2025
ANNUAL REPORT

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss however arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors of Zijing International Financial Holdings Limited (the “Company”, together with its subsidiaries, the “Group”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (“GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

CHAIRMAN'S STATEMENT

BUSINESS REVIEW

During the year, the Group continued to focus on its principal businesses, including (i) the provision of corporate finance-related services, such as general corporate finance advisory, placing and underwriting, and initial public offering projects; (ii) advising on securities and asset management services; (iii) the car rental business; and (iv) the online games business.

Corporate finance advisory business

Hong Kong reclaimed the top spot in global IPO market rankings for the first time since 2019, with total proceeds reaching HK\$285.8 billion. This achievement was driven by a record number of A+H listings, which contributed more than half of the total funds raised. According to the HKEX Market Statistics 2025: (i) The number of newly listed companies on the Main Board (excluding transfers from GEM to the Main Board) was 116 in 2025, compared with 68 in 2024, representing an increase of approximately 70.6%; (ii) The number of newly listed companies on GEM was 1 in 2025, compared with 3 in 2024, representing a decrease of approximately 66.7%; and (iii) The number of companies transferred from GEM to the Main Board was 2 in 2025, compared with 0 in 2024, representing an increase of approximately 200.0%. Overall, the total number of newly listed companies increased to 119 in 2025 from 71 in 2024, representing an increase of approximately 67.6%.

Due to intense pricing competition and severe pressure from competitors in securing corporate finance advisory deals, revenue generated from this segment decreased compared with last year. Most of the revenue in this segment was contributed by the provision of professional services as a financial adviser and placing commissions. Despite the unstable market situations, we have completed over 15 projects as of 31 December 2025.

Advising on securities and Asset management business

The Group was granted licences to carry out Type 4 (advising on securities) and Type 9 (asset management) regulated activities under the Securities and Futures Ordinance ("SFO") in March 2022. The Group subsequently established two open ended fund companies ("OFCs") under the SFO. The first OFC (the "First OFC") and the second OFC were registered with the Securities and Futures Commission in May 2022 and August 2023 respectively. Two sub funds have been established under the First OFC.

During the year under review, six investors each subscribed for one fund unit at a price of HK\$5,000,000, resulting in aggregate assets under management of HK\$30,000,000 for a sub fund under the First OFC. No revenue was generated from this segment during the year under review.

CHAIRMAN'S STATEMENT

Car Rental Business

The Group established a motor vehicle fleet to operate its car rental business in the Guangdong-Hong Kong-Macao Greater Bay Area (the “GBA”). The fleet mainly comprises luxury and upscale vehicles, targeting the high end market. The Group’s car rental business focuses on providing rental services that cater to the needs and preferences of different customers. Rentals are offered on a daily, weekly, or monthly basis for periods of up to 12 months.

During the year under review, the Group disposed of four motor vehicles and maintained a fleet of four motor vehicles as at 31 December 2025. Management considers the disposal of these vehicles to be an adjustment to the Group’s business strategy, and the proceeds from the disposal will be applied toward working capital and/or the Group’s existing operations. Revenue from the car rental business increased during the year under review, attributable to the addition of high-rental-value luxury motor vehicles.

Online Game Business

During the year under review, the Group was additionally granted sub-licensable rights to four online games, namely 《Soul Archer Skull》, 《Idle Defense: Dark Forest》, 《Stickman Master II: Dark Earldom》 and 《Oli’s Manor》《奧利莊園》. These new online games contributed a considerable amount of revenue to the Group for the year ended 31 December 2025. The Group currently maintains a portfolio of the sub-licensable rights of ten online games. The details of these online games are as follows:

《Soul Archer Skull》It was granted the sub-licensable rights to release on the platform in 2025 for regions excluding Japan, Republic of Korea, the Hong Kong Special Administrative Region, the Macau Special Administrative Region and the PRC. It is a 3D rogue-like action game. It features gear collection, elemental skills and partner companions, and more.

《Idle Defense: Dark Forest》It was granted the sub-licensable rights to release on the platform in 2025 for regions excluding Japan, Republic of Korea, the Hong Kong Special Administrative Region, the Macau Special Administrative Region and the PRC. It is a 3D rogue-like action game. It features gear collection, elemental skills and partner companions, and more. It is a magic-themed idle tower-defense game.

《Stickman Master II: Dark Earldom》It was granted the sub-licensable rights to release on the platform in 2025 for regions excluding Japan, Republic of Korea, the Hong Kong Special Administrative Region, the Macau Special Administrative Region and the PRC. It is a rogue like stickman shooting & fighting game. It blends archery physics, action combat, and randomized skill builds, making each run different and replayable.

《Oli’s Manor》《奧利莊園》It was granted the sub-licensable rights to release on the platform in 2025 for regions excluding Japan, Republic of Korea, the Hong Kong Special Administrative Region, the Macau Special Administrative Region and the PRC. It is a hand drawn, relaxing farm and pet simulation game that mixes building, exploration, and cute animal interactions.

CHAIRMAN'S STATEMENT

《錦繡江湖》It was granted the sub-licensable rights to release on the platform in the first quarter of 2024 for the regions of the Hong Kong, the Macau Special Administrative Region and Taiwan. It is a unique fusion of idle card gameplay and traditional Chinese martial arts culture.

《Beyond Warrior》《武林閒俠》It was granted the sub-licensable rights to release on the platform in the first quarter of 2024 for the regions on Europe and North America. It is an idle and oriental-style roleplaying game with martial arts features.

《少女A計劃》It was granted the sub-licensable rights to release on the platform in the first quarter of 2024 for the regions on Europe, North America and Southeast Asia. It is a captivating anime-style idle card game that incorporates character development elements.

《Girls Evo》It was granted the sub-licensable rights to release on the platform in the second quarter of 2024 for the regions on Europe, North America and South America. It is an idle fantasy adventure roleplaying game which features a storyline campaign mode, as well as several other PVE and PVP battle modes.

《Ultimate Myth: Rebirth》《神仙道3》It was granted the sub-licensable rights to release on the platform in the fourth quarter of 2024 for regions excluding the PRC, Hong Kong Special Administrative Region, the Macau Special Administrative Region, Taiwan, Japan, Vietnam and the Republic of Korea. It is a roleplaying game built upon the decade-long legacy of 《神仙道》, continuing its theme of Chinese mythological legends. The game features a rich cast of characters drawn from classic Chinese literary works.

《虛無之印》It was granted the sub-licensable rights to release on the platform for regions excluding the PRC, Hong Kong Special Administrative Region, the Macau Special Administrative Region, Taiwan, Japan, Vietnam and the Republic of Korea. It is an action-packed rogue-like adventure role-playing game that integrates combat skills and strategic thinking. No revenue was generated from this online game during the year under review. It is expected to be released on the platform in the fourth quarter of 2026.

APPRECIATION

I would like to express my deepest gratitude to my fellow board members and colleagues for their dedication and contribution in the past year.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Market Review

The Group will continue to provide financial related services in Hong Kong and seek business opportunities in other Asian countries, including mainland China. It has been the Group's strategy to strengthen its core businesses by (i) enhancing the quality of its services; (ii) expanding its business coverage; (iii) maintaining and strengthening its market position in Hong Kong by focusing on quality customers; and (iv) increasing its capacity to capture additional business opportunities. In addition, the Group has expanded into the car rental business by establishing a fleet of luxury and high end motor vehicles, and into the online games business by entering into licensing agreements with licensors for exclusive rights to online games within authorised territories for specified periods. These initiatives aim to diversify the Group's income streams and support sustainable long term growth.

Results of the Group

For the year ended 31 December 2025, the consolidated revenue of the Group amounted to approximately HK\$55.23 million (2024: approximately HK\$40.84 million). All revenue (2024: approximately HK\$40.78 million) is generated from the market in Hong Kong while nil (2024: HK\$65,000) was generated from the market in the PRC. During the year under review, consolidated revenue comprised: (i) income from the corporate finance advisory business of HK\$5.44 million; (ii) income from the car rental business of HK\$5.37 million; and (iii) income from the online game business of HK\$44.42 million. The increase in revenue was mainly attributable to the online game business segment.

Corporate finance advisory business

During the year 2025, all revenue of HK\$5.4 million (2024: HK\$15.26 million) from this segment was generated in the Hong Kong market and related to the provision of corporate finance services, including but not limited to general corporate finance advisory, placing and underwriting, as well as projects related to initial public offerings.

Advising on securities and Asset management business

During the year 2025, no revenue was generated from the provision of advising on securities services (2024: HK\$0.41 million) or asset management services (2024: HK\$80,000).

Car rental business

The Group established a motor vehicle fleet to operate its car rental business in the GBA. The fleet mainly comprised luxury and upscale vehicles, with a focus on the high-end market. The Group rented out its own vehicles without offering or providing any services related to hired driving or the carriage of passengers. During the year 2025, HK\$5.37 million (2024: HK\$4.42 million) was generated from this segment.

MANAGEMENT DISCUSSION AND ANALYSIS

Online game business

Revenue from the online game business amounted to HK\$44.42 million (2024: HK\$20.67 million) for the year ended 31 December 2025, derived from nine online games as follows:

	HK\$'000
《Stickman Master II: Dark Earldom》	14,289
《Oli's Manor》《奧利莊園》	12,590
《Soul Archer Skull》	8,658
《Idle Defense: Dark Forest》	3,962
《神仙道3》	2,508
《錦繡江湖》	1,522
《Beyond Warrior》《武林閒俠》	472
《少女A計劃》	342
《Girls Evo》	74
	44,417

The loss attributable to owners of the Company for the year ended 31 December 2025 was approximately HK\$7.44 million (2024: approximately HK\$2.48 million), representing an increase of approximately 2 times compared with the previous year. The increase in loss for the current year was mainly attributable to (a) an increase in other operating costs such as advertising expenses of online games business; and (b) the increase in allowance for expected credit losses ("ECL") on trade receivables.

At the end of the reporting year, the directors performed an impairment assessment on the expected credit losses ("ECL") for trade receivables arising from corporate finance advisory services, advising on securities and asset management services, the car rental business, and the online game business, with reference to a valuation prepared by an independent professional valuer. Based on the impairment assessment, the directors concluded that an allowance for ECL on trade receivables of approximately HK\$15.57 million (2024: HK\$6.51 million) was required for the year ended 31 December 2025. Accordingly, an additional allowance for ECL on trade receivables amounting to HK\$9.09 million was recognised for the year ended 31 December 2025.

The allowance for ECL on trade receivables was assessed on both an individual and collective basis. The increase in allowance in the current year reflected the rise in credit risks since initial recognition. The directors of the Company remain committed to adhering to the Group's credit policy and vigorously pursued effective recovery strategies for the Group's accounts receivable. Subsequent to the year end and as at the date of this report, approximately 41.8% of the gross accounts receivable had been recovered.

MANAGEMENT DISCUSSION AND ANALYSIS

As at 31 December 2025, the Group had total assets of approximately HK\$77.48 million (2024: approximately HK\$92.7 million). The net asset value of the Group was approximately HK\$70.51 million as at 31 December 2025 (2024: approximately HK\$74.75 million).

