CHAIRMAN'S STATEMENT

On behalf of the Board, I am pleased to present our annual results of Huajin International Holdings Limited and its subsidiaries for the year ended 31 December 2024 to our Shareholders.

REVIEW

The domestic economy continued to face significant uncertainties in the year of 2024, the Group was experiencing negative conditions including mainly decreased revenue and incurring loss for the year. During the year of 2024, the Group generated revenue of approximately RMB5,896.7 million, representing a decrease of RMB693.2 million or 10.5%, as compared to that of approximately RMB6,589.9 million during the year of 2023. Loss attributable to owners of the Company during the year of 2024 was approximately RMB91.0 million when compared with profit attributable to owners of the Company of approximately RMB85.7 million for the year of 2023.

The sales volume of cold-rolled steel products and galvanized steel products in aggregate was approximately 1,283,074 tonnes during the year of 2024, representing a decrease of approximately 187,313 tonnes or 12.7%, as compared to that of approximately 1,470,387 tonnes during the year of 2023.

The Board considered that the net loss of the Group for the year of 2024 was mainly due to, among others, the decrease in the revenue and sales volume in the second half of the year which was partly attributed to the impact of resource allocation toward the construction of Huajin Terminal.

The Group's existing production plant located in Gujing Town, Xinhui District, Jiangmen City, Guangdong Province, the PRC has been developed into Huajin Metal Industrial Park. Huajin Metal Industrial Park is close to the coastal area of Yinzhou Lake* (銀洲湖). Yinzhou Lake* (銀洲湖) is situated at the confluence of Xi River* (西江) and Tan River* (潭江) in the southwestern area of the Pearl River Delta of the PRC. With reference to the local government plan and the support from the government, Huajin Terminal with the construction of three pier berths has been built near to the coast of Huajin Metal Industrial Park. The Group would operate and manage three berths with a maximum docking capacity of 30,000 deadweight tons for the Group's own use and external operations. The terminals' coastline is approximately 650 metres. From 2024 onward, the Group is also engaged in terminal operation and provision of port and port-related services.

The cold-rolled and galvanized steel processing service business will continue to be the principal business providing a stable source of income to the Group. With our broad and diversified customer base, the Board believes that the terminal business will help broaden the income source of the Group with the saving of the transportation costs and time, and boosting distribution and warehousing.

In order to maintain its business growth in the long run, the Group invested substantially in property, plant and equipment to strengthen the scale and processing capacity of the existing production base and facilities. In 2024, the Group acquired property, plant and equipment and incurred construction costs of approximately RMB604.4 million.

For corporate social responsibility, the Group is committed to striking a balance between earnings and sustainable development. We believe outstanding business environment, society and corporate governance are fundamental to maintaining long-term sustainable success. The Group encourages our staff to participate in community services with non-profit organizations, social enterprises and governments to benefit countries and communities where the Group operates.

CHAIRMAN'S STATEMENT

FUTURE PROSPECTS

Following the 2025 Spring Festival, the berths no. 1, 2, and 3 at Huajin Terminal obtained the licence for port operations (港口經營許可證). During January and February 2025, Huajin Terminal achieved a total cargo throughput of approximately 1.03 million metric tons. As a multi-purpose general-purpose terminal, Huajin Terminal has successfully completed trial operations for handling all cargo types, including containerized freight. The deployment of specialized lifting equipment and auxiliary systems has been fully finalized and enabling rapid switching between bulk and container handling modes. This operational flexibility has resulted in steadily improving loading/unloading efficiency across diverse cargo categories.

The integrated operation of Huajin Terminal and the warehousing and processing area of Huajin Metal Industrial Park has established an efficient logistics system. Raw materials and finished products can be quickly transferred along the shortest route and with the highest efficiency, and are directly transported to the processing and warehousing, where various metal processing and warehousing services are immediately carried out for the Group. This operational model has achieved seamless integration across the entire industrial chain, establishing a robust platform that enhances resource-side efficiency and reduces operational costs for regional manufacturers, while significantly amplifying our Group's industrial synergy benefits.

PROPOSED DIVIDEND

The Board does not recommend the payment of a final dividend for the year ended 31 December 2024.

APPRECIATION

To conclude, I would like to take this opportunity to express my heartfelt gratitude and appreciation to the Board for their support and contributions, to the devotion of our management team and staff over the past year. Last but not least, I would like to give my sincerest thanks to our Shareholders, business partners and customers for their unflagging support.

CORPORATE GOVERNANCE REPORT

The Board is pleased to present the Corporate Governance Report for the year ended 31 December 2024.

CORPORATE GOVERNANCE PRACTICES

The Board is committed to achieving high corporate governance standards. The Company recognises that sound and effective corporate governance practices are fundamental to the smooth, effective and transparent operation of a company and its ability to attract investment, protect the rights of the shareholders and stakeholders, and enhance shareholder value.

The corporate governance principles of the Group emphasise an effective Board, sound internal controls, appropriate independence policy, and transparency and accountability to the Shareholders. The Group is committed to striking a balance between earnings and sustainable development. The Company believes outstanding business environment, society and corporate governance are fundamental to maintaining long-term sustainable success.

The Company has applied the principles of good corporate governance and adopted the code provisions set out in the Corporate Governance Code ("CG Code") contained in Appendix C1 to the Listing Rules as its code of corporate governance. The Company has complied with the applicable code provisions in the CG Code throughout the year ended 31 December 2024.

The Board considers that sufficient measures have been taken to ensure that the Company's corporate governance practices are no less exacting than those set out in the CG Code.

The Directors will continue to use their best endeavours to procure the Company to comply with the CG Code.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers ("Model Code") as set out in Appendix C3 to the Listing Rules as the Company's code of conduct regarding Directors' securities transactions. Having made specific enquiry of all Directors, all the Directors confirmed that they had complied with the required standard set out in the Model Code throughout the year ended 31 December 2024.

The Company has also adopted the Model Code as the standard of dealings in the Company's securities for relevant employees who are likely to possess unpublished inside information in relation to the Group. No incident of noncompliance by the relevant employees was noted by the Company during the year under review.

BOARD OF DIRECTORS

The Board is responsible for providing high-level guidance and effective oversight of the Group's management and operation. In addition, the Board has also delegated various responsibilities to the Board committees and further details of these Board committees are set out in this report.

CORPORATE GOVERNANCE REPORT

The Board is also responsible for performing the corporate governance duties as set out below:

1. to develop and review the Company's policies and practices on corporate governance and make recommendations to the Company;
2. to review and monitor the training and continuous professional development of Directors and senior management;
3. to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
4. to develop, review and monitor the code of conduct applicable to Directors and employees; and
5. to review the Company's compliance with the CG Code and disclosure in the Corporate Governance Report under Appendix C1 to the Listing Rules.

CORPORATE GOVERNANCE REPORT

SHAREHOLDER RIGHTS

(a) Convening an extraordinary general meeting (“EGM”) and putting forward proposals at EGM

Pursuant to Article 58 of the Article of Association, the Board may whenever it thinks fit call EGM. Any one or more Shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the company secretary of the Company, to require an EGM to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two months after the deposit of such requisition. If within twenty-one days of such deposit the Board fails to proceed to convene such meeting the requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to the requisitionist(s) by the Company.

Save for the procedures for Shareholders to convene an EGM as set out above, there are no provisions allowing Shareholders to put forward proposals at the general meeting under the Articles of Association. Shareholders may follow the procedures set out above to convene an EGM for any business specified in such written requisition.

(b) Procedures for directing shareholders’ enquiries to the Board

Shareholder(s) may at any time send their enquiries and concerns to the Board in writing through the company secretary by post at Unit 4, 20/F, New Trend Centre, 704 Prince Edward Road East, San Po Kong, Kowloon, Hong Kong or via email at the contact information as provided on the website of the Company.

The company secretary shall forward the Shareholder(s)’ enquiries and concerns to the Board and/or relevant Board committees of the Company, where appropriate, to respond to the Shareholder(s)’ enquires.

DIVIDEND POLICY

Under Cayman Islands law, dividends may be paid out of the profits of the Company or out of sums standing to the credit of the share premium account. Under the Articles, declaration of dividends is subject to the Shareholders’ approval at our general meeting, but no dividend shall exceed the amount recommended by our Directors. In addition, our Directors may also pay interim or special dividends without Shareholders’ approval as appear to our Directors to be justified by the financial conditions and the profits of the Company. Future dividends payments will also depend on the availability of dividends we will receive from our subsidiaries in the PRC. PRC laws require that dividends be paid only out of distributable profit according to the PRC accounting principles. Our PRC subsidiaries are also required to set aside part of their net profit as statutory reserves which are not available for distribution as cash dividends in accordance with PRC laws. Distributions from our PRC subsidiaries may also be subject to any restrictive covenants in bank credit facilities or loan agreements or other agreements that we or our PRC subsidiaries may enter into in the future.

CORPORATE GOVERNANCE REPORT

Subject to the above, our Directors' discretion, and the applicable laws and regulations, the declaration, payment and amount of any dividends, if paid, will depend on our results of operations, operating and capital requirements, cash flows, financial condition, future prospects, and other factors that our Directors may consider relevant.

The Directors currently intend to recommend dividend(s) of around 30% of the net profit available for distribution to the Shareholders, subject to Shareholders' approval, if any, for each financial year ending 31 December in the foreseeable future. Shareholders will be entitled to receive the dividends pro rata according to the amounts paid up or credited as paid up on the Shares. The said intention does not amount to any guarantee or representation or indication that we must or will declare and pay dividends in such manner or declare and pay dividends at all.

INVESTOR RELATIONS

The Company believes that effective and proper investor relations play a vital role in creating Shareholders' value, enhancing the corporate transparency as well as establishing market confidence. The Company discloses information in compliance with the Listing Rules, and publishes periodic reports and announcements to the public via the respective websites of the Company and the Stock Exchange respectively in accordance with the relevant laws and regulations. The primary focus of the Company is to ensure information disclosure is timely, fair, accurate and complete, thereby enabling Shareholders, investors as well as the public to make rational and informed decisions.

The Company should ensure that Shareholders are given sufficient notice of general meeting(s) in accordance with the Articles of Association and as required under the Listing Rules. The procedures for demanding and conducting a poll are explained at the meeting(s) prior to the polls being taken. Voting results will be published on the respective websites of the Company and the Stock Exchange on the day of the general meeting(s).

The Company also endeavours to maintain an on-going dialogue with Shareholders and in particular, through general meeting(s) which provides a forum for Shareholders to raise comments and exchange views with the Board. Mr. Xu Jianhong, the then executive director and Vice Chairman of the Company, and Mr. Suen To Wai, the former independent non-executive director of the Company, attended the annual general meeting of the Company held on 26 June 2024 (the "AGM") in person and other directors of the Company, namely, Mr. Xu Songqing, Mr. Luo Canwen, Mr. Xu Songman and Mr. Ou Qiyuan attended the AGM by means of electronic facilities. The engagement partner of Deloitte Touche Tohmatsu also attended the AGM in person. The Directors will be available at the general meeting(s) of the Company to address Shareholders' queries. The Company will continue to take measures to ensure effective Shareholders' communication and transparency.

CONSTITUTIONAL DOCUMENTS

There was no change in the constitutional documents of the Company during the year ended 31 December 2024 and up to the date of this report. CORPORATE GOVERNANCE REPORT

RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges that it is responsible for the risk management and internal control systems of the Group and ensuring review of the effectiveness of these systems has been conducted annually. The risk management and internal control systems, which is overseen by the executive Directors and the Group's management, is designed to provide reasonable assurance on the effectiveness and efficiency of operations to safeguard assets against unauthorized use or disposition and to maintain proper accounting records for producing reliable financial information.

The Group's management is responsible for the design, implementation and monitoring such systems while the Board members (including the audit committee) oversees the management in performing its duties on an ongoing basis.

The Board has the overall responsibility for evaluating and determining the nature and extent of the risks that the Group is willing to take in achieving its strategic objectives, and ensuring that the Group establishes and maintains appropriate and effective risk management system. The audit committee supports the Board in monitoring the Group's risk exposures and the design and operating effectiveness of the underlying risk management and internal control systems.

