2023
ANNUAL REPORT

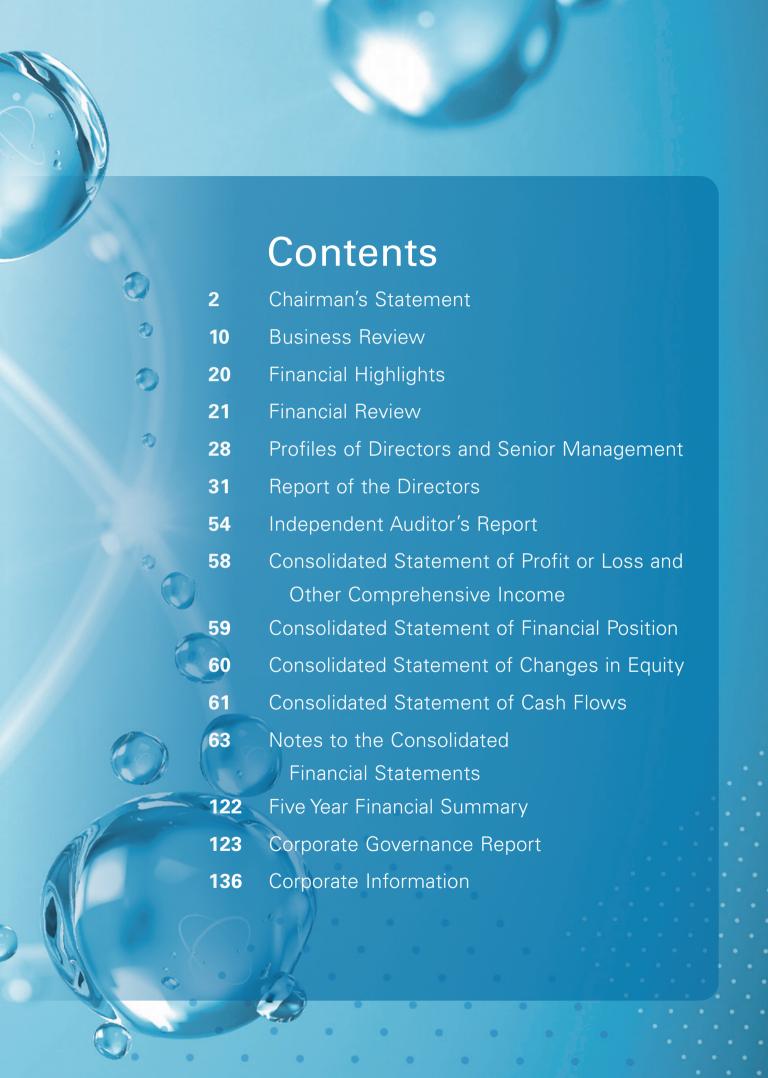

# PIONEERING GLOBAL REGENERATIVE SCIENCE & TECHNOLOGY

On behalf of the board of directors (the "Board") of Essex Bio-Technology Limited (the "Company", together with its subsidiaries, the "Group"), it is our pleasure to present to you the performances for the financial year ended 31 December 2023.

In 2023, we bid farewell to COVID-19 pandemic that has lasted for three years (2020 to 2022), took off our masks, and gradually returned to the work-life and social-life conditions we were familiar with in the past. However, the expected comprehensive economic recovery did not come as promised, and the macroeconomic environment is still full of uncertainties. Against the backdrop of the Federal Reserve's continued interest rate hikes, the escalation of the Sino-US trade war, the Russia-Ukraine conflict, and the Palestinian-Israeli conflict, it is considered that the global economy is still in a turbulent state.

During the past year, People's Republic of China (the "PRC"), the world's second-largest economy, saw some of its slowest growth in decades as a debt crisis in the property sector added to the increasing geopolitical tensions and weakening global demand. In particular, it can be said that it has been a turbulent year for the pharmaceutical industry we are in. A series of medical reform measures carried out have profoundly changed the development landscape of the industry.

#### FINANCIAL PERFORMANCE

Amid the unfavourable trading environment in 2023, the tenacity, resilience and solidarity are factors that enabled the Group to weather the head winds and managed to turn in satisfactory performances. The Group achieved sales revenue of approximately HK\$1,706.6 million, representing an increase of 29.5% (or approximately RMB1,541.7 million, representing an increase of 36.2%) as compared to last year, which were contributed especially from Beifushu® unit-dose eye drops, Beifuxin® gel and 適麗順® (Iodized Lecithin Capsules\*). The Group achieved a net profit of approximately HK\$275.3 million, representing an increase of 22.1% (or approximately RMB248.7 million, representing an increase of 28.4%) as compared to last year, which was exceptionally weighed down by the withholding tax incurred.

The Group's turnover is primarily made up of the ophthalmology segment ("Ophthalmology") and surgical (wound care and healing) segment ("Surgical"). The core products that are current growth drivers under each segment are:

- 1. Ophthalmology Beifushu® series (Beifushu® eye drops, Beifushu® eye gel and Beifushu® unit-dose eye drops), Tobramycin Eye Drops, Levofloxacin Eye Drops, Sodium Hyaluronate Eye Drops and 適麗順® (lodized Lecithin Capsules\*); and
- 2. Surgical (wound care and healing) Beifuji® series (Beifuji® spray, Beifuji® lyophilised powder and Beifuxin® gel), Carisolv® dental caries removal gel, 伢典醫生 (Dr. YaDian) mouth wash, 伊血安顆粒 (Yi Xue An Granules\*) and PELNAC™ collagen-based artificial dermis.

The sectoral turnover of Ophthalmology and Surgical is approximately 44.1% and 55.9% of the Group's turnover, respectively. The combined turnover of the Group's flagship biologics, Beifushu® series and Beifuji® series (the basic fibroblast growth factor (bFGF) based biologic drugs), represented about 86.8% of the Group's total turnover, of which Beifushu® series and Beifuji® series accounted for 33.1% and 53.7% of the Group's turnover, respectively. The remaining 13.2% of the Group's turnover is mainly contributed by sales of Tobramycin Eye Drops, Levofloxacin Eye Drops, Sodium Hyaluronate Eye Drops, 適麗順® (Iodized Lecithin Capsules\*), Carisolv® dental caries removal gel, 伢典醫生 (Dr. YaDian) mouth wash, 伊血安顆粒 (Yi Xue An Granules\*) and PELNAC™ collagen-based artificial dermis, collectively.

#### CHAIRMAN'S STATEMENT

Ophthalmology contributed approximately HK\$753.4 million to the Group's turnover for the year ended 31 December 2023, representing an increase of 36.1% as compared to 2022. Surgical recorded a total turnover of approximately HK\$953.2 million for the year ended 31 December 2023, representing an increase of 24.7% as compared to 2022. The increase was attributable to the resumption of clinical operations of hospitals to normalcy in the PRC.

As at 31 December 2023, the Group had cash and cash equivalents of approximately HK\$509.8 million (2022: approximately HK\$543.5 million).

#### SIGNIFICANT BUSINESS DEVELOPMENT ACTIVITIES

During the year under review, the expansion of production capacity has progressed well. The second gel manufacturing line and the new freeze-drying (lyophilise) manufacturing have been successfully commissioned and have passed the Good Manufacturing Practices (GMP) approval, and two additional manufacturing lines have been officially put into production. The core functional modules of the second phase of the quality management system (QMS) have been officially launched, taking digitalisation, informatisation and intelligence to a new level in quality control.

Research and development ("R&D") innovation continues to progress, with multiple pipelines advancing smoothly, and the global phase 3 clinical project of bevacizumab ophthalmic injection (EB12-20145P) has successfully enrolled patients in the PRC, Australia, European Union countries and the United States.

In addition, this year has been a fruitful year in promoting product diversification. We have obtained the exclusive agency rights for Osteopore's innovative oral and maxillofacial products in Singapore, and released high-end home phototherapy brands 佩特® (PAINT) and 艾視優加® (EYESU+) dry eye care products. The business of medical devices such as FarFlex series of elastic bandages, PELNAC™ absorbable dressings, 野光源 (Wlight) eye adjustment training lights, etc. is of sound development. Furthermore, the new business segments of the Group have also made several breakthroughs. 全一醫療 (珠海) 有限公司 (UNO Medical (Zhuhai) Company Limited\*), a wholly-owned subsidiary of the Company, and 深圳帝邁生物技術有限公司 (Shenzhen Dymind Biotechnology Co., Ltd.\*) ("Dymind") have reached a strategic cooperation to jointly build an industry-leading digital cloud inspection platform, "帝一雲檢" (Diyi Cloud Inspection\*), for the point-of-care testing (POCT) equipment of Dymind.

The Group's development achievements have also been well recognised in the industry, and have been endorsed with awards and accolades. 珠海億勝生物製藥有限公司 (Zhuhai Essex Bio-Pharmaceutical Company Limited\*), a wholly-owned subsidiary of the Company, was once again being recognised as one of the 2022 年度TOP100中國化藥企業 (2022 Top 100 Chemical Pharmaceutical Companies in the PRC\*), Beifushu® was being recognised as one of the Chinese reputable medicine brands for five consecutive years, and Beifuxin® gel won the 2023年年度生化生物企業優秀品牌 (2023 Excellent Brand of Biochemical and Biological Enterprise\*).

#### MARKET DEVELOPMENT

As at 31 December 2023, the Group maintained a network of 43 regional sales offices in the PRC with more than 1,260 sales and marketing representatives. In addition, the Group has maintained a base in Singapore for market access into Southeast Asian countries since 2020.

For achieving a sustainable growth traction for the Group's current and future products, the Group has been relentlessly making investments to improve its competitiveness and widening its customer base under the following plans:

- investing in clinical observation programmes for affirming additional clinical indications of its commercialised products;
- reaching out to market in lower-tier cities in the PRC;
- cultivating pharmaceutical stores, where possible, as a complementary sales channel; and
- nurturing of e-consultation and e-prescription for patients with chronic diseases under its healthtech e-platform.

During the year under review, the Group's therapeutic products are being prescribed in more than 12,500 hospitals and medical providers, coupled with approximately 1,800 pharmaceutical stores, which are widely located in the major cities, provinces and county cities in the PRC.

#### CHAIRMAN'S STATEMENT

#### RESEARCH AND DEVELOPMENT

The R&D's vision is emphasising the dedication to science and innovation, with a mission to develop therapeutics that would meet unmet clinical and/or commercial needs. The Group kick-started a 5-year development plan from 2021 to further strengthen its R&D capability and its position in ophthalmology.

The Group's key R&D initiatives comprise of growth factor, antibody (i.e. mAb, bsAb, sdAb, scFv, ADC/FDC, etc.), drug formulation know-how and Blow-Fill-Seal ("BFS") platform. Growth factor, antibody and drug formulation know-how are used for the development of therapeutic drugs in ophthalmology, surgical (wound care and healing) and oncology, whereas BFS platform is a state-of-the-art manufacturing facility for producing preservative-free unit-dose drugs, in particular for ophthalmic drugs.

As at the date of this report, there are 16 R&D programmes in the pre-clinical to clinical stage, out of which 4 ophthalmology programmes are in clinical stage. The 4 ophthalmology programmes listed below are targeted as mid-term growth driver.

- 1. EB11-18136P: SkQ1 eye drops, second phase 3 clinical trial (United States Food and Drug Administration (the "US FDA")) (VISTA-2) topline data released on 24 February 2021. The continuation of the VISTA programme is subject to the completion of the transfer of chemistry, manufacturing and controls (CMC), know-how and intellectual property rights relating to SkQ1 from Mitotech S.A., following the acquisition on 13 October 2022.
- 2. EB11-15120P: Azithromycin eye drops, ongoing review by external key opinion leaders (National Medical Products Administration ("NMPA") in the PRC)
- 3. EB12-20145P: Bevacizumab intravitreal injection for exudative (wet) age-related macular degeneration, phase 3 clinical trial (US FDA, European Medicines Agency, Therapeutic Goods Administration and NMPA in the PRC)
- 4. EB11-21148P: Cyclosporine eye drops, phase 2 clinical trial (NMPA in the PRC)

As at the date of this report, the Group has obtained a total of 84 patent certificates or authorisation letters, which include 63 發明專利 (invention patents), 14 實用新型專利 (utility model patents) and 7 外觀專利 (design patents).

The Group currently has diversified its R&D resources to multiple research sites in Zhuhai (PRC), Boston (United States), London (United Kingdom) and Singapore which support not only our pursuit of new therapeutics but also our acquisition of global talent.

#### **PROSPECTS**

Barring unforeseen circumstances, the Group remains focused on executing its plans and delivering progressive results.

#### DIVIDEND

To reward our valued shareholders, the Board is pleased to propose a final dividend of HK\$0.045 (2022: HK\$0.025) per ordinary share to be approved at the upcoming annual general meeting of the Company. Together with the interim dividend of HK\$0.045 per ordinary share which was paid on 13 September 2023, the total dividend for 2023 would be HK\$0.09 (2022: HK\$0.065) per ordinary share.

#### **APPRECIATION**

I would like to take this opportunity to express my sincere gratitude to all stakeholders, business associates and valued customers for the trust, support and cooperation accorded to us, and each and every member of the Group for their relentless efforts rendered in shaping the Group into being a progressive and promising pharmaceutical player.

Unit-dose Tobramycin Eye Drops

Unit-dose Moxifloxacin Hydrochloride Eye Drops

Unit-dose Levofloxacin Eye Drops

The vision of Essex Bio-Technology Limited (the "Company", together with its subsidiaries, the "Group") is to be a great and socially responsible corporation. Strategically, the Group develops, manufactures and commercialises genetically engineered therapeutic recombinant bovine basic fibroblast growth factor ("rb-bFGF"), with established mechanism of action in cellular proliferation, differentiation and migration.

The Group's turnover is primarily made up of the ophthalmology segment ("Ophthalmology") and surgical (wound care and healing) segment ("Surgical") covering dermatology, stomatology, obstetrics and gynaecology; while pursuing new therapeutics in oncology, orthopaedics and neurology through the Group's strategic investments.

Currently the Group has six commercialised biologics (collectively referred to as the "bFGF Series") that are marketed and sold in the People's Republic of China (the "PRC"). The bFGF Series include Beifushu® eye drops, Beifushu® eye gel and Beifushu® unit-dose eye drops for treatment of ocular wounds, Beifuji® spray, Beifuji® lyophilised powder and Beifuxin® gel for treatment of surface wounds. The bFGF Series are developed and manufactured by the Group, three of which were approved by 國家藥品監督管理局 (National Medical Products Administration) as Category I drugs and four of which are on the list of the National Drug List for Basic Medical Insurance, Work-Related Injury Insurance and Maternity Insurance issued by the National Healthcare Security Administration and the Ministry of Human Resources and Social Security of the PRC. Collectively, the combined turnover of the bFGF Series represented about 86.8% of the Group's total turnover for the year under review.

Apart from the bFGF Series, the Group has a portfolio of commercialised preservative-free unit-dose eye drops, namely Tobramycin, Levofloxacin, Sodium Hyaluronate and Moxifloxacin Hydrochloride Eye Drops.

適麗順® (lodized Lecithin Capsules\*) has become one of the Group's core products and growth drivers. The product, inclusive of its intellectual property rights and right of Marketing Authorisation Holder (MAH), was acquired by the Group in March 2022.

In addition, the Group has 2 oral care products, namely Carisolv® dental caries removal gel and 伢典醫生 (Dr. YaDian) mouth wash.

The Group further undertakes the promotion and selling of a range of products and medical devices to complement the Group's therapeutics business of Ophthalmology and Surgical, including 伊血安顆粒 (Yi Xue An Granules\*), Soft Hydrophilic Contact Lens, Ultrasound Cycloplasty (UCP), Foldable Capsular Vitreous Body, Portable Ultraviolet Phototherapy Devices, PELNAC™ collagen-based artificial dermis and other medical devices for myopia control and prevention such as eye-protection lamp and Seewant defocus customised glasses.

For mid-term and long-term growth drivers, the Group maintains a pipeline of multi-project in research and development ("R&D") at various stages of clinical programmes, which cover a handful of unit-dose ophthalmic products and biologics in growth factors and antibody.

#### SIGNIFICANT BUSINESS DEVELOPMENT ACTIVITIES

We are committed to pragmatically investing in new products and technologies to strengthen the Group's product and R&D pipeline as near to mid-term growth driver in ophthalmology and long-term plan for new therapeutics in oncology. Major investments in ophthalmic products that are currently in an advanced stage of clinical development are outlined as follows:

#### Investments in Ophthalmology

In 2018, the Group entered into a co-development agreement with Mitotech S.A. ("Mitotech") and Mitotech LLC for the United States Food and Drug Administration (the "US FDA") phase 3 clinical trial of an ophthalmic solution containing SkQ1 for dry eye disease (the "SkQ1 Product"). Mitotech is a clinical-stage Luxembourg-based biotechnology company developing novel drugs for the treatment of predominantly age-related disorders. As disclosed in the announcement of the Company dated 24 February 2021, positive outcome was achieved during second phase 3 clinical trial (VISTA-2). The clinical trial study repeated statistically significant positive results on key predefined secondary end-point (Central Corneal Fluorescein Staining). The board of directors of the Company (the "Board") is enthusiastic about the read-out of clearing of central staining of the cornea (defined as zero staining in central cornea), which reveals the potential of SkQ1 in addressing oxidative stress in dry eye diseases. Following the positive trial outcome of VISTA-2, Mitotech planned a pivotal trial (VISTA-3), which should have commenced after Mitotech's management team was satisfied by their assessment that there would be no potential disruption to trial centres and patient recruitment amidst the then ongoing COVID-19 pandemic.

In order to provide the Group with flexibility and independence in the continuing development of the US FDA VISTA programme in the field of dry eye disease and allow the Group to explore further the development of other ophthalmic products for other ophthalmic indications to meet the clinical and commercial needs of the Global (as defined below) market, on 13 October 2022, the Group successfully secured (i) a patent assignment deed (the "Patent Assignment Deed"); and (ii) a patent and know-how licence agreement (the "Patent and Know-how Licence Agreement") relating to SkQ1 in the field of ophthalmology from Mitotech.

Pursuant to the Patent Assignment Deed, Mitotech agreed to assign to the Group all the rights of a list of inventions and patents relating to SkQ1 in the field of ophthalmology and all ophthalmic indications.

Pursuant to the Patent and Know-how Licence Agreement, Mitotech agreed to grant the Group an exclusive, transferable and irrevocable Global licence to use a list of patents owned by Mitotech relating to SkQ1 to develop, manufacture, sell and supply any therapeutic products or therapies applied to the eye and its adnexa (the "Products"), including the full global (excluding Armenia, Belarus, Kazakhstan, Kyrgyzstan and Russia) ("Global") right to apply for and obtain patents, to apply for and obtain Global regulatory approval for clinical trials, and to obtain marketing authorisation in relation to the Products.

Following the acquisition of the intellectual property rights relating to SkQ1 on 13 October 2022, the Group's priority is to complete the transfer of chemistry, manufacturing and controls (CMC), know-how and intellectual property rights relating to SkQ1 from Mitotech. Concurrently, the Group is re-establishing the VISTA programme with regulators for mitigating any identifiable risks before continuing with the clinical trial. The aforementioned tasks will inevitably be time-consuming due to external factors and technical challenges involved. The Board will keep shareholders and investors informed as and when appropriate about the development status.

