CHAIRMAN'S STATEMENT

I am pleased to present the annual results for Leadway Technology Investment Group Limited and its subsidiaries (the "Group") for the year ended 31 December 2025. Although the year presented certain financial headwinds, we made meaningful strides in strengthening our product portfolio, deepening our global market presence, and making strategic investments in the long-term capabilities that will underpin the Group's sustainable future growth.

For the year ended 31 December 2025, the Group's revenue was HK\$91.5 million, reflecting an approximately 9% decline from HK\$100.3 million in 2024. This was largely attributable to softer hardware demand across certain markets amid the continued effects of global macroeconomic uncertainties and evolving trade dynamics. Notwithstanding the revenue decline, we are encouraged by the meaningful improvement in our gross profit margin, which expanded significantly to approximately 59% from 52% in the prior year, driven by our deliberate product mix shift towards higher-value, higher-margin solutions. As a result, gross profit for the year grew to HK\$54.0 million from HK\$52.4 million in 2024, demonstrating the underlying resilience and quality of our core business.

The Group recorded a net loss of HK\$5.1 million for the year, compared with a net profit of HK\$3.7 million in 2024. This result principally reflects our deliberate and strategic investment in the future of the Group, most notably through a substantial increase in research and development expenditure and professional fees associated with ongoing development initiatives. While we remain fully mindful of our responsibilities to shareholders, the Board firmly believes these investments are essential to maintaining our competitive edge and delivering sustainable long-term returns.

The year 2025 marked a landmark milestone for our principal operating subsidiary, Advanced Card Systems Limited ("ACS"), as the company celebrated its 30th anniversary. This momentous occasion underscored the enduring strength of the ACS brand and its long-standing position as a trusted technology partner to clients across the globe. Over three decades, ACS has consistently delivered pioneering solutions across smart card reading, NFC technology, digital identification, and payment technologies, and 2025 was no exception. We are immensely proud of this heritage and the talented people who have built and sustained it.

Our commitment to innovation remained unwavering throughout the year, with the successful introduction of a number of new and differentiated solutions. These included the ACR1555U Portable and Secure Bluetooth® NFC Reader, the WalletMate II Mini – a compact NFC reader module purpose-built for mobile wallet applications – and the AquaGuard, a NFC Reader engineered for demanding rugged environments. We also launched the PocketKey+, a FIDO-Certified Security Key enabling passwordless authentication, and the WalletMate II Series, which is certified for mobile wallet applications. Furthermore, the launch of the Web APDU Tool and APDU Bridge illustrated our continued dedication to supporting developer communities and accelerating web-based smart card development. The positive market reception to these launches reinforces our belief in the strength of our product development roadmap.

CHAIRMAN'S STATEMENT

Our global market visibility was reinforced through active participation in major international exhibitions and industry events throughout 2025, spanning multiple continents and key strategic markets. These included Japan IT Week Spring 2025, Smart IoT Indonesia 2025, Identiverse 2025 in Las Vegas, IOTE 2025 in both Shanghai and Shenzhen – with the Shenzhen edition forming a centrepiece of our 30th anniversary celebrations – DigiTech ASEAN Thailand 2025, and TRUSTECH 2025. These platforms afforded us valuable opportunities to showcase our expanding product portfolio, engage with existing and prospective partners, and remain at the forefront of developments in our industry.

Looking ahead to 2026, we remain cautiously optimistic. The strategic investments made in research and development, product innovation, and brand building during 2025 lay a solid foundation for improved financial performance in the year ahead. We will continue to focus on expanding our addressable markets, with particular emphasis on Southeast Asia and Europe, while optimising our cost structure and capitalising on the growing global demand for NFC, digital identification, and payment technologies. The Board is committed to leveraging these strengths to return the Group to profitability and create lasting value for our shareholders.

On behalf of the Board of Directors, I extend my sincere gratitude to our shareholders, business partners, customers, and suppliers for their continued trust and steadfast support. I also wish to express my heartfelt appreciation to our management team and all members of staff for their dedication, resilience, and professionalism throughout the year. Your collective commitment to the Group's mission remains our most valued asset, and I am confident that together we will navigate the challenges ahead and achieve new milestones in the coming year.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

For the year ended 31 December 2025, the Group's revenue decreased by 9% to HK\$91.5 million (2024: HK\$100.3 million); gross profit was HK\$54.0 million (2024: HK\$52.4 million) with a gross profit margin of 59% (2024: 52%). The year ended with a net loss of HK\$5.1 million (2024: profit of HK\$3.7 million). Earnings before interest, tax, depreciation, and amortisation (EBITDA) recorded a profit of HK\$1.8 million (2024: profit of HK\$11.2 million). Basic loss per share for the year was HK1.591 cents (2024: earnings per share of HK1.168 cents).

Revenue

The Group's revenue experienced a decrement of 9%, decreasing from HK\$100.3 million in 2024 to HK\$91.5 million in 2025. The reduction of HK\$8.8 million was primarily attributable to softened demand across the Europe and Americas regions, driven by broader global economic deceleration and the increasingly uncertain trading environment stemming from the ongoing evolution of United States tariff policies. These external factors weighed on overall market sentiment and contributed to delays in the progression and scale-up of certain customer projects during the year.

Gross Profit Margin

The Group's gross profit margin was 59% during the year (2024: 52%) with no material fluctuation noted for both years.

Operating Expenses

Total operating expenses for the Group increased by 21% to HK\$59.4 million from HK\$49.0 million in 2024. The increase is mainly attributable to the following factors:

- (i) staff costs increased by HK\$3.8 million as number of staff had increased during the year compared with previous year and introduction of sales incentive program;
- (ii) research and development expenses increased by HK\$3.9 million during the year ended 31 December 2025, reflecting the Group's deliberate and sustained commitment to advancing its product development capabilities. This incremental investment was directed towards the research and development of new and next-generation product offerings, underpinning the Group's strategic objective of maintaining technological leadership within its core market; and
- (iii) net exchange different increased by HK\$2.0 million due to more pronounced inflation of the Renminbi against the Hong Kong Dollar during the year ended 31 December 2025 compared to the prior year.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW *(continued)*

Statement of Financial Position

As of 31 December 2025, the Group's net assets stood at HK\$58.1 million, compared to HK\$61.8 million the previous year. The decrement of HK\$3.7 million primarily stemmed from the net loss of HK\$5.1 million and movement in exchange reserve of HK\$1.4 million during the year.

DIVIDEND POLICY

The Company adopted a dividend policy on 19 December 2018. According to the dividend policy, in considering any dividend payout, the Board shall take into account, inter alia, the following factors:

- the Group's actual and expected financial performance;
- retained earnings and distributable reserves of the Company and each of the members of the Group;
- the level of the Group's debts to equity ratio, return on equity, and the relevant financial covenants;
- any restrictions on the payment of dividends that may be imposed by the Group's lenders;
- the Group's expected working capital requirements and future expansion plans;
- general economic conditions, business cycle of the Group's business, and other internal or external factors that may have an impact on the business or financial performance and position of the Group; and
- any other factors that the Board deems appropriate.

Declaration, recommendation, and/or payment of dividends of the Company shall be determined at the absolute discretion of the Board and would be in the best interests of the Group and shareholders of the Company and in compliance with all applicable laws and regulations. The Board endeavors to maintain a balance between meeting the shareholders' expectations and prudent capital management with a sustainable dividend policy. The Board will continually review the dividend policy and reserves the right in its absolute discretion to update, amend, modify and/or cancel the dividend policy at any time.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

In 2025, the Group continued to advance its position as a trusted provider of innovative contactless readers, smart cards, and associated devices within the financial technology and smart living sectors. The year presented a complex and challenging operating environment, characterised by a global economic slowdown, an unstable trading landscape arising from the ongoing evolution of United States tariff policies, and persistent geopolitical headwinds stemming. These external factors weighed on overall market demand, particularly across the Europe and Americas regions, contributing to a moderation in revenue during the year. Notwithstanding these challenges, the Group maintained a firm focus on product innovation, talent development, and long-term strategic investment, and took deliberate steps to fortify its competitive position for the years ahead.

The year 2025 also marked a landmark milestone in the Group's history, as its principal operating subsidiary, Advanced Card Systems Limited ("ACS"), celebrated its 30th anniversary. This occasion was commemorated at the IOTE Expo 2025 Shenzhen, where ACS headlined the event under the banner of "30 Years of Excellence", reflecting the enduring strength and heritage of the ACS brand. In recognition of its continued innovation, the Group's AIR60U ePassport Reader was honoured with the prestigious IOTE 2025 Gold Award for "Innovative Product", reaffirming ACS's standing as a technology leader within the industry.

The Group's product portfolio was further enriched through the successful launch of a series of new and differentiated solutions during the year, including the AquaGuard NFC Reader for rugged environments, the WalletMate II Series NFC readers certified for mobile wallet applications, the PocketKey+ FIDO-certified security key for passwordless authentication, the ACR1555U portable Bluetooth NFC reader, and the AIR60U ePassport reader. Market reception to these launches was positive, with customers expressing strong interest and anticipation for forthcoming product releases. The Group also launched the Web APDU Tool and APDU Bridge, further demonstrating its commitment to supporting the broader developer community and accelerating web-based smart card development.

The Group's global market presence was actively reinforced through participation in a series of premier international exhibitions and industry events across multiple regions throughout the year, including Japan IT Week Spring 2025 in Tokyo, Smart IoT Indonesia 2025, Identiverse 2025 in Las Vegas, IOTE 2025 in both Shanghai and Shenzhen, DigiTech ASEAN Thailand 2025, and TRUSTECH 2025 in Paris. Feedback from these events was encouraging, with customers consistently recognising ACS as a strong and reliable supplier and expressing enthusiasm for the Group's upcoming product pipeline. In response to the continued impact of economic downturn and associated EUR currency volatility on European customer purchasing sentiment, the Group has strategically directed additional focus towards Southeast Asia, Japan, and other emerging markets to broaden its revenue base and mitigate geographic concentration risk.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW *(continued)*

The Group's headcount increased from 93 employees as at 31 December 2024 to 98 employees as at 31 December 2025, reflecting the Group's deliberate investment in human capital to support its expanding operations and product development activities. Total staff costs recognised for the year amounted to HK\$33.6 million. The Japan regional office continued to progress through its development phase, with management allocating additional resources to support market cultivation and business development activities in the region. The Board is encouraged by the prospects for the Japan market and anticipates meaningful contribution from this office in the period ahead.

PROSPECTS

Looking ahead, the Group remains cautiously optimistic about its growth trajectory. The substantial investments made during 2025 in research and development – most notably the significant scale-up of new product development expenditure – are expected to bear fruit through the introduction of compelling new solutions in 2026 and beyond. The Group's near-term product development pipeline includes the PocketKey+ Bio, a FIDO USB security key with biometric capability, the ACOSJ-ID open platform smart card, and the ACR360 bus validator, all of which are expected to expand the Group's addressable market and stimulate new customer demand.

The Group's marketing strategy will continue to centre on active participation in key international tradeshows and industry events across multiple regions, with planned appearances at Japan IT Week Spring 2026 in Tokyo, IOTE 2026 in Shenzhen, and TRUSTECH 2026 in Paris, among others. These platforms remain critical to the Group's efforts to maintain brand visibility, nurture customer relationships, and showcase its expanding portfolio of innovative products. The Group will further complement these initiatives with enhanced digital marketing activities to broaden its reach and engagement across global markets.

With no immediate plans for acquisitions, mergers, restructuring, or new debt financing, the Group's strategic focus remains firmly directed towards product innovation, operational excellence, and disciplined market expansion. The Board is confident that the Group's robust product roadmap, diversified geographic strategy, and strengthened organisational capabilities position it well to navigate the prevailing macroeconomic uncertainties and deliver sustainable value to shareholders in the coming year.

MANAGEMENT DISCUSSION AND ANALYSIS

RISK FACTORS

The Group's operations and financial performance are subject to various risks and uncertainties, potentially impacting our results of operations, financial condition, and growth prospects. These risks, while not exhaustive, represent factors that could cause our actual results to differ from expected outcomes materially.

Operation Risk

Reliance on a limited number of large customers

Sales to the top five customers accounted for 29% of the Group's revenue for the year ended 31 December 2025 (2024: 35%). The risk of relying on limited number of customers is not high. We keep maintaining a pool of customers to minimise the risks of over-reliance on few key customers. However, there is no assurance that the demand for the products of the Group from these customers can be maintained in the future. In the event that the demand from them decreases significantly and the Group is unable to find replacement customers on terms acceptable to the Group, performance of the Group may be adversely affected.

Reliance on manufacturers

The Group does not own any production facilities. We subcontract substantially all of our production activities to external manufacturers. During the year ended 31 December 2025, the Group engaged three (2024: three) manufacturers for manufacturing smart card, all of them were engaged by the Group for at least over 5 years. The Group also engaged five (2024: five) manufacturers for manufacturing smart card reader. The Group will continue sourcing suitable partners to secure the manufacturing of smart card and smart card reader.

While we have built stable relationships with the manufacturers for smart card production and expanded our base for smart card readers, any difficulties these partners face could disrupt our product delivery schedules, adversely affecting our business operations.

Ability to attract and retain talent

Our success heavily relies on our ability to attract and retain skilled professionals across all levels of the organization, not just engineers. Human capital has been identified as a critical operational risk for the Group, with middle management expressing specific concerns regarding talent management challenges. The rapid advancement of AI and automation technologies could render certain skills obsolete, requiring significant reskilling and upskilling of employees.

Shortage of integrated circuits ("IC") chips

The global shortage of IC chips presented significant challenges to our production capabilities. In 2025, we adapted by spot-buying materials in the open market and diversifying our IC chips suppliers to enhance future supply flexibility. Although the situation has stabilised, any future fluctuations could impact our ability to maintain continuous production.

MANAGEMENT DISCUSSION AND ANALYSIS

RISK FACTORS *(continued)*

Business Risk

Rapid technological changes

Operating in a market characterised by swift technological evolution, our performance hinges on our ability to adapt to new industry standards, customer preferences, and enhancements in smart card technology. Our growth prospects may be jeopardised if we fail to navigate these changes successfully.

Relatively high capital expenditure on new products and services

The introduction of new products and services in response to rapid changes in technology, industry standards and customer preferences require substantial capital expenditure. During the year ended 31 December 2025, the Group recorded HK\$1.8 million (2024: HK\$2.6 million) on development costs of new products and services in capitalisation. The relative high level of capital expenditure may have an adverse impact on the financial resources of the Group. In the event that the new products and services do not achieve market acceptance or there is substantial delay in the process, the performance and growth prospects of the Group may be adversely affected.

Financial Risk

Maintain financial stability

Managing the balance between investing in new product development and maintaining financial stability is crucial, especially in light of the IC chips shortage and the need to ensure a reliable supply chain. Our strategic responses to these challenges, including increased capital outlay for spot-buying IC chips and expanding our manufacturing base, are essential for sustaining growth but carry inherent financial risks.

The outlined risks underscore the complex environment in which the Group operates. Our proactive strategies aim to mitigate these risks, ensuring resilience and the pursuit of growth opportunities despite potential adversities.

MANAGEMENT DISCUSSION AND ANALYSIS

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

The Group has consistently maintained a robust liquidity position. As of 31 December 2025, our cash and cash equivalents experienced a decrease to HK\$19.5 million from HK\$25.7 million in previous year, reflecting increased operational expenditure associated with the Group's accelerated investment in research and development activities and the expansion of its headcount to support strategic growth initiatives. The Group's net assets stood at HK\$58.1 million as at 31 December 2025 from HK\$61.8 million as at 31 December 2024, primarily attributable to the net loss recorded for the year.

Throughout the year, the Group effectively utilised its equity capital alongside the cash generated from operating activities to support working capital requirements and other operational necessities. Despite facing challenging market conditions, we managed a disciplined approach to our financial management practices.

GEARING RATIO

The Group's gearing ratio, calculated by reference to the ratio of total borrowings to total equity attributable to the owners of the Company as of 31 December 2025, was 0% (2024: 0%).

DISPOSALS AND ACQUISITIONS

During the year ended 31 December 2025, the Group did not have any material disposals or investments of subsidiaries and affiliated companies.

FUTURE PLANS RELATING TO MATERIAL INVESTMENT OR CAPITAL ASSET

As of 31 December 2025, the Group did not have any capital commitment related to the acquisition of property, plant, and equipment, nor any plan authorised by the Board for other substantial investment or additions of capital assets.

EXPOSURE TO EXCHANGE RATE FLUCTUATIONS

The Group's exposure to exchange rate fluctuations remains managed through regular reviews of the Group's net foreign exchange positions. Given that the assets, liabilities, and transactions are primarily denominated in Hong Kong dollars, United States dollars, and Renminbi, and considering the Hong Kong dollar's peg to the United States dollar, exchange risk from the United States dollars continues to have a minimal financial impact on the Group. This approach ensures that the Group effectively mitigates potential adverse effects from exchange rate fluctuations.

MANAGEMENT DISCUSSION AND ANALYSIS

PLEDGE OF ASSETS

As of 31 December 2025, the Group did not pledge any of its material assets (2024: nil).

CONTINGENT LIABILITIES

As of 31 December 2025, the Company had no significant contingent liabilities (2024: nil).

EMPLOYEES AND REMUNERATION POLICIES

As of 31 December 2025, the Group had 98 (2024: 93) full-time employees. Staff costs for the year amounted to HK\$33.6 million (2024: HK\$29.8 million). The Group's remuneration policies and packages continue to be tailored to the individual qualifications, performance, experience, and prevailing industry conditions. Additionally, the Group remains committed to enhancing employee capabilities and market knowledge through various training sessions.

DIRECTORS AND SENIOR MANAGEMENT

EXECUTIVE DIRECTORS

Mr. Zhang Xueqin | Co-Chairman and Chief Executive Officer

Mr. Zhang Xueqin (張學勤), aged 54, was appointed as an executive director of the Company on 4 February 2022, and appointed as co-chairman of the Board and chief executive officer of the Company on 26 February 2022.

Mr. Zhang obtained a master's degree of business administration from the Macau University of Science and Technology in June 2005. He has extensive experience in business development and management. He is currently the chairman of the board of directors of Guangdong Zhong Zhao Industrial Group Company Limited* (廣東中兆實業集團有限公司), a company based in the mainland China focusing in, inter alia, property investments and investments in industrial businesses.

Mr. Zhang, being the sole ultimate beneficial owner of Megacore Development Limited, was interested in 74.85% of the entire issued share capital of the Company as at the date of this annual report through (i) the direct interest of Megacore Development Limited in the Company; (ii) the interest of Megacore Development Limited in 40% of the entire issued share capital in Leadway Development; and (iii) the acting in concert arrangement with Mr. Mai Zhaoping (麥照平) (deceased) pursuant to the Deed of Concert Parties.

Ms. Mai Qiqi | Co-Chairman and Deputy Chief Executive Officer

Ms. Mai Qiqi (麥綺琪), aged 33, was appointed as a non-executive director of the Company on 4 February 2022. She was re-designated as an executive director of the Company and appointed as deputy chief executive officer of the Company on 7 March 2022, and appointed as co-chairman of the Board on 6 January 2026.

Ms. Mai obtained a master's degree of philosophy from the University of Cambridge in 2019 and a bachelor's degree of science from the University of Toronto in 2017. She has been an analyst of SDIC Fund Management Innovation Investment Management (Shanghai) Co., Ltd. (國投創新投資管理(上海)有限公司) during December 2019 to January 2022. Ms. Mai is the daughter of Mr. Mai Zhaoping (麥照平), an executive director of the Company who was deceased on 27 June 2025.

* For identification purpose only

DIRECTORS AND SENIOR MANAGEMENT

Mr. Chan Chun Leung | Chief Financial Officer

Mr. Chan Chun Leung (陳俊良), aged 38, was appointed as an executive director and chief financial officer of the Company on 7 March 2022.

Mr. Chan obtained a bachelor's degree in Finance, Accounting and Management from The University of Nottingham in the United Kingdom in July 2010. Mr. Chan has been admitted as an associate member of the Association of International Accountants in August 2020. From January 2012 to August 2013, Mr. Chan was working as an associate at the Assurance Department at PricewaterhouseCoopers. Mr. Chan has been a vice president (助理總裁) of Guangdong Hongfa Investment Group Co., Limited* (廣東鴻發投資集團有限公司) since October 2013. Mr. Chan is the nephew of Mr. Mai Zhaoping (麥照平), an ex-executive director of the Company who was deceased on 27 June 2025.

Ms. Xu Tingting | Chief Operating Officer

Ms. Xu Tingting (許婷婷), aged 42, was appointed as an executive director of the Company on 4 February 2022 and chief operating officer of the Company on 7 March 2022. She was appointed as a member of the nomination committee of the Company with effect from 16 January 2024. She is also a director or legal representative of several subsidiaries of the Group.

Ms. Xu graduated from South China Agricultural University (華南農業大學) in July 2007, majoring in accounting and obtained a bachelor's degree in accounting and management. In addition, she obtained the qualification of an intermediate accountant from the Guangdong Provincial Department of Human Resources and Social Security in August 2009 and was qualified as a certified public accountant in the mainland China in March 2011. Ms. Xu was a financial manager of Dongguan Zhenglian Financial Consulting Co., Ltd.* (東莞市正聯財務諮詢有限公司) from September 2007 to March 2011. She has also served as a chief accountant of Dongguan Zhenglian C.P.A. Limited (general partner)* (東莞市正聯會計師事務所(普通合夥)) since April 2011. In addition, Ms. Xu has been appointed as an independent non-executive director of Dongguan Rural Commercial Bank Co., Ltd.* (東莞農村商業銀行股份有限公司) (a company listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") with stock code: 9889) since October 2019.

* For identification purpose only

DIRECTORS AND SENIOR MANAGEMENT

NON-EXECUTIVE DIRECTORS

Mr. Mai Ziye

Mr. Mai Ziye (麥子晔), aged 32, was appointed as a non-executive director of the Company and on 7 March 2022.

Mr. Mai obtained a bachelor's degree of arts from The University of Toronto in June 2019. Mr. Mai has been an executive director and the chief executive officer of Huizhou Province Hongzhuo Investment Company* (惠州市鴻卓投資公司) since March 2020 and a vice chairman of Guangdong Honggao Construction Group Co., Ltd.* (廣東鴻高建設集團有限公司) since March 2020. Mr. Mai is the son of Mr. Mai Zhaoping (麥照平), an ex-executive director of the Company who was deceased on 27 June 2025.

INDEPENDENT NON-EXECUTIVE DIRECTORS

Dr. Lin Tat Pang

Dr. Lin Tat Pang (連達鵬), aged 69, was appointed as an independent non-executive director of the Company and the chairman of the audit committee of the Company on 22 December 2017, and a member of the nomination committee of the Company and the chairman of the remuneration committee of the Company on 31 December 2018.

Dr. Lin is also an independent non-executive director of three companies listed on the Main Board of the Stock Exchange, including China Aluminum Cans Holdings Limited (stock code: 6898) since June 2013, CT Vision (International) Holdings Limited (formerly known as CT Vision S.L. (International) Holdings Limited) (stock code: 994) since June 2022 and 3D Medicines Inc. (stock code: 1244) since December 2022.

Dr. Lin has over 40 years of experience in accounting, finance and public offerings. Dr. Lin served as assistant accountant, accounting manager and chief accountant in Sun Hung Kai Securities Limited during 1980 to 1988. He joined Sun Hung Kai Investment Services Limited and Sun Hung Kai Forex & Bullion Co. Limited as executive director in December 1989. He was also appointed as company secretary of Sun Hung Kai & Co. Limited (a company listed on the Main Board of the Stock Exchange with stock code: 86) in November 1990. Subsequently, he worked for Hong Kong Exchanges and Clearing Limited and the Stock Exchange between December 1992 and March 2013, and his last position was senior consultant to the Listing, Listing & Regulatory Affairs Division of Hong Kong Exchanges and Clearing Limited.

Dr. Lin obtained his Doctor of Laws, Master of Laws and Bachelor of Laws from Peking University in 2009, 1998 and 1992 respectively. He also completed his Postgraduate Certificate in Hong Kong Law in City University of Hong Kong in 1993. Dr. Lin is a member of the Hong Kong Institute of Certified Public Accountants and a fellow of the Association of Chartered Certified Accountants, United Kingdom.

* For identification purpose only

DIRECTORS AND SENIOR MANAGEMENT

Mr. Lai Chi Leung

Mr. Lai Chi Leung (黎志良), aged 58, was appointed as an independent non-executive director of the Company on 4 February 2022, and appointed as a member of the audit committee and remuneration committee of the Company on 26 February 2022.

He obtained a bachelor's degree of art with a first-class honour in 1991 from City of London Polytechnic (currently known as London Metropolitan University) in the United Kingdom. Mr. Lai is a member of the Hong Kong Institute of Certified Public Accountants and the Association of Chartered Certified Accountants. Mr. Lai has extensive working experience in audit, taxation, internal control and business review and appraisal for around 25 years. Mr. Lai is currently a director of South China CPA Limited, a corporate CPA practice in Hong Kong. Mr. Lai was also a former independent non-executive director of Wai Hung Group Investment Group Limited (stock code: 3321, a Company listed on Main Board of the Stock Exchange) and a former independent non-executive director of Tai Shing International (Holdings) Limited (currently known as hmvod Limited) (a company listed on GEM of the Stock Exchange with stock code: 8103), during November 2014 to April 2016.

Mr. Zhang Dingfang

Mr. Zhang Dingfang (張定昉), aged 41, was appointed as an independent non-executive director on 4 February 2022, and appointed as the chairman of the nomination committee and a member of the audit committee and remuneration committee of the Company on 26 February 2022.

He obtained a bachelor's degree of communication engineering in 2006 from the Beijing University of Posts and Telecommunications in the mainland China and a master's degree of science in telecommunication in 2011 from the Hong Kong University of Science and Technology in Hong Kong. Mr. Zhang has been certified as a Chartered Financial Analyst (CFA) by the CFA Institute in 2015. Mr. Zhang has more than 10 years of experience in corporate finance, capital market and cross-border transaction practices. He has been the head of debt capital markets of CNCB (Hong Kong) Investment Limited since 2016. Prior to that, he worked as vice president at Hong Kong International Capital Management Limited during December 2011 to December 2014, and as senior manager at Hong Kong Huafa Investment Holdings Limited during January 2015 to June 2016. Mr. Zhang is currently licensed by the Securities and Futures Commission to act as a responsible officer to carry out Type 1 (dealing in securities) and Type 6 (advising on corporate finance) and representative to carry out Type 4 (advising on securities) regulated activities under the Securities and Futures Ordinance ("SFO").

DIRECTORS AND SENIOR MANAGEMENT

Mr. Gu Tianlong

Mr. Gu Tianlong (古天龍), aged 61, was appointed as an independent non-executive director of the Company on 7 March 2022, and appointed as a member of the audit committee, remuneration committee and nomination committee of the Company on 30 March 2022.