The Group emphasizes the importance of sound risk management and internal control systems which are indispensable for mitigating the Group's key risk exposures. The Group's risk management and internal control systems include a defined management structure with limits of authority, and are designed for the Group to identify and manage the significant risks to achieve its business objectives. For risk management system, the Group has applied risk assessment model to identify, assess and manage different types of risks. The Group is committed to the identification, evaluation, and management of risks associated with its business activities through ongoing assessment with a risk register, by considering and evaluating the likelihood and the impact of each identified risk. For any newly identified significant risks, the Group will evaluate the financial or operational impacts to the Group and adopt mitigating measures to manage such risks. During the year of 2024, no material changes in the nature and extent of significant risks that might have an adverse impact on the financial position or operations of the Group has been identified.

The Group has developed an internal control system, which covers major financial, operational and compliance controls to safeguard its assets against unauthorised use, ensure maintenance of proper accounting records and compliance with relevant laws and regulations. For any identified internal control weaknesses or defects, the Group will enhance control measures to rectify such control weaknesses or defects. During the year of 2024, no significant weakness or defects in internal control that might have an adverse impact on the financial position or operations of the Group have been identified.

The Group's management (including the executive Directors, if needed) will hold meetings on a regular basis to discuss, identify, evaluate and manage potential risks and internal control weaknesses that are associated with the Group. The Group has an internal audit function which primarily carries out analysis and independent appraisal of the adequacy and effectiveness of its risk management and internal control systems on an on going basis. The risk management and internal control systems are reviewed by the Board and the audit committee at least annually.

CORPORATE GOVERNANCE REPORT

The management has provided annual review report and confirmation to the Board and the audit committee on the effectiveness of the risk management and internal control systems for the reporting period under review. The Board has complied with the risk management and internal control code provisions of the CG Code by establishing and maintaining appropriate and effective risk management and internal control systems and reviewing the effectiveness of the Group's risk management and internal control system during the reporting period under review. Such review covered all material controls, including financial, operational and compliance controls. The Board considered that the resources, qualification, and experience of staff of the Group's accounting, internal audit function, and financial reporting function, and their training and budget were adequate. Such systems, however, are designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss. During the reporting period under review, no significant area of concern that may affect the financial, operational, compliance controls, and risk management functions of the Group has been identified.

The Group regulates the handling and dissemination of inside information with reference to the "Guidelines on Disclosure of Inside Information" published by the SFC in June 2012 to ensure inside information of the Group remains confidential until the disclosure of such information is appropriately approved, and the dissemination of such information is efficiently and consistently made. The Company regularly reminds the Directors and the relevant employees about due compliance with all policies regarding the inside information.

The Board strives to uphold the highest level of business ethics and strictly prohibits and stands against any form of bribery, extortion, fraud, or corruption in our business operations. To comply with the applicable laws and regulations, the Group implements internal policies and control mechanisms to strengthen the management practices and prevent improper conduct and unethical behaviour. The Group has also communicated the preventive measures on bribery and corruption to the Directors and the Group's employees. Detailed policies and guidance relating to anti-corruption and conflict of interest are stipulated in the internal policies and staff handbook.

The Board also strictly prohibits all employees, either directly or indirectly, from soliciting or receiving any gifts, rewards, or advantages from any business associates. The Group has established a whistleblowing policy and mechanism to allow the employees and other stakeholders to raise concerns on any potential business misconduct and malpractice confidentially to the Board or the audit committee.

CORPORATE GOVERNANCE AND ENVIRONMENTAL, SOCIAL AND GOVERNANCE ("ESG")

Corporate governance provides the framework within which the Board forms its decisions and build its businesses with the aim to creating long-term sustainable growth for Shareholders and delivering long-term values to all stakeholders. An effective corporate governance structure allows the Group to have a better understanding of, evaluate and manage, risks and opportunities (including environmental and social risks and opportunities). The Board is responsible for effective governance and overseeing ESG matters, as well as assessment and management of material environmental and social risks. For details, please refer to the Company's ESG Report for the year ended 31 December 2024 which is published on the respective websites of the Company and the Stock Exchange on or around 29 April 2024.

The Group provides processing, cutting, slitting, warehousing and delivery services on customized cold-rolled steel products and galvanized steel products.

From 2024 onward, the Group is also engaged in terminal operation and provision of port and port-related services (including uploading and unloading of cargoes, bulk cargo handling services, container handling, storage and other services). The Group's port terminal, namely Huajin Terminal, is situated in Gujing Town, Xinhui District, Jiangmen City, in the southwestern area of the Pearl River Delta of the PRC.

As at 31 December 2024, the Group had invested approximately RMB714.8 million in constructing the Huajin Terminal. After the Spring Festival in 2025, berths No. 1, 2, and 3 at the Huajin Terminal obtained the Port Operation Licence* (港口經營許可證) and commenced operation. Huajin Terminal is having three berths with the capacity to accommodate vessels with sizes of 30,000 deadweight tonnage.

In addition to the construction of Huajin Terminal, the Group has also invested in the construction of the Huajin Metal Industrial Park. The Group is committed to building this industrial park into a steel trading and distribution center in the Greater Bay Area of South China, providing customers in places such as Zhuhai, Zhongshan, and Jiangmen with low-cost raw material supplies and distribution service. The annual processing capacity of Huajin Metal Industrial Park reaches 3.5 million tons, and its processing businesses cover flattening separation and shearing. The annual throughput of Huajin Terminal is expected to reach more than 15 million tons, mainly providing cargo consolidation services for all upstream and downstream enterprises in the Greater Bay Area. Huajin Terminal is also equipped with containers, providing high-quality logistics services for downstream enterprises and effectively promoting the efficient operation of the industrial chain in the Greater Bay Area.

The integrated operation of Huajin Terminal and the warehousing and processing area of Huajin Metal Industrial Park has established a modern logistics industry. Raw materials and finished products can be quickly transferred along the shortest route and with the highest efficiency, and are directly transported to the processing and warehousing, where various metal processing, warehousing and distribution services are immediately carried out for the Group. This operational model has achieved seamless integration across the entire industrial chain, establishing a robust platform that enhances resource-side efficiency and reduces operational costs for regional manufacturers, while significantly amplifying our Group's industrial synergy benefits.

On 26 March 2025, the Group signed an letter of investment intent with a state-owned company under the jurisdiction of Jiangmen City regarding the possible equity participation in Jiangmen Huajin Metal Trading Market Co., Ltd. ("Jiangmen Huajin Metal Trading"). Jiangmen Huajin Metal Trading is an indirect wholly-owned subsidiary of the Company, which is responsible for the operation and management of Huajin Terminal. As at the date of this annual report, the Group has not entered into any formal or legally binding agreements in relation to the letter of investment intent.

MANAGEMENT DISCUSSION AND ANALYSIS

The domestic economy continued to face significant uncertainties in the year of 2024, the Group was experiencing negative conditions including mainly decreased revenue and incurring loss for the year. During the year of 2024, the Group generated revenue of approximately RMB5,896.7 million, representing a decrease of RMB693.2 million or 10.5%, as compared to that of approximately RMB6,589.9 million during the year of 2023. Loss attributable to owners of the Company during the year of 2024 was approximately RMB91.0 million when compared with profit attributable to owners of the Company of approximately RMB85.7 million for the year of 2023.

The Board considered that the net loss of the Group for the year of 2024 was mainly due to, among others, the decrease in the revenue and sales volume in the second half of the year which was partly attributed to the impact of resource allocation toward the construction of Huajin Terminal.

The sales volume of cold-rolled steel products and galvanized steel products in aggregate was approximately 1,283,074 tonnes during the year of 2024, representing a decrease of approximately 187,313 tonnes or 12.7%, as compared to that of approximately 1,470,387 tonnes during the year of 2023.

During the year of 2024, the Group acquired property, plant and equipment and incurred construction costs of approximately RMB604.4 million.

The net current liabilities position of approximately RMB754.5 million (31 December 2023: RMB266.7 million) as at 31 December 2024 was primarily attributable to the fact that short-term borrowings were obtained to finance the non-current capital expenditures on property, plant and equipment, and land use rights. The Directors are of the opinion that, in the absence of any unforeseen circumstances and after taking into account (i) the internal resources of the Group, and (ii) the Group's presently available financing facilities and the intended renewal of the existing financing facilities upon maturity, the Group would have sufficient working capital to meet its current liabilities or expand its operations as anticipated. The management will use its best endeavours to solicit fundings or measures to settle the borrowings and seek refinancing opportunities, when needed.

The capital commitments towards the acquisition of property, plant and equipment, as at 31 December 2024, was approximately RMB112.1 million (31 December 2023: RMB257.4 million), which will be financed by the Group's internal resources and borrowings.

The Board does not recommend the payment of a final dividend for the year of 2024.

In order to more fairly reflect the Group's underlying net asset value, the Board considers it appropriate also to present to shareholders, as set out below for the purpose of reference, supplementary information on the Group's statement of net assets on a proforma basis that the Board considers that the fair value of Jiangmen Huajin Metal Trading Market Co., Ltd* (江門市華津金屬交易市場有限公司), an indirect wholly-owned subsidiary of the Company operated and managed the Huajin Terminal, is approximately RMB1,075 million, with reference to a preliminary valuation performed by an independent profession valuer who has qualification and experience in the valuation of similar assets, as at 3 March 2025, resulting in a preliminary valuation surplus of approximately RMB360.2 million. The Board also considers that the fair value of certain right-of-use assets, mainly the leasehold lands situated at Huajin Metal Industrial Park and the production plant at Muzhou Town* (睦洲鎮), is approximately RMB675.1 million, with reference to a valuation performed by an independent profession valuer, resulting in a valuation surplus of approximately RMB465.5 million.

MANAGEMENT DISCUSSION AND ANALYSIS

Statement of proforma net assets

	31 December 2024 RMB'000
Total assets (audited)	3,716,652
Preliminary valuation surplus on Huajin Terminal	360,178
Valuation surplus on right-of-use assets	465,534
Proforma total assets	4,542,364
Net assets (audited)	423,762
Preliminary valuation surplus on Huajin Terminal	360,178
Valuation surplus on right-of-use assets	465,534
Proforma net assets	1,249,474
	RMB
Net assets value per ordinary share	0.71
Proforma net assets value per ordinary share	2.08

As at 31 December 2024, the Group's total borrowings amounted to approximately RMB2,510.4 million. As at 31 December 2024, the gearing ratio of the Group, calculated based on total borrowings divided by total assets, was approximately 67.5%. Based on the proforma total assets of RMB4,542.4 million, as adjusted for the revaluation surplus relating to the Huajin Terminal and certain right-of-assets as aforesaid as at 31 December 2024, the gearing ratio would be 55.3% as at 31 December 2024.

FINANCIAL REVIEW

Revenue

The Group primarily generates revenue from the sales of cold-rolled steel products and galvanized steel products. The revenue decreased to approximately RMB5,896.7 million during the year of 2024, by approximately RMB693.2 million or 10.5%, as compared with that of approximately RMB6,589.9 million during the year of 2023.

The sales volume of cold-rolled steel products decreased to approximately 782,516 tonnes during the year of 2024, by approximately 104,433 tonnes or 11.77%, as compared with that of 886,949 tonnes during the year of 2023. The sales volume of galvanized steel products decreased to approximately 500,557 tonnes during the year of 2024, by approximately 83,881 tonnes or 14.4%, as compared with that of approximately 584,438 tonnes during the year of 2023. Thus, the sales volume of cold-rolled steel products and galvanized steel products in aggregate was approximately 1,283,074 tonnes during the year of 2024, representing a decrease of approximately 187,313 tonnes or 12.7%, as compared to that of 1,470,387 tonnes during the year of 2023.

