FINANCIAL PERFORMANCE HIGHLIGHTS

	For the Year Ended December 31,		
	2024	2025	Change (%)
	(RMB in thousands, except percentages)		
Revenues	7,355,677	8,267,518	12.4%
Income from operations	1,172,946	2,464,101	110.1%
Income before income tax expenses	1,832,660	3,200,212	74.6%

Adjusted net income (non-GAAP financial measure)	2,710,711	3,602,454	32.9%

Non-GAAP Financial Measure

In addition to net income, the Company also uses adjusted net income (non-GAAP financial measure) to evaluate operating performance. The Company defines adjusted net income (non-GAAP financial measure) as net income excluding share-based compensation expenses. Share-based compensation expenses are non-cash in nature and do not result in cash outflow.

The Company has included this non-GAAP financial measure because it is a key measure used by the Company's management to evaluate operating performance, as it facilitates comparisons of operating performance from period to period. Accordingly, the Company believes that it provides useful information to investors and others in understanding and evaluating the Company's operating results in the same manner as the Company's management team and the Board do.

The non-GAAP financial measure is not presented in accordance with U.S. GAAP and may be different from non-GAAP methods of accounting and reporting used by other companies. The non-GAAP financial measure has limitations as analytical tools; and when assessing the Company's operating performance, investors should not consider it in isolation or as a substitute for financial information prepared in accordance with U.S. GAAP. The Company encourages investors and others to review its financial information in its entirety and not rely on a single financial measure.

The table below sets forth an unaudited reconciliation of adjusted net income (non-GAAP financial measure) to net income for the periods indicated:

	For the year ended December 31,	
	2024	2025
	(RMB in thousands)	
Net income	1,567,026	2,690,467
Add: Share-based compensation expenses	1,143,685	911,987
Adjusted net income (non-GAAP financial measure)	2,710,711	3,602,454

BUSINESS REVIEW AND OUTLOOK

Business Review for the Reporting Period

For the year ended December 31, 2025, our average MAU reached 60.7 million, representing a 14.5% increase from 53.0 million for the year ended December 31, 2024. Our average DAU/MAU for the year ended December 31, 2025 achieved 24.4%. We have not only reinforced our market leadership but also validated the success of our strategy to penetrate diverse user segments, as evidenced by the growing proportion of blue-collar workers, users from lower-tier cities, and small-to-medium enterprises, underscoring our sustained growth potential.

In the past year, the Company continued to expand user coverage, achieving a steady growth in its market share by optimizing user experience and improving service quality. The Company achieved steady revenue growth and robust profitability enhancement. The Company also made positive progress in exploring new areas. On the one hand, we continued to accelerate the deployment of artificial intelligence (AI) products. On the other hand, we actively explored and attempted to provide enterprise users with results-oriented services and commercial products. At the same time, we made a good start in expanding recruitment services in new markets.

In 2025, with a steady recovery in demand from enterprise users, the recruitment demand across industries and functional categories showed a more balanced and healthy recovery trend, and the supply-demand relationship between job seekers and enterprise users gradually improved. In the blue-collar sector, the manufacturing industry recorded significant growth, which was attributable to the Company's continuous investment in developing the blue-collar ecosystem. Transportation, logistics and warehousing, and urban services also achieved sound growth. AI-related technical positions saw strong growth, and major white-collar industries also showed a rebounding trend.

In the past year, the Company also achieved a continuous increase in profit, which was driven by enhanced marketing efficiency resulting from strong double-sided network effects and increased brand awareness. An efficient business model and operational leverage ensure that the Company achieves high-quality, sustainable profitability while maintaining steady revenue growth.

In terms of technology, the Company has made progress in comprehensively advancing the application and implementation of AI across all areas, including operations, management, recommendation technology, and user products. With respect to the model, the Company's self-developed large language model "Nanbeige" once ranked first among HuggingFace's trending text models in February 2026. With respect to the recommendation, the Company combined advanced large language models with its massive proprietary data to improve recommendation efficiency and matching accuracy. With respect to the product, the platform provided all job seekers with free tools such as AI job seeking assistant and AI interview coaching to enhance their job seeking experience and user engagement. At the same time, AI capabilities were fully integrated into the commercialization products for enterprise users, and various AI recruitment functions were in different stages of application, gray-scale testing or exploration, and have received positive feedback from users. At the same time, the Company is actively working to leverage AI capabilities to deliver performance and results-oriented commercial products and services, such as bulk job seeking intention delivery and intent connect, thereby enhancing the depth and value of its services.

BUSINESS REVIEW AND OUTLOOK

The Company has achieved positive results in its expansion to markets beyond the Chinese mainland, with rapid user growth in pilot markets and steady improvements in key operational metrics, which have preliminarily validated the replicability of the Company's business model. We will accelerate the rollout of our overseas operations and actively pursue opportunities in international markets.

In terms of sustainable development, the Company adhered to the philosophy of responsible and sustainable development. Its domestic and international mainstream ESG ratings continued to improve. Its rating was recently upgraded to AA by MSCI. Its latest S&P ESG score was at a leading level, more than double the industry average, and it was rated AA by Wind. The Company was also included in a number of ESG indices of U.S. and Hong Kong stocks.

Management Commentary

Mr. Jonathan Peng Zhao, Founder, Chairman and Chief Executive Officer of the Company, remarked, "Throughout 2025, the Company achieved a steady and high-quality growth. The recruitment market showed signs of a structural recovery over the year; while further penetrating the blue-collar sector, the development of emerging technologies such as AI drove growth and recovery in recruitment demand within white-collar technical industries. The Company achieved positive results in both exploring cutting-edge AI technologies and deploying AI products. Its self-developed large language model Nanbeige ranked first among HuggingFace's trending text models. On the product front, the Company leveraged AI capabilities to enhance recommendation accuracy and user experience while accelerating the commercialization of AI products.

The Company continues to increase shareholder returns, planning to allocate no less than 50% of the previous year's adjusted net income annually to share buybacks and dividends over the next three years starting from 2026, while raising the buyback limit to US\$400 million. This reflects the Company's confidence in long-term growth and its commitment to sharing the benefits of its development with shareholders."

Ms. Wenbei Wang, Deputy Chief Financial Officer of the Company, elaborated, "In the fourth quarter and full year of 2025, we delivered strong sets of financials, with quality growth for both revenue and profitability. Driven by continued user penetration and enhanced monetization capabilities through service innovation, the Company's annual revenue grew by 12.4% year over year, further solidifying our industry-leading position as China's largest online recruitment platform. The full-year profit margin reached record high and increased significantly year over year, demonstrating the strong operating leverage and superior cost control capabilities driven by our robust double-sided network effects."

Our Platform

We connect job seekers and enterprise users in an efficient and seamless manner mainly through our highly interactive BOSS Zhipin mobile app, which together with our other mobile apps and mini programs create a vibrant network. We are relentlessly focused on enhancing user experience by delivering efficient, intuitive and convenient experience to them throughout the recruitment cycle.

We adopted the "direct recruitment model" that captures the essence of real-world recruitment scenario through innovatively embedding two-way communication and double-sided recommendation into the online recruitment process on a mobile-native platform, which has proven to be more efficient and effective, delivering better outcomes for both job seekers and enterprises.

BUSINESS REVIEW AND OUTLOOK

Our Services

Our services are purposely designed for improving job hunting and recruitment efficiency to elevate user experience.

- **For enterprise user** We provide direct recruitment services that allow enterprise users to post jobs, receive personalized candidate recommendations, engage in direct communication and receive resume upon mutual consent. We also offer an expanding range of value-added tools to further enhance recruitment efficiency.
- **For job seeker** We provide job seeking services that allow job seekers to receive job recommendations, initiate direct chats and deliver resumes upon mutual consent. We also provide value-added tools that help them better prepare for their job hunt.

Our Monetization Model

We provide recruitment and job hunting services to both enterprise users and job seekers and generate most of our revenue from paid services offered to enterprise users.

For enterprise users, we offer direct recruitment services that allow them to post jobs and communicate with job seekers, which can be free or paid based on an innovative connection-oriented monetization strategy, supplemented by paid value-added tools to further enhance their recruitment efficiency as part of our overall recruitment services to the enterprise users.

For job seekers, we offer job seeking services to communicate with enterprise users for free and paid value-added tools to help job seekers better prepare for their job hunt and assess their candidacy.

Sales and Marketing

We empower our sales team with our proprietary CRM system by helping them find enterprise users with demand and willingness to engage in bulk purchase or pay for more tailored services, which facilitates our sales team to reach out with these enterprise users. This allows us to channel our data-driven insights into the sales process and drive conversion.

We pay to acquire user traffic from online third-party channels, mainly including app stores, search engines, info feeds and social networking platforms. We also benefit from organic traffic through word-of-mouth and brand recognition. We believe brand recognition is critical to our ability to continue to attract new users. To promote our brand image, we have launched various marketing initiatives, including outdoor advertising, TV advertising, video advertising, and marketing campaigns in major national and international events.

BUSINESS REVIEW AND OUTLOOK

Share Offer

During the Reporting Period, the Company conducted an offering of Class A ordinary shares (the “**Share Offer**”), which became unconditional on July 4, 2025. The total number of Class A Ordinary Shares offered (the “**Offer Shares**”) is 34,500,000 Shares. As a result of the reallocation, the final number of Offer Shares offered to the public in Hong Kong under the Hong Kong public offering was adjusted to 10,350,000 Shares, representing 30% of the number of Offer Shares available under the Share Offer (after full exercise of the offer size adjustment option), and the final number of Offer Shares placed with selected professional, institutional and other investors under the international offering was adjusted to 24,150,000 Shares, representing 70% of the total number of Offer Shares available under the Share Offer (after full exercise of the offer size adjustment option). Dealing in the Offer Shares on Hong Kong Stock Exchange commenced at 9:00 a.m. on July 4, 2025.

Based on the Offer Price of HK\$66.00 per Offer Share, the net proceeds from the Share Offer (after full exercise of the offer size adjustment option) are approximately HK\$2.2 billion, after deducting underwriting fees and other expenses payable, and the net price is HK\$63.69 per Offer Share. The aggregate nominal value of the Offer Shares is US\$3,450 based on 34,500,000 Offer Shares. The closing price of the Shares on the Hong Kong Stock Exchange on June 24, 2025, being the date of the Hong Kong underwriting agreement, was HK\$68.40 per Share.

The Share Offer is intended to further enhance the Company’s financial flexibility, broaden the Company’s shareholder base, improve stock liquidity, and support the Group’s healthy and sustainable development.

For further details of the Share Offer, please refer to the announcements of the Company dated June 24, 2025, June 25, 2025, June 30, 2025, July 3, 2025 and July 4, 2025 and the prospectus issued by the Company dated June 25, 2025.

Annual Dividend in 2025

In October 2025, the Company distributed an annual cash dividend of approximately US\$77.9 million (representing US\$0.084 per ordinary share, or US\$0.168 per ADS), to holders of ordinary shares and holders of ADSs.

Recent Developments

Annual Dividend Policy

The Board has approved an annual dividend policy (the “**Dividend Policy**”), pursuant to which the Board intends to declare and distribute a dividend each year in accordance with the memorandum and articles of association of the Company and applicable laws and regulations. Under the Dividend Policy, the determination to make dividend distributions and the amount of such distributions in any particular annual period will be made at the discretion of the Board upon review of the Company’s operations and earnings, cash flow, financial condition and other relevant factors.

Under the Dividend Policy, and subject to the Board’s final determination and the prevailing market conditions, the Company currently expects that for each of the next three years starting from 2026, to allocate no less than 50% of the Company’s adjusted net income (a non-GAAP financial measure) of the preceding fiscal year for distribution of dividend and share repurchases.

The Board may adjust its share repurchase and dividend plan at its discretion based on financial performance, capital requirements, market conditions, and other relevant factors, and will provide timely update to Shareholders as and when appropriate in accordance with applicable laws and regulations.

BUSINESS REVIEW AND OUTLOOK

Share Repurchase Program

On August 20, 2025, the Board approved amendments to the share repurchase program adopted in August 2024, extending the program for a 12-month period through August 28, 2026 and authorizing repurchases of up to US\$250 million of the Company's shares (including ADSs) during the extended 12-month period. On March 18, 2026, the Board further approved amendments to the aforesaid share repurchase program, increasing the total authorization under the program to repurchase up to US\$400 million of the Company's shares (including ADSs) over the extended term of the program through August 28, 2027, in a sign of confidence about the Company's continued growth in the future.

Business Outlook

In 2026, we will continue to expand our user base, focus on structural incremental markets, and enhance user satisfaction while increasing brand reputation.

We are committed to enhancing the user experience, deepening our understanding of the needs of different user segments, and meeting a broader range of job-seeking and recruitment demand by refining our service capabilities.

We will continue to invest in AI, accelerate the integration and application of AI technologies in business scenarios, drive results-oriented product upgrades, and expand our commercial opportunities.

With regard to our overseas operations, we will build on our existing product portfolio to accelerate user growth and further expand the depth and breadth of our services in overseas markets.

In 2026, the Company will increase its returns to Shareholders and continue to share with them the fruits of the Company's high-quality development and the long-term value of sustainable growth.

MANAGEMENT DISCUSSION AND ANALYSIS

Note:

(1) Share-based compensation expenses were allocated as follows:

	For the year ended December 31,	
	2024	2025
	(RMB in thousands)	
Cost of revenues	43,332	22,550
Sales and marketing expenses	280,668	239,800
Research and development expenses	421,411	317,653
General and administrative expenses	398,274	331,984
Total	1,143,685	911,987

Revenues

Our revenues primarily come from online recruitment services provided to paid enterprise customers. Our revenues increased by 12.4% from RMB7,355.7 million in 2024 to RMB8,267.5 million in 2025. This increase was primarily driven by the paid enterprise customer growth. In particular, revenues from online recruitment services to enterprise customers increased by 12.7% from RMB7,270.0 million in 2024 to RMB8,192.7 million in 2025. Revenues from other services, which mainly comprise paid value-added services offered to job seekers, decreased from RMB85.7 million in 2024 to RMB74.8 million in 2025. The decrease was mainly driven by the optimization of certain value-added features. The Company simplified these offerings to enhance the value proposition for job seekers, prioritizing platform engagement and long-term ecosystem growth.

Cost of Revenues

Our cost of revenues was RMB1,235.2 million in 2025, relatively flat with RMB1,239.7 million in 2024. The decreases in employee-related expenses and rental expenses were largely offset by the increase in payment processing cost.

Sales and Marketing Expenses

Our sales and marketing expenses decreased by 18.3% from RMB2,073.1 million in 2024 to RMB1,693.2 million in 2025, which was primarily attributable to decreases in advertising and marketing expenses, employee-related expenses and rental expenses.

Research and Development Expenses

Our research and development expenses decreased by 8.9% from RMB1,815.8 million in 2024 to RMB1,653.6 million in 2025, which was primarily attributable to a decrease in employee-related expenses.

General and Administrative Expenses

Our general and administrative expenses increased by 9.6% from RMB1,093.9 million in 2024 to RMB1,199.4 million in 2025, which was mainly due to an impairment of intangible assets.

Income from Operations

As a result of the foregoing, our income from operations increased by 110.1% from RMB1,172.9 million in 2024 to RMB2,464.1 million in 2025.

MANAGEMENT DISCUSSION AND ANALYSIS

Income Tax Expenses

Our income tax expenses increased by 91.9% from RMB265.6 million in 2024 to RMB509.7 million in 2025, which was mainly due to the growth in income before income tax expenses as well as the provision of a top-up tax of RMB37.6 million under the Pillar Two rules and withholding tax of RMB14.7 million.

Net Income

Our net income increased by 71.7% from RMB1,567.0 million in 2024 to RMB2,690.5 million in 2025.

Liquidity and Capital Resources

During the Reporting Period, we funded our cash requirements primarily through cash generated from operations. As of December 31, 2025, our cash and cash equivalents, short-term time deposits and short-term investments totalled RMB19.9 billion, and net cash provided by operating activities for 2025 was RMB4.6 billion.

Interest-bearing Bank and Other Borrowings

As of December 31, 2025, the Group did not have any interest-bearing bank and other borrowings.

Significant Investments

As of December 31, 2025, the Group did not have any significant investments (including any investment in an investee company with a value of 5% or more of the Group's total consolidated assets as of December 31, 2025).

Material Acquisitions and Disposals

The Group did not have any material acquisitions or disposals of subsidiaries, consolidated affiliated entities, associates or joint ventures during the Reporting Period.

Pledge of Assets

As of December 31, 2025, the Group did not have any pledge of assets.

Future Plans for Material Investments and Capital Assets

As of December 31, 2025, the Group did not have any detailed future plans for material investments or capital assets.

Gearing Ratio

Gearing ratio equals total debt divided by total equity as of the end of the period. Total debt is defined as interest-bearing borrowings. As of December 31, 2025, the Group's gearing ratio was nil as the Group had no interest-bearing borrowings.