The cash and cash equivalents of the Group amounted to approximately HK\$12.53 million as at 31 December 2025. The Group's net current assets and current ratio were approximately HK\$61.63 million (31 December 2024: HK\$26.7 million) and 10.7 times (31 December 2024: 2.6 times), respectively. The increase in current ratio was mainly due to the repayment of short-term note payables during the year ended 31 December 2025. The Group's gearing ratio, defined as total borrowings divided by total equity, was nil (2024: 15.3%). The Board will continue to adopt a prudent treasury policy in managing bank balances and cash, and will maintain a strong and healthy liquidity position to ensure that the Group remains well positioned to achieve its business objectives and strategies.

Capital structure

The capital of the Group comprises only ordinary shares. As at 31 December 2025, the Company has 66,000,000 shares of HK\$0.01 each in issue.

- (a) On 15 November 2024, the Company proposed capital reorganization which involved: (i) every ten issued and unissued existing shares of par value of HK\$0.10 each in the share capital of the Company be consolidated into one consolidated share (the "Consolidated Share(s)") of par value of HK\$1.00 each in the share capital of the Company (the "Share Consolidation"); (ii) immediately upon the Share Consolidation becoming effective, the capital reduction (the "Capital Reduction") be implemented, pursuant to which, (a) any fractional Consolidated Shares in the issued share capital of the Company arising from the Share Consolidation shall be cancelled; and (b) the issued share capital of the Company will be reduced by cancelling the paid-up capital to the extent of HK\$0.99 on each of the then issued Consolidated Shares such that the par value of each issued Consolidated Share will be reduced from HK\$1.00 to HK\$0.01; and (iii) immediately following the Capital Reduction becoming effective, each of the authorized but unissued Consolidated Shares of par value of HK\$1.00 each will be sub-divided into 100 new shares of the Company of par value of HK\$0.01 each (the "Share Sub-division"). The new shares of the Company will rank pari passu in all respects with each other in accordance with the memorandum and the articles of association of the Company. Details of the capital reorganization were set out in the Company's announcement dated 15 November 2024. The Share Consolidation was effective on 17 January 2025. The Capital Reduction and Share Sub-division was effective on 10 April 2025. Movement in share capital of the Company in relation to the Share Consolidation and Share Sub-division during the year ended 2025 is set out in note 21 to the financial statements.
- (b) On 11 February 2025, the Company raised approximately HK\$0.85 million, after deducting all relevant expenses, by way of subscription of 1,790,000 new shares under general mandate at a price of HK\$0.50 per share. The net subscription price was approximately HK\$0.48 per subscription share. The Company intended to use the net proceeds from the subscription for the purpose of its general working capital requirements (the "Subscription").

MANAGEMENT DISCUSSION AND ANALYSIS

- (c) On 26 June 2025, the Company raised approximately HK\$2.06 million, after deducting all relevant expenses, by way of placing 11,110,000 new shares under general mandate at a price of HK\$0.19 per share. The net placing price was approximately HK\$0.185 per placing share. The Company intended to use the net proceeds from the placing for the purpose of its general working capital requirements (the “Placing”).

Save as disclosed above, there was no change in the Company’s capital structure during the year ended 31 December 2025.

Use of Proceeds from Fund Raising Activities

As at 31 December 2025, all the net proceeds from the Subscription and Placing had been utilized as intended.

Charge on Group’s assets

As at 31 December 2025, the Group did not have any charge on its assets (2024: nil).

Exchange Rate Risk

The Group does not have a foreign currency hedging policy but foreign currency transactions have been translated into the functional currencies using the exchange rates prevailing at the dates of the transaction. Foreign exchange gains or losses resulting from the settlement of such transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies were recognised in profit or loss. In the event of fluctuating foreign exchange rates, there is a risk exposure to that settlement of payment for customers and suppliers may not be reconciled. The exposed amount of foreign currencies would be monitored regularly, forward contracts would be entered for hedging the risks if considered necessary.

Information on employment

As at 31 December 2025, the Group had a workforce of 20 staff (2024: 18). The total staff costs, including the directors’ emoluments, amounted to HK\$7.47 million for the year under review (2024: approximately HK\$9.74 million).

The Group’s remuneration policies were determined by reference to market terms as well as the performance, qualification and experience of each individual staff.

Contingent liabilities

As at 31 December 2025, the Group did not have any significant contingent liabilities (2024: nil).

Significant investment

The Group did not hold any significant investment for the year ended 31 December 2025 (2024: nil).

MANAGEMENT DISCUSSION AND ANALYSIS

Material acquisitions and disposals of subsidiaries and affiliated companies

During the year ended 31 December 2025, the Group did not have any material acquisitions and disposals of subsidiaries and affiliated companies.

Event after reporting period

There was no significant event after the year ended 31 December 2025 and up to the date of this report.

Outlook

The outstanding performance of the Hong Kong stock market in 2025 enhanced company valuations and boosted market confidence, significantly increasing Hong Kong's attractiveness as a listing destination. Currently, over 300 companies have filed applications to list on the Hong Kong Stock Exchange. Looking ahead, Hong Kong will continue to play a unique and important role in global capital markets in 2026. Despite uncertainties in the global geopolitical landscape, particularly the recent conflict between the US-Israel alliance and Iran, which may affect the global economy and heighten volatility in financial markets, demand for international financing by Chinese enterprises and investors' interest in high-quality Chinese companies remain strong. The Group has actively maintained frequent communication and meetings with existing and potential customers in relation to potential corporate finance related opportunities. With the Group's healthy pipeline of deals, good and well-established connection in the industry, the Group would continue to use its best endeavor to improve the efficiency and effectiveness of the operation.

Since the introduction of the "Northbound Travel for Macau Vehicles" policy (澳車北上) and the "Northbound Travel for Hong Kong Vehicles" policy (港車北上), the volume of northbound traffic has shown steady growth. The Group aims to strengthen its competitiveness and attract a wider customer base by offering a diverse range of motor vehicles that cater to different customer requirements and preferences in the GBA. Additionally, the Group will continuously monitor market trends and customer feedback to identify emerging demands and adapt its offerings accordingly. By staying attuned to evolving customer preferences, the Group will be able to proactively adjust its car rental services, ensuring they remain competitive and aligned with customer expectations in the GBA. Through these strategic initiatives, the Group aims to solidify its presence in the GBA car rental market, capitalising on the favourable conditions provided by the PRC government's development plan. The management expects this segment will provide a stable source of income for the Group.

For the online game business, the Group plans to further expand by (i) securing additional online game licenses; (ii) building an in-house team specialised in the operation of the licensed games by recruiting personnel with the relevant skills, knowledge and industry experience; and (iii) strengthening the promotion and marketing activities in respect of the licensed online games. The Board considers that the Group will be able to capture the potential growth in the global mobile online game industry and diversify its existing business portfolio, and broaden its source of income.

MANAGEMENT DISCUSSION AND ANALYSIS

After the financial year ended 31 December 2025, Zijing Asset Management Limited was appointed as the investment manager of a limited partnership fund with total assets of HK\$10,000,000 under management. Management anticipates that this segment will contribute additional revenue in the years ahead.

During the year ended 31 December 2025, Zijing Wealth Management Limited, an indirect wholly-owned subsidiary of the Company, was granted a licence by the Insurance Authority under the Insurance Ordinance to conduct regulated insurance intermediary activities. Management expects that revenue from insurance brokerage services will begin to be recognised in the first quarter of 2026.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ABOUT THE REPORT

The Board is delighted to present the Group's Environmental, Social, and Governance ("ESG") Report, prepared in alignment with the Appendix C2 of the ESG Reporting Code under the GEM Listing Rules. This report underscores the Group's dedication to sustainability and its ongoing efforts to contribute to the sustainable development of both its business and the broader community. It outlines the Group's policies, practices, and performance in addressing ESG matters, while also serving as a vital platform for engaging with stakeholders and responding to their expectations.

The Group operates across three key business areas, including (i) Provision of financial Services in Hong Kong and Singapore; (ii) Provision of motor vehicle rental business; and (iii) online game business which has been launched during the reporting year.

The ESG Report focuses on the environmental and social performance of these business segments for the year ending 31 December 2025. For a comprehensive understanding, this report should be read alongside the Group's Annual Report 2025, particularly the Corporate Governance Report section within this Annual Report.

Scope of the Report

The ESG Report outlines the Group's ESG performance for the year ended 2025, covering the period from 1 January 2025 to 31 December 2025. The report encompasses all of the Group's business segments, including its financial services operations in Hong Kong and Singapore, the car rental business, and the newly launched online game business.

The reporting boundary for this year's ESG Report has been expanded as compared to the previous year ESG report to reflect the changes in operational developments. Specifically, the car rental business was fully operational throughout the entire year. Additionally, the online game business, which commenced operations during the year, is included in this report for the first time. These updates ensure that the report provides a complete and accurate representation of the Group's ESG performance across all active business segments during 2025.

Reporting Principles

This Report has been prepared in accordance with the "Mandatory Disclosure Requirements" and the "Comply or Explain" provisions of the Environmental, Social and Governance Reporting Code ("ESG Reporting Code") as set out in Appendix C2 under the GEM Listing Rules:

1. **Materiality:** ESG issues that become sufficiently important to investors and other stakeholders should be reported.
2. **Quantitative:** KPIs, if any, need to be measurable and should be accompanied by a narrative, explaining their purposes, impacts, and giving comparative data where appropriate.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

3. **Balance:** The ESG report should provide an unbiased picture of the issuer's ESG performance and avoid selections, omissions, or presentation formats that may inappropriately influence readers' decisions and judgments.
4. **Consistency:** The issuer should use consistent methodologies to allow for meaningful comparisons of ESG data over time. The issuer should disclose in the ESG report any changes to such methodologies.

Confirmation and approval

The Board of the Group has overall responsibility for implementing, reviewing and monitoring the Company's environmental and social strategies and reporting, and has reviewed and approved the ESG Report in March 2026. As employees are the Group's most valuable assets, the management regularly reviews the Group's remuneration and benefits policies in reference to the market standards. The Group has been reviewing its related policies from time to time to ensure the Group complies with the latest statutory requirements.

ESG GOVERNANCE

Sustainability as a Core Value

The Group firmly believes in the importance of sustainability and has made it a central pillar of its operations. Over the past year, we have taken meaningful steps to address ESG challenges and fulfill our social responsibilities. Key initiatives have been implemented in areas such as:

Employment and Labor Practices: Ensuring fair and inclusive working conditions.

Operational Management: Enhancing efficiency and sustainability in business processes.

Environmental Protection: Minimizing our environmental footprint and promoting resource conservation.

By integrating ESG considerations into our daily operations, we aim to create long-term value for our stakeholders while positively impacting the environment and society.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Creating Value Through ESG Integration

The Group is committed to being a force for good, both within its industry and in the wider community. We strive to (i) minimize Environmental Impact through responsible resource management and sustainable practices; (ii) support employee well-being by fostering a safe, inclusive, and supportive workplace, and (iii) contribute to the Community through initiatives that address societal needs and promote development.

Our goal is to ensure that our business not only thrives economically but also contributes to a sustainable future for all.

Board Leadership and ESG Oversight

The Board of Directors plays a pivotal role in guiding the Group's ESG strategies. Through regular internal discussions, the Board identifies and prioritizes material ESG issues, ensuring that appropriate measures are in place to address them. These measures are continuously monitored and reviewed to ensure their effectiveness, with access to relevant data and insights to support decision-making.

