# CORPORATE STATEMENT

## SUSTAINABLE GROWTH

Swire Pacific is a Hong Kong-based international conglomerate with a diversified portfolio of market leading businesses.

The Company has a long history in Greater China, where the name Swire or 太古 has been established for over 150 years.

Our aims are to deliver sustainable growth in shareholder value, achieved through sound returns on equity over the long term, and to return value to shareholders through sustainable growth in ordinary dividends. Our strategy is focused on Greater China and South East Asia, where we seek to grow our core Property, Beverages and Aviation divisions. We are targeting new areas of growth, such as healthcare.

### OUR VALUES

Integrity, endeavour, excellence, humility, teamwork, continuity.

### OUR CORE PRINCIPLES

- | We focus on Asia, principally Greater China, because of its strong growth potential and because it is where the Group has long experience, deep knowledge and strong relationships.
- | We mobilise capital, talent and ideas across the Group. Our scale and diversity increase our access to investment opportunities.
- | We are prudent financial managers. This enables us to execute long-term investment plans irrespective of short-term financial market volatility.
- | We recruit the best people and invest heavily in their training and development. The welfare of our people is critical to our operations.

- | We build strong and lasting relationships, based on mutual benefit, with those with whom we do business.
- | We invest in sustainable development, because it is the right thing to do and because it supports long-term growth through innovation and improved efficiency.
- | We are committed to the highest standards of corporate governance and to the preservation and development of the Swire brand and reputation.

### OUR INVESTMENT PRINCIPLES

- | We aim to build a portfolio of businesses that collectively deliver a steady dividend stream over time.
- | We are long-term investors. We prefer to have controlling interests in our businesses and to manage them for long-term growth. We do not rule out minority investments in appropriate circumstances.
- | We concentrate on businesses where we can contribute expertise, and where our expertise can add value.
- | We invest in businesses that provide high-quality products and services and that are leaders in their markets.
- | We divest from businesses which have reached their full potential under our ownership, and recycle the capital released into existing or new businesses.

# PERFORMANCE HIGHLIGHTS

Notes:

(i) Reconciliations between the reported and underlying profit, and between underlying profit and recurring underlying profit are provided on pages 38 and 39.

(ii) Refer to note 11 to the financial statements for the daily weighted average number of shares in issue throughout the period.

(iii) Refer to note 25 to the financial statements for the number of shares at the period end.

# CHAIRMAN'S STATEMENT

## DEAR SHAREHOLDERS,

I am delighted with our performance in the first six months of 2026. Our Property Division delivered strong results, supported by robust retail sales and better residential trading market conditions. Our Beverages Division saw an improved performance, particularly in the Chinese Mainland. In the Aviation Division, the HAECO group performed well, while the Cathay group had an excellent start to the year despite facing headwinds from the increase in jet fuel prices in the second quarter of 2026.

In the first half of 2026, underlying profit attributable to shareholders (excluding changes in the fair value of investment properties) increased to HK\$7,843 million, compared with HK\$5,476 million in the first half of 2025. The increase was mainly due to residential trading profits and a very good first half result from the Cathay group. The results also benefitted from non-recurring gains relating to the Cathay group, including a gain of HK\$318 million from the placing of shares in Cathay Pacific Airways in March 2026 and a gain of HK\$646 million from the dilution of the Cathay group's interest in Air China following Air China's share issuance in June 2026. There were lower gains from property divestments. Excluding these and other non-recurring items, recurring underlying profit increased to HK\$6,962 million from HK\$4,712 million in the first half of 2025. Reported attributable profit (including changes in the fair value of investment properties and non-recurring items) was HK\$6,769 million, compared with HK\$815 million in the first half of 2025. My appreciation goes to all who contributed to these good results for the first half of the year.

We remain committed to contributing to Hong Kong's ongoing development as a global financial centre and international aviation hub, and we are excited about how its position within the Greater Bay Area provides huge opportunities for the future.

## STRATEGIC DEVELOPMENTS

In the first half of 2026, we continued to focus on delivering value for shareholders, as well as progressing and executing the strategic plans of our Property, Beverages and Aviation divisions across our core markets of Hong Kong, the Chinese Mainland and South East Asia. We are also investing at record levels across our businesses to support future growth.

At Swire Properties, its HK\$100 billion investment plan provides a clear framework for its long-term growth, with nearly 70% already committed. Swire Properties continues to invest in its flagship developments in Hong Kong. At Taikoo Place it recently secured a prime site, which will support the district's ongoing expansion and enhancement, and reflects Swire Properties' long-term commitment to its home city.

In the Chinese Mainland, Taikoo Place Beijing and Taikoo Li Sanya are both expected to open in phases from late 2026. At Taikoo Li Julong Wan Guangzhou in the Greater Bay Area, work on the next phases is progressing. In Shanghai, work continues at Qiantan Place, the office component of the expanded mixed-use Taikoo Li Qiantan development. Construction is ongoing at Lujiazui Taikoo Yuan in Shanghai, as well as at Taikoo Li Xi'an. These developments demonstrate the scale and ambition of Swire Properties' next growth phase.

In South East Asia, the handover of units at Savyavasa in Jakarta to buyers commenced in May 2026. In Thailand, construction of both the Upper House Residences Bangkok and The Wireless Residences by Upper House is making good progress.

Swire Coca-Cola continues to advance its RMB12 billion investment plan in new facilities and equipment in the Chinese Mainland. The integration of new franchises in South East Asia is progressing well following our recent significant investments in the region. In May 2026,

operations commenced at Swire Coca-Cola's state-of-the-art plant in Kunshan, as well as at its intelligent green production base in Guangzhou. Construction is progressing on the first phase of the new plant in Hainan. The Taoyuan plant in Taiwan is being redeveloped and is expected to be fully operational in 2028.

The HAECO group recently announced a joint venture with Sun Group, Toyota Tsusho and Japan Airlines to develop an aviation maintenance facility at Van Don International Airport in northern Vietnam. In the Chinese Mainland, HAECO Xiamen has completed the construction of new hangars and facilities at the Xiang'an International Airport in Xiamen. Both initiatives complement HAECO's broader airframe services growth strategy, underpinned by more than US\$1 billion in investment.

At the Cathay group, in February 2026, it completed a buy-back of shares held by Qatar Airways, reflecting the Cathay group's confidence in its long-term business prospects. In April 2026, the Cathay group announced the successful pricing of a three-year fixed-rate Hong Kong dollar bond totalling HK\$2.88 billion at 3.78%. The Cathay group has already committed around HK\$150 billion in investments into its fleet, cabin and lounge products, and digital innovation. In May 2026, Cathay Cargo executed purchase rights for an additional two Airbus A350F freighter aircraft.

The Cathay group also remains focused on enhancing connectivity. This year, it has launched non-stop passenger flights between Hong Kong and Seattle, USA, while HK Express launched a daily direct service to Wuxi in the Chinese Mainland. It will also launch direct flights to Almaty, Kazakhstan, from the first quarter of 2027.

Regarding our healthcare business, while we seek further investment opportunities at reasonable valuations in the Chinese Mainland and South East Asia, our primary near-term focus continues to be on improving the operational performance of our existing investments.

## BUSINESS PERFORMANCE

### Property Division

Our share of Swire Properties' underlying attributable profit for the first half of 2026 was HK\$4,082 million, compared with HK\$3,662 million in the same period last year. The improved performance was primarily driven by residential trading profits, notably from the completion of the sale of 6 Deep Water Bay Road in Hong Kong. This was partly offset by lower profits from divestments compared with the same period last year.

In Hong Kong, the retail market continued to show positive momentum, notwithstanding the trend of outbound travel. Despite the challenges posed by high vacancy rates and new supply, occupancy across Swire Properties' office portfolio remained high, with increased leasing activity driven by the expansion of existing tenants.

In the Chinese Mainland, Swire Properties' retail portfolio delivered a solid performance, supported by improved market sentiment and consumer confidence resulting from the government's expanded stimulus package, which continued to benefit the overall economy. Swire Properties' malls have benefitted from ongoing upgrade initiatives, including the reopening of Taikoo Li Sanlitun North in Beijing. Despite temporary disruptions from upgrading works at some malls, overall foot traffic and retail sales recorded strong growth. At Lujiazui Taikoo Yuan Residences in Shanghai, the market responded enthusiastically to the sale of three batches of units launched during the period under review.

Swire Hotels saw an improved performance. In Miami, the existing Mandarin Oriental hotel was demolished in April 2026 to pave the way for the construction of a new luxury residential and hospitality project. 60% of the residences have been pre-sold.

## Beverages Division

Swire Coca-Cola reported an attributable profit of HK\$846 million in the first half of 2026, compared with HK\$803 million in the first half of 2025. There was a significant improvement in results from the Chinese Mainland, supported by stronger consumer demand and continued investment in emerging channels such as e-commerce. Good sales growth was recorded in Taiwan and in Hong Kong.

Our South East Asia franchises recorded higher revenue, with Thailand in particular benefitting from improving domestic consumption and effective measures to mitigate commercial pressures. However, overall results were adversely affected by lower foreign exchange gains and reduced interest income. Higher commodity and fuel prices also weighed on the regional performance.

## Aviation Division

The HAECO group reported an attributable profit of HK\$653 million in the first half of 2026, compared with HK\$599 million in the first half of 2025. The performance was driven by robust demand for base maintenance overhaul services, more line maintenance work, and engine repair and overhaul activity.

Our share of the Cathay group's attributable profit increased to HK\$2,826 million in the first half of 2026, compared with HK\$1,642 million in the first half of 2025. The Cathay group delivered an excellent performance in the first quarter, reflecting high demand for air travel. While demand remained high in the second quarter, jet fuel prices increased significantly due to the situation in the Middle East. Results from associates improved compared with the first half of 2025, mainly due to a higher contribution from Air China. The results also included a gain of HK\$646 million from the dilution of the Cathay group's interest in Air China in June 2026.

## FINANCIAL STRENGTH AND PROGRESSIVE DIVIDENDS

We are in a solid financial position, supported by net proceeds from the issuance of HK\$4.7 billion of bonds (exchangeable into shares in Cathay Pacific Airways Limited) in June 2026. The bond issuance provided funding on attractive terms while enabling Swire Pacific to retain a significant long-term strategic holding in the Cathay group. As at 30th June 2026, available liquidity was HK\$45.8 billion. The weighted average cost of debt decreased to 3.4% from 3.6% in 2025, with 75% of Swire Pacific's gross borrowing being on a fixed-rate basis. Our gearing ratio was 19.3%. Our balance sheet is robust, enabling us to continue investing for the long term.

We remain focused on delivering sustainable and steady returns to our shareholders through our progressive dividend policy. The Directors are pleased to declare a first interim dividend of HK\$1.50 per 'A' share and HK\$0.30 per 'B' share, which represents an increase of 15% compared to the first interim dividend in 2025.

The first interim dividend will be paid on Friday, 9th October 2026 to shareholders registered at the close of business on the record date, being Friday, 11th September 2026. Shares of the Company will be traded ex-dividend as from Wednesday, 9th September 2026.

## SUSTAINABILITY

Swire Pacific's sustainability strategy, SD 2050, focuses on our priority areas of climate, nature, people and communities. Sustainability is viewed as a guiding philosophy rather than a standalone function, and is embedded across our operations and business performance. In alignment with Swire Pacific's strategy, Swire Properties, guided by a new vision, "Building the World's Most Sustainable Communities", launched its own SD 2050 sustainability strategy. The strategy continues to

lead transformative changes with its best-in-class place-making efforts. Swire Coca-Cola's new Kunshan and Guangzhou plants are engineered to achieve LEED Gold building standards, and conform to the Alliance for Water Stewardship framework and zero-waste-to-landfill goals. The HAECO group began piloting renewable fuels in its vehicle fleet and continued to focus on health and safety performance. The Cathay group's Corporate SAF Programme recorded strong growth during the period.

## LOOKING AHEAD

Swire Properties' pipeline of developments remains robust and includes Taikoo Place Beijing, the expansion of Taikoo Li Qiantan and Taikoo Hui Guangzhou, plus Lujiazui Taikoo Yuan, Taikoo Li Sanya, Taikoo Li Xi'an and Taikoo Li Julong Wan Guangzhou. In Hong Kong, leasing demand has strengthened, driven by incremental expansion from existing tenants and a continued "flight-to-quality" trend. The recovery of inbound tourism is expected to support Hong Kong's retail market. In the Chinese Mainland, the retail sector is gradually improving.

At Swire Coca-Cola, we expect commodity price uncertainty over the next six months and will implement mitigation measures accordingly. In the Chinese Mainland, as consumer sentiment improves, we will strengthen distribution across emerging digital platforms and tourist destinations. In Vietnam, smaller, affordable packs at attractive price points have been introduced to increase market share and revenue. In Thailand, Swire Coca-Cola will continue expanding its low and no-sugar portfolio in response to the sugar tax. We remain very confident about Swire Coca-Cola's long-term prospects in Greater China and South East Asia, as evidenced by our ongoing investment.

At the HAECO group, demand for base maintenance and engine services in Hong Kong and the Chinese Mainland is expected to remain stable in the second half of 2026. HAECO Xiamen will relocate to the new airport in late 2026.

The Cathay group remains on track to achieve its 2026 passenger capacity growth target of around 10%. Summer demand is strong going into the third quarter, although the impact of high jet fuel prices as a result of the Middle East conflict is expected to continue. On the customer experience side, Cathay Pacific will introduce its all-new Aria Studio Business class onboard its regional Airbus A330 fleet at the end of 2026. The airline is also opening its first-ever dedicated lounge in New York, USA. The Cathay group will continue marking its 80th anniversary with special activities for the rest of the year.

In the first half of 2026, our businesses performed well. Consumer sentiment is on the rise and, as this trend continues, we expect the operating environment to improve further in the rest of the year. We remain confident that our strategy of making long-term investments in our core markets is the right one. We are also encouraged by the formulation of Hong Kong's first Five-Year Plan, which will provide a clear strategic direction for the city's economic and social development in the future.

**Guy Bradley**

Hong Kong, 6th August 2026

# REVIEW OF OPERATIONS

## PROPERTY DIVISION

Swire Properties is a leading developer, owner and operator of mixed-use, principally commercial, properties in Hong Kong and the Chinese Mainland, with a record of creating long-term value by placemaking and transforming urban areas. Swire Properties is listed on The Stock Exchange of Hong Kong Limited. As at 30th June 2026, Swire Pacific Limited held an 83.31% interest in Swire Properties.

Swire Properties' business comprises three main areas:

### **Property Investment**

Swire Properties has a substantial investment property and hotel portfolio, with an aggregate gross floor area of approximately 33.5 million square feet attributable to the company. This comprises approximately 23.7 million square feet of completed investment properties and hotels and approximately 9.8 million square feet of investment properties under development or held for future development. In Hong Kong, the investment property and hotel portfolio comprises approximately 14.2 million square feet (attributable) of primarily Grade-A office and retail premises, hotels, serviced apartments and other luxury residential accommodation. In the Chinese Mainland, Swire Properties has interests in 11 major commercial developments in prime locations in Beijing, Guangzhou, Chengdu, Shanghai, Xi'an and Sanya. These developments are expected to comprise approximately 19.3 million square feet of attributable gross floor area when they are all completed. Of this, 10.6 million square feet has already been completed.