Mr. Gu obtained a bachelor's degree in Machinery Manufacturing Technology and Equipment* (機械製造工藝及設備) at Taiyuan Institute of Technology North Area* (太原工學院) in August 1984 and obtained a doctor's degree in Industrial Automation (工業自動化) from Zhejiang University (浙江大學) in December 1996. Mr. Gu has obtained various awards, including "National Outstanding Teacher*" (全國模範教師) in September 1998, "Millions of Talent Projects, National Candidate*" (新世紀百千萬人才國家級人選) in April 2004 and "Overseas Chinese (Innovative Talents) Contribution Award*" (中國僑界(創新人才)奉獻獎) in September 2014. From 2018 to 2022, Mr. Gu was appointed as the vice president (副主任委員) of Committee on Professional Education (Computer) of Higher Education Institute, Ministry of Education* (教育部高等學校計算機類專業教學指導委員會). Since 2018, Mr. Gu was appointed as a committee member of Electronics Science & Technology Committee of Ministry of Industry and Information Technology (工業和信息化部電子科學技術委員會) for a term of five years. In October 2018, Mr. Gu was appointed as the director (主任) of Discrete Mathematics Professionals Committee* (離散智能計算專業委員會) of China Association for Artificial Intelligence* (人工智能學會) for a term of five years.

Note: The executive directors are also the senior management of the Company.

CORPORATE GOVERNANCE REPORT

The Board believes that good corporate governance is one of the methods to safeguard the interests of shareholders of the Company (the “Shareholder(s)”) and enhance the Group’s value and accountability. The Board is devoted to ongoing improvement in the efficiency and effectiveness of its corporate governance practices.

During the year ended 31 December 2024, the Company has adopted the code provisions set out in the Corporate Governance Code (the “CG Code”) (version up to 30 June 2025) contained in Part 2 of Appendix C1 of the Rules Governing the Listing of Securities (the “Listing Rules”) on the Stock Exchange. On 1 July 2025, the amendments to the CG Code came into effect and the requirements under the new CG Code will apply to corporate governance reports for financial years commencing on or after 1 July 2025. The Company will continue to review and enhance the corporate governance practices to ensure compliance with the new CG Code and align with the latest developments. The directors the Company are of the opinion that the Company has complied with the code provisions set out in the CG Code for the year ended 31 December 2025, except the following:

Code Provision C.2.1 of the CG Code stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Following the appointment of Mr. Zhang Xueqin as the co-chairman and the chief executive officer of the Company on 26 February 2022, the Company has deviated from Code Provision C.2.1 of the CG Code as set out in Appendix C1 of the Listing Rules. However, the Board believes that vesting the roles of both co-chairman and chief executive officer in Mr. Zhang Xueqin has the benefit of ensuring consistent and continuous planning and execution of the Company’s strategies and will enable the Board to function more effectively. It is expected that Mr. Zhang Xueqin will perform the other functions and responsibilities of the chairman under the CG Code. The Board considers that the balance of power and authority, accountability and independent decision-making under the present arrangement will not be impaired in light of the diverse background and experience of the Board, with not less than one third of them being independent non-executive directors.

PURPOSE, VALUES, STRATEGY AND CULTURE

The core purpose of the Company is to create value for its shareholders. It strives to become the leading pioneer in the smart card industry that is trusted by its consumers, and a place where its employees are proud to work for. Its mission is to lead the development of the industry and set the industry benchmarks. In this connection, it endeavours to maintain accountability to its employees, consumers, shareholders, the society, and the environment. These purpose and values shape the Company’s strategy, which are geared towards building a trusted and beloved enterprise whereby values for shareholders are created.

The Company’s purpose, values and strategy form the foundations of the Company’s corporate culture. Its corporate culture is centered on adherence to high ethical standards and practices, and striving for sustainable development.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS

Responsibilities

The Board is accountable to the Shareholders for the Group's performance and activities. The Board is responsible for establishing the strategic direction of the Group; setting objectives and business development plans; monitoring the performance of senior management and assuming responsibility for corporate governance. All directors of the Company shall ensure that they carry out their duties in good faith, in compliance with applicable laws and regulations, and in the interests of the Company and the Shareholders at all times.

Delegation by the Board

While the Board retains at all times full responsibility for guiding and monitoring the Company, it has established Board committees and has delegated to these Board committees various responsibilities as set out in their respective terms of reference, which are posted on the websites of the Stock Exchange and the Company respectively.

The Board may from time to time delegate certain functions to the management of the Group if and when considered appropriate. The management is responsible for implementing the strategies and plans established by the Board; executing daily management, administration and operation of the Group; and submitting reports on the Group's operations to the Board on a regular basis to ensure effective discharge of the Board's responsibilities.

The Board has established schedule of matters specifically reserved to the Board for its decision and those reserved for the management. The Board reviews this schedule on a periodic basis to ensure that it remains appropriate to the needs of the Group.

Composition

The Board is committed to holding the view that it should include a balanced composition of executive directors and non-executive directors (including independent non-executive directors) so that there is a strong independent element on the Board, which can effectively exercise independent judgement. As at the date of this annual report, the Board comprises four executive directors, one non-executive director and four independent non-executive directors. The independent non-executive directors represent one-third of the Board and meet the requirements of the Listing Rules relating to at least one of them possessing appropriate professional qualifications, accounting or related financial management expertise. Details of each director are disclosed on pages 13 to 17 of this annual report. The directors of the Company during the year ended 31 December 2025 and up to the date of this annual report are:

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS *(continued)*

Composition *(continued)*

Executive Directors

Mr. Mai Zhaoping *(deceased on 27 June 2025)*

Mr. Zhang Xueqin *(Co-Chairman and Chief Executive Officer)*

Ms. Mai Qiqi *(appointed as Co-Chairman on 6 January 2026)*

Mr. Chan Chun Leung

Ms. Xu Tingting

Non-executive Directors

Mr. Mai Ziyue

Mr. Lam Chi Wai *(resigned on 18 November 2025)*

Independent Non-executive Directors

Dr. Lin Tat Pang

Mr. Lai Chi Leung

Mr. Zhang Dingfang

Mr. Gu Tianlong

Except that Mr. Mai Zhaoping (deceased on 27 June 2025) is the father of Ms. Mai Qiqi and Mr. Mai Ziyue, and the uncle of Mr. Chan Chun Leung, there is no relationship (including financial, business, family or other material/relevant relationships) among members of the Board.

The term of office of each non-executive and independent non-executive director is one to three years. They are subject to retirement by rotation and re-election in accordance with the second amended and restated memorandum and articles of association (the "M&A") of the Company.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS *(continued)*

Chairman and Chief Executive Officer

The chairman of the Board is mainly responsible for providing leadership and directions to the Board to ensure that the Board works effectively in discharging its responsibilities. The primary role for the chief executive officer of the Company is in charge of daily operation and business development of the Group.

Code Provision C.2.1 of the CG Code stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Following the appointment of Mr. Zhang Xueqin as the co-chairman and the chief executive officer of the Company on 26 February 2022, the Company has deviated from Code Provision C.2.1 of the CG Code as set out in Appendix C1 of the Listing Rules. However, the Board believes that vesting the roles of both co-chairman and chief executive officer in Mr. Zhang Xueqin has the benefit of ensuring consistent and continuous planning and execution of the Company's strategies and will enable the Board to function more effectively. It is expected that Mr. Zhang Xueqin will perform the other functions and responsibilities of the chairman under the CG Code. The Board considers that the balance of power and authority, accountability and independent decision-making under the present arrangement will not be impaired in light of the diverse background and experience of the Board, with not less than one third of them being independent non-executive directors.

Directors' Securities Transactions

For the year ended 31 December 2025, the Company has adopted dealings rules on terms no less exacting than the required standard set out in the Model Code for Securities Transactions by Directors of Listed Companies set out in Appendix C3 of the Listing Rules (the "Model Code"). Upon specific enquiries, all the directors of the Company confirmed in writing that they had complied with the required standard set out in the Model Code during the year ended 31 December 2025 regarding their securities transactions.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS *(continued)*

Induction and Continuous Professional Development

All newly appointed directors of the Company will be provided with necessary induction and information to ensure appropriate understanding of the business and operations of the Company and full awareness of director's responsibilities and obligations under the requirements of the Listing Rules and relevant statutory obligations.

All directors of the Company are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. The Company also provides its directors with updates on latest development and changes in the Listing Rules and other relevant legal and regulatory requirements from time to time. The directors of the Company are also provided with regular updates on the Company's performance and prospects to enable the Board as a whole and each director to discharge their duties.

The directors of the Company have complied with the requirement under Code Provision C.1.4 of the CG Code regarding continuous professional development during the year ended 31 December 2025 in the following manner:

Name of Directors	Reading materials in relation to corporate governance and regulatory requirements	Attending seminars/courses/ conferences to develop professional skills and knowledge

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS *(continued)*

Disclosure of Directors' Other Offices

As Code Provision C.1.5 under the CG Code requires directors to disclose the number and nature of offices held in public companies or organizations and other significant commitments as well as their identity and the time involved, all the directors of the Company have disclosed the relevant information in writing and agreed to notify the Company of any further change in a timely manner.

All the directors of the Company have also confirmed in writing that they had given sufficient time and attention to the affairs of the Company during the year ended 31 December 2025.

Independence of Independent Non-Executive Directors

The role of independent non-executive directors of the Company is to provide independent and objective opinions to the Board, giving adequate control and balances for the Company to protect the overall interests of the Shareholders. They serve actively on the Board and its committees to provide their independent and objective views.

The Company has received an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules from each of its independent non-executive directors. The Company considers that all the independent non-executive directors of the Company are independent.

Mechanisms to Ensure Independent Views

The Board has adopted effective mechanisms to ensure independent views and input are available to the Board. Subject to approval of the co-chairman of the Board, the directors of the Company may seek, at the Company's expense, independent legal, financial or other professional advices from advisors independent to those advising the Company as and when necessary in appropriate circumstances to enable them to perform their responsibilities effectively. The Board will review the implementation and effectiveness of such mechanisms on an annual basis.

During the year, the Board reviewed the above mechanisms and considered that the above mechanisms are effective in ensuring that independent views and input are provided to the Board.

Directors' Insurance

The Company has arranged appropriate insurance cover in respect of potential legal actions against its directors.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS *(continued)*

Board Diversity Policy

The Company embraces the benefits of having a diverse board and sees diversity at board level as an essential element in maintaining a competitive advantage. Thus, the Board adopted a board diversity policy (the "Diversity Policy") on 13 August 2013 and revised on 24 August 2022, which sets out the approach to achieve and maintain diversity on the Board in order to enhance the effectiveness of the Board.

Pursuant to the Diversity Policy, the Company seeks to achieve board diversity through the consideration of a number of factors, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills knowledge and length of service. All appointments of members of the Board are made on merit, in the content of the talents, skills and experience the Board as a whole requires to be effective.

The Board and its nomination committee have set and will continue to consider setting measurable objectives to implement the Diversity Policy, and they review the Diversity Policy and measurable objectives on an annual basis to ensure their appropriateness and continued effectiveness. During the year, the nomination committee of the Company reviewed the Diversity Policy and considered that the Diversity Policy is suitable and effective.

The current Board comprises 7 male members and 2 female members. The Company is determined to enhance gender diversity in the Board to achieve better gender equality in terms of gender ratio. The Company expects this is achievable with suitable effort in promoting gender diversity.

As at 31 December 2025, the Company has 98 employees in total comprising of approximately 38 females and 60 males (a female-to-male ratio of 63%), reflecting a gender equality principle generally adhered by the Company. The Company is mindful of the objectives as set out in the diversity policy when assessing the candidacy of the employees, and will ensure that the Company shall continue to follow the policy.

As at the date of this annual report, the Board is characterised by significant diversity, whether considered in terms of gender, age, educational background, professional experience, skills, knowledge and length of service.

Board Evaluation

The Company regards board evaluation as a critical tool to assess the Board effectiveness and efficiency. Relevant policy and documents in relation to board evaluations and board skills matrix have been approved. Such board evaluation and Board skills matrix will be conducted and disclosed for the year ending 31 December 2026 accordingly.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS *(continued)*

Nomination Policy

Pursuant to the CG Code, the Board adopted a nomination policy (the “Nomination Policy”) on 19 December 2018, which sets out the criteria in considering candidates and the procedures for the selection, appointment and re-appointment of directors with the purpose of ensuring the Board has a balance of skills, experience and diversity of perspectives appropriate to requirements of the Group’s business.

The Board is responsible for selection and appointment of directors, while the nomination committee of the Company identifies individuals suitably qualified to become directors, selects nominees and makes recommendations to the Board and considers the Board succession plan.

The major criteria considered by the nomination committee of the Company and the Board are as follows:

- candidates’ character and integrity;
- candidates’ qualifications, including professional qualifications, skills, knowledge and experience that are relevant to the Company’s strategy and the Group’s business;
- candidates’ willingness to devote adequate time to discharge duties as a member of the Board and quantity and nature of their present offices;
- the Diversity Policy and any measurable objectives adopted for achieving diversity on the Board; and
- requirements for the Board to have independent non-executive directors in accordance with the Listing Rules.

The nomination committee of the Company is responsible for reviewing the Nomination Policy to ascertain candidates effectively representing the best interests of the Group and comply with current regulatory requirements.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS *(continued)*

Board Meetings

The Board is scheduled to meet regularly at least four times a year at approximately quarterly intervals, to discuss the overall strategy as well as the operational and financial performance of the Company. Additional Board meetings would be arranged, if and when required. Such Board meetings involve a majority of directors' active participation and informed discussion, either in person or through other electronic means of communication. The directors of the Company make every effort to contribute to formulation of policy, decision-making and development of the Group's business.

The Board held four regular meetings during the year ended 31 December 2025. An agenda of each Board meeting was presented for comments and approval. The Board was provided with adequate, timely and reliable information about the Group's business and developments before each Board meeting. All the directors of the Company were asked to review and comment on the Board minutes within a reasonable time after every meeting to maintain accurate records of their discussions and decisions. Details of individual attendance of directors of the Company are set out below:

Name of Directors	Attended/Eligible to attend
<i>Executive Directors</i>	
Mr. Mai Zhaoping (<i>deceased on 27 June 2025</i>)	2/2
Mr. Zhang Xueqin (<i>Co-Chairman and Chief Executive Officer</i>)	4/4
Ms. Mai Qiqi (<i>appointed as Co-Chairman on 6 January 2026</i>)	4/4
Mr. Chan Chun Leung	4/4
Ms. Xu Tingting	4/4

Mr. Mai Ziyue	4/4
Mr. Lam Chi Wai (<i>resigned on 18 November 2025</i>)	3/3
<i>Independent Non-executive Directors</i>	
Dr. Lin Tat Pang	4/4
Mr. Zhang Dingfang	4/4
Mr. Lai Chi Leung	4/4
Mr. Gu Tianlong	3/4

During the year ended 31 December 2025, the co-chairmen of the Board has met with the independent non-executive directors of the Company without the presence of any other executive director.

CORPORATE GOVERNANCE REPORT

BOARD COMMITTEES

The Board has established an audit committee, a remuneration committee and a nomination committee to oversee particular aspects of the Company's affairs. Each Board committee has its defined and written terms of reference approved by the Board covering its duties, powers and functions. Their terms of reference are available on the websites of the Company and the Stock Exchange. The finance and investment committee of the Company has been also set up to support the Board in finance and investment issues.

The Board committees are provided with sufficient resources to discharge their duties, including access to management or professional advice if considered necessary.

Audit Committee

The audit committee of the Company was established on 28 September 2004. It is primarily responsible for making recommendations to the Board on the appointment, re-appointment and removal of the external auditor; approving the remuneration and terms of engagement of the external auditor; dealing with any questions of the external auditor's resignation or dismissal; reviewing the Company's financial controls, internal controls, and risk management systems; and reviewing the financial statements of the Company. Other duties of the audit committee of the Company are set out in its terms of reference.

The composition of the audit committee of the Company throughout the year ended 31 December 2024 is as follows:

Dr. Lin Tat Pang (*Chairman*)

Mr. Lai Chi Leung

Mr. Zhang Dingfang

Mr. Gu Tianlong

All the members are independent non-executive directors, and none of them is a former partner of the Company's existing auditing firm. Dr. Lin Tat Pang, who has appropriate professional qualifications and experience in accounting matters, was appointed as the chairman of the audit committee of the Company.

CORPORATE GOVERNANCE REPORT

BOARD COMMITTEES *(continued)*

Audit Committee *(continued)*

The audit committee of the Company held four meetings during the year ended 31 December 2025. Out of these four meetings, it met two times with the external auditor. Details of individual attendance of its members are set out below:

Name of Directors	Attended/Eligible to attend
<i>Independent Non-executive Directors</i>	
Dr. Lin Tat Pang (<i>Chairman</i>)	4/4
Mr. Lai Chi Leung	4/4
Mr. Zhang Dingfang	4/4
Mr. Gu Tianlong	4/4

Set out below is the summary of work performed by the audit committee of the Company during the year ended 31 December 2025:

- (1) to approve the remuneration and terms of engagement of the external auditor;
- (2) to monitor integrity of the Company's financial statements, annual report and interim report, and to review significant financial reporting judgments contained in them;
- (3) to review the Company's financial controls, risk management and internal control systems; and
- (4) to discuss the risk management and internal control systems with management of the Company to ensure that management has performed its duty to have effective risk management and internal control systems.

CORPORATE GOVERNANCE REPORT

BOARD COMMITTEES *(continued)*

Remuneration Committee

The remuneration committee of the Company, established on 30 December 2004 in compliance with the relevant Listing Rules, makes recommendations to the Board on the Company's policy and structure for all directors' and senior management's remuneration and on the establishment of a formal and transparent procedure for developing remuneration policy. The remuneration of directors of the Company is determined according to their expertise, knowledge and contributions to the Group with reference to the Group's profitability and the prevailing market conditions. The Board expects the remuneration committee of the Company to exercise independent judgment and ensures that all the directors of the Company do not participate in the determination of their own remuneration.

The Company has adopted a remuneration policy for directors of the Company. Directors are remunerated in accordance with the nature of their duties and comparable market conditions. Incentive bonus would be granted to reward and motivate well-performed directors. Details of the remuneration payable to the directors of the Company during the year ended 31 December 2025 are set out in note 10 to the financial statements.

The composition of the remuneration committee of the Company throughout the year ended 31 December 2025 is as follows:

Dr. Lin Tat Pang (*Chairman*)

Mr. Lai Chi Leung

Mr. Zhang Dingfang

Mr. Gu Tianlong

The remuneration committee of the Company held one meeting during the year ended 31 December 2025 to review the policy and structure for all remuneration of directors and management of the Company and make recommendations to the Board on the directors' remuneration, determine the year-end bonus plan and salary adjustment plan of the Group, assessing performance of executive directors of the Company and approving the terms of executive directors' service contracts. Details of individual attendance of its members are set out below:

CORPORATE GOVERNANCE REPORT

BOARD COMMITTEES *(continued)*

Finance and Investment Committee

The finance and investment committee of the Company was set up on 11 November 2013, aiming to provide executive inputs, supervision and technical/legal oversight and regulatory compliance of the investment functions of the Company; assist the Board in evaluating investment, acquisition, joint venture and divestiture transaction in which the Company is engaged as part of its business strategy from time to time; and consider other topics as defined by the Board.

The finance and investment committee of the Company currently comprises 4 executive directors, namely Mr. Zhang Xueqin, Ms. Mai Qiqi, Mr. Chan Chun Leung and Ms. Xu Tingting. Mr. Mai Zhaoping, a member of the finance and investment committee of the Company, was deceased on 27 June 2025. Mr. Lam Chi Wai, the former non-executive director, resigned as a member of the finance and investment committee of the Company on 18 November 2025. The finance and investment committee of the Company is chaired by Mr. Zhang Xueqin.

During the year ended 31 December 2025, no meeting was held by the finance and investment committee.

CORPORATE GOVERNANCE FUNCTION

No corporate governance committee has been established so far and the Board is responsible for performing the corporate governance duties which include the following items:

- developing and reviewing the Company's policies and practices on corporate governance (including the board diversity policy, mechanisms to enquire independence view of the Board and shareholders communication policy) and making recommendations if needed;
- reviewing and monitoring the training and continuous professional development of directors of the Company;
- reviewing and monitoring the Company's policies and practices on compliance with legal and regulatory requirements;
- developing, reviewing and monitoring the code of conduct applicable to employees and directors; and
- reviewing the Company's compliance with the CG Code as amended from time to time and disclosure in the Corporate Governance Report.

During the year ended 31 December 2025, the Board has performed the above duties and reviewed the corporate governance practices of the Company with reference to the CG Code and explained any deviation from the CG Code in this corporate governance report.

CORPORATE GOVERNANCE REPORT

INTERNAL CONTROL AND RISK MANAGEMENT

The Board oversees the management in the design, implementation and monitoring of the risk management and internal control systems, which are designed to manage risk of failure to achieve business objectives and provide reasonable assurance against material misstatement or loss. The Board has overall responsibility for reviewing and maintaining an adequate and effective internal control and risk management systems to safeguard the interests of the shareholders and the assets of the Group.

To facilitate the effectiveness and efficiency of operations and to ensure compliance with relevant laws and regulations, the Group emphasizes on the importance of the internal control and risk management systems which is also indispensable for mitigating the Group's risk exposures. The internal control and risk management systems are embedded within the business processes and function as an integral part of the overall operations of the Group. As maintaining an effective control system is a shared responsibility of all in the Group, the Group is dedicated to educating all employees via trainings to ensure they understand the importance of internal control and risk management policies and adhere to them.

In order to comply with the CG Code, the Group has set up its own internal audit department to perform an internal audit function since March 2016. Audit plans, risk assessments and internal audit reports are presented to and reviewed by the audit committee of the Company and the Board.

Internal audit department provides an independent assessment of the effectiveness of the Group's internal control and risk management systems in accordance with the CG Code, and assists the audit committee of the Company to conduct regular reviews of the Group's internal control and risk management systems. Different audit areas are assigned with different risk ratings and an audit plan is formulated accordingly so that priority and more resources are given to areas with higher risks. An internal audit program was established in 2016 and completed in March 2022. A new five-year audit program was established in May 2022 and will be completed in 2026. Moreover, an annual internal audit plan which consists of a work schedule as well as objectives and scope of internal audit is reviewed annually by the audit committee of the Company. The internal auditor conducts regular financial and operational reviews as well as the ad-hoc audit assignment over contingent issues on the Group and reports directly to the audit committee regularly. The internal auditor also monitors the follow up actions agreed upon in response to its recommendations. The audit committee of the Company reviews the work performed by the internal auditor and summary of major findings and control weaknesses, if any, at least annually to ensure the effectiveness of internal audit function, internal control and risk management systems.

In order to facilitate the enterprise risk management, a working group for risk management ("Risk Management Working Group") was formed by the Group in 2016 of which its members are come from senior management and major departments. The Risk Management Working Group is accountable to the audit committee of the Company and the Board. It assists the Board in overseeing the Group's risk profile and is responsible for overseeing the effectiveness of management's actions in the identification, assessment, management and reporting of material business risks.

CORPORATE GOVERNANCE REPORT

INTERNAL CONTROL AND RISK MANAGEMENT *(continued)*

The Risk Management Working Group uses risk management matrix to determine risk level. Each risk is evaluated by the likelihood of the identified risk and the consequence of the risk event. The risk ratings reflect the required management attention and risk treatment effort. All risks are ranked and their treatment is determined by a combination of likelihood and consequence according to a risk matrix, which takes account of risk appetite.

The identified risk together with the risk response is recorded at the risk register and subject to the Board's oversight. The key elements of the internal control and risk management systems of the Group include the establishment of a risk register to keep track of and record identified risks, the assessment and evaluation of risks, the development and continuous updating of responsive procedures, and the ongoing testing of internal control procedures to ensure their effectiveness. After discussing and taking into consideration the risk responses, the relevant departments and business units shall be assigned to implement the risk management solutions in accordance with their respective roles and responsibilities.

Risk management meetings are held on regular basis for providing a communication channel to all members of the Risk Management Working Group and keeping track of the identified risks, monitoring residual risks and identifying new risks, ensuring the execution of risk plans and evaluating their effectiveness in reducing risks.

The Group has adopted an anti-bribery and corruption policy to govern acceptance of advantages by directors and employees, and has also established and published a whistleblowing policy and a system on antifraud to promote anti-corruption laws and regulation. With the publicly available whistleblowing policy and report form, employees and third parties can raise concerns, in confidence and anonymity, with the audit committee about possible improprieties in any matter related to the Group. During the year ended 31 December 2025, no incident of fraud or misconduct was reported from employees or stakeholders that had material effect on the Group's financial statements and overall operations.

During the year ended 31 December 2025, the Board, through the audit committee of the Company, has assessed the design and execution effectiveness of the internal control and risk management systems of the Group including financial, operational and compliance controls and risk management functions and has considered the adequacy of resources, staff qualifications and experience, training programmes, and budget of the Group's accounting, internal audit, financial reporting function, as well as those relating to the Group's environmental, social and governance performance and reporting. The Board is satisfied that, the present systems of risk management and internal control are effective and adequate.

CORPORATE GOVERNANCE REPORT

DISCLOSURE OF INSIDE INFORMATION

The Company acknowledges its responsibilities under the overriding principle that inside information should be announced immediately when it is the subject of a decision. Therefore, the following measures were carried to handle confidential information appropriately.

- The Company has adopted a corporate disclosure policy which must be fully observed by all directors and employees of the Company to educate directors and employees on the procedures of proper information disclosure.
- The Company discloses its inside information on fair disclosure by pursuing broad, non-exclusive distribution of information to the public through channels such as financial reporting, public announcements and the Company's and the Stock Exchange's websites.
- The Company strictly prohibits unauthorised use of confidential or inside information.
- Only the executive directors, the company secretary and the management responsible for investor relations of the Company are authorised to communicate with parties outside the Company.
- Employees who, because of their office in the Company, are likely to be in possession of inside information, have also been required to comply with the guidelines in respect of the securities dealing when dealing in the Company's shares.

ACCOUNTABILITY AND AUDIT

The directors of the Company acknowledge their responsibility to prepare the Company's financial statements which give a true and fair view of the Group's state of affairs, results and cash flows for the year ended 31 December 2025. The Company has selected appropriate accounting policies and has applied them consistently based on prudent and reasonable judgments and estimates. A statement by the auditor of the Company about its reporting responsibilities is set out on pages 117 to 122 of this annual report.

The directors of the Company consider that the Company has adequate resources to continue in business for the foreseeable future and are not aware of any material uncertainties relating to events or conditions that may affect the business of the Company or cast doubts on its ability to continue as going concern.

CORPORATE GOVERNANCE REPORT

AUDITOR'S REMUNERATION

During the year ended 31 December 2025, the fee payable to McMillan Woods (Hong Kong) CPA Limited in respect of audit services amounted to HK\$650,000 and HK\$10,000 for non-audit services.

There has been no major disagreement between the auditor and the management of the Company during the year ended 31 December 2025.

