## **REPORT OF THE MANAGER TO THE UNITHOLDERS**

### Introduction

CSOP Hang Seng TECH Index Daily (2x) Leveraged Product (or the “Sub-Fund”), a sub-fund of the CSOP Leveraged and Inverse Series (the “Trust”), an umbrella unit trust established under Hong Kong law by a trust deed dated 5 July 2016 (the “Trust Deed”) between CSOP Asset Management Limited (the “Manager”) and HSBC Institutional Trust Services (Asia) Limited (the “Trustee”).

It was launched on 8 December 2020 and commenced trading in HKD under the stock code 07226 on the Stock Exchange of Hong Kong Limited (the “SEHK”) on 10 December 2020. The Sub-Fund is benchmarked against the Hang Seng TECH Index (the “HST Index” or “Underlying Index”) and adopts a swap-based synthetic replication strategy. The Manager is CSOP Asset Management Limited (the “Manager”). The trustee is HSBC Institutional Trust Services (Asia) Limited (the “Trustee”).

The investment objective of CSOP Hang Seng TECH Index Daily (2x) Leveraged Product is to provide investment results that, before fees and expenses, closely correspond to twice (2x) the daily performance of Hang Seng TECH Index. The Product does not seek to achieve its stated investment objective over a period of time greater than one day. The Manager intends to adopt a swap-based synthetic replication strategy to achieve the investment objective of the Product. The Sub-Fund does not seek to achieve its stated investment objective over a period of time greater than one day.

The Underlying Index is compiled and managed by Hang Seng Indexes Company Limited (the “Index Provider”). It is a free float-adjusted market capitalization weighted index that represents the 30 largest technology companies listed on the Stock Exchange of Hong Kong Limited (the “SEHK”) that have high business exposure to technology themes and pass the Underlying Index's screening criteria. The Underlying Index operates under clearly defined rules published by the index provider and is a tradable index.

### Fund Performance

The CSOP Hang Seng TECH Index Daily (2x) Leveraged Product seeks to provide daily investment results, before fees and expenses, which closely correspond to positive 2 times the daily performance of the Underlying Index. As of 31 December 2025, the dealing NAV performed 21.84% while the Underlying Index performed 23.45%.

## **STATEMENT OF RESPONSIBILITIES OF THE MANAGER AND THE TRUSTEE**

### **MANAGER'S RESPONSIBILITIES**

The Manager of CSOP Hang Seng TECH Index Daily (2x) Leveraged Product, a sub-fund of CSOP Leveraged and Inverse Series, is required by the Code on Unit Trusts and Mutual Funds established by the Securities & Futures Commission of Hong Kong and the Trust Deed dated 5 July 2016, as amended, (the "Trust Deed") to prepare financial statements for each annual accounting period which give a true and fair view of the financial position of the Sub-Fund at the end of the year and of the transactions for the year ended 31 December 2025. In preparing these financial statements the Manager is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are prudent and reasonable; and
- prepare the financial statements on the basis that the Sub-Fund will continue in operation unless it is inappropriate to presume this.

The Manager is also required to manage the Sub-Fund in accordance with the Trust Deed and take reasonable steps for the prevention and detection of fraud and other irregularities.

CSOP Leveraged and Inverse Series (the "Trust") is an umbrella unit trust governed by its Trust Deed. As at 31 December 2025, the Trust has established twenty-three sub-funds, namely:

**Report on the Audit of the Financial Statements**

**Opinion**

*What we have audited*

The financial statements of CSOP Hang Seng TECH Index Daily (2x) Leveraged Product (the “Sub-Fund”), a sub-fund of CSOP Leveraged and Inverse Series, which are set out on pages 10 to 45, comprise:

- the statement of financial position as at 31 December 2025;
- the statement of comprehensive income for the year then ended;
- the statement of changes in net assets attributable to unitholders for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, comprising material accounting policy information and other explanatory information.