### **Hotel Investment and Management**

Swire Properties wholly owns and manages, through Swire Hotels, two hotels in Hong Kong: Upper House Hong Kong at Pacific Place and EAST Hong Kong in Taikoo Shing. Swire Properties has a 20% interest in each of the JW Marriott, Conrad Hong Kong and Island Shangri-La hotels at Pacific Place and a 26.67% interest in the Novotel Citygate and The Silveri Hong Kong – MGallery in Tung Chung. In the Chinese Mainland, Swire Hotels manages three hotels. Upper House Chengdu at Taikoo Li Chengdu is wholly-owned by Swire Properties. 50% interests are owned in EAST Beijing at INDIGO and in Upper House Shanghai at HKRI Taikoo Hui in Shanghai. Swire Properties owns 97% and 50% interests in the Mandarin Oriental at Taikoo Hui in Guangzhou and The Sukhothai Shanghai at HKRI Taikoo Hui, respectively. In the USA, Swire Properties manages, through Swire Hotels, EAST Miami. Expansion plans include new hotels in Tokyo in Japan and Shenzhen in the Chinese Mainland under management contracts, and in Beijing, Shanghai and Xi'an in the Chinese Mainland which will all be owned and managed by Swire Hotels.

### **Property Trading**

Swire Properties has a trading portfolio with an aggregate gross floor area of approximately 6.6 million square feet attributable to the company. This comprises completed units available for sale at LA MONTAGNE and THE HEADLAND RESIDENCES in Hong Kong, as well as Savyavasa in Jakarta. There are seven residential projects under development; two in Hong Kong, two in the Chinese Mainland, one in Vietnam, one in Thailand and one in Miami, USA.

\* Other revenue is mainly estate management fees.

### Reconciliation of Attributable to Underlying Attributable Profit

Additional information is provided in the following section to reconcile reported profit/(loss) and underlying profit attributable to shareholders. These reconciling items principally adjust for the fair value movements on investment properties and the associated deferred tax in the Chinese Mainland, and for other deferred tax provisions in relation to investment properties. Amortisation of right-of-use assets classified as investment properties is charged to underlying profit.

#### Notes:

- (i) This represents the fair value movements as shown in the Group's consolidated statement of profit or loss and the Group's share of fair value movements of joint venture and associated companies.
- (ii) This represents deferred tax movements on the Group's investment properties, plus the Group's share of deferred tax movements on investment properties held by joint venture and associated companies. These comprise deferred tax on fair value movements on investment properties in the Chinese Mainland, and deferred tax provisions made in respect of investment properties held for the long term where it is considered that the liability will not reverse for some considerable time. It also includes certain tax adjustments arising from transfers of investment properties within the Group.
- (iii) Prior to the implementation of HKAS 40, changes in the fair value of investment properties were recorded in the revaluation reserve rather than the consolidated statement of profit or loss. On sale, the fair value gains/(losses) were transferred from the revaluation reserve to the consolidated statement of profit or loss. The fair value gains realised on sale of interests in investment properties include historic fair value gains on the sale of properties that had previously been classified as investment properties.
- (iv) Prior to the implementation of HKAS 40, no depreciation was charged on investment properties occupied by the Group.
- (v) HKFRS 16 amends the definition of investment property under HKAS 40 to include properties held by lessees as right-of-use assets to earn rentals or for capital appreciation or both, and requires the Group to account for such right-of-use assets at their fair value. The amortisation of such right-of-use assets is charged to underlying profit.

## STRATEGIC UPDATES

### HK\$100 BILLION INVESTMENT PLAN

In March 2022, Swire Properties announced a plan to invest HK\$100 billion over ten years in development projects in Hong Kong and the Chinese Mainland, and in residential trading projects (including in South East Asia). The target allocation is HK\$30 billion to Hong Kong, HK\$50 billion to the Chinese Mainland and HK\$20 billion to residential trading projects (including in South East Asia). At 31st July 2026, approximately HK\$69 billion of the planned investments had been committed (HK\$13 billion to Hong Kong, HK\$46 billion to the Chinese Mainland and HK\$10 billion to residential trading projects).

Major committed projects include residential developments at THE HEADLAND RESIDENCES, 269 Queen's Road East, 983-987A King's Road and 16-94 Pan Hoi Street in Hong Kong, and at Upper House Residences Bangkok and The Wireless Residences by Upper House in Bangkok; a retail-led mixed-use development in Taikoo Li Xi'an; a retail-led development in Sanya; mixed-use developments at Lujiazui Taikoo Yuan and Taikoo Li Qiantan (New Retail Phase) and Qiantan Place (formerly known as the New Bund Mixed-use Project) in Shanghai; Taikoo Li Julong Wan Guangzhou; Phase 3 of Taikoo Hui in Guangzhou; as well as office and other commercial use developments at 8 Shipyard Lane, 1067 King's Road, 9-43 Hoi Wan Street, and 29-41 Tong Chong Street in Hong Kong. Uncommitted projects include further retail-led mixed-use projects in

Tier-1 and emerging Tier-1 cities in the Chinese Mainland, including Beijing and Shenzhen, with a plan to double Swire Properties' gross floor area in the Chinese Mainland, further expansion at Pacific Place and Taikoo Place in Hong Kong as well as further residential trading projects in Hong Kong, the Chinese Mainland and South East Asia.

## KEY DEVELOPMENTS

In January, April and June 2026, an associated company in which Swire Properties holds a 40% interest launched the pre-sales of the fourth, fifth and the final (sixth) batches of Lujiazui Taikoo Yuan Residences, a luxury residential development in Shanghai. 316 out of 378 units across the six batches were pre-sold up to 31st July 2026, generating cumulative sales proceeds of RMB16.0 billion since the first launch in 2024.

In March 2026, Swire Properties acquired a 50% equity interest in a project company which intends to develop a site with a gross floor area of approximately 139,300 square feet as part of the Taikoo Li Julong Wan Guangzhou development.

In March 2026, Swire Properties completed the sale of two residential houses at 6 Deep Water Bay Road to a third-party buyer for a consideration of HK\$2.2 billion.

In April 2026, as part of the ongoing capital recycling strategy, Swire Properties completed the sale of a commercial investment property in Hong Kong to a third-party buyer for a consideration of HK\$360 million.

In April 2026, Swire Properties announced the launch of its Sustainable Development (SD) 2050 Vision and Strategy, advancing Swire Properties' long-term commitment to putting sustainability at the heart of its operations. Guided by a new vision, "Building the World's Most Sustainable Communities", the new strategy aims to lead transformative changes in the build environment by harmonising business, people and nature, while also supporting Swire Properties' ambitious business growth plans in Hong Kong, the Chinese Mainland and South East Asia.

In May 2026, Swire Properties successfully bid in the compulsory sale for the majority portion of 9-43 Hoi Wan Street and 29-41 Tong Chong Street in Quarry Bay which is intended to be redeveloped for office and other commercial uses. The acquisition was completed in June 2026.

In June 2026, pursuant to the sale and purchase agreement entered into in November 2023, Swire Properties provided written notice to the Securities and Futures Commission (SFC) in respect of the completion of the sale of the 44th floor at One Island East in Quarry Bay which is expected to take place on 31st December 2026.

Notes:

(i) The properties principally comprise 1067 King's Road and 8 Shipyard Lane, and 9-43 Hoi Wan Street and 29-41 Tong Chong Street.

(ii) The properties principally comprise Taikoo Place Beijing, Taikoo Li Xi'an, Taikoo Li Sanya, Taikoo Li Julong Wan Guangzhou, Phase 3 of Taikoo Hui in Guangzhou and two mixed-use projects in Shanghai.

## RESULTS SUMMARY

Attributable profit from the Property Division for the first half of 2026 was HK\$3,008 million, compared to a loss of HK\$999 million in the first half of 2025. These figures include fair value gains before tax of HK\$8 million in the first half of 2026, compared to fair value losses before tax of HK\$3,921 million in the first half of 2025 (which were mainly related to the Hong Kong office portfolios).

Swire Pacific's share of underlying attributable profit, which principally adjusts for changes in the fair value of investment properties, increased to HK\$4,082 million in the first half of 2026 from HK\$3,662 million in the first half of 2025. The increase was driven primarily by the profit on the sale of two residential houses at 6 Deep Water Bay Road in Hong Kong. This was partly offset by a lower gain on divestments. In the first half of 2025, gains were recorded from the disposal of Swire Properties' interests in the Brickell City Centre retail mall, its car parking spaces and certain shared facilities, as well as an adjacent land parcel in Miami, USA.

Swire Pacific's share of recurring underlying attributable profit in the first half of 2026, which excludes the profit from divestments of HK\$199 million (HK\$833 million in the first half of 2025), was HK\$3,883 million, compared with HK\$2,829 million in the first half of 2025.

Recurring underlying profit from property investment decreased in the first half of 2026. This principally reflected the loss of rental income from the Brickell City Centre retail mall following its disposal and higher interest expenses, partly offset by increased rental income from the retail portfolios.

In Hong Kong, the retail market continued to show positive momentum. Notwithstanding the continued trend of outbound travel, prime locations have experienced sales growth due to inbound tourism, strategic brand restructuring, and a growing demand for premium watches, jewellery, and gold. Ongoing marketing and promotional efforts at Swire Properties' various malls helped to boost business. Occupancy across Swire Properties' office portfolio remained high, with increased leasing activity driven by the expansion of existing tenants. Despite the challenges posed by high vacancy rates and new supply, the office market gained renewed momentum, underpinned by an active IPO market and improving sentiment in the financial sector.

In the Chinese Mainland, Swire Properties' retail portfolio delivered a strong performance in the first half of 2026, supported by improved market sentiment and consumer confidence resulting from the government's expanded stimulus package, which continued to benefit the overall economy. Swire Properties' malls have benefitted from the enhanced experiential retail offerings and ongoing upgrade initiatives, including the reopening of Taikoo Li Sanlitun North in Beijing. Despite temporary disruptions from upgrading works at some of the malls, overall foot traffic and retail sales recorded strong growth.

The significant increase in the underlying profit from property trading in the first half of 2026 was principally a result of the profit on the sale of two residential houses at 6 Deep Water Bay Road.

The overall performance of Swire Hotels in Hong Kong and the Chinese Mainland improved in the first half of 2026, driven by higher occupancy and revenue per available room across the portfolio. The performance of the managed hotel in the USA was strong.

## RESULTS & OUTLOOK BY MARKET INVESTMENT PROPERTIES

### Hong Kong

#### OFFICE

Gross rental income from the Hong Kong office portfolio in the first half of 2026 was HK\$2,449 million, broadly in line with the same period in 2025. High vacancy rates, coupled with new supply, continue to exert downward pressure on office rents across the Hong Kong market. Despite these headwinds, Swire Properties' office portfolio continues to remain resilient with high occupancy. At 30th June 2026, the office portfolio was 90% let. The two latest buildings, Two Taikoo Place and Six Pacific Place (which were completed in September 2022 and February 2024, respectively), were 80% and 70% let, respectively. Excluding Two Taikoo Place and Six Pacific Place, the rest of the office portfolio was 92% let.

#### RETAIL

Gross rental income from the retail portfolio in Hong Kong was HK\$1,196 million in the first half of 2026, a 2% increase from the same period in 2025. Ongoing marketing and promotional efforts at our various malls helped to drive sales performance. Hong Kong's retail market continued to show positive momentum despite the ongoing outbound travel trend. Expenditure on premium watches, jewellery, and gold experienced significant growth, driven by increased demand from affluent local customers and international visitors. Retail sales increased by 15%, 3% and 16%, respectively, at The Mall at Pacific Place, Cityplaza and Citygate Outlets in the first half of 2026. The provisional estimate indicates that retail sales in the overall Hong Kong market increased by 10% in the first half of 2026.

The malls were almost fully let throughout the period.

### RESIDENTIAL

The residential portfolio was approximately 77% let at 30th June 2026.

#### INVESTMENT PROPERTIES UNDER DEVELOPMENT

Swire Properties obtained full ownership of 1067 King's Road and 8 Shipyard Lane in 2022 and 2023, respectively. These sites were formerly known as Zung Fu Industrial Building and Wah Ha Factory Building. The two sites are intended to be redeveloped for office and other commercial uses with an aggregate gross floor area of approximately 779,000 square feet.

In June 2026, Swire Properties acquired the remaining majority portion of the site at 9-43 Hoi Wan Street and 29-41 Tong Chong Street in Quarry Bay through compulsory sale auction. The gross site area is approximately 24,800 square feet and is intended to be redeveloped for office and other commercial uses.

#### OTHERS

In November 2023, Swire Properties entered into agreements for the sale of 12 office floors (42nd to 54th floors excluding the 49th floor) at One Island East in Quarry Bay to the SFC. Completion of the sale of the nine floors (45th to 54th floors excluding the 49th floor) currently occupied by the SFC took place in December 2023. Completion for the 43rd floor took place on 31st December 2025. Completion for the 44th floor will take place not earlier than 31st December 2026 and not later than 31st December 2027, while completion for the 42nd floor will take place not earlier than 31st December 2027 and not later than 31st December 2028. The total gross floor area of the 12 floors is approximately 300,000 square feet. In June 2026, Swire Properties issued a written notice to the SFC in respect of the completion of the sale of the 44th floor, which is expected to take place on 31st December 2026.

In November 2025, Swire Properties offered a further 453 car parking spaces in the Taikoo Shing residential development in Hong Kong for sale. All car parking spaces have been sold at 31st July 2026. Sales of 435 car parking spaces had been recognised before 2026. Sales of the remaining 18 car parking spaces are expected to be recognised in the third quarter of 2026.

## OUTLOOK

Hong Kong's office market has gained renewed momentum in recent months, supported by an active IPO pipeline and improving sentiment in the financial sector. Leasing demand has strengthened, driven by incremental expansion from existing tenants and a continued "flight-to-quality" trend, as tenants capitalise on favourable market conditions to upgrade their space with a focus on amenity rich buildings with sustainability credentials and connectivity. Leasing activity at Pacific Place has continued to strengthen, underpinned by improving occupancy and robust growth in the core financial district. Tenant retention remains high, supported by a strong pipeline of renewals and expansion demand, contributing to a gradual decline in vacancy. This has been accompanied by a moderation in negative rental reversions and selective positive spot rents. At Taikoo Place, rents have remained broadly stable since the fourth quarter of 2025, while the development continues to attract premium occupiers.

Overall retail sentiment in Hong Kong has improved gradually in 2026, despite shifts in consumer shopping behaviour towards online shopping and the continued trend of outbound travel. Retailers remain cautious and selective in expansion, given uncertainties over returns on capital expenditure and rising operating costs. The recovery of inbound tourism, together with a robust calendar of international events and conferences, is expected to benefit the Hong Kong retail market. Continuous enhancements to tenant mix, combined with dynamic marketing campaigns and loyalty programmes, are expected to drive footfall and sales performance at Swire Properties' malls.

## Chinese Mainland

### RETAIL

Retail sales and foot traffic in our Chinese Mainland malls recorded a strong start in 2026, supported by a continued shift towards experiential retail and the successful upgrades of our retail portfolios. Taikoo Li Sanlitun maintained robust momentum following the completion of a major trade-mix upgrade of the North zone in late 2025, reinforced by the opening of the Hermès global flagship in April 2026. HKRI Taikoo Hui also delivered a strong performance following the launch of "The Louis" in June 2025 and further enhanced its brand offerings with the opening of Rolex Prestige in the first half of 2026. Retail sales (excluding sales by vehicle retailers) at our malls on an attributable basis in the Chinese Mainland increased by 23% in the first half of 2026. Retail sales at Taikoo Li Sanlitun and INDIGO in Beijing, Taikoo Li Chengdu, Taikoo Hui in Guangzhou, HKRI Taikoo Hui and Taikoo Li Qiantan in Shanghai increased by 63%, 3%, 14%, 9%, 82% and 14%, respectively.

Swire Properties' gross rental income from retail properties in the Chinese Mainland increased by 13%, to HK\$2,572 million, in the first half of 2026. Disregarding the impact from changes in the Renminbi exchange rate, gross rental income increased by 7%.

