CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the Board, I am pleased to present the Chairman's Statement for the year ended December 31, 2024. We deeply appreciate your unwavering support and trust.

In 2024, Yeahka reinforced its position as a leading one-stop technology platform for merchants, integrating AI and generative technologies to expand our product portfolio and deepen our presence across key Asian markets. Our focus on profitability and operational sustainability guided our efforts to optimize our payment and value-added services, streamlining operations, boosting profitability and cash flow, and fueling investments in product development and regional expansion. Our digital ecosystem, processing trillions of RMB in annual transaction volume, enables us to serve merchants with a diverse range of offerings, from merchant solutions to in-store e-commerce services, while addressing their growing AI needs. This interconnected ecosystem drives our strategy to enhance value chain cohesiveness and commercialization.

Business Highlights

AI Technology and Product Innovation

In 2024, we introduced a series of proprietary AI-powered products designed to reduce costs, increase efficiency, and generate revenue for merchants. Our Winsfor business intelligence platform integrates seamlessly with external platforms, driving sales conversion through automated e-store setup, AI content generation, live broadcast planning, and traffic distribution services. In Southeast Asia, we launched the region's first AI Agent through our investee company, Fushi Technology, empowering merchants with voice ordering, transaction data analytics, and personalized marketing content. We also applied AI across our operations, improving efficiency with tools like "Xiaoka Assistant" and "Y-Copilot" coding assistant.

Overseas Expansion and Global Market Penetration

We made significant strides in expanding our overseas presence, achieving a fivefold year-on-year increase in overseas GPV. We expanded our channel network, achieving full acceptance across international card networks, and forming strategic partnerships with major global banks. We also launched in-store e-commerce services in Japan, Singapore, and Hong Kong SAR, further integrating our payment and value-added solutions. Our one-stop solutions have gained traction overseas, attracting large enterprises, chain stores, and household brands, creating a flywheel effect that accelerates the adoption of our products.

CHAIRMAN'S STATEMENT

Sustained Market Leadership in Payment Business and AI-Driven Growth in Payment and Non-Payment Value-Added Services

Our payments business maintained its market leadership, with gross profit more than tripling in the second half of the year compared to the first half. We drove growth through increased collaborations with SaaS partners, banks, and ISOs, as well as broadened regional coverage, particularly in Northeast and Northwest China. We also tailored our payment solutions to vertical markets and strengthened risk management using AI, boosting the machine serving rate to 85%. In merchant solutions, our precision marketing business achieved record transaction volumes and solidified its position in multi-platform marketing, leveraging data-driven distribution across platforms like Tencent and Douyin. Our fintech leadership extended to cover over 90% of the sector's major clients, and we optimized our proprietary credit assessment model to improve risk control and earnings predictability. Our in-store e-commerce business also transformed, focusing on large-scale customers with comprehensive marketing needs. By transitioning from direct sales teams to distribution channels and sales networks, we doubled both revenue and profit per merchant. With the optimization of our fee model, upfront fees now contribute approximately 50% of revenue, ensuring profitability, while AI-driven content generation lowered costs, enabling this business to reach breakeven.

Financial Highlights

In 2024, total revenue reached RMB3,086.7 million, representing a year-on-year decrease of 21.9%. Notably, the revenue contribution from value-added services with higher gross profit margins increased from 11.8% in 2023 to 13.0% in 2024.

Gross profit amounted to RMB728.8 million, with a gross profit margin of 23.6%, up from 18.7% in 2023. Gross profit margin rose further in the second half of 2024 to 28.4%, returning to prepandemic levels.

Profit for the year reached RMB73.0 million, representing an increase of over six-fold compared to 2023.

ESG Commitment

We are committed to sustainable and responsible development. We take pride in our strong ESG performance in 2024, highlighted by a score of 59 in the S&P Global ESG Ratings and an A- rating in the Hang Seng Corporate Sustainability Index. We are also delighted to have been included once again in the S&P Global 2024 Sustainability Yearbook (China Edition), reaffirming our commitment to ESG principles.

CHAIRMAN'S STATEMENT

Outlook

Moving forward, we will continue to harness the transformative power of AI to elevate operational efficiency and product competitiveness. Our sizeable payment volume in China and our fast-growing payment volume overseas provide a solid foundation for extending our one-stop payment and value-added services to more regions and use cases. Moreover, by leveraging our domestic operational experience and established products and investing early in cutting-edge technologies, we will advance our global expansion, further boosting our growth momentum. As we broaden our offerings and enhance our products' commercialization, we will strengthen our market position as a leading payment-based technology platform for merchants across various regions.

Appreciation

We extend our sincere gratitude to our Shareholders, merchants, partners, consumers, and employees for their ongoing support and trust in Yeahka. Your commitment has been crucial to our journey of innovation and excellence. We are especially grateful to our employees, whose dedication drives our success. As we look to the future, we are excited about the opportunities ahead and remain dedicated to creating value for all our stakeholders.

Liu Yingqi Chairman

March 27, 2025

Business Review and Outlook

Business and Financial Summary

- As a payment-based technology company, we have been focusing in recent years on in-depth
 and extensive application of generative AI technology, and have achieved remarkable results
 in reducing costs, increasing efficiency and generating revenue for the Company and our
 customers. Fushi Technology, a company we invested in, launched the first AI Agent industry
 solution for merchants in Southeast Asia.
- For the year ended December 31, 2024, our overseas business transaction volume exceeded RMB1.1 billion, a nearly five-fold year-on-year increase, with expanded business footprint in more Asian countries such as Japan and Singapore;
- Our one-stop payment services continued to lead the industry, with peak number of daily transactions reaching nearly 60 million;
- Against the industry backdrop of decrease in average transaction value per customer in the Reporting Period, our GPV for the year ended December 31, 2024 was RMB2,335.5 billion, representing a decrease of 19.0% compared to 2023;
- Our payment fee rate¹ for the year ended December 31, 2024 was 11.9 basis points (bps), maintaining our commercialization capabilities in line with industry trends;
- Revenue for the year ended December 31, 2024 was RMB3,086.7 million, representing a decrease of 21.9% from 2023;
- Optimization of business structure continued, where revenue contribution from valueadded services with higher gross profit margins (including merchant solutions and in-store e-commerce services) increased from 11.8% of total revenue for the year ended December 31, 2023 to 13.0% in 2024;
- Overall gross profit margin increased from 18.7% for the year ended December 31, 2023 to 23.6% in 2024. Overall gross profit margin for the six months ended December 31, 2024 reached 28.4%, recovering to pre-pandemic levels;
- Leveraging the broader application of AI across the Group's three major business lines, selling, administrative, and research and development expenses for the year ended December 31, 2024 decreased by 11.0%, 10.8%, and 10.5%, respectively, compared to 2023, reflecting cost reduction across the board;
- 1 After eliminating the impact of the "Non-Recurring Adjustment on Revenue". For details, see "- Non-IFRS Measures".

- As a result of actively upgrading our equity shareholding and financing structure and optimizing finance cost, the finance costs for the year ended December 31, 2024 reduced by 31.5% compared to 2023;
- Adjusted EBITDA for the year ended December 31, 2024 was RMB384.5 million. Profit for the year amounted to RMB73.0 million for the year ended December 31, 2024, representing an increase of more than six times compared to 2023. Net cash generated from operating activities for the year ended December 31, 2024 was approximately RMB118.9 million; and
- Gearing ratio decreased to 35.9% as of December 31, 2024 due to the Company's early repurchase of its convertible bonds using its internal cash flow.

About Yeahka

Yeahka is a leading commerce enablement technology platform dedicated to creating value for merchants and consumers. We strive to expand an independent commercial digitalized ecosystem to (i) provide seamless, convenient and reliable payment services to both merchants and consumers through our one-stop payment services; (ii) enable merchants to better manage and drive business growth through our merchant solutions; and (iii) provide consumers with local lifestyle services of great value through our in-store e-commerce services.

Strategic Progress and Outlook

In 2024, we took first-mover advantage to fully embrace AI and generative technologies, and developed a series of new, proprietary products that deeply met various industries' business needs, helping merchants ride on the opportunities brought upon by AI, and applying them to all aspects of the Company's operations to improve efficiency and reduce costs. In the second half of 2024, our domestic payment business recovered rapidly and achieved higher profits, while our overseas business also maintained strong growth. We extended our value-added services, based on our large payment base comprising trillions RMB worth of transaction volume annually and its various extension of use cases, to many more regions including overseas to increase economies of scale and profit growth. Our business, together with our investee company Fushi Technology, has covered multiple regions in Asia, achieved much more card acceptance channels both domestically and internationally, and reached strategic cooperation with many global banks. More large domestic and foreign chain enterprises have become our customers, covering more comprehensively various vertical and product service needs, which speaks to the scalability of our products and business models in a wide range of regions. Our high-quality and convenient one-stop payment and other value-added service solutions, combined with years of accumulated experience and understanding of the needs of various vertical industries, will continuously strengthen our Company's inherent competitive advantage and continue to lead the industry, which is still in its early stages in AI application globally.

Given macroeconomic volatility driving industry decrease in average transaction amount per customer in the industry and the high base in the same period in 2023, the transaction volume in payment industry was temporarily affected in 2024. Our GPV decreased by 19.0% year-on-year from RMB2,882.9 billion in the year ended December 31, 2023 to RMB2,335.5 billion in the same period for 2024. As a result, our revenue for the year ended December 31, 2024 was RMB3,086.7 million, a decrease of 21.9% from RMB3,950.6 million for the same period in 2023. At the same time, our revenue structure had been further optimized, and the commercialization capabilities of value-added services (including merchant solutions and in-store e-commerce services) have been enhanced, with their contribution to our Company's revenue increasing from 11.8% in the year ended December 31, 2023 to 13.0% in the same period for 2024, making the Company's business model more comprehensive and diversified.

In the second half of 2024, our gross profit increased by 42.7% period-on-period to RMB428.5 million, mainly due to the rapid recovery of our domestic payment business and its strong profitability during the period. The impact of the "Non-Recurring Adjustment on Revenue" on gross profit has ended and will not be further offset in the future, resulting in the gross profit of our one-stop payment services increasing from RMB92.9 million in the first half of 2024 to RMB289.8 million in the second half of 2024. Our gross profit margin increased from 18.7% for the year ended December 31, 2023 to 23.6% for the same period of 2024, mainly due to the increase in payment gross profit mentioned above (payment gross profit margin increased from 6.9% in the first half of 2024 to 21.6% in the second half of 2024), the increase in revenue from value-added services (the gross profit margins of such businesses were higher than those of our payment business) as well as the increase in overall gross profit margins from value-added services.

We continue to leverage artificial intelligence in various areas. For example, we used industry-leading, large models domestically and globally such as DeepSeek to deploy our latest "Y-Copilot" coding assistant, which increased our Company's internal code adoption rate to over 30%. We have also developed our own AI internal efficiency-improvement tool, "Xiaoka Assistant", to improve the efficiency of content production, intelligent customer service, programming, copywriting and video generation, and fully empower internal operations and external customer service. By increasing the use of AI tools, we reduced related operating expenses by 20%. As a result, our selling expenses, administrative expenses and research and development expenses for the year ended December 31, 2024 decreased by 11.0%, 10.8% and 10.5% year-on-year, respectively.

Our effective financial management resulted in a significant decrease of 31.5% in financing costs for the year ended December 31, 2024 from the same period of 2023. Adjusted EBITDA for the year ended December 31, 2024 was RMB384.5 million. Our profit for the Reporting Period increased more than six-fold from RMB10.1 million for the year ended December 31, 2023 to RMB73.0 million for the same period in 2024. During the same period, our profit margin increased to 2.4%.

The following table sets forth the comparative figures for the year ended December 31, 2024 and December 31, 2023, respectively:

	For the ye		
	2024 RMB'000	2023 RMB'000	Year-on- year change (%)
Revenue	3,086,742	3,950,585	(21.9)
 One-stop payment services 	2,685,898	3,484,960	(22.9)
 Merchant solutions 	339,646	362,951	(6.4)
- In-store e-commerce services	61,198	102,674	(40.4)

Gross profit margin	23.6%	18.7%	4.9(1)
 One-stop payment services 	14.2%	9.7%	4.5(1)
 Merchant solutions 	87.2%	87.4%	(0.2)(1)
- In-store e-commerce services	81.3%	80.3%	1.0(1)
Profit for the Year	73,014	10,113	622.0
Profit margin for the Year	2.4%	0.3%	2.1(1)

Note:

(1) Percentage points.

Below are the key highlights from our business lines during the Reporting Period:

AI Technology Applications and Product Innovation

Since 2023, our AI Lab has begun to deploy and apply large models such as DeepSeek. Combined with years of deep understanding of merchants' business models from a large number of industries, it accelerated the implementation of AI technology across commercial use cases, enabling our customers to reduce costs, increase efficiency and generate revenue.

Our proprietarily developed Winsfor business intelligence platform connects customers to a comprehensive set of external platforms such as JD, Douyin, Meituan, WeChat and Xiaohongshu (RedNote), and enhances their sales conversion by providing automatic build-up of e-stores, AI content creation, live broadcast planning, and traffic distribution services based on data from large models. We have also teamed up with our investee company Fushi Technology to launch the first AI Agent industry solution for merchants in Southeast Asia, which uses artificial intelligence technology to enhance merchants' business and services, including: (i) intelligent transaction data analysis: transaction behavior analysis based on machine learning algorithms, dynamically optimizing product recommendation strategies, helping merchants deeply understand customer behavior and improve conversion rates; (ii) intelligent creative generation and precision marketing; our system automatically outputs marketing design plans that meet the brand tone based on original materials uploaded by merchants, and proactively follows up automatically; and (iii) intelligent ordering and humanized recommendations: integrating natural language processing in depth, providing accurate recommendations and completing orders through precise understanding of consumer needs. In the future, we will also launch multi-modal digital employees that support multiple languages to provide intelligent ordering, pre-sales consultation and after-sales service processing.

Internally, we have built a general intelligent platform, incorporated AI into every aspect of our business process, and improved the execution efficiency of personnel and information coordination. Our "Xiaoka Assistant" provides content production, intelligent customer service, programming, copywriting and video generation functions to empower our Company's internal operations and external customer service. Our "Y-Copilot" coding assistant uses large models to improve production and research efficiency, increasing our Company's internal code adoption rate to more than 30%, and help various projects to be implemented more quickly. AI technology is used to optimize the efficiency of customer KYC, liveness and document verification, and to improve risk control such as risk relationship detection and abnormal transactions. By increasing the use of AI tools, we reduced related operating expenses by 20%.

Rapid Growth of Overseas Business and Deepened Global Penetration

In 2024, our overseas business continued to grow rapidly, with broader and deeper connections across international channels. We broadened our coverage of customer industry verticals as well as product and service demands, further solidifying our globalization strategy. Our overseas GPV for the full year of 2024 exceeded RMB1.1 billion, an increase of nearly five-fold year-on-year, demonstrating our market expansion capabilities and recognition from customers.

In terms of channel development, we have achieved full acceptance of all card types both domestically and internationally, joining global leading payment networks such as Visa, Mastercard, and UnionPay International as an institutional member. In addition, we strategically initiated indepth collaborations with globally renowned banks like Citibank, HSBC, and Barclays, further enhancing our global payment network coverage and service quality. Regarding customer acquisition, we significantly deepened our penetration within our customer verticals, successfully onboarding new customers from sectors such as automotive, luxury goods, beauty and haircare, alongside leisure and entertainment. Notable new merchants include Clinique, %Arabica, Bose, Leica, Xiaomi and Xiabu Xiabu and other prominent brands which enriched the diversity of our customer base and strengthened our business's resilience.

Our overseas product coverage also further expanded. Fushi Technology, our investee company, provided one-stop digital payment and other value-added services platform for well-known international brands such as Playmade, Coffee Bean, Mr. Coconut, and KOI. This included Fushi Technology's newly developed AI Agent, which is the first in Southeast Asia. Through its intelligent ordering function, powered by an AI recommendation engine and natural language interactive processing technology, it has transformed consumer's experience into an automatic, humanized one: offering services such as smart dish recommendations, conversational ordering, and interactive sharing of brand culture, product profiles and store information. Our AI Agent is expanding into more sectors such as retail, culture and tourism, and entertainment, among others.

Additionally, building on our success in our local lifestyle services and in-store e-commerce services domestically, we helped our brand customers enhance brand visibility more globally on platforms like Xiaohongshu (RedNote) and Dianping's international versions across Japan, Singapore and Hong Kong SAR. We will continue to expand our local licenses portfolio and our talent teams in different regions, and to provide merchants with high-quality and convenient one-stop payment and other value-added services solution in more regions.

One-Stop Payment Services: Sustained Market Leadership with Foundation Reinforced for High-Quality Long-Term Growth

Our One-Stop Payment Services continued to lead the industry. The peak daily transaction counts for our app-based payments reached nearly 60.0 million. Starting from the second half of 2024, our domestic payment service was no longer impacted by the "Non-Recurring Adjustment on Revenue"³ and we consistently demonstrated robust resilience of our business' innate profitability. Gross profit of our one-stop payment services business for the second half of 2024 increased 212.1% to RMB289.8 million compared to that of the first half of 2024, and gross profit margin increased to 21.6% during the same period.

We continued to strengthen our diversified channel expansion, connecting with over 6,000 SaaS partners. Our partner base increased by 32.0% year-on-year. At the same time, we established group-level strategic partnerships with major joint-stock commercial banks, increasing our banking partner network for joint merchant acquiring to nearly 160, while further scaling market coverage through approximately 17,000 independent sales organizations. We continued to expand our business in Northeast and Northwest China. We delivered more tailored solutions specific to sectors such as apparel, maternity and baby care, and energy, effectively mitigated the impact of industry cyclical fluctuations and enhanced our profitability.

We actively integrated AI technology in areas such as KYC, risk management, customer service and operations. In 2024, we made more than 17 billion risk decisions, processed more than 19 million risk transactions, safeguarding transaction safety. In the meantime, we leveraged biometric technology to shorten merchant verification time, increasing intelligent customer service resolution rates to 85%. Based on our vast data and information and years of industry experience, we will extend our non-payment use cases and value-added products, and provide solid infrastructure for commerce construction and business support.

3 Please refer to the note in "- Non-IFRS Measures"

Merchant Solutions: Commercialization of AI and Data Technology with High Gross Profit Margin Maintained

Despite industry decrease in average transaction amount per customer during the Reporting Period, revenue from our merchant solutions declined slightly by 6.4% year-on-year from RMB363.0 million for the year ended December 31, 2023 to RMB339.6 million for the year ended December 31, 2024, primarily due to the fact that our precision marketing business reached a record high in business transaction amount in 2024. Gross profit margin for the year ended December 31, 2024 maintained at 87.2%, a level similar with that of 2023, primarily due to our products' high profitability and cost control, and focus on customers with higher profit margin.

In 2024, we achieved industry leadership in marketing service for fintech sectors such as credit and insurance, covering over 90% of the major clients in the industry, including Ant Group, WeBank, Ningbo Bank, and ZhongAn Insurance. We further optimized mainstream online media resources, including Tencent and Douyin, enabling more comprehensive coverage of financial projects and solidifying our position as a multi-platform marketing service provider. By leveraging AI algorithms for precise advertisement targeting and dynamic creative content generation, we significantly improved conversion rates.

In the fintech sector, we also leveraged AI technology to enhance business intelligence and risk control capabilities. For instance, we utilized the massive transaction data generated by our payment business and applied AI algorithms to analyze in depth the relationship between merchants' operational and financial metrics and their repayment performance, continuously optimizing our self-developed credit assessment model. Through this approach, we strengthened the risk control capabilities of our fintech value-added products across various business use cases, thereby enhancing the potential for long-term profitability.

The contribution to our total revenue from merchant solutions increased from 9.2% for the year ended December 31, 2023 to 11.0% for the year ended December 31, 2024. Deepening AI applications continuously and expanding cooperation with our domestic and international strategic partners will further optimize commercialization capability of this business segment and improve our overall income and profitability.

In-store E-commerce Services: Strategic Upgrades Bringing Significant Improvement on Profitability

We strategically upgraded our in-store e-commerce services across the board, focusing on high-quality and higher-margin customers. We significantly reduced our investment in direct sales team and instead developed distribution channels and sales networks. Against the backdrop of gradually phasing out customers with lower profitability contributions, revenue from our in-store e-commerce services for the year ended December 31, 2024 decreased. We concentrated on providing services to large-scale customers, designed comprehensive marketing packages and focused on services' upsale and quality execution, such that both revenue and profit per merchant served in 2024 doubled year-over-year. We also optimized our fees model: by the end of 2024, our fees paid upfront contributed around 50% of revenue in in-store e-commerce services, further ensuring profitability of each of our service offerings. The number of stores we served continued to increase year-on-year, covering key consumer segments such as hotel and hospitality, culture and tourism, entertainment, dining, and retail, with new brand additions including InterContinental Hotels, Sunac Snow Park (融創雪世界), BlissCake (幸福西鲜), and Jinyi Cinema (金逸影城). Diversified sector coverage improved the inherent resilience and sustainability of our in-store e-commerce business.

The gross profit margin for our in-store e-commerce services increased from 80.3% for the year ended December 31, 2023 to 81.3% for the year ended December 31, 2024. High gross profit margin was maintained as a result of our strategic business upgrade and increased AI application usage in business operation, including the provision of toolkits such as automatic build-up of e-stores in various use cases, AI content generation, livestreaming scriptwriting, effectively reducing manual labour for marketing and production, thereby raising average revenue and profit contribution from our employees in 2024 year-over-year.

Overall, our in-store e-commerce services were becoming break-even as the period of significant investment ended. It remained stable in scale with continued healthy growth, having accumulated large amount of experience that supports sustainable development in the future.

In 2024, we also partnered with Meituan and JD.com's food delivery services to build a comprehensive "in-store + at-home" full-use-case service platform, further enriching our local lifestyle services. In addition, synergies with our overseas business increased, as we successfully launched local lifestyle services for merchants in Japan, Singapore and Hong Kong SAR. These services assist merchants in industries such as food and beverage, tourism, hotel and hospitality in promoting their brands on platforms like Xiaohongshu (RedNote)'s and Dianping's international versions, accelerating progress in our global expansion strategy.

Financial Planning: Capital Structure Enhanced and Shareholder Returns Increased

To build long-term competitiveness and enhance shareholder value creation, in 2024 we implemented a series of financial initiatives to optimize capital allocation across multiple dimensions. We strategically deployed our internal cash flow resources to repurchase an aggregate principal of US\$35 million of convertible bonds at a discount in the first half of the year, and fully redeemed the remaining outstanding amount of another US\$35 million in July 2024. These transactions significantly reduced interest expenses and improved our debt-to-asset ratio. Additionally, in August 2024, the Board approved an additional allocation of US\$10 million for share repurchases, utilizing flexible capital instruments to increase earnings per share and bolster shareholder equity.

As a result of a streamlined debt structure and rigorous finance cost management, our financial costs for full-year 2024 decreased by over 30% year-on-year. Combined with enhanced operational efficiency, our profit for the Year surged more than six-fold to RMB73.0 million, with profit margin for the Year increasing to 2.4%. Furthermore, we successfully attracted investments from international long-only funds and multi-strategy funds, enabling us to secure lower-cost financing while continuously optimizing our equity structure.

Company Outlook

Looking ahead, we remain committed to an innovation-driven development strategy, further harnessing the transformative power of AI technology in our business. Our primary focus will be on enhancing operational efficiency and product competitiveness, allowing us to deliver more efficient and intelligent payment-based one-stop digital solutions for merchants. Building on our established product system and operational expertise within China, we will accelerate our globalization efforts and actively pursue opportunities in international markets, achieving further diversification and expansion of our global presence.

As the cornerstone of our business, our one-stop payment services will continue to play a foundational role, providing extensive resource support and creating synergistic value across our other business segments. Simultaneously, we will strengthen the commercialization capabilities of our merchant solutions and in-store e-commerce operations, introducing a wider array of products and services that align with market demands while integrating cutting-edge technologies to further enhance profitability and market share.

We prioritize localized operations and technological innovation to ensure sustainable, high-quality growth. Our sizeable payment volume in China and our fast-growing payment volume overseas will continue to provide a solid and unique foundation for the extension of our one-stop payment and other value-added technology services to more regions and for more use cases.

Share Purchase by our Controlling Shareholder, Share Purchase Pursuant to the RSU Scheme, and Convertible Bonds Repurchase

We have been informed by our controlling shareholder, Creative Brocade International, an entity controlled by our founder, chairman of the Board, and chief executive officer, Mr. Liu Yingqi, that as of the date of this annual report it has purchased a total of 2,866,800 Shares from the open market since January 1, 2024, representing 0.62% of the issued Shares as of the date of this annual report By increasing their shareholding in the Company, Mr. Liu and Creative Brocade International have expressed their confidence in the Group's future development prospects and recognized its intrinsic value.

Meanwhile, during the Reporting Period, the trustee of the RSU Scheme has utilized an aggregate of approximately HKD52.1 million (including commissions and transaction costs) to purchase 4,224,400 Shares from the open market at a consideration ranging from HKD9.01 to HKD14.76 per Share. The Shares purchased during such period represent 0.95% of the issued Shares as of December 31, 2024. The purchased Shares will be used as share awards to incentivize key personnel of our Group and/ or its related entities.

Furthermore, the Board has approved an aggregate amount of US\$10 million for the Company's share repurchase purposes, further enhancing our shareholder return. In addition, the Company has redeemed, in advance, all of its 6.25% convertible bonds due in 2027, in the aggregate principal amount of US\$70 million (the "Convertible Bonds"). As of the date of this annual report all the Convertible Bonds have been redeemed and canceled. The Convertible Bonds were delisted from the Stock Exchange on July 23, 2024. The Board believes that the early redemption of the Convertible Bonds will significantly reduce the Company's interest expenses and optimize its capital structure.

Environmental, Social and Governance

Amid the current corporate growth landscape, where sustainable development remains paramount, we have firmly embedded Environmental, Social, and Governance (ESG) principles at the core of our strategy. These values are woven into our strategic objectives and consistently practiced in our daily operations and management. By aligning our initiatives with global sustainable development goals, we innovatively drive the parallel development of our business and environmental and social values.

In 2024, we made significant achievements in the ESG domain. We attained a score of 59 in the S&P Global ESG Ratings and received an A – rating in the Hang Seng Corporate Sustainability Index, setting a new record for our performance and reinforcing our leadership position within the industry. Furthermore, we were proud to once again qualify for inclusion in the S&P Global 2024 Sustainability Yearbook (China Edition). On the environmental front, we have continuously optimized our system architecture, utilizing Yeahka's private cloud for centralized resource management and allocation. This initiative has realized an improvement of over 8% in overall computing resource utilization, resulting in energy savings of 810,000 kilowatt-hours. At our data operations center, we harnessed natural cooling sources to create a green data center, significantly reducing greenhouse gas emissions. Internally, we are committed to promoting green office initiatives and actively engage in outreach activities such as World Forest Day to disseminate environmental protection concepts and educate consumers on sustainability. Moreover, we have adopted the International Financial Reporting Sustainability Disclosure Standard No. 2 – Climate-related Disclosures (IFRS S2), managing and disclosing climate-related matters across four critical dimensions: governance, strategy, risk management, and metrics and targets.

Socially, we continue to enhance our transaction risk management and control capabilities. During the reporting period, we executed over 17 billion risk-based decisions and effectively managed more than 19 million risk transactions, ensuring a secure transaction environment. Meanwhile, we provided our employees with competitive compensation packages and diverse training opportunities. We also expanded our channels for promoting our corporate culture, aiming to cultivate a diverse and high-quality talent pool while sharing the benefits of corporate growth with our employees. Additionally, we leverage our product advantages to offer financial value-added services and non-financial support to small and micro enterprises, facilitating their brand promotion and contributing positively to economic recovery.

In terms of corporate governance, we remain dedicated to enhancing our governance framework. The Board of Directors actively seeks to recruit female candidates to promote diversity and improve our governance standards. We integrate ESG factors into our risk governance system and maintain ongoing compliance and risk-related training to strengthen our risk management capabilities. During the reporting period, we organized multiple training sessions on anti-corruption, compliance operations, risk management, and anti-money laundering, ensuring comprehensive coverage for all employees through our enhanced manual, the "Sunshine Code of Conduct." Furthermore, we refined our anti-money laundering protocols and established a reporting mechanism to safeguard the interests of our clients and shareholders. We also developed the "Yeahka Tax Guidelines" and emphasized anti-money laundering and counter-terrorism financing measures in our "Anti-Money Laundering Policy Statement." Importantly, we prioritize the legitimate rights of minority shareholders and maintain robust communication with them through various channels.

Results of Performance for the Year ended December 31, 2024

	December 31,		
	2024	2023	
	RMB'000	RMB'000	
Revenue	3,086,742	3,950,585

Revenue

Profit for the year

Profit for the year attributable to:

Equity holders of the Company

Non-controlling interests

We generate revenue primarily through our three main types of business, namely (i) one-stop payment services, (ii) merchant solutions, and (iii) in-store e-commerce services. Our revenue decreased by 21.9% from RMB3,950.6 million for the year ended December 31, 2023 to RMB3,086.7 million for the year ended December 31, 2024, primarily due to macroeconomic volatilities and industry decline in customers' average transaction amount leading to decrease in our total GPV and hence revenue from our one-stop payment services.

The following table sets forth our revenue by business type for the years indicated:

	2024		<u> </u>		
			2023		
	RMB'000	%	RMB'000	%	
Revenue from one-stop payment services	2,685,898	87.0	3,484,960	88.2	
Revenue from merchant solutions	339,646	11.0	362,951	9.2	
Revenue from in-store e-commerce services	61,198	2.0	102,674	2.6	
Total	3,086,742	100.0	3,950,585	100.0	

One-stop payment services

Revenue from our one-stop payment services decreased by 22.9% from RMB3,485.0 million for the year ended December 31, 2023 to RMB2,685.9 million for the year ended December 31, 2024, primarily due to the decrease in our total GPV which was impacted by macroeconomic volatilities and industry decrease in customers' average transaction amount.

Merchant solutions

Revenue from our merchant solutions decreased slightly by 6.4% from RMB363.0 million for the year ended December 31, 2023 to RMB339.6 million for the year ended December 31, 2024, primarily due to the fact that our precision marketing business reached a record high in business transaction amount in 2024, which largely canceled out the impact of decrease in user base in the second half of the Reporting Period.

In-store e-commerce services

Revenue from in-store e-commerce services decreased by 40.4% from RMB102.7 million for the year ended December 31, 2023 to RMB61.2 million for the year ended December 31, 2024, primarily due to the strategic upgrade in our business model, as we focus on high-quality and higher-margin customers and gradually phasing out customers with lower profitability contributions.

Cost of Revenue

The following table sets forth a breakdown of our cost of revenue by nature for the years indicated:

For the	vear	ended	December	31.

	,			
	2024		2023	
	RMB'000	%	RMB'000	%
Commissions and marketing costs	2,196,946	93.2	3,057,862	95.2
Amortization of other non-current assets	105,620	4.5	94,980	2.9
Raw materials and consumables	7,640	0.3	14,829	0.5
Others	47,772	2.0	44,750	1.4
Total	2,357,978	100.0	3,212,421	100.0

Our cost of revenue decreased by 26.6% from RMB3,212.4 million for the year ended December 31, 2023, to RMB2,358.0 million for the year ended December 31, 2024, primarily due to our gradual adjustments in the second half of the Reporting Period, and our strong bargaining power, which resulted in a reduction in commission expenses we paid to our payment distribution channels.

The following table sets forth a breakdown of our cost of revenue by business type for the years indicated:

For the year ended December 31,

	2024		2023	
	RMB'000	%	RMB'000	%
One-stop payment services	2,303,224	97.7	3,146,532	98.0
Merchant solutions	43,305	1.8	45,694	1.4
In-store e-commerce services	11,449	0.5	20,195	0.6
Total	2,357,978	100.0	3,212,421	100.0

Gross Profit and Gross Profit Margin

The following table sets forth our gross profit and gross profit margin by business type for the years indicated:

For the year er	ded December 31,
-----------------	------------------

	/ · / ·				
	2024		202	3	
	Gross			Gross	
	Gross	profit	_	profit	
	profit RMB'000	margin		margin %	
		%			
One-stop payment services	382,674	14.2	338,428	9.7	
Merchant solutions	296,341	87.2	317,257	87.4	
In-store e-commerce services	49,749	81.3	82,479	80.3	
Total	728,764	23.6	738,164	18.7	

Our gross profit decreased by 1.3% from RMB738.2 million for the year ended December 31, 2023 to RMB728.8 million for the year ended December 31, 2024 and our gross profit margin increased from 18.7% for the year ended December 31, 2023 to 23.6% for the year ended December 31, 2024.

Gross profit margin of our one-stop payment services increased from 9.7% for the year ended December 31, 2023 to 14.2% for the year ended December 31, 2024 as the "Non-Recurring Adjustment on Revenue" no longer affected results of the second half of 2024, and our strong bargaining power led to a decrease in commissions paid to payment distribution channels in the second half of the Reporting Period.

Gross profit margin of merchant solutions remained relatively stable at 87.4% and 87.2% for the years ended December 31, 2023 and 2024, respectively.

Gross profit margin of in-store e-commerce services remained relatively stable at 80.3% and 81.3% for the years ended December 31, 2023 and 2024, respectively.

Selling Expenses

Our selling expenses decreased by 11.0% from RMB125.0 million for the year ended December 31, 2023 to RMB111.2 million for the year ended December 31, 2024, primarily due to the reduced demand in manpower following the adoption of AI tools.

⁴ Please refer to the note in "- Non-IFRS Measures"

Administrative Expenses

Our administrative expenses decreased by 10.8% from RMB338.8 million for the year ended December 31, 2023 to RMB302.1 million for the year ended December 31, 2024, primarily due to the decreases in labor cost and depreciation and amortization.

Research and Development Expenses

Our research and development expenses decreased by 10.5% from RMB265.6 million for the year ended December 31, 2023 to RMB237.6 million for the year ended December 31, 2024, primarily due to the wider adoption of AI tools which were more cost effective.

Net Impairment Losses on Financial Assets

Our net impairment losses on financial assets increased by 52.5% from RMB57.8 million for the year ended December 31, 2023 to RMB88.2 million for the year ended December 31, 2024, following the increased collaboration with commercial banks in our fintech services, which reduced the use of proprietary funds. As the principals and interests of the underlying loans which were granted by our loan facilitation partners increased, our maximum exposure arising from the provision of financial guarantee to certain loan facilitation parties also increased accordingly. For details, please refer to note 3.1(b) to the consolidated financial statements.

Other Income

Our other income decreased by 55.2% from RMB56.3 million for the year ended December 31, 2023 to RMB25.2 million for the year ended December 31, 2024, primarily due to the decreases in interest income from bank deposits and government grants.

Fair Value Changes of Financial Assets and Financial Liabilities at Fair Value Through Profit or Loss

We recorded fair value changes of financial assets and financial liabilities at fair value through profit or loss of RMB144.6 million for the year ended December 31, 2023 and RMB81.1 million for the year ended December 31, 2024, respectively, both of which were primarily due to the change in the fair value from the investments in preferred shares and related financial instruments of an investee company, Fushi Technology.

Other Gains/(Losses) - Net

We recorded other losses – net of RMB26.8 million and other gains – net of RMB19.6 million for the years ended December 31, 2023 and 2024, respectively. The change from other losses – net to other gains – net was primarily due to the gain on the early redemption of convertible bonds in 2024.

Operating Profit

As a result of the foregoing, we recorded operating profit of RMB125.0 million for the year ended December 31, 2023 and RMB115.5 million for the year ended December 31, 2024.

Finance Costs

Our finance costs decreased by 31.5% from RMB89.9 million for the year ended December 31, 2023 to RMB61.6 million for the year ended December 31, 2024, primarily due to the early redemption of convertible bonds in 2024.