Total actual investment cost of approximately HK\$352.6 million for the clinical development of the SkQ1 Product with Mitotech is presented as "Acquired Intangible Assets" under the Group's consolidated financial statements as at 31 December 2023. The investment cost represented 12.5% of the Group's total assets as at 31 December 2023. According to Frost & Sullivan, the estimated number of patients with moderate-to-severe dry eye disease was around 119.7 million in the PRC in 2020. It is expected that the size of the potential market of the SkQ1 Product will be significant.

In 2020, the Group entered into a co-development and exclusive license agreement (the "Co-Development License Agreement") with Shanghai Henlius Biotech, Inc. ("Henlius") to co-develop a pharmaceutical product that contains an anti-vascular endothelial growth factor ("anti-VEGF") as a drug substance (the "Anti-VEGF Licensed Product"), which is intended for the treatment of exudative (wet) age-related macular degeneration ("wet-AMD"). As at the date of this report, the recombinant anti-VEGF humanised monoclonal antibody injection HLX04-O ("HLX04-O") for the treatment of wet-AMD has been approved to commence the phase 3 clinical trial in Australia, the United States, Singapore, Russia, Serbia and European Union countries such as Hungary, Spain, Latvia, the Czech Republic and Poland. So far, the first patient has been dosed in a phase 3 clinical study for HLX04-O for the treatment of wet-AMD in the PRC, Latvia, Australia and the United States successively. Also, the phase 1/2 clinical study for HLX04-O for the treatment of wet-AMD has shown its safety and tolerability and demonstrated preliminary efficacy.

On 22 February 2023, the Group entered into an amendment agreement with Henlius to amend certain terms of the Co-Development License Agreement, which include payments for regulatory and commercial sales milestones and development costs in respect of the Anti-VEGF Licensed Product. Please refer to the announcement of the Company dated 22 February 2023 and the 2022 annual results announcement of the Company dated 8 March 2023 for further details.

Henlius is the holding company of a group principally engaged in (i) the research and development, production and sale of monoclonal antibody (mAb) drugs and the provision of related technical services (except for the development and application of human stem cells, genetic diagnosis and therapy technology); and (ii) the transfer of its own technology and provision of the related technology consultation services.

Total maximum commitment in relation to the co-development of the Anti-VEGF Licensed Product with Henlius is US\$67.0 million (equivalent to approximately HK\$523.1 million). Total actual investment cost of approximately HK\$280.2 million is presented as "Acquired Intangible Assets" under the Group's consolidated financial statements as at 31 December 2023. The investment cost represented 9.9% of the Group's total assets as at 31 December 2023. The Anti-VEGF Licensed Product can be used for treating wet-AMD, diabetic macular edema, macular edema caused by retinal vein occlusion and myopic choroidal neovascularisation. According to Frost & Sullivan, the estimated number of patients with these 4 categories of disease was around 15.8 million in the PRC in 2020. Assuming each patient applies 4 doses in the first year of treatment and 2 to 3 doses in subsequent years, it is expected that the size of the potential market of the Anti-VEGF Licensed Product will be significant.

Apart from the investments in the SkQ1 Product and the Anti-VEGF Licensed Product, as at 31 December 2023 and the date of this report, each of the investments made and held by the Group represented less than 5% of the Group's total assets.

### HONOURS AND AWARDS OBTAINED IN 2023

珠海億勝生物製藥有限公司 (Zhuhai Essex Bio-Pharmaceutical Company Limited\*), a wholly-owned subsidiary of the Company, has been recognised as one of the 2022年珠海市創新百強企業創新綜合實力100強 (2022 Top 100 Innovative Companies in Zhuhai\*). It has also been recognised as one of the 2022年度TOP100中國化藥企業 (2022 Top 100 Chemical Pharmaceutical Companies in the PRC\*). It was also being awarded 突出貢獻愛心企業 (Caring Enterprise with Outstanding Contribution\*) and 愛心冠名基金 (Caring Charitable Fund\*) presented by Zhuhai Charity Federation.

The Group's Beifushu® has been awarded as one of the Chinese reputable medicine brands in five consecutive years. Also, the Group's Beifuxin® gel has been recognised as 2023年年度生化生物企業優秀品牌 (2023 Excellent Brand of Biochemical and Biological Enterprise\*). These awards are the testament to the recognition by the industry for the efficacy and quality of our flagship biologic drug.

In addition, the Company was awarded 最佳中小市值公司 (The Best Mid and Small Cap Company\*). The Company was further conferred with 中國卓越IR-最佳股東關係獎 and 最佳數字化投資者關係獎 (China Excellent IR – The Best Shareholder Relations Award\* and The Best Digitalised Investor Relations Award\*).

#### MARKET DEVELOPMENT

As at 31 December 2023, the Group maintained a network of 43 regional sales offices in the PRC with more than 1,260 sales and marketing representatives. In addition, the Group has maintained a base in Singapore for market access into Southeast Asian countries since 2020.

For achieving a sustainable growth traction for the Group's current and future products, the Group has been relentlessly making investments to improve its competitiveness and widening its customers base under the following plans:

During the year under review, the Group's therapeutic products are being prescribed in more than 12,500 hospitals and medical providers, coupled with approximately 1,800 pharmaceutical stores, which are widely located in the major cities, provinces and county cities in the PRC.

#### RESEARCH AND DEVELOPMENT

The R&D's vision is emphasising the dedication to science and innovation, with a mission to develop therapeutics that would meet unmet clinical and/or commercial needs. The Group kick-started a 5-year development plan from 2021 to further strengthen its R&D capability and its position in ophthalmology.

The Group's key R&D initiatives comprise of growth factor, antibody (i.e. mAb, bsAb, sdAb, scFv, ADC/FDC, etc.), drug formulation know-how and Blow-Fill-Seal ("BFS") platform. Growth factor, antibody and drug formulation know-how are used for the development of therapeutic drugs in ophthalmology, surgical (wound care and healing) and oncology, whereas BFS platform is a state-of-the-art manufacturing facility for producing preservative-free unit-dose drugs, in particular for ophthalmic drugs.

One of the Group's technology platforms is built on recombinant proteins, in particular, the basic fibroblast growth factor (bFGF). The Group has been able to capitalise on its biologic facility, built with its proprietary technique and know-how, delivering high-quality bFGF Series of biologics in the Ophthalmology and Surgical business segments that constituted the Group's primary current growth driver. Strengthening the Group's biologics-based R&D, the strategic alliances forged with Antikor Biopharma Limited and Henlius are in furtherance of our R&D plans for biologics in oncology and in ophthalmology for wet-AMD, diabetic macular edema, macular edema caused by retinal vein occlusion and myopic choroidal neovascularisation for mid-term to long-term growth driver.

The establishment of the BFS platform formed part of the Group's core competency to develop and produce a series of preservative-free unit-dose drugs. As at 31 December 2023, the Group has 5 commercialised preservative-free unit-dose eye drops in the product pipeline. A handful of preservative-free unit-dose ophthalmic drugs are under development with targeted commercialisation within the next 2 to 5 years.

As at the date of this report, there are 16 R&D programmes in the pre-clinical to clinical stage, out of which 4 ophthalmology programmes are in clinical stage. The 4 ophthalmology programmes listed below are targeted as mid-term growth driver.

- 1. EB11-18136P: SkQ1 eye drops, second phase 3 clinical trial (US FDA) (VISTA-2) topline data released on 24 February 2021. The continuation of the VISTA programme is subject to the completion of the transfer of chemistry, manufacturing and controls (CMC), know-how and intellectual property rights relating to SkQ1 from Mitotech S.A., following the acquisition on 13 October 2022.
- 2. EB11-15120P: Azithromycin eye drops, ongoing review by external key opinion leaders (National Medical Products Administration ("NMPA") in the PRC)
- 3. EB12-20145P: Bevacizumab intravitreal injection for wet-AMD, phase 3 clinical trial (US FDA, European Medicines Agency, Therapeutic Goods Administration and NMPA in the PRC)
- 4. EB11-21148P: Cyclosporine eye drops, phase 2 clinical trial (NMPA in the PRC)

As at the date of this report, the Group has obtained a total of 84 patent certificates or authorisation letters, which include 63 發明專利 (invention patents), 14 實用新型專利 (utility model patents) and 7 外觀專利 (design patents).

The Group currently has diversified its R&D resources to multiple research sites in Zhuhai (PRC), Boston (United States), London (United Kingdom) and Singapore which support not only our pursuit of new therapeutics but also our acquisition of global talent.

#### PRODUCTION CAPABILITY

The Group's factory in Zhuhai is fully equipped with production plants for the production of rb-bFGF as active pharmaceutical substance for the Group's flagship biologic formulations. The state-of-the-art BFS production plants in the factory enables the production of preservative-free unit-dose drugs, including Beifushu® unit-dose eye drops.

#### CONSTRUCTION OF THE SECOND FACTORY IN THE PRO

For the near-term expansion of the Group, a piece of land of about 15,000 square metres located at 珠海高 新區科技創新海岸 (Zhuhai Hi-Tech Industrial Park\*) was acquired in 2018. The land is within walking distance from the Group's existing factory. The plan is to construct the Group's second factory with a gross floor area (GFA) of about 58,000 square metres to house the Group's R&D centre, additional manufacturing facility, administrative office and staff hostel. Construction work of the second factory has started on 1 January 2020 and planned to complete by 2023, but is currently subject to timely resolution with the main contractor as explained further below.

The overall construction work of the second factory was substantially completed as at the date of this report. However, in November 2021, the main contractor has unilaterally suspended the construction work without a valid reason, which caused undue delay to the completion of the construction. In August 2022, the Group initiated legal proceedings against the main contractor seeking compensation for the breach of contract, and planned to appoint a new main contractor to complete the construction. The Group obtained a court order on 26 August 2022 and further extended the court order on 18 August 2023 to 13 August 2024 to freeze the assets of the main contractor amounting to approximately HK\$41.8 million, and therefore a bank account of the main contractor with balance of approximately HK\$41.8 million as at 14 August 2023 was frozen.

In October 2022, the main contractor initiated counter legal proceedings against one of the subsidiaries of the Company seeking compensation for the disputed construction progress payments and obtained a court order to freeze certain bank accounts of such subsidiary. As at 31 December 2023, bank balance of approximately HK\$3.4 million were affected.

Three hearings were held in November 2022, January 2023 and December 2023 at Zhuhai Xiangzhou Court of the PRC, respectively. No judgement by the court on the parties' claims and counterclaims has been delivered as at the date of this report. After the hearing held in December 2023, the main contractor handed over the construction site back to the Group.

The Board will closely monitor the situation and make appropriate announcement(s) when necessary.

### FINANCIAL REVIEW

The revenue of Essex Bio-Technology Limited (the "Company", together with its subsidiaries, the "Group") is chiefly derived and denominated in Renminbi from its operations in the People's Republic of China (the "PRC"). For the year ended 31 December 2023, the Group achieved an increase of 29.5% in the consolidated turnover to approximately HK\$1,706.6 million as compared to approximately HK\$1,317.7 million in 2022.

Correspondingly, the Group's profit increased by 22.1% to approximately HK\$275.3 million as compared to approximately HK\$225.4 million in 2022, which was exceptionally weighed down by the withholding tax incurred.

The Group's turnover is primarily made up of the ophthalmology segment ("Ophthalmology") and surgical (wound care and healing) segment ("Surgical"). The core products that are current growth drivers under each segment are:

- 1. Ophthalmology Beifushu® series (Beifushu® eye drops, Beifushu® eye gel and Beifushu® unit-dose eye drops), Tobramycin Eye Drops, Levofloxacin Eye Drops, Sodium Hyaluronate Eye Drops and 適麗順® (lodized Lecithin Capsules\*); and
- 2. Surgical (wound care and healing) Beifuji® series (Beifuji® spray, Beifuji® lyophilised powder and Beifuxin® gel), Carisolv® dental caries removal gel, 伢典醫生 (Dr. YaDian) mouth wash, 伊血安顆粒 (Yi Xue An Granules\*) and PELNAC™ collagen-based artificial dermis.

The sectoral turnover of Ophthalmology and Surgical is approximately 44.1% and 55.9% of the Group's turnover, respectively. The combined turnover of the Group's flagship biologics, Beifushu® series and Beifuji® series (the basic fibroblast growth factor (bFGF) based biologic drugs), represented about 86.8% of the Group's total turnover, of which Beifushu® series and Beifuji® series accounted for 33.1% and 53.7% of the Group's turnover, respectively. The remaining 13.2% of the Group's turnover is mainly contributed by sales of Tobramycin Eye Drops, Levofloxacin Eye Drops, Sodium Hyaluronate Eye Drops, 適麗順® (Iodized Lecithin Capsules\*), Carisolv® dental caries removal gel, 伢典醫生 (Dr. YaDian) mouth wash, 伊血安顆粒 (Yi Xue An Granules\*) and PELNAC™ collagen-based artificial dermis, collectively.

Composition of turnover for the years ended 31 December 2023 and 2022, respectively, is shown in the following table:

Expressed in HK\$' million	2023	2022
Ophthalmology Surgical	753.4 953.2	553.6 764.1
Total	1,706.6	1,317.7

#### FINANCIAL REVIEW

Ophthalmology contributed approximately HK\$753.4 million to the Group's turnover for the year ended 31 December 2023, representing an increase of 36.1% as compared to 2022. Surgical recorded a total turnover of approximately HK\$953.2 million for the year ended 31 December 2023, representing an increase of 24.7% as compared to 2022. The increase was attributable to the resumption of clinical operations of hospitals to normalcy in the PRC.

The distribution and selling expenses for the year under review were approximately HK\$1,012.0 million as compared to approximately HK\$758.2 million in 2022, representing an increase of 33.5%. Such expenses primarily consisted of remuneration, advertising costs, travelling and transportation costs, costs for the organisation of seminars and conferences for product training and awareness, etc. The increase was in line with the increase in turnover for the year ended 31 December 2023.

The administrative expenses for the year under review were approximately HK\$217.0 million as compared to approximately HK\$156.0 million in 2022. The increase in administrative expenses was mainly due to (i) an increase in costs for expansion of operations in the United States and Singapore and the establishment of on-line platform for medical consultation by approximately HK\$8.4 million; (ii) an increase in R&D expenses by approximately HK\$15.6 million; and (iii) an increase in amortisation of other intangible assets by approximately HK\$10.9 million.

Total expenditures (inclusive of acquired intangible assets) incurred in R&D for the year ended 31 December 2023 were approximately HK\$164.3 million (2022: approximately HK\$342.7 million), representing 9.6% (2022: 26.0%) of the turnover, of which approximately HK\$125.2 million (2022: approximately HK\$319.2 million) were capitalised.

The Group had cash and cash equivalents of approximately HK\$509.8 million as at 31 December 2023 (2022: approximately HK\$543.5 million).

The Group's bank borrowings as at 31 December 2023 were approximately HK\$91.5 million (2022: approximately HK\$329.5 million), among which 26.3% was repayable within 1 year, 58.4% was repayable in more than 1 year but within 2 years and 15.3% was repayable in more than 2 years but within 5 years. All of the Group's bank borrowings as at 31 December 2023 were denominated in Renminbi and bear interest at floating rate. The interest rate of the Group's bank borrowings ranged from 2.8% to 3.5% per annum as at 31 December 2023. Please refer to the sub-section headed "Liquidity and Financial Resources" for details of banking facilities.

The total finance costs of the Group for the year ended 31 December 2023 were approximately HK\$11.2 million (2022: approximately HK\$11.5 million), including an imputed interest expense on the convertible loan payable and interest expenses on bank borrowings and lease liabilities amounting to approximately HK\$39.2 million (2022: approximately HK\$30.4 million) of which approximately HK\$28.0 million (2022: approximately HK\$18.9 million) was capitalised during the year under review.

#### CONVERTIBLE LOAN FROM INTERNATIONAL FINANCE CORPORATION ("IFC")

On 6 July 2016, the Company entered into a convertible loan agreement (the "Convertible Loan Agreement") with IFC, being a member of the World Bank Group and an international organisation established by Articles of Agreement among its member countries including the PRC, pursuant to which IFC agreed to lend, and the Company agreed to borrow, a convertible loan in an aggregate principal amount of HK\$150.0 million at an interest rate of 1.9% per annum. Subject to the terms of the Convertible Loan Agreement, IFC has the right to convert all or any part of the outstanding principal amount of the convertible loan into ordinary shares of the Company ("Conversion Shares") at a conversion price of HK\$5.90 per share (subject to adjustments as set out in the Convertible Loan Agreement) at any time prior to the maturity date on 2 August 2021.

On 10 July 2020, the Company and IFC entered into an amendment agreement to the Convertible Loan Agreement (the "Amendment Agreement") to extend the maturity date for a period of 3 years to 2 August 2024 (the "Extension"). Save as amended by the Amendment Agreement, the Convertible Loan Agreement and the terms and conditions of the convertible loan shall continue to be in full force and effect. Please refer to the announcement of the Company dated 10 July 2020 for details.

#### Use of net proceeds from the convertible loan

The net proceeds from the convertible loan (after deducting the fees and expenses in relation to the obtaining of the convertible loan) are approximately HK\$145.0 million, which were utilised for the Company's strategic investment in and development of the Group's biologic business and general working capital requirements. All net proceeds had been utilised in 2018 according to the intended use.

#### Dilutive effect of the conversion of the convertible loan

As at 31 December 2023, no part of the outstanding principal amount of the convertible loan of HK\$150.0 million has been converted into Conversion Shares.

On the assumption that the convertible loan would be converted into Conversion Shares in full at the initial conversion price of HK\$5.90 per share, the aggregate principal amount of the convertible loan of HK\$150.0 million is convertible into 25,423,728 Conversion Shares.

#### FINANCIAL REVIEW

The following table sets out the total number of shares that the Company should issue if the convertible loan has been fully converted on 31 December 2023:

#### Notes:

- (1) 6,666,667 shares were held by Dynatech Ventures Pte Ltd which was wholly owned by Essex Investment (Singapore) Pte Ltd, which in turn was owned by Ngiam Mia Je Patrick and Ngiam Mia Kiat Benjamin in equal shares.
- (2) Amongst these 7,329,300 shares, 5,244,300 shares were registered in the name of Fang Haizhou, 2,039,000 shares were registered in the name of Ngiam Hian Leng Malcolm and 46,000 shares were registered in the name of Yau Lai Man.
- (3) Lauw Hui Kian is the spouse of Ngiam Mia Je Patrick (an executive Director) and was therefore deemed to be interested in the shares in which Ngiam Mia Je Patrick was interested/deemed to be interested under the Securities and Futures Ordinance (Chapter 571, Laws of Hong Kong).

#### Dilutive effect on earnings per share

Based on the profit attributable to owners of the Company of approximately HK\$275.3 million for the year ended 31 December 2023, the basic and diluted earnings per share attributable to owners of the Company, after considering the full conversion of the convertible loan, were HK48.27 cents and HK46.90 cents respectively.

