Note: The amount represents the Group's and the Company's investment in the shares of Climax International Company Limited ("CICL"), a company incorporated in Bermuda with its shares listed on the Stock Exchange, representing approximately a 1.89% (2000: 29.08%) and nil (2000: 0.2%) respectively of the issued share capital of CICL.

As stated in the Company's circular dated 26th October, 1997, the intention of the Group was to account for the investment in CICL as an associate as the Group held more than 20% of the issued share capital of CICL, and the Group expected to enjoy a positive contribution from CICL to the profit of the Group. However, following the discussion and negotiation with the largest shareholders of CICL, Selma Limited ("Selma"), the Group found it was unable to exercise any significant influence and, accordingly, in order to protect its investment, a memorandum of co-operation ("Memorandum") was entered into between the Company and Selma on 3rd October, 1997. Pursuant to the Memorandum, the Company would only be consulted by Selma in respect of the significant matters related to the management of CICL and the Company's involvement in the management of CICL was restricted to an ability to veto certain capital fund raising and notifiable transactions. In the opinion of the directors, the management of CICL thereby restricted the ability of the directors of the Company to participate in the financial and operating policy decisions, including the strategic policy, dividend and investment decisions of CICL and its subsidiaries (the "Climax Group"). During the year ended 31st March, 2000, the Company continued to be restricted by the Memorandum in its ability to exercise significant influence in the financial and operating policy decisions of the Climax Group. Accordingly, the shares of CICL held by the Group were classified as investment securities. As CICL incurred significant losses since the acquisition by the Group and was dependent upon the successful implementation of debt restructuring and refinancing proposals, the carrying amount of the investment in the shares of CICL was reduced to nil.

Notes to the Financial Statements

For the Year ended 31st March, 2001

17. INVESTMENTS IN SECURITIES (continued)

On 13th April, 2000, the Company and Selma agreed to terminate the Memorandum. However, on 1st November, 2000, CICL issued a joint announcement with First Century Holdings Limited ("Subscriber") in respect of a subscription agreement (the "CICL Subscription Agreement") entered into by CICL and the Subscriber on 20th October, 2000. Pursuant to the CICL Subscription Agreement, the Subscriber conditionally agreed to subscribe for 2,000,000,000 new shares of CICL of HK\$0.01 each at the subscription price of HK\$0.05 per new share of CICL for a total consideration of HK\$100 million. The completion of the CICL Subscription Agreement was conditional upon, among other matters, the restructuring of the bank indebtedness of CICL and its subsidiaries pursuant to the bank debt restructuring agreement which was entered into by CICL and its 26 bank creditors on 22nd November, 2000. After the completion of the CICL Subscription Agreement and the bank debt restructuring agreement on 11th January, 2001, the Group's interest in CICL was diluted to approximately 1.89%. As a result, the directors no longer consider the investment in the shares of CICL to be a strategic investment of the Group and the Group's investment in CICL was reclassified as other investments at the balance sheet date.

In the opinion of the directors, in view of the low volume of transactions in the market for the CICL's shares, the fair value of other investments at 31st March, 2001 was insignificant.

27. SHARE OPTIONS

Pursuant to the employee's share option scheme for employees which was adopted at a special general meeting of the Company held on 28th March, 1994 (the "Old SOS"), the board of directors of the Company may grant options to eligible employees, including executive directors, of the Company and its subsidiaries at a nominal consideration to subscribe for shares in the Company at a price equal to the higher of the nominal value of the shares and an amount which is not less than 80% of the average of the closing prices of the shares on the Stock Exchange on the five trading days immediately preceding the date of the grant of the options. The maximum number of shares in respect of which options may be granted under the share option scheme shall not exceed 10% of the issued share capital of the Company from time to time.

In 1996, 20,000,000 share options ("20,000,000 Share Options") and 5,000,000 options ("5,000,000 Share Options") were granted to directors of the Company and certain employees of the Group at an exercise price of HK\$1.05 per share and HK\$0.91 per share respectively under the Old SOS. The 20,000,000 Share Options are exercisable on an escalating scale of 30% to 40% per year over a period of four years from the date of grant. 1,670,000 share options out of the 5,000,000 Share Options are exercisable during a period of three years from the date of grant. The remaining 3,330,000 share options are exercisable after the first year but before the expiration of fourth year after these options are granted.

During the year, the movements in the number of options outstanding under the Old SOS were as follows:

In October 2000, the Company adopted a new employee's share option scheme (the "New SOS") to replace the Old SOS. Options granted are exercisable on the first anniversary of the date of grant of such options and will expire at the close of business on the third anniversary. During the year, 6,000,000 share options and 4,000,000 share options were granted to the directors of the Company and certain employees of the Group respectively at an exercise price of HK\$0.62 per share. No such share options were exercised during the year.