Share of Profits of Investments Accounted for Using the Equity Method

We recorded share of profits of investments accounted for using the equity method of RMB0.4 million and RMB29.5 million for the years ended December 31, 2023 and 2024, respectively. The change was primarily due to the increase in the carrying amount of our equity interests in an associate of the Group.

Profit Before Income Tax

As a result of the foregoing, our profit before income tax increased by 135.5% from RMB35.4 million for the year ended December 31, 2023 to RMB83.4 million for the year ended December 31, 2024.

Income Tax Expense

Our income tax expense decreased by 58.8% from RMB25.3 million for the year ended December 31, 2023 to RMB10.4 million for the year ended December 31, 2024. Our effective tax rate was 71.5% and 12.5% for the year ended December 31, 2023 and 2024, respectively. The decrease was mainly attributable to (i) the high base in 2023 as we did not recognize our loss as deferred tax asset due to our prudent approach; and (ii) the preferential tax treatment of certain subsidiaries with "high and new technology" status and R&D expenses in 2024.

Profit for the Year

As a result of the foregoing, our profit increased by 622.0% from RMB10.1 million for the year ended December 31, 2023 to RMB73.0 million for the year ended December 31, 2024

Non-IFRS Measures

We adopt adjusted EBITDA, which is not required by or presented in accordance with IFRS, as an additional financial measure to supplement our consolidated financial statements. We believe that EBITDA facilitates comparisons of operating performance from period to period and company to company, by eliminating potential impacts of items that our management does not consider indicative of our operating performance. In addition, our adjusted EBITDA excludes certain non-cash or non-recurrent items such as share-based compensation expenses, and fair value changes of financial assets and financial liabilities at fair value through profit or loss. We believe that the non-IFRS measure is commonly adopted by our industry peers and provide useful information to investors and others in understanding and evaluating our consolidated results of operations in the same manner as they help our management. However, our presentation of adjusted EBITDA may not be comparable to similarly titled measures presented by other companies. The use of the non – IFRS measure has limitations as an analytical tool, and the investors and Shareholders should not consider them in isolation from, or as substitute for analysis of, our results of operations or financial condition as reported under IFRS.

The following table illustrates reconciliations to our adjusted EBITDA from our profit for the years indicated:

Unaudited	
For the year	
ended December 3	1

	2024	2023	
	RMB'000	RMB'000	
Profit for the year	73,014	10,113	
Adjusted for:			
Finance costs	61,584	89,937	
Amortization of other non-current assets	105,620	94,980	
Depreciation of property, plant and equipment	29,575	37,719	
Amortization of intangible assets	18,058	18,211	
Income tax expense	10,433	25,321	
EBITDA	298,284	276,281	
Add:			
Share-based compensation expenses	107,159	79,929	
Non-Recurring Adjustment on Revenue ⁽¹⁾	86,100	344,400	
Deduct:			
Fair value changes of financial assets and financial liabilities at fair value through profit or loss – net	(81,051)	(144,563)	
Gain on repurchase of Convertible Bonds	(26,009)	_	
Adjusted EBITDA	384,483	556,047	

Note: During the years ended December 31, 2023 and 2024, we paid approximately RMB344.4 million and RMB86.1 million, respectively, to a suspense account of the payment networks in relation to interchange fee rate adjustments as requested by the payment networks. We netted off such payments made to the suspense account from our one-stop payment services revenue in accordance with the Group's accounting policies of revenue recognition and based on our communications with the payment networks. Such non-recurring adjustment ceased in the first half of 2024.

Our adjusted EBITDA for the year decreased by 30.9% from RMB556.0 million for the year ended December 31, 2023 to RMB384.5 million for the year ended December 31, 2024.

Capital Structure

Our total assets decreased from RMB8,420.4 million as of December 31, 2023 to RMB7,705.5 million as of December 31, 2024. Our total liabilities decreased from RMB5,803.0 million as of December 31, 2023 to RMB5,116.0 million as of December 31, 2024. Liabilities-to-assets ratio decreased from 68.9% as of December 31, 2023 to 66.4% as of December 31, 2024.

Our current ratio, being current assets divided by current liabilities as of the respective date, decreased from 1.24 as of December 31, 2023 to 1.18 as of December 31, 2024.

Liquidity, Capital Resources and Gearing

The Group has adopted a prudent approach in financial resources management. For the year ended December 31, 2024, we financed our operations primarily through cash generated from business operations and bank borrowings. Our cash and cash equivalents decreased by 32.9% from RMB887.9 million as of December 31, 2023 to RMB595.7 million as of December 31, 2024, primarily attributable to (i) early redemption of the Convertible Bonds; and (ii) the payment to the trustee of the RSU Scheme to purchase Shares on market. As of December 31, 2024, the cash and cash equivalents of the Group were mainly denominated in RMB, USD and HKD. The Group maintains a strong cash position to meet potential needs for business expansion and development.

Our gearing ratio, being total debt (which includes total borrowings and convertible bonds) divided by total equity, decreased from 45.3% as of December 31, 2023 to 35.9% as of December 31, 2024, primarily attributable to the early redemption of the Convertible Bonds using internal cash flow.

Capital Expenditures

Our capital expenditures primarily consist of payments for purchasing property, plant and equipment, intangible assets and payment terminals. Our total capital expenditures decreased by 72.1% from RMB148.6 million for the year ended December 31, 2023 to RMB41.4 million for the year ended December 31, 2024. The decrease was primarily due to a reduction in the purchase of payment terminals in 2024.

Indebtedness

Our indebtedness mainly includes interest-bearing bank borrowings denominated in USD and RMB respectively. The following table sets forth a breakdown of our convertible bonds, interest-bearing borrowings and lease liabilities as of the dates indicated:

	As of Decemb	As of December 31,		
	2024	2023		
	RMB'000	RMB'000		
Non-current				
Convertible bonds	-	405,539		
Lease liabilities	16,767	28,896		
Bank borrowings	3,000	-		
Current				
Bank and other borrowings	928,993	780,062		
Lease liabilities	19,165	22,521		
Total	967,925	1,237,018		

Please refer to notes 31 and 34 to the consolidated financial statements for details of our borrowings and convertible bonds and their interest rates.

Contingent Liabilities

As of December 31, 2024, we did not have any material contingent liabilities, guarantees or any litigations or claims of material importance, pending or threatened against any member of the Group that was likely to have a material and adverse effect on our business, financial condition or results of operations.

Loan Receivables

As of December 31, 2024, our loan receivables decreased to RMB658.1 million (as of December 31, 2023: RMB882.3 million), as we have increased our cooperation with commercial banks and reduced the use of our proprietary funds.

As part of our merchant solutions services, we aim to satisfy the working capital needs of our customers. Under prudent loan policies, qualified customers can gain access to credit facilities on our platform to purchase inventory, invest in customer acquisition and manage cash flow. As we are responsible for providing the platform as well as ancillary services, including loan applicant information collection and verification and credit assessment, the experience has been essential for the development of our risk management capabilities.

During the Reporting Period, there was no material impairment or write-off of any single loan transaction. For the risk management policies and basis of impairment assessments of the loan receivables, please refer to note 3 to the consolidated financial statements. For details of the major terms of the loans, please refer to note 24 to the consolidated financial statements.

Foreign Exchange Risk and Hedging

As we operate mainly in the PRC with most of the transactions settled in RMB, we consider that our business is not exposed to any significant foreign exchange risk as there are no significant financial assets or liabilities that are denominated in the currencies other than the respective functional currencies of the Group's entities. We do not use any derivative contracts to hedge against our exposure to foreign exchange risk. We manage currency risks by closely monitoring the movement of the foreign currency rates and will take prudent measures to minimize the currency translation risk.

Material Acquisitions or Disposals and Future Plans for Major Investments

During the year ended December 31, 2024, we did not conduct any material investments, acquisitions or disposals of subsidiaries, associates and joint ventures. Saved as disclosed in this annual report, we have no specific plan for major investment or acquisition for major capital assets or other businesses. However, we will continue to identify new opportunities for business development.

Significant Investments Held

As of December 31, 2024, we were interested in 4,500,000 (17.0%) of the ordinary shares in Fushi Technology, our associate company, and held 7,272,780 (27.4%) of preferred shares of Fushi Technology, which was classified as financial assets at fair value through profit or loss. The carrying amount of our investment in Fushi Technology's ordinary shares and the fair value of the preferred shares amounted to approximately RMB834,957,000 (as of December 31, 2023: RMB731,898,000), which accounted for approximately 10.8% of our total assets as of December 31, 2024. The investment costs for our investment in the preferred shares of Fushi Technology was approximately RMB351,600,000. Net unrealized fair value gains of approximately RMB103,059,000 was recognized by us for the year ended December 31, 2024 in respect of our investment in the preferred shares of Fushi Technology. No dividend has been received from Fushi Technology for the year ended December 31, 2024.

Fushi Technology is a company established in the PRC on April 12, 2016 with limited liability. It is a one-stop SaaS digital platform for merchants. The Board believes that Fushi Technology will continue to be an important member within Yeahka's ecosystem of expanding its merchant base and providing merchant services.

Performance Guarantees in relation to the Acquisition of Chuangxinzhong

References are made to the Company's announcements dated November 9, 2020 and November 30, 2020 (the "First Acquisition"), and announcements dated December 24, 2020, December 28, 2020 and April 26, 2021 (the "Second Acquisition") in relation to the acquisition of 85% of interest in Beijing Chuangxinzhong Technology Co., Ltd. ("Chuangxinzhong") (together, the "Chuangxinzhong Announcements"). Unless otherwise defined, capitalized terms used in this section shall have the same meanings as those set out in the Chuangxinzhong Announcements.

In August 2024, the Group received the financial statements of Chuangxinzhong for the Third Performance Undertaking Period (i.e., December 1, 2022 to November 30, 2023), pursuant to which the actual net profit of Chuangxinzhong for the Third Performance Undertaking Period was approximately RMB60,522,230. Accordingly, the Guaranteed Profit for the Third Performance Undertaking Period (i.e., RMB62 million) had not been fulfilled. As agreed between the parties, the fourth instalment of the First Acquisition shall be further adjusted to RMB26,315,901 from RMB28,220,000, a downward adjustment of RMB1,904,099. The Board is of the view that the Vendors have fulfilled their obligations under the profit guarantees after the Downward Adjustment. Please refer to the interim results announcement for the six months ended June 30, 2024 dated August 27, 2024 for details of the performance guarantees and the corresponding consideration adjustments.

Closure of Register of Members

For the purpose of ascertaining the members' eligibility to attend and vote at the AGM, the Company's register of members will be closed from Monday, June 2, 2025 to Thursday, June 5, 2025, both dates inclusive, during which period no transfer of share will be registered. In order to be eligible to attend and vote at the AGM, unregistered holders of Shares shall ensure that all transfer documents accompanied by the relevant share certificates must be lodged with the Company's share registrar in Hong Kong, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wan Chai, Hong Kong for registration not later than 4:30 p.m. on Friday, May 30, 2025.

Company Information

The Company was incorporated in the Cayman Islands on September 8, 2011 as an exempted company with limited liability, and the Shares were listed on the Stock Exchange on June 1, 2020.

Employees

As of December 31, 2024, we had a total of 871 employees, a majority of them were based in China. Please refer to note 10 to the consolidated financial statements for our employee benefit expenses.

Our success depends on our ability to attract, retain and motivate qualified personnel. The remuneration package for our employees generally includes salary and bonuses. We determine employee remuneration based on factors such as qualifications and years of experience. Employees also receive welfare benefits, including medical care, retirement benefits, occupational injury insurance and other miscellaneous items. We make contributions to mandatory social security funds for our employees to provide for retirement, medical, work-related injury, maternity and unemployment benefits.

Use of Proceeds from Convertible Bonds

Reference is made to the Company's announcements dated July 4, 2022, July 5, 2022 and July 13, 2022. In July 2022, the Company issued US\$70 million 6.25% convertible bonds due 2027. The Group successfully raised total net proceeds (after deducting all applicable costs and expenses including commissions, professional fees and out-of-pocket expenses) of approximately USD68.1 million (equivalent to HKD533.3 million) through the issuance of the Convertible Bonds. The Convertible Bonds were subsequently fully redeemed and cancelled on July 15, 2024. For details of the redemption of the Convertible Bonds, please refer to the Company's announcement dated June 14, 2024 and July 15, 2024. The following table sets forth the status of the use of net proceeds from the Convertible Bonds up to December 31, 2024:

Intended use of proceeds	Percentage of intended use of proceeds	Intended use of proceeds from the issuance of Convertible Bonds ⁽¹⁾	Unutilized net proceeds as of December 31, 2023 ⁽¹⁾	Actual usage during the year ended December 31, 2024(1)	Unutilized net proceeds as of December 31, 2024 ⁽¹⁾⁽²⁾	Expected timeline for utilizing the remaining net proceeds ⁽²⁾
	(%)	(In HKD millions)	(In HKD millions)	(in HKD millions)	(In HKD millions)	
Expansion of the Group's overseas business, including cross-border e-commerce foreign exchange/RMB collection and payment business, acquiring and mobile payment business, software as a service (SaaS) digital solution and in-store e-commerce services and for new business opportunities to accelerate the Group's development in upstream and downstream industries	80.0	426.6	296.2	40.7	-	-
Strengthen the Group's competitiveness in the PRC such as product research and development, marketing and promotion and recruitment to further establish and reinforce the commercial digitalized ecosystem of the Group	20.0	106.7	72.6	17.3	_	-
Total	100.0	533.3	368.8	58.0	-	

Note:

- (1) The figures in the table are approximate figures.
- (2) The Convertible Bonds were fully redeemed and cancelled on July 15, 2024 at the option of the bondholders and, as a result, all the unutilized net proceeds were used up as of December 31, 2024 because of the early redemption. For details, see "Directors' Report Purchase, Sale or Redemption of the Company's Listed Securities".

Rounding

Certain amounts and percentage figures included in this annual report have been subject to rounding adjustments. Any discrepancies in any table between totals and sums of amounts listed therein are due to rounding.

DIRECTORS AND SENIOR MANAGEMENT

Our Directors

Executive Directors

Mr. Liu Yingqi (劉穎麒), aged 48, is our chairman, chief executive officer and an executive Director. He was appointed as a Director on September 8, 2011 and was re-designated as executive Director on November 4, 2019. He is responsible for formulating the overall development strategies and business plans and overseeing the management and strategic development of our Group. Mr. Liu is the chairman of the Nomination Committee and ESG Committee and a member of the Remuneration Committee. He is also a director of Yeahka HK since October 2011, a director and the general manager of Shenzhen Yeahka since September 2013 and August 2012 respectively, and the general manager of Yeahka WFOE since April 2012.

Mr. Liu has around 25 years of experience in corporate management and information technology. Prior to joining our Group, Mr. Liu has served as the general manager of Shenzhen Tenpay Technology Company Limited (深圳市財付通科技有限公司) (currently known as Tenpay Payment Technology Co., Ltd. (財付通支付科技有限公司)), an online payment platform company founded by Tencent, from August 2006 to December 2011, during which he was employed by two Tencent group companies respectively. He has been assigned the role of general manager of the online payment department in Tencent Digital (Tianjin) Co., Ltd. (騰訊數碼(天津)有限公司) from January 2008 to December 2011 and role of general manager in Tencent Technology (Shenzhen) Co., Ltd. (騰訊科技(深圳)有限公司), being responsible for supervising and managing the online payment of Tencent group companies, from May 2001 to December 2007. Mr. Liu was an engineer of Huawei Technologies Co., Ltd. (華為技術有限公司), a communication technology company, from June 2000 to April 2001.

Mr. Liu graduated from Changsha University of Science & Technology (長沙理工大學), formerly known as Changsha Communications College (長沙交通學院), with a bachelor's degree in computer application, in June 1999.

Mr. Liu was awarded Shenzhen Municipal Government local leading talents (深圳市政府地方級領軍人才) in 2009, an award which recognizes the contribution of talents from different industries.

Mr. Yao Zhijian (姚志堅), aged 44, was appointed as a Director on January 3, 2019 and was redesignated as an executive Director on November 4, 2019. He was appointed as chief financial officer of our Company on October 24, 2011 and is responsible for overseeing the financial and accounting affairs of our Group, capital and financial management and assisting the chief executive officer in the organizational structure of our Group. Mr. Yao has been the chief financial officer and senior vice president of Shenzhen Yeahka since he joined our Group in October 2011 and the general manager of the finance department of Leshua Technology since October 2013, where he was responsible for capital and financial management. He has also been a director of Yeahka HK since December 2018. He is a member of the ESG Committee.

DIRECTORS AND SENIOR MANAGEMENT

Mr. Luo Xiaohui (**羅小輝**), aged 42, was appointed as an executive Director on August 27, 2020 with effect from August 28, 2020. He joined our Group in October 2018 and has served as a senior vice president of the Company, the head of Information Security Supervision Group (資訊安全領導小組組長) and the chief architect (首席架構師) of our Company and Shenzhen Yeahka since December 2018. He is responsible for overseeing our Group's technical architecture, planning and management of technology innovation, and managing the architecture committee and AI laboratory.

Mr. Luo has over 18 years of experience in the information technology sector. Prior to joining our Group, Mr. Luo was a vice president of the technology department of Shenzhen Kuiyuan Technology Co., Ltd (深圳市葵園科技有限公司), a company engaged in software and information technology services, from October 2015 to August 2018. From July 2004 to August 2014, he served various positions and was promoted to deputy director of development center of Tencent Technology (Shenzhen) Co., Ltd. (騰訊科技(深圳)有限公司), an internet-based technology and cultural enterprise headquartered in Shenzhen, China.

Mr. Luo graduated from Sichuan University (四川大學) with a bachelor's degree in electronic information engineering in July 2004.

Ms. Liang Shengtian (梁勝甜), aged 44, joined the Group in late 2021 and is the deputy general manager of the Group's fintech business. Ms. Liang has over 20 years of experience in the industry. In addition to her extensive practical experience, Ms. Liang has also demonstrated outstanding professional ability and insight in risk management. Prior to joining the Group, Ms. Liang successively worked for China Guangfa Bank Co., Ltd (廣發銀行股份有限公司) and Shenzhen Qianhai Xinxin Digital Technology Co., Ltd. (深圳前海新心數字科技有限公司), with her last position being the general manager of the risk management department. Ms. Liang obtained her bachelor's degree in economics from the South China University of Technology (華南理工大學) in the PRC in July 2003. She obtained her postgraduate diploma in digital strategy and business transformation from the University of Hong Kong in September 2017.

Independent non-executive Directors

Mr. Tam Bing Chung Benson (譚秉忠), aged 61, was appointed as an independent non-executive Director on December 6, 2019. He is responsible for providing independent advice and judgment to our Board. Mr. Tam is a member of the Audit Committee, Remuneration Committee and Nomination Committee.

DIRECTORS AND SENIOR MANAGEMENT

Mr. Tam has been an independent director of Momo Inc. (ticker symbol: MOMO), the shares of which are listed on NASDAQ, since December 2014 and a director of Podinn Hotel Zhejiang Co., Ltd (布丁酒店浙江股份有限公司), a hotel management company listed on National Equities Exchange and Quotations (NEEQ: 839121), since September 2019. He has also been an independent non-executive director of Longhui International Holdings Limited (龍輝國際控股有限公司) (stock code: 1007. HK), a China-based company principally engaged in catering business, since March 1, 2019. Mr. Tam is the founder and chief executive officer of Venturous Group, China's first Citytech™ Group with a mission to make cities smarter, since April 2019. He was a partner of Fidelity Growth Partners Asia (formerly known as Fidelity Asia Ventures), a venture capital firm, from February 2002 to February 2012. Mr. Tam obtained a master's degree in science from University of Oxford in July 1986 and a bachelor's degree in science (engineering) in civil engineering from Imperial College of Science and Technology of the University of London in August 1984.

Mr. Tam is a member of The Institute of Chartered Accountants in England and Wales since September 1989.

Mr. Yao Wei (**姚衛**), aged 47, was appointed as an independent non-executive Director on December 6, 2019. He is responsible for providing independent advice and judgment to our Board. Mr. Yao is the chairman of the Audit Committee and Remuneration Committee, and a member of the Nomination Committee and ESG Committee. Mr. Yao has over 18 years of management experience in the technology industry. Mr. Yao has been appointed as the legal representative of Guangzhou Aiwei Technology Development Co., Ltd. (廣州艾威科技發展有限公司), a research and development company, since March 2020. He has also been one of the partners and subsequently served as the deputy general manager of Evertech Technology Limited (廣州艾威儀器科技有限公司), a solution provider of precision equipment and software based in South China region, since February 2013.

From April 2010 to February 2013, Mr. Yao was the South China Regional Manager of GE (China) Co., Ltd. Analysis Instrument (通用電氣(中國)有限公司). He has also served as the South China Regional Manager of Varian Technology China Limited Guangzhou representative office (美國瓦里安技術中國有限公司廣州代表處) from July 2006 to April 2010. Mr. Yao was the sales manager (South China region) of Southeast Chemical Instrument Ltd (東南化學儀器有限公司), an analytical instrument supplier, from September 2002 to July 2006.

Mr. Yao graduated from Nanjing University (南京大學) with a bachelor's degree in science (chemistry) in July 1999. He further obtained a master's degree in science (organic chemistry) from Sun Yat-Sen University (中山大學) in July 2002.

DIRECTORS AND SENIOR MANAGEMENT

Mr. Ouyang Rihui (歐陽日輝), aged 51, vice dean, research fellow and doctoral mentor of China Center for Internet Economy Research at Central University of Finance and Economics ("CUFE"), has over a decade of research and corporate experience in digital economy, digital finance, data elements and digital commerce, and has been instrumental in initiating strategic digital upgrade and advising on innovation for consumer finance businesses for institutions such as Qishang Bank and Guangxi Rural Commercial United Bank. Mr. Ouyang also serves as the vice chairman of the Chinese Association of Market Development, director of the Internet Economy and Finance Research Center at the National Engineering Laboratory for E-commerce Technologies of Tsinghua University, and deputy director of the Capital Research Base for Internet Economy Development. Previously, he served as the vice dean of the China Development and Reform Research Institute at CUFE from 2006 to 2013. Mr. Ouyang obtained a Ph.D. in National Economics from the Chinese Academy of Social Sciences in 2005. He is also a member of the Audit Committee.

Senior Management

Mr. Liu Yingqi (劉穎麒), aged 48, is our chief executive officer. See the paragraph headed "Executive Directors" for his biography.

Mr. Yao Zhijian (姚志堅), aged 44, is our chief financial officer. See the paragraph headed "Executive Directors" for his biography.

Mr. Luo Xiaohui (羅小輝), aged 42, is our chief architect (首席架構師). See the paragraph headed "Executive Directors" for his biography.

Mr. Wu Gang (吳剛), aged 43, was appointed as our deputy general manager and general manager of policy development department in April 2016 and is primarily responsible for overseeing the management of the policy development department and general corporate governance and compliance matters.

Mr. Wu joined our Group as vice president of Leshua Technology in April 2016 and was promoted to general manager in April 2018. Prior to joining our Group, Mr. Wu worked in Tencent Technology (Beijing) Co., Ltd. (騰訊科技(北京)有限公司) for 11 years. He first served in the bank strategy group and business development group in Tencent Technology Co., Ltd. (騰訊科技有限公司), from August 2006 to June 2007. From June 2007 to March 2016, he served in financial cooperation centre, Beijing cooperation center, policy finance group and Beijing regulatory group, and was then promoted and held the senior consultant position for payment platform and financial application from April 2016 to November 2018 in Tencent Technology (Beijing) Co., Ltd. (騰訊科技(北京)有限公司).

DIRECTORS AND SENIOR MANAGEMENT

Change in Directors' Biographical Details under Rules 13.51(2) and 13.51B(1) of the Listing Rules

During the year ended December 31, 2024, Mr. Akio Tanaka (田中章雄) and Mr. Yang Tao (楊濤) have resigned from their respective positions as non-executive Director and independent non-executive Director with effect from December 11, 2024 to focus on other work commitments. Mr. Yang has also ceased to be a member of the Audit Committee. Both Mr. Tanaka and Mr. Yang have confirmed that they have no disagreement with the Board and that there is no other matter relating to their resignation that needs to be brought to the attention of the Shareholders or the Stock Exchange.

During the year ended December 31, 2024, Ms. Liang Shengtian has been appointed as an executive Director with effect from June 5, 2024 and Mr. Ouyang Rihui has been appointed as an independent non-executive Director and a member of the Audit Committee with effect from December 11, 2024.

Save as disclosed above, there is no change in Directors' biographical details which is required to be disclosed pursuant to rules 13.51(2) and 13.51B(1) of the Listing Rules for the year ended December 31, 2024.

The Board is pleased to present its report together with the audited consolidated financial statements of the Group, for the year ended December 31, 2024.

General Information

The Company was incorporated in the Cayman Islands on September 8, 2011 as an exempted company with limited liability under the Companies Act. The Shares were listed on the Main Board of the Stock Exchange on June 1, 2020.

Principal Activities

The Company is an investment holding company. The Group is principally engaged in providing payment services and business services to merchants and consumers in the PRC. Details of the principal activities of the principal subsidiaries are set out in note 1 to the consolidated financial statements.

Business Review

The business review and performance analysis of the Group for the year ended December 31, 2024 is set out in the chapter headed "Chairman's Statement" from pages 6 to 8 and "Management Discussion and Analysis" from pages 9 to 32 of this annual report.

Key Relationships

Relationship with Suppliers and Business Partners

Our suppliers and business partners include (i) payment terminal manufacturers, which supply us with payment terminals and accessories, (ii) UnionPay and NetsUnion, which primarily provide us with clearing and switch services and access to payment gateways, as well as (iii) financial institutions which primarily provide us with access to their payment gateways and collaborate with us to provide fintech services. Our largest supplier accounted for 14.2% and our five largest suppliers together accounted for 47.6% of our total cost of sales for the year ended December 31, 2024.

As of the date of this annual report, none of our Directors, their associates or any of our Shareholders (which to the knowledge of the Directors, owned more than 5% of the number of issued Shares of the Company (excluding treasury shares)) had any interest in any of our five largest suppliers.

Relationship with Customers

Leveraging our technology platform, we connect merchants and consumers in a diverse set of industries including retail, wholesale, and food and beverage industry. We consider both merchants and consumers essential components of our customer base. Typically, customers for our payment services comprise merchants; customers for our merchant solutions comprise merchants, consumers, financial institutions and merchant service providers. We primarily serve small and medium merchants from a wide range of industries across China. Our five largest customers together accounted for 2.5% of our total revenue for the year ended December 31, 2024.

As of the date of this annual report, none of our Directors, their associates or any of our Shareholders (which to the knowledge of the Directors, owns more than 5% of the number of issued Shares of the Company (excluding treasury shares)) had any interest in any of our five largest customers.

Relationship with Employees

Our success depends on our ability to attract, retain and motivate qualified personnel. We primarily recruit our employees through campus recruitment, recruitment agencies, and online channels. As part of our recruiting and retention strategy, we offer employees competitive salaries, performance-based bonuses and certain other incentives. We have adopted a robust training program, pursuant to which employees regularly receive trainings on areas including technology, regulation and management from internal or external speakers. We offer ongoing in-house training for different levels of employees, tailored to their roles and skill levels. We believe our training culture has contributed to our ability to recruit and retain qualified employees. We have established a dual-track career path that separately assesses managerial and technical talents, enhancing opportunities for personal development and career advancement. We engage external human resources business partners to enhance communication with, and provide counselling to new recruits and key employees. As required under PRC regulations, we participate in various employee social security plans that are organized by applicable local municipal and provincial governments, including housing, pension, medical, work-related injury and unemployment benefit plans. We also purchase commercial health and accidental insurance for our employees. We believe that we maintain a good working relationship with our employees and we did not experience any labor strikes or other material labor disputes that affected our operations for the year ended December 31, 2024.

We have also adopted the RSU Scheme and the Share Option Scheme to incentivize qualified directors, senior management and employees to attract, motivate and retain skilled and experienced personnel to strive for the future development and expansion of our Group, details of which are set out in the section headed "Restricted Share Unit Scheme and Share Option Scheme" in this directors' report.

Environmental Policies and Performance

The Group is committed to fulfilling social responsibility, promoting employee benefits and development, protecting the environment and giving back to community and achieving sustainable growth. Details of such will be set out in the Environmental, Social and Governance Report to be published on the same date as this annual report.

Licences, Regulatory Approvals and Compliance with Laws and Regulations

During the year ended December 31, 2024, there were no material breaches or violations of relevant laws and regulations in China, where the Group has business entities and operations, and the Group obtained all requisite licenses, approvals and permits from relevant authorities that are material to the Group's operations in China. Details of our compliance with relevant laws and regulations will be set out in the Environmental, Social and Governance Report.

Principal Risks and Uncertainties

A number of factors may affect the results and business operation of the Group, and principal risks and uncertainties that the Group faces and key mitigations that the Group adopts are summarized as follows:

Principal Risks and Uncertainties

services

technology-enabled business

Uncertainty to developing products and services which can address the rapidly evolving market for onestop payment services and

Description

We expect that new products, services and technologies applicable to the industries in which we operate will continue to emerge and evolve. Rapid and significant technological changes continue to shape such industries, including developments in e-commerce, mobile commerce, and proximity payment devices. Other potential changes, such as developments in big data analytics and artificial intelligence, are on the horizon as well. Similarly, there is rapid innovation in the products and services to facilitate business operations, including technology-enabled business services. These new products, services and technologies may be superior to, impair, or render obsolete the products and services we currently offer, or the technologies we currently use to provide them.

Key Mitigations

We continue to invest in research and development in areas including artificial intelligence and big data analytics in order to ensure the competitiveness of our products and services and to develop innovative and hightech products. Leveraging our nationwide merchant network, we are able to gain insights into merchants' needs in a timely and efficient manner enabling our research and development team to develop and optimize products and services which cater for the needs of merchants and adapt to market changes.

Principal Risks and Uncertainties

Risks related to significant disruption in service on our platform, malfunctions of our technology systems, errors and quality issues in our software, hardware, and systems, or human errors in operating these systems

Description

Our business is dependent on the ability of our information technology systems to stably and timely process a large amount of information and transactions. Our operations depend on the ability of the host of our system hardware to protect its and our systems in its facilities against damage or interruption from natural disasters, power or telecommunications failures, air quality, temperature, humidity and other environmental concerns, computer viruses or criminal acts. Our software, hardware, and systems may contain undetected errors, that could have a material adverse impact on our business, particularly where such errors are not timely detected and remedied. Any errors, defects, disruptions in services, or other performance problems with our services could hurt our reputation and damage our customers' businesses.

Key Mitigations

We have set up security systems and measures including firewall, intrusion prevention system, bastion host and vulnerability scanning which monitor and control incoming and outgoing traffic, identify weaknesses in our information technology systems and withstand attacks to our information technology systems. We also regularly conduct security scanning, penetration tests and bug fixing on our systems to prevent information security threats.

For the operations of our core servers and databases, we adopt "double - review" (雙人覆核) approach in order to prevent malicious operations by an employee. Our employees are only authorized to access servers and systems to the extent which is necessary for performing their job duties.

Principal Risks and Uncertainties

Description

Key Mitigations

Risks related to reliance on business partners

Our payment and business services rely on technologies, services and infrastructure offered by third parties that we do not control, such as payment networks, commercial banks, trust companies, insurance companies and telecommunication operators. We rely on them for a variety of services, including transmitting transaction data, processing chargebacks and refunds, facilitating same-day or settlement service and providing value-added services. Our IT systems and various interfaces also utilize or are connected to the platforms, infrastructures and technologies of these third parties. If they fail to provide services adequately, including as a result of system errors, human errors or events beyond their control, or they refuse to provide these services on terms acceptable to us or at all, and we are not able to find suitable. alternatives, our business may be materially and adversely affected.

We receive real-time alerts for any malfunctions in and interruptions to our operations and have developed contingency plans for situations in which malfunctions in or interruptions to our operations are caused by failure in the technologies, services or infrastructure provided by our business partners. For instance, we maintain two server rooms with one being the backup. As the server rooms adopt three routing connections provided by two different operators, in the event that any of the routing connections is interrupted, the servers can still connect properly without compromising our services. In addition, for servers we rent from third parties, as we have a master database server together with three associated counterparts, where the master database server experiences malfunctions or interruptions, one of the three associated counterparts will take over automatically as the master database server, thereby effectively minimizing the negative impact arising from failure of the master database server on our business.

We maintain close contact with our business partners and will communicate with them in a timely manner in situations where malfunctions in or interruptions to our operations are caused by them so as to devise a risk response plan to minimize disruption.

Principal Risks and Uncertainties

Risks relating to fraudulent and fictitious transactions, and misconducts committed by our employees, customers, distribution channels and other third parties

Description

Offering payment services to a large number of customers, we may be subject to liability for fraudulent payment transactions by customers, in particular, fraudulent chargeback and use of counterfeit cards. Fraud or other misconducts committed by our employees, customers, distribution channels or other third parties may be difficult to detect or prevent and could subject us to financial losses and regulatory sanctions as well as seriously damage our reputation. Fraudulent activities have become increasingly sophisticated. Failure to effectively identify and address these risks could lead to losses, regulatory penalties or even regulatory restrictions to our business operations, which will adversely affect our business, financial condition, and results of operations.

Key Mitigations

We maintain an anti-fraud system which automatically monitors merchants through multiple dimensions to evaluate fraud risks and minimize fraud exposure.

We also adopt a professional anti-money laundering system which continuously monitors and identifies merchants with respect to customer ratings, suspicious transactions, large-sum transactions, and the like.

We provide our employees with regular trainings on antimoney laundering, fraudulent and fictitious transactions and misconduct in order to enhance their understanding and awareness on these issues.

Subsequent Events

Reference is made to the announcement of the Company dated January 6, 2025 and January 13, 2025 (the "Placing Announcements"). Unless otherwise defined, capitalized terms used in this section shall have the same meanings as those set out in the Placing Announcements. On January 6, 2025, the Company, the Top-up Vendor and the Placing Agent entered into the Placing and Subscription Agreement, pursuant to which, (i) the Top-up Vendor agreed to sell, and the Placing Agent agreed, as agent of the Top-up Vendor, to procure, on a best effort basis to purchase up to 19,150,000 Placing Shares held by the Top-up Vendor at a price of HK\$10.10 per Placing Share; and (ii) the Top-up Vendor conditionally agreed to subscribe as principal for, and the Company conditionally agreed to issue, 19,150,000 Subscription Shares at the Subscription Price, which is equivalent to the Placing Price. The Vendor Placing and the Subscription were completed on January 9, 2025 and January 13, 2025 respectively. A total of 19,150,000 Subscription Shares (equal to the number of the Placing Shares successfully placed under the Vendor Placing) were subscribed by the Top-up Vendor at the Subscription Price of HK\$10.10 per Subscription Share. The Subscription Shares represent approximately 4.14% of the issued share capital of the Company as enlarged by the Subscription. The net proceeds from the Subscription are estimated to be approximately HK\$189.2 million, net of all applicable costs and expenses including commissions, professional fees and out-of-pocket expenses.

Save as disclosed above, there were no material events subsequent to December 31, 2024 which could have a material impact on our operating and financial performance as of the date of this annual report.

Financial Statements

The results of the Group for the year ended December 31, 2024 and the state of the Group's financial position as at that date are set out in the consolidated financial statements from pages 111 to 249 of this annual report.

Final Dividend

The Board did not recommend the payment of a final dividend for the year ended December 31, 2024 (2023: Nil).

Reserves

The Company may pay dividends out of share premium, retained earnings and any other reserves provided that immediately following the payment of such dividends, the Company will be in a position to pay off its debts as they fall due in the ordinary course of business.

As of December 31, 2024, the Company had distributable reserves of approximately RMB1,221,531,000 (2023: RMB1,380,485,000).

Property, Plant and Equipment

Details of movements in the property, plant and equipment of the Group during the year ended December 31, 2024 are set out in note 15 to the consolidated financial statements in this annual report.

Share Capital

Details of movements in the share capital of the Company during the year ended December 31, 2024 are set out in note 26 to the consolidated financial statements in this annual report.

