INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ZHEJIANG GLASS COMPANY, LIMITED

(A joint stock limited company established in the People's Republic of China)

We have audited the consolidated financial statements of Zhejiang Glass Company, Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 30 to 86, which comprise the consolidated and company balance sheets as at 31 December 2006, and the consolidated income statement, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation and the true and fair presentation of these consolidated financial statements in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and the true and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and true and fair presentation of the financial statements in order to design audit procedures that are appropriate in the

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 December 2006 and of the Group's loss and cash flows for the year then ended and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

MATERIAL UNCERTAINTY REGARDING GOING CONCERN OF THE GROUP

Without qualifying our opinion, we draw attention to Note 2 to the financial statements concerning the adoption of the going concern basis on which the financial statements have been prepared. As of 31 December 2006, the Group's current liabilities exceeded its current assets by approximately RMB1,786 million. This condition, along with the Group's ability to extend its short-term loans upon maturity; obtain long-term financing facilities to re-finance its short-term loans; remediate its breaches in certain loan covenants; and to derive adequate operating cash flow from its existing operations and new product launch as set forth in Note 2, indicate the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern.