Retail sales and gross rental income at Taikoo Li Sanlitun in Beijing increased by 63% and 16%, respectively, in the first half of 2026, benefitting from the opening of the iconic luxury brand maisons and architecturally distinctive flagship stores at Taikoo Li Sanlitun North from the end of 2025, as well as successful upgrades and brand positioning at Taikoo Li Sanlitun South. This momentum was further supported by strong international tourist arrivals in Beijing and a favourable tax refund policy. Demand for retail space remained robust as Taikoo Li Sanlitun strengthened its position as a luxury, fashion and social destination. Building N1, adjacent to Taikoo Li Sanlitun North, is being redeveloped into a new retail landmark for global flagship stores. Façade, mechanical and electrical installation works

are in progress. The redevelopment is expected to be completed in 2026 and open in 2027. The development was 100% let at 30th June 2026.

Retail sales and gross rental income at Taikoo Li Chengdu both increased by 14%, in the first half of 2026, reflecting the continued upgrading of its brand mix and stores. Swire Properties continues to reinforce the development as a premium shopping and leisure destination. The development was 98% let at 30th June 2026.

Retail sales and gross rental income at Taikoo Hui in Guangzhou increased by 9% and 11%, respectively, in the first half of 2026, reflecting continued improvements in the tenant mix. The mall was 100% let at 30th June 2026. Phase 2 of Taikoo Hui, located nearby, is being revamped as a lifestyle destination offering new experiences in fashion, F&B, social interaction and wellbeing. The revamp is expected to be completed by 2027. Design development of Phase 3 of Taikoo Hui, which is connected to the mall and was acquired in August 2024, is in progress. This property will be renovated as a luxury retail and lifestyle addition to Taikoo Hui, with completion of the refurbishment expected from 2028.

Retail sales at INDIGO in Beijing increased by 3%, while gross rental income decreased by 3% in the first half of 2026, principally reflecting temporary disruption from ongoing development works and connectivity enhancements, including bridges and tunnels, at Taikoo Place Beijing. The mall was 98% let at 30th June 2026.

Retail sales and gross rental income at HKRI Taikoo Hui in Shanghai increased by 82% and 29%, respectively, in the first half of 2026, reflecting strong footfall driven by the opening of "The Louis" by LOUIS VUITTON in June 2025 and the continued introduction of new concept and flagship stores. The mall was 98% let at 30th June 2026.

Retail sales and gross rental income at Taikoo Li Qiantan in Shanghai grew by 14% and 16%, respectively, in the first half of 2026, benefitting from higher footfall, enhanced tenant support and closer collaboration with tenants on leasing operations. The development was 98% let at 30th June 2026.

Developed in collaboration with the Guangzhou Pearl River Enterprises Group for the retail portion of a mixed-use development in the Liwan district of Guangzhou, Phase 1 of Taikoo Li Julong Wan Guangzhou was progressively opened from December 2025. Retail sales and footfall have been encouraging. At 30th June 2026, tenants had committed to 76% of the retail space of Phase 1, with 54% of lettable retail space already opened.

## OFFICE

Swire Properties' gross rental income from office properties in the Chinese Mainland increased by 4% to HK\$189 million in the first half of 2026. Disregarding the impact from changes in the Renminbi exchange rate, gross rental income decreased by 2%. Demand for office space in Beijing, Shanghai and Guangzhou remained subdued amid ongoing economic uncertainty. In Guangzhou and Shanghai, new supply in the market has led to higher vacancy rates. In Beijing, new supply was limited, while demand for office space remained weak.

The office towers of Taikoo Hui in Guangzhou, ONE INDIGO in Beijing and the office towers of HKRI Taikoo Hui in Shanghai were 90%, 96% and 96% let, respectively, at 30th June 2026.

## INVESTMENT PROPERTIES UNDER DEVELOPMENT

Taikoo Place Beijing is an extension of the existing INDIGO development, with a total gross floor area of approximately 4 million square feet. Designed as an office-led mixed-use development, the project is scheduled to open in phases from late 2026. All buildings have reached superstructure topping-out. Façade, mechanical and electrical installation works for the office towers are in progress. The development is being undertaken in partnership with China Life Insurance Company Limited. Swire Properties has a 49.895% interest in this development.

Taikoo Li Xi'an is located at the Small Wild Goose Pagoda historical and cultural zone in the Beilin district of Xi'an and is being developed as a retail-led mixed-use development comprising retail and cultural facilities, a hotel and serviced apartments. The estimated gross floor area is approximately

2.9 million square feet. Basement and superstructure works are in progress. The project is expected to be completed in phases from 2027. The development is being conducted in collaboration with Xi'an Cheng Huan Cultural Investment and Development Co., Ltd. Swire Properties has a 70% interest in this development.

Strategically located in the heart of Haitang Bay National Coastal Recreation Park in Sanya, Taikoo Li Sanya is Swire Properties' first-ever resort-style premium retail development including underground parking and other ancillary facilities, with a gross floor area of approximately 2.5 million square feet. In collaboration with China Tourism Group Duty Free Corporation Limited, the development will constitute Phase III of the Sanya International Duty-Free Complex. Superstructure, façade, mechanical and electrical installation, and interior fit-out works are in progress. The development is expected to be completed in phases from 2026. Swire Properties has a 50% interest in this development.

Taikoo Li Qiantan (New Retail Phase) and Qiantan Place (formerly known as the New Bund Mixed-use Project) are situated within Shanghai's middle-ring road and span a site area of approximately 686,000 square feet. Located at the intersection of three Shanghai metro lines, the site is adjacent to the existing Taikoo Li Qiantan, Swire Properties' first joint venture development with the Lujiazui group. It is a mixed-use development comprising retail, office and residential components, with an approximate gross floor area of 4.1 million square feet (including below-ground retail space). The office towers and retail podium have been topped out, and façade and interior fit-out works are in progress. The development is expected to be completed in 2026. Approximately 98% of the total saleable area of the residential towers (Century Summit and Century Heights) had been pre-sold at 31st July 2026. Swire Properties has a 40% interest in this development.

Jointly developed with the Lujiazui group, Lujiazui Taikoo Yuan, situated along the Huangpu River and within the inner-ring road in the Pudong district of Shanghai, is being developed into a mixed-use landmark comprising premium residential properties, retail, office and cultural facilities, and a hotel and serviced apartments. The estimated gross floor area is approximately 4.2 million square feet (including below-ground retail space), subject to relevant planning approval. All office towers in the West zone have been topped out. Superstructure works for the retail portion in the West zone have been completed, and façade and interior fit-out works are in progress. The development scheme in the East zone is being planned. The development is expected to be completed in phases from 2026. Pre-sales of the fourth, fifth and the final (sixth) batches of the residential units were launched in January, April and June 2026, respectively. 316 out of 378 units had been pre-sold for the six batches up to 31st July 2026. Swire Properties has a 40% interest in this development.

Swire Properties is collaborating with the Guangzhou Pearl River Enterprises Group to develop the retail portion (Taikoo Li Julong Wan Guangzhou) of a mixed-use development in the Liwan district of Guangzhou, the centre of the Guangzhou-Foshan metropolitan area. The entire development will have an approximate gross floor area of 5.7 million square feet. Swire Properties has acquired and leased the retail site, with a gross floor area of approximately 835,000 square feet as of 30th June 2026. This will increase to approximately 1,615,000 square feet, subject to further transaction agreements. Phase 1 of the retail portion of the development, consisting of a range of retail, dining and lifestyle shops, as well as exhibition and event space, was opened progressively in December 2025, while basement and superstructure works for subsequent phases are in progress. The overall development is planned to be completed in phases from 2027. Swire Properties has a 50% interest in the retail portion of this development.

Taikoo Hui Guangzhou owns a property directly connected to the Taikoo Hui shopping mall which will form Phase 3 of Taikoo Hui. The building has an approximate gross floor area of 655,000 square feet and will be renovated to become a luxury retail extension of the shopping mall. Design development is in progress and the renovation is expected to be completed from 2028. Swire Properties has a 97% interest in this property.

## OTHERS

Swire Properties holds a 60% interest in a joint venture management company with Shanghai Jing'an Real Estate (Group) Co. Ltd., which is engaged in the revitalisation and management of the ZHANGYUAN shikumen compound in the Jing'an district of Shanghai. Upon completion, the compound will have a gross floor area (including car parking spaces) of 673,871 square feet above ground and 956,949 square feet underground. The compound comprises over 40 shikumen blocks with approximately 170 two or three-storey houses and is connected to three metro lines and to HKRI Taikoo Hui. The first phase (the West zone) was completed and opened in November 2022. Construction and renovation works for the second phase (the East zone) are in progress. The activation zone of the second phase was opened progressively in June 2026 and the overall East zone is expected to be opened in phases from 2027. Swire Properties does not have an ownership interest in the compound.

## OUTLOOK

The retail market in the Chinese Mainland continued to show signs of improvement in early 2026, supported by the introduction of the 15th Five-Year Plan, which signals a strategic shift towards promoting high-quality consumption. The retail sector remains in a phase of gradual improvement, with retailers adopting a cautiously optimistic outlook over the medium to long term, while continuing to invest in strategic and key retail locations. Several

segments, including goldsmiths, watches and jewellery, have gained traction, indicating resilient underlying consumer demand. While retailers have become more selective, they continue to seek high-quality retail spaces for expansion, with a growing focus on experiential concepts, distinctive brand offerings and stronger customer engagement. This underscores the importance of the unique positioning, curated brand mix and premium services provided across our portfolios.

Demand for retail space is expected to be optimistically cautious in the second half of 2026. While luxury retailers are likely to adopt a conservative approach to expansion, demand for high-quality retail space in prime locations with high potential and experiential concepts is expected to persist, particularly in cities such as Beijing, Chengdu, Guangzhou and Shanghai where Swire Properties operates.

Across the Chinese Mainland, uncommitted new supply is expected to increase office vacancy levels in the second half of 2026. In Shanghai, new supply and existing vacant stock will exert pressure on rents. In Guangzhou, new supply is expected to place further pressure on rents amid subdued demand. In Beijing, new supply in the CBD is expected to increase vacancy levels and weigh on rents. While sentiment remains cautious amid economic uncertainty, our high-quality and well-managed office portfolio is well positioned to capture demand from the continuing "flight-to-quality" trend.

## Valuation of Investment Properties

The portfolio of investment properties (on a market value basis) was valued at HK\$271,028 million at 30th June 2026, compared to HK\$267,662 million at 31st December 2025. Of this valuation, 99% by value was performed by Cushman & Wakefield Limited.

The increase in the valuation of the investment property portfolio primarily reflected additions during the first half of 2026 and a foreign exchange translation gain on investment properties in the Chinese Mainland, partly offset by the disposal of an investment property and the transfer of an investment property to assets classified as held for sale. The valuation of the investment property portfolio includes a reduction of 12.5 basis points in the capitalisation rates of certain office investment properties in Hong Kong.

Under HKAS 40, hotel properties are not accounted for as investment properties. The hotel buildings are included within property, plant and equipment. The leasehold land is included within right-of-use assets. Both are recorded at cost less accumulated depreciation or amortisation and any provision for impairment.

## HOTELS

The overall performance of managed hotels in Hong Kong and the Chinese Mainland improved compared with the same period in 2025, reflecting higher average occupancy and revenue per available room across the portfolio. The

operating result of the managed hotel in the USA was strong. The managed hotels (including restaurants and hotel management office) recorded an operating profit before depreciation of HK\$61 million in the first half of 2026, compared with HK\$25 million in the first half of 2025.

## OUTLOOK

The hotel business in Hong Kong is expected to remain competitive in the second half of 2026, with demand continuing to improve gradually. The hotel business in the Chinese Mainland is expected to remain stable in the second half of 2026, while the managed hotel business in the USA is expected to perform well in the second half of 2026.

Swire Properties is expanding its hotel management business, with a focus on extending its hotel brands in Asia Pacific through hotel management agreements.

### Profile of Capital Commitments for Investment Properties and Hotels

Notes:

(i) The capital commitments (including those authorised by Directors but not contracted for) represent Swire Properties' capital commitments of HK\$19,333 million plus Swire Properties' share of the capital commitments of joint venture companies of HK\$9,291 million.

(ii) Swire Properties is committed to provide funding of HK\$657 million for the capital commitments of joint venture companies.

## PROPERTY TRADING

### Hong Kong

EIGHT STAR STREET at 8 Star Street, Wan Chai is a residential building (with retail outlets on the lowest two levels) of approximately 34,000 square feet. All 37 units had been sold at 31st July 2026. Sales of 36 units had been recognised up to 30th June 2026. The sale of the final unit is expected to be recognised in the second half of 2026.

A joint venture formed by Swire Properties, Kerry Properties Limited and Sino Land Company Limited is undertaking a residential development, LA MONTAGNE, in Wong Chuk Hang. This development comprises two residential towers (Phases 4A and 4B) with an aggregate gross floor area of approximately 638,000 square feet and 800 residential units. Pre-sales of Phase 4A started in July 2023. Sales on completion of Phase 4B started in May 2026. 360 out of 432 units in Phase 4A and 87 out of 368 units in Phase 4B had been sold at 31st July 2026. Sales of 345 units had been recognised up to 30th June 2026, with 56 sales in the first half of 2026. The handover of units to purchasers commenced in June 2025. Swire Properties has a 25% interest in the joint venture.

The sale of two houses at 6 Deep Water Bay Road, with an aggregate gross floor area of approximately 15,000 square feet, was completed in March 2026.

A project company held 80% by Swire Properties and 20% by China Motor Bus Company, Limited is redeveloping a plot of land in Chai Wan into THE HEADLAND RESIDENCES, a residential complex (with retail outlet) with an aggregate gross floor area of approximately 694,000 square feet. The occupation permits for Phase 1 and Phase 2 were obtained in August 2025 and June 2026 respectively. Interior fit-out works are in progress at the Phase 2 site. Pre-sales of the first batch started in September 2025. 354 out of 429 launched units in Phase 1 had been sold at 31st July 2026.

Swire Properties is developing a plot of land at 269 Queen's Road East in Wan Chai, primarily for residential use, with an aggregate gross floor area of approximately 116,000 square feet. Superstructure works are in progress. The development is expected to be completed in 2027.

A joint venture company in which Swire Properties holds a 50% interest is redeveloping the sites at 983-987A King's Road and 16-94 Pan Hoi Street in Quarry Bay. Foundation works are in progress. The sites will be redeveloped for residential and retail uses with a gross floor area of approximately 455,000 square feet. The development is expected to be completed in 2028.

### Chinese Mainland

Swire Properties holds a 40% equity interest in two landmark developments in Shanghai's Pudong New Area: Taikoo Li Qiantan (New Retail Phase) and Qiantan Place, and Lujiazui Taikoo Yuan. Both developments include residential components, namely Century Summit and Century Heights within Taikoo Li Qiantan (New Retail Phase) and Qiantan Place, and Lujiazui Taikoo Yuan Residences within the Lujiazui Taikoo Yuan project.

The residential towers at Century Summit and Century Heights have been topped out, and façade and interior fit-out works are in progress. Approximately 98% of the total saleable area had been pre-sold at 31st July 2026, with an expected completion date in 2026.

Lujiazui Taikoo Yuan Residences is Swire Properties' flagship residential project in the Chinese Mainland, situated along the Huangpu River and within the inner-ring road in the Pudong district of Shanghai. The pre-sales of the fourth, fifth and the final (sixth) batches of 60, 56 and 72 residential units in Lujiazui Taikoo Yuan Residences started in January, April and June 2026 respectively. 316 out of the total 378 units had been pre-sold for all six batches up to 31st July 2026. The superstructure was topped out in September 2025 while façade and interior fit-out works are in progress, with an expected completion date from 2026 onwards.

