

GROUP PROFILE

IPE Group Limited ("the Company") was incorporated in the Cayman Islands as an exempted company with limited liability on 10 July 2002, in preparation for the listing of the shares on the Main Board of The Stock Exchange of Hong Kong Limited. The Company is an investment holding company and its subsidiaries (collectively the "Group") are engaged in manufactures and sales of high precision metal components.

The Group starts high precision components business in 1990 in Singapore and now develops into a multinational corporation with three production plants located in the Mainland China and one plant in Thailand, and various sales and logistics offices over the Southeast Asia region. By using specialized computerized numerical controlled machines, the Group produces high precision metal components used in hard disk drives (HDDs), hydraulic equipments, automotive components, fiber optic connectors and electronic devices.

The Group's highly valued customers are top tier multinational corporations in the information technology, fluid power, automotive and household electronic sectors where extreme level of precision is vital. With these long term business partners, the Group grew steadily and became a listed company on the Main Board of The Stock Exchange of Hong Kong Limited on 1 November 2004.

Looking ahead, IPE Group will continue to further diversify its product variety and enhance the production capacity to meet the increasing customers' needs while maintaining the Group's persistent excellent product quality.