MANAGEMENT DISCUSSION AND ANALYSIS

The decrease in revenue was mainly attributable to the decrease in the revenue and sales volume in the second half of the year 2024 which was partly attributed to the impact of resource allocation toward the construction of Huajin Terminal. The average selling price of our cold-rolled steel products decreased to RMB3,921 per tonne during the year of 2024 as compared with that of RMB4,174 per tonne during the year of 2023. The average selling price of our galvanized steel products decreased to RMB4,121 per tonne during the year of 2024 as compared with that of RMB4,282 per tonne during the year of 2023. In summary, the average selling price of our cold-rolled steel products and galvanized steel products decreased to RMB3,999 per tonne during the year of 2024 as compared with that of RMB4,217 per tonne during the year of 2023.

During the year of 2024, the domestic sales in the PRC market, including Hong Kong, contributed over 99.1% of the revenue while the remaining portion was attributable to sales to the customers located in Southeast Asia.

Sales of hot-rolled steel products and others were primarily attributable to the sales of hot-rolled steel products, the sales of scrap steel residual in our manufacturing process to recycling agents, the provision of processing service to the customers who engage us to process hot-rolled steel coils provided by them. Such other revenue accounted for around 12.8% (2023: 5.9%) of the revenue during the year of 2024.

During the year of 2024, others included the port and port-related services income amounting to approximately RMB9.5 million.

The following table sets out the breakdown of the revenue during the year of 2024:

	Year ended 31 December			
	2024		2023	
	RMB'000	%	RMB'000	%
Sales of cold-rolled steel products	3,068,169	52.0	3,701,822	56.2
— steel strips and sheets	2,932,691	49.7	3,573,976	54.2
— welded steel tubes	135,478	2.3	127,846	2.0
Sales of galvanized steel products	2,062,604	35.0	2,498,571	37.9
Sales of hot-rolled steel products and others	756,350	12.8	389,508	5.9
Others	9,546	0.2	—	0.0
	5,896,669	100.0	6,589,901	100.0

MANAGEMENT DISCUSSION AND ANALYSIS

The following table sets out the sales volume and average selling price of the products for the periods indicated:

	Year ended 31 December	
	2024	2023
Sales volume of cold-rolled steel products	782,517 tonnes	886,949 tonnes
— steel strips and sheets	750,641 tonnes	858,648 tonnes
— welded steel tubes	31,876 tonnes	28,301 tonnes
Sales volume of galvanized steel products	500,557 tonnes	584,438 tonnes
	1,283,074 tonnes	1,470,387 tonnes
Average selling price (per tonne)		
— cold-rolled steel products	RMB3,921	RMB4,174
— galvanized steel products	RMB4,121	RMB4,282
— cold-rolled steel products and galvanized steel products	RMB3,999	RMB4,217

Cost of sales

The cost of sales decreased to approximately RMB5,865.0 million during the year of 2024, by approximately RMB428.3 million or 6.8%, as compared with that of approximately RMB6,293.3 million during the year of 2023.

The following table sets out the breakdown of the cost of sales for the periods indicated:

	Year ended 31 December			
	2024		2023	
	RMB'000	%	RMB'000	%
Direct materials	5,373,963	91.6	5,801,540	92.2
Utilities	193,014	3.3	238,636	3.8
Direct labour	107,419	1.8	89,999	1.4
Depreciation expense	87,642	1.5	66,416	1.1
Consumables	87,107	1.5	82,395	1.3
Others	15,854	0.3	14,361	0.2
	5,864,999	100.0	6,293,347	100.0

Direct materials represented the cost of raw materials, primarily hot-rolled steel coils. The direct materials accounted for over 91.6% (2023: 92.2%) of the cost of sales during the year of 2024. The decrease in direct materials was mainly attributable to the decrease in the sales volume of cold-rolled steel products and galvanized steel products during the year of 2024. The write-down of inventories in an amount of approximately RMB4.9 million, after determining the net realisable value of inventories, as at 31 December 2024 was provided during the year of 2024.

MANAGEMENT DISCUSSION AND ANALYSIS

Utilities related primarily to electricity, water, and natural gas consumed throughout the production process. Utilities expenses decreased to approximately RMB193.0 million during the year of 2024, by approximately RMB45.6 million or 19.1%, as compared with that of approximately RMB238.6 million the year of 2023. Such decrease was mainly due to the decrease in sales volume and production activities during the year of 2024.

The direct labour increased to approximately RMB107.4 million during the year of 2024, by approximately RMB17.4 million or 19.3%, as compared with that of approximately RMB90.0 million during the year of 2023. The increase in direct labour was mainly attributable to employment of additional workers for our Gujing production plant during the year of 2024.

Depreciation expense experienced an increase to approximately RMB87.6 million during the year of 2024, by approximately RMB21.2 million or 31.9%, as compared with that of approximately RMB66.4 million during the year of 2023. Such increase was mainly due to the increase in depreciation for property, plant and equipment during the year of 2024.

Consumables consisted of machinery spare parts and supplies consumed in the production process. Consumables increased to approximately RMB87.1 million during the year of 2024, by approximately RMB4.7 million or 5.7%, as compared with that of approximately RMB82.4 million during the year of 2023.

Other costs primarily comprised other taxes and surcharges expenses.

Gross profit

The Group recorded a gross profit of approximately RMB31.7 million during the year of 2024 while there was gross profit of approximately RMB296.6 million during the year of 2023.

The gross profit margin was approximately 0.5% during the year of 2024 when compared with that of 4.5% during the year of 2023.

Other income, other gains and losses

Other income, other gains and losses increased to approximately RMB66.6 million during the year of 2024, by approximately RMB57.8 million or 656.8%, as compared with that of approximately RMB8.8 million during the year of 2023. Such increase was mainly due to the increase in value-added tax credit, gain on deemed disposal of a subsidiary, and penalty income relating to the sales of scrap steel in the amount of approximately RMB47.2 million, RMB7.8 million and RMB3.6 million, respectively, during the year of 2024.

Selling expenses

The selling expenses decreased to approximately RMB42.2 million during the year of 2024, by approximately RMB26.8 million or 38.8%, as compared with that of approximately RMB69.0 million during the year of 2023. The decreased in selling expenses was mainly attributable to the decreased in delivery costs during the year of 2024.

MANAGEMENT DISCUSSION AND ANALYSIS

Administrative expenses

The administrative expenses increased to approximately RMB73.5 million during the year of 2024, by approximately RMB14.9 million or 25.4%, as compared with that of approximately RMB58.6 million during the year of 2023. The increase in administrative expenses was mainly attributable to the increase in salary, staff's compensation, consumables and depreciation for right-of-use assets in the amount of approximately RMB9.1 million, RMB1.5 million, RMB1.3 million and RMB1.6 million respectively, during the first half of 2024.

Investment (loss) gain

There was investment loss on commodity futures contracts amounting to approximately RMB2.3 million was incurred by the Group during the year of 2024 as compared to the investment gain of that amounting to approximately RMB0.2 million during the year of 2023.

Finance costs

Finance costs increased to approximately RMB101.3 million during the year of 2024, by approximately RMB20.7 million or 25.7%, as compared with that of approximately RMB80.6 million during the year of 2023. Such increase was mainly attributable to the increased level of borrowings during the year of 2024.

Income tax credit (expenses)

Income tax credit amounted to approximately RMB25.0 million during the year of 2024 while there was income tax expenses amounted to approximately RMB15.7 million during the year of 2023.

(Loss) profit for the year

The loss attributable to owners of the Company was approximately RMB91.2 million during the year of 2024 when compared with the profit attributable to owners of the Company of approximately RMB85.5 million during the year of 2023.

Net loss margin was approximately 1.5% during the year of 2024 when compared with net profit margin of 1.3% during the year of 2023.

MANAGEMENT DISCUSSION AND ANALYSIS

Liquidity and financial resources

As at 31 December 2024, the Group's bank balances and cash decreased to approximately RMB35.3 million, by approximately RMB63.2 million or 64.2%, from approximately RMB98.4 million as at 31 December 2023. The Group's restricted bank deposits decreased to approximately RMB169.4 million as at 31 December 2024, by approximately RMB78.3 million or 31.6%, from approximately RMB247.7 million as at 31 December 2023.

As at 31 December 2024, the Group had the net current liabilities and the net assets of approximately RMB754.5 million (31 December 2023: RMB266.7 million) and approximately RMB423.8 million (31 December 2023: RMB514.7 million), respectively. As at 31 December 2024, the current ratio calculated based on current assets divided by current liabilities of the Group was 66.4% as compared with that of 88.1% as at 31 December 2023.

At 31 December 2024, the Group's total borrowings amounted to approximately RMB2,510.4 million (31 December 2023: RMB2,277.9 million) and total assets amounted to approximately RMB3,716.7 million (31 December 2023: RMB3,787.7 million). The gearing ratio of the Group, calculated based on total borrowings divided by total assets, was approximately 67.5% (31 December 2023: 60.1%) as at 31 December 2024.

As at 31 December 2024, the Group had total banking facilities relating to bank borrowings (excluding those related to factoring of bills receivables) and bills payable amounted to approximately RMB2,931.5 million, of which approximately RMB1,604.8 million had been utilised, and the unutilised banking facilities amounted to approximately RMB1,326.7 million. In addition, based on the historical experience of the directors of the Company, all of the currently utilised banking facilities would be renewed upon expiry.

As at 31 December 2024, certain of the Group's borrowings, which were secured by certain assets of the Group, were also secured by personal guarantees from Mr. Xu Songqing and Mr. Luo Canwen respectively.

Foreign currency exposure

As the functional currency of the PRC subsidiaries is Renminbi ("RMB") and a portion of the revenue is derived from sales to overseas customers who settle in United States dollars ("USD"), we are exposed to risks associated with fluctuations in USD against RMB. In addition, we are exposed to foreign currency risk arising from certain bank balances which are denominated in USD, Hong Kong dollars and Singapore dollars. The Group currently does not have any foreign currency hedging policy. However, the management closely monitors its exposure to foreign currency risk and will consider hedging significant foreign currency exposure should the need arise.

Financial instruments

During the year of 2024, apart from the commodity futures contracts, the Group had not entered into any financial instruments for hedging purpose.

MANAGEMENT DISCUSSION AND ANALYSIS

Material acquisitions and disposal

During the year of 2024, other than the deemed disposal of 95% equity interests in Jiangmen Zhongtuo Precision Metal Products Co., Ltd* (江門市中拓精密五金製品有限公司, the previously indirect wholly-owned subsidiary of the Company) in August 2024, the Group had no other material acquisition or disposal of subsidiaries, associates and joint ventures.

Borrowings

Details of the borrowings of the Group as at 31 December 2024 are set out in note 23 to the consolidated financial Statements.

Capital structure

Details of the share capital of the Company as at 31 December 2024 are set out in note 27 to the consolidated financial statements.

Capital commitment

Details of the capital commitment of the Group as at 31 December 2024 are set out in note 29 to the consolidated financial statements.

Pledge of assets

Details of the pledge of assets of the Group as at 31 December 2024 are set out in note 30 to the consolidated financial statements.

Contingent liabilities

During the year of 2024, the Company provided guarantees to banks as securities for financing facilities granted to certain subsidiaries of the Company in the PRC. The Group did not provide any guarantee to any third parties and did not have contingent liabilities as at 31 December 2024 (31 December 2023: nil).

Employees

As at 31 December 2024, the Group had a total of 1,492 (31 December 2023: 1,183) full-time employees (including executive Directors) in mainland China, Hong Kong and Singapore. The Group's total staff costs (including Directors' remuneration) during the year of 2024 amounted to approximately RMB143.2 million (2023: RMB123.0 million). The Group remunerated the employees based on their performance, experience and prevailing market practices. The Company has share option scheme in place as a means to encourage and reward the eligible employees (including the Directors) for their contributions to the Group's results and business development based on their individual performance. Share options to certain Directors and employees granted on 2 June 2022 and resulted in the share-based payment expenses of approximately RMB0.5 million (2023: RMB1.8 million) included in the above staff costs during the year of 2024.

MANAGEMENT DISCUSSION AND ANALYSIS

SUBSEQUENT EVENTS

Following the 2025 Spring Festival, the berths no. 1, 2, and 3 at Huajin Terminal obtained the licence for port operations (港口經營許可證). During January and February 2025, Huajin Terminal achieved a total cargo throughput of approximately 1.03 million metric tons. As a multi-purpose general-purpose terminal, Huajin Terminal has successfully completed trial operations for handling all cargo types, including containerized freight. The deployment of specialized lifting equipment and auxiliary systems has been fully finalized and enabling rapid switching between bulk and container handling modes. This operational flexibility has resulted in steadily improving loading/unloading efficiency across diverse cargo categories.

