# INTRODUCTION

Dear Shareholders,

On behalf of the board of directors (the “**Board**”) of Planetree International Development Limited (the “**Company**”), I hereby present this annual report to you.

The Hong Kong economy showed signs of recovery in early 2024 but growth remained moderate. While Hong Kong continued to maintain its position as a key global financial hub and a global offshore Renminbi (RMB) business hub, competition from other cities and increasing regulatory pressure posed significant challenges.

Imports of travel services recovered at a much faster pace than the export counterparts. Interest rate continued high for the first half of the year which affected domestic consumption and the property market. The residential property market saw a brief recovery following a period of stabilization supported by the Government’s relax of stamp duty in the early part of the year and the Government’s policies to attract businesses and talents. The market is affected by the accumulation of supply in the primary market. In the commercial real estate market, transaction volumes remained subdued, with prices falling further and rentals staying soft across all the segments. The outlook for the market remains challenging and the supply are expected to remain high in the next few years.

While Hong Kong continues to be an international free trade hub, the ongoing US-China trade war has also cast a shadow over the economy. Expenditure and investment spending remained under pressure due to tight and uncertain financial conditions.

Fiscal 2025 will be a challenging year, the Group will continue to strengthen its financial services and take a conservative approach to investments and opportunities as they may arise.

By order of the Board

# MANAGEMENT DISCUSSION AND ANALYSIS

Dear Shareholders,

On behalf of the board (the “**Board**”) of directors (the “**Directors**”) of Planetree International Development Limited (the “**Company**”), I present the annual results of the Company and its subsidiaries (collectively the “**Group**”) for the year ended 31 December 2024.

## REVIEW OF RESULTS

During the year under review (the “**Year**”), the Group’s total revenue of approximately HK\$81.9 million and other income and gains of approximately HK\$0.7 million aggregated to approximately HK\$82.6 million, representing a decrease of approximately HK\$74.0 million or 47.3% as compared to last year (the “**Previous Year**”). The Group recorded a consolidated loss for the year of approximately HK\$212.7 million (2023: approximately HK\$176.5 million). After allocating the loss attributable to non-controlling interests for approximately HK\$15.0 million (2023: approximately HK\$36.4 million), the loss attributable to shareholders (the “**Shareholders**”) of the Company for the Year was approximately HK\$197.7 million (2023: approximately HK\$140.1 million).

The loss for the Year was primarily attributable to the combined effects of: (i) the unrealised fair value losses on investment properties amounting to approximately HK\$98.2 million; (ii) the impairment loss on margin loan receivables of approximately HK\$35.5 million; (iii) the net unrealised fair value loss on financial assets at fair value through profit or loss of approximately HK\$37.9 million; and (iv) the share of loss from associates of approximately HK\$46.0 million.

Apart from the consolidated loss for the Year in the amount of approximately HK\$212.7 million mentioned above, the Group also recorded other comprehensive expense of approximately HK\$97.5 million for the Year (2023: other comprehensive income of HK\$13.4 million). Other comprehensive expense in the Year was attributable to the following factors: (i) the fair value change on equity investments measured at fair value through other comprehensive income of approximately HK\$71.5 million (2023: Other comprehensive income of approximately HK\$13 million) and (ii) share of other comprehensive loss of associates of approximately HK\$26.0 million.

The basic and diluted loss per share for the Year were HK20.91 cents and HK20.91 cents respectively, whereas the basic and diluted loss per share of HK14.82 cents and HK14.82 cents respectively were recorded for the Previous Year.

## FINAL DIVIDEND

The Board resolved not to recommend the payment of a final dividend for the year ended 31 December 2024 (2023: Nil). No interim dividend was declared for the financial years of 2024 and 2023.

## BUSINESS REVIEW

In 2024, the Hong Kong economy experienced moderate growth; however, the business environment became increasingly uncertain amid heightened geopolitical tensions, escalating trade conflicts, and persistently high US interest rates. These challenging macroeconomic conditions adversely affected the Group’s financial performance during the Year. The volatile global environment and high interest rate climate exerted significant pressure on the Group’s core business lines, resulting in a decline in revenue and profitability compared to the Previous Year. Against this backdrop, the Group’s annual results fell short of expectations. Despite the Group’s diversified business model and disciplined cost management efforts, the impact of the volatile macroeconomic conditions could not be fully mitigated.

# MANAGEMENT DISCUSSION AND ANALYSIS

The principal activities of the Group are classified into the following business segments:

**(1) Financial services – operations licensed under SFO licences**

The Group has been engaging in the provision of dealing in securities (including the provision of margin loans to clients), dealing in futures contracts and asset management services with Type 1, Type 2 and Type 9 licences granted under the SFO for years. It has further stepped into the businesses for the provision of corporate finance advisory services, automated trading services and securities margin financing services with Type 6, Type 7 and Type 8 licenses under the SFO. The Group's asset management service income (especially the contribution from performance fee income based on the appreciation in the value of clients' net assets) was inevitably affected by the sluggish stock market performance. Such asset management service income dropped to approximately HK\$1.8 million during the Year (2023: approximately HK\$3.7 million). Margin loan interest income also dropped to approximately HK\$45.5 million during the Year (2023: approximately HK\$53.2 million). The decrease in margin loan interest income is mainly due to the margin loan rate was lowered from 8% to 2% in the second half of the Year. The Group has engaged in Type 6 regulated activity, i.e. advising on corporate finance, under the SFO. The Group's revenue from such services dropped to approximately HK\$4.7 million (2023: approximately HK\$7.6 million). The decrease in such revenue for the Year was mainly due to the drop in number of clients as the financial services market was still in a slow recovery pace.

As a result, the segment revenue of approximately HK\$53.1 million was 18.9% lower than the corresponding figure of approximately HK\$65.5 million for the Previous Year. The segment profit dropped from approximately HK\$49.9 million for the Previous Year to approximately HK\$12.1 million for the Year. The Group, through its subsidiaries, is licensed by the Securities and Futures Commission (the "SFC") to engage in a full suite of regulated activities under the SFO, including Type 1, Type 2, Type 4, Type 5, Type 6, Type 7, Type 8 and Type 9 regulated activities. The Board expects that a more comprehensive profile of licences under the SFO will create a synergy effect favourable to the Group's development of the integrated financial services business. To further expand this segment, in June 2024, the Group applied for a licence to conduct Type 3 (leveraged foreign exchange trading) regulated activity under the SFO. In July 2024, the SFC accepted the Group's application and is currently reviewing it. The management expects to receive official written approval from the SFC within 2025.

## MANAGEMENT DISCUSSION AND ANALYSIS

### (2) Credit and lending services – operations licensed under MLO licences

The Group conducts its money lending business with money lenders licence held by the Group under the MLO. The Group's clientele primarily consists of niche customers including corporations and high net-worth individuals. These clients mostly have been acquired through business referrals and introductions from the Company's senior management, business partners or clients. Besides in compliance with all rules and regulations imposed under the MLO, the Group has also formulated internal money lending policy to guide its money lending team in conducting the money lending operations. The loan terms would be arrived at after considering a combination of factors including prevalent market interest rates, the financial strength of the borrower, the collaterals offered, past credit history of the borrower with the Group and adjusted, if necessary, by arms-length negotiations with the borrower. The related internal control procedures are strictly complied with during the Year.

To streamline the Group's resources in running this business segment, the Group disposed of a money lender subsidiary having a small loan portfolio to an independent third party in the second half of the Year at a consideration of HK\$8.0 million, resulting in a gain of approximately HK\$216,000. At the end of the Year, the Group held one money lenders licence to operate the Group's money lending business.

During the Year, segment revenue from credit and lending services declined sharply, falling from approximately HK\$73.0 million in the Previous Year to approximately HK\$3.2 million. The decrease was primarily due to a one-time debt recovery gain of HK\$42.0 million in the Previous Year, and reduction of interest charged on loans receivables during the second half of the Year to retain clients' loyalty in response to the market expectation of interest rate cut. Total principal amount and accrued interest of approximately HK\$182.3 million remain outstanding, of which the amount of loans receivable due from the largest borrower and the five largest borrowers in aggregate were approximately 10% and 40% thereof respectively. Additionally, the balance of loan and interest receivables increased from approximately HK\$133.1 million as at 31 December 2023 to approximately HK\$182.3 million as at the end of the Year. There was a segment profit of approximately HK\$2.6 million during the Year when compared to the segment profit of approximately HK\$71.7 million during the Previous Year.

The ongoing macroeconomic challenges have affected some of our clients. In response to their needs, we have provided temporary relieving measures to certain clients. Our focus remains on building long-term, sustainable relationship while maintaining the health of our loan portfolio. We are actively engaging with clients to develop flexible and tailored solutions.

The Company retained an independent professional valuer to conduct impairment assessment on the outstanding loans for each reporting period end date, the allowances for impairment loss of approximately HK\$1.0 million were provided on the outstanding loans receivable as at 31 December 2024 (31 December 2023: approximately HK\$0.9 million).

# MANAGEMENT DISCUSSION AND ANALYSIS

## (3) Other financial services

To diversify the Group's financial services, the Group has also carried on the business of providing corporate advisory related services in Hong Kong since October 2020. For the Year, the segment revenue amounted to approximately HK\$14.9 million (2023: approximately HK\$12.7 million) and segment profit amounted to approximately HK\$3.4 million (2023: approximately HK\$1.6 million). During the Year, there were more clients experiencing financial pressure and challenges due to the growing competition, business disruptions and global market uncertainties in their own business. This has fueled the increase in revenue in this segment during the Year.

## (4) Property investment and leasing

During the Year, segment revenue of approximately HK\$10.5 million (2023: approximately HK\$12.0 million) and segment loss of approximately HK\$103.9 million (2023: approximately HK\$10.7 million) were worse than the comparative figures of the Previous Year. Rental revenue declined primarily due to the time needed to secure a new tenant after the previous tenancy of one of our properties ended. The increase in segment loss was mainly due to the increase in fair value loss on investment properties of HK\$98.2 million for the Year as a result of the local property market downturn. As at 31 December 2024, the Group held four commercial properties in Hong Kong for leasing to independent third-party tenants for rental income with a total fair value at HK\$407.5 million (2023: HK\$505.7 million).

## (5) Tactical and strategic investment

The amount of resources allocated by the Group to this segment (in the form of financial assets at FVPL) was approximately HK\$110.3 million at the end of the Year (31 December 2023: approximately HK\$148.2 million). The Group recorded a segment revenue of approximately HK\$0.3 million (2023: a negative segment revenue of approximately HK\$6.6 million). The segment loss was approximately HK\$86.8 million for the Year (2023: approximately HK\$232.2 million) mainly due to (i) share of loss of associates (which is principally engaged in holding listed equity investments) amounted to approximately HK\$46.0 million (2023: approximately HK\$22.1 million); and (ii) net fair value loss on the financial assets at FVPL at approximately HK\$37.9 million (2023: approximately HK\$200.2 million).

## OUTLOOK AND STRATEGY

Despite the challenging macroeconomic environment in 2024, we remain cautiously optimistic about the Group's long-term growth prospects. Hong Kong's economy is expected to continue on a moderate growth trajectory, which should support asset investment activities in the city. This is demonstrated by the rebound of Hang Seng Index, which rose from approximately 20,000 points at the end of 2024 to its current level exceeding 23,000 points.

However, the global landscape is likely to remain volatile, with ongoing geopolitical tensions and trade conflicts presenting persistent risks. The Federal Reserve's cumulative interest rate cuts of 0.75% since September 2024 may offer some relief. The recent economic stimulus measures implemented in the Mainland are anticipated to have positive ripple effects on the Hong Kong economy and financial market. We will closely monitor these developments and adapt our strategies accordingly.

# MANAGEMENT DISCUSSION AND ANALYSIS

Our focus is on strengthening our competitive edge in key business segments and diversifying our revenue streams. We will also continue to manage costs vigilantly and optimise resource allocation to sustain profitability. By leveraging our diversified business portfolio and financial discipline, we will explore business opportunities that align with our growth strategy and complement our existing capabilities, and provide access to new customer bases.

Looking ahead, the Group will remain vigilant in response to the evolving landscape and proactively adapt its strategies to strengthen its market position and drive sustainable growth. Despite the near-term uncertainties, the Group is confident in the long-term resilience of the Hong Kong economy and is committed to weathering the current storm and emerging stronger.

## FINANCIAL REVIEW

### Revenue

The overall revenue of the Group was approximately HK\$81.9 million for the Year, representing a decrease of approximately HK\$31.5 million or 27.8% from the Previous Year. Financial services income including those from other financial services aggregated to approximately HK\$67.9 million (2023: approximately HK\$77.6 million). Interest income from the Group's money lending business decreased to approximately HK\$3.2 million (2023: approximately HK\$30.9 million). Rental income slightly decreased to approximately HK\$10.5 million (2023: approximately HK\$12.0 million). The revenue from tactical and strategic business recorded a positive revenue of approximately of HK\$0.3 million (2023: negative revenue of approximately HK\$7.2 million).

### Results

The Group recorded a consolidated loss for the Year of approximately HK\$212.7 million (2023: approximately HK\$176.5 million). The Group also recorded other comprehensive expense of approximately HK\$97.5 million for the Year (2023: other comprehensive income of approximately HK\$13.4 million). In the aggregate, the Group recorded total comprehensive expense for the Year of approximately HK\$310.2 million (2023: approximately HK\$163.1 million).

### Net Asset Value

As at 31 December 2024, the consolidated net asset value of the Group was approximately HK\$1,596.9 million (2023: approximately HK\$1,907.1 million). The consolidated net asset value per share of the Group was approximately HK\$1.68 (2023: approximately HK\$2.02). The Group's total assets and total liabilities were approximately HK\$1,866.3 million (2023: approximately HK\$2,184.4 million) and approximately HK\$269.4 million (2023: approximately HK\$277.3 million) respectively.

### Capital Structure

The Group's capital expenditure and investments were mainly funded from cash on hand, internally-generated funds and bank borrowings.

The Group persistently adopts conservative treasury policies in cash and financial management. Cash is generally placed in short-term deposits mostly denominated in U.S. dollars and Hong Kong dollars. The Group does not use any financial instruments for hedging purpose.

# MANAGEMENT DISCUSSION AND ANALYSIS

## Liquidity and Financial Resources

The Group's cash and cash equivalents (excluding trust and segregated accounts), being mainly denominated in Hong Kong dollars, was approximately HK\$39.3 million as at 31 December 2024 (31 December 2023: approximately HK\$38.5 million). The cash and cash equivalents and the financial assets at FVPL (classified under current assets) in aggregate were approximately HK\$100.2 million as at 31 December 2024 (31 December 2023: approximately HK\$103.3 million). The liquidity of the Group remained strong with a current ratio of 3.9 as at 31 December 2024 (31 December 2023: 3.9). The Group had bank borrowings in the sum of approximately HK\$227.9 million as at 31 December 2024 (31 December 2023: approximately HK\$239.7 million). The Group did not have any available short-term revolving banking facilities as at 31 December 2024 (31 December 2023: Nil).

## Capital commitments

The Group did not have any capital commitments in respect of the acquisition of property and equipment as at 31 December 2024 (31 December 2023: Nil).

## Exposure to Fluctuation in Exchange Rates and Related Hedges

As the Group's major source of income, expenses, major assets and bank deposits were denominated in Hong Kong dollars and U.S. dollars, the Group's exposure to fluctuation in foreign exchange rates was minimal due to the pegged exchange rate. The Group did not have any related hedging instruments.

## Gearing Ratio

As at 31 December 2024, the gearing ratio of the Group, as measured by dividing the net debt to Shareholders' equity, was 14.9% (2023: 13.0%). The increase in gearing ratio was mainly attributable to the reduction in the Shareholders' equity. Net debt was calculated as bank borrowings plus other payables and accruals, net of cash and cash equivalents.

## Contingent Liabilities

The Group did not have any material contingent liabilities as at 31 December 2024 (2023: Nil).

## Charges on Group Assets

As at 31 December 2024, the Group pledged its investment properties with carrying value of approximately HK\$359.8 million (2023: approximately HK\$452.9 million) as security for general banking facilities granted to the Group.

## Significant Investments

An investment with carrying value of 5% or more of the total assets of the Group is considered as a significant investment of the Group. The Group treated the equity interest in Green River Associates Limited ("**Green River Marshall**") incorporated in Marshall Islands as an investment in associate. Green River Marshall primarily engages in securities investment, is a strategic partner of the Group in developing the tactical and strategic investment business. The Group holds approximately 47.8% of the total issued share capital of Green River Marshall. As at 31 December 2024, the carrying amount of investment in Green River Marshall amounted to approximately HK\$170.4 million, which represented approximately 9.1% to the Group's total assets. During the Year, the Group's share of loss of Green River Marshall was approximately HK\$42.9 million (2023: approximately HK\$20.5 million), which was mainly a result of Green River Marshall's fair value loss on its financial assets.

