CHAIRMAN'S STATEMENT 主席報告

The board (the "Board") of directors (the "Director(s)") of Sunshine 100 China Holdings Ltd (the "Company", together with its subsidiaries, the "Group") would like to present the business review and outlook of the Group for the six months ended 30 June 2024 (the "Reporting Period").

陽光100中國控股有限公司(「本公司」,連同其附屬公司統稱「本集團」)之董事(「董事」)會(「董事會」),提呈本集團截至2024年6月30日止六個月(「本報告期」)之業務回顧及展望。

Business Review and Outlook

Business Review

In the first half of 2024, the Chinese real estate market continued to be under pressure in a complex and changing economic environment, and the overall situation did not show signs of recovery as expected. Despite frequent positive policies, the national new housing market did not respond positively, and new housing sales data remained weak. In contrast, thanks to the implementation of the "price for quantity (以價換量)" strategy, the second-hand housing market maintained a certain scale of transactions. Consumer confidence remains insufficient, and market sentiment is still strong. It will take more time to activate the market, and enterprises might continue to face severe challenges in sales.

Due to the downturn in the real estate industry and tight financing environment, the Company's contract sales continued to decline in the Reporting Period, with only RMB117.5 million completed and a contract sales area of approximately 5,060 square meters.

In the Reporting Period, the revenue was approximately RMB1,614.6 million, an increase of 42.0% compared with the same period in 2023; the gross loss in the first half of 2024 was approximately RMB245.6 million, mainly due to the gross loss of delivered properties. Due to the decrease in gross profit from property delivery and the increase in income tax, the Company recorded a loss of approximately RMB1,676.6 million in the Reporting Period.

業績回顧及展望

業績回顧

2024年上半年,中國房地產市場在復雜多變的經濟環境中持續承壓,整體形勢未能如預期呈現回暖跡象。盡管相關利好政策頻傳,全國新房市場反應並不積極,新房銷售數據持續疲軟,與此形成鮮明對比的是,得益於「以價換量」策略的實施,二手房市場成交相對保持一定規模。消費者信心仍顯不足,市場觀望情緒依然濃厚,激活市場還需更多的時間,企業銷售仍將繼續面臨嚴峻的挑戰。

受房地產行業形勢低迷、融資環境緊張等因素,本公司在本報告期內合約銷售持續下降,僅完成117.5百萬元,合約銷售面積約5,060平方米。

本報告期內收入約人民幣1,614.6百萬元,較2023年 同期增長42.0%:2024年上半年毛損約人民幣245.6 百萬元,主要是由於交付物業的毛利為虧損。由於本 報告期內交房毛利下降以及所得税增加,導致期內確 認虧損約人民幣1,676.6百萬元。

CORPORATE GOVERNANCE 企業管治

Compliance With Corporate Governance Code

The Group is committed to maintaining high standards of corporate governance to safeguard the interests of the shareholders of the Company and to enhance corporate value and accountability of the Company. For the six months ended 30 June 2024, the Company has adopted and complied with all applicable code provisions (the "Code Provisions") under the Corporate Governance Code (the "CG Code") in Part 2 of Appendix C1 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"), except for the following deviation:

Code Provision C.2.1 of the part 2 of the CG Code stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Mr. Yi Xiaodi has served as the chairman and chief executive officer of the Company since 11 May 2018. This arrangement deviates from the requirement that the two positions should be held separately by different individuals as prescribed in the Code Provision C.2.1 of the CG Code. However, the Board considers that the roles of chairman and chief executive officer assumed by Mr. Yi Xiaodi will not impair the balance of power and authority between the Board and the management of the Company. The balance of power and authority is ensured by the operation of the Board as the majority of the Board are non-executive directors and independent non-executive directors. Moreover, the Board comprises of experienced and high caliber individuals and meets regularly to discuss major issues affecting operations of the Company, and all directors are properly and promptly briefed on relevant matters with adequate, complete and reliable information.