Bank Borrowings and other Loans

Details of bank borrowings and other loans of the Group as at December 31, 2024 are set out in note 31 to the consolidated financial statements of this annual report.

Pledge of Assets

As of December 31, 2024, we pledged account receivables of about RMB15.0 million to one bank.

Financial Summary

A summary of the published results and of the assets and liabilities of the Group for the last five financial years is set out on page 5 of this annual report. This summary does not form part of the audited consolidated financial statements.

Purchase, Sale or Redemption of the Company's Listed Securities

During the Reporting Period, the RSU Trustees have utilized an aggregate of approximately HKD52.1 million (including commissions and transaction costs) to purchase 4,224,400 Shares from the open market at a consideration ranging from HKD9.01 to HKD14.76 per Share. The Shares purchased during such period represent 0.95% of the issued Shares as of December 31, 2024. The purchased Shares will be used as share awards to incentivize key personnel of our Group and/or its related entities.

During the Reporting Period, in accordance with the terms and conditions of the Convertible Bonds, the Company repurchased the Convertible Bonds with a principal amount of US\$35 million representing 50.0% of the aggregate principal amount of the Convertible Bonds originally issued. The aggregate consideration for the repurchases of the Convertible Bonds was approximately US\$34.5 million. Details of the repurchases are set out below.

In April 2024, the Company repurchased the Convertible Bonds with an aggregate principal amount of US\$15 million with the right to convert into 5,046,806 Shares, representing approximately 21.4% of the aggregate principal amount of the Convertible Bonds originally issued. For details, please refer to the Company's announcement dated April 30, 2024.

In May 2024, the Company repurchased the Convertible Bonds with an aggregate principal amount of US\$20 million with the right to convert into 6,729,073 Shares, representing approximately 28.6% of the aggregate principal amount of the Convertible Bonds originally issued. For details, please refer to the Company's announcement dated June 3, 2024.

On July 13, 2024, pursuant to the terms and conditions of the Convertible Bonds, the bondholders holding an aggregate principal amount of US\$35 million representing 50.0% of the aggregate principal amount of the Convertible Bonds originally issued, exercised their option to require the Company to redeem all Convertible Bonds held by them at the principal amount, together with interest accrued but unpaid up to but excluding such date (the "Redemption"). On July 15, 2024, the Company completed such Redemption in full. For details, please refer to the Company's announcements dated June 14, 2024 and July 15, 2024. As of the date of this annual report, there are no outstanding Convertible Bonds in issue. The Convertible Bonds were delisted from the Stock Exchange on July 23, 2024.

Save as disclosed above and in note 34 to the consolidated financial statements, neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the listed securities of the Company (including any sale of treasury shares) for the year ended December 31, 2024. As at December 31, 2024, the Company did not hold any treasury shares.

Restricted Share Unit Scheme and Share Option Scheme

Restricted Share Unit Scheme

On August 1, 2019, the RSU Scheme was approved and adopted by the Board (and amended by the Board in December 2022 and December 2024). As part of the Reorganization and for the convenience of the governance of the Company, the Company adopted the RSU Scheme to replace the Pre-IPO Stock Incentive Scheme such that all the options granted under the Pre-IPO Stock Incentive Scheme are converted to RSUs. The Pre-IPO Stock Incentive Scheme has been terminated. Further details of the Reorganization and the conversion of share options to RSUs are set out in the Prospectus. The purpose of the RSU Scheme is to incentivize Directors (excluding independent non-executive Directors), senior management of our Group and holding companies, fellow subsidiaries or associated companies of the Company, and other selected personnel for their contribution to the Group, to attract, motivate and retain skilled and experienced personnel to strive for the future development and expansion of the Group by providing them with the opportunity to own equity interests in the Company.

The RSU Scheme was adopted before the new Chapter 17 of the Listing Rules (effective on January 1, 2023) came into effect. Starting from June 5, 2024, being the date of the second annual general meeting after January 1, 2023, the Company would not grant any new Shares under the RSU Scheme and the RSU Scheme shall be entirely funded by existing Shares received from any Shareholder or purchased (either on-market or off-market) by the trustee of the RSU Scheme in accordance with the rules of the RSU Scheme.

A RSU gives the RSU Participant a conditional right when the RSU vests to obtain either Shares or an equivalent value in cash with reference to the market value of the Shares on or about the date of exercise of the RSUs, less any tax, stamp duty and other charges applicable, as determined by the Board in its absolute discretion. Each RSU represents one underlying Share. A RSU may include, if so specified by the Board in its entire discretion, cash and non-cash income, dividends or distributions and/or the sale proceeds of non-cash and non-scrip distributions in respect of those Shares.

The Board selects the RSU Eligible Persons to receive RSUs under the RSU Scheme at its discretion. The RSU Scheme will be valid and effective for a period of ten (10) years, commencing from the date of the first grant of the RSUs, being August 1, 2019 (unless it is terminated earlier in accordance with its terms), after which no further RSUs shall be granted or accepted, but the provisions of the RSU Scheme shall remain in full force and effect in order to give effect to the vesting of RSUs granted and accepted prior to the expiration of the period of the RSU Scheme. As of December 31, 2024, the remaining life of the RSU Scheme is approximately 4 years and five months. The maximum number of RSUs that may be granted under the RSU Scheme in aggregate (excluding RSUs that have lapsed or been cancelled in accordance with the RSU Scheme) shall be such number of Shares held or to be held by the trustee for the purpose of the RSU Scheme from time to time. As of January 1, 2024 and December 31, 2024, the total number of Shares held by the trustee for the purpose of RSU Scheme were 76,396,682 and 77,598,548, respectively, representing 17.1% and 17.5% of the shares of the Company in issue as of the relevant dates, respectively. The trustee holding unvested shares of the RSU Scheme, whether directly or indirectly, shall abstain from voting on matters that require shareholders' approval under the Listing Rules, unless otherwise required by law to vote in accordance with the beneficial owner's direction and such a direction is given. The Company may direct and procure the trustee to receive existing shares from any Shareholder or purchase existing Shares (either on-market or off-market) to satisfy the RSUs upon exercise. The Company shall procure that sufficient funds are provided to the trustee by whatever means as the Board may in its absolute discretion determine to enable the trustee to satisfy its obligations in connection with the administration of the RSU Scheme. There is no maximum entitlement for each RSU Eligible Person under the rules of the RSU Scheme.

An Eligible Person selected by the Board to be granted RSUs under the RSU Scheme may accept the RSUs in such manner (including any amount payable on acceptance of the RSUs as determined by the Board in its absolute discretion and the period within which payments may be made, if any) set out in the grant letter. The Board can determine the vesting criteria, conditions and the time schedule when the RSUs will vest and such criteria, conditions and time schedule shall be stated in the grant letter. RSUs held by a RSU Participant that are vested as evidenced by the vesting notice may be exercised (in whole or in part) by the RSU Participant serving an exercise notice in writing on the RSU Trustees and copied to the Company. Any exercise of RSUs must be in respect of a board lot of 400 Shares each or an integral multiple thereof (except where the number of RSUs which remains unexercised is less than one board lot). Upon receipt of an exercise notice, the Board shall direct and procure the RSU Trustees to, within a reasonable time, transfer the Shares underlying the RSUs exercised (and, if applicable, the cash or non-cash income, dividends or distributions and/or the sale proceeds of non-cash and non-scrip distributions in respect of those Shares) to the RSU Participant which the Company has allotted and issued to the RSU Trustees as fully paid up Shares or which the RSU Trustees have either acquired by purchasing existing Shares or by receiving existing Shares from any Shareholder, subject to the RSU Participant paying the exercise price (as determined by the Board in its absolute discretion, if any) and all tax, stamp duty, levies and charges applicable to such transfer to the RSU Trustees or as the RSU Trustees directs.

A RSU Participant does not have any contingent interest in any Shares underlying the RSUs unless and until such Shares are actually transferred to the RSU Participant. Further, a RSU Participant may not exercise voting rights in respect of the Shares underlying the RSUs prior to their exercise and, unless otherwise specified by the Board in its entire discretion in the RSU grant letter to the RSU Participant, nor do they have any rights to any cash or non-cash income, dividends or distributions and/or the sale proceeds of non-cash and non-scrip distributions from any Shares underlying the RSUs.

The Company has appointed TMF Trust (HK) Limited and Futu Trustee Limited as the RSU Trustees to assist with the administration and vesting of RSUs granted pursuant to the RSU Scheme. As of December 31, 2024, RSUs in respect of 7,745,914 underlying Shares were granted under the RSU Scheme for the benefit of Eligible Persons pursuant to the RSU Scheme, and RSUs in respect of an aggregate of 10,680,130 underlying Shares, representing approximately 2.4% of the total number of issued Shares as of the same date, were granted but have not been vested, or granted but have been lapsed or cancelled, and remain to be held by the RSU Trustees or their nominees. The grantees of the RSUs granted under the RSU Scheme as referred to in the table below are not required to pay for the grant of any RSU under the RSU Scheme.

The table below sets out the movements in the RSUs during the year from January 1, 2024 to December 31, 2024 granted under the RSU Scheme:

Number of Shares

- Further details of the grants were set out in the Company's announcement dated June 5, 2024. The RSU Trustees will transfer the existing Shares purchased by the RSU Trustees directly to the RSU grantees and no new Shares will be issued as a result of the grant of RSUs. Ξ
- (2) The exercise period of the RSUs is 15 years from their respective dates of grant.
- date, the portion of the RSUs that vests shall depend on the RSU grantee meeting a specified threshold in their regular performance evaluations during the one-year period prior to each vesting date. The performance evaluations are based on a matrix of indicators that vary according to the roles and Particulars of the performance targets: upon each vesting date, the portion of the RSUs that vests shall depend on the RSU grantee meeting a specified threshold in their performance evaluations during the one-year period prior to each vesting date. With respect to each RSU grantee, upon each vesting responsibilities of the RSU grantee. The indicators include, but are not limited to, work quality, efficiency, collaboration and management skills. (3)
- (4) Ms. Liang Shengtian was appointed as an executive Director with effect from June 5, 2024.
- On August 27, 2024, the Company granted a bonus award to certain employees that entitles them to receive a number of shares to be approved by the Board, subject to a 27 months vesting period and the fulfilment of certain performance target. None of the award is vested/cancelled/lapsed during the year. For details, please refer to note 35(b) to the consolidated financial statements. (2)

Details of movements in the RSUs and the fair value of the RSUs at the date of grant are also set out in note 35(b) to the consolidated financial statements. The RSU Participants shall serve the exercise notice within three (3) months after receiving the vesting notice.

On June 5, 2024, the Company granted a total of 7,745,914 RSUs pursuant to the RSU Scheme to a total of 244 RSU grantees. The RSUs granted represent 7,745,914 underlying Shares and approximately 1.7% of the issued share capital of the Company as at December 31, 2024 Upon each vesting date, the portion of the RSUs that vests shall depend on the RSU grantee meeting a specified threshold in their performance evaluations during the one-year period prior to each vesting date. The trustee of the RSU Scheme will transfer the Shares directly to the grantees and no new Shares will be issued as a result of the grant of RSUs. For further details, please refer to the Company's announcement dated June 5, 2024.

Save as disclosed above, for the year ended December 31, 2024 and up to the date of this annual report, no further RSUs have been or would be granted by the Company pursuant to the RSU Scheme.

Save as disclosed above, no RSUs were granted to other Directors, chief executive, substantial Shareholders, related entity participants or service providers of the Company, or their respective associates. None of the participant of the RSU Scheme was granted or to be granted in excess of the 1% individual limit.

Share Option Scheme

The Share Option Scheme was adopted at the extraordinary general meeting of the Company held on October 13, 2020. The Share Option Scheme was adopted before the new Chapter 17 of the Listing Rules coming into effect (effective from January 1, 2023). The Company will comply with the new Chapter 17 in accordance with the transitional arrangements for existing share schemes.

A summary of the share option scheme is as follows:

The purpose of the Share Option Scheme is to attract, retain and motivate talented employees to strive towards long term performance targets set by the Group and to provide them with an incentive to work better for the interest of the Group. The Share Option Scheme will link the value of the Company with the interests of the participants, enabling the participants and the Company to develop together and promote the Company's corporate culture.

Subject to the terms of the Share Option Scheme, the Board shall be entitled at any time within the period of ten years after October 13, 2020 to grant options to any participants as the Board may in its absolute discretion select. As of December 31, 2024, the remaining life of the Share Option Scheme was approximately five years and nine and a half months. No offer shall be made and no option shall be granted to any participants in circumstances prohibited by the Listing Rules at a time when the participants would or might be prohibited from dealing in the Shares by the Listing Rules or by any applicable rules, regulations or law. In particular, no options may be granted during the period commencing one month immediately preceding the earlier of: (i) the date of the Board meeting (as such date is first notified to the Stock Exchange in accordance with the Listing Rules) for the approval of the Company's results for any year, half-year, quarterly or other interim period; and (ii) the deadline for the Company to publish its interim or annual results announcement under the Listing Rules, and ending on the date of actual publication of such results announcement.

The participants of the Share Option Scheme include any Director or employee or officers of any member of the Group, who the Board considers, in its sole discretion, have contributed or will contribute to the Group.

The maximum number of Shares which may be issued upon exercise of all share options to be granted under the Share Option Scheme and any other share option schemes adopted by the Company shall not exceed 10% of the aggregate of the Shares in issue on October 13, 2020 (the "Scheme Mandate Limit"), i.e. 42,620,507 Shares, unless Shareholders' approval has been obtained. Options lapsed in accordance with the terms of the Share Option Scheme and (as the case may be) such other share option schemes of the Company will not be counted for the purpose of calculating the Scheme Mandate Limit. The Company may renew the Scheme Mandate Limit at any time subject to prior Shareholders' approval but in any event, the total number of Shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Company under the limit as refreshed must not exceed 10% of the Shares in issue as at the date of approval of the renewal of the Scheme Mandate Limit.

The maximum number of Shares issued and to be issued upon exercise of the share options granted and to be granted to each participant (including both exercised, cancelled and outstanding share options) under the Share Option Scheme or any other share option schemes adopted by the Company in any 12-month period is limited to 1% of the Shares in issue, unless otherwise separately approved by Shareholders in general meeting with such participant and his close associates (or his associates if the participant is a connected person) abstaining from voting.

The offer of a grant of share options may be accepted within 28 days from the date of offer. Upon acceptance of the share options, a nominal consideration of HKD1.00 is payable for the grant of options and such payment shall not be refundable. Subject to such terms and conditions as the Board may determine, there is no minimum period for which a share option must be held before it can be exercised and no performance target need to be achieved by a grantee before the share options can be exercised.

Subject to the terms of grant of any option, an option may be exercised by the grantee of the option at any time during the option period and in accordance with the vesting schedule and other terms specified in the offer. No option may be vested more than ten years after the date of the offer made. Subject to earlier termination by the Company in general meeting or by the Board, the Share Option Scheme shall be valid and effective for a period of ten years commencing on October 13, 2020.

The exercise price shall be at a price determined by the Board at its absolute discretion and shall be at least the highest of (i) the closing price of the Shares as stated in the daily quotation sheets issued by the Stock Exchange on the date of offer; (ii) the average closing price of the Shares as stated in the daily quotation sheets issued by the Stock Exchange for the five business days immediately preceding the date of offer; and (iii) the nominal value of a Share on the date of offer.

Further details of the principal terms of the Share Option Scheme are set out in circular of the Company dated September 24, 2020.

The table below sets out the movements of the share options of our Company during the year from January 1, 2024 to December 31, 2024 granted under the Share Option Scheme:

Note:

- (1) Being the highest of (i) HKD44.20 per Share, the closing price of the Shares on the date of grant as stated in the daily quotation sheet issued by the Stock Exchange, (ii) HKD39.45 per Share, the average closing price of the Shares for the five business days immediately preceding the date on which the options were granted, and (iii) US\$0.000025 per Share, the nominal value. The closing price of the Shares immediately before the date on which the options were granted was HKD43.55.
- (2) Being the highest of (i) HKD52.75 per Share, the closing price of the Shares on the date of grant as stated in the daily quotation sheet issued by the Stock Exchange, (ii) HKD58.60 per Share, the closing price of the Shares for the five business days immediately preceding the date on which the options were granted, and (iii) US\$0.000025 per Share, the nominal value. The closing price of the Shares immediately before the date on which the options were granted was HKD53.60.
- (3) Being the highest of (i) HKD24.70 per Share, the closing price of the Shares on the date of grant as stated in the daily quotation sheet issued by the Stock Exchange; (ii) HKD25.56 per Share, the average closing price of the Shares for the five business days immediately preceding the date on which the options were granted; and (iii) the nominal value of US\$0.000025 per Share. The closing price of the Shares immediately before the date on which the options were granted was HKD25.10.
- (4) Further details of the grants were set out in the Company's announcements dated January 7, 2021, May 12, 2021 and January 24, 2022.
- (5) Ms. Liang Shengtian was appointed as an executive Director with effect from June 5, 2024.

As of December 31, 2024, the number of Shares in respect of which options had been granted and but not yet exercised under the Share Option was 5,257,250, representing 1.2% of the Shares in issue as of that date. As at January 1, 2024 and December 31, 2024, the total number of Shares available for issue in respect of the options that can be further granted under the Share Option Scheme was 37,323,257 and 37,363,257, respectively, representing 8.4% and 8.4% of the total number of Shares in issue as of the relevant dates, respectively. The total number of Shares available for issue under the Share Option Scheme was 42,620,507 Shares, representing 9.2% of the total number of issued Shares (excluding treasury Shares) as of the date of this annual report.

For the year ended December 31, 2024 and up to the date of this annual report, no further options have been or would be granted by the Company pursuant to the Share Option Scheme.

Details of movements in the share options are set out in note 35(a) to the consolidated financial statements.

Save as disclosed above, no RSUs and/or options were granted to the Directors, chief executive, substantial Shareholders, related entity participants or service providers of the Company, or their respective associates. None of the participants of the RSU Scheme and/or the Share Option Scheme was granted or to be granted in excess of the 1% individual limit.

Disclosure under Rule 17.07(3) of the Listing Rules

As all awards granted will be satisfied by existing Shares and no options were granted during the year ended December 31, 2024, no Shares may be issued in respect of options and awards granted under all schemes of the Company during the year ended December 31, 2024.

Directors

The Directors during the year ended December 31, 2024 and up to the date of this annual report were:

Name	Position/Title
Liu Yingqi (劉穎麒)	Executive Director, chief executive officer and chairman of the Board
Yao Zhijian (姚志堅)	Executive Director and chief financial officer
Luo Xiaohui (羅小輝)	Executive Director and chief architect
Liang Shengtian (梁勝甜) ⁽¹⁾	Executive Director and deputy general manager
Akio Tanaka (田中章雄) ⁽²⁾	Non-executive Director
Tam Bing Chung Benson (譚秉忠)	Independent non-executive Director
Yao Wei (姚衛)	Independent non-executive Director
Yang Tao (楊濤) ⁽²⁾	Independent non-executive Director
Ouyang Rihui (歐陽日輝) ⁽¹⁾	Independent non-executive Director

Notes:

- (1) Ms. Liang Shengtian was appointed as an executive Director with effect from June 5, 2024 as disclosed in the Company's announcement dated June 5, 2024. In addition, Mr. Ouyang Rihui was appointed as an independent non-executive Director and a member of the Audit Committee with effect from December 11, 2024 as disclosed in the Company's announcement dated December 11, 2024.
- (2) Mr. Akio Tanaka and Mr. Yang Tao have resigned from their respective positions as non-executive Director and independent non-executive Director with effect from December 11, 2024 to focus on other work commitments.

Pursuant to Article 16.19 of the Articles of Association, at every annual general meeting of the Company one-third of the Directors for the time being (or, if their number is not three or a multiple of three, then the number nearest to, but not less than, one-third) shall retire from office by rotation provided that every Director (including those appointed for a specific term) shall be subject to retirement by rotation at least once every three years. Any Director required to stand for re-election pursuant to Article 16.2 shall not be taken into account in determining the number of Directors and which Directors are to retire by rotation. Accordingly, Mr. Luo Xiaohui, Ms. Liang Shengtian, Mr. Yao Wei and Mr. Ouyang Rihui will retire by rotation at the AGM and, being eligible, offer themselves for re-election.

The biographical details of the Directors and senior management of the Company as at the date of this annual report are set out in the chapter headed "Directors and Senior Management" in this annual report.

Directors' Service Contracts and Letters of Appointment

Apart from Mr. Luo Xiaohui who entered into a service contract with our Company with effect from August 28, 2023, and Ms. Liang Shengtian who entered into a service contract with our Company with effect from June 5, 2024, each of our executive Directors has entered into a service contract with our Company with effect from April 30, 2023. Save for Mr. Ouyang Rihui to whom we issued letter of appointment with effect from December 11, 2024, we have issued letters of appointment to each of our independent non-executive Directors with effect from April 30, 2023. The service contracts with each of our executive Directors and the letters of appointment with each of our independent non-executive Directors are for an initial fixed term of three years commencing from the date of the respective service contracts or letters of appointment. The service contracts and the letters of appointment are subject to termination in accordance with their respective terms.

The service contracts may be renewed in accordance with the Articles of Association and the applicable Listing Rules. None of our Directors proposed for re-election at the AGM has a service contract with members of our Group that is not determinable by our Group within one year without payment of compensation, other than statutory compensation.

Confirmation of Independence of Independent Non-executive Directors

The Company has received an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules from each of the independent non-executive Directors (being Mr. Tam Bing Chung Benson, Mr. Yao Wei and Mr. Ouyang Rihui), and the Company considers such Directors to be independent for the year ended December 31, 2024.

Directors' and Controlling Shareholders' Interests in Transactions, Arrangements or Contracts of Significance

Save for the Contractual Arrangements, there was no transactions, arrangements or contracts of significance to which the Company or any of its subsidiaries was a party and in which a Director and/or any of its connected entity had a material interest, whether directly or indirectly, and there was no transaction, arrangement or contract of significance between the Company or any of its subsidiaries and the Company's controlling shareholders or any of its subsidiaries, subsisted at the end of, or at any time during the year ended December 31, 2024.

Directors' and Chief Executive's Interests and Short Positions in the Shares, Underlying Shares and Debentures

As at December 31, 2024, the interests and short positions of Directors and the chief executive of the Company in the shares, underlying shares and debentures of the Company and its associated corporations within the meaning of Part XV of the SFO which were required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which they have taken or are deemed to have taken under such provisions of the SFO); or which were required, pursuant to section 352 of the SFO, to be recorded in the register referred to therein; or which were required to be notified to the Company and the Stock Exchange pursuant to the Model Code were as follows:

Name of Director/ chief executive	Capacity/Nature of interest	Number of Shares ⁽¹⁾	Approximate percentage of shareholding (%)(3)
Mr. Liu Yingqi ⁽²⁾	Founder of a discretionary trust	160,248,364	36.17
Mr. Yao Zhijian	Beneficial owner	3,114,579	0.70
Mr. Luo Xiaohui	Beneficial owner	2,265,478	0.51
Ms. Liang Shengtian	Beneficial owner	223,000	0.05

Notes:

- 1. All interests stated are long positions including interests in underlying Shares.
- 2. Creative Brocade International is owned as to (i) 99.9% by Brocade Creation Investment Limited, which is wholly-owned by Brocade Creation Limited, the holding vehicle used by Cantrust (Far East) Limited (the trustee of the Brocade Creation Trust); and (ii) 0.1% by Creative Brocade, which is wholly-owned by Mr. Liu Yingqi. The Brocade Creation Trust is a discretionary trust established by Mr. Liu Yingqi (as the settlor) and the discretionary beneficiary is Mr. Liu Yingqi. Therefore, each of Mr. Liu Yingqi, Cantrust (Far East) Limited, Brocade Creation Limited and Brocade Creation Investment Limited is deemed under the SFO to be interested in the 160,248,364 Shares held by Creative Brocade International.
- 3. The percentage represents the number of shares interested divided by the total number of ordinary shares of the Company in issue as at December 31, 2024, i.e. 443,012,442.

Interests of Directors and Chief Executives in the Underlying Shares

Name of Director/ chief executive	Capacity/Nature of interest	Number of Shares ⁽¹⁾	Approximate percentage of shareholding (%)(2)
Mr. Yao Zhijian	Beneficial owner	300,000	0.07
Mr. Luo Xiaohui	Beneficial owner	100,000	0.02
Ms. Liang Shengtian	Beneficial owner	50,000	0.01

Notes:

- 1. All interests stated are long positions.
- 2. The percentage represents the number of shares interested divided by the total number of ordinary shares of the Company in issue as at December 31, 2024, i.e. 443,012,442.

Interests of Directors and Chief Executives in the Company's Associated Corporations

Name of Director/ chief executive	Name of associated corporation	Capacity/Nature of interest	Registered Capital (RMB)	Approximate percentage of shareholding (%)
Mr. Liu Yingqi	Shenzhen Yeahka	Beneficial owner	198,545,266	99.27

Save as disclosed above, as at December 31, 2024, no Directors or chief executives of the Company had or was deemed to have an interest or short position in the shares, underlying shares or debentures of the Company or its associated corporations, within the meaning of Part XV of the SFO, which were required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which they have taken or are deemed to have taken under such provisions of the SFO); or which were required, pursuant to section 352 of the SFO, to be recorded in the register referred to therein; or which were required to be notified to the Company and the Stock Exchange pursuant to the Model Code.

Substantial Shareholders' and Other Persons' Interests and Short Positions in the Shares and Underlying Shares

As at December 31, 2024, to the best knowledge of the Directors, the following persons, other than Directors and chief executives of the Company, had interests or short positions in the shares or underlying shares of the Company which were required to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO, or which were required, pursuant to section 336 of the SFO, to be recorded in the register referred to therein:

Interests of Substantial Shareholders in the Shares of the Company

Name of Shareholder	Capacity/Nature of interest	Number of Shares ⁽¹⁾	Approximate Percentage of Shareholding (%) ⁽⁵⁾
Creative Brocade International Limited ⁽²⁾	Beneficial owner	160,248,364 (L)	36.17
Brocade Creation Investment Limited ⁽²⁾	Interest in controlled corporation	160,248,364 (L)	36.17
Brocade Creation Limited ⁽²⁾	Interest in controlled corporation	160,248,364 (L)	36.17
Cantrust (Far East) Limited ⁽²⁾	Trustee of a trust	160,248,364 (L)	36.17
Ms. Luo Haiying ⁽³⁾	Interest of Spouse	160,248,364 (L)	36.17
Recruit Holdings Co., Ltd	Beneficial owner	30,051,196 (L)	6.78
TMF Trust (HK) Limited(4)	Trustee of a trust	79,478,065 (L)	17.94

Notes:

- 1. (L) denotes long position; (S) denotes short positions; (P) denotes lending pool.
- 2. Creative Brocade International is owned as to (i) 99.9% by Brocade Creation Investment Limited, which is wholly-owned by Brocade Creation Limited, the holding vehicle used by Cantrust (Far East) Limited (the trustee of the Brocade Creation Trust); and (ii) 0.1% by Creative Brocade, which is wholly-owned by Mr. Liu Yingqi. The Brocade Creation Trust is a discretionary trust established by Mr. Liu Yingqi (as the settlor) and the discretionary beneficiary is Mr. Liu Yingqi. Therefore, each of Mr. Liu Yingqi, Cantrust (Far East) Limited, Brocade Creation Limited and Brocade Creation Investment Limited is deemed under the SFO to be interested in the 160,248,364 Shares or underlying Shares held by Creative Brocade International.
- 3. Ms. Luo Haiying, the spouse of Mr. Liu Yingqi, is deemed under the SFO to be interested in the 160,248,364 Shares or underlying Shares in which Mr. Liu Yingqi is deemed to be interested.
- 4. TMF Trust (HK) Limited directly holds the entire issued share capital of each of RSU Nominee 1 and RSU Nominee 2 hold 51,227,171 and 28,250,894 underlying Shares in respect of the RSUs granted and to be granted under the RSU Scheme for the benefit of eligible participants pursuant to the RSU Scheme. Therefore, TMF Trust (HK) Limited is deemed under the SFO to be interest in the 51,227,171 and 28,250,894 Shares held by RSU Nominee 1 and RSU Nominee 2, respectively.
- 5. The percentage represents the number of shares interested divided by the total number of ordinary shares of the Company in issue as at December 31, 2024, i.e. 443,012,442.

Save as disclosed above, as at December 31, 2024, to the best knowledge of the Directors, no other persons (not being Directors or chief executives of the Company) had interests or short positions in the shares or underlying shares of the Company which were required to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO, or which were required, pursuant to section 336 of the SFO, to be recorded in the register referred to therein.

Management Contracts

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year ended December 31, 2024.

Pre-Emptive Rights

There is no provision for pre-emptive rights under the Articles of Association, although there are no restrictions against such rights under the laws in the Cayman Islands which would oblige the Company to offer new shares on a pro-rata basis to existing Shareholders.

Tax Relief and Exemption

The Directors are not aware of any tax relief and exemption available to the Shareholders by reason of their holding of the Company's securities.

Emolument Policy

Our Directors believe that the ability to attract, motivate and retain a sufficient number of qualified employees is of significant importance to the long-term successful development of our Group. We participate in various employee social security plans that are organized by applicable local municipal and provincial governments, including housing, pension, medical, work-related injury and unemployment benefit plans. We purchase commercial health and accidental insurance for our employees. We have also adopted the RSU Scheme and Share Option Scheme, details of both schemes are set out under the section headed "Restricted Share Unit Scheme and Share Option Scheme" in this directors' report. Our Group has established a remuneration committee to review the policy and structure of the remuneration for our Directors and senior management and make recommendations on the remuneration packages of individual executive Directors and senior management. In general, our Group determines the emolument payable to our Directors based on each Director's time commitment and responsibilities, salaries paid by comparable companies as well as the employment conditions elsewhere in our Group.

Employee Benefits

Particulars of the employee benefits of the Group are set out in note 10 to the consolidated financial statements.

Pursuant to code provision E.1.5 of Part 2 of the CG Code, the annual remuneration (excluding equity-settled share expenses) of the senior management (including members of senior management who are also executive Directors) by band for the year ended December 31, 2024 is set out below:

Band	Remuneration	Number of senior management
1	RMB0 to RMB1,000,000	3(1)
2	RMB1,000,001 to RMB1,500,000	2 ⁽²⁾
3	RMB1,500,001 to RMB2,000,000	0
4	RMB2,000,001 to RMB2,500,000	0
5	RMB2,500,001 to RMB3,000,000	0

Notes:

- (1) Band 1 includes 2 executive Directors.
- (2) Band 2 includes 2 executive Directors.

Public Float

As at the date of this annual report and based on the information that is publicly available to the Company and to the knowledge of the Directors, the Company has maintained minimum public float of 25% as required under the Listing Rules.

Rights to Acquire the Company's Securities and Equity-Linked Agreements

Redemption of US\$70 Million 6.25% Convertible Bonds Due 2027

On July 4, 2022, the Company and J.P. Morgan Securities plc and Credit Suisse (Hong Kong) Limited as the joint global coordinators, joint bookrunners and joint lead managers (the "Managers") entered into a subscription agreement, pursuant to which and subject to certain conditions contained therein, the Company has agreed to issue, and the Managers have agreed to severally and not jointly subscribe and pay for, or to procure subscribers to subscribe and pay for, the Convertible Bonds.

During the Reporting Period, the Company has redeemed, in advance, all of its Convertible Bonds. As of the date of this annual report, all the Convertible Bonds have been redeemed and canceled. The Convertible Bonds were delisted from the Stock Exchange on July 23, 2024. The Board believes that the early redemption of the Convertible Bonds will significantly reduce the Company's interest expenses and optimize its capital structure.

Save as disclosed in this section and under the section headed "Restricted Share Unit Scheme and Share Option Scheme" in this directors' report, at no time during the year ended December 31, 2024 was the Company, or any of its subsidiaries, a party to any arrangement to enable the Directors or chief executive of the Company or their respective associates to subscribe for securities of the Company or any of its associated corporations as defined in the SFO or to acquire benefits by means of acquisition of Shares in, or debentures of, the Company or any other body corporate. Save as disclosed in this section, the Company did not enter into any equity-linked agreement.

Directors' Interests in Competing Business

During the year ended December 31, 2024, none of the Directors have any interest in a business, apart from the business of the Group, which competes or is likely to compete, directly or indirectly, with the business of the Group, which would require disclosure under Rule 8.10 of the Listing Rules.

Permitted Indemnity Provision

Every Director, auditor or other officer of the Company shall be entitled to be indemnified out of the assets of the Company against all losses or liabilities incurred or sustained by him as a Director, auditor or other officer of the Company in defending any proceedings, whether civil or criminal, in which judgment is given in his favour, or in which he is acquitted. Subject to the Companies Act, if any Director or other person shall become personally liable for the payment of any sum primarily due from the Company, the Board may execute or cause to be executed any mortgage, charge, or security over or affecting the whole or any part of the assets of the Company by way of indemnity to secure the Director or person so becoming liable as aforesaid from any loss in respect of such liability. Such provisions were in force throughout the year ended December 31, 2024 and are currently in force. The Company has arranged for appropriate insurance cover for Directors' liabilities in respect of legal actions that may be brought against the Directors.

Use of Proceeds from Convertible Bonds

In July 2022, the Company issued US\$70 million 6.25% convertible bonds due 2027. The Group successfully raised total net proceeds (after deducting all applicable costs and expenses including commissions, professional fees and out-of-pocket expenses) of approximately USD68.1 million (equivalent to HKD533.3 million) through the issuance of the Convertible Bonds. The Convertible Bonds were subsequently fully redeemed and cancelled on July 15, 2024. Details of the Group's use of proceeds from the issuance of Convertible Bonds as at December 31, 2024 are set out in the section headed "Management Discussion and Analysis — Use of Proceeds from Convertible Bonds" in this annual report.

Connected Transactions

Continuing Connected Transactions

We set out below a summary of the continuing connected transactions of the Group, which are subject to the reporting, annual review, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

Contractual Arrangements

Our Group, through our primary PRC operating entities, Shenzhen Yeahka and its subsidiaries, is primarily engaged in providing payment services and business services to merchants and consumers. In order for our Company, as a foreign investor under the current regulatory regime, to maintain its business operations while complying with the PRC laws and regulations, our Group conducts a substantial portion of the business through its PRC Consolidated Entities. Yeahka WFOE, Shenzhen Yeahka and the Registered Shareholders entered into the Contractual Arrangements on October 29, 2019. Our Group do not hold any equity interest in the PRC Consolidated Entities. Rather, through the Contractual Arrangements, we effectively control these PRC Consolidated Entities and are able to derive substantially all of their economic benefits, and expect to continue to do so.

Reasons for the Contractual Arrangements

As advised by our PRC Legal Advisors, the value-added telecommunication services, payment services business and micro – credit business of our Group (the "Relevant Businesses") are subject to foreign investment restrictions in the PRC. Accordingly, our Company could not hold a shareholding interest in the PRC Consolidated Entities, which hold the licenses and approval required for the Relevant Businesses. In order for our Company, as a foreign investor, to maintain its business operations while complying with the PRC laws and regulations, we, through Yeahka WFOE, have entered into a set of contractual arrangements (the "Previous Contractual Arrangements") with Shenzhen Yeahka and the then registered shareholders in 2012 and 2013. The Previous Contractual Arrangements allowed our Company to exercise control over the business operation of Shenzhen Yeahka and enjoy all the economic interests derived therefrom. In preparation for the Listing and upon the completion of the Reorganization, Yeahka WFOE, Shenzhen Yeahka and the Registered Shareholders entered into the Contractual Arrangements on October 29, 2019, which superseded the Previous Contractual Arrangements.

For further details of the limitations on foreign ownership in PRC companies conducting the Relevant Businesses under PRC laws and regulations, please refer to pages 240 to 244 of the Prospectus and the sections headed "Regulatory Overview — Regulations on Payment Services of Non-financial Institutions", "Regulatory Overview — Regulations on Micro-credit Business" and "Regulatory Overview — Regulations on Value-added Telecommunication Services" of the Prospectus.

