THIRD QUARTERLY REPORT

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES

The Third Quarterly Financial Statements have been prepared in accordance with the applicable disclosure requirements of Chapter 18 of the GEM Listing Rules. The Third Quarterly Financial Statements do not include all the information required in annual financial statements in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”), which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”), and should be read in conjunction with the consolidated financial statements of the Group for the year ended 31 March 2019 (the “**Annual Report 2019**”).

The Third Quarterly Financial Statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

Going concern

The Group recorded unaudited net liabilities as at 31 December 2019. These conditions indicate the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern.

As stated in the Annual Report 2019, the Directors reviewed the Group's financial and liquidity position, and have taken the following actions to mitigate the liquidity issues faced by the Group:

- (a) the shareholders of the Company (the "**Shareholder(s)**") have confirmed that they will provide continuous financial support to the Company for a period of twelve months from the date of approval of the consolidated financial statements for the year ended 31 March 2019 by the Directors;
- (b) the convertible bonds in the aggregate principal amount of HK\$163.0 million have been extended the maturity date to 31 December 2020;
- (c) possible fund raising activities including, but not limited to placing, rights issues, open offer or issuance of convertible bonds are to be attempted; and

- (d) the management plans to improve the Group's financial performance by taking steps to reduce discretionary expenses and administrative costs and exploring new business which will provide on growing and recurring source of income.

In light of the measures and arrangements as described above, the Directors consider the Group will have sufficient working capital to meet their financial obligations as they fall due for the foreseeable future. Accordingly, the consolidated financial statements have been prepared on a going concern basis.

Should the Group be unable to continue as a going concern, adjustments would have to be made to restate the values of assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities, respectively. The effects of these potential adjustments have not been reflected in the consolidated financial statements.