## Indonesia

Swire Properties holds a 50% interest in a joint venture company which has developed a site in South Jakarta into Savyavasa, a residential development with an aggregate gross floor area of approximately 1,123,000 square feet. The development comprises 402 residential units across 3 towers. The SLF certificate (Indonesian Occupation Permit) was received in the fourth quarter of 2025. Handover of units to buyers began in 2026. 210 units, including all units in tower 1, had been sold at 31st July 2026. Sales of 64 units were recognised in the first half of 2026.

## Vietnam

Swire Properties has a minority investment in Empire City, a residential-led mixed-use development (with residential, retail, office, hotel and serviced apartment components) in Ho Chi Minh City. The development is under construction and is expected to be completed in phases up to 2032. Swire Properties invested in the development through an agreement with Gaw Capital Partners, an existing participant in the development. All launched residential units, or approximately 43% of the total units of the whole project (which has been expanded), had been pre-sold or sold at 31st July 2026.

## Thailand

Swire Properties holds a 40% interest in a site located on Wireless Road in the Lumpini sub-district in Pathum Wan district, Bangkok. In partnership with City Realty Co. Ltd., the site is being developed for residential use with a site area of approximately 136,000 square feet, and substructure works are in progress. The development comprises two towers named Upper House Residences Bangkok and The Wireless Residences by Upper House with approximately 156 and 239 residential units, respectively, to be completed from 2030. VIP sales have commenced, and a sales gallery has opened in Bangkok.

## USA

Pre-sales continue for The Residences at Mandarin Oriental, Miami, a luxury residential and hospitality project. The development will consist of two towers on Brickell Key. The first tower will comprise luxury private residences. The second tower will comprise a new Mandarin Oriental hotel as well as private residences and hotel residences.

The former Mandarin Oriental hotel was demolished in April 2026 to pave the way for construction of the new development. Tentative project completion date is 2030. 60% of the residences have been pre-sold.

## OUTLOOK

In Hong Kong, residential sales have been improving gradually, supported by lower interest rates and the relaxation of mortgage measures. Demand from Chinese Mainland buyers remains a positive factor, although tighter controls on capital outflows and overseas property purchases may temper momentum, particularly in the luxury segment.

In the Chinese Mainland, demand for high-quality residential developments in prime locations of Tier-1 cities is expected to remain strong in the near term. Premium projects in Shanghai continue to achieve robust sales, supported by measures introduced by the local government in February 2026 to relax purchasing restrictions and stimulate new demand. The successful launches of Lujiazui Taikoo Yuan Residences attracted strong market interest, highlighting sustained demand for premium riverfront apartments in Shanghai. The long-term outlook for Beijing and Shanghai's luxury residential markets is expected to remain stable.

South East Asia's luxury residential market continues to gain momentum, supported by economic growth, positive long-term fundamentals, a rising middle class and limited premium supply. Markets such as Ho Chi Minh City, Bangkok and Jakarta remain resilient. Despite some market uncertainty, the outlook for the luxury residential market in Miami remains robust. Florida remains an attractive destination for USA and international homebuyers due to its favourable climate and tax regime, as well as its location as a gateway city to and from Latin America.

## BEVERAGES DIVISION

Swire Coca-Cola holds exclusive rights to manufacture, market and distribute Coca-Cola products across 11 provinces and Shanghai in the Chinese Mainland, as well as Hong Kong, Taiwan, Vietnam, Cambodia, Laos and most of Thailand. It also provides management and administrative support services to Swire Pacific Holdings Inc. (doing business as Swire Coca-Cola, USA (SCCU)).

Swire Coca-Cola operates nine wholly-owned franchise businesses (in Hong Kong, Taiwan and several Chinese Mainland provinces and cities) and nine non-wholly owned franchise businesses (in additional Chinese Mainland provinces plus Vietnam, Cambodia, Thailand and Laos). It also owns six subsidiaries supplying still beverages in the Chinese Mainland and holds a joint venture in Shanghai (Shanghai Shen-Mei). On 27th February 2026, it completed the sale of a 30% stake in its Vietnam franchise to a subsidiary of ThaiNamthip Corporation Public Company Limited (TNCC), which in turn is a subsidiary of Swire Coca-Cola.

At 30th June 2026, Swire Coca-Cola manufactured 43 beverage brands and distributed them to a franchise population of 910 million people in franchise territories, while SCCU manufactured 34 beverage brands and distributed to a franchise population of 32 million people.

Note:

(i) EBITDA and EBIT for Swire Coca-Cola (including that of Shanghai Shen-Mei and excluding non-recurring items and central costs and others) for the first half of 2026 were HK\$3,156 million (2025: HK\$2,832 million) and HK\$1,717 million (2025: HK\$1,495 million) respectively. EBITDA margin and EBIT margin represent EBITDA and EBIT expressed as percentages of revenue (which includes that of Shanghai Shen-Mei and excludes sales to other bottlers).

## STRATEGIC UPDATES

In the first half of 2026, Swire Coca-Cola continued to make significant investments in production assets, logistics infrastructure, merchandising equipment and digital capabilities.

In late May 2026, two new world-class manufacturing facilities commenced operations in the Chinese Mainland; a state-of-the-art plant in Kunshan, Jiangsu province, and an intelligent green production base in Guangzhou, Guangdong province. Construction of a new facility in Hainan remains underway. These facilities will further strengthen Swire Coca-Cola's nationwide production and supply network in the Chinese Mainland in support of growth expected from this core market. Swire Coca-Cola continues to advance its RMB12 billion investment plan in new facilities and equipment in the Chinese Mainland over a ten-year period.

In Taiwan, work continues on the automated storage and retrieval system and a new aseptic line at the Taoyuan facility.

Swire Coca-Cola remains optimistic about the long-term growth prospects of its South East Asia markets, supported by favourable demographics, low per capita consumption of sparkling beverages, and positive GDP outlooks, leaving

significant opportunity to recruit new consumers and grow consumption over time. Capital expenditure in these markets continued with significant investments in cold drink equipment and production assets, in particular the recent launch of an Affordable Small Sparkling Pack (ASSP) production line in Vietnam earlier this year. In addition, we continue to transfer our Greater China digital and operational expertise and innovations to our South East Asia businesses.

The sale of a 30% stake in the Vietnam franchise business to TNCC was completed on 27th February 2026 for a consideration of HK\$2,579 million. This will strengthen the South East Asia regional network.

To support these strategic priorities, we are investing in digital & AI capabilities to build an intelligent enterprise powered by modern business processes, trusted enterprise data and a unified digital core. This foundation allows us to scale AI across the organisation, empowering our people with better insights, automating routine activities and enabling faster, higher-quality decision-making. By combining our digital, data and AI capabilities, we are transforming how we operate, strengthening commercial performance and creating a sustainable competitive advantage for the future.

## MARKET OVERVIEW

The first half of 2026 saw improving market conditions, particularly in the Chinese Mainland where consumer demand rebounded following a challenging 2025. Vietnam and Thailand faced headwinds from rising supply chain input costs resulting from the conflict in the Middle East, which exerted pressure on profitability. These cost pressures are expected to persist in the second half of 2026, affecting not only operating costs but also consumer disposable income and spending patterns.

In the Chinese Mainland, ongoing channel shift continued to reshape the competitive landscape, with strong growth in emerging channels, such as e-commerce and snack shops, and an expansion in immediate, occasion-based consumption. This shift highlights the increasing importance of channel diversification, digital integration and more targeted execution models. In response, Swire Coca-Cola is adapting its execution approach and reallocating investments into high growth channels, supported by the development of centralised management platforms dedicated to these emerging channels.

In South East Asia, the operating environment remains characterised by cost inflation and heightened price sensitivity, reinforcing the need for pricing discipline and cost efficiency. At the same time, consumption trends continue to evolve, with growing demand for affordable entry price points as well as for low and no-sugar products. Vietnam capitalised on this trend by introducing an Affordable Small Sparkling Pack aimed at driving consumer recruitment. Additionally, the rebuilding of route-to-market capabilities was reflected in the revenue and volume growth in the core Sparkling category in the first half of the year. Thailand reported strong sales performance in Sparkling alongside an expansion into Energy with the launch of Monster at the start of the year. While the underlying business in Thailand has continued to be impacted by sugar tax, the team is actively collaborating with The Coca-Cola Company on mitigation strategies.

Across the broader South East Asia region, Swire Coca-Cola remains focused on pricing discipline, pack-price architecture, and cost efficiency, alongside targeted marketing campaigns to capture evolving consumer preferences.

## RESULTS SUMMARY

Swire Coca-Cola's recurring attributable profit in the first half of 2026 was HK\$907 million, representing a 5% increase from the same period in 2025. This was mainly driven by robust performance in the Chinese Mainland. Attributable profit for the first half of 2026 was HK\$846 million. This included a non-recurring loss of HK\$61 million, mainly for interest expense associated with a put option liability relating to a potential obligation to acquire further equity interest from certain minority shareholders of TNCC.

Total revenue (including that of Shanghai Shen-Mei and excluding sales to other bottlers) increased by 10% to HK\$24,461 million. Sales volume increased by 11% to 1,149 million unit cases. The increase in revenue was mainly attributable to volume growth in the Chinese Mainland, driven by continued investment in emerging channels, together with a recovery in Thailand supported by improving domestic consumption and effective commercial initiatives to mitigate competitive pressures. Growth was broad-based across categories, with solid growth in Sparkling volumes, along with strong momentum in Energy and Water.

In South East Asia, the overall results were adversely affected by lower foreign exchange gains and reduced interest income. Higher commodity and fuel prices also weighed on the regional performance.

EBITDA (including that of Shanghai Shen-Mei and excluding non-recurring items and central costs and others) increased by 11% to HK\$3,156 million, driven by improved performance in the Chinese Mainland and the recovery in Thailand.

The EBITDA margin increased slightly from 12.8% to 12.9%, driven by higher revenue, offset by pricing and cost pressures.

## RESULTS BY TERRITORY

### Chinese Mainland

Attributable profit from the Chinese Mainland for the first half of 2026 was HK\$727 million, a 24% increase from the first half of 2025.

Revenue (including that of Shanghai Shen-Mei and excluding sales to other bottlers) increased by 6% in local currency terms. Sales volume increased by 12%, driven by strong momentum across emerging channels such as e-commerce, but this was partly offset by increased pricing discounts. Sparkling and Water revenue increased steadily and there was notable revenue growth in Energy.

EBITDA and EBIT (including that of Shanghai Shen-Mei and excluding central and other costs) increased by 9% and 14%, respectively, in local currency terms. Revenue growth was partly offset by higher selling and distribution costs as a result of higher volume.

The results also benefitted from favourable exchange movements while the business remained relatively insulated from higher aluminium and PET costs due to effective procurement strategies.

The EBITDA margin increased from 12.8% in the first half of 2025 to 13.1% in the first half of 2026, reflecting operating efficiencies, partly offset by competitive pricing pressure. EBIT margin increased from 7.0% to 7.5%.

### Hong Kong

Attributable profit from Hong Kong for the first half of 2026 was HK\$58 million, a 5% decrease compared with the first half of 2025, primarily due to a lease termination compensation payment received last year.

Revenue (excluding sales to other bottlers) increased by 8%, with sales volume up by 7% and a favourable price mix, supported by revenue growth across most product categories. Revenue from Sparkling and Coffee increased steadily, with double-digit growth in Juice, Energy and Tea.

EBITDA and EBIT (excluding central costs and others) increased by 9% and 5%, respectively. This growth was driven by higher revenue, partly offset by higher operating

expenses and depreciation charges, reflecting upgrades to production facilities and continued investment in merchandising equipment.

EBITDA margin increased from 14.2% in the first half of 2025 to 14.3% in the first half of 2026. EBIT margin decreased from 5.5% to 5.4% reflecting the higher depreciation charges.

### Taiwan

Attributable profit from Taiwan for the first half of 2026 was HK\$61 million, a 42% increase from the first half of 2025.

Revenue in local currency terms increased by 9% while sales volume increased by 10% due to the strong growth in Sparkling and Tea, partly benefitting from new product launches, as well as Energy.

EBITDA and EBIT (excluding central and other costs) increased by 20% and 30%, respectively, in local currency terms. The strong results were attributable to the top-line momentum and lower expenses on the capacity enhancement project in Taoyuan, partly offset by higher operating expenses.

The EBITDA margin increased from 10.8% in the first half of 2025 to 11.9% in the first half of 2026 mainly due to lower expenses on the Taoyuan project. The EBIT margin increased from 6.0% to 7.2%.

### Vietnam and Cambodia

Attributable profit from Vietnam and Cambodia for the first half of 2026 was HK\$98 million, a 13% decrease from the first half of 2025. Profit was adversely affected by a lower exchange gain on USD denominated bank balances. Excluding the impact of exchange gains in both reporting periods, attributable profit would have increased by 15%.

Revenue increased by 5%, as sales volume increased by 8%, principally due to the recovery of Sparkling volumes and a favourable shift in the Sparkling pack mix. Energy and Water revenue also increased.

EBITDA (excluding central costs and others) decreased by 1% while EBIT (excluding central costs and others) increased by 5%. Excluding the impact of the depreciation

of the Vietnamese Dong in the first half of 2026, EBITDA and EBIT (excluding central costs and others) would have increased by 2% and 8%, respectively. This reflected higher revenue and the absence of expenses relating to the relocation of the Ho Chi Minh City plant in 2025, partly offset by higher commodity and fuel prices arising from the Middle East conflict.

EBITDA margin decreased from 11.9% in the first half of 2025 to 11.3% in the first half of 2026. EBIT margin increased from 5.4% to 5.5%, reflecting lower depreciation charges.

### Thailand and Laos

Disregarding non-recurring items in both reporting periods, recurring attributable profit from Thailand and Laos was HK\$95 million, a decrease of 10% compared to the first half of 2025. This was mainly due to lower interest income following the deployment of TNCC's cash funds to acquire a 30% stake in the Vietnam bottler. Including non-recurring interest expenses associated with the put option liability, attributable profit was HK\$34 million, a 28% decrease from the first half of 2025.

Revenue increased by 10%, with sales volume up by 9% and an improved sales mix, supported by stronger sales performance in Sparkling and expansion into the Energy portfolio at the start of the year.

EBITDA (excluding non-recurring items and central costs and others) increased by 6% while EBIT (excluding non-recurring items and central costs and others) remained flat. The return to top-line growth was partly offset by higher spending on commercial initiatives to mitigate competitive pressures, the impact of incremental sugar tax following the rate increase in April 2025 as well as higher logistics costs.

EBITDA margin decreased from 13.4% to 12.9%. EBIT margin decreased from 7.0% to 6.3%.

## OUTLOOK

Swire Coca-Cola delivered a strong start to 2026. However, the macroeconomic and geopolitical environment is expected to remain uncertain and challenging. Heightened aluminium costs will continue to pose risks to material costs while volatile oil prices are expected to exert further pressure, particularly on resin, preform and logistics expenses. Although these factors may adversely affect margins, we have already put in place a range of commercial and cost initiatives to mitigate their impact.

We remain confident in the long-term growth potential of both the Chinese Mainland and South East Asia. In the Chinese Mainland, consumer sentiment is showing signs of improvement, and our focus is on adapting to evolving consumer and channel dynamics through enhanced route-to-market capabilities, strengthening distribution across emerging sales channels, digital platforms and tourist destinations, and continued investment in Sparkling, particularly the low and no-sugar segment.

In Vietnam, affordability-led growth, supported by entry-pack strategies in Sparkling and portfolio expansion, will help us capture further growth opportunities while strengthening our market position. In Thailand, while the impact of sugar tax gives cause for caution, we will continue expanding our low and no-sugar portfolio in response with entrance into Energy showing early positive signs.