## MANAGEMENT DISCUSSION AND ANALYSIS

The Group treated the equity investment in HEC Securities Company Limited (“**HEC Securities**”) incorporated in British Virgin Islands as an investment in associate. HEC Securities primarily engages in holding investments in credit financing and securities investment business. The Group holds approximately 33.0% of the total issued share capital of HEC Securities. As at 31 December 2024, the carrying amount of investment in HEC Securities amounted to approximately HK\$76.6 million, which represented approximately 4.1% to the Group’s total assets and therefore ceased to be a significant investment of the Group. During the Year, the Group’s share of loss of HEC Securities was approximately HK\$3.1 million (2023: share of loss of approximately HK\$1.6 million), and the Group’s share of other comprehensive expense of HEC Securities was approximately HK\$25.0 million (2023: Nil), which was mainly a result of HEC Securities’ unrealised fair value loss on its financial assets.

The investments in Green River Marshall and HEC Securities in the Year were strategically structured for long-term value creation rather than short-term market alignment. They focus on various return sources, providing stability and diversification, even if their performance may not always mirror short-term public market fluctuations. We will continue to closely monitor these strategic investments and are prepared to make tactical adjustments as needed.

The following table further set forth the significant investment with a value of 5% or more of the Group’s total assets as at 31 December 2024:

Name of investee	Number of	Investment	Carrying	Realised	Unrealised	Approximate	Approximate	Dividend
	shares held			gain/(loss)	loss	% to the	% of	income

Green River Marshall	122	330,603	170,421	-	42,900	9.1	47.8	-

Save as disclosed above and elsewhere in this report, there was no other significant investment held, nor were there any material acquisitions or disposals of subsidiaries, associates or joint ventures during the reporting period under review (2023: Nil). There was no present plan authorised by the Board for material investments or acquisition of material capital assets as at the date of this report.

As at 31 December 2024, the Group held a diversified portfolio of financial assets at FVPL (comprising equity investments in 6 listed companies in Hong Kong) with a total carrying value of HK\$60.9 million (2023: approximately HK\$64.8 million). Each of the equity investments in the said portfolio accounted for less than 5% of the Group’s total assets as at 31 December 2024 and therefore was not considered as a significant investment held by the Group.

### SIGNIFICANT EVENTS SINCE THE END OF THE REPORTING PERIOD

Details of events after reporting period as at 31 December 2024 are set out in note 39 of the Notes to the Consolidated Financial Statement.

# CORPORATE GOVERNANCE REPORT

## THE BOARD

### A. Board Composition

The Company is headed by an effective Board which is responsible for promoting the success of the Company, and balancing the long-term interests of shareholders and stakeholders. At the date of this report, the Board comprises nine Directors, including four executive Directors, one non-executive Director and four independent non-executive Directors (“INEDs”). More than one-third of the Board consists of INEDs which complied with Rule 3.10 and 3.10A of the Listing Rules. Such balanced composition of executive and non-executive Directors ensures a strong independent element on the Board, and provides adequate check and balance to safeguard the interest of shareholders and the Company as a whole. Members of the Board come from different backgrounds and possess diverse range of professional expertise and experience, collectively have a balance mix of skill, competence and personal qualities relevant to the business of the Group and therefore would be able to discharge the responsibilities efficiently and effectively. They are experienced personnel with academic or professional qualifications either in accounting, legal or business management and at least one of whom has appropriate professional qualification of accounting or related financial management expertise.

#### *Chairman and Chief Executive Officer*

As at 31 December 2024, Dr. Chuang Henry Yueheng (“**Dr. Chuang**”) was the Chairman and Mr. Cheung Ting Kee (“**Mr. Cheung**”) was the Vice Chairman of the Board. The Chief Executive Officer of the Company has not been determined by the mutual consensus of the Board, therefore no Chief Executive Officer has not been appointed. Under Code Provision C.2.1 of the Appendix C1, the roles of Chairman and Chief Executive Officer should be separate and should not be performed by the same individual. The responsibilities of Chief Executive Officer have been delegated to the executive Directors of the Company who are collectively responsible for day-to-day operations and business development generally.

In this regards, there is segregation of duties between Chairman and Chief Executive Officer to ensure the balances of power between the Board and the Group’s management as well as their independence and accountability, thereby in compliance with Part 2 of the Appendix C1-Corporate Governance Code.

Dr. Chuang is the leader of the Board and he oversees the Board so that it acts in the best interests of the Group. Dr. Chuang is responsible for approving and deciding the agenda of each Board meeting, taking into account, where appropriate, matters proposed by other directors for inclusion in the agenda. Mr. Cheung has the overall responsibility for the vision and direction in the development of the business of the Company. Mr. Cheung shares the responsibility of the Chief Executive Officer with the fellow directors to undertake and perform those duties.

Mr. Cheung is responsible for formulation and successful implementation of Company’s policies, and assumes full accountability to the Board for all operations of the Group. Working with the executive management team, He ensures smooth operations and development of the Group. He maintains a persistent dialogue with all the Directors to keep them fully informed of all significant business developments and issues. He is also in charge of setting up and maintaining an effective executive team to back him up in his role.

## *Non-Executive Directors*

Dr. Chuang Henry Yueheng has been appointed as a non-executive director with effect from 1 February 2024. Appointment of the non-executive director(s) is subject to retirement by rotation at least once every three years and re-election at the annual general meetings of the Company in conformity with the bye-law 87 of the bye-laws of the Company. As such, the Company considers that adequate measures have been taken to ensure that the Company's corporate governance practices are no less exacting than those in the Corporate Governance Code.

## *Independent Non-Executive Directors*

During the Year, the Board fulfilled the requirements of the Listing Rules in regards to the appointment of at least three independent non-executive Directors which representing one-third of the Board with two of whom possessing appropriate professional qualifications or accounting or related financial management expertise. The Company has received written confirmation from each of the independent non-executive Director of their independence to the Group. The Group considered all independent non-executive Directors were satisfied with the independence guidelines set out in Rule 3.13 of the Listing Rules. All of them are not connected with any Directors or substantial shareholders of the Company. The Company is of the view that all independent non-executive directors are independent of the Company.

## **B. Board Diversity**

For sake of achieving diversity on the Board, the Board has approved and adopted a board diversity policy (the "**Board Diversity Policy**") and revised the terms of reference of the Nomination Committee to ensure the appropriate implementation of the Board Diversity Policy. The Policy was made with a view to achieving a sustainable and balanced development of the Company, through the invitation and selection of different talents to join the Board taking into accounts the importance of Board diversity. The Company is committed to establishing procedures of candidates' selection based on a range of diversity perspectives including gender, age, cultural background, ethnicity, educational background, professional experience, skills and knowledge. The final decision will be based on merit and contribution that the nominated candidates will bring to the Board.

As at the date of this report, the Board comprises Directors with gender, diverse background and experience. The Board has a balanced composition for its executive Directors being in possession of extensive industrial expertises and experience in the operation of Group's business and the independent non-executive Directors contributing their independent opinions and judgements, which facilitate an effective decision-making process for the Board. The composition of the Board is reviewed by the Nomination Committee from time to time.

The Company's Board Diversity Policy was rolled out in place. As at the date of this report, the Board comprises eight Directors, one of which is female.

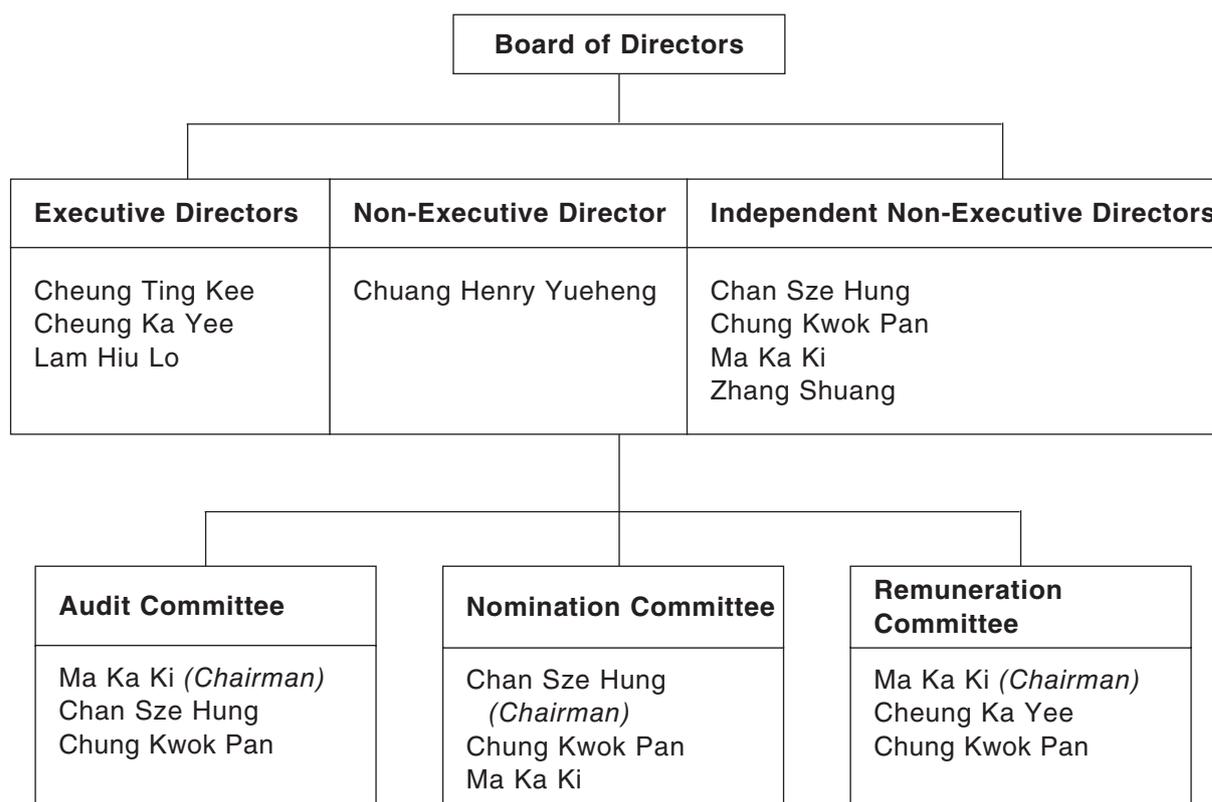

As at the date of this report, the Board has one female Director and has achieved gender diversity on board level. The Board also recognises the importance of diversity at the workforce level. As at the date of this report, the Group had a total of 33 employees, of which 16 were male and 17 were female. The gender ratio of the Group's workforce (including senior management) was approximately 48% male to 52% female.

# CORPORATE GOVERNANCE REPORT

As the plans for the Group in terms of gender diversity in workforce, the Group will persistently review internal records on gender diversity, identify proper female candidates for relevant positions within the Company, and ensure that there is gender diversity when recruiting staff at the middle level and training female staff for the purpose of promoting them to the senior management or directorship of the Company, so as to maintain the balance of gender diversity in the near future.

At a meeting held on 26 March 2025, the Nomination Committee reviewed the Board composition and resolved that the structure, size, composition and diversity (including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service) of the Board was appropriate and thereby achieving the measurable objectives of the Board Diversity Policy and complied with the Listing Rules. Save as disclosed herein, none of the Directors have any relationship (including financial, business, family or other material/relevant relationship) between each other. The list of Directors and their biographical details are set out in the section headed “Profiles of Directors and Senior Management” of this report.

The following chart illustrates the current Board composition including Board Committees:

# CORPORATE GOVERNANCE REPORT

## C. Board Delegation

The Board steers the Company's business direction. The executive Directors undertake full accountability to the Board for day-to-day management and operation of the Group. Directions as to the powers delegated to management are clearly identified. The Board shall review the delegation arrangement periodically to ensure it remains appropriate to the Company's need.

The Board has reserved the following functions to the Board. Or, prior approval from the Board is required if the management is dealing with the following functions:

1. To formulate long-term corporate strategy and business development plans;
2. To declare an interim dividend, a final dividend or to declare or recommend other distribution;
3. To supervise and monitor performance of management;
4. To review the effectiveness of the risk management and internal control systems of the Group;
5. To be responsible for the appointment, removal or re-appointment of Directors, senior management and external auditors, and determine the remuneration of Directors and senior management based on the recommendations of the Remuneration Committee; and
6. To recommend members of the Company for winding up of the Company.

## D. Board Committees

The Board delegated authorities to three Board committees to deal with matters, and specific written terms of reference were clearly set out to enable them to perform their functions properly. Board committees are required, unless restricted by laws and regulations, to report to the Board on their decisions or recommendations on a regular basis.

### 1. **Audit Committee**

Detailed information on the works and duties of the Audit Committee is contained in the Report of the Audit Committee in this report.

### 2. **Nomination Committee**

Members of the Nomination Committee during the Year and up to the date of this report were:

Mr. Chan Sze Hung (*Chairman*)  
 Mr. Chung Kwok Pan  
 Mr. Ma Ka Ki

The Nomination Committee is provided with sufficient resources to discharge its duties and has access to independent professional advice at the Company's expense if considered necessary. The major roles and functions of the Nomination Committee are set out in its terms of reference which are published on websites of the Company and the Stock Exchange.

## CORPORATE GOVERNANCE REPORT

On 26 August 2013, the Company adopted the Board Diversity Policy which was then amended by the resolutions of the Board on 30 November 2018 to take effect on 1 January 2019, which aims to set out the approach to achieve diversity on the Board. The Nomination Committee is responsible for monitoring the implementation and recommending any revisions that may be required to ensure effectiveness of the Policy. In addition, the Nomination Committee will discuss, review and agree annually on measurable objectives for implementing diversity on the Board. Moreover, the Board has adopted the Director Nomination Policy on 13 March 2014 which was then amended by the resolutions of the Board on 30 November 2018 to take effect on 1 January 2019. The Board will review these policies periodically to keep it up to date and in compliance with the Listing Rules, all applicable laws and regulatory obligations and requirements.

Board diversity policy and nomination policy have been adopted to maintain the Board with a diversity of directors and with a nomination process of candidates respectively.

The work of the Nomination Committee during the year included the following issues:

1. to review the terms of reference of the Nomination Committee and evaluate the Directors' skills, qualifications, knowledge and experiences;
2. to review the composition of the Board in accordance with the measurable objective of the Board Diversity Policy; and
3. to review the nomination policy to achieve the selection, appointment and re-appointment of the Directors.

The number of Nomination Committee meetings held during the Year and record of individual attendance of members, on a named basis, at meetings held during the Year was set out in section headed "Directors' Attendance and Time Commitment" in this report.

### *Nomination policy*

The Board has adopted a nomination policy setting out the key nomination criteria and principles of the Company for nomination of Directors. The Nomination Committee is responsible for reviewing the structure, size and composition (including gender, balance of skills, knowledge, experience and diversity of perspectives) of the Board at least annually and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy. It shall identify individuals suitably qualified to become Board member(s) and select or make recommendations to the Board on the selection of individuals nominated for directorships. In identifying suitable candidates, the Nomination Committee shall consider the candidates on merit and contribution the candidate will bring to the Board with due regard to the Board Diversity Policy. It has to make recommendations to the Board on the appointment or re-appointment of Directors and succession planning for Directors in particular the Chairman of the Board and the Chief Executive Officer. The Nomination Committee shall take into account the challenges and opportunities facing the Company and therefore, what skills and expertise are needed on the Board in the future.

# CORPORATE GOVERNANCE REPORT

## *Nomination procedures*

The Nomination Committee is delegated by the Board to identify suitable candidates and evaluate potential candidates based on the Board Diversity Policy.

Once opportunity for Board appointment is identified, there will be scheduled interviews with the suitable candidate. Results of the interviews will be put forward to the Nomination Committee for consideration. The recommendations of the Nomination Committee will be put forward to the Board for consideration and approval.

In case of re-appointments of members of the Board at the AGM, the Nomination Committee will review the profile of the members of the Board who have offered themselves for re-appointment to consider their suitability in light of the strategy of the Company as well as the structure, size and composition of the Board at that time. The Nomination Committee will then make recommendations for the Board's consideration and the Board will, at its discretion, make recommendations to the shareholders.

At a meeting of the Nomination Committee held on 26 March 2025, the following matters were discussed, reviewed and approved:

- 2.1 the structure, size, composition and diversity of the Board, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service;
- 2.2 to assess the independence of INEDs by reference to the independent criteria set out in Rule 3.13 of the Listing Rules; and
- 2.3 the Director Nomination Policy and the Board Diversity Policy and their implementation.

The Nomination Committee considers that the current composition of the Board is characterised by diversity after taking into account its own business model and specific needs, whether considered in terms of professional background or skills.

Attendance of individual Directors at the meeting of the Nomination Committee is set out in the section headed "Directors' Attendance and Time Commitment" in this report.