STAKEHOLDER ENGAGEMENT

Stakeholder engagement is a critical process that enables the Group to gain insights into the perspectives and concerns of stakeholders regarding its business operations, particularly in relation to Environmental, Social, and Governance (ESG) issues. By actively engaging with stakeholders, the Group can more effectively identify and assess ESG-related risks, drive continuous improvement, and align its practices with stakeholder expectations, ultimately contributing to financial excellence. To achieve this, the Group maintains open and ongoing communication with both internal and external stakeholders to understand their ESG-related expectations. This ongoing communication helps the Group integrate sustainable strategies into its long-term business practices, ensuring alignment with broader sustainability goals and stakeholder needs.

OPERATION MANAGEMENT

The Group is committed to delivering high-quality services to its clients and customers at all times. We believe that market reputation and client confidence are critical to our success. To this end, the Group continuously strives to enhance its operational management across all aspects of its business, aiming to create greater value for both clients and shareholders.

Service Quality

The Group's corporate finance and asset management businesses are regulated by the Securities and Futures Commission (SFC). These services are conducted through Zijing Capital Limited and Zijing Asset Management Limited, both of which are licensed corporations under the Securities and Futures Ordinance (SFO).

As of 31 December 2025, all professional employees within the Group's experienced team were properly licensed and registered with the SFC. Most of our Responsible Officers possess over 10 years of relevant industry experience. The Group is dedicated to protecting the privacy and confidentiality of personal data belonging to our business partners and other identifiable individuals. Employees are trained to handle confidential information with care and to collect and use data responsibly and non-discriminatorily. The use of such information is strictly limited to purposes consistent with those outlined in the contracts.

The Group primarily acquires new business through referrals from existing clients, professional firms, and the personal networks of its directors and employees. We place a strong emphasis on maintaining client loyalty by providing prompt, competent, and unbiased professional services. In 2025, the Group received no service-related complaints, reflecting our commitment to excellence.

For car rental business, we strive to provide quality services in response to changes in customer needs and the business environment.

During the Reporting Period, we expanded our business to online games. We strive to create value for our customers by delivering high-quality products and superior services. When a game is launched, we conduct regular system updates and repairs to ensure the stability and reliability of our platform. We are committed to maintaining strong relationships with our players by fostering a highly interactive and information-driven online gaming community. Additionally, we collect player feedback through various channels, such as questionnaires, forums, and customer service interactions, to continuously improve our games and enhance the player experience.

The Group strictly adheres to all relevant national laws and regulations governing our business operations. This includes compliance with regulations related to product development, service provision, health and safety, advertising, labeling, privacy, and remedies. Key regulations we follow include, but are not limited to, the Regulations on Internet Publishing, the Measures on Internet Information Services, and the Measures for the Administration of Online Games. The Group is dedicated to providing high-quality products and services and places great value on customer feedback. We require our staff to document and address player complaints, analyze the root causes, and implement corresponding improvements to our online games.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the Reporting Period, the Group was not aware of any violations of laws or regulations related to the provision or use of our products and services. This includes matters concerning health and safety, information and labeling, marketing communications (including advertisements and promotional materials), property rights (including intellectual property rights), and privacy issues that could significantly impact the Group.

Protection of Intellectual Property

The Group places great importance on the protection of intellectual property rights. We strictly comply with all relevant laws and regulations governing intellectual property, including but not limited to the Copyright Ordinance in Hong Kong and the Copyright Act in Singapore, and the Patent Law of the PRC. All software used by the Group is covered by periodic contracts, which are renewed regularly. Employees are prohibited from using any software, information, or data that has not been approved by the Group or that has been illegally downloaded from the internet. The content of our business material and online game have been reviewed to ensure no infringement of any intellectual property rights.

Protection of Data

The Group prioritizes the protection of the privacy of its customers, partners, and employees in the collection, processing, and use of their personal data. We adhere to all applicable data protection regulations and implement appropriate technical measures to safeguard personal data against unauthorized access or misuse.

To ensure the security of personal data, the Group employs robust storage solutions to prevent loss, unauthorized access, use, modification, or disclosure. Personal data is processed only for the specific purposes for which it was collected.

In line with internal guidelines, only employees in key positions are authorized to handle confidential information, including technology-related data and customer information. All employees are strictly prohibited from disclosing or leaking confidential or restricted information to third parties. Additionally, the Group ensures that antivirus software is consistently updated to prevent data breaches. We conduct regular analysis of relevant laws and regulations to ensure ongoing compliance and the continued protection of intellectual property rights, copyrights, and personal data.

Anti-Corruption

The Group strictly adheres to the Prevention of Bribery Ordinance, the Anti-Money Laundering and Counter-Terrorist Financing (Financial Institutions) Ordinance, the Securities and Futures Commission Guideline on Anti-Money Laundering and Counter-Terrorist Financing in Hong Kong, the Prevention of Corruption Act in Singapore, and other relevant laws and regulations pertaining to anti-corruption, bribery, extortion, fraudulent behavior, and money laundering.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group has implemented a robust anti-money laundering policy to detect and prevent money laundering and terrorist financing activities. Employees are required to thoroughly understand the background of potential clients through documentation and communication, in accordance with internal guidelines, before engaging with them. To mitigate the risk of unintentional money laundering, cash transactions with clients are strictly prohibited. All client payments must be made via bank transfer, cheque, or direct cash deposit into a bank account. Additionally, employees are prohibited from accepting anything of significant value from any parties related to the Group.

The Group is committed to maintaining the highest standards of openness, probity, and accountability. To reinforce this commitment, we have established a whistle-blowing policy. Employees, clients, suppliers, and other stakeholders are encouraged to report any suspected misconduct or malpractice. The Group will investigate all reported incidents and take appropriate remedial action against any irregularities. Whistleblowers are assured protection against unfair dismissal, victimization, or unwarranted disciplinary action. Employees who breach the anti-corruption policy will face disciplinary action, which may include dismissal for gross misconduct.

In addition to the whistle-blowing policy, the Group conducts regular internal training sessions to ensure employees understand the anti-corruption laws and regulations relevant to our business operations. During the Reporting Period, no legal cases regarding corrupt practices were brought against the Group or its employees. Furthermore, no whistleblowing reports concerning criminal offenses or misconduct were filed.

Supply Chain Management

Due to the nature of its principal business activities, the Group had no major suppliers during the year ended 31 December 2025. However, service providers are engaged in our business operations to provide clients with outstanding services, including but not limited to compliance advisors, legal counsels, car maintenance service providers, game developers and technicians etc. Service providers were assessed and selected based on their quality, price, as well as their impact on the environment. The Group regularly evaluated both potential and current service providers' performance in accordance with the environmental and product quality criteria, including the overall capabilities, quality assurance, compliance with laws and regulations, and environmental responsibility.

We also integrate environmental vision into the procurement of office supplies, priority is given to environmentally friendly products, such as refillable ballpoint pens and mechanical pencils. During the procurement process, the Group evaluates and assesses the suppliers' quality of services and products, their experience and track record, and review from public domain as to any reporting violation to ESG rules and regulations.

ENVIRONMENTAL PROTECTION

The Group is committed to implementing policies and practices that promote resource conservation, improve energy efficiency, and raise environmental awareness among our employees. We strive to build an environmentally responsible organization that prioritizes the conservation of the Earth's natural resources. We strive to minimize the environmental impact of our operations while maintaining high standards of service quality.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Use of resources

Given the nature of our business and operations of our financial services and online game business segments, which do not involve manufacturing or production processes, the primary resources consumed by the Group are electricity and paper. We focus on reducing paper and toner usage in our daily operations and are dedicated to minimizing energy consumption by closely monitoring usage in our offices.

While our car rental business does not directly consume resources, as the vehicles are leased to third parties who are responsible for fuel usage during the rental period. Due to a growing of orientation of decarbonisation, the management considers to replace fleets by next generation vehicles in the future to contribute to long term CO2 emissions reduction.

Energy conservation

As an environmentally conscious organization, we encourage employees to switch off lights and electronic equipment when not in use and to maximize the use of natural lighting to reduce energy consumption. Our offices are divided into different lighting zones with independent switches, and we have adopted energy-efficient lighting systems and computer equipment virtualization.

The Group's greenhouse gas (GHG) emissions are primarily indirect emissions (Scope 2), resulting from electricity consumption for our operations.

During the Reporting Period under review, the Group maintained two offices: one in Hong Kong, with an area of approximately 256 square meters, and another in China, with an area of approximately 10 square meters.

Water usage payments are included in the management fees paid to landlords, and as such, specific consumption data is unavailable. However, the Group did not experience any issues related to water supply shortages.

The total electricity consumption for the year was approximately 7,859 kWh in Hong Kong and 124 kWh in China. Based on office area, the energy consumption intensity was approximately 55 kWh/m² in Hong Kong and 12 kWh/m² in China.

During the Reporting Period, the Group's consumption of electricity was:

Electricity	Hong Kong	Singapore	China	2025 Total	2024 Total
Consumption (Kwh)	7,859	—	124	7,983	8,077
Intensity (per sq. m)	55	—	12	52.5	32.6

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Waste Management

As the Group's business does not involve manufacturing or production activities, solid waste is primarily generated from daily office operations. We have adopted the “reduce, reuse, and recycle” principle as the foundation of our waste management strategy.

To promote recycling, we have placed recycling boxes in our offices to collect used paper products, such as wastepaper, letters, and envelopes. Additionally, we collaborate with recycling companies to collect and recycle toner cartridges. To minimize paper consumption, we have implemented a double-sided printing and copying policy and prioritize electronic communication whenever possible. Employees are encouraged to use reusable products, such as refillable stationery and office supplies, instead of disposable alternatives. In addition to non-hazardous waste, our primary hazardous waste, toner cartridges, is also collected for recycling. In 2025, approximately 6 toner cartridges were used (2024: approximately 7 toners).

In 2025, the Group purchased approximately 80 reams of A4-sized 80 gsm photocopying paper (2024: approximately 85 reams). No other significant paper consumption was recorded during the Reporting Period.

During the Reporting Period, the Group's paper usage was:

Paper	2025	2024
Consumption (ream — A4 sized 80 gsm photocopying paper)	80	85
Intensity (per employee)	4	5

Green Operations

The Group is committed to minimizing the environmental impact of our operations by adopting sustainable practices and promoting eco-friendly initiatives. Below are the key measures we have implemented to achieve this goal:

- Employees are encouraged to use public transportation or carpool to reduce carbon emissions associated with daily commuting.
- Telephone and video conferences are prioritized to minimize unnecessary overseas business travel, thereby reducing our carbon footprint.
- For unavoidable business travel, direct flights are chosen to lower carbon emissions compared to flights with multiple stops.
- Employees are encouraged to use reusable products, such as refillable stationery and office supplies, to reduce waste generated from disposable alternatives.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

- Employees are advised to switch off lights and electronic equipment when not in use and to maximize natural lighting to reduce energy consumption.
- Vehicles are required to have both the air conditioning and engine turned off while stationary to minimize fuel consumption and emissions.

The Group will continue to implement and enhance these Green Operation measures, with a focus on reducing energy consumption and further minimizing the environmental impact of our operations. We are dedicated to fostering a culture of sustainability and environmental responsibility across all levels of the organization.

Greenhouse Gas (“GHG”) Emissions

As a service-based business, the Group’s GHG emissions primarily consist of indirect emissions from electricity consumption (Scope 2). Scope 1 emissions are attributable to fuel combustion from the Group’s motor vehicle fleet, which is owned by the Group but operated by customers. As customers are responsible for fuel purchase and usage, the Group does not directly record fuel consumption data. Accordingly, quantitative Scope 1 emissions are not available. The Group will continue to monitor industry benchmarks and explore estimation methodologies, while pursuing fleet electrification to reduce direct emissions over time.