COMPANY SECRETARY

In order to uphold good corporate governance and ensure compliance with the Listing Rules and applicable Hong Kong laws, the Company engages an external service provider to provide secretarial service. On 6 November 2024, Ms. Lee Ka Man resigned as the Company Secretary of the Company and has appointed Mr. Wong King Sum ("Mr. Wong") as its company secretary on the same day. Since Mr. Wong is not an employee of the Group, Ms. Xu Tingting, our executive Director, is the person whom Mr. Wong can contact for the purpose of Code Provision C.6.1 of the CG Code.

Mr. Wong is a member of CPA Australia and an associate member of The Hong Kong Chartered Governance Institute. Mr. Wong has confirmed that for the year under review, he has taken no less than 15 hours of relevant professional training respectively to update his skills and knowledge.

SHAREHOLDERS' RIGHTS

The Company aims to, via its corporate governance structure, enable all the Shareholders an equal opportunity to exercise their rights and allow them to engage actively with the Company.

Attending General Meetings

The general meetings of the Company provide an opportunity for direct communication between the Board and the Shareholders. The Company encourages the participation of Shareholders through annual general meetings and other general meetings where the Shareholders meet and exchange views with the Board, and exercise their right to vote at meetings.

The Company shall arrange a notice of meeting and a circular containing details on proposed resolutions to be sent to the Shareholders no less than 21 days before a meeting. At general meetings, separate resolutions are proposed on each substantial issue, including the election of individual directors.

CORPORATE GOVERNANCE REPORT

SHAREHOLDERS' RIGHTS *(continued)*

Convening an Extraordinary General Meeting

Pursuant to Article 12.3 of the M&A of the Company, general meetings shall be convened on the written requisition of any two or more members of the Company deposited at the principal office of the Company in Hong Kong or, in the event the Company ceases to have such a principal office, the registered office specifying the objects of the meeting and signed by the requisitionists, provided that such requisitionists held as at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company which carries the right of voting at general meetings of the Company.

General meetings may also be convened on the written requisition of any one member of the Company which is a recognised clearing house (or its nominee) deposited at the principal office of the Company in Hong Kong or, in the event the Company ceases to have such a principal office, the registered office specifying the objects of the meeting and signed by the requisitioner, provided that such requisitioner held as at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company which carries the right of voting at general meetings of the Company.

If the Board does not within 21 days from the date of deposit of the requisition proceed duly to convene the meeting to be held within a further 21 days, the requisitioner(s) themselves or any of them representing more than one-half of the total voting rights of all of them, may convene the general meeting in the same manner, as nearly as possible, as that in which meetings may be convened by the Board provided that any meeting so convened shall not be held after the expiration of three months from the date of deposit of the requisition, and all reasonable expenses incurred by the requisitioner(s) as a result of the failure of the Board shall be reimbursed to them by the Company.

Voting and Putting Forward Resolutions

All resolutions put forward at general meetings will be voted on by poll pursuant to the Listing Rules and the poll results will be posted on the websites of the Company and the Stock Exchange in a timely manner after each general meeting.

There is no provision under the Companies Law, Cap 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands and the M&A of the Company allowing the shareholders to propose new resolutions or move resolutions at the general meetings. The Shareholders who wish to make proposals or move a resolution may, however, convene an extraordinary general meeting.

CORPORATE GOVERNANCE REPORT

SHAREHOLDERS' RIGHTS *(continued)*

Proposing for Election as a Director

Pursuant to Article 16.4 of the M&A of the Company, no person shall, unless recommended by the Board, be eligible for election to the office of director at any general meeting, unless notice in writing by a member of the Company (not being the person to be proposed), entitled to attend and vote at the meeting for which such notice is given, of his intention to propose such person for election as a director and notice in writing signed by the person to be proposed of his willingness to be elected have been given to the company secretary of the Company provided that the minimum length of the period, during which such notices are given, shall be at least seven days. The period for lodgment of such notices shall commence no earlier than the day after the dispatch of the notice of the meeting appointed for such election and end no later than seven days prior to the date of such meeting.

Details for the Shareholders to propose a person for election as director are available on the Company's website.

Enquiries to the Board

The Shareholders may send their enquiries and concerns in writing to the Board by addressing them to the principal place of business of the Company in Hong Kong, presently at Units 4108–4110, 41st Floor, Manhattan Place, 23 Wang Tai Road, Kowloon Bay, Hong Kong, or email to the designated email addresses of the Company.

Upon receipt of enquiries, the matters within the Board's purview will be forwarded to executive directors of the Company and the issues relating to the Board committees' responsibilities will be sent to the chairman of the relevant committee of the Company.

CORPORATE GOVERNANCE REPORT

COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Board has adopted a shareholder's communication policy on 24 August 2022 which sets out the Group's commitment of maintaining an effective ongoing dialogue with shareholders. In summary, the Company establishes different communication channels with shareholders and stakeholders including: (i) provision of printed or electronic copies of corporate communications; (ii) provision of timely corporate information on the company website; (iii) holding of annual general meetings to provide platform for shareholders to raise comments and exchange views with the Board; and (iv) arrangement in serving the shareholders in respect of all share registration matters. The Board reviewed the validity of implementation of the shareholder's communication policy during the year and considered that it remained effective in enhancing timely, transparent, accurate and open communication between the Company and the shareholders.

The Company considers that effective communication with its shareholders is essential for enhancing investor relations and understanding of the Group's business, performance and strategies. The Company also recognises the importance of timely and non-selective disclosure of information on the Company for its shareholders and investors to make informed investment decisions. To ensure the Shareholders are kept well informed, the Company uses a range of communication tools, such as annual general meetings, annual reports, interim reports, various notices, announcements, and circulars.

The annual general meetings of the Company provide opportunity for the Shareholders to communicate mutually and efficiently with directors of the Company. The co-chairmen of the Board and the chairmen of the Board committees will attend annual general meetings to answer the shareholders' questions. The auditor of the Company will also attend annual general meetings to answer questions about conduct of the audit, preparation and content of the auditor's report, accounting policies and auditor's independence.

At the 2025 annual general meeting ("AGM"), a separate resolution was proposed by the chairman in respect of each separate issue, including re-election of directors and voted by way of poll. The Company announced the results of the poll in the manner prescribed under the Listing Rules.

CORPORATE GOVERNANCE REPORT

COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS *(continued)*

The chairman of the Board, the chairmen of the audit committee, remuneration committee and nomination committee of the Company attended the 2025 AGM. Details of individual attendance of directors of the Company at the 2025 AGM are set out below:

Name of Directors	Attended/Eligible to attend Annual General Meeting
<i>Executive Directors</i>	
Mr. Mai Zhaoping <i>(deceased on 27 June 2025)</i>	1/1
Mr. Zhang Xueqin <i>(Co-Chairman and Chief Executive Officer)</i>	1/1
Ms. Mai Qiqi <i>(appointed as Co-Chairman on 6 January 2026)</i>	1/1
Mr. Chan Chun Leung	1/1
Ms. Xu Tingting	1/1
<i>Non-executive Directors</i>	
Mr. Mai Ziye	1/1
Mr. Lam Chi Wai <i>(resigned on 18 November 2025)</i>	1/1
<i>Independent Non-executive Directors</i>	
Dr. Lin Tat Pang	1/1
Mr. Lai Chi Leung	1/1
Mr. Zhang Dingfang	1/1
Mr. Gu Tianlong	1/1

In addition, to ensure that the Shareholders will have equal and timely access to information, the Company maintains the official website at www.leadwayinv.com, where the up-to-date information on the Company's business operations and developments, financial information, corporate governance practices and other information are available for public easy access.

CONSTITUTIONAL DOCUMENTS

For the year ended 31 December 2025, there has been no change in the constitutional documents of the Company.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ABOUT THIS REPORT

Leadway Technology Investments Holdings Limited (the “Company”), together with its subsidiaries (the “Group”), is pleased to present this Environmental, Social and Governance (“ESG”) Report (“this Report” or “the Report”) to provide an overview of the Group’s management on significant issues affecting the operation, and the performance of the Group in terms of environmental and social aspects.

Preparation Basis and Scope

This Report is prepared in accordance with Appendix C2 to the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (the “Stock Exchange”) (the “Listing Rules”) – “Environmental, Social and Governance Reporting Code” (the “ESG Reporting Code”) and has complied with the mandatory disclosure requirements and the “comply or explain” provisions in the Listing Rules.

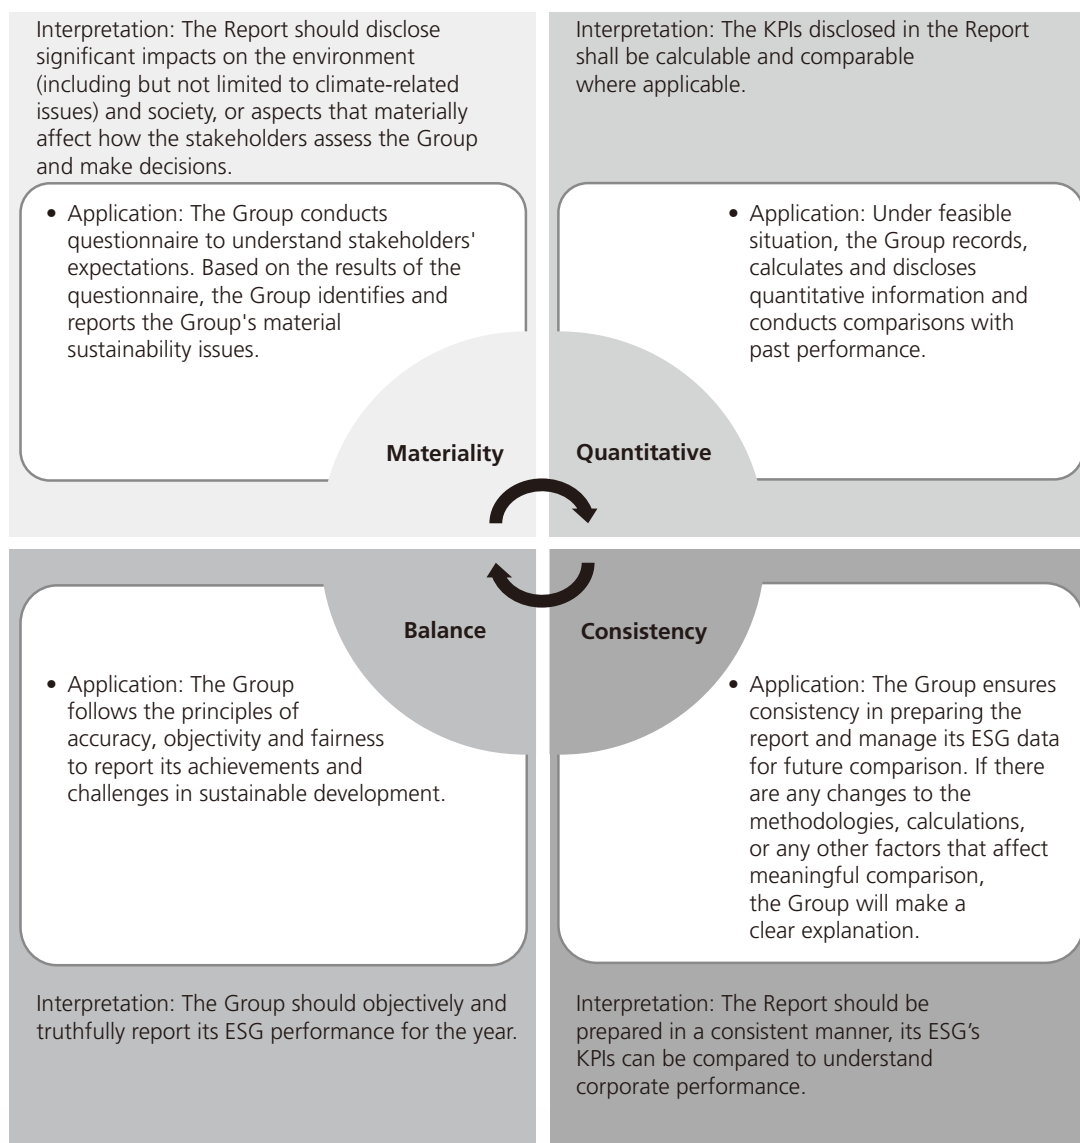

This Report summarises the performance of the Group in respect of corporate social responsibility, covering its operating activities which are development, sales and distribution of smart card products, software and hardware and provision of smart card related services in the People’s Republic of China (the “PRC”), Hong Kong (“HK”) and Japan. There have been no material changes to the reporting boundary compared to the previous reporting period. All core business operations in the PRC, HK and Japan remain within scope. Minor activities or offices that are deemed immaterial to the Group’s overall ESG performance, including those with limited operational scale or data availability, have been excluded from the scope of this Report. Where relevant, such exclusions have been disclosed and justified in the respective sections. The Group includes the forementioned segment as the core business of the Group in our scope of reporting (the “Reporting Scope”), which is considered as material unless otherwise specified. Greenhouse gas (“GHG”) emissions (Scopes 1, 2, and relevant Scope 3 categories) are reported using the operational control approach and are aligned with the Reporting Scope. With the aim to optimise and improve the disclosure requirements in the Report, the Group has taken initiative to formulate policies, record environmental data and implement monitoring measures. This Report shall be published both in Chinese and English on the website of the Stock Exchange. Should there be any discrepancy between the Chinese and the English versions, the English version shall prevail.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ABOUT THIS REPORT *(continued)*

Preparation Basis and Scope *(continued)*

During its preparation, the Group adheres to the reporting principles of materiality, quantitative, balance and consistency by:

The Group's GHG emissions were calculated based on the methodologies and emissions factors set out in the "Emissions – GHG Emissions" section of this Report, with reference to Appendix 2: Reporting Guidance on Environmental KPIs of the ESG Reporting Code. Methodologies for Scope 1, Scope 2 and Scope 3 GHG calculations, including activity data sources and emissions factors, are detailed within the relevant KPI disclosures. The Group also referred to climate-related metric guidance under the IFRS Sustainability Disclosure Standards, as encouraged by Hong Kong Exchanges and Clearing Limited (the "HKEx").

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ABOUT THIS REPORT *(continued)*

Reporting Period

This Report demonstrates our sustainability initiatives during the reporting period from 1 January 2025 to 31 December 2025 (the “Reporting Period” or “the Year”).

Contact Information

The Group welcomes your feedback on this Report for our sustainability initiatives. Please contact us by email to info@leadwayinv.com

INTRODUCTION

The Group is one of the world’s leading smart card reader suppliers and has been devoted to the research and development of smart card operating system and reader. The Group constantly offers a wide range of new products and promotes the application of smart cards in different areas. The principal activities of the Group are the development, sales and distribution of smart card products, software and hardware and the provision of smart card related services.

The Group is committed to responsible operation and value creation for stakeholders and community by integrating environmental and social factors into management considerations. The sustainability strategy is based on compliance with the legal requirements in the area in which we operate and the opinions from stakeholders. Sustainability is crucial for the Group’s growth in order to achieve business excellence and enhance capabilities for long-term competitiveness. The Group has established and implemented various policies to manage and monitor our operation risks relating to the environment and society. Details of the management approaches to sustainable development of different areas are illustrated in this Report.

STAKEHOLDER ENGAGEMENT AND MATERIALITY ASSESSMENT

The Group understands the success of the Group’s business depends on the support from its key stakeholders, who (a) have invested in or will invest in the Group; (b) have the ability to influence the outcomes within the Group; and (c) are interested in or affected by or have the potential to be affected by the Group’s activities, products, services and relationships. The Group will continue to ensure effective communication and maintain a good relationship with each of its key stakeholders.

Stakeholders are prioritised from time to time in view of the Group’s roles and duties, strategic plan and business initiatives. The Group engages with its stakeholders to develop mutually beneficial relationships and to seek their views on its business proposals and initiatives as well as to promote sustainability in the marketplace, workplace, community and environment.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

STAKEHOLDER ENGAGEMENT AND MATERIALITY ASSESSMENT *(continued)*

The Group acknowledges the importance of intelligence gained from the stakeholders' insights, inquiries and continuous interest in the Group's business activities. The Group has identified key stakeholders that are important to our business and established various channels for communication. The following table provides an overview of the Group's key stakeholders, and various platforms and methods of communication are used to reach, listen and respond.

Stakeholders	Expectations	Engagement channels	Measures
Government	<ul style="list-style-type: none"> - Comply with applicable laws and regulations - Proper tax payment - Promote regional economic development and employment 	<ul style="list-style-type: none"> - On-site inspections and checks - Research and discussion through work conferences, work reports preparation and submission for approval - Annual and interim reports - Website 	<ul style="list-style-type: none"> - Operated, managed and paid taxes according to laws and regulations, strengthened safety management; accepted the government's supervision, inspection and evaluation, for example, accepted certain onsite inspections throughout the Year, and actively undertook social responsibilities

STAKEHOLDER ENGAGEMENT AND MATERIALITY ASSESSMENT *(continued)*

Stakeholders	Expectations	Engagement channels	Measures
Suppliers/Partners	<ul style="list-style-type: none"> - Long-term partnership - Honest cooperation - Fair, open information resources sharing - Risk reduction 	<ul style="list-style-type: none"> - Business meetings, supplier conferences, phone calls, interviews - Regular meeting - Review and assessment - Tendering process 	<ul style="list-style-type: none"> - Invited tenders publicly, to select the best suppliers and contractors, performed contracts according to agreements, enhanced daily communication, and established long-term cooperation with quality suppliers and contractors

Through general communication with stakeholders, the Group understands the expectations and concerns of stakeholders. The feedback obtained allows the Group to make more informed decisions, and to better assess and manage the resulting impact.

The Group adopted the principle of materiality in ESG reporting by understanding the key ESG issues which are important to the business of the Group. All the key ESG issues and key performance indicators (“KPIs”) disclosed in the Report are prepared with reference to the recommendations of the ESG Reporting Guide by the Stock Exchange and the Sustainability Accounting Standards Board (“SASB”) Standards.

The Group evaluated the materiality and importance in ESG aspects through the following steps:

Step 1: Identification – Industry Benchmarking

- Relevant ESG areas were identified through the review of relevant ESG reports of the local and international industry peers.
- The materiality of each ESG area was determined based on the importance of each ESG area to the Group through internal discussion of the management and the recommendation of ESG Reporting Guide.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

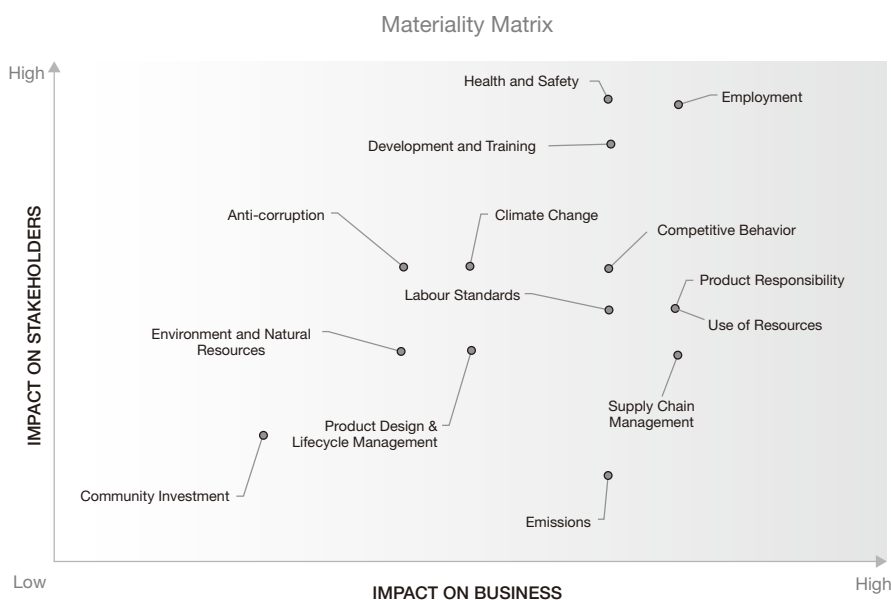

STAKEHOLDER ENGAGEMENT AND MATERIALITY ASSESSMENT *(continued)*

Step 2: Prioritisation – Stakeholder Engagement

- The Group discussed with key stakeholders on key ESG areas identified above, the questionnaires were distributed to internal and external stakeholders to participate in materiality assessment and rated the issues based on their importance to the Group’s business and to the stakeholders themselves.

Step 3: Validation – Determining Material Issues

- Based on the discussion with key stakeholders and internal discussion among the management and the results of the materiality assessment, the Group’s management ensured all the key and material ESG areas, which were important to business development, were reported and in compliance with the ESG Reporting Guide. For the Reporting Period, the Group’s materiality matrix is as follows:

As a result of this process carried out during the Reporting Period, those important ESG areas to the Group were discussed in this Report.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ESG GOVERNANCE

ESG governance structure

The Board

The Board has a primary role in overseeing the management of the Group's sustainability issues. We have adopted a risk management system under a top-down risk management structure. The Board is responsible for developing the Group's sustainable development strategy and emissions reduction goals, assessing actual and potential climate-related risks and opportunities that affect the Group's operations across different time horizons (short, medium, and long term), and ensuring the appropriateness and effectiveness of the Group's ESG management and internal control systems.

During the Year, the Board and the ESG Working Group spent significant time in evaluating the impact of ESG-related risks on our operation and formulating relevant policy in dealing with the risks. Sustainable development factors, along with climate-related risks and opportunities, have been incorporated into the Group's strategic planning, business model and other decision-making processes. The oversight of the Board is to ensure the management have all the right tools and resources to oversee ESG (including but not limited to climate-related) issues in the context of strategy and long-term value creation.

The Group endeavors to ensure its risk management and internal control systems are appropriate and effective for identifying and assessing ESG and climate-related risks and opportunities, and responding to the challenges and impacts of different times. The Board regularly discusses the findings of climate-related risk and opportunity assessments to guide strategic adjustments. In the future, the Board will continue to review and monitor the Group's ESG performance and its response to climate-related risks and opportunities, provide stakeholders with important, reliable, consistent and comparable ESG information, and make our society and environment better and greener.

ESG Working Group

To demonstrate our commitment to transparency and accountability, our Group has established an ESG Working Group, which has clear terms of reference that set out the powers delegated to it by the Board. We highly value the opinions of each stakeholder and treat them as the cornerstone for the development of the Group. During the Reporting Period, the ESG Working Group consisted of chief executive officer, head of finance department, head of company secretarial department, head of human resources department and head of purchase and operations department.

The ESG Working Group is primarily responsible for reviewing and supervising the ESG (including but not limited to climate-related) process, risk and opportunity management of the Group. Different ESG issues are reviewed by the ESG Working Group at the meetings, which are held at least annually. During the Reporting Period, the ESG Working Group and the management reviewed the ESG governance and different ESG issues (including but not limited to climate-related aspect).

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ESG GOVERNANCE *(continued)*

ESG governance structure *(continued)*

Board's ESG management approach and strategy for material ESG-related issues

In order to better understand the opinions and expectations of different stakeholders on our ESG (including but not limited to climate-related) issues, materiality assessment is conducted each year. We ensure various platforms and channels of communication are used to reach, listen and respond to our key stakeholders. Through general communication with stakeholders, the Group understands the expectations and concerns from stakeholders. The feedback obtained allows the Group to make more informed decisions, and to better assess and manage the resulting impact.

The Group has evaluated the materiality and importance in ESG (including but not limited to climate-related) aspects through the steps: (1) material ESG area identification by industry benchmarking; (2) key ESG area prioritisation with stakeholder engagement; and (3) validation and determining material ESG issues based on results of communication among stakeholders and the management.

Hence, this enhances understanding of their degree and changes of attention to each significant ESG issue, and can enable us to more comprehensively plan our sustainable development work in the future. Those important and material ESG areas identified during our material assessment were discussed in this Report.

Board review progress against ESG-related goals and targets

The Board understands that the establishment of ESG targets aids in the Group's ESG governance. The Group has set clear and definite short-term and long-term sustainable development goals that address climate-related aspects, including its commitment to achieving carbon neutrality by 2050 as a guiding method for its climate strategy, and is making continuous progress in emissions reduction under the requirements of local governments. The Board sets ESG targets related to the Group's business where appropriate. The Board reviews the progress of target implementation and the performance of the goals and targets from time to time, through communication and review meetings with the ESG Working Group. Rectification may be needed if the progress falls short of expectation. Effective communication about the goals and targets process with key stakeholders such as employees is essential, as this enables them to be engaged in the implementation process, and to feel they are part of the change that the company aspires to achieve.

Setting strategic goals for the coming year enables the Group to develop a realistic roadmap and focus on results in achieving the visions.

Setting targets requires the ESG Working Group to carefully examine the attainability of the targets, which should be weighed against the Company's ambitions and goals. During the Year, targets are set on an absolute basis.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS

The Group is mainly involved in office operations and its business activities do not have significant impact on the environment and natural resources. In spite of this, the Group is committed to create a business that contributes to global efforts in environmental care and sustainability. The Group's technology offering also promotes environmental sustainability by reducing the waste associated with a wide-range of business activities. The Group's smart card technologies and cloud-based on enterprise collaboration solutions to help customers improve business operations, reducing unneeded paper-based communications and processes. Furthermore, cashless transactions facilitated by the Group's electronic payment solutions and in particular its Automatic Fare Collection system solutions contribute global efforts to reduce waste and paper consumption. Throughout the Year, the Group fully complied with all of the relevant environmental laws and regulations in the countries and regions where we operated, and no concluded cases regarding emissions were brought against the issuer or its employees.

Emissions

As one of the leading smart card reader providers in the world, our business bears low impact on air pollutant emissions and GHG emissions as most of our operation is offices based. During the Reporting Period, the Group was in strict compliance with all relevant environmental laws and regulation, including but not limited to the Environmental Protection Tax Law of PRC* (《中華人民共和國環境保護稅法》), the Environmental Protection Law of PRC* (《中華人民共和國環境保護法》), the PRC Law on Prevention and Control of Water Pollution* (《中華人民共和國水污染防治法》), the Law on Prevention and Control of Atmospheric Pollution of the PRC* (《中華人民共和國大氣污染防治法》), the Law on Prevention and Control of Noise Pollution of the PRC* (《中華人民共和國噪聲污染防治法》), the Air Pollution Control Ordinance (Cap. 311 of the Laws of Hong Kong), the Water Pollution Control Ordinance (Cap. 358 of the Laws of Hong Kong), and the Basic Act on the Environment of Japan* (Act No. 91 of 1993 (up to the version of Act No. 50 of 2018)).

* *The English name is for identification only.*

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Emissions *(continued)*

Air Pollutant Emissions

Emissions control is essential for mitigating the impact on the environment and protecting the health of employees. No substantial emissions are generated from any fuels in daily operation as the Group is not engaged in any industrial production. The Group's air pollutants during the Reporting Period are mainly generated from the mobile sources and town gas used in the staff quarter of the Hong Kong segment. The Group has implemented measures as stated in section headed "Use of Resources" of this Report, in order to reduce energy consumption, and thereby minimising carbon footprint.