**Karen So**

## AVIATION DIVISION

The Aviation Division comprises the wholly-owned Hong Kong Aircraft Engineering Company (HAECO) group and an associate interest in the Cathay group. As at 30th June 2026, Swire Pacific Limited held a 45.12% interest in the Cathay group.

### Financial Highlights

#### Accounting for the Aviation Division

The Group accounts for its associate interest in the Cathay group using the equity method of accounting, with its share of net profit or loss shown as a single line-item in the consolidated statement of profit or loss. The figures of the HAECO group and the Cathay group above do not include Swire Pacific's consolidation adjustments, which are included under Others. Others for the year ended 31st December 2025 also included HK\$295 million pertaining to an early termination of a service contract involving engineering assets and transactions between the Cathay group and the HAECO group and a loss on deemed disposal of interests in the Cathay group from 44.985% to 43.09% of HK\$112 million.

## HONG KONG AIRCRAFT ENGINEERING (HAECO) GROUP

The HAECO group provides aviation maintenance, repair and overhaul (MRO) services. Its primary activities are aircraft maintenance and modification work in Hong Kong (by HAECO Hong Kong) and in Xiamen (by HAECO Xiamen), on-wing and off-wing engine services through the HAECO group's facilities mainly in Hong Kong, Dubai, Dallas, Amsterdam and London, and engine overhaul work in Hong Kong (by HAECO's 50% joint venture company, HAESL) and in Xiamen (by HAECO Engine Services (Xiamen)).

The HAECO group has subsidiaries and joint venture companies in the Chinese Mainland which offer a range of aircraft engineering services. In June 2026, an agreement was signed to establish a joint venture in Vietnam to provide aviation maintenance services at Van Don International Airport, with operations expected to commence in late 2028.

## STRATEGIC UPDATES

The HAECO group is committed to serving a global customer base whilst concentrating operations and investments in core growth markets, namely Hong Kong, the Chinese Mainland, and South East Asia.

HAECO Xiamen has completed the construction of new hangars and facilities at Xiang'an International Airport in Xiamen, and operations are expected to commence in late 2026. The state-of-the-art site and facilities will incorporate the latest digital and technology solutions delivering industry-leading operational efficiency and enhanced environmental performance.

In June 2026, the airframe services business of the HAECO group announced the signing of an agreement to establish a joint venture with Sun Group, Toyota Tsusho and Japan Airlines to develop aviation maintenance capabilities at Van Don International Airport in Vietnam. The new facility is expected to commence operations in late 2028 and will provide high-quality maintenance services to customers in Vietnam and internationally.

Both the Xiamen and Vietnam initiatives complement HAECO's broader airframe services growth strategy, which is underpinned by more than US\$1 billion of investment over four years in capacity, capability and infrastructure across Asia.

Digital and technology solutions are driving productivity improvements, reduced turnaround times and strengthened process optimisation across the business through the adoption of advanced analytics, automation and digital workflow tools.

## MARKET THEMES

Global demand for aviation MRO services remained robust in the first half of 2026, supported by the continued recovery in air traffic and the prolonged utilisation of in-service aircraft fleets. Airlines have increasingly prioritised the extension of aircraft operating lives and deferred new deliveries in some cases, driving sustained demand for MRO services. The HAECO group is well positioned to capture these opportunities as a leading provider of MRO services to airline customers and original equipment manufacturers (OEMs) globally.

Geopolitical developments, including the conflict in the Middle East, did not have a significant impact on demand in the first half of 2026. The sector continued to benefit from relatively resilient global travel patterns and stable aircraft utilisation rates.

## RESULTS SUMMARY

The HAECO group reported an attributable profit of HK\$653 million for the first six months of 2026. This includes an additional HK\$9 million non-recurring loss on disposal of HAECO Americas after the finalisation of consideration adjustments with the buyer. This compares with a profit of HK\$599 million for the same period in 2025 which included a non-recurring attributable profit of HK\$38 million from the exit of HAECO ITM.

On a recurring basis, the attributable profit for the first half of 2026 was HK\$101 million higher than in the corresponding period in 2025. The increase was primarily attributable to more extensive engine repairs at HAESL, stronger results from the Global Engine Support business, more base maintenance manhours sold in Xiamen, and increased line maintenance activity in Hong Kong. Savings in central costs were achieved during the period.

### AIRFRAME

The airframe business of the HAECO group generated a recurring attributable profit of HK\$292 million in the first half of 2026, an 11% increase from the corresponding period in 2025. Revenue fell by 15% due to the disposal of the airframe business in the USA in November 2025. Higher profit was generated from a 9% increase in base maintenance manhours sold by HAECO Xiamen in the first half of 2026 compared to the same period of 2025.

### HAECO HONG KONG

Profit at the airframe business of HAECO Hong Kong grew in the first half of 2026 from the corresponding period last year benefitting from higher line maintenance revenue. Approximately 58,700 line maintenance aircraft movements were handled in the first half of 2026, an increase of 15% compared with the first half of 2025. 1.44 million base maintenance manhours were sold in the first half of 2026, the same level as in the first half of 2025.

### HAECO XIAMEN

In the first half of 2026, the attributable profit of HAECO Xiamen's airframe services was higher than in the first half of 2025. 2.44 million base maintenance manhours were sold in the first half of 2026, 9% more than in the first half of 2025 reflecting strong customer demand for base maintenance services.

### HAECO AMERICAS

The HAECO group ceased to operate its airframe business in the USA after the disposal of HAECO Americas in November 2025. Revenue and profit in 2025 were recorded up to that period.

### COMPONENTS

Recurring revenue from the components business in the first half of 2026 increased by 6% to HK\$685 million compared to HK\$649 million in the first half of 2025. The recurring attributable profit was HK\$98 million, a reduction of 9% from the first half of 2025. Stronger results at HAECO Landing Gear Services and HAECO Composite Services were offset by lower profit at HAECO Component Repair and Overhaul driven by less revenue.

### ENGINE

The attributable profit from the engine business was HK\$420 million in the first half of 2026, a 12% increase from the corresponding period in 2025. Revenue (comprising that of HAECO Engine Services (Xiamen) and the Global Engine Support business, but excluding that of HAESL, which is not consolidated) grew by 45%. The growth in profit mainly resulted from more extensive engine repair solutions provided at HAESL and improved performance in the Global Engine Support business.

### HAESL

In the first half of 2026, HAESL recorded an increase in attributable profit compared to the same period in 2025. The increase reflected a more favourable service mix, with a higher proportion of labour-intensive work. Repair and overhaul services were performed on 191 engines, compared with 185 in the first half of 2025.

### HAECO ENGINE SERVICES (XIAMEN)

In the first half of 2026, the attributable profit of HAECO Engine Services (Xiamen) was broadly unchanged from

that in the first half of 2025. Fewer engines were inducted for restoration work due to shortages of materials. This was offset by an increase in quick turn repairs and work on engine modules. During the period, 33 performance restoration shop visits and 15 quick turn repair shop visits were performed, compared with 39 and 10 visits respectively in the same period in 2025.

### GLOBAL ENGINE SUPPORT

The Global Engine Support business reported a profit in the first half of 2026, compared to a loss in the corresponding period of 2025. This mainly reflected stronger performance in the Hong Kong, Dallas and London locations.

### OTHERS

Savings in central costs (including the financing and related costs on overseas investments) were achieved in the first half of 2026 following the disposal of HAECO Americas in late 2025. The increase in activity at various minor businesses also contributed partly to the favourable movement from the first half of 2025 to the first half of 2026.

## OUTLOOK

Demand for the HAECO group's MRO services is expected to remain stable in the second half of 2026, underpinned by the continued strength of widebody aircraft utilisation. Supply chain constraints and cost inflation, including higher staff and material costs, will continue to be headwinds for operations. However, the HAECO group's strong order book, long-term customer relationships and ongoing operational initiatives are expected to help mitigate these challenges.

HAECO Xiamen will relocate to the new airport in late 2026. The transition to the new facilities is on track.

Together with the extension of its footprint to Vietnam, the HAECO group expects to operate a total of 31 widebody hangar bays and 10 narrowbody hangar bays in future, delivering approximately 10 million base maintenance manhours annually, supported by training led at the group's world-class training centres.

**Richard Sell**

## CATHAY GROUP

The Cathay group includes Cathay Pacific Airways Limited (Cathay Pacific Airways, which provides passenger services by Cathay Pacific and freighter services by Cathay Cargo), Hong Kong Express Airways Limited (HK Express) and AHK Air Hong Kong Limited (Air Hong Kong) and associate interests in Air China Limited (Air China) and Air China Cargo Co., Ltd. (Air China Cargo). The Cathay group also has interests in companies providing flight catering and passenger and ramp handling services, and owns and operates a cargo terminal at Hong Kong International Airport. Cathay Pacific Airways is listed on The Stock Exchange of Hong Kong Limited.

## STRATEGIC UPDATES

In the first half of 2026, the Cathay group focused on enhancing customer service and strengthening Hong Kong's position as a global aviation hub. Key initiatives included increasing flight frequencies, expanding the network and further elevating customer experience. Passenger services to Seattle were launched, strengthening the group's presence in North America. In addition, Cathay Pacific announced plans to commence direct services to Almaty, Kazakhstan's commercial and cultural capital, in the first quarter of 2027, positioning Cathay Pacific as the only airline offering direct connectivity between Hong Kong and Kazakhstan.

Cathay Pacific reopened The Wing, First at Hong Kong International Airport, its newly redesigned flagship lounge, marking a significant milestone in the evolution of its premium lounge offering. By the end of 2026, Cathay Pacific will introduce Aria Studio, a new fully flat business class cabin onboard its regional A330-300 aircraft, further enhancing its cabin proposition.

In February 2026, the Cathay group completed the buy-back of Qatar Airways' approximately 9.6% shareholding. In April 2026, the Cathay group issued its inaugural Hong Kong dollar bond. The issuance was upsized from an initial HK\$2.08 billion to HK\$2.88 billion in response to strong demand, representing the largest Hong Kong dollar public bond issuance by a Hong Kong-based non-public sector company.

In May 2026, the Cathay group exercised purchase rights for two additional Airbus A350F freighters, increasing its total commitment to eight aircraft. This investment will strengthen Hong Kong's position as a leading global air cargo hub. In June 2026, Air China announced the issuance of new shares. As a result, the Cathay group's equity interest in Air China was diluted from 15.09% to 12.85%. The Cathay group will continue to equity account for its interest in Air China.

The Cathay group continued to support aviation decarbonisation by advancing its sustainable aviation fuel (SAF) initiatives. Its Corporate SAF Programme recorded strong growth, with committed SAF volumes increasing

year on year, supported by an expanding portfolio of corporate partners. The Cathay group also continued to scale SAF usage through partnerships with global fuel suppliers and customers.

## MARKET THEMES

Aviation passenger and cargo markets experienced solid demand in the first half of 2026, supported by the continued recovery in global travel and resilient trade flows across Asia. Outbound traffic from Hong Kong and the Greater Bay Area remained robust, while cargo demand benefitted from strong export activity, especially in technology-related sectors and other higher-value shipments. Geopolitical developments in the Middle East disrupted traditional aviation and air cargo routings, leading to shifts in capacity and demand towards alternative hubs such as Hong Kong. These favourable demand conditions were partly offset by significant cost pressures and operational challenges. In particular, jet fuel prices rose sharply during the period, driven by geopolitical tensions.

## RESULTS SUMMARY

Following a strong start and robust performance in the first quarter, conditions became considerably more challenging in the second quarter. The surge in jet fuel prices due to the situation in the Middle East exerted considerable cost pressure on the business. In response, the Cathay group implemented measures to mitigate some of the increased cost, including adjustments to passenger and cargo fuel surcharges.

The Cathay group's attributable profit to shareholders on a 100% basis was HK\$6,243 million in the first half of 2026 (2025 first half: profit of HK\$3,651 million). This includes non-recurring items of HK\$953 million, mainly arising from the dilution of the Cathay group's equity interest in Air China. Excluding non-recurring items, Cathay Pacific Airways reported a profit after tax of HK\$4,530 million in the first half of 2026 (2025 first half: profit of HK\$4,030 million). The share of profits from subsidiaries was HK\$350 million (2025 first half: loss of HK\$198 million), and the share of profits from associates was HK\$410 million (2025 first half: loss of HK\$181 million).

## Cathay Group – Fleet Profile<sup>(i)</sup>

At 30th June 2026, the total number of aircraft in the Cathay group's fleets was 235.

### Notes:

- (i) The table does not reflect aircraft movements after 30th June 2026.
- (ii) Leases without asset transfer components are accounted for in a similar manner to leases with asset transfer components under accounting standards. The majority of leases without asset transfer components in the above table are within the scope of HKFRS 16 Leases (HKFRS 16).
- (iii) The Cathay group believes that based on its available unrestricted liquidity as at 30th June 2026, as well as its ready access to both loan and debt capital markets, it will have sufficient financing capacity to fund this material investment in the fleet.
- (iv) Final number subject to reallocation between Cathay Pacific Airways and HK Express.
- (v) The Cathay group exercised purchase rights to acquire two A350F aircraft in May 2026.
- (vi) The aircraft are sub-leased to HK Express from Cathay Pacific Airways.
- (vii) Final split between Airbus A320-200neo and A321-200neo is subject to adjustment in accordance with future operational requirements.
- (viii) The contractual arrangements relating to the freighters operated by Air Hong Kong do not constitute leases in accordance with HKFRS 16.
- (ix) The Cathay group also has the right to acquire 87 additional aircraft.

## Passenger Services

### CATHAY PACIFIC

Passenger revenue increased by 26% to HK\$43,203 million in the first half of 2026 compared with the first half of 2025. 16.0 million passengers were carried in the first half of the year, an average of around 88,400 passengers per day, 17.5% more than in the first half of 2025.

### HK EXPRESS

HK Express reported a loss in the first half of 2026; however, the airline demonstrated substantial improvement in its financial results, indicating positive momentum and progress towards a turnaround in performance.

## Cargo Services

### CATHAY CARGO

Cargo revenue for the first half of 2026 was HK\$13,806 million, an increase of 24% compared with the same period in 2025, reflecting increased cargo volumes and higher yield. Total tonnage increased by 9% to 869 thousand tonnes.

Cathay Cargo's first-half performance was boosted by the carriage of high value technology products to support the data centre industry and AI boom.

### AIR HONG KONG

Air Hong Kong reported a higher profit in the first half of 2026, reflecting the strong demand for air cargo services across Asia.

## Operating Costs

Net fuel costs for Cathay Pacific Airways increased by HK\$7,909 million (or 59%) compared with the first half of 2025. Non-fuel costs increased by 13% to HK\$35,674 million.

## Air China and Air China Cargo

The Cathay group's share of the results of Air China and Air China Cargo is based on their financial statements drawn up three months in arrears. Consequently, Cathay group's 2026 interim results include Air China's and Air China Cargo's results for the six months ended 31st March 2026.

In June 2026, the Cathay group's interest in Air China was diluted from 15.09% to 12.85%, after Air China's issuance of approximately 3 billion of new 'A' shares to specific investors.

Results for Air China improved in the six months ended 31st March 2026 due to higher capacity deployment, stronger revenue generation, improved yield quality and disciplined cost control, partly offset by elevated jet fuel prices.

Results for Air China Cargo, in which the Cathay group had a 21.01% interest at 30th June 2026, were stable as compared with the first half of 2025.

## OUTLOOK

Summer travel demand going into the third quarter is looking strong. The Cathay group remains cautiously optimistic for the rest of the year, subject to developments in the Middle East and other macroeconomic factors. The Cathay group remains on track to reach the 2026 passenger capacity growth target of approximately 10%. For cargo, the Cathay group is cautiously optimistic about the upcoming peak season and plans to add freighter services on trunk routes in line with the expected demand surge, while expanding freighter capacity through additional services operated by Air Hong Kong.