#### The Company's ability to meet the repayment obligations under the convertible loan

Based on the cash and cash equivalents as at 31 December 2023 and the cash flow from the operations of the Company for the year then ended, the Company has the ability to meet its repayment obligations under the convertible loan which remained unconverted to Conversion Shares as at 31 December 2023.

Based on the implied internal rate of return of the convertible loan, the Company's share price on the maturity date at which it would be equally financially advantageous for IFC to convert or redeem the convertible loan would be HK\$8.13 per share.

# GENERAL DISCLOSURE UNDER RULES 13.18 AND 13.21 OF THE RULES GOVERNING THE LISTING OF SECURITIES ON THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE") – LOAN FROM IFC

As disclosed in the announcement of the Company dated 10 July 2020, the Group entered into a loan agreement with IFC (the "Loan Agreement") to borrow a loan in the aggregate principal amount of US\$25.0 million (equivalent to approximately HK\$193.7 million) (the "Loan"). On 13 October 2020, the Loan was fully drawn by the Group.

Pursuant to the Loan Agreement, the occurrence of any of the following events would constitute an event of default, and as a result, IFC may require the Group to immediately repay the Loan and all interest accrued and all other amounts payable in accordance with the Loan Agreement:

- (i) Ngiam Mia Je Patrick, Ngiam Mia Kiat Benjamin and Lauw Hui Kian, as a group, for any reason ceases to own, directly and indirectly:
  - (A) at any time prior to the Loan Permitted Dilution Event (as defined below), at least 40%; and
  - (B) at any time on or after the Loan Permitted Dilution Event (as defined below), at least 35%,
  - of both the economic and voting interests in the Company's share capital (determined on a fully diluted basis), and for the purpose of this paragraph (i), the "Loan Permitted Dilution Event" means the consummation of an acquisition permitted under the Loan Agreement with the consideration payable in whole or in part by the Company in the form of shares that causes Ngiam Mia Je Patrick, Ngiam Mia Kiat Benjamin and Lauw Hui Kian, as a group, to own, directly and indirectly, less than 40% of both the economic and voting interests in the Company's share capital (determined on a fully diluted basis); or
- (ii) Ngiam Mia Je Patrick, Ngiam Mia Kiat Benjamin and Lauw Hui Kian, as a group, at any time and for any reason ceases to be the single largest direct and indirect shareholder of the Company (determined on a fully diluted basis).

Due to the outbreak of COVID-19, the Group's business operation and financial performance have been negatively impacted at the relevant time. The board of the Directors (the "Board") considers that the Extension of the Convertible Loan Agreement and the obtain of the Loan are prudent measures, which would effectively provide the Group with flexibility in relation to the Group's deployment of its financial resources to fund its operation and development plans during the difficult period of COVID-19. Accordingly, the Board considers the respective terms of the Amendment Agreement and the Loan Agreement are fair and reasonable and are in the interests of the Company and its shareholders as a whole.

On 17 July 2023, the Group has made voluntary repayment of the Loan in full ahead of the repayment schedule.

#### REPURCHASE OF SHARES

During the year under review, the Company repurchased 4,028,000 of its shares on the Stock Exchange and these shares were subsequently cancelled by the Company as at the date of this report. The total amount paid for the repurchases of HK\$12,616,730 was paid wholly out of retained profits of the Company. Details of those transactions are as follows:

December 2023	158,000	2.60	2.16	376,210
	4,028,000		_	12,616,730

Subsequent to the end of the reporting period and up to the date of this report, the Company repurchased 35,000 of its shares on the Stock Exchange in January 2024 and these shares were subsequently cancelled by the Company as at the date of this report. The highest and lowest price per share paid was HK\$2.45 and HK\$2.30, respectively and the total amount paid for the repurchases of HK\$82,800 was paid wholly out of retained profits of the Company.

The repurchase of the Company's shares was effected by the Directors, pursuant to the mandate granted by the shareholders of the Company to the Directors at the last annual general meeting, with a view to benefiting shareholders as a whole by enhancing the net asset value per share and earnings per share of the Group.

#### FUTURE PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS

Save as disclosed in this report, as at 31 December 2023, the Group did not have any immediate plan for material investments or acquisition of material capital assets.

#### LIQUIDITY AND FINANCIAL RESOURCES

As at 31 December 2023, the Group obtained banking facilities of approximately HK\$394.4 million, of which approximately HK\$105.4 million was utilised. Certain of the banking facilities were secured by the corporate guarantees provided by the Company and its certain subsidiaries. During the year under review, the Group obtained term loan facilities from Bank of China and China Merchants Bank of a maximum amount of RMB200.0 million (equivalent to approximately HK\$220.9 million) and RMB100.0 million (equivalent to approximately HK\$110.5 million), respectively.

As at 31 December 2023, the Group had cash and cash equivalents of approximately HK\$509.8 million as compared to approximately HK\$543.5 million as at 31 December 2022. Among the cash and cash equivalents of the Group as at 31 December 2023, 52.3% was denominated in Renminbi, 41.7% was denominated in Hong Kong Dollar and 5.3% was denominated in US Dollar.

## MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATED **COMPANIES AND JOINT VENTURES**

Save as disclosed in this report, there were no material acquisitions or disposals of subsidiaries, associates or ioint ventures during the year ended 31 December 2023.

#### SIGNIFICANT INVESTMENTS HELD

Save as disclosed in this report, the Group did not hold any significant investments as at 31 December 2023.

#### FOREIGN EXCHANGE EXPOSURE

It is the Group's policy to borrow and deposit cash in local currencies to minimise currency risk.

The Group's assets, liabilities and transactions are mainly denominated in Hong Kong Dollar, Renminbi or US Dollar. The Directors are of the view that the Group's operating cash flow and liquidity are not subject to significant foreign exchange risks and therefore no hedging arrangements were made. So long as the linked exchange rate system in Hong Kong with US Dollar is maintained, it is expected that the Group will not be subject to any significant exchange risk. However, the Group will review and monitor the relevant foreign exchange exposure from time to time based on its business development requirements and may enter into foreign exchange hedging arrangements as appropriate.

#### TREASURY POLICY

The Group generally financed its operations with internally generated cash flows, bank and other borrowings. The Group placed these resources into interest-bearing bank accounts opened with the PRC and Hong Kong banks and earned interests in accordance with the PRC and Hong Kong banks rates. Bank deposits were mainly denominated in Renminbi, Hong Kong Dollar and US Dollar.

#### FINANCIAL SUMMARY

A summary of the published results and assets and liabilities of the Group for the past five financial years, as extracted from the audited financial statements, is set out on page 122. This summary does not form part of the audited financial statements.

#### REPORT OF THE DIRECTORS

#### **BUSINESS REVIEW**

#### Overview

The Group's emphasis continued primarily on manufacturing and selling of its flagship biologic drugs (the bFGF Series) for the treatment and healing of surface wounds and eye wounds, together with other pharmaceutical products (Tobramycin Eye Drops, Levofloxacin Eye Drops, Sodium Hyaluronate Eye Drops, 適麗順® (Iodized Lecithin Capsules\*), Carisolv® dental caries removal gel, 伊典醫生 (Dr. YaDian) mouth wash, 伊血安顆粒 (Yi Xue An Granules\*) and PELNAC™ collagen-based artificial dermis). The Group's turnover is primarily made up of the ophthalmology segment ("Ophthalmology") and surgical (wound care and healing) segment ("Surgical") covering dermatology, stomatology, obstetrics and gynaecology; while pursuing new therapeutics in oncology, orthopaedics and neurology through the Group's enrichment programme since 2015. The Group maintains a pipeline of multi-project in research and development ("R&D") at various stages of clinical programmes, which cover a handful of unit-dose ophthalmic products and biologics in growth factors and antibody.

As at the date of this report, there are 16 R&D programmes in the pre-clinical to clinical stage, out of which 4 ophthalmology programmes are in clinical stage. The 4 ophthalmology programmes listed below are targeted as mid-term growth driver.

- 1. EB11-18136P: SkQ1 eye drops, second phase 3 clinical trial (United States Food and Drug Administration ("US FDA")) (VISTA-2) topline data released on 24 February 2021. The continuation of the VISTA programme is subject to the completion of the transfer of chemistry, manufacturing and controls (CMC), know-how and intellectual property rights relating to SkQ1 from Mitotech S.A., following the acquisition on 13 October 2022.
- 2. EB11-15120P: Azithromycin eye drops, ongoing review by external key opinion leaders (National Medical Products Administration ("NMPA") in the People's Republic of China (the "PRC"))
- 3. EB12-20145P: Bevacizumab intravitreal injection for (wet) age-related macular degeneration ("wet-AMD"), phase 3 clinical trial (US FDA, European Medicines Agency, Therapeutic Goods Administration ("TGA") and NMPA in the PRC)
- 4. EB11-21148P: Cyclosporine eye drops, phase 2 clinical trial (NMPA in the PRC)

The Group's therapeutic products are being prescribed in more than 12,500 hospitals and medical providers, coupled with approximately 1,800 pharmaceutical stores, which are widely located in the major cities, provinces and county cities in the PRC and are managed directly by its 43 regional sales offices (the "RSOs") with more than 1,260 sales and marketing representatives.

#### FINANCIAL KEY PERFORMANCE INDICATORS

For the year ended 31 December 2023, the Group achieved an increase of 29.5% in the consolidated turnover to approximately HK\$1,706.6 million as compared to approximately HK\$1,317.7 million in 2022. For the year ended 31 December 2023, the Group's profit increased by 22.1% to approximately HK\$275.3 million as compared to approximately HK\$225.4 million in 2022.

Ophthalmology contributed approximately HK\$753.4 million to the Group's turnover for the year ended 31 December 2023, representing an increase of 36.1% as compared to 2022. Surgical recorded a total turnover of approximately HK\$953.2 million for the year ended 31 December 2023, representing an increase of 24.7% as compared to 2022.

As at 31 December 2023, the Group maintained a network of 43 RSOs with more than 1,260 sales and marketing representatives.

To reward our valued shareholders for their years of valuable support, an interim dividend of HK\$0.045 per ordinary share was paid on 13 September 2023 and the board of Directors (the "Board") is proposing a final dividend of HK\$0.045 per ordinary share to be approved at the upcoming annual general meeting of the Company.

The Group had cash and cash equivalents of approximately HK\$509.8 million as at 31 December 2023 (2022: approximately HK\$543.5 million).

The Group's bank borrowings as at 31 December 2023 were approximately HK\$91.5 million (2022: approximately HK\$329.5 million), among which 26.3% was repayable within 1 year, 58.4% was repayable in more than 1 year but within 2 years and 15.3% was repayable in more than 2 years but within 5 years. All of the Group's bank borrowings as at 31 December 2023 were denominated in Renminbi and bear interest at floating rate. The interest rate of the Group's bank borrowings ranged from 2.8% to 3.5% per annum as at 31 December 2023.

The total finance costs of the Group for the year ended 31 December 2023 were approximately HK\$11.2 million (2022: approximately HK\$11.5 million), including an imputed interest expense on the convertible loan payable and interest expenses on bank borrowings and lease liabilities amounting to approximately HK\$39.2 million (2022: approximately HK\$30.4 million) of which approximately HK\$28.0 million (2022: approximately HK\$18.9 million) was capitalised during the year under review.

#### **FUTURE DEVELOPMENT**

The Group expects continued organic growth from its flagship biologic drugs, formulated with recombinant bovine basic fibroblast growth factor (rb-bFGF), in the near future years. This will be realised through expanding sales into major county cities in the PRC and executing its clinical plans to affirm additional therapeutic indications. In addition, the Group expects continued contributions from a range of unit-dose eye drops (Tobramycin, Levofloxacin, Sodium Hyaluronate and Moxifloxacin Hydrochloride Eye Drops), as well as Carisolv® dental caries removal gel and 伢典醫生 (Dr. YaDian) mouth wash.

適麗順® (lodized Lecithin Capsules\*) has become one of the Group's core products and growth drivers. The product, inclusive of its intellectual property rights and right of Marketing Authorisation Holder (MAH), was acquired by the Group in March 2022.

The Group further undertakes the promotion and selling of a range of products and medical devices to complement the Group's therapeutics business of Ophthalmology and Surgical, including 伊血安顆粒 (Yi Xue An Granules\*), Soft Hydrophilic Contact Lens, Ultrasound Cycloplasty (UCP), Foldable Capsular Vitreous Body, Portable Ultraviolet Phototherapy Devices, PELNAC™ collagen-based artificial dermis and other medical devices for myopia control and prevention such as eye-protection lamp and Seewant defocus customised glasses.

As at the date of this report, there are 16 R&D programmes in the pre-clinical to clinical stage, out of which 4 ophthalmology programmes are in clinical stage. The 4 ophthalmology programmes listed below are targeted as mid-term growth driver.

- 1. EB11-18136P: SkQ1 eye drops, second phase 3 clinical trial (US FDA) (VISTA-2) topline data released on 24 February 2021. The continuation of the VISTA programme is subject to the completion of the transfer of chemistry, manufacturing and controls (CMC), know-how and intellectual property rights relating to SkQ1 from Mitotech S.A., following the acquisition on 13 October 2022.
- 2. EB11-15120P: Azithromycin eye drops, ongoing review by external key opinion leaders (NMPA in the PRC)
- 3. EB12-20145P: Bevacizumab intravitreal injection for wet-AMD, phase 3 clinical trial (US FDA, European Medicines Agency, TGA and NMPA in the PRC)
- 4. EB11-21148P: Cyclosporine eye drops, phase 2 clinical trial (NMPA in the PRC)

While the Group is staying focused on investing in products and expanding market access for its Ophthalmology and Surgical (wound care and healing) business segments, especially striving to be one of the leading players in Ophthalmology in Asia, for the long-term development perspective, the Group is seeking and will continue to seek new therapeutics, particularly in oncology. The investment made in Antikor Biopharma Limited, a company focusing on the development of antibody fragment drug conjugates for cancer treatment, is a strategic consideration to enable the Group to advance its therapeutics into oncology as long-term growth driver.

Beyond therapeutics, the Group started investing in therapy service business 3 years ago. Under this initiative, the Group currently operates two Telemedicine ("TM") platforms:

1. Quanyi e-clinic (全一e診) in China

#### 2. YesDok in Indonesia

These TM platforms are at a growth development phase with an objective to develop an ecosystem for patients, practitioners and pharmacies to enable online consultation, e-prescription and remote delivery of drugs, in particular for patients with chronic disease or in far reaching area.

#### EVENT AFTER THE REPORTING PERIOD

Save as disclosed in this report, there were no other events that occur after the reporting period.

#### PRINCIPAL RISKS AND UNCERTAINTIES

There are a number of factors that may affect the performance of the Group. The summary of major risks and uncertainties is as follows:

#### 1 Compliance with the Good Manufacturing Practices ("GMP") Standards

All pharmaceutical manufacturers in the PRC will be required to comply with the GMP standards, otherwise the pharmaceutical manufacturing enterprise permits will be revoked, resulting in the termination of the production. Any failure to comply with the relevant rules and regulations necessary for our operations may result in termination of ongoing operations by regulatory bodies. These may lead to cease of operations and corrective measures requiring additional expenditures or remedial actions, which in the future could materially and adversely affect our reputation, business, financial conditions and results of operations.

#### 2 Research and Development Risk

The Group's future prospect is dependent upon the continuous development and successful commercialisation of new products or the progress of milestones achievement of projects. As one of its expansion strategies, the Group intends to form strategic alliances with suitable partners or candidates that would offer the Group to access to promising research projects. The success of biologic drug development and the progress of milestones achievement are highly unpredictable. Products that appear to be promising at the early phases of R&D may fail to reach the market for numerous reasons, including the discovery of harmful side effects in pre-clinical tests and clinical trials, unsatisfactory results in clinical trials and the failure to obtain the necessary regulatory approvals. Consequently, the corresponding R&D expenditure incurred would have to be expensed, which will have an adverse impact on the profitability of the Group.

#### 3 Product Substitution

New drug discoveries and developments in recombinant DNA technology and other pharmaceutical processes are expected to continue at a rapid pace. It is difficult to predict the effect of future technological changes and discoveries on the viability or competitiveness of the Group's products. It is essential for the Group to respond to these changes by developing new products in a timely manner to meet technological advances in the market. In addition, new alliances may have to be formed with new technological partners to enable the Group to have access to emerging technologies and new discoveries. The Group has to adopt and modify development methods, processes and programmes in response to new technologies and discoveries. The failure of the Group to respond rapidly to changing technologies and new discoveries could have a material and adverse impact on the Group's performance. There is also no assurance that other parties will not independently develop products having therapeutic effects similar or superior to the Group's products.

#### 4 Pharmaceutical Pricing Policies in the PRC

The drug pricing system in the PRC is controlled by the government, and affects the pharmaceutical industry, drug price setting and regulation. Under government intervention, price reduction across therapeutic categories was common during the last 20 years, which may exert a downward pressure towards the price of pharmaceutical products and our market share, revenue and profitability may be adversely affected.

#### 5 Impact of Local Regulations

The healthcare system in the PRC is undergoing a crucial reform period, where laws, regulations and policies in effect governing the medical, healthcare and pharmaceutical industry are constantly evolving, in which the Group operates could have a material impact on the results of its operations or growth prospect. The changing political, social, legal, tax, regulatory and environmental requirements at the local level may subject the Group to material and adverse effects, thus leading to more uncertainties and risks in respect of our business and operation.

#### 6 Volume-Based, Centralised Drug Procurement

The PRC government launched a national program for volume-based, centralised drug procurement with minimum quantity commitments in an attempt to negotiate lower prices from drug manufacturers and reduce the price of drugs. Under the program, one of the key determining factors for a successful bid is the price. The government will award a contract to the lowest bidders who are able to satisfy the quality and quantity requirements. The successful bidders will be guaranteed a sale volume for at least a year. A volume guarantee gives the winner an opportunity to gain or increase market share. The volume guarantee is intended to make manufacturers more willing to cut their prices to win a bid. It may also enable manufacturers to lower their distribution and commercial costs. Many types of drugs are covered under the program, including drugs made by international pharmaceutical companies and generics that have passed NMPA's evaluation on the consistency of both quality and efficacy. Moreover, the program may change how the aforementioned generic drugs are priced and procured in the PRC and is likely to accelerate the replacement of originator drugs with generics. We cannot be sure whether there will be any changes to the program in the future. The implementation of the program may negatively impact our existing commercial operations in the PRC as well as our strategies on how to commercialise our drugs in the PRC, which could have a material adverse effect on our business, financial condition and results of operations.

#### **ENVIRONMENTAL POLICIES AND PERFORMANCE**

We are committed to building an environmental-friendly corporation that pays close attention to conserving natural resources. We strive to minimise our environmental impact by saving electricity and encouraging recycle of office supplies and other materials. We also require our suppliers to operate in strict compliance with the relevant environmental regulations and rules and obtain all necessary permission and approval from the relevant government authorities.

#### ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The environmental, social and governance report of the Company prepared in accordance with Appendix C2 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") will be published at the same time as the publication of this report.

#### **KEY RELATIONSHIPS**

#### 1 Employees

Human resources are one of the greatest assets of the Group and the Group considers the personal development of its employees as highly important. The Group wants to continue to be an attractive employer for committed employees.

