin International Holdings Limited (the "**Company**") and its subsidiaries (collectively referred to as the "**Group**") set out on pages 42 to 88, which comprise the consolidated statement of financial position as at 31 March 2023, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("**HKFRSs**") issued by the Hong Kong Institute of Certified Public Accountants (the "**HKICPA**") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("**HKSAs**") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "**Code**"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report

KEY AUDIT MATTERS (Continued)

Inventories

Refer to Note 18 to the consolidated financial statements

The Group tested the amount of inventories for impairment. This impairment test is significant to our audit because the balance of inventories of HK\$13,735,000 as at 31 March 2023 is material to the consolidated financial statements. In addition, the Group's impairment test involves application of judgement and is based on estimates.

Our audit procedures included, among others:

- Assessing the Group's procedures on ordering and holding of inventories;
- Evaluating the Group's impairment assessment;
- Assessing the marketability of the inventories;
- Assessing the ageing of the inventories;
- Assessing the net realisable values of the inventories; and
- Checking subsequent sales of the inventories.

We consider that the Group's impairment test for inventories is supported by the available evidence.

Trade receivables

Refer to Note 19 to the consolidated financial statements

The Group tested the amount of trade receivables for impairment. This impairment test is significant to our audit because the balance of trade receivables of HK\$25,249,000 as at 31 March 2023 is material to the consolidated financial statements. In addition, the Group's impairment test involves application of judgement and is based on estimates.

Our audit procedures included, among others:

- Assessing the Group's procedures on granting credit limits and credit periods to customers;
- Assessing the Group's relationship and transaction history with the customers;
- Evaluating the Group's impairment assessment;
- Assessing ageing of the debts;
- Assessing creditworthiness of the customers;
- Checking subsequent settlements from the customers; and
- Assessing the disclosure of the Group's exposure to credit risk in the consolidated financial statements.

We consider that the Group's impairment test for trade receivables is supported by the available evidence.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises all the information in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

A further description of our responsibilities for the audit of the consolidated financial statements is located at the HKICPA's website at:

https://www.hkicpa.org.hk/en/Standards-setting/Standards/Our-views/auditre

This description forms part of our auditor's report.

1. GENERAL INFORMATION

The Company is incorporated in the Cayman Islands as an exempted company with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**"). The registered office of the Company is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. Its principal place of business in Hong Kong had changed from Unit B, 12/F, Hang Seng Causeway Bay Building, 28 Yee Wo Street, Causeway Bay, Hong Kong to Unit 2302, 23/F, New World Tower 1, 18 Queen's Road Central, Central, Hong Kong.

The Company is an investment holding company. The principal activities of its subsidiaries are set out in note 36 to the consolidated financial statements.

To the best knowledge of the Directors, as at 31 March 2023, China Yuen Capital Limited ("**CYC**"), a company incorporated in the British Virgin Islands, is the immediate holding company of the Company; Luckever Holdings Limited, a company incorporated in the British Virgin Islands, is the ultimate holding company of the Company.

2. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

In the Year, the Group has adopted all the new and revised Hong Kong Financial Reporting Standards (the "**HKFRSs**") issued by the Hong Kong Institute of Certified Public Accountants (the "**HKICPA**") that are relevant to its operations and effective for its accounting year beginning on 1 April 2022. HKFRSs comprise Hong Kong Financial Reporting Standards (the "**HKFRS**"); Hong Kong Accounting Standards (the "**HKAS**"); and Interpretations. The adoption of these new and revised HKFRSs did not result in significant changes to the Group's accounting policies, presentation of the Group's consolidated financial statements and amounts reported for the Year and prior years.

The Group has not applied the new and revised HKFRSs that have been issued but are not yet effective. The Group has already commenced an assessment of the impact of these new and revised HKFRSs but is not yet in a position to state whether these new and revised HKFRS would have a material impact on its results of operations and financial position.

3. SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA and the applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules") and by the Hong Kong Companies Ordinance.

These consolidated financial statements have been prepared under the historical cost convention.

The preparation of consolidated financial statements in conformity with HKFRSs requires the use of certain key assumptions and estimates. It also requires the Directors to exercise its judgments in the process of applying the accounting policies. The areas involving critical judgements and areas where assumptions and estimates are significant to these consolidated financial statements, are disclosed in note 4 to the consolidated financial statements.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below.

Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 31 March. Subsidiaries are entities over which the Group has control. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group has power over an entity when the Group has existing rights that give it the current ability to direct the relevant activities, i.e. activities that significantly affect the entity's returns.

When assessing control, the Group considers its potential voting rights as well as potential voting rights held by other parties, to determine whether it has control. A potential voting right is considered only if the holder has the practical ability to exercise that right.

Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date the control ceases.

Intragroup transactions, balances and unrealised profits are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Foreign currency translation

(a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "**functional currency**"). The consolidated financial statements are presented in Hong Kong dollars ("**HK\$**"), which is the Company's presentation currency. The functional currency of the Company is United States dollars ("**US\$**"). The Directors consider that choosing HK\$ as the presentation currency best suits the needs of the shareholders and investors.

(b) Transactions and balances in each entity's financial statements

Transactions in foreign currencies are translated into the functional currency on initial recognition using the exchange rates prevailing on the transaction dates. Monetary assets and liabilities in foreign currencies are translated at the exchange rates at the end of each reporting period. Gains and losses resulting from this translation policy are recognised in profit or loss.

Non-monetary items that are measured at fair values in foreign currencies are translated using the exchange rates at the dates when the fair values are determined.

When a gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is recognised in other comprehensive income. When a gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is recognised in profit or loss.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Foreign currency translation (Continued)

(c) Translation on consolidation

The results and financial position of all the Group entities that have a functional currency different from the Company's presentation currency are translated into the Company's presentation currency as follows:

- (i) Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- (ii) Income and expenses are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the exchange rates on the transaction dates); and
- (iii) All resulting exchange differences are recognised in the foreign currency translation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities and of borrowings are recognised in the foreign currency translation reserve. When a foreign operation is sold, such exchange differences are recognised in consolidated profit or loss as part of the gain or loss on disposal.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised in profit or loss during the period in which they are incurred.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment (Continued)

Depreciation of property, plant and equipment is calculated at rates sufficient to write off their cost or revalued amounts less their residual values over the estimated useful lives on a straight-line basis. The principal useful lives are as follows:

Leasehold improvements	The shorter of term of the lease, or 5 years
Plant and machinery	5 to 10 years
Furniture, fixtures and office equipment	5 years
Motor vehicles	5 years
Moulds	5 years

The residual values, useful lives and depreciation method are reviewed and adjusted, if appropriate, at the end of each reporting period.

The gain or loss on disposal of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in profit or loss.

Leases

The Group as lessee

Leases are recognised as right-of-use assets and corresponding lease liabilities when the leased assets are available for use by the Group. Right-of-use assets are stated at cost less accumulated depreciation and impairment losses. Depreciation of right-of-use assets is calculated at rates to write off their cost over the shorter of the asset's useful life and the lease term on a straight-line basis. The principal useful lives are as follows:

Buildings, plant and machinery

Over the lease term of 2 years to 3 years

Right-of-use assets are measured at cost comprising the amount of the initial measurement of the lease liabilities, lease payments prepaid, initial direct costs and the restoration costs. Lease liabilities include the net present value of the lease payments discounted using the interest rate implicit in the lease if that rate can be determined, or otherwise the Group's incremental borrowing rate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease term so as to produce a constant periodic rate of interest on the remaining balance of the lease liability.