The cold-rolled and galvanized steel processing service business will continue to be the principal business providing a stable source of income to the Group. With our broad and diversified customer base, the Board believes that the terminal business will help broaden the income source of the Group with the saving of the transportation costs and time, and boosting distribution and warehousing.

The integrated operation of Huajin Terminal and the warehousing and processing area of Huajin Metal Industrial Park has established an efficient logistics system. Raw materials and finished products can be quickly transferred along the shortest route and with the highest efficiency, and are directly transported to the processing and warehousing, where various metal processing and warehousing services are immediately carried out for the Group. This operational model has achieved seamless integration across the entire industrial chain, establishing a robust platform that enhances resource-side efficiency and reduces operational costs for regional manufacturers, while significantly amplifying our Group's industrial synergy benefits.

DIRECTORS' REPORT

The Directors are pleased to present this annual report together with audited consolidated financial statements for the year ended 31 December 2024.

All reference below to other sections, reports or notes in this annual report form part of this Directors' report.

PRINCIPAL ACTIVITIES

The Company is an investment holding company and the Group is a leading cold-rolled steel processor in Guangdong Province, the PRC. The Group is principally engaged in processing of hot-rolled steel coils into cold-rolled steel strips, sheets and welded steel tubes and galvanized steel products customised to the specification of the customers covering a wide range of industries, including light industrial hardware, home appliances, furniture, motorcycle/bicycle accessories, LED and lighting. The Group provides processing, cutting, slitting, warehousing and delivery services on customized cold-rolled steel products and galvanized steel products. The Group is also engaged in terminal operation and provision of port logistic services (including uploading and unloading of cargoes, bulk cargo handling services, container handling, storage and other services).

A list of the Company's principal subsidiaries as at 31 December 2024 and their particulars are set out in note 38 to the consolidated financial statements.

BUSINESS REVIEW

The Group's revenue is derived primarily from business activities conducted in the PRC and Southeast Asia. An analysis of the Group's performance for the year by operating segment is set out in note 5 to the consolidated financial statements.

Further discussion and analysis of these activities as required by Schedule 5 to the Hong Kong Companies Ordinance, including a fair review of the business, a description of the principal risks and uncertainties facing the Group, particulars of important events affecting the Group that have occurred since the end of this financial year, and an indication of likely future development in the Group's business, can be found in this report and the sections headed "Chairman's Statement", "Management Discussion and Analysis", and "Corporate Governance Report" of this annual report. Details about the risks associated with the financial instruments of the Group are set out in note 34 to the consolidated financial statements.

RELATIONSHIPS WITH KEY STAKEHOLDERS

The Group recognises that employees, customers and suppliers are the key to our sustainability and stable development. The Group is committed to establishing a close relationship with its employees, enhancing cooperation with our suppliers and providing processed steel products and galvanized steel products customised to the specification of the customers so as to ensure the Group's sustainable development.

DIRECTORS' REPORT

(a) Employees

The remuneration packages of our employees include salary, bonuses and allowances. The Group also continues to improve and regularly review and update its policies on remuneration and benefits, training, occupational safety and health. The Group maintains a good relationship with its employees and maintains a relatively low turnover rate. To ensure the quality of our employees and to train up future generations of our management personnel, we provide in-house training to our employees to enhance their knowledge in operation and safety practice as well as training to individual employees according to specific job requirements. The goal of the in-house training is to train our employees and to identify talent, with the aim of providing promotion opportunities within the Company and fostering employee loyalty.

(b) Customers

The Group processes hot-rolled steel into cold-rolled steel products and galvanized steel products for our manufacturing customers. We derived most of our revenue from domestic sales which were made mainly to customers located in Guangdong Province, the PRC. Our customers are primarily manufacturers of different industrial products or their agents and steel trading companies which purchase our processed steel products and galvanized steel products for the manufacture of their end products. During the year ended 31 December 2024, we served at least approximately 2,258 customers in the year across a variety of industries in the PRC and overseas, including light industrial hardware, home appliances, furniture, motorcycle/bicycle accessories, LED and lighting. With a broad and diversified customer base, we are not dependent on any single customer, group of customers or any particular industry and are able to capture growth in various industries.

(c) Suppliers

Our major suppliers are primarily steel producers or their agents and steel trading companies located in the PRC. We have established stable and long-standing business relationship with our key steel raw material suppliers given our large-scale operations and the resultant demand for their products. Our business relationship with our major suppliers for our principal raw materials is pivotal for us to purchase the necessary quantities of steel raw materials at market price on a timely basis. We have an assessment and selection procedure for selecting our suppliers. Our procurement team in general conducts a background assessment which covers various aspects including scale of operation, quality control, delivery time and reputation in the industry on each potential supplier before their admission to our approved supplier list. It is our procurement policy that we only purchase raw materials from approved suppliers to ensure the quality of our raw materials. We also carry out evaluation and assessment of our existing suppliers from time to time. In order to leverage our suppliers' in-depth understanding of the industry and market trends, we closely communicate and collaborate with our major suppliers to obtain the latest market information in anticipation of our customers' future needs. We believe that our long-standing and stable relationship with our suppliers have also helped us to strengthen our relationship with our key customers and maintain our competitiveness.

DIRECTORS' REPORT

DIRECTORS' REPORT

CONFIRMATION FROM THE INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has received from each of the independent non-executive Directors the confirmation of their independence pursuant to rule 3.13 of the Listing Rules. Based on such confirmations, the Company considers each of the independent non-executive Directors is independent in accordance with rule 3.13 of the Listing Rules.

EQUITY-LINKED AGREEMENTS

Save for the share option scheme of the Company disclosed in the section headed "DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS AND SHORT POSITIONS IN SHARES AND UNDERLYING SHARES OF THE COMPANY" below and note 28 to the consolidated financial statements, no equity-linked agreement was entered into by the Company during the reporting year or subsisted at the end of the reporting year.

SHARE OPTION SCHEME

Prior to the Listing, the Company conditionally adopted a share option scheme (the "Scheme") on 23 March 2016 which became effective and unconditional upon the Listing. The purpose of the Scheme is to enable the Company to grant options to the Eligible Persons (as defined below) as incentives or rewards for their contribution or potential contribution to the Group.

Details of the Scheme are as follows:

a. Purpose

The primary purpose of the Scheme is to grant options as incentives or rewards to Eligible Persons for their contribution or potential contribution to the Group.

b. Eligible Persons

The Board may, at its discretion, offer to grant an option to subscribe for such number of new Shares as the Board may determine at an exercise price determined in accordance with paragraph (h) below to any full-time or part-time employee of the Company or any member of the Group, including any executive Director, non-executive Director and independent non-executive Director, and any supplier, customer, agent, advisor and consultant of the Group who, in the sole opinion of the Board, will contribute or have contributed to the Group (collectively, the "Eligible Persons").

c. Total number of Shares available for issue

The total number of Shares which may be issued upon exercise of all options to be granted under the Scheme and any other share option schemes of the Company must not exceed 60,000,000 Shares, representing 10% of the Company's issued share capital upon Listing.

The total number of Shares available for issue under the Scheme is 34,727,280 Shares, representing 5.79% of the Company's issued share capital as at the date of this annual report.

DIRECTORS' REPORT

Subject to the issue of a circular by the Company and the approval of the Shareholders in general meeting and/or such other requirements prescribed under the Listing Rules from time to time, the Board may: (i) renew this limit at any time to 10% of the Shares in issue as of the date of the approval by the Shareholders in general meeting; and/or (ii) grant options beyond the 10% limit to Eligible Persons specifically identified by the Board.

Notwithstanding the foregoing, the Shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other share option schemes of the Company at any time shall not exceed 30% of the Shares in issue from time to time. No options shall be granted under any schemes of the Company (including the Scheme) if this will result in the 30% limit being exceeded. The maximum number of Shares in respect of which options may be granted shall be adjusted, in such manner as the auditor of the Company or an approved independent financial adviser shall certify to be appropriate, fair and reasonable in the event of any alteration in the capital structure of the Company whether by way of consolidation, capitalisation issue, rights issue, sub-division or reduction of the share capital of the Company but in no event shall exceed the limit prescribed in this paragraph.

d. Maximum entitlement for each Eligible Person

The total number of Shares issued and which may fall to be issued upon exercise of the options granted under the Scheme and any other share option schemes of the Company (including both exercised and outstanding options) to each Eligible Person in any 12-month period up to the date of grant shall not exceed 1% of the Shares in issue as of the date of grant. Any further grant of options in excess of this 1% limit shall be subject to: (i) the issue of a circular by the Company which shall comply with Rules 17.03(4) and 17.06 of the Listing Rules containing the identity of the Eligible Person, the numbers and terms of the options to be granted (and options previously granted to such person, if any) the information as required under Rules 17.02(2)(d) and the disclaimer required under 17.02(4) of the Listing Rules; and (ii) the approval of the Shareholders in general meeting and/or other requirements prescribed under the Listing Rules from time to time with such Eligible Person and his/her associates (as defined in the Listing Rules) abstaining from voting. The numbers and terms (including the exercise price) of options to be granted to such person must be fixed before the Shareholders' approval and the date of the Board meeting at which the Board proposes to grant the options to such Eligible Person shall be taken as the date of grant for the purpose of calculating the subscription price of the Shares. The Board shall forward to such Eligible Person an offer document in such form as the Board may from time to time determine.

e. Time of exercise of option

Options may be exercised at any time commencing on the date as the Board may determine and ending on such date as the Board may determine but shall not exceed ten years from the date of grant (which is the date of offer of grant if the offer for the grant of the option is accepted). The period during which an option may be exercised will be determined by the Board in its absolute discretion, save that no option may be exercised more than ten years after it has been granted. No option may be granted more than ten years after the date of adoption of the Scheme.

DIRECTORS' REPORT**f. Minimum holding period of the option before it can be exercised**

The Scheme does not specify any minimum holding period but the Board has the authority to determine the minimum period for which a share option in respect of some or all of the shares forming the subject of the share options must be held before it can be exercised.

g. Acceptance and payment on acceptance

Offer for the grant of options must be accepted within 28 days from the offer date. Consideration of HK\$1 is required to be paid by the grantee of an option to the Company on acceptance of the offer for the grant of an option.

h. Exercise price

The exercise price is determined by the Board, and will not be less than the higher of the closing price of the Shares on the date of offer of grant and the average closing price of the shares for the five business days immediately preceding the date of offer of grant.

i. Remaining life of the Scheme

Subject to earlier termination by the Company in general meeting, the Scheme shall be valid and effective for a period of ten years from the date of its adoption and will expire on 22 March 2026.

DIRECTORS' REPORT

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENTS AND CONTRACTS

Details of the connected transactions and material related party transactions are set out in this report and note 33 to the consolidated financial statements.

Save for the above, no other transaction, arrangement or contract that is significant in relation to the Group's business to which the Company or any its subsidiaries was a party and in which a Director of the Company or his connected entity had, directly or indirectly, a material interest subsisted at any time during the year or at the end of the financial year.

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Other than the interests in share options of the Company as disclosed in the section headed "Share option scheme" above and note 28 to the consolidated financial statements, at no time during the year ended 31 December 2024 was the Company, its holding company, or any of its subsidiaries or associated corporations, a party to any arrangement which enables the Directors and chief executives of the Company (including their respective spouse and children under 18 years of age) to acquire benefits by means of acquisition of shares or underlying shares in, or debentures of, the Company or any of its associated corporations.

DIRECTORS' INTERESTS IN COMPETING BUSINESS

Save for their respective interests in the Company, none of the Directors and Controlling Shareholders of the Company (as defined under the Listing Rules) nor their respective associates were interested in any business which competes or is likely to compete, either directly or indirectly, with the businesses of the Group pursuant to Rule 8.10 of the Listing Rules during the year ended 31 December 2024 and up to the date of this annual report.