### 3. *Remuneration Committee*

Members of the Remuneration Committee during the Year and up to the date of this report were:

Mr. Ma Ka Ki (*Chairman*)  
 Ms. Cheung Ka Yee  
 Mr. Chung Kwok Pan

The company secretary of the Company serves as the secretary of the Remuneration Committee and minutes of the meetings have been sent to members within a reasonable time after the meetings. The major roles and functions of the Remuneration Committee are set out in its terms of reference which are published on the websites of the Company and the Stock Exchange.

Pursuant to the amendments to Chapter 17 of the Listing Rules which effected on 1 January 2023, the terms of reference of the Remuneration Committee were amended and approved by the Board on 30 December 2022.

In dealing with remuneration packages of Directors, no member of the Remuneration Committee was involved in deciding his/her own remuneration packages. The Board reviews the Remuneration Policy annually to ensure remuneration packages offered by the Company remains fair and competitive based on business needs and industry practice to attract and retain Directors to run the Company successfully without paying more than necessary. The Company aims to provide incentives to Directors, senior management and employees to perform at their highest level as well as to attract, retain and motivate the very best people. Remuneration will be determined by taking into consideration factors such as market and economic situation, inflation, employment conditions elsewhere in the Group and salaries paid by comparable companies. In addition, performance-based assessment such as individual's potential and contribution to the Group, time commitment and responsibilities undertaken will all be considered. The Remuneration Committee considered the remuneration proposals of Directors, and taking into consideration other relevant factors including corporate goals and objectives of the Company in recommending remuneration of Directors. The Company has provided sufficient resources for them to perform duties and they may access to professional advice if considered necessary.

At a meeting of the Remuneration Committee held on 26 March 2025, the following matters were discussed, reviewed and approved:

- 3.1 2025 Remuneration Policy of the Group including the status of the Company's share schemes under Chapter 17 of the Listing Rules;
- 3.2 management's remuneration proposal with reference to the Company's corporate goals and objectives;
- 3.3 to make recommendation to the Board on the remuneration packages of individual executive Directors and senior management, including benefits in kind, pension rights and compensation payments, and compensation payable for loss or termination of their office or appointment (if any); and
- 3.4 to make recommendation to the Board on the remuneration of non-executive Directors.

Attendance of individual Directors at the meeting of the Remuneration Committee is set out in the section headed "Directors' Attendance and Time Commitment" in this report. Information relating to the remuneration of each Director for 2024 is set out in note 11 of the Notes to the Consolidated Financial Statements in this report.

## CORPORATE GOVERNANCE REPORT

Each Director is aware of his/her obligation to give sufficient time and attention to the affairs of the Company and should not accept the appointment if he/she cannot do so. Upon reviewing (i) the attendance rates of each Director in general meeting, Board meetings and their respective board committee meetings; (ii) written confirmation of Directors regarding the number and nature of offices held in public companies or organisations and other significant commitments pursuant to Appendix C.1.5 of the Corporate Governance Code; and (iii) written confirmation of Directors to give sufficient time and attention to the affairs of the Company throughout the terms of their appointments, the Board is of the view that all Directors have spent sufficient time in performing their responsibilities during the Year under review.

### F. Induction and Continuous Professional Development of Directors

Every Director is required to keep abreast of his/her responsibilities as a Director and of the conduct, business activities and development of the Company. In-house briefings on regulatory updates and relevant continuous professional development seminars have been provided at the Company's expenses. Every newly appointed Director had received a comprehensive, formal and tailored induction on the first occasion of his/her appointment, and subsequently further briefings and continuous professional development will be arranged if necessary, to ensure each Director has a proper understanding of the Company's operation and business and that he is fully aware of his/her responsibilities under statute and common law, the Listing Rules and all other applicable regulations and governance.

The Company acknowledges that Directors' training is an ongoing process. During the Year under review, all Directors had been updated on the latest developments of the Listing Rules, Companies Ordinance or other applicable laws and regulations related to Directors' duties and responsibilities. In addition, the Company Secretarial Department has arranged training courses and encouraged Directors to attend courses at the Company's expenses. Directors have provided records of training to the Company Secretarial Department. All Directors confirmed that they have complied with Appendix C.1.4 of the Corporate Governance Code by attending various continuous professional development seminars held by external professional firms, in-house briefings or reading materials relevant to Directors' duties and responsibilities.

### G. Supply of and Access to Information

The management has supplied the Board and Board Committees with adequate information in a timely manner to enable the Board to make informed decisions and to perform their duties and responsibilities as Director of the Company.

Generally, notice of Board meetings together with the proposed agenda are given to all Directors at least 14 days before each regular Board meeting and Directors are given an opportunity to include matters they wish to discuss in the agenda. Agendas and accompanying Board papers are provided to Directors at least 3 days before the intended date of a board or board committee meetings.

Minutes of the Board/Board Committee meetings with details of matters considered and decisions reached, including any concerns raised by Directors or dissenting views expressed, after circulation for comments by Directors, are kept by the company secretary or a duly appointed secretary of the relevant meeting and are open for inspection by Directors if necessary.

All Directors have access to the advices and services of the company secretary to ensure necessary Board procedures and all applicable rules and regulations are followed. All Directors are regularly updated on governance and regulatory matters. Directors, upon reasonable request, may have access to independent professional advice in appropriate circumstances at the Company's expenses.

# CORPORATE GOVERNANCE REPORT

The Company has arranged appropriate insurance cover in respect of legal action against Directors.

The Board is fully aware that, if a substantial shareholder or a Director has a conflict of interest in a matter to be considered by the Board which the Board has determined to be material, the matter will not be dealt with by way of written resolution or by a committee (except for an appropriate Board committee set up for that purpose pursuant to a resolution passed in a Board meeting) but a Board meeting will be held. INEDs who, and whose associates, have no material interest in the transaction will be present at such Board meeting.

## ACCOUNTABILITY AND AUDIT

### A. Directors' Responsibility for Financial Reporting

The Directors acknowledge the responsibility for preparing the accounts of the Group and to present a balanced, clear and understandable assessment in the Company's annual and interim reports and other financial disclosures in accordance with the Listing Rules and other statutory requirements and applicable accounting standards, so as to give a true and fair view of the state of affairs of the Company. As at 31 December 2024, the Directors were not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Company's ability to continue as a going concern. The Directors also ensure the timely publication of the financial statements of the Group. During the Year, in strict compliance with relevant provisions, the Company published the 2024 interim report and the 2023 annual report.

Management undertakes to provide sufficient explanation and information to the Board to enable it to make an informed assessment of financial and other information put before the Board for approval. In addition, management provides all members of the Board with monthly financial updates which give a balanced and understandable assessment of the Group's performance, position and prospects in sufficient details to enable the Board as a whole and each Director to discharge their duties under the relevant requirements of the Listing Rules.

In preparing the financial statements for the year ended 31 December 2024, the Board:

1. adopted Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants;
2. selected suitable accounting policies and applied them consistently;
3. made prudent and reasonable judgments and estimates; and
4. prepared the accounts on a going concern basis.

### B. External Auditor and their Remuneration

The auditor's acknowledgment of reporting responsibilities is set out in the Independent Auditor's Report of the annual report. The independence of auditors is monitored by the Audit Committee and disclosed in the Report of the Audit Committee. Apart from providing audit services to the Group on annual consolidated financial statements, the auditor also provided non-audit services such as tax compliance services and services relating to the preparation of the internal control review and enterprise risk assessment, all appointments are in line with the Company's Policy on Use of External Auditors for Non-audit Services.

# CORPORATE GOVERNANCE REPORT

During the Year under review, the remuneration paid/payable for services to the external auditor is as follows:

<b>Services rendered</b>	<b>Fees paid/ payable (HK\$)</b>
Audit fee	1,460,000
Non-audit fees ( <i>Note</i> )	666,700
	<hr/>
Total	2,126,700
	<hr/> <hr/>

*Note:* Non-audit fees include fees of HK\$163,700, HK\$188,000, HK\$285,000 for tax compliance services, risk advisory services, services relating to the interim financial report, respectively.

## C. Risk Management and Internal Control Systems

The Board acknowledges the responsibility of establishing, maintaining and operating a sound and effective risk management and internal control systems, and reviews its effectiveness periodically. An annual review on the effectiveness of the Group's risk management and internal control systems has been conducted by the Board and reviewed by the Audit Committee. The Board is of the view that the risk management and internal control systems of the Group for the Year under review is sound and effective. The management is responsible for designing, implementing and monitoring of the Group's risk management framework and internal control systems, identifying and evaluating the Group's key existing and potential risks, and determining their respective control measures and/or mitigation strategies, so as to ensure the effectiveness of the risk management & internal control systems.

The Group has engaged an independent external internal control consultant to assess the Group's overall internal controls for the Year and to give recommendations to make any enhancement or and improvement. The risk management and internal control systems are constantly reviewed by the Board for the Year.

It was reported that there were no significant deficiencies or material weaknesses in relation to the Group's internal controls. The Board is of the view that the internal control measures of the Group are adequately and effectively monitoring its business operations for the Year. The Board expects that a review of the risk management and internal control systems will be performed annually.

# CORPORATE GOVERNANCE REPORT

The risk management and internal control on the credit and lending services operation of the Group under the MLO is summarised as follows:

(1) **Internal control procedures for credit and lending services**

To monitor the credit status of borrowers, the management of money lending department and credit control team review the loan portfolio of the Group regularly and conduct comprehensive review over the credit policies and control procedures annually to ensure the Group's interests are well-protected. The Company has put in place clear credit policies, guidelines and controls procedures covering the entire life cycle of money lending operation, which are summarised as follows:

– Loan application                      Upon receipt of loan application from potential borrower, a series of know-your-client (the “**KYC**”) procedures are performed by our credit control team. The KYC procedures include interviewing the applicants to understand their financial needs and repayment abilities, inspecting supporting documents to verify their information submitted, performing background research and on-site visiting. The credit control team summarises the results of the KYC procedures and reports to the management of money lending department for recommendations of approval.

– Loan approval                         With reference to the application information and the KYC result, the credit control team make recommendations to the management of money lending department in terms of approvability, credit limit, interest rate and length of loan period. Factors being taken into account in considering the loan application include:

- 1) the financial strength of the applicant, namely, their assets, liabilities and annual income;
- 2) the past repayment records of the applicant;
- 3) prevalent market interest rates; and
- 4) the availability of guarantee or provision of collateral.

If the management of money lending department approved the loan application, a set of loan documents together with the loan agreement are prepared and arranged among the borrower, the guarantor (if any) and the Group. Once the loan is properly documented and executed, the borrower can request for loan drawdown in accordance with the loan agreement.

– Loan monitoring and repayment collection                      The management of money lending department monitor and review the loan portfolio regularly. A loan summary is prepared by the credit control team and indicates changes and maturity of each loan.

In response to the mature loans, the credit control team reminds the borrowers with the repayment schedules via phone calls, email or text messages. In case of overdue loans or default, the management of money lending department determine the follow up actions including issue demand letter, seize of collateral, request guarantor for repayment and commence legal proceeding if necessary.

Total allowance			(985)	100%	(896)	100.0%
Total net carrying amount			181,313		132,229	

## (4) Basis of Assessment of ECL

ECL assessment on receivables is performed in accordance with HKFRS 9 to estimate the ECL of the loan receivables. In valuing the ECL under HKFRS 9, probability-weighted loss default (the “PLD”) model is adopted. The PLD model involves the following four key parameters:

- (i) Probability of default (the “PD”);
- (ii) Loss given default (the “LGD”);
- (iii) Exposure at default (the “EAD”); and
- (iv) Discount factor (the “DF”).

In this model, the ECL is derived by summing the ECL of all the expected default events within a specific period. The ECL for each possible event is calculated as the product of the four parameters above.

# CORPORATE GOVERNANCE REPORT

Internal credit rating	Year-end status of recoverability	Length of assessment
Performing	<b>Normal credit quality</b> – the loans that have not had a significant increase in credit risk nor any past-due amounts.	12-month ECL
Underperforming	<b>Significant increases in credit risk</b> – the loans that have had a significant increase in credit risk since initial recognition through information developed internally or external resources.	Lifetime ECL – not credit-impaired
Not performing	<b>Credit impaired</b> – the loans that have past due or it has become probably that the borrower will enter into bankruptcy or reorganisation.	Lifetime ECL – credit-impaired

## (5) General collaterals, guarantees obtained and comments over the movement in the total provision for ECL

As at 31 December 2024, loan receivables (net of loss allowance) of HK\$17,423,000 were secured by unlisted equity securities. The remaining balance of HK\$163,890,000 are unsecured.

There was no events which indicated any significant concerns in their repayment abilities. Some of them have been assessed as underperforming due to loan extensions.

### Notes:

- As at 31 December 2024, the cumulative ECL amount of HK\$187,000 (2023: HK\$172,000) is based on EAD of HK\$17,610,000 (2023: HK\$34,983,000), PD of 1.06% (2023: 0.50%), LGD of 62.2% (2023: 62.0%) or recovery rate of 37.8% (2023: 38.0%) and discount factor of 0.99 (2023: 0.99). There was no significant movement in the loss allowance, the slight adjustment was due to the update in parameters in response to external factors.

# CORPORATE GOVERNANCE REPORT

## COMPANY SECRETARY

Mr. Chow Chi Wah, Vincent (“**Mr. Chow**”) acted as the Company Secretary of the Company from 1 January 2024 to 31 May 2024. Mr. Man Wai Chuen (“**Mr. Man**”) has replaced Mr. Chow as the Company Secretary of the Company with effect from 1 June 2024. The Company Secretary supports the Board by ensuring an unimpeded flow of information within the Board and that policies and procedures formulated by the Board are followed. The Company Secretary is responsible for advising the Board on governance matters and facilitates induction and professional developments of the Directors. The appointment and dismissal of the Company Secretary are subject to the Board’s approval in accordance with the Company’s bye-laws. All members of the Board have access to the advice and services of the Company Secretary. Mr. Man has duly complied with the relevant training requirement under Rule 3.29 of the Listing Rules.

## SHAREHOLDERS’ RIGHTS

Set out hereunder is a summary of Shareholders’ rights as required to be disclosed pursuant to Appendix C1 Part 1 Section K of the Corporate Governance Code, which are subject to the Bye-Laws, Companies Act 1981 of Bermuda and applicable legislation and regulation.

### Procedures to Convene a Special General Meeting

Every year, an annual general meeting will be held by the Company. Further, the Board may whenever it thinks fit call general meetings known as special general meetings.

Shareholders who wish to convene a special general meeting or put forward proposals at any general meeting, including the proposal to nominate a person for election as a Director, should follow the applicable procedures described below.

1. Shareholders holding at the date of deposit of the requisition not less than one-tenth (1/10) of the paid-up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Company, to require a special general meeting to be called by the Board for transaction of any business specified in such requisition.
2. The requisition must state the purposes of such meeting, and must be signed by the requisitionists and deposited at the Company’s registered office in Bermuda at Clarendon House, 2 Church Street, Hamilton HM11, Bermuda (the “**Registered Office**”), and may consist of several documents in like form each signed by one or more requisitionists. To ensure that the requisition is received by the Company at the earliest opportunity, a copy of the signed requisition may also be deposited at the Company’s principal place of business in Hong Kong at 23/F., China United Centre, 28 Marble Road, North Point, Hong Kong (the “**Principal Place of Business**”), marked for the attention of the Board or the company secretary.
3. If Directors do not within twenty-one (21) days from the date of deposit of requisition proceed duly to convene a special general meeting to be held within two (2) months after the deposit of the requisition, the requisitionists, or any of them representing more than one-half of the total voting rights of all of them, may themselves convene a meeting and be repaid by the Company for any reasonable expenses incurred, provided that any meeting so convened by the requisitionists shall not be held after the expiration of three (3) months from the said date of deposit of the requisition.

# CORPORATE GOVERNANCE REPORT

4. Other than an adjourned meeting,
  - 4.1 a special general meeting at which the passing of a special resolution is to be considered shall be called by Notice of not less than fourteen (14) clear days.
  - 4.2 any special general meeting may be called by shorter notice than that specified in sub-paragraph 4.1 above if it is so agreed by a majority in number of the Shareholders having a right to attend and vote at the meeting, being a majority together holding not less than ninety-five per cent (95%) in nominal value of the shares giving that right.