During the Reporting Period and the corresponding period in 2024, the air pollutant emissions of the Group are as follows:

Air Pollutant	Unit	2025				2024			
		HK	PRC	Japan	Overall	HK	PRC	Japan	Overall
Nitrogen oxides (NOx)	kg	1.913	–	–	1.913	2.097	–	–	2.097
Sulfur dioxide (SO ₂)	kg	0.062	–	–	0.062	0.068	–	–	0.068
Particulate matter (PM)	kg	0.138	–	–	0.138	0.151	–	–	0.151
Total	kg	2.113	–	–	2.113	2.316	–	–	2.316
Air Pollutant intensity	kg/employee	0.046	–	–	0.022	0.054	–	–	0.025

The air pollutant emissions mainly comes from the owned motor vehicles in Hong Kong, while no vehicles are owned in other geographical locations of the Group. The decrease in air pollutant emissions during the Reporting Period is mainly attributable to the stringent control measures on business travel using corporate vehicles, which effectively lowered fuel consumption and the corresponding emissions.

GHG Emissions

Climate change is increasingly affecting our daily lives and gradually attracting the attention of society. GHG is considered one of the major contributors to climate change and global warming. During the Reporting Period, the Group discloses the GHG emissions data, which aligns with the Reporting Scope outlined in this Report. For details, please refer to the "About this Report – Preparation Basis and Scope" section. Generally, we apply the operational control approach to define our organisational boundary for reporting purposes, unless otherwise stated.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Emissions *(continued)*

GHG Emissions *(continued)*

As the Group's operations do not involve industrial production, GHG emissions from stationary combustion sources are mainly attributable to town gas consumption in the staff quarter. During the Reporting Period, our Scope 1 direct emissions and Scope 2 indirect emissions mainly came from mobile combustion, town gas used in the staff quarter and purchased electricity for daily business operations respectively. During the Reporting Period, the Group identified and disclosed material Scope 3 GHG emissions categories relevant to its business operations for the first time. As Scope 3 emissions had not been previously identified, measured or systematically tracked in prior years, historical comparative data is not available for meaningful year-on-year comparison. The absence of comparative Scope 3 data is primarily attributable to data availability limitations and the initial establishment of data collection boundaries and methodologies during the Reporting Period. The Group manages GHG emissions by minimising the energy consumption to lower carbon footprint. Policies and procedures (as mentioned in the section "Use of Resources") to encourage energy saving have been incorporated throughout the operations in order to reduce the carbon footprint.

The GHG emissions of the Group during the Reporting Period and the corresponding period in 2024 are as follows:

GHG Emissions ¹	Unit	2025				2024			
		HK	PRC	Japan ²	Overall	HK	PRC	Japan	Overall
Scope 1 ³	tonnes of CO ₂ -e	11.67	-	-	11.67	12.75	-	-	12.75
Scope 2 (location-based) ⁴	tonnes of CO ₂ -e	45.75	18.92	-	64.67	44.73	31.88	-	76.61
Scope 3 ⁵	tonnes of CO ₂ -e	17.34	14.32	-	31.66	NA	NA	NA	NA
Total GHG emissions (Scope 1 and Scope 2)	tonnes of CO ₂ -e	57.42	18.92	-	76.34	57.48	31.88	-	89.36
Scope 1 and Scope 2 GHG emissions intensity ⁵	tonnes of CO ₂ -e/employee	1.25	0.38	-	0.78	1.34	0.64	-	0.96
Total GHG emissions (Scope 1, Scope 2 and Scope 3) ⁵	tonnes of CO ₂ -e/employee	74.76	33.24	-	108.00	NA	NA	NA	NA
Scope 1, Scope 2 and Scope 3 GHG intensity	tonnes of CO ₂ -e/employee	1.63	0.66	-	1.10	NA	NA	NA	NA

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Emissions *(continued)*

GHG Emissions *(continued)*

Notes:

1. The calculation of the GHG emissions is based on the “Corporate Accounting and Reporting Standard (2004)” and “Corporate Value Chain (Scope 3) Accounting and Reporting Standard (2011)” from GHG Protocol, “How to prepare an ESG Report – Appendix 2: Reporting Guidance on Environmental KPIs” issued by the Stock Exchange, latest released emissions factors available at the completion time of the Report.
2. The Group did not collect data on the Japan office’s electricity consumption and corresponding GHG emissions as the Japan office operated in shared premises and had only two employees at the end of the Reporting Period, which was therefore considered immaterial by the Group.
3. Scope 1: Direct emissions from sources that are owned or controlled by the Group.
4. Scope 2: Indirect emissions from purchased electricity and town gas consumed by the Group.
5. Scope 3: In 2025, the Group identified and disclosed Scope 3 GHG emissions relevant to its business for the first time, and therefore no historical comparative data is available. Among the fifteen Scope 3 GHG categories, four categories are identified as relevant to our business, namely Category 1 – Purchased goods & services, Category 5 – Waste generated in operations, Category 6 – Business travel and Category 7 – Employee commuting. The remaining categories were excluded as they are either not applicable to our operations, or their emissions are immaterial for quantification purposes.

The decrease in Scope 1 GHG emissions during the Reporting Period is mainly attributable to the stringent control measures on business travel, which effectively lowered fuel consumption and the corresponding emissions from the Group’s owned vehicles. On the other hand, the decrease in Scope 2 GHG emissions during the Reporting Period is mainly due to the effective energy-saving initiatives implemented in our office operations.

Hazardous and Non-hazardous Wastes

The Group recognises the importance of waste reduction. Waste management measures have been introduced to minimise the amount of waste generated and the impact on the environment. Under its business operation nature, no hazardous waste was generated during the Reporting Period.

For non-hazardous waste, the waste is mainly generated from daily office operations. The Group takes the initiative to reduce waste by implementing different measures. Generally, the Group has engaged qualified recycling companies to collect and handle the waste in accordance to the Law of the PRC on the Prevention and Control of Environmental Pollution by Solid Waste* (《中華人民共和國固體廢物污染環境防治法》) (2020 Amendment), the Waste Disposal Ordinance (Cap. 354) in HK, and the Act on Waste Management and Public Cleansing of Japan* (Act No. 137 of 1970 (up to the version of Act No. 68 of 2022)).

* The English name is for identification only.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Emissions *(continued)*

Hazardous and Non-hazardous Wastes (continued)

The Group also promotes the idea of “green office” by introducing more paperless solutions in its daily operations to reduce the volume of paper and printed materials used. For example, the Group actively promotes the use of email to replace traditional mails. Email is used among staff whenever possible.

In addition, the Group also encourages electronic corporate communication and shareholders of the Company are encouraged to receive corporate communication documents using electronic means through the Company’s website. Besides, recycling bags are available for paper collection. All paper, newspaper and magazines are collected for recycling purpose.

The Group takes effort to reduce waste in business operation and handles wastes in an environmental-friendly way. Under our business operation in respect of its nature, the Group generates a very small amount of waste during the Reporting Period. As the Group has outsourced its office cleaning work to independent contractors for handling and collecting the non-hazardous waste in the office, the waste volume record is not provided by the cleaning contractor. The Group will coordinate with the cleaning contractor to collect the waste volume data in the coming year in order to formulate appropriate measures to reduce the non-hazardous waste production.

The non-hazardous waste generated by the Group during the Reporting Period and the corresponding period in 2024 are as follows:

		2025				2024			
Non-hazardous waste generated	Unit	HK	PRC	Japan	Overall	HK	PRC	Japan	Overall
Paper waste generated	tonnes	0.1210	0.0990	-	0.2200	0.4035	0.1592	-	0.5627
Paper waste generated intensity	tonnes/employee	0.0026	0.0020	-	0.0022	0.0094	0.0032	-	0.0061

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Emissions *(continued)*

Hazardous and Non-hazardous Wastes (continued)

The non-hazardous waste recycled by the Group during the Reporting Period and the corresponding period in 2024 are as follows:

		2025				2024			
Non-hazardous waste recycled	Unit	HK	PRC	Japan	Overall	HK	PRC	Japan	Overall
Paper waste recycled	tonnes	0.0968	0.0792	-	0.1760	0.3228	0.1274	-	0.4502
Paper waste recycled intensity	tonnes/employee	0.0021	0.0016	-	0.0018	0.0075	0.0025	-	0.0048

The decrease in the volume of paper waste generated and recycled during the Reporting Period was mainly due to the further strengthening of our digital office initiatives and paper reuse measures during the Reporting Period.

Targets and Actions

In the long run, the Group will continue to enhance its environmental management strategies regularly in monitoring and minimising the environmental impacts brought by its businesses.

The Group had previously established a series of environmental targets which have now reached their conclusion. We are pleased to report that the Group has successfully achieved all of the following targets by 2025:

- (1) reducing GHG (Scope 1 and 2) emissions by 5% by 2025 (based on 2021); and
- (2) reducing non-hazardous waste generation by 5% by 2025 (based on 2021).

Note:

1. As we are continuously expanding the categories of data collection in relation to Scope 3 emissions, the targets related to GHG emissions only apply to emissions from Scope 1 and 2.

Building on the successful delivery of these targets, the Group remains committed to continuous improvement. Accordingly, we have established new environmental KPIs for the current year to further drive our sustainability performance, while continuing to monitor our ongoing target regarding air pollutants.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Emissions *(continued)*

Targets and Actions *(continued)*

The Group developed the environmental targets and formulated steps to achieve them, and the results at the end of the Reporting Period are as follow:

Target and Mitigation Initiatives					
Environmental KPI	Targets	Steps taken to achieve the targets	2025 vs. 2024 (the baseline year)	Status	
Air pollutant emissions	Reduce by 5% by 2030, with 2024 as the baseline year	- Carrying out regular maintenance of vehicles with good condition for operational efficiency	Decreased by 9%	In progress	
		- Encouraging the use of public transportations			
Scope 1 and Scope 2 GHG emissions	Reduce by 5% by 2030, with 2024 as the baseline year	- Adopting LED lighting in some offices	Decreased by 15%	In progress	
		- Setting the temperature of the air-conditioning system in a range between 25°C and 26°C			
		- Switching off lights and unnecessary energy consuming devices when they are not in use			
		- Promoting environmental protection such as saving water and electricity by means of slogan or poster in office			
Non-hazardous waste generation	Reduce by 10% by 2030, with 2024 as the baseline year	- Using electronic document processing system to minimise the use of paper	Decreased by 61%	In progress	
		- Encouraging printing or photocopying on both sides of paper, where applicable			
		- Focusing on quality management to reduce wastage and scrap for less pollution resulted			

In the future, we will continue to review these target progress and explore more opportunities to set diverse environmental protection goals to nurture the environment and cherish natural resources. The Group will strive to achieve the targets by implementing appropriate measures in its operation. For each target established, the details of corresponding measures to achieve such target are disclosed in the sections of "Emissions" and "Use of Resources".

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Use of Resources

The Group considers environmental protection as an essential component of a sustainable and responsible business. The Group understands that staff participation is the key to achieving green office and efficient utilisation of resources. In order to help employees to change their behaviour into green performance, such as wise and efficient usage of resources and waste minimisation, throughout all of our daily operations, we have been progressively implementing different resource saving measures, ranging from power-saving program, recycling paper and materials, to the behavioural change of our people.

Energy

The Group considers environmental protection as an essential component of a sustainable and responsible business. With aims of resource saving and implementation of energy saving measures, the Group actively promotes the concept of energy saving and emissions reduction into the entire process of its development and operation. The Group strives to improve the efficient use of natural resources, such as minimising waste/emissions and implementing effective recycling program. Practical measures are implemented as follows: (i) raising employees' awareness of green behaviour by recommending them to switch off all the lights, computers and printers by the end of the work day, (ii) setting the temperature of air-conditioning system within a reasonable range of around 25 degrees Celsius; (iii) upgrading the existing facilities such as replacing outdated computers, phones and other electrical appliances to meet the needs of our customers and enhance operational efficiency; (iv) carrying out regular maintenance of vehicles with good condition for operational efficiency; (v) adopting the use of electric cars; and (vi) promoting environmental protection such as saving water and electricity by slogan or poster in office.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Use of Resources *(continued)*

Energy *(continued)*

The Group also endeavours to explore energy saving and green management measures for our facilities, and strives to reduce resource consumption as much as possible. For example, the Group joins the voluntary energy efficiency labelling scheme, which is introduced by the Electrical and Mechanical Services Department of HK, in order to select office equipment based on its grading-type label and recognition-type label. During the Reporting Period, our energy consumption mainly came from the purchased electricity for daily office operations. The energy consumption of the Group during the Reporting Period and the corresponding period in 2024 are summarised as follows:

Energy Consumption	Unit	2025				2024			
		HK	PRC	Japan ¹	Overall	HK	PRC	Japan	Overall
Purchased electricity	MWh	120.12	35.66	-	155.78	114.40	59.40	-	173.80
Town gas	MWh	2.59	-	-	2.59	2.84	-	-	2.84
Petrol	MWh	40.57	-	-	40.57	44.46	-	-	44.46
Total energy consumption	MWh	163.28	35.66	-	198.94	161.70	59.40	-	221.10
Energy consumption intensity	MWh/employee	3.55	0.71	-	2.03	3.76	1.19	-	2.38

Note:

1. The Group did not collect data on the Japan office's electricity consumption as the Japan office operated in shared premises and had only two employees at the end of the Reporting Period, which was therefore considered immaterial by the Group.

During the Reporting Period, the decrease in total energy consumption is primarily attributable to reduced petrol usage from optimised vehicle management and lower electricity consumption resulting from our enhanced energy-saving operational measures.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Use of Resources *(continued)*

Water Consumption

Water is one of the most important natural resources for daily operation. Regarding water consumption for the HK offices, the water supply is solely controlled and centrally managed by its property management of the building. During the Reporting Period, the Group did not encounter material issues in sourcing water that is fit for purpose for its operations. The Japan office operates in shared premises so that it is not feasible for the Group to provide all relevant water consumption data, as there is no separate meter for the individual office unit to record water usage.

However, the Group still actively seeks ways to mitigate water consumption by raising employees' awareness of water saving through green office policy such as reminding employees to turn faucet off tightly and conducting regular inspection and maintenance of water facilities.

The water consumption of the Group during the Reporting Period and the corresponding period in 2024 are summarised as follows:

Water Consumption	Unit	2025				2024			
		HK	PRC	Japan ¹	Overall	HK	PRC	Japan ¹	Overall
Water consumption	m ³	48.57	343.01	-	391.58	46.26	610.22	-	656.48
Water consumption intensity	m ³ /employee	1.06	6.86	-	4.00	1.08	12.20	-	7.06

Note:

1. The water consumption data for the Japan office is unavailable as the office is located in shared premises without separate meter to record water usage.

The decrease in water consumption during the Reporting Period was driven by the Group's strengthened initiatives to promote water-saving awareness among our workforce during the Reporting Period.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Use of Resources *(continued)*

Packaging Materials

The major packaging materials used for our finished product are (i) paper box, (ii) plastic bag, and (iii) bubble wrap. Due to limitations in supplier information and internal records, the Group was not able to obtain consistent and verifiable unit weight data for all categories of packaging materials during the Reporting Period. In light of the above, the Group has not disclosed the total packaging materials used by weight for the Reporting Period. To enhance data quality and disclosure completeness going forward, the Group plans to progressively improve its packaging materials data collection methods in the future.

The consumption of packaging materials of the Group during the Reporting Period and the corresponding period in 2024 are summarised below:

Packaging Materials	Unit	2025				2024			
		HK	PRC	Japan	Overall	HK	PRC	Japan	Overall
Consumption									
Paper and paper box	million pieces	0.0055	0.3838	0.0084	0.3977	0.4207	-	-	0.4207
Plastic bag	million pieces	0.0235	0.0468	-	0.0703	0.0513	-	-	0.0513
Bubble wrap	million pieces	-	0.7436	0.0016	0.7452	0.8151	-	-	0.8151
Paper and paper box intensity	million pieces/employee	0.0001	0.0077	0.0042	0.0041	0.0098	-	-	0.0045
Plastic bag intensity	million pieces/employee	0.0005	0.0009	-	0.0007	0.0012	-	-	0.0006
Bubble wrap intensity	million pieces/employee	-	0.0149	0.0008	0.0076	0.0190	-	-	0.0088

During the Reporting Period, the decrease in the Group's total packaging materials consumption was primarily attributable to the optimized packaging processes. This initiative not only effectively reduced material waste but also enhanced our operational efficiency and lowered the overall environmental footprint associated with our product distribution.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Use of Resources *(continued)*

Targets and Actions

In addition, the Group advocates energy and resources saving, and is committed to achieving sustainable operations and compliance with emissions requirements by local authorities. To this end, we have set preliminary management and control targets on an absolute basis in terms of energy use efficiency and water efficiency, so as to perform better energy conservation and water conservation. The Group will actively implement the energy-saving plan, water saving plan, material-saving plan and measures to maintain or reduce the intensity of energy consumption, water consumption and packaging materials consumption.

The Group had previously established a series of environmental targets which have now reached their conclusion. We are pleased to report that the Group has made substantial progress towards these targets by 2025, successfully achieving the targets for the reduction on water and packaging materials consumption, and realizing a 4% reduction in total energy consumption against the target of 5%:

- (1) reducing total energy consumption by 5% by 2025 (based on 2021); and
- (2) reducing water consumption by 5% by 2025 (based on 2021); and
- (3) reducing packaging materials consumption by 5% by 2025 (based on 2021).

Building on the successful delivery of these targets, the Group remains committed to continuous improvement. Accordingly, we have established new environmental KPIs for the current year to further drive our sustainability performance.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Use of Resources *(continued)*

Targets and Actions *(continued)*

The Group developed the environmental targets and formulated steps to achieve them, and the results as at the end of the Reporting Period are as follow:

Target and Mitigation Initiatives				
Environmental KPI	Targets	Steps taken to achieve the targets	2025 vs. 2024 (the baseline year)	Status
Energy consumption	Reduce by 5% by 2030, with 2024 as the baseline year	- Adopting LED lighting in some offices	Decreased by 10%	In progress
		- Setting the temperature of the air-conditioning system in a range between 25°C and 26°C		
		- Switching off lights and unnecessary energy-consuming devices when they are not in use		
Water consumption	Reduce by 5% by 2030, with 2024 as the baseline year	- Promoting environmental protection such as saving water and electricity by slogan or poster in office	Decreased by 40%	In progress
Packaging materials consumption	Reduce by 5% by 2030, with 2024 as the baseline year	- Improving product packaging forms to conserve the consumption of carton materials	Decreased by 7%	In progress
		- Advocate the simplification of packaging internally and externally		

The Group will review the progress and explore more opportunities for various environmental protection goals. In the future, we will set more specific quantitative environmental goals to nurture the environment and cherish natural resources. Moreover, we are investing more resources in recycling to help the development of circular economy.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

The Environment and Natural Resources

The Group's development, sales and distribution of smart card products, software and hardware and provision of smart card related services have no significant impact on the environment. The Group reviews its environmental policy from time to time and will consider implementing further eco-friendly measures and practices in order to enhance environmental sustainability and evaluate and monitor regularly the impact of past and present business activities regarding health, safety and environmental matters. With the integration of policies and measures mentioned in sections "Emissions" and "Use of Resources", the Group strives to recognise the impacts to the environment and natural resources.

Climate Change

In view of the global efforts to address climate change and enhance climate governance, we have prioritised "continuously strengthening the assessment and responses to risks related to climate change" as one of our key tasks. With reference to the section of "Climate-related Disclosure" under Part D of the ESG Reporting Code and other guidelines, we continued to strengthen our climate governance and risk management capability, and launched a carbon inventory reporting covering Scope 3 GHG emissions.

Governance

During the Reporting Period, we continued to strengthen our climate-governance structure, refine our risk-management processes and integrate climate-related considerations more systematically into our overall governance framework. This process involves considering the trade-offs associated with different climate-related risks and opportunities to inform balanced decision-making. The Board ensures that its members possess or develop the necessary skills and competencies to oversee climate-related risks and opportunities through ongoing training. In assessing whether the Board collectively maintains the appropriate skills and competencies to oversee climate-related risks and opportunities, the Board conducts periodic reviews of its knowledge needs through structured self-assessments and discussions during routine meetings. These reviews allow the Board and senior management to identify areas where additional climate-related expertise may be beneficial. Where gaps are identified, the Group arranges external briefings, industry updates, or targeted ESG-related training for directors and senior management to ensure continued alignment with evolving regulatory expectations and climate-related developments. As at the end of the Reporting Period, climate-related considerations are not yet formally incorporated into the Group's remuneration policies. To strengthen management's accountability and effectiveness in addressing climate-related matters, the Group will explore the feasibility of enhancing our remuneration policies by incorporating climate-related performance metrics into executive remuneration.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Climate Change *(continued)*

Governance (continued)

The Board has delegated the day-to-day management of climate-related risks and opportunities to the Group's ESG Working Group. Long-term challenges, such as emerging ESG issues and climate-related risks and opportunities, may be discussed by the ESG Working Group. Our ESG Working Group provides effective governance for integrating and addressing ESG issues, including climate change, within our business. The ESG Working Group is responsible for tracking the progress of the operational emissions targets for the Group and commissioning ESG benchmarking, as well as gap analysis exercise to identify gaps in both disclosure and policy relative to best practice standards. Moreover, the ESG Working Group works closely with the Group's different operation departments and regions, and integrates climate considerations into their respective functional duties, with the aim to develop consistent and enhanced approaches to address ESG risk issues. Climate-related matters are reported to the Board through established reporting lines. The Board is informed of climate-related risks, opportunities, performance metrics and emerging regulatory developments at least annually, and more frequently where material issues arise. The Board holds ultimate oversight of the Group's climate strategy, climate-related risks and opportunities, and the achievement of our targets. Management integrates climate-related controls and monitoring procedures into the Group's existing internal control and risk management systems, ensuring that climate-related considerations are reviewed alongside other operational, compliance and strategic risks.

Strategy

Climate change risk forms part of our overall risk profile through its role in disrupting economic activities, supply chains and business operations worldwide. As a light-asset enterprise that relies on external manufacturers, the Group is committed to managing climate-related risks to safeguard the long-term resilience and sustainable development of our business. We assess the overall level of risk by taking into consideration a range of diverse risk factors across the many categories in our product or services range. This diversity of risk is combined with our business strategy and broad geographic footprint helps us distribute risk and provide protection against the impacts of climate change effects. Besides, we continue to explore opportunities to engage our business partners and encourage them to develop climate resilience and reduce their operational carbon footprint.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Climate Change *(continued)*

Strategy *(continued)*

To strengthen the Group’s climate-resilience capabilities to address the growing climate-related risks and identify emerging opportunities associated with climate transition, the Group has conducted a climate-risk assessment and scenario analysis. These assessments examine the potential impacts of climate change on our operations and value chain across the short term (2025–2026), medium term (2027–2030) and long term (2031–2050), providing insights into how different warming pathways may affect our business and informing our approach to long-term planning.

Step 1: Set Future Images Assuming Climate Change Effects

Based on authoritative scenarios including those from the Intergovernmental Panel on Climate Change (“IPCC”) and Network for Greening the Financial System (“NGFS”), we developed two distinct future images as the external environment that will surround our Group. These scenarios are selected to reflect both a decarbonisation pathway and a high-warming pathway, taking into account that the Group has no self-owned manufacturing facilities and is highly dependent on external manufacturers and supply chain stability.

Climate Scenarios Used in the 2025 Analysis:

	Decarbonization Scenario (1.5–2°C)	Warming Scenario (≥3°C)
Rationale for Selection	Higher transition risks from accelerated climate policies, carbon pricing, and customer demand for low-carbon products.	Higher physical risks from increased frequency of extreme weather events (typhoons, floods, heatwaves) directly threaten external manufacturers.
Scenario Description	Global and key markets (the PRC, Hong Kong, Japan) actively implement climate commitments, driving an accelerated low-carbon transition through stringent policies, carbon pricing mechanisms, and technological mandates. The Group must collaborate with external manufacturers to achieve Scope 3 GHG emissions reductions, while managing higher transition costs and meeting customer demands for product carbon footprint transparency.	Global climate policy implementation remains insufficient, with emissions reduction targets lagging behind actual warming levels. Policies in our markets are fragmented. Physical climate risks escalate sharply, with extreme weather events directly threatening external manufacturers. Market preference for sustainable products grows slowly, but supply chain disruptions and asset damage become dominant business risks.
Key Reference Parameters	<ul style="list-style-type: none"> Physical Risk: IPCC SSP1-2.6 Transition Risk: NGFS – Net Zero 2050 	<ul style="list-style-type: none"> Physical Risk: IPCC SSP5-8.5 Transition Risk: NGFS – Current Policies

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Climate Change *(continued)*

Strategy *(continued)*

Step 2: Consider the Impacts

As a result of our scenario analysis and risk assessment in 2025, we identified 6 climate-related risks and 5 potential opportunities deemed to carry potential financial repercussions for our business and value chain. For each of these risks, we have identified specific climate-related events that could lead to implications affecting our Group – for example, extreme weather events, temperature changes, policy developments and technological shifts. We compared two representative climate pathways, named the Decarbonization Scenario and the Warming Scenario, to understand how different climate futures may influence the scale and likelihood of identified risks. The Group assesses climate-related risks using qualitative criteria such as the expected severity of operational disruption, the likelihood of supply chain instability, and the potential financial implications for the business. These assessments are based on professional judgment and experience informed by available data, industry practices and scenario analysis outcomes. Based on the results of the climate risk and opportunity assessment, we have realised that climate-related risks and opportunities present new challenges and events to the Group's operations and, to some extent, impact our financial performance. In response to the climate-related financial information disclosure, we assessed potential financial impacts of climate-related risks and opportunities on the Group in 2025, by combining key climate scenario parameters and the actual conditions of our business operations.

Step 3: Respond to the Strategies

The Group adopts a proactive and integrated climate risk management approach. We focus on reducing our operational carbon footprint by transitioning away from non-renewable energy, improving energy efficiency, and increasing the use of renewable energy across our operations. Given our reliance on external manufacturers, we work closely with them to address Scope 3 (value chain) GHG emissions, enhance supply chain climate resilience, and meet growing customer demand for low-carbon products. To manage physical climate risks, we establish frameworks for natural disaster response and climate adaptation, define clear objectives for emissions and energy reduction, and assign responsibilities to ensure effective implementation.

