# Management Discussion and Analysis

On behalf of the board (the "Board") of Directors (the "Directors") of A.Plus Group Holdings Limited (the "Company"), I present the unaudited interim results of the Company and its subsidiaries (collectively, the "Group") for the six months ended 30 September 2025 to the shareholders of the Company.

## BUSINESS REVIEW

During the six months ended 30 September 2025, the Group's revenue decreased by approximately 3.2% as compared to the corresponding period in 2024. This decrease was mainly due to the decrease in revenue generated from (i) company announcements and shareholder circulars segment of approximately HK\$4.2 million from approximately HK\$21.4 million for the six months ended 30 September 2024 to approximately HK\$17.2 million for the six months ended 30 September 2025; and (ii) results announcements and financial reports segment of approximately HK\$0.6 million from approximately HK\$33.0 million for the six months ended 30 September 2024 to approximately HK\$32.4 million for the six months ended 30 September 2025. Such decrease was partly offset by the increase in revenue generated from fund documents segment of approximately HK\$1.7 million from approximately HK\$0.7 million for the six months ended 30 September 2024 to approximately HK\$2.1 million for the six months ended 30 September 2025 and revenue generated from debt offering circulars and initial public offering prospectuses segment of approximately HK\$1.0 million from approximately HK\$5.8 million for the six months ended 30 September 2024 to approximately HK\$6.8 million for the six months ended 30 September 2025.

## PROSPECTS

The financial printing industry faces notable challenges as the Hong Kong Stock Exchange implements further paperless listing reforms in January 2025. These reforms mandate that listed issuers primarily communicate electronically with shareholders, removing the option to issue paper application forms for IPOs. While this transition supports sustainable practices in the Hong Kong capital market, it is likely to decrease the demand for printed documents and potentially affecting the profitability of the Group and the financial printing industry as a whole.

In response, we will concentrate on strengthening our core competencies in branding, networking, and service delivery to sustain our competitive edge. The overall liquidity of the Hong Kong capital market is projected to improve in view of its development in the recent months.

Amid the challenges we are facing, the Group is well prepared, both in terms of hardware and services, to capture new opportunities in the market.

## DIVIDENDS

The Board does not recommend the payment of any dividend for the six months ended 30 September 2025 (six months ended 30 September 2024: Nil).