Foreign Exchange Exposure

Substantially all of our revenues and the majority of our expenses are denominated in RMB. We have not used any derivative financial instruments to hedge exposure to foreign currency exchange risk arising from the U.S. dollar-denominated cash and cash equivalents, short-term time deposits and short-term investments. However, we monitor this risk by periodically reviewing foreign currency exchange rates and will consider hedging significant foreign currency exposure should the need arise. To the extent that we need to convert U.S. dollars into RMB for our operations, appreciation of the RMB against the U.S. dollars would have an adverse effect on the RMB amount we receive from the conversion. Conversely, if we decide to convert RMB into U.S. dollars for the purpose of making payments for dividends on our ordinary shares or ADSs or for other business purposes, appreciation of the U.S. dollars against the RMB would have a negative effect on the U.S. dollars amounts available to us.

MANAGEMENT DISCUSSION AND ANALYSIS

Contingent Liabilities

As of December 31, 2025, the Company had no material contingent liabilities.

Capital Commitment

As of December 31, 2025, the Group had no material capital commitment.

Employees and Remuneration Policies

As of December 31, 2025, the Group had a total of 4,884 employees. The following table sets forth the total number of full-time employees by function as of December 31, 2025:

Function	Number of employees	% of total
Sales and marketing	2,663	54.5%
Research and development	1,131	23.2%
Operations	722	14.8%
General administration	368	7.5%
Total	4,884	100.0%

As part of our retention strategy, we offer employees competitive salaries, incentive share grants and other incentives. The Group participates in various government statutory employee benefit plans, including social insurance, namely pension insurance, medical insurance, unemployment insurance, work-related injury insurance and maternity insurance, and housing funds. In addition, the Group purchased employer's liability insurance and additional commercial health insurance to increase insurance coverage of its employees.

The Group has established a performance-oriented incentive system, including the "Compensation and Bonus System" and the "Regulations on Rewards and Punishments and Labor Discipline" to offer industry-competitive remuneration and continuously motivate outstanding talent. Additionally, the Company has implemented a long-term incentive mechanism, and adopted the 2020 Share Incentive Plan and the Post-IPO Share Scheme.

The Company is mindful of current employees' development path. In consideration of the Company's current and future business needs and pain points, we conduct vocational skill improvement training for employees. We help current employees improve their general and professional skills through training channels such as the Foundation Stone Program, online business training, and sales skills training.

EQUITY-LINKED AGREEMENTS

Save as disclosed in the section headed “Share Incentive Plans” in this annual report, no equity-linked agreements were entered into by the Group, or existed, during the year ended December 31, 2025.

PRINCIPAL RISKS AND UNCERTAINTIES

Our business involves certain risks as set out in the section headed “Risk factors” in the Listing Document and the Form 20-F for the year ended December 31, 2025 filed with the United States Securities and Exchange Commission. The following list is a summary of certain principal risks and uncertainties facing by the Group, some of which are beyond our control.

- If we fail to implement new technologies, develop and provide innovative features and services, respond to evolving user preferences, enhance user friendliness of our online recruitment platform, or optimize our technology systems, we may not be able to improve user experience, which may have a material and adverse effect on our user growth and retention, business, financial condition and results of operations.
- Our business depends on the continued success of our brands, and if we fail to maintain and enhance the recognition of our brands cost-effectively, or the recognition of our brands is adversely affected by any negative publicity concerning us or our Directors, management, Shareholders or business partners, our reputation and operating results may be harmed.
- We face significant competition in China’s dynamic online recruitment service market, potential market entries by established players from other industries and new technology-driven startups may further intensify competition. Our market share, financial condition and results of operations may be materially and adversely affected if we are unable to compete effectively.
- If our technological capabilities fail to yield satisfactory results or fail to improve, our online recruitment platform may not be able to effectively match our job seekers with suitable enterprise users or to optimally recommend services for our users, and our user growth, retention, results of operations and business prospects may suffer consequently.
- We use artificial intelligence technologies, including our proprietary large language model, and the deployment, application and use of AI technologies involve technological, legal, regulatory risks.
- A slowdown or adverse development in the Chinese or global economy and geopolitical conflicts may lower the hiring willingness and budget of our current and potential enterprise users, adversely affecting the demand for our services and our business in general.
- Our users may engage in intentional or negligent misconduct or other improper activities on our online recruitment platform or otherwise misuse our online recruitment platform, which may damage our brand image and reputation, our business and our results of operations.
- Because we store and process data, some of which contains sensitive personal information, we face concerns over the collection, improper use or disclosure of personal information, which could deter current and potential users from using our services, damage our reputation, result in legal liability, bring regulatory scrutiny, and in turn materially and adversely affect our business, financial condition and results of operations.

DIRECTORS' REPORT

- Our business is subject to complex and evolving laws and regulations in the Chinese mainland on data protection and cybersecurity. Any failure or perceived failure to comply with these laws and regulations could result in penalties, claims, changes to our business practices, negative publicity, legal proceedings, increased cost of operations, or declines in user growth or engagement, or otherwise harm our business.
- We may not be able to manage our growth, control our costs and expenses, implement our business strategies. Any new product or service we may launch and any new market we may enter will come with additional risks, which could materially and adversely affect our revenues, profitability, and results of operations.
- Heightened tensions in international relations, particularly between the United States and China, including restrictions on trade and investment could have a material and adverse effect on our business, financial condition, results of operations, and prospects, as well as the trading price of our Class A ordinary shares and the ADSs.
- Changes in China's economic, political or social conditions or government policies could have a material and adverse effect on our business and results of operations.
- Uncertainties in the interpretation and enforcement of PRC laws and regulations could adversely affect us.
- The PRC government's oversight and discretion over our business operations could result in a material adverse change in our operations and the value of our Class A Ordinary Shares and/or ADSs.
- The approval of or filing and reporting with the China Securities Regulatory Commission or other PRC government authorities may be required in connection with our overseas offerings under laws of the Chinese mainland, and, if required, we cannot predict whether or for how long we will be able to obtain such approval or complete such filing and reporting procedures.
- The PCAOB had historically been unable to inspect our auditor in relation to their audit work performed for our financial statements and the inability of the PCAOB to conduct inspections of our auditor in the past has deprived our investors with the benefits of such inspections.
- Our ADSs may be prohibited from trading in the United States under the HFCAA in the future if the PCAOB is unable to inspect or investigate completely auditors located in China. The delisting of the ADSs, or the threat of their being delisted, may materially and adversely affect the value of your investment.
- The trading price of the ADSs has been and may be, and the trading price of our Class A Ordinary Shares can be, volatile, which could result in substantial losses to investors.
- Our dual-class voting structure will limit your ability to influence corporate matters and could discourage others from pursuing any change of control transactions that holders of our Class A Ordinary Shares or ADSs may view as beneficial.
- The dual-class structure of our ordinary shares may adversely affect the trading market for our Class A Ordinary Shares and/or ADSs.
- If securities or industry analysts do not publish research or publish inaccurate or unfavorable research about our business, or if they adversely change their recommendations regarding the Class A Ordinary Shares and/or ADSs, the market price for our Class A Ordinary Shares and ADSs and trading volume could decline.

DIRECTORS' REPORT

CONTRACTUAL ARRANGEMENTS

As of December 31, 2025, the Company has entered into a series of Contractual Arrangements with the Consolidated Affiliated Entities and the Registered Shareholders, pursuant to which our Company obtained effective control over and had the right to receive all economic benefits from the business and operations of the Consolidated Affiliated Entities. In this regard, our Directors consider that our Company can consolidate the financial results of our Consolidated Affiliated Entities into our Group's financial information as if they were our Company's subsidiaries.

The following simplified diagram illustrates the Contractual Arrangements that were in place as of the date of this annual report:

Notes:

- (1) Beijing Huapin Borui is held as to 99.5% and 0.5% by Mr. Zhao and Ms. Xu Yue, our Company's Financial Director, respectively.
- (2) "—>" denotes direct legal and beneficial ownership in the equity interest.
- (3) "- - ->" denotes contractual relationship.
- (4) "- - - -" denotes the control by WFOE over the Registered Shareholders and the Consolidated Affiliated Entities through (i) powers of attorney to exercise all Shareholders' rights in the Consolidated Affiliated Entities, (ii) exclusive options to acquire all or part of the equity interests in the Consolidated Affiliated Entities and (iii) equity pledges over the equity interests in the Consolidated Affiliated Entities.

A brief description of each of the specific agreements that comprise the Contractual Arrangements is set out as follows:

Exclusive Technology and Service Co-operation Agreement

Beijing Highland Wolf, Beijing Huapin Borui and the Registered Shareholders entered into an exclusive technology and service co-operation agreement on January 1, 2024 (the "**Exclusive Technology and Service Co-operation Agreement**"), pursuant to which Beijing Huapin Borui agreed to engage Beijing Highland Wolf as the exclusive provider to Beijing Huapin Borui of management consultancy, technical services, and other services which may include:

- (i) provision of advices on business management;
- (ii) provision of advices on IT system and other technical support;

DIRECTORS' REPORT

- (iii) provision of business support, marketing and promotion;
- (iv) provision of development, maintenance and upgrade of software;
- (v) provision of human resources support;
- (vi) provision of leasing services to equipment; and
- (vii) other services requested from time to time.

In consideration of the services provided by Beijing Highland Wolf, Beijing Huapin Borui shall pay service fee to Beijing Highland Wolf. Pursuant to the Exclusive Technology and Service Co-operation Agreement, the service fees shall be equivalent to the total consolidated profit of Beijing Huapin Borui and its subsidiaries, after offsetting the prior-year loss (if any), operating costs, expenses, taxes and other statutory contributions. Notwithstanding the foregoing, Beijing Highland Wolf shall have the right to adjust the level of the service fees by taking into account such factors as (a) the complexity and difficulty of the services involved, (b) the time taken for the services, (c) the scope of management and technical consulting and other services and their commercial value, (d) the scope of intellectual property licensing and leasing services and their commercial value, and (e) the market reference price for services of similar kinds. Beijing Huapin Borui shall pay the service fees to Beijing Highland Wolf within 30 business days after given payment instructions by Beijing Highland Wolf.

Exclusive Purchase Option Agreement

Beijing Highland Wolf, the Registered Shareholders and Beijing Huapin Borui entered into an exclusive purchase option agreement on January 1, 2024 (the “**Exclusive Purchase Option Agreement**”), pursuant to which Beijing Highland Wolf, or its offshore parent company or its directly or indirectly owned subsidiaries was granted an irrevocable and exclusive right by the Registered Shareholders to purchase from each of the Registered Shareholders all or any part of their respective equity interest in Beijing Huapin Borui.

The purchase price payable by Beijing Highland Wolf or its designee in respect of the transfer of the entire equity interest and/or the total assets of Beijing Huapin Borui shall be the nominal price, or the minimum price required by competent PRC authorities or PRC laws. However, in any event, subject to the provisions and requirements of PRC laws, the price paid by Beijing Highland Wolf and/or its designee to Beijing Huapin Borui and/or Registered Shareholders at any such price shall be returned by Beijing Huapin Borui and/or Registered Shareholders to Beijing Highland Wolf at the time and in the form requested by Beijing Highland Wolf.

The Exclusive Purchase Option Agreement shall remain effective for ten years with Beijing Highland Wolf having the option to renew it until all the equity interest in and/or all assets of Beijing Huapin Borui has been transferred to Beijing Highland Wolf and/or its designee (registration has been completed for the change of members) and Beijing Highland Wolf and its subsidiaries and branches can legally engage in the business of Beijing Huapin Borui.

DIRECTORS' REPORT

Equity Pledge Agreement

Beijing Highland Wolf, the Registered Shareholders and Beijing Huapin Borui entered into an equity pledge agreement on January 1, 2024 (the “**Equity Pledge Agreement**”), pursuant to which each of the Registered Shareholders agreed to pledge all of their respective equity interests in Beijing Huapin Borui to Beijing Highland Wolf as a security interest to guarantee performance of their contractual obligations under the Contractual Arrangements and all liabilities, monetary debts or other payment obligations arising out of or in relation with the Contractual Arrangements.

The Equity Pledge Agreement shall remain effective until, among others, Beijing Huapin Borui and the Registered Shareholders have recorded the release of such pledged equity interests in the register of members of Beijing Huapin Borui and completed relevant deregistration procedure.

Powers of Attorney

Pursuant to the proxy agreement entered into by Beijing Huapin Borui, the Registered Shareholders and Beijing Highland Wolf (the “**Powers of Attorney**”), each of the Registered Shareholders unconditionally and irrevocably agrees to appoint Beijing Highland Wolf and/or its designee as their sole and exclusive agent to act on their behalf on all matters concerning Beijing Huapin Borui and to exercise all of their rights as shareholder of Beijing Huapin Borui, including but not limited to: (1) to propose, convene and attend shareholders' meetings of Beijing Huapin Borui and sign minutes and resolutions of the shareholders' meeting on their behalf; (2) to exercise all shareholder rights that they are entitled to under PRC laws and the articles of association of Beijing Huapin Borui, including, but not limited to, the right to vote as a shareholder, and the right to sell or transfer or pledge or dispose of all or any part of their shareholding; and (3) acting as their authorized representative to elect, designate and appoint the legal representative, chairman, directors, supervisors, general manager and other senior executives of Beijing Huapin Borui. The Powers of Attorney will be terminated, among other things, under certain conditions when Beijing Highland Wolf or its designee is duly registered as the sole shareholder of Beijing Huapin Borui on the premise that PRC laws permit Beijing Highland Wolf, or its offshore parent company or any subsidiary directly or indirectly controlled by it, to directly hold equity interest in and legally engage in the business conducted by Beijing Huapin Borui.

Save as disclosed above, there were no other new contractual arrangements entered into, renewed and/or reproduced between our Group and our Consolidated Affiliated Entities during the Reporting Period. There was no material change in the Contractual Arrangements and/or the circumstances under which they were adopted during the Reporting Period.

For the Reporting Period, none of the Contractual Arrangements had been unwound on the basis that none of the restrictions that led to the adoption of the Contractual Arrangements had been removed. As of December 31, 2025, we had not encountered interference or encumbrance from any PRC governing bodies in operating our businesses through our Consolidated Affiliated Entities under the Contractual Arrangements.

After intercompany eliminations, revenues of the Consolidated Affiliated Entities amounted to RMB7.7 billion for the Reporting Period, representing 93.1% of total consolidated revenues of our Group, and total assets of the Consolidated Affiliated Entities amounted to RMB11.1 billion as of December 31, 2025, representing approximately 45.3% of total consolidated assets of the Group.

DIRECTORS' REPORT

Reasons for Adopting the Contractual Arrangements

Our documentary and video production business, which falls within the scope of “radio and television program production and operation business”, conducted by our Consolidated Affiliated Entities are considered as “prohibited” under the Special Administrative Measures (Negative List) for Foreign Investment Access (2024 Version) (外商投資准入特別管理措施(負面清單) (2024年版)) (the “**Negative List**”) where foreign investors are prohibited from holding equity interest in an enterprise engaging in radio and television program production and operation business (the “**Prohibited Business**”). As of December 31, 2025, our Internet information services provided by our Consolidated Affiliated Entities are considered as “restricted” under the Negative List where the ultimate shareholding percentage of a foreign investor in companies engaged in value-added telecommunications services (except for e-commerce, domestic multi-party communications, storage-forwarding and call centers) shall not exceed 50% pursuant to the Negative List (the “**Restricted Business**”, together with the Prohibited Business, the “**Relevant Businesses**”). For details of the foreign investment restrictions relating to the Contractual Arrangements, please refer to the sections headed “Contractual Arrangements – PRC Laws Restricting Foreign Ownership of the Relevant Businesses” and “Contractual Arrangements – Development in PRC Legislation on Foreign Investment” on pages 273 to 277 and page 292 of the Listing Document.

Since investment in the Relevant Businesses in which we currently and may operate are subject to restrictions under current Chinese mainland laws and regulations, it was not viable for our Company to directly hold Beijing Huapin Borui and indirectly, through Beijing Huapin Borui, hold its subsidiaries through equity ownership and this company must be controlled by the Company through the Contractual Arrangements. Furthermore, since Beijing Huapin Borui operates both “prohibited business” and “restricted business” under the Negative List, we are unable to set up any alternative structure that would allow us to partially hold equity interests in and control the economic benefits of Beijing Huapin Borui other than through the Contractual Arrangements. In particular, the businesses carried on by Beijing Huapin Borui that require a value-added telecommunications business operating license for the provision of Internet information services cannot be separated from the businesses that require a radio and television production operation licence.

Based on the above reasons, the Board is of the view that the Contractual Arrangements are narrowly tailored.

Risks Relating to the Contractual Arrangements and Actions Taken to Mitigate the Risks

We believe the following risks are associated with the Contractual Arrangements. Further details of these risks are set out on pages 73 to 79 of the Listing Document.