NON-COMPETITION UNDERTAKINGS BY CONTROLLING SHAREHOLDERS

On 23 March 2016, each of the controlling shareholders, namely Mr. Xu, Mr. Luo, Haiyi, Intrend Ventures and Zhong Cheng entered into the Deed of Non-competition in favour of the Company, pursuant to which they undertook to the Company, inter alia, not to carry on, participate in, hold, engage in, acquire or operate, or to provide any form of assistance to any person, firm or company (except members of the Group) to conduct any business which, directly or indirectly, competes or may compete with the business carried on by the Group from time to time. Upon the execution of the Termination Deed on 16 December 2022, Mr. Luo and Zhong Cheng ceased to be controlling shareholders of the Company and would no longer be bound by the Deed of Non-competition, whereas Mr. Xu, Haiyi and Intrend Ventures will continue to be bound by the Deed of Non-competition notwithstanding the execution of the Termination Deed.

Details of the Deed of Non-competition are set out in the paragraph headed "Relationship with our Controlling Shareholders — Non-competition undertakings" in the Prospectus.

DIRECTORS' REPORT

Each of the Controlling Shareholders, namely Mr. Xu, Haiyi and Intrend Ventures has provided written confirmation to the Company that, for the year ended 31 December 2024, each of the Controlling Shareholders has complied with the non-competition undertakings (the "Undertakings") given under the Deed of Non-competition.

Upon receiving the above confirmations, the independent non-executive Directors of the Company had reviewed the same as part of the annual examination. In determining whether the Controlling Shareholders had fully complied with the Undertakings, the independent non-executive Directors noted that (a) the Controlling Shareholders declared that they had fully complied with the Undertakings; (b) no new competing business was reported by the Controlling Shareholders for the year ended 31 December 2024; and (c) there was no particular situation rendering the full compliance of the Undertakings being questionable. In view of the above, the independent non-executive Directors confirmed that the Controlling Shareholders had fully complied with the Deed of Non-competition for the year ended 31 December 2024.

RELATED PARTY TRANSACTIONS

Details of material related party transactions of the Group undertaken in the normal course of business are set out in note 33 to the consolidated financial statements.

CONTINUING CONNECTED TRANSACTIONS

During the year ended 31 December 2024, the Group had the following continuing connected transactions:

On 1 August 2022, the Group entered into a lease agreement with Hua Jin Holdings, the landlord, to renew the continual use of the office in Singapore at a monthly rental of S\$5,000 for a term of two years commencing from 1 August 2022. On 1 August 2024, the Group renewed the lease agreement (the "Lease Agreement A") with the landlord at the same monthly rental of S\$5,000 for a term of two year commencing from 1 August 2024. Mr. Xu holds the entire equity interest of Hua Jin Holdings and is a director of Hua Jin Holdings. As Mr. Xu is an executive Director and the Controlling Shareholder, Hua Jin Holdings is a connected person pursuant to the Listing Rules. The same monthly rent of the lease was determined after arm's length negotiation between the parties with reference to the market rent of the office as assessed by the previous valuation as assessed by an independent property consultant.

On 15 December 2023, the Group entered into a lease agreement with Oriental Surplus Link, the landlord, to rent a residential premise located at Sai Kung, Hong Kong as staff quarter at a monthly rental of HK\$56,000 for a term of one year commencing from 15 December 2023. On 15 December 2024, the Group renewed the lease agreement (the "Lease Agreement B") with the landlord at the same monthly rental of HK\$56,000 for a term of one year commencing from 15 December 2024. Mr. Xu holds the entire equity interest of Oriental Surplus Link and is a director of Oriental Surplus Link. As Mr. Xu is an executive Director and the Controlling Shareholder, Oriental Surplus Link is a connected person pursuant to the Listing Rules. The monthly rent of the lease was determined after arm's length negotiation between the parties with reference to the then current market rent payable at the time for similar properties in the vicinity.

DIRECTORS' REPORT

As the relevant applicable percentage ratios with respect to the transaction contemplated under the Lease Agreement A and the Lease Agreement B on an annual basis are less than 5% and the aggregate consideration for the transaction is less than HK\$3 million, pursuant to Rule 14A.76(1) of the Listing Rules, such transactions constitute de minimis continuing connected transactions which are fully exempt from the relevant reporting, announcement and Shareholders' approval requirements.

The above continuing connected transactions have been reviewed by our independent non-executive Directors who have confirmed that the transactions have been entered into:

- (1) in the ordinary and usual course of business of the Group;
- (2) on normal commercial terms; and
- (3) in accordance with the agreements governing them on terms that are fair and reasonable and in the interest of the Shareholders as a whole.

The Company confirms that it has complied with the disclosure requirement in accordance with Chapter 14A of the Listing Rules in respect of the above continuing connected transactions.

CONNECTED TRANSACTIONS

During the year ended 31 December 2024, certain of the Group's borrowings, which were secured by certain assets of the Group, were also secured by personal guarantees from Mr. Xu and Mr. Luo respectively.

The Company confirms that it has complied with the disclosure requirement in accordance with Chapter 14A of the Listing Rules in respect of the above connected transactions.

TAX RELIEF

The Company is not aware of any relief on taxation available to the Shareholders by reason of their holdings of the Shares. If the Shareholders are unsure about the taxation implications of purchasing, holding, disposing of, dealing in, or exercising of any rights in relation to the Shares, they are advised to consult their professional advisers.

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

Neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities for the year ended 31 December 2024.

DIRECTORS' REPORT

CORPORATE GOVERNANCE

The Company recognises the importance of good corporate governance for enhancing the management of the Company as well as preserving the interests of its Shareholders as a whole. The Company has adopted and committed to the code provisions set out in the Corporate Governance Code contained in Appendix C1 to the Listing Rules and has prepared the corporate governance report, which is set out in the section headed "Corporate Governance Report" on pages 15 to 29 of this annual report. The Board will continue to review and monitor the practices of the Company with an aim to maintaining the highest standard of corporate governance.

ENVIRONMENTAL POLICIES AND PERFORMANCE

Our PRC subsidiaries are subject to the PRC national and local environmental laws, regulations and rules including, among others, the Environmental Protection Law of the PRC (《中華人民共和國環境保護法》). Our production process generates noise, liquid waste, industrial waste water and metropolitan waste water. We consider protection of the environment to be important and have implemented measures such as neutralising the waste water before disposal and recycling of the waste water. Our Directors believe that we have adopted effective measures to prevent and control pollution to the environment. During the year of 2024, we did not receive any complaint from our customers or any other parties in respect of any environmental protection issues, and we have not experienced any material environmental incidents arising from our production activities. During the year of 2024 no material administrative sanctions or penalties were imposed upon us for the violation of environmental laws or regulations which had an adverse impact on our operations. Our PRC subsidiaries have obtained the environmental permit necessary to conduct our business and have complied with the relevant environmental laws and regulations in the PRC in all material respects.

As required by the Listing Rules, the Company is required to report on environmental, social and governance ("ESG") information ("ESG Information") on an annual basis and regarding the same period covered in this annual report. The Company's ESG report for the year ended 31 December 2024 is published on the respective websites of the Company and the Stock Exchange on or around 28 April 2025.

COMPLIANCE WITH APPLICABLE LAWS AND REGULATIONS

The Group's operations are mainly carried out by the Company's subsidiaries in the PRC while the Company is listed on the main board of the Stock Exchange. The Group accordingly shall comply with relevant laws and regulations in the PRC and Hong Kong and the respective places of incorporation of the Company and its subsidiaries.

During the year of 2024 and up to the date of this annual report, the Board was unaware of any non-compliance with relevant laws and regulations that have a significant impact on the business and operations of the Group.

DIRECTORS' REPORT

SUFFICIENCY OF PUBLIC FLOAT

TO THE SHAREHOLDERS OF
HUAJIN INTERNATIONAL HOLDINGS LIMITED
華津國際控股有限公司
(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Huajin International Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 63 to 129, which comprise the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTER

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITOR'S REPORT

Key audit matter

Impairment assessment of the Identified Long-lived Assets (as defined below)

We identified the impairment assessment of the long-lived assets relating to the Group's business of sales of processed steel products and galvanized steel products, comprising certain property, plant and equipment, right-of-use assets and deposits paid for acquisition of property, plant and equipment (the "Identified Long-lived Assets"), as a key audit matter as significant judgement by the management and estimates are required to assess the amount of impairment of these assets.

As disclosed in notes 4 and 13 to the consolidated financial statements, the management of the Group performed an impairment assessment of the Identified Long-lived Assets during the year ended 31 December 2024. As at 31 December 2024, the aggregate carrying amount of the Identified Long-lived Assets was RMB1,346,443,000, including certain property, plant and equipment, right-of-use assets and deposits paid for acquisition of property, plant and equipment of RMB1,207,313,000, RMB123,890,000 and RMB15,240,000, respectively. The management of the Group determined the recoverable amounts of the Identified Long-lived Assets by value in use calculations using discounted cash flow model. It is based on financial budgets with reference to historical performance and future market development. The value in use involved significant judgement and estimates with certain key inputs, namely revenue growth rate and discount rate.

Based on the management's assessment, no impairment loss of the Identified Long-lived Assets has been recognised in profit or loss for the year ended 31 December 2024.

How our audit addressed the key audit matter

Our procedures in relation to management's impairment assessment of the Identified Long-lived Assets included:

- Understanding the key controls over the management of the Group's impairment assessment process, including impairment assessment model and key inputs;
- Evaluating the independent qualified professional valuer's competence, capabilities and objectivity;
- Engaging our internal valuation specialists to assess the appropriateness of the impairment assessment model and the discount rate used by the management of the Group; and
- Assessing the reasonableness of the key inputs used by the management of the Group in determining the value in use, with reference to the historical performance and market data.

INDEPENDENT AUDITOR'S REPORT

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Wong Kit Sum.

Notes:

- (i) Amount represents statutory reserve of the Group's subsidiaries in the People's Republic of China (the "PRC"). According to the relevant laws in the PRC, the Group's subsidiaries in the PRC are required to transfer at least 10% of their net profit after taxation, as determined under the PRC accounting regulations, to a non-distributable reserve fund until the reserve balance reaches 50% of their registered capital. The transfer to this reserve must be made before the distribution of a dividend to owners. Such reserve fund can be used to offset the previous years' losses, if any, and is non-distributable other than upon liquidation.
- (ii) On 18 January 2023, 江門市華睦五金有限公司 (Jiangmen Huamu Metals Co., Ltd) ("Huamu Metal"), a wholly-owned subsidiary of the Group, entered into an equity interest transfer agreement with third parties, Jiangmen Zhien Technology Co., Ltd ("Zhien Technology") and Jiangmen Liyuan Investment Consulting Co., Ltd ("Liyuan Investment Consulting"), pursuant to which Huamu Metal agreed to transfer its 30% and 5% equity interest in 江門市津聯環保科技有限公司 (Jiangmen Jinlian Renewable Resources Recycling Co., Ltd) ("Jinlian Renewable Resources Recycling") to Zhien Technology and Liyuan Investment Consulting at considerations of RMB1,800,000 and RMB300,000, respectively. The differences between the considerations received and the proportion of equity interests transferred is immaterial.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2024

1. GENERAL INFORMATION

Huajin International Holdings Limited (the “Company”, together with its subsidiaries, the “Group”) is a public limited company incorporated in the Cayman Islands as an exempted company and its shares are listed on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). Its immediate and ultimate holding company is Haiyi Limited, a company incorporated in the British Virgin Islands and ultimately controlled by Mr. Xu Songqing (“Mr. Xu”).

The principal activity of the Company is investment holding. The principal activities of the Group’s subsidiaries are set out in note 38. The addresses of the Company’s registered office and principal place of business are disclosed in the section “Corporate Information” of this annual report.

The consolidated financial statements are presented in Renminbi (“RMB”), which is the same as the functional currency of the Company.