Our Directors (including our independent non-executive Directors) are of the view that the Contractual Arrangements and the transactions contemplated thereunder are fundamental to our Group's legal structure and business operations; and the Contractual Arrangements and the transactions thereunder have been and will be entered into in our ordinary and usual course of business, are on normal commercial terms or better and the terms are fair and reasonable and in the interest of our Group and our Shareholders as a whole.

Our Directors also believe that our structure, whereby the financial results of Shenzhen Yeahka and its subsidiaries are consolidated into our financial statements as if they were our Company's wholly-owned subsidiaries, and all the economic benefits of their business flow to our Group, places our Group in a special position in relation to the connected transactions rules. Accordingly, notwithstanding that the transactions contemplated under the Contractual Arrangements technically constitute continuing connected transactions under Chapter 14A of the Listing Rules, our Directors consider that it would be burdensome and impracticable, and would add unnecessary administrative costs to our Company, for all the transactions contemplated under the Contractual Arrangements to be subject to strict compliance with the requirements set out under Chapter 14A of the Listing Rules, including, among other things, the announcement and approval of independent Shareholders.

In addition, given the Contractual Arrangements were entered into prior to the Listing and are disclosed in the Prospectus and this annual report, and potential investors of our Company will deal in our Shares on the basis of such disclosure, our Directors consider that compliance with the announcement and the independent Shareholders' approval requirements in respect thereof would add unnecessary administrative costs to our Company.

Summary of Major Terms of the Contractual Arrangements

The Contractual Arrangements which were in place during the year ended December 31, 2024 and a brief description of the major terms of the structured contracts under the Contractual Arrangements are as follows:

Exclusive Business Cooperation Agreement

Pursuant to the exclusive business cooperation agreement dated October 29, 2019 between Shenzhen Yeahka and Yeahka WFOE (the "Exclusive Business Cooperation Agreement"), Yeahka WFOE agreed to be engaged as the exclusive provider to the PRC Consolidated Entities of technical support, consultation and other services for a monthly service fee.

Under the Exclusive Business Cooperation Agreement, the service fee shall be of reasonable prices in accordance with the nature of the services, shall be further stipulated in separate service agreements, and shall consist of 100% of the total consolidated profit of the PRC Consolidated Entities, after deduction of any accumulated deficit of the PRC Consolidated Entities in the preceding financial year(s), working capital, expenses, taxes and other statutory contributions. Notwithstanding the foregoing, Yeahka WFOE may adjust the scope and amount of service fees according to PRC tax law and tax practices, and Shenzhen Yeahka will accept such adjustments. Yeahka WFOE shall calculate the service fees on a monthly basis and issue a corresponding value-added tax invoice to Shenzhen Yeahka at the tax rate stipulated by current PRC laws and regulations regarding value-added tax. Notwithstanding the payment agreements in the Exclusive Business Cooperation Agreement, Yeahka WFOE may adjust the payment time and payment method, and Shenzhen Yeahka will accept any such adjustment.

In addition, absent the prior written consent of Yeahka WFOE, during the term of the Exclusive Business Cooperation Agreement, with respect to the services subject to the Exclusive Business Cooperation Agreement and other matters, the PRC Consolidated Entities shall not directly or indirectly accept the same or any similar services to be provided by any third party and shall not establish cooperation relationship similar to that formed by the Exclusive Business Cooperation Agreement with any third party. Yeahka WFOE may appoint other parties, who may enter into certain agreements with the PRC Consolidated Entities, to provide the PRC Consolidated Entities with the services under the Exclusive Business Cooperation Agreement.

The Exclusive Business Cooperation Agreement also provided that Yeahka WFOE has the exclusive proprietary rights to and interests in any and all intellectual property rights developed or created by the PRC Consolidated Entities during the performance of the Exclusive Business Cooperation Agreement.

The validity period of the Exclusive Business Cooperation Agreement commenced from October 29, 2019, and it shall remain effective unless terminated (a) in accordance with the provisions of the Exclusive Business Cooperation Agreement; (b) in writing by Yeahka WFOE; (c) when all the equity interests and assets of Shenzhen Yeahka have been legally transferred to Yeahka WFOE; or (d) if renewal of the expired business period of either Yeahka WFOE or Shenzhen Yeahka is denied by relevant government authorities, at which time the Exclusive Business Cooperation Agreement will terminate upon expiration of that business period.

Exclusive Option Agreement

Pursuant to the exclusive option agreement dated October 29, 2019 among Shenzhen Yeahka, Yeahka WFOE and the Registered Shareholders (the "Exclusive Option Agreement"), the Registered Shareholders irrevocably agreed to grant Yeahka WFOE an exclusive right to acquire, or designate one or more persons to acquire, from the Registered Shareholders any or all their equity interests then held in Shenzhen Yeahka, in whole or in part at any time, for a total consideration of RMB200,000,000, which equals to the registered capital of Shenzhen Yeahka. If Yeahka WFOE exercises its option right to acquire part of equity interests held by certain Registered Shareholder(s) in Shenzhen Yeahka, the purchase price shall be calculated in proportion to the equity interests being transferred. Furthermore, where the above purchase prices are higher than the lowest price permitted by the then PRC laws and regulations at the time of exercising options, the lowest price permitted by PRC laws and regulations shall be applied. Each of Shenzhen Yeahka and the Registered Shareholders has given certain covenants under the Exclusive Option Agreement.

The Registered Shareholders have also undertaken that, subject to the relevant laws and regulations, they will return to Yeahka WFOE any consideration they receive in the event that Yeahka WFOE exercise the options under the Exclusive Option Agreement to acquire the equity interests in the PRC Consolidated Entities. The validity period of the Exclusive Option Agreement commenced from October 29, 2019 and it shall remain effective unless terminated (a) in accordance with the provisions of the Exclusive Option Agreement; (b) in writing by Yeahka WFOE; or (c) when the entire equity interests held by the Registered Shareholders or their successors or the transferees in Shenzhen Yeahka have been transferred to Yeahka WFOE or their appointee(s).

Equity Pledge Agreement

Pursuant to the equity pledge agreement dated October 29, 2019 entered into between Yeahka WFOE, Shenzhen Yeahka and each of the Registered Shareholders (collectively, the "Equity Pledge Agreements"), the Registered Shareholders agreed to pledge all their respective equity interests in Shenzhen Yeahka that they own, including any interest or dividend paid for the shares, to Yeahka WFOE as a security interest to guarantee the performance of contractual obligations and the payment of outstanding debts.

The pledge in respect of Shenzhen Yeahka took effect upon the completion of the change of registration on February 18, 2020 with the relevant administration for industry and commerce and shall remain valid until after all the contractual obligations of the Registered Shareholders and Shenzhen Yeahka under the relevant Contractual Arrangements have been fully performed and all the outstanding debts of the Registered Shareholders and Shenzhen Yeahka under the relevant Contractual Arrangements have been fully paid.

Upon the occurrence and during the continuance of an event of default (as defined in the Equity Pledge Agreement), unless such default is cured within 20 days following the Registered Shareholders or Shenzhen Yeahka's receipt of the written notice which requests the cure of such default, Yeahka WFOE shall have the right to exercise all such rights as a secured party under any applicable PRC laws and regulations and the Equity Pledge Agreements, including without limitation, being paid in priority with the equity interests based on the monetary valuation that such equity interests are converted into or from the proceeds from auction or sale of the equity interests upon written notice to the Registered Shareholders.

Powers of Attorney

Each of the Registered Shareholders has executed a power of attorney dated October 29, 2019 (collectively, the "Powers of Attorney") pursuant to which each of the Registered Shareholders irrevocably appointed Yeahka WFOE and its designated persons (including but not limited to the Directors and their successors and liquidators replacing the Directors but excluding those who are non-independent or who may give rise to conflict of interests) as his or its attorney-in-fact to exercise on his or its behalf, and agreed and undertook not to exercise, any and all right that he or it has in respect of his or its equity interests in Shenzhen Yeahka.

Each of the Registered Shareholders has undertaken that he will not directly or indirectly participate in, engage in, involve in, own or be interested in any business which potentially competes with Yeahka WFOE or its affiliates without Yeahka WFOE's prior written consent.

Each of the individual Registered Shareholders has undertaken that in the event that he becomes a natural person without civil capacity or a natural person with limited capacity for civil activity due to any reasons, his representatives or successors shall continue to perform his obligations and enjoy the benefits under the Contractual Arrangements subject to the terms of the Powers of Attorney.

Each of the non-individual Registered Shareholders has undertaken that in the event that it becomes a legal person without civil capacity or a legal person with limited capacity for civil activity due to its liquidation or other reasons, its administrator shall continue to perform its obligations and enjoy the benefits under the Contractual Arrangements subject to the terms of the Powers of Attorney.

Further, the Registered Shareholders have been in compliance with the Powers of Attorney since October 29, 2019, and the Powers of Attorney shall remain effective for so long as he or it holds an equity interest in Shenzhen Yeahka.

Loan Agreement

Yeahka WFOE, Mr. Liu and Mr. Qin Baoan ("Mr. Qin") entered into a loan agreement on October 29, 2019 (the "Loan Agreement"), pursuant to which Yeahka WFOE provided an RMB198,813,172 interest-free loan to Mr. Liu and an RMB1,186,828 interest-free loan to Mr. Qin for their investment in Shenzhen Yeahka.

The term of the Loan Agreement commenced on the date of entering into the Loan Agreement and shall be terminated when Yeahka WFOE exercises its exclusive option to acquire, or designate one or more persons to acquire, from the individual Registered Shareholders any or all their equity interests then held in Shenzhen Yeahka, as stipulated in the Exclusive Option Agreement. The loan will become due and payable under the following circumstances: (i) 30 days after receiving a written notice from Yeahka WFOE requesting repayment of the loan; (ii) the death or loss of civil capacity of the individual Registered Shareholders being engaged or involved in criminal activities; and (iv) Yeahka WFOE exercising its exclusive option to acquire, or designate one or more persons to acquire, from the individual Registered Shareholders any or all their equity interests then held in Shenzhen Yeahka pursuant to the Exclusive Option Agreement and the PRC foreign ownership restrictions applicable to the Group's business have been lifted. Mr. Liu's and Mr. Qin's contribution to the share capital of Shenzhen Yeahka is RMB198,813,172 and RMB1,186,828, respectively.

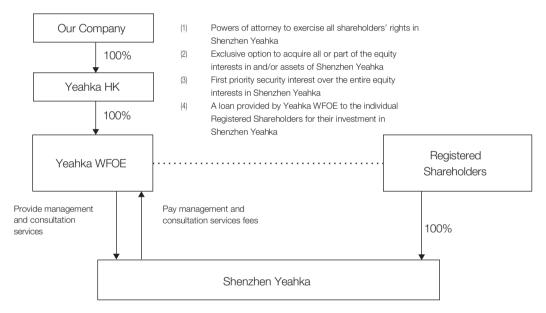

Spouse Undertakings

The spouse of each of the individual Registered Shareholders, where applicable, has signed a letter of agreement on October 29, 2019 to the effect, among others, that:

(i) each spouse confirmed and agreed that the respective individual Registered Shareholder's existing and future equity interests in Shenzhen Yeahka (together with any other interests therein) are separate properties of the individual Registered Shareholder and do not fall within the scope of communal properties of such individual Registered Shareholder and his spouse; the respective individual Registered Shareholder is entitled to deal with his own equity interests and any interests therein in Shenzhen Yeahka in accordance with the Contractual Arrangements. The spouse of each of the individual Registered Shareholder confirmed that she will fully assist with the performance of the Contractual Arrangements at any time;

- (ii) each spouse unconditionally and irrevocably waives any right or benefits on such equity interests and assets in accordance with applicable laws and confirms that she will not have any claim on such equity interests and assets; and she has not and does not intend to participate in the operation and management or other voting matters of Shenzhen Yeahka;
- (iii) each spouse confirmed that the respective individual Registered Shareholder may further amend or terminate the Contractual Arrangements or enter into other alternative documents without the need for authorization or consent by the spouse; and
- (iv) each spouse will enter into all necessary documents and take all necessary actions to ensure the due performance of Contractual Arrangements as amended from time to time.

The following simplified diagram illustrates the flow of economic benefits from Shenzhen Yeahka to our Group stipulated under the Contractual Arrangements.

Save as disclosed above, there are no other new contractual arrangements entered into, renewed and/or reproduced between the Group and the PRC Consolidated Entities during the year ended December 31, 2024. There was no material change in the Contractual Arrangements and/or the circumstances under which they were adopted for the year ended December 31, 2024.

For the year ended December 31, 2024, none of the Contractual Arrangements has been unwound as none of the restrictions that led to the adoption of structured contracts under the Contractual Arrangements has been removed.

As at December 31, 2024, the Group had not encountered interference or encumbrance from any PRC governing bodies in operating its businesses through the PRC Consolidated Entities under the Contractual Arrangements.

We have been advised by our PRC Legal Advisors that the Contractual Arrangements do not violate the relevant PRC regulations.

The aggregate revenue of Shenzhen Yeahka and its subsidiaries amounted to RMB2,932 million for the year ended December 31, 2024. For the year ended December 31, 2024, the revenue of Shenzhen Yeahka and its subsidiaries accounted for approximately 94.98% of the revenue for the year of the Group.

The aggregate asset of Shenzhen Yeahka and its subsidiaries amounted to approximately RMB6,112 million for the year ended December 31, 2024 which accounted for approximately 79.33% of the total asset for the year of the Group.

Risks relating to the Contractual Arrangements

We believe the following risks are associated with the Contractual Arrangements. Further details of these risks are set out on pages 63 to 68 of the Prospectus.

- If the PRC Government finds that the Contractual Arrangements do not comply with applicable PRC laws and regulations, or if these regulations or their interpretations change in the future, we could be subject to severe consequences, including the nullification of the Contractual Arrangements and the relinquishment of our interest in our PRC Consolidated Entities.
- Substantial uncertainties exist with respect to the interpretation and implementation of the Foreign Investment Law and how it may impact the viability of our current corporate structure, corporate governance and business operations.
- Our Contractual Arrangements may not be as effective in providing operational control as direct ownership. Our PRC Consolidated Entities may fail to perform their obligations under our Contractual Arrangements.
- We may lose the ability to use and enjoy assets held by our PRC Consolidated Entities that
 are material to our business operations if our PRC Consolidated Entities declare bankruptcy or
 become subject to a dissolution or liquidation proceeding.
- The Registered Shareholders of Shenzhen Yeahka may have conflicts of interest with us, which may materially and adversely affect our business.
- Our Contractual Arrangements may be subject to scrutiny by the PRC tax authorities, and a
 finding that we owe additional taxes could substantially reduce our consolidated net income
 and the value of your investment.
- If we exercise the option to acquire equity ownership and assets of our PRC Consolidated Entities, the ownership or asset transfer may subject us to substantial costs.

Mitigation Actions Taken by the Company

Our management works closely with our executive Directors, our external legal advisers and other professional advisors to monitor the regulatory environment and developments in PRC laws and regulations to mitigate the risks associated with the Contractual Arrangements.

Besides, our Company has adopted the following measures to ensure the effective operation of our Group with the implementation of the Contractual Arrangements and our compliance with the Contractual Arrangements:

- major issues arising from the implementation of and compliance with the Contractual Arrangements or any regulatory enquiries from government authorities will be submitted to our Board, if necessary, for review and discussion on an occurrence basis;
- our Board will review the overall performance of and compliance with the Contractual Arrangements at least once a year;
- our Company will disclose the overall performance of and compliance with the Contractual Arrangements in its annual reports; and
- our Company will engage external legal advisers or other professional advisers, if necessary, to assist the Board with reviewing the implementation of the Contractual Arrangements, and review the legal compliance of Yeahka WFOE and the PRC Consolidated Entities to deal with specific issues or matters arising from the Contractual Arrangements.

The Extent to Which the Contractual Arrangements Relate to Requirements Other Than the Foreign Ownership Restriction

All of the Contractual Arrangements are subject to the restrictions as set out on pages 240 to 245 of the Prospectus.

Listing Rule Implications

For the purpose of Chapter 14A of the Listing Rules, and in particular the definition of "connected person", the PRC Consolidated Entities are treated as our Company's wholly-owned subsidiaries, and their directors, chief executives or substantial shareholders and their respective associates are treated as our Company's "connected persons." Accordingly, the transactions contemplated under the Contractual Arrangements constitute connected transactions of our Company under the Listing Rules. The transactions contemplated under the Contractual Arrangements are continuing connected transactions of our Company. The highest applicable percentage ratios (other than the profits ratio) under the Listing Rules in respect of the transactions associated with the Contractual Arrangements are expected to be more than 5%. As such, the transactions will be subject to the reporting, annual review, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

DIRECTORS' REPORT

Waiver from the Stock Exchange

The Stock Exchange has granted our Company a waiver from strict compliance with (i) the announcement, circular and independent shareholders' approval requirements under Chapter 14A of the Listing Rules in respect of the transactions contemplated under the Contractual Arrangements pursuant to Rule 14A.105 of the Listing Rules, (ii) the requirement of setting an annual cap for the transactions under the Contractual Arrangements under Rule 14A.53 of the Listing Rules, and (iii) the requirement of limiting the term of the Contractual Arrangements to three years or less under Rule 14A.52 of the Listing Rules, for so long as our Shares are listed on the Stock Exchange subject however to the following conditions:

- (a) no change without independent non-executive Directors' approval;
- (b) no change without independent Shareholders' approval;
- (c) the Contractual Arrangements shall continue to enable our Group to receive the economic benefits derived by the PRC Consolidated Entities;
- (d) the Contractual Arrangements may be renewed and/or reproduced upon expiry of the existing arrangements or in relation to any existing or new wholly foreign-owned enterprise or operating company (including branch company) engaging in the same business as that of our Group which our Group might wish to establish when justified by business expediency, without obtaining Shareholders' approval, on substantially the same terms and conditions as the Contractual Arrangements; and
- (e) we will disclose details of the Contractual Arrangements on an ongoing basis.

Confirmation from Independent Non-executive Directors

The independent non-executive Directors have reviewed the Contractual Arrangements and confirmed that: (a) the transactions carried out during the year ended December 31, 2024 had been entered into in accordance with the relevant provisions of the Contractual Arrangements; (b) no dividends or other distributions had been made by the PRC Consolidated Entities to the holders of its equity interests which were not otherwise subsequently assigned or transferred to the Group; (c) no new contracts had been entered into, renewed and/or reproduced between the Group and the PRC Consolidated Entities during the year ended December 31, 2024; and (d) the Contractual Arrangements had been entered into in the ordinary and usual course of business of the Group, are on normal commercial terms and are fair and reasonable and in the interest of the Group and the Shareholders as a whole.

Confirmation from the Auditor

The auditor conducted an engagement in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 (Revised) "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the HKICPA. The auditor has planned and performed their work to obtain limited assurance for giving conclusion below:

- a. nothing has come to their attention that causes them to believe that the disclosed continuing connected transactions have not been approved by the Company's board of directors.
- b. nothing has come to their attention that causes them to believe that the transactions were not entered into, in all material respects, in accordance with the relevant agreements governing such transactions.
- c. with respect of the disclosed continuing connected transactions with between Yeahka WFOE and the PRC Consolidated Entities under the contractual arrangements, nothing has come to their attention that causes them to believe that dividends or other distributions have been made by the PRC Consolidated Entities to the holders of the equity interests of the PRC Consolidated Entities which are not otherwise subsequently assigned or transferred to the Group.

Other Connected Transactions

The Group entered into certain transactions with "related parties" as defined under applicable accounting standards during the financial year ended 31 December 2024 which were disclosed in Note 39 to the consolidated financial statements. No related parties transactions disclosed in the consolidated financial statements (a) constitutes a connected transaction as defined under Chapter 14A of the Listing Rules or (b) not being fully exempt from the connected transaction requirements under Chapter 14A of the Listing Rules.

Annual General Meeting

The AGM will be held on Thursday, June 5, 2025. A notice convening the AGM and all other relevant documents will be published and despatched to the Shareholders in the manner required by the Listing Rules in due course.

DIRECTORS' REPORT

Closure of Register of Members

For the purpose of ascertaining the members' eligibility to attend and vote at the AGM, the Company's register of members will be closed from Monday, June 2, 2025 to Thursday, June 5, 2025, both dates inclusive, during which period no transfer of share will be registered. In order to be eligible to attend and vote at the AGM, unregistered holders of Shares shall ensure that all transfer documents accompanied by the relevant share certificates must be lodged with the Company's share registrar in Hong Kong, Computershare Hong Kong Investor Services Limited, at Shops 1712 – 1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wan Chai, Hong Kong for registration not later than 4:30 p.m. on Friday, May 30, 2025.

Corporate Governance

The Company's corporate governance principles and practices are set out in the Corporate Governance Report from pages 75 to 99 of this annual report.

Audit Committee

The Audit Committee has reviewed the accounting principles and policies adopted by the Group and discussed the Group's auditing, risk management, internal controls and financial reporting matters with the management. The Audit Committee, together with the Auditor, has also reviewed the audited consolidated financial statements of the Group for the year ended December 31, 2024.

Auditor

The financial statements for the year ended December 31, 2024 have been audited by PricewaterhouseCoopers who shall retire at the forthcoming AGM and, being eligible, will offer themselves for re-appointment. A resolution will be proposed at the forthcoming AGM to re-appoint PricewaterhouseCoopers as the auditor of the Company.

Save as otherwise stated, all references above to other sections, reports or notes in this annual report form part of this directors' report.

On behalf of the Board **Liu Yingqi** *Chairman*

March 27, 2025

The Board is pleased to present this corporate governance report for the purpose of inclusion in the Company's annual report for the year ended December 31, 2024.

Corporate Purpose, Value, Strategy and Culture

The Company is a leading payment-based technology platform, which continuously creates value for merchants and consumers since its establishment.

Innovation

We believe that only continuous innovation and breakthroughs in technology, products, and services with forward-thinking can create more value for merchants and make life more convenient.

Integrity

We insist on integrity and trustworthiness, which is the standard of establishing long-term and mutually beneficial relations with colleagues internally and users, business partners, investors and other parties externally.

Enterprise

We have the ambition to strive for progress and improvement, driving us to perfect technology and enhance services continuously to achieve sustainable development, exceed expectations and meet demands.

Responsibility

We have the courage to shoulder responsibility and focus on the big picture instead of personal or short-term interests. When facing difficulties and challenges, we will embrace them, stay positive, strive for the best results and excel ourselves.

Compliance with the CG Code

The Company is committed to maintaining and implementing strict corporate governance. The principles of the Company's corporate governance are to promote effective internal control measures, uphold a high standard of ethics, transparency, responsibility and integrity in all aspects of its business, to ensure compliance with applicable laws and regulations in its business and operations, and to enhance transparency and the accountability of the Board to all Shareholders. The Company's Corporate Governance Code is based on the principles and code provisions prescribed in the CG Code as set out in Appendix C1 to the Listing Rules. The Board is of the view that for the year ended December 31, 2024, the Company has complied with the majority of the code provisions as set out in the CG Code, with the exception of deviations from code provision C.2.1 of Part 2 as explained in this Corporate Governance report.

Corporate Governance Functions

The Board is collectively responsible for performing the corporate governance functions set out in code provision A.2.1 of Part 2 of the CG Code, including at least the following:

- To develop and review the Company's policies and practices on corporate governance;
- To review and monitor the training and continuous professional development of Directors and senior management;
- To review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- To formulate, review and monitor the Company's code of conduct and compliance manual (if any) applicable to employees and Directors; and
- To review the Company's compliance with the CG Code and disclosure made in this Corporate Governance Report.

Compliance with the Model Code for Securities Transactions by Directors

The Company has adopted the Model Code as the Group's code of conduct for Directors in securities transactions. After making specific inquiries of all Directors of the Company, all Directors have confirmed that they have strictly complied with the Model Code for the year ended December 31, 2024.

The Board has also adopted written guidelines (the "**Employees' Written Guidelines**") no less exacting than the Model Code to regulate all securities dealings by relevant employees who are likely to possess inside information in relation to the Company or its securities because of his/her office or employment in the Group as referred to in code provision C.1.3 of Part 2 of the CG Code. For the year ended December 31, 2024 and as at the date of this annual report, no incidents of noncompliance with the Employees' Written Guidelines have been found by relevant employees of the Company after reasonable inquiries.

The Board

Responsibility

The Board is responsible for leading and controlling the Company and overseeing the Group's business, strategy making and performance, and is collectively responsible for facilitating the success of the Company by directing and supervising its affairs.

The Board directly, and indirectly through its committees, leads and provides direction to the management by laying down strategies and overseeing their implementation, monitors the Group's operational and financial performance, and ensures that internal control is sound and risk management systems are in place. The Board has delegated responsibilities to the Board committees, which have been set out in their respective terms of reference.

Delegation of Management Functions

The major powers and functions of the Board include, but not limited to, convening general meetings, reporting its work at general meetings, implementing resolutions adopted at general meetings, considering and approving operating and investment plans of the Company, formulating the Company's strategic development plans, formulating annual financial budgets and final accounts, formulating profit distribution plans and plans on making up losses, and exercising other powers and functions as conferred by the Memorandum and the Articles of Association.

The Board regularly reviews the contribution required from a Director to perform his/her responsibilities to the Company, and whether the Director is spending sufficient time performing them.

All Directors have full and timely access to all the information of the Company and advice from the company secretary and the senior management of the Company, and may, where appropriate, request to seek independent professional advice at the Company's expenses for discharging their duties to the Company.

The Board is responsible for making decisions on strategic plans, major investment decisions and other significant operational issues of the Company, while responsibilities for implementing decisions of the Board, day-to-day management, administration and operation of the Company are delegated to the senior management. The Board will review the delegated functions and tasks regularly. The management has to obtain the Board approval prior to entering into any significant transaction.

Structure of the Board

As at the date of this annual report, the Board consists of seven Directors, including four executive Directors and three independent non-executive Directors. The list of the Board members and their positions are set out below.

Executive Directors:

Mr. Liu Yingqi (Chairman of the Board and Chief Executive Officer)

Mr. Yao Zhijian (Chief Financial Officer)

Mr. Luo Xiaohui (Chief Architect)

Ms. Liang Shengtian (appointed with effect from June 5, 2024)

Non-executive Director:

Mr. Akio Tanaka (resigned with effect from December 11, 2024)

Independent Non-executive Directors:

Mr. Tam Bing Chung Benson

Mr. Yao Wei

Mr. Yang Tao (resigned with effect from December 11, 2024)

Mr. Ouyang Rihui (appointed with effect from December 11, 2024)

Biographical details of each Director are set out in the section headed "Directors and Senior Management".

All Directors have brought a wide spectrum of valuable business experience, knowledge and professionalism to the Board for its efficient and effective functioning. All Directors have carried out duties in good faith and in compliance with applicable laws and regulations, and have always acted in the interests of the Company and the Shareholders.

There is no relationship (including financial, business, family or other material/relevant relationship) between the Board members of the Company.

Chairman and Chief Executive Officer

Code provision C.2.1 of Part 2 of the CG Code stipulates that the roles of chairman of the Board and chief executive officer should be separate and should not be performed by the same individual. The roles of chairman of the Board (the "**Chairman**") and chief executive officer of the Company are held by Mr. Liu Yingqi. In view of Mr. Liu's experience, personal profile and his roles in the Company, and the fact that Mr. Liu has assumed the role of chief executive officer of the Company since 2011, the Board considers it beneficial to the management and business development of our Group and will provide an outstanding and consistent leadership to our Group that Mr. Liu acts as the chairman of the Board and continues to act as the chief executive officer of the Company.

While this will constitute a deviation from code provision C.2.1 of Part 2 of the CG Code, the Board believes this structure will not impair the balance of power and authority between the Board and the management of the Company, given that: (i) decision to be made by the Board requires approval by at least a majority of our Directors; (ii) Mr. Liu and the other Directors are aware of and undertake to fulfill their fiduciary duties as Directors, which require, among other things, that he acts for the benefit and in the best interests of the Company and will make decisions for the Company accordingly; and (iii) the balance of power and authority is ensured by the operations of the Board which comprises experienced and high caliber individuals who meet regularly to discuss issues affecting operations of the Company.

The Chairman provides leadership to the Board by ensuring the Board works effectively and discharges its responsibilities in time, and all key and appropriate issues are discussed by it in a timely manner. The Chairman himself, or a Director or a company secretary delegated by him, is responsible for determining and approving the agenda for each Board meeting. The Chairman ensures that good corporate governance practices and procedures are established. The Chairman encourages all Directors to make a full and active contribution to the Board's affairs and take the lead to ensure that it acts in the best interests of the Company. The Chairman ensures that Directors receive, in a timely manner, adequate information which must be accurate, clear, complete and reliable. The Chairman ensures appropriate steps are taken to provide effective communication with Shareholders and that their views are communicated to the Board as a whole.

Independent Non-Executive Directors

The Board has been complying with the requirements of Rules 3.10 (1) and 3.10 (2) of the Listing Rules relating to the appointment of at least three independent non-executive Directors with at least one independent non-executive Director possessing appropriate professional qualifications or accounting or related financial management expertise. In addition, under Rule 3.10A of the Listing Rules, independent non-executive Directors shall represent at least one-third of the Board. The Company has three independent non-executive Directors during the Year, accounting for over one-third of the Board members; therefore, the Company has complied with the relevant regulations.

Independent non-executive Directors have confirmed their independence in the Year to the Company in accordance with Rule 3.13 of the Listing Rules. Based on the confirmation of independent non-executive Directors, the Company considers that they are independent during the Year.

Appointment and Re-Election of Directors

Code provision B.2.2 of Part 2 of the CG Code states that every director, including those appointed for a specific term, shall be subject to retirement by rotation at least once every three years. The procedures and process of appointment, re-election and removal of Directors are contained in the Memorandum and the Articles of Association.

Each of the executive Directors, Mr. Liu Yingqi, Mr. Yao Zhijian, Mr. Luo Xiaohui and Ms. Liang Shengtian, have signed service contracts with the Company. The term for Mr. Liu Yingqi and Mr. Yao Zhijian is three years from April 30, 2023, while the term for Mr. Luo Xiaohui is three years from August 28, 2023. The term for Ms. Liang Shengtian is three years with effect from June 5, 2024. The service contract may be terminated in accordance with its terms.

Each of the independent non-executive Directors have signed the letters of appointment with the Company. The terms and conditions of respective letters of appointment are similar in all material aspects. Each of the independent non-executive Directors have been appointed for a term of three years from April 30, 2023 except Mr. Ouyang Rihui whose term is three years from December 11, 2024. The letter of appointment may be terminated in accordance with its terms.

According to Article 16.2 of the Articles of Association, the Board shall have power from time to time and at any time to appoint any person as a Director either to fill a casual vacancy or as an addition to the Board. Any Director so appointed shall hold office until the first annual general meeting of the Company after such appointment and shall then be eligible for re-election at that meeting.

According to Article 16.19 of the Articles of Association, at every annual general meeting of the Company, one-third of the Directors for the time being (or, if their number is not three or a multiple of three, then the number nearest to, but not less than, one-third) shall retire from office by rotation provided that every Director (including those appointed for a specific term) shall be subject to retirement by rotation at least once every three years. Any Director required to stand for re-election pursuant to Article 16.2 shall be not considered in determining the number of Directors and which Directors are to retire by rotation. A retiring Director shall retain office until the close of the meeting at which he retires and shall be eligible for re-election thereat. At any annual general meeting at which any Director retires, the Company may fill the vacated office by electing a like number of persons to be Directors.

Board Meeting and General Meeting

For the year ended December 31, 2024, the Company held four Board meetings. At the Board meetings, the Board discussed a broad range of matters, including the Group's overall strategy, business prospect, financial and operating performance, review of the Group's annual and interim results announcements and reports, regulatory compliance, corporate governance, and other significant matters. The Company will fully comply with the requirement under code provision C.5.1 of Part 2 of the CG Code to convene Board meetings at least four times a year at approximately quarterly intervals, and the relevant meetings will have a majority of Directors attending in person or actively participating by electronic communication.

For the year ended December 31, 2024, the Company held one annual general meeting.

For the year ended December 31, 2024, the attendance of each Director at the Board meetings and the annual general meeting is set out below:

Director name	Number of Board meetings attended in person/Number of Board meetings	Number of Board meetings attended by entrusting other Directors/ Number of Board meetings	Attendance rate in person for Board meetings	Number of annual general meeting attended in person/ Number of annual general meeting	Attendance rate in person for annual general meeting
Executive Directors:					
Mr. Liu Yingqi	4/4	0/4	100%	1/1	100%
Mr. Yao Zhijian	4/4	0/4	100%	1/1	100%
Mr. Luo Xiaohui	4/4	0/4	100%	1/1	100%
Ms. Liang Shengtian					
(appointed on June 5, 2024)	2/2	0/2	100%	N/A	N/A
Non-executive Director:					
Mr. Akio Tanaka (resigned on December 11, 2024)	4/4	0/4	100%	0/1	0%
Independent Non-executive Directors:					
Mr. Tam Bing Chung Benson	4/4	0/4	100%	0/1	0%
Mr. Yao Wei	4/4	0/4	100%	1/1	100%
Mr. Yang Tao					
(resigned on December 11, 2024)	4/4	0/4	100%	0/1	0%
Mr. Ouyang Rihui (appointed on December 11, 2024)	N/A	N/A	N/A	N/A	N/A

In addition to the regular Board meetings, during the year ended December 31, 2024, the Chairman also held a meeting with independent non-executive Directors without the attendance of other Directors.

The Company adopts the practice of holding regular Board meetings at least four times a year at approximately quarterly intervals. Notices of not less than 14 days are given for all regular Board meetings to provide all Directors with an opportunity to attend the meetings and discuss matters included in the agenda.

For other meetings of the Board and the Board committees, reasonable notices are generally given. The agenda and accompanying Board papers are dispatched to Directors or members of the Board committees at least three days before the meetings to ensure that they have sufficient time to review the papers and are adequately prepared for the meetings. Where Directors or members of the Board committees are unable to attend a meeting, they will be advised of the matters to be discussed and given an opportunity to make their views known to the Chairman prior to the meeting. All Directors shall obtain information related to the Board resolutions in a comprehensive and timely manner.

The senior management normally will attend regular Board meetings and where necessary, other Board and committee meetings, to advise on business development, financial and accounting matters, statutory and regulatory compliance, corporate governance and other major aspects of the Company. The Board and each Director also have separate and independent access to the senior management where necessary.

Minutes of meetings of the Board and the Board committees are recorded in full detail about the matters considered by the Board and the Board committees and the decisions reached, including concerns raised or objections expressed by Directors. Draft minutes of each meeting of the Board and the Board committees are sent to Directors for comments within a reasonable time after the date of the meeting. Minutes of meetings are kept by the company secretary of the Company with copies circulated to all Directors for information and records. Any Director can seek independent professional advice at the Company's expense after making reasonable request to the Board.

If a substantial shareholder or a Director has a potential conflict of interest in a matter to be considered by the Board which the Board has determined to be material, the relevant Directors shall abstain from voting and a Board meeting attended by independent non-executive Directors who have no material interest in the matter shall be held to discuss and vote on the same.

Directors' Training and Continuous Professional Development

Each newly appointed Director will be provided with necessary introduction and information to ensure that he/she has a proper understanding of the Company's operation and business as well as his/her responsibilities under relevant statues, laws, rules and regulations. Ms. Liana Shenatian and Mr. Ouyang Rihui, both of them are newly appointed during the Year, have obtained legal advice relating to (i) the requirements under the Listing Rules that are applicable to them as a Director of the Company and (ii) the possible consequences of making a false declaration or giving false information to the Stock Exchange on June 4, 2024 and December 6, 2024, respectively, from a law firm qualified to advise on Hong Kong law pursuant to Rule 3.09D of the Listing Rules, and had confirmed that they understood their obligations as a Director of the Company. The Company also arranges regular seminars to provide Directors with updates on latest development and changes in the Listing Rules and other relevant legal and regulatory requirements from time to time. Directors are also provided with regular updates on the Company's performance, position and prospects to enable the Board as a whole and each Director to discharge his/her duties. Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. The company secretary of the Company has from time to time updated and provided written training materials relating to the roles, functions and duties of Directors.