- We are a Cayman Islands holding company with no equity ownership in the VIE and we conduct our operations in the Chinese mainland primarily through the VIE, with which we have maintained contractual arrangements. Investors in our Class A Ordinary Shares and ADSs thus are not purchasing equity interest in the VIE in the Chinese mainland but instead are purchasing equity interest in a Cayman Islands holding company. If the PRC government finds that the agreements that establish the structure for operating some of our operations in the Chinese mainland do not comply with PRC laws and regulations relating to the relevant industries, or if these laws and regulations or the interpretation of existing laws and regulations change in the future, we could be subject to severe penalties or be forced to relinquish our interests in those operations.
- We rely on contractual arrangements with the VIE which may not be as effective as direct ownership in providing operational control.

DIRECTORS' REPORT

- Any failure by the VIE or its shareholders to perform their obligations under our contractual arrangements with them would have a material and adverse effect on our business.
- The shareholders of the VIE may have actual or potential conflicts of interest with us.
- Contractual arrangements in relation to the VIE may be subject to scrutiny by the PRC tax authorities and they may determine that we or the VIE owes additional taxes, which could negatively affect our financial condition and the value of your investment.
- Our current corporate structure and business operations may be substantially affected by the Foreign Investment Law.
- We may lose the ability to use and enjoy assets held by the VIE that are critical to the operation of our business if the VIE declare bankruptcy or become subject to a dissolution or liquidation proceeding.

The structuring and implementation of the Contractual Arrangements, including the detailed terms of the Contractual Arrangements, as discussed herein, is designed to mitigate these risks.

Our Group has adopted the following measures to ensure the effective operation of our Group with the implementation of the Contractual Arrangements and our compliance with the Contractual Arrangements:

- (i) major issues arising from the implementation and compliance with the Contractual Arrangements or any regulatory enquiries from government authorities have been submitted to our Board, if necessary, for review and discussion on an occurrence basis;
- (ii) our Board has reviewed the overall performance of and compliance with the Contractual Arrangements for the Reporting Period;
- (iii) our Company has disclosed the overall performance of and compliance with the Contractual Arrangements in our annual reports; and
- (iv) our Company will engage external legal advisers or other professional advisers, if necessary, to assist the Board to review the implementation of the Contractual Arrangements, review the legal compliance of Beijing Highland Wolf and our Consolidated Affiliated Entities to deal with specific issues or matters arising from the Contractual Arrangements.

The Company also undertakes to restructure its Contractual Arrangements, including to adjust the equity interest held through its Contractual Arrangements when required by the relevant governmental authority, to comply with the latest PRC regulations, including but not limited to the Decision of the State Council on Amending or Abolishing Certain Administrative Regulations, which came into effect on May 1, 2022.

DIRECTORS' REPORT

The Foreign Investment Law

On March 15, 2019, the National People's Congress approved the PRC Foreign Investment Law (the "**Foreign Investment Law**") which became effective on January 1, 2020. On December 26, 2019, the State Council promulgated the Implementation Regulations on the Foreign Investment Law (《外商投資法實施條例》), which came into effect on January 1, 2020. The Foreign Investment Law replaced the Law on Sino-Foreign Equity Joint Ventures, the Law on Sino-Foreign Contractual Joint Ventures and the Law on Foreign-Capital Enterprises to become the legal foundation for foreign investment in the PRC.

Conducting operations through contractual arrangements has been adopted by many PRC-based companies, including our Group. We use the Contractual Arrangements by WFOE to establish control of the Consolidated Affiliated Entities, through which we operate our business in the PRC. The Foreign Investment Law stipulates that foreign investment includes "foreign investors invest in China through any other methods under laws, administrative regulations or provisions prescribed by the State Council" without elaboration on the meaning of "other methods". The Implementation Regulations on the Foreign Investment Law are also silent on whether foreign investment includes contractual arrangements. There are possibilities that future laws, administrative regulations or provisions prescribed by the State Council may regard contractual arrangements as a form of foreign investment, at which time it will be uncertain whether the Contractual Arrangements will be deemed to be in violation of the foreign investment access requirements and how the above-mentioned Contractual Arrangements will be handled. Therefore, there is no guarantee that the Contractual Arrangements and Relevant Businesses will not be materially and adversely affected in the future due to changes in PRC laws.

Listing Rules implications and waivers

For the purposes of Chapter 14A of the Listing Rules, and in particular the definition of "connected person", the Consolidated Affiliated Entities will be treated as our Company's wholly-owned subsidiary, and its directors, chief executives or substantial shareholders (as defined in the Listing Rules) and their respective associates will be treated as our Company's "connected persons." Therefore, the transactions contemplated under the Contractual Arrangements are continuing connected transactions of the Company.

In view of the Contractual Arrangements, we have applied to the Hong Kong Stock Exchange for, and the Hong Kong Stock Exchange has granted, a waiver from strict compliance with (i) the announcement, circular and independent shareholders' approval requirements under Chapter 14A of the Listing Rules in respect of the transactions contemplated under the Contractual Arrangements pursuant to Rule 14A.105 of the Listing Rules, (ii) the requirement of setting an annual cap for the transactions under the Contractual Arrangements under Rule 14A.53 of the Listing Rules, and (iii) the requirement of limiting the term of the Contractual Arrangements to three years or less under Rule 14A.52 of the Listing Rules, for so long as our Class A Ordinary Shares are listed on the Hong Kong Stock Exchange subject however to the following conditions:

- (a) no change to the Contractual Arrangements without independent non-executive Directors' approval;
- (b) no change to the agreements governing the Contractual Arrangements without independent Shareholders' approval;

DIRECTORS' REPORT

- (c) the Contractual Arrangements shall continue to enable our Group to receive the economic benefits derived by the Consolidated Affiliated Entities;
- (d) the Contractual Arrangements may be renewed and/or reproduced without an announcement, circular, or obtaining the approval of our Shareholders: (i) upon the expiry of the existing arrangements, (ii) in connections with any changes to the shareholders or directors of, or of their shareholdings in, the Consolidated Affiliated Entities, or (iii) in relation to any existing, new or acquired wholly foreign-owned enterprise or operating company (including branch company), engaging in a business similar or relating to those of our Group when such renewal and/or reproduction is on substantially the same terms and conditions as the existing Contractual Arrangements; and
- (e) we will disclose details relating to the Contractual Arrangements on an on-going basis.

Confirmation from independent non-executive Directors

The Company's independent non-executive Directors have reviewed the Contractual Arrangements and confirmed that during the Reporting Period:

- (i) the transactions carried out have been entered into in accordance with the relevant provisions of the Contractual Arrangements;
- (ii) no dividends or other distributions have been made by the Consolidated Affiliated Entities to the holders of its equity interests which are not otherwise subsequently assigned or transferred to the Group;
- (iii) any new contracts entered into, renewed or reproduced between our Group and the Consolidated Affiliated Entities are fair and reasonable, or advantageous to our Shareholders, so far as our Group is concerned and in the interests of our Shareholders as a whole;
- (iv) the Contractual Arrangements have been entered into in the ordinary and usual course of business of the Group;
- (v) the Contractual Arrangements have been entered into on normal commercial terms or better; and
- (vi) the Contractual Arrangements have been entered into in accordance with the relevant agreement governing them on terms that are fair and reasonable and in the interests of the Shareholders as a whole.

DIRECTORS' REPORT

Reporting from the Company's independent auditor

The Auditor was engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 (Revised) "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The Auditor has issued an unmodified letter containing findings and conclusions in respect of the continuing connected transactions disclosed by the Group in accordance with Rule 14A.56 of the Listing Rules, in which the Auditor has confirmed:

- nothing has come to the Auditor's attention that causes the Auditor to believe that the disclosed continuing connected transactions under the Contractual Arrangements have not been approved by the Board;
- nothing has come to the Auditor's attention that causes the Auditor to believe that the transactions were not entered into, in all material respects, in accordance with the relevant agreements under the Contractual Arrangements governing such transactions; and
- nothing has come to the Auditor's attention that causes the Auditor to believe that dividends or other distributions had been made during the year ended December 31, 2025 by our Consolidated Affiliated Entities to the Registered Shareholders which were not otherwise subsequently assigned or transferred to our Group.

WEIGHTED VOTING RIGHTS

The Company has adopted a weighted voting rights structure. Under this structure, the Company's share capital comprises Class A Ordinary Shares and Class B Ordinary Shares; each Class A Ordinary Share entitles the holder to exercise one vote, and each Class B Ordinary Share entitles the holder to exercise ten votes, on any resolution tabled at the Company's general meetings, except for resolutions with respect to the Reserved Matters, in relation to which each Share is entitled to one vote.

The WVR structure enables the WVR Beneficiary to exercise voting control over the Company notwithstanding that the WVR Beneficiary does not hold a majority economic interest in the share capital of the Company. This will enable the Company to benefit from the continuing vision and leadership of the WVR Beneficiary who will control the Company with a view to its long-term prospects and strategy.

Investors are advised to be aware of the potential risks of investing in companies with a WVR structure, in particular that the interests of the WVR Beneficiary may not necessarily always be aligned with those of our Shareholders as a whole, and that the WVR Beneficiary will be in a position to exert significant influence over the affairs of our Company and the outcome of Shareholders' resolutions. Investors should make the decision to invest in the Company only after due and careful consideration.

DIRECTORS' REPORT

The WVR Beneficiary is Mr. Zhao. As of December 31, 2025, assuming (i) no further Shares are issued under the Share Incentive Plans and (ii) without taking into account the voting rights attached to the 3,844,408 Class A Ordinary Shares issued to the Depository for bulk issuance of ADSs reserved for future issuances upon the exercise or vesting of awards granted under the Share Incentive Plans, Mr. Zhao beneficially owns and controls, through his intermediaries, an aggregate of 130,430,401 Class B Ordinary Shares, representing (a) approximately 13.5% of our issued and outstanding Shares; (b) approximately 61.0% of the voting rights in our Company with respect to shareholder resolutions relating to matters other than Reserved Matters and (c) approximately 13.5% with respect to shareholder resolutions relating to Reserved Matters. The Class B Ordinary Shares are held through Techwolf Limited. The entire interest in Techwolf Limited is held by a trust established by Mr. Zhao as the settlor for the benefit of Mr. Zhao and his family.

Class B Ordinary Shares may be converted into Class A Ordinary Shares on a one-to-one ratio. As of December 31, 2025, assuming the conversion of all the issued and outstanding Class B Ordinary Shares into Class A Ordinary Shares, the Company will issue 130,430,401 Class A Ordinary Shares, representing approximately 15.7% of the total number of issued and outstanding Class A Ordinary Shares. The weighted voting rights attached to Class B Ordinary Shares will cease when the WVR Beneficiary has no beneficial ownership of any of the Class B Ordinary Shares, in accordance with Rule 8A.22 of the Listing Rules. This may occur:

- (i) upon the occurrence of any of the circumstances set out in Rule 8A.17 of the Listing Rules, in particular where the WVR Beneficiary is: (1) deceased; (2) no longer a member of our Board; (3) deemed by the Hong Kong Stock Exchange to be incapacitated for the purpose of performing his duties as a director; or (4) deemed by the Hong Kong Stock Exchange to no longer meet the requirements of a director set out in the Listing Rules;
- (ii) when the holders of Class B Ordinary Shares have transferred to another person the beneficial ownership of, or economic interest in, all of the Class B Ordinary Shares or the voting rights attached to them, other than in the circumstances permitted by Rule 8A.18 of the Listing Rules;
- (iii) where a vehicle holding Class B Ordinary Shares on behalf of a WVR Beneficiary no longer complies with Rule 8A.18(2) of the Listing Rules; or
- (iv) when all of the Class B Ordinary Shares have been converted to Class A Ordinary Shares.

CORPORATE GOVERNANCE

The Board is pleased to present the corporate governance report for the Company covering the Reporting Period.

COMPLIANCE WITH THE CG CODE

The Group is committed to upholding and implementing the highest standards of corporate governance to safeguard the interests of the Shareholders and enhance its value and accountability.

During the Reporting Period, the Company has complied with all the code provisions of the CG Code set forth in Part 2 of Appendix C1 to the Listing Rules, save for the following.

Pursuant to code provision C.2.1 of the CG Code, companies listed on the Hong Kong Stock Exchange are expected to comply with, but may choose to deviate from the requirement that the responsibilities between the chairman and the chief executive officer should be segregated and should not be performed by the same individual. The Company deviates from this provision because Mr. Zhao performs both the roles of the chairman of the Board and the chief executive officer of the Company. Mr. Zhao is the founder of the Group and has extensive experience in the business operations and management of the Group. The Board believes that vesting the roles of both chairman of the Board and chief executive officer to Mr. Zhao has the benefit of ensuring consistent leadership within the Group and enables more effective and efficient overall strategic planning for the Group. This structure will enable the Company to make and implement decisions promptly and effectively. The Board considers that the balance of power and authority will not be impaired due to this arrangement. In addition, all major decisions are made in consultation with members of the Board, including the relevant Board committees and independent non-executive Directors. The Board will continue to review and consider segregating the roles of chairman and the chief executive officer of the Company from time-to-time, and may recommend dividing the two roles between different people in the future, taking into account the circumstances of the Group as a whole.

CORPORATE GOVERNANCE CULTURE

The Company believes that a healthy corporate culture is vital for the long-term success and sustainability of the Company's business. The Board is committed to guiding the Company to operate in good faith and compliance, with high standards of corporate governance, effectively controlling risks, achieving continuous improvement of corporate value, ensuring the stable and healthy development of the Company, and safeguarding the long-term interests of all Shareholders.

Over the years, the Company has continued to adhere to its original philosophy: putting users first, valuing technology, appreciating simplicity, and encouraging self-motivation. Adhering to the Company's vision of "redefining talent development with the power of technology, committed to user satisfaction, and giving users full fairness, a wide array of choices and higher efficiency", the Company focuses on developing a technology-driven online recruitment platform. The Company insists on placing its users first, thereby cultivating a strong foundation of technological innovation. Leveraging big data analytics and advanced technologies, the Company is able to improve user experience by providing accurate, tailored and real-time two-sided recommendations to job seekers and enterprise users. Meanwhile, the Company has established a comprehensive and rigorous data security program to ensure the confidentiality of our data and protect the job seeker's privacy. Furthermore, the Company maintains a strong emphasis on product quality and robust content governance to provide users with a seamless, user-friendly, and efficient recruitment experience.

CORPORATE GOVERNANCE

The Company has also adopted a number of policies and measures to promote the integration of its corporate culture into its operations. The Directors, senior management and other employees are all required to act lawfully, ethically and responsibly, and the required standards and norms are explicitly set out in various internal policies of the Group such as the Code of Business Conduct and Ethics, the Anti-Corruption Policy, the Rewards and Labor Discipline Regulations, BOSS Zhipin's Behavior Management Rules for Employee of Business Section, and the Guidelines for Anti-Monopoly Compliance, which are reviewed annually and updated as appropriate based on current legal and regulatory requirements and the current state of the Company's business development. The Company conducted trainings from time to time to reinforce the required standards in respect of ethics and integrity. During the Reporting Period and up to the date of this annual report, the Company has conducted anti-corruption related training for all employees (including full-time employees and part-time employees), aiming to help employees fully understand the Company's business ethics policy and enhance their awareness of business ethics. At the same time, we actively collect the training needs of business departments regarding business ethics issues and also take feedback from employees on training courses. We continuously improve and refine the training content to ensure that it is more targeted and effective.

For more details about the corporate governance culture, please also refer to the ESG Report published on the same date as this annual report on the websites of the Company (<https://ir.zhipin.com/>) under the section "Financial & Reports – HKEX Filings" and the Hong Kong Stock Exchange.

BOARD OF DIRECTORS

Responsibilities, Accountabilities and Contribution of the Board and Management

The Board is the primary decision-making body of the Company and is responsible for overseeing the Group's businesses, strategic decisions and performance and is collectively responsible for promoting the success of the Company by directing and supervising its affairs. The Board makes decisions objectively in the interests of the Company. All Directors, including independent non-executive Directors, have brought a wide spectrum of valuable business experience, knowledge and professionalism to the Board for its efficient and effective functioning. In particular, the role of an independent non-executive director of a listed issuer with a WVR structure includes but is not limited to the functions described in code provisions C.1.2, C.1.5 and C.1.6 in Part 2 of Appendix C1 to the Listing Rules. The Group's senior management is responsible for the day-to-day management of the Group's business and is responsible for overseeing the general operation, business development, finance, marketing, and operations.

The Board reserves for its decision all major matters relating to policy matters, strategies and budgets, internal control and risk management, material transactions (in particular those that may involve conflict of interests), financial information, appointment of directors and other significant operational matters of the Company. Responsibilities relating to implementing decisions of the Board, directing and coordinating the daily operation and management of the Company are delegated to the management.

Board Composition

The Board currently comprises nine members consisting of five executive Directors, one non-executive Director and three independent non-executive Directors.

CORPORATE GOVERNANCE

The composition of the Board during the year ended December 31, 2025 and up to the Latest Practicable Date is set out in the “Directors’ Report” on page 26.

