Compared to standard corrugating medium, high performance corrugating medium, which undergoes surface sizing, achieves superior strength and physical properties for the same basis weight, which reduces packaging weight, bulk and the amount of material used, allowing customers to save on shipping costs. The Group markets this product under the "Nine Dragons" brand.

High performance corrugating medium

Coated duplex board is a type of boxboard with a glossy coated surface on one side for superior printability. This product is typically used as packaging material for small boxes that requires high quality printability, such as consumer electronic products, cosmetics and other consumer merchandise. It can also be used in combination with high performance corrugating medium and linerboard for the outer layer of corrugated board. The Group markets this under the "Nine Dragons" brand.