For the year ended December 31, 2024, the Company has provided Directors with the training seminars and relevant materials, including key disclosure obligations set out in the Listing Rules, responsibilities and obligations set out in the Listing Rules — corporate governance functions and codes, personal interests of directors, compliance requirements under share option or incentive schemes, recent disciplinary actions by the Stock Exchange and disciplinary actions by the Securities and Futures Commission.

The personal training records received by the Directors during the Year are summarized as follows:

	Attending or participating in relevant seminars/
Director name	Reading relevant materials

Mr. Ouyang Rihui (appointed on December 11, 2024)	✓

Board Secretary

Mr. Lai Chun Tat Derek is our Board secretary. Mr. Lai joined Yeahka as Finance Director in 2019. Prior to joining Yeahka, he has served more than 10 years in the audit division of PricewaterhouseCoopers. Mr. Lai received a bachelor degree in business administration from University of Wisconsin-Madison and a master degree in accounting from Curtin University of Technology. Mr. Lai is also a Chartered Financial Analyst (CFA) and a member of Hong Kong Institute of Certified Public Accountants (HKICPA).

Board Committees

As at the date of this annual report, the Board has established four Board committees, namely, the Audit Committee, the Remuneration Committee, the Nomination Committee and the ESG Committee, for overseeing particular aspects of the Company's affairs. The Board committees have sufficient resources to execute their requisite duties. All the Board committees should report to the Board on their decisions or recommendations made.

Audit Committee

The Company has established the Audit Committee with written terms of reference in compliance with the CG Code. The terms of reference of the Audit Committee are available on the websites of the Stock Exchange and the Company.

The main duties of the Audit Committee are to (i) review and supervise the financial reporting process and internal control system of the Group; (ii) oversee the audit process; (iii) review and oversee the existing and potential risks of the Group; and (iv) perform other duties and responsibilities as assigned by the Board.

The Audit Committee consists of three independent non-executive Directors, namely Mr. Yao Wei (Chairman), Mr. Tam Bing Chung Benson and Mr. Ouyang Rihui (appointed on December 11, 2024) (with Mr. Yao Wei possessing the appropriate professional qualifications and accounting and related financial management expertise). None of the members of the Audit Committee is a former partner of the Company's current external auditor.

According to the written terms of reference for the Audit Committee, the committee shall hold at least two meetings in each financial year.

During the Year, the Company held two meetings of the Audit Committee to do the following work: (i) review and discuss the report to the Audit Committee prepared by the auditor, PricewaterhouseCoopers, and the matters the Audit Committee should pay attention to as recommended by the auditor, including any material concerns raised to the management in relation to accounting records, financial statements or internal control systems and the management's responses; (ii) review and discuss the Report of the Risk Management and Internal Control Systems and review the risk management and internal control systems of the Group and, if appropriate, make recommendations to the Board on the following matters: (a) to review and discuss the Report of the Risk Management and Internal Control Systems of the Group; (b) review the effectiveness of financial controls, risk management and internal control systems of the Group; and (c) review the adequacy of resources of the accounting and financial reporting function of the Group, staff qualifications and experience, and review staff training programs and relevant budget; (iii) review and discuss the draft of audited consolidated financial statements, of the annual results announcement and of the annual report of the Group for the year ended December 31, 2023 and, if appropriate, make recommendations to the Board; (iv) review and discuss the draft of letter of representation prepared by the auditor, PricewaterhouseCoopers and make recommendations to the Board; (v) consider and make recommendations to the Board on the re-appointment of PricewaterhouseCoopers as the Company's independent external auditor for a term until the conclusion of the next annual general meeting of the Company; (vi) review and discuss the draft of unaudited interim consolidated financial statements, of the interim results announcement and of the interim report of the Group for the six months ended June 30, 2024 and, if appropriate, make recommendations to the Board; and (vii) review and discuss the Pre-licensing Policy for Nonauthentication Services drafted by the management and make recommendations to the Board.

Name of committee member	Number of meetings	
Mr. Yao Wei	2/2	
Mr. Tam Bing Chung Benson	2/2	
Mr. Yang Tao (resigned on December 11, 2024)	1/1	
Mr. Ouyang Rihui (appointed on December 11, 2024)	N/A	

The Audit Committee held a meeting on March 27, 2025, at which the Audit Committee reviewed the accounting principles and practices adopted by the Group and discussed auditing, internal control, risk management and financial reporting matters, including the review of the audited consolidated financial statements of the Company for the year ended December 31, 2024. The Audit Committee is of the opinion that the preparation of the relevant financial statements has complied with the applicable accounting standards and requirements and that adequate disclosure has been made.

There is no disagreement between the Board and the Audit Committee regarding the reappointment of the external auditor.

Remuneration Committee

The Company has set up a Remuneration Committee with written terms of reference in accordance with the CG Code. The written terms of reference of the Remuneration Committee are available on the websites of the Stock Exchange and the Company.

The main duties of the Remuneration Committee include (i) making recommendations to the Board on the Company's policy and structure for the remuneration of all Directors and senior management of the Company and on the establishment of a formal and transparent procedure for developing remuneration policies; (ii) formulating policies for the remuneration of executive Directors, evaluating the performance of executive Directors and approving the terms of service contracts of executive Directors; (iii) reviewing and approving the remuneration proposals of management in light of the corporate goals and objectives set by the Board; (iv) recommending to the Board the remuneration packages of individual executive Directors and senior management (i.e. adopting the model set out in code provision E.1.2(c)(ii) of Part 2 of the CG Code); and (v) reviewing and/or approving matters relating to share schemes under Chapter 17 of the Listing Rules (see Rule 17.07A of the Listing Rules).

The Remuneration Committee comprises three members, including two independent non-executive Directors and one executive Director, namely Mr. Yao Wei, Mr. Tam Bing Chung Benson and Mr. Liu Yingqi. Mr. Yao Wei is the chairman of the Remuneration Committee.

During the Year, the Remuneration Committee held one meeting and its main tasks included: (i) reviewing the remuneration policy and structure of the Board and senior management of the Company; (ii) reviewing and making recommendations to the Board on the remuneration packages of each of the executive Directors and senior management for the year 2024 and recommendations to the Board; (iii) reviewing and approving matters relating to share schemes under Chapter 17 of the Listing Rules, including any share options or share awards granted to Directors or senior management, and the relevant disclosure and explanation as to whether the approval of such significant matters, if any, is appropriate in the corporate governance report; and (iv) reviewing and approving the grant of RSUs to the Directors and senior management (including the vesting period, performance target and the clawback mechanism) for the year 2024.

The attendance records of the Remuneration Committee meeting are set out in the table below:

Name of committee member	Number of attendance/Number of meetings	
Mr. Yao Wei	3/3	
Mr. Tam Bing Chung Benson	3/3	
Mr. Liu Yingqi	3/3	

Nomination Committee

The Company has set up a Nomination Committee with written terms of reference in accordance with the CG Code. The written terms of reference of the Nomination Committee are available on the websites of the Stock Exchange and the Company. The main duties of the Nomination Committee include (i) reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board at least once a year and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy; (ii) establishing policies for the selection and nomination of Directors and procedures for identifying suitably qualified Directors for consideration by the Board and implementing the relevant approved plans and procedures; (iii) identifying and advising the Board on the selection and nomination of individuals suitably qualified to become Directors; (iv) ensuring that the Board and Shareholders are provided with sufficient biographical details of the nominated candidates to enable them to make a decision on the selection of Board members; (v) assessing the independence of independent non-executive Directors; (vi) making recommendations to the Board on the appointment or re-appointment of Directors and succession planning for Directors (in particular the chairman and chief executive); and (vii) developing a whistleblowing policy and system whereby employees and persons dealing with the Company can raise concerns in confidence about possible improprieties in any matter relating to the Company.

The Nomination Committee comprises three members, including one executive Director and two independent non-executive Directors, namely Mr. Liu Yingqi, Mr. Yao Wei and Mr. Tam Bing Chung Benson. Mr. Liu Yingqi currently serves as the chairman of the Nomination Committee.

During the Year, the Nomination Committee held one meeting and its main tasks included: (i) reviewing the structure, size and composition of the Board; (ii) assessing the independence of the independent non-executive Directors; (iii) considering the retirement and re-election of Directors at the AGM, and (iv) reviewing the Board Diversity Policy, measurable objectives and progress on achieving the objectives, and making recommendations to the Board.

The attendance records of the Nomination Committee meetings are set out in the table below:

Name of committee member	Number of attendance/Number of meetings
Mr. Liu Yingqi	3/3
Mr. Yao Wei	3/3
Mr. Tam Bing Chung Benson	3/3

Environmental, Social and Governance Committee

The Company established ESG Committee on March 31, 2022 with written terms of reference in compliance with the CG Code. The terms of reference of the ESG Committee are available on the website of the Company.

The ESG Committee is mainly responsible for (i) reviewing and formulating the environmental, social and governance vision, objectives, strategies and structure of the Group, and providing recommendations to the Board to ensure compliance with legal and regulatory requirements; (ii) supervising, evaluating and reporting to the Board on the development and implementation of the Group's ESG vision, objectives, strategies and structure; (iii) reviewing key trends in ESG as well as related risks and opportunities, and assessing the adequacy and effectiveness of the Group's ESG structure; (iv) monitoring internal and external opinions on the Group's ESG practices to ensure that policies are in place to effectively promote the relationship between the Group and its stakeholders and protect the Group's reputation; (v) reviewing the Group's ESG report and other related ESG disclosures, and making relevant recommendations to the Board; and (vi) performing other duties and functions assigned to the ESG Committee by the Board from time to time.

ESG Committee comprises three members, including two executive Directors and one independent non-executive Director, namely Mr. Liu Yingqi, Mr. Yao Zhijian, and Mr. Yao Wei. Mr. Liu Yingqi is the chairman of the ESG committee.

During the Year, the ESG Committee held two meetings and its main tasks included (i) reviewing and discussing the ESG report for 2023, and making recommendations to the Board; (ii) reviewing and formulating the environmental, social and governance vision, objectives, strategies and structure of the Group, and providing recommendations to the Board to ensure compliance with legal and regulatory requirements; (iii) supervising, evaluating and reporting to the Board on the development of the Group's ESG vision, objectives, strategies and structure; (iv) reviewing key trends in ESG as well as related risks and opportunities, and assessing the adequacy and effectiveness of the Group's ESG structure; and (v) monitoring internal and external opinions on the Group's ESG practices to ensure that policies are in place to effectively promote the relationship between the Group and its stakeholders and protect the Group's reputation.

The attendance records of the ESG Committee meetings are set out in the table below:

Name of committee member	Number of attendance/Number of meetings	
Mr. Liu Yingqi	2/2	
Mr. Yao Zhijian	2/2	
Mr. Yao Wei	2/2	

Director Nomination Policy

According to the Company's Director nomination policy, the Nomination Committee shall recommend to the Board candidates for election as Directors (including independent non-executive Directors) in accordance with the following nomination procedures: (i) the Nomination Committee and/or the Board may solicit candidates for directorship through various means, including but not limited to internal promotion, transfer, recommendation by other members of management and by external recruitment agents; (ii) the Nomination Committee and/or the Board shall, upon receipt of a proposal for the appointment of a new Director and the candidate's personal information (or relevant details), evaluate the candidate to determine the suitability of the candidate to serve as a Director in accordance with the following criteria; (iii) the Nomination Committee shall then make appropriate recommendations to the Board for the appointment of a suitable person to the position of Director; and (iv) in respect of any person nominated by a Shareholder for election as a Director at a general meeting of the Company, the Nomination Committee and/or the Board shall evaluate such candidate in accordance with the following criteria to determine whether such candidate is suitable to become a Director. If appropriate, the Nomination Committee and/or the Board shall make a recommendation to the Shareholders regarding the proposal for the election of Directors at a general meeting of the Company.

In evaluating and selecting candidates for directorship, the Nomination Committee shall consider the following criteria: (i) character including integrity, honesty and impartiality; (ii) background and qualifications including professional qualifications, skills, knowledge and experience relevant to the Company's business operations and corporate strategy; (iii) commitment to understanding the Company and its industry, willingness to devote sufficient time to the duties of Board members and ability to assist the Board in performing its duties; (iv) requirement for the Board to have sufficient independent non-executive Directors in accordance with the Listing Rules and assessment of the independence of candidates; (v) the Board Diversity Policy and any measurable objectives adopted by the Nomination Committee for the purpose of diversifying the Board. Diversity of Board members shall be considered from a number of perspectives, including but not limited to gender, skills, age, cultural and educational background, industry experience, technical and professional experience and/or qualifications, knowledge, length of service and time to be devoted as a Director; and (vi) other factors relevant to the Company's business model and specific needs from time to time, and the contribution that the selected candidates shall bring to the Board.

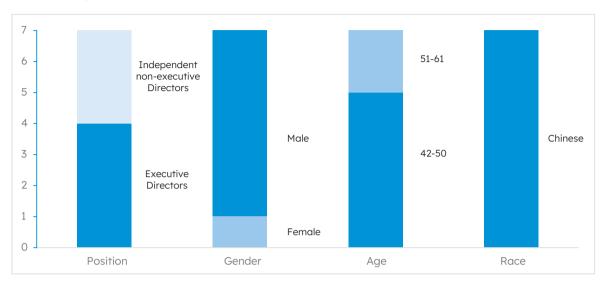

Board Diversity Policy

The Board has adopted a Board Diversity Policy which sets out the objectives and methods for achieving and maintaining Board diversity to enhance Board effectiveness. The Board Diversity Policy requires the Company to make every effort to ensure that Board members have the balance of skills, experience and diversity required to execute its business strategies. In accordance with the Board Diversity Policy, we achieve board diversity by taking into account a number of factors, including but not limited to professional experience, skills, knowledge, gender, age, cultural and educational background, ethnicity and length of service. The Board has delegated to the Nomination Committee the responsibility for compliance with the codes governing board diversity in the CG Code. The Nomination Committee reviews the Board Diversity Policy from time to time to ensure its continued effectiveness and we shall disclose the implementation of the Board Diversity Policy in our Corporate Governance Report on an annual basis.

The Board and the Nomination Committee of the Company have reviewed the Board Diversity Policy, measurable objectives, including but not limited to professional experience, skills, knowledge, gender, age, cultural and educational background, ethnicity and length of service, and the progress on achieving the objectives on March 27, 2025. The Board considers that the Board Diversity Policy is effective and is satisfied with the measurable objectives and the progress on achieving the objectives.

As at December 31, 2024, the Board comprised seven members, including four executive Directors and three independent non-executive Directors. The Directors have balanced experience in overall management and strategic development, business and risk management as well as finance and accounting. The Board members are of all ages, ranging from 42 to 61. The Board members are of diverse cultural and educational backgrounds, as well as ethnicity. After due consideration, the Board believes that the Company's Board, which is comprised of Directors with elite management skills, has met its measurable objectives and is consistent with the Board Diversity Policy.

As at December 31, 2024, male employees accounted for 72% and female employees accounted for 28% of all employees (including senior management) of the Group. To achieve gender diversity, we are committed to creating favorable conditions in our working environment to attract more women to join the Group, and thus increase the proportion of female employees (including senior management) year by year, making us a gender-balanced company. The gender balance scheme includes hiring and promoting more women to hold senior management positions based on the qualifications, experience and skills required for those positions. In addition, we may face the issue of whether the supply of female personnel in the human resources market matches the academic qualifications, experience and skills required for positions within the Group. Despite these challenges, we are still moving towards gender balance.

Mechanism for the Board to Obtain Independent Views and Opinions

The Board has adopted the "Mechanism for the Board to Obtain Independent Views and Opinions", which clarifies the procedures and channels for Directors to seek advice from external professional consultants and obtain information, as well as the qualifications, number and time contributed by independent non-executive Directors to ensure independent views and opinions available to the Board. The Board will also review the implementation and effectiveness of this mechanism on a yearly basis.

On March 27, 2025, the Board reviewed the implementation and effectiveness of the mechanism. The Board considers that the "Mechanism for the Board to Obtain Independent Views and Opinions" is effective.

Joint Company Secretaries

Mr. Lai Chun Tat Derek, our board secretary, has been appointed as our joint company secretary by the Company with effect from August 27, 2024. For more details, please refer to "Board Secretary" part at page 84.

Ms. Tang King Yin has been appointed as our joint company secretary by the Company with effect from August 27, 2024. Ms. Tang is a senior manager of Corporate Services of Tricor Services Limited, a global professional services provider specializing in integrated business, corporate and investor services. She has over 10 years of experience in the corporate secretarial field. She is a Chartered Secretary, Chartered Governance Professional and an associate member of both The Hong Kong Chartered Governance Institute (HKCGI) and The Chartered Governance Institute in the United Kingdom.

During Ms. Tang's term of office, Mr. Lai Chun Tat Derek, the joint company secretary, shall be the principal liaison between the Company and Ms. Tang.

Dividend Policy

In accordance with code provision F.1.1 of Part 2 of the CG Code, the Company has adopted a dividend policy for the purpose of setting out the principles and guidelines to be applied by the Company in relation to the declaration, payment or distribution of dividends of Shareholders on the net profit of the Company.

The policy adopted by the Board is that the Company shall maintain sufficient cash reserves to meet its working capital requirements, future growth and the value of its Shareholders when proposing or declaring dividends. The Company does not have any pre-determined dividend payout ratio. Subject to the Articles of Association and all applicable laws and regulations and the factors set out below, the Board may, at its discretion, declare and distribute dividends to the Shareholders of the Company.

In considering the declaration and payment of dividends, the Board shall also take into account the following factors in relation to the Group, including financial results, cash flow, business conditions and strategies, future operations and earnings, capital requirements and expenditure plans, interests of Shareholders, any restrictions on the payment of dividends and any other factors that the Board may deem as relevant.

Depending on the financial position of the Company and the Group and the above conditions and factors, the Board may recommend and/or declare the following dividends for a particular financial year or period, including interim dividends, final dividends, special dividends, and any distribution of net profits as the Board may consider appropriate. Any final dividend in respect of a fiscal year shall be subject to approval by the Shareholders. Dividends may be declared and paid by the Company in cash, scrip dividends or in such other manner as the Board of Directors may consider appropriate. Any unclaimed dividend shall be forfeited and shall revert to the Company in accordance with the provisions of the Articles of Association. The Board shall review the dividend policy from time to time as appropriate.

Directors' and Senior Management's Liability Insurance

The Company has purchased insurance coverage for all Directors and members of senior management to minimize the risks they may incur in the normal course of performing their duties. The Board reviews the relevant insurance coverage annually.

Directors' Responsibility for the Financial Statements

The Directors acknowledge their responsibilities for the preparation of the financial statements of the Company for the year ended December 31, 2024.

The Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

The management has provided the Board with such explanations and information necessary to enable the Board to make an informed assessment of the Company's financial statements presented for the Board's approval. The management provides monthly updates to all Board members on the Company's performance, condition and prospects.

A statement by the Company's independent auditor regarding its reporting responsibilities on the Company's consolidated financial statements for the year ended December 31, 2024 is included in the "Independent Auditor's Report" section of this annual report.

External Auditor and Auditor Remuneration

The total fees paid/payable for audit and non-audit services provided by PricewaterhouseCoopers, the Company's external auditor, excluding disbursements in lieu of expenses, for the year ended 31 December 2024 are set out in the table below:

Services provided	Fees paid/payable (RMB'000)	
Audit service	5,100	
Non-audit service Note (1)	270	

Note (1): Non-audit service mainly includes consulting service.

PricewaterhouseCoopers shall be invited to attend the AGM to answer questions about the audit, the preparation and content of the auditor's report, accounting policies and auditor independence.

Risk Management and Internal Control

The Board considers that appropriate and effective risk management and internal control systems are an important safeguard for the achievement of the Company's strategic objectives, and confirms its responsibility for the review of the Company's risk management and internal control systems and their effectiveness. The management shall be responsible for implementing the Board's risk management and internal control policies and procedures, designing, implementing and monitoring the risk management and internal control systems, and confirming the effectiveness of such systems to the Board.

Good risk management and internal control systems are designed to manage, not eliminate, risks that may prevent the Company from achieving its business objectives and can only provide reasonable, but not absolute, assurance against material misstatement or loss. To this end, appropriate policies and procedures have been established and implemented to ensure that key risks that could affect the Company's performance are properly identified and managed, that the Company's assets are not used or disposed of without permission, that financial and accounting information is accurately recorded and maintained in accordance with relevant accounting standards and regulatory reporting requirements, and that all operations comply with relevant rules and regulations.

Risk Management and Internal Control Systems and Their Characteristics

The Group's risk management and internal control systems include a clear structure with specified license and responsibilities. As the owner of risk prevention and control, business units are responsible for implementing daily risk management and internal control, identifying and assessing internal and external risk information. The management is responsible for setting appropriate principles and values, performing risk assessments, designing, implementing and maintaining the internal controls, as well as giving confirmation to the Board on the effectiveness of the risk management and internal controls. The Board and the Audit Committee oversee the actions of the management and monitor the overall effectiveness of the control systems.

To the extent authorized by the Board and the Audit Committee, the Company has established a Risk Management Committee and set up three lines of defense for the risk management and internal control systems to specifically perform the daily duties related to risk management and internal control:

Risk Management Committee

- It consists of the management of the Company and reports directly to the Board of Directors and the Audit Committee.
- It is responsible for organizing, planning, formulating and adjusting the Company's risk management strategy and its implementation mechanism, clarifying the division of labor and coordination mechanism for risk management in each department, and regularly reporting work related to risk management to the Board of Directors and the Audit Committee to supervise daily risk management activities and conduct regular review and disclosure of risk assessment and internal controls.

Three Lines of Defense for Risk Management and Internal Control Systems

- The first line of defense consists of the core business departments of the Company. As the first responsible organization for risk management, it is responsible for designing and implementing standards for daily business operation to manage various risks in the business processes.
- The second line of defense consists of risk control, policy development, finance and other supporting functions. It is responsible for designing, implementing and monitoring risk control, legal affairs, compliance and finance, and other management regulations, and assisting the first line of defense in risk management and control, timely discovery, capture, early warning and tracking of abnormal risk information from daily supervision.
- The third line of defense consists of the Internal Audit and Control Department, which is
 responsible for providing analysis and evaluation independent from the first and second lines
 of defense for the effectiveness of the Company's risk management and internal monitoring
 systems, and supervising their improvement and enhancement; as well as receiving reports and
 monitoring the handling of reported cases.

The Effectiveness of Risk Management and Internal Control Systems

The Board reviews the effectiveness of the Group's risk management and internal control systems at least once annually. The review covers all material controls, including significant risks and the Company's ability to address them, the scope and quality of management's ongoing monitoring of risks and of internal control systems, internal audit function and the existence and impact of significant control failure or weaknesses. During the above review process, the management is responsible for providing the Board with timely information to assist the Board in its assessment of the effectiveness of the Group's controls and risk management.

During the year ended December 31, 2024, the Board received a confirmation from management on the effectiveness of the Group's risk management and internal control systems and completed a review of them and considered the Group's risk management and internal control systems effective and adequate. The Board has also completed a review of the adequacy of the resources, staff qualifications and experience, training programs and relevant budget of the Group's accounting, internal audit and financial reporting functions, and was satisfied with the results.

Disclosure of Inside Information

The Company has formulated and implemented an Information Disclosure System which provides general guidelines to the Directors, senior management and staff of the Company on the handling of confidential information, monitoring data disclosure and responding to enquiries, and has put in place control procedures to ensure that unauthorized access to and use of inside information is strictly prohibited.

Investor Relations

Communication with Shareholders and Investors

The Company considers that effective communication with Shareholders is essential for enhancing investor relations and investors' understanding of the Group's business performance and strategies. The Company also recognizes the importance of transparency and timely disclosure of corporate information, which will enable Shareholders and investors to make the best investment decisions.

The Company has adopted the Shareholders' Communication Policy on March 31, 2022, which sets out the Company's use of a number of mechanisms to provide effective and efficient communication to Shareholders, among which, (i) the Company publishes updated information and news on its business operations and development, financial information, corporate governance practices and other information for public access through the website of the Stock Exchange (www.hkexnews.hk) and the website of the Company (www.yeahka.com) to facilitate effective communication, timely and objective provision of clear and complete information to Shareholders and investors; (ii) the Company is also committed to continuously strengthening the communication with the Shareholders' investment market, designating senior management of the Company to maintain regular dialogue with institutional investors and analysts, organizing various activities including briefings for investors/analysts, local and international tours, media interviews and investor promotion activities, as well as organizing/participating in industry thematic forums, so as to facilitate communication between the Company and its Shareholders and investors; and (iii) the Chairman of the general meeting will explain to the Shareholders the detailed procedures for voting by poll and answer any questions from the Shareholders in connection with voting by poll at the annual general meeting and other general meetings. At the annual general meeting, the Chairman of the Board, the Chairmen of the Audit Committee, the Remuneration Committee and the Nomination Committee, or, in their absence, other members of each committee will also answer questions from Shareholders.

During the year ended December 31, 2024, the Board has reviewed the implementation and effectiveness of the Shareholders' Communication Policy. The Board believes that the diversified shareholders' communication channels provide Shareholders and investors with effective access to information about the Group, and that Shareholders can contact the Board directly and express their opinions on their own initiative through the following procedures of making inquiries to the Board. The Board, therefore, endorses the effectiveness of the Shareholders' Communication Policy.

Procedures for Making Enquiries to the Board

Shareholders who intend to make any enquiries to the Board of the Company may do so by writing to the Company. The Company does not normally deal with verbal or anonymous enquiries.

For the avoidance of doubt, Shareholders must deposit and send the original duly signed written requisition, notice, statement or enquiry (as the case may be) to the following address and provide their full name, contact details and identification in order to give effect thereto. Shareholders' information may be disclosed as required by law.

Postal address: 19/F A4 Building, Kexing Science Park,

15 Keyuan Road, Nanshan District, Shenzhen, China

(For the attention of Investor Relations Team)

E-mail address: ir@yeahka.com

Shareholders should direct their enquiries about their shareholdings to Computershare Hong Kong Investor Services Limited, the Company's branch share registrar in Hong Kong. The contact details of Computershare Hong Kong Investor Services Limited are set out below:

Computershare Hong Kong Investor Services Limited

Address: 17M Floor, Hopewell Centre,

183 Queen's Road East, Wanchai, Hong Kong

Telephone number: +852 2862 8555 Facsimile number: +852 2865 0990

Website: www.computershare.com/hk/contact

Investors may also write to the Company at its principal place of business in Hong Kong or China for any enquiries.

Procedures for Shareholders to Convene an Extraordinary General Meeting and Shareholders' Rights

In accordance with Article 12.1 of the Articles of Association, the Company shall hold a general meeting as its annual general meeting within six months after the end of each financial year. Pursuant to Article 12.3 of the Articles of Association, the Board may, whenever it thinks fit, convene an extraordinary general meeting. General meetings shall also be convened on the written requisition of any one or more members holding together, as at the date of deposit of the requisition, shares representing not less than one-tenth of the paid-up capital of the Company which carry the right of voting at general meetings of the Company. The written requisition shall be deposited at the principal office of the Company in Hong Kong or, in the event the Company ceases to have such a principal office, the registered office of the Company, specifying the objects of the meeting and signed by the requestor(s). If the Board does not, within 21 days from the date of deposit of the requisition, proceed duly to convene the meeting to be held within a further 21 days, the requestor(s) themselves or any of them representing more than one-half of the total voting rights held by all of them, may convene the general meeting in the same manner, as nearly as possible, as that in which meetings may be convened by the Board provided that any meeting so convened shall not be held after the expiration of three months from the date of deposit of the requisition, and all reasonable expenses incurred by the requestor(s) as a result of the failure of the Board shall be reimbursed to them by the Company.

Pursuant to Article 13.5 of the Articles of Association, at any general meeting, a resolution put to the vote of the meeting shall be decided on a poll save that the Chairman may, in good faith, allow a resolution which relates purely to a procedural or administrative matter as prescribed under the Listing Rules to be voted on by a show of hands. The poll results will be posted on the websites of the Stock Exchange and the Company immediately after the relevant general meetings.

As one of the measures to safeguard Shareholders' interests and rights, separate resolutions are proposed at Shareholders' meetings for each substantially separate issue, including the election of individual Directors, for Shareholders' consideration and voting.

Procedures for Shareholders to Put Forward Proposals at General Meetings

There are no provisions under the Memorandum and Articles of Association and the Companies Law of the Cayman Islands regarding approval of Shareholders' proposal of new resolutions at the general meeting. The Shareholders who intend to propose a resolution may require the Company to convene an extraordinary general meeting pursuant to the procedures as stated in the above paragraph — "Procedures for Shareholders to Convene an Extraordinary General Meeting and Shareholders' Rights".

Procedures for Shareholders to Propose Persons for Election as Directors

According to Article 16.4 of the Articles of Association, if any Shareholder of the Company proposes any person other than a retiring Director for election as a Director at any general meeting, the Shareholder shall submit a written notice of his/her intention to propose such person for election as a Director of the Company and also a written notice signed by such person to be proposed for election as a Director of the Company of his/her willingness to be elected to 19/F, A4 Building, Kexing Science Park, 15 Keyuan Road, Nanshan District, Shenzhen, China or to Room 1912, 19/F, Lee Garden One, 33 Hysan Avenue, Causeway Bay, Hong Kong. The period for submitting the notices required by this Article shall start no earlier than the day after the notice of the general meeting designated for the election is sent, and end no later than seven days before the date of the general meeting, and the minimum length of the period, during which such written notices are given, shall be at least seven days. To facilitate the Company informing that proposal to the Shareholders, according to the requirements of Rule 13.51(2) of the Listing Rules, the written notices must contain the personal information of the person proposed for election as a Director, and shall be signed by relevant Shareholder(s) and the proposed Director, indicating his/her willingness to be elected as a Director and his/her consent to disclose his/her personal information. In order to ensure that other Shareholders would have sufficient time to receive and consider the information of the person proposed for election as a Director, Shareholders are urged to lodge their written notice of their intention to propose a person for election as a Director as early as practicable in advance of the relevant general meeting and, in any case, not less than 12 business days (as defined in the Listing Rules, i.e. day(s) on which the Stock Exchange is open for business of dealing in securities) before the date scheduled for holding the relevant general meeting, so that the Company can complete the verification with the share registrar, and publish announcement(s) and/or the dispatch of a supplementary circular to Shareholders in compliance with the relevant requirements under the Listing Rules. In the event that such written notices are received by the Company later than the 12th business day before the date of holding the relevant general meeting, the Company shall consider whether to adjourn the relevant meeting so as to give Shareholders a notice of at least 10 business days of the proposal in accordance with the Listing Rules. "Procedures for Shareholders to Propose Persons for Election as Directors" are available on the website of the Company.

Amendments to Constitutional Document

There have been no changes in the constitutional document of the Company during the Year. The Articles of Association are available on the websites of the Stock Exchange and the Company.

羅兵咸永道

To the Shareholders of Yeahka Limited

(incorporated in the Cayman Islands with limited liability)

Opinion

What we have audited

The consolidated financial statements of Yeahka Limited (the "Company") and its subsidiaries (the "Group"), which are set out on pages 111 to 249, comprise:

- the consolidated statement of financial position as at 31 December 2024;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- · the consolidated statement of cash flows for the year then ended; and
- the notes to the consolidated financial statements, comprising material accounting policy information and other explanatory information.

Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with IFRS Accounting Standards and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

PricewaterhouseCoopers, 22/F Prince's Building, Central, Hong Kong SAR, China T: +852 2289 8888, F: +852 2810 9888, www.pwchk.com

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("**ISAs**"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

- Revenue recognition of one-stop payment services
- Goodwill impairment assessment
- Fair value measurement of financial assets at fair value through profit or loss ("FVPL")

Key Audit Matter

Revenue recognition of one-stop payment services

Refer to Note 6 to the consolidated financial statements.

For the year ended 31 December 2024, the Group recognized revenue of approximately RMB2,685,898,000 from provision of onestop payment services to merchants for their acceptance of non-cash payments from consumers through connecting the merchants with the payment networks.

The one-stop payment services revenue is recognized at a point in time upon completion of the payment services for each transaction at an amount which is calculated based on the total payment value made by the consumers and the respective applicable service fee rates, net of interchange fees levied by various third party payment networks. The service fee rates are determined based on the agreements entered into between the Group and the merchants.

How our audit addressed the Key Audit Matter

We have performed the following audit procedures to address the revenue recognition of one-stop payment services:

- Examined, on a sample basis, the key terms and conditions of sales agreements entered into between the Group and the merchants, mainly including the service fee rates and the Group's performance obligations, and assessed the appropriateness of the Group's revenue recognition policies with reference to the requirements of the applicable accounting standards;
- Understood, evaluated, and tested the key controls in relation to the revenue recognition of one-stop payment services, including the information technology general controls and automated application controls of the business systems used in capturing and processing the payment service revenue transactions, and other relevant key manual controls;
- Performed reconciliations of the payment service transaction records in the Group's business systems and that in the payment transaction reports obtained from the payment networks, and the payment service revenues recorded in the Group's business systems and that in the Group's financial systems;

Key Audit Matter

We focused on this area due to the large volume of the one-stop payment services revenue transactions to which significant audit resources are required to be allocated.

How our audit addressed the Key Audit Matter

- Tested, on a sample basis, the payment service revenue transactions by checking the payment transaction value and interchange fees levied to the payment transaction reports obtained from the payment networks, the service fee rates to the agreements entered into between the Group and the merchants, and the mathematical accuracy of the calculation of the Group's payment services revenue recognized;
- Performed data analytics over payment transaction volume from the dimensions of distribution channels and merchants newly acquired during the year in order to identify unusual fluctuations or payment transactions.

Based on the above procedures, we found that the recognition of one-stop payment services revenue was supported by the evidence we obtained.

Key Audit Matter

Goodwill impairment assessment

Refer to Notes 4(g) and 17 to the consolidated financial statements.

As at 31 December 2024, the Group had goodwill with an aggregate carrying amount of approximately RMB456,932,000.

The Group engaged an external valuer to assist them in carrying out the goodwill impairment assessment. Goodwill impairment is assessed by comparing the recoverable amount of the respective cash generating unit ("CGU") or a group of CGUs against the corresponding carrying amount of the CGU or a group of CGUs. Management determined the recoverable amount of the CGU or a group of CGUs based on the value-in-use ("VIU"), which is calculated using discounted cash flows based on five-year financial projections plus a terminal value related to cash flows beyond the projection period extrapolated at an estimated termination growth rate.

How our audit addressed the Key Audit Matter

We have performed the following audit procedures to address the goodwill impairment assessment:

- Understood, evaluated, and tested management's key controls in relation to the goodwill impairment assessment, and assessed the inherent risks of material misstatement by considering the degree of estimation uncertainty and the level of other inherent risk factors such as complexity, subjectivity, changes and susceptibility to management bias and other fraud risk factors;
- Evaluated the appropriateness of management's identification of CGUs or a group of CGUs by reference to the Group's accounting policies and our understanding of the Group's businesses;
- Assessed the competency, capabilities and objectivity of the external valuer engaged by the Group;
- Obtained the valuation report of goodwill impairment and assessed the appropriateness of the valuation method adopted by management with the involvement of our internal valuation experts;
- Performed retrospective review by comparing the prior year's cash flow forecasts with the current year's actual results to consider whether the key assumptions applied in the forecasts had been subject to management bias and to assess the effectiveness of management's estimation process;

Key Audit Matter

The goodwill impairment assessment involves significant judgments and estimates which include the adoption of appropriate valuation method and the use of key assumptions, including revenue growth rates and gross profit margins during the forecast period, terminal growth rates and pre-tax discount rates, which are subject to high degree of estimation uncertainty. The inherent risk in relation to the goodwill impairment assessment is considered significant due to uncertainty of significant assumptions used.