The Group strives to motivate its employees with a clear career path and opportunities for advancement and improvement of their skills. The Group provides on-the-job training and development opportunities to our staff members. The training programs cover areas such as managerial skills, sales and production, customer services, quality control and training of other areas relevant to the industry.

The Group offers competitive remuneration packages to our employees. The Group has also adopted share option schemes to recognise and reward the contribution of the employees to the growth and development of the Group.

#### 2 Suppliers

We have developed long-standing relationships with a number of our vendors and take great effort to ensure that they share our commitment to quality and ethics. We carefully select our suppliers and require them to satisfy certain assessment criteria including track record, experience, financial strength, reputation, ability to produce high-quality products and quality control effectiveness.

#### 3 Marketing agents and distributors

We sell our products to hospitals through RSOs, marketing agents and distributors. We require our RSOs, marketing agents and distributors to comply with the relevant laws and regulations and our sales and marketing policies, including but not limited to the selling price and promotional activities. We also monitor the financial condition and repayment history of our distributors, and the sales performance of them.

#### 4 Hospitals and doctors

The Group's therapeutic products are being prescribed in more than 12,500 hospitals and medical providers, coupled with approximately 1,800 pharmaceutical stores, which are widely located in the major cities, provinces and county cities in the PRC.

#### PROPERTY, PLANT AND EQUIPMENT

Details of movements in the property, plant and equipment of the Group during the year under review are set out in note 17 to the financial statements.

#### SHARE CAPITAL AND SHARE OPTIONS

There was no movement in the Company's authorised share capital during the year under review. Please refer to the sub-section headed "Purchase, Redemption or Sale of Listed Securities of the Company" for details of the share repurchase of the Company conducted during the year under review. For the year ended 31 December 2023, there was no exercise of share options (the "Options") granted under the Company's share option schemes as approved by the shareholders of the Company at the annual general meeting held on 3 May 2013 (the "2013 Scheme") and on 9 June 2023 (the "2023 Scheme"), respectively. Details of the Company's share capital and details of the 2013 Scheme and the 2023 Scheme are set out in notes 33 and 35 respectively to the financial statements.

#### Summary of the 2013 Scheme

- 1 Purpose of the 2013 Scheme:
  - To recognise and acknowledge the contributions that the 2013 Eligible Participants (as defined below) have made or may make to the Group.
  - (b) To provide the 2013 Eligible Participants (as defined below) with the opportunity of acquiring proprietary interests in the Company with the view to (1) motivate them to optimise their performance and efficiency for the benefit of the Group; and (2) attract and retain or otherwise maintain ongoing business relationship with them whose contributions are, will or expected to be beneficial to the Group.
- 2. Participants of the 2013 Scheme:
  - any director, officer, employee or officer employed by any company in the Group or by any member of the Group or a company in which the Group holds an interest or a subsidiary of such company (the "Affiliate") (whether full time or part time) (the "Employee"), consultant, professional, customer, supplier (whether of goods or services), agent, partner or adviser of or contractor to an Affiliate; or
  - (b) the trustee of any trust the beneficiary of which or any discretionary trust the discretionary objects of which include any director, officer, Employee, consultant, professional, customer, supplier (whether of goods or services), agent, partner or adviser of or contractor to any member of the Group or an Affiliate; or
  - (C) a company beneficially owned by any director, officer, Employee, consultant, professional, customer, supplier (whether of goods or services), agent, partner or adviser of or contractor to any member of the Group or an Affiliate (the "2013 Eligible Participants").

The basis of eligibility of any of the above classes of the 2013 Eligible Participants to the grant of any right(s) to subscribe for fully paid share(s) of HK\$0.10 each of the Company (or such other nominal amount prevailing from time to time) (the "Share(s)") granted pursuant to the 2013 Scheme shall be determined by the Board from time to time on the basis of their contribution to the Group and/or the Affiliate(s) in line with the purposes of the 2013 Scheme.

- 3. The maximum number of Shares in respect of which Options may be granted under the 2013 (a) Scheme shall not, in aggregate, exceed 10% of the Shares in issue as at the date of approval of the 2013 Scheme, i.e. 55,675,000.
  - Number of Options available for grant under the 2013 Scheme as at 1 January 2023 is (b) 25,375,000.
  - Total number of Shares that may be issued in respect of the Options granted under the 2013 (c) Scheme during the year under review (i.e. 1,000,000 Shares) divided by the weighted average number of Shares in issue for the year under review:

0.18%.

(d) Total number of ordinary shares of HK\$0.10 each in the capital of the Company available for issue under the 2013 Scheme (excluding those to be issued upon exercise of the outstanding Options) as at the date of this report:

(e) Percentage of the issued share capital that it represents as at the date of this report:

Not applicable.

4. Maximum entitlement of each 2013 Eligible Participant under the 2013 Scheme:

Not to exceed 1% of the Shares in issue in any 12-month period unless approved by shareholders of the Company.

5. Period within which the Shares must be taken up under an Option:

Within 10 years from the date on which the Option is offered or such shorter period as the Board may determine.

6. (a) Minimum period for which an Option must be held before it can be exercised:

No minimum period unless otherwise determined by the Board.

(b) Minimum period for which an Option must be vested:

No minimum period unless otherwise determined by the Board.

7. (a) Price payable on application or acceptance of the Option:

HK\$1.00.

(b) The period within which payments or calls must or may be made:

14 days after the offer date of an Option.

(c) The period within which loans for the purposes of the payments or calls must be repaid:

Not applicable.

8. Basis of determining the exercise price:

The exercise price shall be determined by the Board and notified to each grantee and shall not be less than the highest of:

- (a) the closing price of a Share as stated in the daily quotations sheet of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on the date of grant of the relevant Option, which must be a business day;
- (b) an amount equivalent to the average closing price of a Share as stated in the daily quotations sheets of the Stock Exchange for the 5 business days immediately preceding the date of grant of the relevant Option; and
- (c) the nominal value of a Share.
- 9. The remaining life of the 2013 Scheme:

The 2013 Scheme has been expired on 2 May 2023.

10. Key information on the Options granted under the 2013 Scheme:

As disclosed in the announcement of the Company dated 27 June 2018, 1,000,000 Options were granted to an eligible person (i.e. an eligible person under the 2013 Eligible Participants) under the 2013 Scheme. Set out below are details of such Options granted on 27 June 2018:

- (a) Exercise price of the Options granted: HK\$10.00 per Share.
- (b) The grantee is entitled to exercise the Options in accordance with the following vesting periods and in the following manner:
  - (i) up to 30% of the total number of Options granted to such grantee is exercisable during the period from 27 June 2020 to 26 June 2023 (both dates inclusive);
  - (ii) up to 30% of the total number of Options granted to such grantee is exercisable during the period from 27 June 2021 to 26 June 2023 (both dates inclusive); and
  - (iii) up to 40% of the total number of Options granted to such grantee is exercisable during the period from 27 June 2022 to 26 June 2023 (both dates inclusive).
- (c) All outstanding or unexercised Options granted to the grantee were lapsed on 26 June 2023.

#### Summary of the 2023 Scheme

- 1. Purpose of the 2023 Scheme:
  - (a) To recognise and acknowledge the contributions that the 2023 Eligible Participants (as defined below) have (or may have) made or may make to the Group (whether directly or indirectly).
  - (b) To attract and retain and appropriately remunerate the best possible quality of Employees (as defined below) and other 2023 Eligible Participants (as defined below).

  - (a) any director of the Company or any of its subsidiaries or any employee employed by the Company and/or any of its subsidiaries (whether full time or part time, including persons who are granted options under the 2023 Scheme as an inducement to enter into employment contract with any of such companies) ("Category A Participant"); or
  - (b) any director or employee (whether full time or part time) of any of the Company's holding companies, fellow subsidiaries and associated companies ("Category B Participant"); or

(c) any person who provides services to the Group on a continuing or recurring basis in its ordinary and usual course of business which are in the interests of the long-term growth of the Group, including consultants and advisors of the Company with relevant expertise in fields related to biotechnology and capital market, and investor relations consultants, which could provide insights on areas such as investor relations, market development and promotion, technological trends and innovations, as well as management (excluding any placing agents or financial advisors providing advisory services for fundraising, mergers or acquisitions, and professional service providers such as auditors or valuers who provide assurance, or are required to perform their services with impartiality and objectivity) ("Category C Participant")

(Category A Participant, Category B Participant and Category C Participant collectively referred to as the "2023 Eligible Participants"). The basis of eligibility of any of the above categories of the 2023 Eligible Participants to the grant of any right(s) to subscribe for the Share(s) granted pursuant to the 2023 Scheme shall be determined by the Board taking into account (i) the experience of the 2023 Eligible Participants on the Group's business; (ii) the length of service of the 2023 Eligible Participants with the Group if the 2023 Eligible Participant is an employee or a director of the Group; (iii) the actual degree of involvement in and/or cooperation with the Group; and (iv) the amount of support, assistance, guidance, advice, efforts and contribution the 2023 Eligible Participant has given or made, or may give or make, towards the success of the Group in the future.

- 3. (a) The maximum number of Shares in respect of which Options may be granted under the 2023 Scheme shall not, in aggregate, exceed 10.0% of the Shares in issue as at the date of approval of the 2023 Scheme, i.e. 57,064,900 (the "Scheme Mandate Limit").
  - (b) The maximum number of Shares in respect of which Options may be granted to all Category C Participants under the 2023 Scheme shall not, in aggregate, exceed 1.0% of the Shares in issue as at the date of approval of the 2023 Scheme and 10.0% of the Scheme Mandate Limit, i.e. 5,706,490.
  - (c) Number of Options available for grant under the 2023 Scheme as at 31 December 2023 and the date of this report is 57,064,900.
  - (d) Number of Options available for grant to Category C Participants under the 2023 Scheme as at 31 December 2023 and the date of this report is 5,706,490.
  - (e) Number of Shares that may be issued in respect of the Options granted under the 2023 Scheme and all other schemes or awards of the Company, if any, during the year under review (i.e. nil) divided by the weighted average number of Shares in issue for the year under review:
    - Not applicable.
  - (f) Total number of ordinary shares of HK\$0.10 each in the capital of the Company available for issue under the 2023 Scheme as at the date of this report:
    - 57,064,900 Shares.
  - (g) Percentage of the issued share capital that it represents as at the date of this report:
    - 10.05%.

4. Maximum entitlement of each 2023 Eligible Participant under the 2023 Scheme and all other schemes or awards of the Company, if any:

Not to exceed an aggregate of 1.0% of the Shares in issue in any 12-month period unless approved by shareholders of the Company and meeting the other requirements as stipulated under the 2023 Scheme.

5. Period within which the Shares must be taken up under an Option:

Within 10 years from the date on which necessary resolutions in relation to the 2023 Scheme have been approved by the shareholders of the Company in general meeting and the Stock Exchange granting the approval for the listing of and permission to deal in the Shares to be allotted and issued by the Company pursuant to the exercise of Options in accordance with the terms and conditions of the 2023 Scheme (i.e. 9 June 2023) (the "Effective Date") or such shorter period as the Board may determine.

6. Minimum period for which an Option must be vested:

Not less than 12 months, save and except that Options to be granted to a Category A Participant may be subject to a vesting period of less than 12 months (or no vesting period) in the following circumstances:

- (a) grants of "make-whole" Options to new joiners to replace the share awards they forfeited when leaving the previous employer;
- (b) grants of Options to a Category A Participant whose employment is terminated due to death or disability or occurrence of any out-of-control event;
- (c) grants of Options that are made in batches during a year for administrative and compliance reasons;
- (d) grants of Options with a mixed or accelerated vesting schedule such as where the Options may vest evenly over a period 12 months; and
- (e) grants of Options with a total vesting and holding period of more than 12 months.
- 7. (a) Price payable on application or acceptance of the Option:

HK\$1.00.

(b) The period within which payments or calls must or may be made:

No offer shall be capable of or open for acceptance after the expiry of ten years from the Effective Date.

(c) The period within which loans for the purposes of the payments or calls must be repaid:

Not applicable.

8. Basis of determining the exercise price:

The exercise price shall be determined by the Board and notified to each grantee under the offer letter and shall not be less than the highest of:

- (a) the closing price of a Share as stated in the daily quotations sheet of the Stock Exchange on the date of grant of the relevant Option;
- (b) the average closing price of a Share as stated in the daily quotations sheets of the Stock Exchange for the 5 business days immediately preceding the date of grant of the relevant Option; and
- (c) the nominal value of a Share.
- 9. The remaining life of the 2023 Scheme:

Approximately 9.3 years (expiring on 8 June 2033).

	4,028,000		_	12,616,730

Subsequent to the end of the reporting period and up to the date of this report, the Company repurchased 35,000 of its shares on the Stock Exchange in January 2024 and these shares were subsequently cancelled by the Company as at the date of this report. The highest and lowest price per share paid was HK\$2.45 and HK\$2.30, respectively and the total amount paid for the repurchases of HK\$82,800 was paid wholly out of retained profits of the Company.

The repurchase of the Company's shares was effected by the Directors, pursuant to the mandate granted by the shareholders of the Company to the Directors at the last annual general meeting, with a view to benefiting shareholders as a whole by enhancing the net asset value per share and earnings per share of the Group.

Except as disclosed above, neither the Company nor any of its subsidiaries purchased, redeemed or sold any of the Company's listed securities during the year under review.

#### **EQUITY-LINKED AGREEMENTS**

The Company has not entered into any equity-linked agreements during the year under review, other than (i) the Scheme as disclosed under the paragraph headed "Share Capital and Share Options" in this Report of the Directors and note 35 to the financial statements; and (ii) the convertible loan agreement entered into with International Finance Corporation ("IFC") on 6 July 2016 (together with the amendment agreement dated 10 July 2020, the "Convertible Loan Agreement") as disclosed on pages 23 to 24 under the section headed "Financial Review" in this report. Subject to the terms of the Convertible Loan Agreement, IFC has the right to convert all or any part of the outstanding principal amount of the convertible loan into 25,423,728 ordinary shares of the Company at a conversion price of HK\$5.90 per share (subject to adjustments as set out in the Convertible Loan Agreement) at any time prior to the maturity date on 2 August 2024. IFC did not exercise the right to convert all or any part of the outstanding principal amount of the convertible loan during the year under review.

#### **RESERVES**

#### **DIRECTORS**

The Directors during the year and up to the date of this report were:

#### Executive Directors:

Ngiam Mia Je Patrick *(Chairman)*Fang Haizhou *(Managing Director)*Ngiam Hian Leng Malcolm *(Deputy Managing Director)*Yau Lai Man

#### Independent non-executive Directors:

Fung Chi Ying Mauffrey Benoit Jean Marie (retired with effect from 9 June 2023) Yeow Mee Mooi Yan Man Sing Frankie (appointed with effect from 9 June 2023)

In compliance with the Company's articles of association and as recommended by the nomination committee of the Company, Fang Haizhou, Fung Chi Ying and Yeow Mee Mooi will retire by rotation and, being eligible, offer themselves for re-election at the forthcoming annual general meeting of the Company to be held on Tuesday, 28 May 2024. Pursuant to the Company's articles of association and the Corporate Governance Code as set out in Appendix C1 to the Listing Rules, Yan Man Sing Frankie, being the newly appointed Director, will only hold his office until the forthcoming annual general meeting and, being eligible, offer himself for re-election thereat.

In addition, Mauffrey Benoit Jean Marie has retired and ceased to be an independent non-executive Director, a member of the audit committee, remuneration committee, nomination committee and corporate governance committee with effect from 9 June 2023. Mauffrey Benoit Jean Marie confirmed that he has no disagreement with the Board and there are no other matters relating to his retirement that need to be brought to the attention of the shareholders of the Company or the Stock Exchange. For details, please refer to the announcement of the Company dated 9 June 2023.

#### **DIRECTORS' SERVICE CONTRACTS**

Each executive Director has entered into a service agreement with the Company.

Details of the appointments of the independent non-executive Directors are set out in the Corporate Governance Report on page 124 of this report.

Save as disclosed in note 11 to the financial statements, there were no other emoluments, pensions or any compensation arrangements for the Directors and past Directors which are required to be disclosed under the Listing Rules, or section 383 of the Companies Ordinance (Chapter 622, Laws of Hong Kong) or the Companies (Disclosure of Information about Benefits of Directors) Regulation (Chapter 622G, Laws of Hong Kong). Save as disclosed above, none of the Directors has a service contract with the Company or any of its subsidiaries which is not determinable by the Company or any of its subsidiaries within one year without payment of compensation, other than statutory obligations.

#### CONFIRMATION OF INDEPENDENCE

The Company considers all the independent non-executive Directors to be independent pursuant to Rule 3.13 of the Listing Rules, and has received from each of the independent non-executive Directors a written confirmation of independence.

#### PERMITTED INDEMNITY PROVISION

Article 164(1) of the Articles of Association of the Company provides, among other things, that the Directors and other officers shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which they or any of them shall or may incur or sustain by or by reason of any act done, concurred in or omitted in or about the execution of their duty, or supposed duty, in their respective offices, provided that this indemnity shall not extend to any matter in respect of any fraud or dishonesty which may be attached to any of them. Such permitted indemnity provision is currently in force and was in force during the year ended 31 December 2023.

## DIRECTORS' OR CONTROLLING SHAREHOLDERS' INTERESTS IN CONTRACTS OF SIGNIFICANCE

There has been no transaction, arrangement or contract of significance in relation to the business of the Group to which the Company or any of its subsidiaries was a party and in which a Director or an entity connected with the Director or controlling shareholders of the Company had a material interest, whether directly or indirectly, subsisted at the end of or at any time during the year under review. There has also been no contract of significance for the provision of services to the Company or any of its subsidiaries by controlling shareholders of the Company or any of its subsidiaries during the year under review.

#### MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year under review.

#### **EMOLUMENT POLICY**

The emolument policy of the employees of the Group is implemented by the human resources department on the basis of their merit, qualifications, and competence and is reviewed by the executive Directors.

The Company has adopted the model whereby the remuneration committee of the Board (the "Remuneration Committee") makes recommendations to the Board on the remuneration packages of individual executive Directors and senior management, which should include benefits in kind, pension rights and compensation payments and any compensation payable for loss or termination of their office(s) or appointment(s), and to make recommendations to the Board on the remuneration of non-executive Directors (if any).

In determining or recommending the remuneration packages of the Directors and senior management, the Remuneration Committee should consider factors such as salaries paid by comparable companies, time commitment and responsibilities of the Directors and senior management, employment conditions elsewhere in the Group and desirability of performance-based remuneration. In reviewing and approving performance-based remuneration, reference will be made by the Remuneration Committee to the Group's corporate goals and objectives resolved by the Board from time to time.

For the year ended 31 December 2023, there was no arrangement under which a Director or the chief executive of the Company waived or agreed to waive any emolument.

#### REMUNERATION OF DIRECTORS AND FIVE HIGHEST-PAID EMPLOYEES

Details of the remuneration of Directors (on a named basis) and the five highest-paid employees are set out in notes 11 and 12 to the financial statements, respectively.

## DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS AND SHORT POSITIONS IN SHARES, UNDERLYING SHARES AND DEBENTURES

As at 31 December 2023, the interests and short positions of the Directors and chief executive of the Company in the shares, underlying shares and debentures of the Company or its associated corporations (within the meaning of Part XV of the SFO), as recorded in the register required to be kept by the Company pursuant to section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") contained in the Listing Rules were as follows:

#### To the Shareholders of Essex Bio-Technology Limited

(Incorporated in the Cayman Islands with limited liability)

#### Opinion

We have audited the consolidated financial statements of Essex Bio-Technology Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 58 to 121, which comprise the consolidated statement of financial position as at 31 December 2023, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

#### Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Recognition and subsequent measurement of other intangible assets

Refer to Notes 4(g), 5 and 21 to the consolidated financial statements.

Other intangible assets amounted to the net carrying value of approximately HK\$1,054.8 million as at 31 December 2023, which comprised capitalised expenditure for development of biopharmaceutical products and acquired intangible assets. The Group capitalises eligible product development costs upon meeting the criteria of HKFRSs. Capitalisation criteria assessment requires significant judgement and measurement uncertainty at inception and throughout the lives of the individual projects. Judgements involved to determine the eligibility of the costs for capitalisation and the subsequent measurement requires detailed analysis. The Group's intangible assets are initially recognised at cost, and subsequently carried at cost less accumulated amortisation and impairment losses.

#### Our Response

Our audit procedures included, amongst others, the following:

- (i) Assessing the eligibility of the development costs for capitalisation as intangible assets under HKFRSs by reviewing the design of the controls identified by the management surrounding the intangible assets capitalisation and subsequent measurement and for which we considered key, performing substantive test of details on the capitalised development costs. These procedures included on a sample basis testing underlying evidence related to hours registration and testing estimates of useful life; and
- (ii) With the assistance of our own valuation specialists where appropriate, evaluating the assumptions and methodologies used by the Group to test the appropriateness of impairment assessment of the intangible assets in accordance with the relevant HKFRSs.

#### Other Information in the Annual Report

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Directors' Responsibilities for the Consolidated Financial Statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibilities in this regard.

#### INDEPENDENT AUDITOR'S REPORT

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

#### INDEPENDENT AUDITOR'S REPORT

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

During the year ended 31 December 2023, additions of property, plant and equipment of HK\$2,866,983 were transferred from deposits and prepayments.

Save as disclosed in notes 22(ii) and 22(iv) to the financial statements, during the year ended 31 December 2022, additions of property, plant and equipment and other intangible assets of HK\$20,308,096 and HK\$40,736,896 were transferred from deposits and prepayments.

For the year ended 31 December 2023

#### 1. General

Essex Bio-Technology Limited (the "Company") is a limited liability company incorporated in the Cayman Islands on 31 July 2000 under Companies Act Chapter 22 (Act 3 of 1961, as consolidated and revised) of the Cayman Islands. Its shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") (Stock code: 1061). The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. Its principal place of business is located at Room 3206, West Tower, Shun Tak Centre, 168-200 Connaught Road Central, Hong Kong.

The Group, comprising the Company and its subsidiaries, is principally engaged in investment holding, and development, manufacture and sale of biologic drugs.

#### 2. Basis of Preparation

#### (a) Statement of compliance

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules").

#### (b) Basis of measurement

The consolidated financial statements have been prepared under the historical cost basis except for certain financial instruments, which are measured at fair values. The measurement bases are fully described in the accounting policies set out in note 4 below.

#### (c) Functional and presentation currency

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the same as the functional currency of the Company.

For the year ended 31 December 2023

#### 3. Adoption of HKFRSs

#### (a) Adoption of revised HKFRSs with effect from 1 January 2023

Amendments to HKAS 1 and HKFRS Practice Statement 2 - Disclosure of Accounting Policies

The amendments to HKAS 1 require entities to disclose their material rather than their significant accounting policies. The amendments define what is 'material accounting policy information' and explain how to identify when accounting policy information is material. They further clarify that immaterial accounting policy information does not need to be disclosed. If it is disclosed, it should not obscure material accounting information. The amendments to HKFRS Practice Statement 2 *Making Materiality Judgements* provide guidance on how to apply the concept of materiality to accounting policy disclosures.

The Group has disclosed the material accounting policy information in note 4 to the financial statements. These amendments have an impact on the Group's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Group's financial statements.

#### Amendments to HKAS 8 - Definition of Accounting Estimates

The amendments clarify how companies should distinguish changes in accounting policies from changes in accounting estimates. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, whereas changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period.

The adoption of these amendments in the current year has no material impact on the Group's financial statements.

Amendments to HKAS 12 – Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments require companies to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. They will typically apply to transactions such as leases of lessees and decommissioning obligations, and will require the recognition of additional deferred tax assets and liabilities. The amendment should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, entities should recognise deferred tax assets (to the extent that it is probable that they can be utilised) and deferred tax liabilities at the beginning of the earliest comparative period for all deductible and taxable temporary differences associated with right-of-use assets and lease liabilities, and decommissioning, restoration and similar liabilities, and the corresponding amounts recognised as part of the cost of the related assets. The cumulative effect of recognising these adjustments is recognised in retained earnings, or another component of equity, as appropriate.

The adoption of these amendments in the current year has no material impact on the Group's financial statements.

HKFRS 17 and amendments to HKFRS 17 – Insurance Contracts and related amendments

HKFRS 17 introduces an internationally consistent approach to the accounting for insurance contracts. Prior to HKFRS 17, significant diversity has existed worldwide relating to the accounting for and disclosure of insurance contracts, with HKFRS 4 permitting many previous accounting approaches to be followed.

Since HKFRS 17 applies to all insurance contracts issued by an entity (with limited scope exclusions), its adoption may have an effect on non-insurers. The Group carried out an assessment of its contracts and operations and concluded that the adoption of HKFRS 17 has no impact on the Group's financial statements.

For the year ended 31 December 2023

#### 3. Adoption of HKFRSs (Continued)

#### (b) Revised HKFRSs that have been issued but are not yet effective

The following revised HKFRSs, potentially relevant to the Group's financial statements, have been issued, but are not yet effective and have not been early adopted by the Group. The Group's current intention is to apply these changes on the date they become effective.

Amendments to HKAS 1 Classification of Liabilities as Current or Non-current<sup>1</sup>

Amendments to HKAS 1

Amendments to HKFRS 16

Amendments to HKAS 7 and

Non-current Liabilities with Covenants¹

Lease Liability in a Sale and Leaseback¹

Amendments to HKAS 21 Lack of Exchangeability<sup>2</sup>

Amendments to HKFRS 10 and Sale or Contribution of Assets between an Investor and its

HKAS 28 (2011) Associate or Joint Venture<sup>3</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2024

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2025

No mandatory effective date yet determined but available for adoption

#### Amendments to HKAS 1 - Classification of Liabilities as Current or Non-current

The narrow-scope amendments clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity's expectations or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). The amendments also clarify what HKAS 1 means when it refers to the 'settlement' of a liability. The amendments could affect the classification of liabilities, particularly for entities that previously considered management's intentions to determine classification and for some liabilities that can be converted into equity. They must be applied retrospectively in accordance with the normal requirements in HKAS 8 Accounting Policies, Changes in Accounting Estimates and Errors.

#### Amendments to HKAS 1 - Non-current Liabilities with Covenants

The amendments deal with the classification of long-term loan arrangements with covenants by specifying that covenants to be complied with after the reporting date do not affect the classification of loan arrangements as current or non-current at the reporting date.

#### Amendments to HKFRS 16 - Lease liability in a Sale and Leaseback

The amendments add subsequent measurement requirements for a sale and leaseback transaction, where the transfer of the asset satisfies the requirements in HKFRS 15 *Revenue from Contracts with Customers* to be accounted for as a sale.

#### Amendments to HKAS 7 and HKFRS 7 - Supplier Finance Arrangements

The amendments introduce new disclosure requirements to enhance the transparency of supplier finance arrangements ("SFA") and their effects on an entity's liabilities, cash flows and exposure to liquidity risk in response to investors' concerns that some entities' SFA are not sufficiently visible, hindering investors' analysis.

#### Amendments to HKAS 21 – Lack of Exchangeability

The amendments require an entity to apply a consistent approach to assessing whether a currency is exchangeable into another currency and, when it is not, to determining the exchange rate to use and the disclosures to provide.

For the year ended 31 December 2023

#### 3. Adoption of HKFRSs (Continued)

#### (b) Revised HKFRSs that have been issued but are not yet effective (Continued)

Amendments to HKFRS 10 and HKAS 28 (2011) – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The amendments clarify the extent of gains or losses to be recognised when an entity sells or contributes assets to its associate or joint venture. When the transaction involves a business the gain or loss is recognised in full, conversely when the transaction involves assets that do not constitute a business the gain or loss is recognised only to the extent of the unrelated investors' interests in the joint venture or associate.

The Group has already commenced an assessment of the impact of adopting the above amendments to existing standards to the Group. The Group has so far concluded that the application of these new pronouncements will have no material impact on the Group's financial statements.

#### 4. Material Accounting Policies

#### (a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

#### (b) Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: power over the investee, exposure, or rights, to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, interests in subsidiaries are stated at cost less impairment loss, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

#### (c) Associates

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor a joint arrangement. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

Associates are accounted for using the equity method whereby they are initially recognised at cost and thereafter, their carrying amounts are adjusted for the Group's share of the post-acquisition change in the associates' net assets except that losses in excess of the Group's interests in the associates are not recognised unless there is an obligation to make good those losses.

For the year ended 31 December 2023

#### Business combination and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition-date fair value which is the sum of the acquisitiondate fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

Goodwill is initially recognised at cost being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests in the acquiree and the acquisition-date fair value of the acquirer's previously held equity interests in the acquiree over the fair value of identifiable assets and liabilities acquired.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill arising from an acquisition is allocated to each of the relevant cash-generating units that are expected to benefit from the synergies of the acquisition. A cash-generating unit is the smallest identifiable group of assets that generate cash inflows that are largely independent of the cash inflows from other assets or groups of assets. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, and whenever there is an indication that the unit may be impaired.

#### (e) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

The cost of property, plant and equipment includes its purchase price and the costs directly attributable to the acquisition of the items.

Property, plant and equipment, other than construction in progress, are depreciated so as to write off their cost net of expected residual value over their estimated useful lives on a straight-line basis. The useful lives, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period. The annual rates are as follows:

Buildings and leasehold improvements 2%-20% or the remaining lease period

whichever is shorter

Plant and machinery 9%-18% Furniture, fixtures and equipment 10%-33%

10%-20%

Motor vehicles

For the year ended 31 December 2023

#### 4. Material Accounting Policies (Continued)

#### (e) Property, plant and equipment (Continued)

Construction in progress is stated at cost less impairment losses. Cost comprises direct costs of construction as well as borrowing costs capitalised during the periods of construction and installation. Capitalisation of these costs ceases and the construction in progress is transferred to the appropriate class of property, plant and equipment when substantially all the activities necessary to prepare the assets for their intended use are completed. No depreciation is provided for in respect of construction in progress until it is completed and ready for its intended use.

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount

#### (f) Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### (i) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

Leasehold buildings

5 years

#### (ii) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term.

#### (iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (that is those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the recognition exemption for leases of low-value assets to leases of office equipment and laptop computers that are considered to be of low value.

Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

For the year ended 31 December 2023

## (g) Intangible assets

### (i) Acquired intangible assets

Intangible assets acquired separately are initially recognised at cost. Subsequently, intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is provided on straight-line basis over their useful lives. The amortisation expense is recognised in profit or loss.

Distribution rights and development costs amortised under straight-line method

5-25 years

### (ii) Research and development expenditure

Expenditure on internally developed products is capitalised if it can be demonstrated that:

- 1. it is technically feasible to develop the product for it to be sold;
- 2. adequate resources are available to complete the development;
- 3. there is an intention to complete and sell the product;
- 4. the Group is able to sell the product;
- 5. sale of the product will generate future economic benefits; and
- 6. expenditure on the project can be measured reliably.

Capitalised development costs are amortised over the periods the Group expects to benefit from selling the products developed. The amortisation expense is recognised in profit or loss.

Capitalised development expenditure amortised under license period

5-10 years

Development expenditure not satisfying the above criteria and expenditure on the research phase of internal projects are recognised in profit or loss as incurred.

### (iii) Impairment

Intangible assets with finite useful lives are tested for impairment when there is an indication that an asset may be impaired. Intangible assets that are not yet available for use are tested for impairment at least annually.

For the year ended 31 December 2023

# 4. Material Accounting Policies (Continued)

### (h) Financial instruments

#### (i) Financial assets

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest rate method. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain on derecognition is recognised in profit or loss.

Fair value through other comprehensive income ("FVTOCI"): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI.

#### Equity instruments

On initial recognition of an equity investment that is not held for trading, the Group could irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income. This election is made on an investment-by-investment basis. Equity investments at FVTOCI are measured at fair value. Dividend income are recognised in profit or loss unless the dividend income clearly represents a recovery of part of the cost of the investments. Other net gains and losses are recognised in other comprehensive income and are not reclassified to profit or loss. All other equity instruments are classified as fair value through profit or loss ("FVTPL"), whereby changes in fair value, dividends and interest income are recognised in profit or loss.

### (ii) Impairment loss on financial assets

The Group recognises loss allowances for expected credit losses ("ECLs") on trade receivables, contract assets, financial assets measured at amortised cost and debt investments measured at FVTOCI. The ECLs are measured on either of the following bases: (1) 12 months ECLs: these are the ECLs that result from possible default events within the 12 months after the reporting date: and (2) lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the assets' original effective interest rate.

The Group has elected to measure loss allowances for trade receivables and contract assets using HKFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For the year ended 31 December 2023

# 4. Material Accounting Policies (Continued)

# (h) Financial instruments (Continued)

### (ii) Impairment loss on financial assets (Continued)

For other debt financial assets, the ECLs are based on the 12 months ECLs. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 60 to 90 days past due.

The Group considers a financial asset to be credit-impaired when: (1) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (2) the financial asset is more than 90 to 180 days past due, depending on credit worth of customers.

Interest income on credit-impaired financial assets is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset. For non credit-impaired financial assets interest income is calculated based on the gross carrying amount.

#### (iii) Financial liabilities

The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at FVTPL are initially measured at fair value and financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

### Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL.

# Financial liabilities at amortised cost

Financial liabilities at amortised cost including trade and other payables, bank borrowings and the debt component of convertible loan issued by the Group are subsequently measured at amortised cost, using the effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

For the year ended 31 December 2023

# 4. Material Accounting Policies (Continued)

# (h) Financial instruments (Continued)

#### (iv) Convertible loan payable

Convertible loan payable issued by the Group that contain both the liability and conversion option components are classified separately into their respective items on initial recognition. Conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is classified as an equity instrument.

On initial recognition, the fair value of the liability component is determined using the prevailing market interest of similar non-convertible debts. The difference between the proceeds of the issue of the convertible loan and the fair value assigned to the liability component, representing the conversion option for the holder to convert the loan into equity, is included in equity (conversion component of convertible loan payable).

In subsequent periods, the liability component of the convertible loan payable is carried at amortised cost using the effective interest method. The equity component, represented by the option to convert the liability component into ordinary shares of the Company, will remain in conversion component of convertible loan payable until the embedded option is exercised (in which case the balance stated in conversion component of convertible loan payable will be transferred to share capital and share premium. Where the option remains unexercised at the expiry dates, the balance stated in conversion component of convertible loan payable will be released to the retained earnings. No gain or loss is recognised upon conversion or expiration of the option.

# (v) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKFRS 9.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

### (i) Inventories

Inventories are initially recognised at cost, and subsequently at the lower of cost and net realisable value. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is calculated using the weighted average method and, in the case of work in progress and finished goods, comprises direct materials, direct labour and an appropriate proportion of overheads. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

For the year ended 31 December 2023

# 4. Material Accounting Policies (Continued)

## (j) Revenue recognition

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Depending on the terms of the contract and the laws that apply to the contract, control of the goods or service may be transferred over time or at a point in time. Control of the goods or service is transferred over time if the Group's performance:

- provides all of the benefits received and consumed simultaneously by the customer;
- creates or enhances an asset that the customer controls as the Group performs; or
- does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods or services transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the goods or service.

### (i) Development, manufacture and sale of biologic drugs

Customers obtain control of the biologic drugs when the goods are delivered to and have been accepted. Revenue is thus recognised at a point in time upon when the customers accepted the products. There is generally only one performance obligation. Invoices are usually payable within 90 days.

The Group's contracts with customers from the sale of product provides customers a right of return (a right to exchange another product or to be refunded in cash). The right of return gives rise to variable consideration. The variable consideration is estimated at contract inception and constrained until the associated uncertainty is subsequently resolved. The application of the constraint on variable consideration increases the amount of revenue that will be deferred. In addition, a refund liability and a right to recover returned goods assets are recognised. The directors of the Company (the "Directors") considered that the financial impact of the returned goods is minimal, with reference to the historical returned goods pattern and the management assessment of possible return of goods.

#### (ii) Provision of marketing services

The Group provides pharmaceutical product marketing services to various manufacturers. Revenue from marketing services is recognised at a point in time when those services are provided. Invoices are usually payable within 90 days.

For the year ended 31 December 2023

# 4. Material Accounting Policies (Continued)

### (k) Income taxes

Income taxes for the year comprise current tax and deferred tax.

### (I) Foreign currency

On consolidation, income and expense items of foreign operations are translated into the presentation currency of the Group (i.e. HK\$) at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the rates approximating to those ruling when the transactions took place are used. All assets and liabilities of foreign operations are translated at the rate ruling at the end of reporting period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity as foreign currency translation reserve.

### (m) Employee benefits

### Short term employee benefits

Short term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. Short term employee benefits are recognised in the year when the employees render the related service.

#### Defined contribution retirement plan

Contributions to defined contribution retirement plans are recognised as an expense in profit or loss when the services are rendered by the employees.

### (n) Impairment of other assets (other than financial assets)

At the end of each reporting period, the Group assesses whether there is any indication that any of other intangible assets may be impaired. If any such indication exists, the Group shall estimate the recoverable amount of the asset. If the asset does not generate cash flows that are largely independent of those from other assets or group of assets, the recoverable amount of the cash-generating unit for which the asset belongs to is estimated.

If the recoverable amount (i.e. the higher of the fair value less costs of disposal and value in use) of an asset/cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset/cash-generating unit is reduced to its recoverable amount. An impairment loss is recognised in profit or loss immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised in profit or loss immediately.

Value in use is based on the estimated future cash flows expected to be derived from the asset or cash-generating unit, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

For the year ended 31 December 2023

# 4. Material Accounting Policies (Continued)

### (o) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which will probably result in an outflow of economic benefits that can be reasonably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

# (p) Capitalisation of borrowing costs

Borrowing costs attributable directly to the acquisition, construction or production of qualifying assets which require a substantial period of time to be ready for their intended use or sale, are capitalised as part of the cost of those assets. Income earned on temporary investments of specific borrowings pending their expenditure on those assets is deducted from borrowing costs capitalised. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

### (q) Government grants

Government grants are recognised when there is reasonable assurance that they will be received and that the Group will comply with the conditions attaching to them. Grants that compensate the Group for expenses incurred are recognised as revenue in profit or loss on a systematic basis in the same periods in which the expenses are incurred. Grants that compensate the Group for the cost of an asset are deducted from the carrying amount of the asset and consequently are effectively recognised in profit or loss over the useful life of the asset by way of reduced depreciation expense.