Payments associated with short-term leases and leases of low-value assets are recognised as expenses in profit or loss on a straight-line basis over the lease terms. Short-term leases are leases with an initial lease term of 12 months or less. Low-value assets are assets of value below US\$5,000.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average basis. The cost of finished goods and work in progress comprises raw materials, direct labour and an appropriate proportion of all production overhead expenditure, and where appropriate, subcontracting charges. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Recognition and derecognition of financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Financial assets are derecognised when the contractual rights to receive cash flows from the assets expire; the Group transfers substantially all the risks and rewards of ownership of the assets; or the Group neither transfers nor retains substantially all the risks and rewards of ownership of the assets but has not retained control on the assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received is recognised in profit or loss.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in profit or loss.

Financial assets

Financial assets are recognised and derecognised on a trade date basis where the purchase or sale of an asset is under a contract whose terms require delivery of the asset within the timeframe established by the market concerned, and are initially recognised at fair value, plus directly attributable transaction costs except in the case of investments at fair value through profit or loss. Transaction costs directly attributable to the acquisition of investments at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets of the Group are classified under financial assets at amortised cost.

Financial assets at amortised cost

Financial assets (including trade and other receivables) are classified under this category if they satisfy both of the following conditions:

- the assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

They are subsequently measured at amortised cost using the effective interest method less loss allowance for expected credit losses.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Loss allowances for expected credit losses

The Group recognises loss allowances for expected credit losses on financial assets at amortised cost. Expected credit losses are the weighted average of credit losses with the respective risks of a default occurring as the weights.

At the end of each reporting period, the Group measures the loss allowance for a financial instrument at an amount equal to the expected credit losses that result from all possible default events over the expected life of that financial instrument ("**lifetime expected credit losses**") for trade receivables, or if the credit risk on that financial instrument has increased significantly since initial recognition.

If, at the end of the reporting period, the credit risk on a financial instrument (other than trade receivables) has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to the portion of lifetime expected credit losses that represents the expected credit losses that result from default events on that financial instrument that are possible within 12 months after the reporting period.

The amount of expected credit losses or reversal to adjust the loss allowance at the end of the reporting period to the required amount is recognised in profit or loss as an impairment gain or loss.

Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value. Bank overdrafts which are repayable on demand and form an integral part of the Group's cash management are also included as a component of cash and cash equivalents.

Financial liabilities and equity instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument under HKFRSs. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Trade and other payables

Trade and other payables are initially recognised at their fair value and subsequently measured at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

Revenue from contracts with customers

Revenue is measured based on the consideration specified in a contract with a customer with reference to the customary business practices and excludes amounts collected on behalf of third parties. For a contract where the period between the payment by the customer and the transfer of the promised product or service exceeds one year, the consideration is adjusted for the effect of a significant financing component.

The Group recognises revenue when it satisfies a performance obligation by transferring control over a product or service to a customer. Depending on the terms of a contract and the laws that apply to that contract, a performance obligation can be satisfied over time or at a point in time. A performance obligation is satisfied over time if:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance;
- the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If a performance obligation is satisfied over time, revenue is recognised by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the product or service.

Other revenue

Interest income is recognised using the effective interest method.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Employee benefits

(a) Employee leave entitlements

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the end of the reporting period.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(b) Pension obligations

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme ("**MPF Scheme**") under the Hong Kong Mandatory Provident Fund Schemes Ordinance, for those employees who are eligible to participate in the MPF Scheme in Hong Kong. Contributions are made based on 5% of the employees' relevant income, subject to a ceiling of monthly relevant income of HK\$30,000 and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The Group also participates in a defined contribution retirement scheme organised by the government in the PRC. The Group is required to contribute a specific percentage of the payroll of its employees to the retirement scheme. The contributions are charged to profit or loss as they become payable in accordance with the rules of the retirement scheme. No forfeited contributions may be used by the employers to reduce the existing level of contributions.

(c) Termination benefits

Termination benefits are recognised at the earlier of the dates when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs and involves the payment of termination benefits.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

To the extent that funds are borrowed generally and used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Government grants

A government grant is recognised when there is reasonable assurance that the Group will comply with the conditions attaching to it and that the grant will be received.