The calculation standards and methodologies for GHG emissions are based on “Appendix 2: Reporting Guidance on Environmental KPIs” of “How to Prepare an ESG Report” by HKEX and the Greenhouse Gas Protocol. The emission factor of purchased electricity for Hong Kong-based operations referenced the latest emission intensity published by HK Electric Company Limited. Yet, we are committed to reducing GHG and actively consider measures to lower emissions in the future. Our comprehensive energy efficiency initiatives and their impact on GHG emissions reduction are detailed in the Energy Consumption section.

Scope 2 — Indirect GHG Emissions	2025	2024
Emission Amount (KG)	5,588	5,654
Intensity (per employee)	279.4	314.1

Climate Change

In recent years, climate change has emerged as a critical issue across various sectors, posing significant risks to corporate operations and development. In response to growing community concerns, the Group has identified potential risks and impacts on its business, including:

- The Group recognizes the risks from climate change, particularly the increasing frequency of extreme weather events like typhoons. These risks can lead to higher repair costs, asset damage, and threats to employee safety. To address this, we have implemented comprehensive work arrangements for typhoon and rainstorm warnings, including a staggered release schedule for employees in remote areas. Our goal is to ensure smooth operations during these conditions.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

- The Group has identified sustained high temperatures as a chronic risk, which may increase the likelihood of heat-related illnesses among employees if air conditioning is inadequate. This heightened demand for cooling could raise power consumption and operating costs. We have implemented processes to minimize the negative effects of extreme weather and adopted the best practices for energy efficiency.
- International climate policies and regulation, and the Hong Kong Government's carbon reduction initiatives present potential risks. Recent Stock Exchange requirements for enhanced climate-related disclosures may increase compliance costs. Non-compliance could lead to litigation and reputational damage. We will monitor climate-related trends and regulations to mitigate these risks.

Market trends show a growing demand for ESG-friendly products, driven by policies on carbon neutrality and green finance. Failure to manage climate risks could result in capital withdrawal by investors, impacting our market share. The Group aims to maintain transparency in ESG risk management to foster investor trust and explore growth opportunities in green financial services, potentially enhancing our market valuation.

EMPLOYMENT AND LABOUR PRACTICES

Employees are the core forces to maintain the long-term growth and sustainability of the Group. The Group values the interests and rights of all the employees and attaches importance to creating a comfortable and motivating working environment for employees.

Employment

The Group values its employees as they are the key to its success. Employees are treated fairly and consistently in all matters without discrimination on grounds of age, gender, race, colour, sexual orientation, disability or marital status. During the year ended 31 December 2025, the Group complied with Employment Ordinance and Mandatory Provident Fund Schemes Ordinance in Hong Kong and Employment Act and Central Provident Fund Act in Singapore.

The Group's employment contract has specified the terms including compensation and dismissal, working hours, rest periods and other benefits and welfare for the Group's staff. By offering competitive remuneration packages and comprehensive fringe benefits to our employees, our staff turnover rate remains stable, while job performance and productivity are maintained at satisfactory levels.

Employee Remuneration and Benefits

The management regularly reviews the Group's remuneration and benefits policies in reference to the market standards and is committed to safeguarding the rights and interests of the employee. Remuneration and benefits have been adjusted in accordance with the employees' individual performance, contribution and market conditions. Remuneration packages include holidays, annual leave, medical scheme, group insurance, mandatory provident fund, central provident fund and discretionary bonus.

As at 31 December 2025, the Group had 19 and 1 full-time employees in Hong Kong and Singapore respectively. The employee turnover rate of the Group was 5.0% (2024: 13.6%). The Group was not aware of any material non-compliance with laws and regulations relating to employment and labour practices that had a significant impact on the Group relating to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, and other benefits and welfare during the Reporting Period.

Development and Training

To ensure our employees, particularly those involved in regulated financial services activities, are equipped with the necessary skills and knowledge to meet future challenges and professional requirements, the Group emphasizes continuous professional development. This includes on-the-job training provided by the operation team during the management and supervision of tasks, regular in-house meetings to keep employees updated on the latest market practices and job-related developments, and off-the-job training opportunities such as seminars and workshops organized by professional bodies. These initiatives collectively foster a culture of learning and ensure employees remain competent and informed in their roles.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

For example, the Group supports its professional employees to attend seminars and training sessions organized by professional bodies, particularly those relevant to their licensed regulated activities. Employees are required to participate in these seminars and training programs to ensure compliance with regulatory standards and to enhance their expertise. Additionally, employees are encouraged to attend industry seminars and read prescribed periodicals to stay informed about the latest industry trends and regulatory developments, thereby maintaining their professional competence. Our professional employees must also fulfill continuous professional training and examination requirements as mandated by relevant regulations. This commitment to ongoing development ensures that our team remains knowledgeable, skilled, and compliant in their respective roles.

During the Report Period, the detailed breakdown of the percentage of professional employees trained and average training hours completed per professional employee by gender and employment category is as follows:

Occupational Health and Safety

The business operation of the Group does not involve high-risk activities. The Group attaches great importance to occupational safety, hygiene and health of our employees and makes all efforts to build a safe and comfortable working environment for employees. We strictly abide by the laws and regulations. We seek to create a pleasant and comfortable workplace for our employees by carrying out various measures, including provision of adjustable working chairs and seats, provision of sufficient storage space for a more spacious desk area, regular maintenance or replacement of office equipment, and keeping objects and tools easily reachable and conveniently located. Those measures are regularly monitored.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the two years ended 31 December 2024 and 2025, the Group did not record any work-related injury or fatality of employees, nor any lost days due to work injury. We are not aware of any material non-compliance with relevant employment and labour laws and regulation in any of our places of operation.

Labour Standards

The Group strictly complied with all applicable laws and regulations in all the places where it operates. The Group has developed precautions and systematic measures for recruitment and selection, to prevent from hiring child labour and ensured employees complied to relevant laws and regulations.

According to our well-established recruitment policies, any individual under the legal working age and individuals without any proper identification documents are disqualified from employment. For the year ended 31 December 2025, the Group is not aware of any material non-compliance with the any other applicable laws and regulations in any of our places of operation for hiring child and forced labor.

COMMUNITY

Community Engagement

The Group recognizes the vital importance of contributing to communities as a core aspect of our social responsibilities. We believe in the interconnected relationship between businesses and communities, understanding that enterprise development thrives on community support. The Company encourages employees to assist those in need through donations and volunteer activities, actively engaging in charitable initiatives and providing social services. This commitment reflects our dedication to being a responsible corporate citizen and contributing to the improvement of the communities in which we operate.

CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE PRACTICES

The Company is committed to ensure a high standard of corporate governance in the interests of the shareholders and devotes considerable effort to maintain high level of business ethics and corporate governance practices.

Throughout the financial year ended 31 December 2025, the Group had complied with the code provisions in the Corporate Governance Code as set out in Appendix C1 of the GEM Listing Rules (the “CG Code”), except for the deviations to Code Provisions C.2.1 as explained in this report.

The board of Directors (the “Board”) has continued to monitor and review the Group’s progress in respect of corporate governance practices to ensure compliance.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER:

The code provision C.2.1 of the CG Code states that the roles of Chairman and Chief Executive Officer should be separate and should not be performed by the same individual.

Mr. Lee Chun Wai is the Chairman and the Chief Executive Officer of the Company. As the Company’s size is not relatively large and thus is not justified in separating the role of chairman and chief executive officer of the Company. The Group has in place internal control system to perform the check and balance function.

The responsibilities of Mr. Lee Chun Wai is to decide the agenda of each Board meeting, taking into account, where appropriate, matters proposed by other directors for inclusion in the agenda and to ensure the Board works effectively and performs its responsibilities, and all key and appropriate issues are discussed by the Board. Mr. Lee Chun Wai is responsible for providing leadership, vision and direction in the development of the business as well as the day-to-day management of the business of the Group.

BOARD OF DIRECTORS

The Company is governed by the Board, which has assumed the responsibility for the Group’s leadership and control. The Directors are collectively responsible for promoting the Group’s success by directing and supervising the Group’s affairs. The Board set strategies and directions for the Group’s affairs and activities with a view to develop its business and to enhance shareholders value.

The Board currently comprises two executive Directors and three independent non-executive Directors. The composition of the Board and biographies of the Directors are set out on page 13 of this report. The list of Directors (by category) is also disclosed in all corporate communications issued by the Company pursuant to the GEM Listing Rules.

CORPORATE GOVERNANCE REPORT

The Board met 10 times during the year ended 31 December 2025. Its composition and the attendance of individual directors at these board meetings were as follows:

Name	Numbers of attendance
Executive Directors	
Mr. Lee Chun Wai	10/10
Mr. Ma Jian (appointed on 26 January 2026)	N/A
Ms. Ji Yi (resigned on 13 February 2026)	10/10
Independent Non-executive Directors	
Ms. Lau Mei Suet	10/10
Mr. Choi Tak Fai	10/10
Mr. Chen Yilun	8/8

There is no relationship (including financial, business, family or other material relationship) among members of the Board.

In compliance with Rule 5.02D of the GEM Listing Rules which took effect on 31 December 2023, Mr. Ma Jian (“Mr. Ma”), who was appointed as a Director on 26 January 2026, obtained the legal advice referred to in Rule 5.02D on 26 January 2026, and Mr. Ma confirmed that he understood his obligations as a Director.

In compliance with Rules 5.01 and 5.02 of the GEM Listing Rules, the Company has three independent non-executive Directors (the “INED(s)”) who, together with the executive Directors, are responsible for formulating the Group’s development strategies. They ensure that the Board prepares its financial and other mandatory reports in strict compliance with required standards, and ensure that the Company maintains appropriate system to protect the interests of the Company and its shareholders. The Board has received an annual confirmation of independence from each of the INEDs. The Group considered the INEDs to be independent in accordance with each and every guideline set out in Rule 5.09 of the GEM Listing Rules as at the date of this report.

The Board has established three committees: Nomination Committee, Remuneration Committee and Audit Committee. All of the committees have terms of reference which accord with the principles set out in the CG Code. More details of these committees are set out in separate sections in this report.

All Directors, including independent non-executive Directors, have brought a wide spectrum of valuable business experience, knowledge and professionalism to the Board for its efficient and effective delivery of the Board functions. Independent non-executive Directors are invited to serve on the Audit Committee, the Remuneration Committee and the Nomination Committee.

CORPORATE GOVERNANCE REPORT

APPOINTMENTS, RE-ELECTION AND REMOVAL

Code provision B.2.3 of the CG Code, an independent non-executive director serves more than nine (9) years, his further appointment should be subject to a separate resolution to be approved by shareholders.

In accordance with the Articles of Association of the Company, (i) all Directors will be subject to retirement by rotation on every three years and the new Directors appointed by the Board to fill a causal vacancy during the year shall be subject to re-election by the shareholders of the Company at the next following general meeting after appointment; and (ii) one-third of the Directors for the time being (or, if their number is not three or a multiple of three, then the number nearest to one-third but not less than one-third), shall retire from office by rotation and being eligible offer themselves for re-election at each annual general meeting.

The Board recommended the re-appointment of the retiring Directors standing for re-election at the forthcoming annual general meeting of the Company. Details of the information of the retiring Directors standing for reelection are set out in the circular accompany the notice of the annual general meeting.