None of the Directors has any personal relationship (including financial, business, family or other material/relevant relationship) with the Chairman or any other Directors or any chief executive.

Continuous Professional Development of Directors

Directors shall keep abreast of regulatory developments and changes in order to effectively perform their responsibilities and to ensure that their contribution to the Board remains informed and relevant.

Directors should participate in continuous professional development to develop and refresh their knowledge and skills to ensure that their contribution to the Board remains informed and relevant. Internally-facilitated briefings for Directors would be arranged and reading materials on relevant topics would be provided to Directors where appropriate.

During the year ended December 31, 2025, the participation in continuous professional development of each of the Directors are as follows:

- (5) Ms. Mengyuan Dong ceased to be an independent non-executive Director with effect from August 20, 2025.

CORPORATE GOVERNANCE

Confirmation of Independence from the Independent Non-Executive Directors

The Company has received from each of the independent non-executive Directors an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules and considers each of the independent non-executive Directors to be independent.

During the Reporting Period, the Board has met the requirements of Rules 3.10(1), 3.10A and 3.10(2) of the Listing Rules relating to the appointment of at least three independent non-executive Directors, representing one-third of the Board with one of whom possessing appropriate professional qualifications or accounting or related financial management expertise.

Appointment and Re-Election of Directors

Paragraph 4(2) of Appendix A1 to the Listing Rules stipulates that the directors appointed to fill a casual vacancy on or as an addition to the board shall hold office only until the first annual general meeting after his appointment, and shall then be eligible for re-election. Code provision B.2.2 of the CG Code states that every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years.

At each annual general meeting, one third of the Directors for the time being shall retire from office by rotation. However, if the number of Directors is not a multiple of three, then the number nearest to but not less than one third shall be the number of retiring Directors.

The service contracts and the terms of appointment and re-election of the Directors are set out in the “Directors’ Report” on page 28.

Board Activity

Code provision C.5.1 of the CG Code stipulates that the Board should meet regularly and board meetings should be held at least four times a year at approximately quarterly intervals. The board meeting will involve active participation of a majority of Directors. Schedules for regular Board meetings are normally agreed with the Directors in advance to facilitate their attendance. At least 14 days’ notice for all regular Board meetings will be given to all Directors and all Directors are given the opportunity to include items or businesses for discussion in the agenda. For all other Board meetings, reasonable notice will be given. Relevant agenda and accompanying meeting papers will be sent to all Directors in a timely manner and at least three days in advance of every regular Board meeting.

During the Reporting Period, six Board meetings were held and one general meeting was convened. The Company expects to continue to convene at least four regular Board meetings in each financial year at approximately quarterly intervals in accordance with code provision C.5.1 of the CG Code.

CORPORATE GOVERNANCE

Details of the Directors' attendance in Board meetings and general meeting during the Reporting Period are set out below:

Director	Attendance/Number of meeting(s) held					Corporate Governance Committee meeting
	Annual general meeting	Board meeting	Audit Committee meeting	Compensation Committee meeting	Nomination Committee meeting

Mengyuan Dong (<i>resigned with effect from August 20, 2025</i>)	1/1	4/4	3/3	2/2	N/A	1/1

Following the Listing, in accordance with code provision C.2.7 of the CG Code, apart from the regular Board meetings above, the chairman of the Board also met with the independent non-executive Directors without the presence of other Directors during the Reporting Period.

Board Independence Mechanism

The Company recognises that Board independence is pivotal in good corporate governance and Board effectiveness. The Board has established mechanisms to ensure independent views and input from any Director of the Company are conveyed to the Board for enhancing an objective and effective decision making.

The governance framework and the following mechanisms are reviewed annually by the Board, through its Nomination Committee and Compensation Committee, to ensure their effectiveness:

1. Three out of the nine Directors are independent non-executive Directors, which meets the requirements of the Listing Rules that the Board must have at least three independent non-executive Directors and must appoint independent non-executive Directors representing at least one-third of the Board.

CORPORATE GOVERNANCE

2. The Nomination Committee will assess the independence, qualification and time commitment of a candidate who is nominated to be a new independent non-executive Director before appointment and also the continued independence of existing independent non-executive Directors and their time commitments annually. On an annual basis, all independent non-executive Directors are required to confirm in writing their compliance of independence requirements pursuant to Rule 3.13 of the Listing Rules, and to disclose the number and nature of offices held by them in public companies or organisations and other significant commitments.
3. External independent professional advice is available as and when required by individual Directors.
4. All Directors are encouraged to express freely their independent views and constructive challenges during the Board/ Board committee meetings.
5. As for matters specified in the Listing Rules, a Director (including independent non-executive Director) who has a material interest in a contract, arrangement or other proposal shall not vote or be counted in the quorum on any Board resolution approving the same.
6. The chairman of the Board meets with the independent non-executive Directors annually without the presence of the executive Directors and non-executive Directors.

The Board had reviewed and confirmed the implementation and the effectiveness of the above Board independence mechanism during the year ended December 31, 2025. The Board shall review the implementation and effectiveness of above mechanism on an annual basis.

BOARD COMMITTEES

The Board has established four committees, namely the Audit Committee, the Compensation Committee, the Nomination Committee and the Corporate Governance Committee, for overseeing particular aspects of the Company's affairs. Each of these committees is established with defined written terms of reference. The terms of reference of the Board committees are available on the respective websites of the Company and the Hong Kong Stock Exchange.

Audit Committee

The Board has established an Audit Committee in compliance with Rule 3.21 of the Listing Rules and the CG Code.

The primary duties of the Audit Committee are, among other things, to monitor the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to our financial statements and accounting matters, review the adequacy of our internal control over financial reporting, review and approve related party transactions for potential conflict of interest situations.

CORPORATE GOVERNANCE

The Audit Committee comprises three independent non-executive Directors, namely Ms. Hongyu Liu, Mr. Yonggang Sun, and Mr. Yan Li. Ms. Hongyu Liu, being the chairperson of the Audit Committee, has the related financial management expertise required under Rules 3.10(2) and 3.21 of the Listing Rules. Ms. Hongyu Liu was appointed as the chairperson of the Audit Committee with effect from August 20, 2025. Prior to August 20, 2025, Ms. Mengyuan Dong was the chairperson of the Audit Committee.

The Audit Committee convened four meetings during the Reporting Period. The Audit Committee's major work during the Reporting Period includes the following:

- reviewed the 2024 annual report, including the Corporate Governance Report, the ESG Report, the Directors' Report and the financial statements;
- reviewed the 2025 interim report, including the Corporate Governance Report and the unaudited condensed consolidated financial statements;
- reviewed the annual results of the Company and its subsidiaries for the years ended December 31, 2024;
- reviewed the interim results of the Company and its subsidiaries for the six months ended June 30, 2025;
- reviewed the quarterly results of the Company and its subsidiaries for the three months ended December 31, 2024, March 31, 2025, June 30, 2025, September 30, 2025;
- in relation to the external auditor, reviewed its plans, reports, involvement in non-audit services, and its engagement letter, including the proposed fees contained therein;
- reviewed the plans and work of the Company's internal audits; and
- reviewed the financial reporting systems, internal control, risk management systems and procedures.

The Audit Committee has also met with the independent auditor of the Group, PricewaterhouseCoopers.

Compensation Committee

The Board has established a Compensation Committee in compliance with Rule 3.25 of the Listing Rules and the CG Code.

The primary duties of the Compensation Committee are to review and make recommendations to the Board with respect to director compensation, evaluate the performance of our chief executive officer and review and make recommendations to the Board regarding the terms of his compensation, and review and approve the compensation of our other executive officers and senior management. The Compensation Committee comprises two independent non-executive Directors and one executive Director, namely Mr. Yonggang Sun, Mr. Yan Li and Mr. Zhao, with Mr. Yonggang Sun as the chairperson of the Compensation Committee. Mr. Yan Li was appointed as member of the Compensation Committee with effect from August 20, 2025. Prior to August 20, 2025, Ms. Mengyuan Dong was a member of the Compensation Committee.

CORPORATE GOVERNANCE

During the Reporting Period, the Compensation Committee held three meetings. The Compensation Committee's major work during the Reporting Period includes the following:

- reviewed and approved the one-time performance-based cash bonuses to senior management, recognized their contributions to the Company;
- reviewed and approved the adjustment to the remuneration package of individual senior management, considering the level of remuneration paid by comparable companies, the time commitment and responsibilities of senior management; and
- reviewed and recommended to the Board in the form of Director agreements and Director's fees of nominated independent non-executive Director, Ms. Hongyu Liu (including the share awards granted to her, being as a part of her Director's fees pursuant to the Post-IPO Share Scheme), and reviewed the share awards granted to independent non-executive Directors, Mr. Yonggang Sun and Mr. Yan Li, pursuant to the Post-IPO Share Scheme, being as a part of their Director's fees. The vesting periods for part of the share awards granted to each of Mr. Sun, Mr. Li and Ms. Liu are shorter than 12 months because the share awards have a mixed vesting schedule, such that the relevant share awards vest evenly over a period of one year, which is pursuant to the terms of the Post-IPO Share Scheme and Rule 17.03F of the Listing Rules. After considering the factors that the grants (i) formed part of the compensation stipulated in the director agreements of each of Mr. Sun, Mr. Li and Ms. Liu entered into with the Company, and (ii) were subject to clawback mechanism, the Compensation Committee recommended the proposed grant of share awards, without being subject to any performance target, to each of Mr. Sun, Mr. Li and Ms. Liu, which align with the purpose of the Post-IPO Share Scheme.

Directors' Remuneration Policy

The Compensation Committee is responsible for making recommendations to the Board on the Company's policy and structure on the remuneration of all Directors and senior management of the Company and on the establishment of a formal and transparent procedure for developing remuneration policy for the Company for approval by the Board.

It shall also make recommendations to the Board on the remuneration packages of individual executive Director and senior management. The remuneration of individual executive Director and senior management is determined with reference to factors such as the level of remuneration paid by comparable companies, the time commitment and responsibilities of Directors and senior management, the achievement of performance target (if any), and the employment conditions of the Company and its subsidiaries.

CORPORATE GOVERNANCE

Remuneration of Senior Management

Pursuant to code provision E.1.5 of the CG Code, the annual remuneration and other remuneration related matters (including share-based compensation) of the members of senior management, including those members of senior management who are also the executive Directors, by band for the Reporting Period is set out below:

Annual Remuneration	Number of individuals ⁽¹⁾
Nil to RMB15,000,000	1
RMB15,000,000 to RMB18,000,000	2
Above RMB18,000,000	1

Nomination Committee

The Board has established a Nomination Committee in compliance with Rule 3.27A and Rule 8A.27 of the Listing Rules.

The primary duties of the Nomination Committee are, among other things, to develop and formulate the nomination procedures and criteria for the nomination and appointment of Directors, make recommendations to the Board on the appointment and succession planning of Directors, and assess the independence of independent non-executive Directors. The Nomination Committee comprises three independent non-executive Directors and one executive Director, Mr. Yan Li, Mr. Yonggang Sun, Ms. Hongyu Liu and Mr. Zhao, with Mr. Yan Li as the chairperson of the Nomination Committee. Ms. Hongyu Liu was appointed as a member of the Nomination Committee with effect from May 22, 2025.

During the Reporting Period, the Nomination Committee held three meetings. The Nomination Committee's major work during the Reporting Period includes the following:

- reviewed the structure, size and composition (including skills, knowledge, experience, and diversity) of the Board, and considered the existing Board is appropriately structured;
- considered and made recommendations to the Board on the re-election of the retiring Directors by rotation at the 2025 AGM;
- assessed the independence of the candidates of independent non-executive Directors and considered all of them to be independent, taking into account of the independence guidelines set out in Rule 3.13 of the Listing Rules;
- reviewed the backgrounds and qualifications of the candidates of independent non-executive Director and Executive Director candidates, and considered they are suitably qualified for directorships; and
- made recommendations to the Board on the appointment of independent non-executive Directors and Executive Director.

Note:

- (1) one of our senior management, resigned as executive Director and senior management during the Reporting Period.

CORPORATE GOVERNANCE

Board Diversity Policy

The Company has adopted a board diversity policy (the “**Board Diversity Policy**”) which sets out the approach to achieve diversity of the Board. The Company recognizes and embraces the benefits of having a diverse Board and sees increasing diversity at the Board level, including gender diversity, as an essential element in maintaining the Company’s competitive advantage and enhancing its ability to attract, retain and motivate employees from the widest possible pool of available talent.

Pursuant to the Board Diversity Policy, the Company aims to maintain an appropriate balance of skills, experience and diversity of perspectives on the Board that are relevant to the Company’s business growth. In reviewing and assessing suitable candidates to serve as a Director, the Nomination Committee will consider a number of aspects, including but not limited to gender, age, cultural and educational background, professional qualifications, skills, knowledge, and industry and regional experience. The Nomination Committee will also discuss periodically and when necessary, agree on the measurable objectives for achieving diversity, including gender diversity, on the Board and recommend them to the Board for adoption to complement the Company’s corporate strategy and to ensure that the Board maintains a balanced diverse profile.

During the Reporting Period, the Board reviewed and considered the implementation of the Board Diversity Policy to be effective. The Board Diversity Policy is well implemented as evidenced by the fact that there are both female and male Directors from a diverse age group with experience from different industries and sectors. The Directors have a balanced mix of knowledge and skills, including knowledge and experience in the areas of business management, e-commerce, software engineering, product management, finance and law, and human resources management. They obtained degrees in various areas including law, engineering, business administration and mathematics. There are three female Directors out of nine Directors on the Board, representing the gender diversity of the Board stands at 33.33%. The Company will continue to maintain at least one female on the Board and the Nomination Committee will proactively consider the increase in the proportion of female members when selecting and making recommendations on suitable candidates for Board membership. The Board is characterized by diversity in terms of gender, age, education background and professional experience.

Workforce Diversity Policy

The Company is also committed to ensuring that recruitment and selection practices at all levels are appropriately structured so that a diverse range of candidates are considered and will strive to achieve a balanced proportion of our employees in skills, age and gender.

During the Reporting Period, the Company adopted a workforce diversity policy (the “**Workforce Diversity Policy**”) which outlines the Company’s approach and commitment to inclusion and diversity in the workforce (including senior management). The Company is committed to fostering an inclusive, diverse, and supportive workplace where all employees, regardless of gender, age, family status, race, ethnicity, religion, sexual orientation, gender identity, disability or other characteristics protected by applicable laws, are valued, respected, and treated fairly with equal access to opportunities. All employment-related decisions by the Company should be made based on merit, free from any form of bias or discrimination. Qualifications, experience, skills, potential and performance are the primary factors considered by the Company in employment, compensation, development and promotion. The Company commits to upholding diversity of gender, background, skills and experience across our workforce, maintaining an appropriate level of female staff and ensuring strong female representation at the management level.

ACCOUNTS, RISK MANAGEMENT AND INTERNAL CONTROL

Directors' Responsibility in Respect of the Financial Statements

The Directors acknowledge their responsibility for preparing the financial statements of the Company for the year ended December 31, 2025. The Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

The statement by the auditor of the Company, PricewaterhouseCoopers, about their reporting responsibilities on the financial statements is set out in the "Independent auditor's report" of this annual report.

Risk Management and Internal Control Systems

The Board acknowledges its responsibility for the risk management and internal control systems and reviewing their effectiveness annually. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable but not absolute assurance against material misstatement or loss.

The Board has the overall responsibility for evaluating and determining the nature and extent of the risks it is willing to take in achieving the Company's strategic objectives, and establishing and maintaining appropriate and effective risk management and internal control systems.

The Audit Committee assists the Board to monitor the implementation of our risk management policies across our Company on an ongoing basis to ensure that our internal control system is effective in identifying, managing and mitigating risks involved in our business operations.

CORPORATE GOVERNANCE

The Company has developed and adopted various risk management procedures and guidelines with defined authority for implementation by key business processes and office functions, including ESG, sales and revenue, financial reporting, human resources and information technology.

The Company's risk management and internal control systems have been developed with the following principles, features and processes:

- Risk management is integrated into the day-to-day operations of the Company, and is a continuous and proactive process carried out at all levels. The Company has valued the importance of the internal control systems and has implemented its internal control systems according to the Committee of Sponsoring Organizations of the Treadway Commission Framework.
- There are ongoing dialogues between the executive Directors and the management team of each core business division to assess the potential impact of current and emerging risks and their mitigation measures so as to institute additional controls in minimizing or eliminating potential financial, compliance or other risks to the Company's businesses.
- As a public company listed in the United States and Hong Kong, the Company is subject to, among others, the Sarbanes-Oxley Act, together with the rules implemented by the U.S. Securities and Exchange Commission and applicable market regulators. The Sarbanes-Oxley Act requires, among other things, that the Company to maintain effective internal control for financial reporting and disclosure controls and procedures. Our internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. GAAP. Management is responsible for establishing and maintaining adequate internal control over our financial reporting process, and the Audit Committee oversees our financial reporting process on behalf of the Board. The Company performs system and process evaluations and testing of our internal control over financial reporting, in order to allow management to report on the effectiveness of our internal control over financial reporting and describe any material weakness in internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act.