## Procedures to Put Forward Proposals at General Meetings

1. Any number of Shareholders representing not less than one-twentieth (1/20) of the total voting rights of all the Shareholders having at the date of the requisition a right to vote at the general meetings of the Company; or not less than one hundred (100) Shareholders, shall (unless otherwise resolved by the Company) at their own expense have the right, by written requisition to the Company: (a) to require notice of any resolution which may properly be moved and is intended to be moved at the next annual general meeting to be given to Shareholders; and/or (b) to request for circulation to Shareholders any statement of not more than one thousand (1000) words with respect to the matter referred to in any proposed resolution or the business to be dealt with at any general meeting.
2. The requisition must be signed by the requisitionists in a single document or in separate copies prepared for the purpose. A copy of the signed requisition, accompanied by a sum reasonably sufficient to meet the Company's expenses, must be deposited at the Company's Registered Office: (a) in the case of a requisition requiring notice of a resolution, not less than six (6) weeks before the annual general meeting unless an annual general meeting is called for a date six (6) weeks or less after the copy has been deposited, in which case the copy shall be deemed to have been properly deposited though not deposited within the time required; and (b) in the case of any other requisition, not less than one (1) week before the general meeting. To ensure that the requisition is received by the Company at the earliest opportunity, a copy of the signed requisition may also be deposited at the Company's Principal Place of Business in Hong Kong, marked for the attention of the Board or the company secretary.

## Procedures to Propose a Person for Election as a Director

Detailed information and procedures for Shareholders to propose a person for election as a Director are set out in the Company's website [www.planetreeintl.com](http://www.planetreeintl.com).

## Communication with Shareholders

The Board recognises the importance of good communications with Shareholders and the investment community, and the value of providing current and relevant information in a timely and appropriate manner. The Board has formulated the Shareholder Communication Policy, aiming to ensure Shareholders and investment community are provided with ready, equal and timely access to current and relevant information of the Company, in order to enable the Shareholders to have a better understanding on the financial and business operation of the Company, as well as to exercise their rights in a timely and informed manner. In addition, the Board has adopted the Inside Information Policy which sets out a guideline for identifying, assessing and broadly disseminating inside information of the Group to the public in a timely and equal manner in accordance with the Listing Rules, laws and regulations applicable to the Company. In compliance with Code Provision F.1.1 of the Corporate Governance Code, the Board adopted the Dividend Policy which aims to maximise interests of Shareholders and at the same time, maintains a strong balance sheet for investment opportunities and sustainable development of the Group in the future. The Board will review these policies regularly to ensure their effectiveness.

# CORPORATE GOVERNANCE REPORT

The Board endeavors to maintain an on-going dialogue with Shareholders, general meetings of the Company provide the best opportunity for communication between the Board and Shareholders. Shareholders are encouraged to participate in general meetings or, if they are unable to attend meetings, to appoint proxies to attend and vote at the meetings on their behalf. At the annual general meeting held on 19 June 2024, a separate resolution was proposed by the chairman in respect of each substantially separate issue. The Company complied with the required notice periods for general meetings under the applicable laws, rules and regulations. The chairman of the Board, the chairman of the Audit Committee, Remuneration Committee and Nomination Committee, and representative from the external auditors attended the aforesaid annual general meeting to answer questions of Shareholders. Poll voting has been used for passing all resolutions at annual general meetings since 29 April 2005. Details of the poll voting procedures are clearly explained at the commencement of the meetings. The poll results are posted on the websites of the Company and the Stock Exchange on the same day of the poll.

In addition, information may also be communicated to Shareholders and the investment community through the following methods:

1. periodic disclosure through financial reports of the Company, including but not limited to interim and annual reports, financial statements, results announcement etc;
2. disclosure of information through circulars, announcements, notice of meetings and any other special notices whenever and wherever necessary in accordance with the Listing Rules;
3. the Company's website at <http://www.planetreeintl.com> and the Stock Exchange's website at [www.hkex.com.hk](http://www.hkex.com.hk); and
4. Shareholders may put enquires to the Board either by email at [investors@planetreeintl.com](mailto:investors@planetreeintl.com) or by sending letters to the Company's Principal Place of Business in Hong Kong at 23/F, China United Centre, 28 Marble Road, North Point, Hong Kong.

The Company has reviewed the implementation and effectiveness of the Shareholder Communication Policy during the Year and with reference to the Shareholders' participation and feedbacks in the meetings, the Company considered the Shareholders' Communication Policy described above effective during the Year.

## INVESTOR RELATIONS

A special resolution for the proposed amendments to the Bye-laws of the Company was duly passed at the annual general meeting held on 19 June 2024. The amended Bye-laws of the Company are in line with the amendments implemented in the Listing Rules and the laws of Bermuda. Details of the amendments were set out in the circular of the Company dated 29 April 2024. A copy of the Company's latest constitutional documents is available on both the websites of the Company and the Stock Exchange's website at [www.hkex.com.hk](http://www.hkex.com.hk).

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Board is pleased to present the Environmental, Social and Governance Report (the “ESG Report”) which is made in accordance with the Environmental, Social and Governance Reporting Guide under Appendix C2 to the Listing Rules. The information disclosed in the ESG Report is derived from the internal statistics, results and analyses of the Group’s internal management systems.

## 1. SUSTAINABILITY APPROACH AND STRATEGY

The Board is committed to the long-term sustainable development of environmental, social and governance (“ESG”) practice and its reporting. The Board recognises the importance of ESG factors and aims to manage ESG issues and their associated risks and adhere to a high standard business practice in maintaining environmental and social sustainability. In addition, the Board is committed to engaging ESG considerations as an integral part of business operations of the Group and strives to continually improve our environmental performance in line with Corporate Governance Code, environmental protection laws, applicable rules and regulations. The Group will further enhance ESG management by actively participating in community engagement and ensuring our business development will take into consideration the communities’ interests.

## 2. THE ESG POLICY

In furtherance of this commitment, the Board adopted the ESG Policy of the Group (the “ESG Policy”) on 6 June 2016 aiming to set out guidelines and framework for the Group to handle ESG issues associated with the business operation and investment of the Group. The ESG Policy applies to all Directors, management and employees throughout the Group and all employees have a duty to uphold the standards established in the ESG Policy, which enable the Group to achieve a high standard of business ethics, governance and integrity.

## 3. SCOPE OF REPORT AND PERIOD

The ESG Report covers the core businesses of the Group in Hong Kong (the “Core Businesses”) including: (i) financial services operations licensed under SFO licences; (ii) credit and lending services operations licensed under MLO licences; (iii) other financial services; (iv) property investment and leasing; and (v) tactical and strategic investment. In view of the business nature of the Group, we are not aware of any environmental laws and regulations that would have a significant impact on the Group. The ESG Report disclosed information on the Group’s ESG Policy and performance, management approach, strategy, priorities and objectives during the year from 1 January 2024 to 31 December 2024 (the “Reporting Period” or “FY2024”). Unless otherwise specified, the data include the following subsidiaries and the scope of the ESG Report remains the same as that in the previous years.

## 4. REPORTING PRINCIPLES

- **Materiality** – Materiality assessment was conducted to diagnose material issues during the Reporting Period. Materiality of issues was reviewed by the board of directors (the “Board”) of the Group and senior management of the Group.
- **Quantitative** – The standards and methodologies used in the calculation of relevant data, as well as the assumptions used were disclosed in this ESG Report.
- **Consistency** – The preparation of this ESG Report was substantially consistent with the previous year. Explanations were provided regarding data with changes in the scope of disclosure and calculation methodologies.
- **Completeness** – Covered the relevant scope and information for material topics, for readers of this ESG report to have a good understanding of the Group’s sustainability performance during the Reporting Period.

To ensure the quality of the content in this ESG Report, we observed the principles of balance, comparability, accuracy, timeliness, clarity and reliability. The data has been obtained from reports generated from our internal systems and we have relied on internal data monitoring and verification to ensure its accuracy. The ESG data and information are reported in good faith and have not been verified by an independent third party.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## 5. STAKEHOLDER ENGAGEMENT

The Group's main stakeholder engagement in ESG promotion includes employees, shareholders, local communities, investors and regulators. The Group shall ensure the communication of the ESG Policy, management strategy and approach of the Group in environmental protection to our stakeholders through different channels including annual general meeting, the Group's website and regular seminars to employees, etc.

## 6. BOARD STATEMENT AND GOVERNANCE STRUCTURE

The Board is responsible for formulating ESG strategy and reporting, evaluating and determining the Group's ESG related risks, and ensuring that appropriate and effective ESG risk management and internal control systems are in place. Management is responsible for assisting the Board in discharging the above duties and responsibilities, implementing the ESG Policy, and providing confirmation to the Board on the effectiveness of ESG risk management and internal control systems. Management will, where appropriate, delegate ESG responsibilities to officers and managers at departmental levels, or instruct external professionals in the identification and management of its risks and opportunities.

## 7. MATERIALITY ASSESSMENT

The Group has adopted the principle of materiality in the ESG reporting by understanding the key ESG issues that are important to the business of the Group. During FY2024, the Group undertook its annual materiality assessment exercise. The objective of materiality assessment is to identify ESG topics that are material and relevant to the Group's operation. This involved conducting interviews and/or surveys with internal and external stakeholders to identify the most significant environmental and social impacts on its business. To identify potential material topics for disclosure in the ESG Report, we took reference to the ESG Reporting Guide and set possible topics for assessment. According to the results of the materiality assessment, the items below demonstrated the ESG topics with high materiality to the Group, including:

### Key ESG Topics

- 1 Employee remuneration, benefits and rights
- 2 Environmental risks and social risks of the suppliers
- 3 Marketing communications
- 4 Community support
- 5 Energy use
- 6 Hazardous waste production
- 7 Air emissions
- 8 Customer satisfaction
- 9 Number of concluded legal cases regarding corrupt practices
- 10 Occupational health and safety

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## 8. REPORT ON ENVIRONMENTAL ASPECTS

### A.1 Emissions

The Group complied with the ESG Policy, Corporate Governance Code, environmental protection laws and all the applicable laws and regulations that have a significant impact on the Group relating to air and greenhouse gas (“GHG”) emission, discharges into water and land, and/or generation of hazardous and non-hazardous waste.

During the Reporting Period, the Group has no nitrogen oxides, sulphur dioxide, particulate matter, and other air pollutants emissions because the Group has no gaseous fuel consumption and emission from vehicles.

The Group has emitted 50.6 tonnes of GHG, with an intensity of 1.53 tonnes per employee during the reporting period. The emission mainly came from electricity consumption in office (Scope 2). There is zero GHG emission for Scope 1, because the Group has rare combustion activities from stationary and/or mobile combustion sources during the reporting period.

The Group aims to achieve 45% reduction of GHG emission by 2030 from a base year of 2021 (scope 1, 2 & 3).

The Group did not generate any hazardous waste during its business operation for the Core Businesses and has very insignificant amount of non-hazardous waste, which most of them are domestic waste generated in office area and are unmeasurable.

The Group aims to achieve 50% reduction of non-hazardous wastes by 2030 from a base year of 2021.

The operation of the Core Businesses does not have significant impact on the environment and the Group has taken the following steps to closely monitor and manage the environmental effect of the operations of the business:

- 1.1 Environmental or green procurement-related materials have been distributed to employees to enhance their awareness on ESG issues. Actively encourage employees to cherish our environment and embrace green products, foster low carbon office and green working environment, whenever practicable;
- 1.2 The Group plans switching to power saving devices such as compact fluorescent lamps and inverter air-conditioner. The indoor temperature and running time of air-conditioning system are controlled to reduce energy consumption and carbon emissions;
- 1.3 Teleconference or internet-meeting is encouraged to avoid unnecessary business travel;
- 1.4 The most effective way to reduce the amount of waste is to reduce at source. To reduce the amount of paper waste generated, the Group applies duplex printing instead of single-sided printing. They also encourage their employees to reuse the clean side of used paper. Moreover, the Group will select and purchase goods with eco-friendly packaging; and
- 1.5 The non-hazardous waste will be divided into recyclable or non-recyclable waste and handled in an environmentally responsible manner in line with the applicable environmental protection laws and regulations whenever practicable.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## A.2 Use of Resources

Due to the Group's business nature, the energy, power and water utilisation is relatively low and only restricted to workplace.

During the Reporting Period, the Group has consumed a total of 70,360.0 kWh of electricity, which is a sum up of its two offices in Hong Kong. In average, 2,132.1 kWh of energy is being consumed per employee. The Group aims to achieve 20% decrease in energy use per person by year 2030 from the base year of 2021.

In terms of water consumption, the two offices of the Group consumed zero cubic meter (m<sup>3</sup>) of water during the reporting period. The Group aims to achieve 10% decrease in water consumption by year 2030 from the base year of 2021.

Furthermore, due to the business nature of the Group, the Group has used no packaging material during the Reporting Period.

In order to achieve the goals set and committed to conserve natural resources, the Group has adopted green office practices to reduce natural resources consumption which included the followings:

- 2.1 The Group strives to minimise environmental impact by encouraging employees to conserve resources by reducing energy consumption and water usage, and exploring energy use efficiency initiatives or alternatives, whenever practicable;
- 2.2 The Group encourages employees to handle documents electronically. When the use of paper is required, employees are encouraged to print documents in double-sided papers and black-and-white to conserve printer ink;
- 2.3 The Group used wood-free FSC certified paper in printing of its interim and annual reports since 2016;
- 2.4 Recycle bins are placed in the office to encourage employees to use recycle office supplies whenever practicable; and
- 2.5 Office electrical appliances were set in standby mode whenever practicable and will shut down after office hours to avoid unnecessary electricity consumption.

## A.3 The Environment and Natural Resources

The Group shall ensure compliance with all applicable environmental related legislations and regulations. Notwithstanding the Core Businesses have remote impact on the environment and natural resources, the Board is still committed to give careful consideration to identify whether the Group's performances in respect of emissions, waste production and disposal, and use of resources have imposed negative impacts on the environment. The Group also takes initiative measures and actions to manage and minimise these impacts whenever practicable in order to achieve a long-term sustainable development of ESG practice.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## A.4 Climate Change

Climate change and global warming are the major environmental concerns in the world. Despite having no significant impact on the Group's businesses, the Group still strives to put forward environmental conservation and raise the environmental awareness of the employees.

Since the Group have been engaged in the Core Businesses which are office-based, climate change does not have significant impacts on the business directly. With a higher temperature in the future, the Group may need to allocate more spending on indoor cooling.

Employees are not recommended to go to work since the road conditions are not favourable and their safety are seriously being threatened under bad weather conditions. Hence, the Group may experience productivity loss due to increased extreme weather, like typhoons and heavy rain. The Group will review the existing measures for adverse weather conditions from time to time and ensure the safety of the employees.

## 9. REPORT ON SOCIAL ASPECT

### B.1 Employment and Labour Practices

Employees are regarded as the greatest value of the Group. The Group adheres to a fair and open recruitment of staff and provides protection of rights and interests for employees. The Group's Remuneration Policy is to ensure fair and competitive packages based on business needs and industry practice. The Group aims to provide incentives to Directors, senior management and employees to allow them to perform at their highest potential as well as to attract, retain and motivate the talents and professionals. Remuneration will be determined by taking into consideration factors such as market and economic situation, inflation, employment conditions elsewhere in the Group and salaries paid by comparable companies. In addition, performance-based assessment such as individual's potential and contribution to the Group, time commitment and responsibilities undertaken will all be considered. The Group also provides other staff benefits including MPF, medical insurance, meal allowance and discretionary training subsidy. The Group also operates a discretionary share option scheme to motivate the performance of employees.

The Group complied with the Employment Ordinance (Cap 57 of the Laws of Hong Kong) and all the relevant laws and regulations that have a significant impact on the Group relating to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, and other benefits and welfare for FY2024.

The Group had a total number of 33 employees as at 31 December 2024. All the employee data is from one core operation unit in Hong Kong, so there is no breakdown based on geographical regions.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The employee compositions by gender, employee category, and age group were as follows:

## B.2 Health and Safety

The Group is committed to enhancing occupational safety and ensuring that health and safety standards are given prime consideration in the operation of our business. Initiative safety measures have been/will be taken to maintain a safe working environment sufficiently enough in order to protect employees from occupational hazards.

The Group provides a safe, healthy and hygienic working environment to staff with labour protection, reasonable remuneration and various welfares. The Group provides medical insurance covering out-patient, hospitality and annual body check-up for employees. The Group encourages employees to maintain a work-life balance and numerous sports and recreation activities have been/will be conducted through staff club which includes health & nutrition talks, yoga class and outing activities.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group complied with all the relevant laws and regulations that have a significant impact on the Group related to providing a safe working environment and protecting employees from occupational hazards during the Reporting Period.

During the past three years, the Group did not record any work-related injury or fatality of employees, nor any lost days due to work injury.

## B.3 Development and Training

The Group acknowledges the importance of continuous training of employees and has in place a comprehensive training scheme and program to enhance professional ethics and product knowledge of employees. The Group has periodically arranged seminars, briefings or trainings on regulatory updates or industry practices related to the business needs of the Group and encouraged Directors and employees to attend at the Group's expenses. In addition, the Group has provided/will provide training subsidy to employees attending job-related training courses.