# 5. Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the application of the Group's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

For the year ended 31 December 2023

# Critical Accounting Judgements and Key Sources of Estimation Uncertainty (Continued)

In addition to information disclosed elsewhere in these consolidated financial statements, other key sources of estimation uncertainty that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year is as follows:

## (a) Research and development costs

In accordance with the accounting policy set out in note 4, costs associated with research activities are expensed in profit or loss as they are incurred, while costs that are directly attributable to development activities are recognised as other intangible assets provided they meet all the requirements. This requires the management to make judgements to distinguish the research phase and development phase of the projects being undertaken. Research is original and planned investigation undertaken with the prospect of gaining new scientific or technical knowledge and understanding. Development is the application of research, findings or other knowledge to a plan or design for the production of new or substantially improved materials, devices, products, processes, systems or services before the start of commercial production or use. Determining the amounts to be expensed in profit or loss or to be capitalised required management to make judgement, and assumptions regarding the expected progress and outcome of the research and development activities, the future expected cash generation of the assets, discount rates to be applied, and also the expected period of, probable future economic benefits.

## (b) Impairment of trade and other receivables

The Group makes allowance for impairment on trade and other receivables based on assumptions about risk of default and ECL rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward-looking estimates at the end of the reporting period.

#### (c) Net realisable value of inventories

Net realisable value of inventories is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling expenses. These estimates are based on the current market condition and the historical experience of manufacturing and selling products of similar nature. It could change significantly as a result of competitors' actions in response to severe industry cycles. Management reassesses the estimations at the end of each reporting period.

For the year ended 31 December 2023

# 5. Critical Accounting Judgements and Key Sources of Estimation Uncertainty (Continued)

# (d) Impairment of non-financial assets

Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable, except that intangible assets that are not yet available for use and goodwill are tested for impairment at least annually. The Group assesses whether there are any indicators of impairment for all applicable non-financial assets at the end of each reporting period. An impairment exists when the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The calculation of the fair value less costs of disposal is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value-in-use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

### (e) Income taxes

The Group is subject to income taxes in different jurisdictions. The Group carefully evaluates tax implications of transactions in accordance with prevailing tax regulations and makes tax provision accordingly. However, judgement is required in determining the Group's provision for income taxes as there are many transactions and calculations of which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

### (f) Fair value measurement

The fair value measurement of the Group's financial and non-financial assets and liabilities utilises market observable inputs and data as far as possible. Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the "fair value hierarchy"):

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For the year ended 31 December 2023

# 5. Critical Accounting Judgements and Key Sources of Estimation Uncertainty (Continued)

### (f) Fair value measurement (Continued)

(i) Financial instruments measured at fair value

As at the end of the reporting period, convertible loan receivables and equity investments included in the consolidated financial statements require measurement at, and disclosure of, fair value.

The fair value of financial instruments with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices.

The valuation techniques and significant unobservable inputs used in determining the fair value measurement of level 2 and level 3 financial instruments, as well as the relationship between key unobservable inputs and fair value are set out in notes (iii) and (iv) below.

#### (ii) Financial instruments not measured at fair value

Financial instruments not measured at fair value include cash and cash equivalents, trade and other receivables, pledged bank deposits, restricted cash, trade and other payables, bank borrowings, lease liabilities and convertible loan payable.

The carrying amounts of cash and cash equivalents, restricted cash, trade and other receivables, trade and other payables and current portion of pledged bank deposits, bank borrowings and lease liabilities approximate to their fair values due to the short term maturities of these instruments.

The fair values of non-current portion of bank borrowings, lease liabilities and convertible loan payable for disclosure purposes have been determined using discounted cash flow models and are classified as level 3 in the fair value hierarchy. Significant inputs include the discount rate used to reflect the credit risks of the borrowers or the Company.

### (iii) Information about level 2 fair value measurement

The fair values of the financial instruments included in the level 2 category have been determined with reference to generally accepted pricing models based on quoted prices for identical or similar assets or liabilities in markets that are not active.

#### (iv) Information about level 3 fair value measurement

The fair values of the financial instruments included in the level 3 category as at the end of the current year have been determined by the Directors with reference to the valuation performed by International Valuation Limited, an independent firm of professionally qualified valuers, details of which are set out in notes 22 and 23.

For the year ended 31 December 2023

#### 6. Segment Reporting

The Group manages its businesses by business lines. The segment information is reported internally to the chief operating decision-maker (i.e. executive Directors) for the purposes of resources allocation and performance assessment. The Group's reportable and operating segments for financial reporting purposes are as follows:

- Ophthalmology: Development, manufacture and/or sale of products including Beifushu® series (Beifushu® eye drops, Beifushu® eye gel and Beifushu® unit-dose eye drops), Tobramycin Eye Drops, Levofloxacin Eye Drops, Sodium Hyaluronate Eye Drops and 適麗順® (Iodized Lecithin Capsules\*)
- Surgical: Development, manufacture and/or sale of products including Beifuji® series (Beifuji® spray, Beifuji® lyophilised powder and Beifuxin® gel), Carisolv® dental caries removal gel, 伢典醫 生 (Dr. YaDian) mouth wash, 伊血安顆粒 (Yi Xue An Granules\*) and PELNAC™ collagen-based artificial dermis

### Note:

The performance related incentive payment is at the discretion of the Directors depending on the financial performance of the Group.

For the years ended 31 December 2023 and 2022, no emoluments were paid by the Group to the Directors as an inducement to join, or upon joining the Group, or as compensation for loss of office. There were no arrangements under which a Director waived or agreed to waive any remuneration for the years ended 31 December 2023 and 2022.

For the year ended 31 December 2023

# 12. Five Highest Paid Individuals and Senior Management

Of the five individuals with the highest pay in the Group, three (2022: four) were Directors whose emoluments are included in note 11 above. The emoluments of the remaining two individuals (2022: one individual) were as follows:

	2023 HK\$	2022 HK\$
Salaries and other benefits Pension fund contributions Equity-settled share-based payments	4,595,712 141,140 –	1,882,097 118,505 87,049

Their emoluments were within the following bands:

	2023	2022
	Number of	Number of
	employees	employees
HK\$2,000,001 to HK\$2,500,000	1	1
HK\$2,500,001 to HK\$3,000,000	1	_

For the years ended 31 December 2023 and 2022, no emoluments were paid by the Group to the highest paid, non-director individuals as an inducement to join, or upon joining the Group, or as compensation for loss of office.

For the year ended 31 December 2023, the emoluments were paid to two (2022: two) members of the senior management (other than the Directors) which fell within the band of HK\$1,000,001 to HK\$1,500,000 and HK\$2,500,001 to HK\$3,000,000 (2022: HK\$500,001 to HK\$1,000,000 and HK\$2,000,001 to HK\$2,500,000), respectively.

## 13. Retirement Benefits

The employees of the Group are members of a state-managed retirement benefits scheme operated by the PRC government, or in the case of the employees in Hong Kong, a defined contribution Mandatory Provident Fund retirement benefits scheme under the Mandatory Provident Fund Schemes Ordinance. The Group is required to contribute a certain percentage of its payroll to the retirement benefits schemes to fund the benefits. The only obligation of the Group with respect to the retirement benefits schemes is to make the required contributions under the schemes.

The Group's contribution to retirement benefits schemes for the year ended 31 December 2023 amounted to HK\$17,824,598 (2022: HK\$15,447,635).

For the year ended 31 December 2023

## 14. Income Tax

Income tax in the consolidated statement of profit or loss and other comprehensive income represents:

	2023 HK\$	2022 HK\$
Current tax – the PRC – Provision for the year – Underprovision in the prior year Deferred tax (Note 32)	65,736,422 148,873 4,869,515	16,203,050 448,084 18,280,336
	70,754,810	34,931,470

No provision for Hong Kong profits tax has been made as the Group has no assessable profit arising in Hong Kong.

The Group's major operating subsidiary in Zhuhai, the PRC, was established and carries on business in the Special Economic Zones of the PRC as a high technology enterprise. This subsidiary has obtained a 高新技術企業證書 (High Technology Enterprise Certificate) and is entitled to enjoy the enterprise income tax at the concessionary rate of 15% for the years ended 31 December 2023 and 2022.

Enterprise income tax rate of 25%, 17%, 27.3% and 22% is applied to the Group's other operating subsidiaries in the PRC, Singapore, the United States and Indonesia respectively.

Income tax for the year can be reconciled to the profit before income tax per the consolidated statement of profit or loss and other comprehensive income as follows:

	2023 HK\$	2022 HK\$
Profit before income tax	346,014,427	260,342,780

	51,196,500	37,181,745

The Directors propose a final dividend of HK\$0.045 (2022: HK\$0.025) per ordinary share to be paid. The amount of proposed final dividend is based on the number of issued ordinary shares as at the end of the reporting period. This proposed dividend is not reflected as dividend payable as at the end of the reporting period but will be reflected as an appropriation of retained earnings for the year ending 31 December 2024.

# 16. Earnings Per Share

The calculation of the basic and diluted earnings per share attributable to the owners of the Company is based on the following data:

### **Earnings**

	2023 HK\$	2022 HK\$
Profit attributable to owners of the Company for the purposes of calculating basic earnings per share Interest expense on convertible loan payable,	275,259,617	225,411,310
net of amount capitalised	4,123,105	4,047,963
Profit attributable to owners of the Company for the purposes of calculating diluted earnings per share	279,382,722	229,459,273

## Number of shares

	2023	2022
Weighted average number of ordinary shares for the purposes of calculating basic earnings per share Effect of dilutive potential ordinary shares:	570,222,501	573,964,430
- convertible loan payable	25,423,728	25,423,728
Weighted average number of ordinary shares for the purposes of calculating diluted earnings per share	595,646,229	599,388,158

The computation of diluted earnings per share for the years ended 31 December 2023 and 2022 did not assume the issue of potential ordinary shares in relation to all share options granted as they had anti-dilutive effect.

For the year ended 31 December 2023

#### Note:

In 2022, the carrying amount of the provision of health consulting services CGU in Indonesia has been reduced to its recoverable amount through recognition of an impairment loss on goodwill. This was a result of the management's reassessment on the cash flows forecast due to unfavourable market conditions for operating this CGU.

For the year ended 31 December 2023

## 20. Goodwill (Continued)

## Impairment testing on goodwill (Continued)

Management determined the gross margin mainly based on past performance of the CGU and management's expectations for the market development. The discount rate is determined based on the risk-free interest rate adjusted by the specific risk associated with the CGU. The recoverable amounts of respective CGUs have been determined from value-in-use calculations based on cash flow projections from formally approved budgets covering a five-year period. Cash flows beyond the five-year period are extrapolated using an estimated weighted average growth rate of 3% (2022: 3%), which does not exceed the long-term growth rate for respective industries.

Save as disclosed above, the recoverable amount of the goodwill determined in the above manner suggested that there was no impairment in the carrying amount of goodwill as at 31 December 2023 and 2022.

The Directors believe that any reasonable possible change in the key assumptions on which the recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of respective CGUs.

# 21. Other Intangible Assets (Continued)

- \* The amount mainly represented the following:
  - (i) In 2018, the Group entered into a co-development agreement (and as supplemented and revised from time to time) with an independent third party, Mitotech S.A. under which the Group has agreed to fund for a clinical development in the United States Food and Drug Administration phase 3 clinical trial of an ophthalmic solution containing SkQ1 as its sole active pharmaceutical ingredient (the "SkQ1 Product") which shall be provided as a pharmaceutical product in the field of dry eye disease, in return for a share of certain income received by Mitotech S.A. from the SkQ1 Product.

In 2022, the Group acquired from Mitotech S.A. all the rights of a list of inventions and patents relating to SkQ1 in the field of ophthalmology and all ophthalmic indications.

During the year ended 31 December 2023, the development cost incurred in the SkQ1 Product was HK\$2,497,668 (2022: HK\$36,150,281). As at 31 December 2023, the carrying amount of the SkQ1 Product was HK\$352,618,198 (2022: HK\$354,105,347).

The Group carried out an impairment assessment on the SkQ1 Product by estimating the recoverable amount. The key assumptions and inputs used in the impairment assessment include probability of obtaining regulatory approval of 46.7%, pricing and market access risks of 43.3% and annual discount rate of 32.5%. The result of the impairment assessment indicated that there was no impairment as at 31 December 2023 and 2022. The Directors believe that any reasonable possible change in such key assumptions would not cause an impairment loss to the Group.

(ii) In 2020, the Group entered into a co-development and exclusive license agreement with an independent third party, Shanghai Henlius Biotech, Inc. ("Henlius") under which the Group has agreed to fund 80% of the development costs of a pharmaceutical product that contains an anti-vascular endothelial growth factor (anti-VEGF) as a drug substance (the "Licensed Product"), which is intended for the treatment of exudative (wet) age-related macular degeneration. In return, the Group has obtained an exclusive license for the regulatory development, manufacture and commercialisation of the Licensed Product worldwide, subject to commercial sales milestone payment and royalties levied on net sales of the Licensed Product payable to Henlius.

During the year ended 31 December 2023, the development cost incurred in the Licensed Product was HK\$70,312,529 (2022: HK\$64,652,204). As at 31 December 2023, the carrying amount of the Licensed Product was HK\$280,218,468 (2022: HK\$215,333,767).

The Group carried out an impairment assessment on the Licensed Product by estimating the recoverable amount. The key assumptions and inputs used in the impairment assessment include annual discount rate of 32.5%. The result of the impairment assessment indicated that there was no impairment as at 31 December 2023 and 2022. The Directors believe that any reasonable possible change in such key assumptions would not cause an impairment loss to the Group.

(iii) In 2022, the Group acquired intellectual property rights and right of Marketing Authorisation Holder relating to 適麗順® (Iodized Lecithin Capsules\*) at an effective consideration of HK\$144,079,537. As at 31 December 2023, the carrying amount was HK\$118,874,144 (2022: HK\$136,069,168).

For the year ended 31 December 2023

# 21. Other Intangible Assets (Continued)

Notes:

- (a) During the year ended 31 December 2022, the capitalised costs of two development projects were impaired by the Group as a result of the Group deciding not to further proceed with these two development projects which deviated from the Group's business direction. Accordingly, an aggregate loss of HK\$13,011,953 on the development expenditure was recognised in profit or loss.
- (b) During the year ended 31 December 2023, certain intellectual property rights acquired from 成都上工醫信科技 有限公司 (Chengdu Shanggong Medical Technology Co., Ltd.\*) ("Shanggong") were impaired by the Group as the management assessed that such intangible asset will not generate probable future economic benefits to the Group in accordance with the latest business plan of the Group which is to maintain its focus on existing principal activities that do not utilise these intellectual property rights. The recoverable amount, being its value in use, was approximately HK\$12.0 million as at 31 December 2023. Accordingly, an aggregate loss of HK\$5,049,442 was recognised in profit or loss.

## 22. Convertible Loan Receivables

- (i) In 2018, the Group entered into an agreement with an independent third party ("Investee A") to subscribe for a convertible loan with principal amount of US\$4,500,000 (approximately HK\$35,278,200) which carries interest at 5% per annum with maturity on 31 July 2022 ("Convertible Loan A"). On 7 January 2022, the Group entered into a supplementary agreement with Investee A to extend the maturity date of Convertible Loan A to 31 July 2024. The entire principal amount of Convertible Loan A can be converted into such number of shares representing 45% of the enlarged and fully diluted share capital of Investee A at any time before the maturity date. In the event that no conversion has been taken place before maturity date, Investee A shall repay the Group the outstanding principal amount plus an amount calculated by the Group which would yield a return for the Group on the principal amount of Convertible Loan A of 8% per annum. The first tranche in the principal amount of US\$600,000 (equivalent to HK\$4,696,774) ("Tranche A of Convertible Loan A") was disbursed to Investee A in 2018. In 2022, the second tranche in the principal amount of US\$600,000 (equivalent to HK\$4,666,004) ("Tranche B of Convertible Loan A") was subscribed by the Group. Tranches A and B of Convertible Loan A are classified as financial assets at FVTPL upon the initial recognition.
- (ii) In 2019, the Group entered into a convertible loan agreement with an independent third party, Shanggong, with principal amount of RMB15,000,000 (equivalent to HK\$17,045,455) which carries interest at 10% per annum with maturity on 1 January 2021 ("Convertible Loan B"). On 23 December 2020, the Group entered into a supplementary agreement with Shanggong to (i) extend the maturity date of Convertible Loan B to 1 January 2022; and (ii) adjust the interest rate to 12% per annum. The principal amount of Convertible Loan B can be converted into such equity interest representing approximately 8.11% of the entire equity interest of Shanggong at any time before the maturity date. Convertible Loan B is classified as financial asset at FVTPL upon the initial recognition.

In 2022, Convertible Loan B of HK\$5,928,260 was settled by way of acquiring certain intellectual property rights from Shanggong.

# 22. Convertible Loan Receivables (Continued)

- (iii) In 2020, 2021 and 2022, the Group made available certain convertible loans to Antikor Biopharma Limited ("Antikor") in the aggregate principal amount of US\$3,250,000 (equivalent to HK\$25,302,724) which carry interest at 5% per annum with maturity on 30 September 2023 ("Convertible Loan C"). On 22 November 2023, the Group entered into two amendment agreements with Antikor to extend the maturity of Convertible Loan C to 30 April 2024. The aggregate principal amount of Convertible Loan C can be converted into such number of shares representing 23.43% of the enlarged and fully diluted share capital of Antikor at any time before the maturity date. Convertible Loan C is classified as financial asset at FVTPL upon the initial recognition.
- (iv) In 2021, the Group entered into a convertible loan agreement with an independent third party, Mitotech S.A., with principal amount of US\$1,200,000 (equivalent to HK\$9,323,389) which carries interest at 8% per annum with maturity on 15 October 2022 ("Convertible Loan D"). The principal amount of Convertible Loan D can be converted into such number of shares representing 1% of the enlarged and fully diluted share capital of Mitotech S.A. at any time before the maturity date. Convertible Loan D is classified as financial asset at FVTPL upon the initial recognition.

In 2022, Convertible Loan D of HK\$9,131,052 was settled by way of acquiring a patent and know-how licence relating to SkQ1 in the field of dermatology from Mitotech S.A.

The Group's convertible loan receivables are as follows:

# 22. Convertible Loan Receivables (Continued)

The movements in fair values of convertible loan receivables classified as level 3 in the fair value hierarchy are as follows:

	HK\$
At 1 January 2022	39,976,864
Additions	12,513,587
Settlement	(15,059,312)
Change in fair value recognised in profit or loss	(246,560)

Change in fair value recognised in profit or loss	4,953,763
At 31 December 2023	41,820,601

As at 31 December 2023, the fair values of convertible loan receivables are calculated using Binomial Share Option Model with the following key assumptions:

	Convertible Loan A	Convertible Loan C
Stock price	US\$0.0014	US\$0.1822
Conversion price	US\$1	US\$0.195 - US\$0.588
Expected volatility	52%	74%

The key significant unobservable inputs to determine the fair value of convertible loan receivables are the stock price and expected volatility. A higher in the stock price and expected volatility would result in an increase in the fair value of convertible loan receivables, and vice versa.

