## CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

# Director's Statement

Dear Shareholders,

On behalf of the board of directors (the “Board”) of Wealth Glory Holdings Limited (the “Company”), I am pleased to present to you the annual results of the Company and its subsidiaries (collectively referred to as the “Group”) for the year ended 31 March 2025 (the “Current Financial Year”).

In 2024, the Group’s business was mainly focused on the trading of natural resources and commodities; sale of trendy products and money lending business. We also utilized its short term idle funds on investing in listed securities. We strived to seek for other suitable investment opportunities to diversify our business into different spectrums.

The Group continued to focus on the sales and distribution of trendy products which included in design, manufacture, produce, market, sales and distribution of bags, storage cases for electronic accessories and components, trendy fashion apparels and accessories in Hong Kong and Asia markets. Given that our products are those trendy products with their end-users/customers being young generations and we are actively participated in different marketing activities in order to strengthen the market appearance. During the year, we continue to improve the research and development skills and seek co-operation with sizable and famous brands, and we believed that the sales and distribution of trendy products have a high potential in the Asia region especially Greater China.

Looking forward, the Group’s business environment is expected to be remained challenging. In view of the uncertainties of the effects from potential global issues and local social incidents, we will continue to capitalize on our strong business connections to develop our existing businesses whilst capture any arising opportunities to diversify the Group’s business. Lastly, I would like to represent the Board to take this opportunity to thank the management and all of our colleagues for their dedication and support to the Group in such challenging year. I would also like to express our sincere gratitude to our customers, suppliers and business partners for their continued support.

**Lin Su**

# Management Discussion and Analysis

## FINANCIAL REVIEW

For the year ended 31 March 2025, the Group's operations recorded a revenue of HK\$35.4 million as compared to HK\$32.3 million in the previous year, representing an increase of 9.6%. The increase was mainly attributable to the increase in sales and distributing the consumer products. The money lending business also contributed HK\$1.2 million (2024: HK\$1.9 million) to the Group's revenue during the year ended 31 March 2025. The Group's gross profit in relation to its operations increased from HK\$2.6 million in last year to HK\$7.3 million in the current year under review. The increase was mainly due to the increase in sales of high profit margin products.

The Group recorded other income of HK\$6,000 for the year ended 31 March 2025 (2024: nil).

Other gains and losses recorded during the year ended 31 March 2025 was a net gain of HK\$2.9 million (2024: net loss of HK\$0.06 million). The increase was resulting from the reversal of payable of leasehold improvements.

Administrative expenses and other expenses (the "Operating Expenses") incurred for the year ended 31 March 2025 amounted to HK\$10.4 million (2024: HK\$15.5 million). After excluding the major non-cash items in relation to amortisation of intangible assets, depreciation charges, bad debts and the share-based payments, Operating Expenses for this year would have amounted to HK\$10.4 million as compared to HK\$15.5 million in the previous year on the same basis, representing a decrease of 32.9% which was mainly attributable to the effective cost control and decrease in marketing expenses during the year ended 31 March 2025.

The Group incurred finance costs for the year ended 31 March 2025 amounted to HK\$0.4 million (2024: HK\$0.4 million) which was mainly composed of imputed interest on bonds issued by the Group.

The Group recorded a loss attributable to owners of the Company of approximately HK\$3.6 million for the year ended 31 March 2025 as compared the amount in 2024 of approximately HK\$30.7 million, representing a decrease of HK\$27.1 million. Such decrease was mainly due to the effective cost control by the Group, the increase in gross profit and the decrease in provision for impairment losses of financial assets.

## BUSINESS REVIEW

During the year ended 31 March 2025, the Group's business was organised in four segments, namely (i) Natural Resources and Commodities; (ii) Branding, Trendy Fashion Merchandise and Other Consumers Products; (iii) Money Lending; and (iv) Securities Investment.

### Natural Resources and Commodities

#### *Natural Resources and Commodities Trading Business*

During 2024, there was not a good timing in engaging this business as the macro environment in trading of natural resources was not favor which may due to the potential global issues and the war crisis. The Group switched more resources to the sales of consumer products and trendy fashion merchandises segment which has a great potential on its business performance. During the year ended 31 March 2025 and 2024, the Group did not engage in the trading of crude palm oil. The Group will continue monitoring the business environment and conditions and start engaging the business when appropriate.

# Management Discussion and Analysis

## Branding, Trendy Fashion Merchandise and Others Consumer Products

In 2024, the Group's sale of consumer products and trendy fashion merchandises. The Group is optimistic with this business and continue to expand this business. The Group recorded a turnover of HK\$34.2 million (2024: HK\$30.4 million) for the year ended 31 March 2025. The Group continued to sales of trendy fashion merchandises and other consumer products of favorable brands and own branded products. Besides, our technical and research and development skills was recognised by the customers which built up the confidence on the differentiated own branded products by adding technical function on the existing products. Responses from potential buyers was encouraged particularly on the functionality products with different technical functions. The Group had also approached and cross designed with several favorable brands continuously.

In order to increase the brand appearance, the Group will continue to develop and register new intellectual properties and will actively participated in different marketing activities such as trade fairs and exhibitions. The Group also tried another ways to increase the brand awareness such as placing advertisements on internet. The Group will continue to develop different somatosensory games and will made use of this hot technology to promote the brand name in the coming years and linked up with other merchandises to be produced by the Group. In order to expansion this business, the Group started to increase the sale channels and provide a flexible credit terms to customers to attract the dealers and maximise the profit.

The Group will stay alert on the effects from potential global issues and local social incidents, continue to assess its impacts on the financial position and operating results of the Group and take necessary actions to mitigate its business risk. Up to the date of this report, the aforesaid assessment is still in progress.

The Group intended to expand this business. The Group believed that the technical functions affiliate with well marketing strategies would add value to its merchandises and would facilitate an explosive growth of this business including the growth in revenue and margins as the high-tech differentiated products can contribute higher profit margin.

# Management Discussion and Analysis

## Money Lending

The Group's money lending business recorded a revenue of HK\$1.2 million for the year ended 31 March 2025 (2024: HK\$1.9 million), which comprised interest income generated. According to the management's observation and taking into account the positive results of the money lending business, the Group believes that there is a constant demand in the market allowing a further growth of this business segment and is confident that it will continue to contribute positively to the Group's overall results. Nonetheless, as the business is capital-driven in nature, the Group will constantly assess the level of resources to be allocated to this business segment with reference to the availability of capital. In the meantime, it will closely monitor the market conditions and operating environment in order to strike a balance between the returns and the associated business risks.

## Business Model

The Group's money lending business is managed through a wholly-owned subsidiary. The Group targets to provide both secured or unsecured loans to different customers which included individuals and corporations mainly in Hong Kong and PRC. The source of customers is mainly past customers which consists of entrepreneurs and sizable enterprises or referrals by the Directors. The source of funds for the money lending business is funded by the internal resources of the Group.

## Major Terms of Loans Granted

As at 31 March 2025, the loan receivables were due from sixteen independent third parties. The interest rates of the loan receivables range from 6% to 12% per annum. All of the loan receivables are unsecured, of which the largest loan receivables of approximately HK\$4,000,000 and the five largest loan receivables represent 53.7% of the total loan receivables. The interest receivables arising from the unsecured loans are in the good standing and no occurrence on the default of interests. All loan receivables were repayable within twelve months from the end of the reporting period.

## Loan Impairments

The Group will consider both general and specific provision on the impairment of the loan receivables. Specific provision will be considered when the customers are bankrupt, liquidation or any probably events which indicate the occurrence on the default of payments. In 2024, the economic downturn continued which may affect the repayment ability of the borrower, thus affecting the Group's expectation to each of the borrowers on their ability to repay their debts. Therefore, the Group considered that the default rate of each borrowers increased, thus general provision on the loan impairment was recognized due to the expected credit losses. Besides, the Group based on the borrowers' current financial status by communicating with the borrowers, referring to their past and current repayment records, loan terms, and the value of the collaterals, and will make further additional independent adjustments, to calculate the loan impairment for the year.

# Management Discussion and Analysis

## Internal Controls

The Group manages credit risk through review and credit approval and post-transaction monitoring processes. An independent credit risk assessment has been performed before granting the loans which including but not limited to the background check, income or asset proof of individual customers and financial reports of corporate customers. Besides, verification of the authenticity of the information will be performed. Upon the completion of credit assessment procedures, the Group will propose loan terms, which include loan size, loan tenure, interest rate, guarantee and collateral, with reference to the prime lending rate offered by commercial banks, prevailing interest rates offered by other money lending institutions in the market and internal credit risk rating of the borrowers and ensure that the Company complies with the Money Lenders Ordinance. The proposed loans will then be passed to the directors for review and approval.

The Company has also adopted the procedures on monitoring loan repayment and recovery which involve (a) finance department is required to submit management accounts to the board of directors of the Company and report on the financial and business performance quarterly; (b) finance department required to report the repayment status of all loans to the board of directors of the Company quarterly and report for any material defaulted loans immediately upon occurrence; In respect of overdue loans, the finance managers will proactively contact the borrowers to understand the reasons for overdue repayments and assess the repayment ability of the borrowers by considering factors including but not limited to the business, financial and economic conditions that may affect the repayment ability of the borrowers; actual and expected financial performance and cashflows of the borrowers; and probability of the borrowers entering into bankruptcy or other financial reorganisation. After assessing the repayment ability of the borrowers, the directors may choose to negotiate new repayment schedules with the borrowers if the underlying default risk is considered to be acceptable. In respect of delinquent loans with significant default risk, the standard demand letters will be issued. If no satisfactory response is received, formal legal demand letters will be issued. Thereafter formal legal proceedings may be issued where appropriate.

## Securities Investment

During the year, the Group's securities investment segment continued to focus on listed securities in Hong Kong. It recorded a net loss in securities investments of HK\$1 million for the year ended 31 March 2025 (2024: net loss of HK\$0.06 million). As at 31 March 2025, the Group held an investment portfolio with fair value of HK\$11.3 million (2024: HK\$0.3 million). The increase was mainly due to the repayment of securities assets from the borrowers. There was no dividend income generated for the year ended 31 March 2025.

The local securities market remained volatile during the year. In view of this, the Group will hold a diversified portfolio across different segment of the market with an effort to minimize the associated risk.

## Financial Position

Net assets value of the Group as at 31 March 2025 amounted to HK\$7.3 million as compared to HK\$10.8 million as at 31 March 2024. The decrease was mainly due to the increase in trade payables of approximately HK\$8 million.

The non-current assets of the Group as at 31 March 2025 was nil (31 March 2024: HK\$13,000).

Net current assets as at 31 March 2025 amounted to HK\$7.3 million as compared to HK\$17.1 million in the previous year. The decrease was mainly attributable to the increase in trade payable.

# Management Discussion and Analysis

## KEY RISKS AND UNCERTAINTIES

The Group's financial position, operations, business and prospects may be affected by the following identified risks and uncertainties.

### Business risks

The Group's money lending business is subject to risks that a customer or counterparty may fail to perform its contractual obligations on payment of interest as the principal or that the value of collateral held to secure the obligations might be inadequate. While the Group has internal policies and procedures designed to manage such risks, these policies and procedures may not be fully effective. Any material customers delay or default on their payments could adversely affect the Group's financial position and profitability. Although the Group has adopted the money lending policy and money lending procedure manual which provide guidelines on the handling and/or monitoring of the money lending procedures according to the Money Lenders Ordinance (Chapter 163 of the Laws of Hong Kong), the Group may face the risk of breaching the relevant rules and regulations from time to time, which may result in penalty or other potential liabilities to the Group.

In addition, unfavourable movement on crude oil price will reduce the profitability of the operation.

The Group will update and monitor the risks exposures to the Group's businesses to ensure appropriate measures are implemented on a timely manner.

### Strategic risks

The Directors maintain a strategic plan based on the knowledge to the external environments. The Group will invest in projects and investments based on the strategic plan in order to cope with the market demand and expectation. Given the rapid change of unforeseeable external environments in the financial and equity markets, the Group is facing significant strategic risks on its investments when changing the strategic plans to adopt the unexpected changes of external environments.

### Foreign exchange rates risks

The Group has asset and liabilities denominated in currencies other than its functional currency and that are subject to fluctuation in foreign exchange rate. The Group monitors the foreign exchange exposure and will consider to hedge significant foreign currency exposure should the need arise.

# Directors' Report

## Operational risks

Operational risk is the risk of loss resulting from inadequate or fail internal processes, people and system, or from external events. In order to manage these risks, the Group had set a standard operational procedures, limits of authority and reporting framework and invests in human resources and equipments to manage and reduce the operational risks exposure.

