As the highest percentage ratio (as defined under the Listing Rules) in respect of the Disposal exceeds 5% but all relevant percentage ratios in respect of the Disposal are less than 25%, the Disposal constitutes a discloseable transaction for the Company under the Listing Rules and is subject to the notification and announcement requirements set out in Rule 14.34 of the Listing Rules.

The First Disposal, the Second Disposal and the Disposal, when aggregated as a whole, constitute a discloseable transaction of the Company under Chapter 14 of the Listing Rules.

Given that the Board has approved the Disposal and the independent non-executive Directors have confirmed that the terms of the Disposal are fair and reasonable, the Disposal is on normal commercial terms and in the interest of the Company and the Shareholders as a whole, the Disposal is exempt from the circular, independent financial advice and shareholders' approval requirements.

The Board is pleased to announce that, after trading hours on 1 November 2016, the Company and the Purchaser entered into the SP Agreement, pursuant to which the Company has sold, and the Purchaser has acquired, the Sale Shares, representing approximately 5% of the issued share capital of the Target as at Completion, at the Consideration of HK\$5,790,000.

Completion

Completion took place immediately after the signing of the SP Agreement.

Immediately after Completion, the Company is now holding approximately 47.5% of the issued share capital of the Target. All members of the Target Group have ceased to be subsidiaries of the Company and the financial results of the Target Group will cease to be consolidated with the results of the Group upon Completion.

As such, upon Completion, the Group will cease to be engaged in the solar energy business and it is the current intention of the Company to hold the remaining stake in the Target Group as investment.

REASONS FOR AND BENEFITS OF THE DISPOSAL

In line with the Company's business plans, the Group has been continuously shifting its resources from solar power business to financial services business and the Directors consider that the Disposal, which is subsequent to the First Disposal and the Second Disposal, aligns with the development plan of the Company. The Directors are also of the view that the Disposal will allow the Company to realise its investment in the Target at a reasonable price and is in the interest of the Company.

It is estimated that upon Completion, the Group will record a net loss of approximately HK\$1,100, which is calculated with reference to the difference between the Consideration and the unaudited net asset value of the Target Group of approximately HK\$115,822,000 as at 30 September 2016 without taking into account the profit and loss effect of the Target Group after 30 September 2016, after deduction of expenses of approximately HK\$60,000 in connection with the Disposal, including the legal and professional fees. The actual amount of gain or loss as a result of the Disposal to be recorded by the Company will be subject to the review and final audit by the auditors of the Company.

The Company intends to use the net proceeds from the Disposal for general working capital of the Group and/or its financial services business.

The Directors (including the independent non-executive Directors) are of the view that the terms of the SP Agreement are on normal commercial terms and are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

LISTING RULES IMPLICATIONS

As the highest percentage ratio (as defined under the Listing Rules) in respect of the Disposal exceeds 5% but all relevant percentage ratios in respect of the Disposal are less than 25%, the Disposal constitutes a discloseable transaction for the Company under the Listing Rules and is subject to the notification and announcement requirements set out in Rule 14.34 of the Listing Rules.

The First Disposal, standing alone, constituted a discloseable transaction under Chapter 14 of the Listing Rules and the details of which were disclosed in the announcement of the Company dated 19 August 2016. The Second Disposal, standing alone, did not constitute a discloseable transaction under Chapter 14 of the Listing Rules.

The First Disposal, the Second Disposal and the Disposal, when aggregated as a whole, constitute a discloseable transaction of the Company under Chapter 14 of the Listing Rules.

The Purchaser is holding approximately 30% of the issued share capital of the Target immediately before Completion and is thus a connected person of the Company at subsidiary level. Accordingly, the Disposal also constitutes a connected transaction for the Company for the purpose of Chapter 14A of the Listing Rules. Given that the Board has approved the Disposal and the independent non-executive Directors have confirmed that the terms of the Disposal are fair and reasonable, the Disposal is on normal commercial terms and in the interest of the Company and the Shareholders as a whole, the Disposal is exempt from the circular, independent financial advice and shareholders' approval requirements.
