

Corporate Profile

Wealthmark is one of the well-established handbag and related products manufacturing companies with production facilities based in Hui Zhou, the PRC. The Group is principally engaged in three main businesses.

The manufacture and sale of handbag and related products. The Group's products include a wide range of both functional and fashionable handbags, wallets, compact disc storage bags, camera bags and computer bags. The majority of these products are manufactured on an OEM basis and are sold through importers and agents to department stores in the US and Europe.

The provision of subcontracting services, the Group's production facilities are further utilised to provide subcontracting services to customers in Asia region in return for subcontracting fees income.

The Group also involved in the trading of raw materials business. The Group is able to enjoy the benefits from the economies of scale by purchasing a large quantity of raw materials from Taiwan and Korea at low cost and sell to raw materials wholesalers in the PRC at a higher price.

As Wealthmark enters into the 14th year of establishment, we are ready for more challenges and business opportunities as well as to increase value for our shareholders.