## Liquidity risks

Liquidity risk is the potential that our Group will not be able to meet its obligations when fall due. In order to manage the liquidity risk, the Group will continually monitors cash flows and maintains an adequate level of cash and credit facilities to ensure the Group to meet its finance needs.

## COMPLIANCE WITH RELEVANT LAWS AND REGULATION

During the year ended 31 March 2025, the Company was not aware of any material non-compliance with any relevant laws and regulations that have a significant impact to the Group.

## RELATIONSHIPS WITH STAKEHOLDERS

Employees are the assets of the Group. The Group provides competitive remuneration package and a pleasant workplace environment to attract and motivate the employees. An annual performance evaluation will be conducted annually based on individual's contributions and achievements throughout the year and the Group will make necessary adjustments based on the result of the performance evaluation.

In addition to the salaries, the Group had set up a mandatory provident fund scheme (the "MPF Scheme") in accordance with the Hong Kong Employment Ordinance and medical insurance plan for our staffs in Hong Kong. The MPF Scheme is subject to regulations under the Mandatory Provident Fund Scheme Ordinance and is a defined contribution retirement plan administrated by independent trustees. The Group's staffs in the PRC are entitled to national statutory social insurance under the statutory Employment Ordinance of the PRC.

The Group understands the importance of maintaining a good relationship with our business partners, which including the Group's customers and suppliers. The Group believes that a healthy relationship can be build up by providing better products and enhanced services to the customers, maintaining an effective communication channel to the employees and collaborating with key suppliers.

## ENVIRONMENTAL POLICIES

The Group is committed to reducing its carbon footprint and consumption of natural resources in all possible aspects of business operations. Our environmental strategy is to achieve a balance between the quality and efficiency of our services and the minimization of greenhouse gas emissions and environmental degradation. Accordingly, the Group has taken a proactive approach to effect internal and external communications by means of telephone, emails and conferences or such other communication means which are efficient yet environmentally friendly. Also, we are able to minimize physical travelling and printing.

**Lin Su**

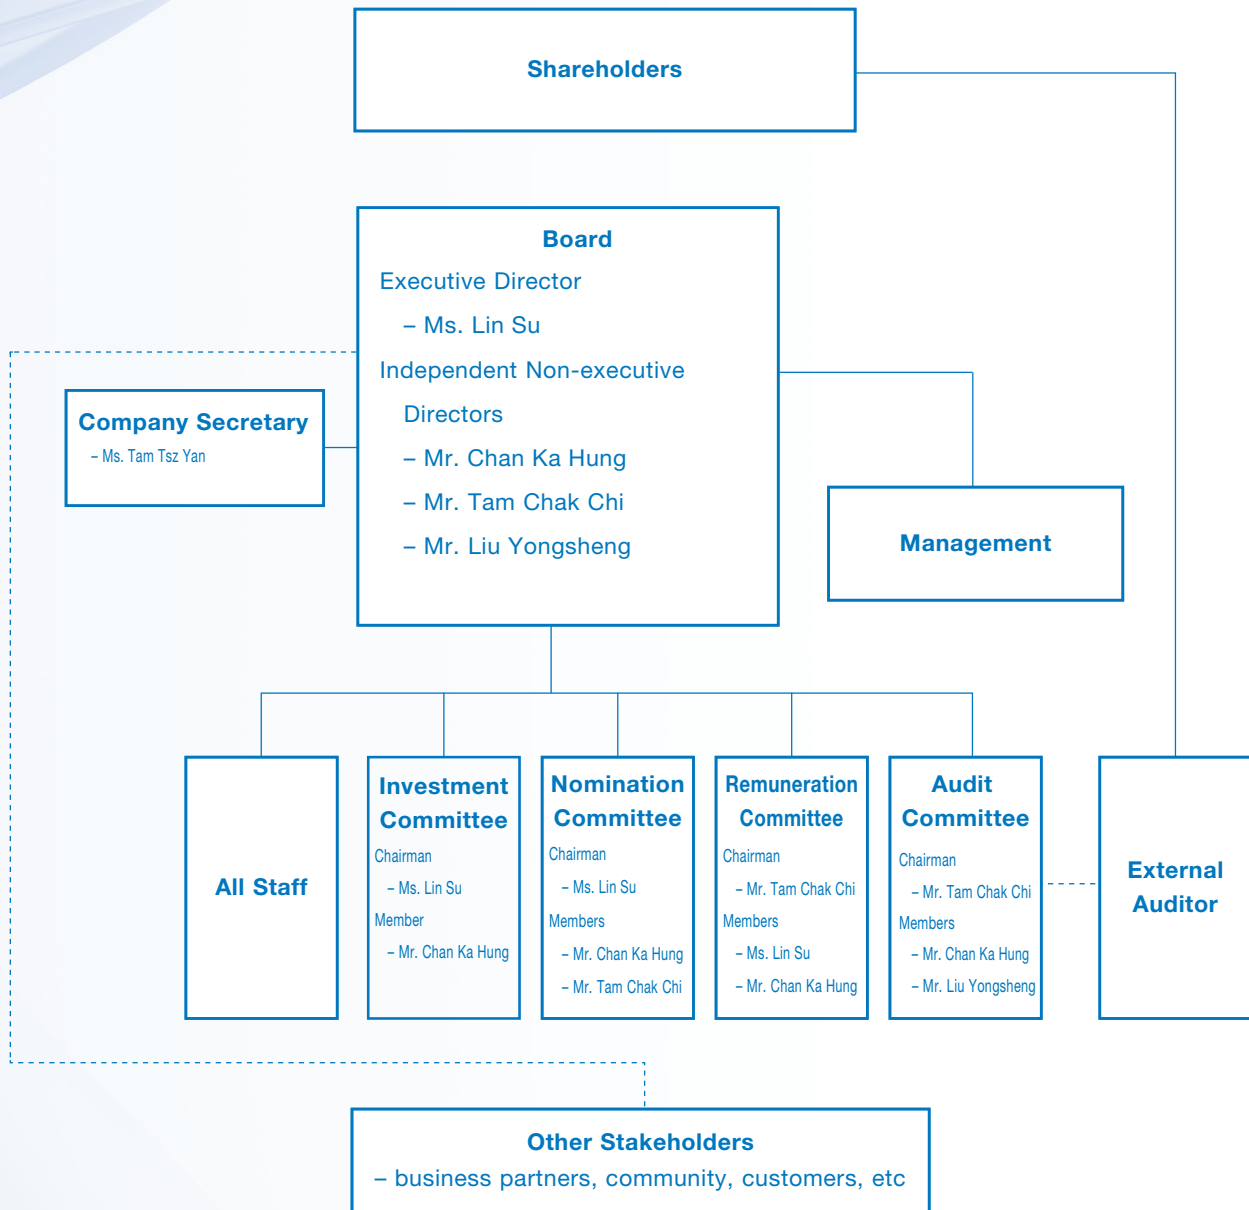

*Executive Director*

Hong Kong, 30 June 2025

# Corporate Governance Report

The Board is pleased to present this Corporate Governance Report in the Company's annual report for the year ended 31 March 2025.

## CORPORATE GOVERNANCE FRAMEWORK

# Corporate Governance Report

## CORPORATE GOVERNANCE PRACTICES

The Company is committed to achieving high standards of corporate governance to protect the interests of shareholders and enhance shareholder value. The Company acknowledges the important role of its Board in providing effective leadership and direction to the Group's business, and ensuring accountability, transparency, fairness and integrity of the Company's operations.

Throughout the year ended 31 March 2025, the Company has complied with all the code provisions (the "CG Code") on Corporate Governance Code and Corporate Governance Report contained in Appendix C1 of the GEM Listing Rules except for certain deviations as explained below.

Under code provision C.5.3 of the CG Code, notice of at least 14 days should be given of a regular board meeting to all Directors to give all Directors an opportunity to attend. During the year, certain Board meetings were convened with less than 14 days' notice to facilitate the Directors' timely reaction and expeditious decision making process in respect of investment opportunity and internal affairs of the Group. All Board meetings, nevertheless, were duly convened and held in the way prescribed by the Articles of Association of the Company. The Board will use reasonable endeavour to meet the requirement of code provision C.5.3 of the CG Code in future. Adequate and appropriate information are circulated normally three days in advance of Board meetings to the Directors.

The Board will continue to monitor and review the corporate governance principle and practices to ensure compliance.

## CULTURES AND VALUES

A healthy corporate culture across the Group is integral to attain its vision and strategy. It is the Board's role to foster a corporate culture with the following core principles and to ensure that the Company's vision, values and business strategies are aligned to it.

### 1. Integrity and code of conduct

The Group strives to maintain high standards of business ethics and corporate governance across all our activities and operations. The Directors, management and staff are all required to act lawfully, ethically and responsibly, and the required standards and norms are explicitly set out in the training materials for all new staff and embedded in various policies such as the Group's employee handbook (including therein the Group's code of conduct), the anti-corruption policy and the whistleblowing policy of the Group. Trainings are conducted from time to time to reinforce the required standards in respect of ethics and integrity.

### 2. Commitment

The Group believes that the culture of commitment to workforce development, workplace safety and health, diversity, and sustainability is one where people have a feeling of commitment and emotional engagement with the Group's mission. This sets the tone for a strong, productive workforce that attracts, develops, and retains the best talent and produces the highest quality work. Moreover, the Company's strategy in the business development and management are to achieve longterm, steady and sustainable growth, while having due considerations from environment, social and governance aspects.

## THE BOARD OF DIRECTORS

### Responsibilities and Delegation

The Board is responsible for establishing policies, strategic direction, providing leadership in creating value and overseeing the Company's financial performance on behalf of the shareholders. The Board is also responsible for supervising the management of the Group and has delegated the responsibility for day-to-day operations and management of the Group's businesses to the management.

### *Matters Reserved by the Board*

The Board reserves for its decisions major strategic and business matters, including the approval and monitoring of all policy matters, overall strategies and budgets, internal control and risk management systems, material transactions (in particular those may involve conflict of interests), financial information, Board composition and remuneration, corporate governance matters, and other significant financial and operational matters.

All Directors have full and timely access to all relevant information as well as the advice and services of the Company Secretary and the senior management, with a view to ensuring that Board procedures and all applicable laws and regulations are followed. Each Director is able to seek independent professional advice in appropriate circumstances at the Company's expenses, upon making reasonable request to the Board.

### *Division of Roles of the Board and the Management*

The Board has delegated a schedule of responsibilities to the Chief Executive Officer and senior management of the Company. These responsibilities include, but not limited to, implementing decisions of the Board and directing and co-ordinating day-to-day operation and management of the Company.

The delegated functions and responsibilities are periodically reviewed by the Board. Approval has to be obtained from the Board prior to any significant transactions being entered into by the foregoing officers and senior management.

# Corporate Governance Report

## Board Composition

As at 31 March 2025, the Board consists of the following Directors:–

### *Executive Director*

Ms. Lin Su

### *Independent Non-executive Directors*

Mr. Tam Chak Chi

Mr. Liu Yongsheng

Mr. Chan Ka Hung

The list of all Directors (by category) is set out under the section headed “Corporate Information” in this annual report and is also disclosed in all corporate communications issued by the Company pursuant to the GEM Listing Rules from time to time. The biographical details of the Directors are set out under the section headed “Directors and Senior Management Biographies” in this annual report.

The Board composition is regularly reviewed to ensure that it has a balance of skills and experience appropriate for the effective leadership of the Group. A balanced composition of Executive Directors and Independent Non-executive Directors is maintained to ensure independence and effective management.

The Independent Non-executive Directors play a significant role in the Board as they bring an impartial view on the Group’s strategies, performance and control, as well as ensure that the interests of all shareholders are considered. All Independent Non-executive Directors possess appropriate academic, professional qualifications or related financial management experience. None of the Independent Non-executive Directors held any other offices in the Company or any of its subsidiaries or is interested in any shares of the Company.

In order to ensure that independent views and input of the Independent Non-executive Directors are made available to the Board, the Nomination Committee and the Board are committed to assess the Directors’ independence annually with regards to all relevant factors related to the Independent Non-executive Directors including the following:

- required character, integrity, expertise, experience and stability to fulfill their roles;
- time commitment and attention to the Company’s affairs;
- firm commitment to their independent roles and to the Board;
- declaration of conflict of interest in their roles as Independent Non-executive Directors;
- no involvement in the daily management of the Company nor in any relationship or circumstances which would affect the exercise of their independent judgement; and
- the Chairman meets with the Independent Non-executive Directors regularly without the presence of the executive Directors.

