

Good Corporate Citizenship

Social, recreational activities and voluntary services were organized and promoted by the K. Wah Construction Materials Social Club within the Group to encourage staff to enrich their social life by taking part in these functions.

The Group believes in and advocates the sense of social responsibility as a part of good corporate citizenship by supporting staff to take part in volunteer and fund raising activities of non profit and welfare organizations including the Community Chest, Yan Chai Hospital, United Christian Hospital, Po Leung Kuk and Oxfam.