BOARD DIVERSITY

The Company adopted a policy of the Board diversity (the “Board Diversity Policy”) and is dedicated to having a diverse Board which can enable corporate issues be considered from different perspectives and appropriate level of examination and evaluation be conducted. The Company aims to achieve diversity of its board members through consideration of a number of factors, including but not limited to skills, regional and educational background and professional and industry experience. The Board currently comprises five directors, one of whom is female. To improve gender diversity, each time a new director is appointed to the Board, where possible, at least one of the shortlisted candidates is female.

The Company recognized and embraced the benefits of having a diverse board to the quality of its performance. The Board Diversity Policy aimed to set out the approach to achieve diversity on the board. In designing the board’s composition, board diversity has been considered from a number of measurable aspects including gender, age, ethnicity, knowledge and length of services. All board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regards for the benefits of diversity on the board.

The Company aims to maintain an appropriate balance of diversity perspectives of the Board that are relevant to the Company’s business growth. The Board may adopt and/or amend from time to time such diversity perspectives and/or measurable objectives that are appropriate to the Company’s business and Board succession planning.

Details on the gender ratio in the Group’s workforce can be found in the Environmental, Social and Governance Report of the Group.

CORPORATE GOVERNANCE REPORT

TRAINING AND SUPPORT OF DIRECTORS

All Directors have been given relevant guideline materials regarding the duties and responsibilities of being a Director, the relevant laws and regulations applicable to the Directors, duty of disclosure of interest and business of the Group and such induction materials will also be provided to newly appointed Directors shortly upon their appointment as Directors. All Directors have been updated on the latest developments regarding the GEM Listing Rules and other applicable regulatory requirement to ensure compliance and enhance their awareness of good corporate governance practices. There is a procedure agreed by the Board to ensure Directors, upon reasonable request, to seek independent professional advice in appropriate circumstances, at the Company's expenses.

Directors' training is an ongoing process. During the year, all Directors have participated in continuous professional development by the following means to develop and refresh their knowledge.

Name of Directors	Training received
Lee Chun Wai	— Reading materials/in house briefing on regulatory and corporate governance matters
Ji Yi	— Reading materials/in house briefing on regulatory and corporate governance matters
Lau Mei Suet	— Reading materials/in house briefing on regulatory and corporate governance matters
Choi Tak Fai	— Reading materials/in house briefing on regulatory and corporate governance matters
Chen Yilun	— Reading materials/in house briefing on regulatory and corporate governance matters

BOARD PROCESS

Proposed regular board meeting dates are informed to each Director in advance. Formal notice of at least 7 clear business days will be given in respect of a regular meeting. For special board meeting, reasonable notice will be given. Directors participated, either in person or through other electronic means of communication in the Board meetings.

The Board of directors meets regularly at least 2 times a year. The Directors participated in person or through other means of communication. All notices of board meetings were given to all Directors, who were given an opportunity to include matters in the agenda for discussion.

All Directors are kept informed on a timely basis of major changes that may affect the Group's businesses, including relevant rules and regulations. Directors can also seek independent professional advice in performing their duties at the Company's expense, if necessary. Minutes of each board meeting will be kept and are open for inspection at any reasonable time on request by any Director.

CORPORATE GOVERNANCE REPORT

DIRECTORS' INSURANCE

The Company has arranged appropriate insurance cover in respect of the legal action against the Directors.

SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the rules set out in Rules 5.48 to 5.67 (where applicable) of the GEM Listing Rules as the code for dealing in securities of the Company by the Directors (the "Code").

The Company has made specific enquiry of all Directors of the Company, and the Directors have confirmed compliance with the Code during the year ended 31 December 2025.

Specific employees who are likely to be in possession of unpublished price-sensitive information of the Group are also subject to compliance with the same Code. No incident of non-compliance was noted by the Company for the year ended 31 December 2025.

BOARD COMMITTEES & CORPORATE GOVERNANCE FUNCTIONS

The board has established three board committees, namely, the remuneration committee, the nomination committee and the audit committee, for overseeing particular aspects of the Company's affairs. All board committees have been established with defined written terms of reference, which are posted on the website of the Stock Exchange <https://www.hkexnews.hk> and the Company's website at <http://www.hklistco.com/8340>. All the board committees should report to the board on their decisions or recommendations made.

The practices, procedures and arrangements in conducting meetings of board committees follow in line with, so far as practicable, those of the board meetings set out in above.

NOMINATION COMMITTEE

The Company established a Nomination Committee on 22 April 2008 with written terms of reference. The Nomination Committee has 3 members, comprising Mr. Lee Chun Wai (Executive Director), Mr. Chen Yilun (Independent Non-executive Director) and Ms. Lau Mei Suet (Independent Non-executive Director). The Committee is chaired by Mr. Lee Chun Wai.

The terms of reference of the Nomination Committee have been determined with reference to the CG Code.

The Nomination Committee is responsible for identifying potential new directors and recommends to the Board for decision. A director appointed by the Board is subject to election by shareholders at the first annual general meeting after his appointment. Under the Articles of Association of the Company, all directors are subject to retirement by rotation and re-election by shareholders every 3 years.

Potential new directors are selected on the basis of their qualifications, skill and experience which the Nomination Committee considers will make a positive contribution to the performance of the Board.

CORPORATE GOVERNANCE REPORT

BOARD NOMINATION POLICY

The Company adopted a nomination policy in compliance with the CG Code, which establishes written guidelines to nomination committee to identify individuals suitably qualified to become Board members and make recommendations to the Board on the selection of individuals nominated for directorships with reference to the formulated criteria. The Board is ultimately responsible for selection and appointment of new Directors.

The Board, through the delegation of its authority to the nomination committee, has used its best efforts to ensure that Directors appointed to the Board possess a balance of skills, experience and diversity of perspectives appropriate to the Group's business to enable the Board to make sound and well considered decisions.

NOMINATION PROCESS

The nomination committee shall assess whether any vacancy on the Board has been created or is expected as required. The nomination committee utilizes various methods for identifying director candidates, including but not limited to internal promotion, re-designation, referral by other member of the management and external recruitment agents. All director candidates, are evaluated by the nomination committee based upon the director qualifications. If one or more desirable candidates has been identified, the nomination committee should rank them by order of preference based on the needs of the Company and reference check of each candidate. The nomination committee should then recommend to the Board to appoint the appropriate candidate for directorship. For any person that is nominated by a shareholder for election as a director at the general meeting of the Company, the nomination committee and/or the Board should evaluate such candidate based on the criteria as set out above to determine whether such candidate is qualified for directorship. For re-election of director, the nomination committee and the Board should review the overall contribution and service to the Company of the retiring director and the level of participation and performance on the Board to determine whether the retiring director continues to meet the criteria as set out above.

CORPORATE GOVERNANCE REPORT

SELECTION CRITERIA

The nomination committee will take into account whether a candidate has (i) professional ethics and integrity of the director candidates; (ii) the qualifications, skills, knowledge and experience and diversity aspects under the Board Diversity Policy that are relevant to the Company's business and corporate strategy; (iii) potential contributions the candidate can bring to the Board in terms of qualifications, skills, experience, independence and gender diversity; (iv) willingness and ability to devote adequate time to discharge duties as a member of the Board; and (v) independence and the ability to assist and support management and make significant contributions to the Company's success and such other factors as it may deem are in the best interests of the Company and its Shareholders.

The Company shall review and reassess the nomination policy and its effectiveness on a regular basis or as required.

Potential new directors are selected on the basis of their qualifications, skill and experience which the Nomination Committee considers will make a positive contribution to the performance of the Board.

During the year ended 31 December 2025, the Nomination Committee held two meetings mainly reviewing the size, structure and composition as well as the diversity of the Board, assessing the independence of the independent non-executive Directors, the Directors to be re-elected at the 2025 AGM before putting forth for discussion and approval by the Board and the appointment of Mr. Chen Yilun as an independent non-executive Director. The attendance were as follows:

Name of member	Numbers of attendance
Mr. Lee Chun Wai (Committee Chairman)	2/2
Ms. Lau Mei Suet	2/2
Mr. Chen Yilun	2/2

REMUNERATION COMMITTEE

The Company established a Remuneration Committee on 22 April 2008 with written terms of reference. The Remuneration Committee has 3 members, comprising Ms. Lau Mei Suet (Independent Non-executive Director and chairlady of the Remuneration Committee), Mr. Lee Chun Wai (Executive Director) and Mr. Chen Yilun (Independent Non-executive Director). CORPORATE GOVERNANCE REPORT

RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges its responsibility in maintaining sound and effective internal control and risk managements systems, including but not limited to evaluating and determining the nature and level of risk tolerance of the Company, establishing and maintaining sound and effective risk management and internal control systems, and overseeing and reviewing the design, implementation and monitoring of such risk management and internal control systems on an ongoing basis, so as to safeguard Shareholders' interest and protect the Company's assets against unauthorised use or disposal. The Board is also responsible for ensuring maintenance of proper accounting records to provide reliable financial information and compliance with relevant laws and regulations. The effectiveness of the risk management and internal control systems will be reviewed and evaluated by the Audit Committee and the Board at least annually.

The Company does not have an internal audit department and is currently of the view that there is no immediate need to set up an internal audit department within the Group in light of the size, nature and complexity of the Group's business. The Company adopts the most cost-effective method by engagement of independent professionals to conduct a review of the effectiveness of the Group's risk management and internal control systems at least once a year.

The risk management and internal control systems established by the Group are aimed to manage rather than eliminate the risk of failure to achieve business objectives, and provide reasonable and not absolute assurance against material misstatements or losses caused by judgment in decision making process, human error, fraud or other irregularities.

The risk management and internal control systems of the Group comprise a defined management structure, where designated management in each department of the Group are responsible for identifying, assessing and managing significant risks that occur in the Group's operations. The designated management report directly to the Board of any material internal control defects in order to make necessary modifications to the systems, and to ensure that the Group's activities are effectively controlled so that management's risk responses and policies are carried out as planned towards the achievement of the Group's strategic, operational, compliance and reporting objectives.

CORPORATE GOVERNANCE REPORT

The Company engages an independent professionals to perform internal audit function and to review the effectiveness of the material controls (including financial, operational and compliance controls), internal control system, and risk management functions of the Company and the Group's major subsidiaries on a rotation basis annually.

No material issues on the Group's risks management and internal control systems were identified and reported to the Audit Committee by the outsourced independent professionals and the Company's external auditors during the year which required significant rectification measures.

The Board and the Audit Committee had reviewed and considered that the Group's risk management and internal control systems are effective and adequate in safeguarding the assets of the Group and protecting the interests of the shareholders of the Company, customers suppliers and employees of the Group.

The risk management and internal control systems of the Group are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Company has complied with the requirements under Code Provisions D.2.1 to D.2.5 and D.3.3 of part 2 of the CG Code relating to risk management and internal control.

The Company maintains a framework for the handling and dissemination of inside information and the disclosure policy of the framework sets out the procedures and internal controls to ensure inside information remains confidential until such information is appropriately disclosed and the announcement of such information is made in a timely manner in compliance with the SFO and the GEM Listing Rules.