# Corporate Governance Report

The Company has received from each Independent Non-executive director an annual confirmation of his independence, and the Company considers them to be independent in accordance with the criteria set out in the GEM Listing Rules.

The Company has complied with the requirements under Rules 5.05A, 5.05(1) and (2) of the GEM Listing Rules during the year. Rule 5.05A requires a listed issuer to appoint independent non-executive directors (“INED”) representing at least one-third of the Board. Rule 5.05(1) requires that every board of directors of a listed issuer must include at least three INEDs and Rule 5.05(2) requires that at least one of the INEDs must have appropriate professional qualifications or accounting or related financial management expertise. All INEDs must also meet the guidelines for assessment of their independence set out in Rule 5.09 of the GEM Listing Rules.

## ***Relationships***

All Directors do not have any financial, business, family or other material/relevant relationships with each other.

## **Appointment, Re-election and Removal of Directors**

Each of the Executive Directors has entered into a service agreement with the Company for a term of three years. The Company has also issued a letter of appointment to each of the Non-executive Directors and the Independent Non-executive Directors for a term of three years.

In accordance with the Company’s Articles of Association, one-third of the Directors are subject to retirements at each annual general meeting and all the Directors are subject to retirement by rotation at least once every three years and are eligible for re-election at annual general meetings of the Company. Any new Director appointed by the Board to fill a casual vacancy shall submit himself/herself for re-election by shareholders at the next following general meeting and any new director appointed by the Board as an addition to the existing Board shall submit himself/herself for re-election by shareholders at the next following annual general meeting.

Pursuant to the aforesaid provisions of the Company’s Articles of Association, Ms. Lin Su and Mr. Chan Ka Hung shall retire at the forthcoming 2025 annual general meeting of the Company and, being eligible, will offer themselves for re-election at the meeting. The Company’s circular for the coming annual general meeting will contain detailed information of all retiring Directors pursuant to the GEM Listing Rules.

The procedures and process of appointment, re-election and removal of directors are laid down in the Company’s Articles of Association. The Company has established a Nomination Committee, which is responsible for, among others, reviewing the Board composition, developing and formulating the relevant procedures for nomination and appointment of Directors, monitoring the appointment and succession planning of Directors and assessing the independence of Independent Non-executive Directors. Details of the Nomination Committee and its work performed are set out in the “Board Committees” section below.

# Corporate Governance Report

## Continuous Professional Development

Every newly appointed Director receives a comprehensive and formal induction upon his appointment to ensure that he has a proper understanding of operations and business of the Group and the statutory and regulatory obligations of a director of a listed company. The Group provides continuing briefings and professional development to refresh the Directors' knowledge and skills, and updates all Directors on the latest developments in relation to the GEM Listing Rules and other applicable regulatory requirements to ensure compliance as well as to enhance their awareness of good corporate practices.

The Directors understand the need to continue developing and refreshing their knowledge and skills for making contributions to the Company. The Company provides regular updates, changes and developments relating to the Group's business and the legislative and regulatory requirements to the Directors.

The Directors are encouraged to enroll in relevant professional development program to ensure that they are aware of their responsibilities under the legal and regulatory requirements. For the year ended 31 March 2025, all Directors have participated in continuous professional development to develop and refresh their knowledge and skills by attending conferences, seminars and in-house briefing. The Company has provided to the Directors with materials on risk management, ESG Reporting and updates on financial reporting and tax, etc.

## Board Practices and Conduct of Meetings

The Board members meet regularly and at least 4 regular Board meetings a year are held at approximately quarterly intervals to discuss business development as well as the overall strategy of the Company. Schedules for regular Board meetings are normally agreed with the Directors in advance in order to facilitate them to attend. Apart from formal meetings, matters requiring Board approval were arranged by means of circulation of written resolutions. The Board and each Director also have separate and independent access to the senior management whenever necessary.

The relevant senior management normally attend regular Board meetings and, where necessary, other Board and committee meetings to advise on business developments, financial and accounting matters, statutory compliance, corporate governance and other major aspects of the Group.

The Company Secretary assists the Chairman in preparing the agenda for each Board meeting, keeping minutes of Board meeting and meetings of Board Committees, and ensures that all applicable rules and regulations are complied. Draft Board minutes are circulated to all Directors for their respective comments as soon as possible after the meeting. The minutes of each Board meeting and Board Committees meeting have been kept by the Company Secretary and are open for inspection at any given time on reasonable notice by any Directors.

According to current Board practice, any material transaction, which involves a conflict of interest for a substantial shareholder or a Director, will be considered and dealt with by the Board at a duly convened Board meeting. The Company's Articles of Association contain provisions requiring Directors to abstain from voting and not to be counted in the quorum at meetings for approving transactions in which such Directors or any of their associates have a material interest.

# Corporate Governance Report

## Directors' Attendance Records

The Board meets regularly for reviewing and approving the financial and operating performance, and considering and approving the overall strategies and policies of the Company. Additional meetings are held when significant events or important issues are required to be discussed and resolved.

The attendance record of each Director at regular Board meetings, Audit Committee meetings, Remuneration Committee meetings, Nomination Committee meetings and shareholders' general meetings during the year ended 31 March 2025 is set out in the following table:

## Directors' Securities Transactions

The Company has adopted the Model Code for Securities Transactions by Directors as the code of conduct regarding securities transactions by the Directors (the "Model Code"). Having made specific enquiries to the Directors, all the Directors confirmed that they complied with the required standards as set out in the Model Code throughout the year ended 31 March 2025.

No incident of non-compliance of the Required Standard of Dealings by the Directors and relevant employees was noted by the Company.

In case when the Company is aware of any restricted period for dealings in the Company's securities, the Company will notify its Directors and relevant employees in advance.

# Corporate Governance Report

## Board Diversity Policy

During the year, the Board adopted a Board diversity policy (the “Board Diversity Policy”) setting out the approach to achieve diversity on the Board. The Company recognizes and embraces the benefits of diversity of Board members. It endeavors to ensure that the Board had a balance of skills, experience and diversity of perspectives appropriate to the requirements of the Group’s business. All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board.

Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background and professional experience. The ultimate decision will be made upon the merits and contribution that the selected candidates will bring to the Board. The Company will also take into account factors based on its own business model and specific needs from time to time.

The Nomination Committee reviewed the Board Diversity Policy and achievement of objectives and effectiveness of the Board Diversity Policy, and recommended the Board that the existing Board was appropriately structured and no change was required.

Currently, the Board consists of four members who have accounting or financial expertise, professional qualifications, or experience related to the industry where the Company operates, one of whom is a male Director. The Nomination Committee has reviewed the policy concerning the diversity of Board members and believes that the Board has already had a diverse mix of gender, skills, knowledge and experience. The Company will strive to achieve gender balance of the Board through the following measures to be implemented by the Nomination Committee in accordance with the Board Diversity Policy. The Company will actively identify the individuals suitably qualified to become the Board members. To further ensure gender diversity of the Board in the long run, the Group will take opportunities to balance the proportion of members of the Board, identify and select the individuals with a diverse range of skills, experience and knowledge in different fields from time to time, and maintain a list of such individuals who possess qualities to become the Board members, which will be reviewed by the Nomination Committee periodically in order to develop a pipeline of potential successors to the Board to promote gender diversity of the Board.

## Nomination Policy

The Company has adopted a nomination policy of Directors (the “Nomination Policy”) which sets out the criteria and process in the nomination and appointment of Directors of the Company in order to nominate suitable candidates to the Board.

Pursuant to the Nomination Policy, the Company considers a number of criteria in evaluating and selecting candidates for directorships, including but not limited to (i) character and integrity; (ii) qualifications including professional qualifications; (iii) willingness to devote adequate time to discharge duties as a Board member and other directorships and significant commitments; (iv) requirement for the Board to have independent non-executive Directors in accordance with the GEM Listing Rules and whether the candidates would be considered independent with reference to the independence guidelines set out in the GEM Listing Rules; (v) board diversity policy of the Company and any measurable objectives adopted by the Board for achieving diversity on the Board knowledge and experience that are relevant to the Company’s business and corporate strategy; and (vi) other perspectives appropriate to the Company’s business.

# Corporate Governance Report

The Nomination Committee and/or the Board may select candidates for directorship from various channels, including but not limited to internal promotion, re-designation, referral by other member of the management and external recruitment agents. The Nomination Committee and/or the Board should, upon receipt of the proposal on appointment of new Director and the biographical information (or relevant details) of the candidate, evaluate such candidate based on the criteria as set out above to determine whether such candidate is qualified for directorship. The Nomination Committee should then recommend to the Board to appoint the appropriate candidate for directorship, as applicable. For any person that is nominated by a shareholder for election as a Director at the general meeting of the Company, the Nomination Committee and/or the Board should evaluate such candidate based on the criteria as set out above to determine whether such candidate is qualified for directorship. Where appropriate, the Nomination Committee and/or the Board should make recommendation to shareholders in respect of the proposed election of Director at the general meeting.

The Nomination Committee will review the Nomination Policy annually to ensure its continued effectiveness.

## **DIRECTORS REMUNERATION POLICY**

The Company has adopted a director remuneration policy, it sets out the general principles which guide the Group to deal with the remuneration matters. This remuneration policy aims to provide a fair market level of remuneration to retain and motivate high quality directors, senior management of the Group and attract experienced people of high calibre to oversee the business and development of the Group.

## **BOARD INDEPENDENCE EVALUATION**

The Company recognizes the importance of the Board independence to corporate governance. In particular, in order to ensure the strong independence of the Board and make ensure that the Board can obtain independent views and opinions, the following mechanisms are required: 1) in assessing the qualification of potential candidates to become independent Directors, the Nomination Committee and the Board will consider, among others, whether the candidates are able to dedicate sufficient time to fulfill their duties as independent Directors and the candidates' backgrounds and qualifications, in order to assess whether such candidates are able to bring an independent view to the Board; and 2) the Nomination Committee is authorized to assess the independence of all independent non-executive Directors on an annual basis with reference to the independence criteria set out in the Listing Rules so as to ensure that they can continue to exercise independent judgment.

All Directors have full and timely access to all information of the Company and to the advice and services of the company secretary and senior management of the Company. Directors are generally entitled to seek independent professional advice on the discharge of their duties to the Company in appropriate circumstances upon request and at our Company's expense.

At the same time, the Company has formulated internal policies (including but not limited to the Articles of Association, the terms of reference of the Remuneration Committee, the Audit Committee and the Nomination Committee) to ensure that the Board is provided with independent views and opinions. For the year ended 31 March 2025, the Company has reviewed the implementation and effectiveness of the above mechanism and is of the view that the above mechanism is able to ensure that the Board is provided with independent views and opinions.

## BOARD COMMITTEES

The Board has established five Board Committees, namely, the Investment Committee, the Audit Committee, the Remuneration Committee and the Nomination Committee, for overseeing particular aspects of the Company's affairs. All Board Committees have been established with defined written terms of reference, which are available to shareholders upon request. All the Board Committees should report to the Board on their decisions or recommendations made.

The practices, procedures and arrangements in conducting meetings of Board Committees follow in line with, so far as practicable, those of the Board meetings set out above.

All Board Committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances, at the Company's expenses.

The Board is responsible for performing the corporate governance duties set out in the CG Code which include, among others, (i) to develop and review the Company's policies and practices on corporate governance; (ii) to review and monitor the training and continuous professional development of the Directors and senior management; (iii) to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements; (iv) to develop, review and monitor the code of conduct and compliance manual applicable to employees and the Directors; and (v) to review the Company's compliance with the CG Code and disclosures in the corporate governance report.

## ABOUT THE GROUP

Wealth Glory Holdings Limited (the “**Company**”), together with its subsidiaries (collectively referred to as the “**Group**”) aims to be a successful operator in its business operations and to maximize returns for its stakeholders, at the same time to maintain a healthy and safe working environment for its employees, and to achieve sustainable development for both the local community and the environment. It is the Group’s mission to deliver quality products and services to meet our clients’ requirements and satisfaction.

The Group is principally engaged in 4 main businesses, namely:

- (i) trading of natural resources and commodities, namely, steam coal and palm oil;
- (ii) development and promotion of brands, design, manufacture and sale of trendy fashion merchandise and other consumer products;
- (iii) money lending business; and
- (iv) securities investment.

The above business segments do not have any direct significant impact on environmental aspects. The major material environmental, social and governance (“**ESG**”) issues are social responsibilities relating to employment, labour practices, operation practices, and environmental responsibilities focusing on environmental protection through green practices during business operations.