*Our opinion*

In our opinion, the financial statements give a true and fair view of the financial position of the Sub-Fund as at 31 December 2025, and of its financial transactions and its cash flows for the year then ended in accordance with IFRS Accounting Standards.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (“ISAs”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

*Independence*

We are independent of the Sub-Fund in accordance with the Hong Kong Institute of Certified Public Accountants (“HKICPA”)’s Code of Ethics for Professional Accountants (the “Code”), as applicable to audits of financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with the Code.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**Key Audit Matters (Continued)**

Key audit matters identified in our audit are summarised as follows:

<b>Key Audit Matter</b>	<b>How our audit addressed the Key Audit Matter</b>
<p><u>Existence and valuation of investments and derivative and related financial instruments, and occurrence and accuracy of the related investment gain/loss</u></p> <p>As at 31 December 2025, the Sub-Fund had investments with an aggregated fair value of HKD3,123,146,699 which comprised of investment funds. The Sub-Fund had derivative and related financial assets comprised of unlisted total return swaps with fair value of HKD37,831,118 and derivative and related financial liabilities comprised of unlisted total return swaps with a fair value of HKD4,502,706. The net gain on investments and derivative and related financial instruments amounted to HKD5,389,095,786, which represents net change in unrealised gain in value of investments and derivative and related financial instruments of HKD470,325,462 and net realised gain on sale of investments and derivative and related financial instruments of HKD4,918,770,324.</p> <p>We focused on the existence and valuation of the investments and derivative and related financial instruments, and the occurrence and accuracy of the related investment gain/loss, because the investments, derivative and related financial instruments and the net gain on investments and derivative and related financial instruments represented the principal elements of Sub-Fund's net assets attributable to unitholders as at 31 December 2025.</p> <p>Refer to note 4 and note 8 to the financial statements.</p>	<p>Our work included an assessment of the key controls over the existence and valuation of the investments and derivative and related financial instruments, and the occurrence and accuracy of the related investment gain/loss, which included the following:</p> <ul style="list-style-type: none"> <li>• We developed an understanding of the control objectives and related controls relevant to our audit of the Sub-Fund by obtaining the service organisation internal control reports (the "Control Reports") provided by the trustee setting out the controls in place, and the independent service auditor's assurance report over the design and operating effectiveness of those controls.</li> <li>• We evaluated the tests undertaken by the service auditor, the results of the tests undertaken and the opinions formed by the service auditor on the design and operating effectiveness of the controls, to the extent relevant to our audit of the Sub-Fund.</li> </ul> <p>We tested the existence of investments and derivative and related financial instruments by obtaining direct confirmations from the custodian and brokers and agreeing the Sub-Fund's holdings of investments and derivative and related financial instruments to the confirmations.</p> <p>We tested the valuation of the Sub-Fund's investments and derivative and related financial instruments, and the accuracy of their related unrealised gain/loss by comparing the pricing used by the Sub-Fund to external pricing sources as at 31 December 2025.</p> <p>We tested the occurrence and accuracy of net realised gain/loss from trading of investments and derivative and related financial instruments by agreeing the purchase and sales transactions to the broker statements and testing the calculation of net gain/loss on a sample basis.</p> <p>Based on the procedures we performed, we found no material exceptions from our testing.</p>

**Other Information**

The manager and the trustee (the “Management”) of the Sub-Fund is responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management for the Financial Statements**

The Management of the Sub-Fund is responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRS Accounting Standards, and for such internal control as the Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management of the Sub-Fund is responsible for assessing the Sub-Fund’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Sub-Fund or to cease operations, or has no realistic alternative but to do so.

In addition, the Management of the Sub-Fund is required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the Trust Deed dated 5 July 2016, as amended (the “Trust Deed”), and the relevant disclosure provisions of Appendix E of the Code on Unit Trusts and Mutual Funds issued by the Hong Kong Securities and Futures Commission (the “SFC Code”).