Code provision D.1.2 of the part 2 of the CG Code stipulates that management should provide all members of the board with monthly updates giving a balanced and understandable assessment of the issuer's performance, position and prospects in sufficient detail to enable the board as a whole and each director to discharge their duties under Rule 3.08 and Chapter 13 of the Listing Rules. During the Reporting Period, although the management of the Company did not provide monthly updates to all members of the Board, the management of the Company prepares quarterly management accounts of the Group which are available for the Directors to review and when appropriate, the management of the Company will update and keep all Directors abreast of the performance, position and prospects of the Group to enable them to discharge their duties.

Basis of Preparation (Continued)

Material uncertainty related to going concern

The Group incurred a net loss of approximately RMB1,676.6 million for the six months ended 30 June 2024 and as at 30 June 2024, the Group's current liabilities exceeded its current assets by approximately, RMB9,551.9 million, and the Group's total liabilities exceeded its total assets by approximately RMB870.4 million. In additions, as at 30 June 2024, included in the current liabilities were loans and borrowings of approximately RMB24,513.7 million. The Group only had cash and cash equivalents amounting to approximately RMB413.8 million as at 30 June 2024.

As at 30 June 2024, the Group's loans and borrowings of approximately RMB14,341,778,000, convertible bonds with outstanding principal of United States Dollars ("USD") 45,400,000 (equivalent to approximately RMB323,557,000) and interest of USD5,466,000 (equivalent to approximately RMB38,956,000), senior notes of USD258,100,000 (equivalent to approximately RMB1,839,428,000), senior green notes with principal of USD219,600,000 (equivalent to approximately RMB1,565,045,000) and corporate bonds of approximately RMB2,202,000,000 were overdue pursuant to the relevant borrowing agreements which constituted events of default.

As at 30 June 2024, the Group had not finalised the land appreciation tax returns with the tax authorities for certain property development projects which had already met the requirement of finalisation of the People's of Republic China (the "PRC") land appreciation tax ("Land Appreciation Tax"). The potential Land Appreciation Tax payment obligations arising from the clearance may have significant impact on the liquidity position of the Group.

As at and subsequent to 30 June 2024, the Group is subjected to a number of legal proceedings which mainly in relation to disputes under construction contracts in respect of its various property development projects and defaults of repayment of several loans and borrowings, which arose during the normal course of business. Based on the best estimation on the possible outcomes of the disputes by the management in consideration of the development of negotiations with the creditors and advice sought from the independent legal advisors and internal legal counsel, the possible further obligations (other than those liabilities/provisions that have been recognised in this interim financial report) arose from litigations are expected to be immaterial to this interim financial report. However, it is uncertain for the timing of the crystallisation of the relevant legal proceedings.

Material uncertainty related to going concern (Continued)

The above events or conditions indicate the existence of multiple material uncertainties which cast significant doubt on the Group's ability to continue as a going concern and, therefore, the Group may be unable to realise its assets and discharge its liabilities in the normal course of business.

In view of these circumstances, the directors of the Company have given careful consideration to the future liquidity and performance of the Group and its available sources of finance in assessing whether the Group will have sufficient financial resources to continue as a going concern. Certain plans and measures have been taken or will be taken by the directors of the Company to mitigate the liquidity pressure and to improve its financial position which include, but are not limited to, the following:

- the Group has been actively negotiating with a (i) number of creditors and lenders for renewal and extension of interest-bearing borrowings which would be due within 12 months;
- the Group has been actively negotiating with a number of creditors and lenders for debt restructuring of interest-bearing borrowings;
- the Group has been actively negotiating with existing lenders for persuading them not to take action to demand for immediate repayment of the borrowings with interest payments in default including the prevention from the auction of the Group's pledged properties;
- the Group has been actively negotiating with various financial institutions and potential lenders/investors to identify various options for financing the Group's working capital and commitments in the foreseeable future;
- the Group has accelerated or will accelerate the presale and sale of its properties under development and completed properties held for sale;
- the Group has implemented plans to dispose several investment properties instead of generating rental income to improve the cash flow in future;