Based on the results of the goodwill impairment assessment conducted, management considered no impairment charge needed to be provided for the year ended 31 December 2024.

We focused on this area due to that the goodwill impairment assessment involves significant judgments and estimates.

How our audit addressed the Key Audit Matter

- Challenged and assessed the reasonableness of the key assumptions adopted in the cash flow forecasts, taking into consideration the historical performance, the budgets and plans approved by management, and the industry forecasts and market developments:
- Evaluated the reasonableness of discount rates applied in the calculation of VIU with the involvement of our internal valuation experts by comparing them against the industry or market data to assess whether the discount rates applied were within the range of those adopted by comparable companies in the same industry;
- Evaluated management's sensitivity analysis performed over the key assumptions adopted in the impairment assessment to assess the potential implications of changes in assumptions within a reasonable range on the results of the impairment assessment; and
- Assessed the appropriateness and adequacy of the disclosures related to goodwill impairment assessment in accordance with the applicable accounting standards.

Based on the above procedures, we found the significant judgments and estimates applied in management's goodwill impairment assessment were supported by the evidence we obtained.

Key Audit Matter

Fair value measurement of financial assets at FVPL

Refer to Notes 3.3 and 20 to the consolidated financial statements.

As at 31 December 2024, the Group's financial assets at FVPL amounted to approximately RMB918,256,000. The net fair value gains on the financial assets at FVPL for the year ended 31 December 2024 amounted to approximately RMB81,445,000.

Management determined the fair values of the financial assets at FVPL at the end of the reporting period as follows:

- For investments in listed entities, management determined the fair values of these investments based on quoted market prices;
- For investments in unlisted entities, the Group engaged external valuers to assist them to determine the fair values of these financial assets, which involved significant judgments and estimates, including the adoption of appropriate valuation techniques (income approach or market approach) and the use of key assumptions under income approach (including revenue growth rates and gross profit margins during the forecast period, terminal growth rates and discount rates) and significant unobservable valuation input under market approach (including enterprise value to sales multiple, price to sales multiple and discounts for lack of marketability), which are subject to high degree of estimation uncertainty. The inherent risk in relation to the fair value measurement of financial assets at FVPL is considered significant due to uncertainty of significant assumptions and unobservable input used.

How our audit addressed the Key Audit Matter

We have performed the following audit procedures to address the fair value measurement of financial assets at FVPL included:

- Understood, evaluated, and tested management's key controls in relation to the fair value measurement of financial assets at FVPL and assessed the inherent risks of material misstatement by considering the degree of estimation uncertainty and the level of other inherent risk factors such as complexity, subjectivity, changes and susceptibility to management bias and other fraud risk factors;
- Assessed the competency, capabilities and objectivity of the external valuers engaged by the Group;
- Obtained the valuation reports of these financial assets and assessed the appropriateness of the valuation methods adopted by management with the involvement of our internal valuation experts;
- For investments in listed entities, checked the fair values determined by management against the quoted market prices;
- For investments in unlisted entities with fair value determined using the income approach:
- Performed retrospective review by comparing the prior year's cash flow forecasts with the current year's actual results to consider whether the key assumptions applied in the forecasts had been subject to management bias and to assess the effectiveness of management's estimation process;

Key Audit Matter

We focused on this area due to the significance of the net fair value gains recognized for the year and the significant judgments and estimates involved in the fair value measurement of the financial assets at FVPL.

How our audit addressed the Key Audit Matter

- Challenged and assessed the reasonableness of the key assumptions adopted in the cash flow forecasts, taking into consideration the historical performance, the approved budgets and plans, and the industry forecasts and market developments; and
- Evaluated the reasonableness of discount rates applied in the calculation with the involvement of our internal valuation experts by comparing them against the industry or market data to assess whether the discount rates applied were within the range of those adopted by comparable companies in the same industry.
- For investments in unlisted entities with fair value determined using market approach, evaluated the reasonableness of the significant unobservable input with the involvement of our internal valuation experts by comparing them against the industry or market data.
- Assessed the appropriateness and adequacy of the disclosures related to the fair value measurement of financial assets at FVPL in accordance with the applicable accounting standards.

Based on the above procedures, we found the significant judgments and estimates involved in the fair value measurement of financial assets at FVPL were supported by the evidence we obtained.

INDEPENDENT AUDITOR'S REPORT

Other Information

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and the Audit Committee for the Consolidated **Financial Statements**

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRS Accounting Standards and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITOR'S REPORT

Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the
financial information of the entities or business units within the Group as a basis for forming
an opinion on the consolidated financial statements. We are responsible for the direction,
supervision and review of the audit work performed for purposes of the group audit. We
remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Wilson W.Y. Chow.

1 General information

1.1 General information

Yeahka Limited (the "Company") was incorporated in the Cayman Islands on 8 September 2011, as an exempted company with limited liability under the Companies Law (Cap. 22, Law 3 of 1961 as consolidated and revised) of the Cayman Islands. The address of the Company's registered office is Vistra (Cayman) Limited, P.O. Box 31119, Grand Pavilion, Hibiscus Way, 802 West Bay Road, Grand Cayman, ky1-1205, Cayman Islands. The Company's shares have been listed on the Main Board of The Stock Exchange of Hong Kong Limited since 1 June 2020.

The Company is an investment holding company. The Company and its subsidiaries, including structured entities set out in Note 1.2 (collectively, the "**Group**"), are principally engaged in the provision of one-stop payment services, merchant solution services and in-store e-commerce services to retail merchants and consumers in the People's Republic of China (the "**PRC**").

Mr. Liu Yingqi ("Mr. Liu"), is the ultimate controlling shareholder of the Company.

The consolidated financial statements for the year ended 31 December 2024 are presented in Renminbi ("RMB") and all values are rounded to the nearest thousand (RMB'000) except when otherwise indicated. These consolidated financial statements for the year ended 31 December 2024 have been approved for issue by the board of directors (the "Board") of the Company on 27 March 2025.

1 General information (Continued)

1.2 Information about subsidiaries (Continued)

- (a) The regulations in the PRC restrict foreign investments in companies that provide value-added telecommunication services, payment services and micro-credit businesses, which include certain activities and services operated by the Group through Shenzhen Yeahka and its subsidiaries, which are companies incorporated in the PRC and controlled by Mr Liu. In order to enable certain foreign companies to make investments into these businesses of the Group, Yeahka WFOE was established in May 2012 in the PRC, and entered into contractual arrangements with Shenzhen Yeahka and its then registered owners in order to gain management control over, and enjoys all economic benefits of Shenzhen Yeahka through a series of contractual arrangements. The details of those contractual arrangements are set out in Note 42.1.1(a). Through these contractual arrangements, the Company is able to effectively control, recognize and receive substantially all the economic benefits and operations of the Shenzhen Yeahka and its subsidiaries. Accordingly, these PRC entities are treated as structured entities controlled by the Company and the financial positions and results of operations of these PRC entities have been consolidated since the respective dates when the Company first obtained control over them.
- (b) All these entities are structured entities of the Group.
- (c) The Group has entered into a consensus action agreement with several shareholders of Zhejiang Shanxi. Such shareholders agree to act as a connected person in accordance with the Group's intention and unconditionally and irrevocably exercise voting rights in accordance with the Group's. Accordingly, Zhejiang Shanxi is controlled by the Company and its financial position and results of operation have been consolidated since the respective date when the Company first obtained control over it.
 - * The English names of companies established in the PRC are translations of their Chinese names at the best effort of the directors of the Company (the "**Directors**") as they do not have official English names.

2 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with IFRS Accounting Standards and interpretations issued by the IFRS Interpretations Committee (IFRS IC) applicable to companies reporting under IFRS. The consolidated financial statements comply with IFRS as issued by the International Accounting Standards Board (IASB) and the disclosure requirements of the Hong Kong Companies Ordinance Cap. 622.

The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss ("FVPL"), which are carried at fair value.

The preparation of the consolidated financial statements in conformity with IFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 4 below.

(a) Amended standards adopted by the Group

The Group has applied the following amendments for the first time for their annual reporting period commencing 1 January 2024:

- Amendments to IAS 1 -Non-current liabilities with covenants
- Amendments to IFRS 16 Lease Liability in Sale and Leaseback
- Amendment to IAS 7 and IFRS 7 Supplier Finance Arrangements

The amendments listed above did not have any impact on the amounts recognized in prior periods and are not expected to significantly affect the current or future periods.

2 Basis of preparation (Continued)

(b) New standards, amendments and interpretations not yet adopted

Standards and amendments that have been issued but not yet effective at 1 January 2024 and not been early adopted by the Group during the year are as follows:

		Effective for annual periods beginning on or after
Amendments to IAS 21	Lack of Exchangeability	1 January 2025
Amendments to IFRS 9 and IFRS 7	Classification and Measurement of Financial Instruments	1 January 2026
Annual improvements to IFRS	Volume 11	1 January 2026
Amendments to IFRS 19	Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendment to IFRS 18	Presentation and Disclosure in Financial Statements	1 January 2027
Amendments to IFRS 10 and IAS 28	Sale or contribution of assets between an investor and its associate or joint venture	To be determined

The Group will adopt the above new or revised standards and amendments to existing standards as and when they become effective. Management has performed preliminary assessment and does not anticipate any significant impact on the Group's financial position and results of operations upon adopting these standards and amendments to the existing IFRSs.

3 Financial risk management

3.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk and cash flow interest rate risk), credit risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial performance. Risk management is carried out by the senior management of the Group.

(a) Market risk

(1) Foreign exchange risk

Foreign exchange risk arises from recognized assets and liabilities in currency other than the Group entities' respective functional currency and net investments in foreign operations.

The Group operates mainly in the PRC with most of the transactions settled in RMB, management considers that the business is not exposed to any significant foreign exchange risk as there are no significant financial assets or liabilities of the Group that are denominated in the currencies other than the respective functional currencies of the Group's entities. The Group did not enter into any forward contract to hedge its exposure to foreign currency risk for the years ended 31 December 2024 and 2023.

(2) Cash flow interest rate risk

The Group's interest rate risk arises from borrowings. Borrowings obtained at variable rates expose the Group to cash flow interest rate risk. The Group currently has not entered into any interest rate swap contract and will only consider for hedging of significant interest rate risk.

As at 31 December 2024, bank borrowings of the Group which were bearing at floating rates amounted to approximately RMB125,990,000 (2023: RMB171,000,000). As at 31 December 2024, if interest rates on borrowings at floating rates had been 100 basis points higher or lower with all other variables held constant, interest charges for the year ended 31 December 2024 would increase/decrease by approximately RMB1,259,900 (2023: RMB1,710,000).

3 Financial risk management (Continued)

3.1 Financial risk factors (Continued)

(b) Credit risk

The Group is exposed to credit risk in relation to its cash and cash equivalents, restricted cash, trade receivables, other receivables and loan receivables. The Group also provided guarantees in offering loan facilitation services for loans granted by certain of the Group's loan facilitation partners. Pursuant to the terms of the guarantees, upon default in repayments by the debtors, the Group will be responsible to repay the outstanding loan principals together with accrued interest and penalty owed by the debtors to certain of the Group's loan facilitation partners.

(1) Risk management

To manage risk arising from cash and cash equivalents and restricted cash, the Group places deposits in state-owned financial institutions in the PRC or reputable banks, financial institutions having high-credit-quality in the PRC and Cayman Islands.

To manage risk arising from trade receivables and other receivables, the Group has policies in place to ensure that sale of services is made to customers with an appropriate credit history. It also has other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews regularly the recoverable amount of each individual receivable to ensure that adequate impairment losses are made for irrecoverable amounts.

To manage risk arising from loan receivables, standardised credit management procedures are performed. The Group conducts holistic assessment on credit worthiness of loan applicants, which consist of automatic preliminary assessment, screening, and manual assessment. The management makes periodic collective assessments as well as individual assessment on the recoverability of loan receivables based on historical settlement records and past experiences incorporating forward-looking information.

The carrying amounts of cash and cash equivalents, restricted cash, trade receivables, loan receivables and other receivables represent the Group's maximum exposure to credit risk in relation to financial assets.

As at 31 December 2024, the maximum exposure arising from the provision of financial guarantee to certain loan facilitation parties amounted to approximately RMB888,487,000 (31 December 2023: RMB551,723,000), being the principals and interests of the underlying loans which were granted by the Group's loan facilitation partners with terms ranging from 3 to 12 months.

3 Financial risk management (Continued)

3.1 Financial risk factors (Continued)

(b) Credit risk (Continued)

(2) Impairment of financial assets

The following table contains an analysis of the credit risk exposure subject to impairment. The amount of financial assets below also represents the Group's maximum exposure to credit risk.

	As at 31 December 2024			As at 31 December 2023			
	Gross carrying amount RMB'000	Loss allowance RMB'000	Carrying amount RMB'000	Gross carrying amount RMB'000	Loss allowance RMB'000	Carrying amount RMB'000	
Financial assets at amortised cost (IFRS 9)							
Cash and cash equivalents (i)	595,719	_	595,719	887,909	-	887,909	
Restricted cash (i)	1,714,296	_	1,714,296	2,097,246	-	2,097,246	
Trade receivables (ii) Loan receivables (iii)	400,421	(19,455)	380,966	376,012	(20,953)	355,059	
- Stage 1	663,896	(6,575)	657,321	899,129	(22,065)	877,064	
- Stage 2	3,961	(3,401)	560	13,754	(9,790)	3,964	
- Stage 3	10,078	(9,832)	246	13,216	(11,912)	1,304	
Other receivables (iii)							
- Stage 1	2,529,797	(7,804)	2,521,993	2,290,060	(7,965)	2,282,095	
– Stage 3	29,595	(29,595)	-	35,754	(35,754)	-	

3 Financial risk management (Continued)

3.1 Financial risk factors (Continued)

(b) Credit risk (Continued)

- (2) Impairment of financial assets (Continued)
 - (i) Cash and cash equivalent and restricted cash

While the Group's cash and cash equivalent and restricted cash are subject to the impairment requirement of IFRS 9, the identified impairment loss was immaterial.

(ii) Trade receivables

The Group applies the simplified approach to provide for expected credit losses prescribed by IFRS 9, which permits the use of the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on the share credit risk characteristics and the days past due.

The expected loss rate are based on the overdue aging profiles of trade receivables and the corresponding historical credit losses expected. The historical loss are then adjusted to reflect current and forward-looking information on macro-economic factors affecting the ability of the customers to settle the receivables.

The following table contains an analysis of allowance for trade receivables based on overdue aging:

31 December 2024	Current	Less than 90 days past due	More than 270 days past due	Total
Expected loss rate	0.77%	14.36%	100.00%	4.86%
Gross carrying amount (RMB'000)	383,070	968	16,383	400,421
Loss allowance (RMB'000)	2,933	139	16,383	19,455

3 Financial risk management (Continued)

3.1 Financial risk factors (Continued)

- (b) Credit risk (Continued)
 - (2) Impairment of financial assets (Continued)
 - (ii) Trade receivables (Continued)

31 December 2023	Current	Less than 90 days past due	90-180 days past due	180-270 days past due	More than 270 days past due	Total
Expected loss rate	0.68%	9.32%	19.51%	27.87%	100.00%	5.57%
Gross carrying amount (RMB'000)	348,177	9,684	492	122	17,537	376,012
Loss allowance (RMB'000)	2,383	903	96	34	17,537	20,953

The loss allowances for trade receivables as at 31 December 2024 reconcile to the opening loss allowances as follows:

	Year ended 31 December		
	2024	2023	
	RMB'000	RMB'000	
At the beginning of the year	20,953	29,531	
Reversal for expected credit loss	(1,498)	(8,578)	
At the end of the year	19,455	20,953	

3 Financial risk management (Continued)

3.1 Financial risk factors (Continued)

- (b) Credit risk (Continued)
 - (2) Impairment of financial assets (Continued)
 - (iii) Other receivables and loan receivables

Other receivables mainly comprise balances resulted from the Group's principal activities with various business partners. Loan receivables comprise the principle and interest arising from micro-credit business. Impairment on these financial assets are measured as either 12-month estimated credit losses ("ECL") or lifetime expected credit loss, depending on whether there has been a significant increase in credit risk since initial recognition. If a significant increase in credit risk of a receivable has occurred since initial recognition, then impairment is measured as lifetime ECL. To assess whether there is a significant increase in credit risk, the Group compares risk of a default occurring on the assets at the reporting date with the risk of default as the data of initial recognition. Especially the following indicators are incorporated:

- external credit rating, if applicable;
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the customer's ability to meet its obligations; and
- significant changes in the expected performance and behaviour of the borrowers, including changes in payment status of borrowers in the group and changes in the operating results of the borrowers.

A significant increase in credit risk is presumed if a debtor for loan receivables is past due. Under such a case, loan receivables are classified as stage 2 and subject to lifetime expected losses provision. When loan receivables become past due for more than 90 days, they are treated as credit-impaired and therefore classified as stage 3.

3 Financial risk management (Continued)

- 3.1 Financial risk factors (Continued)
 - (b) Credit risk (Continued)
 - (2) Impairment of financial assets (Continued)
 - (iii) Other receivables and loan receivables (Continued)

Other receivables that are not credit-impaired on initial recognition are classified in stage 1 and the expected credit losses are measured as 12-month expected credit losses. If a significant increase in credit risk of other receivable has occurred since initial recognition, the financial asset is moved to 'stage 2' but is not yet deemed to be credit impaired. The expected credit losses are measured as lifetime expected credit loss. If any financial asset is credit-impaired, it is then moved to 'stage 3' and the expected credit loss is measured as lifetime expected credit loss.

Other receivables are written off when there is no reasonable expectation of recovery and loan receivables are written off when interest and/or principal repayments are 180 days past due or there is no reasonable expectation of recovery. Where these financial assets have been written off, the Group continues to engage in follow-up actions such as enforcement activities to attempt recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

Financial risk management (Continued)

3.1 Financial risk factors (Continued)

- (b) Credit risk (Continued)
 - (2) Impairment of financial assets (Continued)
 - (iii) Other receivables and loan receivables (Continued)

A summary of the assumptions underpinning the Company's expected credit loss model for other receivables and loan receivables is as follows:

	Group definiti	Basis for recognition	
Category	Loan receivables	Other receivables	of ECL provision
Stage 1-Performing	Customers have a low risk of capacity to meet contract	•	12-month ECL, where the expected lifetime of an asset is less than 12 months, expected losses are measured at its expected lifetime
Stage 2-Under- performing	Loans for which there is a significant increase in credit risk; as significant increase in credit risk is presumed if interest and/or principal repayments are past due	Other receivables for which a significant increase in credit risk has occurred compared to original expectations; a significant increase in credit risk is presumed or adverse changes in solvency and operational capabilities	Lifetime ECL
Stage 3-Non- performing	Interest and/or principal repayments are 90 days past due or it becomes probable a customer lose solvency	It becomes probable a customer will enter bankruptcy	Lifetime ECL
Write-off	Interest and/or principal repayments are 180 days past due or there is no reasonable expectation of recovery	There is no reasonable expectation of recovery	Assets are written off

3 Financial risk management (Continued)

3.1 Financial risk factors (Continued)

- (b) Credit risk (Continued)
 - (2) Impairment of financial assets (Continued)
 - (iii) Other receivables and loan receivables (Continued)

Movement on the provision for expected credit loss allowance of loan receivables are set out as follows:

	Year ended 31 December		
	2024		
	RMB'000	RMB'000	
At the beginning of the year	43,767	14,836	
Provision for expected credit loss	89,144	61,056	
Write-off	(113,103)	(32,125)	
At the end of the year	19,808	43,767	

Movement on the provision for expected credit loss allowance of other receivables are set out as follows:

	Year ended 31 December		
	2024	2023	
	RMB'000	RMB'000	
At the beginning of the year	43,719	38,349	
Provision for expected credit loss	537	5,365	
Write off of bad debts	(6,865)	_	
Currency translation difference	8	5	
At the end of the year	37,399	43,719	

3 Financial risk management (Continued)

3.1 Financial risk factors (Continued)

(c) Liquidity risk

The Group aims to maintain sufficient cash and cash equivalents. Due to the dynamic nature of the underlying businesses, the Group maintains flexibility in funding by maintaining adequate cash and cash equivalents.

The table below analyses the Group's financial liabilities into relevant maturity grouping, based on the remaining period at each balance sheet date as compared to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

	Less than 1 year RMB'000	Between 1 and 2 years RMB'000	Between 2 and 5 years RMB'000	Above 5 years RMB'000	Total RMB'000
As at 31 December 2024					
Trade payables	251,302	_	-	-	251,302
Other payables and accruals (excluding accrual for payroll and welfare allowances, dividends payable, interest payable and other taxes payable)	3,579,070	_	_	_	3,579,070
Lease liabilities	21,314	13,661	3,184	-	38,159

		Between	Between		
	Less than	1 and 2	2 and 5	Above	
	1 year	years	years	5 years	Total
	RMB'000	RMB'000	RMB'000	RMB'000	RMB'000
As at 31 December 2023					
Trade payables	274,711	-	-	-	274,711
Other payables and accruals (excluding accruation for payroll and welfare allowances, interest					
payable and other taxes payable)	3,942,052	-	-	-	3,942,052
Lease liabilities	22,107	16,097	17,363	-	55,567
Bank and other borrowings (including interest payment)	794,842	-	-	-	794,842
Financial liabilities at fair value through profit closs	or 24,880	_	_	-	24,880
Convertible bonds (including interest payment) assuming no conversion	30,987	30,987	557,763	-	619,737
Financial guarantee (Note 3.1(b)(1))	551,723	-	-	-	551,723
	5,641,302	47,084	575,126	-	6,263,512

3.2 Capital management

The Group's objectives on managing capital are to safeguard the Group's ability to continue as a going concern and support the sustainable growth of the Group in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to enhance equity holders' value in the long term.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total equity.

3 Financial risk management (Continued)

3.2 Capital management (Continued)

The gearing ratio as at 31 December 2024 and 2023 were as follows:

	Year ended 31	Year ended 31 December		
	2024	2023		
	RMB'000	RMB'000		
Net debt (Note 38(c))	372,206	349,109		
Total equity	2,589,503	2,617,401		
Gearing ratio	14%	13%		

3.3 Fair value estimation

The table below analyses the Group's financial instruments carried at fair value as at 31 December 2024 and 2023 by level of inputs adopted in the valuation techniques used for measuring fair value. Such inputs are categorised into three levels within a fair value hierarchy as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2); and
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table presents the Group's assets and liabilities that are measured at fair value as at 31 December 2024.

	Level 1	Level 2	Level 3	Total
	RMB'000	RMB'000	RMB'000	RMB'000
Assets				
Financial assets at FVPL	4,522	_	913,734	918,256
Liabilities

3 Financial risk management (Continued)

3.3 Fair value estimation (Continued)

The following table presents the Group's assets and liabilities that are measured at fair value as at 31 December 2023.

	Level 1	Level 2	Level 3	Total
	RMB'000	RMB'000	RMB'000	RMB'000
Assets				
Financial assets at FVPL	13,594	-	827,342	840,936
Liabilities				
Contingent consideration and				
others	-	-	24,880	24,880

The fair value of financial instruments traded in active markets is determined based on quoted market prices at the end of the reporting period. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required for evaluating the fair value of a financial instrument are observable, the instrument is included in level 2.

If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3.

Specific valuation techniques used to value financial instruments include:

- Dealer quotes for similar instruments;
- The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves; and
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for financial instruments.

During the years ended 31 December 2024 and 2023, there was no transfer between level 1 and 2 for recurring fair value measurements. The significant methods used to determine the fair value and the fair value changes in level 3 financial instruments are presented in Note 20 and 32.

3 Financial risk management (Continued)

3.3 Fair value estimation (Continued)

Valuation processes of the Group (Level 3)

A team in the finance department of the Group performs the valuations of financial instruments required for financial reporting purposes, including the Level 3 fair values. This team reports directly to the Chief Financial Officer ("CFO"). Discussions of valuation processes and results are held between the CFO and the valuation team at least twice a year.

At each financial year end the finance department:

- verifies all major inputs to the valuation report;
- assesses valuation movements when compared to the prior year valuation report;
 and
- holds discussions with the independent valuer.

Changes in Level 3 fair values are analysed at each reporting date during the bi-annual valuation discussions between the CFO and the valuation team. As part of this discussion, the team presents a report that explains the reasons for the fair value movements.

The carrying amounts of the Group's financial assets and liabilities including cash and cash equivalents, restricted cash, trade and other receivables, loan receivables, trade and other payables and borrowings approximate to their fair values due to their short maturities.

3 Financial risk management (Continued)

3.3 Fair value estimation (Continued)

Valuation processes of the Group (Level 3) (Continued)

The following table presents the changes in level 3 item for the years ended 31 December 2024 and 2023.

	Unlisted equity securities
	RMB'000
Opening balance 1 January 2023	634,171
Acquisitions	10,000
Disposals	(2,205)
Changes in fair value	185,144
Currency translation differences	232
Closing balances 31 December 2023	827,342
Opening balance 1 January 2024	827,342
Acquisitions	7,254
Disposals	(10,579)
Changes in fair value	89,603
Currency translation differences	114
Closing balances 31 December 2024	913,734

Financial risk management (Continued)

3.3 Fair value estimation (Continued)

Valuation processes of the Group (Level 3) (Continued)

The following table summarizes the quantitative information about the significant unobservable inputs used in recurring level 3 fair value measurements.

Description	Fair value As at 31 December		Significant unobservable input	Range of input As at 31 December		Relationship between unobservable input and fair values
	Non-current financial assets at FVPL	913,734	827,342	Discounts for lack of marketability ("DLOM")	25.00%- 35.00%	25.00%- 30.00%
			Enterprise value to sales ("EV/Sales") multiple	2.09-2.40	1.90-6.80	the higher the EV/Sales multiple, the higher the fair value
			Price to sales (" P/S ") multiple	8.00	14.40	the higher the P/S multiple, the higher the fair value
			Revenue growth rate	4.0%-52.6%	8.0%- 66.9%	the higher the revenue growth rate, the higher the fair value
			Growth profit margin	9.1%-93.8%	24.8%- 60.0%	the higher the growth profit margin, the higher the fair value
			Terminal growth rate	2.0%-2.5%	2.5%	the higher the terminal growth rate, the higher the fair value
			Pre-tax discount rate	17.0%- 20.0%	19.5%- 20.4%	the higher the discount rate, the lower the fair value

4 Critical accounting estimates and judgements

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

Management of the Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below:

(a) Revenue recognition-gross or net basis presentation

The determination of revenues should be reported on a gross or net basis is based on an assessment of whether the Group is acting as the principal or an agent in the transactions. In determining whether the Group acts as the principal or an agent, the Group follows the accounting guidance for principal-agent considerations in IFRS 15. Details are set out in Note 6.

(b) Current income taxes ("CIT") and deferred income taxes

The Group is subject to income taxes in the PRC and other jurisdictions. Judgment is required in determining the provision for income taxes in each of these jurisdictions. There are transactions and calculations during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred income tax provisions in the period in which such determination is made.

Deferred income tax assets relating to certain temporary differences and tax losses are recognized when management considers it is probable that future taxable profits will be available against which the temporary differences or tax losses can be utilized. When the expectation is different from the original estimate, such differences will impact the recognition of deferred income tax assets and taxation charges in the period in which such estimate is changed.

4 Critical accounting estimates and judgements (Continued)

(c) Expected credit loss for trade receivables, other receivables and loan receivables

The impairment provisions for trade receivables, other receivables and loan receivables are made based on assumptions about the expected loss rates. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, which is based on the Group's past history, existing market conditions as well as forward looking estimates made at the end of each reporting period. For details of the key assumptions and inputs used, see Note 3.1(b). Changes in these assumptions and estimates could materially affect the result of the assessment and it may be necessary to make additional impairment charge to the profit or loss.

(d) Recognition of share-based compensation expenses

The fair value of options is determined by the binomial option-pricing model at grant date and is expected to be expensed over the respective vesting period. Significant estimate on assumptions, including risk-free interest rate, expected volatility and dividend yield are made by the Directors with the assistance of an independent valuer.

(e) Contractual arrangement for structured entities

As disclosed in Note 42.1.1, the Group conducts certain part of its business through Shenzhen Yeahka and its subsidiaries. Due to the regulatory restrictions on the foreign ownership in the PRC, the Group does not have any equity interest in Shenzhen Yeahka. The Directors assessed, with reference to the opinion of the Company's PRC legal advisors, whether or not the Group has control over Shenzhen Yeahka and its subsidiaries by assessing whether it has the rights to variable returns from its involvement with Shenzhen Yeahka and its subsidiaries and has the ability to affect those returns through its power over Shenzhen Yeahka and its subsidiaries. Based on the above assessment, the Directors concluded that the Group has control over Shenzhen Yeahka and its subsidiaries as a result of the contractual arrangements. Accordingly, the financial position and the operating results of Shenzhen Yeahka and its subsidiaries are included in the Group's consolidated financial statements since the respective dates of incorporation. Nevertheless, the contractual arrangements may not be as effective as direct legal ownership in providing the Group with direct control over Shenzhen Yeahka and its subsidiaries and uncertainties presented by the PRC legal system could impede the Group's beneficiary rights of the results, assets and liabilities of Shenzhen Yeahka and its subsidiaries. The Directors, based on the advice of its legal counsel, consider that the contractual arrangements among Yeahka WFOE, Shenzhen Yeahka and its equity holders are in compliance with the relevant PRC laws and regulations and are legally binding and enforceable.

4 Critical accounting estimates and judgements (Continued)

(f) Fair value measurement of financial assets and liabilities at fair value through profit or loss

The fair value assessment of financial assets and liabilities at fair value through profit or loss that are measured at level 3 fair value hierarchy requires significant estimates, which include estimating the future cash flows, determining appropriate discount rates and other assumptions disclosed in Notes 3.3, 20 and 32.

(g) Impairment of goodwill

The Group tests annually whether goodwill suffered any impairment in accordance with the accounting policy states in Note 17(a). Determining whether goodwill is impaired requires an estimation of the recoverable amount of cash generating units ("**CGU**") or a group of CGUs to which goodwill has been allocated. The recoverable amount of a CGU or a group of CGUs is determined based on value-in-use calculations which require the use of assumptions. The calculations use cash flow projections based on financial budgets approved by management.

Details of impairment charge, key assumptions which are made by the management and third-party valuer and impact of possible changes in key assumptions are disclosed in Note 17.

5 Segment information

The Group's business activities are regularly reviewed and evaluated by the chief operating decision – maker ("CODM"). The CODM has been identified as the chief executive officer ("CEO") of the Company, who reviews consolidated results when making decisions about allocating resources and assessing performance of the Group. As a result of this evaluation, the CEO considers that the Group's operations are operated and managed as a whole; accordingly, no segment information is presented. The Company is domiciled in the Cayman Islands while the Group's non-current assets and revenues are substantially located in and derived from the PRC. Therefore, no geographical segment information is presented.

6 Revenue

	Year ended 3	Year ended 31 December	
	2024 20 RMB'000 RMB'0		
One-stop payment services	2,685,898	3,484,960	
Merchant solutions services	339,646	362,951	
In-store e-commerce services	61,198	102,674	
	3,086,742	3,950,585	

For the years ended 31 December 2024 and 2023, interest revenue from entrusted loans and small-sized retail loans amounting to approximately RMB168,940,000 and RMB130,805,000, respectively, are included in revenue derived from merchant solutions services.

Except for interest income which is recognized over time, revenues of the Group are recognized at a point in time according to the related provisions prescribed under IFRS 15.

During the year, the Group paid approximately RMB86 million in aggregate in relation to interchange fee rate adjustments to a suspense account of the payment networks as requested by the payment networks. Such payments were netted off from the Group's one-stop payment services revenue for the year ended 31 December 2024 in accordance with the Group's accounting policies of revenue recognition and based on the Group's communications with the payment networks.

6 Revenue (Continued)

(a) The Group has a large number of customers, none of whom contributed 10% or more of the Group's revenue during the years ended 31 December 2024 and 2023.

(b) Accounting policies of revenue recognition

Revenue is measured when or as the control of the goods or services is transferred to a customer. Depending on the terms of the contract and the laws that apply to the contract, control of the goods and services may be transferred over time or at a point in time. Control of the goods and services is transferred over time if the Group's performance:

- provides all the benefits received and consumed simultaneously by the customer; or
- · creates and enhances an asset that the customer controls as the Group performs; or
- does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods and services transfers over time, revenue is recognized over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. The Group recognizes revenue at a point in time when the customer obtains control of the goods and services under IFRS 15.

Contracts with customers may include multiple performance obligations. For such arrangements, the Group allocates revenue to each performance obligation based on its relative standalone selling price. The Group generally determines standalone selling prices based on the prices charged to customers. If the standalone selling price is not directly observable, it is estimated using expected cost plus a margin or adjusted market assessment approach, depending on the availability of observable information. Assumptions and estimations have been made in estimating the relative selling price of each distinct performance obligation, and changes in judgements on these assumptions and estimates may impact the revenue recognition.

The Group principally derives revenue from (i) one-stop payment services, (ii) merchant solutions services and (iii) in-store e-commerce services. The accounting policies for each of the Group's revenue streams are set out below:

6 Revenue (Continued)

(b) Accounting policies of revenue recognition (Continued)

(i) One-stop payment services

The Group provides one-stop payment services to merchants for their acceptance of non-cash payments from consumers, through connecting the merchants with the payment networks.

The Group adopts various sales channels to promote their business, including the use of distribution channels and direct marketing. The payment terminals delivered to the merchants or distribution channels are not considered as a distinct performance obligation as the payment services are required to continually interact with the payment terminals provided to the merchants in order for the Group to provide its payment services to the merchants.

The Group assessed that payment services rendered to the merchants is recognized at a point in time, upon completion of the payment services for each transaction.

Service revenue is recognized for each payment transaction handled by the Group at an amount calculated based on the total payment value made by the consumers and the respective applicable service fee rates, net of interchange fees levied by various third-party payment networks. The third-party payment networks have unilateral rights to adjust the interchange fee rates. Such adjustments, if any, are accounted for as an adjustment to the Group's service revenue and recorded in the period when they are made by these third-party networks.

The service fee rates are determined based on the agreements entered into between the Group and the merchants.

The Group considered that it acts as a principal in offering payment services to the merchants as the Group (1) is the primary obligor in the arrangement; (2) has latitude in establishing the selling price, i.e. service fee rate; (3) has involvement in the determination of services specifications; and (4) has discretion in the selection of distribution channels to assist its payment services and to maintain relationships with its merchants and to handle their enquiries about the services. The Group shares its service revenue with distribution channels in accordance with the service agreements entered into with them and the related commissions payable to the distribution channels are recognized as its cost of revenue of the payment services.

In addition to the provision of services to merchants mentioned above, the Group also provides separate system support services to some distribution channels. System support services are customized by a right that allow distribution channels to use the systems that meet the specific needs of various types of merchants. The distribution channels can use the systems as they are available at a point in time. The Group recognizes revenue for such system support services at a point in time when the distribution channels have the access to the systems and has control over the systems and the Group has a present right to payment.

6 Revenue (Continued)

(b) Accounting policies of revenue recognition (Continued)

(ii) Merchant solutions services

Leveraging on the established customer base acquired from provision of the onestop payment services, the Group also provides a series of value-added merchant solutions services, including (1) provision of various SaaS products with scenariospecific functionalities integrated with the payment services, data analysis services or SaaS terminals with operating system can be customized by customers as needed; (2) provision of agency services to customers; (3) provision of online marketing services to customers; (4) provision of technology services to insurance companies through the Group's technology platform; and (5) provision of small-sized loans to customers; (6) Loan facilitation service fees and gains from guarantee.

Except for revenue from provision of small-sized loans to customers, revenues from merchant solutions services are recognized at a point in time when products or services are delivered; while interest income on the small-sized loans provided to customers are recognized using an approach similar to the effective interest method over the respective loan periods.

