

In this year's Annual Report we have moved further towards integrated reporting as envisaged by the International Integrated Reporting Council (IIRC – www.theiirc.org).

In the IIRC's words "Integrated Reporting brings together material information about an organisation's strategy, governance, performance and prospects in a way that reflects the commercial, social and environmental context within which it operates. It provides a clear and concise representation of how an organisation demonstrates stewardship and how it creates and sustains value".

The objective of our approach is to provide a connected view of the different aspects of our performance by publishing this Annual Report and a separate Corporate Responsibility and Sustainability Report to highlight our vision, strategy and our achievements in 2018. Together with our company's website, the two reports enable our stakeholders to have a more informed assessment of our company.

Our integrated approach encapsulates a number of different reference guidelines, including the International Integrated Reporting Framework published by the International Integrated Reporting Council, The Stock Exchange of Hong Kong Limited's (HKEx) Environmental, Social and Governance

Reporting Guide, the Hong Kong Institute of Certified Public Accountants' (HKICPA) approach on corporate governance disclosure, and the Global Reporting Initiative Sustainability Reporting Guidelines.

Our financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards, the requirements of the Hong Kong Companies Ordinance and the applicable disclosure provisions of the Rules Governing the Listing of Securities on HKEx.

We welcome your feedback. Please share your views with us by post or email.