The directors of the Company believe that the aforementioned plans and measures will be successful, based on the continuous efforts by the management of the Company. However, should the Group fail to achieve the abovementioned plans and measures, it may not have sufficient funds to operate as a going concern, in which case adjustments might have to be made to reduce the carrying values of the Group's assets to their recoverable amounts, to reclassify the non-current assets and noncurrent liabilities as current assets and current liabilities, respectively, and to provide for any further liabilities which might arise. The effects of these adjustments have not been reflected in this interim financial report.

12. Trade and Other Receivables (Continued)

Receivables that ageing were over 1 year mainly included revenue from land development for sale of approximately RMB581,089,000 as at 30 June 2024 and 31 December 2023 from the Government of Chenghua District (the "Relevant Receivables"). Based on a series of agreements entered into by the Group and the Government of Chenghua District, the Group is entitled to receive approximately RMB581,089,000 and the Government of Chenghua District issued a notice to confirm this amount on 2 July 2013. Considering the long ageing of the receivables, in February 2015, the Group sued and asked for the repayment of approximately RMB581,089,000 as well as a management fee of approximately RMB15,000,000. The first trial went to court on 17 June 2015 and the judge asked the Group and the Government of Chenghua District to further negotiate so as to reach a settlement. The court has accepted and approved an application for withdrawal of the trial by the Group on 26 July 2018. As of the date of this interim financial report, the Group is still negotiating with the Government of Chenghua District.

As at 31 December 2023, the directors of the Company considered the long outstanding of the receivables which indicate an increase in credit risk, the Group had therefore recognised lifetime expected credit losses ("ECLs") provision of approximately RMB58,109,000 for the receivables for the year ended 31 December 2023. As the results, accumulated lifetime ECL of approximately RMB348,653,000 was provided as at 31 December 2023. The directors of the Company considered the situation as at 30 June 2024 was similar to that as at 31 December 2023, and no further provision of ECL was therefore made during the six months ended 30 June 2024.

The remaining receivables mainly represented receivables in relation to sale of properties from a number of independent customers that have a good relationship with the Group. The Group holds the title of the property units as collateral over the balance of trade receivables of approximately RMB77,765,000 (2023: approximately RMB79,009,000) as at 30 June 2024. The Group generally would not release the property ownership certificates to the buyers before the buyers finally settle the selling price and management considers that the credit risk arising from these trade receivables is significantly mitigated by related property units held as collateral, with reference to the estimated market value of those property units.

12. 應收賬款及其他應收款(續)

於2024年6月30日和2023年12月31日, 賬齡大於1年的應收款主要包括來自成 華區政府的待售土地開發收入約為人民 幣581,089,000元(「相關應收賬款」)。 根據本集團與成華區政府訂立的一系列 協議,本集團有權收取上述約人民幣 581,089,000元,且成華區政府已於2013 年7月2日發佈通知確認這一金額。考慮 到此應收款項賬齡較長,本集團於2015 年2月提起訴訟,要求其歸還約人民幣 581,089,000元的款項及相應管理費約 人民幣15.000.000元。法院於2015年6 月17日開展第一次審判,法官要求本集 團和成華區政府進一步協商, 以達成和 解。法院於2018年7月26日接受並批准 本集團撤回審判申請。截至本中期財務 報告日,本集團仍舊與成華區政府開展 協商談判。

> 於2023年12月31日,本公司董事認為相 關應收款項的長期未償還顯示信貸風險 增加,因此本集團已就截至2023年12月 31日止年度的應收款項確認了基於整個 存續期預期信用損失(「預期信用損失」)撥 備約人民幣58,109,000元。因此,截至 2023年12月31日,累計計提整個存續期 預期信用損失約人民幣348,653,000元。 本公司董事認為截至2024年6月30日的 情况與截至2023年12月31日的情況類 似,因此截至2024年6月30日止6個月內 並無作出進一步的預期信用損失撥備。