The Company discloses information in compliance with the GEM Listing Rules, and publishes periodic reports and announcements to the public in accordance with the relevant laws and regulations. The primary focus of the Company is to ensure information disclosure is timely, fair, accurate, truthful and complete, thereby enabling shareholders as well as the public to make rational and informed decisions.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF ZIJING INTERNATIONAL FINANCIAL HOLDINGS LIMITED

(Incorporated in the Cayman Islands with limited liability)

Opinion

We have audited the consolidated financial statements of Zijing International Financial Holdings Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 64 to 123, which comprise the consolidated statement of financial position as at 31 December 2025, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2025, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSAs”) as issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor’s responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “Code”), as applicable to audits of financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matter

Key audit matter is the matters that, in our professional judgement, was of most significance in our audit of the consolidated financial statements of the current period. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. The key audit matter we identified is the impairment assessment of trade receivables.

INDEPENDENT AUDITOR'S REPORT

Impairment assessment of trade receivables

Refer to notes 4(ii), 16 and 24(b)(i) and the accounting policy in note 2(i)(i) to the consolidated financial statements.

The Key Audit Matter

How the matter was addressed in our audit

As at 31 December 2025, the Group's gross trade receivables amounted to HK\$58,634,000 (2024: HK\$35,906,000). The Group has recognised allowance for expected credit losses ("ECLs") on trade receivables of HK\$15,606,000 (2024: HK\$6,516,000) based on the lifetime ECL model. Given the size of the balances and the risk that some of the trade receivables may not be recoverable, judgement and estimates are required to evaluate whether allowance for ECL should be made to reflect the risk.

Allowance for ECL for trade receivables is based on management's estimate of the lifetime ECL to be incurred, which is estimated by taking into account the credit loss experience, ageing of overdue trade receivables, customers' repayment history and customers' financial position and an assessment of both the current economic conditions and forward-looking information, all of which involve a significant degree of management judgement and estimates in determining these information.

We identified the impairment assessment of trade receivables as a key audit matter because the impairment assessment of trade receivables and recognition of allowance for ECL are inherently subjective and requires significant management judgement and estimates on recoverability of trade receivables, which increase the risk of error or potential management bias.

Our audit procedures in relation to impairment assessment of trade receivables included:

- Understanding and evaluating the credit control procedures performed by management, including its procedures on periodic review on aged receivables and impairment assessment of these receivables;
- Testing on the accuracy of ageing profile on trade receivables by checking to the underlying sales contracts and invoices on a sample basis;
- Assessing the reasonableness of management's estimates an allowance for ECL by examining the information used by management to form such judgements, including testing the accuracy of the historical default data, evaluating whether the historical loss rates are appropriately adjusted based on current economic conditions and forward-looking information and examining the actual losses recorded during the current financial year and assessing whether there was an indication of management bias when recognising loss allowances;
- Challenging the reasonableness of the key assumptions used based on our knowledge of the business and industry;
- Testing subsequent settlement of trade receivables balances on a sample basis; and
- Assessing the appropriateness disclosure made in the consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

Other information

The directors of the Company are responsible for the other information. The other information comprises all the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of directors and those charged with governance for the consolidated financial statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors of the Company determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance assists the directors of the Company in discharging their responsibilities for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

Auditor's responsibilities for the audit of the consolidated financial statements (Continued)

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Company.
- Conclude on the appropriateness of the Company's directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

Auditor's responsibilities for the audit of the consolidated financial statements (Continued)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine the matter that was of most significance in the audit of the consolidated financial statements of the current period and is therefore the key audit matter. We describe this matter in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

These financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the “Stock Exchange”. Significant accounting policies adopted by the Company and its subsidiaries (together referred to as “the Group”) are disclosed below.

The HKICPA has issued certain amendments to HKFRS Accounting Standards that are first effective or available for early adoption for the current accounting period of the Group. Note 3 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current accounting period reflected in these financial statements.

b) Basis of preparation of the financial statements

The consolidated financial statements for the year ended 31 December 2025 comprise the Group.

The measurement basis used in the preparation of the financial statements is the historical cost basis.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

b) Basis of preparation of the financial statements (Continued)

The preparation of the financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRS Accounting Standards that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in Note 4.

c) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

Investments in subsidiaries are consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

c) Subsidiaries (Continued)

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment losses (see Note 2(i)(ii)), unless the investments are classified as held for sale (or included in a disposal group that is classified as held for sale).

d) Foreign currency translation

i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency.

ii) Transactions and balances in each entity's financial statements

Transactions in foreign currencies are translated into the functional currency on initial recognition using the exchange rates prevailing on the transaction dates. Monetary assets and liabilities in foreign currencies are translated at the exchange rates at the end of each reporting period. Gains and losses resulting from this translation policy are recognised in profit or loss.

Non-monetary items that are measured at fair values in foreign currencies are translated using the exchange rates at the dates when the fair values are determined.

When a gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is recognised in other comprehensive income. When a gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is recognised in profit or loss.

iii) Translation on consolidation

The results and financial position of all the Group entities that have a functional currency different from the Company's presentation currency are translated into the Company's presentation currency as follows:

- (i) Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

d) *Foreign currency translation (Continued)*

iii) *Translation on consolidation (Continued)*

(ii) Income and expenses are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the exchange rates on the transaction dates); and

(iii) All resulting exchange differences are recognised in the exchange reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities and of borrowings are recognised in the exchange reserve. When a foreign operation is sold, such exchange differences are recognised in consolidated profit or loss as part of the gain or loss on disposal.

e) *Property, plant and equipment*

The following items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses (see Note 2(i)(ii)):

- right-of-use assets arising from leases over leasehold properties where the Group is not the registered owner of the property interest (see Note 2(f)); and
- items of plant and equipment, including right-of-use assets arising from leases of underlying plant and equipment (see Note 2(f)).

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight line method over their estimated useful lives as follows:

Furniture and fixtures	5–10 years
Office equipment	5 years
Motor vehicle	3 years
Leasehold improvements	Over the lease term
Properties leased for own use	Over the lease term

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

e) Property, plant and equipment (Continued)

Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are recognised in profit or loss during the reporting period in which they are incurred.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses arising from the retirement or disposal of items of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

f) Leased assets

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

(i) As a lessee

Where the contract contains lease component(s) and non-lease component(s), the Group has elected not to separate non-lease components and accounts for each lease component and any associated non-lease components as a single lease component for all leases.

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months or less and leases of low-value assets. When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

f) Leased assets (Continued)

(i) As a lessee (Continued)

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method. Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and hence are charged to profit or loss in the accounting period in which they are incurred.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. Where applicable, the cost of the right-of-use assets also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, discounted to their present value, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses.

The initial fair value of refundable rental deposits is accounted for separately from the right-of-use assets in accordance with the accounting policy applicable to receivables carried at amortised cost. Any difference between the initial fair value and the nominal value of the deposits is accounted for as additional lease payments made and is included in the cost of right-of-use assets.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Group will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

In the consolidated statement of financial position, the current portion of long-term lease liabilities is determined as the present value of contractual payments that are due to be settled within twelve months after the reporting period.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

f) Leased assets (Continued)

(ii) As a lessor

When the Group acts as a lessor, it classifies at lease inception (or when there is a lease modification) each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. Rental income is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases that transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee are accounted for as finance leases.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

g) Trade and other receivables

A receivable is recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Group has an unconditional right to receive consideration, the amount is presented as a contract asset (see Note 2(h)).

Trade receivables that do not contain a significant financing component are initially measured at their transaction price. Trade receivables that contain a significant financing component and other receivables are initially measured at fair value plus transaction costs. All receivables are subsequently stated at amortised cost, using the effective interest method and including an allowance for credit losses (see Note 2(i)(i)).

h) Contract assets and contract liabilities

A contract asset is recognised when the Group recognises revenue (see Note 2(o)) before being unconditionally entitled to the consideration under the payment terms set out in the contract. Contract assets are assessed for expected credit losses in accordance with the policy set out in Note 2(i)(i) and are reclassified to receivables when the right to the consideration has become unconditional (see Note 2(g)).

A contract liability is recognised when the customer pays non-refundable consideration before the Group recognises the related revenue (see Note 2(o)). A contract liability would also be recognised if the Group has an unconditional right to receive non-refundable consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see Note 2(g)).

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

When the contract includes a significant financing component, the contract balance includes interest accrued under the effective interest method (see Note 2(o)(ii)).

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

i) Credit losses and impairment of assets

i) Credit losses from financial instruments and contract assets

The Group recognises a loss allowance for expected credit losses (ECLs) on the following items:

- financial assets measured at amortised cost (including cash and cash equivalents, trade and other receivables and rental and other deposits paid); and
- contract assets as defined in HKFRS 15 (see Note 2(h)).

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

The expected cash shortfalls are discounted using the following discount rates where the effect of discounting is material:

- fixed-rate financial assets, trade and other receivables and contract assets: effective interest rate determined at initial recognition or an approximation thereof; and
- variable-rate financial assets: current effective interest rate.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

i) Credit losses and impairment of assets (Continued)

i) Credit losses from financial instruments and contract assets (Continued)

Measurement of ECLs (Continued)

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs. ECLs on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the reporting date.

For all other financial instruments, the Group recognises a loss allowance equal to 12-month ECLs unless there has been a significant increase in credit risk of the financial instrument since initial recognition, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

Significant increases in credit risk

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is 90 days past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

i) Credit losses and impairment of assets (Continued)

i) Credit losses from financial instruments and contract assets (Continued)

Significant increases in credit risk *(Continued)*

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

A significant increase in credit risk is presumed if a debtor is more than 30 days past due in making a contractual payment.

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Basis of calculation of interest income

Interest income recognised in accordance with note 2(o)(ii) is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset.

At each reporting date, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

i) Credit losses and impairment of assets (Continued)

i) Credit losses from financial instruments and contract assets (Continued)

Basis of calculation of interest income (Continued)

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or past due event;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

Write-off policy

The gross carrying amount of a financial asset or contract asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the asset becomes 360 days past due or when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

ii) Impairment of non-financial assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment, including right-of-use assets;
- prepayments; and
- investments in subsidiaries in the Company's statement of financial position.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

i) Credit losses and impairment of assets (Continued)

ii) Impairment of non-financial assets (Continued)

If any such indication exists, the asset's recoverable amount is estimated.

— Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit). A portion of the carrying amount of a corporate asset is allocated to an individual cash-generating unit if the allocation can be done on a reasonable and consistent basis, or to the smallest group of cash-generating units if otherwise.

— Recognition of impairment losses

An impairment loss is recognised in profit or loss whenever the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amount of the assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

— Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

j) Payables and accruals

Payables and accruals are initially recognised at fair value and are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at invoice amounts.

k) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Cash and cash equivalents are assessed for ECLs in accordance with the policy set out in Note 2(i)(i).

l) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

m) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

m) Income tax (Continued)

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from the initial recognition of assets or liabilities that affect neither accounting nor taxable profit and at the time when the transaction does not give rise to equal taxable and deductible temporary differences (provided they are not part of a business combination), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

m) Income tax (Continued)

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Company or the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Company or the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

n) Provisions, contingent liabilities and onerous contracts

(i) Provisions and contingent liabilities

Provisions are recognised when the Group has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, a separate asset is recognised for any expected reimbursement that would be virtually certain. The amount recognised for the reimbursement is limited to the carrying amount of the provision.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

n) Provisions, contingent liabilities and onerous contracts (Continued)

(ii) Onerous contracts

An onerous contract exists when the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. Provisions for onerous contracts are measured at the present value of the lower of the expected cost of terminating the contract and the net cost of continuing with the contract.

o) Revenue and other income

Income is classified by the Group as revenue when it arises from the provision of services in the ordinary course of the Group's business.

