

# Company Profile

Founded in 1988,  Lerado Group designs, manufactures and distributes a wide range of infant and pre-school products including baby strollers, beds and playards, soft goods, high chairs, bouncers, infant car seats, battery-operated ride-on cars, as well as other accessories.

Headquartered in Hong Kong, the Group has established efficient manufacturing bases in Zhongshan and Shanghai in the People's Republic of China (the "PRC"), with research and development ("R&D") centres located in Taiwan and the PRC. Our strong R&D capability enables us to design and manufacture a majority of our products on an original design manufacturing ("ODM") basis, while owning the patents on such designs. We currently own more than 600 registered patents on over 330 product features.

We also manufacture for customers on an original equipment manufacturing ("OEM") basis by producing the products according to customers' specifications. The majority of our products are sold to the United States of America (the "US") and Europe. Our experienced manufacturing expertise and commitment to quality are trusted by our customers.

The Group has also extended its business scope to the manufacturing and selling of infant and pre-school products under its own brand, the "Angel". Developed specifically for the PRC market, the Angel brand products are sold in major cities in the PRC. The Group is also taking active steps to enrich its product offering to target for a broader range of end users from infants up to six years of age.

Our mission is to provide superior products with innovative features and the highest safety standards to our customers worldwide.