The Company's internal audit department is responsible for reviewing the effectiveness of internal controls and reporting to the Audit Committee on any issues identified. Our internal audit department members are required to report to the Audit Committee to discuss any internal control issues we face and the corresponding measures to implement toward resolving such issues to ensure that any major issues identified are channelled to the committee on a timely basis. The Audit Committee then discusses the issues and reports to the Board.

The Board is responsible for the Group's risk management and internal control systems and reviews their effectiveness once every year. On behalf of the Board, the Audit Committee reviews the effectiveness of the Group's risk management and internal control systems on an annual basis.

The Board has completed the review of the effectiveness of the Group's risk management and internal control systems and believes that for the year ended December 31, 2025, the Group's risk management and internal control systems are effective and adequate.

CORPORATE GOVERNANCE

In addition, the Board believes that the Company's accounting and financial reporting functions as well as the ESG performance and reporting functions have been performed by staff with the appropriate qualifications and experience and that such staff receives appropriate and sufficient training and development. Based on the report of the Audit Committee, the Board also believes that sufficient resources have been obtained for the Company's internal audit function and that its staff qualifications and experience, training etc., are sufficient.

Furthermore, the Company has also put in place a disclosure of information policy for the handling and disclosure of inside information. The policy sets out the procedures and internal controls for the handling and dissemination of inside information in a timely manner and provides the Directors, senior management and relevant employees a general guide in monitoring information disclosure and responding to enquiries. For example, prior to the public disclosure of information, the Company, Directors, senior management and other insiders shall be responsible for keeping such information confidential and limit the access to the same as much as possible. Further, control procedures have been implemented to ensure that the unauthorized access and use of inside information is strictly prohibited. For instance, the Company shall enter into the confidentiality agreement with the counterparties to protect the undisclosed information.

Anti-Corruption and Whistleblowing Policies

The Company has adopted a whistleblowing policy in accordance with code provision D.2.3 of the CG Code, as well as its Code of Business Conduct and Ethics as the Company's anti-corruption policies, in accordance with code provision D.2.4 of the CG Code. The said policies outline the principles and guidelines that the Company intends to apply to promote and support anti-corruption laws and regulations and to establish a whistleblowing system for employees and those who deal with the Company to raise concerns, with the Audit Committee any material improprieties related to the Company. These policies are reviewed from time to time to ensure their relevance and appropriateness to the Group's business, corporate strategy and stakeholder expectations.

JOINT COMPANY SECRETARIES

Ms. Huaiyuan Liang (梁懷元) and Mr. Wing Yat Christopher Lui (呂穎一) are the Company's joint company secretaries.

Ms. Huaiyuan Liang has been appointed as one of our joint company secretaries with effect from August 29, 2023. Ms. Liang currently serves as the Company's director of compliance, and her responsibilities mainly cover compliance with listing requirements and corporate governance. Ms. Liang joined the Company in January 2019 and served in various roles across the department of corporate strategy and capital markets of the Company. All Directors have access to the advice and services of the joint company secretaries on corporate governance and Board practices and matters.

CORPORATE GOVERNANCE

SHAREHOLDERS

Communication with Shareholders and Investor Relations

The Board adopted a Shareholders' communication policy on December 14, 2022, with reference to the CG Code.

The Company considers effective communication with Shareholders is essential for enhancing investor relations and investor understanding of the Group's business performance and strategies. To enable Shareholders to exercise their rights in an informed manner based on a good understanding of the Company's operations, businesses and financial information, the Board adopted the Shareholders' communication policy on December 14, 2022, with reference to the CG Code. The Company endeavours to maintain an on-going dialogue with Shareholders and in particular, through annual general meetings and other general meetings. At annual general meetings, Directors (or their delegates as appropriate) are available to meet Shareholders and answer their enquiries.

The Company discloses information and publishes periodic reports and announcements to the public in accordance with the Listing Rules, the relevant laws and regulations. The primary focus of the Company is to ensure information disclosure is timely, fair, accurate, truthful and complete, thereby enabling Shareholders, investors as well as the public to make rational and informed decisions.

During the Reporting Period, the Corporate Governance Committee reviewed the Shareholders' communication policy to ensure its implementation and effectiveness, particularly with regards to the requirements of Rule 8A.35 of the Listing Rules. In light of the above communication channels and policies already in force and in the paragraph headed "Shareholders' Rights", and the annual general meeting of the Company held every year which enabled the Directors to exchange views with the Shareholders and answer their enquiries, the Company consider the implementation and effectiveness of the Shareholders' communication policy were effective.

Shareholders' Rights

To safeguard Shareholders' interests and rights are adequately protected, a separate resolution is proposed for each substantially separate issue at general meetings, including the election of individual Directors. All resolutions put forward at general meetings will be voted on by poll pursuant to the Listing Rules and poll results will be posted on the websites of the Company and the Hong Kong Stock Exchange after each general meeting.

Convening an Extraordinary General Meeting and Putting Forward Proposals by Shareholders

Shareholders may put forward proposals for consideration at a general meeting of the Company according to the Articles of Association. Pursuant to Article 66 of the Articles of Association, extraordinary general meetings shall be convened on the written requisition of any one or more members holding together, as of the date of deposit of the requisition, shares representing not less than one-tenth of the paid up capital of the Company on a one vote per share basis, which carry the right of voting at general meetings of the Company. The written requisition must be sent to the Board or the company secretary at the Company's registered office at PO Box 309 Uglan House Grand Cayman, KY1-1104 Cayman Islands, specifying the objects of the meeting and the resolutions to be added to the meeting agenda and signed by the requisitionists. If the Directors do not within 21 calendar days from the date of deposit of the requisition proceed duly to convene the meeting to be held within a further 21 calendar days, the requisitionists or any of them representing more than one-tenth of the total voting rights of all the requisitionists, on a one vote per share basis, which carry the right to vote at general meetings, may themselves convene a general meeting in the same manner, as nearly as possible, as that in which meetings may be convened by the Directors provided that any meeting so convened shall not be held after the expiration of three calendar months after the expiration of the said 21 calendar days.

CORPORATE GOVERNANCE

Procedure for Shareholders to Propose a Person for Election as a Director

If a shareholder wishes to propose a person for election as a director at a general meeting, he/she should provide a written requisition to the company secretary or the Board to call an extraordinary meeting following the procedures set forth above, or lodge a written notice to the Company's registered office. Detailed procedures for shareholders to propose a person for election as a director are available on the Company Website under the section headed "Governance – Governance Document".

Enquiries to the Board

For putting forward any enquiries to the Board, Shareholders may send written enquiries to the Company. The Company will not normally deal with verbal or anonymous enquiries.

Shareholders may send their enquiries or requests as mentioned above to the following for the attention of the joint company secretaries:

Address: 21/F, GrandyVic Building, Taiyanggong Middle Road, Chaoyang District, Beijing, 100028, People's Republic of China
Email: cosec@kanzhun.com

For the avoidance of doubt, Shareholder(s) must deposit and send the original duly signed written requisition, notice or statement, or enquiry (as the case may be) to the above address and provide their full name, contact details and identification in order to give effect thereto. The information of the Shareholder(s) may be disclosed as required by law.

DIVIDEND POLICY

In August 2025, the Board approved an annual dividend policy, pursuant to which the Board intends to declare and distribute a dividend each year in accordance with our Articles of Association and applicable laws and regulations. Under this policy, the determination to make dividend distributions and the amount of such distributions in any particular annual period will be made at the discretion of the Board upon review of our operations and earnings, cash flow, financial condition and other relevant factors.

Under the Dividend Policy, and subject to the Board's final determination and the prevailing market conditions, the Company currently expects that for each of the next three years starting from 2026, to allocate no less than 50% of the Company's adjusted net income (a non-GAAP financial measure) of the preceding fiscal year for distribution of dividend and share repurchases.

The Board may adjust its share repurchase and dividend plan at its discretion based on financial performance, capital requirements, market conditions, and other relevant factors, and will provide timely update to Shareholders as and when appropriate in accordance with applicable laws and regulations.

Despite having an annual dividend policy in place, all dividends are still subject to restrictions under Cayman Islands law, namely that our Company may only pay dividends out of profits or share premium account, and provided always that in no circumstances may a dividend be paid if this would result in our Company being unable to pay its debts as they fall due in the ordinary course of business immediately following the date on which the dividend is proposed to be paid. We are a holding company incorporated in the Cayman Islands. We may rely on dividends from our subsidiaries in Chinese mainland for our cash requirements, including any payment of dividends to our Shareholders. PRC regulations may restrict the ability of our Chinese mainland subsidiaries to pay dividends to us.

CORPORATE GOVERNANCE

If we pay any dividends on our Shares, we will pay those dividends which are payable in respect of the underlying Class A Ordinary Shares represented by the ADSs to the depositary, as the registered holder of such Class A Ordinary Shares, and the depositary then will pay such amounts to the ADS holders in proportion to the underlying Class A Ordinary Shares represented by the ADSs held by such ADS holders, subject to the terms of the deposit agreement, including the fees and expenses payable thereunder. Cash dividends on our Shares, if any, will be paid in U.S. dollars.

SHARE INCENTIVE PLANS

The Company has two existing share schemes, namely the 2020 Share Incentive Plan and the Post-IPO Share Scheme.

5,563,576 Class A Ordinary Shares, representing approximately 0.60% of the weighted average of issued and outstanding Shares of the Company, may be issued in respect of all awards granted during the Reporting Period to eligible participants pursuant to the Post-IPO Share Scheme.

1. 2020 Share Incentive Plan

The 2020 Share Incentive Plan was approved and adopted by the Company on September 19, 2020 and amended and restated on in May 21, 2021.

Purpose

The purpose of the 2020 Share Incentive Plan is to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentives to selected employees, Directors, and consultants and to promote the success of the Company's business by offering these individuals an opportunity to acquire a proprietary interest in the success of the Company or to increase this interest, by permitting them to acquire Shares of the Company.

Eligible Participants

Persons eligible to participate in the 2020 Share Incentive Plan include employees, directors and consultants. The awards granted were in the form of options, restricted share purchase rights, share appreciation rights and restricted shares.

OTHER INFORMATION

Maximum Number of New Shares Available for Issue

The maximum aggregate number of ordinary shares that may be issued under the 2020 Share Incentive Plan is 145,696,410, and it will be increased on the first day of each fiscal year by 1.5% of our total number of issued and outstanding shares on an as-converted basis on the last day of the immediately preceding calendar year; after five of such automatic annual increases, our board of directors will determine the amount of annual increases, if any, to the maximum number of ordinary shares issuable under the 2020 Share Incentive Plan. We have undertaken not to grant any further awards pursuant to the 2020 Share Incentive Plan after the Listing.

Given that no further awards would be granted under the 2020 Share Incentive Plan, the outstanding number of awards would be equivalent to the number of new Class A Ordinary Shares available for issue under the 2020 Share Incentive Plan. As of the Latest Practicable Date, outstanding share options and restricted share units representing 29,773,962 underlying Class A Ordinary Shares, being approximately 3.08 % of the issued and outstanding shares of the Company as of the Latest Practicable Date, were available for issue under the 2020 Share Incentive Plan.

Limit for Each Participant

Under the 2020 Share Incentive Plan, there is no specific limit on the maximum number of Shares which may be granted to a single eligible participant but unvested under the 2020 Share Incentive Plan.

Vesting Period

The vesting criteria and conditions, and the vesting date are specified in the award agreement. Details of the vesting period of individual grants are stated in the table below.

Period of the 2020 Share Incentive Plan

The 2020 Share Incentive Plan commenced on September 19, 2020 and will expire on September 19, 2030. Upon expiry of the 2020 Share Incentive Plan, any Awards that are outstanding shall remain in force according to the terms of the 2020 Share Incentive Plan and the applicable award agreement.

Exercise Price and Purchase Price

Each award agreement shall specify the amount for which one Share may be purchased upon exercise or vesting of an award.

The purchase price, if any, shall be determined by the administrator of the 2020 Share Incentive Plan in its sole discretion.

The entire purchase price or exercise price (as the case may be) for Shares issued under the 2020 Share Incentive Plan shall be payable in cash or cash equivalents at the time when the Shares are purchased.

Further details of the 2020 Share Incentive Plan are set out in the section headed “Statutory and General Information – D. Share Incentive Plans – 1. 2020 Share Incentive Plan” of Appendix IV to the Listing Document.

OTHER INFORMATION

2. Post-IPO Share Scheme

The Post-IPO Share Scheme was adopted pursuant to the resolutions of the Shareholders passed on December 14, 2022.

Purpose

The purpose of the Post-IPO Share Scheme is to provide selected participants with the opportunity to acquire shareholding interests in the Company so as to align the interests of the selected participants with those of our Company and to encourage selected participants to contribute to enhancing the value of our Company and its Shares for the benefit of our Company and Shareholders as a whole. The Post-IPO Share Scheme will provide our Company with a flexible means of retaining, incentivizing, rewarding, remunerating, compensating and/or providing benefits to selected participants.

Selected Participants

Any individual, who is: (a) an employee (whether full-time or part-time), director or officer of any member of our Group, including persons who are granted awards under the Post-IPO Share Scheme as an inducement to enter into employment contracts with any member of our Group; or (b) an employee (whether full-time or part-time), director or officer of: (i) a holding company; (ii) subsidiaries of the holding company other than members of our Group; or (iii) any company which is an associate of our Company, as determined by the chairperson of the Board or the award management committee (provided that such committee is established) of the Company as established and authorised by the Board or person(s) to which the Board has delegated its authority (as applicable) (the “**Scheme Administrator**”) from time to time to be entitled to participate in the Post-IPO Share Scheme. However, no individual who is resident in a place where the grant, acceptance or exercise of options pursuant to the Post-IPO Share Scheme is not permitted under the laws and regulations of such place or where, in the view of the Board or its delegate(s), compliance with applicable laws and regulations in such place makes it necessary or expedient to exclude such individual, is eligible to be offered or granted options.

Maximum Number of Shares Available for Award

The total number of Shares which may be issued upon exercise of all awards to be granted under the Post-IPO Share Scheme and awards to be granted under any other share schemes of the Company is 86,380,904 Class A Ordinary Shares, being no more than 10% of the Shares in issue on the Listing Date and rounded down to the nearest integer (the “**Scheme Mandate Limit**”) and the total number of existing Class A Ordinary Shares in issue which may be transferred as award shares underlying a grant pursuant to the Post-IPO Share Scheme is such number of Class A Ordinary Shares being 3% of the Shares in issue on the date the Listing Date and rounded down to the nearest integer (the “**Existing Shares Mandate Limit**”). Pursuant to the terms of the Post-IPO Share Scheme, the Company can direct and procure a trustee administering the scheme to make on-market purchases of shares and transfer the relevant number of existing shares to satisfy the grants made thereunder. For the avoidance of doubt, the Existing Shares Mandate Limit shall not count toward the Scheme Mandate Limit. Shares which have lapsed in accordance with the terms of the rules of the Post-IPO Share Scheme (or any other share schemes of the Company) shall not be counted for the purpose of calculating the Scheme Mandate Limit.

OTHER INFORMATION

As of January 1, 2025, 55,572,118 Class A Ordinary Shares underlying awards were available for grant under the Post-IPO Share Scheme. During the Reporting Period, 5,563,576 Class A Ordinary Shares underlying awards were granted to eligible participants pursuant to the Post-IPO Share Scheme. As of December 31, 2025, 51,465,212 Class A Ordinary Shares underlying awards were available for grant under the Post-IPO Share Scheme.

As of January 1, 2025, 79,022,982 new Class A Ordinary Shares were available for issue under the Post-IPO Share Scheme. During the Reporting Period, 7,547,616 new Class A Ordinary Shares were issued to eligible participants pursuant to the Post-IPO Share Scheme. It follows that, as at December 31, 2025 and the Latest Practicable Date, the maximum number of new Class A Ordinary Shares available for issue under the Post-IPO Share Scheme were 71,475,366 and 68,294,500 new Class A Ordinary Shares, representing 7.42% and 7.06% of the issued and outstanding shares of the Company as of December 31, 2025 and the Latest Practicable Date, respectively.

Maximum Entitlement of a Grantee

Unless approved by our Shareholders, the total number of Class A Ordinary Shares issued and to be issued upon exercise of the options granted and to be granted under the Post-IPO Share Scheme and any other share option scheme(s) of the Company to each selected participant (including both exercised and outstanding options) in any 12-month period shall not exceed 1% of the total number of Shares in issue (the “**Individual Limit**”). Any further grant of options to a selected participant which would result in the aggregate number of Shares issued and to be issued upon exercise of all options granted and to be granted to such selected participant (including exercised, canceled and outstanding options) in the 12-month period up to and including the date of such further grant exceeding the Individual Limit shall be subject to separate approval of our Shareholders (with such selected participant and his associates abstaining from voting). For any options to be granted in such circumstances, the date of the Board meeting for proposing such further grant shall be the date of grant of such options for the purpose of calculating the exercise price of the options.