Revenue is recognised when control over a service is transferred to the customer at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Further details of the Group's revenue and other income recognition policies are as follows:

(i) Income from provision of corporate financial advisory services

Income from provision of corporate financial advisory services is recognised over time based on contractual terms specified in the underlying agreements as the customers simultaneously receives and consumes the benefits providing by the entity's performance and the revenue can be measured reliably.

The Group also provides sponsoring services to clients for their fund raising activities. The Group considers that all the services promised in a particular contract of being a sponsor are interdependent and interrelated and should be therefore accounted for as a single performance obligation. As there is enforceable right to payment for the Group for the performance of services completed up to date based on the contracts with customers regarding sponsor, the revenue is recognised over time based on the stage of completion of the contract, the services transferred to customers up to date.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

o) Revenue and other income (Continued)

(ii) Interest income

Interest income is recognised as it accrues under the effective interest method using the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the asset. For credit-impaired financial assets, the effective interest rate is applied to the amortised cost (i.e. gross carrying amount net of loss allowance) of the asset (see note 2(i)(i)).

(iii) Rental income from operating leases

Rental income receivable under operating leases is recognised in profit or loss in equal instalments over the periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the use of the leased asset. Lease incentive granted are recognised in profit or loss as an integral part of the aggregate net lease payments receivable. Contingent rentals are recognised as income in the accounting period in which they are earned.

(iv) Revenue from Online Game Promotion

Revenue from online game promotion services is recognized when the promotional activities result in measurable user actions. The Group earns income based on the volume of game downloads and the total value of in-game purchases made by players directed through the Group's promotional channels on various platforms. Revenue is recognized when the right to receive payment is established, usually coinciding with the reporting of monthly performance data from the respective platforms.

p) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of that asset. Other borrowing costs are expensed in the period in which they are incurred.

q) Related parties

- a) A person, or a close member of that person's family, is related to the Group if that person:
 - i) has control or joint control over the Group;
 - ii) has significant influence over the Group; or
 - iii) is a member of the key management personnel of the Group or the Group's parent.
- b) An entity is related to the Group if any of the following conditions applies:
 - i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - iii) Both entities are joint ventures of the same third party.
 - iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - vi) The entity is controlled or jointly controlled by a person identified in (a).
 - vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

r) Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at costs less accumulated amortisation and any accumulated impairment losses, being their fair value at the date of the revaluation less subsequent accumulated amortisation and any accumulated impairment losses.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

r) Intangible assets acquired separately (Continued)

Amortisation for intangible assets with finite useful lives is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less any subsequent accumulated impairment losses (see the accounting policy in respect of impairment losses on tangible and intangible assets below).

Impairment on tangible and intangible assets other than goodwill

At the end of the reporting period, the Group reviews the carrying amounts of its tangible and intangible assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the CGU to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual CGU, or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that they may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or CGU) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or CGU) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

2. MATERIAL ACCOUNTING POLICY INFORMATION *(CONTINUED)*

s) Segment reporting

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the executive directors of the Company, being the chief operating decision maker, for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

t) Financial liabilities and equity instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument under HKFRS Accounting Standards. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

Financial liabilities at amortised cost

Financial liabilities including note payables, other payables, and accruals are subsequently measured at amortised cost, using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

3. APPLICATION OF AMENDMENTS TO HKFRS ACCOUNTING STANDARDS

The Group has applied the following amendments to HKFRS Accounting Standards issued by the HKICPA for the first time, which are mandatorily effective for the annual period beginning on or after 1 January 2025 for the preparation of the consolidated financial statements:

Amendments to HKAS 21 and HKFRS 1 Lack of Exchangeability

The Group has not applied any new or amendments to HKFRS Accounting Standards that is not yet effective for the current year.

The application of the amendments to HKFRS Accounting Standards in the current year had no material impact on these consolidated financial statements for the current and prior years.

4. ACCOUNTING JUDGEMENTS AND ESTIMATES

The key sources of estimation uncertainty are as follows:

i) Impairment of property, plant and equipment and right-of-use assets

If circumstances indicate that the carrying amount of property, plant and equipment and right-of-use assets may not be recoverable, the assets may be considered “impaired” and an impairment loss may be recognised in accordance with HKAS 36 “*Impairment of assets*”. The carrying amounts of property, plant and equipment and right-of-use assets are reviewed periodically in order to assess whether the recoverable amounts have declined below the carrying amounts. These assets are tested for impairment whenever events or changes in circumstances indicate that their recorded carrying amounts may not be recoverable. When such a decline has occurred, the carrying amount is reduced to the recoverable amount. The recoverable amount is the higher of the fair value less costs of disposal and the value in use. It is difficult to precisely estimate fair values because quoted market prices for the Group’s assets are not readily available. In determining the value in use, expected cash flows generated by the asset are discounted to their present value, which requires significant judgement relating to level of revenue and the amount of operating costs. Management uses all readily available information in determining an amount that is a reasonable approximation of recoverable amount, including estimates based on reasonable and supportable assumptions and projections of revenue and the amount of operating costs. Changes in these estimates and assumptions could have a significant impact on the carrying amounts of the assets and could result in impairment charge in the future periods.

NOTES TO THE FINANCIAL STATEMENTS

4. ACCOUNTING JUDGEMENTS AND ESTIMATES *(CONTINUED)*

The key sources of estimation uncertainty are as follows: *(Continued)*

i) Impairment of property, plant and equipment and right-of-use assets (Continued)

The key assumptions used to determine the recoverable amount are disclosed and further explained in Note 14(d).

The carrying amount of property, plant and equipment and right-of-use assets as at 31 December 2025 was approximately HK\$2,543,000 and HK\$1,058,000 (2024: approximately HK\$27,014,000 and HK\$1,598,000), respectively.

ii) Impairment of trade receivables

The Group recognised ECL on trade receivables on individual basis. The estimation on ECL is required in assessing probability-weighted estimate of the credit loss within the relevant time band which is based on Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as forecast direction of condition at the end of each reporting period. If there is a significant increase in credit risk on the customers or debtors of the Group since initial recognition, additional ECL may be required.

The measurement of the expected loss allowance for trade and other receivables is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behavior (the likelihood of customers defaulting and the resulting losses). Further details are set out in Note 24(b)(i).

The carrying amount of trade receivables as at 31 December 2025 was approximately HK\$43,028,000 (2024: HK\$29,390,000).

iii) Provision for income tax and deferred tax

Determining income tax provisions involves judgement on the future tax treatment of certain transactions. The management evaluates tax implications of transactions and tax provisions are set up accordingly. The tax treatment of such transactions is reconsidered periodically to take into account all changes in tax legislation. Deferred tax assets are recognised for tax losses not yet used and deductible temporary differences. As those deferred tax assets can only be recognised to the extent that it is probable that future taxable profit will be available against which the unused tax losses and/or unused tax credits can be utilised, management's judgement is required to assess the probability of future taxable profits. Management's assessment is constantly reviewed and additional deferred tax assets are recognised if it becomes probable that future taxable profits will allow the deferred tax asset to be recovered.

There were no deferred tax assets/liabilities as at 31 December 2025 and 2024.

NOTES TO THE FINANCIAL STATEMENTS

4. ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

The key sources of estimation uncertainty are as follows: *(Continued)*

iv) Revenue recognition

The revenue from the provision of corporate financial services in Hong Kong and Singapore is recognised over time. The Group uses the output method in accounting for its financial services contracts to deliver financial services. Use of the output method requires the Group to estimate the value of the services transferred to the customers by reference to the performance completed to date and the milestones reached. If there is a change in the estimates on the value of the transferred services, the amount of revenue recognised in the year would be higher or lower.

At contract inception, the Group estimates variable considerations to be included in the transaction price for the provision of corporate financial services with performance bonuses using the most likely amount approach. This approach is applied consistently and in making this assessment, the Group considers all the information that is reasonably available and identifies a reasonable number of possible consideration amounts. This information used is typically similar to the information that the Group's management uses during the bid-and-proposal process and in establishing prices for promised services. The Group also assesses whether the variable consideration is constrained. In making this assessment, the Group considers both the likelihood and magnitude of revenue reversal, including factors such as whether the amount of consideration is highly susceptible to factors outside the Group's influence and the timing required to resolve the uncertainty about the amount of consideration. At the end of each reporting period, the Group updates their estimate of the transaction price to reflect any changes in circumstances. Changes in the total transaction price are allocated to the performance obligations on the same basis as the initial allocation and reflected in the period that the transaction price changes.

During the years ended 31 December 2025 and 2024, there were no changes in circumstances which required the Group to change their estimated transaction price.

b) Segment reporting

The following is an analysis of the Group's revenue and results by operating segment, based on information provided to the chief operating decision maker ("CODM") representing the board of directors of the Company, for the purpose of allocating resources to segments and assessing their performance, this is also the basis upon which the Group is arranged and organised.

The CODM makes decisions according to the operating results of each segment. No analysis of segment asset and segment liability is presented as the CODM does not regularly review such information for the purposes of resources allocation and performance assessment. Therefore, only segment revenue and segment results are presented.

The Group's operations are currently organised into four reporting and operating segments under HKFRS 8, namely corporate financial advisory services, advising on securities and asset management services, online game business and car rental business.

NOTES TO THE FINANCIAL STATEMENTS

8. INCOME TAX

a) *Taxation in the consolidated statement of profit or loss and other comprehensive income*

The provision for Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profits for the year ended 31 December 2024 and 2025, except for one subsidiary of the Group which is a qualifying corporation under the two-tiered Profits Tax rate regime. For this subsidiary, the first HK\$2,000,000 of assessable profits are taxed at 8.25% and the remaining assessable profits are taxed at 16.5%. The Singapore Corporate Income Tax is determined by applying the Singapore tax rate of 17%.

No provision for Hong Kong Profits tax have been provided for in the financial statements as the Group had no estimated assessable profit for the year ended 31 December 2024 and 2025. No provision for Singapore Corporate Income Tax have been provided for in the financial statements as the Group had no estimated assessable profit for the year ended 31 December 2024 and 2025.

Pursuant to the rules and regulations of the Cayman Islands and the British Virgin Islands, the Group is not subject to income tax in these jurisdictions.

b) *Reconciliation between tax expense and accounting loss at applicable tax rate:*

	2025 HK\$'000	2024 HK\$'000
Loss before tax	(7,437)	(2,477)

Tax effect of non-deductible expenses	1,641	819
Utilisation of tax losses previously not recognised	(301)	(212)
Income tax expense	—	—

c) *Deferred tax assets and liabilities not recognised*

At 31 December 2025, the Group has not recognised deferred tax assets in respect of cumulative tax losses of approximately HK\$19,110,000 (2024: HK\$20,934,000) as it is not probable that future taxable profits against which the tax losses can be utilised will be available in the relevant tax jurisdiction and entity. The tax losses do not expire under current tax legislation.

Apart from tax losses, the Group has not recognised deferred tax assets in respect of cumulative provision for expected credit loss on financial assets of approximately HK\$15,574,000 (2024: HK\$6,516,000) as at 31 December 2025.

NOTES TO THE FINANCIAL STATEMENTS

9. DIRECTORS' EMOLUMENTS (CONTINUED)

During the years ended 31 December 2025 and 2024, no emoluments were paid by the Group to any directors of the Company as an inducement to join or upon joining the Company or as compensation for loss of office. There was no arrangement under which a director waived or agreed to waive any emoluments during the years ended 31 December 2025 and 2024.

