Regular meetings and briefings with the investor community were arranged to maintain high degree of transparency and prompt update of new developments

The Group recognizes the importance of communicating important information to shareholders and the investor community in a professional, forthcoming and timely manner. It is the Group's management philosophy to maintain a high degree of transparency and to provide appropriate and prompt disclosure of the Group's corporate strategies and new business development.

The Group's financial and operational information is disseminated in the annual and interim reports. Annual general meetings provide a communication channel between the Board and the shareholders.