2. APPLICATION OF NEW AND AMENDMENTS TO HKFRS ACCOUNTING STANDARDS

Amendments to HKFRS Accounting Standards that are mandatorily effective for the current year

In the current year, the Group has applied the following amendments to HKFRS Accounting Standards issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time, which are mandatorily effective for the Group’s annual period beginning on 1 January 2024 for the preparation of the consolidated financial statements:

Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020)
Amendments to HKAS 1	Non-current Liabilities with Covenants
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangements

Except as described below, the application of the amendments to HKFRS Accounting Standards in the current year has had no material impact on the Group’s financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2024

2. APPLICATION OF NEW AND AMENDMENTS TO HKFRS ACCOUNTING STANDARDS *(Continued)*

Amendments to HKFRS Accounting Standards that are mandatorily effective for the current year *(Continued)*

Impacts on application of Amendments to HKAS 1 Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) (the “2020 Amendments”) and Amendments to HKAS 1 Non-current Liabilities with Covenants (the “2022 Amendments”).

The Group has applied the amendments for the first time in the current year.

The 2020 Amendments provide clarification and additional guidance on the assessment of right to defer settlement for at least twelve months from reporting date for classification of liabilities as current or non-current, which:

- specify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period. Specifically, the classification should not be affected by management intentions or expectations to settle the liability within 12 months.
- clarify that the settlement of a liability can be a transfer of cash, goods or services, or the entity’s own equity instruments to the counterparty. If a liability has terms that could, at the option of the counterparty, result in its settlement by the transfer of the entity’s own equity instruments, these terms do not affect its classification as current or non-current only if the entity recognises the option separately as an equity instrument applying HKAS 32 Financial Instruments: Presentation.

For rights to defer settlement for at least twelve months from reporting date which are conditional on the compliance with covenants, the 2022 Amendments specifically clarify that only covenants that an entity is required to comply with on or before the end of the reporting period affect the entity’s right to defer settlement of a liability for at least twelve months after the reporting date, even if compliance with the covenant is assessed only after the reporting date. The 2022 Amendments also specify that covenants with which an entity must comply after the reporting date (i.e. future covenants) do not affect the classification of a liability as current or non-current at the reporting date. However, if the entity’s right to defer settlement of a liability is subject to the entity complying with covenants within twelve months after the reporting period, an entity discloses information that enables users of financial statements to understand the risk of the liabilities becoming repayable within twelve months after the reporting period. This would include information about the covenants, the carrying amount of related liabilities and facts and circumstances, if any, that indicate that the entity may have difficulties complying with the covenants.

The application of the amendments in the current year had no material impact on the consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2024

Except for the new HKFRS Accounting Standards mentioned below, the directors of the Company anticipate that the application of all other amendments to HKFRS Accounting Standards will have no material impact on the consolidated financial statements in the foreseeable future.

HKFRS 18 Presentation and Disclosure in Financial Statements

HKFRS 18 Presentation and Disclosure in Financial Statements, which sets out requirements on presentation and disclosures in financial statements, will replace HKAS 1 Presentation of Financial Statements. This new HKFRS Accounting Standard, while carrying forward many of the requirements in HKAS 1, introduces new requirements to present specified categories and defined subtotals in the statement of profit or loss; provide disclosures on management-defined performance measures in the notes to the financial statements and improve aggregation and disaggregation of information to be disclosed in the financial statements. In addition, some HKAS 1 paragraphs have been moved to HKAS 8 and HKFRS 7. Minor amendments to HKAS 7 Statement of Cash Flows and HKAS 33 Earnings per Share are also made.

HKFRS 18, and amendments to other standards, will be effective for annual periods beginning on or after 1 January 2027, with early application permitted. The application of the new standard is expected to affect the presentation of the statement of profit or loss and disclosures in the future financial statements. The Group is in the process of assessing the detailed impact of HKFRS 18 on the Group's consolidated financial statements.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION

3.1 Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange ("Listing Rules") and by the Hong Kong Companies Ordinance.

In preparing the consolidated financial statements of the Group, the directors of the Company has given careful consideration to the future liquidity of the Group in light of the fact that the Group's current liabilities exceeded its current assets by RMB754,513,000 as at 31 December 2024 and had capital commitments contracted for but not provided in the consolidated financial statements of RMB112,074,000 on the same date, of which RMB74,509,000 is due for payment in the next twelve months from 31 December 2024. The Group had generated a net cash outflow of RMB63,073,000 and net operating cash outflow of RMB914,760,000 for the year ended 31 December 2024. The material net operating cash outflow is primarily due to the increased use of discounted bills receivables with full recourse in the normal production and sales of steel business, with the relevant cash inflow of discounting the bills to banks, amounting to RMB957,460,000 during the year is presented in financing activities.

In the opinion of the directors of the Company, the Group will be able to continue as a going concern at least in the coming twelve months taking into consideration the available bank facilities from various banks for the operation requirements of the Group based on the past history of renewal of such facilities and the working capital estimated to be generated from operating activities. As at 31 December 2024, the Group had total banking facilities relating to bank borrowings (excluding those related to factoring of bills receivables) and bills payables amounted to approximately RMB2,931,440,000, of which approximately RMB1,604,759,000 had been utilised, and the unutilised banking facilities amounted to RMB1,326,681,000. In addition, based on the historical experience of the directors of the Company, all of the currently utilised banking facilities would be renewed upon expiry.

Based on the aforesaid factors, the directors of the Company are satisfied that the Group will have sufficient financial resources to meet in full its financial obligations as and when they fall due for the foreseeable future. Accordingly, the directors of the Company consider that it is appropriate to prepare the consolidated financial statements on a going concern basis.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.2 Material accounting policy information

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Revenue from contracts with customers

Information about the Group's accounting policies relating to contracts with customers is provided in Notes 5 and 21.

Leases

The Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 Leases at inception of the contract. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

Leases *(Continued)*

Right-of-use assets

The cost of right-of-use assets includes the amount of the initial measurement of the lease liability; any lease payments made at or before the commencement date and any initial direct costs incurred by the Group.

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include fixed payments less any lease incentives receivable;

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

Leases *(Continued)*

Lease liabilities *(Continued)*

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right of-use assets) whenever:

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.
- the lease payments change due to changes in market rental rates following a market rent review, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.
- a lease contract is modified and the lease modification is not accounted for as a separate lease.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Share-based payments

Equity-settled share-based payment transactions

Share options granted to employees

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value of the equity-settled share-based payments determined at the grant date without taking into consideration all non-market vesting conditions is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (share-based payments reserve). At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest based on assessment of all relevant non-market vesting conditions. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share-based payments reserve.

When share options are exercised, the amount previously recognised in share-based payments reserve will be transferred to share capital/share premium. When the share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share-based payments reserve will be transferred to retained profits.

Taxation

Income tax expense represents the sum of current and deferred income tax expense.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from (loss) profit before taxation because of income or expense that are taxable or deductible in other years and items that are never taxable or tax deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of each reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit and at the time of the transaction does not give rise to equal taxable and deductible temporary differences.

For the year ended 31 December 2024

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.2 Material accounting policy information *(Continued)*

Taxation *(Continued)*

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 requirements to the leasing liabilities and the related assets separately. The Group recognises a deferred tax asset related to lease liabilities to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised and a deferred tax liability for all taxable temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Property, plant and equipment

Property, plant and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes (other than construction in progress as described below). Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Construction in progress for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Costs include any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, including costs of testing whether the related assets is functioning properly and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Sale proceeds of items that are produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management (such as samples produced when testing whether the asset is functioning properly), and the related costs of producing those items are recognised in the profit or loss. The cost of those items are measured in accordance with the measurement requirements of HKAS 2.

Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

When the Group makes payments for ownership interests of properties which includes both leasehold land and building elements, the entire consideration is allocated between the leasehold land and the building elements in proportion to the relative fair values at initial recognition. To the extent the allocation of the relevant payments can be made reliably, interest in leasehold land is presented as "right-of-use assets" in the consolidated statement of financial position. When the consideration cannot be allocated reliably between non-lease building element and undivided interest in the underlying leasehold land, the entire properties are classified as property, plant and equipment.

Depreciation is recognised so as to write off the cost of assets other than properties under construction less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Impairment on property, plant and equipment, right-of-use assets and deposits paid for acquisition of property, plant and equipment

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment, right-of-use assets and deposits paid for acquisition of property, plant and equipment to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount of property, plant and equipment, right-of-use assets and deposits paid for acquisition of property, plant and equipment are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. In allocating the impairment loss, the impairment loss is allocated to the assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit or a group of cash-generating units) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit or a group of cash-generating units) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15 Revenue from Contracts with Customers (“HKFRS 15”). Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life if the financial asset or financial liability, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at FVTOCI:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL, except that at the date of initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 Business Combinations applies.

Classification and subsequent measurement of financial assets (Continued)

(i) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. For financial instruments other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

(ii) Equity instruments designated as at FVTOCI

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the fair value reserve of equity investments designated at FVTOCI; and are not subject to impairment assessment. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, and is transferred to retained profits.

(iii) Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss.

Impairment of financial assets subject to impairment assessment under HKFRS 9

The Group performs impairment assessment under ECL model on financial assets which are subject to impairment assessment under HKFRS 9 (including trade, bills and other receivables, restricted bank deposits and bank balances). The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("12m ECL") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables.

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets subject to impairment assessment under HKFRS 9 (Continued)

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations; and
- an actual or expected significant deterioration in the operating results of the debtor.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial instrument is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over two years past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped by considering the following factors:

- Nature of financial instruments;
- Past-due status;
- Nature and size of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables where the corresponding adjustment is recognised through a loss allowance account.

Derecognition of financial assets

The Group derecognised a financial asset only when the contractual rights to the cash flows from the assets expire or, when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises the collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of an investment in equity instrument which the Group has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the FVTOCI reserve is not reclassified to profit or loss, but is transferred to retained profits.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Group are classified either as financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the group entities are recorded at the proceeds received, net of direct issue costs.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

4. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Estimated impairment of Identified Long-lived Assets (as defined below)

The domestic economy continues to face significant uncertainties in current year, the Group is experiencing negative conditions including mainly decreased revenue and incurring loss for the year. Certain long-lived assets are related to the Group's business of sales of processed steel products and galvanized steel products, comprising certain property, plant and equipment, right-of-use assets and deposits paid for acquisition of property, plant and equipment (the "Identified Long-lived Assets"). The management of the Group concluded there were indications for impairment and conducted impairment assessment on the recoverable amounts of the Identified Long-lived Assets. As at 31 December 2024, the aggregate carrying amount of the Identified Long-lived Assets was RMB1,346,443,000, including certain property, plant and equipment, right-of-use assets and deposits paid for acquisition of property, plant and equipment of RMB1,207,313,000, RMB123,890,000 and RMB15,240,000, respectively.

In determining whether an asset is impaired, the Group has to exercise judgement and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key inputs to be applied in estimating the value in use including cash flow projection and an appropriate discount rate. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the recoverable amounts. The details of impairment assessment are set out in Note 13.

4. KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

Allowance for credit losses on trade receivables from contracts with customers

The Group involved independent and professional qualified valuer for the ECL estimation. The lifetime ECL of trade receivables was estimated collectively based on shared credit risk characteristics, taken into account the nature of the customer and its aging profile. The ECL rate estimation is based on the aging and the historical settlement pattern of the debtors and is adjusted by forward-looking information. At every reporting date, the historical observed default rates are reassessed and changes in the forward-looking information are considered.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's trade receivables are disclosed in Note 35.

Estimated provision for inventories

The management of the Group considers, whilst the contracted selling prices of the Group's processed steel products and galvanized steel products are negotiated according to the market conditions with reference to its costs of inventories, the trends of the market prices of steels are out of the control of the Group and thus imposed pressures to the net realisable values of its inventories. The management of the Group reviews the net realisable values of the inventories at the end of the reporting period based primarily on the latest invoice prices and current market conditions, less the estimates costs of completion and costs necessary to make the sale for the products (if any), to determine if any write-off or provision to write down inventories to their net realisable values is necessary. Where the actual net realisable values of the inventories are less than expected, a material provision may arise. As at 31 December 2024, the inventories amounted to RMB308,467,000 (2023: RMB315,179,000), net of write-down of RMB4,854,000 (2023: nil).