Government grants relating to income are deferred and recognised in profit or loss over the period to match them with the costs they are intended to compensate.

Government grants that become receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Taxation

Income tax represents the sum of the current tax and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit recognised in profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences, unused tax losses or unused tax credits can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Taxation (Continued)

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period. Deferred tax is recognised in profit or loss, except when it relates to items recognised in other comprehensive income or directly in equity, in which case the deferred tax is also recognised in other comprehensive income or directly in equity.

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Segment reporting

Operating segments and the amounts of each segment item reported in the consolidated financial statements are identified from the financial information provided regularly to the Group's most senior executive management for the purpose of allocating resources and assessing the performance of the Group's various lines of business.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of productions processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Related parties

A related party is a person or entity that is related to the Group.

- (A) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Company or of a parent of the Company.
- (B) An entity is related to the Group if any of the following conditions applies:
 - (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers are also related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (A).
 - (vii) A person identified in (A)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to a parent of the Company.

For the year ended 31 March 2023

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment of assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible assets, except inventories and receivables to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset or cash-generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow is remote.

Events after the reporting period

Events after the reporting period that provide additional information about the Group's position at the end of the reporting period or those that indicate the going concern assumption is not appropriate are adjusting events and are reflected in the consolidated financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes to the consolidated financial statements when material.

For the year ended 31 March 2023

4. KEY ESTIMATES

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(a) Impairment loss for bad and doubtful debts

The Group makes impairment loss for bad and doubtful debts based on assessments of the recoverability of the trade receivables, including the current creditworthiness and the past collection history of each debtor. Impairments arise where events or changes in circumstances indicate that the balances may not be collectible. The identification of bad and doubtful debts requires the use of judgement and estimates. Where the actual result is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debt expenses in the year in which such estimate has been changed.

(b) Allowance for slow-moving inventories

Allowance for slow-moving inventories is made based on the ageing and estimated net realisable value of inventories. The assessment of the allowance amount involves judgements and estimates. Where the actual outcome in future is different from the original estimate, such difference will impact the carrying value of inventories and allowance charge/write-back in the period in which such estimate has been changed.

5. FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks: foreign currency risk, credit risk, liquidity risk and interest rate risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(a) Foreign currency risk

Several subsidiaries of the Company have foreign currency sales and purchases, which expose the Group to foreign currency risk. In addition, certain deposits and other receivables, bank and cash balances, trade payables and accruals and other payables are denominated in foreign currencies other than the functional currency of the respective group entities.

The Group currently does not have a foreign currency hedging policy. However, management of the Group monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

For the year ended 31 March 2023

5. FINANCIAL RISK MANAGEMENT (Continued)

(a) Foreign currency risk (Continued)

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the reporting date exposing to currency risk are as follows:

	Assets		Liabilities	
	2023	2022	2023	2022
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
HK\$ against US\$	13,372	26,774	6,624	30,272
Renminbi (" RMB ") against US\$	369	567	822	1,282

For entities with a US\$ functional currency holding monetary assets and liabilities denominated in HK\$, the Directors considered that, as HK\$ is pegged to US\$, the Group is not subject to significant foreign currency risk from change in foreign exchange rate of US\$ against HK\$.

Other than above, several subsidiaries of the Group with RMB as functional currency have the following intragroup payables denominated in HK\$, which are foreign currency of the relevant group entities.

	Amount due to group entities	
	2023 2022	
	HK\$'000	HK\$'000
HK\$ against RMB	71,456	44,741

Sensitivity analysis

The following table details the Group's sensitivity to a 5% (2022: 5%) increase and decrease in RMB against US\$ and HK\$ against RMB and all other variable are held constant. 5% (2022: 5%) is the sensitivity rate used which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding denominated monetary items and adjusts their translation at the year end for a 5% (2022: 5%) change in RMB against US\$ and HK\$ against RMB. A positive number below indicates an increase in pre-tax loss for the year where RMB strengthens 5% (2022: 5%) against US\$ and HK\$ assessment of RMB against US\$ and HK\$ against US\$ and HK\$ against RMB, there would be an equal and opposite impact on the pre-tax loss for the year and the balances below would be negative.