During the loan period, the Group was entitled to appoint one director of Investee A in accordance with the agreement of the convertible loan receivable. Taking into account the right to appoint director and the potential voting right in accordance with HKAS 28 *Investments in Associates and Joint Ventures*, the Group has regarded Investee A as an associate of the Group. As at 31 December 2023 and up to the date of approval of these financial statements, the Group has not converted the convertible loan receivable into equity interest of Investee A, and therefore the Group is not entitled to share the profit or loss of Investee A and accordingly, has no interest in this associate.

# 27. Pledged Bank Deposits and Restricted Cash

Pledged bank deposits of the Group represent deposits pledged to banks to secure banking facilities granted to the Group, and will be released upon the release of the relevant banking facilities.

In October 2022, the main contractor in charge of the construction work of the Group's second factory in the PRC has initiated legal proceedings against one of the subsidiaries of the Company seeking compensation for the disputed construction progress payments and has obtained a court order to freeze certain bank accounts of such subsidiary of which bank balance of HK\$3,405,969 as at 31 December 2023 (2022: HK\$52,941,562) was affected. The Directors, based on the advice from the Group's legal counsel, believe that the Group has a valid defence against the allegation and accordingly, the Group has not provided for any claim arising from the litigation.

## 28. Cash and Cash Equivalents

As at 31 December 2023, cash and cash equivalents denominated in Renminbi ("RMB") amounted to approximately HK\$266,603,000 (2022: approximately HK\$358,600,000). RMB is not freely convertible into foreign currencies in the PRC. Under the PRC's Foreign Exchange Control Regulations and Administration of Settlement and Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for foreign currencies through banks authorised to conduct foreign exchange business.

Cash at bank earns interest at floating rates based on daily bank deposit rates. Short-term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short-term time deposit rates.

# 31. Convertible Loan Payable

On 6 July 2016 ("Issue Date"), the Group entered into a convertible loan agreement with International Finance Corporation ("IFC"), pursuant to which IFC agreed to lend, and the Group agreed to borrow, a convertible loan in an aggregate principal amount of HK\$150,000,000 at an interest rate of 1.9% per annum (the "Convertible Loan Payable"). Subject to the terms of the convertible loan agreement, IFC has the right to convert all or any part of the outstanding principal amount of the Convertible Loan Payable into shares of the Company at a conversion price of HK\$5.90 per share (subject to anti-dilutive adjustments as set out in the convertible loan agreement) at any time prior to the maturity date on 2 August 2021. On 10 July 2020, the Group and IFC entered into an amendment agreement to the convertible loan agreement to extend the maturity date for a period of 3 years to 2 August 2024. On 6 October 2020, the amendment agreement has become effective. The Company accounted for the extension as a derecognition of the existing financial liability and the recognition of a new financial liability with a gain recognised on extinguishment, being the difference between the fair value of consideration given to extinguish the financial liability and its previous carrying amount.

The Company shall repay the outstanding principal amount of the Convertible Loan Payable on the maturity date together with the make whole premium calculated at (i) 6% per annum; or (ii) 8% per annum if there exists a change of control which occurs when, among others, (a) there is a decrease in the shareholdings of the Company's certain shareholders as a group under specified conditions as stipulated in the convertible loan agreement; (b) certain shareholders of the Company as a group cease to be the single largest direct and indirect shareholder of the Company; or (c) any person (other than certain shareholders as a group) by itself or through its affiliates have obtained the power to appoint a majority of the board of directors of the Company.

Pursuant to the convertible loan agreement, unless otherwise agreed in writing by the IFC, the Company shall, within 10 days following the occurrence of a change of control defined in the convertible loan agreement, prepay the outstanding principal amount of the Convertible Loan Payable, together with accrued interest, the make whole premium (if any), increased costs (if any) thereon and all other amounts payable under the convertible loan agreement, including the amount of unwinding costs payable if the prepayment is not made on an interest payment date.

The fair value of the debt component and the equity conversion component were determined at the issuance/extinguishment of the Convertible Loan Payable where appropriate. The fair value of the debt component was calculated using a market interest rate for an equivalent non-convertible bond. The residual amount, representing the value of the equity conversion component, was included in equity. The make whole premium, being an embedded derivative, was measured at fair value separately. At Issue Date and at 31 December 2023, the fair value of the make whole premium was determined by the Directors to be minimal.

# 32. Deferred Tax Liabilities (Continued)

The Group has tax losses arising in Hong Kong of approximately HK\$211 million (2022: approximately HK\$189 million) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised in respect of these losses as it is not considered probable that taxable profits will be available against which the tax losses can be utilised.

Withholding tax on undistributed earnings is calculated at 5% on the distributable earnings of the subsidiaries in the PRC expected to be distributed to the holding company with its principal place of business located in Hong Kong. At the end of the reporting period, undistributed earnings of the subsidiaries in the PRC on which deferred tax has not been provided for amounted to approximately HK\$857 million (equivalent to approximately RMB776 million) (2022: approximately HK\$931 million (equivalent to approximately RMB823 million)) as the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary difference will not reverse in the foreseeable future.

The nature and purpose of each reserve of the Group are set out below:

# (i) Capital reserve

The capital reserve represents discount on acquisition of a subsidiary in prior years.

# (ii) Statutory surplus reserve

In accordance with the PRC Companies Law, the Company's PRC subsidiaries are required to transfer 10% of their profit after tax, as determined in accordance with accounting standards and regulations of the PRC, to statutory surplus reserve until the reserve reaches 50% of their registered capital. Such reserve may be used to reduce any loss incurred by the subsidiary or be capitalised as paid-up capital of the subsidiary. The statutory surplus reserve is non-distributable.

# (iii) Foreign currency translation reserve

The foreign currency translation reserve comprises all foreign exchange differences arising from the translation of the consolidated financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policies set out in note 4(l).

# 35. Share-Based Payments

(a) Equity-settled share option scheme – The 2013 Scheme

The Share Option Scheme was approved on 3 May 2013 (the "2013 Scheme"). The purpose of the 2013 Scheme is to provide incentives and rewards to eligible participants who contribute to the success of the Group's operations. Eligible participants of the 2013 Scheme include (i) any director, officer, employee or officer employed by any company within the Group or by any member of the Group or a company in which the Group holds an interest or a subsidiary of such company ("Affiliate") (whether full time or part time) ("Employee"), consultant, professional, customer, supplier (whether of goods or services), agent, partner or adviser of or contractor to an Affiliate; or (ii) the trustee of any trust the beneficiary of which or any discretionary trust the discretionary objects of which include any director, officer, Employee, consultant, professional, customer, supplier (whether of goods or services), agent, partner or adviser of or contractor to any member of the Group or an Affiliate; or (iii) a company beneficially owned by any director, officer, Employee, consultant, professional, customer, supplier (whether of goods or services), agent, partner or adviser of or contractor to any member of the Group or an Affiliate.

The maximum number of shares which may be issued upon the exercise of all outstanding share options granted and yet to be exercised under the 2013 Scheme and any other schemes involving the issue or grant of options or similar rights over shares or other securities by the Company must not, in aggregate, exceed 30% of the shares in issue from time to time. A nominal consideration of HK\$1 is payable by the grantee upon acceptance of an option.

The subscription price of shares under the 2013 Scheme may be determined by the board of directors at its absolute discretion but in any event will not be less than the highest of (i) the nominal value of the shares; (ii) the closing price of the shares as stated in the Stock Exchange's daily quotation sheet on the date of grant, which must be a business day; and (iii) the average of the closing price of the shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of grant of the relevant share option.

Any grant of share options to any director, chief executive or substantial shareholder or any of their respective associates must be approved by the independent non-executive directors of the Company (but excluding, for all purposes, any independent non-executive director of the Company who is a proposed grantee). Where any grant of share options to a substantial shareholder or an independent non-executive director of the Company or their respective associates would result in the total number of the shares issued and to be issued upon exercise of the share options granted and to be granted (including options exercised, cancelled and outstanding) to such person in any 12-month period up to and including the date of the grant:

- (i) representing in aggregate over 0.1% of the shares in issue; and
- (ii) having an aggregate value, based on the closing price of the shares at the date of each grant, in excess of HK\$5 million,

such further grant of share options must be approved by the shareholders of the Company. The Company must send a circular to its shareholders. All connected persons must abstain from voting in favour at such general meeting. Any vote taken at the meeting to approve the grant of such share options must be taken on a poll in accordance with the Listing Rules.

The 2013 Scheme has been expired on 2 May 2023.

(a) Equity-settled share option scheme – The 2013 Scheme (Continued)

Share options granted on 27 June 2018

Pursuant to a board resolution on 27 June 2018, the Company granted 1,000,000 share options to an employee of the Group under the 2013 Scheme. Set out below were details of the outstanding options granted under the 2013 Scheme:

- (1) All options granted were at an exercise price of HK\$10.00 per share;
- (2) The holder of options might only exercise the options in the following manner:

The share options will be vested in 3 tranches, i.e. the first 30% from two years after the date of grant, the second 30% from three years after the date of grant and the remaining 40% from four years after the date of grant;

(3) All outstanding or unexercised share options granted to the grantee were lapsed on 26 June 2023.

## (b) Equity-settled share option scheme – The 2023 Scheme

The Share Option Scheme was approved on 9 June 2023 (the "2023 Scheme"). The purpose of the 2023 Scheme is to provide incentives and rewards to eligible participants who contribute to the success of the Group's operations. Eligible participants of the 2023 Scheme include (i) any director of the Company or any of its subsidiaries or any employee employed by the Company and/or any of its subsidiaries (whether full time or part time, including persons who are granted options under the 2023 Scheme as an inducement to enter into employment contract with any of such companies) ("Category A Participant"); (ii) any director or employee (whether full time or part time) of any of the Company's holding companies, fellow subsidiaries and associated companies ("Category B Participant"); or (iii) any person who provides services to the Group on a continuing or recurring basis in its ordinary and usual course of business which are in the interests of the long-term growth of the Group, including consultants and advisors of the Company with relevant expertise in fields related to biotechnology and capital market, and investor relations consultants, which could provide insights on areas such as investor relations, market development and promotion, technological trends and innovations, as well as management (excluding any placing agents or financial advisors providing advisory services for fundraising, mergers or acquisitions, and professional service providers such as auditors or valuers who provide assurance, or are required to perform their services with impartiality and objectivity) ("Category C Participant").

The maximum number of shares in respect of which share options may be granted under the 2023 Scheme shall not, in aggregate, exceed 10.0% of the shares in issue as at the date of approval of the 2023 Scheme (the "Scheme Mandate Limit"). The maximum number of shares in respect of which share options may be granted to all Category C Participants under the 2023 Scheme shall not, in aggregate, exceed 1.0% of the shares in issue as at the date of approval of the 2023 Scheme and 10.0% of the Scheme Mandate Limit. A nominal consideration of HK\$1 is payable by the grantee upon acceptance of an option.

The subscription price of shares under the 2023 Scheme may be determined by the board of directors at its absolute discretion but in any event will not be less than the highest of (i) the nominal value of the shares; (ii) the closing price of the shares as stated in the Stock Exchange's daily quotation sheet on the date of grant; and (iii) the average of the closing price of the shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of grant of the relevant share option.

Any grant of share options to any director, chief executive or substantial shareholder or any of their respective associates must be approved by the independent non-executive directors of the Company (but excluding, for all purposes, any independent non-executive director of the Company who is a proposed grantee). Where any grant of share options to a substantial shareholder or an independent non-executive director of the Company or their respective associates would result in the total number of the shares issued and to be issued upon exercise of the share options and awards granted under the 2023 Scheme or other schemes to such person in the 12-month period up to and including the date of the grant representing in aggregate over 0.1% of the shares in issue, such further grant of share options must be approved by the shareholders of the Company. The Company must send a circular to its shareholders. The relevant grantee, his or her associates and all core connected persons of the Company must abstain from voting in favour at such general meeting. Any vote taken at the meeting to approve the grant of such share options must be taken on a poll in accordance with the Listing Rules.

During the year ended 31 December 2023, no share option has been granted, exercised or lapsed under the 2023 Scheme.

# 36. Business Combination

On 8 March 2022, the Group acquired effectively 100% equity interest in Guangdong Hanfeng Baisheng Pharmaceutical Co., Ltd. ("Hanfeng Baisheng") from an independent third party with nil consideration. Hanfeng Baisheng is engaged in the sale of pharmaceutical products. The acquisition was in line with the Group's expansion strategies and will enable the Group to strengthen its ophthalmology business.

The fair values of the identifiable assets and liabilities of Hanfeng Baisheng as at the date of acquisition were as follows:

	rair value recognised on acquisition
Property, plant and equipment	121,085
Inventories	7,417,556
Trade and other receivables	53,099,000
Bank balances	3,471,720
Other payables	(101,157,739)
Total identifiable net liabilities at fair value	(37,048,378)
Goodwill on acquisition	37,048,378
Consideration	

None of the trade and other receivables have been impaired and it is expected that the full contractual amounts can be collected.

The goodwill, which is not deductible for tax purposes, represents the value of expected synergies arising from the combination of the acquired business with the existing operations of the Group.

An analysis of the cash flows in respect of the acquisition of Hanfeng Baisheng is as follows:

	HK\$
Bank balances acquired and net inflow of cash and	
cash equivalents included in cash flows from investing activities	3,471,720

Since the acquisition, Hanfeng Baisheng contributed approximately HK\$108.1 million to the Group's revenue and approximately HK\$6.3 million to the Group's profit for the year ended 31 December 2022.

Had the combination taken place at the beginning of 2022, the revenue and profit of the Group for 2022 would have been approximately HK\$1,320.4 million and approximately HK\$223.4 million, respectively.

# 40. Financial Risk Management

The main risks arising from the Group's financial instruments in the normal course of the Group's business are credit risk, liquidity risk, interest rate risk and currency risk.

These risks are limited by the Group's financial management policies and practices described below.

#### (a) Credit risk

The Group's credit risk is primarily attributable to its trade and other receivables, convertible loan receivables and bank balances. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

In respect of trade and other receivables, individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations focus on the customers' past history of making payments including ECL rates when due and current ability to pay, and take into account information specific to the customers as well as pertaining to the economic environment in which the customers operate. Ongoing credit evaluation is performed on the financial condition of trade receivables. Normally, the Group does not obtain collateral from customers.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The default risk of the industry in which customers operate also has an influence on ECL risk. At the end of reporting period, the Group has a certain concentration of credit risk as 30% (2022: 30%) and 57% (2022: 52%) of the total trade receivables was due from the Group's largest customer and the five largest customers respectively.

The Group measures loss allowances for trade receivables at an amount equal to lifetime ECLs, which is calculated using a provision matrix. As the Group's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the loss allowance based on past due status is not further distinguished between the Group's different customer bases.

ECL rates are based on actual loss experience. These rates are adjusted to reflect differences between economic conditions during the year over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables. No impairment for trade and other receivables is provided as the amount of additional impairment measured under the ECLs model is immaterial.

Further quantitative disclosures in respect of the Group's exposure to credit risk arising from trade and other receivables are set out in note 25.

The credit risk on bank balances is limited because the counterparties are banks with high credit-rating or with good reputation.

For the year ended 31 December 2023

# 40. Financial Risk Management (Continued)

# (b) Liquidity risk

The Group's policy is to regularly monitor its liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term.

The following tables show the remaining contractual maturities at the end of the reporting period of the Group's financial liabilities, based on undiscounted cash flows (including interest payments computed using contractual rates or, if floating based on rates current at the reporting date) and the earliest date the Group can be required to pay.

Specifically, for bank loans which contain a repayment on demand clause which can be exercised at the bank's sole discretion, the analysis shows the cash outflow based on the earliest period in which the entity can be required to pay, that is if the lenders were to invoke their unconditional rights to call the loans with immediate effect.

# 40. Financial Risk Management (Continued)

#### (b) Liquidity risk (Continued)

Maturity analysis based on scheduled repayments of bank loans which contain a repayment on demand clause

	Carrying amount HK\$	Within 1 year HK\$	More than 1 year but less than 5 years HK\$	Total contractual undiscounted cash flow HK\$
At 31 December 2023 Bank borrowings	48,808,736	18,996,632	32,215,370	51,212,002
At 31 December 2022 Bank borrowings	135,705,467	90,304,133	52,571,244	142,875,377

#### (c) Interest rate risk

Interest rate risk relates to the risk that the fair value or cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's interest rate risk arises primarily from cash at bank, restricted cash, pledged bank deposits and bank borrowings. Borrowings bearing variable and fixed rates expose the Group to cash flow interest rate risk and fair value interest rate risk respectively.

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with a floating interest rate. The Group has not implemented any procedures to hedge its interest rate risk.

At 31 December 2023, it is estimated that a general increase/decrease of 50 basis points in interest rates, with all other variables held constant, would increase/decrease the Group's profit after income tax and retained earnings by approximately HK\$1,761,000.

At 31 December 2022, it is estimated that a general increase/decrease of 50 basis points in interest rates, with all other variables held constant, would increase/decrease the Group's profit after income tax and retained earnings by approximately HK\$1,255,000.

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred at the end of each of the relevant periods and had been applied to the exposure to interest rate risk for the borrowings in existence at that date. The 50 basis point increase or decrease represents management's assessment of a reasonably possible change in interest rates over the period until the next annual reporting date. The analysis was performed on the same basis for 2022.

# (d) Currency risk

The Group's main operations are currently in the PRC with most of the transactions settled in RMB and did not have significant exposure to risk resulting from changes in foreign currency exchange rates.

For the year ended 31 December 2023

# 41. Capital Risk Management

The Group's objective of managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debts.

The capital structure of the Group consists of debts, which includes the bank borrowings and convertible loan payable, cash and cash equivalents, pledged bank deposits, restricted cash and total equity. The Group's management regularly reviews the capital structure. As part of this review, the management considers the cost of capital and the risks associated with each class of capital.

The gearing ratio of the Group at the end of reporting period was as follows:

	2023 HK\$	2022 HK\$
Bank borrowings Convertible loan payable Less: Cash and cash equivalents Less: Pledged bank deposits Less: Restricted cash	91,461,074 180,460,415 (509,845,284) – (3,405,969)	329,451,117 157,715,217 (543,486,017) (14,275,000) (52,941,562)
Net cash and pledged bank deposits	(241,329,764)	(123,536,245)
Total equity	1,923,777,225	1,731,366,805
Net debt to equity ratio	N/A	N/A

The Group monitors capital using a gearing ratio, which is net debts divided by total equity. Net debts are calculated as the sum of borrowings less the sum of cash and cash equivalents, pledged bank deposits and restricted cash as shown in the consolidated statement of financial position. The Group aims to maintain the gearing ratio at a reasonable level and the Directors are of the opinion that the Group's gearing ratio was maintained at reasonable level at the reporting dates.