## ABOUT THIS REPORT

The preparation and presentation of related information in this ESG Report has been prepared in accordance with the Environmental, Social and Governance Reporting Guide (the “**ESG Reporting Guide**”) as set out in Appendix C2 to the Rules (the “**GEM Listing Rules**”) Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”). The Company has prepared this Report to meet the “**Comply or Explain**” provisions, of which mandatory Key Performance Indicators (KPIs) are disclosed. This ESG Report continues to follow the principles of materiality, quantitative and consistency as recommended by the ESG Guide and reports the performance of the material environmental and social issues which are considered to have significant impacts and are relevant to the Group’s business and stakeholders from 1 April 2024 to 31 March 2025 (the “**Reporting Period**”).

This ESG Report mainly covers the ESG performance of the business operations directly managed by the Group in the office in Kowloon Bay (“**Kowloon Bay office**”) in the Hong Kong Special Administrative Region (“**HKSAR**”). The ESG Report excluded the headquarter office in Sheung Wan (“**Sheung Wan office**”) due to its closure. The ESG Report has been prepared based on four reporting principles, including materiality, quantitateness, balance and consistency.

# Environmental, Social and Governance Report

1. **Materiality:** ESG issues that have major impacts on investors and other stakeholders must be set out in this ESG Report.
2. **Quantitative:** If the KPIs have been established, they must be measurable and applicable to valid comparisons under appropriate conditions. They must also be able to describe the purpose and impacts of quantitative information.
3. **Balance:** This ESG Report must provide an unbiased picture of the ESG performance of the Company. It should avoid selecting, omitting, or presenting information that may inappropriately influence a decision or judgement by the reader.
4. **Consistency:** This ESG Report should use consistent statistical methodologies to allow meaningful comparisons of related data over time. Any changes to the methods used must be specified in the ESG Report.

## BOARD STATEMENT OF ESG GOVERNANCE

The Group follows the ESG Guide and considers ESG issues as significant considerations for its business operations in short-term and long-term. The Group is committed to conducting its business in a socially responsible manner. In order to comply with legal and regulatory requirements and adhere to high ethical standards, the Group also closely monitors the impact of its daily operation on the environment, employees, clients and local communities. Furthermore, the Group makes great efforts to meet, maximize and balance the interests of all stakeholders, environment, society and corporate governance.

The Group has maintained its ESG management and operation structure since the commencement of ESG reporting. The board (“**Board**”) of directors (the “**Directors**”) has the ultimate responsibility for the environmental and social issues included in the ESG Guide and has initiated and approved its corresponding ESG strategies and policies. The Board sets the tone at the top for its ESG strategies and is responsible for ensuring effective risk management and internal controls.

The Board has delegated the Group’s Chief Executive Officer (the “**CEO**”) to have the overall responsibility to implement the ESG strategies and policies accordingly. The Board also oversees the identification and assessment of business risks, including critical ESG risks and opportunities, and ensures that robust risk management and internal control systems are in place.

The CEO and the department heads form the ESG Working Group, which is responsible for examining and addressing all environmental and social issues listed in the ESG Guide, as well as keeping the established KPIs in line with the Group’s strategies and policies. Through normal operation channels, all department heads are required to report to and support the CEO in implementing the approved strategies and policies. In managing the ESG priorities, the Group requires all its operations to fulfil and comply with their environmental and social responsibilities and obligations in compliance with the ESG Guide, laws and regulations, and all relevant statutory requirements, operating practices and standards of the HKSAR and the domicile countries.

# Environmental, Social and Governance Report

In order to better govern the material ESG issues of the Group and the Group's performance in these aspects, the Group has set environmental targets for greenhouse gas emissions and energy consumption. The Group will continue to strive towards achieving these targets. The Group's management will review the progress of these targets and take measures to achieve them and report on the progress and make suggestions if needed to the Board at least annually. Rectification may be needed if the progress falls short of expectations.

The Group also takes into account the opinions and views of its stakeholders, including shareholders, investors, employees, clients, suppliers, service providers, professional advisors, NGO partners and industry associations, and strives to address their concerns. The CEO has assigned the duty managers to constantly communicate with its stakeholders through various channels, including but not limited to annual, semi-annual and special shareholder meetings, public websites, emails, circulated documents, fax, telephonic enquires, regular meetings with employees and business partners with the management and frontline staff, and so on, in order to gain insights on material ESG aspects during the Reporting Period.

## MATERIALITY ASSESSMENT

Through constant communications with stakeholders and with reference to the ESG Guide, the Group has identified the following ESG material issues and has managed them strictly in accordance with the Group's established management structure, process, policies and guidelines and in compliance with the relevant legal and regulatory standards:

Aspects	Material ESG Issues
<b>B. Social Aspect</b>	
B1. Employment	<ul style="list-style-type: none"><li>Employee welfare</li><li>Inclusion and equal opportunities</li><li>Talent attraction and retention</li></ul>
B2. Health and Safety	<ul style="list-style-type: none"><li>Occupational health and safety</li></ul>
B3. Development and Training	<ul style="list-style-type: none"><li>Development and training</li></ul>
B4. Labour Standards	<ul style="list-style-type: none"><li>Prevention of child and forced labour</li></ul>
B5. Supply Chain Management	<ul style="list-style-type: none"><li>Supply chain management</li></ul>
B6. Product Responsibility	<ul style="list-style-type: none"><li>Quality of Products and Services (especially on the Trendy Fashion and Merchandise and Consumer Products Sold)</li><li>Protection of intellectual property rights</li><li>Protection of privacy information</li></ul>
B7. Anti-corruption	<ul style="list-style-type: none"><li>Corporate governance</li><li>Anti-corruption</li></ul>

The ESG issues and performances, especially on the above material areas during the Reporting Period, have continued to be monitored and managed by the CEO together with the ESG Working Group. The detailed descriptions of the ESG issues are summarized in the sections below.

# Environmental, Social and Governance Report

## ENVIRONMENTAL ASPECTS

The Group is committed to reducing its carbon footprint and consumption of natural resources in all possible aspects during its business operations. Our environmental strategy is to achieve a balance between the quality and efficiency of our services and the minimization of greenhouse gas emissions and environmental degradation.

Given the in-house operation nature of our business activities, the major resources consumed by the Group include electricity, water, printing paper and packaging materials. Our operations and activities do not generate any polluted or hazardous emissions, wastes and discharges.

As a socially responsible corporation, the Group strives to protect the environment and is aware of the importance of its sustainable development in relation to its ongoing business operations. The Group abides by all local environmental laws and regulations, implements and takes measures and continues with its responsibility and commitments to protect the environment, prevent pollution and efficiently use energy, water and resources.

## EMISSIONS

As aforementioned, most of our business activities are operated in-house under the normal office environment. For the Reporting Period, the types of emissions, wastes and discharges, same as the previous reporting periods, were mainly indirect greenhouse gas, such as carbon dioxide (“CO<sub>2</sub>”) emissions from electricity consumption, wastewater from hygiene uses, and wastes from general refuse, non-hazardous packaging and printing papers. The emissions and discharges were relatively insignificant in terms of amounts generated and did not cause any significant impact on the environment.

The Group's four main businesses are in-house office works and services, which do not directly generate any hazardous and non-hazardous gas emissions or waste discharges and do not have significant adverse impacts on the environment.

The trading of palm oil is conducted entirely in the office on back-to-back paper agreement basis without taking any physical deliveries. Hence, no direct gas emissions, solid or water wastes from transportation are generated. The subcontracted logistics companies and the buyers will take out insurance for the potential environmental damages of the oil cargo during transit.

For our trading of trendy merchandise and consumer products, as we do not own nor operate any manufacturing plant and only purchase from OEM, and therefore no gas emissions, solid and water waste discharges will be generated.

Similarly, the lending and securities investment businesses are entirely conducted in the normal office environment and therefore no gas emissions, solid or water waste discharges are generated. However, during our normal course of business and operation, indirect greenhouse gases, primarily CO<sub>2</sub> from electricity consumption and stationary fuel consumption are emitted and discharged. Therefore, the reduction of energy consumption continues to be part of our top priorities.

# Environmental, Social and Governance Report

The operations and activities of the Group only generate an insignificant amount of greenhouse gases, non-hazardous wastes, such as printing paper and packaging materials, and wastewater from employees' daily hygiene uses. All of these emissions and discharges have no significant impact on the environment.

During the Reporting Period, the Group did not receive any complaints or breaches on its emissions and discharges from the management offices or any environmental protection laws and regulations that had a significant impact on the Group relating to air and greenhouse gas emissions, discharges into water and land, and generation of hazardous and non-hazardous wastes, including but not limited to Air Pollution Control Ordinance (Chapter 311 of the Laws of Hong Kong), Waste Disposal Ordinance (Chapter 354 of the Laws of Hong Kong), Water Pollution Control Ordinance (Chapter 358 of the Laws of Hong Kong) and Noise Control Ordinance (Chapter 400 of the Laws of Hong Kong).

## ***Air Emissions***

As the Group's business activities are operated in the normal office environment and the Group does not own any transport fleet, no quantifiable direct hazardous air or pollutant emission is generated. During the Reporting Period, the Group did not have air emissions generated from the use of gaseous fuel consumption (i.e. Towngas) for the furnaces and therefore the air emissions were insignificant.

## ***Greenhouse Gas Emissions***

The major source of greenhouse gas emissions is the indirect greenhouse gas emissions generated by electricity consumption (Scope 2 emissions). During the Reporting Period, the Group did not have any direct fuel combustion which contributes to both direct greenhouse gas emissions (Scope 1 emissions) as there was no direct fuel consumption in the current operation. The Group did not generate indirect greenhouse gas emissions (Scope 3 emissions) during the Reporting Period. Please refer to the table below for the relevant emission figures.

### **Greenhouse gas emissions<sup>1</sup> in total and intensity**

	2024/25	2023/24	Unit
Scope 1 emissions	–	–	Tonnes CO <sub>2</sub> -e
Scope 2 emissions	4.5	4.8	Tonnes CO <sub>2</sub> -e
Scope 3 emissions	–	–	Tonnes CO <sub>2</sub> -e
Total greenhouse gas emissions	4.5	4.8	Tonnes CO <sub>2</sub> -e
Intensity (by revenue)	0.1	0.2	Tonnes CO <sub>2</sub> -e/million HKD revenue

<sup>1</sup> HK electric emission factor has been used for GHG Emissions calculations

# Environmental, Social and Governance Report

In the Reporting Period, the Group has set a reduction target for greenhouse gas emissions, and the Group aims to achieve a 3% reduction in overall emissions intensity by 2028, with the baseline year in 2021. Looking forward, the Group will continue to assess and monitor our emission sources. We believe identifying the major sources will facilitate our carbon reduction and sustainability management in the future.

## ***Hazardous and Non-hazardous Waste***

The Group did not produce any hazardous wastes during the Reporting Period, given that most of the business activities were conducted under normal office working environment.

During the daily office operation, an insignificant amount of non-hazardous wastes, such as used printing paper, packaging materials, wastewater, etc., is generated from the office operation and staff living. The non-hazardous wastes will be collected and disposed by the property management offices.

To reduce greenhouse gas emissions and waste generation, the Group has introduced guidelines to encourage employees to save energy and reduce water consumption. All levels of the employees of the Group have been reminded, educated, and practice the importance of the “5-R” principle – “reducing, reusing, recycling, replacing and recovering”. Though the Group is satisfied with its accomplishments in general and recognizes the efforts and achievements of its employees, it will continue to closely monitor the “eco-practices”.

During the Reporting Period, the Group fully complied with all the relevant laws and did not receive any complaints, fines or warning notices from the public or the relevant environmental agencies regarding our waste disposal activities.

## **USE OF RESOURCES**

Electricity, fresh-water, printing paper and office consumables are the main types of resources used during our daily operations. Although the volume and quantity of the resources used have not been significant nor irregular due to our “in-office” operational nature, the Group has committed to the conservation and efficient utilization of energy and all resources. We have adopted, promoted and implemented a commonly practiced 5-R principle to encourage and guide our employees on energy saving and resource usage. To ensure that the introduced measures are followed, the Group has appointed the administration department of each office to perform routine checks. The Group has also been exploring alternatives to reduce the use of resources and improve resource efficiency by installing advanced and modern equipment.

## ***Energy Consumption***

Given the “in-office” operation nature, the Group only uses electricity supplied by the city grid network. During the Reporting Period, the Group consumed 23.43 GJ of electricity. As we are only operating within an office environment, the usage is considered insignificant and minimal.

# Environmental, Social and Governance Report

The Group has implemented measures to encourage energy saving and conservation, such as appointing responsible employees to ensure all electrical appliances and equipment are turned off when not in use or after office hours, and regulating the office temperature and air-conditioning at an optimal level. At the same time, the Group also invests in deploying energy-saving devices, such as LED lights and printing machines. Employees have constantly been reminded to use energy wisely and responsibly.