## B.4 Labour Standards

The Group is committed to preventing and effectively eliminating all forms of child and forced labour. In case any irregularities in ages, identities and/or validities of employment status were found, employment will be terminated immediately, and the Group will report the incident to relevant authorities. The Group has complied with all the relevant laws and regulations that have a significant impact on the Group relating to preventing child and forced labour during the Reporting Period.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## B.5 Supply Chain Management

Due to the Group's business nature, there are no major suppliers during the Reporting Period. Even if there is any, the Group's business operation may not directly cause significant negative environmental and social impacts to our suppliers. However, the Group shall ensure the communication of the ESG Policy and management's strategy and approach in environmental protection to our stakeholders including suppliers and employees for the purpose of managing potential environmental and social risks of the supply chain.

To integrate the environmental vision into the procurement of office supplies, the Group have a green procurement policy (i.e., reusable, repairable and durable) and make a conscious effort to not be wasteful when using or ordering supplies. With this in mind, we have purchased refillable pens, environment-friendly paper and refillable potable water. The Group give priority to the suppliers who are environmentally friendly and socially responsible to promote and support environmentally preferable products and services in supply chain. To minimise the carbon emission, suppliers engaged by the Group are local suppliers.

## B.6 Product Responsibility

The Group shall ensure compliance with relevant laws and regulations that have a significant impact on the Group relating to health and safety, advertising, labelling, and privacy matters relating to services provided and methods of redress. The Group aims to incorporate ESG considerations in our business operation and investment decisions.

Given the nature of its business, the Group did not sell or ship any products and did not receive any products and service-related complaints during FY2024.

The Group is committed to protect intellectual property rights and not to infringe any third-party interests. We protect intellectual property rights by ensuring licensed software is used for our business operations.

The Group is not aware of any material non-compliance with the Personal Data (Privacy) Ordinance and other applicable laws and regulations that have a significant impact relating to privacy matters regarding products and services provided by the Group in FY2024. No significant fines had been reported in FY2024.

## B.7 Anti-corruption

The Group's anti-bribery and anti-corruption practices are governed by the Code of Conduct of the Group which provides clear guidelines for employees to work in an ethical and socially responsible manner. The Group has adopted the "Policy for Employees Raising Concerns about Possible Improprieties in Financial Reporting, Internal Control or Other Matters" which allows employees to voice out their concerns in confidence without fear of victimisation, subsequent discrimination or disadvantage. The Group complied with relevant laws and regulations that have a significant impact on the Group relating to bribery, extortion, fraud and money laundering, among other things, Prevention of Bribery Ordinance (Cap 201 of the Laws of Hong Kong) during the Reporting Period.

During the Reporting Period, we distributed information materials on anti-corruption to our employees for their review, ensuring they are aware of and understand the importance of maintaining a corruption-free work environment.

During the Reporting Period, no directors and employees obtained or provided benefits to customers, suppliers, or people with business relationship with the Group, no whistleblowing disclosures were received and no litigations relating to matters of bribery, extortion, fraud or money laundering were brought against the Group or our employees.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## B.8 Community Investment

The Group is committed to delivering positive community engagement, particularly understanding the needs of the communities where the Group operates its business and ensuring our business activities and investments shall take into consideration the communities' interests. The Group's community involvement includes the direct or indirect participating and/or contributing to dedicated projects through donations. The Board also recognises ESG practice as a continuous process of improvement and actively carries out environmentally friendly practices whenever appropriate and possible.

The Group pays attention to various social issues including but not limited to anxiety, depression and suicide prevention, and it strives to help create a harmonious community by making donation to charitable organisation supporting these causes. The Group strives to identify latest social issues to make contribution on an on-going commitment basis.

- (a) Subject to sub-paragraphs (b), (c) and (d) below, the total number of shares issued and to be issued upon exercise of all options granted to each Participant under the Share Option Scheme and any other share option schemes of the Company (including those exercised, cancelled and outstanding options) in any 12-month period shall not exceed 1 per cent of the total number of shares in issue.
- (b) Notwithstanding sub-paragraph (a), where any further grant of options to a Participant would result in the shares issued and to be issued upon exercise of all options granted and to be granted to such Participant (including those exercised, cancelled and outstanding options) in the 12-month period up to and including the date of such further grant representing in aggregate over 1 per cent of the total number of shares in issue, such further grant must be separately approved by the Shareholders in general meeting with such Participant and his or her close associates, or his or her associates if the Participant is a connected person of the Company (all within the meaning as ascribed under the Listing Rules), abstaining from voting.
- (c) Each grant of options to a Participant who is a director, chief executive or substantial shareholder of the Company (all within the meaning as ascribed under the Listing Rules) or any of their respective associates, must be approved by the INEDs (excluding any INED who is a proposed grantee).
- (d) Where the Board proposes to grant any option to a Participant who is a substantial shareholder or an INEDs, or any of their respective associates which would result in the shares issued and to be issued upon exercise of all options already granted and to be granted (including options exercised, cancelled and outstanding) to the Participant under the Share Option Scheme and any other share option schemes of the Company in the 12-month period up to and including the date of such grant:
- (i) representing in aggregate more than 0.1 per cent of the total number of shares in issue; and

## REPORT OF THE DIRECTORS

- (ii) having an aggregate value, based on the closing price of the shares at the date of each grant, in excess of HK\$5,000,000,

such proposed grant of options must be approved by the Shareholders in general meeting. The Participant, his or her associates, and all core connected persons (within the meaning as ascribed under the Listing Rules) of the Company shall abstain from voting in favour at such general meeting.

- (5) The period within which the securities must be taken up under an option
- An option may be exercised at any time during a period to be determined and notified by Directors to each grantee, but shall end in any event not later than 10 years from the date of offer of the grant of options subject to the provisions for early termination set out in the Share Option Scheme.
- (6) The minimum period for which an option must be held before it can be exercised
- There is no minimum period for which an option granted must be held before it can be exercised except otherwise imposed by Directors.
- (7) Amount payable on acceptance of the option and the period within which such payment must be made
- The offer of a grant of share options may be accepted with a consideration of HK\$1.00 being payable by the grantee.
- (8) The basis of determining the exercise price
- The exercise price shall be a price solely determined by the Board and shall not be less than the highest of:
- (i) the closing price of the shares as stated in the Stock Exchange's daily quotation sheet on the date of grant of the option which must be a Business Day;
  - (ii) the average closing price of the shares as stated in the Stock Exchange's daily quotation sheets for the 5 consecutive business days immediately preceding the date of grant of the option; and
  - (iii) the nominal value of a Share on the date of grant of the option.
- Without prejudice to the generality of the foregoing and subject to the Listing Rules, the Board may grant the options in respect of which the exercise price is fixed at different prices for different periods during the option period.
- (9) The remaining life of the Share Option Scheme
- The Share Option Scheme remains in force until 20 May 2025.

There were no share options granted during the Year and there were no outstanding share options as at 31 December 2024.

# REPORT OF THE DIRECTORS

## SHARE AWARD SCHEME

The Company adopted a share award scheme on 8 May 2020 (the “**Share Award Scheme**”) which has a term of 10 years and will expire on 8 May 2030.

From 1 January 2023, the Company has relied on the transitional arrangements provided for the existing Share Award Scheme and has complied with the new Chapter 17 accordingly (effective from 1 January 2023).

The specific objectives of the Share Award Scheme are:

- (i) to recognise the contributions by the selected grantees and to provide them with incentives in order to retain them for the continual operation and development of the Group, particularly in respect of its existing financial services business; and
- (ii) to enhance the Group’s competitiveness in attracting and/or retaining suitable personnel or professionals who are capable of making contributions to the growth and development of the Group, particularly in respect of its principal business in financial services.

The maximum number of awarded shares that may be issued pursuant to the Share Award Scheme would be 10% of the issued share capital of the Company at the date of adoption of the Share Award Scheme (the “**Share Award Scheme Mandate Limit**”), being 93,052,767 shares of the Company. Subject to the Share Award Scheme Mandate Limit, the maximum number of awarded shares that may be granted in any financial year would be 3% of the issued shares of the Company (the “**Annual Limit**”). The Annual Limit is the maximum number of awarded shares which can be issued from the date of general meeting of the Company approving the Annual Limit to the earliest of (a) the conclusion of the next annual general meeting of the Company; (b) the expiration of the period within which the next annual general meeting of the Company is required by its bye-laws or any applicable law to be held; and (c) the revocation or variation of the approval by members of the Company in general meeting. The Annual Limit may be refreshed by Shareholders so that the Annual Limit refreshed shall not exceed 3% of the issued share capital of the Company as at the date of the general meeting approving such refreshment. The maximum aggregate number of the awarded shares which may be granted to a selected grantee under the Share Award Scheme shall not exceed 1% of the issued share capital of the Company from time to time.

At the beginning of the Year, the maximum number of awarded shares that may be granted under the Share Award Scheme were 28,365,830, representing 3% of the total issued shares of the Company on that date. The Annual Limit had not been refreshed by the Company at the annual general meeting held on 28 June 2023, thus no awarded share is available for grant under the Share Award Scheme at the end of the Year and at the date of this annual report. The Company may not grant any awarded share until the adoption of a new share award scheme is approved by the shareholders of the Company at a general meeting. No service provider sublimit was set under the Share Award Scheme.

During the Year, no share award was granted, vested, cancelled or lapsed under the Share Award Scheme to any Directors or other grantees and there were no unvested awarded shares granted under the Share Award Scheme at the beginning and at the end of the Year. On 26 March 2025, the Board resolved to terminate the Share Award Scheme in accordance with the terms of the Share Award Scheme. Such early termination shall not affect any subsisting rights of selected grantees as no awards remain unvested or which have vested but not yet been issued to a selected grantee immediately prior to termination. Upon early termination of the Share Award Scheme on 26 March 2025, apart from the Share Option Scheme, the Company or any of its principal subsidiaries have no other scheme involving issue of new shares as at 31 December 2024 and at the date of this annual report.

Further details of Share Award Scheme are set out in note 29 of the Notes to the Consolidated Financial Statements.

## OPINION

We have audited the consolidated financial statements of Planetree International Development Limited (the “Company”) and its subsidiaries (together the “Group”) set out on pages 69 to 158, which comprise the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Group as at 31 December 2024, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and have been properly prepared in compliance with the disclosure requirements of Hong Kong Companies Ordinance.

## BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSA”) issued by the HKICPA. Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters.

## KEY AUDIT MATTERS (CONTINUED)

### Key Audit Matters

### How our audit addressed the key audit matters

#### ***Loss allowance for expected credit loss ("ECL") on loan and interest receivables from credit and lending business***

We identified the loss allowance for ECL on loan and interest receivables from credit and lending business as a key audit matter due to the application of significant judgement by the management in evaluating the recoverability and creditworthiness of the borrowers.

Management assessed the impairment losses on loan and interest receivables with reference to valuations carried out by an independent professional valuer engaged by the Group, based on probability-weighted estimate of credit losses over the expected life of these receivables and whether there are any events or changes in circumstances indicate a detrimental impact on the estimated future cash flows of these balances.

In particular, as detailed in note 34 to the consolidated financial statements, the Group has concentration of credit risk as the exposure of the largest borrower and the five largest borrowers represents 10% and 40% of the total loans to credit and lending borrowers as at 31 December 2024 respectively. As any impairment of such receivables will have a significant impact on the Group's financial position and financial performance, we consider impairment assessment of such receivables as a key audit matter.

The carrying value of the loan and interest receivables from credit and lending business was approximately HK\$181,313,000 as at 31 December 2024, in respect of which loss allowance for ECL of HK\$985,000 has been made. Further details are set out in notes 4, 20 and 34 to the consolidated financial statements.

Our key audit procedures in relation to management's recoverability assessment of loan and interest receivables from credit and lending business included:

- Understanding the established policies and procedures on credit risk management of loan and interest receivables from credit and lending business;
- Assessing and evaluating the design and implementation of controls with respect to the identification of overdue or default receivables;
- Assessing, on a sample basis, management's judgement over the ECL assessment and creditworthiness of the borrowers by assessing the available information, such as background information of the borrowers, market value of securities collateral, past collection history of borrowers, concentration risk of borrowers, the Group's actual loss experience, forward-looking information and subsequent settlement of the loan and interest receivables;
- Assessing the competence, capabilities and objectivity of independent professional valuer who assisted the management to determine the ECL; and
- Challenging the judgements and estimates made by management and independent professional valuer regarding the factors considered during ECL assessment.

#### *Valuation of investment properties*

As at 31 December 2024, the Group's investment properties amounted to HK\$407,500,000, which were measured at fair value. The fair values of the investment properties as at 31 December 2024 were determined based on valuations by an independent professional valuer.

We identified the valuation of investment properties as a key audit matter due to the significance of carrying amount and the application of significant judgement associated with determining the fair value.

Significant estimation is required to determine the fair values of the investment properties, which reflect market conditions at the end of the reporting period. Management engaged independent professional valuer to perform valuations on these investment properties at the end of the reporting period and, in case of the absence of current prices in an active market for similar properties.

Related disclosures are included in notes 4 and 15 to the consolidated financial statements.

Our key audit procedures in relation to the assessment of the valuations of investment properties included:

- Understanding and assessing the design and implementation of the internal controls over the processes of fair value assessment;
- Obtaining and reviewing the valuation reports prepared by the independent professional valuer engaged by the Group;
- Assessing the competence, capabilities and objectivity of independent professional valuer who assisted the management to determine the valuations of investment properties;
- Discussing with the independent professional valuer to understand the valuation methodologies, the performance of the property market, and assessing the significant assumptions adopted and critical judgements of unobservable inputs used in the valuation of investment properties; and
- Challenging the judgements and estimates made by management and independent professional valuer regarding the factors considered during the valuation of investment properties.

#### ***Loss allowance for ECL on trade receivables from margin clients arising from the business of securities brokerage***

At 31 December 2024, the trade receivables from margin clients arising from the business of securities brokerage amounted to approximately HK\$534,463,000, net of loss allowance for ECL of approximately HK\$36,905,000.

Management assessed the provision for ECL of trade receivables from margin clients based on various inputs such as credit quality of clients, the collateral to margin receivables balance ratio, amount of shortfall of margin clients and pledged listed securities and forward-looking factors that are specific to the debtors and general economic conditions of the industry analysis.

We considered this matter to be a key audit matter due to the significance of the balance and the significant judgement in determining ECL on the trade receivables from margin clients.

Further details are set out in notes 4, 20 and 34 to the consolidated financial statements.

Our key audit procedures in relation to management's recoverability assessment of trade receivables from margin clients arising from the business of dealing in securities margin financing included:

- Understanding the established policies and procedures on credit risk management of trade receivables from margin clients;
- Assessing and evaluating the design and implementation of internal controls over the approval, recording and monitoring of trade receivables from margin clients and collateral shortfalls, the process for identification of impaired trade receivables from margin clients and the measurement of the ECL;
- Assessing and challenging management's judgement and estimates over the ECL assessment and considering the relevance and reasonableness of method adopted and key assumptions over the ECL assessment, and the relevance and accuracy of the source data used in the assessment;
- Checking, on a sample basis, the existence and accuracy of the recoverable amount of the securities collateral, to supporting documents and with reference to closing market price adjusted for forward-looking factors that are specific to the debtors, securities collateral and general stock market conditions; and
- Assessing the appropriateness over ECL recognised with respect to the above shortfall, after taking into account other factors such as credit worthiness of the margin clients, past collection history and repayment subsequent to reporting period.

## OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the Company's 2024 annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda (as amended), and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

# INDEPENDENT AUDITOR'S REPORT

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

# INDEPENDENT AUDITOR'S REPORT

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law and regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Notes:

- (i) Share premium represents the excess of the net proceeds or consideration from issuance of the Company's shares over their par value. The application of the share premium account is governed by Section 46(2) of the Companies Act 1981 of Bermuda (as amended).
- (ii) Contribution surplus represented the excess of the net asset values of the subsidiaries acquired over the nominal value of the Company's shares issued for their acquisitions at the time of the reorganisation in preparation for the listing of the Company's shares in 1993. Under the Bermuda Companies Act 1981 (as amended from time to time), the contributed surplus may be distributed to shareholders under certain circumstances.
- (iii) The property revaluation reserves comprise the net changes in fair value arising on the revaluation of properties held for own use upon transfer to investment properties.
- (iv) Investments revaluation reserve (non-recycling) comprises the accumulated net change in the fair value of Designated FVOCI that have been recognised in other comprehensive income, net of the amounts reclassified to retained earnings when those investments are disposed of.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 December 2024

## 1. GENERAL

Planetree International Development Limited (the “Company”) is a limited liability company incorporated in Bermuda as an exempted company and its shares are listed on Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The address of the registered office and principal place of business of the Company are disclosed in the corporate information section to the 2024 annual report of the Company.