Remaining Life of the Post-IPO Share Scheme

The Post-IPO Share Scheme is valid and effective for a period of 10 years commencing from the Listing Date and up to December 22, 2032. The remaining life of the Post-IPO Share Scheme is approximately over six years.

Exercise Period

An option may, subject to the terms and conditions upon which such option is granted, be exercised in whole or in part by the grantee giving notice in writing to the Company in such form as the Scheme Administrator may from time to time determine stating that the option is thereby exercised and the number of Class A Ordinary Shares in respect of which it is exercised.

The Scheme Administrator has the discretion to determine the minimum period(s) for which an option must be held and/or any minimum performance target(s) that must be achieved before it can be exercised in whole or in part.

OTHER INFORMATION

Vesting Period

The Scheme Administrator may in respect of each award and subject to all applicable laws, rules and regulations, determine the applicable vesting dates and/or any other criteria and conditions for vesting in its sole and absolute discretion. The vesting period for options and awards shall not be less than 12 months from the grant date, except that any options or awards granted to an employee may be subject to a shorter vesting period in the following circumstances:

- (a) grants of “make whole” awards or options to new employees to replace awards or options such employees forfeited when leaving their previous employers;
- (b) grants to an employee whose employment is terminated due to death or disability or event of force majeure;
- (c) grants of awards or options which are subject to the fulfilment of performance targets as determined in the conditions of his/her grant;
- (d) grants of awards or options the timing of which is determined by administrative or compliance requirements not connected with the performance of the relevant employee, in which case the vesting date may be adjusted to take account of the time from which the award or options would have been granted if not for such administrative or compliance requirements;
- (e) grants of awards or options with a mixed vesting schedule such that the awards or options vest evenly over a period of 12 months;
- (f) grants of awards or options with a total vesting and holding period of more than 12 months; or
- (g) grants of awards or options under specific circumstances which are subject to an explanation by the Board (or the compensation committee where the arrangements relate to awards or options to Directors and/or senior managers) as to why a shorter vesting period is appropriate and aligns with the purpose of the Post-IPO Share Scheme.

OTHER INFORMATION

Consideration and Exercise Price

The principal terms of the Post-IPO Share Scheme do not specify the amount payable on application or acceptance of the awards. The consideration to be paid for the Class A Ordinary Shares underlying the awards granted shall be determined by the Scheme Administrator and notified to the grantee in the award letter. For awards which take the form of options, the amount payable for each Share to be subscribed for in the event of the option being exercised shall be determined by the Scheme Administrator but shall in any event be no less than the higher of: (i) the closing price of the Shares as quoted on the principal exchange on the date of grant; and (ii) the average closing price of the Shares as quoted on the principal exchange for the five business days immediately preceding the date of grant.

The entire consideration or exercise price (as the case may be) for Shares issued shall be payable at the time when the Shares are purchased.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of KANZHUN LIMITED

(incorporated in the Cayman Islands with limited liability)

OPINION

What we have audited

The consolidated financial statements of KANZHUN LIMITED (the “Company”) and its subsidiaries (the “Group”), which are set out on pages 70 to 128, comprise:

- the consolidated balance sheet as at December 31, 2025;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of cash flows for the year then ended;
- the consolidated statement of changes in shareholders’ equity for the year then ended; and
- the notes to the consolidated financial statements, which include significant accounting policies and other explanatory information.

Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at December 31, 2025, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (“ISAs”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the Code of Ethics for Professional Accountants as issued by the Hong Kong Institute of Certified Public Accountants (the “Code”), as applicable to audits of financial statements of public interest entities. We have also fulfilled our other ethical responsibilities in accordance with the Code.

INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter identified in our audit is related to revenue recognition for online recruitment services to enterprise customers.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Revenue recognized for online recruitment services to enterprise customers</p> <p>The Company's revenues are primarily derived from providing online recruitment services to enterprise customers.</p> <p>Refer to Notes 2(o) and 12 to the consolidated financial statements, revenues derived from online recruitment services to enterprise customers were RMB8,192.7 million for the year ended December 31, 2025. Revenues are recognized when or as the control of services is transferred to a customer. Depending on the terms of the contract, control of services may be transferred at a point in time or over time.</p> <p>We considered this a key audit matter as significant effort was spent in auditing the revenues due to the large volume of transactions.</p>	<p>We performed the following procedures to address this key audit matter:</p> <ul style="list-style-type: none"> • We understood, evaluated and tested the relevant controls relating to the revenue recognition for online recruitment services to enterprise customers. • We tested the information technology general control and relevant automated controls for the information technology systems used in the processing of revenue transactions. • We tested the revenue transactions by reading contracts with customers and evaluating the appropriateness of the revenue recognition policies adopted by the Company's management. • We tested, on a sample basis, the revenue transactions by obtaining and inspecting contracts with customers, sales orders, evidence of cash receipts from customers, and system records for online recruitment service provided. • We recalculated revenue recognized for each type of online recruitment services selected. <p>Based on the procedures performed, we considered that the revenue recognized for online recruitment services to enterprise customers was supported by the evidence obtained.</p>

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with U.S. GAAP and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Group's ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast substantial doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is LEUNG, Wai Kin.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. PRINCIPAL ACTIVITIES AND ORGANIZATION

(a) Principal activities

KANZHUN LIMITED (the “Company”) was incorporated under the laws of the Cayman Islands on January 16, 2014. The Company, through its subsidiaries, consolidated variable interest entity (the “VIE”) and VIE’s subsidiaries (collectively referred to as the “Group”), is primarily engaged in providing online recruitment services through a platform named “BOSS Zhipin” in the People’s Republic of China (the “PRC” or “China”).

(b) Organization of the Group

As of December 31, 2025, the Company’s principal subsidiaries and consolidated VIE, which are limited liability companies, are as follows:

Company name	Place of incorporation	Date of incorporation	Issued and paid-up share capital (In thousands)	Equity interest/ economic interest held	Principal activities and place of operation

* The absolute amount is less than HK\$1,000.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. PRINCIPAL ACTIVITIES AND ORGANIZATION (*CONTINUED*)

(c) Consolidated variable interest entity

In order to comply with the PRC laws and regulations that prohibit or restrict foreign investments in companies involved in restricted businesses, the Group operates its restricted businesses in the PRC mainly through the VIE, Huapin, and its subsidiaries, whose equity interests are held by certain management members of the Group (the “Registered Shareholders”). Before 2024, the Company entered into a series of contractual arrangements through its subsidiary, Beijing Glorywolf Co., Ltd., with Huapin and its respective Registered Shareholders. In January 2024, these original contractual arrangements were superseded by new contractual arrangements entered into among the WFOE, Huapin and its Registered Shareholders. Pursuant to these contractual arrangements, the Company has the power to direct activities of Huapin that most significantly affect its economic performance and receives substantially all of the economic benefits from Huapin. Accordingly, the Company obtains a controlling financial interest in the VIE. The Company is deemed to be the ultimate primary beneficiary of the VIE, and therefore consolidates the VIE’s results of operations, assets and liabilities in the Group’s consolidated financial statements under the accounting principles generally accepted in the United States of America (“U.S. GAAP”).

The principal terms of the contractual agreements entered into by and among the Company, through the WFOE, the VIE and the Registered Shareholders are further described below.

Exclusive Technology and Service Co-operation Agreement

Pursuant to the Exclusive Technology and Service Co-operation Agreement, the VIE has agreed to engage the WFOE as the exclusive provider of management consultancy, technical and other services as agreed. The VIE shall pay service fee to the WFOE, which shall be equivalent to total consolidated profit of the VIE and its subsidiaries, after offsetting the prior-year accumulated loss (if any), operating cost and expenses, taxes and other statutory contributions. Notwithstanding the foregoing, the WFOE shall have the right to adjust the level of the service fee by taking into account such factors as (a) the complexity and difficulty of the services, (b) the time taken for the services, (c) the scope and commercial value of the management consultancy, technical and other services, (d) the scope and commercial value of intellectual property licensing and leasing services, and (e) the market reference price for services of similar kinds.

The Exclusive Technology and Service Co-operation Agreement shall remain effective until, among others, the date on which the WFOE or its designated party is formally registered as the shareholder of the VIE, in the case where the WFOE is permitted by the PRC laws to directly hold the VIE’s equity interests and the WFOE and its subsidiaries and branches are allowed to engage in the business being currently operated by the VIE.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. PRINCIPAL ACTIVITIES AND ORGANIZATION (*CONTINUED*)

(c) Consolidated variable interest entity (*Continued*)

Exclusive Purchase Option Agreement

Pursuant to the Exclusive Purchase Option Agreement, the Registered Shareholders of the VIE have granted the WFOE or its offshore parent company or its directly or indirectly owned subsidiaries, an exclusive and irrevocable right to purchase all or any part of the respective equity interests in the VIE from the Registered Shareholders. Among others, the VIE and the Registered Shareholders irrevocably covenanted that unless with prior written consent by the WFOE, the VIE shall not sell, transfer, pledge, or otherwise dispose all or any part of its assets (other than the assets necessary for its ordinary course of business), and the Registered Shareholders shall not sell, transfer, pledge, or otherwise dispose all or any part of their equity interests in the VIE, other than the pledge of the VIE's equity interests pursuant to these contractual arrangements. The purchase price payable by the WFOE or its designee in respect of the transfer of the entire equity interests and/or total assets of the VIE shall be the nominal price, or the minimum price required by relevant PRC authorities or PRC laws. However, in any event, subject to the provisions and requirements of PRC laws, the price paid by the WFOE and/or its designee to the VIE and/or Registered Shareholders at any such price shall be returned by the VIE and/or Registered Shareholders at the time and in the form requested by the WFOE.

The Exclusive Purchase Option Agreement shall remain effective for ten years with the WFOE having the option to renew it until all the equity interests in and/or all assets of the VIE have been transferred to the WFOE and/or its designee (registration has been completed for the change of members), and the WFOE and its subsidiaries and branches can legally engage in the business of the VIE.

Equity Pledge Agreement

Pursuant to the Equity Pledge Agreement, the Registered Shareholders of the VIE have pledged all of equity interests in the VIE to the WFOE to guarantee performance of their obligations under the contractual arrangements and all liabilities, monetary debts or other payment obligations arising out of or in relation with the contractual arrangements. In the event of a breach by the VIE or any of its Registered Shareholders of contractual obligations under the Equity Pledge Agreement, the WFOE will have the right to (1) demand all the outstanding payments according to the Exclusive Technology and Service Co-operation Agreement, and/or (2) exercise its right of pledge according to the Equity Pledge Agreement, or otherwise dispose of the pledged equity interests in accordance with applicable laws, unless the event of default has been resolved in the satisfactory of the WFOE in time.

The Equity Pledge Agreement shall remain valid until, among others, the VIE and the Registered Shareholders have recorded the release of such pledged equity interests in the register of members of the VIE and completed relevant deregistration procedure.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. PRINCIPAL ACTIVITIES AND ORGANIZATION (*CONTINUED*)

(c) Consolidated variable interest entity (*Continued*)

Spousal Consent Letter

Pursuant to the Spousal Consent Letter, the spouses of the Registered Shareholders unconditionally and irrevocably consented to the execution of the relevant contractual agreements and to the disposal in accordance therewith of the equity interests in the VIE held by the Registered Shareholders (as the case may be). Additionally, each of the spouses agreed not to make any claim with respect to the equity interests in the VIE held by such Registered Shareholder, and to be bound by the relevant contractual agreements if for any reason the spouses acquire any equity interest in VIE held by each Registered Shareholder.

Power of Attorney

Pursuant to the Power of Attorney, each of the Registered Shareholders appointed the WFOE and/or its designee as their sole and exclusive agent to act on their behalf on all matters concerning the VIE and to exercise all of their rights as shareholders of the VIE, including but not limited to (1) to propose, convene and attend shareholders meetings and sign minutes and resolutions, (2) to exercise all shareholder rights that they are entitled to under PRC law and the relevant articles of association, including but not limited to, the right to vote and the right to sell, transfer, pledge or disposal of all or part of their shareholding; and (3) to elect, designate and appoint the legal representative, chairman, directors, supervisors, general manager and other senior executives of the VIE.

(d) Risks in relations to the VIE structure

The Group believes that the contractual arrangements between or among the WFOE, VIE and the Registered Shareholders are in compliance with applicable PRC laws and regulations. However, uncertainties in the PRC legal system could limit the Company's ability to enforce these contractual arrangements. The PRC Foreign Investment Law, effective from January 1, 2020, doesn't explicitly classify contractual arrangements as a form of foreign investments. There are uncertainties with respect to its implementation and interpretation, and the possibility that the VIE will be deemed as a foreign-invested enterprise and subject to relevant restrictions in the future shall not be excluded. If the contractual arrangements establishing the Company's VIE structure are found to be in violation of any existing or future PRC law and regulations, the relevant PRC government authorities will have broad discretion in dealing with such violation, including but not limited to levying fines, confiscating the Group's income from the VIE, revoking the Group's business licenses or operating licenses, requiring the Group to restructure its ownership structure or operations, discontinuing or placing restrictions on the Group's operations. The imposition of these penalties may result in a severe adverse impact on the Company's ability to direct the activities of the VIE or receive economic benefits from the VIE, which may result in the deconsolidation of the VIE.

Under the contractual arrangements with the VIE, the Company has the power to direct activities of the VIE through the WFOE that most significantly impact the VIE such as having assets transferred out of the VIE at its discretion. Therefore, the Company considers that there is no asset of the VIE that can be used only to settle obligations of the VIE except for registered capital and PRC statutory reserves of the VIE. Since the VIE was incorporated as a limited liability company under the PRC Company Law, creditors of the VIE do not have recourse to the general credit of the WFOE for any liabilities of the VIE.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of presentation

The accompanying consolidated financial statements have been prepared in accordance with U.S. GAAP and the disclosure requirements of the Hong Kong Companies Ordinance.

Certain financial information of prior years has been reclassified to conform with the current year's presentation to facilitate comparison.

(b) Principles of consolidation

The consolidated financial statements include the financial statements of the Company, its subsidiaries, the consolidated VIE and VIE's subsidiaries for which the Company is the ultimate primary beneficiary.

A subsidiary is an entity in which the Company, directly or indirectly, controls more than one half of the voting power; or has the power to appoint or remove the majority of the members of the board of directors, to cast a majority of votes at the meeting of the board of directors or to govern the financial and operating policies under a statute or agreement among the shareholders or equity holders.

The Company applies the guidance codified in ASC 810, *Consolidations* on accounting for the VIE, which requires a VIE to be consolidated by its primary beneficiary if the equity holders in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional financial support from other parties.

All transactions and balances between the Company, its subsidiaries, the consolidated VIE and VIE's subsidiaries have been eliminated upon consolidation.

(c) Use of estimates

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the balance sheet dates and revenues and expenses during the reporting periods. Accounting estimates reflected in the Group's consolidated financial statements include, but are not limited to, useful lives of property, equipment and software and intangible assets, impairment assessments of long-lived assets and goodwill, fair value of assets acquired and liabilities assumed in a business acquisition and available-for-sale investments, valuation allowance for deferred tax assets, the provision for credit losses of financial assets and valuation of share-based compensation. Management bases the estimates on historical experience, known trends and various other assumptions that are believed to be reasonable under current circumstances. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(d) Functional currency and foreign currency translation

The Group's reporting currency is Renminbi ("RMB"). The Company's functional currency is the United States dollars ("US\$"). The respective functional currency of the Company's subsidiaries, consolidated VIE and VIE's subsidiaries is determined based on the criteria of ASC 830, *Foreign Currency Matters*.

Transactions denominated in currencies other than the functional currency are translated into the functional currency of the entity at the exchange rates quoted by authoritative banks prevailing on the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the applicable exchange rates at the balance sheet dates. Exchange gain or loss resulting from those foreign currency transactions denominated in foreign currencies is recorded in foreign exchange gain/(loss) in the consolidated financial statements.

The financial statements of the Company and subsidiaries located outside the Chinese mainland are translated from their functional currency into RMB. Their assets and liabilities are translated into RMB using the applicable exchange rates at the balance sheet date. Equity accounts other than earnings generated in current period are translated into RMB at the appropriate historical rates. Revenues, expenses, gain and loss are translated into RMB using the periodic average exchange rates. The resulting foreign currency translation adjustments are recorded in other comprehensive income/(loss) in the consolidated financial statements.

(e) Fair value measurement

Accounting guidance defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurement for assets and liabilities required or permitted to be recorded at fair value, the Group considers the principal or most advantageous market in which it would transact and it considers assumptions that market participants would use when pricing the asset or liability.

