Employee Share Plans

In accordance with the terms of a waiver granted by the Hong Kong Stock Exchange on 24 December 2010, full details of options under Employee Share Plans required pursuant to Listing Rules 17.07 and 17.09 are disclosed below. These disclosures are also available on the Hong Kong Stock Exchange's website at www.hkex.com.hk and can be obtained upon request from the Group Company Secretary, 8 Canada Square, London E14 5HQ.

Employee share plans

Share options and discretionary awards of shares are granted under HSBC share plans to help align the interests of employees with those of shareholders.

Set out on pages 2 to 5 are particulars of outstanding share options, including those held by employees working under employment contracts that are regarded as 'continuous contracts' for the purposes of the Hong Kong Employment Ordinance. The options were granted at nil consideration. No options have been granted to substantial shareholders, suppliers of goods or services, or in excess of the individual limit for each share plan. No options were cancelled by HSBC during the year.

Employee share plans are subject to the following limits on the number of HSBC Holdings ordinary shares that may be subscribed for. In any 10-year period not more than 10% of HSBC Holdings ordinary shares in issue from time to time (approximately 1,848 million HSBC Holdings ordinary shares at 4 March 2013) may be issued or committed to be issued under the HSBC Share Plan 2011 and all other employee share plans operated by HSBC Holdings. In any 10-year period not more than 5% of HSBC Holdings ordinary shares in issue from time to time (approximately 924 million HSBC Holdings ordinary shares on 4 March 2013) may be issued or committed to be issued under the HSBC Share Plan 2011 and all other discretionary share plans adopted by HSBC Holdings. The number of HSBC Holdings ordinary shares which may be issued upon exercise of all options under the HSBC Share Plan 2011 and options granted under any other employee share plan operated by HSBC Holdings must not exceed 1,781,741,789 HSBC Holdings ordinary shares. Under the HSBC Holdings savings-related share option plans, the HSBC Share Plan and HSBC Holdings Group Share Option Plan there were options outstanding over 200,010,768 HSBC Holdings ordinary shares at 31 December 2012 (1.08% of the issued ordinary shares). The number of shares which may be issued upon exercise of options under the HSBC Share Plan 2011 and options granted under any other employee share plan operated by HSBC Holdings outstanding at any one time must not exceed 30% of the shares in issue from time to time. No further options may be granted under any such plan if this will result in the limit being exceeded. Particulars of options over HSBC Holdings shares held by Directors of HSBC Holdings are set out on page 363 of the Directors' Remuneration Report in the *Annual Report and Accounts 2012*.

The effect on earnings per share of granting share options and share awards which are satisfied by the issue of new shares is shown in diluted earnings per share on the face of the consolidated income statement, with further details disclosed in the Earnings per share Note 11 on the Financial Statements in the *Annual Report and Accounts 2012*.

All-employee share option plans

The HSBC Holdings Savings-Related Share Option Plan and the HSBC Holdings Savings-Related Share Option Plan: International are all-employee share plans under which eligible employees (those employed within the Group on the first working day of the year of grant) may be granted options to acquire HSBC Holdings ordinary shares. Employees may make contributions of up to £250 (or equivalent) each month over a period of one, three or five years which may be used on the first, third or fifth anniversary of the commencement of the relevant savings contract, at the employee's election, to exercise the options. Alternatively, the employee may elect to have the savings, plus (where applicable) any interest or bonus, repaid in cash. One-year options are only available under the HSBC Holdings Savings-Related Share Option Plan: International and will be exercisable within three months following the first anniversary of the commencement of the savings contract. Three or five-year options are exercisable within six months following the third or fifth anniversary of the commencement of the relevant savings contract. In the case of redundancy, retirement on grounds of injury or ill health, retirement, the transfer of the employing business to another party, or a change of control of the employing company, options may be exercised before completion of the relevant savings contract.

Under the HSBC Holdings Savings-Related Share Option Plan and the HSBC Holdings Savings-Related Share Option Plan: International the option exercise price is determined by reference to the average market value of HSBC Holdings ordinary shares on the five business days immediately preceding the invitation date, then applying a discount of 20% (for details on each plan see tables on pages 2 to 3 for further information) (except for the one-year

Employee Share Plans (continued)

options granted under the US sub-plan where a 15% discount is applied). Where applicable, the US dollar, Hong Kong dollar and euro exercise prices are converted from the sterling exercise price at the applicable exchange rate on the working day preceding the relevant invitation date. The exercise of the options may be advanced to an earlier date in certain circumstances, for example on retirement, and may be extended in certain circumstances, for example on the death of a participant, the executors of the participant's estate may exercise the option up to six months beyond the normal exercise period. The closing price per HSBC Holdings ordinary share on 23 April 2012, the day before options were granted in 2012 was £5.46. A review of the plans will be undertaken in 2013 and there will be no grant of options while that review is ongoing.

The all-employee share option plans will terminate on 27 May 2015 unless the Directors resolve to terminate the plans at an earlier date.

1 The weighted average closing price of the shares immediately before the dates on which options were exercised was £5.45.

2 These are the one year options exercisable at a 15% discount to the average market value of the ordinary shares on the five business days immediately preceding the invitation date.

Employee Share Plans (continued)

Discretionary Share Plans

Note 7 on the Financial Statements in the *Annual Report and Accounts 2012* gives detail on share-based payments, including discretionary awards granted under HSBC's share plans.

Restricted share awards may be granted on a discretionary basis to senior executives and are the delivery mechanism for the Group's bonus deferral policy. An award of a Restricted share defines the number of shares to which the employee will become entitled, generally between one and three years from the date of the award, and normally subject to the individual remaining in employment.

The maximum value of awards or options that may be granted to an employee in any one year under the HSBC Share Plan 2011 is 600% of the employee's annual salary. For the purpose of the limit, any Restricted share awards made on or shortly after the commencement of employment or in substitution for all or any part of any bonus to which the employee would otherwise have been entitled, are excluded.

Since September 2005, no discretionary share options have been granted. There are no performance conditions that remain to be satisfied for the exercise of outstanding discretionary share options. Options are generally exercisable between the third and the tenth anniversary of the date of grant.

The exercise price of options granted under the HSBC Share Plan, and the HSBC Holdings Group Share Option Plan, is the higher of the average market value of the ordinary shares on the five business days prior to the grant of the option or the market value of the ordinary shares on the date of grant of the option, or the nominal value of a share.

The Group Performance Share Plan ('GPSP') is incorporated in the HSBC Share Plan 2011. See page 347 of the *Annual Report and Accounts 2012* for further details.

Discretionary Share Plans

There have been no grants of discretionary share options under employee share plans since 30 September 2005.

2 The weighted average closing price of the shares immediately before the dates on which options were exercised was £6.43.

Subsidiary company share plans

HSBC France

When it was acquired in 2000, HSBC France and certain of its subsidiary companies, operated employee share option plans under which options could be granted over their respective shares.

Under the terms of the employee share plans, holders of options to acquire shares of HSBC France were obliged to exchange the HSBC France shares they received on exercise of these options for HSBC Holdings ordinary shares. Details of options to acquire shares in HSBC France are set out in the following table. No further options will be granted under this share plan.