Gross or net basis presentation

The determination of whether revenues from provision of online marketing services should be reported on a gross or net basis is based on an assessment of whether the Group is acting as the principal or an agent in the transactions. In determining whether the Group acts as the principal or an agent, the Group follows the accounting guidance for principal-agent considerations in IFRS 15. Such determination involves judgment and is based on an evaluation of the terms of each arrangement as follows:

6 Revenue (Continued)

- (b) Accounting policies of revenue recognition (Continued)
 - (ii) Merchant solutions services (Continued)

Gross or net basis presentation (Continued)

Gross model

Under this arrangement, the Group generates revenue from providing comprehensive advertisement placement services to the advertisers. The Group charges the advertisers based on Cost per click ("CPC") or specified action such as download, installation, registration of the mobile device users or merchants, transaction completed (cost per action or CPA).

The Group is considered as the principal in offering advertising services because the Group (1) obtains control of the right to the advertising service and directs that service to be provided on the Group's behalf. The Group has the discretion to decide which media publishers or advertising agents to use, what types of the advertisements and how to be placed; (2) is primarily responsible for producing the advertisements and bears the inventory risk like taking certain risk of loss to the extent that non-refundable prepayments acquiring traffic from media publishers. If the advertisements do not perform well or breach the advertising regulation, the Group has to undertake the additional cost of reproduction and compensate the advertisers for all their losses; (3) has the discretion in determining how much to pay the media publishers or advertising agents based on service fee rate agreed with the media publishers or advertising agents; (4) In some instances, is subject to certain risk of loss to the extent that the cost paid to the media publishers or advertising agents cannot be compensated by the total consideration obtained from the advertisers according to acquisition of specific action or sales transaction. This is like inventory risk. Therefore, the Group reports revenue earned from the advertisers and costs paid to the media publishers or advertising agents related to these transactions on a gross basis.

6 Revenue (Continued)

- (b) Accounting policies of revenue recognition (Continued)
 - (ii) Merchant solutions services (Continued)

Gross or net basis presentation (Continued)

Net model

Under this arrangement, the Group charges the advertisers based on the cost charged by media publishers or advertising agents.

The Group is considered as an agent in this arrangement because the Group (1) does not control a specified service before that service is delivered to an advertiser; (2) does not have the latitude to select media publisher which is designated in the contract with the advertiser; (3) does not own the media advertisement space, and does not have any commitments to purchase the advertising space, and therefore does not have inventory risk, and (4) the Group charges the advertisers based on amount charged by the media publishers and advertising agents, which is the same pricing mechanism that the media publishers or advertising agents charge the Group. Therefore, the Group reports the amount received from the advertisers and the amounts paid to the media publishers or advertising agents related to these transactions on a net basis.

In some loan arrangements where the Group is not the lender or borrower by contract terms, the Group generates non-interest service fees by facilitating transactions between borrowers and financial institutions as the lenders. The Group determines that it is not the legal lender and legal borrower in the loan origination and repayment process. Therefore, the Group does not record loans receivable and payable arising from the loans. The Group's services consist of:

6 Revenue (Continued)

- (b) Accounting policies of revenue recognition (Continued)
 - (ii) Merchant solutions services (Continued)

Gross or net basis presentation (Continued)

- Net model (Continued)
 - (1) Upfront loan facilitation service: matching potential qualified borrowers to institutional investors and facilitating the execution of loan agreements between the parties;
 - (2) Post loan facilitation service: providing repayment processing services for the institutional investors over the loan term, including following up on late repayments;
 - (3) Guarantee service provided to financial institutions, if applicable.

The Group receives payments from borrowers over the term of the loan. The total service fees are first allocated to other payables at fair value which meets the definition of a financial guarantee contract under IFRS 9. The remaining amount is then allocated to upfront loan facilitation service and post loan facilitation service using best estimated selling price, as neither vendor specific objective evidence or third party evidence of selling price is available.

Upfront loan facilitation service fees are recognised at loan inception. When the cash received is not equal to the fee allocated to the upfront loan facilitation service, a "Contract Asset" or "Contract Liability" is recognised in the consolidated statement of financial position. Post loan facilitation service fees are recognised over the term of the loan, which approximates the pattern of when the underlying services are performed. Income from guarantee is recognised over the term of the guarantee. Since the average term of the loans recommended by the Group was less than one year, as a practical expedient, the Group recognised the incremental costs of obtaining a contract as an expense when incurred.

6 Revenue (Continued)

(b) Accounting policies of revenue recognition (Continued)

(iii) In-store e-commerce services

Leveraging on the established customer base with merchants acquired from providing the one-stop payment services, the Group also provides in-store e-commerce services like provision of display in-store, hotel & travel services, or various goods of merchants in the Group's platform and third parties' platform, transaction users can purchase the goods, vouchers or make reservations offered by merchants via the Group's platform or third parties' platform.

The Group charges commission fees based on the agreed percentage of goods or services paid by transaction users. The Group is considered as an agent in this arrangement because (1) the Group does not control specified goods or services before that goods or services are delivered to transaction users; (2) does not have the latitude to select goods or services which is designated in the contract with the transaction users; (3) does not own the goods or services purchased by the transactions users, and does not have any commitments to purchase the goods or services, and therefore does not bear any inventory risk, and (4) the Group charges the merchants based on the monetary amount of goods or services sold on the Group's platform or redeemed at merchant's site. Therefore, the Group reports the amount received from the transaction users and the amounts paid to the merchants related to these transactions on a net basis.

In addition to the provision of services to merchants mentioned above, the Group also provides marketing and promotion services for merchants, which include live-streaming sales of designated products and short-video promotion services for merchants. The Group charges a fixed service fee for these services.

Revenues from provision of in-store e-commerce services are recognized at a point of time when the related services are delivered.

6 Revenue (Continued)

(b) Accounting policies of revenue recognition (Continued)

(iv) Contract liabilities

The Group occasionally charges merchants one-off and upfront entry fees ("**Entry Fees**") for their future use of the Group's payment services. The Group initially records Entry Fees as a contract liability and then recognizes it as revenue rateably over the estimated average service relationship period of the merchants. The estimated average service relationship period is within 1 year.

The Group also sells promotion coupons to some merchants, which enable the merchants to use them to offset the payment service charges payable to the Group for the one-stop payment services. The coupons are sold at a price lower than their respective face value. The amounts received/receivable from the merchants are recorded as a contract liability which is then recognized as revenue when the coupon value is utilised by the merchants to offset the payment service charges payable to the Group.

For considerations received for online marketing services and in-store e-commerce services from the respective customers and transaction users, the Group has the right to unconditional consideration before the provision of the respective services to the customers or the merchants, respectively. In both cases, the Group has the contract liability when the payment is received or a receivable is recorded, whichever is earlier. This means that the Group has an obligation to provide the online marketing services to the customer or in-store e-commerce services to the merchant, for which the Group has received consideration from the customers or transaction users, respectively.

6 Revenue (Continued)

(b) Accounting policies of revenue recognition (Continued)

(v) Contract fulfilment costs

Contract fulfilment costs primarily consist of costs of payment terminals, which are installed in merchants' retail shops/venues in conjunction with the offering of the Group's one-stop payment services. They are amortised using a straight-line method over the expected benefit period of 3 years for the use of payment terminals.

(vi) Financing components

The Group does not expect to have any contracts enacted with customers with material consideration where the period between the transfer of the promised goods or service to the customer and payments received/receivable by the customer exceeds one year. As a result, the Group does not adjust any of the transaction prices for the time value of money.

7 Other income

	Year ended 31 December	
	2024

System development, consulting and data validation	13,900	21,080
Raw materials and consumables	7,640	14,829
Professional service fees	15,554	18,092
Travel and transportation	12,827	13,263
Auditor's remuneration	5,370	6,999
- audit services	5,100	6,400
- non-audit services	270	599
Others	40,362	59,161
Total	3,008,887	3,941,797

10 Employee benefit expenses (including directors' emoluments)

(a) Employee benefit expenses are as follows:

	Year ended 31 December	
	2024 20	
	RMB'000	RMB'000
Wages, salaries and bonuses	265,163	295,529
Welfare, medical and other expenses	31,940	46,014
Defined contribution plans	26,130	35,513
Termination benefits	10,356	2,338
Employee share schemes -value of employee services	107,159	79,929
	440,748	459,323

Majority of the Group's defined contributions plans, welfare, medical and other expenses are related to the local employees in the PRC. All local employees of the subsidiaries in the PRC participate in employee social security plans established in the PRC, which cover pension, medical and other welfare benefits. The plans are organised and administered by the governmental authorities. Except for the contributions made to these social security plans, the Group has no other material commitments owing to the employees. According to the relevant regulations, the portion of premium and welfare benefit contributions that should be borne by the companies within the Group as required by the above social security plans are principally determined based on percentages of the basic salaries of employees, subject to certain ceilings imposed. These contributions are paid to the respective labour and social welfare authorities and are expensed as incurred.

10 Employee benefit expenses (including directors' emoluments) (Continued)

(b) Five highest paid individuals

The five individuals whose emoluments were the highest in the Group for each of the years ended 31 December 2024 and 2023 included 2 directors, whose emoluments are reflected in the analysis shown in Note 40. The emoluments payable to the remaining 3 individuals during each of the years ended 31 December 2024 and 2023, are as follows:

	Year ended 31 December	
	2024 20	
	RMB'000	RMB'000
Wages and salaries	4,090	3,782
Discretionary bonuses	781	1,807
Welfare, medical and other expenses	80	160
Defined contribution plans	91	144
Employee share schemes -value of employee services	5,100	4,634
	10,142	10,527

During the years ended 31 December 2024 and 2023, no director or the five highest paid individuals received any emolument from the Group as an inducement to join or upon joining the Group, leave the Group or as compensation for loss of office.

10 Employee benefit expenses (including directors' emoluments) (Continued)

(c) The emoluments of those individuals fell within the following bands:

	2024	2023
	RMB'000	RMB'000
Current income tax	4,718	24,539
Deferred income tax	5,715	782
	10,433	25,321

12 Income tax expense (Continued)

The tax on the Group's profit before income tax differs from the theoretical amount that would arise using the tax rate of 25% for the years ended 31 December 2024 and 2023, being the standard income rate in the PRC. The differences are analyzed as follows:

	Year ended 31 December	
	2024	2023
	RMB'000	RMB'000
Profit before income tax:	83,447	35,434
Adjusted: share of profits of investment in associates, net	(29,530)	(357)
	53,917	35,077
Tax calculated at tax rate of 25%	13,479	8,769
Tax effects of:		
– Different income tax rates applicable to subsidiaries	3,167	6,311
– Research and development super deduction	(26,516)	(32,416)
– Expenses not deductible for tax purpose	1,121	7,411
– Income not subject to tax	(144)	-
– Tax losses not recognized as deferred tax assets	16,750	35,895
– Remeasurement of deferred tax assets due to		
changes in tax rate	7,398	1,620
- Adjustments in respect of current income tax		
of previous years	(4,021)	(2,269)
- Recognition of previously unrecognized in		
relation to tax losses	(801)	_
	10,433	25,321

(a) Cayman Islands and British Virgin Islands corporate income tax

Under the current laws of Cayman Islands and the British Virgin Islands, the Company is not subject to tax on income or capital gain. In addition, upon payments of dividends by the Company to its shareholders, no Cayman Islands withholding tax ("WHT") will be imposed.

12 Income tax expense (Continued)

(b) Hong Kong profits tax

Hong Kong profits tax has been provided for at the rate of 8.25% on the estimated assessable profits up to HKD2,000,000; and 16.5% on any part of the estimated assessable profits over HKD2,000,000.

(c) Singapore income tax

Singapore standard corporate income tax rate is 17%. Companies are taxed on their profits. For newly established companies and small and medium-sized enterprises, there are additional tax incentives. Startups can enjoy a tax exemption on the first SGD100,000 of chargeable income for the first three consecutive years, with an additional 50% exemption available on the next SGD200,000 of chargeable income for small and medium-sized enterprises.

(d) PRC CIT

Current income tax provision was made on the estimated assessable profits of entities within the Group incorporated in the PRC and was calculated in accordance with the relevant regulations of the PRC after considering the available tax benefits from refunds and allowances. The general PRC current income tax rate is 25%.

Certain subsidiaries of the Group in the PRC are subject to a preferential current income tax rate of 15% either due to their qualification for "High and New Technology Enterprise" ("HNTE") or their engagement in business that falls within the catalogue for current income tax preferential treatments of Qianhai Shenzhen-Hong Kong Modern Services Industry Cooperation Zone ("Qianhai Zone"). Certain subsidiaries of the Group in the PRC are exempt from current income tax or subject to a preferential current income tax rate of 12.5% due to their qualification for "Software Enterprise".

For small and low-profit enterprises, the policy of reducing the taxable income by 75% and paying corporate income tax at a rate of 20% will be extended until December 31, 2027, leading to an effective corporate income tax rate of 5%.

12 Income tax expense (Continued)

(e) Research and development super deduction

According to the relevant laws and regulations promulgated by the State Administration of Taxation of the PRC, certain entities engaging in research and development activities were entitled to claim 200% of their research and development expenses incurred during the year ended 2023 ("**Super Deduction**").

The Group has made its best estimate for the Super Deduction to be claimed for the Group's entities in ascertaining their assessable profits.

(f) PRC withholding tax

According to the applicable PRC tax regulations, dividends distributed by a company established in the PRC to a foreign investor with respect to profits derived after 1 January 2008 are generally subject to a 10% WHT. If a foreign investor incorporated in Hong Kong meets the conditions and requirements under the double taxation treaty arrangement entered into between the PRC and Hong Kong, the relevant WHT rate will be reduced from 10% to 5%. The Group does not have any plan to require its PRC subsidiaries to distribute their retained earnings and intends to retain them to operate and expand its business in the PRC. Accordingly, no deferred income tax liability on WHT was accrued as at the end of each reporting period.

(g) Organisation for Economic Co-operation and Development Pillar Two model rules

The Organisation for Economic Co-operation and Development ("OECD") published Pillar Two model rules in December 2021, with the effect that a jurisdiction may enact domestic tax laws ("Pillar Two legislation") to implement the Pillar Two model rules on a globally agreed common approach. Pillar Two legislation applies to a member of a multinational group within the scope of the Pillar Two model rules. The Group currently does not have subsidiaries which are located in jurisdictions where the Pillar Two legislation has been enacted, and therefore is currently not within the scope of the Pillar Two model rules.

13 Earnings per share

(a) Basic earnings per share

Basic earnings per share are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the respective years.

	_	_			_	
 	ende		74		 	

	2024	2023
Profit attributable to equity holders of the Company (in RMB thousands)	82,452	11,627
Weighted average number of ordinary shares in issue (in thousands)	374,509	371,349
Basic earnings per share (expressed in RMB per share)	0.22	0.03

Weighted average number of ordinary shares in issue for the year ended 31 December 2024 has been determined based on the number of shares in issue, excluding shares held for restricted share award schemes (Note 35(b)).

(b) Diluted earnings per share

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares.

The Group has three categories of potential ordinary shares in the year ended 31 December 2024 which were the convertible bonds as disclosed in Note 34, the share options as disclosed in Note 35(a) and the restricted share units as disclosed in Note 35(b).

A calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average market share price of the Company's shares during the year) based on the monetary value of the subscription rights attached to outstanding restricted share units and share options. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options and the restricted share units.

13 Earnings per share (Continued)

(b) Diluted earnings per share (Continued)

For the convertible bonds, they are assumed to have been converted into ordinary shares. Interest savings on convertible bonds are adjusted to the extent of the amount charged to the profit attributable to owners of the Company. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options and the conversion of convertible bonds. For the year ended 31 December 2024, the effect of the convertible bonds was anti-dilutive and therefore not included in the calculation of the diluted earnings per share.

Year ended	l 31 Decemi	ber
------------	-------------	-----

	2024	2023
Profit attributable to equity holders of the Company (in RMB thousands)	82,452	11,627
Weighted average number of ordinary shares in issue (in thousands)	374,509	371,349
Adjustments for unvested restricted share units and share options (in thousands)	2,025	2,381
Weighted average number of ordinary shares for the calculation of diluted earnings per share (in thousands)	376,534	373,730
Diluted earnings per share (expressed in RMB per share)	0.22	0.03

15 Property, plant and equipment (Continued)

The depreciation of property, plant and equipment has been charged to the consolidated statement of comprehensive income as follows:

	Year ended 31 December		
	2024		
	RMB'000	RMB'000	
Administrative expenses	26,111	33,424	
Research and development expenses	3,331	4,173	
Selling expenses	133	122	
	29,575	37,719	

Accounting policies of property, plant and equipment

All property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the profit or loss during the financial period in which they are incurred.

Depreciation is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives as follows:

Equipment	3 years or 5 years
Motor vehicles	5 years
Leasehold improvements	shorter of estimated useful
	life or remaining lease terms

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

15 Property, plant and equipment (Continued)

Accounting policies of property, plant and equipment (Continued)

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in "other gains/(losses), net" in the consolidated statement of comprehensive income.

Right-of-use assets included the rights to use certain properties, plant and machinery under leases which are measured at cost. The initial costs of right-of-use assets include the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date
- · any initial direct costs, and
- restoration costs.

If the lease transfers ownership of the underlying assets to the Group by the end of the lease term or if the cost of the right-of-use assets reflect that the Group will exercise a purchase option, the Group depreciates the right-of-use asset from the commencement date of the lease to the end of the useful life of the underlying assets. Otherwise, right-of-use assets are depreciated over the shorter of the assets' useful lives and their lease terms on a straight-line basis.

16 Leases

17 Intangible assets (Continued)

(a) Accounting policies of intangible assets

(i) Goodwill

Goodwill arises on the acquisition of subsidiaries represents the excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identified net assets acquired.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the CGUs, or groups of CGUs, that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill is monitored at the operating segment level.

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of the CGUs containing the goodwill is compared to the recoverable amount, which is the higher of value in use ("VIU") and the fair value less costs of disposal. Any impairment is recognized immediately as an expense and is not subsequently reversed.

The Group engaged an external valuer to assist them in carrying out the goodwill impairment assessment. Management determined the recoverable amounts of the CGUs based on the VIU, which is calculated using discounted cash flows based on five-year financial projections plus a terminal value related to cash flows beyond the projection period extrapolated at an estimated termination growth rate.

17 Intangible assets (Continued)

(a) Accounting policies of intangible assets (Continued)

(ii) Other intangible assets

Other intangible assets are initially recognized and measured at cost or fair value if they are acquired in business combinations. Other intangible assets are amortized over their estimated useful lives using the straight-line method which reflects the pattern in which the intangible asset's future economic benefits are expected to be consumed.

The Group amortizes intangible assets with indefinite useful life using the straightline method over the following periods:

• Software 3 years

Customer relationship
 3 or 5 years

• Platform 2 years

• Brand name 3 or 5 years

(iii) Research and development expenditures

Research expenditure is recognized as an expense as incurred. Costs incurred on development projects (relating to the design and testing of new or improved products) are capitalized as intangible assets when recognition criteria are fulfilled. These criteria include: (1) it is technically feasible to complete the software product so that it will be available for use; (2) management intends to complete the software product and use or sell it; (3) there is an ability to use or sell the software product; (4) it can be demonstrated how the software product will generate probable future economic benefits; (5) adequate technical, financial and other resources to complete the development and to use or sell the software product are available; and (6) the expenditure attributable to the software product during its development can be reliably measured. Other development expenditures that do not meet those criteria are recognized as expenses as incurred. There were no development costs meeting these criteria and capitalized as intangible assets for the years ended 31 December 2024 and 2023.

17 Intangible assets (Continued)

(b) Impairment tests for goodwill arising from business combinations in prior years

The goodwill (net book amount) as at 31 December 2024 and 2023 is allocated to CGUs as follows:

As at 31 December	
2024	2023
RMB'000	RMB'000
145,840	145,840
172,404	172,404
120,873	120,873
14,257	_
3,558	-
456,932	439,117
	2024 RMB'000 145,840 172,404 120,873 14,257 3,558

(i) Impairment test for goodwill related to one-stop payment services segment

Key assumptions used for determination of recoverable amount are set out below:

	2024	2023
Revenue growth rate during the forecast period	0.6%-10.0%	5.0%-8.0%
Gross profit margin during the forecast period	14.0%-14.9%	13.0%-14.3%
Terminal growth rate	2.5%	2.5%
Pre-tax discount rate	17.7%	20.4%

(1) Revenue growth rate and gross profit margin during the forecast period

Revenue growth rate and gross profit margin during the forecast period are determined by management of the Company based on past performance and the future business plan of one-stop payment services segment.

(2) Terminal growth rate

A terminal growth rate of 2.5%, which is based on the long term expected inflation rate, has been applied to the terminal year's cash flow.

17 Intangible assets (Continued)

- (b) Impairment tests for goodwill arising from business combinations in prior years (Continued)
 - (i) Impairment test for goodwill related to one-stop payment services segment (Continued)
 - (3) Pre-tax discount rate
 - 17.7% pre-tax discount rate was applied, which reflected the nature and stage of development of the one-stop payment services segment.
 - (4) Based on the result of the goodwill impairment test performed by the Directors, the estimated recoverable amount exceeded its carrying value by approximately RMB1,329,647,000 as at 31 December 2024. Accordingly, no impairment provision was required to be made as at 31 December 2024. The Directors had performed a sensitivity analysis on the key assumptions used in management's impairment test of goodwill. Had the estimated revenue growth rate and estimated gross profit margin during the forecast period been 12.0% lower and 5.5% lower respectively, the recoverable amount would have been equal to the carrying amount.

(ii) Impairment test for goodwill related to in-store e-commerce services segment

Key assumptions used for determination of recoverable amount are set out below:

	2024	2023
Revenue growth rate during the forecast period	- 12.6%-	
	30.9%	8.0%-50.0%
Gross profit margin during the forecast period	92.3%-93.5%	85.0%
Terminal growth rate	2.5%	2.5%
Pre-tax discount rate	18.7%	32.4%

17 Intangible assets (Continued)

- (b) Impairment tests for goodwill arising from business combinations in prior years (Continued)
 - (ii) Impairment test for goodwill related to in-store e-commerce services segment (Continued)
 - (1) Revenue growth rate and gross profit margin during the forecast period

Revenue growth rate and gross profit margin during the forecast period are determined by management of the Company based on past performance and the future business plan of the in-store e-commerce services segment.

(2) Terminal growth rate

A terminal growth rate of 2.5%, which is based on the expected inflation rate, has been applied to the terminal year's cash flow.

- (3) Pre-tax discount rate
 - 18.7% pre-tax discount rate was applied, which reflected the nature and stage of development of the in-store e-commerce services segment.
- (4) Based on the result of the goodwill impairment test performed by the Directors, the estimated recoverable amount exceeded it carrying value by RMB10,016,000 as at 31 December 2024. Accordingly, no impairment provision was required to be made as at 31 December 2024. The Directors had performed a sensitivity analysis on the key assumptions used in management's impairment test of goodwill. Had the estimated revenue growth rate and estimated gross profit margin during the forecast period been 0.5% lower and 1.7% lower respectively, the recoverable amount would have been equal to the carrying amount.

17 Intangible assets (Continued)

(b) Impairment tests for goodwill arising from business combinations in prior years (Continued)

(iii) Impairment test for goodwill related to the acquisition of Chuangxinzhong

Goodwill acquired in a business combination is allocated to the CGU that are expected to benefit from that business combination. The Directors consider Chuangxinzhong as a separate CGU and the goodwill is allocated to the Chuangxinzhong CGU.

Key assumptions used for determination of recoverable amount are set out below:

	2024	2023
Revenue growth rate during the forecast period	8.4%-38.8%	5.0%-14.2%
Terminal growth rate	2.5%	2.5%
Pre-tax discount rate	17.5%	19.6%

(1) Revenue growth rate during the forecast period

Revenue growth rate is determined by management of the Company based on past performance and the future business plan of Chuangxinzhong and synergy expected to be achieved from the business combination.

(2) Terminal growth rate

Aterminal growth rate of 2.5%, which is based on the expected inflation rate, has been applied to the terminal year's cash flow.

(3) Pre-tax discount rate

17.5% pre-tax discount rate was applied, which reflected the nature and stage of development of the underlying business acquired and also the returns required by the Company in the acquisition.

(4) Based on the result of the goodwill impairment test performed by the Directors, the estimated recoverable amount exceeded its carrying value by approximately RMB11,656,000 as at 31 December 2024. Accordingly, no impairment provision was required to be made as at 31 December 2024. The Directors had performed a sensitivity analysis on the key assumptions used in management's impairment test of goodwill. Had the estimated revenue growth rate and discount rate during the forecast period been 0.5% lower and 0.2% higher respectively, the recoverable amount would have been equal to the carrying amount.

17 Intangible assets (Continued)

(c) Impairment tests for goodwill arising from business combinations in the current year

(i) Impairment tests for goodwill related to Aile acquisition

Goodwill acquired in a business combination is allocated to the CGU that are expected to benefit from that business combination. The Directors consider Aile as a separate CGU (the "**Aile CGU**") and the goodwill is allocated to the Aile CGU.

The carrying amounts of goodwill allocated to the Aile CGU are RMB3,558,000 as at 31 December 2024.

The recoverable amount of Aile CGU was determined to be higher than it is carrying amount and no impairment loss was recognized as at 31 December 2024.

Key assumptions used for determination of recoverable amount are set out below:

Revenue growth rate during the forecast period	10.0%-262.4%
Gross profit margin during the forecast period	74.1%
Terminal growth rate	2.0%
Pre-tax discount rate	19.1%

(1) Terminal growth rate

A terminal growth rate of 2.0%, which is based on the expected inflation rate, has been applied to the terminal year's cash flow.

17 Intangible assets (Continued)

- (c) Impairment tests for goodwill arising from business combinations in the current year (Continued)
 - (i) Impairment tests for goodwill related to Aile acquisition (Continued)
 - (2) Discount rate
 - 19.1% pre-tax discount rate was applied, which reflected the nature and stage of development of the underlying business acquired and also the returns required by the Company in the acquisition.
 - (3) Based on the result of the goodwill impairment test performed by the Directors, the estimated recoverable amount exceeded it carrying value by RMB2,078,000 as at 31 December 2024. Accordingly, no impairment provision was required to be made as at 31 December 2024. The Directors had performed a sensitivity analysis on the key assumptions used in management's impairment test of goodwill. Had the estimated gross profit margin and estimated discount rate during the forecast period been 5.2% lower and 6.9% higher respectively, the recoverable amount would have been equal to the carrying amount.

(ii) Impairment tests for goodwill related to Yeahpay Singapore acquisition

Goodwill acquired in a business combination is allocated to the CGU that are expected to benefit from that business combination. The Directors consider Yeahpay Singapore as a separate CGU (the "Yeahpay Singapore CGU") and the goodwill is allocated to the Yeahpay Singapore CGU.

The carrying amounts of goodwill allocated to the Yeahpay Singapore CGU are RMB14,257,000 as at 31 December 2024.

The recoverable amount of Yeahpay Singapore CGU was determined to be higher than it is carrying amount and no impairment loss was recognized as at 31 December 2024.

Key assumptions used for determination of recoverable amount are set out below:

Revenue growth rate during the forecast period	9.0%-392.2%
Gross profit margin during the forecast period	47.3%-52.3%
Terminal growth rate	2.0%
Pre-tax discount rate	19.2%

17 Intangible assets (Continued)

- (c) Impairment tests for goodwill arising from business combinations in the current year (Continued)
 - (ii) Impairment tests for goodwill related to Yeahpay Singapore acquisition (Continued)
 - (1) Terminal growth rate

A terminal growth rate of 2.0%, which is based on the expected inflation rate, has been applied to the terminal year's cash flow.

- (2) Discount rate
 - 19.2% pre-tax discount rate was applied, which reflected the nature and stage of development of the underlying business acquired and also the returns required by the Company in the acquisition.
- (3) Based on the result of the goodwill impairment test performed by the Directors, the estimated recoverable amount exceeded it carrying value by RMB4,176,000 as at 31 December 2024. Accordingly, no impairment provision was required to be made as at 31 December 2024. The Directors had performed a sensitivity analysis on the key assumptions used in management's impairment test of goodwill. Had the estimated gross profit margin and estimated discount rate during the forecast period been 2.2% lower and 2.1% higher respectively, the recoverable amount would have been equal to the carrying amount.
- (d) The amortization of intangible assets has been charged to profit or loss as follows:

	Year ended 31 December	
	2024	2023
	RMB'000	RMB'000
Cost of revenue	7,200	7,575
Administrative expenses	10,858	10,636
	18,058	18,211

18 Other non-current assets

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Payment terminals	102,132	185,199

The costs of payment terminals are amortized over 3 years in accordance with the expected benefit period. The amortization of payment terminals is charged to cost of revenue according to the provisions prescribed under IFRS 15.

19 Financial instruments by category

	As at 31 December

At the end of the year	918,256	840,936

- (a) The balance represented the Group's investments in equity interests of several listed companies on the Hong Kong Main Board of The Stock Exchange of Hong Kong Limited and the New York Stock Exchange, USA.
- **(b)** The balance primarily comprised the Group's investments in preferred shares and financial instrument related to Fushi Technology (Shenzhen) Co., Ltd. ("**Fushi**") amounting to approximately RMB834,957,000 as at 31 December 2024 (31 December 2023: RMB731,898,000).

20 Financial assets at FVPL (Continued)

(c) Accounting policies of financial assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income ("FVOCI").

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at FVPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

20 Financial assets at FVPL (Continued)

(c) Accounting policies of financial assets (Continued)

(ii) Measurement (Continued)

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- Amortized cost: Assets that are held for collection of contractual cash flows
 where those cash flows represent solely payments of principal and interest
 are measured at amortized cost. Interest income from these financial assets
 is included in finance income using the effective interest rate method. Any
 gain or loss arising on derecognition is recognized directly in profit or loss and
 presented in "other gains/(losses) net" together with foreign exchange gains
 and losses. Impairment losses, if any, are presented as separate line item in
 profit or loss.
- FVOCI: Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss and recognized in "other gains/(losses) net". Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in "other gains/(losses) net" and impairment expenses, if any, are presented as separate line item in profit or loss.
- Financial assets at FVPL: Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at FVPL is recognized in profit or loss and presented net within "other gains/(losses) net" in the period in which it arises.

20 Financial assets at FVPL (Continued)

(c) Accounting policies of financial assets (Continued)

(ii) Measurement (Continued)

Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognized in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at FVPL are recognized in "other gains/ (losses) - net" in the consolidated statement of comprehensive income as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment

The Group has following assets subject to the expected credit loss model with IFRS 9:

- Trade receivables, other receivables and loan receivables;
- Restricted cash;
- · Cash and cash equivalents;
- Financial guarantee contracts.

The Group applies the IFRS 9 simplified approach to measuring ECL which uses a lifetime expected loss allowance for all trade receivables.

20 Financial assets at FVPL (Continued)

(c) Accounting policies of financial assets (Continued)

(iii) Impairment (Continued)

The Group assesses on a forward-looking basis the ECL associated with its debt instruments carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Impairment on other receivables and loan receivables are measured as either 12-month ECL or lifetime expected credit loss, depending on whether there has been a significant increase in credit risk since initial recognition. If a significant increase in credit risk of a receivable has occurred since initial recognition, then impairment is measured as lifetime ECL. To manage risk arising from cash and cash equivalents, the Group only transacts with state-owned or reputable financial institutions. There has been no recent history of default in relation to these financial institutions.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized (such as an improvement in the debtor's credit rating), the reversal of the previously recognized impairment loss is recognized in profit or loss. Impairment testing of financial assets is described in Note 3.1(b).

20 Financial assets at FVPL (Continued)

(c) Accounting policies of financial assets (Continued)

(iv) Derecognition

Financial assets

The Group derecognizes a financial asset, if the part being considered for derecognition meets one of the following conditions: (i) the contractual rights to receive the cash flows from the financial asset expire; or (ii) the contractual rights to receive the cash flows of the financial asset have been transferred, the Group transfers substantially all the risks and rewards of ownership of the financial asset; or (iii) the Group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to the eventual recipient in an agreement that meets all the conditions of de-recognition of transfer of cash flows ("pass through" requirements) and transfers substantially all the risks and rewards of ownership of the financial asset.

Where a transfer of a financial asset in its entirety meets the criteria for derecognition, the difference between the two amounts below is recognized in profit or loss:

- the carrying amount of the financial asset transferred; and
- the sum of the consideration received from the transfer and any cumulative gain or loss that has been recognized directly in equity.

If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group continues to recognize the asset to the extent of its continuing involvement and recognizes an associated liability.

Other financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognized in profit or loss.

21 Long-term bank deposits

An analysis of the Group's long term bank deposits as at 31 December 2024 and 2023 are analysed as blow:

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Denominated in:		
RMB	-	80,996

Long-term bank deposits represented bank deposits with original maturities ranging from 2 to 3 years. During the year ended 31 December 2024, the long-term bank deposits were disposed and transferred to a third party.

22 Trade receivables

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Trade receivables	400,421	376,012
Less: Allowance for expected credit loss (Note 3.1(b))	(19,455)	(20,953)
	380,966	355,059

The carrying amounts of the trade receivables balances approximated their fair value as at 31 December 2024 and 2023. All the trade receivables balances were denominated in RMB.

The Group applies the IFRS 9 simplified approach to measure ECL which uses a lifetime expected loss allowance for all trade receivables. Information about the impairment of trade receivables and the Group's exposure to credit risk has been disclosed in Note 3.1(b).

As at 31 December 2024, RMB15,000,000 of trade receivables were pledged for certain bank borrowings of the Group (Note 31).

22 Trade receivables (Continued)

The Group allows a credit period within 90 days to its customers. Aging analysis of trade receivables based on invoice date is as follows:

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Up to 3 months	383,070	348,177
3 to 6 months	968	9,684
6 to 12 months	-	614
Over 1 year	16,383	17,537
	400,421	376,012

23 Prepayments and other receivables

(a) Prepayments and other receivables in non-current assets

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Prepayments for:		
Construction of office building	42,766	37,930
Payment terminals	139	-
Others	-	1,000
Sub-total	42,905	38,930
Other receivables		
Deposits	4,711	4,696
Less: allowance for impairment of other		
receivables (Note 3.1(b))	(1,740)	(1,264)
Sub-total	2,971	3,432
	45,876	42,362

23 Prepayments and other receivables (Continued)

(b) Prepayments and other receivables in current assets

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Prepayments		
Prepayments for SaaS terminals	1,300	1,152
Prepayments to media publishers and advertising agents	1,392	4,156
Others	6,308	12,295
Less: allowance for impairment of prepayments	(3,653)	(4,095)
Sub-total	5,347	13,508
Other receivables		
Receivables from payment networks (i)	1,997,372	1,795,303
Amounts due from related parties (Note 39(b))	337,641	318,312
Amounts due from business partners (ii)	19,400	26,361
Deposits placed with financial institutions	1,947	33,663
Deposits on lease and others	80,569	45,763
Payment network deposits	2,457	1,040
Others	115,295	100,676
Less: allowance for impairment of other receivables (Note 3.1(b))	(35,659)	(42,455)
Sub-total	2,519,022	2,278,663
	2,524,369	2,292,171

- (i) The balance mainly represents funds processed by the Group during the process of providing its one-stop payment services and in-store e-commerce services to merchants, which had been received by the payment networks, and would be then transferred to the respective merchants through the Group in accordance with the terms of agreements entered between the Group and the merchants.
- (ii) The balance mainly represents advance made by the Group and utility fees to be received for the purpose of developing merchants to its business partners, which would be deducted from their commission fee or returned within contractual period.
- (iii) The carrying amounts of the other receivables balances approximated their fair value as at 31 December 2024 and 2023. Prepayments and other receivables balances were mainly denominated in RMB.

24 Loan receivables

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Loan receivables (i)	677,935	926,099
Less: allowance for impairment of loan receivables		
(Note 3.1(b))	(19,808)	(43,767)
	658,127	882,332

- The loan receivables mainly comprise micro-credit loans and small-sized loans to various borrowers provided by the Group itself or through various financial institutions. The loans bore interest rate from 5.5% to 36% per annum and with lending periods of less than one year. As at 31 December 2024, approximately RMB627,000,000 (2023: RMB590,000,000) of the loan receivables were either guaranteed or secured.
- (ii) The Group has lent to a large number of borrowers. None of the loan advanced to a single borrower contributed 10% or more of the Group's loan receivables during the years ended 31 December 2024 and 2023.

