Subject Matter

Pursuant to the Merchandise Supply and Related Services Master Framework Agreement, the Company has agreed to, and will procure other members of the Group to, purchase (i) toys, related products, and warehousing and logistics services, from ENS Toys; (ii) apparel and related products from ENS Apparel; and (iii) warehousing services from ISA Global. There is no minimum purchase amount stipulated in the Merchandise Supply and Related Services Master Framework Agreement, nor is the Group bound to purchase merchandise or services from ENS Toys, ENS Apparel and ISA Global. The types and quantities of merchandise or services to be purchased, purchase prices and delivery terms shall be specified in individual purchase order (“**Purchase Order**”) to be placed by the Group.

Pricing Basis

The products will be priced on normal commercial terms and in the ordinary course of the Group’s business with reference to the market price of the same or comparable product or service type and purchase quantity provided by Independent Third Parties.

Payment Terms

Upon due delivery of merchandise or services to the Company and/or other members of the Group, ENS Toys, ENS Apparel or ISA Global (as the case may be) shall issue a corresponding invoice to the Company and/or other members of the Group for such merchandise or services; and payment shall be due within 60 days after placement of the specific Purchase Order, unless otherwise agreed in writing by the relevant parties.

Historical Figures

As disclosed in the Company’s annual report for the year ended 31 December 2024, the aggregate historical transaction amount with ENS Toys under the previous merchandise supply framework agreements for the year ended 31 December 2024 was approximately HK\$25,999,767. The historical transaction amount for the warehousing services provided by ISA Global to the Group for the year ended 31 December 2024 was approximately HK\$240,000.

For the nine months ended 30 September 2025, the actual transaction amount under the Renewed Merchandise Supply Framework Agreement was approximately HK\$24,035,088, representing approximately 89.02% of the pro-rated annual cap (HK\$27,000,000) against the full-year cap of HK\$36,000,000 for the year ending 31 December 2025. The actual transaction amount for the warehousing services provided by ISA Global to the Group for the nine months ended 30 September 2025 was approximately HK\$180,000.

Annual Cap and the Basis of Determination

The annual cap for the transactions contemplated under the Merchandise Supply and Related Services Master Framework Agreement for one year ending on 31 December 2026 is fixed at HK\$48,290,000 (the “**Annual Cap**”).

The Annual Cap has been determined with reference to the following factors: (i) the aggregate historical transaction amount with ENS Toys and ISA Global for the year ended 31 December 2024 as disclosed above; (ii) the relevant business development plan; (iii) the current market conditions; and (iv) the expected demand for the Group's merchandise, primarily apparel and toys, through e-commerce platforms in both the PRC and overseas markets and the corresponding warehousing and/or logistics services for the next year.

REASONS AND BENEFITS OF ENTERING INTO OF THE MERCHANDISE SUPPLY AND RELATED SERVICES MASTER FRAMEWORK AGREEMENT

The transactions contemplated under the Merchandise Supply and Related Services Master Framework Agreement enable the Group to (i) source merchandise, primarily apparel and toys, for its customers through e-commerce platforms and (ii) receive corresponding warehousing and/or logistics services at the prevailing market price, which shall not be higher than the price(s) that the Group may obtain from the Independent Third Parties for similar products. Furthermore, by utilising the corresponding warehousing and/or logistics services, the Group can enhance supply chain efficiency and optimize cost-effectiveness.

The Directors (including the independent non-executive Directors) consider that the transactions contemplated under the Merchandise Supply and Related Services Master Framework Agreement are entered into in the ordinary and usual course of business of the Group, on normal commercial terms or better to the Company after arm's length negotiations among the parties, and the terms of those transactions contemplated under the Merchandise Supply and Related Services Master Framework Agreement, together with the Annual Cap, are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

INTERNAL CONTROL MEASURES

To ensure compliance with the pricing terms and Annual Cap set out in the Merchandise Supply and Related Services Master Framework Agreement, the Group has adopted and will continue to implement the following internal control measures:

- (1) prior to entering into any transaction with ENS Toys and ENS Apparel (as the case may be), the Group's purchasing department will obtain quotes from at least two Independent Third Parties for merchandise of the same or comparable type and quantity. A summary report comparing these quotes with those from ENS Toys and ENS Apparel will be submitted to the Group's product planning department for approval;
- (2) when selecting a supplier, the Group's product planning department will review and compare the quotes from the Independent Third Parties with those from ENS Toys and ENS Apparel to ensure that the prices offered by ENS Toys and ENS Apparel are fair and reasonable, determined on normal commercial terms or on terms no less favourable to the Group than those available from the Independent Third Parties;
- (3) prior to entering into any transaction with ISA Global, the Group's administration department will obtain rental information for the same or similar industrial buildings from major property agencies and submit a comparison report to the Group's finance department, which will then review it to ensure the terms offered by ISA Global are fair and reasonable, determined on normal commercial terms or on terms no less favourable to the Group than those available from the Independent Third Parties;

- (4) the Group's finance department will monitor the actual transaction amounts under the Merchandise Supply and Related Services Master Framework Agreement and compare them against the Annual Cap on a monthly basis. If the total transaction amount reaches 70% of the Annual Cap, it will consult with the relevant departments to assess the subsequent business needs and determine whether a revision of the Annual Cap is required;
- (5) the Company's external auditor will conduct an annual review of the transactions under the Merchandise Supply and Related Services Master Framework Agreement to confirm adherence to the pricing terms and that the Annual Cap has not been exceeded; and
- (6) the independent non-executive Directors will be provided with details of the transactions under the Merchandise Supply and Related Services Master Framework Agreement to conduct their annual review, ensuring the transactions are fair, reasonable, and in the interests of the Company and the Shareholders as a whole.