	2023 HK\$'000	2022 HK\$'000
Increase in pre-tax loss for the year	3,595	2,273

In management's opinion, the sensitivity analysis is unrepresentative of the inherent currency risk as the exposure at the end of the reporting period does not reflect the exposure during the year.

For the year ended 31 March 2023

5. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

The carrying amount of bank balances, trade receivables, deposits and other receivables included in the consolidated statement of financial position represents the Group's maximum exposure to credit risk in relation to the Group's financial assets.

It has policies in place to ensure that sales are made to customers with an appropriate credit history.

The credit risk on bank balances is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The Group's maximum exposure to credit risk in the event that counterparties fail to perform their obligations at 31 March 2023 in relation to each class of recognised financial assets is the carrying amounts of those assets as stated in the consolidated statement of financial position. The Group's credit risk is primarily attributable to its trade receivables. In order to minimise the credit risk, management of the Group has credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the Directors consider that the Group's credit risk is significantly reduced.

The Group has no significant concentration of credit risk, with exposure spread over a number of counterparties and customers.

The Group considers whether there has been a significant increase in credit risk of financial assets on an ongoing basis throughout each reporting period by comparing the risk of a default occurring as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following information is used:

- internal credit rating;
- external credit rating (if available);
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations;
- actual or expected significant changes in the operating results of the borrower; and
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers.

A significant increase in credit risk is presumed if a debtor is more than 30 days past due in making a contractual payment. A default on a financial asset is when the counterparty fails to make contractual payments within 60 days of when they fall due.

For the year ended 31 March 2023

5. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk (Continued)

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. The Group normally categorises a receivable for write off when a debtor fails to make contractual payments greater than 360 days past due. Where receivables have been written off, the Group, if practicable and economical, continues to engage in enforcement activity to attempt to recover the receivable due.

The Group uses two categories for non-trade loan receivables which reflect their credit risk and how the loan loss provision is determined for each of the categories. In calculating the expected credit loss rates, the Group considers historical loss rates for each category and adjusts for forward looking data.

Cate	gory	Definition	Loss provision
Perfor	5	sk of default and strong capacity to pay	12 month expected losses
Non-per		Significant increase in credit risk	Lifetime expected losses

(c) Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

The maturity analysis, based on undiscounted cash flows, of the Group's financial liabilities is as follows:

	Less than 1 year HK\$'000	Between 1 and 2 years HK\$'000	Between 2 and 5 years HK\$'000	Total HK\$'000

	93,709	3,775	2,758	100,242

For the year ended 31 March 2023

5. FINANCIAL RISK MANAGEMENT (Continued)

(d) Interest rate risk

The Group is exposed to cash flow interest rate risk in relation to the bank balances and bank borrowings and overdrafts. The Directors consider that the changes in interest rates of bank balances and bank borrowings and overdrafts have no significant impact to the Group due to the low interest rates and short-term maturities and therefore no sensitivity analysis is presented for bank balances and bank borrowings and overdrafts.

The Group currently does not have interest rate hedging policy. However, management of the Group monitors interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

Sales of hair straightener	22,010	42,454
Sales of air brush	26,660	31,412
Others	17,877	25,627
	168,700	265,758

The Group's revenue is recognised at a point of time for the year.

Sales of electrical haircare products

The Group manufactures and sells electrical haircare products to the customers. Sales are recognised when control of the products has transferred, being when the products are delivered to a customer, there is no unfulfilled obligation that could affect the customer's acceptance of the products and the customer has obtained legal titles to the products.