In the Reporting Period, the Group has set a reduction target for energy consumption, and the Group aims to achieve a 3% reduction in energy consumption intensity by 2028, with the baseline year in 2021. Through these direct and positive measures, the Group will continuously optimise its energy management system for the enhancement of energy efficiency.

## Direct and/or indirect energy consumption by type

	2024/25	2023/24	Unit
Direct energy consumption	–	–	GJ
Indirect energy consumption	23.43	25.31	GJ
Total energy consumption	23.43	25.31	GJ
Intensity (by revenue)	0.66	0.78	GJ/million HKD revenue

## Water Consumption

During the Reporting Period, fresh water supplied from the city supply network was used only for general living and sanitary purposes by our employees in offices. The Group did not encounter any issues in sourcing water during the Reporting Period. The volume of water consumed during the Reporting Period was insignificant.

As there was no wet pantry in the office, the figure for water consumption was not available for calculation. Due to our business nature, our operation does not involve any significant water consumption. Therefore, we are not able to set a reduction target for water consumption. The Group will continue to constantly educate, remind and guide its employees to conserve and use water efficiently as it is now one of the most scarce and valuable natural resources in the world.

# Environmental, Social and Governance Report

## ***Consumption of Paper and Packaging Materials***

Trendy fashion merchandises and consumer products consume most of our packaging materials, especially during product promotions and exhibitions. As a general principle, the Group insists that the packaging materials must be fit for purpose and in compliance with safety and hygiene standards in accordance with our specifications and considerations.

In offices, the Group continues to commit to building a paperless working environment and using paper only on as-needed basis. All employees are constantly encouraged and reminded to use electronic tools, such as emails, messages, and Universal Serial Bus (“**USB**”) storage, to replace paper files, sketches and letters, and to adopt the 5-R principle in their handling and usage of papers and other office utensils. During the Reporting Period, same as the previous reporting period, the Group continued to monitor the consumption of paper and other office utensils in an efficient and effective manner for cost-saving as well as resource conservation.

## **THE ENVIRONMENT AND NATURAL RESOURCES**

As stated before, one of the visions of the Group is to be a socially responsible corporation, in which environmental protection and resource conservation are the two important considerations in our daily business operations. We consume electricity, fresh water, printing paper, office consumables for normal office routine operations, and packaging materials for our trendy fashions and consumer products. The resource consumption of the Group does not have any significant adverse impact on the environment. Furthermore, given our in-house operation nature, no hazardous emissions and wastes are generated.

Driven by our social and environmental responsibility, the Group has implemented eco-friendly practices, especially adopting the 5-R principle to reduce and conserve energy, fresh water and other natural resources. The Group has complied with all the environmental laws and regulations and cooperated with the local government. The Group also supported environmental organizations to promote activities to build a “clean and safe” environment and society. During the Reporting Period, no irregularities on natural resource consumption were discovered by the management.

## **CLIMATE CHANGE**

Climate change brings potential risks and disturbances to business operations in the world. The Group is concerned about climate-related issues. Similar to our governance on the ESG issues, the CEO and the ESG Working Group are responsible for examining and addressing all climate-related risks and opportunities. Since the Group’s four main businesses are in-house office works and services, the impacts caused by climate change are limited to the Group’s operation.

# Environmental, Social and Governance Report

Extreme weather events, such as typhoons and rainstorms, have become more frequent, which may negatively affect the business operation of the Group. Therefore, the Group is highly concerned about the risks caused by climate change and is committed to reducing its greenhouse gas emissions. To protect the employees' safety and ensure the Group's smooth operation, the Group has established an internal guideline on working arrangements during typhoons, rainstorms and extreme conditions after super typhoons. The Group would stay alert to any announcements by the local governments on weather conditions and prepare for emergency actions.

Besides, the Group has identified transition risks that may affect the operation, such as market risks brought by the shift in consumer preferences. The growing environmental awareness of consumers is forcing a transition to a more sustainable and environmentally-friendly lifestyle around the world. This may affect our palm oil business and the design of trendy fashion and other consumer products in long run. Looking forward, the Group will continue to monitor energy consumption and reduce the greenhouse gas emissions for mitigating the impacts of climate change.

In term of legal risks, the Group expects that the laws and regulations related to climate change will be more stringent, for example, local governments may adopt more aggressive policies and measures to limit GHG emissions. Therefore, the Group might be exposed to legal risks and may need to bear higher operating costs to comply with regulatory changes. In response to possible legal risks, the Group continuously monitors any changes in laws or regulations and will consult compliance advisors to reduce legal risks.

## SOCIAL ASPECTS

The Group strives to build mutually beneficial relationships with our stakeholders, including our employees, customers, suppliers, communities, as well as the public and government authorities. During the formulation of our ESG strategies and policies, we have taken into account both our business development goals and the considerations and our responsibility to our stakeholders.

### Employment and Labour Practices

#### *Employment*

The Group has always held high regard for its employees and provided opportunities for the growth and development of their careers. As such, their payroll and employee remuneration are determined with reference to market terms and the performance, qualifications and experiences of individual employees as well as their contribution to the Group. The Group has continued to provide training for existing and new employees to enhance their on-the-job skills and know-how.

The Group recognises the keys to its continued success and competitiveness are the skills and commitment of its employees. With a competitive employment market condition, it can be difficult to recruit and keep talented employees, and the Group is ever more mindful and committed to offering attractive employment packages and maintaining a safe and equal working environment for our employees, providing development opportunities and promoting employees' health and well-being.

# Environmental, Social and Governance Report

All employees are required to enter into proper employment contracts with the Group in accordance with the Employment Ordinance. We have developed and outlined in our Internal Control Policy clear rules and regulations to provide provisions on equal opportunities, diversity and other benefits as well as welfare for our employees. Our employment contract terms and internal employee handbook demonstrate these commitments and cover the Group's standards in respect of compensation and dismissal, recruitment and promotion, working hours, rest periods, remuneration, dismissal and other benefits and welfare. The Group strictly prohibits any kind of unfair or unreasonable dismissals.

## *Recruitment and Promotion*

On recruitment, the Group adopts a hybrid of external recruitment, internal nomination and job rotation to recruit suitable personnel from outside and provide advancement opportunities to existing employees. All job positions are open to all with equal opportunities with no discrimination on sex, race, religion, gender, age and disability, and are selected on a competency basis.

## *Remuneration and Compensation*

The Group provides and maintains statutory benefits to all qualified employees. Apart from salaries, the Group has set up a Mandatory Provident Fund Scheme ("**MPF Scheme**") in accordance with the Employment Ordinance (Chapter 570 of the Laws of Hong Kong) and medical insurance plan for our HKSAR employees. The MPF Scheme is subject to regulations under the MPF Schemes Ordinance of the HKSAR (Chapter 485 of the Laws of Hong Kong) ("**MPFSO**") and is a defined contribution retirement plan administered by independent trustees. The Group's employees in the People's Republic of China (the "**PRC**") are entitled to national social insurance under the statutory Labour Laws of the PRC.

Employees' salary and compensation packages of the Group are a major material ESG topic. At all times we are in strict compliance with relevant laws and regulations including the Employment Ordinance (Chapter 570 of the Laws of Hong Kong), Employees' Compensation Ordinance (Chapter 282 of the Laws of Hong Kong), Minimum Wage Ordinance of the HKSAR (Chapter 608 of the Laws of Hong Kong), and MPFSO to provide remuneration not less than the applicable statutory minimum wage, overtime compensation and Mandatory Provident Fund ("**MPF**") payments to employees. Employees are also entitled to various fringe benefits, such as statutory holidays, paid annual and maternity leaves, etc.

All remuneration packages are linked to individual performance, the Group's business performance, and taking into consideration of industry practices and market conditions, and are reviewed on an ongoing basis with management regularly meeting with staff to understand their concerns and assist with their daily roles.

# Environmental, Social and Governance Report

## *Equal Opportunities and Diversity*

The Group provides equal opportunity to all employees on recruitment, promotion, compensation and benefits. The Group aims to build a harmonious, safe and healthy working environment, and forbid the recruitment of child labour and forced labour. We have managed our human resources with employee-oriented policies to encourage cooperation and motivation, to protect the interests and rights of our employees, and ultimately to achieve an amicable relationship with our employees.

Equal opportunities have been given to employees in respect of recruitment, training and development, job advancement, and compensation and benefits. The employees have not been discriminated against or deprived of opportunities on the basis of gender, ethnic background, religion, colour, sexual orientation, age, marital status, family status, retirement, disability, pregnancy or any other discrimination prohibited by applicable laws.

The Group has created a fair and non-discriminatory atmosphere where male and female staff are equally entitled to employment and promotion opportunities. Child labour and forced labour are strictly forbidden.

The personnel administration manager reports directly to the Group's CEO and has the overall responsibility to implement the Group's strategies and policies on human resources management, and to ensure all the statutory obligations of the Group have been legally fulfilled and complied with. All employees are required to enter into proper and standardized employment contracts with the Group at the time of employment. The employment contracts contain all the terms and conditions related to wages and salaries, holidays, overtime, severance and compensation pay, medical benefits arrangement, mandatory provident funds, accidents and injury, safety and health, performance assessment, and so on, which are in strict compliance with the Employment Ordinance and Employees' Compensation Ordinance and the Labour Laws of the People's Republic of China (the "PRC"). Moreover, bonuses in form of cash or shares options will be assessed jointly by the department head, personnel administration manager and the Group's CEO and recommended to the Board for approval before granting.

The Group continues to adopt the policy of strict compliance with all the laws, rules and regulations on the employment arrangements under the Employment Ordinances (Chapter 58 of the Laws of Hong Kong) and Employees' Compensation Ordinance (Chapter 282 of the Laws of Hong Kong), and the Labour Laws of the Peoples Republic of China (the "PRC"). During the Reporting Period, the Group honoured all of its obligations on employment-related issues and did not have any material non-compliance with laws and regulations in respect of employment.

At the end of the Reporting Period, the Group had a total of 11 full-time employees and 12 part-time employees. The employee turnover rate was 49%. The charts below show the employee distribution by gender, age group, level and geographical region.

## Health and Safety

As a continuing policy, the Group is committed to providing a safe, healthy and pleasant working environment to the employees and protecting them from work-related injuries by implementing occupational health and safety policies and safety training. We have equipped all our offices with adequate equipment and facilities to ensure the safety and convenience of employees. The Group has arranged medical insurance to cover sickness, injuries and accidents, and has fully contributed to the MPF for all our employees. The employment contracts contain details on health and safety protection, which the Group has fully complied with the statutory requirements of the HKSAR and the PRC.

To place safety as their priority during office work, our employees are constantly reminded to strictly observe and follow the established health and safety policies, instructions and guidance. Managers and supervisors are charged with the responsibility of enforcing the safety policies, rules and practices.

In case of an injury or accident of an employee during work, regardless of location, type and seriousness, it is compulsory to notify their superiors and/or the senior management immediately who will take immediate and appropriate actions. Measures are being put in place to require corresponding remedial or compensatory actions arising from safety and health issues or work injuries in accordance with the Employment Ordinance (Chapter 570 of the Laws of Hong Kong), Employees' Compensation Ordinance (Chapter 282 of the Laws of Hong Kong) or the Labour Laws of the PRC and the agreed terms under the employment contracts.

The Group maintained at all times relevant employees' compensation for injuries and death in the course of employment and relevant third insurance for all our operations. During the Reporting Period, the Group did not record any insurance claim on compensation from the work injury, occupational health or safety hazard case.

During the past three years, including the Reporting Period, the Group did not record any serious events or accidents that resulted in death or serious physical injury and did not identify any material non-compliance with laws and regulations relevant to the health and safety of employees.

## Development and Training

The Group encourages and supports employees to continue learning and improving their knowledge and job skills for the benefits of the employees as well as the Group.

The Group continues to provide three categories of training. Induction training is provided to new recruits to enhance their understanding of the Group history, organization structure, work environment, regulations, responsibilities and duties required of the job, working skills, safety in operation, and career development plan, etc.

On-the-job and specific training for long-term employees aiming at improving their career development and skills to perform their required job duties in a more competent and capable manner and without risking their health and safety. Employees are also encouraged to engage in self-development by taking external training programs and seminars which the Group may sponsor, in part or whole, at the discretion and recommendation of the management.