**Auditor’s Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code.

PRODUCT (A SUB-FUND OF CSOP LEVERAGED AND INVERSE SERIES, AN UMBRELLA  
UNIT TRUST ESTABLISHED IN HONG KONG) (CONTINUED)**

**Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Management, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **NOTES TO THE FINANCIAL STATEMENTS**

### **1. GENERAL INFORMATION (Continued)**

The investment objective of the Sub-Fund is to provide investment results that, before deduction of fees and expenses, closely correspond to twice the daily performance of the Underlying Index. The HST Index is a price return index without adjustments for cash dividends or warrant bonuses. The Underlying Index adopts free float-adjusted market capitalisation weighted methodology, with an 8% cap on individual non-foreign companies constituent, 4% cap on individual foreign companies constituent and 10% cap on aggregate foreign companies constituents. The HST Index is to represent the 30 largest technology companies listed in Hong Kong which have high business exposure to selected technology themes, including internet (including mobile), fintech, cloud, ecommerce, or digital activities. To achieve the investment objective of the “sub-fund”, the Manager will use a swap-based synthetic replication strategy by investing in swaps. The Sub-Fund does not seek to achieve its stated investment objective over a period of time greater than one day as the performance of the Sub-Fund over a longer period may deviate from and be uncorrelated to the extent of change of the HST Index over the period. The Sub-Fund is designed to be used for short-term trading or hedging purposes, and is not intended for long term investment.

These financial statements are prepared for the Sub-Fund only. The financial statements for the other sub-funds of the Trust are prepared separately.

### **2. MATERIAL ACCOUNTING POLICIES**

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the period presented, unless otherwise stated.

#### **(a) Basis of preparation**

The financial statements of the Sub-Fund have been prepared in accordance with IFRS Accounting Standards. IFRS Accounting Standards comprise the following authoritative literature:

- IFRS Accounting Standards
- IAS® Standards
- Interpretations developed by the IFRS Interpretations Committee (IFRIC® Interpretations) or its predecessor body, the Standing Interpretations Committee (SIC® Interpretations).

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of investments and derivative and related financial instruments at fair value through profit or loss.

The preparation of financial statements in conformity with IFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires the Trustee and the Manager (together the “Management”) to exercise their judgment in the process of applying the Sub-Fund’s accounting policies.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. MATERIAL ACCOUNTING POLICIES (Continued)

#### (a) Basis of preparation (Continued)

##### Standards and amendments to existing standards effective 1 January 2025

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 January 2025 that have a material effect on the financial statements of the Sub-Fund.

##### New standards, amendments and interpretations effective after 1 January 2025 that are relevant to the Sub-Fund and have not been early adopted by the Sub-Fund

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2025 and have not been early adopted in preparing these financial statements.

- Amendments to the Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7 (effective for annual periods beginning on or after 1 January 2026)
- IFRS 18 Presentation and Disclosure in Financial Statements (effective for annual periods beginning on or after 1 January 2027)

For Amendment to IFRS 9 and IFRS 7, the Sub-Fund does not expect these amendments to have a material impact on its operations or financial statements.

For IFRS 18 Presentation and Disclosure in Financial Statements, the Sub-Fund is currently still assessing the effect of this standard and amendment.

#### (b) Financial instruments

##### (i) Classification

The Sub-Fund classifies its investments based on both the Sub-Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Sub-Fund is primarily focused on fair value information and use that information to assess the assets' performance and to make decisions. The Sub-Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. Consequently, all investments are measured at fair value through profit or loss.

##### (ii) Recognition/derecognition

Purchases and sales of investments are accounted for on the trade date basis - the date on which the Sub-Fund commits to purchase or sell the investments. Investments are derecognised when the rights to receive cash flows from the investments have expired or the Sub-Fund has transferred substantially all risks and rewards of ownership.

##### (iii) Measurement

Investments are initially recognised at fair value. Transaction costs are expensed as incurred in the statement of comprehensive income.

Subsequent to initial recognition, all investments are measured at fair value. Realised and unrealised gains and losses on investments are recognised in the statement of comprehensive income in the year in which they arise.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. MATERIAL ACCOUNTING POLICIES (Continued)

#### (b) Financial instruments (Continued)

##### (iv) Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives) are based on quoted market prices at the close of trading on the reporting date. The Sub-Fund utilises the last traded market price for both listed financial assets and liabilities where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, management will determine the point within the bid-ask spread that is most representative of fair value.