The Company and its subsidiaries (collectively, the “Group”) is principally engaged in (i) financial services with operations licensed under the Securities and Futures Ordinance (“SFO”), (ii) credit and lending services with operations under the Money Lenders Ordinance (the “MLO”), (iii) other financial services, (iv) property investment and leasing, and (v) tactical and strategic investment.

The consolidated financial statements are presented in Hong Kong dollars, which is also the functional currency of the Company. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

## 2. PRINCIPAL ACCOUNTING POLICIES

### **Basis of preparation**

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”), which collective term includes all applicable HKFRSs, Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. The consolidated financial statements also comply with the applicable disclosure requirements of the Rules Governing the Listing of Securities on the Stock Exchange (the “Listing Rules”).

The consolidated financial statements have been prepared on a basis consistent with the accounting policies adopted in the consolidated financial statements for the year ended 31 December 2023 except for the adoption of the following new/revised HKFRSs that are relevant to the Group and effective from the current year.

### ***Adoption of new/revised HKFRSs***

#### ***Amendments to HKAS 1: Classification of Liabilities as Current or Non-current***

The amendments aim to promote consistency in applying the requirements by helping companies determine whether, in the statement of financial position, debt and other liabilities with an uncertain settlement date should be classified as current (due or potentially due to be settled within one year) or non-current. The amendments include clarifying the classification requirements for debt a company might settle by converting it into equity.

The adoption of the amendments does not have any significant impact on the consolidated financial statements.

#### ***Amendments to HKAS 1: Non-current Liabilities with Covenants***

The amendments specify that covenants to be complied with after the reporting date do not affect the classification of debt as current or non-current at the reporting date. Instead, the amendments require a company to disclose information about these covenants in the notes to the consolidated financial statements.

The adoption of the amendments does not have any significant impact on the consolidated financial statements.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES *(continued)*

### *Adoption of new/revised HKFRSs (continued)*

#### *Amendments to HK Interpretation 5: Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause*

This interpretation is revised as a consequence of Amendments to HKAS 1 Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants to align the corresponding wordings with no change in conclusion.

The adoption of the amendments does not have any significant impact on the consolidated financial statements.

### **Basis of measurement**

The measurement basis used in the preparation of these consolidated financial statements is historical cost, except for investment properties, Designated FVOCI and financial assets at FVPL, which are measured at fair values as explained in the accounting policies set out below.

### **Basis of consolidation**

The consolidated financial statements comprise the financial statements of the Company and all of its subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting year as that of the Company using consistent accounting policies.

All intra-group balance, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated in full. The results of subsidiaries are consolidated from the date on which the Group obtains control and continue to be consolidated until the date that such control ceases.

Non-controlling interests are presented, separately from owners of the Company, in the consolidated statement of profit or loss and other comprehensive income and within equity in the consolidated statement of financial position. The non-controlling interests in the acquiree, that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in event of liquidation, are measured initially either at fair value or at the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets. This choice of measurement basis is made on an acquisition-by-acquisition basis.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to the owners of the Company and the non-controlling interest even if this results in the non-controlling interest having a deficit balance.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES *(continued)*

### **Basis of consolidation *(continued)***

#### ***Changes in ownership interest***

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest determined at the date when control is lost and (ii) the carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests at the date when control is lost. The amounts previously recognised in other comprehensive income in relation to the disposed subsidiary are accounted for on the same basis as would be required if the parent had directly disposed of the related assets or liabilities. Any investment retained in the former subsidiary and any amounts owed by or to the former subsidiary are accounted for as a financial asset, associate, joint venture or others as appropriate from the date when control is lost.

#### **Subsidiaries**

A subsidiary is an entity that is controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control.

In the Company's statement of financial position which is presented in note 38 to the consolidated financial statements, investments in subsidiaries are stated at cost less accumulated impairment losses. The carrying amount of the investments is reduced to its recoverable amount on an individual basis, if it is higher than the recoverable amount. The results of subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES *(continued)*

### Associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies.

The Group's investment in associate is accounted for under the equity method of accounting, except when the investment or a portion thereof is classified as held for sale. Under the equity method, the investment is initially recorded at cost and adjusted thereafter for the post-acquisition changes in the Group's share of the investee's net assets and any impairment loss relating to the investment. Except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee, the Group discontinues recognising its share of further losses when the Group's share of losses of the investee equals or exceeds the carrying amount of its interest in the investee, which includes any long term interests that, in substance, form part of the Group's net investment in the investee.

Goodwill arising on acquisition of an associate is measured as the excess of the cost of investment over the Group's share of the net fair value of the identifiable assets and liabilities of the acquired associate. Such goodwill is included in interests in associates. On the other hand, any excess of the Group's share of its net fair value of identifiable assets and liabilities over the cost of investment is recognised immediately in profit or loss as an income.

Unrealised profits and losses resulting from transactions between the Group and its associate are eliminated to the extent of the Group's interest in the investees, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

### Property and equipment

Property and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the year in which they are incurred.

Depreciation is provided to write off the cost less accumulated impairment losses of property and equipment over their estimated useful lives from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method, at the following rates per annum:

Leasehold improvements	Over the shorter of the lease terms and 20%
Furniture and fixtures	20%
Office equipment	20%
Yacht	10%

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES *(continued)*

### **Property and equipment *(continued)***

An item of equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year in which the item is derecognised.

If a property occupied by the Group as an owner-occupied property becomes an investment property measured at fair value, the Group accounts for such property in accordance with the policy stated under "Property and equipment" up to the date of change in use, and any difference at that date between the carrying amount and the fair value of the property is accounted for as a revaluation surplus or deficit. The revaluation surplus is recognised in profit or loss to the extent of impairment loss previously recognised in profit or loss, with the remaining surplus recognised in other comprehensive income as property revaluation reserves within equity. The revaluation deficit is recognised in other comprehensive income to reduce the property revaluation reserves to the extent of the amount previously recognised in property revaluation reserves, with the remaining deficit recognised in profit or loss.

The property revaluation reserves are derecognised upon the disposal of investment property.

### **Investment properties**

Investment properties are buildings that are held by owner or lessee, to earn rental income and/or for capital appreciation. These include properties held for a currently undetermined future use.

Investment properties are stated at fair value at the end of the reporting period. Any gain or loss arising from a change in fair value is recognised in profit or loss. The fair value of investment property is based on a valuation by an independent valuer who holds a recognised professional qualification and has recent experience in the location and category of property being valued. The fair value is based on market value, being the estimated amount for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties have each acted knowledgeably, prudently and without compulsion.

An Investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year in which the item is derecognised.

## 2. PRINCIPAL ACCOUNTING POLICIES *(continued)*

### Intangible assets

#### *Trading rights and licenses*

The amount represented trading rights that confer eligibility on the Group to trade on the Stock Exchange and The Hong Kong Futures Exchange Limited. The trading rights and licenses have no foreseeable limit to the period over which the Group can use to generate cash flows. As a result, the trading rights are considered by the management of the Group as having indefinite useful lives because they are expected to contribute to net cash inflows indefinitely. The trading rights will not be amortised until its useful life is determined to be finite.

#### *Country club membership*

The useful lives of country club membership is assessed to be indefinite. Club membership with indefinite useful life is tested for impairment annually either individually or at the cash-generating unit level. Such intangible asset is not amortised. The useful life of club membership with indefinite life is reviewed annually to determine whether the indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

#### *Golf club membership*

The useful lives of membership of golf club is assessed to be definite. Membership with finite life is subsequently amortised over the useful economic life of 10 years and assessed for impairment whenever there is an indication that the membership may be impaired. The amortisation period and the amortisation method for membership with a finite useful life are reviewed at least at each financial year end.

### Financial instruments

#### *Financial assets*

##### *Recognition and derecognition*

Financial assets are recognised when and only when the Group becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Group's contractual rights to future cash flows from the financial asset expire or (ii) the Group transfers the financial asset and either (a) it transfers substantially all the risks and rewards of ownership of the financial asset, or (b) it neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset.

If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises the financial asset to the extent of its continuing involvement and an associated liability for amounts it may have to pay.

##### *Classification and measurement*

Financial assets (except for trade receivables without a significant financing component which are initially measured at their transaction price) are initially recognised at their fair value plus, in the case of financial assets not carried at FVPL, transaction costs that are directly attributable to the acquisition of the financial assets.

On initial recognition, a financial asset is classified as (i) measured at amortised cost; (ii) Designated FVOCI; or (iii) measured at FVPL.

#### Financial assets *(continued)*

##### Classification and measurement *(continued)*

The classification of financial assets at initial recognition depends on the Group's business model for managing the financial assets and the financial asset's contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting period following the change in the business model.

Derivatives embedded in a hybrid contract in which a host is an asset within the scope of HKFRS 9 are not separated from the host. Instead, the entire hybrid contract is assessed for classification.

- 1) Financial assets measured at amortised cost  
A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVPL:
  - (i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
  - (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Group's financial assets at amortised cost include trade, loan and other receivables, other assets, bank balances – trust and segregated accounts and bank balances and cash.

- 2) Designated FVOCI  
Upon initial recognition, the Group may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 applies in other comprehensive income. The classification is determined on an instrument-by-instrument basis.

These equity investments are subsequently measured at fair value and are not subject to impairment. Dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other gains or losses are recognised in other comprehensive income and shall not be subsequently reclassified to profit or loss. Upon derecognition, the cumulative gain or loss is transferred directly to accumulated profits or losses.

The Group's Designated FVOCI include listed equity securities not held for trading.

### Financial instruments *(continued)*

#### Financial assets *(continued)*

##### Classification and measurement *(continued)*

#### 3) Financial assets at FVPL

These investments include financial assets that are not measured at amortised cost or FVOCI, including financial assets held for trading, financial assets designated upon initial recognition as at FVPL, financial assets resulting from a contingent consideration arrangement in a business combination to which HKFRS 3 applies and financial assets that are otherwise required to be measured at FVPL. They are carried at fair value, with any resultant gain and loss recognised in profit or loss, which does not include any dividend or interest earned on the financial assets. Dividend or interest income is presented separately from fair value gain or loss.

A financial asset is classified as held for trading if it is:

- (i) acquired principally for the purpose of selling it in the near term;
- (ii) part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking on initial recognition; or
- (iii) a derivative that is not a financial guarantee contract or not a designated and effective hedging instrument.

Financial assets are designated at initial recognition as at FVPL only if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different bases.

The Group's financial assets mandatorily measured at FVPL include listed and unlisted equity securities.

#### Financial liabilities

##### Recognition and derecognition

Financial liabilities are recognised when and only when the Group becomes a party to the contractual provisions of the instruments.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

##### Classification and measurement

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly attributable to the issue of the financial liabilities.

The Group's financial liabilities include trade and other payables and interest-bearing borrowings. All financial liabilities, except for financial liabilities at FVPL, are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

#### ***Impairment of financial assets and other items under HKFRS 9***

The Group recognises loss allowances for expected credit loss (“ECL”) on financial assets that are measured at amortised cost to which the impairment requirements apply in accordance with HKFRS 9. Except for the specific treatments as detailed below, at each reporting date, the Group measures a loss allowance for a financial asset at an amount equal to the lifetime ECL if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Group measures the loss allowance for that financial asset at an amount equal to 12-month ECL.

#### *Measurement of ECL*

ECL is a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

For financial assets, a credit loss is the present value of the difference between the contractual cash flows that are due to an entity under the contract and the cash flows that the entity expects to receive.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument while 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Where ECL is measured on a collective basis, the financial instruments are grouped based on the following one or more shared credit risk characteristics:

- (i) past due information
- (ii) nature of instrument
- (iii) nature of collateral
- (iv) industry of debtors
- (v) geographical location of debtors

Loss allowance is remeasured at each reporting date to reflect changes in the financial instrument’s credit risk and loss since initial recognition. The resulting changes in the loss allowance are recognised as an impairment gain or loss in profit or loss with a corresponding adjustment to the carrying amount of the financial instrument, except in the case of debt investment measured at FVOCI, the loss allowance is recognised in other comprehensive income and accumulated in the fair value reserve (recycling).

##### *Definition of default*

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Group may not receive the outstanding contractual amounts in full if the financial instrument that meets any of the following criteria.

- (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group); or
- (ii) there is a breach of financial covenants by the counterparty.

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

##### *Assessment of significant increase in credit risk*

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. In particular, the following information is taken into account in the assessment:

- the debtor's failure to make payments of principal or interest on the due dates;
- an actual or expected significant deterioration in the financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- actual or expected changes in the technological, market, economic or legal environment that have or may have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial instrument has increased significantly since initial recognition when contractual payments are more than 30 days past due.

Notwithstanding the foregoing, the Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date.

##### *Simplified approach of ECL*

For trade receivables other than margin clients and loan and interest receivables, the Group applies a simplified approach in calculating ECL. The Group recognises a loss allowance based on lifetime ECL at each reporting date and has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

### Financial instruments *(continued)*

#### *Impairment of financial assets and other items under HKFRS 9 (continued)*

##### *Low credit risk*

A financial instrument is determined to have low credit risk if:

- (i) it has a low risk of default;
- (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

As detailed in note 34 to the consolidated financial statements, bank balances are determined to have low credit risk.

##### *Credit-impaired financial asset*

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower.
- (b) a breach of contract, such as a default or past due event.
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider.
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.
- (e) the disappearance of an active market for that financial asset because of financial difficulties.
- (f) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

##### *Write-off*

The Group writes off a financial asset when the Group has no reasonable expectations of recovering the contractual cash flows on a financial asset in its entirety or a portion thereof. The Group has a policy of writing off the gross carrying amount based on historical experience of recoveries of similar assets. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities under the Group's procedures for recovery of amounts due, taking into account legal advice if appropriate. Any subsequent recovery is recognised in profit or loss.

##### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds, net of direct issue costs.

### **Cash equivalents**

For the purpose of the consolidated statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

### **Revenue recognition**

#### ***Rental income***

Rental income under operating leases is recognised when the assets are let out and on the straight-line basis over the lease term. Variable lease payments that depend on an index or a rate are initially measured using the index or rate at the commencement date and subsequently adjusted when such index or rate changes. Such payments are recognised as income on the straight-line basis over the lease term. Other variable lease payments are recognised as income in the period in which the event or condition that triggers those payments occurs.

#### ***Dividend income***

Dividend income from financial assets is recognised when the Group's rights to receive dividend is established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

### ***Revenue from contracts with customers within HKFRS 15***

#### ***Nature of goods or services***

The nature of the goods or services provided by the Group is securities brokerage, financial, consultancy and corporate financial services.

#### ***Identification of performance obligations***

At contract inception, the Group assesses the goods or services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

A good or service that is promised to a customer is distinct if both of the following criteria are met:

- (a) the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e. the good or service is capable of being distinct); and
- (b) the Group's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the good or service is distinct within the context of the contract).

### Revenue recognition *(continued)*

#### *Revenue from contracts with customers within HKFRS 15 (continued)*

##### *Timing of revenue recognition*

Revenue is recognised when (or as) the Group satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Group transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- (b) the Group's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If a performance obligation is not satisfied over time, the Group satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Group considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

Revenue or income arising commission income for broking business is recorded as income at a point in time on a trade date basis.

Asset management and corporate advisory service income are recognised over time when the relevant services have been rendered.

Financial advisory services income are recognised at a point in time when services are rendered.

For revenue recognised over time under HKFRS 15, provided the outcome of the performance obligation can be reasonably measured, the Group applies the output method (i.e. based on the direct measurements of the value to the customer of the goods or services transferred to date relative to the remaining goods or services promised under the contract) to measure the progress towards complete satisfaction of the performance obligation because the method provides a faithful depiction of the Group's performance and reliable information is available to the Group to apply the method. Otherwise, revenue is recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.

#### Interest income

- Interest income from margin clients is recognised on a time proportion basis, taking into account the principal amounts outstanding and the effective interest rate applicable.
- Other interest income from financial assets is recognised using the effective interest method.

For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

#### Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in the currency of Hong Kong dollars, which is also the Company's functional currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

#### Impairment of non-financial assets other than goodwill

At the end of each reporting period, the Group reviews internal and external sources of information to assess whether there is any indication that its property and equipment, intangible assets and investments in subsidiaries and associates may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. cash-generating unit). In addition, the Group tests its intangible assets that have indefinite useful lives and intangible assets that are not yet available for use for impairment by estimating their recoverable amount on an annual basis and whether there is an indication that those assets may be impaired.

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income in profit or loss immediately.

#### Borrowing costs

Borrowing costs incurred, are recognised as an expense in the period in which they are incurred.

### Leases

The Group assesses whether a contract is, or contains, a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### As lessee

The Group applies the recognition exemption to short-term leases and low-value asset leases. Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Group has elected not to separate non-lease components from lease components, and accounts for each lease component and any associated non-lease components as a single lease component.

The Group accounts for each lease component within a lease contract as a lease separately. The Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component.

