PROFIT WARNING

This announcement is made by Leoch International Technology Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

Based on the preliminary review of the unaudited consolidated management accounts of the Group and other information currently available, the board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, for the year ended 31 December 2025 (the “**Period**”), the profit attributable to the owners of the parent for the Period is expected to turn from positive to negative with an expected loss of no more than approximately RMB300 million, as compared to the corresponding period in 2024, which is mainly due to the following reasons:

- (i) due to the US Government continuously imposing additional import tariffs globally since the second quarter of 2025, the Group has experienced changes in its order structure and a significant increase in export costs to the United States;
- (ii) in 2025, the Group entered a phase of quality upgrading and capacity expansion. The concentrated launch of new products and commissioning of production lines resulted in increased raw material consumption and a year-on-year rise in unit production costs; and

(iii) the profit attributable to the owners of the parent decreased by approximately 61.7% year-on-year in the first half of 2025, and such performance constitutes part of the reasons for the decline in the Group's full-year results for 2025.

The Company is still in the process of finalizing the results of the Group for the Period. The information contained in this announcement is only a preliminary assessment by the management of the Group based on the unaudited management accounts of the Company for the Period and the information currently available to the Group, which have not been reviewed by the Company's auditors nor were they reviewed by the audit committee of the Company. Shareholders and potential investors are therefore advised to read carefully the annual results announcement of the Group for the Period, which is expected to be released on or before 31 March 2026.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