With regard to the ongoing confirmation of the suitability and progress of the Group's strategies, we believe that we will have opportunities for stable funding and sustainable increase in corporate value through appropriate information disclosure, dialogue with institutional investors and other stakeholders.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Climate Change *(continued)*

Strategy *(continued)*

During the Reporting Period, the significant climate-related physical risks, transition risks and climate-related opportunities, which have impacted and/or may impact our Group's business and strategy in (i) operations, products and services, (ii) supply chain and value chain, (iii) adaptation and mitigation activities, (iv) investment in research and development, and (v) financial planning, as well as the steps taken to manage these risks, are as follows:

Category	Extent of Impact (Time Horizon)	Impact Pathway (Business Model & Value Chain)	Financial Impact	Our Response
Physical Risk				
Acute Risk: Increased severity and frequency of extreme weather events such as typhoons and floods	Medium (Short-term to medium-term)	Business model: Increasing severity and frequency of extreme weather events may disrupt office operation disrupt and result in potential damage to office equipment. Value chain: Disruption to production schedules from suppliers. Shipping delays and rerouting increase operating and logistics costs.	<ul style="list-style-type: none"> Temporary disruption of transportation services may result in late delivery, causing potential penalties. 	<ul style="list-style-type: none"> Formulated and continuously promoted Business Continuity and Emergency Response Plan for natural disasters. Monitored weather forecasts closely and communicated with logistics partners to adjust delivery schedules or inventory levels in advance.
Chronic Risk: Long-term warming, heatwaves and gradual climate change	Low (Long-term)	Business model: Climate change is likely to have long-term devastating effects on various communities in the region, thereby impacting economic output and business productivity. Extreme heatwaves could increase labour mobility and lead to an increase in work-related sickness such as heat stroke. Value chain: Long-term climate trends may affect infrastructure stability in regions where suppliers operate.	<ul style="list-style-type: none"> Increase operating costs to maintain indoor temperature in offices and warehouses. Suppliers may raise the price of the product, leading to increased procurement costs. 	<ul style="list-style-type: none"> Engaged with local or national governments and local stakeholders on local resilience. Kept a first-aid kit in a convenient location. Kept cold water available 24 hours a day.

Resilience: Supply-chain diversification and enhanced climate-resilient operations	Medium (Medium-term to long-term)	<p>Business Model: Participation in renewable energy programmes and adoption of energy-efficiency measures enhance operational reliability under various climate conditions.</p> <p>Value Chain: Diversification of external manufacturer locations and logistics routes improves supply chain robustness against weather-related disruptions.</p>	<ul style="list-style-type: none"> • Improve the stability of the supply chain and its ability to operate under various conditions, thereby reducing the likelihood of production disruptions and minimizing unnecessary expenditure. • Increase revenue through new products/services related to ensuring resiliency. 	<ul style="list-style-type: none"> • Maintain a dynamic supplier portfolio with options to switch sourcing origins based on climate risk assessments. • Build strong relationships with suppliers in multiple climate zones to ensure priority access during disruptions.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Climate Change *(continued)*

Strategy (continued)

At this stage, the Group is not able to provide quantitative forecasts of future financial impacts arising from climate-related risks and opportunities due to the limited availability of reasonable and supportable forward-looking data and the high level of measurement uncertainty involved. The Group does not currently have any dedicated capital investment or divestment plans that are specifically driven by climate-related considerations. Any future climate-related capital expenditures will be assessed based on operational needs, commercial rationale and evolving regulatory requirements. The Group has also not formulated any climate-specific funding strategy at this stage. Climate-related initiatives, where required, will continue to be supported through existing operational budgets, and the Group will evaluate additional funding needs as climate-related requirements or strategic priorities evolve. While separate quantification of individual climate-related financial effects is not feasible, the Group expects that the combined financial impact of climate-related risks, primarily those relating to extreme weather events, energy price fluctuations and supply chain disruptions, would most likely affect operational costs, and cost of sales and services rendered in the future. Such impacts are not expected to be material in the short term given the Group's business scale and exposure profile.

The Group allocates resources to climate-related risk management primarily through existing management and operational functions. Relevant responsibilities are undertaken by senior management, the ESG Working Group and the heads of operating departments as part of their normal duties, supported by routine budgeting for ESG-related activities such as data collection, staff training, internal coordination and operational improvements. The Group will continue to resource climate-related initiatives proportionately to its business scale and operational needs, and will evaluate additional resources requirements as regulatory expectations and climate-related risks evolve.

The Group does not currently have a formal climate-related transition plan in place. Given the nature and scale of our operations, the Group has not yet developed a structured transition pathway or defined assumptions or dependencies that would normally form part of such a plan. At this stage, the Group continues to monitor evolving regulatory requirements, market expectations and industry practices, and will consider formulating a more concrete transition plan as and when it becomes appropriate and feasible.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Climate Change *(continued)*

Risk Management

The Group identifies climate change related risks or tests the existing risk management strategies under climate change with the aid of risk assessment. Hence, the areas where new strategies are needed can be identified. Based on the identification and evaluation of potential climate-related risks and opportunities, we have incorporated climate-related risks into the risk management system of the Group, in order to clarify the responsibilities, key management requirements, and standards of relevant departments and subsidiaries. For details, please refer to the “ESG Governance” section of this Report.

The risk assessment takes a standard risk-based approach using national data, local information and expert knowledge, which can identify how climate change may compound existing risks or create new ones. The risk assessment is conducted through the following steps:

Step	Description
Step 1: Establish the context	Define objective, scale, time frames and climate scenarios. Based on IPCC and NGFS scenarios, we developed two future images: Decarbonisation Scenario characterised by higher transition risks, and Warming Scenario characterised by higher physical risks.
Step 2: Identify climate-related risks and opportunities	Identify existing climate hazards and future projections. Investigate how existing risks may worsen and identify new risks under each scenario. Also identify potential climate-related opportunities.
Step 3: Prioritise risks and opportunities by analysing and evaluating the impacts	Assess the nature and magnitude of impacts on business model and value chain. Consider the costs of addressing climate risks and the potential losses that may be avoided, to prioritise the risks.
Step 4: Monitor and address risks and opportunities.	Develop and implement response measures based on assessment. Set emissions reduction targets and regularly monitor and disclose the progress.

As outlined within the “Climate Change – Governance” section above, the Group has robust risk management and business planning processes that are overseen by the Board in order to identify, assess and manage climate-related risks. The Group actively engages with government and other appropriate organisations in order to keep abreast of expected and potential regulatory and/or fiscal changes.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Climate Change *(continued)*

Risk Management (continued)

Climate-related risks are prioritised using the same qualitative considerations applied in the Group's broader risk management framework. Risks with potentially greater operational, financial or compliance implications are assigned higher priority for monitoring and management, ensuring alignment with the Group's overall risk ranking approach. There were no material changes to the Group's processes for identifying, assessing, prioritising and monitoring climate-related risks compared with the previous reporting period. Enhancements will be considered as more data, regulatory guidance and climate-related tools become available.

We continue to raise awareness of climate change in regard to monitoring carbon and energy footprint in our daily operation. While the Group's climate-related risk and opportunity assessment currently remains qualitative, we are systematically enhancing our understanding of the potential operational and strategic implications of identified risks and opportunities. As our scenario analysis and data measurement capabilities mature, we will continue to evaluate pathways to narrow existing knowledge gaps. In the interim, the Group maintains a proactive approach to monitoring its environmental performance and implementing practical reduction measures.

Metrics and Targets

The Group adopts the key metrics to assess and manage climate-related risks and opportunities. The energy consumption and GHG emissions indicators are the key metrics used to assess and manage relevant climate-related risks where we consider such information is material and crucial for evaluating the impact of our operation on global climate change during the Year. During the Reporting Period, the Group discloses the GHG emissions data, which aligns with the Reporting Scope outlined in this Report. For details, please refer to the "About this Report – Preparation Basis and Scope" section. Generally, we apply the operational control approach to define our organisational boundary for reporting purposes, unless otherwise stated. The Group measures its GHG emissions in accordance with the GHG Protocol: Corporate Accounting and Reporting Standards (2004). Additionally, we refer to the GHG Protocol Corporate Value Chain (Scope 3) Accounting and Reporting Standard (2011) to identify our Scope 3 GHG emissions across fifteen Scope 3 GHG categories. The Group is in the process of quantifying Scope 3 GHG emissions for Categories 1, 5, 6 and 7. As at the reporting date, the Group does not yet have sufficient reasonable and supportable data to disclose all Scope 3 emissions without undue cost or effort. The Group expects to disclose Scope 3 emissions progressively as the data collection process matures. The Group has established a long-term aspiration to achieve carbon neutrality across its entire value chain by 2050, covering GHG emissions. This aspiration is guided by the global temperature goals of the Paris Agreement, informed by the science-based decarbonization pathways outlined by the IPCC, and aligned with international climate frameworks relevant to the Group's industry. The Group regularly tracks our energy consumption and GHG emissions indicators to assess the effectiveness of emissions reduction initiatives, as well as to set targets outlined in sections "Emissions" and "Use of Resources", to contribute our effort to have minimal impact on global warming.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A. ENVIRONMENTAL ASPECTS *(continued)*

Climate Change *(continued)*

Metrics and Targets (continued)

During the Reporting Period, the Group did not incur any material capital expenditure, arrange financing or investment that was specifically dedicated to addressing climate-related risks or pursuing climate-related opportunities. Given the Group's business nature as a developer, seller and distributor of smart card products, climate-related initiatives are currently undertaken through existing operational budgets. The Group will continue to monitor its climate-related exposures and may allocate targeted capital resources as and when climate-related projects become necessary or relevant to its operational needs.

The Group has set management and control targets on an absolute basis in medium term by 2030 in reducing GHG emissions, waste production, energy consumption, water consumption and packing materials consumption, with 2024 as the baseline year. This target serves as a directional guide for the Group's ongoing climate-related actions to lower our overall environmental footprint. Future development of a more detailed roadmap will be contingent upon improved data availability, evolving regulatory expectations, and ongoing enhancements to the Group's climate-related measurement capabilities. The target is not derived using a sectoral decarbonization approach, and the Group does not presently plan to rely on carbon credits. Should the Group consider the use of carbon credits in the future, relevant verification schemes and associated criteria will be disclosed.

Our Group does not currently apply internal carbon pricing in our decision-making processes. The potential implementation of internal carbon pricing will be explored in the future.

The Group remains committed to strengthening its climate governance and disclosure practices in line with evolving regulatory expectations and international best practices. Given our light-asset operating model and reliance on external vendors, consistent industry-based metrics are not yet disclosed. We will explore the feasibility of adopting such indicators and progressively integrate them as value chain data capabilities improve.

Given the Group's business nature as a developer, seller and distributor of smart card products with no owned production facilities, the Group's exposure to climate-related transition or physical risks is limited. Substantially within our reporting boundary, the Group's operating assets comprise leased office premises, leased warehouses leased staff quarters and motor vehicles, and therefore the Group holds limited physical assets that are sensitive to climate-related transition or physical risks. Based on currently available information, the Group estimates that nearly all of its own business activities fall into a low-exposure category with respect to climate-related transition and physical risks.

In a similar manner, the Group's ability to capture climate-related opportunities (such as energy-efficiency and energy sources improvements) is also modest due to the limited scale and operational profile of the business. Accordingly, the Group considers that its own business activities currently have minimal alignment with climate-related opportunities. The Group will continue to assess its level of exposure as the regulatory environment and business operations evolve.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIAL ASPECTS

EMPLOYMENT AND LABOUR PRACTICES

Employment

The Group believes people are important assets and competent staff are the foundation for success and development of the Group. We aspire to be an employer of choice and recognise the importance of providing a decent working environment where our employees can thrive.

A comprehensive framework incorporating detailed human resources management policies of recruitment, performance and promotion, working hours, equal opportunities, compensation, benefits and anti-harassment/discrimination is embedded in the Human Resources Manual and Employee Handbook. The Group strictly complies with the Labour Law of the PRC* (《中華人民共和國勞動法》), the Employment Ordinance (Chapter 57 of the Laws of Hong Kong), the Labour Standards Act of Japan* (Act No. 49 of 1947 (up to the version of Act No. 71 of 2018)), and other relevant laws and regulations related to employment by adopting the following key measures:

- The Group prohibits the employment of child, forced or compulsory labour in any of our operations.
- Wages, overtime payments and related benefits are made in accordance with minimum wage or above.
- Holidays and statutory paid leaves are compliant respective Labour Law or Regulations.
- The Group treats all its employees equally that their employment, remuneration and promotion will not be affected by their social identities such as ethnicity, race, nationality, gender, religion, age, sexual orientation, political faction and marital status.

During the Reporting Period, the Group was not aware of any material non-compliance with laws and regulations in relation to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination and other benefits and welfare that have a significant impact on the Group.

B. SOCIAL ASPECTS *(continued)*

EMPLOYMENT AND LABOUR PRACTICES *(continued)*

Health and Safety

The Group takes into consideration every precaution to establish a healthy and safe working environment for its employees. During the Reporting Period, the Group was not aware of any material non-compliance with health and safety related laws and regulations including but not limited to the Law of the PRC on Work Safety* (《中華人民共和國安全生產法》), the Regulation on Work-Related Injury Insurances* (《工傷保險條例》) and the Prevention and Treatment of Occupational Diseases* (《中華人民共和國職業病防治法》), the Occupational Safety and Health Ordinance (Cap. 509 of the Laws of Hong Kong), and the Industrial Safety and Health Act of Japan* (Act No. 57 of 1972 (up to the version of Act No. 71 of 2018)). Regarding the business nature of the Group, employees mainly engaged in office work. During the Reporting Period, there were no complaints or lawsuits (2024: nil) regarding violations of health and safety-related laws.

In order to establish a healthy and safe working environment for its employees, the Group has implemented the following preventive measures, including but not limited to installing or replacing office equipment if needed, performing regular office cleaning, conducting fire drill and safety and health talks, and providing them with all the necessary equipment for protection against work-related injuries. Reviews are conducted with immediate follow-up actions and improvement whenever necessary. Safety guidelines are in place for our laboratories as well.

During the Year, there was no work injury case (2024: nil; 2023: nil) and lost day due to work injury (2024: nil; 2023: nil) in business operations. There was no work-related fatality case (2024: nil; 2023: nil) during the Reporting Period. Employees were given paid sick leave for their recovery. Overall, no employee encountered serious accidents of work-related injuries and fatalities for the latest 3 financial years, including the Reporting Period.

Physical and mental health

The Group is committed to maintaining the physical and mental health of its employees, and is much concerned about their work-life balance. As most of our employees are office workers and work for long hours at their desks. During the Reporting Period, the Group organised different types of employee activities in Hong Kong and Shenzhen, PRC offices to help employees relax and relieve their work pressure and strengthen internal communication among departments. Moreover, a number of staff activities were organised in various offices, including annual dinner, festival events, birthday party and so on, to show appreciation to employees for their contribution and enhance their sense of belonging.

* *The English name is for identification only.*

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIAL ASPECTS *(continued)*

EMPLOYMENT AND LABOUR PRACTICES *(continued)*

Development and Training

The Group recognises that the continuous development of its employees is the key to its success. Therefore, the Group provides ample resources to staff training and development with the aim of sustaining a competent and professional staff force that contributes to the success of the Group. There are three major categories of training, namely orientation training, internal training and external training offered to our employees. During the Reporting Period, we arranged training programs such as personnel onboarding, optimisation of engineering workflow, product sales enhancement, ISO 9001:2015 awareness enhancement, fire safety and occupational health. In order to boost training effectiveness, we carry out assessment in the forms of satisfaction survey for internal training and reports on external training. Our employees are required to record the details of their training in the personal training record, which forms the basis for performance evaluation, personnel changes and promotion. In addition, we have developed a performance management system based on the principles of fairness, impartiality and openness, under which employees of different grades undergo evaluation on a half-yearly basis, where their performance and achievements are assessed comprehensively. This motivates employees to improve their individual capability and boosts general corporate efficiency, thereby facilitating our overall strategic goal. The appraisal results will be used as a reference for salary adjustment, promotion and placement.

During the Reporting Period and the corresponding period in 2024 the percentage of employees received training by gender and employee category are as follows:

Percentage of Employees Received Training ¹	2025	2024
By gender		
• Male	86.7%	91.1%
• Female	92.1%	94.6%
By employee category		
• Senior management	8.3%	14.3%
• Middle management	86.7%	100.0%
• General staff	102.8% ²	98.6%
Overall	88.8%	92.5%

Note:

1. The calculated percentage represents the proportion of employees in the specified category who have participated in training (including employees resigned during the Reporting Period), out of the total employees in that specified category.
2. The percentage exceeds 100% because the number of employees who received training (including those who resigned during the period) is larger than the number of active employees in this category at the end of the Reporting Period.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

EMPLOYMENT AND LABOUR PRACTICES *(continued)*

Development and Training *(continued)*

During the Reporting Period and the corresponding period in 2024, the composition of employees received training by gender and employee category are as follows:

Composition of Employees Received Training ¹	2025	2024
By gender		
• Male	59.8%	59.3%
• Female	40.2%	40.7%
Total	100.0%	100.0%
By employee category		
• Senior management	1.1%	1.2%
• Middle management	15.0%	18.6%
• General staff	83.9%	80.2%
Total	100.0%	100.0%

Note:

1. The calculated percentage represents the proportion of employees in the specified category who have participated in training (including employees resigned during the Reporting Period), out of the total employees who have participated in training.

In addition, the average training hours by gender and employee category during the Reporting Period and the corresponding period in 2024 are as follows:

Average Training Hours Received per Employee ¹	2025	2024
By gender		
• Male	2.37	1.73
• Female	3.38	0.76
By employee category		
• Senior management	1.25	0.29
• Middle management	5.77	1.28
• General staff	2.38	1.46
Overall	2.76	1.34

Note:

1. Average training hours for employees in relevant categories = Total number of training hours for employees in the specified category/Number of employees in the specified category.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIAL ASPECTS *(continued)*

EMPLOYMENT AND LABOUR PRACTICES *(continued)*

Labour Standards

The Group respects the human rights of employees, and not only strictly complies with labour legislation against the employment of child labour and forced labour such as the Law of the PRC on Protection of Minors* (《中華人民共和國未成年人保護法》), the Employment of Children Regulations under the Employment Ordinance (Chapter 57 of the Laws of Hong Kong), and the Minors Chapter of the Labour Standards Act of Japan* (Act No. 49 of 1947 (up to the version of Act No. 71 of 2018)), but also implements specific measures to ensure equal opportunities in employment. We respect the rights and interest of every employee, and strongly prohibit the employment of minors under the age of 15 in Japan and Hong Kong, and minors under the age of 16 in PRC.

During the recruitment process, the Group would verify the actual age of the applicants by checking their identity documentations and other records to avoid hiring any child labour. To prevent forced labour, we protect the right of our employees to freely choose employment and ensure that all employment relationships are voluntary. The Group and its employees may terminate the employment contract for personal reasons or other reasons, and need to give an appropriate notice period or payment in lieu of notice. Organisations that are found to be engaging child labour or forced labour will be reported to the management to terminate the corresponding business dealings. There is a comprehensive internal monitoring system to prevent the Group from forcing employees to work by way of violence or illegal restriction of personal freedom.

During the Reporting Period, we did not identify any issue related to child labour or forced labour, nor any non-compliance to prevent such matters within the Group.

* *The English name is for identification only.*

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIAL ASPECTS *(continued)*

OPERATING PRACTICES

Supply Chain Management

As part of its commitment to environmental and corporate responsibility, the Group attaches great importance to supplier management and monitors by formulating internal procedures and guidelines for managing environmental and social risks of the supply chain. It undertakes regular reviews on its supply chain to ensure that its partners do not have significant impact on the environment and society.

All devices developed by the Group have been compliant with the requirements laid down in the directive restricting the use of certain hazardous substances in electrical and electronic products, commonly referred to as the Restriction of Hazardous Substances (“RoHS”) Directive. This directive restricts the use of ten hazardous materials in manufacturing various types of electronic and electrical products. It covers all domestically made and imported products from the European Union, with a few exemptions given on certain occasions. As such, supply chain management is always one of the key links in the Group’s quality control system.

Our suppliers and contractors are required to adopt the Group’s environmental and occupational health and safety policies as well as strict corporate governance standards within a Code of Conduct that is in line with the Group’s environmental values. We evaluate if the suppliers and subcontractors consider the environmental and social criteria including the prohibition on the recruitment of child and forced labour, eliminating discrimination to employees, providing a safe working environment, considering if the products and services provided are beneficial to environmental protection and fulfilling the Group’s internal environmental requirement while minimizing the negative impact to natural environment, and strictly obeying the law. The Group also carries out long-term quality monitoring and regular review over major suppliers and subcontractors. They are subject to assessment and on-site audits on product quality as well as suitability and quality consistency tests conducted by our quality department. We ensure that our business partners do not have significant impact on the environment and society. The Group exercises a high level of scrutiny over the selection of suppliers. Major suppliers and subcontractors must prove their compliance with RoHS for them to be included into our supplier list. In case of a significant change in their qualification or serious quality issue, the Group may suspend them from our supplier list. In addition, we have signed cooperation agreements and other documents requiring suppliers to comply with integrity measures over the prevention of bribery, fraud and extortion.

* *The English name is for identification only.*

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

OPERATING PRACTICES *(continued)*

Supply Chain Management *(continued)*

During the Reporting Period and the corresponding period in 2024, the number of suppliers and subcontractors engaged by the Group by geographical region are as follows:

Number of Suppliers and Subcontractors	2025	2024
By geographical region		
• HK	63	45
• The PRC	61	46
• Taiwan	4	5
• Singapore	1	1
• The United States of America	3	5
• France	1	1
• The Cayman Islands	2	1
• Japan	1	1
• Vietnam	–	1
Total	136	106

99% (2024: 91%) of the suppliers are required to comply with the internal rules and codes of the Group as mentioned above for the Reporting Period.

Product Responsibility

The Group is committed to providing high quality and customer-centered products that promise utmost security and convenience to our clients and their end customers. As such, the nature of our business requires the highest degree of accuracy, precision and quality in developing our products. We continue to cultivate a corporate culture which emphasizes the provision of fair and just services for its customers. During the Reporting Period, there were 2 (2024: 1) cases of products returned by customers. Among the return case, nothing is related to health and safety concerns.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIAL ASPECTS *(continued)*

OPERATING PRACTICES *(continued)*

Product Responsibility *(continued)*

Product Design & Lifecycle Management

The Group has taken steps to manage product design and lifecycle effectively. We have established a laboratory for research, design, and testing. Our stringent quality management as stated in section headed "Quality Control" of this ESG Report ensures rigorous testing and qualified products. As mentioned above, all products developed by the Group have been compliant with the requirements laid down in the directive restricting the use of certain hazardous substances in electrical and electronic products, commonly referred to as the RoHS Directive. In addition, we have optimised logistics and supply chain management for smooth transportation. Meanwhile, we have forged long-term strategic partnerships to enhance our product offerings. These efforts ensure stable production and customer satisfaction, with compliance with relevant laws and requirements.

Quality Control

To bolster our efforts in quality assurance, we undergo stringent certification programs from unbiased organisations that enforce international, national and industry standards. This is our way of ensuring we deliver only qualified products to the market and way of maintaining our outstanding track record in the smart card industry. We monitor the quality of the finished products by performing quality inspection to ensure the products provided meet our quality control standards. We maintain quality control procedures for our products produced by our suppliers and subcontractors to ensure the overall quality of our products. We generally follow up with our suppliers and subcontractors on production and delivery schedules in order to ensure that the finished products can be delivered or produced in accordance with our requirements. Our staff members who are responsible for quality control perform inspections on the products to ensure they meet the relevant specifications. A wholly-owned subsidiary of the Group received its first ISO certification in 2007, having proven success in following the requirements set by ISO 9001 standard. The ISO 9001 certificates of two major wholly-owned subsidiaries of the Group were renewed successfully in January 2024 and August 2025 respectively, and would be valid for a period of 3 years.

In addition, according to the Standard Operating Procedures ("SOP") for handling customers technical/complaint inquiries, if the customers have a faulty product to return to us or have technical inquiries and complaints, they can download and complete the request form from website or obtain it from the sales contact. Once the support and engineering team receive the form, they will check the captioned problem immediately and give advice. If the product needs to be returned to us, we will send the customers a Return Merchandise Authorization ("RMA") number and RMA shipping instructions. With customers always in mind, the Group actively maintains communication with customers to meet their needs and takes correct and preventive measures for unqualified products.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIAL ASPECTS *(continued)*

OPERATING PRACTICES *(continued)*

Product Responsibility *(continued)*

Quality Control (continued)

The Group further improves the level of satisfaction that it delivers to customers by carrying out business operations based on the Quality Policy and Quality Procedure Manual. During the Reporting Period, the Group surveys its high-volume customers annually, which included questions in relation to product quality. Customers rated overall satisfaction level with the products of the Group as “good”. It shows that the Group has built up a reliable global network with its trusted customers by providing high quality products and services continuously.

During the Reporting Period, there are no disputes between our Group and our customers in respect of the quality of products produced by us and the Group is not aware of any material non-compliance against laws and regulations related to products responsibilities, including but not limited to the Product Quality Law of the PRC* (《中華人民共和國產品質量法》), the Law on the Protection of Rights and Interests of Consumers of the PRC* (《中華人民共和國消費者權益保護法》), the Trade Descriptions Ordinance (Chapter 362 of the Laws of Hong Kong), and the Basic Act on Consumer Policies of Japan (Act No. 78 of 1968 (up to the version of Act No. 60 of 2012)).

Competitive Behavior & Intellectual Property

The Group engages in fair competition by adhering to ethical standards and avoiding unfair business practices, including attaching great importance to intellectual property protection. Intellectual property is of paramount importance to a thriving industry, where the originality and creativity of designers need to be protected. To prevent copyright infringement, each of our clients’ work will undergo careful examination by our employees. Moreover, we strictly prohibit other companies from copying the design of our customers’ products. Apart from protecting intellectual property rights, we strictly follow relevant laws and regulations regarding the protection of clients’ commercially sensitive information. For instance, all unpublished advertisements from our clients are handled by a designated department and are made only accessible by authorized personnel.

The Group strictly abides by national and local laws and regulations, including but not limited to the Patent Law of the PRC* (《中華人民共和國專利法》), the Copyright Law of the PRC* (《中華人民共和國著作權法》), the Trademark Law of the PRC* (《中華人民共和國商標法》), the Trade Marks Ordinance (Chapter 559 of the laws of Hong Kong), the Patent Act of Japan* (Act No. 121 of 1959 (up to the version of Act No. 42 of 2021)) and other laws and regulations.

Complaint Handling

The Group's complaint handling policy is strictly compliant with regulatory standards to ensure that customers' opinions are heard and responded in a timely manner in the PRC, HK and Japan. The Group has established a customer complaint mechanism for customers to raise concerns about any issues related to product quality. The Group will investigate relevant complaints and devise and implement corrective measures to meet customer requirements. During the Reporting Period, 2 (2024: 1) customer complaints regarding identification and appearance defect of the products we recorded in the sales and marketing customer complaint record. The Group promptly conducted an analysis to determine the root cause of the problem and implemented corrective measures to address the issue and ensure that such incidents do not recur. During the Reporting Period, there are no products sold or shipped subjects to recall for safety and health reasons.

Customer Data Protection

The Group regards data privacy and security as a key operating principle. The Group is committed to protecting confidentiality of the personal data of our employees, business partners and other identifiable individuals. We are in strict compliance with the applicable rules and regulations such as the Cybersecurity Law of the PRC* (《中華人民共和國網路安全法》), the Personal Data (Privacy) Ordinance (Chapter 486 of the laws of Hong Kong), and the Act on the Protection of Personal Information of Japan* (Act No. 57 of 2003 (up to the version of Act No. 37 of 2021)).