While jet fuel prices have come down from their peak in the second quarter, recently they have been increasing again due to the escalation of tensions in the Middle East. The impact of elevated fuel prices is expected to continue for the rest of the year, and the Cathay group will remain alert to the changing geopolitical and market situation.

The Cathay group's commitment to strengthen the Hong Kong international aviation hub continues, supported by planned investments of approximately HK\$150 billion in the fleet, cabin and lounge products, and digital innovation.

### Ronald Lam

# HEALTHCARE

## DeltaHealth

The Group owns a 91.73% interest in DeltaHealth China Limited (DeltaHealth), a healthcare provider in the Chinese Mainland. DeltaHealth owns and operates Shanghai DeltaHealth Cardiovascular Hospital, which opened in 2016 and is the first wholly foreign-owned cardiovascular hospital in the Chinese Mainland, and DeltaWest Clinic, an outpatient clinic in the Changning district of Shanghai.

During the period, the Head of Cardiology, a key leadership position within one of the hospital's core clinical departments, transitioned to a permanent capacity, strengthening clinical oversight. Combined with sustained growth in patient volume and an expanded portfolio of procedure revenue streams, these developments have reinforced the hospital's service delivery framework and elevated the standard of patient care delivered.

## Columbia China Healthcare

The Group has an associate investment in Columbia China Healthcare Co., Limited, which owns and operates three private hospitals and a senior housing facility in the Yangtze River Delta area.

## New Frontier GBA Healthcare

The Group has an associate investment in New Frontier GBA Healthcare, under the entity SHH Core Holding Limited (SHH Core), which owns Shenzhen New Frontier United Family Hospital, a private hospital operated by United Family Healthcare, as well as HEAL Medical Group in Hong Kong and Hong Kong Integrated Oncology Centre.

## Indonesia Healthcare Corporation (IHC)

The Group has a minority investment in IHC, a hospital group in Indonesia, through a mandatory convertible bond. IHC comprises 38 majority-owned hospitals and operates 67 clinics throughout Indonesia.

## RESULTS SUMMARY

The attributable losses from the healthcare businesses were HK\$137 million in the first half of 2026, compared with HK\$130 million in the first half of 2025. The results for the prior period included a non-recurring gain of HK\$31 million arising from the dilution of the Group's shareholding in SHH Core.

DeltaHealth's revenue was higher than in the first half of 2025, supported by sustained growth across its key clinical services, while losses narrowed because of effective cost management. Columbia China saw revenue growth driven by strong patient volumes at its flagship hospital, while revenue from its senior living business remained stable despite planned facility closures. SHH Core delivered an improved performance, led by robust growth at its Hong Kong clinic chains. IHC recorded revenue growth compared to the same period in 2025, although profitability did not keep pace due to ongoing cost pressures. Head office expenses rose, largely reflecting adverse foreign exchange movements.

## OUTLOOK

With the investments described above, the Group has exposure to the healthcare sector in the Chinese Mainland and Indonesia. We have invested HK\$3.1 billion (including committed investments) in the sector. While we seek further investment opportunities at reasonable valuations in the Chinese Mainland and in South East Asia, our primary near-term focus is on improving the operational performance of our existing investments.

## RESULTS SUMMARY

The attributable profit of the trading & industrial businesses in the first half of 2026 was HK\$88 million, compared with an attributable profit of HK\$41 million in the first half of 2025.

### Swire Resources

The attributable profit of Swire Resources in the first half of 2026 was HK\$26 million, compared with an attributable profit of HK\$17 million in the first half of 2025.

Revenue increased by 1%, reflecting growth in tourist arrivals to Hong Kong. Although gross profit remained broadly unchanged from the first half of 2025, attributable profit improved due to effective management of marketing and administrative costs, as well as lower leasing costs.

### Taikoo Motors

The attributable profit of Taikoo Motors increased from HK\$37 million in the first half of 2025 to HK\$48 million in the first half of 2026.

Revenue declined by 14% and vehicle sales volume decreased by 10% year-on-year to 6,063 units. Despite continued weakness in market demand, profitability improved as inventory levels declined and pricing pressure moderated slightly.

### Swire Foods

The Swire Foods group reported an attributable profit of HK\$6 million for the first half of 2026, compared with an attributable loss of HK\$16 million for the first half of 2025, due to the absence of losses from Qinyuan Bakery after its disposal in December 2025.

Taikoo Sugar recorded an attributable profit of HK\$6 million in the first half of 2026, compared to a breakeven result in the first half of 2025. The increase in profit was due to improved operational efficiency as well as lower raw material costs. In addition, there were lower capital-related expenses following the completion of the Greater Bay Area production facility in 2025. Although weak market sentiment continues to affect the retail and food services business, Taikoo Sugar recorded an overall 7% increase in volume of sugar sold in the first half of 2026.

### Swire Environmental Services

Swire Environmental Services reported an attributable profit of HK\$10 million in the first half of 2026, compared with an attributable profit of HK\$7 million in the first half of 2025.

## OUTLOOK

While local outbound travel and changing consumer spending patterns are expected to remain challenging in the second half of 2026, the continued recovery in visitor arrivals to Hong Kong and the resulting improvement in retail activity are expected to support sales growth and help mitigate the impact on Swire Resources' revenue and margin performance.

Taikoo Motors expects sales momentum to improve once new vehicle tariff rates are announced, although the timing of the announcement and its impact on performance remain subject to overall market conditions and the positioning of its brands.

Leveraging its 145th anniversary, Taikoo Sugar has launched brand campaigns in Hong Kong and the Chinese Mainland to rejuvenate the brand and deepen customer engagement. The business is repositioning Taikoo Sugar from a commodity supplier to a consumer-focused brand, better positioning Taikoo Sugar to navigate the challenging market environment.

The profit of Swire Environmental Services is expected to remain steady in the third quarter of 2026, and will decline after the expiration of its final waste transfer service contract in September 2026.

### David Cogman

# FINANCIAL REVIEW

## Financial Information Reviewed by Auditors

Additional information is provided in the following section to reconcile reported and underlying profit attributable to the Company's shareholders. These reconciling items principally adjust for the fair value movements on investment properties and the associated deferred tax in the Chinese Mainland, and for other deferred tax provisions in relation to investment properties. Amortisation of right-of-use assets classified as investment properties is charged to underlying profit.

### Notes:

- (i) This represents the fair value movements as shown in the Group's consolidated statement of profit or loss and the Group's share of fair value movements of joint venture and associated companies.
- (ii) This represents deferred tax movements on the Group's investment properties, plus the Group's share of deferred tax movements on investment properties held by joint venture and associated companies. These comprise deferred tax on fair value movements on investment properties in the Chinese Mainland, and deferred tax provisions made in respect of investment properties held for the long term where it is considered that the liability will not reverse for some considerable time. It also includes certain tax adjustments arising from transfers of investment properties within the Group.
- (iii) Prior to the implementation of HKAS 40, changes in the fair value of investment properties were recorded in the revaluation reserve rather than the consolidated statement of profit or loss. On sale, the fair value gains/(losses) were transferred from the revaluation reserve to the consolidated statement of profit or loss. The fair value gains realised on sale of interests in investment properties include historic fair value gains on the sale of properties that had previously been classified as investment properties.
- (iv) Prior to the implementation of HKAS 40, no depreciation was charged on investment properties occupied by the Group.
- (v) HKFRS 16 amends the definition of investment property under HKAS 40 to include properties held by lessees as right-of-use assets to earn rentals or for capital appreciation or both, and requires the Group to account for such right-of-use assets at their fair value. The amortisation of such right-of-use assets is charged to underlying profit.

Recurring underlying profit is provided below to show the effect of significant non-recurring items. This does not form part of the financial information reviewed by auditors.

Notes:

(i) Refer to Glossary on pages 82 and 83 for definition.

(ii) Lease liabilities amounted to HK\$4,936 million at 30th June 2026 and HK\$5,126 million at 31st December 2025 (refer to note 23 to the financial statements).

## Debt in Joint Venture and Associated Companies

In accordance with HKFRS Accounting Standards, the net debt of Swire Pacific reported in the consolidated statement of financial position does not include the share of net debt in its joint venture and associated companies. These companies had the following net debt positions at 30th June 2026 and 31st December 2025:

|                                    | Total net debt/(cash)<br>of joint venture and<br>associated companies |                                | Portion of<br>net debt/(cash)<br>shared by the Group |                                | Debt guaranteed<br>by Swire Pacific or<br>its subsidiaries |                                |

# REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS

To the Board of Directors of Swire Pacific Limited  
(incorporated in Hong Kong with limited liability)

## INTRODUCTION

We have reviewed the condensed interim financial statements set out on pages 46 to 78, which comprise the consolidated statement of financial position of Swire Pacific Limited (the "Company") and its subsidiaries (together, the "Group") as at 30th June 2026 and the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of cash flows and the consolidated statement of changes in equity for the six-month period then ended, and selected explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on condensed interim financial statements to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim Financial Reporting" as issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"). The Directors of the Company are responsible for the preparation and presentation of these condensed interim financial statements in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" as issued by the HKICPA. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

## SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as issued by the HKICPA. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the condensed interim financial statements of the Group are not prepared, in all material respects, in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" as issued by the HKICPA.

#### Notes:

Sales between business segments are accounted for at competitive market prices charged to unaffiliated customers for similar goods and services. Interest charged by the Head Office to the business segments is based on market interest rates and the Group's cost of debt.

(i) The put option expense and exchange loss on bank balances in respect of TNCC of HK\$34 million was included under "operating profit/(loss)".

(ii) After the share issuance of Air China in June 2026, the Cathay group's equity interest in Air China was reduced from 15.09% to 12.85%. Gain on deemed disposal of interest in Air China under share of profits of the Cathay group was HK\$646 million (HK\$1,432 million on a 100% basis). The gain on disposal of interest in an associated company under share of profits of the Cathay group was HK\$98 million (HK\$207 million on a 100% basis).

(iii) The gain on disposal of interest in the Cathay group from 47.64% to 45.12% included under "operating profit/(loss)" was HK\$318 million.

## Notes:

Sales between business segments are accounted for at competitive market prices charged to unaffiliated customers for similar goods and services. Interest charged by the Head Office to the business segments is based on market interest rates and the Group's cost of debt.

(i) The exchange loss on bank balances in respect of TNCC of HK\$108 million was included under "operating profit/(loss)".

(ii) The gain on deemed disposal of interest in SHH Core included under "operating profit/(loss)" was HK\$31 million.

## Notes:

Sales between business segments are accounted for at competitive market prices charged to unaffiliated customers for similar goods and services. Interest charged by the Head Office to the business segments is based on market interest rates and the Group's cost of debt.

(i) The exchange loss on bank balances in respect of TNCC of HK\$187 million was included under "operating profit/(loss)".

(ii) Recovery income of HK\$107 million relating to the tax payments for the pre-acquisition period of certain bottling businesses was included under "operating profit/(loss)".

(iii) The loss on disposals of subsidiary companies in the HAECO group of HK\$578 million was included under "operating profit/(loss)".

(iv) The share of profits included a net reversal of impairment charges of HK\$125 million (HK\$289 million on a 100% basis) and fair value gain on equity investments of HK\$5 million (HK\$10 million on a 100% basis).

(v) Others includes HK\$295 million pertaining to an early termination of a service contract involving engineering assets and transactions between the Cathay group and the HAECO group. It also includes the loss on deemed disposal of interests in the Cathay group from 44.985% to 43.09% of HK\$112 million. Both were included under "operating profit/(loss)".

(vi) The gain on disposals of property, plant and equipment of HK\$197 million was included under "operating profit/(loss)".

(vii) The loss on disposals of subsidiary companies of HK\$78 million in trading & industrial businesses was included under "operating profit/(loss)".

(viii) The gain on deemed disposal of interest in SHH Core included under "operating profit/(loss)" was HK\$31 million.

The Group is organised on a divisional basis: Property, Beverages, Aviation and Trading & Industrial.

The reportable segments within each of the divisions are classified according to the nature of the business. The Head Office is also considered to be a reportable segment as discrete financial information is available for the Head Office activities and regularly provided to the Board.

There are no significant differences from the last annual financial statements in the basis of segmentation or in the basis of measurement of segment profit or loss.

## 2. BASIS OF PREPARATION

- (a) The unaudited condensed interim financial statements have been prepared in accordance with Hong Kong Accounting Standard (HKAS) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of The Listing Rules of The Stock Exchange of Hong Kong Limited.

The unaudited condensed interim financial statements are set out on pages 46 to 78 and also include the “Financial Information Reviewed by Auditors” under Financial Review on page 38 and Financing on pages 40 to 44.

The financial information relating to the year ended 31st December 2025 that is included in this document as comparative information does not constitute the Company's statutory annual consolidated financial statements for that year but is derived from those financial statements.

The non-statutory accounts (within the meaning of section 436 of the Companies Ordinance (Cap. 622) (the Ordinance)) in this document are not specified financial statements (within such meaning). The specified financial statements for the year ended 31st December 2025 have been delivered to the Registrar of Companies in Hong Kong in accordance with section 664 of the Ordinance. The Company's auditor has reported on those specified financial statements. That report was not qualified or otherwise modified, did not refer to any matter to which the auditor drew attention by way of emphasis without qualifying the report and did not contain a statement under section 406(2) or 407(2) or (3) of the Ordinance.

The accounting policies and methods of computation and presentation used in the preparation of the condensed interim financial statements are consistent with those described in the 2025 annual financial statements except for those noted in 2(b) below.

- (b) The following revised standards and amendments were adopted by the Group effective from 1st January 2026:

|                                                |                                                               |
|------------------------------------------------|---------------------------------------------------------------|
| Amendments to HKFRS 9 and HKFRS 7              | Classification and Measurement of Financial Instruments       |
| Amendments to HKFRS 9 and HKFRS 7              | Contracts Referencing Nature-dependent Electricity            |
| HKFRS 1, HKFRS 7, HKFRS 9, HKFRS 10 and HKAS 7 | Annual Improvements to HKFRS Accounting Standards – Volume 11 |

None of the revised standards and amendments had a significant effect on the Group's consolidated financial statements or accounting policies.

Based on a preliminary assessment, except for HKFRS 18 which may have an impact on the presentation of the consolidated financial statements for the year ending 31st December 2027, none of the new standards or amendments that have been issued but are not yet effective are expected to have a significant effect on the Group's consolidated financial statements.

- (c) The preparation of the condensed interim financial statements in conformity with HKFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise judgement in the process of applying the Group's accounting policies. Those areas involving a higher degree of judgement or complexity and areas where assumptions and estimates are significant to the Group's consolidated financial statements are detailed in the 2025 annual financial statements.

## 2. BASIS OF PREPARATION (continued)

(d) In December 2021, the Organisation for Economic Co-operation and Development (OECD) issued model rules for a new global minimum tax framework (Pillar Two), commonly known as BEPS 2.0, and various governments around the world have issued, or are in the process of issuing, legislation on this. Respective governments of the Group's operating regions (except for Hong Kong, Thailand and Vietnam) have not substantively enacted the legislation on Pillar Two as of the date of issuance of these 2026 interim financial statements. In conjunction with the ultimate holding company of the Group, an assessment was performed on the various regions in which the Group has operations and no material exposure was identified or recognised during the period ended 30th June 2026.

## 3. FINANCIAL RISK MANAGEMENT

In the normal course of business the Group is exposed to financial risks attributable to interest rates, currencies, credit and liquidity.