The fair value of financial assets that are not traded in an active market (for example, swaps) is determined by using broker quotes or valuation techniques.

##### (v) Transfers between levels of the fair value hierarchy

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the reporting period.

##### (vi) Derivatives

A financial asset or financial liability is classified as held for trading if it is acquired or incurred principally for the purpose of selling or repurchasing in the near term or is part of a portfolio of identifiable financial investments that are managed together and for which there is evidence of a recent actual pattern of short-term profit taking. Derivatives are also categorised as held for trading unless they are designated as hedges. The Sub-Fund does not classify any derivatives as hedges in a hedging relationship.

Financial assets and financial liabilities designated at fair value through profit or loss at inception are financial instruments that are not classified as held for trading but are managed, and their performance is evaluated on a fair value basis in accordance with the Sub-Fund's documented investment strategy. The Sub-Fund's policy requires the Manager to evaluate the information about these financial assets and liabilities on a fair value basis together with other related financial information.

##### (vii) Offsetting financial instruments

Financial assets and liabilities are offset, and the net amount reported in the statement of financial position when the Sub-Fund currently has a legally enforceable right to set-off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

##### (viii) Structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual agreements. A structured entity often has some or all of the following features or attributes; (a) restricted activities, (b) a narrow and well-defined objective, such as to provide investment opportunities for investors by passing on risks and the structured entity to finance its activities without subordinated financial support and (c) financing in the form of multiple contractually linked instruments to investors that create concentrations of credit or other risks (tranches).

(A SUB-FUND OF CSOP LEVERAGED AND INVERSE SERIES)**

**NOTES TO THE FINANCIAL STATEMENTS**

**2. MATERIAL ACCOUNTING POLICIES (Continued)**

**(b) Financial instruments (Continued)**

(viii) Structured entities (Continued)

The Sub-Fund considers its investment in investment funds to be investment in unconsolidated structured entities. The investment funds are managed by the Manager who apply various investment strategies to accomplish the respective investment objectives of the investment funds. The investment funds finance their operations by issuing redeemable units which are puttable at the holder's option and entitles the holder to a proportional stake in the respective investment funds' net assets. The Sub-Fund holds redeemable units in the investment funds.

The Sub-Fund's investments in unconsolidated structured entities are shown as investments. The change in fair value of investment funds is included in the statement of comprehensive income in "Net gain/loss on investments and derivative and related financial instruments".

**(c) Amounts due from brokers**

Amounts due from brokers represent receivables for investments sold that have been contracted for but not yet settled on the statement of financial position date. The amounts are non-interest bearing and repayable on demand.

These amounts are recognised initially at fair value and subsequently measured at amortised cost.

**(d) Expected credit losses on financial assets measured at amortised cost**

At each reporting date, the Sub-Fund shall measure the loss allowance on financial assets measured at amortised cost at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Sub-Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the counterparty, probability that the counterparty will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, financial assets measured at amortised cost will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by Management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

**(e) Amounts due to brokers**

Amounts due to brokers represent payables for investments purchased that have been contracted for but not yet delivered on the statement of financial position date. The amounts are non-interest bearing and repayable on demand. These amounts are recognised initially at fair value and subsequently measured at amortised cost.

**(f) Interest income**

Interest income is recognised on a time-proportionate basis using the effective interest method.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. MATERIAL ACCOUNTING POLICIES (Continued)

#### (g) Transaction costs on investments

Transaction costs are costs incurred to acquire/dispose of financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, brokers and dealers. Transaction costs, when incurred, are immediately recognised in the statement of comprehensive income as an expense.

#### (h) Expenses

Expenses are accounted for on an accrual basis.

#### (i) Cash and cash equivalents

Cash and cash equivalents include cash in hand, cash at bank, demand deposits, other short-term highly liquid investments with original maturities of three months or less. Cash and cash equivalents excluded deposits with brokers as they are restricted for investment purpose.

#### (j) Foreign currencies translation

##### Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Sub-Fund operates (the “functional currency”). The Manager considers Hong Kong Dollar (“HKD”) as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions for the Sub-Fund. The financial statements are presented in HKD, which is the Sub-Fund’s functional and presentation currency.

##### Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the reporting date.

Foreign exchange gains and losses arising from translation are included in the statement of comprehensive income.

Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the statement of comprehensive income within “net gain/(loss) on investments and derivative and related financial instruments”.

## NOTES TO THE FINANCIAL STATEMENTS

### 2. MATERIAL ACCOUNTING POLICIES (Continued)

#### (k) Redeemable units

The Sub-Fund issues redeemable units, which are redeemable at the holder's option. These units represent puttable financial instruments of the Sub-Fund. The Sub-Fund classifies its puttable financial instruments as equity in accordance with IAS32, "Financial instruments: Presentation" as those puttable financial instruments meet all the following criteria:

- the puttable financial instruments entitle the holder to a pro-rata share of net asset value;
- the puttable financial instruments are the most subordinated units in issue and unit features are identical;
- there are no contractual obligations to deliver cash or another financial asset; and
- the total expected cash flows from the puttable financial instrument over its life are based substantially on the profit or loss of the Sub-Fund.

Units are issued and redeemed at the holder's option at prices based on the Sub-Fund's net asset value per unit at the time of issue or redemption. The Sub-Fund's net asset value per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units.

In accordance with the Prospectus of the Sub-Fund, investment positions are valued based on the last traded market price for the purpose of determining the net asset value per unit for subscriptions and redemptions of the Sub-Fund.

#### (l) Taxation

No provision for Hong Kong profits tax has been made for the Sub-Fund as it is authorized as a collective investment scheme constituted as a unit trust under Section 104 of the Hong Kong Securities and Futures Ordinance and is therefore exempted from profits tax under Section 26A(1A) of the Hong Kong Inland Revenue Ordinance.

#### (m) Establishment costs

Establishment costs are recognised as an expense in the year in which they are incurred.

#### (n) Deposit with brokers/cash collateral payable

Cash collateral provided by the Sub-Fund is identified in the statement of financial position as deposits with brokers and is not included as a component of cash and cash equivalents. Cash collateral received by the Sub-Fund is identified in the statement of financial position as cash collateral payable. Cash collateral received is treated as an on-balance sheet asset as deposits with brokers with a corresponding liability as cash collateral payable shown separately.

#### (o) Changes to presentation and comparative information

When the presentation or classification of items in the financial statements is amended, comparative amounts have been updated to conform with the current year's presentation or classification.

(A SUB-FUND OF CSOP LEVERAGED AND INVERSE SERIES)**

**NOTES TO THE FINANCIAL STATEMENTS**

**3. NUMBER OF UNITS IN ISSUE AND NET ASSETS ATTRIBUTABLE TO UNITHOLDERS PER UNIT**

The Sub-Fund's capital is represented by the units in the Sub-Fund, and shown as net assets attributable to unitholders in the statement of financial position. Subscriptions and redemptions of units during the years ended 31 December 2025 and 2024 are shown in the statement of changes in net assets attributable to unitholders. In order to achieve the investment objective, the Sub-Fund endeavors to invest its capital in accordance with the investment policies, whilst maintaining sufficient liquidity to meet redemption requests.

In accordance with the provisions of the Trust Deed dated 5 July 2016, as amended, and the Prospectus of the Sub-Fund, investments are stated at the last traded price on the valuation day for the purpose of determining net asset value per unit for subscriptions and redemptions and for various fee calculations.

As stated in Note 2(k), redeemable units of the Sub-Fund are classified as equity and they are carried at the price based on the Sub-Fund's net asset value per unit at the reporting date if the unitholder exercised the right to redeem the units in the Sub-Fund.