25 Cash and cash equivalents

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Cash at bank and in hand	2,310,015	2,985,155
Less: restricted cash (a)	(1,714,296)	(2,097,246)
	595,719	887,909

(a) Restricted cash mainly represents payments made by consumers and collected by the Group on behalf of merchants in connection with the provision of the Group's one-stop payment services, and is denominated in RMB.

Cash and cash equivalents are denominated in the following currencies:

	As at 31 December		
	2024	2023	
	RMB'000	RMB'000	
RMB	532,880	539,838	
USD	30,039	245,149	
HKD	30,094	101,583	
Other currencies	2,706	1,339	
	595,719	887,909	

25 Cash and cash equivalents (Continued)

(b) Accounting policies of cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

26 Share capital and share premium

Pursuant to the relevant rule s and regulations governing foreign investment enterprise established in the PRC and the articles of association of certain PRC subsidiaries of the Group, the subsidiaries are required to transfer certain portion of their profit after taxation to the statutory reserve fund, until the accumulated total of the fund reaches 50% of their respective registered capital.

28 Dividends

No dividends have been paid or declared by the Company for year ended 31 December 2024 (2023: nil).

29 Contract liabilities

Contract liabilities represent deferred revenues arising from advertising fees, entry fees received from merchants, platform commission and fair value of unconsumed coupons sold to merchants for reduction against payment processing commissions, which are recognized as revenue based on the accounting policy set out in Note 6(b)(iv).

	Year ended 31 December		
	2024		
	RMB'000	RMB'000	
At the beginning of the year	26,073	31,864	
Received from merchants	64,754	95,691	
Received from advertising customers	122,417	175,021	
Revenue recognized	(189,851)	(276,503)	
At the end of the year	23,393	26,073	

As at 31 December 2024 and 2023, all performance obligations not yet satisfied by the Group were from contracts with original expected duration of one year or less. Therefore, as permitted by the relevant practical expedient under IFRS 15, the transaction price allocated to these unsatisfied performance obligations was not disclosed.

30 Trade and other payables

Trade and other payables in current liabilities

	As at 31 December		
	2024	2023	
	RMB'000	RMB'000	
Trade payables (i)	251,302	274,711	
Other payables			
Payables to merchants (ii)	3,267,227	3,645,960	
Employee benefit payables	41,508	60,200	
Deposits from distribution channels (iii)	71,582	86,849	
Other taxes payables	34,643	30,101

	3,671,474	4,046,955	
	3,922,776	4,321,666	

30 Trade and other payables (Continued)

Trade and other payables in current liabilities (Continued)

(i) Trade payables mainly represent amounts due to media publishers, suppliers for purchase of payment terminals and other equipment, commission payable to distribution channels for one-stop payment services and in-store e-commerce services and processing fees payable to payment networks and financial institutions.

As at 31 December 2024 and 2023, the aging analysis of trade payables based on the invoice date was as follows:

	As at 31 December		
	2024	2023	
	RMB'000	RMB'000	
Up to 3 months	123,336	158,512	
3 to 6 months	16,276	30,520	
Over 6 months	111,690	85,679	
	251,302	274,711	

- (ii) The balance represents funds processed by the Group for merchants, which are required to be settled with merchants upon the respective contractual settlement clearance dates.
- (iii) The amount represents refundable deposits placed by distribution channels with the Group when they signed up the distribution channel agreements with the Group. It would be refunded to the respective distribution channel upon expiration of the agreements.
- (iv) As at 31 December 2024 and 2023, trade and other payables were mainly denominated in RMB and the fair values of these balances approximated their carrying amounts.

Bank borrowings			
- unsecured but guaranteed (c)	3,000	-	

(a) For the years ended 31 December 2024 and 2023, bank borrowings bore effective interest rate of 3.8% and 4.4% per annum, respectively.

As at 31 December 2024, bank borrowings of RMB451,250,000 of Shenzhen Yeahka was jointly guaranteed by Leshua and the Company.

As at 31 December 2024, bank borrowings of RMB349,700,000 of Leshua was jointly guaranteed by Shenzhen Yeahka and the Company.

As at 31 December 2024, bank borrowings of RMB45,053,000 of Yeahka Limited was guaranteed by Shenzhen Yeahka.

As at 31 December 2024, bank borrowings of RMB23,000,000 of Chuangxinzhong was guaranteed by Qin Lingjin ("**Mr. Qin**"). Bank borrowings of RMB15,000,000 of Chuangxinzhong was secured by pledge of certain trade receivables, and jointly guaranteed by Tianjin Chuangxinzhong and Mr. Qin.

As at 31 December 2024, bank borrowings of RMB10,000,000 of Beijing Chuangxinhe Technology Co., Ltd. was jointly guaranteed by Beijing Zhongguancun Technology Financing Guarantee Co., Ltd. and Mr. Qin. Bank borrowings of RMB5,000,000 of Beijing Chuangxinhe Technology Co., Ltd. was jointly guaranteed by Chuangxinzhong and Mr. Qin.

31 Bank and other borrowings (Continued)

- (b) As at 31 December 2024, other borrowings of RMB20,000,000 of Feiguan Cloud bore effective interest rate of 4.9% per annum, which was secured by pledge of patent rights and jointly guaranteed by Shenzhen Yeahka, Leshua and the Company.
- (c) As at 31 December 2024, long-term bank borrowings of RMB3,000,000 of Beijing Chuangxinhe Technology Co., Ltd. was jointly guaranteed by Beijing Capital Financing Guarantee Co., Ltd. and Mr. Qin.

32 Financial liabilities at FVPL

	As at 31 December		
	2024		
	RMB'000	RMB'000	
Current liabilities			
Contingent consideration (a)	-	24,880	

The movement of the financial liabilities at FVPL is set out below:

	Year ended 31 December		
	2024	2023	
	RMB'000	RMB'000	
At the beginning of the year	24,880	30,173	
Changes in fair value	394	19,287	
Settlement of the contingent consideration relating to the acquisition of Chuangxinzhong (b)	(26,316)	(25,624)	
Currency translation differences	1,042	1,044	
At the end of the year	-	24,880	

32 Financial liabilities at FVPL (Continued)

- (a) The balance mainly represented the fair value of the contingent consideration payable relating to the acquisition of Chuangxinzhong, which the ultimate payout is contingent upon the fulfilment of certain guaranteed annual profit targets set for Chuangxinzhong for each of the three years ending 30 November 2021, 2022 and 2023.
- (b) During the year ended 31 December 2024, the contingent cash consideration relating to the acquisition of Chuangxinzhong was fixed at RMB26,316,000 as a result of the fulfilment of the guaranteed profit target for the year ended 30 November 2023 by the original shareholders of Chuangxinzhong. As at 31 December 2024, RMB21,855,000 of the above fixed contingent consideration was paid to the original shareholders of Chuangxinzhong.

33 Deferred income tax

The analysis of deferred income tax assets and liabilities is as follows:

(a) Deferred income tax assets

	As at 31 December	
	2024	2023
	RMB'000	RMB'000
Tax losses	40,667	38,523
Others	21,992	25,525
	62,659	64,048

33 Deferred income tax (Continued)

(a) Deferred income tax assets (Continued)

The movement on the deferred tax assets without taking into consideration the offsetting of balance within the same tax jurisdiction is as follows:

		Lease		
	Tax losses	liabilities	Others	Total
	RMB'000	RMB'000	RMB'000	RMB'000
As at 31 December 2022	27,191	2,382	9,919	39,492

Offsetting	(5,536)	(6,195)	
Net deferred income tax liabilities	83,249	78,264	

34 Convertible bonds

The Group issued USD70,000,000 convertible bonds at a coupon interest rate of 6.25% per annum on 13 July 2022. The bonds mature in five years from the issue date. The bonds could be converted into the Company's ordinary shares, at the holder's option at any time on or after 23 August 2022 up to the close of business on the 10th day prior to the maturity date (both days inclusive), at HKD23.32 (fixed in USD at USD2.97) per share. The holder of the bonds had the right to require the Company to redeem all or some of the bonds if Mr. Liu Yingqi and his affiliates together ceased (directly or indirectly) to own at least 25% of the equity interest of the Company.

The net proceeds from the issue of the convertible bonds were approximately RMB457,059,000, after the deduction of transaction costs approximately RMB13,915,000. The initial value of the liability component of approximated to RMB359,198,000 (the fair value was calculated using a market interest rate for equivalent non-convertible bonds) and is subsequently stated at amortized cost until conversion or maturity of the bonds. The residual amount, representing the value of the equity conversion component, is accounted for as a conversion option reserve included in other reserves.

During the year ended 31 December 2024, the Company repurchased all initial principal amounts of convertible bonds amounting to USD70,000,000 (approximately to RMB498,352,000) at a discount price of USD69,527,500 (approximately to RMB494,994,000). The repurchase price was allocated between the liability component and the equity component on the same basis that was used in the original allocation process. Any difference between the consideration payable allocated to liability component and the liability component's carrying amount was recognized in profit or loss.

34 Convertible bonds (Continued)

The convertible bonds recognized are calculated as follows:

	RMB'000
Face value of the convertible bonds on the issue date	470,974
Less: transaction costs	(13,915)
Net proceeds	457,059
Less: equity component (Note 27)	(97,861)
Liability component on initial recognition	359,198
Liability component at 1 January 2023	379,320
Interest accrued at amortization cost	50,581
Coupon interest paid	(30,869)
Currency translation differences	6,507
Liability component at 31 December 2023	405,539
Liability component at 1 January 2024	405,539
Interest accrued at amortization cost	23,953
Coupon interest paid	(29,097)
Repurchase and redemption	(369,934)
Adjustment of amortized cost of convertible bonds due to repurchase and redemption	(26,009)
Currency translation differences	(4,452)
Liability component at 31 December 2024	_

Interest expenses on the liability component of the convertible bonds were calculated using the effective interest method, applying the effective interest rate of 12.83% per annum.

35 Share-based payments

(a) Share option schemes

In September 2020, the board of the Company proposed to adopt the share option scheme to attract, retain and motivate talented employees to strive towards long term performance targets set by the Group and to provide them with an incentive to work better for the interest of the Group. The proposal was approved by the general meeting of the Company in October 2020.

The Company has granted three batches of share options to employees and directors, on 7 January 2021, 12 May 2021 and 21 January 2022, respectively. The granted share options are vested evenly in 4 distributions within a 42-month, 4-year and 4-year period from vesting commencement, respectively.

35 Share-based payments (Continued)

(a) Share option schemes (Continued)

(i) Movements in the number of share options granted to employees outstanding and their related weighted average exercise prices are as follows:

		Average exercise price per share
	No. of options	option (HKD)
Outstanding as at 1 January 2024	4,897,250	44.18
Granted during the year	_	-
Forfeited during the year	(40,000)	33.02
Outstanding as at 31 December 2024	4,857,250	44.27
Vested and exercisable as at 31 December 2024	3,506,000	45.34
Outstanding as at 1 January 2023	5,160,000	47.77
Forfeited during the year	(262,750)	38.81
Outstanding as at 31 December 2023	4,897,250	44.18
Vested and exercisable as at 31 December 2023	3,003,250	45.55

During year ended 31 December 2024 and 2023, all the forfeiture of share options prior to their respective expiry dates were due to the resignation of certain grantees.

The weighted-average remaining life for the above outstanding share options was 6.29 years as at 31 December 2024 (2023: 7.29 years).

35 Share-based payments (Continued)

(a) Share option schemes (Continued)

(ii) Movements in the number of share options granted to directors outstanding and their related weighted average exercise prices are as follows:

	No. of options	Average exercise price per share option (HKD)
Outstanding as at 1 January 2024	400,000	44.20
Outstanding as at 31 December 2024	400,000	44.20
Vested and exercisable as at 31 December 2024	400,000	44.20
Outstanding as at 1 January 2023	400,000	44.20
Outstanding as at 31 December 2023	400,000	44.20
Vested and exercisable as at 31 December 2023	300,000	44.20

The weighted-average remaining life for the above outstanding share options was 6.02 years as at 31 December 2024 (2023: 7.02 years).

35 Share-based payments (Continued)

(a) Share option schemes (Continued)

(ii) Movements in the number of share options granted to directors outstanding and their related weighted average exercise prices are as follows:

The share-based compensation expenses recognized during the years ended 31 December 2024 and 2023 are summarised in the following table:

	Year ended 31 December	
	2024 20	
	RMB'000	RMB'000
Employee options scheme – value of employee services	4,400	2,276

(b) Share award schemes

Under a stock incentive plan approved by the board of directors of the Company (the "**Share Award Plan**"), several batches of share options were granted to certain employees and directors.

In August 2019, the board of directors of the Company passed a resolution, according to which all outstanding options representing 34,109,384 shares of the Company granted under the Share Award Plan were converted into 34,109,384 shares of restricted share unit ("**RSU**") granted to the same option holders, who became eligible participants under such scheme. There was no modification of terms or conditions which had increased the fair value of the equity instruments granted and such arrangement was accounted for as the continuance of the original Share Award Plan.

35 Share-based payments (Continued)

(b) Share award schemes (Continued)

Details of RSUs granted are as follows:

Grant date (yyyy/mm/dd)	Number of RSU after share subdivision	Vesting period	Exercise price	Expiration terms
2018/1/1	3,280,000	To be vested evenly within a 4-year period from vesting commencement	USD1.06	15 years from date of grant
2019/8/1	3,524,000	To be vested evenly with in a 4-year period from vesting commencement	USD1.62	Same as above
2021/1/7	390,000	To be vested evenly with in a 42 months period from vesting commencement	HKD16.64	Same as above
2022/1/21	1,500,000	Note i	HKD0.01	Same as above
2023/3/28	8,151,565	Note ii	HKD0.01	Same as above
2024/6/5	7,745,914	Note iii	HKD0.01	Same as above
2024/8/27	Note iv	To be vested evenly within a 27 months period from vesting commencement	Nil	Same as above

- Note i: There are two types of vesting schedules: (1) to be vested evenly in 4 distributions within a 4-year period from vesting commencement; (2) to be vested evenly in 5 distributions within a 4-year period form vesting commencement or two months after the commencement of the employment contract of the respective grantee.
- Note ii: There are three types of vesting schedules: (1) to be vested evenly in 4 distributions within a 4-year period from vesting commencement; (2) to be vested evenly in 4 distributions within a 37 months period from vesting commencement; (3) to be vested evenly in 2 distributions within a 2-year period from vesting commencement.
- Note iii: There are four types of vesting schedules: (1) to be vested in full in the month of grant; (2) to be vested evenly in 2 distributions within a 14 months period from vesting commencement; (3) to be vested evenly in 4 distributions within a 38 months period from vesting commencement; (4) to be vested evenly in 4 distributions within a 4-year period from vesting commencement.
- Note iv: In August 2024, the Company granted a bonus award to the certain employees that entitles them to receive a variable number of shares with fair value equivalent to the bonus award amount, if they remain in employment for three years and fulfill certain performance targets for each of the three years ending 30 November 2024, 2025 and 2026. The number of shares that the employees will receive is based on the share price on the vesting date and to be approved by the Board of the Company.

Outstanding balance as at 31 December 2023	0.14	7,454,773
– Vested but not transferred as at 31 December 2023	6.17	3,314,432

The fair value of the awarded shares was determined based on the market price of the Company's shares at the respective grant date. The expected dividends during the vesting period have been taken into account when assessing the fair value of these awarded shares.

The weighted average fair value of awarded shares granted during the year ended 31 December 2024 was HKD10.29 per share (equivalent to approximately RMB9.37 per share) (2023: HKD24.84 (RMB21.75)).

36 Non-controlling interests

Set out below is summarized financial information of each subsidiary that has non-controlling interests that are material to the Group. The amounts disclosed of each subsidiary are those before inter-company eliminations.

36 Non-controlling interests (Continued)

(a) Transactions with non-controlling interests

The impact of transactions with non-controlling interests during the year ended 31 December 2024 were as below:

	Credit/(debit) to other reserves RMB'000	Credit/ (debit) to non- controlling interests RMB'000	Total net debit to equity RMB'000
Acquisition of additional interest in a non – wholly owned subsidiary – Chuangxinzhong (i)	85	(18,832)	(18,747)
Acquisition of additional interest in a non – wholly owned subsidiary – Dingding Cultural (ii)	(69,883)	59,263	(10,620)
	(69,798)	40,431	(29,367)

(i) Acquisition of additional interest in Chuangxinzhong

On 27 August 2024, the Group entered into a sale and purchase agreement with the non-controlling shareholder of Chuangxinzhong to acquire additional 15% equity interest at a cash consideration of RMB18,747,000.

The Group recorded a debit of approximately RMB18,832,000 to non-controlling interests and a credit to other reserve is RMB85,000.

	RMB'000
Carrying amount of non-controlling interests acquired	(18,832)
Less:	
Cash consideration paid to non-controlling interests	5,000
Cash consideration payable to non-controlling interests	13,747
Excess of consideration paid to non-controlling interests	
recognized within equity	(85)

36 Non-controlling interests (Continued)

(a) Transactions with non-controlling interests (Continued)

(ii) Acquisition of additional interest in Dingding Cultural

In October 2021, Leshou, a wholly owned subsidiary of the Group, entered into an agreement to subscribe the newly increased registered capital of Dingding Cultural at a consideration of RMB100,000,000 so as to obtain 60% equity interest in Dingding Cultural. As set out in the share purchase agreement, if Dingding Cultural couldn't complete the financial guarantee, gross merchandise value guarantee and other prerequisites, non-controlling shareholders transfers all his shareholding in Dingding Cultural to Leshou for free.

In October 2024, the non-controlling shareholders of Dingding Cultural transferred additional 40% equity interest to Leshou at a cash consideration of RMB40,000.

The Group recorded a credit of approximately RMB59,263,000 to non-controlling interests and a debit of approximately RMB69,883,000 to other reserve.

	RMB'000
Carrying amount of non-controlling interests acquired	59,263
Less:	
Contingent consideration to non-controlling interest	10,580
Cash consideration paid to non-controlling interests	40
Excess of consideration paid to non-controlling interests	
recognized within equity	69,883

37 Business combinations

(a) Acquisition of Yeahpay Singapore

In March 2024, In order to expand the one-stop payment business to overseas, Yeahka Technology acquired 100% of the equity interest in Yeahpay Singapore from the original shareholders for a cash consideration of USD1,000,000. Yeahpay Singapore is mainly engaged in provision of one-stop payment services to merchants in Singapore.

Goodwill of approximately RMB14,257,000 had been recognized for the acquisition, which represents the excess of the purchase consideration over the fair value of the net identifiable liabilities assumed. None of the goodwill recognized is expected to be deductible for income tax purposes.

37 Business combinations (Continued)

(a) Acquisition of Yeahpay Singapore (Continued)

The following table summarises the consideration paid for the acquisition, the fair value of net liabilities assumed at the acquisition date:

	RMB'000
Cash consideration paid	951
Receivable from the original shareholder	6,954
Total consideration paid	7,905

The separately identifiable assets and liabilities recognized as a result of the acquisition are as follows:

	Fair value
	RMB'000
Cash and cash equivalents	1,562
Trade receivables	64
Prepayments and other receivables	3,295
Trade and other payables	(11,230)
Salaries payables	(43)
Total identifiable net liabilities	(6,352)
Goodwill	14,257

(i) Analysis of cash flows in respect of the acquisition is as follows:

	RMB'000
Cash consideration	(951)
Cash and cash equivalents acquired	1,562
Net inflow of cash and cash equivalents included in	
cash flows from investing activities	611

37 Business combinations (Continued)

(a) Acquisition of Yeahpay Singapore (Continued)

(ii) Revenue and profit contribution

Had the Acquired Company been consolidated from 1 January 2024, consolidated revenue and consolidated net profit of the Group for the year ended 31 December 2024 would have been RMB3,087,360,000 and RMB63,788,000, respectively.

(b) Acquisition of Aile

In April 2024, In order to expand the one-stop payment business to overseas, Yeahka Technology acquired 100% of the equity interest in Aile from the original shareholders for a cash consideration of HKD1,000,000. Aile is mainly engaged in provision of one-stop payment services to merchants in Hong Kong.

Goodwill of approximately RMB3,558,000 had been recognized for the acquisition, which represents the excess of the purchase consideration over the fair value of the net identifiable liabilities assumed. None of the goodwill recognized is expected to be deductible for income tax purposes.

The following table summarises the consideration paid for the acquisition, the fair value of net liabilities assumed at the acquisition date:

	RMB'000
Cash consideration paid	907

37 Business combinations (Continued)

(b) Acquisition of Aile (Continued)

The separately identifiable assets and liabilities recognized as a result of the acquisition are as follows:

	Fair value	
	RMB'000	
Cash and cash equivalents	1,026	
Financial asset	7,113	
Prepayments and other receivables	1,342

42 Summary of other potentially material accounting policies

42.1 Subsidiaries

42.1.1 Consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Intercompany transactions, balances and unrealized gains on transactions between Group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. When necessary, accounting policies by subsidiaries have been changed to conform to the Group's accounting policies.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and statement of financial position, respectively.

42 Summary of other potentially material accounting policies (Continued)

42.1 Subsidiaries (Continued)

42.1.1 Consolidation (Continued)

(a) Subsidiaries controlled through contractual arrangements

As described in Note 1.2(a), Yeahka WFOE has entered into the contractual arrangements with Shenzhen Yeahka and its registered shareholders which enable Yeahka WFOE and the Group to:

- Exercise effective control over Shenzhen Yeahka;
- Exercise equity holders' voting rights of Shenzhen Yeahka;
- Receive substantially all the economic interests and returns generated by Shenzhen Yeahka and its subsidiaries in consideration for technical support, consulting and other services provided exclusively by Yeahka WFOE, at Yeahka WFOE's discretion;
- Obtain an irrevocable and exclusive right to purchase all equity interests in Shenzhen Yeahka from its registered shareholders at a nominal consideration unless the relevant government authorities request that another amount be used as the purchase consideration and in which case the purchase consideration shall be such amount. Where the purchase consideration is required by the relevant government authorities to be an amount other than a nominal amount, the registered shareholders of Shenzhen Yeahka shall return the amount of purchase consideration they have received to Yeahka WFOE. At Yeahka WFOE's request, the registered shareholders of Shenzhen Yeahka will promptly and unconditionally transfer their respective equity interests in Shenzhen Yeahka to Yeahka WFOE (or its designee within the Group) after Yeahka WFOE exercises its purchase right;
- Obtain pledges over the entire equity interests in Shenzhen Yeahka from its registered shareholders to secure, among others, performance of their obligations under the contractual arrangements.

42 Summary of other potentially material accounting policies (Continued)

42.1 Subsidiaries (Continued)

42.1.1 Consolidation (Continued)

(b) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized in reserve within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognized in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable IFRSs.

(c) Business combinations

The acquisition method of accounting is used to account for all business combinations other than under common control, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the:

- fair values of the assets transferred,
- liabilities incurred to the former owners of the acquired business,
- equity interests issued by the Group,
- fair value of any asset or liability resulting from a contingent consideration arrangement, and
- fair value of any pre-existing equity interest in the subsidiary.

42 Summary of other potentially material accounting policies (Continued)

42.1 Subsidiaries (Continued)

42.1.1 Consolidation (Continued)

(c) Business combinations (Continued)

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs are expensed as incurred.

The excess of the

- consideration transferred;
- amount of any non-controlling interest in the acquired entity; and
- acquisition-date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired is recorded as goodwill.

If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognized directly in profit or loss as a bargain purchase.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognized in profit or loss.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognized in profit or loss.

42 Summary of other potentially material accounting policies (Continued)

42.1 Subsidiaries (Continued)

42.1.2 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

42.2 Associates

An associate is an entity over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights.

Investments in associates

Investments in associates are accounted for using the equity method of accounting in accordance with IAS 28. Under the equity method, the investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee and the share of other comprehensive income of the investee after the date of acquisition. Dividends received or receivable from associates are recognized as a reduction in the carrying amount of the investment. The Group's investments in these associates include goodwill identified on acquisition, net of any accumulated impairment loss. Upon the acquisition of the ownership interest in an associate, the excess cost of the associate over the Group's share of the net fair value of the associate's identifiable assets and liabilities is accounted for as goodwill. If those amounts are less than the fair value of the net identifiable assets and liabilities of the business acquired, the difference is recognized directly in profit or loss.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income is reclassified to profit or loss where appropriate.

42 Summary of other potentially material accounting policies (Continued)

42.2 Associates (Continued)

Investments in associates (Continued)

The Group's share of the associates' post-acquisition profit or loss is recognized in the consolidated statement of comprehensive income, and its share of post-acquisition movements in other comprehensive income is recognized in other comprehensive income. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the Group's share of losses in an associate equal or exceed its interest in the associate, including any other unsecured receivables, the Group does not recognize further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group determines at each reporting date whether there is any objective evidence that the investments in the associate are impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognizes the amount adjacent to "share of profits/(losses) of investments accounted for using the equity method" in the consolidated statement of comprehensive income.

Profits and losses resulting from upstream and downstream transactions between the Group and its associate are recognized in the Group's consolidated financial statements only to the extent of unrelated investor's interests in the associates. Unrealized losses are eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group. Gain or losses on dilution of equity interest in associates are recognized in profit or loss.

42.3 Foreign currency translation

(a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("Functional Currency"). The Functional Currency of the Company is USD. Group companies including Yeahka WFOE and Structured Entities were incorporated in the PRC and these entities considered RMB as their functional currency. As the major operations of the Group are within the PRC, the Group has determined RMB as its presentation currency and presented its consolidated financial statements in RMB (unless otherwise stated).

42 Summary of other potentially material accounting policies (Continued)

42.3 Foreign currency translation (Continued)

(b) Transactions and balances

Transactions in a currency other than Functional Currency are translated into Functional Currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the end of the reporting period are recognized in profit or loss.

Foreign exchange gains and losses that relate to borrowings are presented in the consolidated statement of profit or loss within "finance costs". All other foreign exchange gains and losses impacting profit or loss are presented in the consolidated statement of profit or loss within "other (losses)/gains -net".

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

Translation differences on non-monetary financial assets and liabilities such as equities held at FVPL are recognized in the consolidated statement of financial position as part of the fair value gain or loss. Translation differences on non-monetary financial assets, such as equities classified as FVOCI, are included in other comprehensive income.

(c) Group companies

The results and financial position of all the group entities (none of which has the currency of a hyper-inflationary economy) that have a functional currency different from the presentation currency of RMB are translated into the presentation currency as follows:

• Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;

42 Summary of other potentially material accounting policies (Continued)

42.3 Foreign currency translation (Continued)

(c) Group companies (Continued)

- Income and expenses for each statement of comprehensive income are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and
- All resulting currency translation differences are recognized as a separate component of other comprehensive income.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations, and of borrowings and other currency instruments designated as hedges of such investments, are taken to other comprehensive income. When a foreign operation is sold, the associated exchange differences are reclassified to profit or loss, as part of the gain or loss on sale.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Currency translation differences arising are recognized in other comprehensive income.

42.4 Trade receivables, other receivables and loan receivables

Trade receivables, other receivables and loan receivables mainly consist of receivables from payment networks, commission receivables, loan receivables, lease deposits, etc. If collection of other receivables is expected in one year or less, they are classified as current assets. Otherwise, they are presented as non-current assets.

Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value. The Group holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method. Other receivables and loan receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. See Note 3.1 for the Group's impairment policy for trade receivables, other receivables and loan receivables.

42 Summary of other potentially material accounting policies (Continued)

42.5 Share capital and shares held for employee share scheme

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Where any group company purchases the Company's equity instruments, for example as the result of a share buy-back or a share-based payment plan, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the owners of the Company as treasury shares until the shares are cancelled or reissued. Where such ordinary shares are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the owners of the Company.

Shares held by the employee share trust are disclosed as treasury shares and deducted from contributed equity.

42.6 Financial assets

Financial guarantee contracts

Financial guarantee contracts are recognized as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of:

- the amount determined in accordance with the expected credit loss model under IFRS 9; and
- the amount initially recognized less, where appropriate, the cumulative amount of income recognized in accordance with the principles of IFRS 15.

The fair value of financial guarantees is determined based on the present value of the difference in cash flows between the contractual payments required under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

42 Summary of other potentially material accounting policies (Continued)

42.7 Trade and other payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Other payables mainly consist of deposits and entry fees received from distribution channels and amounts payable to merchants.

The Group receives from distribution channels two payments during the course of business: (1) an upfront refundable deposit and (2) an upfront non-refundable entry fees upon they sign up the service agreements with the Group. The Group, in return, shares its payment service revenue with distribution channels in the form of commissions in accordance with the terms of the service agreements. The upfront deposit is recorded as a liability of the Group and it is refundable to the distribution channels upon, they terminate the distribution service agreement or upon expiry of the contractual service period. The entry fees from distribution channels are credited into profit or loss to off-set against the commission paid/payable to distribution channels based on a straight-line method over the contractual period of the service agreements of 3 years.

Trade and other payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade and other payables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

42.8 Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

42 Summary of other potentially material accounting policies (Continued)

42.9 Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

42.10 Compound financial instruments

Compound financial instruments issued by the Group comprise convertible bonds that can be converted to share capital at the option of the holders with number of shares to be issued by the Group would not vary with changes in their fair value.

The fair value of the liability portion of a convertible bond is determined using a market interest rate for an equivalent non-convertible bond. This amount is recorded as a liability on an amortized cost basis until extinguished on conversion or maturity of the bonds. The remainder of the proceeds is allocated to the conversion option. This is recognized and included in shareholders' equity, net of income tax effects. The equity component is recognized initially at the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component, which is included in shareholders' equity in other reserves. Any directly attributable transaction costs are allocated to the liability and equity components in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of a compound financial instrument is measured at amortized cost using the effective interest method. The equity component of a compound financial instrument is not re-measured subsequent to initial recognition except on conversion or maturity.

The liability component of a convertible instrument is classified as current unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period.

42 Summary of other potentially material accounting policies (Continued)

42.11 Current and deferred income tax

The tax expense for the period comprises current and deferred tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

(a) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of each reporting period in the countries where the Company's subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

(b) Deferred income tax

Inside basis differences

Deferred income tax is recognized, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of each reporting period and are expected to apply when the related deferred income tax asset is realized, or the deferred income tax liability is settled.

Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

42 Summary of other potentially material accounting policies (Continued)

42.11 Current and deferred income tax (Continued)

(b) Deferred income tax (Continued)

Outside basis differences

Deferred income tax liabilities are provided on taxable temporary differences arising from investments in subsidiaries, associates, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Generally, the Group is unable to control the reversal of the temporary difference for associates. Only when there is an agreement in place that gives the Group the ability to control the reversal of the temporary difference in the foreseeable future, deferred tax liability in relation to taxable temporary differences arising from the associate's undistributed profits is not recognized.

Deferred income tax assets are recognized on deductible temporary differences arising from investments in subsidiaries, associates only to the extent that it is probable the temporary difference will reverse in the future and there is sufficient taxable profit available against which the temporary difference can be utilised.

(c) Offsetting

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

42.12 Employee benefits

(a) Employee leave entitlements

Employee entitlements to annual leave are recognized when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period. Employee entitlements to sick and maternity leave are not recognized until the time of leave.

42 Summary of other potentially material accounting policies (Continued)

42.12 Employee benefits (Continued)

(b) Pension obligations

The Group contributes on a monthly basis to various defined contribution plans organised by the relevant governmental authorities. The Group's liability in respect of these plans is limited to the contributions payable in each period. Contributions to these plans are expensed as incurred and not reduced by contributions forfeited by those employees who leave the plan prior to vesting fully in the contributions. Assets of the plans are held and managed by government authorities and are separated from those of the Group.

(c) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Group recognizes termination benefits at the earlier of the following dates: (a) when the Group can no longer withdraw the offer of those benefits; and (b) when the entity recognizes costs for a restructuring that is within the scope of IAS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(d) Share-based benefits

As disclosed in Note 35, the Group operates several equity-settled share-based compensation plans (including share option scheme and share award scheme), under which the Group receives services from its employees in exchange for the equity instruments of the Company. The fair value of the employee services received in exchange for the grant of equity instruments is recognized as an expense. The total amount to be expensed is determined by reference to the fair value of the equity instruments granted:

- Including any market performance conditions (e.g., the entity's share price);
- Excluding the impact of any service and non-market performance vesting conditions (e.g., profitability, sales growth targets and retention periods of an employee of the entity over a specified time period); and
- Including the impact of any non-vesting conditions (e.g., the requirement for employees to save or holdings shares for a specific period).

42 Summary of other potentially material accounting policies (Continued)

42.12 Employee benefits (Continued)

(d) Share-based benefits (Continued)

Non-market performance and service conditions are included in assumptions about the number of equity instruments that are expected to vest. The total expense is recognized over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

If the terms of an equity-settled award are modified, at a minimum an expense is recognized as if the terms had not been modified. An additional expense is recognized for any modification that increases the total fair value of the share-based payment arrangement, or is otherwise beneficial to the employee, as measured at the date of modification.

If an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognized for the award is recognized immediately. However, if a new award is substituted for the cancelled award, and designated as a replacement award on the date that it is granted, the cancelled and new award are treated as if they were a modification of the original award, as described in the previous paragraph.

If an equity award is cancelled by forfeiture, when the vesting conditions (other than market conditions) have not been met, any expense not yet recognized for that award, as at the date of forfeiture, is treated as if it had never been recognized. At the same time, any expense previously recognized on such cancelled equity awards are reversed from the accounts effective as at the date of forfeiture.

At the end of each period, the entity revises its estimates of the number of options or restricted share units that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment made to equity.

42 Summary of other potentially material accounting policies (Continued)

42.13 Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognized for further operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognized as interest expense.

42.14 Government grants

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received, and the Group will comply with all attached conditions.

Government grants relating to costs are deferred and recognized in profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to property, plant and equipment are included in non-current liabilities as deferred government grants and are credited to profit or loss on a straight-line basis over the expected lives of the related assets.

42 Summary of other potentially material accounting policies (Continued)

42.15 Leases

The Group leases various properties. Rental contracts are typically made for fixed periods of one to five years. Lease terms are negotiated on an individual basis and contain various terms and conditions. The lease agreements do not impose any covenants, but leased assets may not be used as security for borrowing purposes.

Leases are recognized as right-of-use assets (included in properties, plant and equipment) and the corresponding liabilities at the date of which the respective leased asset is available for use by the Group. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Assets and liabilities arising from a lease are initially measured on a present value basis.

The depreciation of right-of-use asset is calculated using the straight-line method to allocate their cost to their residual values over remaining lease terms.

Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payment that are based on an index or a rate;
- amounts expected to be payable by the lessee under residual value guarantees;
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease payments are discounted using the interest rate implicit in the lease, if that rate can be determined, or the entity's incremental borrowing rate.

Payments associated with short-term leases and leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of less than 12 months. Low-value assets comprise machinery with value below RMB35,000.

42 Summary of other potentially material accounting policies (Continued)

42.16 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the CODM. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the CEO of the Company that makes strategic decisions.

42.17 Dividend distribution

Dividend distribution to the Company's shareholders is recognized as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the Company's shareholders or directors, where appropriate.

43 Contingencies

Saves as disclosed elsewhere in the financial statements, the Group had no material contingent liabilities outstanding as at 31 December 2024.

44 Capital commitment

	As at 31 December		
	2024	2023	
	RMB'000	RMB'000	
Contracted but not provided for:			
Construction of office building	20,416	5,677	

45 Events after balance sheet date

In January 2025, the Company placed a total of 19,150,000 placing shares to certain independent third parties at the placing price of HKD10.10 per placing share with net proceeds of approximately HKD189 million, net of all applicable costs and expenses including commissions, professional fees and out-of pocket expenses.