## ***Labour Standards***

The Group continued with its strict compliance with the Employment Ordinances (Chapter 570 of the Laws of Hong Kong) and Labour Laws of the PRC as its minimum labour standard on labour protection and welfare. During the Reporting Period, the Group was not aware of any non-compliance with regard to labour practices of any relevant laws or regulations in the HKSAR and the PRC. There were no labour conflicts and strikes within the Group and we did not experience any material labour disputes.

Child labour and forced labour have been strictly forbidden. To combat illegal employment of child labour, underage workers and forced labour, the Group's personnel administration manager requires job applicants to provide valid identity documents before confirmation of employment to ensure that the applicants are lawfully employable. The Group firmly believes that it has maintained an amicable working relationship with our employees.

During the Reporting Period, the Group was not found in violation of any relevant laws and regulations in relation to the prevention of child and forced labour. For the coming year, we will maintain our zero-tolerance to forced and child labour.

## **Operating Practices and Social Investment**

The Group has mainly been a commodity trading and investment holding company and operates strictly according to related commodities trading and investment contract laws and by-laws with integrity, fairness and honesty. The Group and its employees are required to practice the related industry code of standards as well as to obey the social responsibility ethics. The Group and its employees also follow the related industry code of standards as well as social responsibility ethics.

## ***Supply Chain Management***

Supply chain management in the ESG Guide mainly focuses on the management of sourcing and procurement. During the Reporting Period, the OEM and sales of our own designed trendy fashion merchandise and consumer products replaced the trading of palm oil as the major business activity in terms of turnover. On palm oil trading, the Group purchased directly from the planters and sold to buyers on a back-to-back basis with no physical deliveries; trendy merchandises and consumer products were purchased directly from factories on OEM under our own designs and brands; while the lending and investment activities had no physical purchases.

The Group had a material and supplier management system, covering the process and procedure for procurement and integrating sustainability into our supply chain by evaluating risks, economics and environmental considerations. Our internal control policies manage and mitigate the economic, social and environmental risks in the supply chain.

# Environmental, Social and Governance Report

The Group continued to procure on an open and transparent basis from all suppliers on a fair and equitable manner. The Group maintained a stable relationship with qualified suppliers through strict selection criteria and supplier assessment, which included:

- (i) ability to meet specifications and standards;
- (ii) product and service quality;
- (iii) pricing of the products and services;
- (iv) quality control methods and practices, and reliable delivery methods;
- (v) past performance;
- (vi) environmental standard considerations including energy efficiency and compliance with environmental laws and regulations; and
- (vii) social standard considerations including compliance with national labour policies and legislation.

Before effecting any purchase order, the purchase department will perform a due diligence check on the ability and quality of the suppliers either through self-assessed customary market checking or engaging external professional firms to carry out a trade and credit checking.

To strengthen its mitigation of the procurement risks, the Group continued with its well-structured supply and purchase management policy and processes by adopting different approval authorities at different hierarchy levels of the management team. The system ensures that flaws and faults are eliminated in a check and balance manner.

The purchase of items or services for general use, such as general office supplies, was generally sourced from local reputable and reliable suppliers to reduce carbon footprint during transportation and support the development of the local economy. The Group also actively sourced environmentally preferable products when selecting our suppliers. For palm oil, the Group only purchased from a few long-term suppliers in Southeast Asia. For trendy fashion merchandises and consumer products, they were purchased on an OEM basis from factories meeting with our specifications and requirements in the PRC.

The procurement of the group should be sourced from qualified suppliers whose products meet the requirements of applicable environmental and social law and regulations in the operating regions. In the environmental aspect, suppliers are required to minimise the negative impacts on the environment during their operations and strengthen monitoring of environmental issues. We advocate green procurement to maximize the use of environmentally preferable products in our daily operations whenever possible. In the social aspect, suppliers are required to comply with the relevant national labour policies and legislation, which include the prevention of slavery, forced and bonded labour, child labour and abusive employment practices. Suppliers are also obliged to safeguard the human rights of the employees and take due consideration of public welfare.

# Environmental, Social and Governance Report

The Group procured from 2 major suppliers located in Hong Kong during the Reporting Period. During the Reporting Period, the Group did not experience any significant problems with the products purchased from its suppliers in terms of quality and reliability. The Group also did not find any malpractice nor fraud during the procurement processes.

## Product Responsibility

### Quality Assurance

Palm oil, trendy fashion merchandises, consumer products, and lending services continue to be the major areas where product qualities are involved and concerned. The Group fully understands that the quality and consistency of our end products and services are crucial for maintaining our reputation, credibility and market share.

Same as before, for palm oil trading, given its direct back-to-back nature, there will be no delivery time lag or concerns on products quality and quantities; on trendy fashion merchandises and consumer products, which will be sold in their respective forms, images or designs at the time of contracts entered, there will not be any changes or quality issue after sales; however, there may be an issue on quality of after-sale supporting services, as the buyers may need our advice or request for modifications.

To minimize the risks, the Group relies on reliable track records, reputation and integrity in selecting our trading partners and properly follows the cargo inspection procedures. The relevant sale and purchase contracts signed are also fully compliant with the Sale of Goods Ordinance (Chapter 26 of the Laws of Hong Kong) and the Trade Descriptions Ordinance (Chapter 362 of the Laws of Hong Kong).

For our lending activity, the employees are required to follow strictly the rules and regulations issued by Hong Kong Monetary Authority in conducting our business, and are not allowed to misrepresent and give any warranties without the senior management's approval.

During the Reporting Period, the Group did not have any material non-compliance or complaint related to its quality of products or services.

### Complaint Handling

The Group has committed to delivering quality and professional services to our customers and has implemented various procedures to ensure all customer complaints or concerns are addressed at the appropriate levels and in a timely manner. The direct sales account officer is obligated to report any incidents received instantly to his superiors who will then decide the appropriate remedial actions to be taken. During the Reporting Period, the Group did not have any incident of customer complaint claiming material compensation, or any investigation by any government authorities in relation to such complaint that could have a material adverse impact on its business.

### Data Protection

The Group is fully aware of its obligations to keep and protect private and sensitive information of the clients and business partners available during the course of its business transactions. The Group and the management have installed stringent supervisory, control policies and measures pursuant to the Personal Data (Privacy) Ordinance (Chapter 486 of the Laws of Hong Kong) of the HKSAR and international conventions, to ensure the information and data are kept in the strictest confidence and are not allowed to be disclosed and/or leaked to any other third parties without the knowledge and approval of the owner. All Group's employment contracts specifically contain confidentiality provisions and all employees are prohibited from accessing information without approval and/or leaking private and confidential information to third parties. A system of authorized access to such data is installed and followed at all times.

During the Reporting Period, there were no cases initiated against the Group, nor any complaints received, regarding any breach of relevant privacy laws, regulations and policies in any area in which it operated.

### Protection of Intellectual Property Rights ("IPR")

Among the Group's main businesses, the design of trendy fashion merchandises and consumer products is the only one related to IPR. The Group has constantly alerted our designers not to use pirated software, and not to infringe on the IPR of others during the product design and development stages. The Group primarily relies on trademark and intellectual property laws, and confidentiality agreements with its senior employees and designers, to protect all intellectual property relating to the operation of its trendy fashion merchandises and consumer goods. The Group also undertakes to the client that all the images, designs and brands sold have valid and effective legal rights and patents.

During the Reporting Period, the Group did not have any infringement of its or any IPR including which had or could have a material adverse effect on its business, and there were no legal proceedings in relation to IPR against the Group.

# Environmental, Social and Governance Report

## Anti-Corruption

The Group continued to adopt a zero-tolerance policy towards corruption, bribery, extortion, fraud and money laundering. At all times, all employees must adhere to ethical considerations as embodied in our code of conduct contained in the employment contracts and employee handbook and internal control policies when working on its business activities. The Group adopted and implemented clear policies and procedures with regards to procurement, sales, operational management and finance, and the CEO is charged with the responsibility to initiate investigation upon receiving any corruption reports. Employees are also required to declare any conflicts of interest in the execution of their roles. Through establishing these rules and guidance, the Group encourages all employees to discharge their duties with integrity and comply with the relevant national anti-bribery laws and regulations.

In order to encourage our employees to report corrupt practices, the Group establishes internal whistle-blowing policy to protect the whistle-blower from retaliation or adverse consequence of their employment. Any improprieties can be reported to the Director via a confidential reporting channel to the extent that is made possible to all employees. The Director is responsible for conducting a comprehensive and independent investigation of each reasonably established report.

The Group upholds the operational principles of honesty and trustworthiness, and has built a control system according to the Criminal Law of the PRC, the Anti-Money Laundering Law of the PRC, the Prevention of Bribery Ordinance (Chapter 201 of the Laws of Hong Kong) and other national or regional laws and regulations.

The Group understands the importance of promoting anti-corruption thoughts to the employees. However, the preparation work is suspended due to the pandemic. The Group is now preparing the materials and training sessions. The Group will soon start the training once the materials are ready to deliver.

During the Reporting Period, no adverse comment from the independent external auditor on corruption and fraud was reported. No enquiry or concern from the government or banking officials regarding money laundering was received, and no complaint or litigation case on bribery, corruption or fraud against its staff was recorded.

## Community Investment

The Group strives to be a socially responsible corporate citizen making contributions to the local community within which we operate by addressing local community environmental, employment and cultural concerns and issues. The Group prioritized its employment by giving first consideration to employees from the local communities. The Group supported its employees and their family members to provide voluntary services and participate in charity, cultural, sports and educational activities as means to pay back to the local communities. The Group also operates in an eco-friendly mode and supported environmental activities to build a “Green Global Society”.

# Independent Auditor's Report

## Infinity CPA Limited

Room 1501, 15/F., Olympia Plaza  
255 King's Road, North Point, Hong Kong

### To the Members of Wealth Glory Holdings Limited

(Incorporated in the Cayman Islands with limited liability)

## OPINION

We have audited the consolidated financial statements of Wealth Glory Holdings Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 68 to 123, which comprise the consolidated statement of financial position as at 31 March 2025, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2025, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

## BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSAs”) issued by the HKICPA. Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the HKICPA’s “Code of Ethics for Professional Accountants” (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## KEY AUDIT MATTERS

Key audit matters are the matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

# Independent Auditor's Report

## KEY AUDIT MATTERS (CONTINUED)

### Key audit matter

### How the matter was addressed in our audit

#### *Impairment assessment of trade receivables, loans receivables and deposits and other receivables*

The carrying amounts of trade receivables, loans receivables and deposits and other receivables are approximately HK\$15,751,000, HK\$9,640,000 and HK\$5,797,000, respectively. The impairment losses on these balances charged to profit or loss during the year are HK\$2,605,000.

We identified impairment assessment of trade receivables, loans receivables and deposits and other receivables as a key audit matter due to its significance to the Group's consolidated financial position and the involvement of significant management estimates and judgement in evaluating the expected credit loss ("ECL") allowance of these accounts at the end of the reporting period.

Management performed periodic assessment on the recoverability of the trade receivables, loans receivables and deposits and other receivables and the sufficiency of provision for impairment based on information including credit profile of different debtors, historical settlement records, subsequent settlement status, expected timing and amount of realisation of outstanding balances, and on-going relationships with the relevant debtors. Management also considered forward looking information that may impact the customers' ability to repay the outstanding balances in order to estimate the ECL for the impairment assessment.

Our audit procedures relating to the impairment assessment of trade receivables, loans receivables and deposits and other receivables included the following:

- We understood the established policies and procedures on how the management estimates the loss allowance for trade receivables, loans receivables and deposits and other receivables;
- We understood, evaluated and validated the control over credit risk assessment of trade receivables, loan receivables and deposit and other receivables;
- We evaluated the independent external valuer's competence, capacities and objectivity, taking account of its experience and qualifications;
- We discussed with our internal valuation expert to evaluate the reasonableness of the Group's ECL models by examining the model input used by management assisted by the external expert engaged by the Group to form such judgments, including testing the accuracy of the historical default data, evaluating whether the historical loss rates are appropriately adjusted based on current economic conditions and forward-looking information including the economic variables and assumptions used in each of the economic scenarios and their probability weightings and assessing whether there was an indication of management bias when recognising loss allowances;
- We tested the arithmetical accuracy of the computation in evaluation of ECL; and
- We evaluated the reasonableness and appropriateness of the model and assumptions.

# Independent Auditor's Report

## OTHER MATTER

The consolidated financial statements for the year ended 31 March 2024 were audited by another auditor, who expressed an unmodified opinion on those consolidated financial statements on 30 June 2024.

## OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all the information in the Company's annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## RESPONSIBILITIES OF DIRECTORS AND AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, and for no other purposes. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

# Independent Auditor's Report

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Company.
- Conclude on the appropriateness of the Company's directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

# Independent Auditor's Report

## **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# Notes to the Consolidated Financial Statements

## 1. GENERAL INFORMATION

Wealth Glory Holdings Limited (the “Company”) is incorporated in the Cayman Islands with limited liability and its shares are listed on GEM of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The addresses of the registered office and principal place of business of the Company are disclosed in Corporate Information section to the annual report.

The Company acts as an investment holding company. The principal activities and other details of its subsidiaries are set out in note 35.

The consolidated financial statements are presented in Hong Kong dollars (“HK\$”), which is also the functional currency of the Company.

## 2. APPLICATION OF NEW AND AMENDMENTS TO HKFRS ACCOUNTING STANDARDS

### **Amendments to HKFRS Accounting Standards that are mandatorily effective for the current year**

In the current year, the Group has applied the following amendments to HKFRS Accounting Standards issued by the Hong Kong Institute of Certified Public Accountant (the “HKICPA”) for the first time, which are mandatorily effective for the annual period beginning on or after 1 April 2024, for the preparation of the consolidated financial statements:

Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback
Amendment to HKAS 1	Classification of Liabilities as Current or Non-current
Amendments to HKAS 1	Non-current Liabilities with Covenants
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangement

The application of the amendments to HKFRS Accounting Standards in the current year has had no material impact on the Group’s financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

# Notes to the Consolidated Financial Statements

## 2. APPLICATION OF NEW AND AMENDMENTS TO HKFRS ACCOUNTING STANDARDS (CONTINUED)

### New and amendments to HKFRS Accounting Standards in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRS Accounting Standards that have been issued but are not yet effective:

HKFRS 18	Presentation and Disclosure in Financial Statements <sup>3</sup>
Amendments to HKFRS 9 and HKFRS 7	Amendments to the Classification and Measurement of Financial Instruments <sup>2</sup>
Amendments to HKFRS 9 and HKFRS 7	Contract Referencing Nature – dependent Electricity <sup>2</sup>
Amendments to HKAS 28 and HKFRS 10	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>4</sup>
Amendments to HKAS 21	Lack of Exchangeability <sup>1</sup>
Annual Improvements to HKFRS Accounting Standards – Volume 11	Amendments to HKFRS 1, HKFRS 7, HKFRS 9, HKFRS 10 and HKAS 7 <sup>2</sup>

<sup>1</sup> effective for annual periods beginning on or after 1 January 2025.

<sup>2</sup> effective for annual periods beginning on or after 1 January 2026.

<sup>3</sup> effective for annual periods beginning on or after 1 January 2027.

<sup>4</sup> no mandatory effective date yet determined but available for adoption.

Except for the new and amendments to HKFRS Accounting Standards mentioned below, the directors of the Company anticipate that the application of all other new and amendments to HKFRS Accounting Standards are not expected to have any significant impact on the Group's consolidated financial statements.

HKFRS 18 replaces HKAS 1 Presentation of Financial Statements. While a number of sections have been brought forward from HKAS 1 with limited changes, HKFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Entities are required to classify all income and expenses within the statement of profit or loss into one of the five categories: operating, investing, financing, income taxes and discontinued operations, and to present two new defined subtotals. It also requires disclosures about management defined performance measures in a single note and introduces enhanced requirements on the grouping (aggregation and disaggregation) and the location of information in both the primary financial statements and the notes. Some requirements previously included in HKAS 1 are moved to HKAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, which is renamed as HKAS 8 Basis of Preparation of Financial Statements. As a consequence of the issuance of HKFRS 18, limited, but widely applicable, amendments are made to HKAS 7 Statement of Cash Flows, HKAS 33 Earnings Per Share and HKAS 34 Interim Financial Reporting. In addition, there are minor consequential amendments to other HKFRSs. HKFRS 18 and the consequential amendments to other HKFRSs will be effective for annual reporting periods beginning on or after 1 January 2027 with earlier application permitted. Retrospective application is required. The Group is currently analysing the new requirements and assessing the impact of HKFRS 18 on the presentation and disclosure of the Group's consolidated financial statements.

# Notes to the Consolidated Financial Statements

## 3. MATERIAL ACCOUNTING POLICY INFORMATION

### Statement of Compliance and Basis of Preparation

The consolidated financial statements have been prepared in accordance with HKFRS Accounting Standards, which includes all Hong Kong Financial Reporting Standards (“HKFRS”), Hong Kong Accounting Standards (“HKAS”), and HK (IFRIC) Interpretations, HK Interpretations and HK (SIC) Interpretations (collectively referred to as “Interpretations”), issued by the HKICPA and accounting principles generally accepted in Hong Kong. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. Details of fair value measurement are explained in the material accounting policy information set out below.

The preparation of these consolidated financial statements in conformity with HKFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 4.

# Notes to the Consolidated Financial Statements

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (a) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

### (b) Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Revenue is recognised at a point in time when the customer obtains control of the distinct good or service, generally upon the delivery of products to customer's specified location and there is no unfulfilled obligation that could affect the customer's acceptance of the products.

There is no sales-related warranty, refund or return associated with the sale of goods in the performance obligation.

### (c) Property, plant and equipment

Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of items of property, plant and equipment less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

# Notes to the Consolidated Financial Statements

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (d) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is calculated using the weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Costs necessary to make the sale include incremental costs directly attributable to the sale and non-incremental costs which the Group must incur to make the sale.

### (e) Cash and cash equivalents

Cash and cash equivalents presented on the consolidated statement of financial position include cash, which comprises of cash on hand and demand deposits, excluding bank balances that are subject to regulatory restrictions that result in such balances no longer meeting the definition of cash.

For the purposes of the consolidated statement of cashflows, cash and cash equivalents consist of cash and cash equivalents as defined above.

### (f) Intangible assets acquired in a business combination

Intangible assets acquired in a business combination are identified and recognised separately from goodwill and are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets with finite useful lives are reported at costs less accumulated amortisation and any accumulated impairment losses, on the same basis as intangible assets that are acquired separately. Amortisation for intangible assets with finite useful lives is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effective of any changes in estimate being accounted for on a prospective basis. Intangible assets acquired in a business combination with indefinite useful lives are carried at cost less any subsequent accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

### (g) Impairment losses on tangible and intangible assets

At the end of the reporting period, the Group reviews the carrying amounts of its tangible and intangible assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that they may be impaired.

# Notes to the Consolidated Financial Statements

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (g) Impairment losses on tangible and intangible assets (continued)

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount.

### (h) Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

### (i) Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from loss before taxation because income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit and at the time of the transaction does not give rise to equal taxable and deductible temporary differences.

Deferred tax liabilities are recognised for taxable temporary differences arising from investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of a deferred tax asset is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

# Notes to the Consolidated Financial Statements

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (i) Income tax (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

### (j) Leases

#### *The Group as a lessee*

##### *Short-term leases*

The Group applies the short-term lease recognition exemption to leases of properties that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. Lease payments on short-term leases are recognised as expense on a straight-line basis or another systematic basis over the lease term.

### (k) Retirement benefit costs

Payments to Mandatory Provident Fund Scheme are charged as an expense when employees have rendered service entitling them to the contributions.

The Group operates a MPF Scheme under the Hong Kong Mandatory Provident Fund Schemes Ordinance for those employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF Scheme is a defined contribution scheme, the assets of which are held in separate trustee-administered funds.

Under the MPF Scheme, the employer and its employees are each required to make contributions to the scheme at 5% of the employees' relevant income, with the employers' contributions subject to a cap of monthly relevant income of HK\$30,000. The Group's contributions to the scheme are expensed as incurred and are vested in accordance with the scheme's vesting scales. Where employees leave the scheme prior to the full vesting of the employer's contributions, the amount of forfeited contributions is used to reduce the contributions payable by the Group.

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (l) Short-term and other long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurements are recognised in profit or loss except to the extent that another HKFRS requires or permits their inclusion in the cost of an asset.

### (m) Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest/dividend income which are derived from the Group's ordinary cause of business are present as revenue.

#### (i) *Financial assets*

##### *Classification and subsequent measurement of financial assets*

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value through profit or loss ("FVTPL").

### (m) Financial instruments (continued)

#### (i) Financial assets (continued)

*Classification and subsequent measurement of financial assets (continued)*

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or fair value through other comprehensive income (“FVTOCI”) as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

#### (i) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

#### (ii) Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the “other losses” line item.

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (m) Financial instruments (continued)

#### *(ii) Impairment of financial assets subject to impairment assessment under HKFRS 9*

The Group recognises a loss allowance for expected credit loss (“ECL”) on financial assets which are subject to impairment under HKFRS 9 (including trade receivables, loans receivables, deposits paid, other receivables and bank balances). The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL (“12m ECL”) represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment is done based on the Group’s historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables. The ECL on trade receivables are assessed individually for debtors with significant balances and/or collectively using a provision matrix with appropriate groupings.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

#### *(i) Significant increase in credit risk*

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument’s external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;

# Notes to the Consolidated Financial Statements

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (m) Financial instruments (continued)

#### *(ii) Impairment of financial assets subject to impairment assessment under HKFRS 9 (continued)*

##### *(i) Significant increase in credit risk (continued)*

- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 90 days past due for trade receivables and 30 days past due for loan receivables, deposits and other receivables, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if i) it has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when it has an internal or external credit rating of "investment grade" as per globally understood definitions.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (m) Financial instruments (continued)

#### *(ii) Impairment of financial assets subject to impairment assessment under HKFRS 9 (continued)*

##### *(ii) Definition of default*

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when trade receivables are more than 540 days past due and loan receivables, deposits and other receivables are more than 365 days past due, unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

##### *(iii) Credit-impaired financial assets*

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower; or
- (b) a breach of contract, such as a default or past due event; or
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider; or
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) the disappearance of an active market for that financial asset because of financial difficulties.

##### *(iv) Write-off policy*

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of advances and receivables, when the amounts are over 1,095 days past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

### (m) Financial instruments (continued)

#### *(ii) Impairment of financial assets subject to impairment assessment under HKFRS 9 (continued)*

##### *(v) Measurement and recognition of ECL*

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Lifetime ECL for trade receivables are considered on a collective basis taking into consideration past due information and relevant credit information such as forward looking macroeconomic information.

For collective assessment, the Group takes into consideration the following characteristics when formulating the grouping:

- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amounts, with the exception of trade receivables and loans receivables where the corresponding adjustment is recognised through a loss allowance account.

# Notes to the Consolidated Financial Statements

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (m) Financial instruments (continued)

#### (iii) *Financial liabilities and equity*

##### *Classification as debt or equity*

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

##### *Equity instruments*

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

##### *Financial liabilities*

Financial liabilities (including trade payables, accruals and other payables and bond payable) are subsequently measured at amortised cost, using the effective interest method.

#### (iv) *Derecognition*

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amounted cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Financial liabilities are derecognised when the Group's obligations specified in the relevant contract are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

### (n) Share options granted to employees

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

For share options that vest immediately at the date of grant, the fair value of the share options granted is expensed immediately to profit or loss.

When share options are exercised, the amount previously recognised in share-based payments reserve will be transferred to share premium. When the share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share-based payments reserve will be transferred to accumulated losses.

# Notes to the Consolidated Financial Statements

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

### (o) Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants related to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under “other income”.

### (p) Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the financial information provided regularly to the Group’s most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group’s various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

### (q) Contingent liabilities

A contingent liability is a present obligation arising from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation.

Where the Group is jointly and severally liable for an obligation, the part of the obligation that is expected to be met by other parties is treated as a contingent liability and it is not recognised in the consolidated financial statements.

The Group assesses continually to determine whether an outflow of resources embodying economic benefits has become probable. If it becomes probable that an outflow of future economic benefits will be required for an item previously dealt with as a contingent liability, a provision is recognised in the consolidated financial statements in the reporting period in which the change in probability occurs, except in the extremely rare circumstances where no reliable estimate can be made.

### (r) Related parties

- (a) A person, or a close member of that person's family, is related to the Group if that person:
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions apply:
  - (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
  - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a Group of which the other entity is a member);
  - (iii) Both entities are joint ventures of the same third party;
  - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) The entity is a post-employment benefit plan for the benefit of the employees of either the Group or an entity related to the Group;
  - (vi) The entity is controlled or jointly controlled by a person identified in (a);
  - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity); or
  - (viii) The entity, or any member of a Group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

# Notes to the Consolidated Financial Statements

## 4. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's material accounting policies, which are described in note 3, the directors of the Company are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following is the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

### **Provision of ECL for trade receivables, loans receivables and deposits and other receivables**

The Group's trade receivables, loans receivables and deposits and other receivables are assessed for impairment based on the expected loss model required by HKFRS 9. The assessment made by management has taken into account relevant historical information adjusted for forward looking information available to management at the date of assessment (to the extent that such information is reasonable and supportable without undue cost or effort). Impairment losses are recognised for the current year (please see notes 21, 22 and 23). Management has exercised judgment in estimating the amount of expected credit loss. If the actual outcome is different from management's estimate, an additional impairment loss or reversal of impairment loss may arise.

