Code provision A.2.1 stipulates that the role of Chairman and Chief Executive Officer should be separate and should not be performed by the same individual. Given the current corporate structure, there is no separation between the roles of Chairman and Chief Executive Officer. Although the Chairman and Chief Executive Officer is the same individual, power and authority are not concentrated as responsibilities are also shared with the two vice-chairmen and all major decisions are made in consultation with members of the Board and appropriate board committees as well as top management. There are four independent non-executive directors in the Board offering independent and different perspectives. Therefore, the Board is of the view that there are adequate balance of power and safeguards in place.