Product Advertising/Labelling

The Group understands our customers' rights and is committed to providing accurate product and service information for customers in connection with their purchase or consumption decision. The Group requires careful review of advertising material to protect our customers' interest. The Group is committed to providing sufficient and accurate information and product label to customers, and considers that it is an extended responsibility to protect the rights and interests of consumers.

During the Reporting Period, to the best of our directors' knowledge, there was no material noncompliance or violation related to intellectual property, advertising, labelling and privacy.

Anti-Corruption

The Group considers business ethics and integrity as utmost importance in corporate sustainable development and long-term success. Hence, we strictly adhere to all the applicable laws and regulations, including the Anti-Money Laundering Law of the PRC* (《中華人民共和國反洗錢法》), the Anti-Unfair Competition Law of the PRC* (《中華人民共和國反不正當競爭法》), the Anti-Money Laundering and Counter-Terrorist Financing Ordinance (Chapter 615 of the Laws of Hong Kong), the Prevention of Bribery Ordinance (Chapter 201 of the Laws of Hong Kong), the Law on Penalties for the Rectification of Economic Relations of Japan* (Act No. 4 of 1944 (up to the version of Act 2015)), and the Unfair Competition Prevention Act of Japan* (Act No. 47 of 1993 (up to the version of Act No. 33 of 2018)).

The Code of Conduct included in our Human Resources Manual allows our people to understand explicitly on several areas, which include the provisions of anti-bribery and corruption. To ensure the workplace operates in a fair and transparent manner, the Group has set up a whistleblowing policy for employees at all levels, divisions and the stakeholders to raise their concerns about possible improprieties in financial reporting, internal control or any suspected case related to corruption, bribery, misappropriation, collusion and criminal offences within the Group to come forward and voice their issues in order to commit the highest possible standards of openness, probity and accountability. The policies are revised in due course and all directors and employees are reminded with its requirement from time to time. The Group definitely has zero tolerance on bribery and corruption behaviour. Moreover, we have signed cooperation agreements and other documents requiring suppliers to comply with integrity measures over the prevention of bribery, fraud and extortion.

To continuously strengthen the awareness of directors and employees in business ethics and anti-corruption, as part of the internal training conducted by the Group, anti-corruption materials were provided to support all our directors and employees during the Reporting Period aiming to strengthen the identification and prevention of potential corruption risks and enhance the overall compliance level. During the Reporting Period, to the best knowledge of the directors, there was no material non-compliance or violations regarding anti-corruption exercises and no concluded legal case regarding corruption practices were brought against the Group or its employees.

B. SOCIAL ASPECTS *(continued)*

COMMUNITY

Community Investment

The Group is committed to supporting the community by incorporating social participation and contribution in our business development. We believe through community investment, socially responsible corporate culture and practices can be nurtured in the Group. During the Reporting Period, the Group has actively promoted employee-driven social responsibility, encouraging staff to contribute approximately HK\$1,800 (2024: approximately HK\$2,200) in support of Orbis World Sight Day 2025, which highlights our focus on health-related community engagement. The Group will continue to fulfil its social responsibility by supporting charity and community development in the future.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Subject areas, aspects, general disclosures and KPIs	Section

REPORT OF THE DIRECTORS

The directors hereby submit their annual report together with the audited financial statements for the year ended 31 December 2025.

PRINCIPAL PLACE OF BUSINESS

Leadway Technology Investment Group Limited is a company incorporated and domiciled in Cayman Islands and has its registered office at 190 Elgin Avenue, George Town, Grand Cayman, KY1-9008, Cayman Islands and its principal place of business at Units 4108–4110, 41st Floor, Manhattan Place, 23 Wang Tai Road, Kowloon Bay, Hong Kong.

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the Company is investment holding. The Group is principally engaged in financial technology and smart living business. The principal activities and other particulars of the subsidiaries are set out in note 17 to the financial statements. Further discussion and analysis of these activities as required by Schedule 5 to the Hong Kong Companies Ordinance, including a discussion of the principal risks and uncertainties facing the Group and an indication of likely future developments in the Group's business, can be found in the management discussion and analysis set out on pages 5 to 12 of this annual report. This discussion forms part of this report of the directors.

For more details regarding the fair review of the Group's business and performance by reference to environmental and social-related policies, as well as compliance with relevant laws and regulations that have a significant impact on the Group's business and operation can be found in the environmental, social and governance report set out on pages 40 to 103 of this annual report.

RELATIONSHIPS WITH KEY STAKEHOLDERS

Employees are remunerated equitably and competitively. Continuous trading and development opportunities are provided to equip them to deliver their best performance and achieve corporate goals. During the year, our staff continuously pursue training and career development through our training programmes.

The Group places strong emphasis on establishing and maintaining strong and stable business relationship with its customers through its commitment to offer quality products. It also stays connected with customers through customer communication channels to keep abreast of the changing consumer preferences.

The Group uses suppliers that reflects its values and commitment. The Group has policies and procedures to select suppliers who share our social, environment and labour practice standards.

REPORT OF THE DIRECTORS

MAJOR CUSTOMERS AND SUPPLIERS

The information in respect of the Group's sales and purchases attributable to the major customers and suppliers respectively during the financial year is as follows:

	Percentage of the Group's total	
	Sales	Purchases
The largest customer	9%	–
Five largest customers in aggregate	29%	–
The largest supplier	–	21%
Five largest suppliers in aggregate	–	59%

At no time during the year have the directors, their associates or any shareholder of the Company (which to the knowledge to the directors owns more than 5% of the Company's share capital) had any interest in these major customers and suppliers.

The Group keeps effective communication with customers, impresses customers with high quality products and services, and responds promptly to their feedbacks and comments. During the year ended 31 December 2025 and up to the date of this report, the Group maintained good relationship with customers.

The Group keeps a high standard in selecting reputable and reliable suppliers in order to meet our own quality, safety, environmental and product criteria. During the year ended 31 December 2025 and up to the date of this report, the Group maintained good relationship with its suppliers.

CHARITABLE DONATIONS

No charitable donation was made by the Group during the year ended 31 December 2025 (2024: nil).

RESULTS AND APPROPRIATIONS

The loss of the Group for the year ended 31 December 2025 and the state of the Company's and the Group's affairs as at that date are set out in the financial statements on pages 123 to 191.

The directors do not recommend the payment of final dividend for the year ended 31 December 2025 (2024: nil).

REPORT OF THE DIRECTORS

CLOSURE OF REGISTER OF MEMBERS

For the purpose of ascertaining shareholders who are entitled to attend, speak and vote at the annual general meeting to be held on Wednesday, 27 May 2026 (or any adjournment thereof), the register of members of the Company will be closed from Thursday, 21 May 2026 to Wednesday, 27 May 2026, both days inclusive, during which period no transfer of shares will be registered. In order to qualify for the right to attend, speak and vote at the annual general meeting (or any adjournment thereof), all completed transfer forms accompanied by the relevant share certificates must be lodged with the Company's branch share registrar and transfer office in Hong Kong, Computershare Hong Kong Investor Services Limited, at Shops 1712–1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Hong Kong no later than 4:30 p.m. on Wednesday, 20 May 2026.

RESERVES

Details of the movements in the reserves of the Group and the Company during the year are set out in the consolidated statement of change in equity on page 127 and note 25(a) to the financial statements, respectively.

DISTRIBUTABLE RESERVES OF THE COMPANY

At 31 December 2025 and 2024, the Company did not have any distributable reserves, calculated in accordance with the Companies Act, Chapter 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands, includes the Company's share premium which may be distributable provided that immediately following the date on which the dividend is proposed to be distributed.

PROPERTY, PLANT AND EQUIPMENT

Details of the movements in property, plant and equipment of the Group are set out in note 15 to the financial statements.

SHARE CAPITAL

Details of the movements in share capital of the Company during the year are set out in note 25(b) to the financial statements.

REPORT OF THE DIRECTORS

DIRECTORS

The directors who held the office during the year and up to the date of this report are:

Executive Directors

Mr. Mai Zhaoping (*deceased on 27 June 2025*)

Mr. Zhang Xueqin (*Co-Chairman and Chief Executive Officer*)

Ms. Mai Qiqi (*appointed as Co-Chairman on 6 January 2026*)

Mr. Chan Chun Leung

Ms. Xu Tingting

Non-executive Directors

Mr. Mai Ziye

Mr. Lam Chi Wai (*resigned on 18 November 2025*)

Independent Non-executive Directors

Dr. Lin Tat Pang

Mr. Lai Chi Leung

Mr. Zhang Dingfang

In accordance with Article 16.18 of the Company's second amended and restated memorandum and articles of association (the "M&A"), Mr. Chan Chun Leung, Mr. Lai Chi Leung and Mr. Zhang Dingfang will retire by rotation at the forthcoming annual general meeting and being eligible, offer themselves for re-election.

REPORT OF THE DIRECTORS

DIRECTORS' SERVICE CONTRACTS

The executive directors have entered into service agreements with the Company for a term of three years, which may be terminated by not less than three months' notice in writing served by either party to the other.

The non-executive directors have entered into letters of appointment with the Company for a term of two to three years, which may be terminated by not less than three months' notice in writing served by either party to the other.

The independent non-executive directors have entered into letters of appointment with the Company for a term of one to three years, which may be terminated by not less than three months' notice in writing served by other party to the other.

The current period of the service agreements or letters of appointment are as follows:

Name of director	Period
Mr. Zhang Xueqin	4 February 2025 to 3 February 2028
Ms. Mai Qiqi	7 March 2025 to 6 March 2028
Mr. Chan Chun Leung	7 March 2025 to 6 March 2028
Ms. Xu Tingting	4 February 2025 to 3 February 2028
Mr. Mai Ziyue	7 March 2025 to 6 March 2028
Dr. Lin Tat Pang	22 December 2025 to 21 December 2027
Mr. Lai Chi Leung	4 February 2026 to 3 February 2027
Mr. Zhang Dingfang	4 February 2026 to 3 February 2027
Mr. Gu Tianlong	7 March 2026 to 6 March 2027

None of the directors has a service contract with the Company which is not determinable by the Company within one year without payment of compensation (other than statutory compensation).

REPORT OF THE DIRECTORS

DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS AND SHORT POSITIONS IN SHARES, UNDERLYING SHARES AND DEBENTURES

As at 31 December 2025, the interests and short positions of the directors and chief executive of the Company in the shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the SFO, pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests or short positions which they are taken or deemed to have under such provisions of the SFO), or which were required, pursuant to Section 352 of the SFO, to be entered in the register referred to therein, or which were required to be notified to the Company and the Stock Exchange pursuant to the Model Code were as follows:

Long positions in the shares of the Company

Name of director	Note	Capacity	Total number of shares held	Approximate percentage of the Company's issued share capital as at 31 December 2025
Mr. Mai Zhaoping (deceased) (麥照平先生)	(i), (ii)	Interest in controlled corporation	239,215,679	74.85%
Mr. Zhang Xueqin (張學勤先生)	(i)	Interest in controlled corporation	239,215,679	74.85%
		Beneficial owner	250,000	0.09%
Ms. Xu Tingting (許婷婷女士)		Beneficial owner	235,000	0.07%

Note:

- (i) Mr. Mai Zhaoping (deceased) and Mr. Zhang Xueqin are parties acting in concert pursuant to an acting in concert deed dated 12 January 2022.
- (ii) Mr. Mai Zhaoping passed away on 27 June 2025 and his interest in the shares of the Company forms part of his estate to the best knowledge of the Group.

Save as disclosed above, as at 31 December 2025, to the best knowledge of the directors of the Company, none of the directors or their associates had any personal, family, corporate or other interests or short positions in any shares, underlying shares or debentures of the Company or any of its associated corporations (within the meaning of Part XV of the SFO), which would have to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests or short positions which they are taken or deemed to have under such provisions of the SFO), or which were required, pursuant to Section 352 of the SFO, to be entered in the register referred to therein, or which were required to be notified to the Company and the Stock Exchange pursuant to the Model Code.

REPORT OF THE DIRECTORS

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

At no time during the year were rights to acquire benefits by means of the acquisition of shares in or debentures of the Company granted to any directors or their respective spouse or children under 18 years of age, or were any such rights exercised by them, or was the Company, its holding company, or any of its subsidiaries and fellow subsidiaries a party to any arrangement to enable the directors to acquire such rights in any other body corporate.

SUBSTANTIAL SHAREHOLDERS' AND OTHER PERSONS' INTERESTS AND SHORT POSITIONS IN SHARES AND UNDERLYING SHARES

As at 31 December 2025, so far as is known to the directors or chief executive of the Company, the following shareholders (excluding directors and chief executive of the Company) had interests and short positions of 5% or more in the shares and underlying shares of the Company as recorded in the register of interests required to be kept by the Company pursuant to Section 336 of the SFO.

Name of shareholder	Notes	Capacity	Long position in ordinary shares of HK\$0.10 each	
			Total number of shares held	Approximate percentage of the Company's issued share capital as at 31 December 2025
Leadway Development Limited ("Leadway Development")	(i)	Beneficial owner	238,889,669	74.75%
Mars Development Limited	(i)	Interest in controlled corporation	239,215,679	74.85%
Mars Enterprise Holdings Limited	(i)	Interest in controlled corporation	239,215,679	74.85%
Megacore Development Limited	(i)	Interest in controlled corporation	239,215,679	74.85%
Megacore International Innovation Limited	(i)	Interest in controlled corporation	239,215,679	74.85%
Zhong Zhao Investment Holdings Limited (中兆投資控股有限公司)	(i)	Interest in controlled corporation	239,215,679	74.85%

REPORT OF THE DIRECTORS

SUBSTANTIAL SHAREHOLDERS' AND OTHER PERSONS' INTERESTS AND SHORT POSITIONS IN SHARES AND UNDERLYING SHARES (continued)

Name of shareholder	Notes	Capacity	Long position in ordinary shares of HK\$0.10 each	
			Total number of shares held	Approximate percentage of the Company's issued share capital as at 31 December 2025
Premium Financial Limited (永寶物業按揭有限公司)	(ii)	Security interest	238,889,669	74.75%
Sun Speed Holdings Limited (日迅控股有限公司)	(ii)	Security interest in controlled corporation	238,889,669	74.75%
Mr. Qiu Yong (邱用先生)	(ii)	Security interest in controlled corporation	238,889,669	74.75%

Notes:

- (i) Leadway Development is held as to 60% by Mars Development Limited and 40% by Megacore Development Limited. Mars Development Limited is held as to 100% by Mars Enterprise Holdings Limited which in turn is held as to 100% by Mr. Mai Zhaoping (deceased). Megacore Development Limited is held as to 100% by Megacore International Innovation Limited which in turn is held as to 100% by Zhong Zhao Investment Holdings Limited. Zhong Zhao Investment Holdings Limited is held as to 100% by Mr. Zhang Xueqin. Mr. Mai Zhaoping (deceased) and Mr. Zhang Xueqin are parties acting in concert pursuant to the Deed of Concert Parties. Mars Development Limited, Mars Enterprise Holdings Limited, Mr. Mai Zhaoping (deceased), Megacore Development Limited, Megacore International Innovation Limited, Zhong Zhao Investment Holdings Limited and Mr. Zhang Xueqin are therefore deemed to be interested in shares held by Leadway Development under the SFO.
- (ii) On 27 August 2019, Leadway Development, the controlling shareholder (as defined in the Listing Rules) of the Company entered into a share charge agreement with Premium Financial Limited, pursuant to which Leadway Development agreed to pledge 238,889,669 shares in the issued share capital of the Company in favour of Premium Financial Limited, for the purpose of securing a loan granted by independent third parties of the Company to Leadway Development.

Therefore, the records in the register to be kept under section 336 of the SFO were updated that (i) Premium Financial Limited, Sun Speed Holdings Limited and Mr. Qiu Yong are interested in 238,889,669 shares as security interest; and (ii) interest in 238,889,669 shares held by Leadway Development, Mars Development Limited, Mars Enterprise Holdings Limited, Mr. Mai Zhaoping (deceased), Megacore Development Limited, Megacore International Innovation Limited, Zhong Zhao Investment Holdings Limited and Mr. Zhang Xueqin were provided as security to a person other than a qualified lender.

REPORT OF THE DIRECTORS

SUBSTANTIAL SHAREHOLDERS' AND OTHER PERSONS' INTERESTS AND SHORT POSITIONS IN SHARES AND UNDERLYING SHARES *(continued)*

Save as disclosed above, as at 31 December 2025 and to the best knowledge of the directors and chief executive of the Company, no person had an interest or short position in the shares or underlying shares of the Company as recorded in the register of interests required to be kept under Section 336 of the SFO.

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENT OR CONTRACTS OF SIGNIFICANCE

There was no transactions, arrangements or contracts of significance in relation to the Group's business to which the Company, its subsidiaries, its fellow subsidiaries or its holding companies was a party and in which a director of the Company or his connected entities had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

DIRECTORS' INTERESTS IN COMPETING BUSINESS

Based on the information available to the Company and within the knowledge and belief of the directors of the Company, none of the directors of the Company have any interests in a business which competes or may compete with the business of the Group during the year.

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

During the year, neither the Company nor its subsidiaries purchased, sold or redeemed any of the Company's listed shares.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the M&A of the Company or the laws of Cayman Islands which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

PERMITTED INDEMNITY PROVISION

The M&A of the Company provides that every director shall be indemnified out of the assets of the Company against all losses or liability incurred or sustained by him or her as a director in defending any proceedings, whether civil or criminal, in which judgment is given in his favour, or in which he is acquitted. Throughout the year and up to the date of this report, the Company has taken out insurance against the liabilities and costs associated with defending any proceedings which may be brought against the directors of the Company and its subsidiaries.

BANK LOAN AND OTHER BORROWING

There is no outstanding balance of bank loan and other borrowing as at 31 December 2025 (2024: nil).

REPORT OF THE DIRECTORS

FINANCIAL SUMMARY

A summary of the results and of the assets and liabilities of the Group for the last five financial years is set out on page 192 of this annual report.

EQUITY-LINKED AGREEMENTS

No equity-linked agreements were entered into during the year or subsisted at the end of the year.

REMUNERATION POLICIES

Remuneration policies and packages for the Group's employees are based on individual qualifications, performance, experience and conditions prevailing in the industry. In addition, various training sessions are offered to employees to enhance their product and market knowledge. The remuneration of directors is determined according to their expertise, knowledge, and contributions to the Group with reference to the Group's profitability and the prevailing market conditions.

EMPLOYEE RETIREMENT PLANS

Particulars of employee retirement plans of the Group are set out in note 14 to the financial statements.

CONTINUING CONNECTED TRANSACTIONS

Lease and related agreements

During the Year, the Group had the following continuing connected transaction which was subject to reporting, annual review and announcement but was exempted from independent Shareholders' approval and circular requirements pursuant to Rule 14A.76(2)(b) of the Listing Rules:

On 20 August 2024, 龍傑智慧科技(廣東)有限公司 ("ACS Guangdong") (an indirect wholly-owned subsidiary of the Company) and 廣東中兆實業集團有限公司 ("Zhong Zhao") is entered into a cooperation agreement (the "Cooperation Agreement") pursuant to which the parties agreed to collaborate to jointly develop a smart technology project on the premises to promote contactless reader, financial technology and smart living solutions eco-system for a term of three years from 1 September 2024 to 31 August 2027 (both dates inclusive).

Pursuant to the Cooperation Agreement, Zhong Zhao shall provide office spaces and venues at the premises for free as requested from time to time by ACS Guangdong for its production and operation. Zhong Zhao shall also provide support to ACS Guangdong on its production operation and business development, including but not limited to, talent recruitment, government preferential policy support, peripheral supporting activities, and resource integration. In return, ACS Guangdong shall pay a service fee to Zhong Zhao on a revenue sharing basis in an amount representing 10% of the operating revenue of ACS Guangdong, payable every three months. ACS Guangdong shall also pay a prepayment in the amount of RMB3,000,000 to Zhong Zhao within five business days after signing of the Cooperation Agreement.

REPORT OF THE DIRECTORS

CONTINUING CONNECTED TRANSACTIONS *(continued)*

Lease and related agreements *(continued)*

The proposed Annual Cap on the aggregate service fee of the Cooperation Agreement for each of the three years ending 31 August 2027 shall not exceed 5,000,000, 7,000,000 and 9,000,000, respectively. The service fee (on an aggregate basis within 12 months) shall be less than HK\$10,000,000.

As at the date of this annual report, Zhong Zhao is owned as to 90% by Mr. Zhang, one of the ultimate controlling shareholders of the Company and the executive Director. Mr. Zhang is a connected person of the Company under Rule 14A.07(1) of the Listing Rules. As such, Zhong Zhao is an associate of a connected person. Accordingly, the transaction contemplated under the Cooperation Agreement constitutes a continuing connected transaction of the Company.

As one or more of the applicable percentage ratios (as defined under Rule 14.07 of the Listing Rules) in respect of the transaction contemplated under the Cooperation Agreement is more than 5% but less than 25% and the total consideration (in respect of the Annual Cap) is less than HK\$10,000,000, the Cooperation Agreement is subject to reporting, annual review and announcement requirements, but is exempted from independent Shareholders' approval and circular requirements pursuant to Rule 14A.76(2) (b) of the Listing Rules. Further details of the continuing connected transaction are set out in the Company's announcement dated 20 August 2024.

Pursuant to rule 14A.55 of the Listing Rules, the above continuing connected transactions have been reviewed by the independent non-executive Directors, who confirmed that these continuing connected transactions were entered into:

- (i) in the ordinary and usual course of business of the Group;
- (ii) on normal commercial terms or better; and
- (iii) according to relevant agreements governing them on terms that were fair and reasonable and in the interests of the shareholders of the Company as a whole.

Pursuant to rule 14A.56 of the Listing Rules, the Company's auditor was engaged to report on the Group's the connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits and Reviews of Historical Financial Information" and with reference to Practice Note 740 (Revised) "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants.

REPORT OF THE DIRECTORS

CONTINUING CONNECTED TRANSACTIONS *(continued)*

Lease and related agreements *(continued)*

The auditor has issued a letter to the Board containing a conclusion that the continuing connected transactions disclosed by the Group above involve no non-compliance with Rule 14A.56 of Listing Rule. The auditor's letter has confirmed that nothing has come to their attention that causes them to believe that the continuing connected transactions:

- (i) have not been approved by the Board;
- (ii) were not, in all material respects, in accordance with the pricing policies of the Group where the transactions involve the provision of goods or services by the Group;
- (iii) were not entered into, in all material respects, in accordance with the relevant agreements governing the continuing connected transactions; and
- (iv) have exceeded their respective annual caps for the financial year ended 31 December 2025 set by the Company.

For further details, please refer to note 27(a) to the financial statements.

PUBLIC FLOAT

Based on the information publicly available and to the best information and knowledge of the directors, the Company had maintained the prescribed public float as required under the Listing Rules during the year ended 31 December 2025.

ENVIRONMENTAL POLICY

The Group is committed to create a business that contributes to global efforts in environmental care and sustainability. A further discussion of the environmental policies of the Group can be found in the environmental, social and governance report set out in pages 40 to 103 of this annual report. The discussion forms part of this report of the directors.

COMPLIANCE WITH LAWS AND REGULATIONS

During the year, there was no material breach of or non-compliance with the applicable laws and regulations by the Group.

REPORT OF THE DIRECTORS

AUDITORS

KPMG resigned as auditor of the Company on 6 November 2024. McMillan Woods (Hong Kong) CPA Limited (“McMillan Woods”) was appointed as auditor of the Company on 6 November 2024. For details, please refer to the announcement of the Company dated 6 November 2024.

The consolidated financial statements of the Group for the year ended 31 December 2025 were audited by McMillan Woods, who will retire at the forthcoming annual general meeting and, being eligible, offer itself for re-appointment. A resolution for the re-appointment of McMillan Woods as auditor of the Company will be proposed at the forthcoming annual general meeting.

By order of the Board

Zhang Xueqin
Executive Director

26 March 2026

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of
Leadway Technology Investment Group Limited
(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Leadway Technology Investment Group Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 123 to 191, which comprise the consolidated statement of financial position as at 31 December 2025, and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2025, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (the "HKSAs") as issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), as applicable to audits of financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTER

Key audit matter is the matter that, in our professional judgement, was of most significance in our audit of the consolidated financial statements of the current period. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. The key audit matter we identified is impairment of development costs capitalised as intangible assets.

Impairment of development costs capitalised as intangible assets

Reference to the material accounting policy information in notes 4(e) and 4(g)(ii), key sources of estimation uncertainty in note 5(a) and the relevant disclosures of intangible assets in note 16 to the consolidated financial statements.

Key Audit Matter

The costs incurred in the development of the Group's smart card products are capitalised as intangible assets. The carrying amount of the Group's development costs capitalised as intangible assets was approximately HK\$8,091,000 as at 31 December 2025. During the year ended 31 December 2025, an impairment loss on intangible assets of approximately HK\$422,000 has been made following the management's impairment assessment.

Management performs an impairment assessment of its capitalised development costs on a project-by-project basis by identifying if there are any projects with indicators of possible impairment, which include a shortfall of revenue generated from the respective projects as compared to management's forecasts, and changes in technology which may render the products obsolete or result in reduced sales opportunities.

How the matter was addressed in our audit

Our audit procedures on the impairment of development costs capitalised as intangible assets included the followings:

- assessing and challenging the impairment assessment model, which included evaluating the indicators of possible impairment identified by management and assessing whether the impairment assessment was prepared in accordance with the requirements of the relevant HKFRS Accounting Standards;
- with the assistance of auditor's expert, challenging the key assumptions and critical judgements adopted by management in the discounted cashflow forecast by comparing the significant inputs, which included future revenue and profit margins of the individual projects, with the historical performance and the financial budgets of the individual projects approved by management;

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTER *(continued)*

Impairment of development costs capitalised as intangible assets *(continued)*

Key Audit Matter

For those projects for which an indicator of possible impairment was identified or subject to annual impairment testing, its recoverable amount, being the value in use as determined by the management, was compared to the carrying amount of individual development costs against the respective discounted cashflow forecast of the project to determine the amount of impairment which should be recognised, if any.

Management is required to exercise significant judgements in estimating the future revenue and profit margins of the individuals projects and the pre-tax discount rate used in discounted cashflow forecast. The technology industry is dynamic and the reception of the market to the Group's products involves inherent uncertainties.

We have identified the impairment of development costs capitalised as intangible assets as a key audit matter because the amount is significant to the consolidated financial statements as a whole and the determination of the level of impairment involves a significant degree of management's judgements in estimating the recoverable amounts of the projects which are inherently uncertain and could be subject to management bias.