### Financial risk management objectives and policies

The Group's major financial instruments include financial assets at fair value through profit or loss, trade receivables, loans receivables, other receivables and deposits, cash and cash equivalents, trade payables, accruals and other payables and bond payable. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments include market risk (interest rate risk, currency risk and price risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

### Market risk

#### (i) Currency risk

Certain cash and cash equivalents, trade receivables and trade payables of the Group are denominated in foreign currencies which are different from functional currencies of respective group entities. As at 31 March 2025 and 2024, cash and cash equivalents, trade receivables and trade payables of respective group entities denominated in foreign currencies were immaterial. The Group does not have a foreign currency hedging policy. However, management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

Included in Trading of Consumer Products segment has foreign currency sales and purchases which expose the Group to foreign currency risk. Approximately 6% (2024: 55%) of the Group's sales is denominated in currencies other than the functional currency of the group entity making the sale, whilst almost 7% (2024: 59%) of the costs is denominated in the group entity's respective functional currency.

# Notes to the Consolidated Financial Statements

## 5. FINANCIAL INSTRUMENTS (CONTINUED)

### Market risk (continued)

#### (ii) Interest rate risk

The Group's cash flow interest rate risk primarily relates to the variable-rate cash and cash equivalents. The Group is also exposed to fair value interest rate risk in relation to its loans receivables and loans to investees. The Group currently does not have interest rate hedging policy. However, the management will consider hedging significant interest rate exposure should the need arise.

The Group's exposures to interest rate risk on financial liabilities are detailed in the liquidity risk management section of this note. The interest rates and the terms of repayment of the bond which is subjected to fixed rate interest is disclosed at note 27.

The management considers that the Group's exposure to cash flow interest rate risk on variable-rate cash and cash equivalents, a result of the change of market interest rate is insignificant due to its short-term maturity and thus no sensitivity analysis is prepared for interest rate risk.

#### (iii) Price risk

The Group is exposed to price risk through its natural resources trading business of which their prices fluctuate directly with the commodity price (i.e. price of magnetite sand concentrate and palm oil). The commodity price is affected by a wide range of global and domestic factors which are beyond the control of the Group. The fluctuation in commodity prices may have favourable or unfavourable impacts to the Group. The management considered that the price risk is mitigated through entering into corresponding contracts with customers and the Group's pricing policy in relation to the suppliers' and customers' contracts. Accordingly, the exposure of the Group to price risk is considered insignificant by the management of the Group and hence no sensitivity analysis is presented.

The Group is exposed to equity price risk through its investments in listed equity securities. The management manages this exposure by maintaining a portfolio of investments with different risks. The Group's equity price risk is mainly concentrated on equity instruments quoted on the Stock Exchange. In addition, the Group monitor the price risk and will consider hedging the risk exposure should the need arise.

#### *Sensitivity analysis*

The sensitivity analysis below has been determined based on the exposure to equity price risks at the end of the reporting period. For sensitivity analysis purpose, the sensitivity rate is set as 10% as a result of the volatile financial market. If the prices of the respective equity instruments had been 10% higher/lower, the loss for the year ended 31 March 2025 would decrease/increase by HK\$1,132,000 (2024: HK\$25,000) as a result of the change in financial assets at FVTPL.

# Notes to the Consolidated Financial Statements

## 5. FINANCIAL INSTRUMENTS (CONTINUED)

### Credit risk and impairment assessment

As at 31 March 2025 and 2024, the Group's credit risk is primarily attributable to trade receivables, loans receivables, other receivables and deposit and cash and cash equivalents.

As at 31 March 2025 and 2024, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is the carrying amounts of the respective recognised financial assets such as loans receivables, and trade receivables as stated in the consolidated statement of financial position.

During the year ended 31 March 2025, the Group has significant concentration of credit risk on the five largest borrowers of loans receivables accounted for 92% (2024: 75%) and the largest customer of loans receivables accounted for 27% (2024: 15%). The directors of the Company continuously monitors the credit quality and financial conditions of these counterparties and the level of exposure to ensure the follow-up action is taken to recover the debt.

In order to minimise the credit risk, management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, management reviews the recoverable amount of each individual debt at the end of the reporting period to ensure that adequate impairment losses are made for irrecoverable amounts.

The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies.

For other receivables and deposits, the directors make periodic assessment on the recoverability of other receivables, based on historical settlement records, past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information. The directors assessed that there is a significant increase in credit risk of other receivables, lifetime ECL is recognised based on significant increase in the likelihood or risk of a default occurring since initial recognition.

Credit risk on bank balances is limited because the counterparties are reputable banks with high credit ratings assigned by credit agencies.

### Credit risk and impairment assessment (continued)

The Group applied the HKFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected credit loss allowance for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. For loans receivables, the Group performs individual assessment on impairment allowance on loans receivables. The following table provides information about the Group's exposure to credit risk and ECLs for trade receivables as at 31 March 2025 and 2024:

### Liquidity risk

The Group manages its liquidity risk by monitoring and maintaining a level of cash and cash equivalents considered adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management monitors the utilisation of other borrowings and ensure compliance with loan covenants.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities based on the earliest date on which the Group can be required to pay. The maturity dates for other financial liabilities are based on the agreed repayment dates. The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate at the end of the reporting period.

## 11. DIRECTORS' REMUNERATION AND FIVE HIGHEST PAID EMPLOYEES (CONTINUED)

### Directors' remuneration (continued)

The executive director's emoluments shown above were mainly for their services in connection with the management of the affairs of the Company and the Group. The independent non-executive directors' emoluments shown above were mainly for their services as directors of the Company. No directors of the Company waived any emoluments during the years ended 31 March 2025 and 2024.

Except for those disclosed in material related party transactions in note 32 to the consolidated financial statements, no other transactions, arrangements and contracts in relation to the Group's business to which the Company or any subsidiaries of the Company was a party and in which a director had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

### Five highest paid employees

Of the five employees with the highest emoluments in the Group, four (2024: one) were the directors of the Company whose emoluments are set out above. The emoluments of the remaining one (2024: four) employee are as follows:

	2025 HK\$'000	2024 HK\$'000
Salaries and benefits in kind	480	1,100
Contributions to retirement benefits schemes	18	42
	<b>498</b>	<b>1,142</b>

Their emoluments were within the following bands:

	2025 Number of employee	2024 Number of employee
Nil to HK\$1,000,000	1	4

No emoluments were paid by the Group to the directors of the Company or the five highest paid employees during the years ended 31 March 2025 and 2024 as an inducement to join or upon joining the Group or as compensation for loss of office.

# Notes to the Consolidated Financial Statements

## 12. INCOME TAX EXPENSE

Tax expense comprise of:  
Hong Kong profit tax

2025 HK\$'000	2024 HK\$'000
85	–

Under the two-tiered profits tax rates regime of Hong Kong Profits Tax, the first HK\$2 million of profits of the qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%. Accordingly, the Hong Kong Profits Tax of the qualifying group entity is calculated at 8.25% on the first HK\$2 million of the estimated assessable profits and at 16.5% on the estimated assessable profits above HK\$2 million.

No provision for Hong Kong Profits Tax has been made as the Group has no assessable profits for the years ended 31 March 2025 and 2024.

The tax charge for the year can be reconciled to the loss before tax in the consolidated statement of profit or loss and other comprehensive income as follows:

	2025 HK\$'000	2024 HK\$'000
Loss before tax	(3,475)	(30,710)
Tax at the income tax rate of 16.5% (2024: 16.5%)	(573)	(5,067)
Tax effect of expenses not deductible for tax purposes	169	2,103
Tax effect of income not taxable for tax purposes	(644)	–
Tax effect of the tax losses not recognised	799	416
Tax effect of utilisation of tax losses previously not recognised	–	(115)
Tax effect of deductible temporary differences not recognised	423	2,663
Tax effect of two tiered tax rates regime	(87)	–
Tax concession	(2)	–
Income tax expense for the year	85	–

At the end of the reporting period, the Group has estimated unused tax losses of approximately HK\$107,175,000 (2024: HK\$102,329,000) available to offset against future profits. No deferred tax asset has been recognised in respect of the tax losses due to the unpredictability of future profit streams. As at 31 March 2025, the unrecognised tax losses can be carried forward indefinitely.

# Notes to the Consolidated Financial Statements

## 13. LOSS FOR THE YEAR

<b>At 31 March 2025</b>	<b>–</b>	<b>4,347</b>	<b>3,146</b>	<b>7,493</b>

Notes:

- (i) For the years ended 31 March 2024 and 2025, the credit risk of certain borrowers further deteriorated, including loan receivables previously categorised as credit-impaired for certain loan receivables. This led to an increase in provision of ECL for loan receivables.
- (ii) For the years ended 31 March 2024 and 2025, there were certain loan receivables being written-off as the management of the Group was not able to reach out those borrowers, and therefore considered these loan receivables should be written-off.

## 30. RETIREMENT BENEFITS SCHEMES

The Group makes contributions to Mandatory Provident Fund Scheme ("MPF Scheme") for all qualifying employees in Hong Kong. The assets of the schemes are held separately from those of the Group, in funds under the control of trustees. Both the Group and the employees contribute a fixed percentage of the relevant payroll to the MPF Scheme. The cap of contribution amount is HK\$1,500 per employee per month.

# Notes to the Consolidated Financial Statements

## 31. SHARE OPTION SCHEMES

The Company adopted a share option scheme (the “Scheme”) and became effective on 27 September 2021 and, unless otherwise cancelled or amended, will remain in force for 10 years from that date until 26 September 2031. The Company operates the Scheme for the purpose of providing incentive or reward to eligible participants for their contribution to the Group and/or to enable the Group to recruit and retain high-calibre employees and attract human resources that are valuable to the Group. Eligible participants include the full-time and part-time employees, executives, officers, directors, consultants and advisers of the Company and the Company’s subsidiaries.

During the year ended 31 March 2025, no share options were granted, exercised, lapsed nor cancelled under the Scheme.

During the year ended 31 March 2024, all of the 71,901,900 shares were lapsed.

At 31 March 2025 and 2024, no outstanding number of shares available for issue under the Scheme.

The number of options available for grant under the Scheme as of 1 April 2024 and 31 March 2025 was 74,691,900 and 74,691,900 respectively. The total number of share available for issue under the Scheme as at the date of this report is 74,691,900, which represented approximately 8.39% of the 890,722,800 shares in issue (excluding treasury shares) as at the date of this report. The total number of Shares that may be issued in respect of share options granted under the Scheme during the year ended 31 March 2025 divided by the weighted average number of shares in issue (excluding treasury shares) for the year ended 31 March 2025 was Nil.

The maximum number of unexercised share options currently permitted to be granted under the Scheme is an amount equivalent, upon their exercise, to 10% of the shares of the Company in issue at any time. The maximum number of shares issuable under share options to each eligible participant in the Scheme within any 12-month period is limited to 1% of the shares of the Company in issue at any time. Any further grant of share options in excess of this limit is subject to shareholders’ approval in a general meeting.

Share options granted to a director, chief executive or substantial shareholder of the Company, or to any of their associates, are subject to approval in advance by the independent non-executive directors. In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value (based on the price of the Company’s shares at the date of the grant) in excess of HK\$5 million, within any 12-month period, are subject to shareholders’ approval in advance in a general meeting.

The offer of a grant of share options may be accepted within 10 days from the date of the offer, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determinable by the Directors, and vests immediately and ends on a date which is not later than ten years from the date of the offer of the share options or the expiry date of the Scheme, if earlier. There is no vesting period in respect of the share options under the Scheme.

# Notes to the Consolidated Financial Statements

## 31. SHARE OPTION SCHEMES (CONTINUED)

The exercise price of the share options is determinable by the Directors, but may not be less than the highest of (i) the Stock Exchange closing price of the Company's shares on the date of the offer of the share options; (ii) the average Stock Exchange closing price of the Company's shares for the five trading days immediately preceding the date of the offer; and (iii) the nominal value of the Company's shares on the date of the offer.

Share options do not confer rights on the holder to dividends or to vote at shareholders' meetings.

Details of the share options outstanding during the year ended 31 March 2024 are as follows:
