

Corporate Profile

Wealthmark is one of the well-established handbag and related products manufacturing companies with production facilities based in Hui Zhou, the PRC and Cambodia. The Group is principally engaged in three main businesses:

1. The manufacture and sale of handbags and related products. The Group's products include a wide range of both functional and fashionable handbags, wallets, compact disc storage bags, camera bags and computer bags. The majority of these products are manufactured on an OEM basis and are sold through importers and agents to department stores in the USA and Europe.
2. The provision of subcontracting services. The Group's production facilities are further utilised to provide subcontracting services to customers in Asia region.
3. The Group is also involved in the trading of raw materials. The Group is able to enjoy the benefits of economies of scale by purchasing large quantities of raw materials from Taiwan and Korea for sale to raw material wholesalers in the PRC.

As Wealthmark enters into its 16th year, we are ready for more challenges and business opportunities as well as looking to increase value for our shareholders.