Amounts payable by the Group that do not give rise to a separate component are considered to be part of the total consideration that is allocated to the separately identified components of the contract.

The Group recognises a right-of-use asset and a lease liability at the commencement date of the lease.

The right-of-use asset is initially measured at cost, which comprises:

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the Group; and
- (d) an estimate of costs to be incurred by the Group in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. Depreciation is provided on a straight-line basis over the shorter of the lease term and the estimated useful lives of the right-of-use asset (unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or if the cost of the right-of-use asset reflects that the Group will exercise a purchase option – in which case depreciation is provided over the estimated useful life of the underlying asset) as follows:

Office premises	1-2 years
-----------------	-----------

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date of the contract.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES *(continued)*

### *Leases (continued)*

#### *As lessee (continued)*

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset, if any, during the lease term that are not paid at the commencement date:

- (a) fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- (b) variable lease payments that depend on an index or a rate;
- (c) amounts expected to be payable under residual value guarantees;
- (d) exercise price of a purchase option if the Group is reasonably certain to exercise that option; and
- (e) payments of penalties for terminating the lease, if the lease term reflects the Group exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, or where it is not readily determinable, the incremental borrowing rate of the lessee.

Subsequently, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

The lease liability is remeasured using a revised discount rate when there are changes to the lease payments arising from a change in the lease term or the reassessment of whether the Group will be reasonably certain to exercise a purchase option.

The lease liability is remeasured by using the original discount rate when there is a change in the residual value guarantee, the in-substance fixed lease payments or the future lease payments resulting from a change in an index or a rate (other than floating interest rate). In case of a change in future lease payments resulting from a change in floating interest rates, the Group remeasures the lease liability using a revised discount rate.

The Group recognises the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset. If the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the remeasurement in profit or loss.

#### *As lessor*

The Group classifies each of its leases as either a finance lease or an operating lease at the inception date of the lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of the underlying asset. All other leases are classified as operating leases.

The Group accounts for each lease component within a lease contract as a lease separately from non-lease components of the contract. The Group allocates the consideration in the contract to each lease component on a relative stand-alone price basis.

### *Leases (continued)*

#### ***As lessor – operating lease***

The Group applies the derecognition and impairment requirements in HKFRS 9 to the operating lease receivables.

### **Employee benefits**

#### ***Short term employee benefits***

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees.

#### ***Retirement benefit costs***

Payment to defined contribution retirement benefit scheme and the Mandatory Provident Fund Scheme are recognised as expenses when employees have rendered service entitling them to the contributions.

#### ***Long service payments***

The Group's net obligation in respect of long service payments under the Employment Ordinance is the amounts of future benefit that employees have earned in return for their services in the current and prior periods. The obligation is calculated using the projected unit credit method and discounted to its present value and after deducting the fair value of any related assets, including those retirement scheme benefits.

### **Share-based payment transactions**

#### ***Equity-settled transactions***

The Group's employees, including directors, receive remuneration in the form of share-based payment transactions, whereby the employees rendered services in exchange for shares or rights over shares. The cost of such transactions with employees is measured by reference to the fair value of the equity instruments at the grant date. The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in a reserve within equity. The fair value is determined using the binomial model, taking into account any market conditions and non-vesting conditions.

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which the vesting conditions are to be fulfilled, ending on the date on which the entitlement of relevant employees to the award is no longer conditional on the satisfaction of any non-market vesting conditions ("vesting date"). During the vesting period, the number of share options that is expected to vest ultimately is reviewed. Any adjustment to the cumulative fair value recognised in prior periods is charged/credited to profit or loss for the year of review, with a corresponding adjustment to the reserve within equity.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. However, if a new award is substituted for the cancelled award, and designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described above.

### Taxation

The charge for current income tax is based on the results for the year as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, any deferred tax arising from initial recognition of goodwill; or other asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss is not recognised.

The deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the period when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Deferred tax is provided on temporary differences arising on investment in subsidiaries and associates, except where the timing of the reversal of the temporary differences is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

### Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 December. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

### **Business combinations and goodwill *(continued)***

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

### **Related parties**

A related party is a person or entity that is related to the Group.

- (a) A person or a close member of that person's family is related to the Group if that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group.
- (b) An entity is related to the Group if any of the following conditions applies:
  - (i) the entity and the Group are members of the same group (which means that each holding company, subsidiary and fellow subsidiary is related to the others).
  - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - (iii) both entities are joint ventures of the same third party.
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers are also related to the Group.
  - (vi) the entity is controlled or jointly controlled by a person identified in (a).
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a holding company of the entity).
  - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and
- (c) dependants of that person or that person's spouse or domestic partner.

In the definition of a related party, an associate includes subsidiaries of the associate and a joint venture includes subsidiaries of the joint venture.

### Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the financial information provided regularly to the Group's chief operating decision makers, who are the executive directors of the Company, for the purpose of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individual material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

## 3. FUTURE CHANGES IN HKFRSS

## 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and assumptions concerning the future and judgements are made by the management in the preparation of the consolidated financial statements. They affect the application of the Group's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. Where appropriate, revisions to accounting estimates are recognised in the period of revision and future periods, in case the revision also affects future periods.

### **Key sources of estimation uncertainty**

#### ***Provision for ECL on loan and interest receivables, trade and other receivables***

The measurement of impairment losses under HKFRS 9 requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, such as risks of default, losses given default and value of collateral, changes in which can result in different levels of allowances.

The Group's ECL calculations on loan and interest receivables, trade and other receivables are based on assumptions about risk of default and losses given default. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculations, based on credit risks of the debtors or comparable companies in the market, existing market conditions as well as forward looking estimates (such as gross domestic product and market volatility) at the end of each reporting period. It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

At 31 December 2024, the carrying amount of the Group's loan and interest receivables, trade and other receivables amounted to HK\$181,313,000 (2023: HK\$132,229,000), HK\$552,653,000 (2023: HK\$649,029,000) and HK\$163,549,000 (2023: HK\$166,327,000) respectively. Net impairment losses of HK\$985,000 (2023: HK\$896,000), HK\$37,950,000 (2023: HK\$2,406,000) and HK\$225,000 (2023: HK\$4,187,000) have been recognised for the Group's loan and interest receivables, trade and other receivables as at 31 December 2024 respectively. Further details, including the key assumptions and inputs used for impairment calculations, of the Group's loan and interest receivables and trade receivables are set out in notes 20 and 34 to the consolidated financial statements.

#### ***Estimation of fair value of investment properties***

The fair values of the Group's investment properties are assessed by management based on the property valuation performed by independent professional valuer on an open market, existing use basis. The assumptions adopted in the property valuation are based on market conditions existing at each reporting date, with reference to comparable sales transactions.

#### ***Estimation of fair value of unlisted equity securities***

The fair values of the Group's unlisted financial assets at FVPL have been valued based on the valuation from management and an independent professional valuer. The valuation requires the Group to make some estimation on observable quoted prices in the active market and a number of significant unobservable inputs associated with the investment. As at 31 December 2024, the Group has unlisted financial assets at FVPL of approximately HK\$49,407,000 (2023: HK\$83,400,000). Details of the valuation techniques, key assumption and inputs used in the valuation are set out in note 35 to the consolidated financial statements.

	Note	2024 HK\$'000	2023 HK\$'000
<b>Fair value</b>			
At the beginning of the reporting period		505,700	513,800
Change in fair value	7	(98,200)	(8,100)
At the end of the reporting period		<u>407,500</u>	<u>505,700</u>

At the end of the reporting period, the investment properties of HK\$407,500,000 (2023: HK\$505,700,000) are held with the remaining lease term of 36 to 101 years (2023: 37 to 102 years).

The Group's investment properties as at 31 December 2024 consist of four commercial properties (2023: four commercial properties) in Hong Kong.

The property interests in investment properties thereon (including the whole or part of undivided share in the underlying land) in Hong Kong of HK\$407,500,000 (2023: HK\$505,700,000) are held by the Group as the registered owner. Those property interests were acquired from the previous registered owners by making lump sum payments at the upfront (which may be financed by a mortgage). Except for the variable amounts to be charged by the government subsequently that are reviewed regularly with reference to the rateable values, for example, there are no ongoing payments to be made under the terms of the land lease.

The Group's investment properties were revalued on 31 December 2024 based on valuations performed by Ravia Global Appraisal Advisory Limited ("Ravia"), an independent professional valuer in Hong Kong which is a member of The Hong Kong Society of Financial Analysts Ltd, at HK\$407,500,000 (2023: HK\$505,700,000).

Certain of the Group's investment properties with an aggregate carrying value at the end of the reporting period of HK\$359,800,000 (2023: HK\$452,900,000) were pledged to secure banking facilities granted to the Group (Note 26).

### Leasing arrangement – as lessor

The Group leases its investment properties to third parties under operating leases with lease term of 2 to 5 years, certain of which had an initial non-cancellable lease term of 2 years (2023: 2 years) and certain leases provided the lessees with options to extend at the end of the term for 3 years (2023: 3 years).

The investment properties are subject to residual value risk. The lease contract, as a result, includes a provision on residual value guarantee based on which the Group has the right to charge the tenant for any damage to certain of the investment properties at the end of the lease, unless the loss or damage caused through the act, neglect, omission or negligence of the Group. Besides, the Group has purchased insurance to protect it against any loss that may arise from accidents or physical damages of the properties.

At the end of the reporting period	<b>407,500</b>	505,700

### Description of the valuation techniques and inputs used in Level 3 fair value measurement

The fair value of investment properties as at the end of the reporting period were revalued by Ravia, independent professional valuer in Hong Kong, which is a member of The Hong Kong Society of Financial Analysis Ltd., on the market value basis using direct comparison approach.

Below is a summary of the valuation techniques used and the key inputs to the valuation of investment properties classified as Level 3 of the fair value hierarchy:

	<b>Valuation techniques</b>	<b>Significant inputs</b>	<b>Weighted average</b>
<b>As at 31 December 2024</b>			
Commercial properties	Direct comparison approach	Sales price (per square foot)	HK\$14,000 to HK\$16,000
	<b>Valuation techniques</b>	<b>Significant inputs</b>	<b>Weighted average</b>
<b>As at 31 December 2023</b>			
Commercial properties	Direct comparison approach	Sales price (per square foot)	HK\$16,000 to HK\$22,000

Under the direct comparison approach, fair value is determined by reference to comparable market transactions and adjusted for differences on location, physical and transaction attributes and is correlated to the estimated sales price.

Notes:

- (a) Trading rights and licenses confer eligibility on the Group to trade on the Stock Exchange and the Hong Kong Future Exchange Limited. The Trading rights and licenses have no foreseeable limit to the period over which the Group can use to generate cash flows. As a result, trading rights and licenses are considered by the management of the Group as having indefinite useful life. The trading rights and licenses will not be amortised until its useful life is determined to be finite.
- (b) The membership of Hong Kong Country Club has no foreseeable limit to the period over which the Group can use to generate cash flows. As a result, membership is considered by the management of the Group as having indefinite useful life. The membership will not be amortised until its useful life is determined to be finite.
- (c) No impairment losses on trading rights and licenses and country club membership have been recognised for the year ended 31 December 2024.
- (d) Golf club membership has a validity of 10 years and the Group has determined that this asset has a useful life of 10 years. It is tested for impairment where an indicator of impairment appears.

In October 2021, the Group acquired 100% equity interests in Briscoe Wong Advisory Limited (“Briscoe”) at a consideration of HK\$16,800,000. Briscoe, as a cash-generating unit, is engaged in provision of corporate advisory related services (the “Briscoe Business CGU”). The excess of the consideration transferred over the acquisition-date fair values of the identifiable assets acquired and the liabilities assumed amounted to approximately HK\$6,115,000 and was recognised as a goodwill.

At 31 December 2024, the Group assessed the recoverable amount of the Briscoe Business CGU with reference to business valuation of Briscoe based on cash flow projection of Briscoe. The calculation uses cash flow projection based on the most recent financial budgets approved by the management that covering a 5-year period with reference to the financial information of the selected listed companies, which principal business being comparable to that of Briscoe. Cash flows beyond the 5-year period have been extrapolated using a 2% (2023: 2%) long-term growth rate.

The recoverable amount of the Briscoe Business CGU exceeded the carrying amount based on value-in-use calculation. Accordingly, no impairment on goodwill was recognised during the year ended 31 December 2024.

### Key assumptions and inputs used for the business valuation are as follows:

	2024	2023
Average growth rate	<b>14.00%</b>	15.20%
Long-term growth rate	<b>2.00%</b>	2.00%
Pre-tax discount rate	<b>20.62%</b>	21.50%

Management determined the average growth rate and long-term growth rate based on past performance and the expectation of market development. The discount rate used is pre-tax and reflects specific risks relating to the Briscoe Business CGU.

## 17. GOODWILL (continued)

### Sensitivity of key assumptions

The management believes that any reasonably possible change in the key assumptions on which the recoverable amount is based would not cause the carrying amount of the Briscoe Business CGU to exceed its recoverable amount.

					8		133,125	896	132,229	

\* Duration is based on loan commencement or renewal date set out in the relevant contracts.

The amount granted to individuals and corporates depends on management's assessment of credit risk of the customers by evaluation on background check (such as their profession, salaries and current job position for individual borrowers and their industry and financial position for corporate borrowers) and repayment abilities. As at 31 December 2024, allowance for impairment loss of HK\$985,000 (2023: HK\$896,000) is recognised for the loan and interest receivables. Details are set out in note 34 to the consolidated financial statements. The ageing analysis of loan and interest receivables (net of loss allowance) are set out in note 34 to the consolidated financial statements.

(f) Included in the other receivables are other loan receivable of HK\$154,000,000 (2023: HK\$164,000,000) from an independent third party. The amounts of other loan receivable were secured by pledged listed securities with a total fair value of approximately HK\$201,079,000 (2023: HK\$159,813,000), interest-free and repayable on demand.

As at 31 December 2024, allowance for impairment loss of HK\$225,000 (2023: HK\$4,187,000) is recognised for the other receivables. Details are set out in note 34 to the consolidated financial statements.

(g) The amount due is unsecured, interest-free and has no fixed repayment term.

Others	17,215	18,215
	<u>98,820</u>	<u>155,586</u>

At the date of initial recognition, the Group irrevocably designated certain investments in equity securities as Designated FVOCI because these equity securities represent investments that the Group intends to hold for long-term strategic purposes. The Group considers the accounting treatments under this classification provide more relevant information for those investments.

During the year ended 31 December 2024, the net fair value loss on Designated FVOCI of HK\$71,472,000 (2023: a gain of HK\$12,990,000) was recognised in other comprehensive income.

During the year ended 31 December 2024, Designated FVOCI with fair value of approximately HK\$30,347,000 (2023: Nil) was disposed which is in line with the Group's inherent investment strategy. The cumulative loss of approximately HK\$3,099,000 (2023: Nil) that was previously included in the investment revaluation reserve (non-recycling) was transferred directly to retained earnings during the year ended 31 December 2024.

At the end of the reporting period, no individual investments exceeded 5% of the Group's total assets.

## 22. FINANCIAL ASSETS AT FVPL (continued)

Note:

The amount represents the unlisted equity which classified as financial assets at FVPL. In the opinion of the directors of the Company, these investments were held for long term investment.

At the end of the reporting period, no individual investments exceeded 5% of the Group's total assets.

## 23. BANK BALANCES – TRUST AND SEGREGATED ACCOUNTS/BANK BALANCES AND CASH

### Bank balances – trust and segregated accounts

The Group receives and holds money deposited by clients and other institutions in the course of the conduct of the regulated activities of its ordinary business. These clients' monies are maintained in one or more segregated bank accounts. The Group has recognised the corresponding accounts payable to respective clients and other institutions.

### Bank balances and cash

Cash at banks earns interest at floating rates based on daily bank deposit rates.

## 24. TRADE AND OTHER PAYABLES (continued)

Notes:

- (a) Trade payables to cash, margin and option clients are repayable on demand. The settlement terms of trade payables arising from the provision of securities brokerage business with HKSCC are usually two days after trade date. No ageing analysis is disclosed as in the opinion of the directors of the Company, the ageing analysis does not give additional value in view of the nature of securities brokerage business. The Group offsets certain trade receivable and trade payable when the Group currently has a legally enforceable right to set off the balances; and intends to settle on a net basis or to realise the balances simultaneously. Details are set out in note 36 to the consolidated financial statements.
- (b) Trade payables to clients arising from the business of dealing in futures contracts are margin deposits received from clients for their trading of futures contracts on the Hong Kong Futures Exchange Limited (the "HKFE"). The excesses of the outstanding amounts over the required initial margin deposits stipulated by the HKFE are repayable to clients on demand.
- (c) For secured margin loans provided by the securities brokers to the Group, the loans are repayable on demand (except certain balance arising from trades pending settlement or margin deposits) and are interest-bearing at 2.5% per annum (2023: ranging from 9% to 15% per annum). The total market value of listed securities pledged as collateral in respect of the loans was approximately HK\$27,009,000 as at 31 December 2024 (2023: HK\$38,533,000) which was included in the financial assets at FVPL.