The Group generally allows a credit period ranging from 14 to 95 days for their trade receivables with terms that are common within the industry and are not considered financing arrangements. The Group negotiates with customers to provide a portion of upfront payments upon acceptance of orders. The advance payments received by the Group for goods is recognised as a contract liability until the goods have been delivered to the customer.

A receivable is recognised when the products are delivered to the customers as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

For the year ended 31 March 2023

7. SEGMENT INFORMATION

Information reported to the executive Directors, being the chief operating decision maker ("**CODM**"), for the purposes of resources allocation and assessment focuses on revenue analysis by geographic location of customers. No other discrete financial information is provided other than the Group's results and financial position as a whole. Accordingly, only geographical information and major customers are presented.

Geographical information

The Group's revenue is mainly derived from customers located in Europe, Asia, North and South America, Australia and Africa while the Group's business activities are conducted predominantly in Hong Kong and the PRC.

The Group's revenue from external customers by geographical locations of customers irrespective of the origin of the goods, and information about its non-current assets by geographical location of the assets are detailed below:

	Revenue from external customers		Non-current assets

10. INCOME TAX CREDIT

	2023 HK\$'000	2022 HK\$'000
Deferred tax (note 27)	1,956	-

Under the Law of the PRC on Enterprise Income Tax (the "**EIT Law**") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25%. No PRC Enterprise Income Tax has been provided in the consolidated financial statements as the PRC subsidiaries are suffering from tax losses for both years.

Under the two-tiered profits tax rates regime in Hong Kong, the first HK\$2 million of profits of qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

Hong Kong Profits Tax is calculated in accordance with the two-tiered profits tax regime of the estimated assessable profit for both years. No Hong Kong Profits Tax has been provided in the consolidated financial statement as the subsidiaries of the Group operating in Hong Kong are either suffering from tax losses, or the assessable profits are wholly absorbed by tax losses brought forwards for both years.

The reconciliation between the income tax credit and the product of loss before tax multiplied by the PRC enterprise income tax rate is as follows:

	2023 HK\$'000	2022 HK\$'000

Additions to right-of-use assets	-	11,525

The Group leases various leasehold lands and buildings, plant and machinery. Lease agreements are typically made for fixed periods of 2 to 3 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants and the leased assets may not be used as security for borrowing purposes.

17. IMPAIRMENT ASSESSMENT OF PROPERTY, PLANT AND EQUIPMENT AND RIGHT-OF-USE ASSETS

The Group recorded continuous loss for the years ended 31 March 2023 and 2022. The management of the Group concluded there was impairment indication and conducted a review of the recoverable amount of the property, plant and equipment and right-of-use assets.

For the purpose of impairment assessment, property, plant and equipment and right-of-use assets as disclosed in note 15 and note 16 respectively were allocated to the Group's cash generating unit of sales of electrical haircare products business ("**CGU**") since the management of the Group considers that it is not possible to estimate their recoverable amounts individually. The aggregate carrying amount of the CGU comprises property, plant and equipment of HK\$914,000 (2022: HK\$75,000) and right-of-use assets of HK\$4,594,000 (2022: HK\$10,195,000).

The recoverable amount of the CGU has been determined based on a value-in-use calculation. The calculation uses cash flow projections based on the financial budgets approved by the management covering a 5-year period with an average growth rate of 0.3% (2022: 0.1%), and a discount rate of 15% (2022: 15%). Cash flows beyond the 5-year period are extrapolated using 1% (2022: 1%) growth rate. Other key assumptions for the value-in-use calculation relates to the estimation of cash inflows/outflows which include budgeted revenue, gross profit margin and growth rate during the forecast period, such estimation is based on the Group's historical performance, sales orders on hand and market trend.