The condensed interim financial statements do not include all financial risk management information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's 2025 annual financial statements. There have been no significant changes in the Group's financial risk management structure, policies and procedures since the year end.

## 4. REVENUE

Revenue represents sales by the Company and its subsidiary companies to external customers which comprises:

|                                                | Six months ended<br>30th June |               | Year ended<br>31st December |

Hong Kong profits tax is calculated at 16.5% (2025: 16.5%) on the estimated assessable profits for the period. Under the Law of the People's Republic of China on Enterprise Income Tax (the EIT Law) and Implementation Regulation of the EIT Law, the tax rate of the Chinese Mainland subsidiaries is 25% (2025: 25%). Other taxes are calculated at tax rates applicable in jurisdictions in which the Group is assessable for tax.

The Group's share of joint venture companies' tax charges of HK\$169 million (30th June 2025: HK\$138 million; year ended 31st December 2025: HK\$281 million) and share of associated companies' tax charges of HK\$331 million (30th June 2025: HK\$327 million; year ended 31st December 2025: HK\$742 million) for the six months ended 30th June 2026 are included in the share of results of joint venture and associated companies shown in the consolidated statement of profit or loss.

## 9. UNDERLYING PROFIT ATTRIBUTABLE TO THE COMPANY'S SHAREHOLDERS

Refer to the table with the heading "Financial Information Reviewed by Auditors" on page 38 for details of the Group's underlying profit attributable to the Company's shareholders.

|                                                                                                                                                                         | 2,023                         | 1,753         | 5,125                       |

The Directors have declared first interim dividends of HK\$1.50 (2025: HK\$1.30) per 'A' share and HK\$0.30 (2025: HK\$0.26) per 'B' share for the year ending 31st December 2026. The first interim dividends, which total HK\$2,023 million (2025: HK\$1,753 million), will be paid on Friday, 9th October 2026 to shareholders registered at the close of business on the record date, being Friday, 11th September 2026. Shares of the Company will be traded ex-dividend as from Wednesday, 9th September 2026.

The register of members will be closed on Friday, 11th September 2026, during which day no transfer of shares will be effected. In order to qualify for entitlement to the first interim dividends, all transfer forms accompanied by the relevant share certificates must be lodged with the Company's share registrars, Computershare Hong Kong Investor Services Limited, 17th Floor, Hopewell Centre, 183 Queen's Road East, Hong Kong, for registration not later than 4:30 p.m. on Thursday, 10th September 2026.

## 11. EARNINGS PER SHARE (BASIC AND DILUTED)

Basic earnings per share for the period ended 30th June 2026 is calculated by dividing the profit attributable to the Company's shareholders for the period of HK\$6,769 million by the daily weighted average number of 778,988,000 'A' shares and 2,848,932,500 'B' shares in issue during the period, in the proportion five to one. Basic earnings per share for the period ended 30th June 2025 was calculated by dividing the profit attributable to the Company's shareholders for the period of HK\$815 million by the daily weighted average number of 793,469,497 'A' shares and 2,858,185,925 'B' shares in issue during the period, in the proportion five to one. Basic earnings per share for the year ended 31st December 2025 was calculated by dividing the profit attributable to the Company's shareholders for the year of HK\$2,938 million by the daily weighted average number of 786,169,236 'A' shares and 2,853,521,185 'B' shares in issue during the year, in the proportion five to one.

For the period ended 30th June 2026, there was no difference between basic and diluted earnings per share. Diluted earnings per share for the period ended 30th June 2025 was calculated by dividing the profit attributable to the Company's shareholders for the period of HK\$761 million (adjusted by the attributable effect of dilutive potential ordinary shares of Cathay Pacific Airways of HK\$54 million) by the daily weighted average number of 793,469,497 'A' shares and 2,858,185,925 'B' shares in issue during the period, in the proportion five to one. Diluted earnings per share for the year ended 31st December 2025 was calculated by dividing the profit attributable to the Company's shareholders for the year of HK\$2,864 million (adjusted by the attributable effect of dilutive potential ordinary shares of Cathay Pacific Airways of HK\$74 million) by the daily weighted average number of 786,169,236 'A' shares and 2,853,521,185 'B' shares in issue during the year, in the proportion five to one.

Note:

- (i) The recoverable amounts of Swire Coca-Cola's businesses in Vietnam and Cambodia, and in Thailand and Laos, as at 30th June 2026 were determined using value in use calculations derived from cash flow projections prepared by management. The projections reflected the latest business outlook, including the improvement in volume trends and growth momentum since the 2025 annual financial statements. The growth rate and discount rate assumptions applied in the calculations, as well as the results of sensitivity analyses under various scenarios, were not significantly different to those disclosed in the 2025 annual financial statements. The impairment assessments showed that the recoverable amounts exceeded the carrying amounts (including goodwill and franchise rights) of the respective cash generating units and, accordingly, the Group concluded that no impairment was required in respect of the goodwill and franchise rights associated with these cash generating units as at 30th June 2026.

## 15. RIGHT-OF-USE ASSETS

The Group (acting as lessee) leases land, offices, warehouses, retail stores and equipment. Except for certain long-term leasehold land in Hong Kong, rental contracts are typically made for fixed periods of 1 to 50 years but may have extension and early termination options. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

The recognised right-of-use assets relate to the following types of assets:

|                                 | 30th June<br>2026<br>HK\$M | 31st December<br>2025<br>HK\$M |
|---------------------------------|----------------------------|--------------------------------|
| Leasehold land held for own use | 3,373                      | 3,405                          |
| Land use rights                 | 1,577                      | 1,549                          |
| Property                        | 3,644                      | 3,786                          |
| Plant and equipment             | 426                        | 467                            |
| <b>Total</b>                    | <b>9,020</b>               | <b>9,207</b>                   |

Additions to right-of-use assets during the six months ended 30th June 2026 were HK\$401 million (30th June 2025: HK\$886 million; year ended 31st December 2025: HK\$1,062 million).

Properties occupied by Swire Properties are transferred to investment properties following the end of occupation by Swire Properties. The valuation decrease from carrying value to fair value in respect of such transfers during the period ended 30th June 2026 was HK\$36 million (30th June 2025: nil, year ended 31st December 2025: HK\$21 million).

During the six months ended 30th June 2026, total cash outflow for leases was included in the consolidated statement of cash flows as (a) interest paid of HK\$94 million (30th June 2025: HK\$103 million; year ended 31st December 2025: HK\$206 million) under "operating activities", (b) payment for short-term and low-value assets leases and variable lease payments of HK\$112 million (30th June 2025: HK\$113 million; year ended 31st December 2025: HK\$221 million) recorded in cash generated from operations under "operating activities", and (c) principal elements of lease payments of HK\$545 million (30th June 2025: HK\$506 million; year ended 31st December 2025: HK\$1,041 million) under "financing activities".

|                                                     | 618                        | 643                            |

In November 2025, Cathay Pacific Airways and Qatar Airways Q.C.S.C. (Qatar Airways) entered into an undertaking to execute a buy-back agreement pursuant to which Cathay Pacific Airways would buy-back Qatar Airways' 9.56% shareholding in Cathay Pacific Airways at a consideration of HK\$6,969 million. The completion of the share buy-back was executed on 24th February 2026. Consequently, Swire Pacific's interest increased to 47.64% and notional goodwill of HK\$474 million was recognised. The notional goodwill is presented within the goodwill figure in the table above.

On 12th March 2026, Swire Pacific entered into a Placing Agreement to sell 153,059,000 shares of Cathay Pacific Airways at a price of HK\$11.74 per share, for a total consideration of HK\$1,797 million (before transaction costs of HK\$9 million). Consequently, Swire Pacific's interest decreased to 45.12%. The disposal gain of HK\$318 million is included in other net gains (note 5). On 9th June 2026, the Group entered into a Subscription Agreement to issue exchangeable bonds in an amount of HK\$4.7 billion which are exchangeable into Cathay Pacific Airways shares. The exchangeable bonds were issued on 16th June 2026 and have a maturity date of 16th June 2027. Based on the initial exchange price of HK\$13.18 per Cathay Pacific Airways share, the exchangeable bonds will be exchanged into 356,600,910 Cathay Pacific Airways shares. Full exchange of the exchangeable bonds at the initial exchange price would reduce the Group's interest in Cathay Pacific Airways by approximately 5.9% to 39.25%. The exchangeable bonds are listed on the Vienna Stock Exchange. The Group is subject to a contractual lock-up undertaking restricting the disposal, transfer, pledge or other dealings in Cathay Pacific Airways shares (subject to specified exceptions) for a period of 180 days following the exchangeable bonds issuance.

On 9th June 2026, Air China issued 3,044,140,030 new 'A' shares to investors with proceeds of the issuance totalling RMB19,999,999,997. Consequently, Cathay Pacific Airways' interest in Air China was diluted from 15.09% to 12.85%. The gain on deemed disposal of interest in Air China under share of profits of the Cathay group was HK\$646 million (HK\$1,432 million on a 100% basis) for the period ended 30th June 2026. Cathay Pacific Airways continues to use equity accounting for its interest in Air China as an associated company.

The market value of the shares held in Cathay Pacific Airways at 30th June 2026 was HK\$35,613 million (31st December 2025: HK\$36,007 million), which is above the carrying value of HK\$26,699 million.

During the period, a portion of the convertible bond investment in Columbia China was converted into equity, increasing the Group's shareholding from 13.59% to 13.66% with conversion consideration of HK\$26 million.

## 18. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

(a) Financial instruments that are measured at fair value are included in the following fair value hierarchy:

### Assets as per consolidated statement of financial position

|                                                              | Note | Level 1<br>HK\$M | Level 2<br>HK\$M | Level 3<br>HK\$M | Total<br>carrying<br>amount<br>HK\$M |
|--------------------------------------------------------------|------|------------------|------------------|------------------|--------------------------------------|
| At 30th June 2026                                            |      |                  |                  |                  |                                      |
| Investments at fair value through other comprehensive income |      |                  |                  |                  |                                      |

Notes:

The levels in the hierarchy represent the following:

Level 1 – Financial instruments measured at fair value using quoted prices in active markets.

Level 2 – Financial instruments measured at fair value using inputs other than quoted prices but where those inputs are based on observable market data.

Level 3 – Financial instruments measured at fair value using inputs not based on observable market data.

## 18. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS (continued)

(a) Financial instruments that are measured at fair value are included in the following fair value hierarchy: (continued)

The change in level 3 financial instruments for the period ended 30th June 2026 is as follows:

|                                                      | Unlisted investments<br>HK\$M |
|------------------------------------------------------|-------------------------------|
| At 1st January 2026                                  | 1,480                         |
| Translation differences                              | (15)                          |
| Additions                                            | 524                           |
| Disposals                                            | (508)                         |
| Transfer out of level 3 (note)                       | (22)                          |
| Change in fair value during the period recognised in |                               |
| – profit or loss                                     | 9                             |
| – other comprehensive income                         | 24                            |
| At 30th June 2026                                    | <b>1,492</b>                  |

Note:

An unlisted investment has been transferred from level 3 to level 1 after it became a listed investment.

There has been no change in the valuation techniques for level 2 and level 3 fair value hierarchy classifications.

The fair value of derivatives used for hedging in level 2 is based on quotes from market makers or discounted cash flow valuation techniques and is supported by observable inputs. The most significant observable inputs are market interest rates, exchange rates, yields and commodity prices.

The fair value of unlisted equity investments classified within level 3 is predominantly determined using quotes from market makers, which use assumptions that are based on market conditions existing at each period-end date. The significant unobservable inputs used are yields and market prices. The fair value of unlisted debt investments classified within level 3 is determined using a discounted cash flow valuation technique. The significant unobservable inputs used are expected future growth rates and discount rates. Changing these unobservable inputs based on reasonable alternative assumptions would not significantly change the valuation of the investments.

(b) Fair values of financial assets and liabilities carried at other than fair value:

The carrying amounts of the Group's financial assets and liabilities carried at amortised cost are not significantly different from their fair values at 30th June 2026 and 31st December 2025 except for the following financial liabilities, for which their carrying amounts and fair value are disclosed below:

|                           | 30th June 2026           |                     | 31st December 2025       |                     |
|---------------------------|--------------------------|---------------------|--------------------------|---------------------|
|                           | Carrying amount<br>HK\$M | Fair value<br>HK\$M | Carrying amount<br>HK\$M | Fair value<br>HK\$M |
| Long-term loans and bonds | <b>84,758</b>            | <b>84,991</b>       | 88,436                   | 88,702              |

The long-term loans and bonds at 30th June 2026 includes the exchangeable bonds issued on 16th June 2026 (note 17). The initial fair value of the exchangeable bonds within the loans and bonds was determined using a market interest rate for an equivalent non-exchangeable bond at the issue date. The liability is subsequently recognised on an amortised cost basis until extinguished on conversion or maturity. The derivative financial instrument liability, representing the fair value of the exchange rights (note 19), is measured and carried at fair value through profit or loss. Transaction costs allocated to the derivative financial instruments were recognised immediately in the consolidated statement of profit or loss.

## 19. DERIVATIVE FINANCIAL INSTRUMENTS

The Group uses derivative financial instruments solely for management of an underlying risk. The Group minimises its exposure to market risk since gains and losses on derivatives offset the losses and gains on the assets, liabilities or transactions being hedged. It is the Group's policy not to enter into derivative transactions for speculative purposes.

| Prepayments and accrued income                               | 2,755                      | 2,687                          |
| Other non-current assets                                     | 283                        | 281                            |
| Other receivables                                            | 4,659                      | 4,057                          |
|                                                              | 13,343                     | 11,795                         |
| Amounts due after one year included under non-current assets | (457)                      | (487)                          |
|                                                              | 12,886                     | 11,308                         |

The analysis of the age of trade receivables at the period end (based on their invoice dates) is as follows:

|                              | 30th June<br>2026<br>HK\$M | 31st December<br>2025<br>HK\$M |
|------------------------------|----------------------------|--------------------------------|
| Up to three months           | 4,895                      | 4,116                          |
| Between three and six months | 64                         | 183                            |
| Over six months              | 74                         | 49                             |
|                              | 5,033                      | 4,348                          |

## 20. TRADE AND OTHER RECEIVABLES AND OTHER NON-CURRENT ASSETS

(continued)

Group companies have different credit policies, depending on the requirements of their markets and the businesses in which they operate. Analyses of the age of debtors are prepared and closely monitored with a view to minimising credit risk associated with receivables.

The other non-current assets represents a contingent consideration for the sale of Swire Properties' interests in the investment properties at Brickell City Centre in Miami, USA. In accordance with the sale and purchase agreement, the contingent consideration is to be received in 2028, on the 45th day following the third anniversary of the completion of the disposal in 2025.

## 21. ASSETS CLASSIFIED AS HELD FOR SALE

As at 30th June 2026, assets classified as held for sale represented Swire Properties' interest in the investment properties of the 44th floor of the One Island East office tower in Hong Kong. In November 2023, Swire Properties and the Securities and Futures Commission (SFC) entered into sale and purchase agreements for the sale of Swire Properties' interest of 12 floors of One Island East office tower to the SFC, of which the sale of nine floors and one floor was completed in 2023 and 2025, respectively. Management believes that the disposal of the 44th floor, for a consideration of HK\$451 million, is highly probable within one year.