The redeemable units for the year ended 31 December 2025 and 2024 are as follows:

	As at 31 December 2025 <i>Units</i>	As at 31 December 2024 <i>Units</i>
Number of units in issue at the end of the year	2,339,640,000	2,649,640,000
	<i>HKD</i>	<i>HKD</i>
Net assets attributable to unitholders per unit as at 31 December (per statement of financial position)	5.1225	4.2070

As stated in Note 2(m), establishment costs are expensed as incurred in the financial statements. However, in accordance with the provisions of the Trust's Prospectus, establishment costs are recognised using the amortisation method for dealing net asset value for subscription and redemptions. As at 31 December 2025, the establishment costs have been fully amortised. As at 31 December 2025 and 2024, the expensing of establishment costs as stated in the financial statements resulted in decrease of net assets attributable to unitholders: nil (2024: HKD74,234) as stated in the financial statements when compared with the methodology indicated in the Trust's Prospectus. As at 31 December 2025, nil establishment cost remains unamortised. As at 31 December 2024, the amount HKD74,234 is unamortised with 1 year remaining of amortisation.

	As at 31 December 2025 <i>HKD</i>	As at 31 December 2024 <i>HKD</i>
Net assets attributable to unitholders as reported in the statement of financial position	11,984,900,932	11,146,940,188
Adjustments for unamortised establishment costs	-	74,234
Net asset value in accordance with the Trust's Prospectus	11,984,900,932	11,147,014,422

### **NOTES TO THE FINANCIAL STATEMENTS**

#### **8. FINANCIAL RISK MANAGEMENT**

The objective of the Sub-Fund is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of Underlying Index of the Sub-Fund. The Sub-Fund's activities may expose it to a variety of risks including but not limited to market risk (including market price risk, interest rate risk and currency risk), credit and counterparty risk and liquidity risk which are associated with the markets in which the Sub-Fund invests.

The following is a summary of the main risks and risk management policies.

##### **(a) Market risk**

##### **(i) Market price risk**

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market.

The Sub-Fund is designated to utilise leverage to achieve daily return equivalent to the two times (2x) of the daily performance of the Underlying Index. To achieve the investment objective of the Sub-Fund, the Manager will use a swap-based synthetic replication strategy by investing in swaps.

Sensitivity analysis in the event of a possible change in the index as estimated by the Manager

As at 31 December 2025, if the Underlying Index were to increase by 23% (2024: 20%) with all other variables held constant, this would increase the operating profit for the period by approximately HKD5,615,041,933 (2024: HKD4,458,771,706). Conversely, if the Underlying Index were to decrease by 23% (2024: 20%), this would decrease the operating profit for the period by an equal amount.

Sensitivity analysis of investment funds is disclosed under interest rate risk. Refer to note 8(a)(ii).

**(ii) Interest rate risk**

Interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value of financial assets and liabilities and future cash flow.

The tables below summarises the Sub-Fund's exposure to interest rate risks. It includes the Sub-Fund's assets and liabilities at fair values, categorised by the earlier of contractual re-pricing or maturity dates.

At 31 December 2025, the Sub-Fund has cash and cash equivalents and deposits with brokers of HKD8,861,093,949 (2024: HKD9,500,932,636) and cash collateral payable of HKD11,576,000 (2024: HKD413,040,000). If the interest rates had been 50 basis points higher or lower with all variables held constant, net assets attributable to unitholders would have been HKD44,247,590 (2024: HKD45,439,463) higher or lower as a result of higher or lower interest income.

The Manager and Trustee monitor the interest rate risks by quantifying (a) market exposure in percentage terms; and (b) exposure in duration terms by different countries.

#### (a) Market risk (Continued)

#### (ii) Interest rate risk (Continued)

As at 31 December 2025, the Sub-Fund has invested in CSOP Hong Kong Dollar Money Market ETF listed and unlisted class A of HKD2,166,122,334 (2024: in listed and unlisted class A of HKD687,397,851), which mainly invest in HKD denominated and settled short-term deposits and money market instruments. As such, the Sub-Fund's investment in CSOP Hong Kong Dollar Money Market ETF is subject to interest rate risk. The underlying investments within CSOP Hong Kong Dollar Money Market ETF were short-term with average maturity not exceeding 60 days. As at 31 December 2025 and 2024, should the relevant interest rates have lowered/risen by 50 basis points with all other variables remaining constant, the increase/decrease in net assets attributable to unitholders for the year would amount to approximately HKD10,830,612 (2024: HKD3,436,989), arising substantially from the increase/decrease in market values of CSOP Hong Kong Dollar Money Market ETF as a result of increase/decrease in interest income.