Accounting guidance establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Accounting guidance establishes three levels of inputs that may be used to measure fair value:

- Level 1 – Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – Include other inputs that are directly or indirectly observable in the marketplace.
- Level 3 – Unobservable inputs which are supported by little or no market activity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(e) Fair value measurement (*Continued*)

Accounting guidance also describes three main approaches to measuring the fair value of assets and liabilities: (1) market approach; (2) income approach and (3) cost approach. The market approach uses prices and other relevant information generated from market transactions involving identical or comparable assets or liabilities. The income approach uses valuation techniques to convert future amounts to a single present value amount and the measurement is based on the value indicated by current market expectations about those future amounts. The cost approach is based on the amount that would currently be required to replace an asset.

(f) Business acquisition

Business acquisitions are recorded using the acquisition method of accounting in accordance with ASC 805, *Business Combinations*. The consideration transferred in an acquisition is measured as the aggregate of the fair value of the assets transferred, liabilities incurred and equity instruments issued as of the acquisition date. Transaction cost directly attributable to the acquisition is expensed as incurred. Identifiable assets and liabilities acquired or assumed are measured separately at their fair value as of the acquisition date, irrespective of the extent of any non-controlling interest. The excess of total of consideration paid, fair value of any non-controlling interest and the acquisition-date fair value of any previously held equity interest in the subsidiary acquired over the fair value of the identifiable net assets of the subsidiary acquired is recorded as goodwill. If the consideration of the acquisition is less than the fair value of net assets of the subsidiary acquired, the difference is recognized directly in the consolidated statements of comprehensive income.

(g) Cash and cash equivalents

Cash and cash equivalents include cash on hand, time deposits and highly liquid investments that are readily convertible to known amounts of cash, which have original maturities of three months or less.

(h) Time deposits

Time deposits are fixed deposits in financial institutions with original maturities greater than three months, which are measured at amortized cost. Time deposits with remaining maturities less than twelve months are classified as short-term time deposits, and others are classified as long-term time deposits.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(i) Investments

The Group's investments mainly include wealth management products, which are either principal-not-guaranteed or have variable interest rates. These investments are measured at fair value with fair value changes recorded in earnings.

The Group also holds debt securities and equity securities. Investments in debt securities are accounted for in accordance with ASC 320, *Investments – Debt Securities*, and are classified as trading, held-to-maturity or available-for-sale investments. Investments in debt securities that are bought and held principally for the purpose of selling them in the near term are classified as trading investments and measured at fair value with changes in fair value recorded in earnings. Investments in debt securities that the Group has the positive intent and ability to hold to maturity are classified as held-to-maturity investments and measured at amortized cost less allowance for credit losses. Investments in debt securities not classified as trading or as held-to-maturity securities are classified as available-for-sale investments, which are measured at fair value and subject to impairment testing. Their unrealized gains or losses are recognized in other comprehensive income/(loss) and realized gains or loss are recorded in earnings when realized.

Investments in equity securities with readily determinable fair value and over which the Group has no significant influence or control are measured at fair value with changes in fair value recorded in earnings. Investments in equity securities over which the Group has significant influence but does not have control are accounted for using the equity method of accounting. Under the equity method, the Group initially records its investments at cost and subsequently adjusts the carrying amount of its investments to recognize the Group's proportionate share of the equity investee's net income/(loss) into earnings. The share of income from equity method investments was insignificant for the years presented.

Investments with remaining maturities less than twelve months or expected to be realized in cash during the next twelve months are classified as short-term investments, and others are classified as long-term investments.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(j) Receivables

The Group's accounts and notes receivable and other receivables recorded in prepayments and other current assets are within the scope of ASC 326, *Credit Losses*. To estimate expected credit losses, the Group has identified the relevant risk characteristics of these items, including size, type of the services provided, historical credit loss experience and industry-specific factors. No material allowance for credit losses was recognized as of December 31, 2024 and 2025.

An aging analysis of accounts and notes receivable as of December 31, 2024 and 2025, based on recognition date and net of credit loss allowance, is as follows:

	As of December 31,	
	2024	2025
	(RMB in thousands)	
Within 3 months	32,477	20,334
Between 3 months and 6 months	4,890	4,347
Between 6 months and 1 year	2,050	2,498
More than 1 year	1,296	5,958
Total	40,713	33,137

(k) Property, equipment and software

Property, equipment and software are stated at cost less accumulated depreciation and impairment (if any). Property, equipment and software are depreciated over the estimated useful lives on a straight-line basis. The estimated useful lives are as follows:

Category	Estimated useful lives
Electronic equipment	3-5 years
Leasehold improvement	Shorter of lease term or estimated useful life of the assets
Buildings	20 years
Motor vehicles	3-5 years
Furniture and fixtures	5 years
Software	5 years

The Group recognized the gain or loss on the disposal of property, equipment and software in other operating income/(expenses) in the consolidated statements of comprehensive income.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(l) Intangible assets

Intangible assets purchased are initially recognized at cost, and intangible assets acquired in a business acquisition are initially recorded at fair value as of the acquisition date. Intangible assets with finite useful lives are amortized on a straight-line basis over the estimated useful lives, which are determined based on the period of contractual rights or estimated period during which such assets can bring economic benefits to the Group. The estimated useful lives are as follows:

Category	Estimated useful lives
Customer relationships	5-10 years
Trademarks	3-10 years
Technology	10 years
Non-compete agreements	5-6 years
Database	3 years
Domains	10 years

(m) Impairment of long-lived assets other than goodwill

Long-lived assets, such as fixed assets and intangible assets with finite useful lives, are evaluated for impairment whenever events or changes in circumstances (such as a significant adverse change to market conditions that will impact the future use of the assets) indicate that the carrying value of an asset may not be fully recoverable. The Group evaluates the recoverability of the long-lived assets by comparing the carrying value of the assets to the undiscounted future cash flows expected to be generated from the use of the assets and their eventual disposition. If the sum of the expected undiscounted future cash flows is less than the carrying value of the asset, the Group recognizes an impairment loss based on the excess of the carrying value of the asset over its fair value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(n) Goodwill

Goodwill represents the excess of the purchase price over the fair value of the identifiable assets and liabilities acquired or assumed in a business acquisition. Goodwill is tested for impairment at least annually and more frequently when an event occurs or circumstances change that could indicate that the asset might be impaired. In accordance with ASU 2017-04, *Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment*, the Group first assesses qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If it is more likely than not that the fair value of a reporting unit is less than its carrying amount, the quantitative impairment test is mandatory; otherwise, no further testing is required. The quantitative impairment test consists of a comparison of the fair value of the reporting unit with its carrying amount, including goodwill. If the carrying amount of the reporting unit exceeds its fair value, an impairment loss equal to the difference between the carrying amount of the reporting unit and its fair value will be recorded. The Group performed impairment assessment for goodwill, and no impairment was recorded for the years presented.

(o) Revenues

The Group accounted for revenues under ASC 606, *Revenue from Contracts with Customers*. The Group applies the five steps defined under ASC 606: (i) identify the contract(s) with a customer; (ii) identify performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract and (v) recognize revenues when (or as) a performance obligation is satisfied.

According to ASC 606, revenues are recognized net of value-added tax when or as the control of services is transferred to a customer. Depending on the terms of the contract, control of services may be transferred over time or at a point in time. Control of services is transferred over time if one of the following criteria is met: (i) customers simultaneously receive and consume the benefits provided by the Group's performance; (ii) the Group's performance creates or enhances an asset that customers control; or (iii) the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payments for performance completed to date. If control of services is transferred over time, revenues are recognized over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenues are recognized at a point in time when customers obtain control of the services.

(o) Revenues (*Continued*)

Online recruitment services to enterprise customers

The Group provides online recruitment services with different kinds of features to enterprise customers, including direct recruitment services such as job postings, and value-added tools such as bulk invite sending, which could be purchased as a part of a package or on a standalone basis.

Based on the pattern by which the Group provides services and how enterprise customers benefit from services, these services can be divided into two categories in terms of revenue recognition: (i) services over a particular subscription period, which provide enterprise customers certain rights during a particular subscription period; for example, paid job postings allow enterprise customers to present certain job positions, receive job seeker recommendations, browse the mini-resume of and chat with a certain number of job seekers in its platform during the subscription period; and (ii) services with definite and limited number of usages within an expiration period, such as bulk invite sending and advanced filter. Accordingly, the Group recognizes its revenues from online recruitment services either over time or at a point in time as following:

- For services over a particular subscription period, the Group has a stand-ready obligation to deliver the corresponding services on a when-and-if-available basis during the subscription period, and enterprise customers simultaneously and continuously receive and consume the benefits as the Group provides the services throughout the subscription period. Therefore, a time-based measure of progress best reflects the satisfaction of the performance obligations and the Group recognizes related revenues on a straight-line basis over the subscription period.
- For services with definite and limited number of usages within an expiration period, upon the delivery of the individual services, the Group satisfies its performance obligations and enterprise customers benefit from its performance obligations. Therefore, revenues are recognized at a point in time. If these services are unused within the expiration period, the Group recognizes related revenues when they expire.

Other services

Other services mainly represent paid value-added tools offered to job seekers such as increased exposure of resume and candidate competitive analysis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(o) Revenues (*Continued*)

Arrangements with multiple performance obligations

Multiple performance obligations exist when enterprise customers purchase subscription packages, which include an array of services. For those services included in subscription packages, the selling prices are consistently made references to the standalone selling prices when sold separately. The Group allocates the transaction price to each performance obligation based on the relative standalone selling price, considering bulk-sale price discounts offered to certain enterprise customers where applicable.

Deferred revenue

The Group records deferred revenue when the Group receives customers' payments in advance of transferring control of services to customers. Substantially all deferred revenue recorded are expected to be recognized as revenues in the next twelve months.

Remaining performance obligations

Remaining performance obligations represent the amount of contracted future revenues not yet recognized as the amount relate to undelivered performance obligations. Substantially all of the Group's contracts with customers are within one year in duration. As such, the Group has elected to apply the practical expedient which allows an entity to exclude disclosures about its remaining performance obligations if the performance obligation is part of a contract that has an original expected duration of one year or less.

(p) Cost of revenues

Cost of revenues primarily consists of payment processing cost, payroll and other employee-related expenses, server and bandwidth service cost, server depreciation expenses, and other expenses directly attributable to the performance of the Group's online recruitment services.

(q) Sales and marketing expenses

Sales and marketing expenses primarily consist of payroll and other employee-related expenses, advertising expenses and rental expenses for the Group's sales and marketing functions. Advertising expenses primarily include online traffic acquisition cost and brand marketing cost. For the years ended December 31, 2024 and 2025, advertising expenses were RMB530.4 million and RMB322.8 million, respectively.

(r) Research and development expenses

Research and development expenses primarily consist of payroll and other employee-related expenses, server depreciation expenses and service fees, and rental expenses for research and development functions. All research and development costs are expensed as incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(s) General and administrative expenses

General and administrative expenses primarily consist of payroll and other employee-related expenses for general corporate functions, professional service fees, rental expenses and other general corporate related expenses.

The auditor's remuneration in relation to audit and audit-related services provided for the years ended December 31, 2024 and 2025 were RMB12.4 million and RMB13.6 million, respectively. The auditor's remuneration in relation to non-audit services provided for the years ended December 31, 2024 and 2025 were RMB0.4 million and nil, respectively.

(t) Employee benefits

Full-time employees of the Group in the PRC participate in a government mandated defined contribution plan, pursuant to which certain pension benefits, medical care, employee housing fund and other welfare benefits are provided to employees. Chinese labor regulations require that the PRC subsidiaries, consolidated VIE and VIE's subsidiaries of the Group make contributions to the government for these benefits based on certain percentages of the employees' salaries, up to a maximum amount specified by the local government. The Group has no legal obligation for the benefits beyond the contributions made. There were no forfeited contributions that may be used by the Group as the employer to reduce the existing level of contributions for the years ended December 31, 2024 and 2025. Total amounts of such employee benefit expenses contributed by the Group, including accrued and unpaid amounts, were RMB470.1 million and RMB436.7 million for the years ended December 31, 2024 and 2025, respectively.

(u) Share-based compensation

The Group grants share options and RSUs to its management, employees and non-employees. These share-based awards are accounted for in accordance with ASC 718, *Compensation-Stock Compensation*, and measured at the grant-date fair value. Share-based awards with only service conditions are recognized as expenses using the straight-line method over the requisite service period. For awards with performance conditions, share-based compensation expenses are recognized using the graded vesting method if and when it is probable that the performance condition will be achieved. Forfeitures are accounted for when they occur.

The fair value of share options is estimated using the binomial option-pricing model. The determination of the fair value is affected by the fair value of underlying ordinary shares as well as assumptions regarding a number of complex and subjective variables, including the expected share price volatility, actual and projected employee and non-employee share option exercise behavior, risk-free interest rates and expected dividend yield. The fair value of RSUs is estimated based on the fair value of underlying ordinary shares of the Company on the grant date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(v) Operating leases

The Group accounts for operating leases in accordance with ASC 842, *Leases*. Right-of-use assets and operating lease liabilities are recognized for operating leases at lease commencement date, based on the present value of lease payments over the lease term. As most of the Group's leases do not provide an implicit rate, the Group uses the incremental borrowing rate, based on the information available at lease commencement date, to determine the present value of lease payments. Lease expenses are recognized on a straight-line basis over the lease term. The Group has elected the practical expedient to account for lease and non-lease components as a single lease component.

For operating leases with a term of one year or less, the Group has elected not to recognize any right-of-use asset or lease liability. Instead, lease payments are recognized as operating cost and expenses in the consolidated statements of comprehensive income on a straight-line basis over the lease term. Short-term lease expenses are immaterial to the consolidated financial statements.

(w) Income taxes

Current income taxes are recorded in accordance with the regulations of the relevant tax jurisdiction. The Group accounts for deferred income taxes under the liability method in accordance with ASC 740, *Income Tax*. Under this method, deferred tax assets and liabilities are recognized for the tax consequences attributable to differences between carrying amounts of existing assets and liabilities in the financial statements and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred taxes of a change in tax rates is recognized in the consolidated statements of comprehensive income in the period of change. Valuation allowances are established when necessary to reduce the amount of deferred tax assets if it is considered more likely than not that amount of deferred tax assets will not be realized.

The Group accounts for uncertainties in income taxes in accordance with ASC 740, which prescribes the recognition threshold a tax position is required to meet before being recognized in the financial statements. As of December 31, 2024 and 2025, the Group did not have any significant unrecognized uncertain tax positions.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*CONTINUED*)

(x) Comprehensive income/(loss)

Comprehensive income/(loss) is defined as the change in equity during a period from transactions and other events and circumstances excluding those resulting from investments by shareholders and distributions to shareholders. The Group recognizes foreign currency translation adjustments and changes in unrealized gains/(losses) on available-for-sale investments as other comprehensive income/(loss) in the consolidated financial statements. The income tax effect related to other comprehensive income for the year ended December 31, 2025 amounted to RMB20.0 million, and was immaterial for the year ended December 31, 2024.

(y) Segment reporting

The Group has one operating and reportable segment mainly engaged in providing online recruitment services. The Group's chief operating decision maker ("CODM") is the Chief Executive Officer. The CODM assesses performance and determines resource allocation for the one operating segment based on the consolidated income from operations. The consolidated results regularly provided to the CODM include revenues, significant segment expenses and consolidated income from operations, which are consistent with those reported on the consolidated statements of comprehensive income. The CODM considers year-over-year fluctuations and budget-to-actual variances of these consolidated results when assessing performance and making operating decisions. The Group manages assets on a consolidated basis as reported on the consolidated balance sheets. Additionally, the Group's long-lived assets are substantially located in the PRC and substantially all of the Group's revenues are derived from entities within the PRC.

(z) Net income per share

Basic net income per share is computed by dividing net income attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the period. Diluted net income per share is calculated by dividing net income attributable to ordinary shareholders by the weighted average number of ordinary shares and, if dilutive, potential ordinary shares outstanding during the period. Potential ordinary shares consist of shares issuable upon the vesting of RSUs and the exercise of share options using the treasury stock method.

The two-class method is used for computing net income per share. Under the two-class method, net income is allocated between ordinary shares and other participating securities based on their participating rights, if applicable. Since the different classes of ordinary shares have identical rights except for voting and conversion rights and they share equally in dividends and residual net assets on a per share basis, the different classes of ordinary shares are presented as one class for the calculation of net income per share.

(aa) Recent accounting pronouncements

Recently adopted accounting pronouncements

In December 2023, the Financial Accounting Standards Board (“FASB”) issued ASU 2023-09, *Improvements to Income Tax Disclosures (Topic 740)*, which requires disclosure of disaggregated information about a reporting entity’s effective tax rate reconciliation as well as additional information on income taxes paid. The Group adopted this standard prospectively for the fiscal year 2025 and disclosed the required additional information about income taxes in the consolidated financial statements. This adoption did not have a material impact on the consolidated financial statements.