Save for disclosed above and in Note 26 to the consolidated financial statement, no significant transactions, arrangements and contracts in relation to the Group's business to which the Company was a party and in which a director of the Company and the director's connected party had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

10. INDIVIDUALS WITH HIGHEST EMOLUMENTS

Of the five individuals with the highest emoluments, two (2024: two) are directors of the Company whose emoluments are disclosed in Note 9 above. The aggregate of the emoluments in respect of other three (2024: three) individuals are as follows:

	2025 HK\$'000	2024 HK\$'000
Salaries and other emoluments	2,680	2,720
Contributions to retirement benefits scheme	54	54
	2,734	2,774

The emoluments of three (2024: three) employees with the highest emoluments are within the following bands:

	2025 Number of employees	2024 Number of employees
HK\$Nil–HK\$1,500,000	3	3

There was no amount paid during the years ended 31 December 2025 and 2024 to the five highest paid employees as inducement to join on upon joining the Group or as compensation for loss of office.

NOTES TO THE FINANCIAL STATEMENTS

11. DEFINED CONTRIBUTION RETIREMENT PLAN

The Group operates a Mandatory Provident Fund Scheme (the “MPF Scheme”) under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF Scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF Scheme, the employer and its employees are each required to make contributions to the plan at 5% of the employees’ relevant income, subject to a cap of monthly relevant income of HK\$30,000. Contributions to the plan vest immediately.

The Group’s subsidiary operating in Singapore, in compliance with the applicable regulations of Singapore, participated in a defined contribution scheme operated by the local government. The subsidiary is required to contribute an amount based on the employees’ salaries. The Group contributes up to 17% of the eligible employees’ salaries to the defined contribution scheme, with each employee’s qualifying salary capped at Singapore dollar 6,000 per month.

12. DIVIDENDS

The board did not recommend the payment of a final dividend for the years ended 31 December 2025 and 2024.

13. LOSS PER SHARE

a) Basic loss per share

The calculation of basic loss per share is based on the loss attributable to the owners of the Company of approximately HK\$7,437,000 (2024: loss attributable to the owners of the Company of approximately HK\$2,477,000) and the weighted average of 61,101,781 (2024: 27,603,104) ordinary shares in issue during the year. The weighed average number of shares for the year ended 31 December 2024 has been adjusted to reflect the share consolidation completed in 2025.

b) Diluted loss per share

There were no dilutive potential ordinary shares in issue during the years ended 31 December 2025 and 2024, and diluted loss per share is the same as basic loss per share.

For the years ended 31 December 2024 and 2025, the weighted average number of ordinary shares used to calculate basic and diluted loss per share has been adjusted to reflect: (i) the issuance of new shares via a rights issue completed on 8 August 2024; (ii) the consolidation of every ten (10) issued and unissued ordinary shares with a par value of HK\$0.10 each into one (1) consolidated share with a par value of HK\$1.00 each, which took place on 17 January 2025, prior to the date of authorisation of the consolidated financial statements; (iii) the issuance of new shares via a subscription completed on 11 February 2025; and (iv) the issuance of new shares via a placing completed on 26 June 2025.

d) Impairment assessment

In accordance with the Group's accounting policies, the Group reviews the carrying amount of its property, plant and equipment to determine whether there is any indication of that these assets have suffered an impairment loss. Where an indicator of impairment exists, a formal estimate of the recoverable amount is made at the reporting period.

Property, plant and equipment

During the year ended 31 December 2025, although the Group recorded a loss before tax of approximately HK\$7,437,000, the carrying value of the associated assets for the cash-generating unite ("CGU1") in provision of corporate financial advisory services has been either fully depreciated or disposed.

In respect of the Group's car rental business, the individual motor vehicles held for rental had an aggregate carrying value of approximately HK\$2,537,000 as at 31 December 2025. These assets have been substantially depreciated to a minimal carrying amount. During the year, the Group disposed of four motor vehicles, realizing a gain on disposal of HK\$684,000, which indicates that the residual values of the fleet remain robust. The remaining four motor vehicles, consisting of high-rental-value luxury vehicles, are currently under active lease and continue to generate independent cash inflows. Given the 21.5% increase in car rental revenue during the year and the sustained market demand for these specific vehicles, management concluded that no indicators of impairment existed for any of the individual motor vehicles as at 31 December 2025.

Intangible assets

During the year, the Group recorded a segment profit of approximately HK\$4,469,000 from the online game business. Notwithstanding the segment profit, the Group transitioned its operations from a license-holding model to the provision of promotion services for online games. Management identified that the remaining online game licenses were expected to be significantly less profitable under the revised business model, which constituted an impairment indicator. Accordingly, the Group conducted an impairment assessment of the relevant cash-generating unit ("CGU2"). Based on the results of the assessment, an impairment loss of HK\$856,000 was recognised against the associated intangible assets to write down their carrying value to their estimated recoverable amount.

Right-of-use assets

During the year, although the Group recorded a loss before tax of approximately HK\$7,437,000, the corresponding cash-generating unit ("CGU1") engaged in the provision of corporate financial advisory services was profitable. Therefore, the directors are of the opinion that no impairment indicator has been identified, and an impairment assessment of the recoverable amounts is unnecessary.

NOTES TO THE FINANCIAL STATEMENTS

22. RESERVES

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity.

Nature and purpose of reserves

Share premium

The application of the share premium account is governed by the Companies Law of the Cayman Islands.

Contributed surplus

The contributed surplus represents the amount arising from the reduction of the Company's share capital or share premium account during the year ended 31 December 2025. Under the Companies Act (as amended) of the Cayman Islands, and subject to the provisions, if any, of the Company's memorandum and articles of association, the Company's share premium account may be applied in paying distributions or dividends to shareholders. Accordingly, any distribution or dividend made out of amounts arising from such share premium reduction may only be made if, immediately following the date on which the distribution or dividend is proposed to be paid, the Company is able to pay its debts as they fall due in the ordinary course of business.

Merger reserve

The merger reserve of the Group represents the difference between the nominal value of shares of the subsidiaries acquired over the nominal value of the shares used by the Company in exchange thereafter.

Exchange reserve

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policies set out in Note 2 to the consolidated financial statements.

b) *Financial risk management objectives and policies*

The main risks arising from the Group's financial instruments are credit risk and liquidity risk. The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risk are described below.

i) *Credit risk*

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. The Group's credit risk is primarily attributable to trade receivables. The Group's exposure to credit risk arising from cash and cash equivalents is limited because the counterparties are banks with high credit rating assigned by international credit-rating agencies, for which the Group considers to represent low credit risk. The Group's exposure to credit risk arising from refundable rental deposits is considered to be low, taking into account (i) the landlords' credit rating and (ii) the remaining lease term and the period covered by the rental deposits.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer rather than the industry or country in which the customers operate and therefore significant concentrations of credit risk primarily arise when the Group has significant exposure to small number of commercial customers. At the end of the reporting period, 61% (2024: 10%) of the total trade receivables was due from the largest trade debtor.

NOTES TO THE FINANCIAL STATEMENTS

24. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (CONTINUED)

b) *Financial risk management objectives and policies (Continued)*

i) *Credit risk (Continued)*

The Group measure loss allowance for trade receivables at an amount equal to lifetime ECL. To measure the ECL, trade receivables have been assessed individually. In addition, the directors of the Company are of the opinion that there was no default occurred on trade receivables and the balances are still considered fully recoverable in accordance with the management's historical experience on the settlement pattern or record.

Individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations focus on the customer's past history of making payments when due and current ability to pay, and take into account information specific to the customer as well as pertaining to the economic environment in which the customer operates. Trade receivables are due within 180 days (2024: 90 days) from the date of billing. Debtors with balances that are more than 1 month past due are requested to settle all outstanding balances. Normally, the Group does not obtain collateral from customers.

The following table provides information about the Group's exposure to credit risk and ECLs for trade receivables as at 31 December 2025 and 31 December 2024:

	2025		
	Expected loss rate	Gross carrying amount HK\$'000	Loss allowance HK\$'000

Over 365 days	24.33%	6,214	1,512
		35,906	6,516

Expected loss rates are based on actual loss experience over the past 3 years. These rates are adjusted to reflect differences between economic conditions during the period over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables.

Movement in the loss allowance account in respect of trade receivables during the year is as follows:

	2025 HK\$'000	2024 HK\$'000
Balance at 1 January	6,516	1,555
Loss allowance recognised during the year	9,090	4,961
Balance at 31 December	15,606	6,516

The following significant changes in the gross carrying amounts of trade receivables contributed to the increase in the loss allowance:

- origination of new trade receivables net of those settled resulted in an increase in loss allowance of HK\$9,090,000.

ii) Liquidity risk

Individual operating entities within the Group are responsible for their own cash management, including the short term investment of cash surpluses and the raising of loans to cover expected cash demands, subject to the parent company's board approval. The Group's policy is to regularly monitor its liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term.

The following tables set out the remaining contractual maturities at the end of the reporting period of the Group's non-derivative financial liabilities based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current at the end of the reporting period) and the earliest date the Group can be required to pay.

c) *Fair value*

The carrying amounts of the Group's financial instruments carried at amortised cost are not materially different from their fair values as at 31 December 2025 and 2024.

d) *Capital management*

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern so that they can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the Group consists of cash and cash equivalents and equity attributable to owners of the Company, comprising issued share capital and reserves.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. The Group's overall strategy remains unchanged throughout the year.

Zijing Capital and Zijing Asset Management, a wholly-owned subsidiary and an indirectly wholly-owned subsidiary of the Company, respectively, licensed by the Securities and Futures Commission ("SFC"), provides corporate financial advisory and asset management services to their customers, are obliged to meet the regulatory liquid capital requirements under the Securities and Futures (Financial Resources) Rules ("FRR") at all times. The Group monitors the financial position of both companies in order to ensure that they maintain a liquid capital level adequate to support the level of activities and meet the capital requirements imposed by the SFC. During the years ended 31 December 2025 and 2024, both Zijing Capital and Zijing Asset Management complied with the liquid capital requirements imposed by the SFC.

The Group's externally imposed capital requirement is to maintain its listing status on the Stock Exchange, which requires having a public float of at least 25% of the shares.

Other than the above, neither the Company nor any of its subsidiaries are subject to externally imposed capital requirements.

NOTES TO THE FINANCIAL STATEMENTS

27. POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 31 DECEMBER 2025 *(CONTINUED)*

HKFRS 18 Presentation and Disclosure in Financial Statements

HKFRS 18 Presentation and Disclosure in Financial Statements, which was issued by the HKICPA in July 2024 supersedes HKAS 1 and will result in major consequential amendments to HKFRS Accounting Standards including HKAS 8 Basis of Preparation of Financial Statements (renamed from Accounting Policies, Changes in Accounting Estimates and Errors). Even though HKFRS 18 will not have any effect on the recognition and measurement of items in the consolidated financial statements, it is expected to have a significant effect on the presentation and disclosure of certain items. These changes include categorisation and sub-totals in the statement of profit or loss, aggregation/disaggregation and labelling of information, and disclosure of management-defined performance measures.

The Group anticipates that the application of other new and amendments to HKFRS Accounting Standards will have no material impact on the consolidated results and the consolidated financial position of the Group.