As at 31 December 2025, the Sub-Fund has invested in CSOP US Dollar Money Market ETF listed and unlisted class A of HKD737,613,038 (2024: in listed and unlisted class A HKD1,147,935,007), which mainly invest in USD denominated and settled short-term deposits and money market instruments. As such, the Sub-Fund's investment in CSOP US Dollar Money Market ETF is subject to interest rate risk. The underlying investments within CSOP US Dollar Money Market ETF were short-term with average maturity not exceeding 60 days. As at 31 December 2025 and 2024, should the relevant interest rates have lowered/risen by 50 basis points with all other variables remaining constant, the increase/decrease in net assets attributable to unitholders for the year would amount to approximately HKD3,688,065 (2024: HKD5,739,675), arising substantially from the increase/decrease in market values of CSOP US Dollar Money Market ETF as a result of increase/decrease in interest income.

As at 31 December 2025, the Sub-Fund has invested in ICBC Asset Management (Global) HKD Money Market Fund of HKD101,401,345 (2024: nil), which mainly invest in HKD denominated and settled short-term deposits and money market instruments. As such, the Sub-Fund's investment in ICBC Asset Management (Global) HKD Money Market Fund is subject to interest rate risk. The underlying investments within ICBC Asset Management (Global) HKD Money Market Fund were short-term with average maturity not exceeding 60 days. As at 31 December 2025 and 2024, should the relevant interest rates have lowered/risen by 50 basis points with all other variables remaining constant, the increase/decrease in net assets attributable to unitholders for the year would amount to approximately HKD507,007 (2024: nil), arising substantially from the increase/decrease in market values of ICBC Asset Management (Global) HKD Money Market Fund as a result of increase/decrease in interest income.

As at 31 December 2025, the Sub-Fund has invested in ICBC Asset Management (Global) USD Money Market Fund of HKD118,009,982 (2024: HKD81,779,426), which mainly invest in USD denominated and settled short-term deposits and money market instruments. ### **NOTES TO THE FINANCIAL STATEMENTS**

#### **8. FINANCIAL RISK MANAGEMENT (Continued)**

##### **(a) Market risk (Continued)**

##### **(ii) Interest rate risk (Continued)**

As at 31 December 2025, the Sub-Fund has no holdings in CSOP Investments II VCC-CSOP USD Money Market Fund (2024: HKD116,560,261), which mainly invest in USD denominated and settled short-term deposits and money market instruments. As such, the Sub-Fund's investment in CSOP Investments II VCC-CSOP USD Money Market Fund is not subject to interest rate risk. The underlying investments within CSOP Investments II VCC-CSOP USD Money Market Fund were short-term with average maturity not exceeding 60 days. As at 31 December 2025 and 2024, should the relevant interest rates have lowered/risen by 50 basis points with all other variables remaining constant, the increase/decrease in net assets attributable to unitholders for the year would amount to zero (2024: HKD582,801), arising substantially from the increase/decrease in market values of CSOP Investments II VCC-CSOP USD Money Market Fund as a result of increase/decrease in interest income.

##### **(iii) Currency risk**

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. The Sub-Fund's exposure to currency risk arising from balances and transactions in foreign currencies is immaterial as the majority of its assets and liabilities are denominated in HKD, the Sub-Fund's functional and presentation currency. As a result, Management considers sensitivity analysis of currency risk is not necessary to be presented.

##### **(b) Credit and counterparty risk**

Credit and counterparty risk is the risk that an issuer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Sub-Fund.

The Sub-Fund limits its exposure to credit and counterparty risk by carrying out the majority of those investment transactions and contractual commitment activities with well-established broker-dealers, banks and regulated exchanges with high credit ratings.

The Sub-Fund may invest in financial derivative instruments ("FDIs"), which will mainly consist of unlisted funded total return swaps with one or more counterparties. The counterparties are transactions of over-the-counter FDIs or their guarantors must be substantial financial institutions. Collateral are received from the counterparty to reduce counterparty risk.