The consolidated results of the Group for the years ended 31 December 2023 and 2022 are as set out on page 58 of the audited financial statements.
- 2. The consolidated assets and liabilities of the Group as at 31 December 2021, 2020 and 2019 are extracted from the published audited financial statements for the years ended 31 December 2021, 2020 and 2019. The consolidated assets and liabilities of the Group as at 31 December 2023 and 2022 are as set out on page 59 of the audited financial statements.

The principal objective of Essex Bio-Technology Limited (the "Company", together with its subsidiaries, the "Group") is to enhance long-term total return for all its stakeholders. To achieve this objective, the Group focuses on achieving recurring and sustainable earnings, cash flows and dividend growth without compromising the Group's financial strength and stability. At the same time, good environmental conditions, social influence and governance structure are crucial to the development of the Group. As such, while seeking to pursue growth in its performances, the Group has also been constantly striving for excellence in areas such as environmental protection, social responsibility and corporate governance.

The board (the "Board") of directors of the Company (the "Directors") plays a leading role in defining the purpose, values and strategic direction of the Group and in fostering a culture that is forward looking, change embracing and competitiveness focused. The desired culture is developed and reflected consistently in the general operating practices of the Group, workplace policies and practices as well as relations with stakeholders. Taking into account the corporate culture in a range of contexts, the Board considers that the culture and the purpose, value and strategies of the Group are aligned.

# CORPORATE GOVERNANCE PRACTICES

The Company is committed to achieving good corporate governance practices by emphasising its accountability, transparency, independence, responsibility and fairness. The Company is dedicated to exercise corporate governance through regular reviews of its adopted practices with reference to the Corporate Governance Code as set out in Appendix C1 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"), and ensuring a quality Board and transparency and accountability to shareholders of the Company.

The Board also supports the Company's commitment in fulfilling the environmental, social and governance ("ESG") responsibilities by formulating the Company's ESG management policies and strategies, identifying, prioritising and managing important ESG-related issues in combination with stakeholder communication and materiality assessment results, as well as setting ESG performance objectives and reviewing the completion progress regularly.

The Company has complied with the code provisions of the Corporate Governance Code as set out in Appendix C1 to the Listing Rules throughout the financial year ended 31 December 2023.

# DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted procedures governing directors' securities transactions in compliance with the Model Code for Securities Transactions by Directors of Listed Issuers as set out in Appendix C3 to the Listing Rules (the "Model Code"). Having made specific enquiry of the Directors, all the Directors have confirmed that they have fully complied with the required standards and provisions as set out in the Model Code throughout the financial year ended 31 December 2023.

# **BOARD OF DIRECTORS**

The Board, which currently comprises seven Directors, is responsible for the determination and setting of corporate strategies, reviewing annual and interim results, succession planning, risk management, approving and reviewing major acquisitions, disposals and capital transactions, and overseeing other significant operational and financial matters. Major corporate matters that are specifically delegated by the Board to the management include the preparation of annual and interim accounts for Board approval before public reporting, execution of business strategies and initiatives adopted by the Board, implementation of adequate systems of internal controls and risk management procedures, and compliance with relevant statutory requirements and rules and regulations.

Details of backgrounds and qualifications of the chairman of the Board and the other Directors are set out in the section headed "Profiles of Directors and Senior Management" in this report. Save for the father-son relationship between Ngiam Mia Je Patrick and Ngiam Hian Leng Malcolm, there is no other relationship (including financial, business, family or other material/relevant relationship(s)) between the Directors. All the Directors have given sufficient time and attention to the affairs of the Group. Each executive Director has sufficient experience to hold the position so as to carry out his/her duties effectively and efficiently.

To improve the transparency and independency of the corporate governance of the Company, the chairman and the managing Director (who is responsible for the day-to-day management of the Company's business) of the Company are segregated and are not exercised by the same individual since August 2005. Ngiam Mia Je Patrick is the chairman of the Board and an executive Director, and Fang Haizhou is the managing Director and an executive Director.

The Company appointed three independent non-executive Directors who are considered to be having the appropriate and sufficient experiences and qualifications to carry out their duties so as to protect the interests of the shareholders of the Company. Fung Chi Ying, Yeow Mee Mooi and Yan Man Sing Frankie are the independent non-executive Directors. Each of their term of appointment will end on 30 September 2024, determinable by either party serving not less than one month's written notice on the other. In particular, Yan Man Sing Frankie has been appointed as an independent non-executive Director with effect from 9 June 2023, and he has obtained the legal advice from Deacons, a firm of solicitors qualified to advise on Hong Kong law, as regards the requirement under the Listing Rules that are applicable to him as an independent non-executive Director and the possible consequences of making false declaration or giving false information to The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 13 June 2023. Yan Man Sing Frankie has confirmed that he understood his obligations as an independent non-executive Director.

All the Directors are subject to retirement by rotation and re-election at the annual general meeting in accordance with the Company's articles of association. Any Director appointed by the Board to fill a casual vacancy shall hold office until the first general meeting of the Company after his/her appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election.

The Company has arranged for appropriate insurance cover in respect of legal actions against the Directors.

The Board is responsible for the leadership and control of the Company and overseeing the Group's businesses, strategic decisions and performances. The Board is delegated with the authority and responsibility for the management of the Group. In addition, the Board has also established various Board committees, including the audit committee (the "Audit Committee"), the remuneration committee (the "Remuneration Committee"), the nomination committee (the "Nomination Committee") and the corporate governance committee (the "Corporate Governance Committee") and has delegated various responsibilities to these committees.

The Company has adopted the practice of holding regular Board meetings at least four times a year. In particular, the Board held a full board meeting for each quarter during the year ended 31 December 2023. Apart from regular board meetings, the Board will meet on other occasions when a board level decision on a particular matter is required. Each of the members of the Board has full access to relevant information at the meetings.

The executive Directors and senior management of the Company, as delegated by the Board, are responsible for implementing the determined strategies and policies and the day-to-day management of the Group's business.

The Company has received from each of the independent non-executive Directors a written confirmation of independence pursuant to Rule 3.13 of the Listing Rules. The Company thus considers all the independent non-executive Directors to be independent, and are able to provide independent views and inputs to the Board.

Four Board meetings and one annual general meeting were held during the year ended 31 December 2023. The attendance record for the Board meetings and general meeting is as follows:

Directors	Board meetings attendance (Note)	General meeting attendance (Note)
Executive Directors		, , , ,
Ngiam Mia Je Patrick	4/4	1/1

#### REMUNERATION COMMITTEE

The Remuneration Committee was established in August 2005. The chairperson of the committee is Yeow Mee Mooi, an independent non-executive Director, and other members include Ngiam Mia Je Patrick, the chairman of the Board and an executive Director, Fung Chi Ying and Yan Man Sing Frankie, both being independent non-executive Directors. The majority of the members of the Remuneration Committee are independent non-executive Directors.

The existing terms of reference of the Remuneration Committee have been adopted on 1 April 2012 in compliance with the amendments to the Listing Rules which became effective on 1 April 2012. Such terms of reference are available on the websites of the Stock Exchange and the Company.

The role and function of the Remuneration Committee include the making of recommendations to the Board on the specific remuneration packages of all executive Directors and senior management, including benefits in kind, pension rights and compensation payments (which include any compensation payable for loss or termination of their office or appointment), and the making of recommendations to the Board on the remuneration of non-executive Directors. The Remuneration Committee should consider factors such as salaries paid by comparable companies, time commitment and responsibilities of the Directors, employment conditions elsewhere in the Group and desirability of performance-based remuneration.

The Company has adopted the model whereby the Remuneration Committee makes recommendations to the Board on the remuneration packages of individual executive Directors and senior management, which should include benefits in kind, pension rights and compensation payments, and any compensation payable for loss or termination of their office(s) or appointment(s), and to make recommendations to the Board on the remuneration of non-executive Directors.

During the year under review, two meetings of the Remuneration Committee were held. Details of the attendance of the Remuneration Committee meetings are as follows:

Members	Attendance (Note)
Yeow Mee Mooi (Chairperson)	2/2
Ngiam Mia Je Patrick	2/2
Fung Chi Ying	2/2
Mauffrey Benoit Jean Marie (retired with effect from 9 June 2023)	2/2
Yan Man Sing Frankie (appointed with effect from 9 June 2023)	0/0

*Note:* Attendances of the members of the Remuneration Committee for the year ended 31 December 2023 was made by reference to the total number of such meetings held during their respective tenure.

The Remuneration Committee has considered and reviewed the terms of employment contracts of the executive Directors and appointment letters of the independent non-executive Directors and has assessed the performance of the Directors. The Remuneration Committee considers that the terms of employment contracts of the executive Directors and appointment letters of the independent non-executive Directors are fair and reasonable.

Furthermore, the Remuneration Committee is also responsible for approving the granting of options to the grantees and any changes to the terms of the options granted to a grantee under the share option schemes as approved by the shareholder of the Company at the annual general meetings held on 3 May 2013 and 9 June 2023. As there was no exercise of share options granted under the Company's share option schemes for the year ended 31 December 2023, the Remuneration Committee was not required to review and/or approve the relevant matters during the year ended 31 December 2023.

# NOMINATION COMMITTEE

The Nomination Committee was established in August 2005. The chairperson of the committee is Yeow Mee Mooi, an independent non-executive Director, and other members include Ngiam Mia Je Patrick, the chairman of the Board and an executive Director, Fung Chi Ying and Yan Man Sing Frankie, both being independent non-executive Directors.

The existing terms of reference of the Nomination Committee have been adopted on 1 April 2012 in compliance with the amendments to the Listing Rules which became effective on 1 April 2012. Such terms of reference are available on the websites of the Stock Exchange and the Company.

The role and function of the Nomination Committee include recommending the appointment and removal of Directors. The Nomination Committee considers the past performance, qualification, general market conditions and the Company's articles of association in selecting and recommending candidates for directorship. The Nomination Committee also reviews the structure, size and composition of the Board and assesses the independence of the independent non-executive Directors.

In addition, the Board adopted a board diversity policy on 7 March 2014 (the "Diversity Policy"). Under the Diversity Policy, the Company recognises the benefits of board diversity and supports the principle that diversity can strengthen the performance of the Board, promote effective decision-making and better corporate governance and monitoring. For the year ended 31 December 2023, the Board has reviewed the implementation of the Diversity Policy, and is of the view that the policy remains appropriate and effective.

The Company believes that a diversified board will include and make good use of the differences in skills, experience and background, technical and industry experience, ethnicity, gender, age, nationality, knowledge and length of service and other qualities of the members of the Board. These factors will be considered in determining the optimum composition of the Board and all Board appointments will be based on merit, having due regard to the overall effective function of the Board as a whole.

Gender diversity of the Board stands at a relatively high level (29%, two females out of seven Directors) amongst companies listed on the Stock Exchange, and we aim to maintain the gender diversity of the Board going forward. The Board places tremendous emphasis on diversity (including gender diversity) across all levels of the Group (including senior management). Among senior management of the Company, 22% are females (two out of nine senior management members). The total gender diversity of the Group is balanced, with a slightly higher female employee base due to the relative higher proportion of female employees under the sales and marketing division. The Company will proactively provide trainings to Directors and senior management and will take into account the factor of gender diversity when recruiting suitable candidates for mid to senior management of the Company in the future, so as to develop a pipeline of potential successors for the Board and continue to enhance gender diversity in the Board in the coming years. To support diversity across all facets, beyond gender, including ethnicity, race, nationality, religion, age, political affiliation and marital status, the Group is enhancing diversity and inclusion efforts through employee networks, mentoring programmes, equitable hiring practices, policies and awareness raising events and training for all employees to support inclusive behaviours. Further details on the gender ratio of the Group and initiatives taken to improve gender diversity across senior management and the workforce can be found in the 2023 Environmental, Social and Governance Report of the Company, which will be published at the same time as the publication of this report.

The Nomination Committee reviews and assesses the composition of the Board and, where appropriate, makes recommendations on any proposed changes to the Board to complement the Company's corporate strategies. With respect to the nomination of new Directors, the Nomination Committee (a) takes appropriate measures to identify and evaluate a candidate based on the criteria set out above; (b) may consider a candidate recommended or offered for nomination by the Board or shareholders of the Company; and (c) makes recommendation and submits the candidate's personal profile to the Board for consideration.

The Board considers the current Board composition has provided the Company with a good balance and diversity of skills and experiences appropriate to the requirements of its business. The Board will continue to review its composition from time to time taking into consideration specific needs for the Group's business.

#### DIRECTORS' AND AUDITOR'S RESPONSIBILITIES FOR ACCOUNTS

The Directors acknowledge that they are responsible for the preparation of financial statements for each financial period which gives a true and fair view of the state of affairs of the Group. In preparing the financial statements for the year ended 31 December 2023, the Directors have selected appropriate accounting policies and applied them consistently, and have prepared the financial statements on a going concern basis.

The external auditor of the Group has also stated its reporting responsibility in the auditor's report on the consolidated financial statements for the year ended 31 December 2023.

# RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges that a sound system of internal control and risk management practices are essential in ensuring good corporate governance and pursuing the achievement of the strategic goals of the Group. The Board also acknowledges that it is the Board's responsibility to ensure that the Group maintains sound and effective internal controls to safeguard the assets of the Group at all times. The Board reviews and monitors the effectiveness of the internal control and risk management systems on a yearly basis to ensure that the systems in place are adequate, and it has conducted a review of the risk management and internal control systems during the year under review.

The risk management and internal control systems of the Group are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

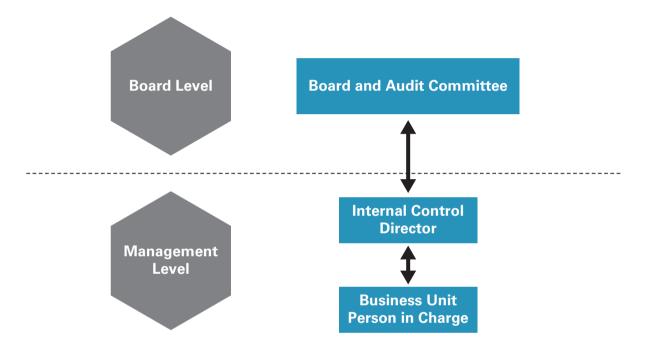

The Board is also involved in the materiality assessment and prioritisation of ESG-related issues that may have significant influence on the Company's long-term sustainability. Key ESG risks have been incorporated into the Company's risk management system and the Company has formulated risk response measures by considering the possibility, impact and trends of key ESG risks. The Board has regularly reviewed these key risks and has made recommendations to the measures taken.

The Company has established and given effect to its anti-corruption policy and whistleblowing policy and procedures, of which further details can be found in the 2023 Environmental, Social and Governance Report of the Company, which will be published at the same time as the publication of this report.

# Risk Management and Internal Control Framework

#### Risk management

In order to continuously improve the risk management and internal control systems, as well as to enhance the level of management and risk prevention capabilities, the Company has developed a risk management manual (the "Risk Management Manual"), established risk management strategy and structure, as well as defined the measures for risk assessment and risk management reporting procedures since 2016. The organisational structure for risk management is set out as follows:

**The Board and Audit Committee** oversee the structure and performance of the risk management functions and assess the effectiveness of the underlying risk management system.

**Management of business units** work together with the internal control director to perform risk assessment at operational level, and is responsible for monitoring and managing the risks identified in activities and operations. The internal control director is responsible for coordinating and conducting risk assessments in accordance with the Risk Management Manual and reporting risk management status to the Audit Committee annually.

The four key steps in the risk management process are:

- **Risk identification and assessment** identify the key risks of the Group and analyse the risk by considering the possibility of occurrence and their implication;
- Risk handling adopt appropriate risk management strategy and risk response plans;
- Risk monitoring create mechanisms for monitoring to ensure the risk response plans are executed smoothly:
- Risk reporting summarise the result of risk assessment and report to the Audit Committee.

In the risk management process, the top risks within the Group are identified and assessed; and the respective risk management measures as well as the corresponding mitigating controls are discussed, agreed and implemented by the management. Risk assessment results are reported by the internal control director to the Audit Committee and the Board annually.

#### Internal control

The internal control framework of the Group has been established based on the framework developed by Committee of Sponsoring Organisations of the Treadway Commission for internal controls. To assist the Audit Committee in its overseeing and monitoring activities, the Group maintains an independent internal audit function. The role of internal audit is to provide independent assurance that the risk management, governance and internal control processes of the Group are operating effectively. The internal auditors assess the operating effectiveness of the risk management and internal control systems during their course of audits. They carried out internal audits on all functions and the frequency is determined by the level of assessed risks in each function. Internal auditors shall provide independent and objective reports on operational and management activities of each function. The annual audit plans are reviewed and approved by the Audit Committee and audit findings are submitted to the Audit Committee for review.

The Audit Committee reviews internal control issues identified by the internal auditors, including the remedial actions taken to address and resolve the identified issues, and evaluates the adequacy and effectiveness of their risk management and internal control systems. The Audit Committee also reviews the internal control functions with particular emphasis on the scope and frequency of audits and the adequacy of resources.

To further strengthen the internal control systems, heads of all departments are required to confirm the effectiveness of the internal controls of their respective departments, including the identification of key issues in the control system and the developing of the action plan to remediate the weaknesses of the internal controls. Management is required to submit a confirmation to the Audit Committee and the Board annually to confirm the effectiveness of the risk management and internal control systems of the Group.

Review the effectiveness of the risk management and internal control systems

The internal control director reported to the Audit Committee for the annual risk assessment, internal control review and tests. Key risks are identified and their responsive mitigating controls are documented in the risk registers and reported to the Board by the Audit Committee.

For the year ended 31 December 2023, the Board has conducted the review of risk management and internal control system functions of the Group and considered them to be effective and adequate. The review covers all material controls, including financial, operational and compliance controls, and risk management functions. No significant areas of concern that may affect the Company to achieve strategic goals have been identified.

During the review of risk management and internal control systems of the Group, the Board has assessed the adequacy of resources, staff qualifications, experience, training programmes and budget of the Group's accounting, internal audit, financial reporting functions as well as those relating to the Group's ESG performance and reporting, and considered that these resources are properly allocated.

#### Disclosure of inside information

The Company has established policies and internal controls for the handling and dissemination of inside information to ensure that disclosures are made and/or announcements are published on a timely basis in accordance with the applicable laws and regulations. The Company has implemented procedures for responding to external enquiries about the Group's affairs and has in place a strict prohibition on unauthorised use of inside information.

# CONSTITUTIONAL DOCUMENTS

During the year under review, the Company had not amended its constitutional documents.

#### INVESTOR RELATIONS AND COMMUNICATION WITH SHAREHOLDERS

The Company has established the following communication channels with its shareholders and investors: (i) dispatching printed copies of corporate communication documents to shareholders of the Company; (ii) the opportunity for shareholders of the Company to raise comments and exchange views with the Board during each annual general meeting; (iii) providing the latest and key information of the Group through the website of the Company; and (iv) the Company's share registrar serves the shareholders of the Company in respect of all share registration matters. For the year ended 31 December 2023, the Board has reviewed the implementation of the existing shareholders' communication policy and is of the view that the policy remains appropriate and effective.

## Important Shareholders' Dates in the Coming Financial Year