## 25. LEASE LIABILITIES

## 26. INTEREST-BEARING BORROWINGS

	2024 HK\$'000	2023 HK\$'000
Secured bank loans repayable on demand	<u>227,890</u>	<u>239,720</u>

The ranges of interest rates on the Group's interest-bearing borrowings are as follows:

	2024	2023
Interest rates 1 month HIBOR*	<u>Plus 1.5% to 1.9% per annum</u>	<u>Plus 1.5% to 1.7% per annum</u>

\* Hong Kong Interbank Offer Rate

At the end of the reporting period, bank loans with a clause in their terms that gives the banks an overriding right to demand for repayment are classified as current liabilities even though the directors do not expect that the banks would exercise their right to demand repayment. The bank loans were denominated in Hong Kong dollars and secured by the Group's certain investment properties with carrying value of approximately HK\$359,800,000 (2023: *certain investment properties with carrying value of approximately HK\$452,900,000*) and a corporate guarantee of HK\$282,300,000 (2023: *HK\$282,300,000*) was provided by the Company.

## 27. DEFERRED TAXATION

The movements for the year in the Group's net deferred tax position are as follows:

	Depreciation allowance HK\$'000	Collective impairment on intangible assets HK\$'000	Tax losses HK\$'000	Total HK\$'000

Net deferred tax liabilities	–	–	(3,235)	(3,235)

At the end of the reporting period, the Group had unrecognised temporary differences arising from unused tax losses of approximately HK\$124,804,000 (2023: HK\$93,307,000). Deferred tax assets have not been recognised due to the unpredictability of future profit available against which the Group can utilise the benefits therefrom. The tax losses do not expire under current tax legislation.

## 29. SHARE OPTION AND SHARE AWARD SCHEME

### (a) Share Option Scheme

#### *2015 Share Option Scheme*

On 21 May 2015, a share option scheme (the “Share Option Scheme”) was approved and conditionally adopted by the Company, whereby the Board may, at its absolute discretion and on such terms as it may think fit, grant options to any officer, employee (full-time or part-time), director or proposed director of and business consultant, professional or other advisers to any member of the Eligible Group (as defined in the Share Option Scheme). No service provider sublimit was set under the Share Option Scheme.

As at 31 December 2024, the total number of Shares which may be issued upon the exercise of all options to be granted under the Share Option Scheme is 93,352,767 Shares, representing approximately 9.9% of the issued share capital of the Company.

During the year ended 31 December 2024, no share options were granted, exercised, cancelled or lapsed under the Share Option Scheme and there were no share options with respect to the Share Option Scheme and any other option schemes of the Company outstanding at the beginning and at the end of the reporting period.

### (b) Share Award Scheme

#### *2020 Share Award Scheme*

The Company adopted a share award scheme on 8 May 2020 (the “Share Awarded Scheme”) which has a term of 10 years and will expire on 8 May 2030.

The specific objectives of the Share Award Scheme are:

- (i) to recognise the contributions by the selected grantees and to provide them with incentives in order to retain them for the continual operation and development of the Group, particularly in respect of its existing financial services business; and
- (ii) to enhance the Group’s competitiveness in attracting and/or retaining suitable personnel or professionals who are capable of making contributions to the growth and development of the Group, particularly in respect of its principal business in financial services.

The maximum number of awarded shares that may be granted pursuant to the Share Award Scheme would be 10% of the issued share capital of the Company at the date of adoption of the Share Award Scheme (the “Share Award Scheme Mandate Limited”), being 94,552,767 shares of the Company. Subject to the Share Award Scheme Mandate Limit, the maximum number of awarded shares that may be granted in any financial year would be 3% of the issued shares of the Company (the “Annual Limit”). The Annual Limit is the maximum number of awarded shares which can be issued from the date of general meeting of the Company approving the Annual Limit to the earliest of (i) the conclusion of the next annual general meeting of the Company; (ii) the expiration of the period within which the next annual general meeting of the Company is required by its bye-laws or any applicable law to be held; and (iii) the revocation or variation of the approval by members of the Company in general meeting. The Annual Limit may be refreshed by Shareholders so that the Annual Limit refreshed shall not exceed 3% of the issued share capital of the Company as at the date of the general meeting approving such refreshment. The maximum aggregate number of the awarded shares which may be granted to a selected grantee under the Share Award Scheme shall not exceed 1% of the issued share capital of the Company from time to time.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 December 2024

## 29. SHARE OPTION AND SHARE AWARD SCHEME (continued)

### (b) Share Award Scheme (continued)

#### 2020 Share Award Scheme (continued)

At the beginning and the end of the year ended 31 December 2024, the maximum number of awarded shares that may be granted under the Share Award Scheme were 28,365,830, representing 3% of the total issued shares of the Company on that dates. No service provider sublimit was set under the Share Award Scheme. The Annual Limit had not been refreshed by the Company at the annual general meeting held on 28 June 2023, thus no awarded share is available for grant under the Share Award Scheme at the end of the reporting period.

The Company may not grant any awarded share until the adoption of a new share award scheme is approved by the shareholders of the Company at a general meeting. No service provider sublimit was set under the Share Award Scheme.

During the year ended 31 December 2023 and 2024, no share award was granted, vested, cancelled or lapsed under the Share Award Scheme.

## 32. RELATED PARTY TRANSACTIONS

In addition to the transactions/information disclosed elsewhere in these consolidated financial statements, during the year, the Group had the following transactions with related parties:

Related party relationship	Nature of transaction	2024 HK\$'000	2023 HK\$'000
Associate	Asset management income	589	1,177
	Interest income from margin client	4,539	3,001
Company controlled by the de facto controller of the Company	Lease payments	3,669	4,027

The key management personnel are the directors of the Company. The details of the remuneration paid to them are set out in note 11 to the consolidated financial statements.

## 33. CAPITAL MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of net debt, which includes equity attributable to owners of the Company, comprising issued share capital and reserves.

The directors of the Company review the capital structure on a regular basis. As part of this review, the directors consider the cost of capital and the risks associated with each class of capital. The Group will balance its overall capital structure through the payment of dividends and new share issues as well as the issue of new debts.

The Group is not subject to any externally imposed capital requirements except for certain subsidiaries engaged in dealing in securities (Type 1), dealing in futures contracts (Type 2), advising on securities (Type 4), advising on futures contracts (Type 5), advising on corporate finance (Type 6), providing automated trading services (Type 7), providing margin financing services (Type 8) and asset management services (Type 9) which are regulated entities under the SFO and are required to maintain respective minimum capital and liquid capital under Securities and Futures (Finance Resource) Rules (the "SF(FR)R"). The management closely monitors, on a daily basis, the liquid capital requirements under SF(FR)R. The Group's regulated entities have complied with the capital requirements imposed by SF(FR)R throughout the years ended 31 December 2024 and 2023.

<b>Financial liabilities</b>			
Amortised cost	(b)	255,669	263,266

Notes:

- (a) Financial assets at amortised cost include trade, loan and other receivables (excluding prepayments), other assets, bank balances – trust and segregated accounts and bank balances and cash.
- (b) Financial liabilities at amortised cost include trade and other payables and interest-bearing borrowings.

### Financial risk management objectives and policies

At 31 December 2024, the Group's major financial instruments include trade, loan and other receivables, financial assets at FVPL, Designated FVOCI, bank balances – trust and segregated accounts, bank balances and cash, trade and other payables and interest-bearing borrowings. Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner. The risks associated and the management policies remain unchanged from prior year.

### Market risk

#### Interest rate risk

The Group is exposed to cash flow interest rate risk in relation to variable-rate interest-bearing borrowings. The management monitors interest rate exposure and will consider hedging significant interest rate risk should the need arise.

#### Sensitivity analysis

The sensitivity analysis has been determined based on the exposure to interest rate risks at the end of the reporting period. If the interest rates had been 100 (2023: 100) basis points higher/lower and all other variables were held constant, the Group's loss before tax would increase/decrease by approximately HK\$1,793,000 (2023: HK\$1,203,000).

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred throughout the reporting period and had been applied to the exposure to interest rate risk for the average balances of the interest-bearing loans from independent third parties in existence during the reporting period. The 100 basis point increase or decrease represents management's assessment of a reasonably possible change in interest rates.

Year ended 31 December 2024

## 34. FINANCIAL INSTRUMENTS *(continued)*

### Financial risk management objectives and policies *(continued)*

#### **Market risk *(continued)***

##### *Equity price risk*

The Group is exposed to equity price risk through listed securities in financial assets at FVPL and Designated FVOCI. The directors of the Company manage the exposure by closely monitoring the portfolio of these financial instruments. The fair value of these financial instruments will be affected either positively or negatively, amongst others, by the changes in the closing market prices of the relevant listed equity securities.

The sensitivity analysis has been determined based on the exposure to equity price risks at the end of the reporting period. If the stock market index had been 18% (2023: 14%) higher/lower, and held other variables constant, the Group's loss before taxation for the year would decrease/increase by approximately HK\$10,960,000 (2023: HK\$9,076,000), as a result of changes in the fair value of financial assets at FVPL. If the stock market index had been 18% (2023: 14%) higher/lower, and held other variables constant, the Group's other comprehensive expense for the year would decrease/increase by approximately HK\$17,788,000 (2023: other comprehensive income would increase/decrease by approximately HK\$21,782,000), as a result of changes in the fair value of Designated FVOCI.

The sensitivity analysis has been determined assuming that the reasonably possible changes in the stock market index or other relevant risk variables had occurred at the end of the reporting period and had been applied to the exposure to equity price risk in existence at that date. It is also assumed that the fair values of the Group's investments would change in accordance with the historical correlation with the relevant stock market index or the relevant risk variables, and that all other variables remain constant. The stated changes represent management's assessment of reasonably possible changes in the relevant stock market index or the relevant risk variables over the period until the next annual end of the reporting period. The analysis is performed on the same basis for 2023.

#### **Credit risk**

The carrying amount of financial assets on the consolidated statement of financial position, which is net of impairment losses, represents the Group's exposure to credit risk without taking into account the value of any collateral held or other credit enhancements.

The Group's maximum exposure to credit risk in the event of the counterparties fail to perform their obligations in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the consolidated statement of financial position.

The Group reviews the recoverable amount of each individual financial assets at the end of the reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

## 34. FINANCIAL INSTRUMENTS *(continued)*

### Financial risk management objectives and policies *(continued)*

#### Credit risk *(continued)*

##### *Trade receivables from margin clients*

The Group provides financing services only to recognised and creditworthy third parties. It is the Group's policy that all these margin clients are subject to credit verification procedures. The margin loans are secured by pledged listed securities and margins are set to ensure that certain proportion of the fair value of pledged listed securities of the individual margin clients is higher than the corresponding outstanding loans.

As at 31 December 2024, the Group has concentration of credit risk as 25% and 90% (2023: 28% and 96%) of the total loans to margin clients which due from the Group's largest margin client and the five largest margin clients respectively.

The Group's customer base consists of thirteen (2023: twelve) clients and the trade receivables from margin clients are categorised by common risk characteristics that are representative of the customers' abilities to pay all amounts due in accordance with the contractual terms.

In estimating the ECL and in determining whether there is a significant increase in credit risk since initial recognition, whether the financial asset is credit-impaired and the amount of loss given default, the Group has taken into account the credit quality of clients, the collateral to margin receivable balances ratio, amount of margin shortfall of margin clients and pledged listed securities and adjusted for forward-looking factors that are specific to the debtors and general economic conditions of the industry, in estimating the probability of default of these financial assets, as well as the loss upon default in each case. There was no change in the estimation techniques or significant assumptions made during the year.

The Group has established a margin client credit risk classification system and performs credit risk management based on margin client classification in four categories of internal credit rating, including performing, underperforming, not performing and write off. The information about the ECL for the margin loan receivables as at 31 December 2024 is summarised below. After considering the above factors, a loss allowance of HK\$36,905,000 (2023: HK\$1,361,000) has been made as of 31 December 2024.

*Trade receivables from financial and other financial services business other than trade receivables from margin clients*

The Group trades with recognised and creditworthy third parties. The receivable balances are monitored on an ongoing basis by senior management and the Group's exposure to bad debts is not significant.

As at 31 December 2024, the Group has concentration of credit risk as 29% and 83% (2023: 33% and 81%) of total trade receivables from financial and other financial services business other than trade receivables from margin clients was due from the Group's largest receivable and the five largest receivables respectively.

The Group applies a simplified approach in calculating ECL for trade receivables and recognises a loss allowance based on 12-month ECL at each reporting date and has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. The expected loss rate used in the provision matrix is calculated for each category based on actual credit loss experience over the past two years and adjusted for current and forward-looking factors to reflect differences between economic conditions during the period over which the historical data has been collected, current conditions and the Group's estimate on future economic conditions over the expected lives of the receivables. There was no change in the estimation techniques or significant assumptions made during the year.

#### *Loan and interest receivables*

Management has credit and lending policies in place and the exposure to the credit risk is monitored on an ongoing basis. The Group grants loans only to recognised and creditworthy third parties. It is the Group's policy that all these borrowers are subject to credit verification procedures. Also, the Group has other monitoring procedures to ensure that follow-up action is promptly taken to recover overdue debts.

As at 31 December 2024, the Group has concentration of credit risk as 10% and 40% (2023: 26% and 80%) of total loan and interest receivables was due from the Group's largest borrower and the five largest borrowers respectively, within the credit and lending activities.

In estimating the ECL and in determining whether there is a significant increase in credit risk since initial recognition and whether the financial asset is credit-impaired, the Group has taken into account the historical actual credit loss experience for the borrowers and the financial position of the counterparties by reference to, among others, their management or audited accounts and available press information, adjusted for forward-looking factors that are specific to the debtors and general economic conditions of the industry in which the counterparties operate, in estimating the probability of default of these financial assets, as well as the loss upon default in each case. ##### Deposits with financial institution

The credit risk on bank balances – trust and segregated accounts and cash and cash equivalents is limited because majority of the counterparties are financial institutions with high credit-ratings assigned by international credit-rating agencies and state-owned banks with good reputation. No loss allowance was recognised for both years.

#### Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The following table details the Group's remaining contractual maturity for its financial liabilities and lease liabilities based on the agreed repayment terms. The table has been drawn up based on the undiscounted cash flows of financial liabilities and lease liabilities based on the earliest date on which the Group can be required to pay. The table includes both principal and interest cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curve at the end of the reporting period.

The following presents the assets and liabilities measured at fair value or required to disclose their fair value in these financial statements on a recurring basis across the three levels of the fair value hierarchy defined in HKFRS 13, Fair Value Measurement, with the fair value measurement categorised in its entirety based on the lowest level input that is significant to the entire measurement. The levels of inputs are defined as follows:

- Level 1 (highest level): quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly;
- Level 3 (lowest level): unobservable inputs for the asset or liability.

## 35. FAIR VALUE MEASUREMENTS *(continued)*

### (a) Fair value of the Group's financial assets that are measured at fair value *(continued)* *Quantitative information of the significant unobservable inputs and description of valuation techniques used in Level 3 fair value measurement (continued)*

The fair value of the financial assets arising from unlisted equity securities classified in Level 3 fair value measurement was determined by the management based on the valuation from Ravia, an independent professional valuer.

#### **Valuation process**

The management of the Group is responsible to determine the appropriate valuation techniques and inputs for fair value measurements.

In estimating the fair value of an asset, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group will establish the appropriate valuation techniques and inputs to the model. Management reports to executive directors semi-annually to explain the cause of fluctuations in the fair value of the assets.

Information about the valuation techniques and inputs used in determining the fair value of various assets are disclosed above.

### (b) Fair value of the Group's financial assets and financial liabilities carried at other than fair value

The management of the Group estimates the fair value of its financial assets and financial liabilities measured at amortised cost using the discounted cash flows analysis. The management of the Group considers that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated statement of financial position approximate their fair values.

## 36. FINANCIAL ASSETS AND FINANCIAL LIABILITIES SUBJECT TO OFFSETTING, ENFORCEABLE MASTER NETTING ARRANGEMENTS AND SIMILAR AGREEMENTS

The disclosures set out in the tables below include financial assets and financial liabilities that:

- are offset in the Group's consolidated statement of financial position; or
- are subject to an enforceable master netting arrangement or similar agreement that covers similar financial instruments, irrespective of whether they are offset in the Group's consolidated statement of financial position.

Under the continuous net settlement arrangement, money obligations receivable and payable with HKSCC due to or from the Group entities on the same settlement date are settled on a net basis. The Group has legally enforceable right to set off the amounts of receivables and payables with margin clients that are due to be settled on the same date.