All transactions in listed securities and derivative and related financial instruments are settled or paid for upon delivery using approved and reputable brokers. In addition, the Sub-Fund places cash and cash equivalents and deposits with brokers with reputable financial institutions. As such, the Manager does not consider the Sub-Fund to be exposed to significant credit and counterparty risk.

The Sub-Fund is exposed to credit and counterparty risk on its investments, derivative and related financial instruments, deposits with brokers and cash and cash equivalents.

As at 31 December 2025 and 2024, the credit ratings of the counterparties are at or above investment grade.

The Sub-Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management consider both historical analysis and forward looking information in determining any expected credit loss. At 31 December 2025 and 2024, bank interest receivable, amounts due from brokers, deposits with brokers and cash and cash equivalents are held with counterparties with high credit rating and are due to be settled within 1 month. Applying the requirements of IFRS 9, the expected credit loss (“ECL”) is immaterial for the Sub-Fund and, as such, no ECL has been recognised within the financial statements.

The maximum exposure to credit risk as at 31 December 2025 and 2024 is the carrying amount of the financial assets as shown on the statement of financial position.

**(c) Liquidity risk**

Liquidity risk is the risk that the Sub-Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Sub-Fund is exposed to daily redemptions of units in the Sub-Fund. The Sub-Fund invests the majority of their assets in securities that are traded in an active market which can be readily disposed of.

The table below analyses the Sub-Fund's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts in the tables are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed investment funds and unlisted investment funds which allow daily subscription and redemption. The Sub-Fund does not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. As at 31 December 2025 and 2024, the Sub-Fund classified unlisted total return swaps within level 2.

Investments classified within level 3 have significant unobservable inputs, as they trade infrequently. As at 31 December 2025 and 2024, the Sub-Fund did not hold any investments classified in level 3.

**(e) Capital risk management**

The Sub-Fund's capital is represented by the redeemable units outstanding. The Sub-Fund's objective is to provide investment results that correspond generally to the performance of the respective index. The Manager may:

- Redeem and issue new units on a daily basis in accordance with the constitutive documents of the Sub-Fund;
- Exercise discretion when determining the amount of distributions of the Sub-Fund to the unitholders; and
- Suspend the creation and redemption of units under certain circumstances as currently disclosed in the Prospectus of the Sub-Fund.

**(f) Derivative and related financial instruments**

Swap contracts

The Sub-Fund enters into various swap contracts as part of its investment strategies. Swap contracts are carried at fair value based on a counterparty provided price or valuation model. The model considers various inputs including the fair value of the underlying, the risks associated with the underlying and the specific terms of the contract.

The following unlisted total return swaps were unsettled at the date of statement of financial position:

**12. SOFT COMMISSION ARRANGEMENTS**

The Manager confirms that there have been no soft commission arrangements existing during the years ended 31 December 2025 and 2024 in relation to directing transactions of the Sub-Fund through a broker or dealer.

**13. SEGMENT INFORMATION**

The Manager makes the strategic resource allocations on behalf of the Sub-Fund and has determined the operating segments based on the reports reviewed which are used to make strategic decisions.

The Manager considers that the Sub-Fund has a single operating segment which is mainly investing in swaps. The investment objective of the Sub-Fund is to provide investment results that, before deduction of fees and expenses, closely correspond to twice the daily performance of the Underlying Index, namely, Hang Seng TECH Index.

The internal financial information used by the Manager for the Sub-Fund's assets, liabilities and performance is the same as that disclosed in the statement of financial position and statement of comprehensive income.

The Sub-Fund is domiciled in Hong Kong. The Sub-Fund's income is mainly derived from investments in swaps to obtain the required exposure to the Underlying Index, the tracked index.

The Sub-Fund has no non-current assets. As at 31 December 2025 and 2024, the Sub-Fund has invested in a collective investment scheme which accounts for more than 10% of the Sub-Fund's net asset value.

**14. APPROVAL OF FINANCIAL STATEMENTS**