5. REVENUE AND SEGMENT INFORMATION

Operating segments are identified on the basis of internal reports about components of the Group that are regularly reviewed by the executive directors Mr. Xu and Mr. Luo Canwen ("Mr. Luo"), being the chief operating decision maker (the "CODM"), in order to allocate resources to segments and to assess their performance. During the years ended 31 December 2024 and 2023, the CODM assesses the operating performance and allocates the resources of the Group as a whole as the Group is primarily engaged in the production and sales of cold-rolled steel products and galvanized steel products. Therefore, the management considers that the Group has one operating segment only. The Group mainly operates in the PRC and the Group's non-current assets are also mainly located in the PRC.

The CODM reviews the overall results and financial position of the Group as a whole based on the same accounting policies and no further segment information is presented.

5. REVENUE AND SEGMENT INFORMATION (Continued)

The Group's sales of cold-rolled steel products and galvanized steel products is recognised when control of the goods has transferred, being when the goods have been shipped or delivered to the customers' specific locations or when the goods are collected by customers at the Group's production plants at their choice. The payment terms and credit terms (if any) are set out in Note 16. The Group's product warranty typically requires it to produce products free from defects in material and workmanship and in conformity with specifications of the customers. If the Group fails to meet the product requirements, its customers may return such non-conforming products within 15 days and the Group shall repair or replace such products free of charge.

Disaggregation of revenue from contracts with customers by types of goods is as follow:

Segments	2024 RMB'000	2023 RMB'000
Sales of cold-rolled steel products		
— steel strips and sheets	2,932,691	3,573,976
— welded steel tubes	135,478	127,846

Effect of different tax rates of subsidiaries operating in other jurisdictions	296	587
Income tax (credit) expense for the year	(25,033)	15,681

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for both years.

Singapore corporate tax is calculated at 17% of the estimated assessable profit for both years.

PRC EIT is calculated based on the statutory rate of 25% of the assessable profit for those subsidiaries established in the PRC, as determined in accordance with the relevant enterprise income tax law, implementation rules and notices in the PRC, except for as set out below.

Two major subsidiaries established in the PRC are approved as enterprises that satisfied the conditions as high and new technology enterprises and obtained the Certificates of High and New Technology Enterprises (the "HNTE Certificates") enjoying the preferential enterprise income tax rate of 15% for a consecutive three calendar years from 2019 to 2021. During 2022, the two relevant subsidiaries have renewed and obtained the HNTE Certificates and the concessionary tax rate of 15% continue to be applied for a consecutive three calendar years from 2022 to 2024.

10% withholding income tax is generally imposed on dividends declared in respect of profits earned by the Group's subsidiaries established in the PRC to its subsidiary incorporated in Hong Kong, which entitles a reduced withholding income tax rate of 5% according to the PRC tax regulations when it is qualified as a Hong Kong tax resident.

11. DIVIDENDS

No dividends were recognised as distribution for both years.

No final dividend for the year ended 31 December 2024 was recommended by the directors.

12. (LOSS) EARNINGS PER SHARE

The calculation of basic and diluted (loss) earnings per share is based on the following data:

	2024 RMB'000	2023 RMB'000
(Loss) earnings:		
(Loss) profit for the year attributable to owners of the Company for the purpose of basic and diluted (loss) earnings per share	(91,026)	85,656
	2024	2023
Weighted average number of ordinary shares for the purpose of basic (loss) earnings per share	600,000,000	600,000,000
Effect of dilutive potential ordinary shares brought by share options (note)	—	—
Weighted average number of ordinary shares for the purpose of diluted (loss) earnings per share	600,000,000	600,000,000

Note: The computation of diluted (loss) earnings per share for the years ended 31 December 2024 and 2023 does not assume the exercise of the Company's options because the adjusted exercise price of unvested options and exercise price of vested options are both higher than the average market price for shares during the years ended 31 December 2024 and 2023.

13. PROPERTY, PLANT AND EQUIPMENT *(Continued)*

The above items of property, plant and equipment, except for construction in progress, are depreciated on a straight-line basis as follows:

Building	Over the shorter of the term of the lease or 20 years
Plant and machinery	7.3%–9.5% per annum
Furniture, fixture and equipment	9.5%–19.5% per annum
Motor vehicles	19%–33.3% per annum
Leasehold improvement	Over the shorter of the term of the lease or 3 years

All of the building are situated on land under medium-term lease and located in the PRC.

Details of property, plant and equipment pledged as securities for the Group's borrowings are set out in Note 30.

Note: As at 31 December 2024, the construction in progress includes an amount of RMB630,132,000 (2023: RMB249,397,000) related to port and port facilities as detailed in the announcement of the Company dated 14 March 2025. The directors considered that there is a valuation upward on the relevant port and port facilities, with reference to the valuation performed by an independent professional valuer not connected to the Group, and therefore there is no impairment indicator to the relevant assets at the end of the reporting period.

Impairment assessment

The domestic economy continues to face significant uncertainties in current year, the Group is experiencing negative conditions including mainly decreased revenue and incurring loss for the year. The management of the Group concluded there were indications for impairment and conducted impairment assessment on the recoverable amounts of the Identified Long-lived Assets. As at 31 December 2024, the aggregate carrying amount of the Identified Long-lived Assets was RMB1,346,443,000, including certain property, plant and equipment, right-of-use assets and deposits paid for acquisition of property, plant and equipment of RMB1,207,313,000, RMB123,890,000 and RMB15,240,000, respectively.

The recoverable amounts of the CGU have been determined by value in use calculations using discounted cash flow model on the basis of the CGU to which the Identified Long-lived Assets belong and performed by an independent qualified professional valuer not connected to the Group. The cash flow model is based on financial budgets approved by the management of the Group, with a pre-tax discount rate of 11.52%. The revenue growth rate and the expected gross profit margin in the cash flow projection are determined by reference to the historical performance and the market development. The cash flow projection beyond the five-year period is extrapolated using a declined growth rate.

Based on the result of the impairment assessment, the management of the Group determined that the recoverable amount of the CGU is higher than the aggregated carrying amount of the assets allocated, and accordingly, no impairment loss is recognised in profit or loss for the CGU (2023: nil). The management believes that any reasonably possible change in any of these assumptions would not cause the carrying amount of the CGU to exceed its recoverable amount. As at 31 December 2024, no impairment loss of any of the Identified Long-lived Assets has been recognised.

Total cash outflow for leases	75,277	27,759
Additions to right-of-use assets	75,008	33,256

For both years, the Group leases leasehold lands and office premise and furniture for its operations. Lease contracts are entered into for initial term of 1 to 50 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

In addition, lease liabilities of RMB9,623,000 are recognised with related right-of-use assets of RMB9,384,000 as at 31 December 2024 (2023: lease liabilities of RMB9,426,000 are recognised with related right-of-use assets of RMB 9,257,000). The lease agreements entered into by the Group do not impose any covenants other than the security interests in the certain leased assets that are held by the lessor. Except for certain right-of-use assets pledged as securities for the Group's borrowings set out in Note 30, the remaining leased assets may not be used as security for borrowing purposes.

During the year ended 31 December 2023, the Group entered into lease agreement and obtained sea use rights, which refer to the legal rights and privileges that an entity has in relation to the use and exploitation of maritime areas. The Group intend to develop terminal business in 2025 by constructing berths for port docking, loading and unloading, transportation, and other related activities with the rights.

Other prepayments, deposits and other receivables	137,511	105,363
	963,668	1,311,308

As at 1 January 2023, trade receivables from contracts with customers amounted to RMB49,038,000.

The Group normally requires full payment upon delivery of goods. For long-term customers with good credit quality and payment history, the Group may allow credit periods of up to 90 days (2023: 90 days).

The Group generally makes prepayments to those suppliers in exchange of the price advantage of the hot-rolled steel, the main raw materials for production in the industry where the Group operates. It is a common industry practice as the steel price fluctuates greatly due to market influence. Fixing the steel price in advance is a cost-effective solution for the Group to manage the business efficiently.

The prepayments to suppliers represent the payments in advance to supplier for the purchase of raw materials. The Group assesses the recoverability of prepayments to suppliers at the end of each reporting period, taking into consideration of raw material purchase and utilisation plan. No impairment loss is recognised on the prepayments to suppliers as at 31 December 2024 and 31 December 2023.

61–90 days	11,077	61,337
91–120 days	18,329	55,546
121–180 days	35,164	47,254
	112,592	234,474

Before accepting any new customer, the Group assesses the potential customer's credit quality and defines credit limits by customer. Credit limits attributed to customers and credit terms granted to customers are reviewed regularly. All of the trade receivables that are neither past due nor impaired have no history of default.

As at 31 December 2024, included in the Group's trade receivables balance are debtors with aggregate carrying amount of RMB37,125,000 (2023: RMB57,868,000) which are past due as at the reporting date. Out of the past due balances, RMB1,088,000 (2023: RMB2,293,000) has been past due 90 days or more and is not considered as in default as the Group considered such balances could be recovered based on historical experience and taking into consideration of forward-looking information.

16. TRADE, BILLS AND OTHER RECEIVABLES *(Continued)*

Included in the Group's bills receivables are amounts of RMB111,990,000 (2023: RMB233,499,000), as at 31 December 2024 being the discounted bills receivables transferred to certain banks and suppliers with full recourse. If the issuing banks of bills receivables default payment on maturity, the banks and suppliers have the right of recourse to request the Group to pay the unsettled balance. As the Group has not transferred substantially all the risks and rewards relating to these bills receivables, it continues to recognise the full carrying amount of the bills receivables and the corresponding amounts in bank borrowings from factoring of bills receivables with full recourse (Note 23) and trade payables (Note 20). These bills receivables are carried at amortised cost in the consolidated statement of financial position. All the bills receivables are with a maturity period of less than one year.

As at 31 December 2024 and 2023, the Group does not hold any collateral as security over these balances.

	2024 RMB'000	2023 RMB'000
Carrying amount of transferred asset	111,990	233,499
Carrying amount of associated bank borrowings	(103,163)	(229,932)
Carrying amount of associated trade payables	(8,827)	(3,567)
	—	—

During the year ended 31 December 2024 and 2023, certain transactions between subsidiaries of the Company arising from steel processing services were settled by bank bills. As at 31 December 2024, bills receivables held by two subsidiaries of the Company issued by other members of the Group of RMB122,300,000 (2023: RMB175,400,000) were transferred to certain banks with full recourse similar to the arrangements as set out above. These bills receivables were eliminated in full on consolidation. The Group had recognised the cash received on the transfer of the bills receivables as bank borrowings from factoring of bill receivables with full recourse.

Details of impairment assessment of trade, bills and other receivables are set out in Note 35.

17. EQUITY INVESTMENTS DESIGNATED AT FVTOCI

Equity investments designated at FVTOCI

	2024 RMB'000	2023 RMB'000
Unlisted equity investments in the PRC, at fair value	1,405	1,799

The above equity investments were irrevocably designated at FVTOCI as the Group considers these investments to be strategic in nature.

During the current year, the Group disposed the equity investments designated at FVTOCI amounted to RMB1,799,000 to independent third parties at a consideration of RMB1,500,000.

During the current year, the Group entered into a capital injection agreement with an independent third party, pursuant to which acquired 95% of the enlarged equity interest of the Group's previously a wholly-owned subsidiary in the PRC set out in Note 32. The Group's equity interests in this equity investments have been diluted to 5%. The fair value of the above equity investments on the date of deemed disposal was RMB1,405,000. The management of the Group elected to designate the investment as the equity instrument at FVTOCI as they believe that recognising short-term fluctuations in fair value of these investments in profit or loss is not consistent with the Group's strategy of holding the investment for long-term strategic purpose and realising its performance potential in the long run.

18. RESTRICTED BANK DEPOSITS

Restricted bank deposits represent deposits pledged to banks for issue of bank bills on the Group's behalf and for secured bank borrowings, as set out in Note 30.

Nil Restricted bank deposits carry interest at variable interest rates ranging from 0.35% to 2.1% (2023: 0.2% to 2.1%) per annum as quoted by the People's Bank of China as at 31 December 2024.