> 與出售物業有關的剩餘應收賬款主 要是關於眾多與本集團有良好業務 往來的獨立客戶的應收賬款。於 2024年6月30日,本集團持有物業單 位的所有權作為應收賬款結餘約人民 幣77,765,000元(2023年:約人民幣 79,009,000元)的抵押品。在買房人付 清房款後本集團才會將物業產權提供給 買房人,因此管理層參考抵押物業的預 估市場價值,認為應收房款信用風險有 限。

12. Trade and Other Receivables (Continued)

(i) (Continued)

For trade receivables without collateral, which primarily represent receivable for rental income and project management, the Group measure loss allowances at an amount equal to lifetime expected credit losses ("ECLs"), which is calculated using a provision matrix. At 30 June 2024 and 31 December 2023, the Group's exposure to credit risk and ECLs for these trade receivables are insignificant.

Loans provided to third parties, net of loss allowance

The balance mainly represented loans provided to third parties which were interest bearing at a weighted average interest rate of 11% (six months ended 30 June 2023: 11%) per annum. Pursuant to the Group's accounting policy, management measures loss allowance for loans provided to third parties on an individual basis at an amount equal to 12-month ECLs unless there has been a significant increase in credit risk of the loan balance since initial recognition, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

During the year ended 31 December 2023, a total loss allowance of approximately RMB85 million was recognised on the loans provided to third parties, which was related to loans provided to a number of companies with credit risk increased, comprised a loss allowance based on lifetime ECL provision of approximately RMB85 million. No reversal of impairment loss was recognised in the profit or loss during the year ended 31 December 2023.

During the six months ended 30 June 2024, the management considers the further ECLs exposure on the loans provided to third parties to be insignificant and no further loss allowance was provided.

12. 應收賬款及其他應收款(續)

(i) (續)

對於並無抵押品的應收賬款(主要是租金 收入和項目管理的應收款項),本集團以 等同於整個存續期預期信用損失的金額 (使用準備矩陣計算)計量虧損準備。於 2024年6月30日及2023年12月31日,本 集團就該等應收賬款的信貸風險和預期 信用損失概不重大。

(ii) 提供予第三方的貸款,已扣除虧損準

該結餘主要是指向第三方提供的貸款, 按加權平均年利率11%(截至2023年6月 30日止六個月:11%)計算利息。根據本 集團的會計政策,管理層以個別方式以 12個月預期信用損失等同的金額就提供 予第三方的貸款之虧損準備進行計量, 除非貸款結餘的信用風險自初始確認以 來顯著增加,在此情況下,本集團則以 整個存續期預期信用損失等同的金額計 量虧損準備。

於截至2023年12月31日止年度期間, 本集團就提供予第三方的貸款確認約人 民幣85百萬元的虧損準備總額,該筆虧 損準備乃與提供予多家公司的信貸風險 增加的貸款相關。因此確認了基於整個 存續期預期信用損失的虧損準備約人民 幣85百萬元。截至2023年12月31日止 年度,合併損益中未確認減值損失的轉

截至2024年6月30日止六個月期間,管 理層認為向第三方提供的貸款的預期信 用損失並不重大,因此未進一步計提損 失準備。

Fair valued hierarchy

The following table presents the fair value of financial instruments measured at the balance sheet dates on a recurring loan, categorised into the three-level fair value hierarchy as defined in IFRS 13, Fair value measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuations: Fair value measured using significant unobservable inputs.

As at 30 June 2024 and 31 December 2023, since the convertible bonds were defaulted, the management of the Company considers the value of the derivative component of convertible bonds was nil. Therefore, no valuer was engaged.