Recently issued accounting pronouncements not yet adopted

In November 2024, the FASB issued ASU 2024-03, *Income Statement – Reporting Comprehensive Income – Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of income statement expenses*, which requires disaggregated disclosure of specific expense categories presented on the face of the income statement. It’s effective for fiscal years beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027. This ASU should be applied prospectively with the option to apply the standard retrospectively. The Group is currently evaluating the impact of this standard on the consolidated financial statements.

In July 2025, the FASB issued ASU 2025-05, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets*. This ASU provides a practical expedient allowing an entity to assume that current conditions as of the balance sheet date remain unchanged over the remaining life of an asset when estimating expected credit losses. It’s effective for fiscal years beginning after December 15, 2025 and interim periods within those fiscal years, with early adoption permitted. This ASU should be applied prospectively. The Group is currently evaluating the impact of this standard and does not expect it to have a material impact on the consolidated financial statements.

In December 2025, the FASB issued ASU 2025-10, *Government Grants (Topic 832): Accounting for Government Grants Received by Business Entities*, to establish authoritative guidance on the accounting for government grants. This ASU is effective for fiscal years beginning after December 15, 2028 and interim periods within those fiscal years, with early adoption permitted. It can be applied using a modified prospective approach, a modified retrospective approach, or a retrospective approach. The Group is currently evaluating the impact of this standard and does not expect it to have a material impact on the consolidated financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

3. CONCENTRATION AND RISKS

(a) Concentration of credit risk

Financial assets that potentially expose the Group to the concentration of credit risk primarily consist of cash and cash equivalents, time deposits and investments in financial instruments placed in financial institutions. The maximum exposure of such assets to credit risk equals their carrying amount as of the balance sheet dates. In the event of the bankruptcy of these financial institutions, the Group may not be able to claim those assets back in full. The Group believes these financial institutions are of high credit rating and quality. The Group regularly monitors the rating and financial strength of these financial institutions to avoid potential defaults.

(b) Foreign currency exchange rate risk

The RMB has fluctuated against the US\$ at times significantly and unpredictably. The appreciation of the RMB against the US\$ was approximately 4% in 2025. It is difficult to predict how market forces or PRC or U.S. government policy may impact the exchange rate between the RMB and the US\$ in the future.

4. BUSINESS ACQUISITION

On February 6, 2024, the Group completed the acquisition of approximately 77% of equity interest of W.D Technology Investment Group Limited, which is principally engaged in providing blue-collar recruitment services. The consideration of this acquisition was approximately US\$52.7 million (approximately RMB374.3 million). The Group obtained control of the investee since it held majority of the investee's equity interest and was entitled to assign majority of the board members, one of whom shall be the chief executive officer of the investee.

The acquisition was accounted for as a business acquisition using the acquisition method of accounting. The consideration of the acquisition was allocated based on the fair value of assets acquired and liabilities assumed as of the acquisition date as follows:

	Amount (RMB in thousands)
Purchase consideration	374,306
Net assets acquired	208,412
Identifiable intangible assets acquired	
– Customer relationships	94,000
– Trademarks	91,000
– Technology	80,000
– Non-compete agreements	13,000
Goodwill	839
Non-controlling interests	(112,945)
Total	374,306

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

4. BUSINESS ACQUISITION (*CONTINUED*)

Net assets acquired primarily consisted of cash and cash equivalents of RMB224.0 million, other receivables of RMB37.1 million, property, equipment and software of RMB43.3 million, and other payables and accrued liabilities of RMB104.6 million.

Goodwill arising from this acquisition was primarily attributable to future business growth expected to be achieved from the acquisition. Goodwill was expected to be non-deductible for income tax purposes.

Share repurchase programs (Continued)

In August 2025, the Board approved amendments to the share repurchase program adopted in August 2024, extending the program for a 12-month period through August 28, 2026 and authorizing repurchases of up to US\$250 million of the Company's shares (including in the form of ADSs). In March 2026, the Board approved amendments to the existing share repurchase program, increasing the total authorization under the program to repurchase up to US\$400 million of the Company's shares (including in the form of ADSs) over the extended term of the program through August 28, 2027.

The Company repurchased 32,473,978 and 1,017,496 Class A ordinary shares on the open market for approximately US\$228.8 million and US\$10.2 million during the years ended December 31, 2024 and 2025, respectively. The repurchased ordinary shares were accounted for using the cost method, and recorded as treasury shares as a component of the shareholders' equity.

Dividends

On August 20, 2025, the Board approved an annual cash dividend of US\$0.084 per ordinary share, or US\$0.168 per ADS. The aggregate amount of the dividend was approximately US\$77.9 million, which was fully paid in October 2025.

No dividend was declared during the year ended December 31, 2024.

12. REVENUES

14. INCOME TAXES

Cayman Islands

The Company was incorporated in the Cayman Islands. Under the current laws of the Cayman Islands, the Company is not subject to tax on income or capital gain. Additionally, no Cayman Islands withholding tax will be imposed upon payments of dividends to shareholders.

Hong Kong

Under the current Hong Kong Inland Revenue Ordinance, the Group's subsidiaries in Hong Kong are subject to 16.5% Hong Kong profit tax on taxable income generated from operations in Hong Kong. Additionally, payments of dividends by subsidiaries incorporated in Hong Kong to the Company are not subject to any Hong Kong withholding tax.

Chinese mainland

Under the PRC Enterprise Income Tax Law (the "EIT Law"), domestic enterprises and foreign invested enterprises are subject to a uniform enterprise income tax rate of 25%. In accordance with the implementation rules of the EIT Law, a qualified High and New Technology Enterprise ("HNTE") is eligible for a preferential tax rate of 15%. The HNTE certificate is effective for a period of three years and could be re-applied when the prior certificate expires. The consolidated VIE is qualified as a HNTE and enjoys a preferential income tax rate of 15% for the years presented. In 2025, one of the Group's subsidiaries was also recognized as a HNTE, and is therefore entitled to the 15% preferential income tax rate for the year ended December 31, 2025.

According to relevant laws and regulations promulgated by the State Taxation Administration ("STA") of the PRC effective from 2018 onwards, enterprises engaging in research and development activities are entitled to claim 175% of their qualified research and development expenses incurred as tax deductible expenses ("Super R&D Deduction") when determining their assessable profits for the year. Pursuant to the announcement issued by the STA of the PRC and other government authorities in September 2022, the Super R&D Deduction rate increased to 200% for the period from October 1, 2022 to December 31, 2022. In March 2023, the STA of the PRC further announced that the 200% Super R&D Deduction rate would continue to be applied from January 1, 2023.

Under the EIT Law, dividends distributed by foreign-invested enterprises to their immediate holding companies outside of the Chinese mainland are generally subject to a 10% withholding tax. A lower withholding tax rate of 5% is applicable if immediate holding companies with at least 25% equity interest in the foreign-invested enterprises are incorporated in Hong Kong and meet the relevant requirements pursuant to the tax arrangement between Chinese mainland and Hong Kong. As of December 31, 2025, the Company's Hong Kong subsidiary, Techfish Limited, was recognized as a qualified subsidiary, and dividends distributed to it from subsidiaries in the Chinese mainland were eligible for a lower withholding tax rate of 5%. For the year ended December 31, 2025, the Group recorded RMB14.7 million withholding tax expenses associated with earnings distributed and expected to be distributed from its foreign-invested enterprises to the Hong Kong subsidiary. The Group currently intends to indefinitely reinvest the remaining undistributed earnings of its foreign-invested enterprises in the Chinese mainland, and determination of the amount of unrecognized deferred tax liabilities related to these earnings is not practicable.

14. INCOME TAXES (CONTINUED)

Pillar Two rules

The Group is subject to the Pillar Two rules published by the Organisation for Economic Co-operation and Development, which impose a top-up tax on profits arising in jurisdictions where the effective tax rate, calculated on a jurisdictional basis, is below the minimum rate of 15%. The corresponding Pillar Two legislation was enacted in Hong Kong and became effective for the year ended December 31, 2025. In accordance with the requirements of Hong Kong's Pillar Two legislation, the Group recognized current income tax expenses of RMB37.6 million for the year ended December 31, 2025, reflecting the current estimate of the top-up tax exposure borne by the Group.

14. INCOME TAXES (CONTINUED)

As of December 31, 2025, the Group had accumulated tax losses of approximately RMB837.2 million, mainly derived from entities incorporated in the Chinese mainland and Hong Kong. The tax losses in the Chinese mainland can be carried forward for five years to offset future taxable profit. The tax losses in Hong Kong can be carried forward with no expiration date.

Valuation allowance is recognized against deferred tax assets based on a more-likely-than-not threshold. In making such determination, the Group evaluates a variety of factors including future reversals of existing taxable temporary differences and future profitability. A valuation allowance was provided for majority of deferred tax assets arising from net operating loss carry-forwards as the related consolidated entities were expected to remain loss-making in the foreseeable future. A full valuation allowance was recognized against deferred tax assets that arose from deductible advertising expenses as there was no positive evidence to conclude that the benefit of such deferred tax assets would be more-likely-than-not to be realized in the foreseeable future. Deferred tax assets without valuation allowance are more likely than not to be realized given the expectation of future earnings.

Movements of valuation allowance are as follows:

	For the year ended	
	December 31,	
	2024	2025

15. SHARE-BASED COMPENSATION

In 2020, the Group adopted the 2020 Share Incentive Plan, which allows the Group to grant share-based awards to directors, employees and consultants. The Company did not grant any share-based awards pursuant to the 2020 Share Incentive Plan since the listing on the Main Board of The Stock Exchange of Hong Kong Limited in December 2022. In December 2022, the Group adopted the Post-IPO Share Scheme. The maximum number of Class A ordinary shares that may be issued under the Post-IPO Share Scheme is 86,380,904.

– Wealth management products	50,027	–	50,027	–

Wealth management products. The fair value of wealth management products is estimated based on the quoted prices of similar financial products provided by financial institutions, which is classified as Level 2 in the fair value hierarchy.

Listed equity securities. The Group measures investments in listed equity securities at quoted prices in active markets, and this market approach is classified as Level 1 in the fair value hierarchy.

Unlisted equity securities. For investments in unlisted equity securities that are classified as available-for-sale investments, the fair value is estimated using a market approach benchmarking recent comparable financing transactions. This valuation method applies unobservable inputs and assumptions including the investee's recent financing pricing and liquidity factors, which is classified as Level 3 in the fair value hierarchy.

18. FAIR VALUE MEASUREMENT (*CONTINUED*)

Assets measured at fair value on a nonrecurring basis

The Group measures long-lived assets at fair value whenever events or changes in circumstances indicate the carrying value of an asset may not be recoverable. No impairment was recognized for long-lived assets during the year ended December 31, 2024. For the year ended December 31, 2025, an impairment loss of RMB119.8 million was recognized for intangible assets. The fair value of these intangible assets is determined using income approach and cost approach with unobservable inputs (Level 3), depending on the nature of the assets.

Assets and liabilities not measured at fair value but fair value disclosure is required

Time deposits. The fair value of time deposits is estimated based on the prevailing interest rates in the market, which is classified as Level 2 in the fair value hierarchy. The fair value of time deposits approximates their carrying value.

Held-to-maturity debt securities. The fair value of held-to-maturity debt securities is estimated based on the prevailing interest rates in the market, which is classified as Level 2 in the fair value hierarchy. The fair value of held-to-maturity debt securities approximates their carrying value.

Receivables and payables. The fair value of accounts and notes receivable, amounts due from related parties, other receivables, accounts payable, other payables and accrued liabilities approximates their carrying value due to their short-term maturity.

19. COMMITMENTS AND CONTINGENCIES

Contingencies

The Group is subject to legal proceedings in the ordinary course of business. The Group records a liability when it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. The Group reviews the need for any such liability on a regular basis. The Group did not record any material liabilities in this regard as of December 31, 2025.

20. RESTRICTED NET ASSETS

Relevant PRC laws and regulations permit payments of dividends by the Company's subsidiaries and consolidated VIE incorporated in the PRC only out of their retained earnings, if any, as determined in accordance with the PRC accounting standards and regulations.

In accordance with the PRC laws and regulations, the Company's PRC subsidiaries and consolidated VIE are required to make appropriations from after-tax profits as determined in accordance with the PRC accounting standards to reserve funds, including statutory surplus fund and discretionary surplus fund. The appropriation to the statutory surplus fund must be at least 10% of the after-tax profits until such fund has reached 50% of their registered capital. Appropriation to the discretionary surplus fund is made at the discretion of the respective company. The aforementioned reserve funds can only be used for specific purposes and are not distributable as cash dividends.

Accordingly, under these PRC laws and regulations, the Company's subsidiaries and the VIE incorporated in PRC are restricted in transferring a portion of their net assets to the Company in the form of dividends. Amounts of these restricted net assets, including paid-in capital and statutory reserve funds, totaled approximately RMB804.9 million, or 4.0% of the Group's total consolidated net assets as of December 31, 2025.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

24. RECONCILIATION BETWEEN U.S. GAAP AND INTERNATIONAL FINANCIAL REPORTING STANDARDS *(CONTINUED)*

Notes:

(i) Share-based compensation

For share options and RSUs granted with service conditions, share-based compensation expenses were recognized over the requisite service period using straight-line method under U.S. GAAP while the graded vesting method must be applied under IFRS.

Additionally, under U.S. GAAP, it is allowed to make an entity-wide accounting policy election to account for forfeitures as they occur or by estimating expected forfeitures as compensation cost is recognized, and the Group has chosen to account for forfeitures when they occur. Under IFRS, forfeitures must be estimated and share-based compensation expenses should be recognized net of estimated forfeitures.

Accordingly, the reconciliation includes a decrease in operating cost and expenses of RMB179.6 million and RMB310.0 million for the years ended December 31, 2024 and 2025, respectively.

(ii) Operating leases

Under U.S. GAAP, for operating leases, the amortization of right-of-use assets and interest expenses related to lease liabilities were recorded together as lease expenses, which resulted in a straight-line recognition effect over lease terms.

Under IFRS, the amortization of right-of-use assets was recognized on a straight-line basis while interest expenses related to lease liabilities were recorded on the basis that lease liabilities were measured at amortized cost with more expenses recognized in earlier years of each lease term. Additionally, the amortization of right-of use assets and interest expenses related to lease liabilities were presented in separate line items of the consolidated statements of comprehensive income.

Accordingly, the reconciliation includes an increase in net income of RMB1.2 million and RMB1.0 million for the years ended December 31, 2024 and 2025, respectively.

(iii) Long-term investments

In 2023, the Group made an investment in a private company, which contained certain substantive preferential rights including redemption at the Group's option upon the occurrence of certain contingent events that are out of the investee's control and liquidation preference over common shareholders.

Under U.S. GAAP, the above investment was classified as available-for-sale debt securities, which was measured at fair value at each reporting date, with unrealized gains and losses (net of tax) recorded in other comprehensive income/(loss).

Under IFRS, since this investment could not meet the definition of equity instruments from the investee's perspective, and the related contractual cash flows do not represent solely payments of principal and interest, it should be classified as financial assets measured at fair value through profit or loss, with changes in fair value recognized in profit or loss.

Accordingly, the reconciliation includes a reclassification of RMB1.7 million and RMB44.4 million from other comprehensive income to investment income and income tax expenses for the year ended December 31, 2024 and 2025, respectively.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

24. RECONCILIATION BETWEEN U.S. GAAP AND INTERNATIONAL FINANCIAL REPORTING STANDARDS *(CONTINUED)*

(iv) Preferred shares

Prior to the Company's initial public offering in the United States of America ("US IPO") in June 2021, the Company had preferred shares, which were converted into ordinary shares upon the completion of the US IPO.

Under U.S. GAAP, the preferred shares were classified as mezzanine equity because they were redeemable at the holders' option upon the occurrence of certain deemed liquidation events and certain events outside of the Company's control. The preferred shares were initially recorded at fair value, net of issuance cost. The accretion to the redemption value of preferred shares was recognized over the period starting from issuance date to the earliest redemption date.

Under IFRS, the preferred shares that were contingently redeemable at the holders' option were classified as financial liabilities at fair value through profit or loss, which were measured at fair value with the issuance cost recorded in general and administrative expenses. The amount of changes in the fair value of the financial liabilities attributable to changes in the credit risk of the financial liabilities was recorded in other comprehensive income/(loss) and the remaining amount of changes in the fair value was recorded in profit or loss.

The cumulative historical difference in measuring these preferred shares between U.S. GAAP and IFRS was carried forward to subsequent balance sheets.

(v) Listing expenses

Under U.S. GAAP, specific incremental cost directly attributable to the issuance of equity securities may be deferred and capitalized against the gross proceeds of the offering and presented in the shareholders' equity as a deduction from the proceeds.

Under IFRS, only expenses considered directly attributable to the issuance of new shares to investors can be capitalized. Expenses considered directly attributable to the listing of existing shares do not qualify for capitalization and must be expensed as incurred.

In relation to the listing expenses incurred for the US IPO, additional RMB22.6 million were expensed under IFRS in 2021. This cumulative historical difference between U.S. GAAP and IFRS was carried forward to subsequent balance sheets.