Based on the result of the assessment, management of the Group determined that the recoverable amount of the CGU was higher than the carrying amount. Based on the value-in-use calculation, an impairment loss of nil (2022: HK\$19,000) on property, plant and equipment and impairment loss of nil (2022: HK\$2,602,000) on right-of-use assets has been recognised in profit or loss for the year ended 31 March 2023. The impairment loss amount for property, plant and equipment and seen allocated to each category of property, plant and equipment and right-of-use assets has been allocated to each category of property, plant and equipment and right-of-use assets is not reduced below the highest of its fair value less cost of disposal, its value-in-use and zero.

19. TRADE RECEIVABLES

The Group's trading terms with customers are mainly on credit. The credit terms generally range from 14 to 95 days. For those major customers, a credit term up to 120 days from the invoice date would be allowed. Each customer has a maximum credit limit. For new customers, payment in advance is normally required. The Group seeks to maintain strict control over its outstanding receivables. Overdue balances are reviewed regularly by the Directors.

At the beginning of the year Allowance for the year Disposal of subsidiaries	503 681 –	351 222 (70)
At the end of the year	1,184	503

The Group applies the simplified approach under HKFRS 9 to provide for expected credit losses using the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected credit losses also incorporate forward looking information.

clause and shown under current liabilities	1.93% to 7.46%	1.86% to 2.64%
Bank overdrafts	13.00% to 13.75%	13.00%

The Group's bank borrowings and bank overdrafts carry interest at variable rate of London Interbank Offered Rate ("**LIBOR**") or Hong Kong Interbank Offered Rate ("**HIBOR**") + 1.8% to 2.0% or 1% below Prime Rate and 8% over Prime Rate (2022: bank borrowings and bank overdrafts carry interest at variable rate of LIBOR or HIBOR + 1.8% to 2.0% or 1% below Prime Rate and 8% over Prime Rate). The Group entered into several banking facilities with banks in Hong Kong. Bank borrowings and overdrafts are arranged at floating rates, thus exposing the Group to cash flow interest rate risk.

The secured bank borrowings and overdrafts are:

- guaranteed by personal guarantee from a key management personnel;
- guaranteed by related companies controlled by a key management personnel; and
- secured by certain properties owned by related companies controlled by a key management personnel.

29. CAPITAL MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of debts, which includes the loans from related parties, lease liabilities, and bank borrowings and overdrafts disclosed in notes 24, 25 and 26 and equity attributable to owners of the Company, comprising share capital and reserves. The Directors review the capital structure on a continuous basis. As part of this review, the Directors consider the cost of capital and the risks associated with capital. Based on recommendations of the Directors, the Group will balance its overall capital structure through the payment of dividends and issuance of new shares as well as addition to new borrowings and repayment of existing debts.

30. SHARE OPTION SCHEME

The Company's share option scheme (the "**Scheme**") was adopted pursuant to a resolution passed on 6 August 2015 for the primary purpose of providing incentives to Directors and eligible employees, and will remain in force for a period of ten years.

Under the Scheme, the Board may, at its absolute discretion, offer to grant options to any employee, executive and officer of the Group, any director (including non-executive director and independent non-executive director) and any adviser, consultant, supplier and/or agent of the Group whom the Board considered have contributed or will contribute to the Group.

The total number of shares in respect of which options may be granted under the Scheme is not permitted to exceed 10% of the nominal amount of all issued shares as at 6 August 2015, without prior approval from the Company's shareholders. The number of shares issued and to be issued in respect of which options granted and may be granted to any individual in any one year is not permitted to exceed 1% of the shares of the Company in issue at any point in time, without prior approval from the Company's shareholders.

Options granted were exercisable from the date of grant to 5 August 2025 (both days inclusive). The exercise price is determined by the Directors, and will not be less than the highest of (i) the closing price of the Company's shares on the date of grant; (ii) the average closing price of the shares for the five business days immediately preceding the date of grant; and (iii) the nominal value of the Company's share.

No share options were granted, exercised, cancelled or lapsed under the Scheme during the current and prior years nor outstanding at the end of both reporting periods.