How the matter was addressed in our audit

- with the assistance of auditor's expert, assessing the appropriateness of the pre-tax discount rate used in the discounted cashflow forecasts by benchmarking against those of other similar companies in the same industry;
- enquiring of the Group's management about any expected changes in market demand and technological advances which may reduce the expected cashflows to be generated by the developed technology; and
- evaluating the adequacy of disclosure in respect of the impairment in the consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS AND AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors of the Company determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee assists the directors of the Company in discharging their responsibilities for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Company.
- Conclude on the appropriateness of the Company's directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(continued)*

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matter communicated with the Audit Committee, we determine the matter that was of most significance in the audit of the consolidated financial statements of the current period and is therefore the key audit matter. We describe this matter in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

1. GENERAL INFORMATION

Leadway Technology Investment Group Limited (the “Company”) was incorporated in the Cayman Islands on 13 April 2000 as an exempted company with limited liability under the Companies Law (Revised) of the Cayman Islands. Its registered office is located at 190 Elgin Avenue, George Town, Grand Cayman, KY1-9008, Cayman Islands and its principal place of business is at Units 4108–4110, 41st Floor, Manhattan Place, 23 Wang Tai Road, Kowloon Bay, Hong Kong.

The Company is an investment holding company. The principal activities of the subsidiaries of the Company (together with the subsidiaries collectively referred to as the “Group”) are set out in note 17.

At 31 December 2025, the directors of the Company considered the immediate parent of the Company to be Leadway Development Limited, which is incorporated in the Cayman Islands.

2. BASIS OF PREPARATION

These consolidated financial statements have been prepared in accordance with all applicable HKFRS Accounting Standards, which collective term includes all applicable individual Hong Kong Financial Reporting Standards (“HKFRSs”), Hong Kong Accounting Standards (“HKASs”) and Interpretations (“Ints”) as issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”). These consolidated financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) and with the disclosure requirements of the Hong Kong Companies Ordinance.

The HKICPA has issued certain new and amendments to HKFRS Accounting Standards and Ints that are first effective or available for early adoption for the current accounting period of the Group. Note 3 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

3. APPLICATION OF NEW AND AMENDMENTS TO HKFRS ACCOUNTING STANDARDS

(a) Amendments to HKFRS Accounting Standards that are mandatorily effective for the current year

The Group has applied the following amendments to HKFRS Accounting Standards as issued by the HKICPA for the first time, which are mandatorily effective for the annual period beginning on or after 1 January 2025 for the preparation of these consolidated financial statements:

Amendments to HKAS 21 and HKFRS 1 – Lack of Exchangeability

The application of the above amendments to HKFRS Accounting Standards in the current year has had no material impact on the Group's consolidated financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements of the Group.

(b) New and amendments to HKFRS Accounting Standards in issue but not yet effective

Up to the date of issue of these consolidated financial statements, the HKICPA has issued a number of new standards and amendments to standards and Int, which are not effective for the year ended 31 December 2025 and which have not been adopted in these consolidated financial statements. The Group has not early applied the followings which may be relevant to the Group:

	Effective for accounting periods beginning
Amendments to HKFRS 9 and HKFRS 7 – Contracts Referencing Nature-dependent Electricity	1 January 2026
Amendments to HKFRS 9 and HKFRS 7 – Classification and Measurement of Financial Instruments	1 January 2026
Annual Improvements to HKFRS Accounting Standards – Volume 11	1 January 2026
Amendments to HKAS 21 – Translation to a Hyperinflationary Presentation Currency	1 January 2027
HKFRS 18 – Presentation and Disclosure in Financial Statements	1 January 2027
Amendments to HK Int 5 – Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause	1 January 2027
Amendments to HKFRS 10 and HKAS 28 – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined by the HKICPA

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

3. APPLICATION OF NEW AND AMENDMENTS TO HKFRS ACCOUNTING STANDARDS *(continued)*

(b) New and amendments to HKFRS Accounting Standards in issue but not yet effective *(continued)*

The directors of the Company are in the process of making an assessment of what the impacts of these new standard, amendments to standards and Int are expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements except for the new HKFRS Accounting Standard mentioned below:

HKFRS 18 “Presentation and Disclosure in Financial Statements”

HKFRS 18 will replace HKAS 1 “Presentation of Financial Statements”, introducing new requirements that will help to achieve comparability of the financial performance of similar entities and provide more relevant information and transparency to users. Even though HKFRS 18 will not impact the recognition or measurement of items in the consolidated financial statements, HKFRS 18 introduces significant changes to the presentation of financial statements, with a focus on information about financial performance present in the statement of profit or loss, which will affect how the Group present and disclose consolidated financial performance in the consolidated financial statements.

The new accounting standard introduces the following key new requirements:

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present a newly-defined operating profit subtotal. Entities’ net profit will not change.
- Management-defined performance measures (“MPMs”) are disclosed in a single note in the financial statements.
- Enhanced guidance is provided on how to group information in the financial statements.

In addition, all entities are required to use the operating profit subtotal as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

3. APPLICATION OF NEW AND AMENDMENTS TO HKFRS ACCOUNTING STANDARDS (continued)

(b) New and amendments to HKFRS Accounting Standards in issue but not yet effective (continued)

HKFRS 18 "Presentation and Disclosure in Financial Statements" (continued)

The Group is currently assessing the impact of HKFRS 18, with respect to the structure of the Group's consolidated statement of profit or loss, the consolidated statement of cash flows and the additional disclosures required for MPMs. The Group is also assessing the impact on how information is grouped in the consolidated financial statements. Preliminary assessments indicate the following key impacts:

- The Group will need to reclassify certain income and expense items (e.g., interest income on certain investments and foreign exchange gains/losses) into the new categories, namely investing and financing categories.
- The Group disclosed certain MPMs (e.g., adjusted operating profits and adjusted EBITDA) in its results announcements and the annual report. Under HKFRS 18, this will likely require additional disclosure for the MPMs within the notes to the consolidated financial statements.
- The consolidated statement of cash flows will also be impacted, as the operating profit subtotal will be the required starting point for the indirect method.

Amendments to HKFRS 9 and HKFRS 7 – Amendments to the Classification and Measurement of Financial Instruments

The HKICPA issued targeted amendments to HKFRS 9 and HKFRS 7 to respond to recent questions arising in practice, and to include new requirements not only for financial institutions but also for corporate entities. These amendments:

- clarify the date of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system;
- clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest criterion;

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

3. APPLICATION OF NEW AND AMENDMENTS TO HKFRS ACCOUNTING STANDARDS (continued)

(b) New and amendments to HKFRS Accounting Standards in issue but not yet effective (continued)

Amendments to HKFRS 9 and HKFRS 7 – Amendments to the Classification and Measurement of Financial Instruments (continued)

- add new disclosures for certain instruments with contractual terms that can change cash flows (such as some financial instruments with features linked to the achievement of environment, social and governance targets); and
- update the disclosures for equity instruments designated at fair value through other comprehensive income.

The application of the amendments is not expected to have significant impact on the consolidated financial position and performance of the Group.

4. MATERIAL ACCOUNTING POLICY INFORMATION

These consolidated financial statements have been prepared under the historical cost basis as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

The preparation of these consolidated financial statements in conformity with HKFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to these consolidated financial statements are disclosed in Note 5.

The material accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(a) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

A subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see note 4(g)(ii)), unless the investment is classified as held for sale (or included in a disposal group that is classified as held for sale).

(b) Foreign currency translation

(i) *Functional and presentation currency*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the Company's functional and presentation currency.

(ii) *Transactions and balances in each entity's financial statements*

Transactions in foreign currencies are translated into the functional currency on initial recognition using the exchange rates prevailing on the transaction dates. Monetary assets and liabilities in foreign currencies are translated at the exchange rates at the end of each reporting period. Gains and losses resulting from this translation policy are recognised in profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(b) Foreign currency translation *(continued)*

(ii) *Transactions and balances in each entity's financial statements (continued)*

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. The transaction date is the date on which the company initially recognises such non-monetary assets or liabilities. Non-monetary items that are measured at fair value in foreign currencies are translated using the exchange rates at the dates when the fair values are determined.

When a gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is recognised in other comprehensive income. When a gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is recognised in profit or loss.

(iii) *Translation on consolidation*

The results and financial position of all foreign operations (none of which has the currency of hyperinflationary economy) that have a functional currency different from the Company's presentation currency are translated into the Company's presentation currency as follows:

- Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- Income and expenses are translated at average exchange rates for the period (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the exchange rates on the transaction dates); and
- All resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange reserve.

On consolidation, exchange differences arising from the translation of monetary items that form part of the net investment in foreign entities are recognised in other comprehensive income and accumulated in the exchange reserve. When a foreign operation is sold, such exchange differences are reclassified to consolidated profit or loss as part of the gain or loss on disposal.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(c) Investments in debt securities

Investments in debt securities are recognised/derecognised on the date the Group commits to purchase/sell the investment or upon maturity. Investment in debt securities are initially stated at fair value plus directly attributable transaction costs. These investments are subsequently accounted for as follows:

If the contractual cash flows of the debt securities held by the Group represent solely payments of principal and interest, the debt securities would be classified as amortised cost, as the Group does not invest in such instruments other than principally to collect those contractual cash flows. Interest income from investments carried at amortised cost is calculated using the effective interest method (see note 4(p)(iii)).

(d) Property, plant and equipment

The following items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses (see note 4(g)(ii)):

- right-of-use assets arising from leases over leasehold properties where the Group is not the registered owner of the property interest; and
- plant and equipment.

Items may be produced while bringing property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management. The proceeds from selling any such items and the related costs are recognised in profit or loss.

Gains or losses arising from the retirement or disposal of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(d) Property, plant and equipment *(continued)*

Depreciation is calculated to write off the cost of property, plant and equipment, less their estimated residual values, if any, using the straight line method over their estimated useful lives as follows:

– Properties leased for own use and classified as right-of-use assets	Over the lease terms
– Leasehold improvements	Over the lease terms
– Furniture and fixtures	4 years
– Computer and office equipment	4 years
– Mould	4 years
– Motor vehicles	4 years

Both the useful life of an asset and its residual value, if any, are reviewed annually.

(e) Intangible assets

Expenditure on research activities is recognised as an expense in the period in which it is incurred. Expenditure on development activities is capitalised if the product or process is technically and commercially feasible and the Group has sufficient resources and the intention to complete development. The expenditure capitalised includes the costs of materials, direct labour, and an appropriate proportion of overheads and borrowing costs, where applicable. Capitalised development costs are stated at cost less accumulated amortisation and impairment losses (see note 4(g)(ii)). Other development expenditure is recognised as an expense in the period in which it is incurred.

Amortisation of intangible assets with finite useful lives is charged to profit or loss on a straight-line basis over the assets' estimated useful lives. The following intangible assets with finite useful lives are amortised from the date they are available for use and their estimated useful lives are as follows:

– Development costs	4 years
---------------------	---------

Both the period and method of amortisation are reviewed annually.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(f) Leased assets

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months or less and leases of low-value assets. When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. Where applicable, the cost of the right-of-use assets also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, discounted to their present value, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses (see notes 4(d) and 4(g)(ii)).

The Group presents right-of-use assets in the financial statement item "property, plant and equipment".

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(f) Leased assets *(continued)*

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Group will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The lease liability is also remeasured when there is a change in the scope of a lease or the consideration for a lease that is not originally provided for in the lease contract ("lease modification") that is not accounted for as a separate lease. In this case the lease liability is remeasured based on the revised lease payments and lease term using a revised discount rate at the effective date of the modification.

In the consolidated statement of financial position, the current portion of long-term lease liabilities is determined as the present value of contractual payments that are due to be settled within twelve months after the reporting period.

(g) Credit losses and impairment of assets

(i) *Credit losses from financial instruments*

The Group recognises a loss allowance for expected credit losses ("ECLs") on the financial assets measured at amortised cost (including cash and cash equivalents, trade and other receivables and other financial assets).

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

The expected cash shortfalls of fixed-rate financial assets and trade and other receivables are discounted using the effective interest rate determined at initial recognition or an approximation thereof where the effect of discounting is material.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(g) Credit losses and impairment of assets *(continued)*

(i) *Credit losses from financial instruments (continued)*

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the end of the reporting period; and
- lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs. ECLs on these financial assets are estimated using a provision matrix based on the group's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the end of the reporting period.

For all other financial instruments, the Group recognises a loss allowance equal to 12-month ECLs unless there has been a significant increase in credit risk of the financial instrument since initial recognition, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(g) Credit losses and impairment of assets *(continued)*

(i) *Credit losses from financial instruments (continued)*

Significant increase in credit risk

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the end of the reporting period with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is over 1 year past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(g) Credit losses and impairment of assets *(continued)*

(i) *Credit losses from financial instruments (continued)*

Significant increase in credit risk *(continued)*

ECLs are remeasured at the end of the reporting period to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Basis of calculation of interest income

Interest income recognised in accordance with note 4(p)(iii) is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset.

At the end of the reporting period, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(g) Credit losses and impairment of assets *(continued)*

(i) *Credit losses from financial instruments (continued)*

Write-off policy

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

(ii) *Impairment of other non-current assets*

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment, including right-of-use assets;
- intangible assets (except for the intangible assets not yet available for use); and
- investments in subsidiaries in the Company's statement of financial position.

If any such indication exists, the asset's recoverable amount is estimated.

Intangible assets not yet available for use are tested for impairment at least annual, and whether there is an indication that they may be impaired.

- Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(g) Credit losses and impairment of assets *(continued)*

(ii) *Impairment of other non-current assets (continued)*

- Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

- Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years.

Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(h) Contract liabilities

A contract liability is recognised when the customer pays non-refundable consideration before the Group recognises the related revenue (see note 4(p)). A contract liability would also be recognised if the Group has an unconditional right to receive non-refundable consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see note 4(j)).

When the contract includes a significant financing component, the contract balance includes interest accrued under the effective interest method (see note 4(p)(iii)).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(i) Inventories

Inventories are carried at the lower of cost and net realisable value.

Cost is calculated using the weighted average cost formula and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

(j) Trade, bills and other receivables

A receivable is recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Group has an unconditional right to receive consideration, the amount is presented as a contract asset.

Receivables are stated at amortised cost using the effective interest method less allowance for ECLs (see note 4(g)(i)).

(k) Other financial assets

Other financial assets are classified at amortised cost in accordance with note 4(c).

(l) Trade and other payables

Trade and other payables are initially recognised at fair value. Trade and other payables are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(m) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Cash and cash equivalents are assessed for ECLs in accordance with the policy set out in note 4(g)(i).

(n) Employee benefits

Short-term employee benefits and contributions to defined contribution retirement plans

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(o) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable profit for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years. Taxable profit differs from profit/(loss) before tax as reported in the consolidated statement of profit or loss because it exclude items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(o) Income tax *(continued)*

Apart from certain limited exceptions, all deferred tax liabilities and all deferred tax assets, to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit (provided they are not part of a business combination), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

Additional income taxes that arise from the distribution of dividends are recognised when the liability to pay the related dividends is recognised.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(o) Income tax *(continued)*

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 requirements to right-of-use assets and lease liabilities separately. The Group recognises a deferred tax asset related to lease liabilities to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised and a deferred tax liability for all taxable temporary differences.

(p) Revenue and other income

Income is classified by the Group as revenue when it arises from the sale of goods and the provision of services in the ordinary course of the Group's business.

Revenue is recognised when control over a product or service is transferred to the customer, at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

4. MATERIAL ACCOUNTING POLICY INFORMATION *(continued)*

(p) Revenue and other income *(continued)*

Further details of the Group's revenue and other income recognition policies are as follows:

(i) *Sale of goods*

Revenue from the sales of goods (including smart card products, software and hardware) is recognised when customer takes possession of and accepts the products. If the products are a partial fulfilment of a contract covering other goods and/or services, then the amount of revenue recognised is an appropriate proportion of the total transaction price under the contract, allocated between all the goods and services promised under the contract on a relative standalone selling price basis.

(ii) *Provision of services*

Revenue from provision of maintenance service is recognised over the agreed service period. Revenue from provision of other services is recognised when the related services are rendered.

(iii) *Interest income*

Interest income is recognised as it accrues using the effective interest method. Using the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset.

(iv) *Design fee income*

The Group provides design services to customers, and the revenue is recognised at a point in time. The design fee is charged when the relevant design of products arrangement activities are completed.

(v) *Other practical expedients applied*

In addition, the company has applied the following practical expedients:

- For sales contracts that had an original expected duration of one year or less, the Group has not disclosed the information related to the aggregated amount of the transaction price allocated to the remaining performance obligations in accordance with paragraph 121(a) of HKFRS 15.

(q) Government grants

A government grant is recognised when there is reasonable assurance that the Group will comply with the conditions attaching to it and that the grant will be received.

Government grants that become receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

5. KEY SOURCES OF ESTIMATION UNCERTAINTY

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(a) Impairment of development costs capitalised as intangible assets

If circumstances indicate that the carrying values of the development costs may not be recoverable, the assets may be considered “impaired”, and an impairment loss may be recognised in accordance with HKAS 36 *Impairment of Assets*. Under HKAS 36, these assets are tested for impairment (i) whenever events or changes in circumstances indicate that their recorded carrying amounts may not be recoverable; or (ii) annually for the intangible assets not yet available for use. When such a decline has occurred, the carrying amount is reduced to the recoverable amount. The recoverable amount is the greater of its fair value less costs of disposal and the value in use. In determining the value in use, expected cash flows generated by the asset are discounted to their present values, which requires significant judgements and estimates relating to future revenue, profit margin and the pre-tax discount rate. The Group uses all readily available information in determining an amount that is a reasonable approximation of recoverable amount. However, actual revenue, profit margin and pre-tax discount rate may be different from assumptions which may require a material adjustment to the carrying amount of the assets affected.

As at 31 December 2025, the carrying amount of intangible assets was approximately HK\$8,091,000 (2024: HK\$8,170,000) and impairment loss of approximately HK\$422,000 (2024: Nil) was recognised during the year ended 31 December 2025.

(b) Allowance for ECLs of trade and bills receivables

The allowance for ECLs trade and bills receivables is based on assumptions about risk of default and expected loss rates. The Group use judgements and estimates in making these assumptions and selecting the inputs to the impairment calculation, based on the Group’s past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

As at 31 December 2025, the carrying amount of trade and bills receivables was approximately HK\$12,823,000 (net of allowance for ECLs of approximately HK\$1,427,000) (2024: HK\$15,133,000 (net of allowance for ECLs of approximately HK\$4,153,000)).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

5. KEY SOURCES OF ESTIMATION UNCERTAINTY *(continued)*

(c) Allowance for slow-moving inventories

Allowance for slow-moving inventories is made based on the estimated net realisable value of inventories. The assessment of the allowance amount involves judgement and estimates exercised by the Group. Where the actual outcome in future is different from the original estimate, such difference will impact the carrying value of inventories and write-down of inventories in the period in which such estimate has been changed.

As at 31 December 2025, the carrying amount of inventories was approximately HK\$21,852,000 (2024: HK\$25,047,000). Write-down of inventories of approximately HK\$64,000 (2024: reversal of write-down of inventories of approximately HK\$80,000) was recognised during the year ended 31 December 2025.

(d) Income taxes

The Group is subject to income taxes in various jurisdictions. As certain matters relating to income taxes have not been confirmed by the tax bureau, objective estimates and judgements based on currently enacted tax laws, regulations and other related polices are required in determining the provision for income tax. Where the final amounts are different from the amounts originally recorded, the difference will impact the income tax and tax provisions in the period in which the differences are realised.

During the year ended 31 December 2025, income tax expenses of approximately HK\$17,000 was charged to profit or loss (2024: Nil) based on the estimated profit from the Group's operation. Further details are disclosed in Note 9.

(e) Deferred tax assets

As at 31 December 2025, no deferred tax asset has been recognised on certain estimated unused tax losses due to the unpredictability of future profit streams. The realisability of the deferred tax asset mainly depends on whether sufficient future profits or taxable temporary differences will be available in the future. In cases where the actual future profits generated are different than expected, a material recognition of deferred tax assets may arise, which would be recognised in profit or loss for the period in which such a reversal takes place.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

6. REVENUE AND SEGMENT REPORTING

(a) Revenue

The principal activities of the Group are the development, sales and distribution of smart card products, software and hardware and provision of smart card related services.

(i) Disaggregation of revenue

	2025 HK\$'000	2024 HK\$'000
Revenue from contracts with customers within the scope of HKFRS 15		
Development, sales and distribution of smart card products	90,848	100,076
Provision of smart card related services	648	211
	<u>91,496</u>	<u>100,287</u>
Disaggregated by timing of revenue recognition		
– At a point in time	<u>91,496</u>	<u>100,287</u>

Disaggregation of revenue from contracts with customers by geographic market is disclosed in note 6(b).

(ii) Information about major customers

Revenue from customers of the corresponding year ended contributing over 10% (2024: 10%) of the total revenue of the Group are as follows:

	2025 HK\$'000	2024 HK\$'000
Customer A	<u>N/A*</u>	<u>15,285</u>

* The corresponding revenue did not contribute over 10% of the total revenue of the Group.

(iii) Revenue expected to be recognised in the future arising from contracts with customers in existence at the end of the reporting period

At 31 December 2025 and 2024, there are no transaction prices allocated to the remaining performance obligations under the Group's existing contracts.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

6. REVENUE AND SEGMENT REPORTING (continued)

(b) Segment reporting

The Group's chief operating decision maker (i.e the executive directors of the Company) (the "CODM") assesses the performance and allocates the resources of the Group as a whole, as all of the Group's activities are considered to be primarily the development, sales and distribution of smart card products, software and hardware and the provision of smart card related services. The management considers there is only one operating segment and, accordingly, no segment information is presented.

The following table sets out information about the geographic area of (i) the Group's revenue from external customers; and (ii) the Group's property, plant and equipment and intangible assets (the "specified non-current assets"). The geographic area of customers is based on the location at which the services were rendered or the control over the goods are transferred to customers. The geographic area of the specified non-current assets is based on the physical location of the assets, in the case of property, plant and equipment, and the location of the operation to which they are allocated, in the case of intangible assets.

	Revenue from external customers		Specified non-current assets	
	2025 HK\$'000	2024 HK\$'000	2025 HK\$'000	2024 HK\$'000
Europe	37,527	57,891	–	–
Asia Pacific	43,727	29,398	12,931	17,007
The Americas	7,836	11,418	–	–
Middle East and Africa	2,406	1,580	–	–
	91,496	100,287	12,931	17,007

7. OTHER INCOME

	Notes	2025 HK\$'000	2024 HK\$'000
Interest income		96	598
Government subsidies	(a)	49	4
Design fee income	(b)	302	–
Sundry income		157	73
		604	675

Notes:

- (a) Government subsidies for the year ended 31 December 2025 and 31 December 2024 represented the amounts of approximately HK\$49,000 (2024: Nil) and Nil (2024: HK\$4,000), which were received from local authorities in Hong Kong and the People's Republic of China (the "PRC") to support small and medium-sized enterprises and to stabilise employment.
- (b) Design fee income represented revenue from contracts with customers within the scope of HKFRS 15 which recognised at a point in time.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

8. (LOSS)/PROFIT BEFORE TAX

(Loss)/profit before tax is arrived at after charging/(crediting):

	2025 HK\$'000	2024 HK\$'000
(a) Finance cost		
Interest on lease liabilities	270	369
(b) Staff costs (including directors' emoluments in note 10)		
Contributions to defined contribution retirement plans	2,057	2,206
Salaries, wages and other benefits	33,564	29,822
	35,621	32,028
Less: Amount capitalised into development costs	(2,069)	(2,233)
	33,552	29,795

Foreign exchange losses/(gains), net	1,404	(792)
Cost of inventories recognised as expenses	36,858	47,459
Write-down/(reversal of write-down) of inventories (included in cost of sales and services rendered)	64	(80)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

9. INCOME TAX EXPENSES

	2025 HK\$'000	2024 HK\$'000
Japan Corporation Income Tax		
– current year	4	–
PRC Enterprise Income Tax (“EIT”)		
– current year	13	–
	<hr/> 17	<hr/> –

- (i) No provision for Hong Kong Profits Tax has been made in the consolidated financial statement since the Group has no assessable profits for the year ended 31 December 2025. No provision for Hong Kong Profits Tax has been made in the consolidated financial statements since the Group has sufficient tax losses brought forward to set off against current year’s assessable profit for year ended 31 December 2024.
- (ii) No provision for Philippines Income Tax has been made in the consolidated financial statements for years ended 31 December 2025 and 2024 as the Group has sustained losses for taxation purpose.
- (iii) The provision for PRC EIT is calculated at 25% of the estimated taxable income for the year ended 31 December 2025. No provision for PRC EIT has been made in the consolidated financial statements for year ended 31 December 2024 as the Group has sustained losses for taxation purpose.
- (iv) The provision for Japan Corporation Income Tax is calculated at 33.6% of the estimated taxable income for the year ended 31 December 2025. No provision for Japan Corporation Income Tax has been made in the consolidated financial statements for year ended 31 December 2024 as the Group has sustained losses for taxation purpose.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

9. INCOME TAX EXPENSES (continued)

- (v) Reconciliation between income tax expenses and the product of (loss)/profit before tax multiplied by the applicable tax rates is as follows:

	2025 HK\$'000	2024 HK\$'000
(Loss)/profit before tax	(5,068)	3,732
Tax at Hong Kong Profits Tax rate of 16.5% (2024: 16.5%)	(836)	615
Tax effect of non-deductible expenses	1,126	1,330
Tax effect of non-taxable income	(286)	(105)
Tax effect of unused tax losses not recognised	1,638	457
Tax effect of utilisation of unused tax losses previously not recognised	(191)	(855)
Tax effect of deductible temporary differences not recognised	107	13
Tax effect of deductible temporary differences previously not recognised	(236)	–
Tax effect of tax exemption/deduction from tax authority	(1,340)	(1,297)
Tax effect of difference tax rates of subsidiaries	35	(158)
Income tax expenses	17	–

Details of deferred tax are set out in note 24.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

10. DIRECTORS' EMOLUMENTS

Directors' emoluments disclosed pursuant to section 383(1) of the Hong Kong Companies Ordinance and Part 2 of the Hong Kong Companies (Disclosure of Information about Benefits of Directors) Regulation are as follows:

Mr. Xing Yi (resigned on 9 February 2024)	–	–	–	–
Mr. Lam Chi Wai (appointed on 9 February 2024)	–	–	–	–
<i>Independent non-executive directors</i>				
Dr. Lin Tat Pang	180	–	–	180
Mr. Lai Chi Leung	120	–	–	120
Mr. Zhang Dingfang	120	–	–	120
Mr. Gu Tianlong	120	–	–	120
	840	2,747	26	3,613

Mr. Zhang Xueqin is also the chief executive officer of the Company and his emoluments disclosed above include those for services rendered by him as chief executive officer.

No emoluments were paid by the Group to any director as an inducement to join or upon joining the Group, or as compensation for loss of office during the years ended 31 December 2025 and 2024.

The emoluments paid or payable of approximately HK\$150,000 (2024: Nil) to Mr. Mai Zhaoping, the executive director of the Company, has been waived or agreed to waive during the year ended 31 December 2025 (2024: Nil).

Ms. Mai Qiqi, the executive director of the Company, waived or agreed to waive the emoluments amounted to approximately HK\$720,000 during the year ended 31 December 2025 (2024: Nil).