## 22. TRADE AND OTHER PAYABLES

|                                                                   | 30th June<br>2026<br>HK\$M | 31st December<br>2025<br>HK\$M |

| Amounts due after one year included under non-current liabilities | (1,457)                    | (1,625)                        |
|                                                                   | 38,541                     | 36,999                         |

The analysis of the age of trade payables at the period end (based on their invoice dates) is as follows:

|                              | 30th June<br>2026<br>HK\$M | 31st December<br>2025<br>HK\$M |
|------------------------------|----------------------------|--------------------------------|
| Up to three months           | 7,415                      | 6,078                          |
| Between three and six months | 280                        | 183                            |
| Over six months              | 91                         | 88                             |
|                              | 7,786                      | 6,349                          |

## 23. LEASE LIABILITIES

|                                                                | 30th June<br>2026<br>HK\$M | 31st December<br>2025<br>HK\$M |
|----------------------------------------------------------------|----------------------------|--------------------------------|
| Maturity profile at the period end is as follows:              |                            |                                |
| Within one year                                                | 883                        | 938                            |
| Between one and two years                                      | 648                        | 652                            |
| Between two and five years                                     | 1,402                      | 1,334                          |
| Over five years                                                | 2,003                      | 2,202                          |
|                                                                | 4,936                      | 5,126                          |
| Amounts due within one year included under current liabilities | (883)                      | (938)                          |
|                                                                | 4,053                      | 4,188                          |

## 24. DEFERRED TAXATION

The movement on the net deferred tax liabilities account is as follows:

|                                       | Note | HK\$M   |
|---------------------------------------|------|---------|
| At 1st January 2026                   |      | 19,816  |
| Translation differences               |      | 277     |
| Disposal of a subsidiary company      | 31   | (2)     |
| Charged to profit or loss             | 8    | 61      |
| Charged to other comprehensive income |      | 34      |
| At 30th June 2026                     |      | 20,186  |
| Represented by:                       |      |         |
| Deferred tax assets                   |      | (1,084) |
| Deferred tax liabilities              |      | 21,270  |
|                                       |      | 20,186  |

## 25. SHARE CAPITAL

|                                                | 'A' shares  | 'B' shares    | Total<br>HK\$M |
|------------------------------------------------|-------------|---------------|----------------|
| <b>Issued and fully paid with no par value</b> |             |               |                |
| At 1st January 2026 and 30th June 2026         | 778,988,000 | 2,848,932,500 | 1,294          |

During the period, there was no purchase, sale or redemption by the Company, or any of its subsidiaries, of the Company's shares.

## 26. RESERVES

|                                                                                                  | Revenue<br>reserve<br>HK\$M | Property<br>revaluation<br>reserve<br>HK\$M | Investment<br>revaluation<br>reserve<br>HK\$M | Cash<br>flow<br>hedge<br>reserve<br>HK\$M | Translation<br>reserve<br>HK\$M | Total<br>HK\$M |

|                                                                                                     | <b>7,533</b>               | <b>7,373</b>                   |
| The Group's share of capital commitments of joint venture companies at the end of the period (Note) | <b>3,547</b>               | <b>3,434</b>                   |

Note:

Of which the Group is committed to funding HK\$657 million (31st December 2025: HK\$1,217 million).

At 30th June 2026, the Group was committed to inject capital of HK\$616 million (31st December 2025: HK\$982 million) to joint venture companies.

## 29. CONTINGENCIES

(a) Guarantees outstanding at the end of the period in respect of bank loans and other liabilities of joint venture companies totalled HK\$2,743 million (31st December 2025: HK\$2,849 million). Bank guarantees given in lieu of utility deposits and others totalled HK\$124 million at the end of the period (31st December 2025: HK\$124 million). The future trade receivables of DeltaHealth China Limited and the registered share capital of two of its subsidiary companies totalling HK\$2,669 million (31st December 2025: HK\$2,632 million) are pledged as security for secured loans and other borrowings.

(b) Cathay Pacific Airways

Cathay Pacific Airways remains the subject of antitrust proceedings in various jurisdictions. The proceedings are focused on issues relating to pricing and competition. Cathay Pacific Airways is represented by legal counsel in connection with these matters.

The proceedings and civil actions are ongoing and the outcomes are subject to uncertainties. Cathay Pacific Airways is not in a position to assess the full potential liabilities but makes provisions based on facts and circumstances in line with the relevant accounting policy.

In 2010, the European Commission issued a decision that Cathay Pacific Airways and a number of other international cargo carriers had agreed on cargo surcharge levels in infringement of European competition law and imposed a fine of Euros 57.12 million on Cathay Pacific Airways. The General Court annulled the decision in December 2015, resulting in the refund of the fine of Euros 57.12 million in February 2016. The European Commission issued a new decision against Cathay Pacific Airways and the other airlines involved in the case in March 2017, imposing the same fine of Euros 57.12 million, which Cathay Pacific Airways paid in June 2017. Cathay Pacific Airways appealed the decision, and in March 2022 the General Court partially annulled it, leading to a refund of Euros 10 million. Cathay Pacific Airways subsequently filed an appeal to the European Court of Justice in June 2022 which was dismissed in February 2026.

Cathay Pacific Airways is a defendant in a number of civil claims in a number of countries including the Netherlands and Norway alleging violations of applicable competition laws arising from Cathay Pacific Airways' alleged conduct relating to its air cargo operations. Cathay Pacific Airways is represented by legal counsel and is defending these actions.

## 30. RELATED PARTY TRANSACTIONS

There are agreements for services (Services Agreements), in respect of which John Swire & Sons (H.K.) Limited (JS&SHK) provides services to various companies in the Group and under which costs are reimbursed and fees payable. In return for these services, JS&SHK receives annual fees calculated (A) in the case of the Company, as 2.5% of the dividends receivable from joint venture and associated companies of the Company, where there are no agreements for services with such companies, and (B) in the case of its subsidiaries and associated companies with such agreements, as 2.5% of their relevant consolidated profits before taxation and non-controlling interests after certain adjustments. The Services Agreements were renewed on 1st October 2025 for three years expiring on 31st December 2028. For the six months ended 30th June 2026, service fees payable amounted to HK\$174 million (30th June 2025: HK\$165 million). Expenses of HK\$272 million (30th June 2025: HK\$277 million) were reimbursed at cost; in addition, HK\$297 million (30th June 2025: HK\$367 million) in respect of shared administrative services was reimbursed.

### 30. RELATED PARTY TRANSACTIONS (continued)

Under a tenancy framework agreement (Tenancy Framework Agreement) between JS&SHK, the Company and Swire Properties Limited dated 14th August 2014, members of the Group enter into tenancy agreements with members of the JS&SHK group from time to time on normal commercial terms based on prevailing market rentals. The Tenancy Framework Agreement was renewed on 1st October 2024 for a term of three years expiring on 31st December 2027. For the six months ended 30th June 2026, the aggregate rentals payable to the Group by the JS&SHK group under tenancies to which the Tenancy Framework Agreement applies amounted to HK\$42 million (30th June 2025: HK\$57 million).

Swire Coca-Cola Limited (SCCL), John Swire & Sons Limited (Swire) and Swire Pacific Holdings Inc. (SPHI) entered into a management services agreement (Management Services Agreement) on 18th July 2023 for the provision of management and administrative support services by SCCL to SPHI group from time to time on normal commercial terms. The Management Services Agreement covers the service period from 7th September 2023 until 27th April 2037. For the six months ended 30th June 2026, the management fees payable by SPHI to SCCL under the Management Services Agreement amounted to HK\$92 million (30th June 2025: HK\$81 million).

The above related party transactions constitute continuing connected transactions of the Company, in respect of which the Company has complied with the requirements of Chapter 14A of the Listing Rules.

In addition, the following is a summary of significant transactions between the Group and related parties (including transactions under the Tenancy Framework Agreement and Management Services Agreement), which were carried out in the normal course of the Group's business. The summary does not include transaction amounts relating to the Services Agreements which are disclosed in the first paragraph under this note.

Notes:

- (i) Sales and purchases of goods and rendering of services to and from related parties were conducted in the normal course of business at prices and on terms no less favourable to the Group than those charged to/by and contracted with other customers/suppliers of the Group.
- (ii) Swire Properties has, in the normal course of its business, entered into lease agreements with related parties to lease premises for varying periods up to six years. The leases were entered into on normal commercial terms.
- (iii) Loans advanced to joint venture and associated companies are disclosed in notes 16 and 17. Amounts due from and to joint venture and associated companies and advances from these companies are disclosed in notes 20 and 22.
- (iv) The transactions with these entities do not constitute connected transactions of the Company under Chapter 14A of the Listing Rules.
- (v) The transactions within these entities constitute exempt or non-exempt connected transactions of the Company, in respect of which the Company has complied with the requirements under Chapter 14A of the Listing Rules. The revenue of HK\$92 million (from rendering of management services) and HK\$42 million (from rental of properties) (30th June 2025: HK\$81 million and HK\$57 million) related to the non-exempt connected transactions under the Management Services Agreement and the Tenancy Framework Agreement, respectively.

### 31. DISPOSAL OF SUBSIDIARY COMPANIES

- (a) During the period ended 30th June 2026, disposal of a subsidiary company consists of the sale of the Group's interest in a property in Hong Kong.

| Net cash proceeds                                                      | <b>345</b>                                     |

- (b) During the period ended 30th June 2026, the Group received an additional HK\$11 million and recognised a loss on disposal of HK\$9 million in respect of the disposal of subsidiary companies in the HAECO group in 2025, following the finalisation of consideration adjustments with the buyer. The amount has been included in the proceeds from disposals of subsidiary companies, net of cash disposed of, in the consolidated statement of cash flows.

## SUPPLEMENTARY INFORMATION

### CORPORATE GOVERNANCE

The Company complied with all the code provisions set out in the Corporate Governance Code (the “CG Code”) contained in Part 2 of Appendix C1 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) throughout the accounting period covered by the Interim Report.

The Company has adopted codes of conduct regarding securities transactions by Directors and by relevant employees (as defined in the CG Code) on terms no less exacting than the required standard set out in the Model Code for Securities Transactions by Directors of Listed Issuers (the “Model Code”) set out in Appendix C3 to the Listing Rules.

On specific enquiries made, all the Directors of the Company have confirmed that, in respect of the accounting period covered by the Interim Report, they have complied with the required standard set out in the Model Code and the Company's code of conduct regarding Directors' securities transactions.

The interim results have been reviewed by the Audit Committee of the Company and its external auditors.

### PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SHARES

During the accounting period covered by the Interim Report, there was no purchase, sale or redemption by the Company, or any of its subsidiaries, of the Company's listed shares.

### DIRECTORS' INFORMATION

Changes in Directors and their particulars are set out as follows:

1. David Cogman was appointed as a Non-Executive Director of Swire Properties Limited with effect from the conclusion of its annual general meeting held on 12th May 2026 (the “Swire Properties 2026 AGM”).
2. Martin Murray ceased to be a Non-Executive Director of Swire Properties Limited with effect from the conclusion of the Swire Properties 2026 AGM. He was also appointed as a Non-Executive Director of Cathay Pacific Airways Limited with effect from the conclusion of its annual general meeting held on 13th May 2026 (the “Cathay Pacific 2026 AGM”).
3. Patrick Healy ceased to be an Executive Director of the Company, a Director of John Swire & Sons (H.K.) Limited and Chairman of Swire Coca-Cola Limited with effect from 13th May 2026. He also retired as an Executive Director and Chairman of Cathay Pacific Airways Limited with effect from the conclusion of the Cathay Pacific 2026 AGM.
4. Guy Bradley was re-designated from a Non-Executive Director to an Executive Director of Cathay Pacific Airways Limited and was elected Chairman of the Board with effect from the conclusion of the Cathay Pacific 2026 AGM. He was also elected Chairman of Swire Coca-Cola Limited with effect from 13th May 2026.
5. With effect from the conclusion of the Company's annual general meeting held on 14th May 2026:
  - (1) Edith Ngan retired as an Independent Non-Executive Director of the Company;
  - (2) Anna Cheung was appointed as an Independent Non-Executive Director of the Company;
  - (3) Clara Ho was appointed as an Independent Non-Executive Director of the Company; and
  - (4) Gordon Orr was re-designated from an Independent Non-Executive Director to a Non-Executive Director of the Company and was appointed as a director of John Swire & Sons Limited.

6. Gordon Orr was appointed as an Independent Non-Executive Director of Hong Kong Exchanges and Clearing Limited with effect from the conclusion of its annual general meeting held on 29th April 2026 and retired as an Independent Non-Executive Director of Meituan and Fidelity China Special Situations PLC with effect from the conclusion of their annual general meetings held on 26th June 2026 and 21st July 2026, respectively.

## DIRECTORS' INTERESTS

At 30th June 2026, the register maintained under Section 352 of the Securities and Futures Ordinance ("SFO") showed that Directors held the following interests in the shares of the Company and its associated corporations (within the meaning of Part XV of the SFO), John Swire & Sons Limited and Swire Properties Limited:

|                       | Capacity            |        |                | Total no. of shares | Percentage of voting shares (comprised in the class) (%) | Note |

## Financial

### Underlying profit or loss

Reported profit or loss adjusted principally for the impact of (i) changes in the fair value of investment properties, (ii) deferred tax on investment properties and (iii) amortisation of right-of-use assets reported under investment properties.

### Recurring underlying profit or loss

Underlying profit or loss adjusted for significant credits and charges of a non-recurring nature, including gains and losses on the sale of businesses, investment properties, properties held for development and non-cash impairments.

### EBIT

Earnings before interest and tax.

### EBITDA

Earnings before interest, tax, depreciation and amortisation.

### Equity attributable to the Company's shareholders

Equity excluding non-controlling interests.

### Gross borrowings

Total of loans, bonds and overdrafts.

### Net debt

Total of loans, bonds and overdrafts net of cash, bank deposits and bank balances.

## Aviation

### Available tonne kilometres (ATK)

Overall capacity, measured in tonnes available for the carriage of passengers, excess baggage, and cargo on each sector multiplied by the sector distance.

### Available seat kilometres (ASK)

Passenger seat capacity, measured in seats available for the carriage of passengers on each sector multiplied by the sector distance.

### Available freight tonne kilometres (AFTK)

Cargo capacity, measured in tonnes available for the carriage of freight on each sector multiplied by the sector distance.

### Revenue tonne kilometres (RTK)

Traffic volume, measured in tonnes from the carriage of passengers, excess baggage, and cargo on each sector multiplied by the sector distance.

### Revenue passenger kilometres (RPK)

Number of passengers carried on each sector multiplied by the sector distance.

### Revenue freight tonne kilometres (RFTK)

Amount of cargo, measured in tonnes, carried on each sector multiplied by the sector distance.

### On-time performance

Departure within 15 minutes of scheduled departure time.

## RATIOS

### Financial

$$\text{Earnings/(loss) per share} = \frac{\text{Profit/(loss) attributable to the Company's shareholders}}{\text{Weighted average number of shares in issue during the period/year}}$$

$$\text{Equity attributable to the Company's shareholders per share} = \frac{\text{Equity excluding non-controlling interests}}{\text{Number of shares in issue at the end of the period/year}}$$

$$\text{Interest cover} = \frac{\text{Operating profit/(loss)}}{\text{Net finance charges}}$$

$$\text{Cash interest cover} = \frac{\text{Operating profit/(loss)}}{\text{Total of net finance charges and capitalised interest}}$$

$$\text{Gearing ratio} = \frac{\text{Net debt}}{\text{Total equity}}$$

### Aviation

$$\text{Passenger/Cargo load factor} = \frac{\frac{\text{Revenue passenger kilometres/Revenue freight tonne kilometres}}{\text{Available seat kilometres/Available freight tonne kilometres}}}$$

$$\text{Passenger/Cargo yield} = \frac{\text{Passenger revenue/Cargo revenue}}{\frac{\text{Revenue passenger kilometres/Revenue freight tonne kilometres}}{\text{Available seat kilometres/Available freight tonne kilometres}}}$$

$$\text{Cost per ATK} = \frac{\text{Total operating expenses of Cathay Pacific Airways}}{\text{ATK of Cathay Pacific Airways}}$$