19. BANK BALANCES AND CASH

Bank balances and cash comprise cash held by the Group and short-term bank deposits with an original maturity of three months or less.

Bank balances carry interest at variable rates which range from 0.01% to 0.35% (2023: 0.05% to 0.35%) per annum as at 31 December 2024.

26. DEFERRED TAX ASSETS (LIABILITIES) (Continued)

As at 31 December 2024, the aggregate amount of temporary differences associated with undistributed earnings of subsidiaries in the PRC for which deferred tax liabilities have not been recognised was approximately RMB40,095,000 (2023: RMB64,092,000). No liability has been recognised in respect of these differences because the Group is in a position to control the timing of the reversal of the temporary differences and it is probable that such differences will not reverse in the foreseeable future.

At the end of the reporting period, the Group has unused tax losses of RMB264,173,000 (2023: RMB138,368,000) available for offset against future profits. A deferred tax asset has been recognised in respect of approximately RMB248,160,000 (2023: RMB117,794,000) of such losses. No deferred tax asset has been recognised in respect of the remaining approximately RMB16,013,000 (2023: RMB20,574,000) due to the unpredictability of future profit streams. Out of these unrecognised tax losses, RMB2,816,000 (2023: RMB3,637,000) were incurred by entities overseas and may be carried forward indefinitely. The remaining balance of the unrecognised tax losses will expire in the following years:

28. SHARE OPTION

Pursuant to a resolution passed on 23 March 2016 by the board of directors of the Company, a share option scheme (the "Share Option Scheme") was adopted.

The purpose of the Share Option Scheme is to provide incentives or rewards to eligible persons for their contribution or potential contribution to the Group.

The board of directors of the Company may, at its discretion, offer to grant an option to subscribe for such number of new shares as the board of directors of the Company may determine at an exercise price which will not be less than the higher of (i) closing price of the shares on the date of offer of grant and (ii) the average closing price of the shares for the five business days immediately preceding the date of offer of grant to any full-time or part-time employee of the Company or any member of the Group, including any executive director, non-executive director and independent non-executive director, and any supplier, customer, agent, advisor and consultant of the Group who, in the sole opinion of the board of directors of the Company, will contribute or have contributed to the Group.

The Share Option Scheme will expire on 22 March 2026.

An option may be exercised at any time commencing on the date as the board of directors may determine and ending on such date as the board of directors may determine but shall not exceed ten years from the date of grant (which is the date of offer of grant if the offer for the grant of the option is accepted). The period during which an option may be exercised will be determined by the board of directors in its absolute discretion, save that no option may be exercised more than ten years after it has been granted. A consideration of HK\$1 is payable upon acceptance of the offer.

No option may be granted more than ten years after the date of adoption of the Share Option Scheme.

The maximum number of shares in respect of which options may be granted under the Share Option Scheme and any other share option scheme established by the Company, if any, is 60,000,000, representing 10% of the issued share capital of the Company at the date of approval of the Share Option Scheme. The total maximum number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option scheme, if any, shall not exceed 30% of the issued share capital of the Company from time to time.

31. RETIREMENT BENEFIT SCHEMES

The Group participates in a defined contribution scheme which is registered under the MPF Scheme established under the Mandatory Provident Fund Ordinance in Hong Kong. The assets of the schemes are held separately from those of the Group, in funds under the control of trustees.

For members of the MPF Scheme, the Group contributes at the lower of HK\$1,500 per month or 5% of relevant payroll costs each month to the MPF Scheme, which contribution is matched by the employee.

The Group participates in the Central Provident Fund Scheme ("CPF" or "CPF Scheme"), which is a state-managed retirement benefit scheme operated by Singapore government. The Group is required to make monthly contributions to CPF Scheme in respect of each employee, who is either a citizen or permanent resident of Singapore.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2024

31. RETIREMENT BENEFIT SCHEMES *(Continued)*

CPF contributions are required for both ordinary wages and additional wages (subject to any ordinary wages ceiling) of employees at the contribution rates prescribed under the Central Provident Fund Act (Cap 36) of Singapore ("CPFA"). Employer must make payment for both employer's and employee's share of the monthly contribution. Pursuant to section 7(2) of the CPFA, the employer is allowed to recover certain amounts as stipulated in the CPFA from the monthly wages of an employee. The only obligation of the Group with respect to the CPF Scheme is to make the specified contributions. The Group has no further payment obligations once the contributions have been paid.

The Group also participates in a state-managed defined contribution retirement scheme organised by the relevant local governmental authority in the PRC. The PRC employees of the Group eligible to participate in the retirement scheme are entitled to retirement benefits from the scheme. The Group is required to make monthly contributions to the retirement scheme of the eligible employees at 14%, of the payroll and the local governmental authority is responsible for the pension liabilities to these employees upon their retirement. The only obligation of the Group with respect to these retirement benefits schemes is to make the specified contributions.

During the year ended 31 December 2024, the total amounts contributed by the Group to the schemes and cost charged to the profit or loss represent contributions paid/payable to the schemes by the Group at rates specified in the rules of the schemes. The retirement benefits scheme contributions made by the Group amounted to RMB18,038,000 (2023: RMB13,099,000) for the year ended 31 December 2024.

32. DISPOSAL OF A SUBSIDIARY

During the year ended 31 December 2024, the Group entered into capital injection agreements with an investor, an independent third party, pursuant to which the investor acquired 95% of the enlarged equity interest of Jiangmen Zhongtuo Precision Metal Products Co., Ltd ("Zhongtuo"), which was previously an indirect wholly-owned subsidiary of the Company. On 29 August 2024, Zhongtuo has completed the update on business registration records of State Administration for Industry and Commerce of the People's Republic of China. Since then, the Group's equity interests in Zhongtuo have been diluted to 5%, the Group ceased to control and had no significant influence over Zhongtuo. Remaining equity interests in Zhongtuo at the date on which the control being lost are recognised as equity investments designated at FVTOCI (Note 17).

34. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that the group companies will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of net debt, which includes borrowings and amounts due to related parties, net of cash and cash equivalents, and equity attributable to owners of the Company, comprising issued share capital, various reserves and retained profits.

The directors of the Company review the capital structure regularly. As part of this review, the directors of the Company consider the cost and the risks associated with each class of the capital. Based on the recommendations of the directors, the Group will balance its overall capital structure through the payments of dividends, new shares issue as well as the issue of new debt or the redemption of existing debts, if necessary.

35. FINANCIAL INSTRUMENTS (Continued)

(b) Financial risk management objectives and policies (Continued)

Market risk

(i) Currency risk

The functional currencies of the Company and its subsidiaries are RMB and most of their transactions are denominated in RMB.

The Group's exposure to foreign currency risk related primarily to certain bank balances, trade receivables and inter-companies balances that are denominated in HKD, United States dollars ("USD") and SGD. The Group currently does not have a foreign currency hedging policy. However, management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

The carrying amounts of the Group's foreign currency denominated monetary assets and liabilities at the end of each reporting period are as follows:

	2024 RMB'000	2023 RMB'000
Monetary assets		
HKD	2,846	1,184
USD	288	1,617
SGD	1,454	793
Monetary liabilities		
HKD	689	1,194
SGD	490	187

Sensitivity analysis

The Group mainly exposes foreign currency risk on fluctuation of HKD, USD and SGD during the years ended 31 December 2024 and 2023. Management considered the exposure of foreign currency risk to the Group is not material for both years and no sensitivity analysis is performed.

(ii) Interest rate risk

The Group is exposed to fair value interest rate risk in relation to the borrowings (Note 23) and lease liabilities (Note 24). The Group is also exposed to cash flow interest rate risk in relation to the restricted bank deposits (Note 18), bank balances (Note 19) and variable-rate borrowings (Note 23).

(b) Financial risk management objectives and policies *(Continued)*

Market risk *(Continued)*

(ii) Interest rate risk (Continued)

The Group manages its interest rate exposures by assessing the potential impact arising from any interest rate movements based on interest rate level and outlook. The management will review the proportion of borrowings in fixed and floating rates and ensure they are within reasonable range. Management considered the exposure of interest rate risk to the Group is not material for both years and no sensitivity analysis is performed.

Credit risk and impairment assessment

Credit risk refers to the risk that the Group's counterparties default on their contractual obligations resulting in financial losses to the Group. The Group's credit risk exposures are primarily attributable to trade, bills and other receivables, restricted bank deposits and bank balances. As at 31 December 2024, the Group's maximum exposure to credit risk which will cause a financial loss to the Group is best represented by the carrying amounts of the respective financial assets. The Group does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets.

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits and credit approvals. Before accepting any new customer, the Group assesses the potential customer's credit quality and defines credit limits by customer. In general, limits attributed to customers are reviewed every year. Other monitoring procedures are in place to ensure that follow-up action is taken to recover overdue debts. In addition, the Group performs impairment assessment under ECL model on trade receivables collectively based on shared credit risk characteristics, taken into account the nature of the customer and its aging profile. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

As at 31 December 2024, the Group has concentration of credit risk from trade receivables as 43% (2023: 47%) of the total balances were due from the Group's five largest customers. The management of the Group considers the credit risk of amounts due from these customers is insignificant after considering their historical settlement record, credit quality and financial positions.

As at 31 December 2024, the Group has concentration of credit risk from bills receivables as 81% (2023: 94%) of the total balances were due from the Group's five largest customers.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2024

35. FINANCIAL INSTRUMENTS *(Continued)*

(b) Financial risk management objectives and policies *(Continued)*

Credit risk and impairment assessment *(Continued)*

The management of the Group considers the credit risk associated with bills receivables, which are all bank acceptance drafts, is limited because the accepting bank will cash it unconditionally when the entity presents these bills receivables. The credit risk on the restricted bank deposits and bank balances is also limited because the counterparties are banks with good reputations. The credit risk on other receivables is also limited because of the natures of these balances, credit quality of the counterparties and the historical settlement record.

Other than the concentration of the credit risk as set out above, the Group does not have any other significant concentration of credit risk.

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Financial assets other than trade receivables
Low risk	The counterparty has a low risk of default and does not have any past-due amounts	12m ECL
Watch list	Debtor frequently repays in full after due dates	12m ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL — non-credit-impaired
Loss	There is evidence indicating the asset is credit-impaired	Lifetime ECL — credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off

Notes:

- (i) For trade receivables, the Group has applied the simplified approach in HKFRS 9 to measure the loss allowance at lifetime ECL. The Group determines the expected credit losses collectively based on shared credit risk characteristics, taken into account the nature of the customer and its aging profile. The ECL rate estimation is based on the aging and the historical settlement pattern of the debtors and is adjusted by forward-looking information. The following table provides information about the exposure to credit risk for trade receivables which are assessed based on a collective basis.

Gross carrying amount

	2024	Trade receivables	2023	Trade receivables
	Average loss rate	RMB'000	Average loss rate	RMB'000

- (ii) For the purposes of internal credit risk management, the Group uses past due information to assess whether credit risk in other receivables has increased significantly since initial recognition. As at 31 December 2024 and 2023, these balances are debtors which are not past due or do not have fixed repayment as at the reporting date.

Liquidity risk

In management of the liquidity risk, the Group monitors and maintains levels of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management monitors the utilisation of bank borrowings and ensures compliance with loan covenants. The Group relies on borrowings as a significant source of liquidity.

The following table details the Group's remaining contractual maturity for its financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date, on which the Group can be required to pay. Specifically, amounts due to related parties which are repayable within twelve months are included in the earliest time band regardless of the probability of the directors choosing to exercise their rights.

The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate at the end of the reporting period.

In estimating the fair value, the Group uses market-observable data to the extent it is available. For investments with significant unobservable inputs under Level 3, the Group engages third party qualified valuer to perform the valuation. The management works closely with the qualified external valuer to establish the appropriate valuation techniques and inputs to the model.

The asset-based approach, which uses the fair market value of the unlisted equity investments' total assets minus total liabilities, is applied for the fair value estimation of the unlisted equity investments. The significant unobservable inputs in the approach included adjustment factors on market comparable assets and obsolescence rates applied for certain assets. Changes in these inputs, holding all other variables constant, do not have material impacts to the carrying amounts of the unlisted equity investments.