Mr. Chan Chun Leung, the executive director of the Company, waived or agreed to waive the emoluments amounted to approximately HK\$263,000 during the year ended 31 December 2025 (2024: Nil).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

10. DIRECTORS' EMOLUMENTS (continued)

Save as disclosed in note 27, no other significant transactions, arrangements and contracts in relation to the Group's business to which the Company was a party and in which a director of the Company and the director's connected parties had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

11. INDIVIDUALS WITH HIGHEST EMOLUMENTS

Of the five individuals with the highest emoluments, there are two (2024: one) directors whose emoluments are disclosed in note 10. The aggregate of the emoluments in respect of the other three (2024: four) individuals are as follows:

	2025 HK\$'000	2024 HK\$'000
Salaries and other emoluments	2,694	3,166
Retirement scheme contributions	54	69
	<hr/>	<hr/>
	2,748	3,235

The emoluments of these three individuals (2024: four individuals) with the highest emoluments are within the following bands:

	2025 Number of Individuals	2024 Number of Individuals
Nil to HK\$1,000,000	2	4
HK\$1,000,001 to HK\$1,500,000	1	–
	<hr/>	<hr/>
	3	4

No emolument has been paid to any highest paid employees as an inducement to join or upon joining the Group, or as compensation for loss of office during the years ended 31 December 2025 and 2024.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

12. (LOSS)/EARNINGS PER SHARE

(a) Basic (loss)/earnings per share

The calculation of basic loss (2024: earnings) per share is based on loss attributable to owners of the Company of approximately HK\$5,085,000 (2024: profit of approximately HK\$3,732,000) and the weighted average of 319,565,000 (2024: 319,565,000) ordinary shares in issue for the year ended 31 December 2025.

(b) Diluted (loss)/earnings per share

Diluted (loss)/earnings per share for the years ended 31 December 2025 and 2024 are the same with the basic (loss)/earnings per share as the Company did not have any outstanding dilutive potential ordinary shares during both years.

13. DIVIDENDS

The directors of the Company do not recommend the payment of any dividend in respect of the year ended 31 December 2025 (2024: Nil).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

14. EMPLOYEE RETIREMENT BENEFITS

The Group operates and participates in a number of defined contribution retirement plans in and outside Hong Kong.

Defined contribution retirement plans

- (i) The Group operates a Mandatory Provident Fund Scheme (the “MPF scheme”) under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The MPF scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF scheme, the employer and its employees are required to make contributions to the plan at 5% of the employees’ relevant income, subject to a cap of monthly contribution of HK\$1,500 (2024: HK\$1,500). Contributions to the plan vest immediately.
- (ii) Pursuant to the relevant labour rules and regulations in the Chinese Mainland, employees of the subsidiaries in the Chinese Mainland are members of the central pension scheme operated by the Chinese Mainland municipal government authorities. The Group is required to contribute a certain percentage of employees’ remuneration to the central pension scheme to fund the benefits. The only obligation for the Group with respect to the central pension scheme is the associated required contribution under the central pension scheme. Contributions to the plan vest immediately.

Save for the above, the Group has no other obligation. As at 31 December 2025 and 2024, no forfeited contributions (by employers on behalf of employees who leave the scheme prior to vesting fully in such contributions) may be used by the Group to reduce the existing level of contributions.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

15. PROPERTY, PLANT AND EQUIPMENT (continued)

Note:

The Group leased a number of offices in the Chinese mainland and Hong Kong.

The Group has obtained the right to use properties as its warehouses, staff quarters and offices through tenancy agreements. The leases typically run for an initial period of 2 to 3 years (2024: 2 to 3 years). Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

The net book value of the right-of-use assets represents the Group's properties lease for own use, net of accumulated depreciation, with carrying amount of approximately HK\$3,030,000 (2024: HK\$6,875,000). Lease liabilities of approximately HK\$3,095,000 (2024: HK\$7,098,000) are recognised with related right-of-use assets of approximately HK\$3,030,000 (2024: HK\$6,875,000) as at 31 December 2025. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

The analysis of expenses/(gain) in relation to leases recognised in profit or loss is as follows:

	2025 HK\$'000	2024 HK\$'000
Depreciation charge of properties held for own use classified under right-of-use assets	3,845	4,362
Interest on lease liabilities (included in finance cost (note 8(a)))	270	369
Expense relating to short-term leases (included in administrative expenses)	943	243
Gain on lease termination (included in administrative expenses)	–	(4)

During the year ended 31 December 2024, lease modification of right-of-use assets and lease liabilities were approximately HK\$3,365,000 and HK\$3,365,000 respectively. There was no lease modification during the year ended 31 December 2025.

During the year ended 31 December 2024, the lease termination to right-of-use assets was approximately HK\$153,000 and related the lease liabilities was approximately HK\$157,000, therefore the Group recognised a gain on lease termination approximately HK\$4,000. There was no lease termination during the year ended 31 December 2025.

Details of total cash outflows for leases is set out in note 21(e).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

At 31 December 2024	8,170
	<hr/>

The average remaining amortisation period of development costs are 1.71 years (2024: 2.3 years).

The amortisation charges of approximately HK\$1,816,000 (2024: HK\$1,816,000) for the year ended 31 December 2025 was included in "research and development expenses" in the consolidated statement of profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

16. INTANGIBLE ASSETS (continued)

Impairment assessment on intangible assets

During the year ended 31 December 2025, management performed annual impairment testing on the intangible assets not yet available for use of approximately HK\$2,614,000 (2024: HK\$456,000) and indication-based impairment for all intangible assets. For indication-based impairment, management determined that there were indication of possible impairment for certain projects included in intangible assets as a result of the market instability. In response, for those intangible assets not yet available for use and/or subject to indication-based impairment, management has conducted impairment testing on such intangible assets, which constitutes the determination of the recoverable amount of intangible assets, being the value-in-use of the individual cash-generating units (“CGUs”) arising from each projects, for the purpose of the impairment testing.

The calculation uses cash flow projections based on management forecasts covering the estimated useful lives of the projects at a pre-tax discount rate of 16% (2024:16%) during the year ended 31 December 2025. Based on the review, an impairment loss of approximately HK\$422,000 (2024: Nil) was recognised in profit or loss as the recoverable amount was amounting to approximately HK\$8,091,000, which were less than the related carrying amounts for these projects as at 31 December 2025.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

17. INVESTMENTS IN SUBSIDIARIES

The following list contains only the particulars of subsidiaries which principally affected the results, assets or liabilities of the Group. The class of shares held is ordinary unless otherwise stated.

Name of company	Place of incorporation/ establishment and business	Particulars of issued and paid up capital	Percentage of ownership interest and voting power held by the Company		Principal activities
			2025 %	2024 %	
Directly held					
Advanced Card Systems Limited	Hong Kong	18,000,000 shares	100	100	Development, sales and distribution of smart card products, software and hardware and the provision of smart card related services in Hong Kong

For the year ended 31 December 2025

21. CASH AND CASH EQUIVALENTS AND OTHER CASH FLOW INFORMATION

(continued)

(c) Reconciliation of liabilities arising from financing activities

The table below details changes in the Group's liabilities from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are liabilities for which cash flows were, or future cash flows will be, classified in the Group's consolidated statement of cash flows from financing activities.

	Lease liabilities HK\$'000
At 1 January 2024	8,358
Changes from financing cash flows:	
Principal element of lease payments paid	(4,468)
Interest element of lease payments paid	(369)
Total changes from financing cash flows	(4,837)
Non-cash changes:	
Increase in lease liabilities from lease modification during the year	3,365
Decrease in lease liabilities from lease termination during the year	(157)
Interest expenses (note 8(a))	369
Total non-cash changes	3,577
At 31 December 2024 and 1 January 2025	7,098
Changes from financing cash flows:	
Principal element of lease payments paid	(4,003)
Interest element of lease payments paid	(270)
Total changes from financing cash flows	(4,273)
Non-cash change:	
Interest expenses (note 8(a))	270
At 31 December 2025	3,095

(d) Non-cash item

During the year ended 31 December 2024, the Group entered into new lease agreements and lease modification for the use of leased properties for 2 to 3 years. On the lease commencement, the Group recognised right-of-use assets in aggregate of approximately HK\$3,365,000 and lease liabilities in aggregate of approximately HK\$3,365,000. There is no new lease agreements and lease modification during the year ended 31 December 2025.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

21. CASH AND CASH EQUIVALENTS AND OTHER CASH FLOW INFORMATION

(continued)

(e) Total cash outflows for leases

The lease rentals paid included in the consolidated statement of cash flows for leases comprise the following:

	2025 HK\$'000	2024 HK\$'000
Within operating cash flows	943	243
Within financing cash flows	4,273	4,837
	5,216	5,080

22. TRADE AND OTHER PAYABLES

	Notes	2025 HK\$'000	2024 HK\$'000
Trade payables	(a)	10,016	15,043
Accruals and other payables		4,170	3,046
Accrued salaries		1,153	177
Contract liabilities	(b)	1,647	6,797
	(c)	16,986	25,063

All of the trade and other payables are expected to be settled within one year.

Notes:

- (a) As at the end of the reporting period, the ageing analysis of trade payables, based on the invoice date, is as follows:

	2025 HK\$'000	2024 HK\$'000
Within 1 month	6,436	13,390
1 to 3 months	3,195	1,537
3 months to 1 year	385	116
	10,016	15,043

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

22. TRADE AND OTHER PAYABLES (continued)

Notes: (continued)

- (b) Typical payment terms which impact on the amount of contract liabilities recognised when the Group receives an advance payment from customers before the production activity commences. In general, the Group receives certain percentage of contract sum as advance payment from the customers for ordering of goods.

Movements in contract liabilities

	2025 HK\$'000	2024 HK\$'000
At 1 January	6,797	546
Decrease in contract liabilities as a result of recognising revenue during the year which included in the contract liabilities at the beginning of the year	(6,797)	(546)
Increase in contract liabilities from customers as a result of receiving sales deposits during the year	1,644	6,804
Exchange adjustment	3	(7)
	<hr/>	<hr/>
At 31 December	1,647	6,797

The decrease in contract liabilities as at 31 December 2025 was mainly due to a decrease in the order from road show and a decrease in advance payment from customers for ordering the smart card products during the year ended 31 December 2025.

The amount of billings in advance of performance received that is expected to be recognised as income after one year is Nil (2024: HK\$4,418,000).

- (c) The carrying amounts of the Group's trade and other payables are denominated as follows:

	2025 HK\$'000	2024 HK\$'000
HK\$	4,766	9,823
US\$	5,604	12,866
RMB	5,870	2,152
PHP	8	17
JPY	692	66
Others	46	139
	<hr/>	<hr/>
	16,986	25,063

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

23. LEASE LIABILITIES

	Minimum lease payments		Present value of minimum lease payments	
	2025 HK\$'000	2024 HK\$'000	2025 HK\$'000	2024 HK\$'000
Within one year	2,655	4,273	2,571	4,003
More than one year, but not exceeding two years	534	2,655	524	2,571
More than two years, but not more five years	–	534	–	524
	<u>3,189</u>	<u>7,462</u>	<u>3,095</u>	<u>7,098</u>
Less: Future finance charges	(94)	(364)	–	–
Present value of lease liabilities	<u>3,095</u>	<u>7,098</u>	<u>3,095</u>	<u>7,098</u>
Less: Amount due for settlement within one year classified as current liabilities			(2,571)	(4,003)
Amount due for settlement after one year classified as non-current liabilities			524	3,095

Incremental borrowing rates of underlying lease liabilities at the date of inception ranged from 4.4% to 6.0% (2024: 4.4% to 6.0%) per annum as at 31 December 2025.

The carrying amounts of the Group's lease liabilities are denominated as follows:

	2025 HK\$'000	2024 HK\$'000
HK\$	1,731	4,969
RMB	1,364	2,129
	<u>3,095</u>	<u>7,098</u>

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

24. DEFERRED TAX

(a) Deferred tax assets/(liabilities) recognised

The components of deferred tax (liabilities)/assets recognised in the consolidated statement of financial position and the movements during the years are as follows:

	Depreciation allowances in excess of the related depreciation HK\$'000	Employee retirement benefits HK\$'000	Amortisation and impairment of intangible assets HK\$'000	Tax losses HK\$'000	Others HK\$'000	Total HK\$'000
Deferred tax arising from:						
At 1 January 2024	(297)	(349)	(1,414)	1,711	349	-
Credited/(charged) to profit or loss	237	349	(27)	(210)	(349)	-
At 31 December 2024 and 1 January 2025	(60)	-	(1,441)	1,501	-	-
Credited/(charged) to profit or loss	68	-	212	(280)	-	-
At 31 December 2025	8	-	(1,229)	1,221	-	-

(b) Deferred tax assets not recognised

At the end of the reporting period the Group has unused tax losses of approximately HK\$160,625,000 (2024: HK\$151,514,000) available for offset against future profits. A deferred tax asset has been recognised respect of approximately HK\$7,399,000 (2024: HK\$9,096,000) of such losses. No deferred tax asset has been recognised in respect of the remaining approximately HK\$153,226,000 (2024: HK\$142,418,000) due to the unpredictability of future profit streams.

Included in unused tax losses is an amount of approximately HK\$20,681,000 (2024: HK\$21,345,000) which can be carried forward up to five years from the year in which the loss originated. The remaining balance of approximately HK\$139,944,000 (2024: HK\$130,169,000) does not expire under current tax legislation.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

24. DEFERRED TAX (continued)

(c) Deferred tax liabilities not recognised

At 31 December 2025, temporary differences relating to undistributed profits of subsidiaries amounted to approximately HK\$28,594,000 (2024: HK\$27,669,000). Deferred tax liabilities of approximately HK\$1,430,000 (2024: HK\$1,383,000) have not been recognised in respect of the tax that would be payable on the distribution of these retained profits as the Company controls the dividend policy of these subsidiaries and it has been determined that it is probable that these profits will not be distributed in the foreseeable future.

25. CAPITAL AND RESERVES

(a) Movements in reserves

The reconciliation between the opening and closing balances of each component of the Group's reserves is set out in the consolidated statement of changes in equity. Details of the changes in the each component of the Company's reserves between the beginning and the end of the year are set out below:

The Company

	Share premium HK\$'000 (Note 25(c)(i))	Accumulated losses HK\$'000	Total equity HK\$'000
Balance at 1 January 2024	53,383	(52,496)	887
Change in equity for the year:			
Loss and total comprehensive loss for the year	–	(5,935)	(5,935)
Balance at 31 December 2024 and 1 January 2025	53,383	(58,431)	(5,048)
Change in equity for the year:			
Loss and total comprehensive loss for the year	–	(5,687)	(5,687)
Balance at 31 December 2025	53,383	(64,118)	(10,735)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

25. CAPITAL AND RESERVES (continued)

(b) Share capital

Authorised and issued share capital

	2025		2024	
	Number of shares '000	Amount HK\$'000	Number of shares '000	Amount HK\$'000
<i>Authorised:</i>				
Ordinary shares of HK\$0.1 each				
At 1 January and 31 December	1,000,000	100,000	1,000,000	100,000
<i>Issued and fully paid:</i>				
Ordinary shares of HK\$0.1 each				
At 1 January and 31 December	319,565	31,956	319,565	31,956

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

Capital management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, by pricing products and services commensurately with the level of risk and by securing access to finance at a reasonable cost.

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher shareholder returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

The only externally imposed capital requirement for the Group is that in order to maintain its listing on the Stock Exchange, it has to have a public float of at least 25% of shares. The Group has maintained a sufficient public float to comply with the Listing Rules during the years ended 31 December 2025 and 2024.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

25. CAPITAL AND RESERVES (continued)

(c) Nature and purpose of reserves

(i) *Share premium*

Under the Companies Act (2023 Revision) of the Cayman Islands, the share premium of the Company is available for distributions or paying dividends to shareholders subject to the provisions of its second amended and restated memorandum and articles of association (the "M&A") and provided that immediately following the payment of distribution or paying dividends, the Company is able to pay its debts as they fall due in the ordinary course of business. In accordance with the Company's M&A, distribution shall be payable out of profits or other reserves, including the share premium account of the Company.

(ii) *Merger reserve*

Merger reserve of the Group represents reserve of a subsidiary that have been capitalised as a result of a share-for-share exchange in prior years.

(iii) *Surplus reserve*

Pursuant to the applicable Chinese Mainland regulations, Chinese Mainland entity is required to appropriate 10% of its profit-after-tax (after offsetting prior year losses) to the reserve until such reserve reaches 50% of the registered capital. The transfer to the reserve must be made before distribution of dividends to shareholders. The surplus reserve can be utilised, upon approval by the relevant authorities, to offset accumulated losses or to increase registered capital of the Chinese Mainland subsidiaries, provided that the balance after such issue is not less than 25% of its registered capital.

(iv) *Exchange reserve*

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations. The reserve is dealt with in accordance with the accounting policy set out in note 4(b).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

26. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS

The Group is exposed to credit, interest rate, liquidity and currency risks arising from the Group's financial instruments. The Group's exposures to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

(a) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. The Group's credit risk is primarily attributable to trade and bills receivables, deposits and other receivables, other financial assets and cash at bank.

Trade and bills receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer rather than the industry or country in which the customers operate and therefore significant concentrations of credit risk primarily arise when the Group has significant exposure to individual customers. At the end of the reporting period, 15% (2024: 20%) and 48% (2024: 61%) of the total trade and bills receivables was due from the Group's the largest outstanding balance of receivable and five largest outstanding balance of receivables, respectively.

Individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations focus on the customer's past history of making payments when due and current ability to pay, and take into account information specific to the customer as well as pertaining to the economic environment in which the customer operates. Trade and bills receivables in relation to sales of smart card products and hardware are generally due within 7 days to 3 months (2024: 7 days to 3 months) from the date of billing. Normally, the Group does not obtain collaterals from customers.

The Group does not provide any guarantees which would expose the Group to credit risk.

The Group measures allowance for ECLs on trade and bills receivables at an amount equal to lifetime ECLs, which is calculated using a provision matrix. The Group's historical credit loss experience does not indicate significantly different loss patterns for external customers. The allowance for ECLs based on past due status and does not further distinguished between the Group's different customer bases.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

26. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

(a) Credit risk (continued)

Trade and bills receivables (continued)

The following table provides information about the Group's exposure to credit risk and allowance for ECLs on trade and bills receivables as at 31 December:

	Expected loss rate	2025 Gross carrying amount HK\$'000	Allowance for ECLs HK\$'000
Current (not past due)	1.3%	7,261	92
Less than 1 month past due	2.3%	2,785	65
1 to 3 months past due	5.9%	1,695	100
3 to 6 months past due	17.0%	1,280	217
More than 6 months but less than 1 year past due	34.4%	421	145
More than 1 year past due	100%	808	808
		14,250	1,427

	Expected loss rate	2024 Gross carrying amount HK\$'000	Allowance for ECLs HK\$'000
Current (not past due)	3.1%	13,703	423
Less than 1 month past due	3.4%	845	29
1 to 3 months past due	8.4%	766	64
3 to 6 months past due	23.7%	413	98
More than 6 months but less than 1 year past due	25.9%	27	7
More than 1 year past due	100%	3,532	3,532
		19,286	4,153

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

26. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

(a) Credit risk (continued)

Trade and bills receivables (continued)

These rates are adjusted to reflect the factors that are specific to the debtors and differences between economic conditions during the period over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables.

Movement in the allowance for ECLs on trade and bills receivables during the years ended 31 December 2025 and 2024 is as follows:

	2025 HK\$'000	2024 HK\$'000
Balance at 1 January	4,153	4,028
(Reversal of impairment loss)/impairment loss recognised during the year	(2,726)	125
Balance at 31 December	<u>1,427</u>	<u>4,153</u>

The following significant changes in the gross carrying amounts of trade and bills receivables contributed to the decrease (2024: increase) in the loss allowance:

- decrease (2024: increase) in days of current (not past due) resulted in a decrease (2024: increase) in loss allowance of approximately HK\$331,000 (2024: HK\$195,000); and
- decrease (2024: decrease) in days of more than 1 year past due resulted in a decrease (2024: decrease) in loss allowance of approximately HK\$2,724,000 (2024: HK\$61,000).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

26. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS *(continued)*

(a) Credit risk *(continued)*

Deposits and other receivables

For deposits and other receivables, the management makes periodic individual assessment on the recoverability of other receivables based on historical settlement records, the likelihood of recovery, quantitative information that is reasonable, and supportive forward-looking information.

The management believes that there are no significant increase in credit risk of these amounts since initial recognition and the Group assessed impairment based on 12-month ECL. For the years ended 31 December 2025 and 2024, the Group assessed that the ECL for deposits and other receivables were insignificant and thus no loss allowance was recognised.

Cash and cash equivalents

The credit risk arising for cash and cash equivalents are limited as the counterparties are banks with good high credit-rating assigned by international credit agencies, which the Group considers to have low credit risk.

Other financial assets

The management considers to have low credit risk and the loss allowance recognised as at 31 December 2025 and 2024 is insignificant.

(b) Interest rate risk

As at 31 December 2025 and 2024, the Group is exposed to cash flow interest rate risk in relation to bank balances. These bank balances bear interests at variable rates that vary with the then prevailing market condition.

The Group's lease liabilities bear interest at fixed interest rates and therefore are subject to fair value interest rate risks.

The Group currently does not have any interest rate hedging policy. However, the management monitors interest rate risk exposure closely and will consider interest rate hedging should the need arise.

As at 31 December 2025 and 2024, no sensitivity analysis of interest rate risk is presented as a reasonably possible change in interest rate would not have significant impact on profit or loss of the Group.

(c) Liquidity risk

The Group manage their cash management for daily operation, including placing short-term bank deposits. Cash surplus over operating needs are closely monitored and managed by the Group's central cash and treasury management system. The Group's policy is to regularly monitor its liquidity requirements, to ensure that it maintains sufficient reserves of cash and adequate funding from the investors of the Group to meet its liquidity requirements in the short and longer term. The Group's exposures to the liquidity risk and its policies for managing such risk were unchanged prior years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

26. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS *(continued)*

(c) Liquidity risk *(continued)*

The following tables show the remaining contractual maturities at the end of the reporting period of the Group's non-derivative financial liabilities which are based on contractual undiscounted cash flows:

	2025				Carrying amount HK\$'000
	Contractual undiscounted cash outflows				
	Within 1 year HK\$'000	More than 1 year but less than 2 years HK\$'000	More than 2 years but less than 5 years HK\$'000	Total HK\$'000	
Lease liabilities	2,655	534	–	3,189	3,095
Trade and other payables (excluding contract liabilities)	14,186	–	–	14,186	14,186
	16,841	534	–	17,375	17,281

	2024				Carrying amount HK\$'000
	Contractual undiscounted cash outflows				
	Within 1 year HK\$'000	More than 1 year but less than 2 years HK\$'000	More than 2 years but less than 5 years HK\$'000	Total HK\$'000	
Lease liabilities	4,273	2,655	534	7,462	7,098
Trade and other payables (excluding contract liabilities)	18,089	–	–	18,089	18,089
	22,362	2,655	534	25,551	25,187

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

26. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS *(continued)*

(d) Currency risk

The Group is exposed to currency risk primarily through sales and purchases in the ordinary course of business which give rise to receivables, payables and cash balances that are denominated in a foreign currency, i.e. a currency other than the functional currency of the operations to which the transactions relate. The currencies giving rise to this risk is primarily US\$ and RMB.

The directors of the Company are of the opinion that the US\$ is pegged against HK\$ and the risk of movements in exchange rates between US\$ and HK\$ to be insignificant. Accordingly, no sensitivity analysis is performed on the movements in exchange rates between US\$ and HK\$.

(i) Exposure to currency risk

The following table details the Group's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the functional currency of the entity to which they relate. For presentation purposes, the amounts of the exposure are shown in HK\$, translated using the spot rate at the year end date. Differences resulting from the translation of the financial statements of foreign operations into the Group's presentation currency are excluded.

	Exposure to foreign currencies (expressed in HK\$)			
	2025		2024	
	USD HK\$'000	RMB HK\$'000	USD HK\$'000	RMB HK\$'000
Cash and cash equivalents	11,690	586	19,888	458
Amount due from/(to) group companies	(21,200)	(3,390)	564	(18)
Trade and other receivables	10,397	529	16,272	23
Trade and other payables	(5,604)	(4,176)	(12,866)	(1,750)
Net exposure	(4,717)	(6,451)	23,858	(1,287)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

26. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS *(continued)*

(d) Currency risk (Continued)

(ii) *Sensitivity analysis*

The following table indicates the instantaneous change in the Group's loss before tax that would arise if foreign exchange rates to which the Group has significant exposure at the end of the reporting period had changed at that date, assuming all other risk variables remained constant.

	2025		2024	
	Increase/ (decrease) in foreign exchange rates	(Increase)/ decrease in loss before tax <i>HK\$'000</i>	Increase/ (decrease) in foreign exchange rates	(Increase)/ decrease in loss before tax <i>HK\$'000</i>
RMB	10%	(645)	10%	(129)
	-10%	645	-10%	129

(e) Fair value measurement

As at 31 December 2025 and 2024, the carrying amount of the Group's all other financial instruments carried at costs or amortised costs were also not materially different from their fair values.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

26. FINANCIAL RISK MANAGEMENT AND FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

(f) Financial instruments by category

The carrying amounts of each of the categories of financial instruments are at the end of the reporting period are as follows:

Financial assets

	2025 HK\$'000	2024 HK\$'000
Financial assets measured at amortised cost:		
Trade and other receivables	19,815	21,785
Other financial assets	93	93
Cash and cash equivalents	19,542	25,712
	<hr/> 39,450	<hr/> 47,590

Financial liabilities

	2025 HK\$'000	2024 HK\$'000
Financial liabilities measured at amortised cost:		
Trade and other payables	14,186	18,089
Lease liabilities	3,095	7,098
	<hr/> 17,281	<hr/> 25,187

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2025

27. MATERIAL RELATED PARTY DISCLOSURES

(a) Material transactions with related parties

In addition to the transactions and balances disclosed elsewhere in these consolidated financial statements, the Group entered into the following material related party balances and transactions:

		2025 HK\$'000	2024 HK\$'000
Relationship	Nature of balance/transaction		
Associate of a connected person	Prepayment of service fee to Guangdong Zhong Zhao Industrial Group Company Limited* (廣東中兆實業集團有限公司) ("Zhong Zhao")	3,114	3,204
	Sales of goods	1,837	–
	Subcontracting fee paid	184	–

The directors of the Company are of the opinion that the above transactions were entered into during the Group's ordinary course of business and at terms agreed by both parties.

Zhong Zhao is owned as to 90% by Mr. Zhang Xueqin, one of the ultimate controlling shareholders of the Company and the executive director of the Company. Mr. Zhang Xueqin is a connected person of the Company under Rule 14A.07(1) of the Listing Rules. As such, Zhong Zhao is an associate of a connected person.

* For identification purposes only

(b) Key management personnel remuneration

Remuneration for key management personnel of the Group, being the amounts paid to the Company's executive directors and non-executive directors as disclosed in note 10, is as follows:

	2025 HK\$'000	2024 HK\$'000
Short-term employee benefits	3,570	3,587
Post-employment benefits	–	26
	3,570	3,613

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
