

The background of the page features a close-up, high-angle photograph of various aluminum extrusion products. These include long, rectangular profiles with multiple internal channels, and a stack of corrugated aluminum sheets. The products are arranged diagonally across the frame, creating a sense of depth and industrial scale. The lighting is soft, highlighting the metallic texture and the precision of the extrusion process.

## Corporate Profile

Ocean Grand Holdings Limited has been listed on the Main Board of The Stock Exchange of Hong Kong Limited since 1997. Headquartered in Hong Kong, it is a manufacturer of aluminium extrusion products with its production base in the Mainland. Its subsidiaries are also engaging in the business of precious metal electroplating chemicals. The business philosophy of the Group is to establish itself as a world-class manufacturer providing the global market a diversified range of high quality and high value-added aluminium products.
